

H. S. Baseball Team Won First Game of Season

The Crowell High School baseball team won its first game of the season last Thursday afternoon at Quanah when it defeated the Quana Indians by the score 8 to 3. Clifford Ohr, Crowell teacher, held the Indians to four men and struck out thirteen men. He was a little wild at times, walking four men and placing two on base by hitting them. There were only two earned runs made by the Indians.

Ohr, Ray Nevil, lefthanded pitcher for Quanah, held the Quana Indians to four runs in eight innings. The team's score was 8 to 3. The Wildcatters in their scoring, led by their first baseman, Crowell, led in the hitting attack with two doubles and a walk. He scored three runs. Other Crowell players receiving hits were F. L. Allard, Floyd Borchardt, Grover Cocham, J. Rasberry, and J. P. Bartley. Tidmore Gilliam, Logan, and Cooper received one hit each for Quanah.

These two teams play another exhibition game here on Friday afternoon of next week. The Wildcatters journey to Archer City next Tuesday afternoon for their first conference game.

Box score follows:

Crowell	AB	H	R	E
Clifford (SS)	3	1	1	1
Iverson (3rd)	3	2	3	0
Urbach (2nd)	3	0	0	0
Ohr (P)	4	0	0	0
Urbach (RF)	4	1	1	1
Cocham (CF)	4	1	1	0
Rasberry (LF)	3	1	0	0
Edwards (1st)	3	0	0	0
Bartley (C)	3	1	1	2
Trisco (LF)	0	0	1	0
Total	30	7	8	4

Famous Football Player to Speak at Truscott Sunday

Truscott people and any visitor who cares to attend may see and hear one of the nation's famous football players relate how God can channel his message into that adventurous heart and lead him to play even a more exciting and profitable game, it was announced this week by Rev. Claude Harris, pastor of the Baptist Church at Truscott.

Charlie Compton is to speak morning and evening at the Truscott church, and also at Gillsland Monday morning in the Baptist association meeting. Compton played football in high school and desired to be a famous player. He literally fulfilled that desire as he played in the Orange Bowl in 1942 and the Sugar Bowl in 1943. For four years he played left tackle in college. He became a Christian early in life and dedicated his life to do anything God directed.

He served two and one-half years in the Army and finished the University of Alabama after the war and is now in Southwestern Baptist Theological Seminary in Fort Worth.

OPEN NEW SHOE SHOP

W. C. Kennedy and N. A. Nicholls have opened a new shoe repair shop on the north side of the square in the Fox building. The machinery for shoe repairing and boot-making were bought in Fort Worth and installed last week. The shop was opened for business Monday of last week. The new business will be known as the City Shoe Shop.

The U. S. consumed 300 billion kilowatt hours of electricity last year. In terms of man labor this would require the labor of 4.5 billion men working eight hours a day for an entire year.

Cancer is the greatest killer of women between the ages of 35 and 55. It is the second greatest killer of men.

We Invite—
Mr. and Mrs. Mac Steele
Mr. and Mrs. Munson Welch
to attend any picture advertised for the coming week at the Rialto Theatre in Crowell.
We want you to be our guests.

Methodist Church Revival Will Close Sunday Night

The revival which has been in progress at the Methodist Church since Thursday will close with the Sunday evening services. Rev. Oren W. Carter, district superintendent of the Abilene district, who has been doing the preaching for the evangelistic campaign, is delivering excellent sermons both morning and evening and those who have attended have been greatly blessed.

Rev. D. D. Denison, pastor of the local church, invites everybody to avail themselves of the opportunity to hear the sermons during the remainder of the meeting. As announced by Rev. Carter, the sermon subjects for the evening services for the rest of the week are as follows: Thursday night (tonight) "And He Took it on Himself"; Friday night, "Why a Cross?"; Saturday night, "Take Up Thy Cross."
Sunday being Easter, the Sunday messages will be on the Easter theme. The entire town is cordially invited to attend the remainder of the services. The church membership is urged to attend.

K-F Introduces '48 Car Models With No Increase in Prices

Willow Run, Mich. — The introduction of 1948 models which embody 35 mechanical and body styling improvements was announced today by Kaiser-Frazer Corp. for the four models in the Kaiser and Frazer series.

Now in full production at Willow Run, the '48 Kaisers, Customs, Frazers and Manhattans are dealer showrooms from coast to coast, the company announced, at no price increase "at a time when other new car prices are advancing."

Of the 35 new model improvements, 25 are mechanical and 10 are in body design and appointment features. In addition to the new low-pressure, super-cushion tires which are now standard equipment on all models, developments include the K-F power plant, the highest compression ratio in the industry.

Use of a high-compression head on the six-cylinder motor has raised its compression ratio from 6.85 to 7.30, substantially boosting operating power, performance and economy. Other changes incorporated in the 1948 cars include a new triple-tooth roller gear which improves steering control; relocation of the fuel pump and exhaust outlet to eliminate possibility of vapor lock, and adoption of an aluminum master brake cylinder to replace the previous heavy cast iron unit.

An array of 28 body colors and two-tone combinations, several of them new for spring showing, are offered in the 1948 series. All colors are available with harmonizing interiors.

Methodist Hour on Radio for Next Three Months

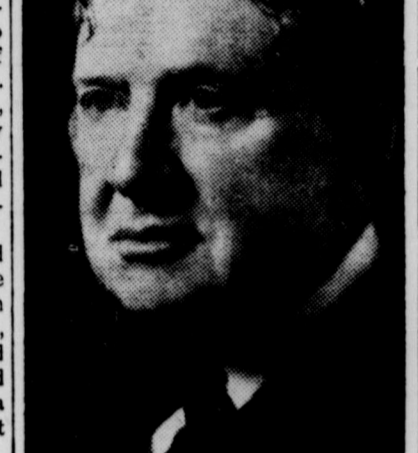

With the general theme "The Teachings of Jesus and the Present Scene" the church radio program will be given at 7:30 each Sunday morning for the next three months by outstanding preachers and speakers of the Methodist Church.

Former Gov. W. P. Hobby Will Direct Texas Cancer Control Fund Campaign During April

Houston.—Former Gov. W. P. Hobby, publisher of the Houston Post, has been selected state chairman of the 1948 fund campaign of the American Cancer Society.

His appointment was announced by Frank C. Smith of Houston, president of the Cancer Society's Texas Division.

Gov. Hobby will head a month-long drive for funds with which to carry on the Society's program of research, education, and service. The campaign will open April 1, since April has been designated by an act of Congress as Cancer Control Month and thus is the official annual time for the American Cancer Society's fund gathering.

GOV. W. P. HOBBY

Governor of Texas during World War I, Gov. Hobby was executive officer at a time when woman suffrage became legal in the state, free textbooks were first furnished for school children, financial aid was given to rural schools, and a state budget system was first set up.

His newspaper career began with the Houston Post-Dispatch when he was 17—and when he worked with a reporter who later became famous as O. Henry. After serving as governor and as publisher of the Beaumont Enterprise, he returned to the Houston Post, as it is now called.

Gov. Hobby is an active civic leader and presently serves as chairman of the Houston Chamber of Commerce Highway Committee.

He is a thirty-second degree Mason and a Shriner. His memberships in civic and social organizations include the Houston Country Club, the Bayou Club, and the Houston Club.

An organization is being set up in every part of Texas with district and county chairmen directing the work leading up to the April campaign. Wallace Andrews of Houston has been named campaign director.

Friday and Monday Spring Holidays for Local Schools

The Crowell Schools will have spring holidays on Friday of this week and Monday of next week, it was announced Monday by Superintendent Grady Graves. Each school is allowed five holidays for the year and these two will complete the five for the local schools.

It has been customary for Crowell to turn out two days Thanksgiving, one extra day Christmas, and two days Easter, for the past several years.

There were two days of school missed during the bad weather and these will be made up on Monday and Tuesday, May 17 and 18. The commencement exercises will be held on Tuesday night, May 18. The baccalaureate services will be held Sunday night, May 16.

Revival at Baptist Church in Thalia to Begin March 28

A revival meeting will be held at the Thalia Baptist Church beginning on Easter Sunday, March 28, it has been announced. Rev. Ernest Gilbert of near Dallas will do the preaching. The public is invited.

The summer revival for the Thalia Baptist Church will begin on August 20 for a ten-day period, it has also been announced. Rev. W. B. Fitzgerald of Austin, formerly of Crowell, will do the preaching for this meeting. The date was selected by Rev. Fitzgerald since it was the only date he had left for summer revivals.

Hospital Bed Is Now Available at American Legion

Through the cooperation of the people of the county, the Gordon J. Ford Post of the American Legion, has secured a hospital bed which is available for use free of charge for any person living in Foard County, it has been announced by Clyde Cobb, adjutant.

When not in use the bed will be found at the American Legion Hall on South Main Street.

ROTARY CLUB

Rotarian O. W. Carter of Abilene, Rev. D. D. Denison, and Rotarians Quinn Baker and D. L. Hickey of Quanah were visitors at the Wednesday noon meeting of the Crowell Rotary Club at the DeLuxe Cafe. Clinton McLain was introduced by President Marion Crowell as a new member.

Grady Graves made a report on the thirty Cub Scouts being sponsored by the Rotary Club. With George Self as program chairman, Jeff Hardin made a talk on the operation of a moving picture theatre.

Easter Service to Be Held at Santa Rosa Stadium

Residents of Crowell and Foard County are invited to attend a Sunrise Easter service at the Santa Rosa Round-up stadium, two miles south of Vernon, Sunday morning at 6:30.

The service will be public service feature sponsored by Radio Station KVV in cooperation with the W. T. Waggoner Estate.

Music for the service will be furnished by the Vernon High School Mixed Chorus, the Male Chorus of the St. Paul Lutheran Church and the Choir of the First Baptist Church. (Colored)

This will be the first community Easter service held in Vernon in a number of years. The service will be carried on a special broadcast by KVV for those who are unable to attend.

Mrs. J. W. Evans of Childress Buried Here Saturday

Mrs. J. W. Evans, former resident of Margaret for many years, died at her home in Childress Friday, March 19.

Funeral services were held in the Baptist Church in Childress at 12:30 Saturday afternoon and burial followed in the Crowell Cemetery. Pall bearers were Ab Dunn, Ed Dunn, Ray Hysinger, John L. Hunter Jr., C. T. Murphy and Charlie Cavin.

Mrs. Evans was born in Missouri in 1862 and had lived in this vicinity for the past 39 years. Mr. Evans and three sons, Luther, Johnny and Garret, and a daughter, Mrs. Maggie Yates, preceded her in death.

Survivors include four daughters, Mrs. I. W. Middlebrook of Springtown, Mrs. Worth Hunter of Childress, Mrs. Ruth Russell of Tyler, and Mrs. Naomi Weathers of San Jose, Calif.

Out-of-town relatives and friends attending the funeral were Harris Evans, a grandson of Friona, Texas; Mrs. Rhoda Nash, Mrs. Wilson and Mrs. Finley, friends of Childress; and I. W. Middlebrook of Springtown.

Small Daughter of Mr. and Mrs. Joe A. Minyard Dies

Sandra Elaine Minyard, small daughter of Mr. and Mrs. Joe Allen Minyard, passed away Saturday afternoon at the home of her parents.

The child had been in ill health, but took seriously ill only a few minutes before death came.

Services were held in the First Baptist Church, with Rev. N. B. Moon in charge at 3 o'clock Sunday afternoon.

Pall-bearers were Allen Taylor, George Fox, Joe Fox and Horace Witherspoon. Flower bearers were Mrs. Allen Taylor, Mrs. Hazel Collins, Mrs. George Fox, Mrs. Horace Witherspoon and Miss Lola Mae Fox.

Sandra Elaine was born Aug. 6, 1946, and is survived by the parents and one sister, Teresa Jo, and grandparents, Mr. and Mrs. H. E. Minyard of Crowell, and Mr. and Mrs. A. L. James of Vernon.

Revival Will Begin at Margaret Methodist Church

Rev. Clarence Bounds of Childress will do the preaching for the meeting at the Margaret Methodist Church which will begin on Easter Sunday, March 28. Rev. L. B. Taylor, pastor of the church, is inviting all the people of Margaret and surrounding territory to attend the services which will be held daily at 10:00 a.m. and at 7:30 each evening.

Rev. Bounds is a forceful speaker and those who take advantage of hearing his messages will be benefitted.

FFA and 4-H Club Calf Show Held in Crowell Saturday Draws Big Crowd; Calves Exhibited Bring \$5,441.50

Great throngs of people from the surrounding territory gathered in Crowell Saturday to attend the 11th annual FFA and 4-H Club Calf Show which was held in the Self Motor Co. building. The show was pronounced by many to have been the best show ever held by the Future Farmers and 4-H Club boys of this county. The great interest manifested by people from a wide area was gratifying to the exhibitors and promoters.

The entry of Vance Barker, Four-H Club boy, was judged grand champion of the show. The calf, which was champion of the senior division had been bred by Virgil Johnson of Foard County, weighing 1,060 pounds. The grand champion sold to Womack Butane Co., of Crowell for 54 cents a pound.

Reserve champion honors went to the entry of David Jackson, Four-H Club boy, which had placed second in the senior class. This calf, weighing 970 pounds and bred by Waggoner Estate of Wilbarger County, was purchased by Waggoner Estate for 57 cents a pound.

Fourteen calves entered in the show, weighed a total of 11,690 pounds and sold for \$5,441.50, an average of 46½ cents a pound.

Charles Davis, well known auctioneer of this area, did an outstanding job as auctioneer. He deserves much credit for the high prices received for the calves.

J. A. Scofield, district extension agent for Texas A & M College, who judged the entries, praised the high quality of the animals. Mr. Scofield commented on the splendid support given the boys by the citizens of Foard County and surrounding territory.

George Self, owner of the Self Motor Co., cleared his building and donated its use to the Foard County boys for their show. Mr. Self has followed this custom for the past eleven years.

The Crowell Rotary Club sponsored and handled all details of the show. Members of the club also cooperated with Mr. Self in giving a barbecue for the boys, their dads, show officials and Rotarians. This was held in the John Deere implement building.

The third place senior calf, owned by Billy Abston and bred by Allen Fish, sold to Vernon Cotton Oil Co. for 40 cents a pound.

Baptist Revival to Begin Monday Evening, March 29

A series of evangelistic services will begin at the First Baptist Church on Monday evening, March 29. Rev. Jesse Yelvington, a state evangelist, who resides in San Antonio, will do the preaching for the meeting and the song services will be under the direction of Ray Baker, who is a student at Southwestern Baptist Seminary at Fort Worth. He is preparing himself for a music director and young people's leader.

Two services will be held each day, at 10:00 a.m. and at 7:30 p.m. Everyone is invited to attend and all of the services. Rev. N. B. Moon, pastor of the church, has made preparations for the meeting and expects the cooperation of all members.

The meeting will continue through April 11.

Gifts to Church Dedicated by Bishop Charles C. Selecman

Bishop Charles C. Selecman of Dallas visited the Crowell church on Sunday morning, March 14, and preached at the morning service hour. His message was inspirational and uplifting and the large crowd of hearers were benefited and blessed by the hearing of this leader of men for many years.

In addition to the sermon, Bishop Selecman dedicated the new Hammond organ, the chimes and a large number of gifts that have recently been made to the church. Other than the organ, which was purchased by the congregation, the amplified chimes are a gift from C. P. Sandifer, honoring his wife; the pulpit Bible and a Speed-O-Print, a gift from C. D. Campbell, the Public Address System, a beautiful cross and two candelabra, gifts from the G. D. Self family; the pulpit light, a gift from the T. B. Kleppers; an Electrolux carpet sweeper with all attachments, a gift from the Henry Borchards; the carpets, which will be laid some time in April, given by Mr. and Mrs. C. P. Sandifer as their 62nd wedding anniversary gift to the church; a baptismal font, a gift from the Merl Kincaid and the Richard Ferguson families; a companion tray, a gift from the Richard Ferguson family; and an attendance board, a gift from the J. W. Bruce family, were all included in the formal dedication services.

The average family uses three times as much electricity as it did 20 years ago.

Thirteen hogs and twenty-five coops of chickens were shown in addition to the calves.

The winners in the gilt class were as follows: first place, Wayne Borchardt; second place, Coy Payne; third place, Carroll Polk; and fourth place, Norman Shultz.

The winners in the fat barrows were as follows: first place, Bob Johnson; second place, Don Wishon; third place, Charles Hudgens. Sow and litter class: Richard Brock, first place; Edward Daniel, second place; Carl Shultz, third.

One springer gilt was exhibited by J. C. Autry, and one boar by Wayne Borchardt.

The winners in the laying hen class of poultry were as follows: first place, Charles Pittillo; second place, Shirley Naron; third place, Joe Sokora; fourth place, Shirley Naron; fifth place, Jimmie Harper; sixth place, David Jackson; seventh place, Charles Hudgens; eighth place, Richard Brock; ninth place, Jerry Slovak.

Miscellaneous Poultry
Bantams were exhibited by Billy Bell, Billy Doyle Shultz and Charles Borchardt; broilers by Billy Doyle Shultz; fryers by Elaine Brooks, and ducks by David Jackson.

Ed Dunn exhibited Silver Spangled Hamburg Bantams, White Crested Black Polish Bantams, and Partridge Wyandotte Bantams. Clayton Green exhibited Japanese Silk Bantams, and Black Cochen Bantams. Oneal Johnson exhibited a coop of Dark Cornish Poultry.

The Vocational Agricultural teacher, Marvin Myers, County Agent Joe Burkett, FFA and 4-H Club boys and girls express their sincere appreciation to the citizens of Foard County and the surrounding territory for their part in making this the best show Foard County has ever held.

Every hour 21 persons in this country die of cancer.

HISTORY

ARBOR DAY—Arbor Day is observed each year by most of the states, but the time of its observance varies with the locality. The northern states observe the day later in the spring and the southern states observe it earlier. The observation of the day usually consists of special exercises in the schools and the planting of trees. In only two states, Nebraska and Rhode Island is Arbor Day a legal holiday. In many states the day is fixed. In Georgia, Arbor Day is observed the first Friday in December and in Wisconsin the first Friday in May with the observance in other states ranging between these two days, depending upon their location north or south. Arbor Day was originated by J. Sterling Morton, member of the Nebraska State Board of Agriculture in 1873, who presented a resolution to the board calling for the observance of the day on April 10. The resolution was adopted. The legislature later set the date as April 22, the date of Mr. Morton's birth. Nebraska at that time lacked trees. Mr. Morton believed trees were necessary to the state as windbreaks and as a means of conserving moisture. On the first Arbor Day a million trees were planted. Within sixteen years six hundred million trees had been planted and within twenty years over 100,000 acres of waste land had been converted into forests. Mr. Morton did not originate the idea of planting trees for windbreaks and as a means of conserving moisture. It had been practiced in Europe for many years before.

While most of the smokers, if the radio announcers know, desire their cigarettes to be mild to the point of tastelessness, the movement has not spread to coffee and cheese. Even the newest addicts want their coffee to taste like coffee and their cheese to taste like cheese. Think how it would sound to hear a radio coffee peddler tell his radio audience that Golden Coronet coffee was mild—so mild one couldn't tell it from hydrant water, that it is easy on the throat and soothing to the stomach.

It is difficult for most people to understand how a country that in a few years built herself up from nothing to a point where it took four years and billions of dollars to defeat her, requires five years to build herself back to merely a self-sustaining point, and this, only with billions of dollars in aid from this country.

This from the Coronet Magazine: Oh for those good old days when Uncle Sam lived within his income and without most of ours.

What We Think (By Frank Dixon)

My radio, a few minutes ago, told a story which I am going to make the theme of this column because I feel it is a matter that deserves more attention than it is getting in this country. As to the story: Helen was a new arrival in this country from a European country. She was thrilled with our big cities, our beautiful buildings, the happy people and wonderful country, but there was one thing that Helen could not understand. She could not understand the seeming disregard of the people of this country for the wonderful liberty they enjoyed. Helen knew from bitter experience in her own country that liberty is a fragile thing—a thing that can disappear in the night—as it had in her country. I think it pretty generally true, that too many think too little of the freedom and liberty that they enjoy in this country. They have come to accept it as a matter of

30 YEARS AGO IN THE NEWS

News items below were taken from the issue of the Foard County News of March 22, 1918: On last Sunday evening Lee Allan Beverly and Miss Bess Hays completely surprised their friends by being married at the Methodist parsonage by Rev. J. H. Hamblen. A large per cent of our people are planting war gardens. Lots that are not being used for anything else will probably be planted in something that will produce food stuff. Mrs. Mallie Frierson, formerly Miss Mallie Magee, passed away at the home of her mother yesterday morning, after an illness of many months. A span of Foard County mules raised in the Vivian community sold recently to an out-of-town man for \$600. Crowell is a pretty good town after all. It's true that the sand blows thick and fast some times, but the grass gets greener quicker after a rain than most any place we know. The rule as to sale of flour has been changed this week. Any one may purchase 20 days' supply at the rate of six pounds per capita. Roy Fox came in last Thursday from Oklahoma. Leslie McAdams was here from Swearingen Saturday. John Long and wife left Tuesday morning for Fort Worth to spend the week. Rudolph Pechacek came in yesterday from Yoakum to visit relatives before being called to the service. Miss Hettie Bray left Saturday for Amarillo to visit her sister, Mrs. E. A. Wilson. Rawleigh Loyd is here this week visiting his parents. They lose by neglect and hesitation a liberty that has been purchased at a great price. Charity and tolerance of destructive isms is a thing for which we will one day pay, because charity toward such is not a sign of tolerance. It is a sign of weakness.

30 YEARS AGO IN THE NEWS

course and their indifference amounts almost to neglect. They even complain and many turn toward new isms and cure-alls that they mistakenly think will correct some things that they mistakenly believe are in need of a change. Such people should stop to think that nowhere else in the world today is to be found the liberty and the privileges and the democracy of living that is found in the United States. They should stop to think that this is the last stronghold of democracy in a world rotten with intrigue and Communism and totalitarianism—they should but they never will. They are not capable of appreciating true liberty and democracy. They toy with Communism—a thing that will destroy liberty as completely as unchecked plague destroys a race. I do not believe our greatest danger lies in the disciple of Russian totalitarianism and Communism who openly preaches his doctrine and flaunts his treasonable banner so that all may see. He is known as his insidious work is known. Everyone knows he is out to destroy this government, if he can. He is known for what he is. The individual we have to fear is the one who sails under the cloak of respectability who plays on the fringe, who is known among his fellows as an honest American, but who secretly is toying with Communism and the other isms whose sole purpose and design is to destroy this government. He would have us believe that he is an honest patriotic citizen when in truth he is a traitor to our ideals and everything that makes this country the great country that it is. This individual like the termite that in secrecy and under cover of darkness eats the sills of our homes until they crumble and cause the walls to sag and fall, undermines insidiously the foundation of our liberty. Some of these—a lot of these are ignorant—dumb dupes of smarter, shrewder unprincipled tricksters. They follow blindly because they lack the intelligence to think for themselves. Unfortunately, dumb as they are they can do great damage. When the damage is done they will be the first ones to come cringing and whining to liberty's defenders to save them. We should remember that liberty is a fragile thing that may be easily broken and destroyed especially by foes from within, but once broken, is only regained by years on end of heart breaking struggle. In my opinion it is time for those on guard to wake up lest

Every 4 minutes of the night and day

one American home goes up in smoke! And, every two minutes, fire destroys or damages some place of business or other non-dwelling property! Are YOU adequately protected if fire sweeps your home, your furnishings, your business property? Is your insurance coverage sufficient to meet the loss? Is ALL your property included? If not, see us now.

Hughston Insurance Agency

There is a dearth of nurses throughout the country. The reason perhaps is that for the past several years there has been so many more desirable jobs at a higher pay that the nursing profession has not attracted new recruits. There is a future in the nursing profession for capable young women. The coming of new medical techniques and more modern hospitals is enlarging the possibilities of the field. Time was when a nurse was more or less a maid of all work, but this is no longer true. In the better hospitals the common types of work is being turned over to nurses aids and maids who can do the work cheaper for the reason that better training and skill is required. In these hospitals the nurses are used on the more technical work for which the orderlies are not qualified. The Time magazine reports that considering gathering, editing, writing, etc., it spends a dollar a word for every word of prints.

Perhaps You DID Pay That Bill— BUT can you prove it? There is always the chance, when you pay by cash, for a misunderstanding. You may know that you paid a bill, but failed to get a receipt when you paid by cash. The simple, sure way to avoid such difficulties is to pay those bills by check. Make it a habit. You'll have a definite check on your expenditures and a record of bills paid. Let us assist you in opening a checking account at this bank. CROWELL STATE BANK Member of Federal Deposit Insurance Corporation.

I'm always planning and building for the future of West Texas WHEN the West Texas Utilities Company built the first high-voltage transmission line in West Texas in 1915—the second in the state—it paved the way for the growth and development of this vast area by making low-cost, dependable electric service available to small and large communities alike. Since the building of the first line, the Company has continually planned and built for the future of West Texas until today it operates more miles of transmission line than any other company in the state. During 1947, the West Texas Utilities Company constructed 121 miles of additional transmission lines; brought electric service to 6,033 more customers, including 514 rural connections. As a result of careful planning there was no curtailment of the use of electric power. In spite of unprecedented demands and despite shortages of materials and equipment, an abundance of electric power was available for all consumers. In fact, 59,879,000 more kilowatt hours of service were provided in 1947 than in the preceding year. Also, during 1947, more than \$2,800,000.00 in wages were paid to employee citizens of West Texas. During the year \$1,873,000.00 were contributed to local, state, and federal governments. While supplying the present electric requirements, the people of your service company are devoting full energy to planning and building for the future. During the next four years, the Company will spend \$18,000,000.00 enlarging plants and existing facilities and constructing transmission and distribution lines in an all-out effort to bring low-cost electric service to more and more people—in their homes, on their farms and ranches, and in their businesses. West Texas Utilities Company

Now is still a good time to buy a home, farm or ranch. Listed below are some good buys in either one.

320 acres, 110 in pasture with good tank, 210 acres in wheat and the wheat crop is perfect at this time. No improvements, two-fifths of royalty gone, can give possession at once. Priced for quick sale at \$60.00 per acre.

A nice little pasture just 4 miles northwest of Crowell, 20 acres, all good pasture land, good grass, two wonderful fks, good fences, can give possession at once. Priced at \$2.50 per acre.

400 acres of good pasture land, well watered with tanks, wells and windmill, good corrals, and fences all in good condition. Just ready to turn in about 70 head of cattle. Location perfect, just two miles from town. About two-thirds of royalty goes with place. Priced for immediate sale at \$40.00 per acre.

I have some good houses in Crowell in either three-, four-, five-room houses with bath that can be bought worth the money. Give me a ring if interested in buying a home in Crowell.

ALUMINUM TUB CATALOG NO. XL-9

WHY WE HAVE INFLATION

A number of excellent anti-inflation programs, which were designed to attack basic causes and not spar ineffectually with symptoms, have been proposed. These programs have varied in detail, but they all have dealt with the same conditions — government spending, tariffs, subsidies, the wage-price spiral, etc. They have been widely praised by leading newspapers and magazines. Yet, their chance of adoption, at this time, is so remote as to be non-existent—politics must be played at the expense of the country.

The reason for that is the pressure groups. We all want to fight inflation at the expense of the other fellow—and to make none of the sacrifices ourselves. The farmers don't like to pay high prices for feed and machinery—but they are all for policies which but artificially keep the prices of farm products high. Business men talk about excessive demands by labor—but they vociferously favor policies which protect the price of whatever they produce. Labor blames industrial profits, even as it demands more and more wage hikes which will inevitably become a part of the selling price of goods. And public officials blandly ignore the direct relationship between government spending and inflation.

In time, a real anti-inflation program, which will call upon every segment of the economy to do its share, may be forced upon us by dire necessity. In time, we may learn that abundance is possible only through work, and that big cash earnings which are more than offset by ever-rising prices do us no good. Until then, inflation will remain the most ominous of all domestic problems. Those who rail at storekeepers or jacking up prices are the victims of a tragic ignorance. Fighting inflation has much in common with fighting a war—everyone must take his place somewhere in the lines.—Industrial News Review.

Mrs. P. P. Cooper of Amarillo is here this week visiting relatives. She was accompanied to Crowell Saturday by Mr. and Mrs. Sewell Roy, who returned home Sunday.

Hardy Sanders recently visited in the home of his parents, Mr. and Mrs. Allen Sanders. He is employed in Fort Worth with the Mid-Continent Oil Company.

Small pencil sharpeners now in stock, \$1.25 each, at the Foard County News office.

Mr. and Mrs. Roy Ricks left late Monday for their home in Colton, Calif., after having been here on account of the illness of Mr. Ricks' mother, Mrs. W. L. Ricks. Mrs. Ricks submitted to an operation in the Quanah hospital and is reported to be making satisfactory improvement.

Mr. and Mrs. Harry Black and baby son of Austin have been visiting in the home of Mrs. Black's parents, Mr. and Mrs. Grant Morrison. Mr. and Mrs. Black are now on a vacation trip to New Orleans, La., while the baby is with his grandparents.

Mr. and Mrs. J. V. Fuller and two sons, Joe and J. Ed, of Sherman, and Mr. and Mrs. Milton Callaway and small daughter, Kay, of Snyder spent the week-end here visiting their parents, Mr. and Mrs. Claude Callaway, and other relatives and friends.

Dr. and Mrs. Hines Clark returned Monday from Dallas and Corpus Christi. Dr. Clark attended a medical clinic in Dallas and they visited their daughter, Mrs. J. C. Cumley, and family. In Corpus Christi they visited in the homes of their sons, Dr. Dan H. Clark and Dr. Charles S. Clark, and families.

CARD OF THANKS

We sincerely thank our many friends for the kind and thoughtful deeds and expressions of sympathy extended to us during the passing of our beloved mother and grandmother, Mrs. Alice B. Evans. May God bless each one of you.

Sincerely,
 Mrs. I. W. Middlebrook
 Mrs. W. E. Hunter
 Mrs. Len Sayes
 Mrs. Ruth Long
 and grandchildren

CARD OF THANKS

Our hearts are filled with gratitude and thanks to those who ministered to us in so many kind ways at the death of our loved little girl. We appreciate each expression of sympathy and each deed of kindness.

Mr. and Mrs. Joe Allen Minyard
 Other Relatives.

K-F INTRODUCES 1948 MODELS

WILLOW RUN, Mich.—The graceful styling of the 1948 Frazer Manhattan, style leader of Kaiser-Frazer's four new models, is graphically portrayed in this tropical setting. Now on the floor of every Kaiser-Frazer dealer, the 1948 automobiles embody 35 new mechanical and body design improvements at no increase in price. All models are factory equipped with super cushion tires.

TAP ROOT OF FREEDOM

There is only one basic difference between the American system of government and the governments of those countries suffering from varying degrees of dictatorship. That difference is the right, protected by law, of private ownership of property. Private property is the tap root of freedom.

It is impossible to abolish private ownership of property for some without ultimately destroying it for all. And once it has been destroyed, a central government becomes boss for the simple reason that it is the sole employer and sole property owner.

Oppression follows automatically when a people, stripped of property, must rely blindly on a government run with a free rein by men who need no longer recognize antitrust laws, labor unions, or anything else—men who can abandon the constitutional trappings of a free country because they are bigger than the law by right of might.

Total control is always the

dream of ruthless men. The ultimate in total control is total government. The one thing standing in the path of total government in the United States is the private ownership of property vested in millions of American citizens. It must ever remain so.—Industrial News Review.

A termagant is a brawling woman.

Mrs. J. R. Beverly returned Tuesday from Austin where she has been visiting in the home of her niece, Mrs. Chas. W. Thompson Jr. and family.

For Sale — Second-hand lawnmower cheap. — T. B. Klepper.

More than one-half of the state of Illinois is underlaid with bituminous coal deposits.

SPRING IS HERE!

Summer Is Just a Few Days Away.

FIRST COME, FIRST SERVED!

Kaiser-Frazer Introduces Four New 1948 Models

• The 1948 KAISER • The 1948 KAISER CUSTOM
 • The 1948 FRAZER • The 1948 FRAZER MANHATTAN

AT NO INCREASE IN PRICE!

While Other New Car Prices Are Advancing

HERE'S WHY Kaiser-Frazer can make this announcement while other new car prices spiral upward. Kaiser-Frazer controls its own supply of many basic raw materials . . . has its own engine plant, foundry and steel mill. Materials from these sources funnel into new and modern Willow Run — the largest automobile manufacturing plant in the world under one roof.

Unfinished steel goes in one end of this great plant and comes out a quality automobile, ready to be driven away. All this is accomplished in a matter of hours, and with the economy of Kaiser-Frazer straight-line production. This is an achievement of men who are injecting new methods and ideas into an old industry.

that others have attempted to copy since Kaiser-Frazer design was introduced in 1947.

So far no one has been able to more than approximate the graceful exterior body lines. No one has come near matching the roadability . . . the ride resulting from seats cradled between the front and rear wheels, such wide seats with both elbow and shoulder room. And none have the style features, the wide choice of colors and fabrics.

You get all this plus the many refinements made possible by years-ahead engineering and design. And, of course, all 1948 Kaiser or Frazer cars have the new Goodyear 24-pound pressure Super-Cushion tires that make bumps something you see but never feel.

Enjoy a ride today in America's newest new cars—the 1948 cars that have not gone up in price!

In the new 1948 Kaiser, Frazer, Kaiser Custom, and Frazer Manhattan you get all the features

Wherever you drive, wherever you go, round the corner, down the street, there is a Kaiser-Frazer dealer ready to serve you with genuine factory parts and approved service.

We Invite You to SEE, DRIVE and COMPARE Them, Today!

THE DAY OF EASTER

"I am a light come into the world, that whosoever believeth in Me shall not abide in darkness. . . For I came not to judge the world, but to save the world."

These words of Jesus are not to teach men an idealistic way of life, but a way to overcome their suffering, heartaches, and troubles. He came to give us a practical, usable way to find happiness, and if more of us followed his example we would find we have a true friend to help us.

Easter comes from the Anglo-Saxon word, Eostre, meaning goddess of light. In Greek, French and Latin languages it is taken from the Hebrew Pesach meaning Passover. They sacrificed a lamb long ago as a symbol of Jesus' crucifixion.

From Persia came the custom of sending Easter eggs as a symbol of new life. The color red is a symbol of the blood of Christ.

Our Saviour, who was tried in mockery after being accused of swearing the nation and not giving tribute to Caesar, was praying for the people until the end. Even when they struck Him, mocked Him, spoke evil against Him, and gave Him gall and vinegar to drink, He prayed to His Father, "Forgive them for they know not what they do." Yes, they crucified our Saviour and laid him in a tomb of stone where no man had lain before.

Very early Sunday morning when the women came to the grave with spices, they found Him gone, and in his place were two men in shining clothing who told them, "He is not here, but is risen." "Remember he spake unto you in Galilee saying the Son of man must be delivered into the hands of sinful men, and be crucified, and the third day rise again."

When Christ appeared to the disciples after He had risen, He said unto them that repentance and remission of sin should be preached to all the world beginning at Jerusalem.

"Thus the humble Jewish man born in a stable of poor parents who never owned a home, never wrote a book, never held an office came into the world solely to die."

so that you and I may have life more abundantly.

Easter is not a great celebration, but rather a time of thanksgiving and rejoicing because by his crucifixion he proved to all generations that treasures stored in heaven are worth more than all the money on earth.

HOBBIES — HOW TO RIDE 'EM

This was the title of an interesting program presented by Karl S. Bolander in the high school auditorium Friday morning, Mar. 19, 1948.

Mr. Bolander has earned the title "Art Hobby King." He has attended and taught in fine schools and colleges.

Mr. Bolander exhibited and explained a few of the 784 hobbies listed by the National Art Guild. Fans were shown from various parts of the world. One fan made of hickory strips was made in Tennessee. The mountain woman who makes these fans earns as much as her husband does farming. She started this as a pastime or hobby and her avocation became her vocation.

Mr. Bolander particularly impressed the audience with his original viewpoint of the twenty-four hours in one day. Did you know that we have eight hours for work, eight hours for sleep, and eight hours for leisure? What do you do with your hours for leisure? There are four kinds of hobbies—making, doing, learning, and collecting hobbies. Sports are doing hobbies, playing the piano, cutting, painting, sewing, getting on the team, or acting are doing hobbies. A collecting hobby can interest one in many things—stamps, dolls, minerals, golf tees, snails, banks, arrowheads and many other things. Reading is one learning hobby.

Did you know that of all the knowledge you gather in a lifetime only two per cent is learned by taste, three per cent by smell, five per cent by touch, and eight per cent by hearing, but you can learn eighty-two from sight. How closely do you observe things? There are 367 grasses in Texas, how many do you know? How many kinds of rocks or clouds can

you name? This is learning by observation.

Mr. Bolander suggested that one should have at least three different hobbies for each one of the various types or 12 hobbies in all. One does not need to practice all one's hobbies every day but only one or two at a time. Having several hobbies will keep a boy or girl from becoming one-sided and narrow-minded. A hobby of Mr. Bolander is not to say anything unkind about anyone or anything.

Henry Ford once said that he would hire anyone who was honest with himself and his fellow man, knew the value of time, knew how to work, make money, and save some of it.

Hobbies bring happiness and uncover unsuspected talent and power. They are a great help in choosing a vocation.

MUSIC PROGRAM PRESENTED

Musical program by the Girls Choral Club was presented at assembly Wednesday March 17, under the direction of Mrs. W. F. Stater.

The Choral Club gave a variety of selections. All the chorus under three part harmony sang "When You Wish Upon a Star," followed by "The Little French Clock."

The sextet composed of sopranos, Betty Barker and Joline Lanier, second sopranos Bobby Abston and Maggie Evenson, and altos, Mary Rader and Ruth Slavak, sang "Winter Wonderland." Betty Guthrie was accompanist for their number.

The chorus next sang "Going Home" by Dvorak with Rozella Autry as soprano soloist.

Concluding the program was "The Lord's Prayer."

Accompanist for the group was Bobbie Abston.

F. H. A. CLUB GOES TO PLAINVIEW

"I got up at five, what time did you get up? Four-thirty! How did you ever do it?"

This is typical of the questions heard Saturday morning on the school bus which took members of the Crowell F. H. A. Club to an Area meeting at Plainview.

Several sleepy-eyed girls were seen down town by early risers. They were waiting for the bus which came at 6:40. Floyd Oliver was our very excellent and good natured driver. His companion was Ray Gable, who kept everyone laughing. They seemed to enjoy being the only boys in a busload of girls!

We were ready to leave Crowell at 6:45 when we noticed that one very important person was gone. It was the president of our Crowell Chapter, Mary Edna Norman. Mary Edna made it to town before the bus left, but you will have to get further details from her. We are pledged to secrecy.

A ten minute stop was made in Floydada, and then we went on to Plainview. In Plainview we hunted hours in hours, it seemed like, for the high school building. We stopped at several grammar school buildings, and we even thought Wayland College was the high school building. At last we found that the meeting was being held in the City Auditorium.

We arrived about twenty minutes late but were very glad to be there at last. We received paper badges to identify us and were then shown to our seats. The program of the day was as follows. Welcome—Mr. O. J. Loas; Response—Phillips; Group singing—led by Tulla; Introductions—Plainview; Roll Call, minutes, and plans for the day—Plainview; Presentation of candidates for officers—Donna Erwin; Announcements—Plainview; Program of work—Olton, Matador, Lockney, Hale Center, Cotton Center, Sudan, Abernathy, Floydada, Littlefield, Chillicothe, 12:00 — 1:30 Noon, 12:45—House of Delegates, Tour of Home Economics Department, Special music—Plainview, State Rally at Galveston—Miss Armstrong, Style show, Installation of Officers.

After the installation of officers, which was a very beautiful candle ceremony, we met Mrs. Kenner in front of the building. Emilie Kajs and Jackie Wesley had missed the school bus, so they took the regular bus and arrived in Plainview at 11:00. We were all surprised but glad to see them.

On the bus we talked as fast as possible. Virginia McKown and Violet Rummel bought two chickens which are fuchsia and green. Violet cared for them all the way home. About ten blocks from the City Auditorium we had a flat. This took 45 minutes to repair. At Floydada Mary Edna got off where she spent the week-end with cousins. In Paducah we stopped to eat supper. There was the most beautiful convertible parked close to the bus! Hubba! Between Paducah and Crowell we struck a thick dust storm which was over as quickly as it had begun. Some one should ask Mrs. Kenner and Miss White where they learned so much about Indian calls!

At 8:00 we landed in Crowell, still smiling but dead tired. Even after a trip like that, you can't get a girl from C. H. S. down. It seems that nearly everyone stayed up the usual Saturday night hour.

THE SPOTLIGHT'S ON

That five foot ten inch hunk of Thalia boy who honors C. H. S. halls is none other than Bob Johnson, alias the brown haired and green haired bombshell who puts thumbs down on girls who talk too much about themselves and especially other boys.

Bob is strictly a brownette, pretends to be bashful, and can blush

to almost any shade of pink desired. For girls, he likes them to be nice looking, well mannered, and apt to be very sweet and feminine.

Without much concentration, he says he can become enrossed in any kind of a giant sundae topped with all known fruits, nuts, and ice cream. Bob's favorite pastime is to "pester girls until they turn green in the face."

As the black and gold clad figure charges over the goal onto pay dirt, he is right there cheering them on, for football is his favorite sport.

He's just a "khaki-whacky" guy through and through, who plans to join the navy after graduation.

FUNNY NAMES HERE AND THERE

As I amble through the halls of dear ole C. H. S., I often hear some of the strangest nicknames I have ever heard. For instance, a voice calls "Booger Red" and Jimmy Rasberry, one of the most "hubba hubba" guys of the freshman class will answer. Naturally we all know he got his nickname from his hair.

What puzzles me is how Thomas Tamplen acquired the nickname of "Ham." He certainly looks like no ham I ever saw. If you can figure out why Thomas is called "Ham" please tell me and a reward of five cents will be paid if the explanation is satisfactory. The decision of the judges will be final.

Some of the other kids around school with nicknames as "Butch" Biggerstaff known as "Butch," Alton Johnson as "Corky," Leon McNeese called "Rusty," Emily Kajs known as "Slim" by her gym pals, and last J. C. Autry called "Jake."

James Weathers seems to enjoy the hospitality of the Smith home also.

If a boy gazes at Judy Johnson, she merely gives him an elbow in the ribs. What did you say, Raymond?

CROWELL WINS PRACTICE GAME WITH QUANAH

The Crowell Wildcats defeated the Quanah Indians by a score of 8 to 3 last Thursday afternoon at Quanah. It was the first baseball game the Wildcats have played this year. Their new baseball uniforms arrived in time for the Wildcats to wear them in the first game.

Clifford Ohr, the Crowell pitcher, struck out twelve men and allowed only four hits. Nevil, the Quanah pitcher, allowed seven hits. The Crowell team looked better in field than Quanah as they made only four errors while Quanah made eight.

Dale Everson, Crowell third baseman, led in hitting with two hits and three runs. The Wildcats

showed up well in their first game and with a little more practice ought to win quite a few games. The starting line-up for Crowell was P. L. Ballard, SS; Dale Everson, 3 b; Bill Lynch, 2 b; Clifford Ohr, p; Floyd Borchardt, rf; Grover Yocham, cf; Jimmy Rasberry, lf; Bob Edwards, 1 b; J. P. Bartley, c; Marvin Brisco played part of the game at left field.

WILDCAT PURRS

Spring is certainly here, and so is a new case between Rondyne and Vernon! (Did I say new?) Jack Henderson has eyes only for Joyzelle Thomson, but why was he chasing Betty Barker Monday morning, and where does Walter come in?

Peggy Weaver is still true to her own name only, Billy Johnson. Well, Billy, do your stuff. Frankie Mabe's heart beats only for Ray Black.

Vernon Jones really enjoys his English Literature book, don't you, Vernon?

Marion Bailey seems to have the "new look" for Meiba Ward. James Weathers and Pat Rhodes were seen making the rounds again Sunday evening in Pat's car. "This surely must be Leap Year. 'Ham' Tamplen is carrying out the tradition of spring by wearing a red rose in his mouth.

Floyd gazes at Posey and Posey gazes at Floyd, etc.

Josephine is interested only in her studies even though the grass is getting green. Could be that the grass is greener in Lubbock since Kenneth Connell is there, eh Josephine?

James Weathers seems to enjoy the hospitality of the Smith home also.

If a boy gazes at Judy Johnson, she merely gives him an elbow in the ribs. What did you say, Raymond?

Peggy Evans certainly got excited from the telephone call from Wichita Friday saying her O. A. O. Carlos had joined the Air Corps. Maggie Evenson seems to be just looking—What's the matter, Maggie?

Euna Curtis carries the torch for her man, R. C. Schlagal. Clifford Ohr, the Crowell pitcher, struck out twelve men and allowed only four hits. Nevil, the Quanah pitcher, allowed seven hits. The Crowell team looked better in field than Quanah as they made only four errors while Quanah made eight.

Dale Everson, Crowell third baseman, led in hitting with two hits and three runs. The Wildcats

Glen Gable and Mary Short—Leon McBeath.

We hear Tommie Meason and Judy Johnson had a swell time in Wichita.

Who was Rouse Todd with Saturday night? Edna Curtis. Who was Bob Edwards with? Betty Brock. Who was Billy Earl Lynch with? Anna Owens. AND! With them were Myrtle Bartley and Jerry Culbertson.

J. C. Autry seemed completely lost with Joline Saturday night. Say, Sweetpea, how about a (I'm gonna fool you) dance?

Rouse Todd seems to be giving all of his extra time to Edna Curtis.

The reason Billy Lynch was looking so gloomy over the week-end was because Pat was in Wichita.

Myrtle, give some of the others a chance. After all Jerry is new here.

Shirley-Yoree had some new soda jerks Saturday. They were Rouse Todd and Bob Edwards.

Taking in the horse opera Sunday were Clifford and Myra Don—Bob and Martha.

NOTICE TO J. P.: Those who ate your cake seem to be still alive. What's the matter didn't it work?

See ya' next week.
THE CATS' TAIL

P. S. A late bulletin is that Billy Bond and Jean Levey Gamble were seen over the week-end together.

At a recent picnic were seen Bob Haynie and Pat Owens, Lon Laquey and Ann Haynie, Walter Carl Taylor and Rachel Hickman, Jackie Brown and Clara Jones.

Others at the picnic were Walter Caddell, Vernon Jones, Pete Moody and Winnie Turner and Montez Laquey.

Seen skating in Vernon Thursday night were Mary Jo Short, Carol Cato, Betty Brock, Billy Johnson, Judy Johnson, Patsy Fox, Ruth Ann Flinn and Bob Johnson. Remember Locker 29.

SIDE SPLITTERS

Bob, "If a hen laid an orange, what would the chickens say?"

Marvo, "I give up, what?"

Bob, "Look at the orange Mama-lade."

Coach, "Give me an example of wasted energy."

Jimmie, "Telling a hair raising story to a bald-headed man."

James, "Who was the meanest man in the world?"

Little Willie, "The man who pro-

posed to the old maid by the end and when she accepted him he had the wrong number."

John, "What has two two lookers, four pullers, and one swishy-whishy?"

Booger Red, "A Cow."

Mrs. Davis, "In the Joomla there is Mama, Pama, and How many does that make Grover, 'Two and one to

By LOUIE D. NEWTON, D. D.

SCRIPTURE: John 21:1-14; Colossians 3:1-4, 12-17; 1 John 5:11-12. DEVOTIONAL READING: John 14:26.

Eternal Life

Lesson for March 28, 1948

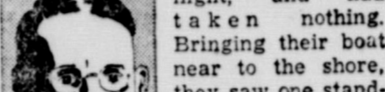

"There's a light upon the mountains. And the day is at the spring. When our eyes shall see the beauty and the glory of the King. Weary was our heart with waiting. And the night watch seemed so long. But his triumph day is breaking. And we hail it with a song."

"He is breaking down the barriers. He is casting up the way; He is calling for his angels. To build up the gates of day; But his angels here are human, Not the shining hosts above; And the drumbeats of his army. Are the heartbeats of his love."

READ John 21:1-14 for the exquisite account of Jesus appearing to his disciples in the early morning at the sea of Tiberias. They had been toiling all night, and had taken nothing. Bringing their boat near to the shore, they saw one standing there, "but the disciples knew not that it was Jesus."

Jesus told them to cast their net on the right side of the ship, which they did, and they caught 153 "great fishes." Jesus then summoned them to breakfast. He had prepared the bread and fish on coals of fire. And they did eat.

BLESSED ASSURANCE BEFORE his death, Jesus had said to his disciples, "Because I live, you will live also," John 14:19, but they did not fully grasp the meaning of the great words. But that morning on the sea shore, they understood. They remembered that

Dr. Newton

to the contractor for the payment of the contract to be awarded for the above purpose, not to exceed the principal sum of TWENTY THOUSAND DOLLARS (\$20,000.00); all of said warrants to bear interest at a rate not to exceed FIVE PER CENTUM (5%) per annum, and to mature serially the maximum maturity date to be not later than April 15, 1963.

THE CITY reserves the right to reject any or all bids, and to award the contract to any bidder, irrespective of low price proposal, as may, in the opinion of the City Council of the City of Crowell, Texas, be for the best interest of said City.

THIS NOTICE is issued and given pursuant to authority conferred on the Mayor of said City of Crowell, Texas, by resolution of the Council in Regular meeting, on this, the 17th day of March, 1948.

W. H. MOYER, Mayor, City of Crowell, Tex. 34-2tc

he had died on the cross, and now they were assured that he was really alive, for this was the third time he had appeared upon the disciples after the resurrection.

How happy they must have been! How happy we should be on this recurring Easter season, assured that he is alive evermore. And because he lives, we too shall live.

WHAT IS ETERNAL LIFE? Sunday's lesson leads us on to the answer to the question. What is eternal life? In Colossians 3:1-4 and 12-17, we have the declaration. "Your life is hid with Christ in God. . . . If we have believed on him — cast ourselves in implicit trust into his keeping — we have eternal life, which is his gift to every believing heart."

Paul goes on to admonish those who have "entered into life eternal," through faith in the risen, reigning Saviour, to put on the garments of his presence and power and peace — kindness, humility, meekness, long-suffering, forbearance, forgiveness.

The evidence of eternal life is to be found in the fruits of the Spirit in our daily lives.

CERTAINTY OF ETERNAL LIFE? We read in John 17:3 this word of further assurance, "This is eternal life, that they know thee the only true God, and Jesus Christ whom thou hast sent." And in 1 John 5:11-12, we read, "And this is the record, that God hath given to us eternal life, and this life is in his Son. He that hath the Son hath life; and he that hath not the Son of God hath not life."

In another passage John tells us that we know that we have passed from death unto life because we love the brethren.

Easter is the day of eternal life. It lifts above the fog of our blindness the glory of the blessed hope that fades not away. We have God's own testimony that we shall live with him forever, through Jesus Christ, our risen, reigning, returning Lord.

Mrs. Kincaid Gives Lovely Breakfast for Bride-Elect

Mrs. R. L. Kincaid was hostess for a lovely breakfast given in her home Thursday morning of the past week, to honor Miss Genevieve Ferguson, bride-elect of Harold Smith of Las Cruces, N. M.

In the dining room the chosen color scheme for the wedding, green and white, was carried out. A beautiful arrangement of white calla lilies and fern was used in an oblong bowl on a reflector to center the breakfast table. Place cards featuring orange blossoms and a wedding ring marked the places of the guests for the delightful two-course meal.

Upon leaving the dining room Mrs. Kincaid invited her guests into the library where she made a cheery little speech, presenting Miss Ferguson with a "kitchen maid" fashioned from a number of gadgets to be used in the kitchen.

The invitation list for this occasion included Miss Ferguson, the bride; Mrs. Karl ten Brink, Mrs. Percy Ferguson, Mrs. S. J. Ferguson, Mrs. M. S. Henry, Mrs. Charles D. Ferguson, Mrs. Richard Ferguson, Mrs. Merl Kincaid and Mrs. C. R. Ferguson.

B & PW Club Have St. Patrick's Day Dinner Meeting

Mrs. Sally Archer, Mrs. Ura Orr and Mrs. Ella Rucker were hostesses for members of the Business and Professional Women' Club and two out-of-town guests, Misses Louise Bowers and Alene Ater of Childress, on March 18, at the home of Mrs. Irene O'Connell. Miss Bowers is Director of District 10 and Miss Ater is state membership chairman.

The guests entered the dining room to the strains of "I'm Looking Over a Four-Leaf Clover," each kissing the blarney stone and making a wish.

Table decorations carried out the Irish theme, the centerpiece being a large bowl of yellow daisies. Smaller bowls of daisies were placed at intervals down the table length. Red tulips were used throughout the room and large shamrocks were placed on the tables and atop the piano. The white place cards were ornamented with shamrocks and each guest was given a corsage of yellow daisies.

Words of invocation were sung to the tune of "Jesus Savior, Pilot Me." Mrs. Inez Spencer played

Miss Youngblood Honored With Bridge Party Last Week

Among many pre-nuptial compliments to Miss Margaret Jane Youngblood was a bridge party given in the W. E. Hoffmann home in Vernon with Miss Beryl Hoffman, Mrs. James Holladay and Mrs. G. C. Morlan assisting with hostess duties. Miss Youngblood's marriage to J. M. Hill of Crowell will take place in Vernon, Saturday, March 27.

Blue and white, the chosen colors of the bride, were used in the party rooms. Covered with a cloth of Italian cutwork and lace, the serving table was centered with an arrangement of white stock and flanked with blue satin ribbon bows and greenery.

The guests were served as they arrived. Refreshments carried out the bridal motif. Miniature brides were used in bridge appointments. Each table was centered with a small bridal bouquet of blue flowers in crystal containers.

High score went to Mrs. Winston Simmons and low to Mrs. Douglas Pringle and each presented her trophy to the honoree. The bridal theme was carried out in the gift wrappings. During the afternoon Mrs. Leroy Conner played piano selections.

Camels Are Faster Than Horses in Sand

While filming "Slave Girl" in Technicolor at Universal-International, George Brent held a stop watch on the racing camels and determined that they are faster than racing horses, but only in deep sand. On hard ground, his race horses could easily outdistance the racing beasts. "Slave Girl," an exciting comedy adventure story set in the burning sands of Tripoli will show next Wednesday and Thursday, March 31 and April 1, at the Rialto Theatre.

Brent was born in Shannonbridge, Ireland. Orphaned at 11, he came to New York City to live with an aunt. He returned to Ireland in 1920 to attend university, but became sidetracked in the Abbey Theater movement and in serving as aide to the revolutionist, Michael Collins.

Forced to leave the British Isles he returned to the United States and resumed the acting career begun at the Abbey Theater. He appeared in many stock and road shows.

Yvonne De Carlo is his co-star in "Slave Girl." They are supported by Broderick Crawford heading a long cast which includes such famous Hollywood luminaries as Albert Dekker, Lois Collier, Andy Devine, Arthur Treacher and Carl Esmond. Charles Lamont directed.

THALIA W. S. C. S.

The ladies of the Thalia Woman's Society of Christian Service of the Methodist Church met at the church Monday in an all-day meeting. The program theme was "Come Ye Apart," and the opening song was "Jesus Lover of My Soul."

Mrs. L. B. Taylor gave the devotional and the call to prayer was given by Mrs. Jack Woodson. After a song "Prayer is the Soul's Sincere Desire" a round table discussion was engaged in on the subject, "What the Fellowship in the Church Means to Me."

Mrs. Swan led a prayer after which "The Church's One Foundation" was sung by the group. "Fellowship of the Christian Church Around the World" was given by Mrs. C. H. Wood; a scripture mosaic by Mrs. L. H. Hammonds and Mrs. Weldon Hammonds; a prayer by Mrs. Langley; a scripture reading by Mrs. M. C. Adkins and a meditation by Mrs. Homer McBeath completed the morning program.

Following a covered dish lunch at the noon hour, the study book of the society, "Great Prayers of the Bible" was finished. A short business session was presided over by Mrs. H. W. Gray, the president.

Annual Membership Meeting

The annual membership meeting of the Farmers Co-Operative Gin will be held in the District Court Room in Crowell, Saturday, March 27, 1948, at 2 p. m. The purpose of this meeting is to receive the annual reports and the election of four directors, and any other business that may come before the meeting. We urge you to attend this meeting.

Bride and Groom Elect Honorees at Tripoli Party

A tripoli party and surprise shower was given J. M. Hill and his fiancée, Miss Margaret Jane Youngblood, of Vernon on Tuesday evening of last week in the home of Mr. and Mrs. Bert Ekern with Mr. and Mrs. Ray Shirley assisting as hosts.

The hidden gifts were found by the honorees with the aid of an alarm clock. High score was made by Mac Steele and Mrs. Fred Thompson.

The bride and groom theme was carried out in the refreshments and the favors. Guests included Mr. Hill, Miss Youngblood, Mr. and Mrs. Leon Speer, Mr. and Mrs. Mike Raspberry, Mr. and Mrs. Fred Thompson, Mr. and Mrs. Mac Steele and Mr. and Mrs. A. M. Haatt of Vernon.

County Federation Will Meet on March 30 at Margaret

The Foard County Federation of Women's Clubs will meet at Margaret on next Tuesday, March 30.

Mrs. Earl Davis will serve as program leader and a good program has been planned. The usual covered dish lunch will be served at the noon hour. A large attendance is desired.

Mrs. Sanders' Music Class Has Party
Members of Mrs. Allen Sanders' music class met Saturday afternoon, March 20, at the home of Mrs. H. E. Thomson with Karl Wayne Thomson as host.

Each of the boys and girls present played a piece of music recently learned. Games and a contest were enjoyed by everyone present.

Those with a perfect attendance record for the past month were Dana Roberts, Jo Ann Fox, Ramona Hudgens, Kerry Brown and Karl Wayne Thomson. The pupils who led in practice hours were Rebecca Calvin, La Verne Owens and Marcia Newland.

Cokes were served as refreshments.

SUB-JUNIOR ADELPHIAN

The Sub-Junior Adelpian Club held its regular meeting on Wednesday, March 10, with Peggy Weaver as hostess.

New officers were elected at the meeting. They are Betty Barker, president; Peggy Pittillo, vice-president; Rondyn Self, treasurer; Maurine Youree, secretary and Jane Bruce, reporter.

Betty Barker gave a report on the State Convention held in Ft. Worth, to which she was a delegate.

Bobby Abston played a piano solo. The next meeting will be held on April 7 with Jenny Wehba as hostess.

Texas Clean-Up Week Announced for April 4-11

Austin, Texas. "A good old fashioned spring house cleaning in every city and community in Texas would do a great deal toward furthering good health in this state," Dr. Geo. W. Cox, State Health Officer, said today, in urging all communities and cities in the state to cooperate in Texas Clean-Up Week April 4-11.

A general clean-up program of state-wide proportions with the objective of bettering health conditions for our citizenship should include surface cleaning, drainage, the graveling of streets and alleys, the cleaning of all parks and playgrounds and the clearing off of weeds and rubbish from vacant lots.

"The destruction of mosquito breeding places and rat harborage, the proper disposal of garbage and trash and the general cleaning up of all premises will be, said Dr. Cox, "of inestimable value in helping to keep down summer health hazards such as dysentery, typhoid and poliomyelitis. Good community housekeeping and ordinary sanitary measures require the prompt removal of all waste matter in and around yards and homes in order to abate the danger of such diseases, and insure good health protection throughout the State."

Dr. Cox stressed the fact that many dangerous diseases are filth-borne, and the only possible way to control them is to eliminate the unsanitary conditions responsible for their spread.

HOUSEHOLD HINTS

Removing Furniture Scratches—If your mahogany furniture gets scratched paint it with iodine until the proper shade is reached, let dry and polish until glossy.

Folding Flat Pieces—Folding napkins and towels, and table linens lengthwise instead of quarters when ironing gives them a handsomer appearance.

Removing Cork in Bottle—If the cork has fallen into a bottle you wish to keep for future use, pour enough household ammonia into the bottle to float the cork. Let stand a few days the cork will break into fine pieces, allowing it to slide out of the mouth of the bottle with ease.
