

THE FOARD COUNTY NEWS

AND CROWELL INDEX

FIFTH YEAR NUMBER 49

CROWELL, FOARD COUNTY, TEXAS, THURSDAY, JUNE 20, 1946

EIGHT PAGES

AND OUT OF SERVICE

Vernon Garrett, son of Mr. J. A. Garrett, received discharge from Fort Sam Houston of last week and arrived home Wednesday. He is at San Francisco, Calif., after spending the past six months with the 13th Air at Manila and Clark Field Philippines. He spent some time in a hospital after receiving injury in a truck accident.

Lewis, son of Mrs. S. J. of the Vivian community, received a discharge from the hospital in San Antonio after six months, but has recovered and is now at the home of his mother. He returned from the Pacific on Oct. 1, 1945, and was discharged on Feb. 8, 1946.

A. R. Griffin, son of Mr. W. B. Griffin, is stationed at the 1st Army, Germany. He stated in a letter received by his parents that he would attend the War trials and would tell them later. He has been overseas since April and is with Co. M. P. Bn.

Guyon, Hickman received discharge after two years in the Navy. He arrived in Truscott last week.

Recommended to Control Horn Flies, and Mosquitoes

At the present, the only treatment recommended by the Texas M. College Extension Service for the control of horn flies and mosquitoes on livestock is DDT powder, according to Joe Burkett, County Agricultural Agent.

Decision to recommend DDT on livestock was made by a committee of entomologists and veterinarians who checked various sources of information. The committee will make further recommendations as research on DDT continues, says Mr. Burkett.

The committee pointed out that DDT is a wettable powder and is not recommended for use as a spray or dip. It is a powder that is applied to the animal's skin with the possibility of causing toxic results.

Reports of the U. S. Department of Agriculture's Agricultural Administration were issued August 22, 1945. "Oils should not be used on animals and are not recommended for use on buildings. They are an opportunity for DDT to be absorbed by the skin; on buildings they increase the possibilities of penetration of DDT into the walls where it is not accessible to the insect. On the other hand, water sprays made of DDT powder or suspension remain on the surface where treatments afford full adhesion for killing insects."

DDT in oil solution or emulsion is readily absorbed through the skin of man or animals. Persons using it in this way are urged to take special precautions to avoid repeated or prolonged exposure to the material.

It was noted that Dr. E. W. Chief of the Division of Entomology and Plant Quarantine, Dallas, has used DDT in solutions under controlled conditions without apparent injury to animals. The committee, however, that Dr. Laake states DDT in oil solution or emulsion should, if used, be used cautiously as it is a toxic material, and he further states that such as DDT in wettable powder form mixed with water is the most fool proof method by which to control horn flies and mosquitoes.

World-Wide Crop Conditions Good

World-wide crop conditions indicate that there will be more food produced in the world as a whole this year than last. But not as much as before the war. The U. S. Department of Agriculture says that crop conditions in nearly all parts of the Northern Hemisphere are more favorable than last year. More acreage is planted than in 1945, and indications are that yields will be better.

However, in war-torn areas, acreages are far below normal. And yields will be held down by shortages of supplies and equipment. So, even with a bigger world crop this year, the Agricultural Department says that continued saving and careful distribution of food will be necessary to keep hunger at bay next spring.

Some of the large varieties of sorghums migrate south for the winter.

BANANAS FOR AMERICAN TABLES . . . Choco Indian boy with silver bracelets, silver and bead necklace and painted face. The two painted used, black and red, come from the berries of native trees. The dugouts are carved from mahogany. The Choco Indians of Panama are believed to be the Western Hemisphere's wildest living tribe. Each dugout will hold half a ton of bananas.

J. N. Ribble Honored by Children on Father's Day

The children of J. N. Ribble with the exception of one, gathered at the family home on Father's Day to honor their father and his wife. The day was also the birthday of one of the daughters, Mrs. Esther Hardin. Both honorees received appropriate remembrances.

Those present were Mrs. Pearl Wright, Mr. and Mrs. Glenn Grissom and Winnifred Ribble, all of Sweetwater; Mr. and Mrs. Hugh Shaw and sons of Dallas; Mrs. W. O. Dunlap and son, Roger, and Mrs. R. M. Hudson and Dolores and Nelson Hudson, of Vernon; Mrs. H. A. Mathews of Sudan; Mr. and Mrs. W. H. Finley of Decatur; and Mrs. Esther Hardin of Crowell. Oran Ribble of Shawnee, Okla., was unable to be present. Callers in the afternoon included Mrs. Lewis Ballard and son, F. L., Mr. and Mrs. Carlton Ribble and family and M. C. Ribble of Crowell. All the out-of-town relatives have now returned to their various homes.

Texas Included in Wheat Sales Program

The Government is making plans now to get the wheat needed for export during the next year. Secretary of Agriculture Anderson has issued an order placing the wheat sales program in effect in all states north of the Ohio River and west of the Mississippi River, except Wisconsin and Arizona. Outside of this area the program will operate in Maryland, Pennsylvania and New York.

Farmers storing 1946 wheat in elevators and warehouses in these states will be required by the Government to sell one-half of all wheat delivered for storage. And one-half of all wheat bought by elevators and other commercial operators must be set aside for sale to the Department of Agriculture. The program will remain in effect until the Government has enough wheat from the 1946 crop to cover export requirements of 250 million bushels. That wheat will be used to help feed the hungry people in the war-stricken countries. The approximate ceiling price for wheat.

Texas wheat growers who plan to store wheat in commercial storage will be effected by this wheat sales plan.

Important Primary Election Dates

Following are important dates for candidates in the coming July Democratic primary to remember:

June 15—Last day for candidates seeking County and Precinct offices to have name placed on ticket.

July 1—Last day for filing first expense account. Candidates and campaign managers required to file election expense accounts no more than 30, nor less than 25, days prior to primary.

June 22—Last date for county and precinct officers to pay appropriate cost of election.

County Democratic Executive Committee Met Monday

The Democratic Executive Committee of Foard County met Monday, June 17. The committee voted unanimously to require a majority vote for election, which means that there will be a runoff election.

At this meeting candidates were assessed for costs of election, places drawn for official ballot and election judges appointed as follows:

Box No. 1, Crowell, Ben Greening; Box No. 2, Crowell, L. A. Andrews; Box No. 3, Crowell, Forrest Burk; Box No. 4, Crowell, Claudia Carter; Box No. 5, Margaret, J. S. Owens; Box No. 6, Thalia, C. L. Adkins; Box No. 7, Thalia, W. R. Moore; Box No. 8, Foard City, M. L. Owens; Box No. 9, Black, C. D. Hall; Box No. 10, Vivian, James Sandlin; Box No. 11, Rayland, Tom Lawson; Box No. 12, Good Creek, G. C. Owens.

J. N. Roberts is county chairman.

Vacation Bible School in Progress at Baptist Church

The daily Vacation Bible School of the Baptist Church has been in progress for two weeks and will come to a close with a commencement program at 10:55 Sunday morning at the church.

There has been a splendid attendance in the three departments of the school, Beginners, Primary and Junior. There has been an enrollment of 98 with excellent attendance each day. Those in charge agree that this is the best Vacation Bible School in the last two years.

All parents and friends are invited to attend the commencement and hear the program of work and see the handwork display.

Large Attendance at Bible School

The Vacation Bible School in progress at the Methodist Church is making splendid progress this week with 49 children in attendance and ten workers in direction. Music, Bible teaching, handicraft and other features of a Bible School are being taught and a good time is being had. Children who care to do so may enter the school yet and take advantage of the remaining days.

Good Rain Falls Wednesday Morning

Following a two-week period of hot weather and high winds, Foard County received more than a half inch of rain Wednesday morning. It measured .68 inch at Crowell and was general over the county, extending as far west as Floydada, it was reported.

Carl Taylor Died Monday Following Long Illness

Last Rites Held at Baptist Church Wed. Afternoon

Carl Taylor passed away at his home Monday evening, June 17, following an illness of six months. He received injuries in an accident on Dec. 3, 1945, which resulted in his death.

Funeral services were held Wednesday afternoon, June 19, at the First Baptist Church, with Rev. Otis Strickland, the pastor, officiating at the rites. Mrs. W. F. Statser and Miss Betty Zeig sang "The Old Rugged Cross" as a duet. Mrs. A. L. Rucker accompanied them, also the choir music.

Pall bearers were Otis Gafford, Bill Gafford, Virgil Johnson, Joe Johnson, D. A. Davis and Pete Gobin. Honorary pall bearers were A. W. Owens, George Fox, Jim Owens, A. B. Owens and Bernice Sanders.

Flower bearers were Mrs. Bill Gafford, Mrs. Virgil Johnson, Mrs. Jodie Owens, Mrs. Hazel Marlow, Mrs. A. W. Owens, Mrs. A. B. Owens and Misses Hallie Sanders, Nancy Jo Godwin and Lola Mae Fox.

Interment followed in the Crowell cemetery under the direction of the Womack Funeral Home.

Julius Carlton Taylor was born in Chattanooga, Tenn., on May 25, 1890. He was married to Miss Inos Angelina Minyard on August 12, 1911, in Abilene. Seven children, four girls and three boys, were born to the couple, all of whom survive.

Mr. and Mrs. Taylor came to Foard County in 1911, and have resided here continuously since that time. He united with the Margaret Baptist Church in 1916. Mr. Taylor was a good man, a good husband and father and neighbor. He bore his suffering patiently.

Survivors include the wife, the seven children, as follows: Mrs. Robert Bonsel, Allen Taylor, Mrs. Dallas Marlow, Mrs. Freeman Hopkins, Mrs. Joe Fox, Glen Taylor and Mark Hill Taylor, all of Foard County. Nine grandchildren, all survive and one brother, Ed Taylor, of Abilene and a host of other relatives and friends.

AUSTIN TO UNO . . . Sen. Warren R. Austin, 68, Vermont Republican, who has been named by President Truman as U. S. representative of the United Nations security council to succeed Edward R. Stettinius Jr.

Ben Seale Died in Crowell Hospital Friday Night

Burial Made in Apache, Okla., Sunday Afternoon

Ben Seale, father of Jack Seale, passed away at the Foard County hospital on Friday night, June 14, following an illness of a serious nature for only a short time.

Funeral services were held at Apache, Okla., the old home of the deceased, on Sunday, June 16, at 2:30 o'clock at the First Christian Church there. Pall bearers were friends in Apache: Frank Myers, Dan Simmons, Howard Smith, Tom Teany, Jim Manor and Jack Waterbury. Interment was made in Apache by the side of his wife.

Mr. Seale was born in Montgomery County, Mo., on May 3, 1861. He moved to Apache in 1909 and had resided there since then with the exception of short periods of visiting with his son here and with a sister in Missouri. He married Miss Betty A. Johnson at Wellsville, Mo., on Feb. 5, 1890. She passed away in Apache on Jan. 14, 1941. Mr. Seale had been retired for a number of years. He had many friends in Crowell and every place he resided.

Survivors include one son, Jack Seale, one granddaughter, Betty Seale, of Crowell and one sister, Mrs. Addie Nutter, of Bellflower, Mo.

Mr. and Mrs. Seale and Betty were accompanied to Apache by Mr. and Mrs. T. S. Haney, John Rasor, Merl Kincaid and Clarence Haney. Others attending the funeral from this area were three men from the Quanah West Texas Utilities Office of Quanah: Gerald Hale, Maurice Stringer and A. M. Page.

Candidate Rally to Be Held at Rayland Tomorrow Night

The Rayland Home Demonstration Club is sponsoring a candidate rally to be held in the gin lot tomorrow (Friday) night, June 21, it was announced this week.

Everyone is cordially invited to attend, according to the announcement made by members of the club. Ice cream and cake will be served.

Roping Club Members to Meet Friday Night

A meeting of the Crowell Roping Club is set for Friday night, June 21, at 8 o'clock in the offices of the West Texas Utilities Co., Bill Bell, president, announced Wednesday morning.

Important business is to be attended to by all members and honorary members are urged to attend this meeting.

Ways to Reduce Consumption of Wheat Products

Full effect of the wheat procurement program will be felt by civilians during the next 60 days but no one will be hungry because of these shipments to famine areas. A. W. Barker, chairman of the County Committee, has announced.

More than 81,000,000 bushels have been acquired since May 1 for shipment as wheat or flour to famine areas. It is impossible, Mr. Barker said, to remove this much wheat from present supplies without creating shortages somewhere along consumer lines. But, he continued, there will be less distress and inconvenience if every person continues to co-operate wholeheartedly in the voluntary conservation campaign.

This includes shifting from the less plentiful to the more plentiful foods, especially fresh fruits and vegetables, eating one-third less wheat products than formerly and reducing greatly the consumption of pastries. By eating less pastry, each person can help channel limited supplies of flour into bread.

Grasshopper Bait Now Available

Farmers are urged at the first sign of grasshoppers in their crops, to start poisoning for them.

Grasshopper poison material is now available at the Farmer's Gin, Crowell. There is someone at the gin to mix the bait, according to Joe Burkett, County Agent.

Each farmer will be expected to bring sacks in which to put the mixed bait.

Picture of Every Service Man and Woman in County for Service Book Is Urgent; Call for Questionnaires

The Foard County News hopes to have a picture of every service man and woman in this county in the picture service book to be published soon. Since it costs nothing to have the picture published in the book, it is hoped that veterans and their families will respond wholeheartedly in order that the book may be truly representative of the county.

Announcement that the book is to be published has met with enthusiastic response, and it is expected to become a valuable source book on this county's contribution to the war. For this reason, it is considered important to have all men and women who served in World War II from this county represented in the book, and the News is appealing to all veterans to respond for this reason, if for no other.

The publisher urges all veterans or relatives of veterans to bring in their pictures. Those pictures will be returned undamaged, and they will be included in the book at no cost whatsoever. Pictures may be brought in either by veterans or their relatives. The best available pictures are desired, and, although they should show the subject in uniform, this is not necessary. If a picture in uniform is not available, one in civilian clothes will be accepted. This is in line with the News' desire to make the book truly representative of the county.

The book will be very similar to school annuals in composition and appearance. It will feature write-ups, alongside the pictures of the individuals. There will be no advertising. Thus, it will be something of which every veteran can be proud in the years to come. Copies are to be sold on order. Because of the paper shortage the printing will be limited to the exact number of copies ordered, and it is important that the order be placed as soon as possible.

Wm. T. Dunn Killed by Train Near Orange Tuesday, June 11

William T. Dunn, a prominent citizen of Mauriceville, Texas, was killed instantly Tuesday morning, June 11, on a side track of the Missouri Pacific railroad near his home.

Mr. Dunn apparently had gone from his rice field near the railroad track to a point on the switch track to look at a recently killed yearling. He may have heard the train approaching but thought it was on the main track and so paid no attention to the frantic signals used by the engineer when he saw the man on the track and found it was impossible to stop the train before hitting him. The train is said to have been moving at a speed of about ten miles per hour.

Mr. Dunn was 69 years of age and had resided in that community for 48 years, having gone from Foard County there as a rural school teacher. He was a leading Orange County citizen, stockman and farmer, a member of the Methodist Church and of the Woodmen of the World.

Survivors include the wife, seven sons and one daughter, 11 grandchildren and six brothers, Frank Dunn of McLeans, Abb Dunn of Margaret; Bud Dunn of Bakersfield, Calif.; Mike Dunn of Shreveport, La.; Epp Dunn of Starks, La.; and Ed Dunn of Crowell; four sisters, Mrs. Myrtle Taylor, Mrs. Verda Bell and Mrs. Fannie Middlebrook of Margaret; and Mrs. Ona Belle Roberts of Elida, N. M. His step-mother, Mrs. Laura Dunn, of Crowell, also survives. His father, the late W. T. Dunn, a pioneer of Foard County, died here several years ago.

Funeral services were held at Mauriceville on Wednesday afternoon, June 12. Abb Dunn, Ed Dunn, Mrs. Taylor, Mrs. Bell and Mrs. Middlebrook attended the funeral.

No Water Being Pumped from Old Lake or Wells

Within the past few weeks it has been rumored that the City had been pumping water from the old lake or wells to supplement the water supply for Crowell. This rumor is not true and Mayor Jim Cook and the City Council want the public to know that no water has been pumped from the lake in about eighteen months. One mile of the line was taken up when the new system was installed, Mr. Cook stated.

There is plenty of water in the six wells north of Margaret, but the pumps are too small. A larger pump was ordered on February 1, but will not be shipped until June 26. When the new pump is installed the City will be able to get 80 gallons more water per minute than at the present time.

"We are taking every precaution to keep an ample water supply and request that you please do not listen to street gossip," the mayor further stated.

Officers Elected for Royal Arch Chapter

Officers for the ensuing year for the Crowell Chapter No. 276, Royal Arch Masons, were elected at the regular convocation of the chapter at the Masonic hall Friday evening, June 14.

They are as follows: Charles Ferguson, most excellent high priest; C. C. Wisdom, excellent king; Lee Black, excellent scribe; Wm. Wisdom, principal sojourner; W. S. J. Russell, captain of the host; T. B. Klepper, royal arch captain; Bill Bell, master of the first veil; A. L. Davis, master of the 2nd veil; E. H. Cooper Jr., master of the 3rd veil; G. L. Cole, guard, and J. A. Stovall, secretary.

District Prize-Winning Essay Wins State Honors

Mrs. Grady Maeze, who recently won the district prize in an essay-writing contest on "American Citizenship," offered by the 7th District of Federated Women's Clubs, has been notified that her essay which was submitted in the state contest, had won first place in that contest. She received a letter of congratulations from the state president on her attainment.

\$1,000,000 Worth of Wheat Shipped from Foard County

Over one million dollars worth of wheat has been shipped from the elevators of Foard County. It has been estimated that the 556 carloads that have been sent out would total around 600,000 bushels and if sold at the present price would bring \$1,032,000.

It is predicted that canned goods of all types is going to be scarce this fall and winter due to the lack of tin from which the cans are made. As a result it is expected that many perishable foods will be wasted such as peas, corn and tomatoes, because of

Place Order Now

Because of the shortage of paper, the printing of the Foard County War Service Book will be limited strictly to the number of orders placed in advance. Those wanting books should place orders now. This will make it possible to supply everyone with books, and anyone may order a book, regardless of whether a relative served in the armed forces. The book will sell for \$3.50.

Rotarian J. R. Weiss of Lubbock and James Weiss, manager of the Weiss Farm Equipment in Crowell, were visitors at the Wednesday noon meeting of the Crowell Rotary Club at the DeLuxe Cafe.

The program was brought by Representative Claude Callaway, who made an interesting talk concerning future legislative problems of the state.

Arrangements have been completed by the president and board of directors to honor the Rotary Ann's with a banquet to be held in the basement of the First Baptist Church on Tuesday evening, July 2. The banquet will be served by the Business & Professional Women's Club.

visiting friends and relatives for the past few weeks in Sweetwater and Big Spring, returned home Saturday.

Dorothy and Herring Dodd of Lubbock spent the week-end with Mrs. Dodd's parents, Mr. and Mrs. C. D. Hall.

Mr. and Mrs. Charlie Hunter and Mr. and Mrs. Milton Hunter visited in the home of Mr. and Mrs. Arthur Bell Monday night.

Jean, June and Glen Carroll of Gambleville spent the week-end with their grandparents, Mr. and Mrs. C. D. Hall.

Mrs. John Benish of North Zulch stayed from Wednesday until Saturday with her niece, Mrs. Henry Haisal.

C. D. Hall and son, Milton, spent Saturday fishing at Lake Pauline, and later in the day visited their daughter and sister, Mrs. John W. Roberts, of Quanah.

Wilborn and Elmer Nichols visited in their homes Saturday night after combining wheat for the past week near Plainview.

Mary Ruth Jones visited in the home of Jo Ann Nichols Saturday afternoon.

Mr. and Mrs. Homer White visited in the home of Mr. and Mrs. Walford Thompson Monday night.

Safety Council Is Fearful of Accidents on July 4 Week-end

Chicago, June 17.—Fourth of July may see a holiday-starved public roll up the greatest mileage ever recorded on the nation's speedometers in any one week-end, the National Safety Council said today.

More important, the Council fears it will be the deadliest week-end in the country's accident history—unless the emergency is met with emergency caution by everybody.

More than 20,000,000 vehicles will pack the highways during the four-day holiday period, the Council estimated. They will travel more than four billion miles.

Mobilizing to avert the threatened disaster, 150 national organizations are co-operating with the Council in a nationwide Fourth of July campaign to consolidate public and official support behind the slogan, "Be Alive on the Fifth!"

In appealing for public co-operation in the campaign, Ned H. Dearborn, president of the Council, said, "I hate to throw cold water on holiday anticipation, but we still have the same combination of facts which led the Council before V-J Day to predict the present upsurge in accidental deaths.

"More travel, a long-awaited vacation season in full swing, worn out tires and cars, run-down highways and a carefree attitude that often becomes a careless attitude—all this simply adds up to more tragedy. A prediction can't spoil your holiday, but an accident can."

Science Scratches Poison Ivy Off List

Science has happy tidings this summer for American vacationists allergic to that "Dracula" of summer vegetation known as poison ivy. The good news comes in the form of a new war-born chemical called 2, 4-D (Dichlorophenoxyacetic acid), now available to operators of vacation playgrounds and owners of summer homes and camps.

When sprayed on poison ivy plants, this new running mate of the other new chemical wonder, DDT, will render the obnoxious weed totally harmless. The nasty stuff collapses soon after spraying, as the chemical penetrates to the very roots of the plant and actually strangles it to death. Experiments conducted by Sherwin-Williams scientists show that 1, 600 square feet of a weed-infested area can be covered with approximately \$1.00 worth of the chemical 2-4-D, or Weed-No-More.

Each year additional thousands who have never contracted ivy poisoning before find themselves no longer immune; therefore cutting or pulling the plants and roots out by hand is a chance not worth risking. It has also been proved that ivy poisoning may be contracted merely by contact with smoke from fires in which the plants are being burned. Killing them by spraying not only is much simpler and more effective but eliminates any danger of a person's becoming sensitized.

Once the ivy poisoning enters the blood stream the victim is usually faced with six more years of summer misery before it "burns" itself out. Merely being near the plant growth, even without actual contact, often causes a recurrence, according to published case histories.

It is indicated that in summers to come, vacationing nomads can wander through sprayed woodland areas in most sections of the country without fear of this vacation spoiler, proving that science has marched on ahead.

That part of the coconut we eat, the kernel or the meat, is copra, which is dried for shipping.

An average golfer will drive the ball off the tee at a two-mile-a-minute clip.

Hon. Ed Gossett Releases Platform for Re-Election

Congressman Ed Gossett has authorized the News to publish the following announcement of his candidacy for re-election:

"Our country is now faced with many serious problems which vitally affect her peace and security. I shall discuss these problems with you during the campaign insofar as opportunity affords. Only a few matters can be mentioned here.

Foreign Policy

"To win the peace is a sacred obligation. To this end, America must remain forever the strongest power on earth. She must repudiate policies of isolation and appeasement. She must deal with firmness and justness.

Domestic Policy

"To be strong abroad we must be strong at home. The greatest menace on the home front is organized selfish minority pressure groups. Few Congressmen have been as active or outspoken against all such groups as have I. The most dangerous of these groups is the Political Action Committee of CIO, led by communistic, Russian-born Sidney Hillman. I have been a leader in defeating some of the radical schemes of said PAC-CIO, such as the FEPC and bill which sought to guarantee full employment at government expense.

Blacklisted by PAC-CIO

"Because of my effective opposition to this program of national socialism, because of my condemnation of its dangerous political activities, the PAC-CIO is actively fighting me and has placed me at the top of its purge list for Texas. A vote for Ed Gossett is definitely a vote against this gang which seeks to dominate and

destroy American democracy.

Strikes and Monopolies

"Ever since I came to Congress I have spoken, worked and voted for a sane labor policy. On June 6, 1941, I stood on the floor of the House and criticized the President's failure to deal firmly with the bosses of industry and labor, and predicted disastrous results. I have often condemned monopolies, demanded trust-busting, insisted upon equal restrictions and responsibilities for both the bosses of industry and of labor; and have contended that public rights are superior to the rights of any individual or group. I called for action against John L. Lewis when he closed the coal mines in the midst of war. I was the first member of Congress to condemn his recent coal strike and to predict its dire consequences. The government car and should protect all the people of this country from all forms of racketeering.

Bureaucracy and Regimentation

"America's standards of living cannot be maintained, much less raised, under excessive regimentation. There is a happy medium between no regulation and complete regulation. Again, we can and must reduce the size, cost and activities of the federal government. We need less and better administration. The executive has grown too powerful at the expense of the legislative branch. We must restore a decent balance of power between the branches of government, making each serve more effectively as a check and balance against the other.

Constructive Service

"As your Congressman I have been a leader in our long fight for freight rate equality, and have done much effective work on this and other problems of importance to our section. I have been the recognized leader in the House for restricting immigration, and for better enforcement of immigration laws. My work in this field has just begun.

"I have always been a loyal member of the Democratic party, and believe it is superior to all others. However, one serves his party most who serves his country best. Today, more than ever before, statesmanship should be placed above politics. As an experienced fighter in Congress-

al ranks I believe my re-election important to the maintenance of sound American principles."

And when ye stand praying, forgive, if ye have ought against any: that your father which is in heaven may forgive you your trespasses.—Mark 11:25.

According to the Social Security Board unemployment compensation was paid to 1,573,000 unemployed persons during the month of March. At the same time around three million jobs were looking for workers.

According to Herbert Hoover if all of the hungry people of the world were lined up in single file they would reach five times around the world.

It requires about two months for the wheat harvest to move from Texas to Canada.

The railroad union head is said to have intimated that a considerable portion of the \$47 million treasury fund will be spent in an effort to defeat President Truman. The statement is but another evidence that we will not have a truly democratic form of government in this country until we limit the terms of our President and members of Congress to one term of six years. These officials should feel free to act according to their best judgment and without fear of reprisal. Democratic government means government in the interest of the whole people, not an organized minority.

If a poll of radio listeners were taken it would show by a large majority that listeners believe there are too many commercials or too much advertising. Unlike newspaper advertising radio advertising contains very little if anything that is interesting or informative. It consists mainly of the repetition of trite and tiresome expressions and phrases.

Those who have always felt that money, mere dollars, meant prosperity have a new slant on it now that they are running around with their pockets full of dollars and nothing to spend them for.

Most people would be willing to pay 35 to 50 cents a ton more for the coal used to heat their homes if they knew the miners would be underpaid and improperly cared for without the increase.

Able bodied persons in Kansas, who didn't want to work, according to an exchange from that state, drew \$10,251,249 in unemployment compensation during the first four months of 1946.

John Q. Public thinks the coal strike is settled until John Q. Public pays the bill which it will give an opportunity to do from now on out.

Of the 3070 counties in the United States, 952, nearly one-third of them are dry.

CONSERVE AND SERVE

Advertisement for Fuller's cooking fat featuring an illustration of a woman and a child, with text: 'THOMAS FULLER SAID: "WILFUL WASTE BRINGS WOEFUL WANT." Use and reuse every drop of cooking fat, and then turn it over to your meat dealer. Conscientious salvage means more soap for you and more edible fats and oils released for shipment abroad.'

What We Think (By Frank Dixon)

The newspapers and radios of the nation announced triumphantly week before last that the coal strike was settled and that the miners would go back to work.

With the announcement that the danger of a long drawn out strike had been averted and that things would be rolling along as usual, a huge sigh of relief went up over the nation and the country dusted off its hands with as much as to say, well, we got over that difficulty, now our troubles are all over.

Let us see if they are. In the settlement of the coal strike the owners and operators of the mines were set aside. The government stepped in and taking the place of the mine owners gave to John Lewis all that he had asked for—and more. The owners of the mines, the men who have their money invested in them and who have developed them are now told that they can only have their mines back when they sign the contract with John Lewis. If the owners refuse or fail to do this the government will continue to operate the mines, in effect dispossessing the owners of their property and depriving them of all the benefits and any earnings, since any profits that might accrue under government operation will go to the federal treasury and not to the mine owners.

One has only to look at this picture and apply it to his own business, put himself in the position of the mine owners to realize and understand just what such an action on the part of the government means to all private industry in this country.

Its effect upon industry extends further than the coal mines since the action of the government establishes a precedent that may be invoked in every major industry in this country. The manner in which the coal strike was settled did not solve the strike problem in this country. It made it infinitely worse. It has set up a precedent that invites every labor leader to make any demands he can think of, call a strike and then lay the whole thing in the lap of the government, if he cannot force industry to surrender, with the assurance that his demands will be granted, even though in the process the government should dispossess the owners of the industry and take from them their property without due process of law.

We are not concerned with the merits of the miners or the mine owners representations. They may be just and fair and they may not. What we are concerned with is the helpless, floundering, slipshod manner in which differences as to wages and working rules are handled and decided by the government under the present system.

I contend that our manner of handling differences between labor and capital is wrong, basically, fundamentally wrong. It will never work because it is wrong. In my opinion differences between management and labor, when they cannot be promptly adjusted, should be referred to a court just as civil and criminal cases are referred to courts. These courts, properly set up, should decide the merits of each case and both parties be bound to abide by the decision the same as they are bound in civil and criminal courts.

If we can try a man for his life and liberty before a court and make it stick we can certainly adjust with equal right and equity a difference in the matter of pay and working rules and make it stick. This is the orderly process to which we must come.

According to the records of the Federal Bureau of Investigation, youthful offenders headed the list in 1945. Basing its reports on finger print arrests received, the Bureau reports that persons under twenty-one years of age committed 30.1 per cent of the rapes, 35.5 per cent of the larcenies, 35.2 per cent of the robberies and 49.8 per cent of the burglaries and 61.1 per cent of the automobile thefts.

IN THE NEWS 30 YEARS AGO

Items taken from the June 23 issue of the Foard County News of 1916 are as follows, Martin & Kimsey, publishers:

Fire broke out in the Elite Cafe on the west side Sunday night about 9:30, but was discovered just in time to save the entire block from destruction.

In this issue of the paper a story of the life of Mrs. Sarah Catherine Ferguson, mother of the Ferguson brothers, appeared at which time she was 88 years of age. Mrs. Ferguson, at that time a widow since her husband died in 1876, came to this section in 1880 and filed on a section of land. She reared nine sons and five daughters to be grown.

C. P. Sandifer returned last week from various points east. He spent one day at the National Democratic convention in St. Louis.

Miss Leona Young left Monday for Nashville, Tenn., where she will take an 11-weeks' course in special primary work at the George Peabody College.

Sheldon and Maude Ferguson left Wednesday for a few weeks' visit to their aunt's at Gainesville.

Jim Minnick and family left this week for New York City where they will spend several weeks visiting Mrs. Minnick's relatives.

Furd Halsell is here from Fort Worth for a few weeks' at his big ranch.

Former Governor O. B. Colquit, candidate for the United States Senate, addressed the voters of Crowell and community Thursday evening.

Jesse Whitfield and family arrived this week from Rusk County where they have been residing for some time, having come through in a Ford.

J. W. Combs, president of the Haskell Telephone Co., was here this week looking after the business. He found everything in good condition, and paid some high compliments to W. B. McCormick, manager for Crowell. Besides being one of the best telephone men in Texas, Mack is one of the best fellows in the state.

Super-Chickens Goal of Texas Poultrymen

Nearly 7,000 chickens have been entered by poultry breeders in the Texas section of the national Chicken-of-Tomorrow contest. F. Z. Beanblossom of Texas A. & M. College, chairman of the state contest committee, has announced.

The best of these birds will be displayed and judged at a site to be selected by the state committee when the current 14-week growing period for the entries closes on August 21. The 1946 winner will be awarded \$100, while the state committee also has provided suitable runner-up prizes. All contestants will be eligible for the \$5,000 national championship award or part of the \$3,000 in regional prizes to be awarded in 1948 by A. & P. Food Stores, which initiated the three-year breeding program.

Beanblossom said the objective of the contest is to encourage poultrymen to develop meatier chickens which will have at least 10 per cent more meat in relation to bone structure, combining this with higher egg-laying ability. Contestants include professional breeders, 4-H and Future Farmer Club members, hatcherymen and backyard flock owners.

The easiest way to fight inflation is by producing more and more goods. At the present time we are trying the hard way by producing less and less goods.

Washington News

By Congressman Ed Gossett, 13 District of Texas.

Washington, D. C., June 15.—The most notable event of this week in Washington was the President's veto of the Case Bill. This was a great disappointment to many of us who have tried for years to secure amendments to existing laws giving the government more control over the labor bosses.

We lacked five votes getting the necessary two-thirds majority in the House to override the President's veto of the Case bill. The Case bill provided in brief the following:

- 1. It would create a new Federal Mediation Board and authorize it to try—by mediation, conciliation and voluntary arbitration—to secure peaceful settlement of disputes, and prohibit strikes for 60 days while mediation is going on.
2. It would authorize fact-finding procedure for disputes affecting public utilities, with a maximum of 65 days in which strikes and lockouts would be prohibited.
3. It would authorize labor unions and employers to sue each other in Federal courts for breach of contract, imposing on both the responsibility of living up to signed contracts.
4. It would prohibit secondary boycotts by unions as a weapon in their battles with employers or with other unions. This would give protection to the public and to employers against boycotting of goods produced by innocent employers and employees who have no connection with the controversies.
5. It would subject to Federal Anti-Racketeering Act penalties unions found guilty of obstructing commerce by robbery or extortion. The need for this is in eastern cities, like New York for example, where the Teamster's Union has followed a practice of way-laying innocent farmers with trucks of produce and by violence and threats extorting money from them before allowing them to enter such cities to sell their products.
6. It would require union-employer control over the use of health-and-welfare funds contributed by employers through production royalties or pay-roll levies. John L. Lewis demanded that he have exclusive control over such funds.
7. It would allow foremen to join unions but leave employers free to refuse to recognize unions as bargaining agents for foremen. Foremen are supposed to represent and be responsible to management in the supervising of workers.
8. During the early years of this country America suffered from industrial oppression. The giant corporations ran roughshod over labor and the public alike. Labor was compelled to organize to secure reasonable wages and reasonable working conditions. The government was compelled to bring anti-trust suits and to enact laws for the control of big industries and public utilities. Now the pendulum has swung to the other extreme and the public has been made to suffer, this time principally from abuses of the labor bosses. Industry is entitled to reasonable profits and labor to rea-

INSURANCE General Lines of Fire, Windstorm, Casualty, Life, Sickness and Accident. It is always the unexpected that happens. See us and protect yourself before it happens. Hughston Insurance Agency

sonable wages. However, when goods or services bring more than honest values the consumer suffers. The small business and agricultural sections of America have long paid tribute to the big industrial centers. The increased prices and wages in the giant industries of the north and east have not only led the inflation parade, but have increased the tribute which our section pays to the industrial sections.

No group in America, no section of America, is entitled to take advantage of any other group or section. It is the duty of the government to write the rules of fair play and to enforce those rules. This has not been done largely due to the political power of the big labor bosses. The President's veto of the Case bill was a tragic mistake. Unless this mistake can in some way be removed at an early date the public will continue to suffer.

Home Town Thoughts

Anyone who does good and faithful work on his job helps the progress of the town. Advertising adds new power to a business. It greatly increases the number of people interested in a concern's offerings, and draws many more people to its place of business.

Now is a good time to look over the home place and consider what it needs for repairs, improvements and beautification. Remember the good old days when we all thought that a year after the end of the war we would be all at work making the gadgets and things that we had to do without during the war and for which we had all saved up a few dollars.

Richard Halliburton, the famous author, crossed the Alps on an elephant.

R. L. Hightower of Covina, Calif., was here this week visiting relatives and old-time friends.

Percy Ferguson of Slaton spent Wednesday and Wednesday night visiting his mother, Mrs. S. J. Ferguson.

A baby daughter, Terri Dee, was born to Mr. and Mrs. Jack Thomas in a Vernon hospital June 14. Mother and baby were brought home today.

Miss Modena Stovall and Mrs. Clyde Eddy visited in Wichita Falls Sunday. Miss Stovall visited Lt. and Mrs. R. D. Walker and Mrs. Eddy visited her sister, Mrs. Snow and husband.

Mr. and Mrs. A. C. Pechacek and daughter, Katherine Ann, of Eddy, Texas, former Foard County residents, and Mr. and Mrs. H. L. Kabella of Temple, and Miss Janie Slovak of Los Angeles, Calif., spent the week-end here visiting relatives and friends.

Eva Lois Gray, daughter of Mr. and Mrs. M. T. Gray, submitted to an operation for appendicitis in a Vernon hospital Monday. Her brother, Johnnie Ray Gray, and his wife of Amarillo are with her. She is reported to be improving satisfactorily.

Mrs. W. E. Hocker of Gainesville is here visiting her daughter, Mrs. Lewis Sloan, and husband. Mrs. Hocker and Mrs. Sloan recently returned from a vacation trip to Colorado, Kansas and Oklahoma, with their son and brother, J. R. Hocker, and family of Gainesville.

Salt Will Help to Prevent Heat Cramps

Austin.—If your work is such that it causes excessive perspiration, add a pinch of ordinary table salt to each drink of water you take to help prevent heat cramps. This is advised by Dr. Geo. W. Cox, State Health Officer, to prevent a possible increase in the number of heat victims as the Texas thermometer hits 95 degrees and above.

Laborers, mechanics, farmers and white collar workers whose work causes them to sweat profusely, are in danger of having their body salt content become deficient with resulting heat cramps or heat lag. Salt is a prominent constituent of sweat; the body may lose as high as 40 to 50 grams of salt during hot days.

In industry, a method of preventing heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.

Heat cramp is characterized by pains (cramps) in the abdominal region, headache, and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency; then the abdominal muscles begin to cramp.

Darrell Meadors of Los Angeles, Calif., spent several days here last week visiting his aunt, Mrs. Owen Rader, and husband and his grandfather, B. C. Franklin. He was recently discharged from the Navy.

VIVIAN

(By Mrs. W. O. Fish)

Mrs. T. S. Patton, Miss Ella Patton, Mrs. Milton Hunter and children, Don and Patsy, of Crowell visited in the home of Mr. and Mrs. T. W. Cooper Friday of last week.

Mr. and Mrs. I. D. Gilbert and Misses Bessie, Myrtle and Neoma Fish, attended the funeral of Mrs. Horace Stephens in Paducah Monday afternoon.

Mrs. Maude Raspberry and son, Mike, and Grandma Rutledge spent Sunday in the home of Mr. and Mrs. Charles Ferguson of Crowell.

Mrs. L. R. Emerson of Austin is visiting in the home of her sister, Mrs. M. S. Henry, and husband.

Joe Mark Magee has returned from Moline, Ill., where he visited his brother, Milton Magee, and wife.

Reed Henderson of Kilgore visited last week in the home of his sister, Mrs. Lewis Godwin, and family.

Arnold King and Burl Baker of Burkett visited Saturday in the home of Mr. and Mrs. Lewis Godwin.

Mrs. S. H. Ross and daughter, Rebecca, went to Collin County last week for a visit with relatives at Anna and McKinney.

Misses Carrie and Eva Hughston of Dallas are guests in the home of Mr. and Mrs. T. L. Hughston this week. They arrived Saturday.

Mr. and Mrs. Richard Ferguson and daughter, Betsy, left Monday morning for San Antonio to attend the State Druggists' convention.

Mrs. Dwight Campbell left Monday for Long Beach, Calif., where she will visit in the home of her daughter, Mrs. John Binnion and husband, for several weeks.

Lea Reynolds of Abilene spent the week-end with Clinton McLain in the home of his mother, Mrs. P. H. McLain.

Mrs. Cressie Erwin, James Erwin and Ray Gibson are in Monahan for a few days' visit with Mr. and Mrs. Rollins Harris.

Mrs. Fred Wachsmuth and son, Bobby, of Harlingen, are visiting in the home of Mrs. Belle McKown and other relatives and friends.

Mr. and Mrs. Ted Kocella have returned to their home in Wichita Falls after visiting in the home of Mrs. Kocella's mother, Mrs. Cressie Erwin.

Miss Frances Ann Ayers, student in T. W. C. at Fort Worth, is at home to spend the summer with her parents, Mr. and Mrs. Roy Ayers.

Jimmie Cates of Long Beach, Calif., is here visiting his grandmother, Mrs. A. E. McLaughlin, and relatives and friends.

Mr. and Mrs. Ely Jones and four sons of Brownfield are visiting Mrs. Jones' sister, Mrs. Clyde Powley, and family of the Vivian community, and her brother, Fowler Carroll, and family of Crowell.

Carolyn Bell, daughter of Mr. and Mrs. Alton Bell, is recovering satisfactorily in a Vernon hospital, following an appendectomy several days ago.

Mr. and Mrs. Jack Sparks and children, Joe and Mike, spent the week-end visiting in the home of Mrs. Sparks' mother, Mrs. P. H. McLain.

Mr. and Mrs. Edward Briscoe of Denver, Colo., have been visiting in the home of his parents, Mr. and Mrs. Elmer Briscoe. They have now gone to Houston to visit.

Claude McLaughlin, who is employed by Earl G. Lane of Crowell, in Manter, Kansas, installing elevator scales for the wheat harvest, spent the week-end in Crowell.

Miss Charlene Lankford, daughter of Mrs. Henry Lankford, has gone to Wichita Falls where she will attend a Business College. She has recently been graduated from Crowell High School.

Charlie Hunt of Sand Springs, Okla., spent Sunday visiting in the home of his father-in-law, G. A. Mitchell. He attended the funeral of his sister-in-law, Mrs. Wiley Hunt, in Vernon Friday.

A baby son, Philip, was born to Mr. and Mrs. M. M. Welch in a Vernon hospital Tuesday of last week, June 11. Mrs. Welch and baby were brought to the Foard County Hospital in Crowell Sunday.

Roe C. Bird of Mont Bellview, Texas, a former Foard County resident, was here the latter part of last week looking after his farming interests here. Mr. Bird and his wife are teaching school at Mont Bellview.

Bishop Selecman Radio Speaker on Methodist Hour

Bishop Charles C. Selecman, former president of Southern Methodist University and resident bishop of the Dallas area of the Methodist Church, will be heard on the Methodist Hour on Sunday morning, June 23, at 7:30 o'clock. The radio speaker served as pastor of Trinity in Los Angeles, Calif., and First Methodist Church in Dallas prior to his election as president of S. M. U. He was elevated to the episcopacy in 1938 at the General Conference of the former M. E. Church, South, and since 1944 has been serving as resident bishop of the Methodist Church in the Texas conferences. Dr. Wm. F. Quillian, executive secretary of the Southeastern Jurisdictional Council, Atlanta, Ga., will introduce Bishop Selecman. The Methodist Hour is broadcast over an independent network of 38 stations which covers all the states in the South and Southeast and is presented in cooperation with the Southern Religious Radio Conference. Station WFAA, Dallas, will carry the program.

And Now "Maisie" Flies Helicopter

That incorrigible Maisie is back again in a new adventure designed to win more friends and probably influence people in an acceptance of that mysterious new mode of travel, the helicopter. "Up Goes Maisie," starring Ann Sothern, with George Murphy as her newest romantic interest, will be shown Sunday and Monday, June 23 and 24, on the Rialto screen. The helicopter making its first serious cinematic bow, promises to create unparalleled interest on the part of the scientific minded and to give others in the audience a new variety of thrill.

The signing of George Murphy as leading man breaks a precedent of long standing for the blonde champion of the underdog. Murphy is the first leading man to have that honor in more than one "Maisie" film. Fans will remember him as the fight manager who almost won Maisie's heart and hand in "Ringside Maisie."

Among others in the cast is the promising young actress Hillary Brooke, recently seen as the second feminine lead in "The Enchanted Cottage." Miss Brooke enacts a girl whose clever scheming almost wrecks the matrimonial plans of the heroine. The story is set against a Los Angeles background, with such points of interest as the City Hall and the far-famed Rose Bowl figuring prominently in the plot.

Third Quarterly Conference Sunday night, June 30, at Margaret.

Weekly Sermon

By the Rev. P. B. Fitzwater, D. D., Member of Faculty, Moody Bible Institute, Chicago.

The Sinlessness of Jesus Christ. The doctrine of the virgin birth of Christ and his sinlessness go together.

1. The Reality of the Divine Personality. Christ was free from both hereditary depravity and actual sin.

2. The Implications of Scripture. There is no record that Jesus Christ ever offered a sacrifice for sin.

3. The Scriptures Positively Declare Christ to Be Without Sin. "For he hath made him to be sin for us, who knew no sin; that we might be made the righteousness of God in him."

4. The Testimony of His Enemies. "Then Judas, which had betrayed him, when he saw that he was condemned, repented himself, and brought again the thirty pieces of silver to the chief priests and elders, saying, I have sinned in that I have betrayed the innocent blood."

There are 400 miles of shelves in the Library of Congress.

Two Minute Sermon (By Thomas Hastwell)

The Brook in the Gully: I remember as a small child hearing my mother tell of her childhood days in Cleveland, Ohio, many years ago. The family lived at the edge of Cleveland, near which was a large gulch or gully as it was called. At the bottom of the gully there ran a small stream or brook. Along its banks grew many flowers and great quantities of watercress. She and other children of the neighborhood used to descend the narrow path that led to the bottom of the gully and gather baskets of the crisp, green watercress for the family table. As time went on and the city grew in extent and many industries came and located in the gully. The sewage and waste from them was discharged into the brook contaminating its waters to the extent that the flowers all disappeared from along its banks and

with them the watercress. It is like that with a human life. As long as it is clean and pure its fruits are sweetness and purity, but when the stream of life becomes contaminated with harshness and selfishness and coldness and greed the beautiful things in it are crowded out, or wither and die, as did the flowers and the watercress in the brook on the floor of the gully in Cleveland.

Iowa leads the nation in egg production, with more than four billion a year.

The fishing boats out of Gloucester, Mass., made a record catch of over 213 million pounds of fish last year.

Miss Juanita Traweek and Lowell Campbell Wed in Home Ceremony Sunday, June 16, at Home of Groom

Miss Juanita Traweek became the bride of Lowell Campbell on Sunday afternoon, June 16, at 2 o'clock in a pretty home wedding at the home of the groom's parents, Mr. and Mrs. Dwight Campbell. The double ring ceremony was performed by Rev. D. D. Denison, pastor of the Crowell Methodist Church.

The marriage setting was formed before the fireplace in the living room by tall baskets of glads and a graduated candelabra all placed on white rugs. The candles were lighted by Miss Nina Jo Chessir of Quanah, just before the entrance of the bridal party. The home was decorated in sweet peas and snapdragons in pastel colors.

Mrs. A. L. Rucker played the wedding music, the traditional wedding marches and soft strains of "The Flower Song" throughout the ceremony.

The bride was attired in a Harvey Berin dress of navy blue, with which she wore white accessories. Her corsage was of white carnations. She was attended by her sister, Mrs. Byron Darnell of Gatesville, as matron of honor. The groom was attended by his brother, C. D. Campbell, as best man.

For the traditional something old, something new, something borrowed and something blue, the bride wore a cameo ring which belonged to the groom's mother. Her dress was blue, and a string of pearls belonging to Miss Chessir.

A reception at the home followed the marriage. A beautiful three-tiered wedding cake, surrounded by a white satin frill, centered the lace laid dining table. The dining room was further enhanced by pastel sweet peas and snap dragon arrangements. The cake was first cut by the bride and groom, who used a sheath knife which had been carried through the Pacific area. Miss Chessir then took charge of the cutting of the cake which was served with punch. Miss Evelyn Crosnoe of Enid, Okla., presided at the punch bowl.

Mr. and Mrs. Campbell left immediately for a short wedding trip, after which they will reside in Crowell.

Attending the wedding were

Mr. and Mrs. F. A. Traweek, parents of the bride; Mr. and Mrs. Dwight Campbell, parents of the bride-groom; Mr. and Mrs. C. P. Sandifer; Mr. and Mrs. Byron Darnell; Miss Chessir, Miss Crosnoe; W. P. Hord; Rev. and Mrs. D. D. Denison and Mr. and Mrs. Arnold Rucker.

Mrs. Campbell is a graduate of Crowell High School and of Texas State College at Denton where she received her degree in 1945. She was a member of Pi Omega Pi, was a member of the House Presidents' Club and of Seniors O. L. C. She has been employed at Self Motor Co. for the past several months.

Mr. Campbell is also a graduate of Crowell High School. He attended the University of Texas before entering the service in December, 1943. He served 26 months in the Air Corps and was discharged recently.

Fiftieth Wedding Anniversary of Rev. Mrs. White Observed

Rev. and Mrs. W. T. White of Austin, who are house guests of their daughter, Mrs. Alton Bell, a retired Baptist minister, celebrated the fiftieth anniversary of their marriage on June 18, and in observance of the occasion, Mrs. T. N. Bell honored the couple with a twilight punch party at her home from 6:30 until 8 o'clock Tuesday evening.

The living room of the Bell home was beautifully arranged with shasta daisies on the mantel, and the smartly appointed tea table set in front of the fireplace. Madeira linens and blue crystal made a beautiful table with a centerpiece particularly attractive, a white and gold decorated wedding cake, surrounded with plate favors for the lady guests. These were shasta daisies with green leaves centered in a frame of lace doilies and were the handwork of Mrs. Gordon Bell.

Mrs. Grady Macee presided at the tea table and cut the cake which was served with punch of a golden color, by Mrs. Gordon Bell.

Rev. and Mrs. White reminisced concerning their marriage fifty years ago in Collin County, which was a pretty, formal wedding and happiness prevailed as they recalled some of the most interesting highlights of their wedded life. Rev. White, a retired Baptist minister of sixty years of experience, gave an interesting talk and stated that if he were given many lives to live, he would choose the ministry as his profession and would also choose Mrs. White as his helpmate. They were both profuse in their expression of appreciation for the courtesy extended and for the beautifully wrapped gifts presented by the hostess and the guests.

Those who attended this gracious affair in honor of Rev. and Mrs. White were Mr. and Mrs. Alton Bell, Mr. and Mrs. Gordon Bell and son, Charlie; Mr. and Mrs. S. S. Bell, Mr. and Mrs. N. J. Roberts and grandchildren, Joan and Jackie, of Fort Worth; Mr. and Mrs. Grady Macee; Mr. and Mrs. J. H. Olds; Mrs. Pearl Carter; Miss Nona Olds and the hostess, Carolyn Bell, granddaughter of Rev. and Mrs. White, who is ill and unable to be present.

REFUSED CROWN . . . Lt. Charles W. Patterson, Worcester, Mass., "Prince King of the Sea," who gave up governorship of island of Jolo in the Sula Archipelago and harem of 15, to return to wife and son.

Zone Meeting Held at Truscott Friday

A well-rendered program was given at the Methodist Church in Truscott Friday with 28 present for the meeting of Zone No. 3 of the W.S.C.S.

Mrs. Virgil Johnson was leader for the program of the day. Mrs. Guyon Hickman gave welcome words to the visitors.

Representatives were present from Quanah, Crowell, Foard City and Margaret and most of them appeared on the program.

Mrs. Virgil Johnson requested that the song "Let Others See Jesus in Me" be sung and dedicated to the memory of Mrs. T. B. Masterson, deceased, who gave such splendid work and devotion she gave to the programs at the zone meetings. Rev. D. D. Denison led the song as it was sung.

Rev. Denison, pastor of the Crowell Methodist Church, gave a message on "Evangelism" in which he brought out many good thoughts, which will remain in the minds of the hearers.

A covered dish lunch was served in the education building at the noon hour.

FOARD CITY WSCS

The Foard City Woman's Society of Christian Service met at the home of Mrs. W. L. Johnson on Monday afternoon, June 17. The meeting opened with the hymn, "Ready" after which Mrs. Luther Maylow led in prayer.

The society voted to donate a case of food to European relief. It was also voted to send a scholarship for the benefit of the Negro Leadership School to be held in Amarillo in July and August.

Mrs. W. L. Johnson spoke on "Status of Women." She spoke of the women of America and India and the advance of a united womanhood. The women of Iran have no status, still wear dark veils. The women of China are playing an important part in government work, also religious activities. The Japanese women are just now receiving the vote. It has been said, "Christianize women and Christianize the nation." Mrs. Johnson further stated that when Jesus Christ is lifted up in a nation, the status of woman rises, for before Christ, woman was a mere chattel. She read Romans 14:8, laying emphasis on the importance of every Christian giving their loyal support to the church.

Mrs. Allison Denton continued with the study "The Cross Over Africa." She told the story of James Aggrey who never made apologies for being an African. While his personality won the friendship of many white people, he said that he had never had a desire to be a white man because he had a work that only a black man could accomplish. On one occasion he said "God knew what He was doing, when He made me black."

She also told the story of an American lady doctor, Dr. Vera Emanuel, who worked in a hospital with African doctors. She spoke of her outstanding ability to perform major operations.

The meeting was dismissed with prayer by Mrs. Virgil Johnson. Delicious ice cream was served by the hostess.

GIRL SCOUTS HAVE OUTING

The Senior Girl Scout troop spent the night on June 14, at the "Little House" home of the Girl Scouts.

The following girls enjoyed the occasion: Bobbie Abston, Neva Potts, Jane Bruce, Frankie Mabe, Rondyn Self, Ada Jane Magee, Barbara White, Virginia McKown and the Scout leader, Miss Frankie Kirkpatrick.

WEST SIDE H. D. CLUB

The West Side Home Demonstration Club met on June 12, in the home of Mrs. L. Kamstra, with Mrs. John Teague as hostess. Miss Elizabeth Elliott, County Home Demonstration Agent, gave a demonstration on preparing foods for frozen food lockers. The business session was opened by Mrs. Henry Ross, club president. Mrs. Charlie Bryson was elected nominee for the Texas Home Demonstration Association.

Roll call was answered by each member giving "one way I use my refrigerator to save food, time and energy." For the recreation, Mrs. Kamstra played the piano and sang several numbers.

Mrs. W. A. Cogdell gave an interesting article concerning the coming textiles. She stated that there is a plastic substance which is newer and cheaper and proven positively not to shrink. These materials are being made chiefly in New Jersey and the New England states.

Miss Elliott prepared squash and peaches for the frozen food locker and gave five points to success in freezing. They are: (1) Use fresh, tender products. (2) Follow carefully directions given in H 130 on "freezing foods for home use." (3) Use moisture vapor proof containers or wrapping paper. (4) Quick freeze all food 29 degrees in still air and 50 degrees in moving air. (5) Store at 0 degrees F.

Mrs. Teague, assisted by Mrs. Kamstra, served punch, cake and ice cream to eleven members and the following visitors: Mrs. Gordon Cooper, Mrs. Grover Cole, Mrs. J. L. Kincheloe and Miss Rebecca Ross.

The next meeting will be in the home of Mrs. Homer White on June 26th.

MARKETING TRAINING SCHOOL

A training school for Home Demonstration Club women from Foard, Hardeman, Motley and Wilbarger Counties was conducted by Miss Myrtle Murray, Extension Home Industries Specialist, on June 13 in Crowell in the District Court room at the Court House. Twenty women and the respective County Home Demonstration Agents of the four counties attended.

The various activities of Marketing Committees were discussed to work out a sound Marketing Program in the county. These included methods of selling farm products, buying in pooled orders and educational information on reading labels of canned foods and other commodities.

Reports from the four counties showed each Market Committee active in buying and selling and educational work. It is estimated one out of four Texas farm families bought through pooled orders last year. Such things as pineapple, peaches, tomatoes, chair seat materials, jar lifters, and down comfort satin were bought co-operatively.

VIVIAN H. D. CLUB

The Vivian Home Demonstration Club met in the home of Mrs. Egbert Fish on Monday, June 17, with eleven members and seven visitors present.

Miss Elizabeth Elliott gave a demonstration on the preparation of fruits and vegetables for the frozen food locker. The visitors were Mrs. Allen Fish, Mrs. R. L. Walling, Mrs. A. L. Walling, Miss-

For Lieutenant Governor

es Bessie Fish, Bernita Fish, Glenna Self and Norma Jean Mathews. The club will meet with Mrs. W. O. Fish on Thursday, June 27.

White people of Houston raised \$190,000 and the negroes \$93,000 for the Houston College for Negroes.

SANTA FE CARLOADING

Santa Fe System carloadings for week ending June 23 were 27,395 compared with 996 for same week in 1945 received from connections. Total for same week in 1945 was 9,514 compared with 14,200 same week in 1945. Total moved were 36,909 compared with 44,259 for same week in 1945. Santa Fe handled a total of 681 cars in preceding week.

Because of the strikes, each one of which has struck all industries, the production of automobiles will be delayed well in 1947.

The Dallas area ranks 4th of the top 4 or 5 book markets in the nation.
