Heroes of Midway

Dallas J. Bergeron and his brother, Frederick Paul, who were recently awarded Distinguished Flying Crosses for their part in the battle of Midway. The two boys, who hail from Freeport, Texas, were cited for having "participated in bombing and strafing of fleeing enemy light forces as gunners of scoutplanes which obtained bomb hits on a Jap ship." The brothers were decorated, with 31 other officers and men, at a mass ceremony aboard a ship at Pearl Harbor.

Grammar School Aiding Campaign for Scrap Metals

In furthering the campaign for the collection of scrap iron and metal of all kinds, the Grammar School has been added to the High School, according to information from Supt. I. T. Graves. From the fourth grade up, the grammar school pupils are getting into the scrap collection business.

Each home room will be organized to gather scrap—aluminum, copper, rubber, iron, steel, brass, — and, if possible, bring it to the school. If that is not possible, then the pupil will report the place where the scrap is to be found and a truck will be sent to collect it. The scrap will then be weighed, and after the expense of the hauling is deducted, the pupil will be paid for the gathering of it in war stamps. They are also to be paid in that manner for what they bring to the school. If the bus children will get their scrap to the bus in sacks or in some manner in which it can be handled, the bus drivers will transport it to the school for the child. It is necessary for each child to get his collection of scrap to the scrap pile on the school grounds, if it is at all possible.

The school children will ask the citizens for their scrap of all kinds and every man, and woman, is urged to assist by giving them what they have on their premises which can be used in the making of fighting equipment for the war. If the person having the scrap desires to be paid for it, it will be weighed and a record kept by the persons in charge of the trucks which pick up the scrap. In any room which collects scrap to the amount of an average of 20 pounds to the child, each child will be given an award in the form of a "Junior Ranger" certificate. These awards are attractive and will be cherished in the years to come.

An especial urge is hereby made to all citizens to help the school children make a success of this undertaking. The scrap is sorely needed and it is the duty of each person to assist in every way in collecting it. It might be the means of winning the war, and the neglect to do so, might be the means of losing it. Now is the time to act.

Luke Roberts, 74, Dies in Fort Worth Monday Morning

Luke Roberts, 74, of Lovington, N. M., a resident of Crowell in 1908 when he was connected with The Crowell Index, died at the home of a daughter in Fort Worth Monday, after an illness of about one year. He had gone to Fort Worth and Dallas about two weeks ago for medical treatment.

Mr. Roberts was born in Cooke County and his family moved to Grand Prairie when he was a few weeks old. He was reared in Grand Prairie and Arlington and attended schools there. He taught in school in Quanah and Chillicothe in an early day and went to Fort Worth to become superintendent of schools. He went from Fort Worth to Altus, Okla., and served as school superintendent for three years before giving up the teaching profession and became associated with a hardware firm. He was transferred to Olustee in 1904 and while a resident there was a member of the Oklahoma State Constitutional Convention. He helped in drawing up the state constitution and was one of its signers. He became editor of the Hollis Post-Herald in 1909 and remained in that position until 1915 when he moved to Lovington.

Cemetery Report Made by President

Mrs. N. J. Roberts, president of the Cemetery Association, makes the following report of the funds which have been paid into the treasury during the past weeks. Mrs. Roberts says: "Since August, when the last report was published, the following persons have sent in contributions:

- Mrs. E. T. Evans, \$1.00
- Mrs. W. L. Magee, 1.00
- Mrs. A. H. Clark, 5.00
- C. O. Nichols, 2.50
- A. W. Owens, 2.50
- Mrs. A. E. Propps, 5.00
- M. L. Bell Estate, 10.00
- Ethel Glover Rider, 2.00
- Mrs. Walford Thompson, 1.00
- Mrs. S. T. Knox, 1.00
- Mrs. Roy Ayers, 5.00
- W. T. Hlavaty, 5.00

"The cemetery was given a thorough cleaning the last of August and 30 loads of dirt were moved in where it was needed most. One more general going over should suffice for the fall. These donations have made possible the general care."

HOSPITAL NOTES Foard County Hospital

Patients In: Mrs. Frank Briscoe Mrs. J. C. Prosser

Mark Passage of Anti-Inflation Bill

The anti-inflation bill on which the President had set a deadline was passed by the senate by a vote of 82 to 0. Photo shows Majority Leader Barkley (left) and Senator Prentiss M. Brown of Michigan, author of the bill, pointing to the deadline on the calendar.

As Foard County Court House Looks

For the benefit of those who have not seen the Foard County court house since the work of repairing has been finished, the above picture is reproduced. The picture was taken with The News camera from the east side of the square and represents the court house as it appears today with the exception of stone ornaments placed on the side of the steps where the large pillars once stood on all four sides.

The stone ornaments were put in place last week under the direction of C. A. Naumann, superintendent of the construction work.

Crowell Wildcats Win Game from Nocona 13 to 6 at Nocona; Will Play Friday Night Here with Holliday Eagles

The Crowell High School football team defeated the Nocona Indians at Nocona last Friday night by a 13 to 6 score. The Wildcats drove within Nocona's ten yard line three other times, but a fumble and two penalties cost them touchdowns on these occasions. Crowell's line was nearly perfect on defense, holding the Indians to one first down.

Nocona made the first score twenty seconds before the first half was up. Downey passed to Witt for thirty yards, and Witt ran seventy yards for the touchdown.

With Arnold Smith carrying the ball "Dick Todd" fashion, Crowell scored twice in the third quarter. (Continued on Page Five)

County Agent John Nagy Urges Scrap Metal Drive in County

John Nagy, Foard County Agent, writes of the urgency and necessity for full co-operation in the scrap iron and steel drive which is under way over the nation, thus: "Time is short. Urgent need of iron and steel scrap to maintain steel production demands the utmost co-operation from everyone. Every pound of scrap helps to make two pounds of fighting equipment. Therefore, your co-operation, big or small, is vital to the war effort."

"Every day we delay in getting in every available pound of scrap iron and steel we are helping to make the supposition come true, only we will be the ones who destroyed the tanks, not the Nazis. We destroyed them before they were built. Now is the time for action. Get going before the snow flies. And, speaking of snow, remember this—winter may be our friend in Russia, but here in America, it is our enemy."

"So, get your scrap into this fight and urge everyone else to do so before the headlines again read, 'Too Little—Too Late.'"

New Welfare Worker Takes Over Duties in County This Week

Miss Frankie Barnes arrived this week to take up her duties in Wilbarger and Foard Counties as Senior Field Worker for the State Department of Public Welfare. The new welfare worker is a member of the Methodist Church, Miss Barnes, a native of Hall County, Texas, is a graduate of Memphis High School and attended Sullins College, Bristol, Va., and the University of Texas, and at time of election for her position through a Merit System examination she was a Junior Field Worker with the State Department of Public Welfare in Hall County. She has been connected with social work since 1938. Miss Barnes will administer the Old Age Assistance, Aid to the Needy Blind, and Aid to Dependent Children programs in Wilbarger and Foard counties.

The assistance programs, being financed jointly by federal and state money, grant aid to the aged, the blind, and children under 14 who meet other eligibility requirements of the law. It was explained that the state in order to secure federal matching funds is limited to aiding only those persons found to be in necessary circumstances. Miss Barnes' duties will consist of helping applicants in filing applications and assembling the required proofs of eligibility, appraising degree of need in each individual situation, and making a record of such evidence to be reviewed by the area welfare supervisor.

Miss Barnes' territory will consist of part of Wilbarger County and all of Foard County with offices located in the court house at Vernon and Crowell.

ROTARY CLUB

Merl Kincaid was in charge of the program at the Wednesday meeting of the Crowell Rotary Club. An interesting talk on the sale of war bonds and stamps was made by Dwight Moody.

Crowell Wildcat Football Team Will Meet Fast Holliday Eagles in a Game at Wildcat Stadium Friday Night at 8:30

The Crowell Wildcats will be playing their first conference game of the season here Friday night at 8:30 against the Holliday Eagles. The Eagles have a perfect record for the season with a 19 to 0 victory over Newcastle and a 13 to 12 win over Burk Burnett. The Wildcats have broken even in their four practice games with two wins and two losses.

Charley Winton, quarterback

Place Old Keys in Can at Ferguson Bros. Drug Store

The Government needs all old keys and the proceeds from the sale of these keys will go to the National U. S. O. Cans for the collection of keys have been placed all over the United States and the Empire Paper Co. of Wichita Falls is furnishing cans for this territory and has placed one in Ferguson Bros. drug store, it was announced by Leo Gordon, representative, here last week.

Keys contain metal vital to war needs and everybody is urged to bring in their old keys immediately.

Receives Appointment as Member of F. B. I. Prominent West Texan Succumbs in Wichita Falls Friday Night

Mr. and Mrs. Ragsdale Lanier had as their guests Tuesday evening, Mr. and Mrs. Robert D. Oswalt of Vernon. Mr. Oswalt is a former citizen of Crowell and has resided in Vernon for the past few years. He will leave Thursday for Washington, D. C., where he will receive six months' training in the Federal Bureau of Investigation, to which he has recently received an appointment.

Mrs. Oswalt and their two baby daughters, will not go to Washington at the present time, due to the congested housing condition there.

Mr. Oswalt was serving Wilbarger County as County Attorney at the time of his appointment.

RECEIVES PROMOTION

Lieut. R. M. Magee of Fort Sill, Okla., has been promoted from second lieutenant to first lieutenant, according to an announcement received here last week. Lieut. Magee is a graduate of A. & M. College and has been located at Fort Sill for the past year.

Sports for U. S. Captives in Jap Prison Camp

This photo which appeared in the Japanese propaganda magazine, Freedom, published in Shanghai, was brought to the U. S. by a national recently repatriated. The Jap caption states that it shows a "playtime" scene at a war prisoners camp in Shanghai. The caption says that basketball and volleyball are provided for U. S. marines, and cricket for the British.

Gas companies of Texas employ almost 11,000 persons.

PUBLIC MILEAGE SNATCHER NO. 1 is not the thief who puts one car out of commission by stealing a tire.

Speed! That's the name of the Nation's tire thief.

Speed robs the heavy-footed driver of one-third to one-half of the essential mileage remaining in his irreplaceable tires.

Speed hastens the day when cars must be laid up because rubber is lacking... bringing almost fantastic dislocations in our economic life and in our ability to hold war production at maximum.

Remember that tires last only half as long at 55 miles an hour as at 35!

So today... right now, as you read this message... make a solemn promise to yourself: "Until we win

the war, I will never drive over 35."

Say it again, and let the words sink in: "Until we win the war, I will never drive over 35."

To help keep your car from becoming a "tire orphan", stop at the Orange and Black 66 Shield. That is where you get Phillips 66 Poly Gas, James for pep and mileage, and Phillips 66 Motor Oil, 100% para-jin base.

And that is where the Phillips 66 Service Man is ready with a variety of services which make tires last longer and go farther. He checks inflation, inspects and corrects cuts and bruises, rotates tires from wheel to wheel. He helps you:

CARE FOR YOUR TIRES... FOR YOUR COUNTRY

 8. Where is Dakar located?
 9. Of what organization is James C. Petrillo the head?
 10. In what European country is the city of Oslo located?
- (Answers on page 3).

day ever arrives when the private citizen finds in his local banker, not another free American citizen, but a controlled puppet of a dominant political party in a vast bureaucracy. Such a tragedy can befall us if we ever lose faith in our ideals of free private enterprise. — Industrial News-Review.

THAT "HATE TO WORK" FEELING

Does your work have to wait because you "don't feel like doing anything"? This laziness may be due to delayed bowel action. Give those lazy bowels a gentle massage with ADLERIK'S 3 laxatives and 5 combs. Try ADLERIK'S today, your druggist has it.

KEEP FAITH

One of the most powerful safeguards of individual liberty can be found in the thousands of community banks scattered over the three million square miles of the United States. The question of size either of the banks or of the communities in which they operate, is irrelevant. They are all community banks and they all safeguard our most vital freedom—economic freedom.

There exists hardly a citizen who at some time has not found it necessary to go to his local banker for financial advice and aid. He may be seeking money for a new business venture. His family may have suffered illness requiring immediate emergency funds. Or he may be a farmer in need of seasonal stock or crop loans. In every case, the reason is economic. In plainer language, bread and butter necessities drive us to our local banker for help. It is his business to lend that help, where the facts justify, as painlessly and as efficiently as possible. It is a difficult task. He

Autograph A Bomber for the Enemy

This picture was taken last week when Roscoe Rainwater of Vernon purchased \$10,000.00 in United States War Bonds from M. D. Wolverton, (seated), president of the Waggoner National Bank, in Vernon—ten thousand dollars more into the coffers of Uncle Sam to help win the war. Mayor J. V. Owens and L. G. Hawkins, chairman of the Board of Directors of the bank, look on as the deal is made.

Any United Fidelity Policyholder can feel proud of the part he indirectly, is having in these War Bond purchases, for it is his money that is doing it—making his dollars do double duty, protecting his loved ones and at the same time helping to win the war.

Mr. Rainwater has been connected with the United Fidelity for more than 20 years and says his company has purchased its limit in every series of War Bonds offered this year, and glad to help this section come up with its quota.

THE Foard County News

T. B. KLEPPER, Owner-Editor

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, October 8, 1942

NATIONAL EDITORIAL ASSOCIATION 1942 Active Member

Therefore, my beloved brethren, be ye steadfast, unmovable, always abounding in the work of the Lord...

What happens after this war is ever will not depend so much upon present plans and predictions as it will upon the type of leadership the victorious nations have at the time...

It is important that this community meet the challenge that has gone out to all communities such as this and bring in the scrap iron that the defense industries may not be slowed down for want of steel...

We have about reached a place in this war where individuals and organized groups had better give up the idea of trying to make a profitable thing out of it...

HISTORY

Columbus Day—October Twelve: Columbus Day was first observed in this country in New York City on October 12, 1792. The event was arranged for by the Society of St. Tammany, or Columbus Order, founded by William Mooney May 12, 1789.

A new situation faces those who have the responsibility of raising an army and providing for its sustenance. The point has been reached in which farm production is being cut short because of the fact that many young farmers are being drafted into the service.

This is going to be the most terrible winter that Europe has ever known. Thousands and hundreds of thousands of people in the occupied countries are not going to have sufficient food to satisfy their hunger, nor sufficient clothing and fuel to keep themselves warm.

No one ever feels quite so helpless as when he is trying to remember something and can't.

What We Think (By Frank Dixon)

"What this country obviously needs right now is a good stiff sales tax. What are we waiting for?"

The above paragraph appeared this week in one of the neighborhood news letters written by one of the country correspondents, a farm woman, in my local weekly newspaper.

The paragraph coming at a time when Congress is seasawing back and forth and up and down over a method of levying the necessary taxes, is timely. It is more than that. It shows that out in the rural area of the middle west where people think straight, the need for a sales tax as the only effective method of financing the war is seen.

As this farm woman is not fooled by the political gymnastics now going on in Congress over this tax question, so anyone will find as I have, who will take the time to talk with the man on the street, that the general feeling throughout the middle west is that a sales tax is the only solution.

RUBBER AND GAS

The Baruch report on the rubber question marked an intelligent and forthright approach to the country's Number 1 domestic problem. The most important recommendations concern national gasoline rationing, a 35-mile speed limit, compulsory tire inspection, production of synthetic rubber at the rate of 1,100,000 tons a year...

No one can deny that the elimination of unessential driving is now necessary. But we must not make the mistake of establishing an arbitrary rationing system which would cripple production in many parts of the country.

The big thing now is to make unprecedented efforts to increase synthetic rubber production—as well as to conserve what rubber we have in all practical ways.

The American car owner will co-operate fully in any program laid down by the government. And it is the duty of the government to place in effect a wise and flexible system of rationing and conservation which will permit necessary driving for civilians...

A great variety and volume of limestone, marble, sandstone, granite, basalt and other sedimentary and igneous stones are found in many regions of Texas.

Economic Highlights

National and International Problems Inseparable from Local Welfare

The second front has long been the biggest military question—and it is getting bigger fast. The plain truth is that a serious cleavage is developing between Soviet Russia and the balance of the United Nations.

Wendell Willkie's recent visit to Russia was obviously made for the purpose of finding out just what Soviet military and governmental leaders are thinking. Mr. Willkie had long audiences with Stalin and Molotov, and with a number of high-ranking Russian Army men.

Many times it has been pointed out that payrolls in this country are at their highest peak, and, because of scarcity of many items the surplus must be drained off in taxes if inflation is to be prevented.

A SALUTE TO OUR YOUNGSTERS May they always be free

Crowell has a right to be proud of its youngsters. They're doing their part to see that America wins this war. They're working wholeheartedly in collecting usable war materials and turning those materials into War Bonds and Stamps.

Where Are Those Junk Cars?

If you own an automobile that for any reason has ceased to be transportation, our soldiers in Australia, in England, and on the deserts of North Africa want it. No! They don't want old jalopies for joy riding, but they need tanks and guns, and these can't be made without scrap metal.

The War Production Board wants a record of every old car in Texas that is no longer serving a useful purpose. If you have one yourself or know where one is located, fill in the following form, mail it to this newspaper, and a WPB inspector soon will contact the owner and get the car headed for a junk yard.

Name of Owner Address Location of Car Approximate Age Condition

30 YEARS AGO IN THE NEWS

The items below were taken in whole or in part from the issues of The Foard County News of Oct. 4 and 11, 1912:

Last Monday evening at 3:02 Judge T. W. Staton boarded the north bound train on his way to Gainesville at which place he was married Wednesday evening at 6:30 in the First Baptist Church to Miss Bettie Mae Bailey of that city.

S. Beal Sneed, who is now confined in the Potter County jail, charged with the murder of Al Boyce Jr., the despoiler of his home, has the distinction of having been a student for some time under Woodrow Wilson, was connected with Princeton University, the presidency of which institution Dr. Wilson resigned shortly before he became governor of New Jersey.

According to the latest reports of the Commissioner General of Immigration the United States admitted in 1911, 878,587 immigrant aliens. Out of this number 19,902 made their homes in the Lone Star State, most of whom were Germans who settled in the southern part of the state.

Students of the Crowell public school whose names were placed on the honor roll in their respective grades for the first month ending Oct. 4, follow: First grade, Marie Moore, Verna Harris, Ruby Johnson; second grade, Sid Collins, Audie Moore, Jennie Bell Ray, Herman Nichols, third grade, Forest Burk, Mildred McLarty, Helen Meason, Hubert Gentry.

Frank Meason this week received his commission to be the postmaster of the Crowell postoffice for the term of the next four years. J. A. Wright is the retiring postmaster.

The Adelpian Club met with Mrs. A. Hart Wednesday afternoon, Oct. 2, and after attending to a bit of business, Mrs. Rob Wells took the leader's chair and an interesting lesson ensued. Those on "duty" did well, and especially, did Mrs. Henry prove herself worthy of the subject assigned to her.

Mrs. Clarence Self left for San Angelo Thursday to take in the fair and visit friends.

Jim Bomar and Riley Self spent the first of the week roping broncos on the Bomar Ranch.

Mr. and Mrs. B. F. Robbins of Wichita Falls were here Wednesday and Thursday visiting Mrs. G. G. Crowell and J. G. Witherspoon.

C. E. Griggs left Thursday for Upshur and Titus Counties where he will resume his work, after a few days spent here with his family.

Miss Elizabeth Thrice of Hugo, Okla., was here Wednesday and Thursday visiting Mrs. G. G. Crowell and J. G. Witherspoon.

Mrs. W. B. Carter is here this week from San Angelo visiting her parents.

H. D. Poland came in from Amarillo Tuesday and will make this place his home.

Mrs. J. A. Stovall is spending the week in Paducah visiting her parents, Mr. and Mrs. F. W. Alger.

J. Frank Potts of Serman spent two or three days here this week on business and meeting old friends.

Dr. and Mrs. S. O. Woods are at Amarillo this week attending the Presbytery.

Claude McLaughlin, who is now located at Oklahoma City, spent several days here visiting his parents and friends, returning to Oklahoma City Tuesday.

Henry Kaiser, west coast ship builder, predicts that within a few months his shipyards will be launching 10,000 ton freighter 18 days after keel laying. Kaiser's record to date for ships of this size is 24 days.

Health Officer Gives Warning to Victims of Seasonal Colds

Austin.—With the advent of fall, and colds becoming prevalent, Dr. Geo. W. Cox, State Health Officer, makes the following suggestions as to ways by which these seasonal illnesses may be warded off, or at least may be gotten under control before they do any serious damage.

Keep as fit as possible. Dress according to the weather, indoors and out-of-doors. Put on a heavier suit when a cold snap comes.

Use a raincoat, overshoes and umbrella on rainy days. Change as quickly as possible, into dry clothes if you are caught in a drenching downpour.

With a shortage of fuel facing all of us, our houses are likely to be chillier than usual during the

Texas agricultural income for the first eight months of 1942 is running 74 per cent higher than income from a similar period of 1941, the University of Texas Bureau of Business Research has reported.

The total cash income for this period was \$412,000,000 in 1942 as compared with \$237,000,000 in 1941.

Get your Office Supplies at The News office.

early fall months. Look up your supply of sweaters and have them ready for use on these first chilly days.

Get out some other heavy clothing and warm bed coverings at the same time.

Eat plenty of simple nourishing food. Have your meals at regular hours. Drink plenty of water. Take some exercise out of doors, every day. Get the necessary amount of rest.

If you are caught in the clutches of a cold, unawares, don't treat it lightly. It may turn into something very serious, if neglected.

The quickest way to get over a cold, or, to bring it under control, is to go to bed, keep warm, eat lightly, drink plenty of water and fruit juices, and at the slightest sign of fever, send for your doctor and stay in bed until he feels that it is safe for you to get up and get out again.

And remember, colds are very contagious. Cold-producing germs are scattered far and wide whenever the victim of a cold coughs or sneezes. They are likely to be found on anything the victim touches. If you are the victim, keep your germs to yourself. Have your own towels and wash cloths, your own drinking glass and dishes—and be sure that they are adequately sterilized with hot—very hot—water and soap after you have used them. Keep well supplied with paper handkerchiefs; dispose of them promptly after they have been used.

Pedal, Gwendolyn!

This bike isn't like your sewing machine"

"Why, Edgar! You said let's make two tires do the work of four." "Yeh, but I'm doing all the work. There ain't no 'lectric switch on this thing. You have to pedal it!" "Oh, well, Edgar. You don't mind giving me a free ride, do you?" "Listen, baby. You don't get any free rides any more!" "Oh yeah? Well, I'm getting a free ride on that sewing machine!" "U-u-m-m-ph! Just because it's electric, and you don't have to pedal it, don't think it's FREE. You have to pay for the juice!"

"Sure, Edgar. But we're using two or three times as much now as we used to—for the same money. That's what I call a free ride!" "D'ja ever win an argument with your wife, Edgar? You may persuade her to help pedal the bike. But she's right about the cost of electric service. It's a fact that West Texas homes today are getting two or three times as much electricity for the same money as they did 10 or 15 years ago. Actually, the electric bill of two-thirds of them is a dime a day—or less! Not a free ride... but FREEDOM of enterprise makes this big bargain possible under the American system wherein men are free to plan and create a business that builds and

INVEST IN AMERICA — Buy War Bonds and Stamps!

Wildcats Win—

(Continued from Page 1)

ter. Smith plunged over for the first extra point but fumbled on the second try. Paul Vecera, Kenneth Archer, and Gordon Erwin deserve much credit in the blocking department on both of these drives.

Swearingen, Nocona's ace ball carrier, was out of the Indians' lineup due to illness. Bill Owens, regular left end, was unable to play for Crowell, due to an injured foot, and Albert Bird played only one-half of the game due to an injured ankle.

This was the Wildcats' last practice game before they go into conference play. Holiday will offer the opposition for this first conference game here Friday night.

The starting lineup was as follows:

Table with 3 columns: Name, Position, Nocona Player. Rows include Crowell, Parkhill, Short, Hunter, Archer, Veera, Erwin, White, Smith, Cauthan, Bird, Kelton, Fullback, Crowell reserves: G. Taylor, tackle; J. W. Sollis, center; and Pat McDaniel, halfback.

PREVENT FIRES

College Station, Oct. 5.—The week beginning October 4 is Fire Prevention week throughout the nation. President Roosevelt's proclamation designating the period and purpose, requested people to take active measures to conserve "human and material resources from the destructive toll of fire."

Fire prevention is one of the most effective.

"Don't set fire to the woods in the belief that the cotton boll weevil can be controlled by that drastic practice," says Paul Gregg, assistant entomologist of the A. & M. College Extension Service. He explains that entomologists in Southern states agree that destruction of cotton stalks in the early fall is the best single control of the weevil.

"Burning cotton stalks may cause forest fires and destroy few if any boll weevils," Gregg says. "When cotton stalks become dry enough to burn, the weevils have left the fields because no food is available. Therefore no real good is obtained from the fire. Moreover, fires destroy beneficial insects. Burning woods injure or wipe out food and cover for the birds, the farmers' friends which destroy weevils and many other injurious insects."

AMERICAN ACHIEVEMENT

In some circles, the opinion seems to be held that medical groups have consistently opposed any and all efforts to give the people of the country better health protection, and better treatment when ill. The fact is, as any informed man knows, that the doctors are as eager as anyone to put into effect sound and progressive innovations.

The American hospital system is an example. It is, beyond argument, the best system of its kind on earth. It is designed to give people of small means treatment as good as that given people of large means. Like anything created by humans, it probably has its faults. But, by and large, it has been a great success, and has made tremendous contributions to the health of the nation.

Doctors have, and necessarily, opposed radical schemes for socializing medicine—for making doctors government employees, dependent on political favoritism for their jobs and their incomes.

The American medical system has worked. It has produced health, happiness, and longer life, for millions. It is one of the typically American achievements.

WANTED, SCRAP IRON

Crowell High School has started its new program for collecting scrap materials. In this new program we need the co-operation of every boy and girl in school and on the farms. Each class has taken one precinct and is combing the area for scrap iron. This is one of the most important metals

needed in the defense factories today. The only way we can possibly win this war is for you and you to get in there and co-operate by gathering up all of your scrap materials. The principal ones needed now are iron, steel, rubber, copper, brass, bronze, aluminum, zinc and lead.

One wash pail will provide the amount of scrap ordinarily required to produce the steel needed to make three bayonets.

One old tire will provide the amount of reclaimed rubber ordinarily required to produce twelve gas masks.

One old lawn mower will provide the amount of scrap ordinarily required to produce the steel needed to make six three-inch snails.

One old battery will provide the lead ordinarily required to make three three-inch anti-aircraft guns.

One old copper kettle will provide the copper required to produce eighty-four rounds of ammunition for an automatic rifle.

You citizens of Crowell and students of CHS get behind this movement and help us to do our part toward winning the war.

The war production board says, "To contribute to this great national salvage program is the greatest opportunity for every citizen to back up our soldiers on the firing line."

HOME ECONOMICS II CLASSES

The Home Economics II classes have canned 105 cans of tomatoes. All of these tomatoes came from the gardens just south and west of the high school building. These tomatoes are to supply all of the country lunchrooms. We want to congratulate these girls on their splendid work.

The Home Economics II girls are also collecting recipes on canning tomatoes.

NOCONA VS. CROWELL

What a game! The Nocona Indians didn't know how tough the Crowell Wildcats were until last Friday night. There was one Wildcat who really did give them trouble. That was Arnold Smith. The score was 13-6 in favor of the Wildcats at the end of the game. There was an oil well at the end of Nocona's gridiron. Now don't get excited, not one of the Wildcats fell in the hole.

Football fans, let's get behind the Wildcats and help them beat Holiday Friday night!

High school students, sit with the pep squad and yell for the Wildcats!

THE JUNIOR PICNIC

The Junior Class had a picnic Thursday night, Oct. 1, at the Country Club. Mrs. Favor, Mrs. Johnson and Mrs. Davis served a delicious stew, with punch. When this was finished the members of the class toasted marshmallows. We had a grand time.

JUNIOR RUMMAGE SALE

The Juniors had a rummage sale last Saturday on the street south of the Ice Cream Store. They sold \$16.70 worth of rummage and intend to have another sale next Saturday. Remember the Junior Class is to give a very important banquet this year. It will take well over a hundred dollars to give a good one. We Juniors are glad to get the \$16.70 but we will hope to make a sale of over thirty dollars next Saturday.

nis is beneficial to the health of the students as well as being a wonderful sport.

Yours truly,
A Student.

IF ONLY THE BELL WOULD RING

(Theme by Freshman Student)
I did not have my poem memorized. I was next. What was I going to do? If only the bell would ring. The speaker now saying his poem was nearing the end. What excuse could I give? Oh! The speaker has finished, and the teacher was writing down his grade. She hesitated. She began criticizing the way he stood and the way he said his poem. The teacher called my name. I started forward to do the best I could. The bell—it saved my life.

By Mildred Briscoe.

THE TRANSMO PEEKER

Hi Ya Kids Here we are again with some good, red hot scandal! Everyone grab a hold of something solid, "cause here we go! "Gee whiz," said Myrtle, "these Truseott kids sure have it bad." For example, Warren Haynie and Lynette Chowning.

Will someone please tell me if John Carter has a crush on Betty Johnson or not? Anyway, they always say action speaks louder than words, so-o-o-o!

It seems that Mrs. Sloan, Miss Hill, Mrs. Brown and Miss Ferguson were a little bit late getting home Sunday night from Fort Worth. The reasons? Well, (1) Miss Ferguson had a date, and she stayed out forty minutes late, and (2) Miss Sloan was driving home and she got off on the wrong road. What were you looking at, Mrs. Sloan?

Still no low-down on Miss Ferguson's pilot. Give us a break, Miss Ferguson!

It seems that all of the girls in High School are "running around like chickens with their heads cut off." Could the reason be that cute, blonde Senior boy by the name of Weldon Young? We think it could!

A few couples seen around town

after the Junior stew last Thursday night are as follows: Monty Balcom and Jane Roark, Ann Favor and Raymond Hord, and Bill Bruce and Betty Johnson. What's the matter, Booty, are you slipping?

The Transom Peepers saw Kenneth Archer "previewing" with Helen Callaway last Sunday morning. Also, Arnold Smith was with—guess who! How did you know?

Could there be anything between Betty Owens and Lee J. Stout? We wonder!

HOME EC. III CLASS BOMBS TOKYO

The Home Ec. III Class bombed Tokyo Wednesday morning by buying \$20.00 worth of defense stamps.

Officers for the year were elected. Wanda Evans, president, and Jean Scales, secretary-treasurer (Stamp Buyer). Program committee for the first week is: Ann Archer, Naomi Teal and Laverne Archer. The theme is to be "My Place in the War."

The Stamp buying was a hundred per cent this week, and we hope to keep it that way all school term.

THE TOKYO EXPRESS CLUB

The Bookkeeping Class met Wednesday morning to organize their club which they named "The Tokyo Express Club." The club will carry out the program of buying war stamps, and collecting scrap metal. A patriotic program will be held each Wednesday morning. The officers are as follows: Wanda Ketchersid, president; Bill Owens, vice president; Ruth Diggs, secretary-treasurer; Gaylon Parris, La Verne Smith and Rita Callaway, program committee; Betty Zeibig, reporter. A dollar and seventy-five cents worth of stamps were bought the first week.

THE LIBRARY

"Read'n, writ'n, and 'rithmetic"—but mostly "read'n". As you all know, Crowell High School has

a "swell" library of which we are all very proud. For the coming year Miss Motley will be the sponsor. Every year the library receives new books, but this year we will be given, other than new books, several of the best-selling magazines. Please be careful with the library books and magazines for someone, other than yourself, may like to read, too! Everyone can read and it's all free! Read 'em, then you will know what's going on in the world. (Sez who?)

WHAT OUR SENIORS OF LAST YEAR ARE DOING

Three of our well known seniors of last year are attending Texas A. & M. this year. They are, J. T. Hughston, Richard Carroll and Shorty Roark.

Also, three of our ex-senior girls are attending T. S. C. W. They are, Margaret Claire Shirley, who is majoring in business administration; Joyzelle Tysinger, who has a double major in Home Economics, and Lealys Gilliam, who is majoring in music.

FADS AND FASHIONS

Last year the girl with long hair falling on her shoulders rated all the whistles, but this year it's the girl with the Victory Bob, who is the center of attraction.

Long-waisted dresses and saddle oxfords have been definitely "okayed" by the Crowell High School girls.

Velvet hair ribbons were first worn by Margaret Davis, while Jean Scales showed CHS how attractive ankle bracelets really are.

Patriotic jewelry, large rings, and ear screws are being worn this year by everyone.

De Alva Thomas has been wearing initialed socks which shows us that the "Fish" have their own ideas about fashions, too.

JOKES

Doctor: I can't find any cause for your trouble. I think it must be due to drinking.

Patient: Well, maybe I'd better come back some time when you

are sober.
Everyone seems to like the theme song these days: "The medical profession? Here's a few of them:
1. "You take the Thyroid"
2. "Glory, Glory, Hallelujah"
3. "Symptoms, I'm Happy"
4. "Liver Stay Way from Door"
5. "On a Bifocal Bitch Two."
6. "Monkey Gland, My My Gland."
7. "Paresis in the Spring"
8. "Cankers Away."
9. "Bunion Up Your Coat."
10. "Yes Sir, Asthma is a Bitch."
Well we might as well give the doctor's favorite books a try:
1. "For Whom the Bell Tolls"
2. "Getting Gerie's Grog"
3. "Gout of the Night"
4. "The Sneezest War"
Annie says she has a new song: "In the Shape of Old Apple Tree."
And there was the girl who was disappointed because she thought he had a date with a WAAC but turned up with a cold WAVE instead.
The film, "The Rains Came" opened in New York to an announcement of the heaviest rain in months. Amazing fellow press agents.
A question on the physical examination was: "How many obtain a good posture?"
Joe Ketchersid replied, "I would keep the cows off of it and grow a while."
Father: Son, you use a noodle.
Dan: Where is my noodle? I pulled or pushed everything out of my car.
Bill Bruce: Has Mary got my job?
Jean Scales: No, but she's working hard.

VETERANS — You men who fought the last war — make this your job. To see that no American boy shall fall because a lack of scrap deprived him of a fighting chance.

SCRAP SLACKERS CAN LOSE THIS WAR!

It's squarely up to you. The mills need scrap to make the steel to go across the sea as ships, and tanks, and guns. They need it now—and in the months to come. For all new steel must be 50% scrap—and the mills are running out. They haven't enough for even 30 days more production—then they'll be shutting down.

Unless you get to work. Unless you go into your basement and your attic and rout out the junk that's there. Talk about it to your friends and neighbors—you men who know what war is like. Tell them... "Don't be a scrap slacker. Get your scrap ready for the drive that starts next Monday! Then get to work and help them do it."

Watch this paper for details of the big scrap drive and what you must do to help NEWSPAPERS' UNITED SCRAP METAL DRIVE This space contributed by The Foard County News

WEEK of the WAR

Administrator Jeffers, in two important recommendations of the Baruch Rubber Commission, directed the Office of Transportation to limit speeds to 35 miles an hour in the Office of Price Administration to prepare to ration throughout the nation on the basis that it is now rationing in the East.

The War Front
MacArthur's Headquarters in Manila reported September 27, 1941, through the U. S. Army Flying Fort and probably sank a merchantman in an enemy base at the fourth straight attack by the fortresses.

War Production
The War Production Commission Chairman Nelson, in a progress report to President Roosevelt, said that September 27, 1941, through the month of deliveries of completed goods will total 488, aggregating 5,450,000 deadweight.

War Production Chairman Nelson said "Right now approximately 40 per cent of our entire production is going for war. By the middle of next year that proportion has got to be around 60 per cent."

Transportation
WPB Chairman Nelson directed the Office of Defense Transportation to set up a priorities system governing movements and use of all tank cars, with priorities to be given, first, to shipments of materials for the Army, Navy, Maritime Commission and the Lend-Lease Administration; second, to 390 specifically listed chemicals, foods and other essential products; and third, to petroleum and petroleum products into the Eastern shortage area.

Food Requirements
Agriculture Secretary Wickard said that unless the nation acts promptly and with energy "our food situation will become serious."

A REMARKABLE RECORD
Figures have just been released by the National Board of Fire Underwriters showing that the total estimated fire loss for the first eight months of this year was \$211,172,000, as compared with \$211,773,000 for the same period last year.

There's No Place Like a Second Home

AT CROSS PURPOSES

Another world war is being fought by practically all nationalities. This war is between countries which believe in certain liberties for the individual, and countries which do not believe in such liberties.

While this war is being waged, an economic and political revolution is going on within our own country between those who believe in government ownership and operation of productive resources.

Bureaus within our government, completely dissociated from the war effort, are methodically doing things to discourage investments in private industry, and are constantly forcing private industry out of existence with government subsidized projects.

Weekly Sermon
By the Rev. Warren Filkin, Ph. D. Member of Faculty, Moody Bible Institute, Chicago.

A Good Witness
A good witness must know something, must say something, and must be something. This is true of a witness in a civil court of law, and it is also true of a good witness for the Lord Jesus Christ.

Here in Chicago a case was recently tried with a young man named Borelli as the chief witness for the prosecution.

Without saying whether or not Borelli did right or wrong, let me say that there are many calling themselves Christians who refuse to say a word in behalf of their Lord. They claim to know Jesus Christ as their own personal Saviour.

J. H. Carter Family Enjoys Re-Union

Mr. and Mrs. J. H. Carter entertained all their children at a family reunion at their home over the week-end. Some of them and their families have returned to their homes, while some are staying for a longer visit.

Those attending were the parents, Mr. and Mrs. Carter; Staff Sgt. Lorraine Carter of Fort Knox, Ky.; Mr. and Mrs. A. F. Wright of Paducah; Mr. and Mrs. R. H. Emery of Amarillo; Mr. and Mrs. R. R. Jones and little daughter, Shilene, of Camden, Ark.; Mr. and Mrs. Jim Hinds Carter of Mojave, Calif.; Miss Mary Ennis Carter of Dallas; Miss Claudia Carter of San Angelo; and Mr. and Mrs. John Carter and children, John Calvin and Rondelle; Miss Cora Carter and Ted Carter of Crowell. Mr. and Mrs. Jim Carroll Jr., grandchildren, of Hamlin, also attended.

B. & P. W. CLUB

The Business and Professional Women's Club met Thursday evening, Oct. 1, 1942, at O'Connell's for its regular business meeting and program.

The District One Conference which was to be held in Quamiah Oct. 17 and 18, has been cancelled.

The National Federation of Business and Professional Women's Clubs has selected for its 1942-43 Study a "War Program." The Legislation committee was in charge of the program, "Battle of Ideas" with Maymie Lee Collins as leader, her subject being "Rumors (Made in Germany)." Gusta Davis discussed "Contributions to Our Common Cause," and Mae Solomon, "Divide and Conquer."

COLUMBIAN CLUB

"The Land Down Under" featuring Australia and the islands of New Zealand and the subject discussed at the Columbian Club meeting on September 30, at the home of Mrs. Grady Halbert.

Following roll call, Mrs. Hines Clark, acting as leader in lieu of Mrs. T. B. Klepper, told of "Life in Dauntless Australia." With a population far exceeding that of New York City, Australia is approximately the size of the United States, but the barren central and northwestern portions of the country necessitate the centralization of population in the southeastern coastal region. The town of Darwin so well-known from its recent news interest, was described and discussed as to its naval and defense importance.

"An Anzac is first a man in the truest sense of the word," said Mrs. Halbert, calling attention to the above-average height of the fighting men from Australia and New Zealand. These warriors got their name from the initials of the Australian and New Zealand Army Corps. Grandsons of pioneers, their indomitable spirit reflects the fighting instincts of their forefathers. An Anzac lives the constitution of the U. S. That is what makes him a liberty loving (adventure)-seeking, fighting Anzac.

Mrs. Jno. Ray carried the group on an imaginary trip, based on actual experiences, to New Zealand. In 1909, a sister of Mrs. Ray and his brother-in-law, one time residents of Foard County, sailed to New Zealand; and it was the story of their trip and experiences as New Zealanders, which Mrs. Ray told. Newspapers and magazines printed in the islands were exhibited and inspected, creating much comment on the sequence of sailing lists, advertisements, and news, "small talk," and with headline reading matter on last pages. Pictures taken of the McDonald family were passed around and Mrs. Ray made everyone feel that she had actually taken a trip.

At this meeting, Miss Elizabeth Elliott, Foard County Home Demonstration Agent, was welcomed into the club's membership. Mrs. J. N. Banks and Mrs. E. V. Halbert were guests.

A book review will be the feature of the October meeting, with Mrs. A. E. McLaughlin as hostess.

BAPTIST W. M. U.

The missionary society of the Baptist Church met Monday afternoon, Oct. 5, in the home of Mrs. W. B. Fitzgerald, in a business meeting.

Mrs. Fred Wehba gave a beautiful devotional on "Let Your Light Shine." After reports of the outgoing chairmen were given, the new officers were installed by Mrs. W. D. Howell, who gave a scriptural installation, reading 2 Timothy 2:12. She urged the use of the year books and that the women know each other and the local needs.

The following are the new officers: Mrs. W. B. Fitzgerald, president; Mrs. Joe Smith, vice president; Mrs. Doyle Callaway, secretary; Mrs. C. C. McLaughlin, treasurer; Mrs. H. R. Zeibig, pianist and the chairmen of the standing committees are as follows: Mrs. A. E. McLaughlin, mission study; Mrs. A. E. Barker, missions; Mrs. R. L. Taylor, benevolence; Mrs. Roy Archer, periodicals; Mrs. Jno. Nichols, young people; Mrs. Roy Owenby, education; Mrs. Frank Moore, community service and Mrs. Jim Long, Bible.

Oct. 22 is the day to send chickens to the Baptist Orphans Home. If there are those who have chickens they desire to send, they should send them to Mrs. R. L. Taylor.

SAFETY SLOGANS

Casualties to the U. S. armed forces since Pearl Harbor have been 4,801 dead, 3,218 wounded and 36,124 missing—a total of 44,143. The American accident toll since Pearl Harbor has been 60,000 and approximately 5,500,000 wounded. Casualties on the battle front cannot be avoided, but in the ranks of civilians many accidents can be prevented. They are the price of carelessness.

Lignite, of which Texas produces an appreciable quantity, is found in a broad band stretching across Texas approximately from Laredo on the Rio Grande to Texarkana on the northeastern border.

ADELPHIAN CLUB

The Adelphian Club met Wednesday afternoon, September 13, at the club house with Mrs. T. N. Bell as hostess.

A very interesting program on Venezuela was given by Mesdames L. E. Archer, Verne Walden and J. E. Stover, with Mrs. Archer as program leader.

Mrs. Walden presented "By Highway from Caracas to Bogota." Mrs. Stover presented "Pan American Highways." In her discussion, she pointed out what countries had helped and what they had done in the program to establish an Inter-American highway. "Transportation and Communication" was given by the leader.

The hostess served a salad course at the close of the meeting. Lovely dahlias served as decorations throughout the newly decorated club house.

PROCLAMATION

By the Governor of the State of Texas

To All To Whom These Presents Shall Come:

Whereas, business women throughout the country will be observing the anniversary of National Business Women's Week this October; and

Whereas, it is appropriate to commend business women for the manner in which they are daily assuming the increased duties and responsibilities caused by the lack of manpower on our home front; and

Whereas, the business woman should be encouraged and urged to continue in their efforts to the end that through the united service of men and women the problems of Democracy may be solved; and

Whereas, business women throughout the nation have adopted for study and action this year the theme "Women's Work in the War" and are striving to make valuable contribution to our country's effort for Victory;

Now, Therefore, I, Coke Stevenson, Governor of the State of Texas, hereby set aside and proclaim the week of October 11-17, 1942, as Business Women's Week in Texas.

In testimony whereof, I have hereunto signed my name officially and caused the Seal of State to be affixed hereto at Austin, this 17th day of September, A. D., 1942.

(Signed) Coke R. Stevenson,
Governor of Texas.
Wm. J. Lawson,
Secretary of State.

LIBRARY NEWS

The Foard County Federation Library is now open to the public and ready for use for fall reading and enjoyment.

"The Raft," by Robert Trumbull, had recently been added to the library. The book was written in the early part of 1942 and narrates the lives of three Navy fliers who fought the sea for 34 days, while they drifted in a rubber raft, without food, equipment and, for some time, without clothes, yet survived to land, weak and weary, on a strange shore.

The library will appreciate the return of all books which were out at the time of the storm. If it is impossible to return them, those who have them are asked to mail them to the library immediately.

The library is for the benefit and pleasure of the people and everyone is asked to avail themselves of the opportunity to use it.

HOUSEHOLD HINTS

Sodium fluoride is effective for controlling cockroaches.

Before adding egg yolks to a cooked mixture, beat the yolk with a fork and combine with a small amount of the mixture, then add the rest.

When hanging pictures, place a thumb tack in each corner of the back of the frame to keep it away from the wall. This tends to prevent the dark streaks that usually form around the wall area covered by pictures.

Building activity in Texas continued to decline during August, the University of Texas Bureau of Business Research, has announced, with value of August, 1942, building permits being 72.8 per cent lower than those for August, 1941.

'Lex' Volunteers

The three Nary brothers, of Wilmington, Mass., who opened the "We Are Lexington Volunteers" recruiting campaign for the new carrier, Lexington, just launched. They are shown examining pictures of the old Lexington going down in the Coral Sea.

Texas Commodity Rolls Cut 49 Per Cent During 1042

Austin, Oct. 1.—Texas commodity rolls have been cut over 49 per cent this year, J. S. Murchison, executive director, State Department of Public Welfare, announced today. During August, 1941, 165,201 families in Texas received commodities as compared with 53,478 families receiving the benefits of the program during August, 1942.

Murchison pointed out this drastic cut can be attributed to persons finding work on Texas farms and in defense industries. Commodity rolls are now mainly confined to families who are unable to secure employment because of physical handicaps.

Food purchased by the United States Department of Agriculture under its price stabilization program is at the state. This food is distributed through two outlets: the commodity distribution program and the community school lunch program. Both programs are operated by the state as one unit.

During March 5,100 schools participated in the community school lunch program in Texas serving over 359,000 school children. Federal and state officials are expanding the program so it will be possible to serve every undernourished school child nutritious noon-day meals by the end of this school term.

"Texas farmers are doing a magnificent production job under the 'Food for Freedom' campaign. Production goals this year will reach a new high. The community distribution programs are part of our Government's all out food requirements program. These programs assure the government and Texas farmers a steady and continuous outlet for this record food crop. In total war it would be criminal to waste precious food; the school lunch and commodity distribution programs see that no food is wasted," Murchison explained.

RAYLAND

(By Mrs. Jack Lassiter)

Mr. and Mrs. Jim Dunn and son, Robert, of Thalia visited relatives here Wednesday of last week. Robert is home on a ten-day furlough from the Army.

Mrs. J. A. Gaines and children and Mrs. T. A. Gaines of Prairie View visited Mrs. T. C. Davis last Monday.

Mr. and Mrs. Jess Crank and daughter, of Flatview, visited friends here last week.

Mr. and Mrs. Bill Lewellen of Snyder, spent last week-end with her father, who is ill. Sid Colclaser accompanied them home to visit his brother there.

Mrs. J. Lassiter of Oklahoma City and Mrs. Bill Phillips and son, James Carroll of Ardmore, Okla., came Sunday for a visit with their father, J. C. Davis. Mrs. Lassiter's husband is in the Navy and stationed at Norfolk, Va.

Carl Davis has returned to his home from Margaret.

Mr. and Mrs. Ray Hoffman spent Sunday of last week in Farmers Valley.

Cadets' Sweetheart

Randolph Field cadets, in selecting their sweetheart of the year, turned to girls working at Downey plant which builds their training planes. Here is the "sweetheart of Randolph Field." Miss Lillian Chambers, shown at her war job, canning a shears machine.

LOCATES AT CHILDRESS

Chief Petty Officer, Jack H. Cravens, has, this week, taken charge of the United States Navy Recruiting Station in Childress. Chief Cravens will be in that office any week day, to furnish information and to accept applications for enlistments in any of Classes of the Navy, including the Construction Regiments. Chief Cravens stated Tuesday, "There is a job in the Navy for every man, physically qualified, between the ages of seventeen and fifty years. Jobs that must be done."

The first Austin woman to be commissioned as an ensign in the WAVES—women's naval auxiliary—was Mrs. Gladys Whitley Henderson director of the Texas Union, student recreation center at the University of Texas.

Community School Lunch Programs Aid Undernourishment

Foard County is helping to wipe out the evil of malnutrition through its Community School Lunch Programs which are now getting under way, David G. Guthrie Jr., Area Supervisor, Agricultural Marketing Administration, said this week.

Sponsors of the programs have expressed a determination this year to surpass their record of last year when some 203 school children were reached through School Lunch Programs operating in four schools in the county. "The Agricultural Marketing Administration assures sponsors steady supplies of evaporated milk, one or more dried fruits, wheat cereal, wheat flour and edible beans for school lunches this year," Guthrie said. "Additional supplies of one or more products, potatoes and fresh fruits and vegetables, as well as a number of processed commodities also will be available from time to time.

Records show over 9 million American children are suffering from undernourishment. The number will rise as the war on unless something is done. Agricultural Marketing Administration is ready to furnish basic foods for lunches for one of these malnourished children. It is up to local sponsors to see that the lunches are prepared and served, Guthrie pointed out.
