BIG 2-DAY RODEO BEGINS HERE TOMORROW

For Calf of Jimmy Rasberry Named and Champion of 4-H Calf Show Here Saturday; Bred by Allen Fish of Vivian

Jimmy Rasberry's "Chubby," a junior calf bred by Allen Fish of Vivian, was named grand champion of the Foard County 4-H project show here Saturday, barely nosing out "Go," the senior champ, shown by Glyndon Johnson. The difference between Rasberry's and Johnson's calves is slight that Judge Glenn Ross of Goodlett, Texas, found a choice extremely difficult. The edge, however, went to "Chubby" on superior quality.

Prizes Awarded in Club Poultry, Swine Divisions

The show was sponsored this year by the Crowell Rotary Club. More than \$300 in prize money was distributed to the 4-H Club boys who participated in one of the three divisions of the show.

Rasberry, besides showing the grand champion calf, was adjudged the outstanding showman, and Gordon Bell, who showed the number two calf in the senior division, was second. Frank Wendt, county agricultural agent for Wilbarger County, selected the showmen.

Champ Brings 35 Cents
All the calves exhibited at the show were bought by the A&P Food Stores, which paid 35 cents per pound for the grand champion, 27 1/2 cents per pound for the reserve, 25 cents per pound for the third and fourth calves, and an average of 22 cents for the lower 15 calves.

In the hog division the grand champion was a senior Duroc gilt exhibited by Baxter Gentry, Kenneth Polk, with a junior Poland China gilt, took the reserve award. Gentry also received a first ribbon in the senior division of Duroc Jerseys, and a senior gilt championship.

Vance Barker won first in the fat barrow division; James Pittillo, first Chester White junior gilt; Billy Ray Dunn, first Poland-China senior gilt; Floyd Borchardt, first senior Duroc Jersey boar and Kenneth Polk, first Poland-China junior gilt and champion junior gilt. Wendt also served as judge in the hog division.

Poultry Winners
In the poultry division, judged by Marvin L. Myers, vocational education teacher at Crowell High School, the following winners were named: First coop, Alan Hinkle; second, Norman Shultz; Hinkel-China senior gilt; Floyd Borchardt, first senior Duroc Jersey boar and Kenneth Polk, first Poland-China junior gilt and champion junior gilt. Wendt also served as judge in the hog division.

The entire show was under the supervision of D. F. Eaton, Foard County agent, who was assisted by Wendt and Bill Rector, Hardeeman County agent.

The boys who participated in the show will be guests of the Crowell Rotary Club at a dinner in the Club House next Wednesday night at 7:30 o'clock.

The show was held in the repair room of the Self Motor Company, which annually volunteers the use of its facilities.

IN AND OUT OF SERVICE

Kenneth Payne, who is in the Navy, stationed at San Pedro, Calif., arrived here Wednesday on emergency leave on account of the illness of his mother. He came to Amarillo by plane.

Application for insurance may be made by any person to cover interest as landlord, owner, tenant or sharecropper. Barker declared, "The applicant must cover the applicant's interest in the cotton crop on all in the county."

Other words: if a tenant to insure his portion he can even though the landlord is insured, and vice-versa, the official said.

Applications must be signed before the crop is planted. April 24, is the deadline for signing in Foard County.

Sheppard Field Camp, Hospital Committee Makes Call for Gifts

Mrs. L. A. Andrews, Foard County chairman of the Sheppard Field Camp and Hospital Council, announces that the time has again come to make gifts to the hospital for the men in camp there.

The need for gifts from the local committee to Sheppard Field has greatly changed recently, due to the fact that Sheppard Field has been made a basic camp and many boys, most of them only 18 years of age, who are inducted there, often must wait for some time before getting their first government pay, and therefore, lack funds with which to purchase stationery for writing purposes. The Red Cross personnel at Sheppard Field have been receiving many inquiries by mail, telephone and telegraph, as to why they can not hear from their sons, so a call is now being made for writing material for those men and boys detained there.

As has always been the custom, the gifts may be left at either Ferguson or Reeder Drug, Archer's Variety, Ben Franklin or Beverly Hardware and Furniture Store. They will be collected from these places on May 8. Each person giving stationery is asked to have his or her name on the outside of the package so that proper credit may be given.

A post war product is a mechanical shoe shiner. The customer steps up to the machine, deposits a dime and the machine automatically shines his shoes. The unit sells for \$400 and the manufacturers state that orders for 10,000 units have been received.

Funeral Services for W. H. Adams Held Last Friday

Veteran Dies from Injuries Received November 29, 1945

W. H. (Sonny) Adams, son of Mr. and Mrs. J. E. Adams, succumbed in the Lisbon Veterans' Hospital in Dallas Wednesday afternoon, April 17, after a long struggle, following injuries received in an automobile accident near Vernon on November 29, 1945. The body was brought to Crowell and funeral services were held Friday afternoon, April 19, at the Baptist Church, with Rev. Otis Strickland, pastor of the church, officiating.

A duet, Mrs. W. F. Statser and Miss Betty Zeigig, sang "The Old Rugged Cross." They were accompanied by Mrs. Arnold Rucker, who also accompanied the choir numbers.

Pall bearers were representatives of the armed forces, the Army, the Navy and the Marines; Wayne Cobb, Jesse Fred Collins, J. W. Sollis, Gordon Erwin, Howard Gamble and Maurice Ray Naron. A number of other returned service men served as honorary pall bearers. An honor guard formed an archway for the passage of the funeral party.

Flower girls were Misses Ada Jane Magee, Marjorie Brock, Sharon Haney, Frances Garrett, Polly Davis, De Alva Thomas, Ruth Ribble and Virginia Mabe.

Interment was made in the Crowell cemetery under the direction of the Womack Funeral Home. Military grave-side services were conducted under the auspices of the American Legion. An eight-gun salute was fired and Taps was sounded as the body was lowered to its last resting place.

William Henry Adams was born in Crowell on November 27, 1920, and had lived here all his life, receiving his education in the Crowell schools.

He was the grandson and namesake of a pioneer Crowell physician, Dr. W. H. Adams.

W. H. entered the service on Jan. 21, 1941, in Dallas. He was a veteran member of the famed 36th Division, a member of the 142nd Infantry Band and also of the medical detachment of the 255th Infantry. In addition to playing the saxophone with the band, he doubled as a clarinet player and also sang with the band. He composed music, also, and had high ambitions in the field of music.

He took part in the following battles and campaigns: Naples, Foggia; Rome, Arno; Southern France; Rhineland and Central Europe. He received numerous decorations and citations; EAME campaign medal with 5 bronze stars, 1 bronze arrowhead, 1 service stripe, 4 overseas service bars and the American Defense Service Medal.

W. H. escaped injury of any kind while serving in the armed forces, but, after having been discharged three weeks, he was seriously injured in a car accident near Vernon and was hospitalized in Vernon until Jan. 6, 1946, when he was taken to Lisbon Veterans' Hospital in Dallas. He had been in an iron lung for the major part of the time. However, he had been able to live outside the lung for several weeks and seemed to be making progress toward recovery when complications arose which caused his death. He endured his suffering with great courage and patience.

Survivors include the parents; four sisters and two brothers, Mrs. Clyde Wright of Wichita Falls, Mrs. E. A. Braziel of Dallas, Mrs. Frank Webb of Quanah, Mrs. Kenneth Henderson of Childress, Leighton Adams and Kenneth Ray Adams of Crowell; and numerous uncles and aunts.

What We Think

(By Frank Dixon)

One of the most generally interesting bills before Congress this session has been the minimum wage bill. The bill, a pet of the administration, proposes to pay a minimum wage to all workers engaged in the production or the handling of merchandise entering into interstate commerce.

The bill was making fair progress and even its open enemies began to feel that the best they could do was to affect a compromise until small business and small industry woke up to what was being put over on them and marshaled their forces for the fight.

Dr. J. M. Hill returned last week from Kansas where he had been for several days purchasing a herd of registered White Faced cattle. Dr. Hill will place the cattle on his two fine farms near Crowell and enter the cattle raising business as a sort of side issue.

Work was begun on the new flouring mill. It will be erected on the lots owned by the Bell Grain & Elevator Co., and will be run in connection with the elevator and grain business.

county's highway system, it has been revealed in an analysis of the industry's special tax payments released by Lynn B. Shaw, general manager of the Texas Motor Transportation Association.

The 974 scholastics in Foard County benefited to the extent of \$3,506—\$3.60 for the education of every school child in the county in excess of 13 per cent of the total education bill.

Trucks and buses paid \$15,659 in special taxes that went toward construction and maintenance of highways in Foard County.

The industry contributed a total of \$29,000,000 in special taxes, a ten million dollar increase over the preceding year, and this figure represents only proceeds from gasoline and license fee taxes paid by more than 280,000 motor trucks and buses, both commercial and private, in Texas. It does not include federal or regular state taxes, such as ad valorem, which are paid by all industries.

During the last several years we have spent \$6.5 billions in food subsidies. Among subsidies requested by OPA for the next fiscal year are \$515 million for dairy products; \$260 million for flour; \$715 million for meat, for example, will be paid to packers and processors to hold down prices.

These subsidies simply require the next generation to pay for today's grocery bill. They are added on to a national debt of almost \$300 billion during a time when it is said we have too much money in the country.

Another view of OPA operations which honest men and good citizens must face is the black market. When most of a commodity moves in the black market, the legitimate operator, the one who observes regulations, is penalized and injured.

The House this week passed a bill extending OPA for nine months. This bill will be severely criticized by columnists, radio commentators, and others. Two extreme schools of thought prevail concerning OPA. One group says we cannot get along without OPA control of everything. Another group contends that we cannot survive under OPA operations.

Perhaps a middle ground would be more nearly correct. The House bill in general does three things. First, it provides that price controls shall be released when supply equals domestic demand. Second, it provides for the gradual termination of subsidies. Third, it allows producers reasonable profit.

Again, none of us can expect the farmer, the manufacturer, the worker, or anyone else to produce at a loss. We must have voluminous

E. H. (Ebb) Scales Enters Race for Sheriff's Office

E. H. (Ebb) Scales authorized The News this week to announce his candidacy for sheriff, tax assessor and collector of Foard County, subject to action of Democratic primary in July.

Mr. Scales has lived in Foard County all of his life and is well known to the people of the county. In making his announcement he released the following statement:

"In this campaign I intend to see as many of the people as I can and personally solicit their votes. Should I miss anyone I hope you will accept this announcement as an earnest solicitation of your support.

"I feel like I am qualified to perform the duties of the office, having had some previous experience in police work. I realize that it is not an easy task, but, if elected to the office, I intend to take care of the duties of sheriff in a manner that will be as near satisfactory to the majority of people as is humanly possible.

"Your vote and influence will be appreciated."

Now, can you remember one other thing these assorted articles have in common? ... Every one is made with electricity—or run by Electricity—or both. It's hard to name any manufactured article that isn't partly the product of electricity. It is basic to all industry. It provides the power that makes America the most productive nation on earth. Testing your memory again, do you know how much the cost of home electric service has come down through the years? You may not have noticed because you kept buying more electric appliances and using more electricity. But actually, the average American family gets twice as much electricity for its money as it did 20 years ago! Low-priced electric service—friendly and dependable—is made possible by the sound business management of America's self-supporting, tax-paying electric light and power companies.

Shultz of the Margaret Club; Mrs. Clyde Bowley and Mrs. T. W. Cooper of the Vivian Club and Miss Elizabeth Elliott, Foard County Home Demonstration Agent.

At the meeting, the reports of delegates at the roll call emphasized a new interest in recreation and reading for families and communities, as well as the basic Home Demonstration program of home food production, home industry and the war-time "make-it-do" spirit.

Knox County reported a library started by their clubwomen as a memorial to the war veterans; Throckmorton County has established a camp for club members and their whole families; Hardean County reported an annual encampment plus a series of trips by separate clubs, one of which went to Carlsbad Cavern last year.

Food, Home Notes

(By Miss Elizabeth Elliott, County Home Demonstration Agent.)

Home Baking With New Flour

The new 80 per cent extraction flour should offer no problem in home baking. The cook who has been making good biscuits with the flour which has been on the market can continue to use the same recipes and methods with the new.

Tests of samples of the new flour in regular biscuit, muffin, and plain cake recipes gave generally acceptable results. To the homemaker, standing out with her first batch of the new flour, we suggest: (1) Follow your own recipe as usual, unless the manufacturer gives specific directions on the package for his particular flour; (2) If the dough or batter seems a little soft with the familiar recipe, try using a little less liquid and a bit more flour in the mixture. These are minor adjustments that some of the new flour may need, if the products do not quite come up to your family's standards.

Make It With Mashed Potatoes

Mashed potatoes can pinch-hit for bread or flour in many familiar dishes, thus saving wheat for starving people overseas, and incidentally providing variety in family meals. A bowl of mashed potatoes, made up and waiting in the refrigerator, can be called on for use in place of bread in the stuffing for chicken; in place of biscuit on meat pie; and even in place of the toast on which the breakfast poached egg is usually served.

Potato Stuffing for Chicken

Ingredients: 2 cups unseasoned mashed potato; 1 cup stale bread crumbs; 1 egg, beaten; 1 tablespoon finely minced onion; 1/2 cup fat, melted; 1 teaspoon salt; 1/4 teaspoon pepper; 1 teaspoon sage. To make, combine all ingredients and pile lightly into the bird. Or use in place of bread stuffing in meat roasts.

Shepherd Pie

For a pie to serve 6 people, allow about 2 cups of seasoned mashed potato. Fill a baking dish about two-thirds full of hot meat stew. (If too full, it will boil over.) Cover the stew with mashed potato, leaving a few openings for steam to escape. Place in a hot oven (400 F.) for about 25 minutes until the crust browns lightly.

Eggs Baked in Potato Cups

Shape seasoned mashed potato into balls, using about one-third cup for each ball. Place balls on a greased baking sheet. With a spoon press center of ball to form into cup shape. Drop an egg into each cup. Season with salt and pepper. Bake in a slow oven (325 F.) for 20 minutes, or until eggs is as firm as desired.

Home Canning Prospects

Home canning will be as important this year, when famine stalks overseas, as it was any summer during the war. Every jar of good home-canned food that a family puts up for itself will do its bit toward making the world's food supply go around.

Household Hints

Smoothing Brown Sugar.—Brown sugar that is lumpy may be made smooth by allowing sugar to steam in double boiler until smooth.

Choice Grapefruit.—Grapefruit uniform in size, with smooth, thin skins and small pores, are the choice ones.

Cleaning Suede.—To clean a suede jacket, go over the entire surface with a piece of very fine sandpaper. Use the same kind of sandpaper for cleaning suede shoes.

Jars and Taps: Prospects are bright. Stocks on hand are greater than at any time during the war or before the war.

Rubber Rings: No shortage is expected. Quality should be better than in the last few years because somewhat more natural rubber is being used.

Tin Supplies of tin for cans continue scarce, and wherever practical it is better to use glass jars for home canning, to conserve tin this year.

Sugar: Supplies are still short. Spare ration stamp number 9 is now good for 5 pounds of sugar for home canning and can be used through October 31. Wait to buy this sugar until you need it and then use it only for canning. Only one additional stamp for one canning sugar will be issued this year, and the total sugar ration for home canning will not be more than 10 pounds per person. So make every bit of canning sugar count.

Garden Reminders If you are setting tomato plants at the present time, get them off to a good start by watering the plants two or three times during the first week. By mixing two tablespoonsful of commercial fertilizer in a gallon of water and applying 1 pint of this mixture to the soil around each plant, early and vigorous growth will be promoted.

Check your list and if these have not already been planted in your garden, plant them at once: sweet corn, squash, cucumbers, cantaloupes, watermelons and leaf lettuce. Be sure that the next 10 days does not pass without getting these in the ground: green bush beans, bush lima beans, pepper plants, okra, New Zealand spinach, and a second planting of sweet corn, mustard and radish.

Home Demonstration Club Women Attend District Meeting at Seymour

Mrs. Clyde Bowley, Mrs. H. L. Shultz, delegates; Mrs. T. W. Cooper, alternate; and Mrs. Charlie Bryson, chairman of County Home Demonstration Council, represented Foard County Home Demonstration Clubs at the annual district 3 meeting of the Texas Home Demonstration Association which met at Seymour April 10 at the Baptist Church. Elizabeth Elliott, county home demonstration agent, accompanied the group as their guest. Over 350 delegates and visitors attended the meeting from 18 counties which comprise District 3.

The varied program for the day carried out the theme—"Building the Peace." Accomplishments of Home Demonstration Club members in the various counties proved that a foundation for peace is laid in the home and this foundation is strengthened through Extension Work, carried on by Home Demonstration Clubs.

Speakers featured on the program included Wm. C. Galceran Jr., from the National Cotton Council; Mrs. C. A. Coffee, secretary of Texas Home Demonstration Association; Mrs. Eloise Trigg Johnson, Extension Specialist in Family Life Education; and Miss Lorene Stevens, Extension 4-H Club Specialist.

Mrs. R. M. Almanrode of Knox County was elected vice president of District 3 to succeed Mrs. Geo. Beavers of Wilbarger County. The group voted to hold the 1947 district meeting at Vernon.

Danger of Malaria Following Heavy Rainfall in Texas

Austin.—Dr. Geo. W. Cox, State Health Officer, today issued a warning against the danger of malaria following the heavy rainfall in Texas, which usually occurs during the spring and early summer months.

"Malaria will remain a major public health problem as long as breeding places are accessible to the female Anopheles mosquito," Dr. Cox said. "Every household should make sure that there are no tin cans, broken bottles, or other types of rubbish on his premises that will hold water and offer breeding places to this enemy of good health."

Dr. Cox pointed out that in our practice of mosquito control, we are sometimes like the man who locked the stable door after the horse was already stolen; we are content to wait until all our premises are swarming with mosquitoes before we bring ourselves into active warfare against these recognized agents of malaria transmission.

Dr. Cox further stressed the importance of conserving the public health and preventing the spread of disease in our present crowded conditions, and he also emphasized the fact that malaria is one of the more debilitating diseases, often causing its victim to lose weeks or even months from his regular employment or from school attendance.

Said Dr. Cox: "The best cure for malaria is prevention. Make sure your premises are free from any stagnant waters, in which may breed the female Anopheles mosquito that transmits the disease."

By the Rev. P. B. Fitzwater, Mem-
 ber of Faculty, Moody Bible
 Institute, Chicago.

The Purpose of Jesus' Temptation
 The temptation of Jesus was
 unlike any temptation experienced
 by man. It was not a case of the
 devil leading him into temptation,
 but of his being led by the Holy
 Spirit.

This was not a preparation for
 Christ's work, but rather his first
 conflict with the one whose de-
 struction he had come to accom-
 plish (Heb. 2:14; 1 John 3:8). It
 was not for the purpose of dis-
 covering if Christ would stand fast
 in the hour of temptation. It was
 not to see if he would sin.
 As Dr. I. M. Haldeman so clearly
 pointed out, this would make
 God guilty of setting up a scheme
 of redemption on the basis of a
 possible overthrow. It would also
 show that God's plan of redemption
 was unsettled until after the tempta-
 tion. It would make it contin-
 gent upon a possible failure.
 It would further deny the ab-
 solute and unalterable decree of
 God. Antedating creation, God
 not only knew all things but de-
 termined all things that should be.

The temptation was rather to
 demonstrate the supreme fact
 that there was absolutely no sin
 in Christ, and that there was no
 possibility of failure on his part.
 It was to exhibit him as an object
 upon which we may rest our faith
 with unshaken confidence. It
 proved that the humanity which
 the Holy Spirit created was insepar-
 ably united with the divine
 personality. The relation was in-
 dissoluble.

The first man Adam failed.

Christ is represented in the Scrip-
 tures as the second man, the last
 Adam (1 Cor. 15:45, 47). He was
 thus demonstrated to be the head
 of a new race, the very source of
 its life. Thus it is seen that the
 temptation, instead of being a
 preparation of Christ for his min-
 istry, was the opening battle of the
 dreadful conflict between him

and Satan.
 Since as the Redeemer of man-
 kind Jesus Christ sustains a three-
 fold relationship—the Son of
 Man, the Son of God, and the
 promised Messiah—each relation-
 ship was a ground of attack. And
 the instrument of defense was
 the Word of God, by which the
 enemy was routed.

Daughter of Thalia Couple Weds in San Francisco, Calif.

Mr. and Mrs. H. W. Banister of Thalia announce the marriage of their daughter, Marjorie, of San Francisco, Calif., to Keith Evans, also of San Francisco, which took place on Friday evening, April 12, in the 17th St. Church of Christ in San Francisco, with Bro. John Burkhardt performing the single ring ceremony.

The bride was attired in a slate blue dressmaker suit with pink face blouse, pink hat and navy accessories. For something old, she wore a ring of bloodstones and pearls which had belonged to her maternal grandmother and had been in the family for seventy-four years. For something blue, she had a blue handkerchief. She

carried a white Bible and her corsage was a single orchid. The couple was attended by Mrs. Eunice Corzine, sister of the bride, and Billy Cavender. Mrs. Corzine wore a black and white dress with black accessories and a corsage of red rosebuds.

Preceding the ceremony, Mrs. Betty McMillan and Miss Imogene Gilmore sang "I Love You Truly," after which the bridal party entered. They stood before an altar decorated with greenery and a huge floral piece made of white gardenias and on either side of the bride and groom had a candelabra with seven white burning candles, which provided the only lights for the occasion. Twenty-eight relatives and friends witnessed the marriage.

Immediately following the ceremony, a reception was given in the social hall of the church with Mrs. Corzine as hostess. After the bride and groom had cut the wedding cake, the guests were served cake and punch with Mrs. McMillan presiding at the cut crystal punch bowl. Thirty guests registered in the white leather bride's book.

Mrs. Evans graduated from the Thalia High School in 1942 and attended Abilene Christian College in Abilene and for the past two years she has been employed in San Francisco. Mr. Evans is the son of Mr. and Mrs. James Evans of San Rafael, Calif. He is a graduate of Odessa, Texas, High School where he figured prominently in football and was chosen as All-State end in 1911 and 1942.

Mr. and Mrs. Evans will make their home at 84 1/2 Eureka St., San Francisco, Calif.

A Hawaiian theme was used when the Junior class of the Gilliland School honored the Senior class with a banquet Saturday evening, April 20. The hall of the Senior class was decorated to resemble the Hawaiian Islands with artificial palm trees and grass drapery.

Hawaiian songs were sung by the Junior class and Hawaiian music was played softly throughout the evening. Serving the banquet were LaVern Bays, Joan Cade, Joyce Welch and Lavita Lou Massingill. They were members of the Sophomore class and were dressed in grass skirts, white blouses and wore leis around their necks.

COLUMBIAN CLUB

Wednesday, April 17, was "Texas Day" for the Columbian Club. The home of Mrs. C. R. Ferguson was the scene of the meeting and Mrs. Ferguson and Mrs. S. J. Ferguson were hostesses. The home was decorated with spring flowers. Roses and irises were arranged artistically on every table and spring time greeted from every nook and corner.

A bountiful covered dish luncheon was spread in the breakfast room and served buffet style at quartet tables placed throughout the reception suite.

A clever contest was arranged by the hostesses in which each one participated by telling an amusing incident. A cunning Easter bunny was presented to Mrs. C. C. McLaughlin as first prize.

A quotation "In San Antonio, where the sunshine spends the winter," introduced the program for the afternoon session. Mrs. H. A. Smith was leader and presented a splendid program.

Roll call, responded to with answers to the question, "Why do you like to live in Texas?" brought such replies as "It's so big," "It's home."

Mrs. T. L. Hughston brought a beautiful tribute in memory of prominent Texas club women who have passed on. Among the number were Miss Annie Webb Blanton, educator, one time state superintendent of schools and a prominent club woman; Mrs. Clara Driskoll, Texas Democratic committee-woman, an exponent of Art in Texas and known as the "Savior of the Alamo" and more recently as the "Savior of the Texas Women's Club Home" in Austin; Mrs. Maggie Barry who taught for years in Kidd-Kay College for Girls in the gay nineties and who was later connected with the Extension department of Texas A. & M. College and left a rich heritage to Texas women in the work of the Home Demonstration and Home Department of the Texas Federation.

Mrs. Pearl Carter gave an article on "The International Park of the Big Bend." With the improvements projected by the national government, the Big Bend Park will furnish all the grandeur, beauty and lure of any American vacation resort.

Father Serra's Rosary was described by Mrs. C. C. McLaughlin. This Rosary consisted of a string of missions built by Father Serra in California extending from Southern California as far north as San Francisco. The missions were of substantial adobe architecture and many of the furnishings were imported from Spain. The missions were not only religious institutions but educational as well. The early Indians were taught the better ways of living. Improved agricultural methods and many new plants for food and

ple in to Mrs. Roy Fox by May 3. Refreshments helping still further to carry out the Easter theme were served.

The next meeting will be in the home of Mrs. Pete Mayberry on May 1, at 2 p. m.

new fruits were introduced. As guests for the day, Mrs. Luther Roberts of Dallas, a charter member of the Columbian Club, Mrs. Percy Ferguson of Slaton, also a former member of the club, Mrs. H. Schindler, Mrs. R. L. Leonard of Memphis, Tenn., a guest in the home of her sister, Mrs. C. R. Ferguson, were welcomed.

Mrs. Grady Halbert, president, also announced that Mrs. Grady Magee, a member, had been awarded a \$5.00 prize for the best essay on "American Citizenship," which had been offered by the district chairman of citizenship. Mrs. Magee presented her prize to the club and was congratulated on her success.

ADELPHIAN CLUB

The Adelpian Club met on April 17, at the Club House with Mesdames M. S. Henry, R. R. Jones, Clint White and Jim Cates as hostesses. Mrs. Merl Kincaid, president, was in charge of the business session.

Mrs. T. B. Masterson Jr., was leader of the program on "Louisiana" and asked as the first number on her program, Mrs. R. R. Jones to sing the Louisiana State song, with Mrs. Wm. R. Ricks playing piano accompaniment. Mrs. Ricks also played a piano solo, "Ave Maria."

Mrs. Masterson reviewed Harnett T. Kane's "Bayous of Louisiana." Nothing could better illustrate the paradoxical quality of the good-bad south in general and of Louisiana in particular, than Mr. Kane's book, "Bayous of Louisiana." He writes of Louisiana bayous but is not concerned about the drainage system of a rich, low country. He defines and describes his bayous, then he moves quickly and with a contagious eagerness to the description of the people beside them.

From muskrat trapper to of great houses, they are always charming faults as well as in the virtues.

Mr. Kane tells the tale of Longfellow's Evangelicalism among all those who Acadian French who have down such strong roots wet Louisiana soil. They are gay, thrifty, clannish, romantic people.

During the social hour, delicious refreshment was served by the hostesses. Mrs. present and two guests, Louis Purvis and Miss Carter.

The club will meet May 1, with Mrs. Earl as hostess and Mrs. Richardson as leader on the "Art."
