THALIA (By Minnie Wood)

Mrs. Clyde McKinley of Fort Worth visited her mother, Mrs. George Doty, here last week.

Mrs. Theda Dobbins of Long Beach, Calif., and Mrs. Fred Cox and son of Vernon visited their grandmother, Mrs. M. L. Self, and other relatives here a few days last week. Mrs. Dobbins is en route to Indiana to join her husband, who is working there.

Mr. and Mrs. B. D. Webb visited their daughter in Fort Worth last week-end.

A Home Demonstration Club was organized here Friday. Mrs. Joe Johnson was elected president, Mrs. Mack Adams, vice president; Mrs. M. W. Wilson, secretary. The club will meet at the school house each second and fourth Friday in each month.

The Baptist W. M. U. ladies met in an all-day meeting at the church Monday and made clothes for the Orphans' home. A covered dish dinner was served.

The Boy Scouts met at Rayland Springs Friday evening where they enjoyed a werner roast. Their teen boys and Joe Johnson, assistant Scoutmaster, attended.

Mr. and Mrs. Olan Ford and Mr. and Mrs. Isaac Shultz visited in Benjamin Friday evening.

Louis Webb and family of Crowell visited Charlie Webb here a while Sunday.

G. A. Shultz and family visited Totie Mints and family in Paducah Sunday.

Mr. and Mrs. Joe Johnson, Mr. and Mrs. Ira Toie and Mr. and Mrs. Loyd Fox visited in Fort Worth a few days last week.

Mr. and Mrs. G. C. Phillips of Riverside and Mr. and Mrs. Fred Baker of Merkel visited in the Lee Sims home Sunday. They accompanied Mrs. S. R. Sims here, who had been visiting relatives in Merkel for some time.

Mrs. C. C. Wheeler has returned home from Wichita Falls where she received medical treatment.

Miss Mary Jo Hogan underwent a tonsil operation in a Wichita Falls hospital Saturday morning.

The Methodist Ladies Society met in the home of Mrs. Homer McBeath Monday afternoon, with 15 present.

Roy Henry and family, Mrs. Robert Hammonds and Miss Virginia Hammonds visited Mr. and Mrs. J. L. Henry in Foard City Sunday.

Mrs. L. H. Hammonds and daughter, Mona, and Mrs. J. K. Langley attended the 50th wedding anniversary of Mr. and Mrs. W. A. Hammonds in South Vernon Sunday.

Mr. and Mrs. J. D. Breedlove and Mr. and Mrs. Homer Eikner of Tyler visited Mr. and Mrs. H. W. Gray here Monday.

Mrs. Phil Ramsey and son and Mr. and Mrs. Walter Jameson of Spur visited Mrs. M. E. Moore and family here Sunday.

Cap Bonds is visiting in Gatesville this week.

VIVIAN (By Mildred Fish)

Yeoman 2/C and Mrs. Hughes, H. Fish and small daughter, Helen Elaine, of Washington, D. C., arrived Wednesday for a visit with their parents, Mr. and Mrs. Allen Fish.

Mr. and Mrs. E. T. Evans spent the week-end with their son, Earl Evans, and family of Earth.

Miss Rosalie Fish returned home Tuesday after spending several days with her cousin, Mrs. Sheldon Bureson, and family of Lubbock.

Mrs. Emil Kainer of Anson spent from Friday until Sunday

with her parents, Mr. and Mrs. J. M. Marr.

Mr. and Mrs. J. R. Beverly and Betty Davis of Crowell visited in the home of Mr. and Mrs. Allen Fish Thursday afternoon.

J. W. Klepper spent from Saturday until Monday with his son, T. B. Klepper, and wife of Crowell.

Mr. and Mrs. Raymond Lawhon of Pampa spent Sunday night with Mr. and Mrs. R. L. Walling.

Miss Mildred Fish spent Friday night in the home of her uncle, H. H. Fish, and family of Paducah.

Aviation Student Merl Sandlin, who has been stationed at College Station, returned Wednesday after spending several days with his parents, Mr. and Mrs. Arthur Sandlin.

Mrs. J. M. Sosebee and son, James Marvin, of Anson spent from Friday until Sunday with her parents, Mr. and Mrs. Egbert Fish.

Mr. and Mrs. Lem Davidson visited their daughter, Mrs. Walter Simpkins, of Broadmore Monday.

Jesse Walling spent from Saturday until Monday in the home of Mr. and Mrs. R. L. Walling.

Mr. and Mrs. Allen Fish, Mrs. J. M. Denton and small daughter, Anita Fay, and Yeoman and Mrs. Hughes Fish, and small daughter, Helen Elaine, spent from Saturday until Monday with Mr. and Mrs. John Allen Fish and small son, Allen Joe, of Dallas.

Lem Davidson made a business trip to Anson Saturday.

Miss Bernita Fish of Five-in-One spent from Friday until Sunday with her parents, Mr. and Mrs. Egbert Fish.

Mr. and Mrs. R. N. Beatty Sr. spent several days with their son, Charlie Beatty, and family of Ft. Sumner, N. M., last week.

Dorothy Louise and Berny Ann Fish spent Friday night and Saturday with their grandparents, Mr. and Mrs. H. H. Fish, of Paducah.

Mr. and Mrs. G. T. Neill of Thalia visited their daughter, Mrs. Ed Self, and family Sunday afternoon.

Mr. and Mrs. W. O. Fish and son, Bill, and daughter, Mildred, attended the funeral of Willie Brown in Paducah Sunday afternoon.

Mr. and Mrs. T. B. Klepper of Crowell visited in the home of Mr. and Mrs. Allen Fish Friday evening.

Miss Lillie Faye Beatty has returned home after spending several days with her brother, Charlie Beatty, and family of Fort Sumner, N. M.

COUNTIES TO GET WFA AWARDS

Counties in which farmers have achieved exceptional production will be awarded an agricultural achievement award by the War Food Administration. They will be cited for achievement in one or more of the following: production record and extent by which the county exceeded 1943 goals; overcoming severe handicaps; extent of shifts to vital war crops; improvement in farm production efficiency; fuller use of land and labor resources. One award may be made in each state with others in proportion to the state's ration of the total U. S. farm population. Probably most of the awards will be made in November. A similar award will be made to seasonal food processors with outstanding production records.

THE WILDCAT

ROY JOE CATES, BILL BRUCE, MRS. LEWIS SLOAN, C. D. CAMPBELL, JOHN T. RASOR, JANE ROARK, HELEN JO CALAWAY, BILLY FRED SHORT, BOBBY COOPER, ADA JANE MAGEE, LARUE GRAVES, BOB GOBIN, FRANCES AYERS, EVELYN BAAKER, KATHLEEN EDDY, NAOMI TEAL, GENEILE NELSON.

HOW CAN I GAIN POPULARITY?

One of the first and most important urges that we, as human beings, have is "belonging." We take it for granted that we "belong" in our families and, strange as it may seem, no matter what kind of family into which we are born, we love them, are loyal to them. We take it for granted that our families will always love and stand up for us, but we are not so casual about our friends. We like to think that choices can be made.

But we ask: "But why do I care so much what they think? Why does it make so much difference to me whether they like me or not?"

I want to reply that it makes a lot of difference! To be a welcomed member of the human family is a deep, instinctive longing all of us have from birth to death. As children, we want to be part of the neighborhood gang—play on the football team, or cut out dolls with other children our own age. As young people of high school age, we want to be one of the crowd—asked for dates, be the most popular at dances, and admired for our clothing and grooming. To be included in a group is one of life's most joyous experiences.

Personality defies definition. You sometimes say: "Boy! look at Ellen. She has personality plus!" So instead of defining the word personality, let's define a few "plusses." Probably the most important one that we should name is for us to recognize that we're not wanted and let it go at that. We should make up our minds that we are going to gain popularity and be continually striving for that goal. Being willing to make the effort to approach the other person is our second plus. It is our own obligation to seek out the other persons, just the same as it is for them to seek us.

The third plus is to have something to offer the person or group you want for your friends. The most effective things cost no money, but they are our own personal traits. We must give our sympathetic understanding and our interested attention. We must tell them about ourselves. She may be as anxious to tell you all about herself as you are to tell her about yourself. And right here I want to stop a minute. So many of us, when we tell our chums about our family, are tempted to leave out a little here and exaggerate a little there. This is a very disastrous mistake several of us make. Our friends will eventually learn differently, and thus will have more doubt in their minds later on at some of the things we might tell them. The next plus is to offer the very best physical appearance possible. Here, as mentioned before, money is of little importance. We must cultivate the simpler things, such as immaculate cleanliness; confident, "proud" posture; careful grooming that takes care of loose, flying hair; clothes carefully pressed, etc. All of these count in helping to make a good impression, thus giving the person you

want as a friend a good opinion of yourself. We must not forget to mention good manners, courtesy, and careful consideration. How many of these qualities do you possess?

BOX SUPPER

Gals and Guys—The Senior class is sponsoring a box supper! When? Friday, October 8, in the High School Auditorium. All you girls bring boxes which will be auctioned to the highest bidder in the audience. Boys, come prepared to be the highest bidder on your girl's box.

A very interesting program will be given under the capable direction of the Seniors.

Everyone is invited to come! Don't forget the date, October 8. I hope you will be there.

CHEERING SECTION

If anyone noticed the unusual crowd Friday night, that was the Student Cheering Section of Crowell preparing for the game at Quanah. This was the first game away from home that the Cheering Section has attended. We all want to thank "Captain" Erwin for providing for the transportation of this group.

We also want you to know that as those boys put their all into the game, the Cheer Section "rave out" with their yells and songs. Aren't we proud of our school spirit, though? Then, let's keep it up.

POPULARITY CONTEST

If you want your representative to win, you had better get to work, now! Because that cut-throat popularity contest between the representatives of each class is now in full swing with all contestants running approximately the same. The Seniors are represented by Gordon Erwin and Helen Jo Callaway. Benny Joyce Brown and Carlos McBeath are the contestants from the Junior class. The Sophomores are campaigning to win with J. L. Brock and Evelyn Barker. The least and last, but surely one of the best, is the Freshman class opening the race with C. D. Campbell and Sharon Haney.

The class that wins this contest is going to gain much prestige; so come on all of you children and pour in your pennies to the class secretary.

THE WILDCAT'S DETERMINATION

The Crowell Wildcats held the favored Quanah Indians to a score of 14-7 last Friday night. This was nearly an upset, for the Wildcats outplayed the Indians in the first half, the score being 7-7, but the Indians scored again in the last half.

The Wildcats are determined to win the next game which is with Matador, at Crowell. They have a good chance to win their district after their display of spirit Friday night.

PREPARING FOR THE FUTURE

Tuesday, September 21, Rev. G. O. McMillan of the First Chris-

tian Church of Crowell spoke to the students of Crowell High School. He made all of us realize that we have a future to look forward to. If we want a successful future, we are going to have to prepare for it before it comes. Everyone was very grateful to Rev. McMillan for such an inspiring message to the "America of Tomorrow."

WAR LOANS

Good news from the Bookkeeping Defense Club! Two twenty-five dollar bonds and five dollars and thirty-five cents worth of war stamps were bought during this last week. The bonds were bought by Billy Fred Short and Gussie Jo Bledsoe. To show that we are even more patriotic, we had an interesting program presented to us. The program was presented as follows: Helen Callaway—"There is No Such Thing as a Free Lunch;" La Verne Archer—"The Most Interesting of My Life;" Cotton Thomas—"Hypnotism." We hope that every week we will make as much progress toward winning this war as we have this week.

WHAT'S BUZZIN

A happy day to all you boys and girls of Dear Old Crowell High. I am in hopes that everyone is feeling fine, because I've got some "stuff, hot of the press."

Concerning two of our most prominent girls of Crowell High: Miss Helen Callaway and Miss Mildred Marlow, about to catch a couple of males from Quanah. Good luck, girls. If you can't catch any of the better looking boys of Crowell High, I suppose Quanah will have to do. The gentlemen (Oh, yeah) were Bill Lease and Bud Connally.

Mary Jo Hogan and Vreeland McNeese seem to be starting a new romance, which is a great benefit to your reporter. (Don't you wish you knew who is.)

If any of the students of CHS know any interesting details of the week, it would be appreciated if they would put it in Locker 44. (We need some good scandal.)

Delmar Paul McBeath is looking rather lonely. Could it be he has no heart throbs? Here's your chance, girls.

From the latest reports received, John Calvin Carter (the handsome boy) is going to start looking for "squares" on his own stomping ground. Your reporter has found out that one Mr. Carter is tired of a certain girl at Quanah. No names to be called.

Craig Sandlin was "seeing the town" in Quanah, Friday night. First it was Nancy Jo Godwin, and then he seemed to be having a fine time with Mary Adkins. (My, but you get around, Babe!)

Could it be said that Jenny Mabe is a "two-timer?" One night it is Gordon Irwin, and the next night it is R. J. Everson. Some going, eh?

One Mr. Bill Cox was seen with none other than the one and only Miss Betty Johnson. Nice going, Bill.

Ada Jane Magee really gets around. She was with two different boys Sunday afternoon. The boys were Martin Jones and Billy Fred Short. Ada Jane, be careful, or you will lose out with Billy Fred.

Bobby Cooper and Frances Ann Ayers are about the latest new romance out. They were seen at the show one night last week.

Roy Joe Cates and Doris Jean Breedlove were seen together the other night. Ah, do I smell a new romance brewing?

Stanley Russell is still trying to rob the cradle. He was seen with Geraldine Davis Saturday night.

Cecil Parkhill and Clarine Roberts still make the column with their dates.

Captain Erwin made a short trip to see Peggy Morrison of Wichita Falls over the week-end. This boy really gets around. Joan Gentry is always there when you see J. B. Niel. We might refer also to Jane Roark and Edgar Johnson.

Carlos McBeath and Nell Thompson were "cooking with gas" Friday night.

We might let you know that we are expecting a great crowd out for the Football game, Friday night. So be there. We are proud of our team and are betting on you to support it.

Be good until next week, The Cuzzins.

SPEAKING DENTALLY

This is the unhappy voice of experience speaking directly to you. Lately I have heard several students tell about having an appointment with the dentist. Or worse, the students complaining of toothaches. At the time this started, there seemed to be nothing to it, but the number of cases has increased until we think it is time to tell you that it must stop.

Monday afternoon I had to have a permanent tooth pulled because I had let a cavity decay to the nerve. A few years ago I might have had it filled, but now, because of scientific findings, teeth that decay to the nerve can not be filled. They must be pulled. Just remember if you have a cavity and you wait only a few weeks, you might have to have it pulled.

This is not to tell you what to do for care and protection of teeth, but to warn you not to wait. Also, read a good authority on the care of teeth. Please remember, now more than ever—care for your health. Will you listen to the voice of experience?

LIBRARY

The library is open. The books have been rearranged. The lists of fiction and drama are completed, and the list of prose magazines are to be ordered. Fiction Life is available now to the students. Doris Marie Browder, Betty Brown, Marion Hays, Doris Peckack, Mentie Brisco, Max Self and Sammie Jones are serving as librarians. As these girls are giving their time free of charge to help the student body of the library, the least we can do is being courteous and by observing the following rules:

1. Books may be checked out for two weeks unless otherwise stamped.
2. Magazines, dictionaries, encyclopedias may be checked out for one period.
3. A fine of five cents per day is charged on any book kept past due date.
4. All students are asked to go into the library without the permission of some teacher.
5. All the books are arranged alphabetically by author, each student is asked to call for his book by author and title.

JOKES

"How is it," said one dog owner to another, "that your dog knows so many clever tricks, while I find it impossible to teach my dog anything?"

"Well, you see," said the other man, "you have to know more than the dog to start with."

Colonel: "Your reports should be written in such a manner that even the most ignorant can understand them."

Sergeant: "Well, sir, what price it is that you don't understand?"

It is rumored that after recent defeats on the battle front Adolf Hitler ordered his people to raise their right arm high when saluting.

Some of them, he said, had been stopping at the nose.

Mrs. Pete Crisp is visiting her mother, Mrs. Jim Jordan, of Bridgeport this week.

Large Crowds Attend Knox County Meeting

Six hundred and eighty attended the boys' and girls' 4-H Club meetings held by Lucile King and E. O. Dunkle, county agents of Knox County, on Sept. 16 and 17, according to a news release from Benjamin. The schools visited were Munday, Knox City, Union Grove, Truscott, Gilliland, and Benjamin. The other schools were dismissed for cotton picking.

A boy and girl was selected from each club and they in turn put on a little skit on social ethics. The skit was in four parts. The first scene showed the correct and incorrect way for a couple to enter the church with and without an usher. The second scene was where a couple met on the street and they showed proper and improper way for a couple to act when they meet on the street. The third scene was where the boys and girls come home from school and found that the Missionary Society was meeting in their home. Here the boy and girl showed proper and improper etiquette in the home. The fourth scene was where a couple went to the cafe. They showed the proper and improper way of entering the cafe, placing an order, and table manners.

The boys and girls taking part in these skits are as follows: Munday—Martha Hannie, Helen Montgomery.

Knox City—Joyce Corley, Jack Simmons.

Union Grove—Ruth Jane Denton, Tommie Montandon.

Truscott—Gaye Nelle Chilcoat, Ray Black.

Gilliland—Mary Baird, W. O. Covington.

Benjamin—La Rue Tolson, Joe Ben Qualles.

Members of the U. S. Cadet Corps will wear the U. S. Public Health Service cap device on their "Montgomery berets", which are a part of the Cadet Corps uniforms.

SHORT MEMORY

Public memory is generally short-lived. A public service well performed by either an individual or a company is soon forgotten—if, in fact, it is ever recognized.

For many years, candidates for political office and elected public officials have made votes and popularity for themselves by attacking so-called big business. Many have even gone so far as to promote the substitute of government-owned enterprise (socialism) for private enterprise. And they have profited, temporarily at least, by such appeals to an uninformed or misinformed public.

It is therefore interesting to look at the record. Industries, such as railroads, oil, public utilities, fire insurance and chain stores, which have taken the worst lambasting at the hands of political prima donnas, stand today among the few enterprises in the nation whose prices or services have actually been reduced steadily, while inflation was at our throats, or their prices have not advanced, or unavoidable advances have been at the very minimum amount compared with other goods and services.

The question then arises, did constant political warfare against such industries, over the past generation, tend to build strong and efficient companies that could withstand attack, or were these private enterprises established on such a sound basis at the beginning that they have been able to render the maximum service for a minimum cost, in spite of the attacks?

Look at it any way you want—the fact remains that big business, if you please—actually the biggest business in our country—is giving the people more for their money, dollar for dollar, than at any time in history.—Industrial News-Review.

HOUSEHOLD HINTS

Sift sugar before adding it to cake mixture to avoid lumps.

Try scrambling your eggs in the top part of the double boiler.

Use soapy water in preparing starch for laundry. This tends to prevent the iron from sticking during ironing and gives the ironed starched garment a glossy finish.

It makes a big difference if you serve hot foods on hot dishes and cold foods on chilled dishes.

Put Your Face in Her Hands

Expert hands to smooth the way to new beauty for you... to give you the most flattering make-up you ever had! Expert advice to aid you in keeping your complexion lovely through the years!

That is the thrill you have in store for you during the Beauty Week visit of

MISS FERN WATSON
Cara Nome Specialist

By appointment only. Miss Fern Watson will devote 10 minutes to you for an individual skin analysis, a beautifying facial and make-up and advice for daily complexion care.

Miss Watson comes at our expense to attend this courtesy to our friends and customers.

Make your appointment now! Only 10 consultations can be given daily—9 A.M. to 4.45 P.M.

Women at Work for a Railroad at War

America needs millions of women to take over war jobs... to stay with those jobs... to help speed the day when our fighting men will return victorious!

Santa Fe women are answering this call all along the line.

Right now thousands of Santa Fe women are doing war-vital work to "keep 'em rolling." Many are pitching into "unglamorous" jobs... greasing engines, operating turntables, welding shovels, working in blacksmith shops, and cleaning roller bearings. They take pride in their work, too!

Many of these women have husbands, sweethearts, brothers or sons in the armed forces. Many came to work to replace a Santa Fe relative who had been called into service. Others took jobs because they knew womanpower must step in when manpower goes to war.

☆ We of the Santa Fe salute these women who know that what they are doing is vital to Victory!

Back the Attack With War Bonds.

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, Sept. 30, 1943

NATIONAL EDITORIAL ASSOCIATION 1943 Active Member

Better is a handful with quietness, than both hands full with travail and vexation of spirit.—Ecclesiastes 4:6.

How would you like to operate your business under the same conditions that the postoffice is operated? The postoffice has an air tight monopoly in the matter of handling mail. This monopoly is so tight that a truck driver going from one city to another is not permitted to carry a letter or an order to a wholesaler. These must be sent by mail. A business house cannot employ some one not already in the employ of that business house to distribute monthly statements. This is considered to be in competition with the postoffice. The postoffice, when it runs behind, merely calls upon Congress for a deficiency appropriation. In 1942 this amounted to over 11 million dollars. This especially would be a helpful privilege each year to any private business.

One of our biggest problems in this country has been the matter of distribution. In some favored sections food is produced in abundance but the cost of transporting it to places where it is needed makes the price of it such that its consumption is less than it would otherwise be. All we produce in the favored areas could be consumed in the less favored areas if it could be economically transported. It may be after the war that this problem will be solved by air transportation. If it is, it is going to bring about great changes in our way of living. It is going to bring greater prosperity to the producing areas and more cheap food to the areas where a scarcity exists.

The merchant who quit advertising because he thinks he can't get merchandise is a defeatist. He should advertise the things he thinks he can't get merchandise is a defeatist. He should advertise the things he can get. Every one can get some merchandise and it is just possible that if the merchandise that could be secured were advertised there might be some one who wants to buy it. In other words one shouldn't worry about the merchandise he can't get, until he has sold all he now has.

Experts say that Hitler's last speech was transcribed. In radio parlance this means it was first read into a record and the record broadcast. Our guess is that those who took over Germany recently and pushed Hitler aside didn't trust him to get before a microphone. They had him read his speech into a record first. In this way they could control what he said. The chances are also that Hitler didn't even write the speech. It was written by some one else and handed to Hitler to read.

As a result of the Roosevelt-Churchill conference at Quebec and the growing production and the reduction in the loss of shipping from U-boat operations the tempo of the war is going to be materially stepped up. Not only is Germany going to receive more pressure, but the war against Japan is going to be measurably stepped up during the next month.

HISTORY

Columbus Day—October 12: The best records obtainable indicate that the first celebration of the discovery of America by Christopher Columbus was held in New York City on October 12, 1792, three hundred years after the landing of Columbus upon this continent. It was held under the direction of the Society of St. Tammany or Columbus Order founded by William Mooney on May 12, 1789. The first ceremony consisted of a dinner and elaborate ceremonies. As a part of the decoration a monument was erected to Columbus in the Society headquarters, the first to Columbus erected in the United States. Other monuments followed rapidly. From 1792 to 1892 there were but few celebrations in honor of Columbus. In 1892 the quadricentennial or four hundredth anniversary was observed. A World's Fair known as the Columbian Exposition was held in Chicago. As it was impossible to complete the buildings in 1892 the celebration was not held until the following year. That the event might not be passed by, Congress adopted a joint resolution directing the President to call upon the people to celebrate the four hundredth anniversary of the discovery of America on the 21st of October, 1892 by suitable demonstrations and exercises in the schools. As a result of the activity of the Knights of Columbus the day was made a legal holiday in New York. It has since become a legal holiday in thirty-five states.

As a part of our post-war program for counties, states and the nation, we would submit the matter of good roads. There is enough work to be done in this country in the matter of building roads to get the country over any after-the-war slump it might have. In the local communities the farm to market roads should be laid out and improved and in a national way a system of cross country highways should be built. True air transportation is going to figure in plans largely after the war, but there will be plenty of traffic for the highways to carry also. As a local philosopher says, if we spend the money for roads we will have the roads and the money also.

The preparation for the post-war world isn't a matter that should be limited to world leaders. It is a matter in which every state, county, local community and even individual is concerned. Every individual should stop to think that he too is going to be affected after the war ends and that it is up to him to begin to do something about it now. To fail to make some preparation for this occasion would be short sighted indeed. One of the best ways in which the individual can protect himself is through the purchase of War Bonds. Nothing will provide a better cushion pending the return of the country to normal than a cash reserve put away in a safe place.

There are few things more terrifying to a writer than to sit before a typewriter and wait for thoughts to come. At such time will power seems to have no effect. When thoughts won't come they just won't come, and when they won't come the fingers can't bring anything out on the keys.

Christmas packages for the boys overseas must be sent between September 15 and October 15. At other times packages may only be sent upon a written request of the soldier signed by his officer. This signed request must be presented at the post office at the time of mailing.

After reviewing a list of the uses to which the soy bean can be put, we are at a loss to understand how we ever got along without soy beans all these years.

Not much complaint is being heard these days about food being too sweet. Cooks put in all the sugar they can spare which as a rule isn't quite enough.

ANSWERS

(Questions on page 2).

1. It is a new bacteria killing drug, a by-product of a mold.

4. Mississippi.
5. Japan's.
6. Yes.
7. Walt Disney.
8. Denmark.
9. The Tyrrhenian sea lies on the west side and the Adriatic on the east side.
10. An inflatable life belt used to keep afloat when the plane is shot down over the water.

30 YEARS AGO IN THE NEWS

Items below were taken in whole or in part from the issue of The News of Oct. 3, 1913:

The pool hall election held here Saturday resulted in the pool halls being voted out by a vote of 30 to 85. Only a light vote was polled, not half of the people in this precinct knowing that an election was being held.

Jesse Howard, who has been connected with the R. B. Edwards Co., has sold his interest to J. D. Leeper, and has accepted a position with the Allison Dry Goods Co. of this city.

Sam Watson of Fulton, Mo., was in Crowell one day last week, and incidentally ran across his old friend, Judge Walthall. They had not seen each other for many years, each having lost trace of the other's whereabouts.

The News wants to commend those who have been instrumental in having the streets dragged. There is nothing that helps streets or roads more than dragging them at the proper time.

T. L. Haggard has resigned his position with the J. W. Allison Dry Goods Co. and will leave this week for Santa Anna, where he goes to accept a lucrative position with the Santa Anna Mercantile Co. Mr. Haggard is an efficient and accommodating salesman.

Percy Ferguson left this week for Chillicothe where he will work for the Orient.

L. T. Clark of Quanah was here Monday looking after his interests in this county.

Mrs. R. L. Bryant of Pilot Point is here, the guest of her sister, Mrs. Chas. Thompson.

B. J. Glover, who is managing the destinies of the Shawver ranch over in Knox County, was here on business Wednesday. Mr. Glover is a former Crowell citizen.

C. E. Crowe, the popular Waples-Platter grocery drummer was here this week on his regular trip. Mr. Crowe has been making Crowell for a number of years and says that it is one of the best trading points in the whole country.

F. A. Short, who left here several weeks ago, has purchased a drug store in Dallas, and is ordering The News sent to his address in that city.

A. V. Beverly, who left here some time ago to attend the A. & M. College at Stillwater, Okla., has left that school and is now a student at the Clarendon College.

DEBT THAT CAN'T BE PAID

A characteristic of the jungle fighting in the Southwest Pacific is the high proportion of nonfatal wounds. Japanese snipers, fortunately are poor shots. Equally fortunate for our men in that area, there are plenty of highly trained medical men to care for wounds immediately. If it were not for this on-the-spot medical service, the horror of infection and death would become almost unbearable. Reporting on the heroism of the Army doctors, a news dispatch from Munda states: "It is a heart-warming experience to watch the young surgeons working night and day, ministering to the wounded Americans in the gloomy depths of the New Georgia jungle. The main responsibility for saving lives rests with them. It has been the aim of the medical corps in this campaign to give every wounded man preliminary treatment within a few minutes after he has been hit. The Corps does its job with the bullets and shrapnel still flying." These are the same doctors that a year or so ago were striving to build careers for themselves at home. Most of them have families and all of them spent long years of study and privation preparing to practice medicine. They carry with them into battle a wealth of knowledge and the best traditions of the American medical profession. The parents, wives and sweethearts of the men in service owe the military doctors a debt of gratitude they can never hope to repay.—Industrial News-Review.

To transport overseas the approximately 3,700 vehicles and the equipment of one armored division takes 15 Liberty ships, in addition to troopships.

What We Think

(By Frank Dixon)

As I write this, the biggest job on the battle front is the mopping up in Italy of the remaining Nazi resistance, and the biggest job on the home front is the raising of the fifteen billion dollar Third War Loan.

On September 9, a great army of civilians all over the country, in every city, village, hamlet and neighborhood started out on the drive to meet the quota assigned each unit in the Third War Loan.

Some weeks had been spent perfecting the organization and the morning of September 9 found it functioning smoothly bringing to every individual the opportunity to buy a bond and contribute their aid to the war effort.

I am predicting that this loan, great as it is, is going to be liberally oversubscribed.

The Third War Loan is going to be liberally oversubscribed because most people appreciate the privilege they have of living in America where even though the resources of the country have been given over almost wholly to the war effort no one is being denied a single thing necessary to their health and well being. With relatively few exceptions their normal course of life has not been greatly interfered with.

The Third War Loan is going to be liberally oversubscribed because there is not a section of the country and not a neighborhood and scarcely a family that does not have some member in the armed forces on a foreign front. The folks at home know it is through the purchase of bonds to buy more and better equipment that they can do the most to help those on the battle front. They know that although the American soldier is the best fed, the best equipped, and the best cared for soldier in the world that he still faces hardships far beyond any sacrifice those at home will be called upon to make.

The Third War Loan will be liberally oversubscribed because no one in this country looks upon the purchase of bonds as a sacrifice. It consists in merely putting one's money into another form, which, instead of remaining static, will not only help do the job of buying food and guns and ships and planes but will grow in value as time goes on.

The Third War Loan will be liberally oversubscribed because it is the best investment in the world today. There is no investment into which the small investor or the large investor, can put his money with the assurance that it will be returned to him with a liberal increase.

The Third War Loan will be liberally oversubscribed because most people are aware of the fact that a period of adjustment is

going to follow the war—a period in which times are not going to be easy for anyone. This is inevitable. The best insurance one can have against such a time is an investment in the best security in America, a security that he can take to any bank in the country if necessary and borrow its value.

The Third War Loan is going over because Americans believe in America. They are ready to serve and sacrifice for America and the American way of life, than which there is no greater or finer anywhere in the world.

The Third War Loan is going to be liberally oversubscribed because the winning of this war and the defeat of the aggressor is a debt that this civilization owes the future—a debt we cannot in safety or honor evade. In the words of Mordcaid of old it was for this that we have been brought into the kingdom.

2 AND 2 STILL MAKE FOUR

In the days when children learned reading, writing and arithmetic in school, they were taught that two and two make four. They learned that if an apple cost 1c, a pear 2c, and a peach 1c, the buyer had to pay 4c if he bought the three articles. They also learned that if the price of the fruit increased 25 per cent, the buyer would have to pay 5c instead of 4c for the same purchase.

Those days of simple arithmetic seem to be gone. Take the oil industry as a specific example: Everything that enters into the cost of drilling wildcat wells, which are indispensable if oil production is to be maintained, has increased greatly in price—including taxes. Experts in the oil industry show that we are using our oil reserves much faster than we are finding new ones. But the price fixers in Washington gaze into their crystal ball and order the industry to sell its barrel of oil at the same old price, even though the cost of producing it has greatly increased.

In lieu of a price increase they want to make "government loans for drilling new wells," or a "premium price" for oil from new fields, or a "higher price on a zone basis" in the extreme shortage areas. They seem to think that government subsidies and government loans do not represent a price increase.

The official price fixers are all trying to make it appear that the old mathematical rule that two and two make four, does not apply today. If their fantastic theories result in destruction of needed development of new oil reserves, the oil shortage that will follow in this nation can be laid squarely at the door of Federal regulators of oil production who have forgotten their gradeschool arithmetic. All the excuses they can offer for their newfangled fiddling will not keep our war machine and automobiles running.

BONDS OVER AMERICA

AN UGLY PICTURE
Climax to the bulldozing given the government by labor leaders in the coal mine controversy, to release ex-miners to help boost coal production, Mr. Ickes requested the Army Coal Production. Mr. Ickes' request was based not on evidence of a manpower shortage, or of an undue depletion of mine labor by the Army, but on "present difficult circumstances arising out of the lack of a work contract between operators and mine workers, with consequent bitterness and confusion throughout the mining industry."
In the words of the Louisville, Ky. Courier Journal: "That such a request should be made at all shows a fundamental misunderstanding of the relative importance of workers and soldiers in total war. Mr. Ickes will not speak sharply to sullen miners, and he will not permit any other governmental agency to speak sharply to their leader. In order to avoid a clear showdown in an issue which is willing to risk even the needs of the nation."
The rights of the coal owners were long ago won to appease the demands of labor leaders. Now a move is under way to penalize the Army, because labor leaders would rather over wage contracts than go to work.
The nation has been informed that on October 1st draft of miners will begin. This announcement, flanked by the down of justice and government regulation in the coal fields, is an ugly picture which Americans will be slow to see.
The commercial apple crop year is reported by the U.S. Department of Agriculture as considerably below that of last year and the eight year average. The crop this year is estimated at 33,135,000 bushels while the year average is 121,788,000 bushels.

AGRICULTURE

(D. F. Eaton, County Agent.)
Texas Farm Bureau District Meeting

A meeting of the Texas Farm Bureau is to be held at Wichita Falls Thursday, Oct. 5, 1943. While Foard County does not have an organized unit of this organization, yet we feel sure there are some farmers in the county who are vitally interested in the progress of this active farm organization.

The fixed policy of the Extension Service is to co-operate with any and all farm organizations and our function is education only.

There are several strong farm organizations in the nation, of which the Farm Bureau Federation, the Grange and the Farmers Union, are the leading ones, and each has a very effective national organization, and all play a big part in the nation's agriculture.

In Texas, the Farm Bureau seems to be the strongest of the three and has to its credit some very worthy accomplishments, two of which are the increased truck-load law and the soil conservation law. It was also responsible for retaining the farm tractor gasoline free from tax.

In the nation these farm organizations have influenced favorable farm legislation and their support is sought on all legislation affecting agriculture and other economic problems of a rural nature. So, if any farmers are interested in this Wichita Falls meeting, we would be glad to confer with them about arrangements for making the trip. Every farmer in this county has been indirectly benefited by this organization which is the strongest in the nation.

Feed Wheat Now Available

Any grower interested in securing feed wheat should see Hubert Brown at the elevator, who has the application forms. This grain is being sold at \$1.30 per hundred and is available to anyone. Wheat in most cases can be substituted for other feed grains and is a little richer in protein. So long as it is available, it is the cheapest grain now obtainable. It is good feed for all livestock, if properly balanced, especially for hogs and poultry. It may be fed also to beef and dairy cattle, if balanced with other grains.

Some Observations on Feeding Hogs

What we have to say here deals primarily with the feeding of grains so balanced as to save protein feeds and yet get results. We are taking it for granted that plenty of good water, grazing

Senator Bridges has submitted a plan to permit the reduction of 10 per cent of life insurance premiums from income tax.

Cotton pick sacks, knee pads, cloth and leather lined gloves.—W. R. Womack.

MARGARET

(By Mrs. John Kerley)

Rev. and Mrs. A. C. Hamilton left Sunday for Thomas, Okla., where he will be in a two weeks' meeting with Rev. C. D. Baggett.

News has been received here that Rev. C. D. Baggett's brother was recently killed in North Africa.

Miss Billie Morrison spent Friday night with Miss Ruth Ribble of Crowell and attended the football game at Quanah.

Miss Verna Ray Morrison is employed by North American Aircraft at Dallas.

Mr. and Mrs. Bill Murphy visited her brother, Carl Ingle, and family of Vernon Sunday of last week. They were accompanied by Miss Edwards and brothers, Harold and Carroll, of Rayland. They all visited Junior Edwards, who was in a Vernon hospital. Miss Ludell Murphy, who was visiting there a week, returned home with them.

Petty Officer 3rd Class Floyd Morrison of Seattle, Wash., and wife and little daughter, Wanda Margaritte, and his sister, Mrs. Willard Gentry, and little son, James Willard, of Altus, Okla., visited his uncle, Grant Morrison, and family recently.

Miss Billie Morrison spent Tuesday night with her cousin, Miss Zelma Ferguson, of Crowell.

Mr. and Mrs. Melvin Moore and son, Billy Ray, of Crowell visited relatives here Sunday.

Rev. A. C. Hamilton was elected full-time pastor of the Baptist Church here Sunday. Charlie Hall was elected song leader and superintendent of Sunday School.

Mr. and Mrs. Charlie Benson and nieces, Bessie and Barbara, of Crowell visited his cousin, Grant Morrison, and family one day last week.

Cpl. William Frank Priest of Fort Knox, Ky., and Miss Mayme Williams of White Mills, Ky., were married Sept. 18, according to news received from him by his parents, Mr. and Mrs. W. A. Priest.

Mr. and Mrs. John L. Hunter and son, Bobby Joe, who are cutting feed at Olton, spent from Saturday until Monday here. O. C. Allan, who was working there, returned home with them.

Mr. and Mrs. E. Kenner visited her parents, Mr. and Mrs. U. C. Rader, of Foard City, Sunday.

Mr. and Mrs. Bob Thomas of Olton visited Mr. and Mrs. Abb Dunn Sunday.

Charlie Stephen of Fort Worth visited his daughter, Mrs. C. T. Murphy, several days last week.

INSURANCE

One thing you'll be thankful for—adequate insurance in time of need. This agency is really a "department store" for insurance of ALL kinds. We sell practically every form of protection, and our policies are written carefully to suit your special needs and requirements. Why not drop in and let us talk over your problems?

Leo Spencer

when possible, shelter and self feeders are all made available, as well as good quality pigs free of parasites are used. Animal protein feeds are tankage, meat scraps, skimmed milk and buttermilk. Vegetable proteins are cotton seed, soy beans and peanut meal. Both classes are high protein concentrates and should be fed advisedly with the carbohydrate feed grains.

The following protein supplement mixture, known as supplement A, is a good mixture:

One hundred pounds of 60 per cent protein tankage, 200 pounds of 43 per cent cotton seed meal, and 75 pounds of 14 per cent green alfalfa meal.

If tankage or meat scrap is not available, the formula for protein supplement B may be used, which is as follows:

Three hundred pounds cotton seed meal, peanut or soy bean meal, 100 pounds 14 per cent green alfalfa meal, 20 pounds ground limestone or oyster shell, and 2 pounds of salt.

The last may be fed if pigs weigh more than 65 pounds. When supplement A is used, the following preparations of grain and supplement are fed to pigs weighing 30 to 75 pounds, corn 75 pounds and supplement A 25 pounds; pigs weighing 30 to 75 pounds—grain sorghum 78 pounds and supplement 22 pounds; the same weight, wheat 83 pounds and supplement 17 pounds; pigs 75 to 125 pounds—corn 82 pounds supplement 18 pounds, grain sorghum 84 pounds and supplement 16 pounds, wheat 90 pounds and supplement 10 pounds; pigs 125 to 175 pounds—corn 85 pounds, supplement 15 pounds, grain sorghum 87 pounds, 13 pounds and wheat 93 pounds and supplement 7 pounds; pigs 175 to 225 pounds—corn 91 pounds and supplement 9 pounds, grain sorghum 93 pounds, supplement 7 pounds and wheat 100 pounds and no supplement.

One gallon of skimmed milk per day per pig will furnish all protein needed. A good mineral mixture is composed of 2 parts by weight of bone meal, 2 parts ground limestone or ground oyster

shell and 1 part salt, can be fed with good results in a box available at all times.

The above grain and supplement can be fed in a self feeder to a better advantage than whole grain in one compartment and supplement in another, or it may be mixed and hand fed. In this case the grain would have to be ground.

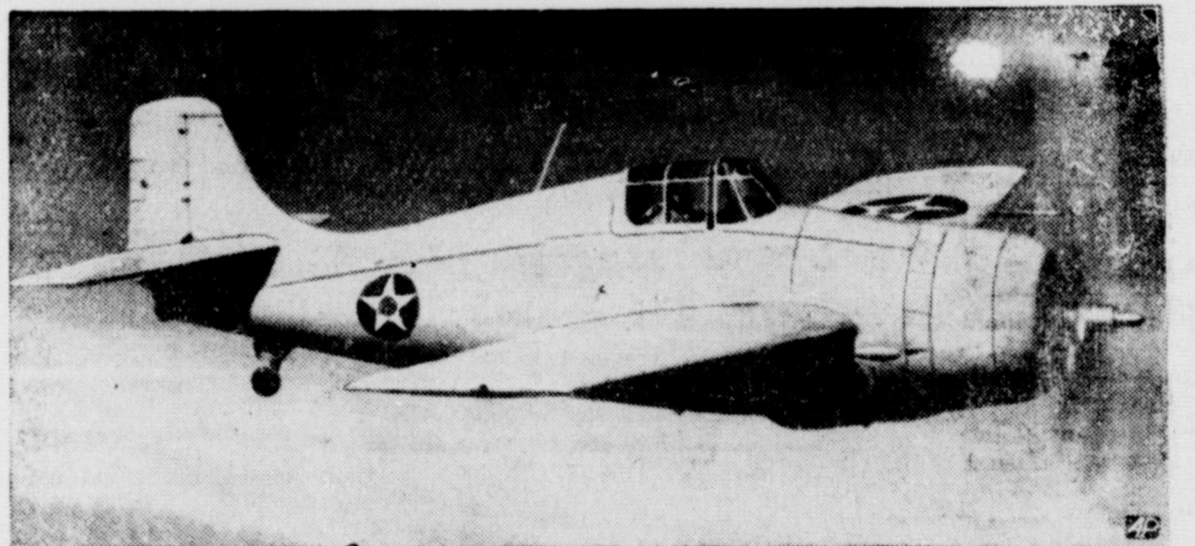

SAFEGUARD GOVERNMENT CHECKS

Despite repeated warning, records of the Bureau of Naval Personnel show a steady increase in the number of allotment and family allowance checks stolen or lost after delivery. To prevent loss, the following suggestions have been offered: (1) be sure your name is on your mail box or door; (2) watch for your check and deposit it promptly in a regular place; (3) if you move, notify your postmaster and either the Allotment Division or the Family Allowance Division of the Bureau of Supplies and Accounts, Navy Department, Cleveland, Ohio.

BACK THE ATTACK
With War Bonds

TOWN and FARM
 (A weekly news digest prepared by the OWI rural press section)

Gasoline—In 17 states of the eastern shortage area A-6 coupons are now good. In states of the eastern shortage area A-4 coupons are now good.

Fuel Oil—Period 5 coupons old rations are good through September 30. Period 1 coupons new rations are good through September.

Sugar—Stamp No. 14 good for 5 pounds through October. Stamps Nos. 15 and 16 good for 5 pounds each for home canning through October 31.

Shoes—Stamp No. 18 good for 1 pair. Validity has been extended indefinitely.

Meats, Fats—Red stamps L and Z good through October. Brown stamps A and B good through October 2. Brown stamp C good through October 20. Stamp D becomes good October 3 and remains good through October 30.

Processed Foods—Blue stamps U, V and W expire October 2.

Cut Expected in Shoe Ration
 The new shoe stamp, No. 18, the "Airplane" stamp in War Ration Book Three, which became valid November 1, probably will have to last six months, OPA announced. At the same time OPA said that stamp 18, originally scheduled to expire October 31, is extended indefinitely. The present plan is to eliminate expiration dates on shoe stamps to make new stamps valid as long as supplies warrant. The new stamp will save shoe rations until shoes are for sale.

More Leather For Shoe Repair
 More leather will be available for repair of civilian shoes as a result of a recent WPB order.

More Soap Provided
 Consumers will have greater soap supplies within a few weeks. The War Food Administration announced a program to produce a 28 per cent increase in soap production for civilian use. It emphasized that there will still be no excess and urged soap-makers to use every possible method.

Market Turkeys Now
 Farmers are urged to market their turkeys as soon as possible so that the American Armed Forces overseas can have Thanksgiving and Christmas dinners. In a joint statement, Major Gen. E. B. Gregory, Quartermaster General, and Marvin Jones, War Food Administrator, appealed to farmers to "go over your key flocks carefully now with a view to offering as many as possible for sale to the government. Send them to your processor as early as possible. If you do not know where to market them, contact your nearest war board office or Quartermaster Market Center."

More Heavy Underwear Coming
 The War Production Board has acted to increase production of certain types of men's and boys' knit underwear in which a shortage loomed.

To Issue Ration Book Four
 War Ration Book Four, which will last approximately two years, will be issued to more than 10 million persons through the 10 days of October, OPA has announced. The book contains point and unit stamps. It has 10 pages, containing 384 stamps printed in blue, red, green and black.

Pre-Induction Training For Boys
 More than one million 16 and 17-year-old boys will be enrolled in voluntary civilian pre-induction training courses in the nation's schools this fall, according to the War Department. Representing an enrollment of more than half of all the physically able boys at these age levels, the students are taking courses that will prepare them for more effective service in the armed forces. Officers at army reception centers record the soldier's permanent record card. This training is taken into consideration in making assignments to further training and army jobs.

Cut Football Travel
 All school, college and club football teams have been asked by the Office of Defense Transportation to confine the sale and distribution of tickets to the residents of the local area of the school in which the games are to be held. By so restricting sales, it is pointed out, football games can be held without increasing the already heavy load on interstate buses and trains.

Give Soldier's Serial Number
 The public is asked to use a soldier's serial number in every case where inquiries are made by official agencies concerning deserter officer or enlisted personnel. Much time and material is wasted if the number is not given, according to the War Department.

Announced Casualties of United States Armed Forces
 The outbreak of the war to date (whichever next of kin have been notified) total 105,205, according to War and Navy Department reports. This total includes: 26,104; wounded, 28,226; missing, 32,995; prisoners of war, 20,779.

PX Profits Equip Chapels
 Profits of \$6,800 from Army Post Exchanges in Africa are being used to provide religious equipment for the army's five permanent chapels there, the War Department has reported. The money, spent by American fighting men on soft drinks, candy and cigarettes in the overseas PX, is buying reed organs, hymnals, Bibles and other religious supplies for all denominations.

This one's going to hurt!

INVASION COMES HIGH—*in blood and money.*

Part of the cost must be paid with human life. That means deep and lasting hurt for many and many an American family.

Part of the cost must be paid in cash . . . this September. And *that's* going to hurt, too!

The 3rd War Loan Is Here!

To pay for invasion—to get the money to keep our fighting machine going—you, and every man or woman in America, are asked to invest in at least one extra \$100 Bond in September.

\$100 EXTRA, mind you—for everybody.

No man or woman can hold back. No man or woman can point to his Payroll buying and say, "They don't mean me!" No man or woman can say, "I'm already lending 10% or 12% or 20% — I'm doing enough!"

Sure—it's going to hurt. It's going to take more than spare cash this time—more than just money that might have gone for fun. It's going to take money we have tucked away. It's going to take part of the money we've been living on—money that might have meant extra shoes or clothes or food! Money that might have gone for *anything* that we can get along without!

Sure—it'll be tough to dig up that extra money. But we've got to do it—and *we will*.

We'll do it partly because of the look that would come over the faces of our fighting men if we should fail. We'll do it partly because the cheapest, easiest way out of this whole rotten business is for everybody to chip in all he can and help end it quick. We'll do it partly because there's no finer, safer investment in the world today than a U. S. War Bond.

But mostly, we'll do it because America is right smack in the middle of the biggest, deadliest, dirtiest war in history.

And we're Americans.

WORLD'S SAFEST INVESTMENTS
 Choose the security that fits your requirements

United States War Savings Bonds—Series "E": Gives you back \$4 for every \$5 when the bond matures. Interest: 2.9% a year, compounded semi-annually, if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000. Redemption: Any time 60 days after issue date. Price: 75% of maturity value.

What You Buy With WAR BONDS

No More Brass

Land or at sea our fighting men need many chores by the sound of bugle. All sorts of uncomplimentary epithets are used to designate the bugler, but nobody has yet been able to provide a satisfactory substitute for a bugle although various instruments are used at some permanent bases.

ward ship the men fall in at the "Pipe muster." On land the bugler sounds "Assembly!" But after where the bugle is used in the trenches the bugler is not needed. Money must be bought out of the pockets of the men in the trenches. Back the attack with an extra 3000 Bond in the 3rd War Loan.

LIBRARY NOTES

"The People Know" by Norvell has been placed in the "Pipe muster." Of the writer of this book of the best book reviewers "He is a sane, realistic, Englishman, who spent the best of his youth roughing it on the far West, that he knows his England and his America." He further says "I have no doubt, after reading the first few pages, that the author fully knows 'John Citizen' and enlightening for men and women. Its purpose is to tell the facts, to clear up the confusion, to bring John and Jane up to date with the realities of the present world. The new book, 'Santa Claus in Santa Land,' has been placed in the library. It was written by Harold W. Trotter, a counter for a little crippled boy who had replied to his inquiries as to what she wanted for Christmas by saying 'I would like to have a book about Santa Claus.' Mr. Santa Claus, but it also tells in a simple and easily assimilated manner the folklore of this lovable character in a way that has never before been envisioned. It will be enjoyed by children from 3 to 60 years of age.

KA-SELTZER BRIGHTENS MY DAY

CASIONALLY, I wake up in the morning with a headache. Sometimes I wake up with a headache. Sometimes I wake up with a headache. Sometimes I wake up with a headache.

When I eat "not wisely but well" ALKA-SELTZER relieves indigestion that so often follows a hearty meal.

Alka-Seltzer brightens my day, brings relief from so many headaches, that I always have a package of ALKA-SELTZER at my drug store.

Package 60¢, Small 30¢.

Let Us Do Your Laundry Work

Missionary Zone Meeting at Paducah

The Zone meeting of the Woman's Society of Christian Service of the Methodist Church convened at Paducah, Thursday, September 23, with the ladies of the society at that place, as hostesses.

Attending from Crowell were Mesdames H. A. Longino, M. J. Girsch, Ben Hinds, Frank Fletcher, Hines Clark, T. L. Hughston, S. S. Bell and T. B. Klepper. Mrs. Virgil Johnson, zone leader, and Mrs. Blaine McDaniel of Paducah, and Mrs. Roy Ayers of Paducah, were also present. Mrs. E. H. Wood and Mrs. Norman Gray of Thalia, also attended.

The theme for the day was "Prepare Ye the Way." Many devotional and educational talks were made during the day. A covered dish lunch was served at the noon hour and the program continued following lunch.

Life memberships were presented by Mrs. H. A. Longino, Mrs. M. J. Girsch and Mrs. T. L. Hughston at the meeting. The memberships were gifts from family and friends.

Woman's Service at Methodist Church

There will be a special service at the Methodist Church Friday afternoon at 7 o'clock, sponsored by the Woman's Society of Christian Service. The service is for any lady who wishes to attend.

A program has been planned for the Spiritual Life conference of the Society, to which Mrs. H. A. Longino will be the principal speaker.

CROWELL P. T. A.

The first meeting of the Crowell Parent Teacher Association was held in the music room of the Grade School building on Tuesday afternoon, Sept. 21, with 32 parents and teachers present.

Mrs. Jeff Bruce was leader for the program. Mrs. H. A. Longino led an enjoyable sing-song.

Mrs. Allen Sanders conducted a P. T. A. quiz, which was both interesting and instructive as questions and answers were given pertaining to the work of the P. T. A.

Mrs. Flozell Thomas and Mrs. Jim Cates gave articles of interest. Reports were made by chairman of standing committees.

Rooms receiving \$1.00 awards for having the most mothers present were those of Miss Thelma White, Miss Florence Black, Mrs. Jim Nichols and the Sophomore class.

GIRL SCOUTS

The Girl Scouts of Crowell met at the "Little House" on Thursday, September 23. A number of games were played.

Visiting scouts were welcome. Mary Allen Rader and Anna Bee Owens. All scouts were present.

Miss Mayme Lee Teague Takes Up Girl Scout Work

A copy of the daily paper of Hot Springs, Ark., states that Miss Mayme Lee Teague had recently arrived there to take up her duties as Girl Scout Executive Secretary and had committed to formulate plans with the Girl Scout Council for future activities.

Miss Teague is a graduate of West Texas State College at Canyon and has attended Texas Technological College at Lubbock and the University of Mexico, Mexico City. She plans to take a course in Orientation in New York City during November.

Miss Teague is the daughter of Mrs. L. Kanstia of Crowell and has been reared there. She taught school at Phillips before taking the position in Hot Springs.

Report of County Council Meeting

Plans were made for raising funds for council expenses when the Foard County Home Demonstration Council met for its regular monthly meeting Saturday, September 25, in the home demonstration agent's office.

A miscellaneous sale will be sponsored by the council on Saturday, October 14. The committee appointed to be in charge of arrangements consists of Mrs. A. L. Davis, Mrs. Joe Johnson, and Mrs. G. H. Kinchelo. Home Demonstration Club members are being asked to furnish miscellaneous articles for sale. It is suggested that articles of food, such as canned vegetables and fruit, dressed fowls and hams, pies, cakes, etc., make up most of the sale. Articles of clothing and household will also be acceptable. Those foods which require surrender of ration points in grocery stores will collect points at the sale in accordance with OPA regulations.

Mrs. Arthur Bell of Margaret was elected to serve the remainder of the year as council secretary-treasurer upon the resignation of Mrs. W. L. Scott.

WEST SIDE H. D. CLUB

"Green cabbage used in making kraut gives you more vitamins A and C" said Miss Elizabeth Elliott at the meeting of the West Side Home Demonstration Club which met with Mrs. B. F. Hines on September 22.

"Small quantities of cabbage, such as five pounds, shredded at one time, reduces the loss of vitamins from contact with air, thus getting full food value from the green," continued Miss Elliott. The all-day meeting was enjoyed by the members of the West Side Club and three visitors, Mrs. G. M. Canup, Mrs. E. V. Halbert and Mrs. Alexander.

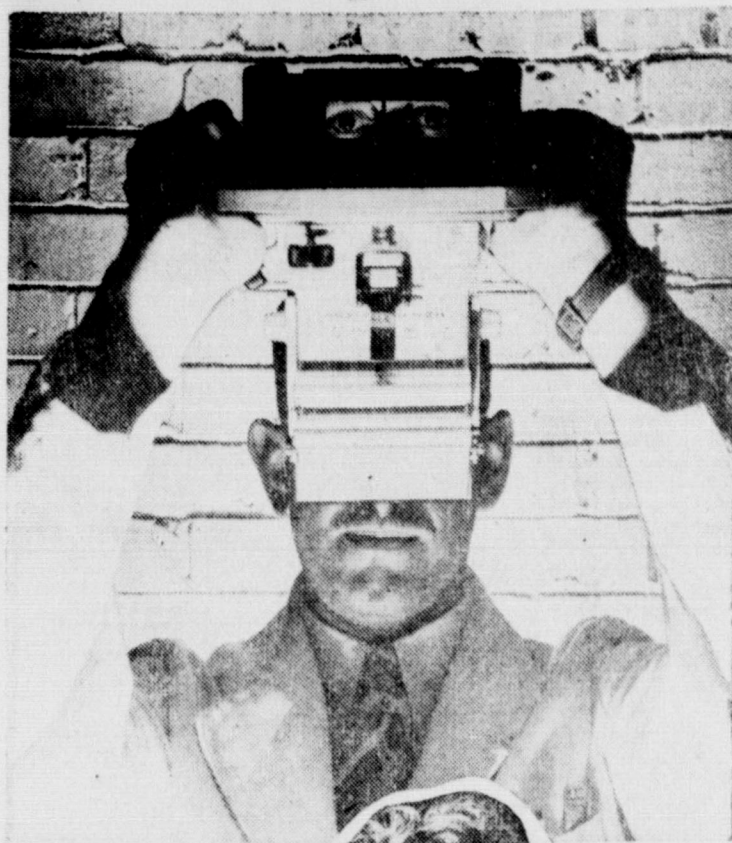

The Better To See You With, Adolf

It is now becoming crystal clear that American and Canadian inventiveness and ingenuity in the production of all manner of war machines and equipment has put Hitler and his gang in the gun sights of the United Nations.

A striking example of how this has been done is in the production of optical glass for fire control instruments required for the Canadian navy, army and air force. Although it was an entirely new field for the Dominion, a government-owned company was started in July, 1940, with employees having no previous experience in the manufacture of precision instruments. In one year's time the production goal of 5,000 pounds per month had been doubled. Then during the first eight months of 1942 monthly production rose four hundred percent to the point where it was five times as great as that called for under initial schedules.

Today, the company which has over 6,000 workers, a third of whom are women, has orders on hand to supply 100 million dollars of range finders, periscopes, etc., to Canadian, United States and other United Nations forces.

Photographs show, above, a finished tank periscope, and below, a mould of newly made glass.

The next meeting of the club will be with Mrs. J. T. King.

MARGARET 4-H CLUB

The Margaret 4-H Club girls met at the Margaret School on Sept. 24, at 10:30 a. m. with Miss Elizabeth Elliott, county home demonstration agent, to elect officers and to begin the new year's work.

The new officers are as follows: Joyce Dean Smith, president; La Verne Owens, vice president; Mary Helen Payne, secretary; Joyce Ann Middlebrook, reporter; Mary Huskey, recreation leader; Mary Huskey, County Committee delegate; Helen Richmond, bedroom demonstrator; Mary Huskey, garden demonstrator; Mary Helen Payne, County Committee alternate; Mrs. Green Sikes, sponsor.

The club will meet each month on the second and fourth Fridays at 10:30 a. m.

Scarlet Fever Now Prevalent Among Children in Texas

Austin.—Scarlet fever, now considerably above the normal incidence in Texas, is one of the more disabling and dangerous diseases usually associated with childhood, although actually it is confined to no age limit, according to Dr. Geo. W. Cox, State Health officer.

"Scarlet fever is an acute infectious disease, the onset of which is sudden. First symptoms include sore throat, vomiting, fever, and headache. These are followed by the red rash which gives this disease its name," Dr. Cox stated.

"Scarlet fever is an acute infectious disease. Three to five days after exposure to the disease the first symptoms, fever, sore throat, and headache, appear and

a day or two later rash appears. Complications may cause prolonged disability or death. Children suffering with scarlet fever may have sinusitis and middle-ear infections which can lead to mastoiditis. As the germs spread through the child's system, the joints, kidneys, and heart may become involved, causing life-long invalidism.

"A child with any kind of a sore throat should be seen by the family physician promptly. If scarlet fever is present, the treatment recommended will do much to alleviate discomfort and reduce the possibility of complications," Dr. Cox asserted.

The child with scarlet fever or scarlatina, a common name for mild scarlet fever, really is a sick child, Dr. Cox declared. In fact, he is likely to be far more ill than he appears to be. To be safe the child under fifteen years of age should remain in bed during the acute stage of the disease.

Brief Bits of News From Here and There

An interesting statement from a commercial airline ad: No spot on earth is more than 60 hours from your local airport.

Fifteen hundred soldiers from Fort Knox were assigned to the Campbell Soap Co., at Camden, N. J., recently when shortage of manpower at the plant resulted in 700 trucks each loaded with tons of raw material being held up before the plant waiting to be unloaded.

It is being seriously predicted by the transportation companies that after the war much of the freight will be handled by large air transports bigger than anything yet designed. Smaller shuttles craft will be used for short hauls. Air craft now in the blue print stage will be able to carry merchandise to distant markets at a cost of less than 15 cents per ton mile.

Rubber manufacturers do not hope for synthetic tires for civilians before the last of 1944 and when they do become available manufacturers admit that the synthetic tires will not be as good as natural rubber tires. Speed must be held down to 35 miles an hour to prevent quick deterioration from heat, and greater care will have to be taken to prevent bruising. It is predicted that after the war both natural rubber and synthetic rubber will be used in the manufacture of tires. The natural rubber will be used in the construction of the carcass and the synthetic rubber will be used on the tread for which use it is said to be better adapted than natural rubber.
