Johnson, here last week-end. Warrant Officer and Mrs. J. D. Bryson and son, Dominic, of Dallas visited his sister, Mrs. E. S. Fleisher, and family here recently. Funeral services for C. V. McCary, 87 years old, of Littlefield, were held at the Thalia Baptist Church at 1 o'clock Thursday afternoon. He is survived by his five sons and one daughter, all of whom were present for the funeral. They follow: Henry and son of Gainesville, John and wife of Olney; Sherman and family of Pampa; Roy and family of Chickasha, Okla. Pall bearers were E. M. Gamble, Sim Gamble, Will Johnson, H. W. Gray, H. Campbell and George Spears. Interment was in the Thalia cemetery by the side of his wife who died in 1926.

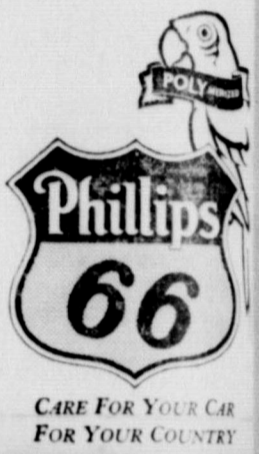

FOR SALE RUBBER 1c a pound You come get it at Singapore

The world price of rubber

was 22 1/2 cents a pound before the treacherous Japs seized the East Indies and obtained control of the rich rubber supplies of the Far East. Today they are offering the rubber for 5 1/2 of a cent to 1 cent a pound... with no takers, even by Nippon's Axis partners, because the United Nations blockade has cut off shipping from Singapore. As an American whose driving has been coupon-rationed... because of lack of gasoline... but by a serious shortage of rubber... be thankful for the blockade which has made the Jap bargain sale of rubber a flop. Be thankful too that there is no U.S. blockade on research. Long before the war, the Phillips research laboratories, always engaged in seeking new and better things from

petroleum, was learning the secrets of synthetic rubber and 100 octane aviation motor fuel. This knowledge and Phillips great resources of raw materials are now teamed in the war effort. Our part in winning the war is to expand enormously the production of synthetic rubber and 100 octane aviation motor fuel. Your part is to reduce driving and thus conserve rubber, until midsummer 1944... the date on which Rubber Director William H. Jeffers predicts that with your help... the American people will be over the hump of the rubber problem. When victory comes, when you can again PHILL-UP with PHILLIPS to your heart's content, we confidently promise you that today's concentration on petroleum research will bring you almost undreamed of improvement in Phillips 66 Gasoline.

"Let the words of my mouth and the meditations of my heart be acceptable in Thy sight, Oh, Lord, my Strength and My Redeemer." A. C. Hamilton Jr., Pastor.
Christian Science Services "Are Sin, Disease and Death Real?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 11. The Golden Text is: "God be merciful unto us, and bless us; and cause his face to shine upon us; that thy way may be known upon earth, thy saving health among all nations" (Psalms 67:1, 2). Among the citations which com-

prise the Lesson-Sermon is the following from the Bible: "And ye shall serve the Lord your God, and he shall bless thy bread, and thy water; and I will take sickness away from the midst of thee" (Exodus 23:25). The Lesson-Sermon also includes the following passage from the Christian Science text: "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Sickness, sin and death being inharmonious, do not exist in God nor belong to His government. His law, rightly understood, destroys them" (p. 472).

FOARD COUNTY

RUTH MARTS, COUNTY TREASURER

RECEIPTS and DISBURSEMENTS, JAN. 1, 1942, TO DEC. 31, 1942

Table with columns: FUND, Balances, Receipts, Transfers, Totals, Disbursements, Transfers, Totals, Balance. Rows include items like Jury, Road and Bridge, General, etc.

As can be ascertained from the foregoing schedule, the financial status of the county has improved quite extensively in that as of January 1, 1942, there was on hand total cash balances of \$40,127.84 while on December 31, 1942, cash balances totaled \$57,825.26, an increase of more than \$17,500.00 which is within itself unusual and your County Judge, Commissioners' Court and various officers of the county are to be commended most highly upon the efficient and economical manner in which the business of the county has been administered.

Another noteworthy comment to be made is that with reference to the repair and modernization of your county courthouse; it is to be noted that this job was completed for a lesser amount than the insurance carried on such building, a balance as shown by this report remaining in such fund of \$403.47.

Two years ago your General fund was in a very poor financial condition, however, it is to be noted that at this time your General Fund is in excellent shape and capable of taking care of the necessary withdrawals and payments therefrom; this indicated foresight and vision on the part of your County Judge and Commissioners' Court.

I find all records and accounts of all offices in excellent condition and assure you that it is, indeed, a pleasure to audit the books of your county when your business is administered in such commendable fashion.

BARTON AUDIT COMPANY, By C. A. Niemier, Auditor.

FOARD CITY

(Mrs. Luther Marlow)

John Johnson and son, John Wilford, of Plainview, and Mrs. Allie Wisdom of Floydada visited Mrs. Laura Johnson and other relatives Monday and Tuesday.

Walter Lewellen of Vernon spent the week-end with his brothers, Bill, Levi and Rufus, and sister, Mrs. Sid Colclazer.

Mrs. Lewis Mansel, Mrs. Buck Clark and Mrs. W. A. Daniels were visitors in Vernon Monday.

THEY SEE ALIKE

The medical profession is not opposed to health programs that do not embody ultimate elimination of private medical practice.

For example, government-subsidized co-operatives can give the consumer goods "at cost." Temporarily the consumer appears to benefit. Actually, he loses, because his neighbor is inevitably forced out of business—the stimulant of competition disappears, quality drops, and economic independence gives way to utter dependence on a monopolistic provider, government.

Housewives should insist on a fortified product when buying margarine. University of Texas home economists urge. When fortified with 9,000 international units per pound of vitamin A—margarine has fully the equivalent of energy value that butter possesses, they explain, but it is lacking in this vitamin unless fortified.

Bricklayers: Is your social security account card protected from wear and tear—or more important, from loss?

Long-Lasting protection... thanks to "Regulated Penetration"

Weld-Tite Primer gives new life to Exterior Paints. That's because it controls, regulates, the oil penetration. Instead of soaking into the surface, the oil remains in the primer and in the paint... keeps the paint film tough, elastic, resistant to heat, cold, moisture.

Invariably, exterior surfaces are more porous in some spots than in others. Weld-Tite seals the entire surface evenly, provides an ideal base for a finishing coat of Quality House Paint—its MINNESOTA buddy.

Only TWO COATS gives real protection... and that's real economy!

What You Buy With WAR BONDS

It's not a pleasant picture to contemplate, but War calls for "blood and sweat and tears." And the Army Medical Corps, with its efficient nurses and its volunteer Red Cross "Angels of Mercy," needs thousands of surgical beds for field and base hospitals on every front.

These beds cost approximately \$22 each. They are the latest thing in modern hospital beds, with elevating springs. In some instances surgical cots are used in temporary field hospitals and there is a folding bed which may be used in ambulances. Your purchase of War Bonds and Stamps can buy many of these beds for the Army. You'll sleep better if you know our boys have every hospital comfort. Buy War Bonds every pay day. Invest ten percent of your income.

Crowell, Texas, April 8, 1942

NATIONAL EDITORIAL ASSOCIATION

Therefore, my beloved brethren, be ye steadfast, unmovable, always abounding in the work of the Lord...

Just for fun, check up on the next bushel of wheat you buy. There are 556,000 seeds in a bushel.

A good many people use the word "Service" glibly who don't begin to know what the word means.

A local man refers to his wife's spring house cleaning ordeal as the "spring offensive."

No one is less kind, no one is less just, no one is less honest than the malicious gossip.

A wife is a great comfort to her husband during the distressing times a bachelor never has.

HISTORY

Arbor Day—April 22: The beginning of the observance of Arbor Day as a time for planting trees was on April 10, 1872, in Nebraska. It had its beginning in a resolution adopted by the Nebraska State Board of Agriculture introduced by J. Sterling Morton...

KEEPING THE HOME FIRES BURNING.

earlier and the Northern states later because of varying time of planting weather.

30 YEARS AGO IN THE NEWS

Items below were taken in whole or in part from the issue of The News of April 11, 1913:

What We Think (By Frank Dixon)

At the moment on the home front the country is faced with a number of the biggest problems that the nation has been called upon to cope with at one time.

Nothing could be more critical than a food shortage. Food is necessary to maintain the whole machine, both at home and in the field, at its highest pitch.

The reason given for the shortage of food is that many farmers have been drawn into the armed forces and into defense industry. The result is going to be that even with weather conditions as favorable as they were last year there is going to be a let down in food production this year.

I do not desire to appear in the light of an alarmist but I feel that food production this year is going to be less than many realize. True there are the same number of farms in operation but most of these have been stripped of manpower and the physical limitations of the available manpower are going to result in a lowered production.

I believe that more emphasis should be put on the necessity of doing the impossible this year in the matter of food production.

I believe that a campaign of education should be under way now to influence young people in high schools and colleges through the nation to immediately upon the close of school find a place where they can be of some help in this battle of food production at home.

I think that young men and young women in every community will be glad to give this service to their country. They will welcome an opportunity to do something useful and helpful and necessary in the war program.

Not only the young men and young women in high schools and colleges should be appealed to but every able bodied man and woman who can be spared in the community should enlist in this army at home.

In addition to the aid this will give in the food production program, I believe it will mean more to the men and women and young men and young women who lend a hand. They will come to the realization that they too have a part in this struggle for freedom.

Muscular co-ordination between hands and eyes is one of the prime requisites of a good bombardier, according to flight surgeon at Midland, Texas, AAF Bombardier School.

TOWN and FARM IN WARTIME

A weekly news digest prepared by the Rural Press Section, OWI News Bureau.

Men Over 38 Will Not Be Discharged

The War Department on March 31 stopped the discharging of men over 38 years old. Hereafter, such individuals will be transferred to an inactive status in the enlisted reserve corps...

Wives of Service Men to Get Maternity Care

Maternity care for wives of service men and care for their infants will be available shortly for those who apply to State Health Departments...

Maximum Prices for Meats

Maximum prices for all retail cuts of pork went into effect throughout the United States April 1, and the OPA will issue, in the immediate future, similar schedules of maximum retail prices for beef, lamb, mutton and veal.

Tires and Farm Equipment

Tire dealers or persons selling or servicing farm equipment are now entitled to keep on hand a maximum of six rear-wheel tractor tires.

Gas for School Buses

School bus operators who did not receive revised Certificates of War Necessity before April 1 may obtain supplemental gasoline allowances if necessary.

Examinations for Tuberculosis

Since the outbreak of war, the U. S. Public Health Service has given X-ray examinations for tuberculosis to nearly a quarter of a million people.

Relief for Battery Shortage

Some relief is anticipated in the current farm radio battery shortage, the WPB has announced. Lack of batteries has been acute in those farm areas where radio reception depends solely on battery sets.

More Ice Boxes

About 400,000 household refrigerators, 148,847 electric and gas-operated and the rest "ice boxes," will be available to the general public this spring.

Legal Help for Soldiers

Free legal assistance will be available for all military personnel under a plan sponsored jointly by the American Bar Association and the War Department.

Advance Payment of Points

Payment of points "in advance" for home deliveries of butter and cheese by dairymen or salesmen operating mobile conveyances over a regular delivery route has been authorized by OPA.

Ceilings on Veal

Maximum prices have been established for veal at packer and wholesale levels in all parts of the country as the government continues its nation-wide campaign to protect housewives against excessive prices and black markets.

Food Distribution Discontinued

Hotel Hardwick under a 2-year lease. It is the largest and best hotel of that section, handsomely furnished, and already the new owners have made it better than it was before.

Hughston Insurance Agency

Phone 238 Crowell, Texas

state welfare department to local communities for use in school lunch programs is being discontinued on April 30.

Reclassification of Manpower

The Bureau of Selective Service of the War Manpower Commission began on April 1 to reclassify registrants in certain activities and occupations designated on February 2 as "non-deferred" regardless of dependents.

2,000 Sacks of Army Mail Lost

Through enemy action more than two thousand sacks of U. S. mails carried on United Nations ships and destined for American soldiers overseas in recent weeks have been lost.

Ceilings on Used Vehicles

Used commercial motor vehicles have been brought under price control by OPA. By establishing ceilings at a percentage of the value of the vehicle when new, the new regulation is expected to halt the activities of speculators which have resulted in some instances in prices that are 200 per cent or more over the normal value of the used truck.

Farm Trailer Shortage

An increasing shortage of trailers to handle farm produce is reported by the truck trailer industry advisory committee. The need for trucking facilities to transport farm products is now pressing in some sections of the country and will increase with the coming of warm weather and harvesting.

Price on Baked Goods

Housewives who buy pastries, doughnuts, pies, cakes and sweet yeast raised goods from producers who sell direct to ultimate consumers may expect to see a printed retail ceiling price on the wrappers. The price is now required to be printed on the package or wrapper.

More New Cars

A quota of 38,000 new passenger automobiles was set by the OPA for rationing in April. By states, the quotas include 2,690 for Texas, 650 for Oklahoma and 578 for Louisiana.

Increased in Bicycle Quota

A quota of 88,200 new bicycles for rationing in April was announced by OPA.

Textiles "Essential"

An order establishing textile yarn and fabric as "essential" for military and civilian needs and classifying important positions in cotton, wool and rayon plants as

Transportation Rumors

Rumors now circulating to the effect that the Office of Defense Transportation intends to give priorities to civilian train and bus travel are completely and categorically false.

More Can Openers

Production of can openers for civilian purposes will be more than twice as much as previously allowed. The quota, previously held to 85 per cent of the production rate, has been increased to 100 per cent, not including military requirements.

Reduced Vehicle Speeds

State support of the 35-mile wide reduced motor vehicle speed limit on rural roads, fifty-three per cent of all cars still travel in excess of 35 miles per hour; nine per cent were exceeding the limit at about a year ago.

The Circus Is Coming

The ODT has issued a permit authorizing railroad transport the employees and property of circuses, carnivals, and similar shows in railway cars or leased by the circus or carnival companies.

TRAGIC COMEDY

If the people of this country really wanted to control inflation they could do so.

The country is faced with prices. Why? Read the headlines in the newspapers of a day. A million and a half railway workers demand wage increases. Hundred thousands of coal miners demand additional wage increases.

PLAN YOUR CROPS TO FIT THE NEEDS OF THE NATION

How can you best help with National Defense? Not all of us can carry a gun or fly a plane, but we can serve our country by growing those foods needed to feed the army and the nation.

This year, more than ever before care thought should be given to the planting of crops that will do the country the most good.

Extra effort to give these crops attention they need them should also be given. In this, our time of war, none of us should lose an opportunity to serve as best we can the resources of the country, farm crops being one of the most important.

A WEEK of the WAR

The German Afrika Korps, retreating up the Tunisian coast toward the Tunis-Bizerte triangle, has been playing a series of delaying actions. Having made a safe exit through the Gabes bottleneck before the American and British armies could effect a junction, Rommel last week turned to make a stand at prepared positions north of Oudref. Attacking Allied forces found their advance hindered by mine fields laid to cover the Axis retreat.

According to OWI Director Elmer Davis, Rommel's withdrawal from the Mareth Line was made under cover of a sandstorm, which saved Rommel from the devastating air pounding the Allies had been prepared to inflict on him and allowed him to get out with most of his material intact. As a consequence, the Afrika Korps will now be in a position to fight a good delaying action, Mr. Davis said, and the more delaying actions it can fight, the longer it will postpone "the eventful invasion of Europe."

Reports of Axis losses so far are incomplete, but Secretary of War Stimson said the Axis has lost large numbers of Germans and Italians killed, several thousands made prisoners, and large quantities of guns, tanks and vehicles. He said that several American divisions are on this front, to take part in the expulsion of the Axis from North Africa, and predicted that before the final phase of the campaign is over there will probably be a great deal of fighting.

Eighth Army Success

The Allied success at the Mareth line—forcing Rommel to abandon his defense system and flee to the north—was attributed, by both Director Davis and Secretary Stimson, to the leadership of General Sir B. J. Montgomery and the skill of the British Eighth Army. Mr. Stimson explained that what forced the Axis retreat was the Eighth Army strategy of sending a flanking force to the rear of Rommel's troops, but said that co-ordinated operations of American and French troops in Central Tunisia and the British First Army in the north, plus the able support of American and British fliers, contributed substantially to the Eighth Army's success.

All week Allied Air Forces have been harassing the retreating enemy columns, and a cordon of British and French ground troops continues to press the Axis forces into an ever-narrowing area in Eastern Tunisia. Through this gap, Secretary Stimson said, Rommel must try to move his forces. And apparently this is what he is trying to do, heading for a union with the Axis forces in Northern Tunisia under Col. Gen. Von Arnim. Union of Rommel's and Von Arnim's troops would give the Axis a strong army in good defensive positions—the defense perimeter of Bizerte.

Reports from the Pacific

The recent conference held in Washington between high commanders from the Pacific combat theaters and the U. S. chiefs of staff brought out valuable first-hand reports of developments in the Pacific. There is evidence, Secretary Stimson said, that Japan is augmenting her front line air strength in Burma, China and the Southwest Pacific, but on the basis of the commanders' reports the Army and Navy are preparing detailed plans for forthcoming operations.

All week Japanese positions in the Aleutians and in the South Pacific have been under attack by American planes. In the North, Navy planes hit at Kiska and at Holtz Bay, Attu Island, and the Army Defense Command announced that American bombers in one attack dropped more than 80 tons of bombs on the uncompleted Japanese runway in the Salmon Lagoon.

If you must carry your social security account card with you, keep it in a sweatproof holder for protection.

THRIFTY!

ONE-A-DAY

Vitamin A and D Tablets

EACH tablet contains 25% more than minimum daily requirements of these two essential vitamins. Insufficient Vitamin A may cause night blindness, may lessen resistance to infection of the nose, throat, eyes, ears and sinuses. Vitamin D is necessary to enable the body to make use of the calcium and phosphorus in our food. Insure your minimum requirements of these two important vitamins, by taking a ONE-A-DAY Vitamin A and D Tablet every day. Economical—50¢ - or less - per month. Convenient—you take only one tablet a day. Pleasant—children actually like the taste—and so will you. IMPORTANT—when buying Vitamins, compare potencies and prices. Get them at your drug store.

The 2nd War Loan Starts April 12

13 billion dollars must be raised

THE GOVERNMENT of the United States is asking us to lend it 13 billion dollars in the next few weeks. We can do it. And we must do it. Every American must realize the truth:

In this, our toughest war, we've made a good start. We've trained a lot of men—made a lot of weapons—built a lot of ships.

But it's only a start. No man or woman among us would contend for a single instant that we're doing enough now to win this war!

We've Got to Build More!

We broke all records building 8 million tons of shipping last year. But grim-faced Army and Navy men will tell you that the 18 MILLION tons we're building this year still won't be enough!

We've Got to Fight More!

From now till this war is won, America must be on the offensive. In ever-increasing numbers, your sons, brothers, husbands must go into actual battle. Our losses have already begun to mount—and they will not grow less.

And We've Got to Buy More War Bonds!

Sure we're all buying War Bonds now. But we've got to help pay for our increased fighting and building . . . We've got to match, as best we can, the sacrifice of those Americans who are toiling and sweating on a dozen battlefronts—with the bloodiest yet to come. The blunt fact is this: to keep our war machine going, we've got to dig up 13 billion extra dollars this month. 13 billion dollars over and above our regular War Bond buying!

In the next few weeks you may be visited by one of the thousands of volunteers who are contributing their time and effort to this Drive. But don't wait for him. Make up your mind now that before this drive is over, you're going to march right down to your nearest bank, Post Office, or place where they sell War Bonds, and do your duty. And don't ever forget this: in doing your duty, you're doing yourself one of the biggest favors of your life!

For United States War Bonds are the greatest investment in the world—bar none. They're investments tailored to fit your particular situation. And they give you the chance of a lifetime to order and get the kind of world you want to live in after this war. Every cent you put in War Bonds now will help to guarantee plenty of peacetime jobs making peace-living for every one of us.

For your Country's sake—for your own sake—invest all you can!

There Are 7 Different Types of U. S. Government Securities—Choose The Ones Best Suited For You:

United States War Savings Bonds—Series E: The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

2 1/2% Treasury Bonds of 1964-1969: Readily marketable, acceptable as bank collateral, these Bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: \$500, \$1000, \$5000, \$10,000, \$100,000—also \$1,000,000 if registered. Redemption: Not callable till June 15, 1964; thereafter at par and accrued interest on any interest date at 4 months' notice. Subject to Federal taxes only. Price: par and accrued interest.

Other Securities: Series "C" Tax Notes; 7/8% Certificates of Indebtedness; 2% Treasury Bonds of 1950-1952; United States Savings Bonds Series "F"; United States Savings Bonds Series "G."

EDITORIAL

A Tip In Time One of the most important tips we want to offer you is to guard against hoarding. When ever there has been an announcement of articles to be rationed, many people have rushed down to buy everything in sight.

However, we are not really as bad as we seem to ourselves. Just imagine what would happen at a busy street corner if there were no traffic lights or traffic officers. Motorists and pedestrians would get in a jam, and even the best of them would be accused of trying to get ahead.

The second tip we offer you is to make it yourself. For you knit-wits and hook-hounds there are plenty of new pattern books on how to make new hats, bags, and gloves, which can be whipped up in a jiffy.

The fourth tip is to make it do. For you people that know how to thread a needle but can get no further, there is a regular "First Aid" kit of ideas for the ailing wardrobes.

The fifth tip is make 'em last. If you have an old pair of shoes, don't throw them away until you have tried everything. These days when you only get three pairs a year, we have to be especially careful with them.

The sixth tip is General Make-Up. There's a lot more to good grooming than a pretty face or a snazzy dress. Have you washed your hair this week?

Boy: "Hey, aren't you coming out to play this afternoon?" Friend: "Nope— I've got to help my father with my home work."

Dentist: "What kind of filling do you want in your tooth?" Howard Bell: "Chocolate."

Mr. Myers: (Playing golf with a friend): "And yet, there must be worse players than I am." Friend: "Yes, but they don't play."

R. L.: "Mrs. Graves, I have figured out a way to keep anyone from being late in the morning." Mr. Graves: "Fine, what is it?" R. L.: "Let the last one here ring the bell."

Billy Fred: "Can't you give me another name, mom?" Mrs. Short: "Why?" Billy Fred: "Miss Ferguson keeps saying she will send me to the office as sure as my name's Billy Fred."

Mrs. Graves: "And what can I do for you?" Tramp: "If you don't mind, I would like to have a coat sewed on this button." Joan: "I'm hungry." Paul: "What did you say?" Joan: "I'm hungry." Paul: "Sure, I'll take you home."

FFA and 4-H

The FFA and 4-H Project Show was held Saturday, April 3. The prizes were as follows: Howard Bell won Grand Champion, and first in the Senior division; Gordon Erwin, second; Howard Bell, third; and Gordon Erwin, fourth. In the Junior division, Harold Fish won first; Bill Fish, second; Gordon Erwin, third; and Harold Fish, fourth.

RED CROSS FIRST AID CERTIFICATES AWARDED

The following girls received Red Cross First Aid Certificates last Friday: Frances Ann Ayers, Polly Davis, Doris Denton, Marion Hayes, Marilyn Hayes, Jewell Hodge, Sue Jones, Dorothy Lewis, Patsy Ketchersid, Virginia Mabe, Ada Jane Magee, Billie Morrison, Valeria Mae Owens, Dorothy Pechacek, Ruth Ribble, Bobbie Ruth Smith, Yvonne Williams.

CONGRATULATIONS

The staff of the Wildcat wishes to take this opportunity to congratulate Paul Vecera on his having been one of the three to pass the tests for entrance into the Naval Air Corps Reserve, V-5. He went to Dallas to take the tests.

THE TRANSMO PEEKER

Why you lucky, lucky people. You are now going to get to read another edition of the Wildcat. O. K., Red, let's go! Hasn't anything happened this week, that doesn't happen every other week? No!

ASSEMBLY PROGRAM

The Crowell High School students took time Tuesday for a bit of entertainment by Mrs. Sloan's English class. After two enlightening interviews that dealt mostly with current day problems with persons attending high school, we were very capably entertained by the Senior Quartet that sang three numbers.

Office Supplies The News has a good stock of Office Supplies, small items that are needed in offices and business houses around the square. Mimeograph stencils, typewriter ribbons, large receipt books, Mephisto pencils, Scotch tape, ledger sheets, two sizes; letter files; file folders, two sizes; legal pads, filing trays, typewriter carbon paper, 8 1/2 x 11 and 8 1/2 x 14, also pencil carbon cut any size; stamp pads, all colors.. We also have three Tot staplers and several thousand staples. We have one roll of staples for a Bates stapler. THE FOARD COUNTY NEWS

**Three Couples Wed for Fifty Years
Attend Church Meeting at Methodist
Church Thursday Evening, April 1**

"Church Night" was observed at the Crowell Methodist Church on Thursday night of last week when around 100 people gathered at the church for a good time and an hour's program. A covered dish supper was served at 8 o'clock after which the program was rendered.

The program was under the supervision of Rev. H. A. Longino, pastor, and each department of the church participated with stunts which provoked much merriment, and, since it was "April Fool's" Day, the evening's diversion was full of fun and jokes.

**Thalia Observes
Annual Junior-Senior Banquet**

The annual banquet given by the Junior class of High School for the Senior class was held by the Thalia High School in the Liberty Cafe at Vernon on the evening of Friday, April 2.

One pleasing fact was disclosed at the close of the program. There were three couples present who had been married for more than fifty years. They were Mr. and Mrs. C. P. Sandifer, Mr. and Mrs. Lee Ribble, and Mr. and Mrs. J. McBeath. When these couples had been saluted, H. E. Ferguson invited them to meet him at his drug store on Saturday afternoon at 4 o'clock at which time he wished to treat them. At the appointed hour, all were present. A News representative was also there and gleaned a few facts concerning the revered couples.

Mr. and Mrs. Sandifer were married on Feb. 7, 1886. Mr. Sandifer came to Foard County on Sept. 7, 1889, and Mrs. Sandifer came immediately after that. Mr. and Mrs. Ribble have been married for 52 years. They were wed on Dec. 23, 1890, at Graham.

Mr. and Mrs. McBeath have trodden the way of life together for over 61 years, having been married in Russell County, Ky., on Nov. 2, 1881. They have resided in Texas for more than fifty years.

Mr. and Mrs. Sandifer were married on Feb. 7, 1886. Mr. Sandifer came to Foard County on Sept. 7, 1889, and Mrs. Sandifer came immediately after that. Mr. and Mrs. Ribble have been married for 52 years. They were wed on Dec. 23, 1890, at Graham.

Mr. and Mrs. McBeath have trodden the way of life together for over 61 years, having been married in Russell County, Ky., on Nov. 2, 1881. They have resided in Texas for more than fifty years.

ADELPHIAN CLUB
On March 31st, Mrs. L. E. Archer was hostess to the Adelprian Club members.

The program study was "Panama—The Crossroads of the World." Mrs. A. Y. Beverly served as leader for the afternoon.

Mrs. Earl Manard gave, "Its Legends and Romance." Mrs. Frank Flesher gave, "Conquest of the Tropics."

Margye King and Sharon Haney were guests for the meeting, each reading a poem. "Aethals—The Prophet Engineer," by Percy McCoy and "The First Snowfall," by James Russell Lowell were the selections offered. War stamps were sold.

The hostess served a delicious salad plate. Mrs. J. H. Olds was a tea guest.

B. & P. W. CLUB
The Business and Professional Women's Club met Thursday, April 1, in a regular business-program meeting.

The election of officers will be held at the next regular business meeting. Mayme Lee Collins, Gusta Davis and Hazel Harrison were elected as the nominating committee.

Gussie Todd, program leader, gave an interesting talk on "Post-War Plans." Hazel Harrison gave a discussion on "Russia At War," and Flossie Thomas discussed "China, America's Ally."

MARGARET H. D. CLUB
The Margaret Home Demonstration Club met with Mrs. Bax Middlebrook on March 26, with six members and one visitor present.

First Radiotelephoto From African Front

A gun crew dies in and is on the alert during the battle for Gafsa, in Tunisia. U. S. armed forces under command of Lieut. Gen. George Patton Jr. in two days advanced 30 miles to recapture Gafsa and to go 12 miles beyond. Photo was down to Algiers and transmitted from that point in seven minutes to Washington in the new two-way radio transmission system put to its first practical test by the U. S. Army signal corps with the transmission of these radiotelephotos.

F. F. A. Show--

(Continued from Page 1)

were given special entertainment. Under the direction of A. K. Mackey, manager of the Commission, the group was shown through the plant and through the marketing processes and were his guests at lunch. Mr. Mackey is a past professor of Animal Husbandry at A. & M. College at College Station.

The boys also made a creditable showing of poultry and hogs. The efforts of these Junior 4-H Club boys, most of whom had had no previous experience in fitting or exhibiting livestock.

Through the efforts of the contestants in the show, some 17,500 pounds of choice and prime beef were marketed as a contribution to the war effort.

Awards in the Senior beef calf division were made as follows: 1—Howard Bell, FFA; 2—Gordon Erwin, FFA; 3—Howard Bell, FFA; 4—Gordon Erwin, FFA.

In the Junior beef calf division, 1st place went to Harold Fish, 4-H; 2—Bill Fish, 4-H; 3—Gordon Erwin, FFA; 4—Harold Fish, 4-H.

Grand Champion Beef Calf winner was Harold Bell, FFA student and Reserve Champion by Harold Fish, 4-H.

In the swine division, there were four classes: Fat Pig Class, Fat Hog Class and Small Pig and Breeding Gilt. In the fat pig class, the winners were: 1—Eli Eubank, FFA; 2—Donald Lewis, FFA; 3—Floyd Borchardt, 4-H.

Those who entered hogs in the show are Herman Wright, Donald Lewis, Ellis Eubank, J. H. Gillespie, Joe Edd Gillespie, Pat McDaniel, Morris Naron, Paul Veceira, Wayne Greening, Marvin Haynie, all FFA boys and Floyd Borchardt, Lewis Pyle, Carl Shultz, Wayne Shultz and Bruce Bledsoe, 4-H boys.

Those who entered poultry in the show were Donald Lewis, Ray Tamplin, Charles Diggs, Billy Jean Naron, Melvin Everson, David Bowley, Wayne Ford, all

CONSERVING PROTEIN SUPPLEMENT

Current and prospective shortages have imposed conservation of supplies of protein supplements upon feeders. Normally, says A. L. Smith, animal husbandman for the A. & M. College Extension Service, in fattening lambs with carbonaceous roughages and grain, as much as 20 per cent of the full ration may consist of cottonseed meal.

"Under necessity," he continues, "we can get by very well with 10 per cent of cottonseed meal when the roughages are palatable and of good quality. If alfalfa hay is used as roughage about five per cent of cottonseed meal in the total ration would be sufficient."

In feeding cattle extremes also are found in the uses which can be made of cottonseed meal. In feeding steers cottonseed cake on grass; cottonseed meal and hulls, cottonseed meal and ground bundles, or cottonseed meal and silage in dry lot, six to seven pounds daily per head of cottonseed meal can be used.

Furthermore, the allowance of cottonseed meal or cake can be reduced when alfalfa is used as all or part of the roughage, but it cannot replace cottonseed meal entirely and give efficient gains or fattening. The rule is to feed not more than six pounds of alfalfa per head daily, considering four pounds as equal to one pound of cottonseed meal in protein value.

On the basis of 2 1/2 pounds of cottonseed meal as furnishing the minimum protein necessary to a steer's fattening ration, six pounds of alfalfa conceivably can be used to replace 1 1/2 pounds of cottonseed meal, leaving one pound of meal as the least amount which should be fed.

Those entering calves include O. C. Wharton, Howard Bell, Jackie Brown, Gordon Erwin, Billie Cox, all FFA's and J. C. Autry, James Jones, Harold Fish, Bill Fish, all of whom are 4-H boys.

FFA entries, and Thomas Tamplin, Thomas Lee, Kenneth Archer, Carl and Lewis Shultz, Jimmy Tom Cates, all 4-H entries. These showed a total of 12 exhibits.

Those entering calves include O. C. Wharton, Howard Bell, Jackie Brown, Gordon Erwin, Billie Cox, all FFA's and J. C. Autry, James Jones, Harold Fish, Bill Fish, all of whom are 4-H boys.

Football Training for CHS to Close Next Wednesday

The spring training period for the Crowell High School football team will come to a close next Wednesday afternoon with a practice game with the Seniors. Coach Graves is well pleased with the probability of having a winning combination next fall. Several new boys have been showing up exceptionally well and the lettermen from last year's squad have come up to all expectations.

The practice periods this week have been spent mostly in working out plays for the game next week. A new formation for the Wildcats, called the "L formation" is being used for scoring plays.

The Seniors have eight lettermen in their starting line up: Clifford White, Paul Veceira, C. J. Kelton, Albert Bird and Arnold Smith were regulars on Crowell's team last year; Lee J. Stout and Harold Canup lettered in 1941; while Tom Westbrook was Trustcott's regular center the last year that that school had football; Bill Owens, Lowell Campbell and Charles Nelson have played quite a bit of football which rounds out an experienced eleven to go against the 1943 Wildcats.

Billy Fred Short and Bill Cox

Egg Offering for Buckner's Orphans Home at Dallas

At the meeting of the Baptist WMU at the home of Mrs. Joe Smith on Monday afternoon, it was planned to send a donation of eggs to Buckner's Orphans Home at Dallas at an early date.

The ladies are asking that those who desire to help with the annual project bring their eggs to the home of Mrs. W. B. Fitzerald at the next meeting on Monday afternoon, April 12. The eggs may be taken to the church on Sunday if it is not possible for anyone to attend the meeting on Monday.

Even Boys Go for It

Children are learning the principles of nutrition and the art of preparing and serving well balanced meals, at Central school, Long Beach, N. Y. Here a husky lad permits a girl to pin on his apron before going to work at the stove.

are the only two Wildcats that have been crippled to the extent that they will be unable to participate. This leaves the probable starting line up to be: Cecil Parkhill and Bob Gobin, ends; Gordon Erwin and Glenn Taylor, tackles; O. C. Wharton and Kenneth Payne, guards; J. W. Sallis, center; and the backfield to be selected from the following seven boys: Kenneth Archer, Pat McDaniel, John Calvin Carter, Craig Sandlin, Leighton Adams, Morris Naron and Kendrick Joy.

FACTS AT LAST
The Secretary of Agriculture has frankly said before the Senate Appropriations Committee: "Since I appeared before you a month ago, I have become increasingly alarmed about our inability to get enough farm labor to reach the goals we have established for farm production. I am more alarmed today than I was yesterday."

"Economic planners" have largely taken farm crops for granted like air and water—something the Lord provides. They have considered almost every-

thing else an "essential" industry ahead of farming. They have farmer so tied up with red tape restrictions that the time required in complying with them is actually cutting down farm production.

We are not living in horse buggy days. A minority of people on farms are feeding majority of our people in cities. They can't do it without machinery, nor can they get it on a price basis that makes farm production costs as compared with industrial production costs.—Industrial News-Review
