Well Wildcats Defeated Chillicothe Eagles in Closely Contested Game, 7-6 Here Last Friday Night

Members of the Crowell School football team covered themselves with glory here last night in defeating the favored Chillicothe Eagles 7 to 6 in the 12A game. The Wildcats led in every drive in statistics in every drive. The game was a close one with the first downs were 11 in favor of the Wildcats; and the home team.

The Crowell touchdown was made in the third quarter. Joy passed to Lon Laquey in the right flat on about the Chillicothe 30-yard line and the speedy Laquey ran the ball on down to the 8-yard line before being pulled down. Joy carried the ball three straight times over the left side of the line to make the touchdown. Joy also ran the extra point over the same place. The Crowell line deserves a great deal of credit in opening up the holes for Joy on these plays. The third quarter ended 7 to 0 for the Wildcats.

Efforts Will Be Made to Control Whooping Cough

Austin.—Inasmuch as the incidence of whooping cough in Texas is expected to show an increase during the coming months, Dr. Geo. W. Cox, State Health Officer, released a statement today urging that strenuous efforts be made to control the spread of this debilitating childhood disease.

"Whooping cough can only be contracted by direct exposure to the disease, and isolation of cases must be universally practiced if the incidence is to be controlled," Dr. Cox stated.

Efforts Will Be Made to Control Whooping Cough

The infectious agent or germ of whooping cough is transmitted by droplets expelled in coughing, sneezing, or speaking," Dr. Cox said. "The discharges from the nose and throat are dangerous to susceptible persons; the need for early recognition and careful isolation of whooping cough is obvious."

The first sign of this disease is usually a dry cough, which persists day and night and tends to become increasingly severe. The disease is fully developed when vomiting of food and whooping accompany the paroxysm of cough. Dr. Cox stressed the fact that children who have whooping cough should not attend school or come in contact with other children until three weeks after the appearance of typical signs of the disease.

Honor Rolls for Thalia Public School Released

Honor rolls for Thalia Public School for the past six-weeks period were released by the principal, Mrs. Howard Bursley, and are as follows:

High Honor Roll
Iris Abston, Icaas Kuba, Jimmy Lindsay, Coleman Self, Don Wisdom, Mary Cato, LaRue Mason, Peggy Sharon Long, Karen Rose Hall, Billy Short, Barbara Gayle Dennis, Jerry Starr, Dearl Wayne Temple.

Low Honor Roll
Jean Lavoye Gamble, Laverne James, Myra Donn Self, Ruth McRae, Myrna Lou Riley, Jane Cooper, Duane Cates, Wannie Hall, Gaylon Whitman, Billy Hopkins, Rufus Whitman, Sybil Henry.

Alicia Kuba, Vida Jean Tarver, Gerald Short, Nelson Abston, Mary Lou Blevins, Max Hammonds, Mary Evelyn Hall, Jimmie Marlow, Carolyn Lindsay, Oecie Burl Tarver, Larry Joe Riley.

Rotary Club

Ray Nichols of Vernon, editor of the Vernon Record and past Governor of this district of Rotary International, spoke to Crowell Rotarians at the meeting of the club Wednesday at noon at the DeLuxe Cafe. Mr. Nichols spoke on the progress of United Nations' peace negotiations, and his talk was interesting and instructive.

The speaker was introduced by Claude Callaway, program chairman.

Santa Fe Carloadings

Santa Fe System carloadings for week ending October 26, 1946, were 28,459 compared with 26,061 for same week in 1945. Cars received from connections totaled 13,612 compared with 12,457 for same week in 1945. Total cars moved were 42,071 compared with 38,518 for same week in 1945. Santa Fe handled a total of 40,656 cars in preceding week of this year.

State Officials Approve Good Roads Amendment

Most of the state's highest officials had placed their stamp of approval on the Good Roads Constitutional Amendment Tuesday, October 22, as the list of endorsements began to mount during the last two weeks before the November 5 General Election.

Governor C. E. Stevenson and Democratic nominee for Governor, Beauford Jester, led the parade of supporters of the Amendment. Governor Stevenson asserted, "From my study of road building problems, I am convinced that the Good Roads Amendment should be adopted on November fifth," while the nominee for his office, Jester, proclaimed that adoption of the measure "will establish a sound financial policy upon which our road planning agencies may base their plans."

John S. Redditt, Chairman, Texas Highway Commission, issued a statement declaring, "It is my firm and considered belief, as a citizen and as chairman of the highway commission, that the passage of this amendment is to the best interest of all Texans, and for that reason, I am for it and advocate its passage."

Pointing out the fact that the Good Roads Amendment will continue allocation of one-fourth of the gasoline tax for the Available School Fund under constitutional protection, Dr. L. A. Woods, State Superintendent of Public Instruction, explained it will also assure the availability of funds with which many miles of all-weather roads for school bus routes will be constructed.

"Adoption of the Good Roads Amendment will establish a sound system of road financing that will result in more and better roads for the people of Texas," Senator Allan Shivers, Democratic nominee for Lieutenant Governor stated in his endorsement.

"Before our road building agencies can plan with certainty," Price Daniel, Democratic nominee for Attorney General, expressed in a letter backing the measure, "they must be assured that our road funds will be protected. This amendment will give that protection and insure an orderly development of both State and Farm-to-Market roads."

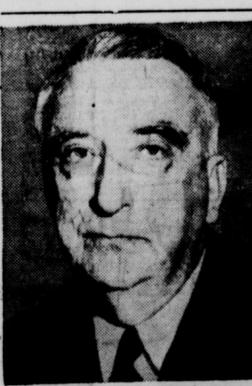

The president of the Texas County Judges and Commissioners Association, Judge Sid J. Cailavet, charged that the amendment will make no changes in existing allocation of road user taxes. "It will simply give these agencies a guarantee that road funds will be available as anticipated," he said.

Claude H. Gilmer, Speaker of the House of Representatives, asserted that it is essential so that road funds will always be available for the purpose for which they were originally created while J. E. McDonald, Texas Commissioner of Agriculture, claimed the economic status of the Texas farmer depends to a great extent upon the type of road to which he has access.

"I feel that, if passed, the Good Roads Amendment will be the greatest step forward in the development of the road system of the State of Texas," D. C. Greer, State Highway Engineer, stated. Among other strong endorsers of the amendment are: Judge Jeff D. Stinson, Judge W. S. Barron, Fred Knetsch, member of the State Highway Commission, Julian Montgomery, State Highway Engineer, 1937-1940, and Reuben Williams, member of the State Highway Commission.

New Firm to Make Concrete Blocks

Andrew Calvin and John E. Rogers have formed a partnership to make concrete blocks in Crowell. A machine with a capacity of 1,000 blocks per day has been secured and the new business for Crowell is ready to begin operations.

Mrs. F. Halencak's Mother Died Oct. 20

EISENHOWER HONORED IN EUROPE . . . More and more honors were heaped upon Gen. Dwight Eisenhower on his trip through Europe. With Mrs. Eisenhower, he is shown chatting with King George of England at Balmoral, Scotland, where the Eisenhowers were guests of the royal family. General Eisenhower previously visited the castle which was presented him by the citizens of Scotland. Every city presented him with medals and keys to the city. He was also given freedom of the city wherever he appeared in Scotland and England.

Officials Elected for Basketball District 9-A

The school officials of basketball district 9A met at Iowa Park Tuesday afternoon, Oct. 29, for the purpose of organizing and making a schedule for the member schools for this season. The following ten schools had representatives present for the meeting: Archer City, Burkburnett, Chillicothe, Crowell, Holliday, Iowa Park, Munday, Olney, Seymour and Valley View.

Superintendent Grady Graves and Coach Louis Purvis represented Crowell at the meeting. The following officers were elected: Grady Graves, chairman, and W. S. Thomas, superintendent of Holliday Schools, secretary. The district will be divided into two divisions with a double round robin in schedule for each division. The winners of the two divisions will play a three-game series to determine the district championship.

Honor Rolls for Riverside School Announced

Honor rolls for the past six-weeks period for the Riverside School were received by the News Tuesday and are as follows:

B Honor Roll—Lawrence LeMond, Norman Shultz, Junior Tole, Doris Brock, Lee Roy Bries, Antone Kajias, Carolyn Tole, Cora New Cox, Kay Cribbs.

A Honor Roll—Teresa Ann Cox.

B Honor Roll—Floyd Bice, Lavoy Rummel, Patricia Ann Mechell.

Mrs. F. Halencak's Mother Died Oct. 20

Mr. and Mrs. Frank Halencak and family returned home Wednesday, Oct. 23, from Lubbock where they had been to attend the funeral of Mrs. Halencak's mother, Mrs. Agnes Boyer, 76.

Mrs. Boyer died at the home of a daughter, Mrs. Alice Cook, in Meadow, Texas, on Sunday, Oct. 20. Following funeral services, burial was in Memorial Cemetery in Lubbock. She is survived by two sons and eight daughters, also two sisters and three brothers.

Mrs. Boyer lived in this county many years ago.

According to the International Resources Division of the State Department metal shortages will continue for some time. Copper will be short for 18 months; tin, three years; lead, from five to ten years.

New Maintainer for City Arrived and Is Now in Use

The new Galion street main-maintainer for the City of Crowell arrived Friday afternoon and work on the streets in the south part of town has already been started. Pete Gobin is operating the new machine.

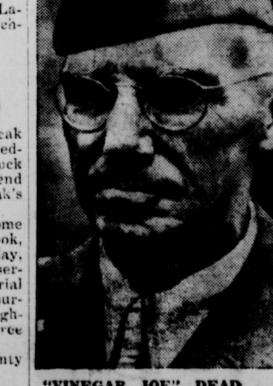

Streets of Crowell, long neglected because the City has not had a maintainer to work them with, will be put into good shape just as fast as possible, it was stated by Jim Cook, mayor.

The first work on the streets will be for the purpose of filling up and leveling down ruts and as soon as it is possible the streets will be graded so that the water will drain off.

Bill Dunn Will Repair Tractors

Bill Dunn, who was recently discharged from the service, has rented the repair department of the Foard County Implement Co. and will again repair tractors, trucks and automobiles, specializing on M-M. tractors. Mr. Dunn was in this type of business before entering the service three years ago.

He has already taken over the business and expects to add some new equipment in the near future.

"VINEGAR JOE" DEAD . . . Probably the last photo made of Gen. Joseph W. Stilwell, taken a few days before he entered Letterman General Hospital, San Francisco, where he died a few days later, following operation for cancer of the liver.

Foard County Voters Will Cast Ballots in General Election Tuesday and in a Special Election on Thursday, Nov. 7

Foard County voters will go to the polls Tuesday, Nov. 5, to cast their ballots in the general election. Then on Thursday, Nov. 7, a special election is being held to vote on a proposed constitutional amendment which will create a Veteran's Land Board which is designed to give 10,000 Texas veterans farms and ranches.

The general election ballot this year contains only four columns, the first being that of the Democratic Party containing the names of the nominees elected in the Democratic primaries. The second column on the ballot is for the Republican Party and contains names of Republican candidates. The third column is for those who want to vote the Independent Party and the last one is blank. No names are carried in these columns.

Efforts Will Be Made to Control Whooping Cough

According to the best information that can be obtained, all of these amendments should carry and it is up to the voters to go and vote on election day so that this result may be obtained. The special election on Thursday is in the interest of War veterans who may want to buy land and the passage of this amendment is designed to help them to do it.

Polls open at 8 o'clock and close at 7. Voting boxes in this county and officials are as follows:

- Precinct No. 1—County Clerk's office, Luther Tampley, judge; Earl Davis, assistant.
- Precinct No. 2—County Judge's office, L. A. Andrews, judge; R. H. Cooper, assistant.
- Precinct No. 3—County Welfare office, R. C. Johnson, judge; Mrs. Claude Brooks, assistant.
- Precinct No. 4—County Attorney's office, T. S. Haney, judge; Gordon Bell, assistant.
- Precinct No. 5—Margaret school house, W. F. Bradford, judge; Roy Ayers, assistant.
- Precinct No. 6—Thalia, Hiram Gray, judge; C. L. Adkins, assistant.
- Precinct No. 7—Thalia, Raymond Grimm, judge; Bill Moore, assistant.
- Precinct No. 8—Foard City School House, Floyd Borchardt, judge; A. W. Barker, assistant.
- Precinct No. 10—Vivian School House, James Sandlin, judge; Bruce Benham, assistant.
- Precinct No. 11—Rayland, Tom Lawson, judge; T. C. Davis, assistant.
- Precinct No. 12—Good Creek School House, Glen Jones, judge; Mrs. Maggie Stinebaugh, assistant.

A. V. Sheppard Resigns As County AAA Officer

A. V. Sheppard, Foard County AAA Administrative officer for Foard County for the past year, has resigned and his resignation was effective Tuesday, Oct. 29. Mr. Sheppard has accepted a position as range conservationist with the Soil Conservation Service at Big Spring.

Mr. Sheppard and his wife and baby daughter, Martha Kay, left Wednesday for their new home at Big Spring. Mr. Sheppard was connected with the AAA office in Foard County before the war and after being discharged he returned to Crowell Jan. 1, 1946.

New Manager for Ben Franklin Store

D. F. Smith, recently discharged from the Army, arrived here Tuesday of last week to take over the management of the Ben Franklin Store.

E. W. Adams, who has owned and operated the store for the past year, has sold his interest and he and his family will move to California.

Service Books Now Ready for Delivery

The News still has a number of World War II service books that have already been paid for ready to deliver. We are anxious for the owners to pick them up as soon as possible, along with the pictures of the veterans.

We also have a few books to sell to anybody who might want them.

New Bus Schedule

A new bus schedule of the Southwest Coaches, north and south, has been put into effect. Southbound bus arrives in Crowell at 7:30 a. m. and 1:20 p. m. Buses going north arrive at 9:45 a. m. and 6:15 p. m.

When Mr. and Mrs. J. C. Kemp-lin, both Navy veterans, enrolled in the North Texas Teachers' College for the fall term under the G. I. Bill, they carried their 8-months-old daughter, Camille, with them.

NEW LEGION COMMANDER . . . Paul H. Griffith, Uniontown, Pa., newly elected commander of the American Legion. Twenty-eight years ago he was rolled in an army blanket and left on roadside for burial after being reported dead.

Veterans News

Contact offices of the Veterans Administration are fast becoming familiar places to war veterans of the Southwest, judging by the reports of Contact Representatives.

From January through September of 1946, a total of two million contacts were handled by VA representatives in Texas, Louisiana and Mississippi.

More than 1,334,000 were personal contacts.

Some 391,444 veterans phoned in questions and requests for information, while 279,752 contacts involved correspondence.

The desire for information on new veterans legislation enacted by Congress in August drew large numbers of ex-servicemen to VA contact offices during September. Veterans getting ready to go back to school in September also paid thousands of calls to VA offices for guidance.

Another phase of contact activity—that of preparing benefit applications—went forward as usual with Contact Representatives preparing 41,138 applications in August and 35,373 in September.

Since V-J Day the number of patients in Veterans Administration hospitals of Texas, Louisiana and Mississippi has increased 42 per cent. VA medical service officials report.

The total on V-J Day was 5,296 compared with 7,503 on September 30th of this year.

The number of patients in VA hospitals throughout the nation has increased 29 per cent since the Japanese surrender.

To meet the mounting need for veterans' hospitalization, VA will construct nine new hospitals in the tri-state Dallas branch during the next two and one-half years.

World War II veterans entering business on VA-guaranteed loans are setting out on some unusual enterprises.

Santa Fe
..that's the System!

One shipper tells another: the way to get better on-time delivery of freight shipments to and from the West and Southwest is to ship Santa Fe.

Here are some of the reasons Santa Fe keeps freight service "on the advertised" (which is railroad language for "on-time performance"):

- world's largest fleet of freight diesel locomotives.
- more miles of double track than any other western road.
- more miles of Centralized Traffic Control, which enables freight trains to meet and pass non-stop.
- world's largest private telephone system, to keep shipments moving more swiftly.
- increased yard capacity, and improvements along the line, such as curve straightening, new bridges, longer sidings.

It all adds up to getting what you want where and when you want it, when you ship Santa Fe.

Ship Santa Fe all the way

For freight and passenger information see your local Santa Fe Agent

Mr. and Mrs. H. H. Fish, Mr. and Mrs. Warren Prater and Mr. and Mrs. S. E. Carr and family of Paducah spent Sunday of last week in the home of Mr. and Mrs. A. O. Smith.

Misses Dolores Gilbert, Bessie and Myrtle Fish visited Miss Billie Morrison of Vernon Saturday of last week.

Miss Dorothy Benham of Pampa spent the week-end with her grandmother, Mrs. A. L. Walling, and R. L. Walling and wife.

Tulsa Refinery of The Texas Company Will Be Expanded

The Texas Company has announced plans for the modernization and expansion of its West Tulsa Refinery, Tulsa, Okla. Plans called for the construction of a new crude pipe still of approximately 30,000 barrels per day capacity to replace the present shell stilling equipment. In addition the Company plans to construct fluid catalytic cracking and recovery equipment consistent with the plant's crude through-put, a catalytic polymerization unit, an acid treating and sweetening plant, additional steam generating and distributing equipment, cooling water facilities, and other auxiliary construction. The proposed improvements will materially increase the present capacity of the

plant. Estimated cost of the improvements was not revealed but was admitted to involve several million dollars. Officials of the company stated they were unable to determine at this time how many additional jobs this program would provide at Tulsa, but said that "a substantial number" of additional employees would be required both during the construction period and subsequent to its completion.

Weekly SURPLUS NEWS

Texas, with its many flying services and veterans enrolled in flying training courses under the G. I. Bill, has been one of the largest buyers of surplus aircraft sold by War Assets Administration. A total of 16,755 planes have been sold by WAA since V-J Day. Veterans have bought more than half of the four principal types of transport planes which have been put into service on non-scheduled lines since the end of the war.

If you thought WAA sold only large items of surplus, such as tractors, locomotives and barracks, take a look at some of the small items purchased recently from Fort Worth WAA. R. B. Dawson of Tulsa bought a putty knife; Jess McGuire of Amarillo went home with two pitchforks; William A. Crow of Brownwood found a paper cutter he wanted, and Winfred Atwood of Fort Worth bought a water tank. While the smaller items cannot always be purchased singly, they are available at site sales as parts of merchandising lots. WAA has thousands of such lots remaining to be sold at site sales.

If you should happen to want it, Fort Worth WAA regional office will sell you a million bottles of Ethyl Eexanedoll, Dimethyl Phthalate and Isalane. That's bug repellent to you, son. The price is 2c per bottle for priority claimants and wholesalers, and 3c to small retailers, who may buy a minimum of 50,000 bottles.

If you are interested in chemicals, here's your chance to buy anything from Acetone to Xylol from a stock of \$35,000,000 worth of surplus industrial chemicals now being offered in a national sale campaign by War Assets Administration. Quantities of some of these chemicals are located in practically all of WAA's 33 regions. The Inter-Regional Sales Division in the Fort Worth regional office is prepared to locate the material in any of the regions. All sales are subject to priority regulations.

Sixty-three per cent of the declared surplus of the Office of Civilian Defense has been sold by War Assets Administration. The property originally cost OGD \$18,000,000, and the WAA has disposed of equipment valued at \$11,300,000. The sale began April 15 and the property was stored in 2,600 locations. On Oct. 1, the WAA sales had cleared 1,500 of the locations.

HOUSEHOLD HINTS

Paper Sticking to Table Tops.—If paper sticks to your table top or other varnished top, treat it in this way: Put a few drops of oil on the paper. Then rub gently with a rag. The paper will come off and most likely leave little evidence of having been there.

Washing Painted Walls.—When washing walls that are painted, put a little household ammonia in warm water and use white soap. Change the water as often as it becomes dirty.

Boiling Potatoes.—Potatoes boiled in their skins can be made to taste like baked potatoes if you put a large amount of salt in the cooking water.

A MESSAGE OF INTEREST
to all who await deliveries of new Chevrolets

We want you to know that everything possible is being done to speed deliveries to you; but production still lags far behind schedule—even though Chevrolet has built more cars and trucks than any other manufacturer from January through September 1946

WE REALIZE how eagerly you are awaiting delivery of the new Chevrolet you have ordered from us, and we want to pass on to you the latest information received from the Chevrolet Motor Division, even though that information isn't too encouraging at this time.

It is true that Chevrolet leads all other manufacturers in total production of passenger cars and trucks from January through September 1946, despite the fact that Chevrolet was out of production entirely during the first three months of this year. It is also true that Chevrolet has continued to maintain its lead in total production during the third quarter of 1946. And yet production is still running far below desired levels, with the result that Chevrolet's output of cars and trucks through September 1946 was only 38.7% of the number produced during the corresponding period of 1941.

This means it may take many months for the Chevrolet Motor Division to reach peak production of new Chevrolets—even longer to fill the unprecedented demand for this product of BIG-CAR QUALITY AT LOWEST COST—and, for the present at least, "there just aren't enough Chevrolets to go around," much as we wish there were.

However, we want you to know that new Chevrolets are leaving the plants in the largest numbers possible today. The Chevrolet Motor Division tells us it is doing everything it can, in the face of continued suppliers' strikes, material shortages and manpower problems, to step up shipments to us and to all dealers, in accordance with a predetermined distribution plan assuring each dealer of his fair allotment, based on 1941 passenger car sales. And we, in turn, are doing our best to deliver new Chevrolets to our customers as rapidly as they are received and in the fairest possible way. We are too appreciative of your loyalty and goodwill—too grateful for your patience and understanding—to do anything less than continue to serve you to the very best of our ability.

KEEP YOUR PRESENT CAR RUNNING
Meanwhile, the most important car of all to you is the car you are driving now. May we suggest that you keep it in top running condition until you secure delivery of your new Chevrolet, by bringing it to us for skilled service now and at regular intervals. Remember—cold weather is hardest on old cars. Please see us for a complete check-up today. . . . And, again, thank you!

For God hath not called us unto uncleanness, but unto holiness. He therefore that despiseth, despiseth not man, but God, who hath also given unto us his holy Spirit. — Second Thessalonians 4:7-8.

An interesting survey in regard to the matter of juvenile delinquency was conducted recently by a Chicago church. The church sent out questionnaires to 150 boys and girls from 15 to 21 to get their opinions on the subject. The representative thinking was expressed by the girl who wrote, "There is an adult behind every youthful delinquency."

John L. Lewis made tearful reference the other day to the poor miners who were not able to work because they did not have any meat. Before we get our eyes too filled with tears from the contemplation of such a picture let's turn for a few minutes to the poor private citizen who has not meat—or coal.

HISTORY

Repudiation of the Stamp Act —November 23: One of the interesting events in the history of the young colonies in the early days of America, was the repudiation of the English Stamp Act in November 23, 1765. The Stamp Act consisted of an order from England to the effect that revenue stamps be affixed to all papers and all transactions, the money derived from the sale of such revenue stamps to be turned over to the English government. The practice had long prevailed in England and the English government conceived that it would be productive of considerable revenue if imposed upon the colonies. The Act was approved by the King on March 22, 1765, and was first repudiated by the court of Frederick County, Maryland, which ordered that its business be carried on without the use of the English revenue stamps. Protests followed from many cities which were backed up by plans to cease all trade with England until the Act was repealed. The British becoming alarmed at the vigor of the general protest repealed the order in March, 1766. The spirit of revolt in America continued to grow and culminated with the adoption of the Declaration of Independence on July 4, 1776. A tablet was set up in the Court House in Frederick County, Maryland, commemorating the action of the men who refused to submit to the law. Each year the Daughters of the American Revolution in Frederick County meet in the Court House and celebrate the action of the early day court.

Perhaps no simpler or more comprehensive rule for living has been proposed by anyone that outlines a better program for happiness than the one given by William Henry Channing, Chaplain of the House of Representatives in the middle of the last century: It is as follows: "To live content with small means; to seek elegance rather than luxury, and refinement rather than fashion; to be worthy, not rich; to study hard, think quietly, talk gently, act frankly, to listen to the stars and birds, to babies and sages, with open heart, to hear all cheerfully, do all bravely, await occasions, hurry never, in a word to let the spiritual, unbidden and unconscious grow up through the common."

Settling the border line between two countries is almost as hard as settling a dispute over a line fence—a few feet one way or another can stir up a sizeable row.

What We Think

(By Frank Dixon)

There appeared in my local newspaper last week an article written by a farm woman which I think is interesting because it reflects the thinking of too many people.

The writer of the letter was bewailing, in an almost hysterical fashion, the fact that she was unable to get all the soap and all the sugar and all the meat she wanted.

I take verbatim from her letter the following: "I tried to get some meat today. I went to all the stores in town, some four or five, and none of them had any meat. I went home and prepared a meal from the things I had at home. Our dinner that day consisted of scrambled eggs, fried potatoes, steved tomatoes, bread and butter, apple sauce and coffee. As I sat down to eat and looked over my simple fare, tears blinded my eyes and I asked myself, what has America come to that we in this land of the free and the home of the brave and all its liberties are reduced to such dire extremities?" She agonized for several paragraphs bewailing her cruel, hard lot and the unjust deprivation to which she was subjected.

I thought as I read her letter of the heaping bowl of wholesome, nutritious scrambled eggs, the bowl of fried potatoes done to a turn in bacon fat, the bread and butter and the newly made apple sauce. It did not sound to me like a meal, the contemplation of which was cause for anyone's eyes to be filled with "blinding tears."

I thought as I read her wallings that perhaps three-fourths of all that people of the world were sitting down to dinner that day with far less, immeasurably less than this woman had. Over three-fourths of all the people of the world would look upon the fare with eyes alight with eagerness and hunger inspired anticipation. To them it would be a banquet.

I had just finished reading a letter from a local boy stationed in Japan. He stated that the Japanese in that area crowded about the back door of the mess hall to intercept the buckets of garbage from the kitchen to rescue from them a few crusts of bread or bones from which they might strip the few remaining fibers of meat. They seized the refuse in their claw like fingers and devoured it ravenously.

What is true in this area is true in most of the world. It isn't a question of getting choice cuts of meat with which to prepare a feast, it is a question of getting enough of anything to satisfy the cravings of hunger.

The boys will tell you that in every war area these conditions exist. There is not enough to eat. But that they do not mean the choice cuts of meat, fowls to roast and stew, but the simplest foods that the human being can eat.

The whole world is hungry. The whole world is reaching out its hunger starved hands for a portion of the food of the world. That they may have a little, many who have been used to an abundance and more are going to have to have a little less.

I wonder how much complaining we in this country are entitled to do? I wonder if too many have not forgotten that there is such a thing as thankfulness for an abundant, though a simple fare? I wonder if after all because of the few privations the times have imposed upon us if any of us is suffering to the point where we must contemplate our fare with "tear blinded eyes."

30 YEARS AGO IN THE NEWS

Items below were taken in whole or in part from the issue of the Foard County News of Friday, Nov. 2, 1916, Martin & Kinsey, publishers:

Cotton is bringing around \$150 per bale, according to reports from some of the farmers of the county. That amount includes seed.

Mr. Arthur Bell and Miss Ellie Graham were married at the Baptist tabernacle in this city Tuesday evening, the Rev. R. E. Watson, pastor of the Baptist congregation, officiating. S. S. Bell and W. E. Stovall acted as ushers with Master Arthur Bell as ring bearer.

James Minnick is here this week from Oklahoma City.

Mr. and Mrs. Stan Westbrook of Truscott were shopping in Crowell Tuesday.

Mrs. E. J. Anderson of Fort Worth is visiting her brother, W. E. McCormick, and wife.

Dr. Hines Clark has purchased a new Dodge car.

J. R. Rabb, of Weatherford, one of the very earliest settlers of Foard County, was here this week on business. In 1886, Mr. Rabb was living on the Ab Miller land north of Thalia.

J. C. Coe was here from Rayland Wednesday. Mr. Coe is one of the county's most prosperous young farmers.

Chas. Green is here from Tahoka and says his part of the state is in a flourishing condition.

G. A. Mitchell and son, Evans, attended the San Angelo Fair this week.

Mrs. L. G. Andrews returned Sunday from a visit with relatives at Skiatook, Okla.

The Tolbert school district is to put on a wagon to gather up the pupils and take them to and from school. The proposed road will be ten miles and will accommodate forty pupils.

The Privilege of Voting

A very large number of people in this country rarely or never vote at elections. It is for the advantage of the country to have a full vote come out, also to have people take an interest in questions of politics and government, to read up on those subjects, and form their own opinions on these issues.

What can be said to induce many of these people who do not usually vote, to make the effort to familiarize themselves with these questions, and to make it their habit to cast a ballot at elections? It is not difficult to learn about these issues.

The newspapers are full of them, and they are frequently discussed over the radio. People can talk these questions over with their friends. The more they talk and read, the keener will be their interest in these very important matters, and the more they will value the privilege of voting.

They can think of how the privilege of casting a free and unfettered vote would be valued by

Don't Mark On The Wall

It's an old American custom to stand little folk against the wall and mark their height. Except that someone always comes and washes off the precious records.

A better way is to get one of our "Measuring-Up-Records" . . . it hangs on the wall and provides a permanent way to keep a record of height and weight. . . it's free. Also we'd like to tell you about a great new insurance plan for little folk under 12 . . . a plan that provides "5 for 1 at 21." Just call

HUGHSTON Insurance Agency

Occidental Life Insurance Company of California

the people of countries where this privilege is denied. To such people the right to vote secretly, to discuss these issues freely, and to express their own inmost thought in a vote, would be a wonderful boon.

They can think of how the patriot fathers fought, and many of them died, in the effort to create this freedom and give the people the right to choose their own rulers and select their own form of government. They can think how people in later years have struggled and endured to maintain the country, of how millions fought in the two World Wars to protect this priceless privilege.

If people think often of these things, the right to go to the polls and take part in this extremely vital business of electing the people who are to make and administer the laws, it would seem to be a priceless privilege. They would be sorry to miss the chance to take part in these mighty decisions.

It is foolish for an individual, a state or a nation to waste money and spend beyond their income. Every person who wastes money lives to see the time come when he has need for the money he has wasted. The same thing might easily be true of a nation.

SUNNY SQUIBLET'S

Pop says Ma is not troubled by high blood pressure, but she has a high foot pressure when she puts her foot down about the things she wants done.

Many of people's actions are said to be due to their subconscious selves, but the objectionable ones to their subconscious selves.

Modern science has abolished a vast amount of pain, but some say it has not alleviated the pain they feel when they have to pay out their money.

Some people say it is hard to write. At least many people will say that some of the accounts they owe. Orators and writers are uttering their thunder, which electrical storms, in some cases caused by superheated spheres. Some men who can't raise to lift their hats when they see a flag passes, may be able to do so when they see a pretty girl. The people who keep looking for places, need not to sell their property for a high price.

A special story will be given for the children by Mrs. Grant Slagle at the morning service at the First Christian Church, it was announced Wednesday.

Golden Krust Bread—it toasts good. Ask for Golden Krust.—Kane's Bakery. 16-1fc

Mr. and Mrs. Alva Spencer spent Saturday night and Sunday in Lubbock visiting their son, Joe, student at Texas Tech.

A baby son was born to Mr. and Mrs. Chippie Griffin in a New Orleans hospital Tuesday, Oct. 29th, it was announced here Wednesday.

Golden Krust Bread—it toasts good. Ask for Golden Krust.—Kane's Bakery. 16-1fc

The Altar Society of the St. Joseph's Church will sponsor a rummage sale Saturday at the Self Motor Co. They will have some good used clothing for sale. 16-1tp

Mrs. Albert Jones is visiting her sister, Mrs. Roy Carmichael, and family in Fresno, Calif. Mrs. Jones will visit other relatives in California and will be gone for about a month.

Air motor windmills and towers at Beverly Hdw. & Furn. Co.

Mr. and Mrs. H. F. Canup of Phoenix, Ariz., have bought the home of Mrs. J. W. Owens in the south part of town and with their daughter, Ann, moved in last Friday.

Mr. and Mrs. A. H. McWilliams of Fort Worth, former residents here, returned to their home Sunday after visiting their son, A. T. McWilliams, and family. They had also visited Mrs. McWilliams' brother, J. T. Holmes, and family at Rochester.

Mr. and Mrs. L. N. Johnson were here Wednesday visiting in the homes of Mr. and Mrs. Will Erwin and Mr. and Mrs. J. D. Johnson and with other relatives and old-time friends. Mr. and Mrs. Johnson are pioneer residents of this county, but moved to Childress County 34 years ago.

Mr. and Mrs. W. B. McCormick of Los Angeles, Calif., and Mr. and Mrs. J. H. Cope of Lubbock are here visiting in the home of Mr. and Mrs. J. R. Beverly and with other friends and relatives. Mr. McCormick is a former manager of the Crowell telephone system and he and his wife lived here for many years. Mr. and Mrs. Cope are also former Crowell residents.

Mr. and Mrs. W. H. Tamplin, J. T. Tamplin and Mr. and Mrs. Earl Ingle and children, Betty Jane and Don Kieth, went to Mador Sunday where they met Mr. and Mrs. Lee Echols and son, Terry, of Lubbock, and Mr. and Mrs. Clyde Echols and Mr. and Mrs. W. E. Echols and children of Durant, Okla., the entire group enjoying a picnic lunch in the park. Terry Echols came home with his grandparents, Mr. and Mrs. Tamplin, for a week's visit.

The Modern Hallowe'en

Youthful America has been keen to place its own interpretation on Hallowe'en customs. If the idea was once prevalent that mischief making spirits were wandering loose on this earth at this time, the kid element has seen in that idea the chance to play some of their own pranks, and lay their off on the spirits and devils.

So in many neighborhoods many youngsters have had their own peculiar celebration, in which such things as cutting clotheslines, tipping over ashcans, removing gates and doorsteps, ringing doorbells, have been features. If householders became irate and proceeded to chase those disturbers of quiet peace, that suited the kids quite well, and they could usually dodge around some house and elude the pursuers.

In some cases this idea has run wild, and such real mischief as pulling in false fire alarms and breaking light bulbs has been performed. The kids should be shown that such things will not be tolerated. The ringing in of false fire alarms is a particularly dangerous trick, as the firemen might be called out for nothing at a moment when a real fire had started.

When things are done that make real work and trouble, such as

GENERAL INSURANCE

Leo Spencer or Nelson Oliphant
LEO SPENCER
Phone 56 Office North Side of Square

when store windows are smeared with wax, soap, or something else that has to be removed, the children should be warned against such tricks, and told that they will make themselves very unpopular.

Many modern youngsters hike around from house to house and ask for handouts of fruit, cookies, candy, etc. Hallowe'en parties are held in many places to divert the attention of the young element from serious mischief. What ever diverts the thought of young people from harmful pranks, aids in the effort to train them in good citizenship.

THE SCHOOL CAFETERIA

Less than adequately heard of in the past years, our school cafeteria deserves all the praise that can be laid upon it.

The parents of children from the surrounding communities such as Thalia, Margaret, Truscott, Vivian, Foard City, and even the mothers of school children in Crowell possibly do not know about the orderly system and excellent supervision of this cafeteria.

A good, healthy, well balanced meal is always yours when you eat there. Students of the Crowell schools should be thankful that they have such a clean, sanitary place to eat.

For only twenty cents a day, students have a salad, vegetable, meat, desert and drink. All the meals are planned for a well-balanced diet; all the food is prepared in an appetizing manner. The students have their choice of milk or grapefruit juice to drink.

The meal is really much more than a twenty cent meal, because the state government gives a certain amount of money for each student, and it is a non-profit organization.

The cafeteria has an excellent supervisor, Mrs. Clint Simmons and assistants, who have been responsible for the good food served this year. The cooking staff is composed of Mrs. Clint Simmons, manager; Mrs. W. O. McDaniel, Mrs. Roy Cooper, Mrs. Virgil Allen, Mrs. Beatrice Brock, Mrs. J. D. Bursley and Miss Ida Mae Yount.

Our cafeteria is an asset to the school, and the students, as well as the faculty, appreciate the women who have made the cafeteria what it is.

The menu for the past week was as follows: Monday, Oct. 21, light bread, weiners, kraut, tomatoes and macaroni, cabbage slaw, peaches (canned); Tuesday, Oct. 22, corn meal muffins, pinto beans, turnip greens, fresh tomatoes, deviled eggs, graham crackers with peanut butter filling; Wednesday, Oct. 23, light bread, meat balls, potatoes, green beans, pickled beets, cookies; Thursday, Oct. 24, light bread, creole spaghetti, English pea salad, corn with sweet peppers, fresh tomatoes, fresh apples; Friday, Oct. 25, light bread, steak, gravy, cream potatoes, lettuce, canned peaches.

HALLOWE'EN

That long-awaited night is coming, Oct. 31, when mothers watch their children, flower pots and yard chairs.

People will be masquerading all over America. Boys and girls will be ringing doorbells, scratching on screens and making all kinds of noises. They will be coming from colorful parties, some with paper hats, whistles and masks.

Some masks will look frightful and others will be very humorous. People will be laughing and talking about black cats and witches and "stuffs" and making funny remarks about being "scared out of their wits."

Everyone will be looking for pranks to play and everyone will be excited, but remember, in the midst of your gaily, it is easier to tear down than to build up.

GHOSTLY GAUNT, GLOOMY GHOSTS GALLIVANT GAILY AS WEIRD, WICKED WITCHES WANDER WILDLY

At the stroke of midnight, weird shadows darkened the lawn as the white and ghostly moon played tricks on costumed pranksters. They visualized a Hecate in flowing black cloak, with hook-

ed nose protruding from a peaked cap, and a snarling black cat on her broom silhouetted against the moon's eerie gleam.

Today's Hallowe'en spirit, which is associated with ghosts, hobgoblins, witches, fairies, and elves, was originally derived from a religious celebration involving great feasts and the building of huge bonfires to keep away evil spirits released by the god of evil on that night. It was believed that eve of All Saints Day, November 1, was the last night the witches and ghosts of the devil could roam the earth before the saints took over.

The imagination of the American people has elaborated on the ideas of witches and evil spirits, fantastic masquerading, and practical jokes. The old custom of lighted jack-o-lanterns on Hallowe'en refers back to an Irish legend of a stingy man named Jack. He was barred from heaven because of his miserliness and was forbidden to enter hell because of his practical jokes on the devil, so he was condemned to walk the earth with a lighted lantern until Judgment Day.

THANKS, SENIORS OF '46

The dear old Seniors of '46 have presented a gift to the whole student body of Crowell High School so that their class may long be remembered. To the left of the study hall doors, just above the library windows, was installed a very attractive electric clock with Seniors '46 painted in black letters on the face. Each time the students look at the clock these letters stand out just as much as the time.

The clock is of a very convenient size, and it can be seen from every seat in the study hall. The seniors spent much time in suspense in the study hall anxiously waiting for the sound of the bell. Now the students can tell just exactly how much time they have left to study, etc.

Although CHS seemed to them a perfect school, they had a desire to make it a better place for the classes who took their place.

A few individual comments about the clock were as follows: Guy Whitten, "Now I can tell how much longer I have to sleep." R. L. Ballard, "It will save the ribs of the guy that has a wrist watch." And from the whole student body comes this expression of appreciation, "Thanks, Seniors of '46."

LOUIS PYLE AND JOHN POTTS REPORT ON TRIP TO NATIONAL FFA CONVENTION

On Monday morning the program started with customary ceremony—the owl, symbolic of wisdom and knowledge, the plow, symbolic of labor and tillage of the soil, the rising sun, emblematic of progress, the ear of corn representing common agricultural interests since corn is native to America; the eagle, indicative of the national scope of the organization. The motto was repeated by all—"Learning to do, doing to learn, earning to live, living to serve."

Since the meeting lasted four days, other highlights were the following: Welcome by Mayor of Kansas City, boys from Hawaii, Porto Rica, and Canada represented their countries and made short talks; we were entertained by Mickey Rooney, Edgar Bergen, Charley and Mortimer; Connie Haynes, singing star; Ray Noble and orchestra; Vox Pop; dance by Blackfoot Indians in native costume from Northwest Montana.

A big impression was made by the \$44,375 grand champion calf

of the American Royal Livestock Show. The youngster who won said, "I would have been happy to have received ten thousand dollars."

Visiting Swift Meat Packing Plant proved to be extremely interesting. One hundred seventy-six cows per hour are killed, packed, and made ready for shipment. Also 500 hogs go through per hour. (Where does all this bacon go?)

Fifteen thousand boys attended the annual banquet at Municipal Auditorium Tuesday night, Oct. 24, as the guests of Chamber of Commerce of Kansas City.

During the various meetings boys gained much valuable information on parliamentary procedure. 176 Star Farmers were promoted to American Farmers, six of these being from Texas. To be an American Farmer is the highest honor of FFA.

Louis said boastfully, "I have the personal autographs of J. C. Penney, manager and owner of J. C. Penney Co., and N. W. Christensen, manager of Sears Roebuck & Co."

CHS STUDENT, JANET ROARK, STEPS INTO THE LIMELIGHT AS SENIOR PERSONALITY THIS WEEK

Christened in 1929 as Mary Janet Roark and standing 5 ft. 2 in. with brown hair and eyes, this small, but energetic bundle of charm is a true blue CHS'ite. Born on Hallowe'en night Janet is often teased about being a descendant of the witches, but seriously, she wears no tall hat and rides no broom.

Among her list of favorites is the color blue, lemon pie with cat-sup and dill pickles. You usually hear singing "Begin the Beguine," "Five Minutes More," and "I Wonder Why." Her favorite subject is History while her highest ambition is to make an "A" in Plane Geometry. Her favorite pastimes are dancing, laughing (which she does most of the time) and that ain't all.

After high school she plans to give the commercial art profession a "Tech" the dickens. After college her ambition is the same as any other girl, to snag a man. Good luck, Janet!

BLONDE CASANOVA

Mischievous, lean and lanky, that's Cooper. Billy Roy Cooper really gets around CHS. He is a blonde haired, blue eyed senior, who has lots of plans all ready for Hallowe'en night like several other Wildcats!

Cooper has been manager for the Wildcats' basketball and football teams for two years. We hear lots of kicking about his managing, but deep down we know everyone really appreciates it.

When I could keep his buddy, "Mose" Ballard quiet long enough I found out a few things you might enjoy knowing about Cooper. He has been sports writer for the Wildcat column for two years, likes basketball as a favorite sport, and has swimming, diving, and hunting for his favorite pastimes.

We don't know whether he has a favorite girl or not, but it has been rumored he is "nuts" about a certain blonde in CHS (J. M.). Cooper dislikes anyone that will tease him or ruffle up his perfectly kept "curly locks."

For a food he takes oysters and cheese. For a subject he likes English IV. (We wonder if it's because he has to?) For an actor, Robert Walker will do for him. And let's not forget Jane Russell either (and I do mean really). Wow, how he does pick them! Bringing Home a Baby Bumble Bee is a good song to him because it is so romantic. (We suppose, personally I've never heard of such a song, have you?)

HOMEMAKING NOTES

The Primary Department thanked the Home Ec girls for mending one of their precious sheets that was torn in the sick room.

Our Monday night meeting was really a success. The first year group was initiated. They had to eat brains (scrambled eggs), eye-balls (peeled grapes), ears (candied apricots) and blood (oet juice) to wash it down while they were blindfolded. Anyone walking by might have thought we were committing murder. We had some red roses (our FHA flower) and delightful refreshments were served to top our program.

Hallowe'en's just around the corner. What are you going to feed the gang when they drop in? Here are some suggestions: How about pop-corn balls wrapped in wax paper, cokes or apple cider, cookies made in forms of witches, ghosts, cats and jack-o-lanterns with raisins eyes piled on a paper plate with blackpaper, and shiny red apples coated in caramel or chocolate. Nuts to shell and to top it all off, a hungry bunch of kids and you'll have a lot of fun Hallowe'en night.

WILDCAT PURRS

ANYONE ELSE NOTICED? The fun everyone had at the carnival Friday night, namely, Betty Brock, and H. A. White (it was nice to see H. A. here since his move to Quanah). Dorothy Thompson and Charles Green (Quanah).

Betty Barker, Grover Yochan, Tommie Meason, Rouse Todd, Marlene Mitchell, Floyd Borchardt, and a new couple, Elizabeth Joy and Raymond Carter, were all seen skating Saturday night.

How happy Sharon was that Joe was here over the week-end? How Joann Meason yells for our Wildcat No. 37, and Evelyn Bark-

er for No. 25, at the football games?

WE'VE BEEN HEARING: M. W. and Booty are now topping the date list.

Kenneth Adams still wants a date with Pat Fox or Ava Matthews.

Kendrick seems to be taking up quite a lot of Janet's time. Anna Laura Payne quietly remarks that Bobby Gloyna is "her man."

Wonder if it's a new and lasting romance between Maggie Everson and Ray Black, and about "Racehorse Jones" and Phillip Caran?

RUMORS ARE FLYING: That Lewis Brown thinks Joyce Hinkle is a little bit of O. K. Bobbie McDaniel, Gordon Erwin, Jerry Davis and Clarence Orr were two cute couples seen at the football game.

Has anyone noticed the gleam in Betty William's eyes when Herman Athey is mentioned.

It seems that Brock and Don have been tagging it around lately.

Kathleen Eddy enjoyed Mr. Campbell's company over the week-end.

We wonder why R. C. Schlagal doesn't open his big green eyes and take a look around?

PARTING SHOT: We would like to thank those nice people who made some of our lockers look like our bedroom closets.

SIDE SPLITTERS

M. W.: Say, Mouse, I heard you made \$15,000 profit by going to the drawing.

Mouse: Naw, I had to pay 25c for a ticket.

Garland: Say, Ray, didn't I see you with a chousy girl last night?

Ray: Gable: Sure.

Garland: What did she eat?

Ray: Salad, soup, fish and cocktails.

Garland: What did you have?

Ray: Heart failure!

Mrs. Barker: Betty, doesn't Grover say goodnight.

Betty: Boy, I'll say he does.

Billy: When the fire goes out where does it go?

Mrs. Bond: Bill, I don't know. You might as well ask me where V. goes when he goes out.

TIRES

We have just received a limited supply of
FIRESTONE FIRST LINE TIRES

In the Following Sizes:

5.50-16 . . . 4 Ply	7.00-15 . . . 6 Ply
6.00-16 . . . 4 Ply	7.50-20 . . . 8 Ply
6.50-16 . . . 4 Ply	7.25-20 . . . 10 Ply
7.00-16 . . . 6 Ply	10.00-38 . . . 4 Ply
	11.38 4 Ply

These Tires will be sold on OPA ceiling prices and on a first come, first served basis. Now would be a good time to get a new set of tires for the winter months. We also have the new Butal Tubes that are better than pre-war natural tubes. Sorry no trade-ins on your old tires. A reasonable charge will be made for mounting.

We invite you to see these fine new wide-tread FIRESTONES.

SELF MOTOR CO.

"There's a Ford in Your Future."

Enough Food is no Accident

It is no accident that the largest crops in our history are being harvested this year when we, and the rest of the world, need them most.

In spite of war, loss of labor and little new equipment, the American farmer has again taken care of us and provided a life-saving surplus for abroad.

How do our farmers do it? How is it that only sixteen per cent of our people can feed all of us and go on breaking records in the face of circumstances which slow up industry?

There are three reasons: First, farmers work harder and longer than most other Americans. Second, they know how to make the best use of tools. And, third, they have a long-standing partnership with industry seeking to satisfy their urge to get more out of the land for the same labor. Farmers are still practicing the kind of enterprise that built America.

National thanks are due the farmer for the job he has done in the last five years. Universal respect is due him for his foresight in helping industry equip farms to meet a whole series of emergencies.

BUT::: we should not crowd our luck, or the farmer's luck either. Too many farm tools are now worn out. Without new ones production may go down. Farmers need over eight hundred million dollars' worth of new implements and equipment. It is up to industry and labor to keep wheels turning to produce them, but any recurrence of strikes would prevent this.

America should see that the hard-working farmer gets what he needs.

Weekly Sermon

By the Rev. S. Maxwell Coder, Editor of Moody Press, Moody Bible Institute, Chicago.

Salvation in Psalm 40
State. The state of the sinner before he is saved is a sorry one (v. 2). He is down in the darkness of "a horrible pit" of sin and misery, and he finds himself helpless to do anything about it. Salvation. There is only one way to be saved and the psalmist took it. "Whosoever shall call upon the name of the Lord shall be saved" (Rom. 10:13). The pit walled David in on every side, but he was not roofed over. There was hope for help from above. He called, God heard, God answered. Salvation was of the Lord (v. 1).

JOE B. ROBERTS, Box 342 Munday, Texas

VETERANS' QUESTIONS AND ANSWERS

Q. Does the veteran's right to obtain government guaranty or insurance on loans continue indefinitely?
A. No, but guaranty or insurance may be had when obtaining a loan if within 10 years from the officially declared termination of World War II, so the right will continue for a long time.
Q. What will happen if loan payments are not made?
A. That will depend upon the terms of the loan, the attitude of the lender and the laws of the State where the veteran and security are located. If payments are not made when due the loan is in default and the lender may take such action as is provided in the loan agreement and is permitted by the State Law and by the regulations for guaranty and insurance of loans.
Q. Are there any charges for guaranteeing or insuring loans?
A. No, and commission, brokerage or similar charges may not legally be made against the veteran for securing a guaranteed or insured loan. Of course, customary out-of-pocket fees usually borne by borrower, such as appraisal, title examination fees and other costs and expenses incident thereto may be charged against

Improved Uniform SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago Released by Western Newspaper Union

Lesson for November 3
Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

LESSON TEXT—Acts 15:23b-29; Galatians 5:13-14.
MEMORY SELECTION—But we have been saved through the grace of the Lord Jesus Christ we shall be saved, ever as they—Acts 15:11.

FAUL CHAMPIONS FREEDOM AND BROTHERHOOD

LESSON TEXT—Acts 15:23b-29; Galatians 5:13-14.
MEMORY SELECTION—But we have been saved through the grace of the Lord Jesus Christ we shall be saved, ever as they—Acts 15:11.

FUNDAMENTAL DOCTRINE MUST BE SOUND AND TRUE

The early converts of the church were naturally from among the Jews, and they carried with them into their new-found faith the traditions of their religions. Some of them did not recognize that the salvation they had in Christ was entirely by grace, apart from any works of the law. They not only felt that they must observe the law, but insisted that the Gentile believers must also fulfill the Jewish rite of circumcision. This promptly raised the question whether Christ alone could save, or if men were saved by grace plus works.

TO SETTLE THIS MATTER, PAUL AND BARNABAS WENT UP TO THE CHURCH AT JERUSALEM

and there a great council discussed it freely, and came to a decision which was then transmitted by letter and a committee.

THAT DECISION ESTABLISHED AN ETHERNAL PRINCIPLE

L. Principal—Believers Are Free from the Law (Acts 15:23b-29). The believers at Antioch were to abstain from those things which would hinder their spiritual progress and harm their testimony. That was important and right, but it must not be allowed to confuse them regarding the basis of their salvation. They were not saved by works, not even though they were most commendable.

SALVATION IS BY GRACE, THOUGH FAITH, "NOT OF WORKS, LEST ANY MAN SHOULD BOAST"

(Eph. 2:8, 9). That principle, which is absolutely foundational in all Christian thinking, was established then, and is valid and blessedly true for all time.

IT IS NOT STRANGE, THEN, THAT ALTHOUGH THE CHURCH'S HISTORY THERE HAS BEEN A DETERMINED EFFORT ON THE PART OF SOME IN THE CHURCH TO ADD SOMETHING TO GOD'S REDEEMING GRACE AS A GROUND FOR SALVATION?

OBSERVE THE PLAIN REBUKE GIVEN TO TEACHERS OF ERROR IN VERSE 24

It is no light matter to trouble and mislead the souls of men by injecting our worldly wisdom or our opinions, when we should be teaching the truth of God's Word.

SALVATION BY GRACE AND FREEDOM FROM THE LAW DOES NOT BRING THE BELIEVER INTO A PLACE OF LICENSE, BUT OF LIBERTY—AND A LIBERTY CONTROLLED BY A NEW FACTOR IN HIS LIFE.

We note that in

II. PRACTICE—BELIEVERS ARE BOUND BY LOVE (Gal. 5:13-15).

The one who turns to Christ by faith is indwelt by the Holy Spirit and finds that, far from failing to keep the high moral principles of God's law, he is given grace to

keep them more perfectly. This he does, not in order to be saved, but because he is saved.

HE COMES OUT OF A BONDAGE TO THE LAW OF LOVE, WHICH HIS NEW NATURE IN CHRIST DELIGHTS TO BEAR AND IN WHICH IT FINDS THE FULFILLMENT OF ITS HIGHEST AND HOLIEST DESIRES.

NOTE THAT THIS SHOWS ITSELF IN THE CHURCH AND IN THE WORLD IN LOVING SERVICE TO OTHERS IN THE ABSENCE OF STRIFE, IN A WORD, IN THE PRACTICE OF THE ADMONITION: "THOU SHALT LOVE THY NEIGHBOR AS THYSELF" (v. 14; Lev. 19:18).

NO ONE FACES THAT LIFE RESPONSIBILITY WITHOUT REALIZING THAT HE IS EVIDENTLY NOT ABLE FOR IT. GOD HAS PROVIDED FOR THAT NEED, FOR WE NOTE NEXT THAT THERE IS

III. POWER—BELIEVERS ARE LED BY THE SPIRIT (Gal. 5:16-18).

Being saved does not set us free from the conflict with sin, for the old nature declares itself at enmity with the Spirit. We find it often to be in our hearts to do right, and in the decisive moment we find the flesh taking control and we cannot do the things we would (v. 17).

WHAT IS THE SOLUTION OF THAT PROBLEM? AN ALL-OUT ATTACK ON SIN AND SINFUL DESIRES? THAT IS COMMENDABLE, BUT IT SOMEHOW DOESN'T WORK. WE NEED A SUPERIOR POWER TO WORK IN AND THROUGH US.

THAT'S IT! THERE IS A POWER IN US AND READY TO WORK THROUGH US—THE MATCHLESS, VICTORIOUS POWER OF THE HOLY SPIRIT. HE DWELLS IN THE HEART OF EVERY BELIEVER (1 Cor. 6:19) AND ONLY AWAITS OUR YIELDING TO HIM THAT HE MAY TAKE CONTROL OF OUR LIVES.

WALKING IN THE SPIRIT (v. 16) IS SIMPLY GIVING HIM THE LIBERTY TO DIRECT OUR LIVES AFTER THE WILL OF GOD, DAY BY DAY AND MOMENT BY MOMENT. THIS PUTS US IN THE WAY OF VICTORY, FOR AS WE WALK IN THE LORD'S WAY WE MAY CALL ON HIM FOR NOT ONLY HIS GRACE, BUT ALSO HIS STRENGTH.

SAVED BY GRACE TO A LIFE OF LIBERTY AND POWER—SUCH IS THE INESTIMABLE PRIVILEGE OF THE CHRISTIAN. ARE WE, ARE YOU, LIVING UP TO IT?

Home Town Thoughts

There is one form of activity that should be constant, and that is the effort against disorder and neglect in the home town and state.

Those who give time and effort to the work of community organizations, are well repaid by the wide circle of friends they form in these activities.

Some people claim that advertising is not read. How do they account for the big money that so many large stores spend on advertising, and why would they spend it if their trade did not drop off when advertising was omitted?

Co-Laborers' Class Has Social Meeting

Mrs. S. S. Bell, Mrs. J. W. Bruce, Mrs. Sam Mills and Mrs. A. Y. Beverly were joint hostesses at the home of Mrs. Bell on Thursday evening to the members of the Co-Laborers' class of the Methodist Church at a delightful Halloween party. Spooks greeted the guests at the darkened entrance—tall, short and spooky spooks.

Halloween decorations furnished an atmosphere for a gay evening. Mrs. D. D. Denison, chairman of the program committee, kept the evening filled with the gay, jolly spirit, with games and stunts appropriate to the occasion. Each guest entered into the

games enthusiastically and created the background for a complete evening of diversion. The class has three such social meetings during the year.

The hostesses served delicious seasonal refreshments in the dining room which added to the evening's festivities with decorations of the Halloween motif. The centerpiece for the table was a pumpkin container for a pretty arrangement of flowers. Plates with a hot meat dish and pumpkin pie with whipped cream were supplemented by hot coffee poured by Mrs. Bell from a coffee table.

Following the refreshment course, gifts were exchanged by those present, gifts made by each one and the exchange gave fun and pleasure.

Mrs. D. B. Sauls of San Antonio was an out-of-town guest.

WEEK OF PRAYER
The annual Week of Prayer was observed by the ladies of the Woman's Society of Christian Service of the Methodist Church in an all-day meeting of consecration and program Monday at the church. A covered dish luncheon was served at the noon hour. Rev. D. D. Denison offered the invocation.

Mrs. Sam Bell was leader for the morning program. Assisting her were Mesdames W. B. Tysinger, E. R. Magee, F. B. Flesher, M. S. Henry and D. D. Denison.

For the afternoon program,

Mrs. H. E. Thomson was leader with Mesdames J. A. Stovall, Moody Bursey and J. W. Bruce, assisting. After the vesper hymn was reverently given by Mrs. M. J. Girsch, the offering for Week of Prayer and Self-Denial was made.

The program emphasized the needs of both home and foreign work. About thirty ladies were in attendance.

Miss Leta Faye Gray Married in Vernon Oct. 26

Miss Leta Faye Gray was married to John Graham in Vernon on Oct. 26th at 9 p. m. They were accompanied by Cotton Roberts and Miss Ada Price.

The bride is the daughter of Mr. and Mrs. T. Gray of Crowell and at the time of her marriage was employed in the Vernon Hospital as a nurse.

Mr. Graham is the son of Mr. and Mrs. Elmer Graham of Lockett. The newly married couple will live in the Lockett community where he is engaged in farming.

SUB-JUNIOR ADELPHIAN CLUB

The Sub-Junior Adelpian Club met at the Club House Wednesday, Oct. 23, with Betty Barker as hostess.

The following new members were present: Mary Ayers, Ruth Barker and Tommie Meason.

Petty Williams was leader of the program entitled, "If I Were a Teen-ager," taken from the book, "If I Were Eighteen." The program consisted of a talk on charm by Rondyn Self, followed by one on "Brains" by Mary Norman and one on "Education" by Edna Dunn. To conclude the program the leader gave a review of the book, "Sitting Pretty."

HOBBO STEW TONIGHT

The annual hobbo stew for the families of the Gambleville community will be held tonight at the school house, it was announced Tuesday. This is a social gathering and everybody is invited to attend and requested to bring something to go in the stew and also cups, spoons and bowls.

FOARD CITY WSCS

Mrs. Glen Shook was hostess to the Foard City Woman's Society of Christian Service on Monday, October 21, at 3 o'clock. In the absence of the president, Mrs. Blake McDaniel presided and called for the group to open the service with the song, "Sweet Hour of Prayer." Mrs. E. V. Halbert led in prayer.

Following a brief business session, Mrs. Howard Ferguson brought a devotional based on Jesus' prayer of forgiveness as He hung on the Cross. "Father, forgive them, for they know not what they do." She brought out the debt, the obligation we are under to be forgiving toward others for Christ, who was without sin bore the burden of the world's sin and still prayed, despite His agony, that the people's sin of crucifying Him be forgiven.

"The Man with the Plow," the second chapter of the course of study, India, was reported on by Mrs. Kenneth Halbert. She characterized a typical Indian peasant, illiterate yet no fool, happy despite his poverty, tenacious as to his farming methods yet ready to be shown new ways.

Irrigation in primitive form has been known in India from time immemorial; but, in recent years, the skill of modern engineering has harnessed the larger rivers of India and turned water into canals, which has made the wilderness literally blossom.

If illiteracy, lack of sanitation and modern industrial and agricultural methods walk through India along with Christianity, a greater awakening, spiritual and physical, will take place.

Mrs. Jack Welch accompanied the ladies as they sang the closing hymn, "What a Friend." After the lesson was over, Mrs. Shook taught the members a game played by Indian women. From the response, a good game is a good game, in India, America or Africa. Hot chocolate and angel food cake were served to twelve members and one visitor, Mrs. W. W. Erwin, of Jacksboro.

A Jackson, Miss., Air Corps veteran operates a complete children's shop. Down in New Orleans, La., a former artilleryman has opened a frozen food factory. Two former nurses in Seguin, Texas, have bought and are now managing a hospital.

Over 3,722,000 pounds of snuff are sold each month in the United States. Snuff is made from the pulverized tobacco stems and the center ribs from the tobacco leaves.

BIRTHDAY CELEBRATED

Mrs. Will Gamble was the honored guest in the home of Mr. and Mrs. J. C. Breedlove of Chillicothe on Sunday, Oct. 27, when her 67th birthday was celebrated.

The home was beautifully decorated with cut flowers. "Happy Birthday" was sung by those present when Mrs. Gamble was invited into the dining room. The cake was pink and white.

In the afternoon favorite hymns were sung by the family.

Those present for the dinner were: Mr. and Mrs. J. L. Gamble, Mr. and Mrs. Howard Gamble, Mrs. Herman Greening and the honoree, all of Crowell, and Mr. and Mrs. Breedlove and daughters, Patsy and Fernez.

VIVIAN H. D. CLUB

Mrs. Raymond Rasberry was hostess to the Vivian Home Demonstration Club which met in the home of Mrs. Maude Rasberry Thursday, Oct. 24, in an all-day meeting.

The subject of the program was "Getting Acquainted with Russia." Roll call was answered with "My Conception of Russia," of which a variety of opinions were expressed.

Among those present were six visitors: Mrs. Charles Ferguson and Mrs. Mike Rasberry of Crawell, Mrs. C. S. Lewis of Paducah, Mrs. J. W. Carroll, Mrs. Rutledge and Miss Dolores Gilbert.

The next meeting will be with Mrs. Floyd Carlton Thursday, Nov. 14, at which time each member is to take fifty cents or one dozen eggs. Miss Elizabeth Elliott will demonstrate "Using Color in the Kitchen."

Star-Director Combination Brings "Heartbeat"

Audiences will again enjoy the combined talents of the star-director team of Ginger Rogers and Sam Wood in "Heartbeat." They first attracted attention with their work in Kitty Foyle, in which Ginger Rogers won the Academy Award for a best star performance of 1949. In "Heartbeat," the talented star and director deliver a lavishly produced romantic comedy with a brilliant Parisian locale, in contrast to the intimate American scene of Kitty Foyle, at the Rialto, Sunday and Monday, Nov. 3 and 4.

Ginger appears as a French girl, Arlette, in the production by Robert and Raymond Hakim, entitled "Heartbeat." Answering a newspaper advertisement, she enters what appears to be a respectable home, but which is actually a den of pickpockets, where she is compelled not only to study the art of light-fingered geny, but is forced to "pull" one job.

Playing opposite Miss Rogers, Jean Pierre Aumont makes his return to the screen in this RKO Radio release. Basil Rathbone is Professor Aristed, teacher of pickpockets. Others on the brilliant cast are Melville Cooper, Mikhail Rasumny, Mona Maris, Eduardo Ciannelli and Henry Stephenson.

Approximately 1,536,000 veterans were paid about \$27,000,000 in unemployment allowances for the week ending Sept. 7. Veterans Administration announced.

A total of 66 recognized organizations now are authorized to present claims for veterans with Veterans Administration.

This year's pension estimated at a million dollars double the prewar pension up the total value \$40 million.

AUCTION SALE

TUESDAY, NOV. 12th, at 2 P.

MRS. PRESTON OWENS

TRACTOR REPAIR WORK

I have rented the repair department of the Foard County Implement Co. on the southeast corner of the square and ready to do repair work on tractors. I am especially prepared to do work on M. M. tractors. Will also do automobile and truck work. I was doing this type of work three years ago before entering the service.

Will appreciate your patronage.

BILL DUNN

NOTICE

The Better Way Laundry is forced to quit finishing on account of O. P. A. ceiling price.

Will appreciate your wet wash, rough dry and help selfy.

Thanks,

Mr. and Mrs. C. S. Bartley

So that you may have no doubt as to our method of distribution of new Chevrolet passenger cars and trucks, we make the following—

DECLARATION OF POLICY

- PRIORITY OF DELIVERY**—New Chevrolet cars and trucks will be apportioned on the basis of: (1) essential public services, (2) veterans' occupational requirements, (3) priority of date in placing orders.
- PRICES**—All new Chevrolet cars and trucks will be sold at the authorized prices current at time of delivery.
- TRADE-INS**—No trade-in will be required from any customer who does not have a car to dispose of at the time of the transaction. Customers who do have cars will be given allowances based on honest appraisal and fair value at the time of delivery.
- ACCESSORIES**—No customer will be asked to purchase accessories as a condition of securing delivery.
- STATUS OF ORDERS**—Customers will be informed, upon request, of the true status of their orders in our files.
- NEW ORDERS**—We welcome your order for a new Chevrolet at any time.

WE THANK YOU FOR YOUR PATIENCE AND LOYALTY IN AWAITING DELIVERY OF YOUR NEW CHEVROLET

BORCHARDT CHEVROLET CO.
