## General Wainwright (?) in Jap Prison Camp

This radiophoto, sent by radio from Lisbon to London to New York, captioned as reputedly showing American officers captured by the Japanese in a prison camp. Maj. Gen. Jonathan M. Wainwright is purportedly shown at the right, wearing a steel helmet, with the other American officers captured when the fortress of Corregidor fell before overwhelming Jap forces.

## Wildcats Take Matador 27 to 7, In First Game

The Crowell Wildcats won their opening football game last Friday night from the Matador Matadors by a 27 to 7 count. Both teams were over anxious and nervous at the beginning of the game, and many fumbles were made to keep either side from scoring during the first period. Smith fumbled on the kick off to give Matador the ball on Crowell's thirty yard line. After Matador made one first down, Crowell fielded, and on an attempted punt there was another fumble to give Matador the ball again on the twenty yard line, but the Crowell boys turned the Bullfighters back again and finally got their offensive started in the middle of the second quarter. With good blocking in the line, Smith and Albert Bird plunged the ball down to the five yard line where Smith went over right tackle for the first score. Bird failed to connect the extra point from place-kick, and the half ended 6-0 in Crowell's favor. The second touchdown was made by Bird in the third quarter on a reverse play. Paul Vecera, Bobby Joe Hunter, guards, and C. J. Kelton, blocking back, deserve much credit in paving the way to enable Bird to make this counter. Bird kicked the extra point to make the score 13 to 0.

The play for the third touchdown was executed nearly perfectly. White, Crowell right end, came back and took the ball from Smith, quarterback, and passed to Cautlan, left halfback, on the twenty yard line. Owens, left end, made a nice block on the Matador safety to allow Cautlan to score again for Crowell. Bird kicked the extra point to make the score 20-0 for the Wildcats.

Crowell made their last touchdown on a line plunge by Smith in the fourth quarter. Bird made another perfect place-kick for the extra point.

On the kick-off following Crowell's last touchdown, Durbin, Matador's quarterback, made a 70-yard run for a touchdown. Campbell, fullback, faked a kick and passed to Smallwood for the extra point, making the score Crowell 27, Matador 7.

After the Crowell boys once settled down in the second quarter, they all played good football. The defense was led by Erwin and Owens in the line and Archer in the backfield. Durbin, Campbell and Pitts stood out for Matador.

(Continued on Last Page)

## Mayor Tells of Raid

J. W. Fletcher, mayor of Unalaska, Alaska, shown while on a visit to New York, holds a shell from a Jap gun picked up after raid on Dutch Harbor. He told how the Japs machine-gunned the streets and docks.

## Date of Quanah Game Changed to Thursday

The football game with the Quanah Indians here next week has been changed from Friday night, September 25, to Thursday night, September 24. The change was made at the request of the Quanah school officials so their boys might see some of their opponents play on Friday night.

The Wildcats journey to Floydada this week for a game. The Whirlwinds won their district last year and should win again this season. They have eight lettermen back from last year's team.

The Crowell team came out of last week's game without any serious injuries. The starting line-up will be the same as started against Matador, except Short, who will start at left tackle instead of Taylor. Both of these boys performed well at that position against the Bullfighters. The starting line-up is as follows: Owens, left end; Short, left tackle; Hunter, left guard; Archer, center; Vecera, right guard; Erwin, right tackle; White, right end; Smith, quarterback; Cautlan, left half; Bird, right half; and Kelton, fullback.

## I. O. O. F. and Rebekah Meet to be in Vernon

The Lower Panhandle I. O. O. F. and Rebekah Association will meet in Vernon, Oct. 1. On account of the tire situation, the meeting place has been changed from Estelline to Vernon.

The officers of the association are: Mrs. Birdan Gibbs, president; Chilliether, Clay Gilbert, first vice president; Miss Myrtle Russell, second vice president; Miss Kathleen Moore, secretary; Wichita Falls; Mrs. Lillian Jackson, treasurer; Estelline; Mrs. Minnie Richards, chaplain; Vernon; Mrs. Mable Izou, musician; Mrs. Erma Hale, Marshal; Estelline; Mrs. Lephia Dilard, official reporter, Wichita Falls.

The Rebekah degree staffs will compete for the loving cup. The Odd Fellows will compete for the initiatory degree.

## Eyes on Solomons

This soundphoto, approved by the U. S. navy, shows Rear Admiral R. K. Taylor, who commanded the U. S. transport forces during the offensive in the Solomons, aboard his flagship during an early phase of the successful operations.

## Mrs. Frank Hickman Passed Away Sunday at Home in Truscott

Mrs. Frank Hickman of Truscott passed away at her home last Sunday morning at 4 o'clock. She had been in failing health for some time but her death was unexpected.

She was buried on Monday afternoon with her pastor, Rev. D. A. Ross, conducting the services. He was assisted by Rev. C. E. English.

Mrs. Minnie Alice Hickman was born in Collin County on Nov. 27, 1876. She moved with her parents to Wise County, when a small child. They later moved to Jack County where, on Dec. 22, 1896, she was married to William Frank Hickman, who preceded her in death by only a few days.

She and her husband went to the Truscott community in 1901, and had resided there since that time.

Mrs. Hickman was converted and joined the Methodist Church when quite young and had lived a consistent Christian life, filled with service to her family, her church, friends and community, for she was always active in duties and deeds of kindness and usefulness. For many years, she was a Sunday School teacher, and was also pianist for her church.

Survivors are two sons, Lester Hickman and Guyann Hickman, of Truscott; two brothers, C. M. Guyann of Truscott and O. B. Guyann of Fort Worth; and two sisters, Mrs. C. I. Browder and Mrs. T. B. Masterson of Truscott. There are four grandchildren and many other relatives and friends surviving.

## County Federation Will Meet with Margaret Sept. 22

On Tuesday, Sept. 22, the first meeting of the Foard County Federation of Women's Clubs will be held at Margaret with the Margaret Home Demonstration Club as hostess club. Mrs. Jno. S. Ray will be program leader for the meeting and the subjects to be considered are "Interesting People" and "Australia and New Zealand."

Mrs. M. O'Connell is to bring the devotional on "Burdens and Discipline." Mrs. Bax Middlebrook will talk on "Stalin." Miss Rosalie Fish will discuss "Cecil deMille" and Mrs. H. Schindler will have for a subject "Little Lady of Burma Road."

Following a covered dish luncheon, the program will be resumed with "The Highlights of Australia" given by Mrs. Gus Patton, "Five Men to Australia" by Mrs. A. L. Davis and "Highlights of New Zealand" by Mrs. Sam Tate. The program will be brought to a close with a questionnaire on Australia and New Zealand to be conducted by Mrs. Jno. Ray.

## Coast Guard Aids in Solomon Islands Offensive

Officers and men of the United States Coast Guard were included in the American forces which attacked and seized Japanese strongholds in the Solomon Islands, it has been announced by Coast Guard Headquarters for the Eighth Naval District in New Orleans.

The Coast Guardsmen saw action as crews of transports and as members of gun crews on fleet transports when our invasion fleet moved on its objectives early on the morning of August 7.

Observers present in this engagement were impressed by the expert manner in which the Coast Guardsmen handled their ships and manned their guns. The accuracy of their fire was described as exceptional.

It is believed that this was the first time in the long and distinguished history of the Coast Guard that members of that service have engaged in combat operations of an offensive nature so far from their home bases.

## Original Drivers Licenses Expire on November 1st

Austin, Sept. 14.—This is for the special benefit and relief of all those Texans who've been worried these months about when to renew their drivers' licenses. Come November 1, all original licenses will expire. The operator who hasn't obtained a renewal by then will be without a license, State Police Director Homer Garrison warned today.

Automatic renewals are granted where the application is made on time, Drivers License Chief J. B. Draper explained. But once an original license has expired, the driver must take an examination in order to obtain a new license. Anyone who drives without a valid license is liable to arrest and fine.

Application forms are available from State Police district headquarters, by mail from the headquarters in Austin, and at most county court houses, either from sheriffs or tax collectors. Renewed licenses are good for two years, and cost 50 cents.

## Revival in Progress at Methodist Church; Rev. and Mrs. R. L. Flowers Doing the Preaching and Song Leading

Since Sunday, a revival meeting has been in progress at the Methodist Church, with Evangelists R. L. Flowers and Mrs. Flowers doing the splendid preaching as well as leading the song service which has been an important part of each service.

Rev. and Mrs. Flowers were in Crowell four or five years ago in evangelistic work and are remembered by many people who were here at that time. Their hearts are in their work and their preaching is sincere, truthful, convincing and helpful to the hearer. They have been in the work for twenty-six years and are giving their all to the end of helping their fellowmen to see God and to live closer, better, more useful lives. During their twenty-six years in the service, 75,000 people have been converted under their leadership.

Mrs. Flowers preached at the morning service to women only yesterday at the church and will continue the series of sermons to women only this morning at 10 o'clock and also tomorrow morning. The women of Crowell will be missing very helpful messages if they fail to hear her. Her theme is "Woman in the Changing Social Order." She also assists with the work with the young people. This phase of Christian service is a specialty with the Flowers team and they have done and are doing outstanding work among the young people of the country. Rev. Flowers will preach in the Rialto building at 10 o'clock this morning and tomorrow morning to men only, keeping them only 30 minutes.

Rev. H. A. Longino is very desirous that every member of his flock hear these good people and an urgent invitation is extended to the people of all denominations and of no church membership as well, to attend the remainder of this short period of evangelistic meetings. The meeting was scheduled for only one week and will come to a close Sunday night.

## New Location for Crowell Postoffice to Be Chosen Soon

L. G. Bragdon, postoffice inspector, of Fort Worth, was in Crowell Wednesday in the interest of securing a building for the Crowell postoffice, which has been located in the Self building on the north side of the square for the past four and one-half months. The postoffice building and all the fixtures were destroyed by fire at the time the tornado struck Crowell on April 25.

Four buildings are under consideration. Postmaster Alva Spencer said, and Mr. Bragdon will prepare contracts and submit them to the Postoffice Department in Washington for final decision. It is expected to take about three weeks to do this.

Buildings being considered for the postoffice are the Self building, present location, Ringgold building on the corner, building belonging to the Thacker estate on the east side of the square next to The News office, and the Franklin building on the west side of the square, formerly occupied by the Reeder Drug Store.

Mr. Spencer says it will be about three months before the postoffice is housed in its permanent location. The Postoffice Department will furnish new fixtures like the ones that were destroyed.

## Organization of District 9-A Consummated Tues.

The school officials of District 9-A met at Holliday Tuesday afternoon and organized for this year's term. I. T. Graves, superintendent of Crowell schools, was elected as chairman and W. S. Thomas, superintendent of the schools at Holliday, was elected secretary. Archer City, Munday, Holliday and Crowell were the four schools represented. Chilliether and Iowa Park have been unable to obtain an athletic director and will not participate in football activities this fall.

At the beginning of the term, the officials of the Archer City school also announced that they would not participate but they have definitely made up their minds to play, now, and should have a splendid team as they have twelve boys back that lettered in football last year.

It was decided to determine the basketball championship in a tournament instead of a round robin schedule as has been done in the past. This decision was made to keep from having to do so much traveling. Numbers were placed in a hat and each school official drew to determine the site of the tournament. Coach Graves drew the lucky number for Crowell and the district basketball tournament will be held here in the month of February.

A delicious meal was served to those present by the Home Economics class of Holliday High School.

## HOSPITAL NOTES

Foard County Hospital  
Patients In:  
Mrs. Julia Myers  
Mrs. Herbert King and infant daughter  
Cleve Gordon  
Patients Dismissed:  
Mrs. Jim Cates  
Mrs. Raymond Rasberry and infant daughter  
Mrs. Dan McKown  
Visiting Hours: 9:30 to 11:30 a. m.; 2 to 5 p. m.; 7 to 9 p. m.

## Nobody Home—And Nobody Hurt!

This WAS a house! And that WAS a plane sticking out of the shattered timbers. Spectacular picture, taken just after the plane ripped the side of a cottage near Glenview, Ill., shows graphically the aftermath of the crash. Four passengers were only jarred when the plane, en route to Mexico, hurtled down to earth after the motor suddenly failed.

## Bennett Nominated for New York Governor

John J. Bennett Jr., states attorney general, was nominated unanimously for governor over Sen. James J. Mead, at New York's Democratic convention, in the face of White House endorsement of Mead. Bennett's campaign was managed by James M. Farley, former Democratic national chairman. Shown above, (left to right) are Attorney General Bennett, Mr. Farley, and Gov. Herbert Lehman of New York.

## 45,000-Ton Aide for Uncle Sam

Mrs. Henry Wallace, sponsor at the launching of the 45,000-ton battleship, Iowa, receives the christening bottle from Captain Kennedy, superintendent of the Brooklyn navy yards. The launching of the big battleship, the greatest bulwark of democracy afloat, was made seven months ahead of schedule. The Iowa will have a main battery of 16-inch guns.

### TIRE RATIONING

Certificates for retread on new trucks and buses, farm implements and passenger cars were issued this week to the following persons:  
Lee Black, Charles Bernstine, H. Carter, Mrs. S. J. Lewis, Lattie Lou Carroll and T. F. Lambert Jr.

### KILLED IN ACTION

Sgt. Pat Templeton, 19, son of the late R. H. Templeton of Wellington, who was a teacher in the Crowell schools many years ago, was killed in action Sept. 7, according to a notice received by his mother at Wellington. He was serving with the Royal Canadian Air Force in England.

Texas' lumber industry employs about 15,000 workers annually in the woods and mills.

The largest single contribution to the farmers' annual income in Texas comes from cotton.

and helpful to the hearer. They have been in the work for twenty-six years and are giving their all to the end of helping their fellowmen to see God and to live closer, better, more useful lives. During their twenty-six years in the service, 75,000 people have been converted under their leadership.

## Men in Service

First Lieut. Chas. B. Wisdom, Naval flight instructor on twin motor bombers in Panama, who has been at home visiting his parents, Mr. and Mrs. A. B. Wisdom, of Thalia, and recovering from injuries received in an airplane accident in Panama, left this week.

Wilson Starnes, who has been training as a parachute jumper in the U. S. Army Air Corps at Ft. Benning, Ga., was here last week visiting his father, J. C. Starnes, and other relatives and friends. He recently finished training that entitled him to his wings as a parachute jumper.

## INFANT BURIED

The infant of Mr. and Mrs. Dan McKown was buried in the Crowell cemetery Wednesday morning. The baby died soon after its birth Tuesday.

## Anti-Inflation

House and senate leaders were summoned by President Roosevelt where they received orders to get busy on his anti-inflation legislation. Photo shows Sam Rayburn, of Texas (left), and Rep. John W. McCornack (Mass.) talking to members of the press.

### Items from Neighboring Communities

#### RIVERSIDE

(By Mrs. Cap Adkins)

Mrs. Johnnie Matus and little son have recently returned from a visit with her parents, Mr. and Mrs. Joe Matus, of Bonarton.

Mr. and Mrs. Chester Graham of Crowell visited her parents, Mr. and Mrs. Fred Gibson, Saturday.

Mr. and Mrs. Charles Earthman and son, Keith, have moved from the K. G. Whitten farm to the W. J. Long place in Thalia.

Lloyd Whitten and Charles Earthman have returned from a business trip to Beaumont.

Miss Zaida Seales, who is employed at Victory Field, Vernon, spent the weekend with her parents, Mr. and Mrs. Wallace Seales.

Mrs. Buck Clark and son, P. D., of Rayland, Nell Clark, Wayne Long of Wichita Falls, and Mr. Chofner of Byers, spent Thursday with Mr. and Mrs. Sam Kuehn.

Mr. and Mrs. E. Kenner and daughter, Mrs. Ralph Bradford and sons, Rev. and Mrs. A. C. Hamilton, all of Margaret, visited in the John Bradford home Sunday afternoon.

Mr. and Mrs. Henry Hlavaty of Seymour and Mr. and Mrs. Bill Hlavaty and children of Thalia spent Sunday with their sister, Mrs. Roy Avers, and family.

Mr. and Mrs. George Wesley and daughter, Jackie, and Mr. and Mrs. F. A. Moore spent Sunday in the J. D. Mahoney home in Quannah Sunday.

Mr. and Mrs. Adair Webb and children of Rochester spent Sunday with M. L. Cribbs and family.

Mr. and Mrs. Jim Sansbury left

Sunday for their home at Durant, Okla., after a visit with her daughter, Mrs. Edward Brock, and family.

Mr. and Mrs. Lewis Ward, Mr. and Mrs. Robinson of Wichita Falls spent Sunday in the Frank Ward home.

Mr. and Mrs. Leon Taylor and son, Don, of Idalou spent the weekend with Mrs. Taylor's parents, T. L. Ward and wife, and other relatives. They left Sunday for a visit in Quannah, before returning to their home.

Mr. and Mrs. Frank Ward visited Glyndon Jones of Victory Field, Vernon, Friday.

Fred Gibson was taken to Crowell for medical treatment Saturday.

Mr. and Mrs. Frank Long of Crowell spent Sunday in the Howard Bursley home. Mrs. Long has recently returned from a visit with her son, James Everett Long, of Camp Wallace, and her sister, Mrs. George Hay, of Waco.

Mr. and Mrs. M. R. Wilson and children, Tim, Larry and Dorothy, spent Sunday with friends in Rayland.

Mrs. Gladys Burleson left Monday for a visit at Olton.

Kenneth Skelton was taken to Vernon for medical aid Saturday. Ira Tole was a business visitor in Henderson Friday.

James Adkins left Tuesday for Lubbock, where he will enter Lubbock Tech for the fall term of school.

Mrs. Mary Welch of Crowell spent from Wednesday until Sunday in the R. G. Whitten home.

Mr. and Mrs. Ralph Davis and children, Charlie and Darlene, of Wichita Falls visited with their sister, Mrs. John Bradford, and fam-

ily, from Thursday until Saturday.

The Riverside Home Demonstration Club met in an all-day meeting with Mrs. John Ray on Tuesday, Sept. 8. The new demonstration agent had charge of the demonstrations for the day. Those present were: Mesdames Ben Hopkins, Frank Ward, R. G. Whitten, Otto Schroeder and daughter, Emma, the hostess, Mrs. Ray, and the agent, Miss Elizabeth Elliott. Next meeting with Mrs. Hopkins on Sept. 22.

#### TRUSCOTT

(By Irene Myers)

Mr. and Mrs. Stan Westbrock visited relatives in Abilene Sunday.

Luther Moody of Ranger visited his sister, Mrs. Irene Gerald, last week.

Mr. and Mrs. Leon Howell and daughter, Marilyn, of Wichita Falls visited her grandmother, Mrs. W. R. Myers, Sunday.

Mr. and Mrs. Dudley Pitts of Flagstaff, Ariz., arrived Sunday for several days' visit with relatives.

Charles Gillespie of Bishop, Calif., is visiting his mother, Mrs. Irene Gerald, here this week.

John Holmes spent the weekend with his daughter, Mrs. Maynette Lefavour, in Lubbock.

Clena Pogue is spending this week with her sister, Mrs. Roy Laquay, in Lubbock.

Joe B. Turner of Abilene spent the weekend with his parents, Mr. and Mrs. Ozie Turner.

Mr. and Mrs. J. D. Carroll and daughter, La Verne, of Abilene, visited relatives here the first of last week.

Mr. and Mrs. Carlton Mooney of Seymour visited her father, W. W. Gleason, Saturday.

Junior and Dorothy Nell Young and their cousin, Billy Binion, accompanied by two girl friends, all of Wichita Falls, spent the weekend with Mr. and Mrs. Mayne Young and family.

Thora Belle Marchbanks spent the weekend in Lubbock with her sister, Doris Marchbanks.

Mrs. Lynn Jones and sons are spending this week in Memphis with her daughters, who are in school there.

Mr. and Mrs. Oscar Solomon took their daughter, Jo Ann, to Lubbock Monday to enter Texas Tech College. They were accompanied by Mrs. Leslie Haynie, who visited her daughter, Lozell.

Many out-of-town friends and relatives attended the funeral of Mrs. Frank Hickman, Monday.

Mr. and Mrs. A. S. Tarpley carried their son and family, Mr. and Mrs. Dan Tarpley and son, to their home in Lubbock Monday, after they had spent the week-end here.

Mary Beth Chowning and Neva Mills returned to school in Denton Sunday, after spending their summer vacation at home.

Billy English returned to Hardin-Simmons University in Abilene Sunday.

Billye Nichols returned home Sunday after working several days in Quannah. She is now employed at the Caram Grocery.

#### THALIA

(By Minnie Wood)

Mrs. W. T. McKeener of Tulsa, Okla., visited her daughter, Mrs. M. Woodson, here this week.

Miss Zeida Seales of Vernon, T. S. Harper of Chicago, Ill., H. L. Hotard of New Orleans, La., and G. J. Teel of Clarendon visited Mr. and Mrs. G. W. Seales here Sunday.

Born to Mr. and Mrs. J. A. Blevins Friday, Sept. 11, a boy, A. B. Wisdom and family and C. C. Wisdom and family visited relatives in Clovis, N. M., recently.

Raymond Oliver and family of Knox City and Mrs. Mollie Oliver of Carlsbad, N. M., visited relatives here last week-end.

Buddie Lindsey of San Antonio visited his parents, Mr. and Mrs. George Lindsey here this week.

Edgar Long of Lubbock visited his parents, Mr. and Mrs. W. J. Long, here last week.

Mrs. G. T. Neill and sons, Miles and Billie, have returned to their home in Monrovia, Calif., after a two weeks' visit with her father, Will Wood, and other relatives here.

Edgar Allen Johnson, who is attending school in Lubbock visited his parents, Mr. and Mrs. W. A. Johnson, here last week-end.

Sammye Payne left Saturday for Denton to enter college.

Mr. and Mrs. Jim Sansbury of Oklahoma visited her sister, Mrs. C. C. Lindsey, and other relatives here a while last week.

Bryan Banister, who has been visiting his parents, Mr. and Mrs. H. W. Banister, here has returned to Denton where he is attending college.

Mrs. Emma Moore and children returned to her home in Cherokee, Okla., after a two weeks' visit with her father, Will Wood, and family here.

W. A. Jones and family of Crowell, Hugh Jones and family of Childress, Mr. and Mrs. Dono Day of Dallas visited their parents, Mr. and Mrs. M. H. Jones, here Sunday.

The big man on Main street says it is better to be misjudged for a deed of action than for a deed of neglect.

Texas ranked first among the states of the Union in 1940 in the number of sheep, goats and mules.

Livestock raising was the white man's first industry in Texas.

Texas harvested its largest peanut crop in history in 1940, a total of 166,675,000 pounds.

### To Unbalance the Axis

Official Canadian Government Photos

FROM a puny business employing only a handful of men and producing less than 4 planes a month, Canada's aircraft industry has grown into a giant enterprise turning out more than 400 crafts per month. Money expended on plant expansion, equipment and orders total half a billion dollars.

The Dominion's aircraft production program has now been narrowed down to nine models: an elementary trainer, the Fairchild Cornell; a single-engine advanced trainer, the North American Harvard; a twin-engine reconnaissance bomber (and bombing and gunnery trainer), the Bristol Bolingbroke; a coastal reconnaissance amphibian, the Catalina (Consolidated PB-5); a single-engine fighter, the Hawker Hurricane; a twin-engine fighter; a four-engine long-range bomber; and a navy dive bomber.

For the engines, and certain instruments which are imported, Canadian planes are Canadian built from Canadian materials. There are about eight main assembly plants, and some 100 component instrument and part manufacturers. Among these are a half dozen factories turning out hundreds of propellers of various types to supply the planes being produced in Canada.

The manufacture of constant speed propellers, which is a mechanical work of art, requires rigid balance tests in all stages. The top photo shows a completed metal airscrew as it undergoes inspection. Small cork and lead weights are used in this final test. If perfect balance has been achieved their weight is sufficient to start the propeller revolving. In the lower photo a technician is checking the balance of a blade in upright position.

Canada's output of aircraft has now been stepped up sufficiently to meet the greater part of the requirements of the British Commonwealth Air Training Plan.

In some 30 plants strategically located from Vancouver to Halifax, war and training planes are being constantly overhauled and reconditioned for flying. This is one of the Dominion's major war industries, representing an outlay of several hundred million dollars and keeping thousands of men busy maintaining in perfect condition Canada's growing air armada.

#### "MAGNIFICENT RESPONSE"

Just how well is the electric power industry playing its vital part in the war effort?

According to the fantastic claims offered the public by those whose principal ambition in life is the socialization of all power resources, the only salvation for the nation lies in spending more billions of tax dollars for socialized plants. But, when we get down to facts instead of propaganda, the picture is a very different one.

Here, for example, is what Brigadier General Donald Armstrong of the U. S. Army's Chicago Ordnance District, said in a recent radio talk: "It's a matter of record that the performance of the electrical industry in America's war effort thus far is unsurpassed with colossal problems caused by the need for swift expansion of factories. Its response has been faced with colossal problems caused by the need for swift expansion of factories. Its response has been truly magnificent..."

There has been no power shortage in this country—and the primary reason for that has been the electric industry's ability to expand and to adapt itself swiftly and efficiently to changing conditions. And it has done that in the face of the most difficult political problems, as well as operating problems. It is saddled with punitive legislation—such as the notorious "death sentence" clause of the Holding Company Act. It is one of the heaviest taxed of all industries—while the great competing government plants are both tax-free and tax-subsidized. And aggressive political campaigns are being carried on to destroy it, lock, stock and barrel, as a private enterprise.

In spite of this, it has earned the praise given it by General Armstrong. Think how much more it could contribute in the future to the war effort if it were freed from the specter of socialization

### QUESTIONS AND ANSWERS

1. On what season is the city of Astrakhan located?

2. Only two South American countries are on friendly terms with the Axis, what are they?

3. In what well known stage play and motion picture did the character Lester Jester take part?

4. By what feat did Brig. Gen. James Doolittle recently distinguish himself?

5. Ration stamp No. 8 may be used between what dates and for how much sugar per person?

6. At what point in occupied France did the Allied Nations Commando raid land?

7. Into what branch of the U. S. Service did Clark Gable enter?

8. In what state is Miami Beach located?

9. In what group of islands is the island of Kiska located?

10. When salvage operations are completed on the French Liner Normandie, what will it be named?

(Answers on page 3).

A marked increase in the dairy industry and the production of wool and mohair took place in Texas between 1930 and 1940.

A single farm in Zavala County, Texas, produces more spinach than any state in the Union, except Texas.

In 1940 Texas produced 3,000 tons of grapes.

Cleaning and Pressing

**MONEY RETURNED**

Money expended for life insurance always comes back tenfold. Not a penny wasted. A life insurance policy, if properly attended to, does not wear out and leave nothing but the worthless remains. It does not grow shabby and discolor. It does not run down and get out of repair. It does not require constant repairing. All it needs is to be kept in force, by regular payments, and it is better after 10 or 20 years than it was the day it was purchased. It increases in value with the years, while all other gifts you can give perish with using.

HISTORY

The Bill of Rights - September 25. There was a feeling after the Constitution was drafted that it did not afford sufficient protection to the individual and to the States.

People Urged to Use Fast V-Mail System for Correspondence

New Orleans, Sept. 4.—Admiral Chester W. Nimitz, Commander-in-Chief of the Pacific Fleet, has issued an appeal to families of service personnel to use the new, fast V-Mail system for correspondence from the Mainland to forces afloat and ashore.

Whereas regular airmail from the Hawaiian area to Pacific Coast points often takes many days—even going by convoy when mails are unusually congested—V-Mail to these same cities averages only four days.

In the Fleet, mail clerks have been supplied with special V-Mail forms. Letters written on these blanks and posted for censorship are not read again until they reach the addressee.

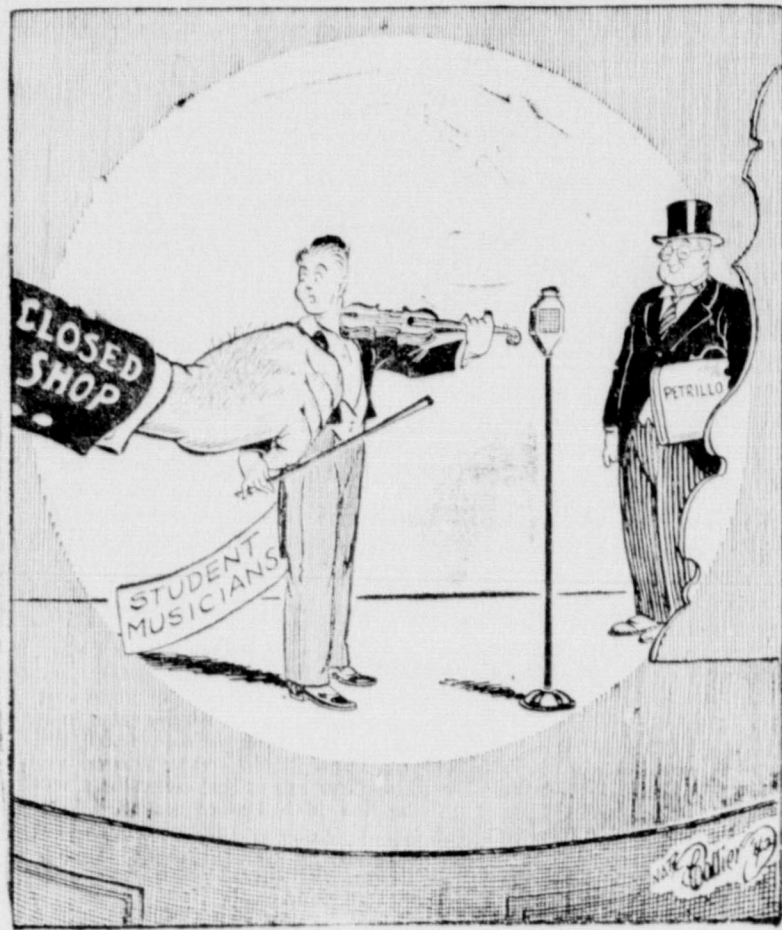

Hawaiian area V-Mail is photographed on 16-millimeter microfilm spools in Honolulu. These rolls, two of which contain as many letters as an ordinary mail-pouch, got to the Mainland by the first available air transportation.

By fast mail train, completed V-Mail is then sped to recipients, who get 4-by-5 1/2 inch enlargements of the tiny negatives in official envelopes—without charge.

Mainlanders corresponding with men afloat or ashore may obtain their V-Mail blanks from any post office. Full instructions appear on each form. Letters are sent to the nearest V-Mail center for forwarding by air to the soldier, sailor or marine concerned.

It was urged that service users of V-Mail request their correspondents to take advantage of this fast system. V-Mail now goes to personnel on duty in Australia and in intermediate island bases.

THE HEAVY HAND OF TYRANNY

What We Think (By Frank Dixon)

There never has been a time when it has been more difficult to look ahead and adjust the future plans for business, big and little. The reason for this is that no one can look ahead and foresee what the future holds even as much as three months ahead.

What these conditions will be depends upon the events that will happen on any of the several battle fronts. The fortunes of war will determine these, and the fortunes of war being most uncertain, the future becomes unpredictable.

Not only is this uncertainty felt in business, big and little, but it is felt in the case of every individual.

Thousands throughout the country cannot look ahead with any certainty or assurance and know that they will still be engaged in their present employment.

This much we know. As the army continues to draw upon the manpower of the nation so will the civilians at home be drawn upon more and more to fill the vacancies in defense plants caused by the drafting of the younger men into the armed forces.

This is one of the results of total war. While the law of the land does not provide for the drafting of labor there is no doubt but that men, now immune from the draft, in civilian employment, are going to be called to take whatever place their peculiar skill fits them for in the defense industry.

Without doubt these calls are going to disrupt the lives of thousands of individuals, but in time of war this disruption of normal living is the rule and not the exception. This condition already exists in the nations of our enemy. It also exists in England where civilians have enrolled for war work at home or elsewhere.

The next lesson man has to learn after he learns that he can't get rich the hard way or the easy way, is to learn to be happy and content on what he is able to make. When he can do this he is really rich.

As we become older we like the things we are used to, hats, clothes, furniture, food and friends.

DON'T WASTE STALE BREAD

College Station—Texas' thousands of Victory Demonstrators who have pledged to fight waste can live up to their pledge by making good use of stale bread.

Hazel Phipps, A. & M. Extension Service specialist in food preparation, suggests that left-over bread be made into Melba toast... an oven-dried, thin, crisp, and brittle. Bread which comes ready-sliced is a little too thick for Melba toast unless it's cut into sticks or the slice is cut in half horizontally with an extremely sharp bread knife.

"Don't have the oven very hot for making it," Miss Phipps warns. If stored in a tin with a tight lid, toast will keep crisp for some time, just like crackers. For later use it can be reheated a few minutes. Oven-dried toast can be used in place of ordinary toast and, creamed chicken, fish, chip-bread beef, Welch rabbit, or asparagus.

Broken pieces of bread, oven-dried, if not too dark can be rolled out for fine dry crumbs. Miss Phipps says. She suggests storing them in a glass jar covered with cheesecloth. Then they will be ready to sprinkle on scalloped or "au gratin" dishes.

In addition, stale bread goes into stuffings, scalloped dishes, and bread puddings. It makes very good French toast, dipped in an egg and milk mixture and fried delicately in a little fat. Stale bread combined with apples can be made into a tempting apple betty.

Nutritionally speaking, whole wheat bread offers the most food value, and enriched bread is to be preferred over plain bread.

Two Minute Sermon (By Thomas Hartwell)

The Grinding Tool of Life: When the Lord loveth he chasteneth, so says the book of Hebrews. It sounds almost paradoxical. Why should the Lord subject those he loves to disappointment and rebuffs? One explanation is that our life on earth is but a preparation for the life that is to come. Whether or not our existence is that eternity will be a happy one must depend upon the measure of preparation we have made for it in our hearts during our stay upon earth.

In the country population to the National Manpower Commission there will be need for an additional 4,500,000 women in war plants by the end of the year. The need for men will include all of the known available supply—and more.

On the military side the supply of Class 1-A men is rapidly being exhausted, yet the limits of the army planned for have not been met. To meet this need younger men must and will be drafted.

This is the picture that faces the country. It is upon these facts that plans for business and individuals for the future must be built. We know in advance that we, as a nation, and as individuals, are going to do whatever will be necessary to win this war.

As we become older we like the things we are used to, hats, clothes, furniture, food and friends.

CHAPLAINS

The Chaplains unit of the U. S. Citizens Defense Corps has been established in an administrative order issued recently by James M. Landis, Director of the U. S. Office of Civilian Defense.

The insignia for the new unit follows that in use by the U. S. armed forces with the addition of the traditional OCD background. The insignia for the Christian Chaplain is the Latin Cross in red, in a white triangle in a circular field of blue.

Chaplains will administer to the religious and spiritual needs of persons suffering from the effects of air raids or other disaster. They will be appointed by the local authorities upon complying with general requirements for membership in the U. S. Citizens Defense Corps, except no special training course was prescribed.

Brief Bits of News From Here and There

The need for workers to harvest the perishable crops of fruit and vegetables has caused to be organized a group known as AWVS, American Women Volunteer Service. Its membership consists of high school girls, debutantes and college girls.

According to the U. S. Census Bureau deaths from alcohol showing a lower rate during the period in which national prohibition was in force than for the preceding twenty-year period.

All quinine stocks in the hands of all druggists throughout the country have been frozen. Quinine can be sold only on a doctor's prescription, and then only for malaria.

The Federal Reserve Board has advised banks to pay no dividends this year but to accumulate the surplus as long as going lies ahead.

If nature is so wonderful, wouldn't she make the mosquito vegetarian?

Stalls of constipation often bring about bowel gas, sour stomach, bad breath, tongue, headache, dizziness, loss of appetite, and general weakness.

Mr. and Mrs. Lee Ribble spent Sunday in Paducah visiting Mrs. Ribble's brother, John Gibson.

Mrs. Ada Webb of Vernon came to Crowell Sunday and will make her home with her daughter, Mrs. A. W. Owens.

Duane Capps left Tuesday morning for Lubbock where he enrolled in Texas Technological College for the term.

Mr. and Mrs. J. H. Sansbury of Colera, Okla., were here last week visiting relatives and friends and attending to business.

Miss Mary Ella Rettig returned to Springfield, Mo., Sunday where she will re-enter Drury College for the second year.

Allen Keyser and Robert Morris, instructors at Sheppard Field, Wichita Falls, were guests Sunday in the home of Mr. and Mrs. A. Y. Beverly.

Miss Audra Starnes, who is attending school in Brownwood, was here last week visiting her father, J. C. Starnes, and other relatives and friends.

Mrs. R. J. Thomas and Judge Leslie Thomas and Virginia Thomas went to Denton Sunday. Miss Thomas will enroll in TSCW for the term 1942-43.

Mr. and Mrs. J. R. Beverly and Mrs. T. M. Beverly and Mrs. D. Howell spent Sunday in Abilene visiting Pvt. Tom Beverly, who is there at Camp Barkeley.

Pvt. Gerald Hays, who is stationed at Camp Barkeley, Abilene, spent the week-end in the home of his mother, Mrs. Henrietta Hays, week before last.

Mrs. Frank Long has returned from a visit with her son, James Everett, who is at Camp Wallace. She also spent some time with her sister, Mrs. George Hay, in Waco.

Miss Dorothy Winingham and Miss Mary Frances Bruce left Sunday morning for Washington, D. C., where they have accepted positions in the employ of the government.

Mrs. Arnold Bracewell is connected with Mrs. J. R. Beverly in the operation of The Beverly Shop. Mrs. Bracewell has had much experience in this line of work.

Mr. and Mrs. W. W. Kimsy took their daughter, Miss Bettye Shaw, to Lubbock Sunday where she entered Texas Technological College this week. They returned Sunday evening.

W. M. Howell, who operates a big wheat farm near Dimmitt, was here the latter part of last week visiting his wife, who had been here for several weeks taking medical treatment.

Mr. and Mrs. Thos. Hughston took their daughter, Beverly, and Doris Campbell to Denton Sunday where the young ladies will re-enter TSCW for their sophomore year. Jean Hughston also went.

Mr. and Mrs. Chas. W. Thompson and Miss Mary Ragland Thompson went to Pilot Point Saturday. Mrs. Thompson remained to be with her mother, who is ill and Mr. Thompson and Miss Thompson returned the same day.

Gordon Cooper of Sweetwater, and his mother, Mrs. P. P. Cooper, were here for a visit with Mr. and Mrs. Oscar Gentry and family Saturday and Sunday. Mr. Cooper returned to his home but Mrs. Cooper remained for a longer visit with her daughter.

Mr. and Mrs. John E. Long took their two children, Margaret and John Clark, to Lubbock Tuesday where they will enroll in Texas Technological College. Miss Long will be a Junior and John Clark will enter as a Freshman.

Mr. and Mrs. Jimmie Franklin and three children, Jimmie Jr., Essie and Bessie, have returned from Fort Worth where they have been residing for several months, and will make Crowell their home again. Mr. Franklin was transferred to the Texaco Plant here.

Mrs. P. N. Stephens of Sherman arrived here Saturday for an extended visit in the home of her parents, Mr. and Mrs. Claude Callaway. Her husband is in New Orleans in the Intelligence Division of the Coast Guards. He is taking an Officers' Training course there.

We're getting closer to the time when America will be famous for articles made in America.

A girl may wear a golf outfit when she can't play golf, and a bathing suit when she can't swim, but when she puts on a wedding gown, she means business.

30 YEARS AGO IN THE NEWS

Items below were taken in whole or in part from the issue of The Foard County News of Sept. 20, 1912:

On the night of the 9th of this month, as we came down to practice we were met at the door by the sheriff with orders from the Commissioners Court to keep us from practicing in the court house. He said some one had filed complaint to the court against us. . . Now, if we have damaged anything or anyone, we are more than willing to pay for the damage—just present the bill to the president (Mr. Spencer), and we will settle it at our next meeting. But I fear it is one of those "Sim-bon-headed" fellows trying to imitate George Washington—only using the hammer instead of the hatchet—knocking on the wrong thing, where it is none of his business. Well, Mr. Simon Head or Mess Beck, just keep on knocking if you think it will do you any good. . . If the hand is a nuisance to you we would advise you to go to a dryer climate as we are having some damp weather here now and you might get your feet wet, and as your brains must be located in that part of your body, you are liable to take the "brain" fever.—By order of the hand, by the secretary.

At the residence of Chas. M. Church in the northeast part of town at 4 p. m. Tuesday evening, Pat Wood and Miss Jewel Latham were married, Rev. T. W. Station saying the words that made them man and wife.

If there is any doubt that Foard County will grow broom corn, let anyone who has such doubts, make a visit to Mr. Seif's store and he will find some as fine broom corn as is grown.

H. M. Goode left Wednesday for Cisco to enter Britton Training School.

Mrs. Will Duke left Monday for Stamford for a two weeks' stay with her parents.

Johnnie Long left Sunday for Abilene where he entered Simmons College Monday.

Dr. L. H. Freedman will return to Crowell Saturday to begin the practice of medicine.

Miss Mattie Klepper spent Sunday with homefolks, returning to Truscott Sunday afternoon.

Mr. and Mrs. Ben Henderson returned Monday from a three weeks' visit to relatives at Begota, Okla.

W. B. McCormick went to Chalk Monday on business connected with the telephone company.

Dirty clothes, did you say? That's what Talley, the tailor, wants.

O. L. Stanley and wife are here from Tyler for a few days' visit with Mrs. Stanley's brother, Frank Meason.

SELECT SHOES CAREFULLY College Station.—Maybe the fellow with a bad temper is that way because his feet hurt. At any rate, Dora R. Barnes, specialist in clothing for the Texas A. & M. College Extension Service, suggests that it pays to study your feet—how to use them and how to care for them. Ills of the feet may be caused by wearing shoes which do not fit.

Shoes, Mrs. Barnes says, should be selected with the utmost care. Be sure you get the pair which fits comfortably and answers your needs. Try on the shoes and walk around in them to see whether they slide here or pinch or rub there. Don't buy by size alone. Your feet may require different sizes for different types. The shoes should conform to the natural shape of the foot. They should have a straight inner line, following the outline of the normal foot.

Be sure that your toes don't touch the end of the shoe and that there is no pressure on top. The great joint should come where the sole shape has the most pronounced curve. Test this by raising the heel to see whether the bend of the sole comes directly under the big joint of the big toe. The seam should not come over the great toe joint.

The shoe should fit snugly about the heel without binding, or slipping up and down or forward and back. That way blisters and holes in your stockings. Another point—the heel should be low and broad enough for a good support, Mrs. Barnes says. Nature intended that man should walk on both the heel and ball of the foot.

The specialist offers these additional useful tips: High heels should be worn only for dress where there is little standing and walking.

Don't buy shoes which need alterations. A pair of shoes for work and walking and one for dress will give twice the wear and comfort as one pair for all occasions.

RATIONING INFORMATION College Station, Sept. 7.—Secretary Wickard's announcement that this country will experience meat rationing within a few months will mean fair sharing of the nation's supply and should not bring hardships to anyone. "We'll be on shorter meat rations than we have been recently, but we have enough meat and other protein foods to keep American families well nourished," says Louise Bryant, specialist in home management for the A. & M. College Extension Service.

To make meat go farther, she suggests that homemakers use more of foods which are plentiful and less beef and pork. Particularly, there's an abundant supply of protein foods. Supplies of these are at an all time high, and there are more chickens than ever before. Although beans are not an exact substitute for meat, they make a good nourishing diet, the specialist says. Beans, too, are plentiful.

"If every American family has a cheese dish instead of pork chops more often than usual, or chicken instead of steak, the pressure on beef and pork supplies will not be so great," Miss Bryant suggests.

Other ways of making meat go farther include serving more stews and hashes. It is a good idea, too, to save all trimmings, both of fat and well-flavored lean bits. Meat bones may be saved for making soup. Here are other hints: Always keep meat clean and cold so none will go to waste from spoilage or poor flavor. Cook meat according to cut and fatness, and with moderate heat. And, finally, use different seasonings in meat dishes for variety.

Touch the end of the shoe and that there is no pressure on top. The great joint should come where the sole shape has the most pronounced curve. Test this by raising the heel to see whether the bend of the sole comes directly under the big joint of the big toe. The seam should not come over the great toe joint.

Invest in Victory

Our boys can take the War to the enemy, if we back them up with ships and tanks and guns! But that takes money! Help our Government to put the tools of war into the hands of our soldiers by purchasing War Savings Bonds and Stamps. And remember . . . just one Bond can't lick the Axis any more than just one gun! It takes millions of Americans buying War Savings Bonds and Stamps every pay day! Bonds cost \$18.75 and up . . . and they pay you back one-third more in only 10 years! Stamps cost 10¢, 25¢, and up . . . soon total the price of a Bond if bought regularly. Help our boys on the fighting fronts wherever they may be! Buy War Savings Bonds as an investment for yourself and your country.

Bank will be closed all day Monday, Sept. 1, Labor Day. GROWELL STATE BANK Member Federal Deposit Insurance Corporation.

A WEEK of the WAR

President Roosevelt asked Congress to enact by October 1 legislation under which he would be specifically authorized to stabilize the price of all farm commodities.

Mr. Roosevelt said the purpose of the legislation "should be to hold farm prices at parity, or at levels of a recent date, whichever is higher."

The President recalled that two points of his original Seven-point Anti-Inflation Program required legislation—"an adequate tax program, and a law permitting the fixing of price ceilings on farm products at parity prices."

The War Front

After ten straight raids without a loss, two U. S. Flying Fortress bombers were reported as missing September 7 following the greatest American aerial attack of the war on Nazi-occupied France.

bombers were escorted by 400 Allied fighters, three of which were shot down.

Gen. MacArthur's Australian Headquarters reported September 7 that heavy Allied bombing planes attacked a Japanese cargo ship southeast of New Guinea which was believed to have been attempting to supply the trapped enemy forces in the Milne Bay area.

Two Navy vessels, the Destroyer Blue and the Auxiliary Transport Calhoun, have been lost in action in the South Pacific in the past two weeks, the Navy announced.

War Aims and Foreign Relations

President Roosevelt, in an address broadcast to an International Student Assembly in Washington and short-waved to other parts of the world, stated the war is "going to be long and hard and bitter."

Reciprocal Lend-Lease aid to the U. S. already covers a range as wide as the requirements and geography of a global war, and is being provided to this country on the same basis as we are providing Lend-Lease help to other countries.

Pacific Fleet's Cincus With Jap Sword

Adm. C. W. Nimitz, commander in chief of the Pacific fleet, holds the samura, sword of the Japanese commander at Makin islands, after the recent successful raid by U. S. marines, in which Maj. James Roosevelt was second in command.

against the retailer who would pass it on to the consumer. War expenditures in August were \$4,900 million, more than three times greater than the amount spent for National Defense a year ago.

More than 50 per cent of the United States' oil is produced by Texas and surrounding states, Louisiana, Oklahoma, Arkansas and New Mexico.

Since 1935, Texas has been the leading mineral-producing state of the nation.

Oil is the most widely distributed Texas mineral.

Terms of Treasury Tax Savings Notes Changed Sept. 14

Secretary Morgenthau this week announced changes in the terms of the Treasury Tax Savings Notes, which have been on sale since August 1, 1941.

The changes are effective in new Treasury Notes of Tax Series A-1945 and Tax Series C-1945, which will be offered for sale beginning September 14.

The new notes of Tax Series C are adaptable for dual purposes: (1) for the accumulation of tax reserves and (2) for the temporary or short-term investment of cash balances which are at present idle.

Members of the Victory Fund Committees in the twelve Federal Reserve Districts, with a trained securities sales personnel, will participate actively in the sale of the new Tax Savings Notes.

The notes of Tax Series A-1945,

What You Buy With WAR BONDS

Hitler found out that his high powered mechanized and motorized army bogged down in the snow and mud of the Russian Winter.

These select horses cost from \$100 to \$165 and our crack cavalrymen are expert riders and carry on the traditions which have followed the cavalry from the earliest days of the Army.

U. S. Treasury Department

like those of prior Series A notes, are intended primarily for the smaller taxpayer. The new notes will be dated September 1, 1942, and will mature September 1, 1945, thus providing a maturity of three rather than two years from issue date.

000. The new limitation so apply to prior Tax Series A-1943 and A-1944, or to any combination of the three series, other respects the terms of the same as those of A-1944.

The system of private tenance of game preserves neered by Texas has been successful as a factor in the protection of wildlife that is being widely employed in states.

Federal fish hatcheries have a total pond surface of acres from which three fish are distributed annually.

There were 228 dairy factories in operation in 1939, making products valued at more than \$27,000,000.

It would be more far planned for the future as well as we regret the past.

A pessimist is a sportsman when he has the choice of evils, chooses both.

Texas produces more than 900,000 pounds of honey annually.

If You Had MY JOB KEEPING HOUSE, helping take care of the family—you would realize that business girls are not the only ones who sometimes get Headache and Tired Aching Muscles. We home girls often work just as hard and have just as many Headaches, just as many Stomach Upsets and get just as Tired. About a year ago, I first used ALKA-SELTZER I find that it eases my Aching Head, takes the kinks out of Tired, Aching Muscles and brings relief when I have Acid Indigestion. The family says I am a lot easier to live with since I have known about Alka-Seltzer. Have you tried ALKA-SELTZER? If not, why don't you get a package today? Large package 69¢. Small package 39¢, also by the glass at Soda Fountains.

At Two-bits A Dozen Our 1942 Taxes Would Blast Adolf, et al., With 55,200,000 Bullets Like These! Bullets, not politics or words, will win this war. Bullets, guns, tanks, planes, and ships. These are all items that can't be just talked into existence—they must be MADE. And it takes MONEY and unselfish work. Money, real man power—and ample electric power. To make and use these weapons, men must be trained. In all the categories vital to the war effort, this company is taking an important part. As for MONEY—our payment in 1942 taxes will total not less than \$1,150,000... enough to buy 55,200,000 bullets at the Army's specified price of 25 cents a dozen. The company has bought \$50,000 in war bonds. Its employees are buying bonds in a united, organized program. As for MAN POWER, a total of 122 men from this company are already in the armed forces where their experience and training in business, electrical engineering and distribution service has been of inestimable value to Uncle Sam. Twenty-one of them already commissioned officers... one lieutenant colonel, six majors, four captains, nine lieutenants, and one ensign. Both, money and man power, are things which are being given... must be given... by every West Texan, every American. These are contributions which each man, woman and child can make to the Victory cause. As for ELECTRIC POWER—it's a job for specialists. Today we can be thankful that America has men in non-political enterprises who can deliver the goods—with surpluses! America's electric companies, now under business management and FREE of Hitlerian political control and threats of the concentration camp, are providing more POWER than Hitler can command in ALL the Nazified countries combined! This is one factor on which hinges the final outcome of the war. With the wealth of this nation, its resources and man power, a victory for the United Nations is inevitable. We can all look forward to a future made even brighter by electric service in a land where people are free to plan and create enterprises that build and serve!

and involves only businesses which produce war materials or basic civilian supplies and services. The worst blow is falling upon small businesses which were unable for one reason or another to adapt themselves to war business or secure war orders. Thousands of businesses have closed their doors, and it looks like a great many more will have to follow suit in the future. The small industry problem is one of the worst that war has produced, and no one, despite all the talk, has appeared with a solution.

How far taxation will go is any man's guess. Some influential members of Congress are alarmed at what pending taxes may do to the American industrial structure—the proposed excess-profits taxes, for instance, might make it impossible or next to impossible for some big war industries to keep on operating as private enterprises. There is no question but what more and more legislators are reluctantly turning to the sales tax as one way out. And the enforced savings idea is also gaining headway.

These are but a few of the revolutionary influences now at work. Never in history has war demanded so much of a nation's money, resources, energies and manpower. From an economic as well as a military point of view, this war is without precedent. It is swiftly reaching into every home, and directly touching the life of every citizen. It is a rash man indeed who will forecast what the ultimate consequences will be.

The convoy system is working better in protecting merchant shipping in the Atlantic. Support for that assertion comes, by implication, from the marine insurance underwriters. Recently they substantially reduced their insurance rates, after months of steady increases. According to the Navy, ship losses in August totaled 31 as against 68 in July.

SAFETY SLOGANS

Think—when you drive past a parked car if some one should step out from behind it into your path, could you stop in time?

No man ever forgave himself for an accident that he might have avoided or prevented.

In the old days we thought that fast driving was sporty. But the good sport today keeps his car under forty.

HOUSEHOLD HINTS

Dry salt sprinkled immediately on new fruit stains will prevent them from being permanent.

Carrots can be made crisp and fresh before cooking by peeling and leaving in cold water for half an hour.

Cooking potatoes in their skins saves nutritive value.

Egg stains on table linen should be soaked in cold water before laundering because hot water sets such stains.

There are not nearly so many complaints about the weather as there would be if the government regulated it.

CHURCHES

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 8:00 o'clock. September 20, 1942. Subject: "Matter."

Methodist Revival in Progress

Brother and Sister R. L. Flowers are bringing some wonderful and inspirational messages twice a day to our people. They are also meeting the children at 5 p. m. and the Young People at 7:40 p. m. each day (Saturday excepted). Wednesday, Thursday and Friday are special day services. Mrs. Flowers is speaking to the women in the Methodist Church auditorium and Brother Flowers is speaking to the men in the Rialto Theatre at 10 a. m. each day. On Saturday night at 8:15, the children will have their special meeting and will take the lead. Each service, every service, is a high mark in religious inspiration.

The few remaining services of this meeting offer you a chance to refresh your soul in the blessings of God. It may be that you have never accepted Christ as your Saviour; why let the days pass without availing yourself of this wonderful opportunity of enlisting in the way of truly living. We are now mostly from under the task of "rehabilitating" ourselves and are living in the newest town in America to be as old as it really is. Let us become a new people spiritually.

Each class in the Sunday School is eager for the return of former members and is on the search for the new. Come to Sunday School next Sunday at 9:45 a. m. Remain over for the morning service and let's make that a red letter day in church going in Crowell. We will be looking for you and yours to be present with us. H. A. LONGINO, Pastor.

First Baptist Church

Sunday School at 9:45 a. m. Morning Service at 11 o'clock. Trailing Union at 7:30 p. m. Evening Service at 8:30 o'clock. W. M. S. every Monday afternoon.

Weekly Prayer Service Wednesday night at 8 o'clock.

We cordially invite everyone to come and find his place in each of these services.

W. B. Fitzgerald, Pastor.

Christian Science Services

"Matter" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 20.

The Golden Text is: "What agreement hath the temple of God with idols?" (II Corinthians 6:16).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "That which is born of the flesh is flesh; and that which is born of the Spirit is spirit" (John 3:6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Human birth, growth, maturity, and decay are as the grass springing from the soil with beautiful green blades, afterwards to wither and return to its native nothingness. This mortal seeming is temporal; it never merges into immortal being, but finally disappears, and immortal man, spiritual and eternal, is found to be the real man" (page 190).

Weekly Sermon

By George S. Schuler, Member of Music Faculty, Moody Bible Institute, Chicago.

"Life May Be Beautiful"

Text: "And they brought young children to him, that he should touch them; and his disciples rebuked those that brought them. But when Jesus saw it, he was much displeased, and said unto them, Suffer the little children to come unto me, and forbid them not: for of such is the kingdom of God. Verily I say unto you, Whosoever shall not receive the kingdom of God as a little child, he shall not enter therein. And he took them up in his arms, put his hands upon them, and blessed them."—Mark 10:13-17.

What a beautiful story this text reveals to us. It is laden with simplicity and tenderness, revealing the graciousness of the Lord Jesus. While the principal characters are women and children, the gripping truth contained in the story is applicable to everyone.

The mothers were desirous that the Great Prophet—for so they

considered Him—should bless their children. The disciples rebuked them, but Jesus, after rebuking the disciples for murmuring and for minimizing the value of children, gathered the children in His loving arms and blessed them.

The great lesson for us is that if we as little children, filled with childlike faith, approach Jesus for His blessing He will not only satisfy our longings, but will take us up within the fold of His strong life-saving arms—the arms which hold the worlds in their respective orders.

Read what Jesus says in Matthew 18:3: "Except ye be converted, and become as little children, ye shall not enter into the kingdom of heaven." Of course, He did not mean that we must become as children in body and mind; He desires us to present ourselves before Him in childlike faith and sincerity.

The writer has seen many men prominent in politics and business lay aside their worldly power and social position and kneel at the feet of Jesus, the Christ, only to

be taken up in His arms and blessed. After this never-to-be-forgotten experience they returned to their stations in life new men, becoming spiritual benefactors to all with whom they came in contact.

Thus "life may be beautiful" when the blessing of Jesus has been bestowed. Have you been so blessed and taken up in His almighty arms?

THOUGHTS OF SERIOUS MOMENTS

If you have great talents, industry will improve them; if but moderate abilities, industry will supply their deficiencies.—Samuel Smiles.

Industry is not only the instrument of improvement, but the foundation of pleasure.—Hugh Blair.

That alone can be called true refinement which elevates the soul far above their worldly power and social position and kneel at the feet of Jesus, the Christ, only to

That, however, will not in- clude the 1-A class as greatly as anticipated, for the re- sult of a considerable per- cent of the young men have enlisted with the consent of their par- ents.

War industry execu- tives have done surprisingly well that were once considered exclusive prerogatives of such as welding, wiring, etc. A new and strict "anti-infla- tion" controls which the President need on Labor Day have been expected. Inflation when consumer purchasing exceeds the volume of goods available—and that is precisely what has been happening to an increasing extent in this country. Past OPA price policy was not adequate because many commodities were exempt from OPA, and because wages, farm and other costs continued to rise. Excess purchasing led to the establishment of "black market," which was proscribed or scarce to the highest bidder. Many economists are convinced that inflation cannot be prevented unless the most stringent kind of controls are placed upon wages, salaries—and, in addition, on earners in the low-income as well as the higher income brackets taxed to the limit.

After the first of the year, a general commodity rationing is expected. In most war- rying areas, a food or clothing ration is far more desirable than money, and that may be the future of what is called "essential" business is shrouded in mystery. The official list of "essential" industries is brief.

## Miss Billie Brown Becomes Bride of Lieut. Thomas Bennett Johnson Thurs. in Wedding at Methodist Church

Before an all-white altar, with an arrangement of tall baskets of white gladioli and graduated rows of white tapers, the marriage of Miss Billie Louise Brown to Lieut. Thomas Bennett Johnson was solemnized at the Methodist Church Thursday evening, Sept. 14, with Rev. W. B. Fitzgerald officiating with the double ring ceremony. The candles were lighted by H. C. Brown, brother of the bride.

As pre-nuptial music, John Rastor sang, "Because" with Mrs. Arnold Rucker playing the accompaniment. Mrs. Rucker also played the processional and recessional wedding marches of tradition.

The bride was attended by Miss Juanita Brown, her sister, while Travis Henderson of San Angelo, served the groom as best man. The men were college room-mates at the University of Texas.

The lovely bride entered with her father, Hubert C. Brown, who gave her in marriage. She was attired in a wedding gown of organza, with lace trim, and made on torso lines with long sleeves and a full train. Her illusion veil, fingertip length, was held in place by a plaited tara. She carried a shower bouquet of gardenias and stephanitis, which was placed on a white Bible. The groom wore the full uniform of his rank.

The maid-of-honor wore a dress of pink organza, made on the same lines as that of the bride and she carried a bouquet of pink gladioli.

Mrs. Johnson is the daughter of Mr. and Mrs. Hubert C. Brown and has been reared and graduated from High School here. She graduated from the University of Texas with honors in June, 1942, with a B. B. S. degree. She is popular both in Crowell and Austin. At the University, she was a member of Alpha Lambda Delta and Beta Sigma Gamma, national honorary societies, and of Beta Beta Alpha, a local scholastic society and of Cap and Gown, a social organization for senior girls. Since her graduation, she has been employed by the Humble Oil and

Refinery Co. in Houston. Lieut. Johnson is the son of Major and Mrs. R. L. Johnson of West Point, N. Y. He was reared in San Antonio and attended the University of Texas for three years before entering the U. S. service. He was a member of Phi Delta Phi, an honorary law fraternity. He received his commission as 2nd Lieut. in the U. S. Army Air Corps at Foster Field, Victoria, on Sept. 6.

The couple will reside in Boston, Mass., where Lieut. Johnson will continue his training.

Immediately following the marriage, a reception was held in the church garden where shrubbery enclosed the lovely lawn and made a perfect setting for the reception where the guests registered at the bride's book with Mrs. Lee Black presiding. The receiving party was composed of the wedding party; Mrs. Brown, mother of the bride; Mrs. Texas Johnson, aunt of the groom; Lieut. and Mrs. Johnson, Hubert C. Brown, Travis Henderson and Miss Juanita Brown.

From the receiving line, Miss Mary Helen Carroll directed the guests to the lovely table where the bride's cake was the decorative feature. It was a four-tiered angel cake, with white heart decorations centered with pink roses and grooms, the groom in army uniform. After the cake was first cut by Lieut. and Mrs. Johnson, Mrs. W. B. Johnson cut it for serving to the guests. With punch, it was served by Misses Margaret Long, Wilma Jo Lovelady, Betty Steinhilber and Frances Henry Johnson. Mrs. Henry Borchardt, Mrs. Nelson Oliphant, Mrs. W. B. Fitzgerald and Mrs. H. K. Edwards also assisted at the table.

Out-of-town guests for the wedding included: Mrs. Texas Johnson of Texarkana, the groom's aunt; Miss Tag Greer of Austin, Mrs. Woodrow Lemmons of McAlester, Okla., Miss Shirley Williams of Houston and Jack Fitzgerald of Austin.

### GARDEN CLUB WILL MEET

Mrs. Q. V. Winingham, president of the Crowell Garden Club, has called a meeting of the Garden Club for Friday afternoon at the First Christian Church. She urges that every member attend the meeting as business of great importance has come up and must be attended to.

There are known to exist under the surface of Texas some sixty or seventy-five minerals that are of commercial value.

Texas has more than 15 per cent of the total value of mineral wealth of the United States.

## Miss Oma Floy McLain is Married Saturday

The following account of the marriage of Miss Oma Floy McLain, daughter of Mrs. P. H. McLain, to Aviation Cadet Andy Garrett, son of Mr. and Mrs. A. Garrett of Sterling City, in a service read at the Kirkland Field chapel at Albuquerque, N. M., Saturday at noon. The couple will live in Albuquerque.

"Oma Floy McLain, daughter of Mrs. P. H. McLain of Crowell, became the bride of Aviation Cadet Andy Garrett, son of Mr. and Mrs. A. Garrett of Sterling City, in a service read at the Kirkland Field chapel at Albuquerque, N. M., Saturday at noon. The couple will live in Albuquerque.

"The bride chose for her wedding costume a victory blue dress with matching hat and other accessories of black. She wore a corsage of gardenias.

"Only attendants were Aviation Cadet Joe and Mrs. Miss, formerly of Sterling City.

"The bride was graduated from Crowell High School and attended John Tarleton Junior College, Stephenville, and a business college in Abilene. She has been employed for the past year at S. & Q. Clothing.

"Aviation Cadet Garrett is scheduled to receive his commission as a bombardier on Sept. 25, he went into the U. S. Air Corps in April. Before his entry into the service, he was a student at Draughon's Business College and was later employed in Abilene."

## Red Cross Blood Project Pronounced a Huge Success

According to a release from the Red Cross Service, the following information is obtained concerning the Red Cross project of "Blood Donors," a plan for obtaining 2,500,000 pints of blood for the Armed Forces.

Award of the Army-Navy "E" to the American Red Cross Blood Donor Service has added impetus to the Red Cross appeal for an additional 2,500,000 pints of blood for the armed forces, according to reports from almost every section of the country.

Selection of the Blood Donor Service for the award in recognition of its performance in procuring blood for the Army and Navy has been announced by Under Secretary of War Robert P. Patterson and Under Secretary of the Navy James V. Forrestal. Award pennants will be presented to Red Cross Chairman Norman H. Davis at national headquarters and to the 18 Blood Donor Centers operated by the Red Cross at special ceremonies later this month. Centers are located in New York, Philadelphia, Cleveland, San Francisco, St. Louis, Boston, Milwaukee, Los Angeles, Chicago, Cincinnati, Brooklyn, and the District of Columbia. Volunteer and paid personnel attached to the centers will be awarded Army-Navy "E" pins.

The Blood Donor Service was inaugurated in February, 1941, in response to a request by the Surgeon General of the Army and Navy. It has since expanded many times. Its most recent achievement, and the one which won it the Army-Navy Production award, was the collection of 461,493 pints of blood, 81,493 pints more than the quota which had been set by the Army and Navy.

## Hawaii's Governor

Shortly after taking oath as ninth governor of Hawaii, Judge Ingram M. Stahlberg, in his picture at the opening ceremony in Honolulu, he said that Governor Joseph B. Easton, former Governor of the Republic of Hawaii, was the first to be elected to the office of the Hawaiian Islands.

## Herbert Karl Bahr, convicted German spy, is led away to start his 30-year sentence in a federal prison.

He was sentenced at Newark, N. J., by Federal Judge William F. Smith. Bahr, former Rensselaer (Ind.) student, was arrested while posing as a Jewish refugee on the diplomatic exchange liner Drottningholm last June.

## Watch Out for School Kids, State Police Director Warns

Austin, Sept. 14.—Watch out for those school kids. You'd forgotten about that school crossing during the summer, hadn't you? The kids are coming back now, and you'll have to watch out for them.

"Let's be thankful," State Police Director Homer Garrison said today, "that we still have schools to send our children to. Even with the benefit of education, which now is denied many peoples of the world, our kids are growing up into a world that's going to be pretty rough on them. Let's give them a break by not breaking their arms and legs and heads with our automobiles."

## TAKING OFFICERS' COURSE

Fort Sill, Okla., Sept. 14. (Special) 2nd Lt. Robert M. Magee of Crowell is attending the Battery Officer Course in the Field Artillery here. He is Lt. Magee, son of Mr. and Mrs. R. R. Magee of Crowell, before entering active service was employed by Deere & Co., Moline, Ill.

The number of Angora goats and the mohair production in Texas in 1940 was the greatest in the history of the state.

## Spy Gets 30 Years

Herbert Karl Bahr, convicted German spy, is led away to start his 30-year sentence in a federal prison. He was sentenced at Newark, N. J., by Federal Judge William F. Smith. Bahr, former Rensselaer (Ind.) student, was arrested while posing as a Jewish refugee on the diplomatic exchange liner Drottningholm last June.

## ROTARY CLUB

Visitors at the Wednesday meeting of the Crowell Rotary Club were Jim Polk, Boy Scout field executive of the area, R. L. Ennis, Grimes of Quanah, Rev. R. L. Flowers, Methodist evangelist, and Rev. H. A. Longino.

## Winter Legumes Make Soils Productive

College Station, Sept. 7.—Facing a shortage of 20 to 30 per cent in the supply of nitrogen for fertilizer in 1945, farmers are being urged to replace as much of it as possible by obtaining nitrogen from the air through summer and winter legumes.

## Texas Odd Fellows Selling WAR BONDS

In a campaign beginning August 19, the Odd Fellows of Texas have sold enough War Bonds to purchase one United States Bomber costing \$275,000. The campaign ends Sept. 18 and it is hoped to sell an equal amount in the remaining days of the campaign.

Chairmen for the selling campaign for the local I. O. O. F. Lodge are A. W. Barker and A. L. Davis. Persons who buy War Bonds during this time are asked to pledge them to the I. O. O. F. Lodge of Crowell. See the treasurer, H. E. Ferguson.

## Winter Legumes Make Soils Productive

College Station, Sept. 7.—Facing a shortage of 20 to 30 per cent in the supply of nitrogen for fertilizer in 1945, farmers are being urged to replace as much of it as possible by obtaining nitrogen from the air through summer and winter legumes.

According to E. A. Miller, agronomist for the Texas A. & M. College Extension Service, when legume crops are plowed under the nitrogen, gathered from the air by means of bacteria in the nodules on the roots, becomes available for the succeeding crop and increases the productivity of the soil.

In experiments at College Station the average yield of cotton over a five year period on Lufkin fine sandy loam where fertilized vetch was plowed under was 85 pounds of lint an acre, or 43 per cent more than on soil without vetch.

Miller says that vetch produced an average of about five tons of green matter an acre for plowing under at College Station, six to seven tons at the Tyler station, and seven to eight at Nacogdoches. These amounts contained 80 to 125 pounds of nitrogen an acre, or an abundance for an average crop of cotton or corn.

For soil improvement, vetch should be planted at the rate of 15 to 20 pounds an acre from October 1 to November 15, when there is sufficient moisture for good germination. Seed should be planted with a drill or regular vetch planter, if available. A common method is to broadcast seed and fertilizer by hand and cover two to four inches with a turning plow or middle busher. The latter method places the seed on beds where plants receive better drainage.

Seeding also may be done with a corn or cotton planter and a sorghum plate provided, Miller explains, it is not worn so as to allow seed to roll between the plate and bottom of the hopper where they would be crushed.

## Dependent's Check

Mrs. Thelma Greer, 34 of York city, wife of Pvt. Max Greer, receives her first \$150 check from Uncle Sam. She is the first group of 1945 to receive a serviceman's dependent's check.

Anyone who works for the state alone is very poorly paid.
