in Defeating the Stamford Bulldogs 6-7

Tounded, Captured Yanks Come Home

er an agreement arranged with Germany, are shown as they arin the United States. Left to right: Staff Sergt. Lester F. ller, Tech. Sergt. John H. Gardner, Staff Sergt. Norman C. Goodwin, Staff Sergt. Milton K. Williams, and an unidentified soldier. Exchange is based on mutual repatriation of seriously ill or wounded men who cannot

16 Italians Die for Shooting of Nazi

Mourning relatives gather around the fresh graves of 16 Italians who were killed by the Nazis in retaliation for the shooting of a German soldier. The soldier had stolen a chicken from a local family. Inscription on the cross reads: "They died from the forces of Naziism and Fascism." According to reports from Italy, this scene is common in many towns through which the Nazis are retreating before the might of Allied armies which were steadily rolling toward Rome and Berlin.

Soldiers Dine on Reverse Lend-Lease Food

Pfc. Paul T. Cannon, Worcester, Mass., and Donald W. Stanton of Indian Lake, N. Y., who are stationed in England, dine on food obtained from the British via reverse lend-lease. Rarest item on their menu is the egg. Combat crews of the air corps are the only ones to rate this has been in the service. protein. Lend-lease credits pay for this food.

Are we tickled Pink!

WANT TO KNOW WHY? Because Daddy and I no longer have to worry and wonder about which oil to buy to make our car last longer. We discovered the answer in an ad-just like this one. And it said:

One of the best precautions you can take to protect and lengthen the life of your motor is to use good oil. But which oil is good? The following facts should help you decide.

Phillips makes this straightforward statement: If you want our best oil, remember we specify Phillips 66 Motor Oil is our finest quality . . . the highest grade and greatest value . . . among all the oils we offer to average motorists.

Phillips 66 is the name to remember when you replace summer-thinned lubricant, or make the recommended everytwo-months oil change.

HISTORY

Aviation Day — December 17: The first successful flight of a neavier than air machine was made y the Wright brothers at Kitty Hawk, North Carolina, December 17, 1903. This anniversary has been observed in a number of ways during the years since that remorable achievement. At the same time the Wright brothers were working on their gasoline motor propelled planes, experi-ments in the production of a heavier than air flying machine were being carried on by Sir Hiram Maxim of England, Otto Lilienthal of Germany and S. P. Langley of the United States, but none of hese builders was successful in structing a model that actualflew. However, some of their buildes theories of artificial flight were und. Orville and Wilbur Wright Dayton, Ohio, began their ex

periment early in the century. They began with a gliding apparatus. They then devised a sixteen horse gasoline motor. At test at the Kill Devil sand hills a hundred, or perhaps a thousand near Kitty Hawk, on December years to teach Japan that there 17, 1903, four short flights were made. In one of them the plane remained in the air 59 seconds It shouldn't be necessary to urge anyone to do his or her Christmas shopping early this ble. On October 5, 1905, the year. Your War Memorial; U.S. War Bonds

their own memorials; the starved and hounded people of captive Europe can do little more than hope and pray, but to free Americans is left the choice of their own future.

What We Think (By Frank Dixon)

As I see it, the longer the war continues the more clearly it appears that the American Legion was fundamentally right in the things that it stood for and unsuccessfully demanded of Congress for more than twenty years have fallen in this locality in following World War No. 1.

For some reason Congress felt of the state this week. that, while the men of the Army were intelligent enough to fight and overcome the Germans, they dale, Ark. Jim says that the folks were not sufficiently intelligent to shape National policies. These but everybody can read between were matters which men, who by the lines — on Jim's face — that accident of election, were placed Crowell looks mighty good to him. in Congress were alone competent

For years the Legion pled for Navy, an adequate National defense, and for years they were pushed aside and their pleas ig-nored. They pointed out that isolationism was a thing of the past, and that if peace were to maintain this country would have to assume its place in the world of nations and take its full share for peeonsibility for the maintenance of that peace. They were howled down by the orators in Congress who, seeking popular fa-

I believe, and it is a conviction with me, that if the demonds of the Legion had been followed and universal military training had been instituted in which each the east part of the county were young man would have been required to give one year to his the east part of the county were widually or together more than \$3,500 from wages subject to withholding during this year. government we would today be even a better nation than we are. Well, yes. first time under modern army at Tally's tailor shop.

training methods, rules and laws about personal health that are of alue to them throughout life. nder army examination we would have discovered weaknesses in the health and living program of the nation that should be correct-

may take hundreds, many hundreds, and even thousands of years to bring about the change that will remove the possibility of war

It is a tragic thing, a pitiable Another thing asked by the demonstration of helplessness on the part of a government when it universal conscription. I believe has to deal and bargain with that when war is declared the young man power of the land should not be the only thing that is conscripted: They, of all, are east responsible for the actions. When the war is over the Legion

will be the biggest pressure group of the country. If we are to be ruled by pressure groups I would rather take my chances with men who have faced death for the country they seek to govern, than with the members of the group who staid at home and held up the war effort quibbling over a few cents a day pay.

Farmers Must File Tax Statements by Dec. 15 Deadline

Farmers who have sufficient income to require filing a declara-tion of estimated 1943 income and Victory tax are required to file and make a payment on or before December 15, unless they complied with this requirement on the September 15 date that applied to most other persons, explains Robert E. Hannegan. Com missioner of Internal Revenue. Formers and others making their first report this time will receive no declaration forms but must ask for them if they do not still corn area is in hybrid. Yields have the forms mailed them in run from 15 to 15 per cent above

Because of the difficulty farmers have in estimating their tax, they have been given until Decem-ber 15 to file their declarations, whereas others were required to file September 15. Farmers are also given greater leeway in estimating and are not subject to penalty unless they underestimate their tax by more than 33 1-3 per

DISCUSS TEXAS TIRE PLANT

Texas' first tire plant soon will go up at Waco on a plot of 125 acres on the outskirts of the city. In order to do its share in the 1944 tire building program it was necessary for The General Tire & Rubber company to expand and company officials selected Texas as the most logical place for that expansion.

Presence in the state of synthetic rubber, cotton, carbon black, sulphur and steel was a large factor in the selection, according to William O'Neil, General's president. The company also operates a synthetic plant at Baytown and tires made at the Waco plant will be Texas tires made from Texas rubber.

One of the first steps after the site was chosen was a conference of Texas members of the General organization. Pictured above, looking over plans for the 3500 tire a day plant, are Tom C. Mundy, Dallas district manager, Fred A. Mayfield, technical advisor, of Akron, and E. E. Watson, Houston dealer,
