AND CROWELL INDEX

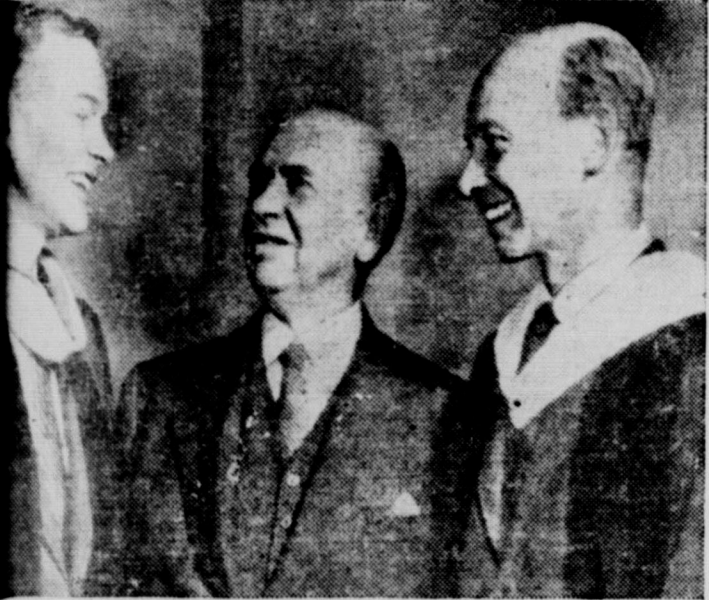

CROWELL, FOARD COUNTY TEXAS, THURSDAY, NOVEMBER 28, 1946

EIGHT PAGES

SIXTH YEAR NUMBER 20

**ATOMIC ENERGY CONTROL COMMISSION** . . . The all-civilian atomic energy control commission, headed by David E. Lilienthal, former chairman of Tennessee Valley authority, are shown conferred with President Truman, following announcement of his appointment. Left to right: Sumner Pike, Lubec, Me.; Lewis B. Smith, New York City; President Truman; Chairman Lilienthal; W. Bacher, Ithaca, N. Y.; W. W. Waymack, Des Moines, Iowa.

**THREE PRESIDENTS IN ONE FAMILY** . . . James H. Case Sr., president of the Federal Reserve Bank of New York, offers congratulations to his two sons who also hold "president titles." James H. Case Jr., left, recently was inducted as president of Washington and Jefferson college, and Everett N. Case, right, is president of Colgate university. President Everett was one of the major speakers at the installation ceremony of his brother.

**CITIZATIONS AWARDED 5 CARRIERS** . . . Secretary of the Navy James Forrestal awarded unit citations to five aircraft carriers for inflicting "terrific losses" on the Jap navy during the war. The ships commended were: Cowpens, Enterprise, Hancock, Intrepid and the Wasp. Forrestal is shown at left. The five other ships shown are officers of the aircraft carrier, Wasp.

## Rheumatic Heart Disease Dangerous to Children, 10 to 14

Rheumatic heart disease is now the first cause of death among children aged 10 to 14 and is second only to tuberculosis at ages 15 to 25. Despite the importance of this disease, its epidemiology is not completely established. No vaccine is available as those that prevent typhoid, diphtheria, smallpox, and meningitis have yet been developed. We do know, however, some of the danger signals and with a physician's accurate diagnosis the damaging results of the disease may be prevented. Exposure to frequent chilling, overcrowded living quarters,

a poor diet, an attack of scarlet fever, a bad cold or other infection caused by certain streptococcus germs are likely to be predisposing factors in the appearance of rheumatic fever. Dr. Geo. W. Cox, State Health Officer, points out that in general the danger signals of rheumatic fever are pain and swelling in the joints of the knees, ankles, elbows or wrists. The pain usually is felt in one of these centers and spreads to the others. Ofttimes a child will get irritable and cross without any visible signs of a good reason for this attitude; he may cry easily or develop habits of nervousness. A physician should be consulted at once in such a situation, for these symptoms may be the beginning of rheumatic fever. According to Dr. Cox the best safeguards against this disease are to have each child examined at least once a year by a physician, to have the right kind of food and plenty of rest. When the disease is suspected of being present, a doctor should be consulted at once, and if he prescribes complete bed rest, his advice should be implicitly followed.

It is estimated that Americans have saved up in bonds, savings accounts and insurance policy cash in values, about 150 billion dollars—an all time high. This represents \$400 for every man, woman and child in the nation.

## Many Subscriptions Expiring Now!

This is the time of the year that many subscriptions to the Foard County News expire and we are anxious for every reader to look after his renewal. The scarcity of newsprint makes it almost imperative that we stop papers when the time paid for has expired. We have never made that a hard and fast rule, so we would greatly appreciate every reader looking after this matter. Many have already paid their subscriptions far in advance.

With the News printing 1,500 papers each week, we do not have enough paper in the office to print that many papers the remainder of the year. We may get some more and we may not. We are promised more paper after Jan. 1, 1947.

Thank you, readers, for your loyal support.

T. B. KLEPPER, Pub.

## Crowell Wildcats Defeat Olney Cubs in Last Home Game

The Crowell High School football team won another district 12A game last Friday night when it defeated its old rivals, the Olney Cubs, by a 27 to 6 score.

The Wildcats started their scoring early in the first quarter after holding Olney for downs and taking the ball on a punt on their own 22-yard line. With good blocking all the way, they marched seventy-eight yards on ground plays for a score. J. L. Brock made the last eight yards through the left side of the line. Brock kicked the extra point to make the score 7 to 0. The Crowell boys struck pay dirt again before the quarter was over when Kendrick Joy passed to Brock for 12 yards and the second touchdown. Lou Laquey set this touchdown up on a twenty-yard end run. Brock again kicked the extra point to make the score 14 to 0.

The second quarter was scoreless for both clubs. However, some good football was exhibited. Crowell's tackles, Thomas Tappelen and J. C. Patton, did some of the best defensive work that has been seen on the local field this year.

Olney scored its lone touchdown in the third quarter when Clarence Warren, left halfback for the Cubs, made a short screen pass for fifteen yards to Billy Joe Purris, right halfback for Olney, that resulted in a touchdown. The play was good for thirty-five yards. The extra point try was no good and the score was 14 to 6 at the end of the third quarter.

Crowell had complete control of the ball game during the final period. Joy ran the score up to twenty points on a five-yard touchdown play. Brock continued to star when he kicked his third straight extra point through the uprights. The final score came on another running play by Brock that was good for nine yards and Crowell's last touchdown of the game. The extra point was wide to leave the score 27 to 6 in Crowell's favor.

Johnnie Frank Mitchell looked just as good in his blocking assignments as the rest of the backfield did in carrying the ball. In fact, Crowell's entire team has exhibited some outstanding teamwork on its blocking in the last several games. Jack Bearrow, fullback for the Cubs, was Olney's outstanding player of the game. The Wildcats play their final game of the season at Archer City tonight (Wednesday). These clubs have the same standing in the district, with five wins and two losses. Archer City defeated Seymour and Holiday, teams that knocked Crowell out of a chance for the championship; while Crowell won over Burk Burnett and Chillicothe, teams that took Archer City into camp. Both clubs defeated Olney by three touchdowns, and won over Iowa Park and Valley View by about the same score. The game should be a toss up. The winner will finish in second place standing in district 12A.

## ONE-HALF INCH RAIN

The cold spell that came down over this section Monday was accompanied by a good rain which measured .52 of an inch by the Government gauge at the Crowell State Bank.

The clouds cleared away Monday night and Tuesday the sun shown all day with a considerable rise in the temperature.

The Eiffel Tower in Paris is 984.25 feet high.

## To Observe 50th Wedding Anniversary

ABOVE are Mr. and Mrs. T. L. Hughston, who will have been married fifty years on Dec. 2nd.

Their two sons and daughters-in-law, Mr. and Mrs. M. L. Hughston and Mr. and Mrs. T. F. Hughston, will honor the couple on Sunday, Dec. 1, with Open House for friends and relatives, who are hereby invited to call at the home of Mr. and Mrs. M. L. Hughston between the hours of 3 and 5 o'clock in the afternoon.

## Xmas Shopping Season to Open in Crowell Dec. 5

The business men of Crowell have completed arrangements to stage the opening of the Christmas shopping season on Friday, Dec. 6, it was announced this week.

The merchants will unveil their show windows, colored Christmas signs will be turned on and Old Santa Claus will pay the city a pre-Christmas visit and distribute 1,000 bags of candy to the kiddies. The exact time he will motor down the streets of the city will be announced in next week's issue of the paper.

All merchants of Crowell are urged to take part in this annual event.

## HOSPITAL NOTES

Foard County Hospital

- Sybil Gobin
- Hazel Spencer (Col.)

Patients Dismissed:

- Mrs. Recie Womack
- and infant daughter
- Mrs. Kenneth Halbert
- Melvin Henry
- Margaret Batello (Mex.)

FOARD CITY W. S. C. S.

On Monday, Nov. 18, members of the Foard City Woman's Society of Christian Service were guests in the home of Mrs. Virgil Johnson. "The Kingdom Is Coming" was the opening hymn and Mrs. Sty Barker led in prayer.

During the business session names were drawn for the Christmas tree and committees were appointed for that entertainment. The Spiritual Life Chairman, Mrs. Blake McDaniel, brought the devotional concerning four things God would have each one know. First, the necessity of being saved; second, the inability of a person saving himself; third, Jesus' provision for man's salvation; and fourth, Jesus' assistance in helping man resist temptation. Mrs. Virgil Johnson presented a chapter from the book of India, the country being studied by the society at present. She used charts to show how percentage of agricultural production of India compared with that of the United States in such products as cotton, rice and wheat.

Mrs. Grady Halbert discussed the "good" and the "evil" of Great Britain's more than a century of rule in India, bringing out the good features introduced within those years, as well as the detrimental features of foreign rule.

An amusing game of India was directed by Mrs. Kenneth Halbert, and attractive refreshments with tiny colored Indian ox-carts as favors, were served by the hostesses to the members and two guests, Mrs. Sty Barker and Mrs. E. R. Roland.

Experts figure that a new home may be built easier and for less in a year or two than it can be built today and also that the price of old houses will begin to decline as new building starts.

It is reported that the production of wheat in the world will fall 50 per cent below the needs of 1946, and 25 per cent short of needs next year.

## Dead Body of Man Found on Y Ranch Was a Negro

The badly decomposed body of a man found by Jim Roark on the Y Ranch, 35 miles west of Crowell on Nov. 11, was that of a Negro, past middle age, according to a report received by Sheriff A. L. Davis Monday from Austin through the Texas Rangers at Lubbock. The man was between 5 feet, 10 inches to 6 feet tall.

The following information was deciphered from the papers taken from the body and sent to Austin by Ranger Jim Greer of Vernon: Prescription issued by Dr. Logsdon, doctor by this name at Corsicana and also one at Colorado City. Prescription issued to Johnson Drug, Phone No. 56.

Last two letters in first name were "am." First three letters in last name "Joh." Twelve second capsules. Had bus ticket, serial No. 48358, issued by Texas Motor Coaches, Inc., Fort Worth-Fort Worth to Dallas. Had one \$10.00 bill and one \$1.00 bill, some change, latest coin 1944.

## Girl Scout Area Executive to Be Here Monday, Dec. 2

In response to a number of requests, Miss Ida Mae McClure, Girl Scout Area Executive, will be in Crowell on Monday, Dec. 2, for the purpose of organizing a Brownie Troop, it was announced Monday by Miss Frankie Kirkpatrick, local Girl Scout leader. Miss McClure will meet with mothers of the second, third and fourth grade girls at 2 o'clock in the afternoon of this date at the Girl Scout Little House.

All mothers interested in this organization are asked to meet with her. She will also meet with the Girl Scouts at 4 o'clock.

## New Baptist Pastor Takes Over Duties at Thalia Church

Rev. W. G. Gilbert, formerly of McKinney, has accepted the pastorate of the Baptist Church in Thalia and recently moved to Thalia and assumed the duties of his new position. The Thalia church did not have a pastor for several months, until Rev. Gilbert accepted the call to that place.

**NEW YORKER MAYOR OF HAMBURG** . . . Max Brauer, who became an American citizen last year while lecturing under auspices of Federal Council of Churches of Christ, has been chosen as mayor of Hamburg.

## Two Powerful All-Star Football Teams Ready for Post-Season Engagement Here Under Auspices American Legion

On the eve of Crowell's first American Legion post-season football all-star game, slated for Friday night, November 29, two powerful teams stood poised, ready and confident of victory.

"We'll outscore 'em," stated Co-Captain Killer White. "We're picking up additional strength all along. Bert Ekern will strengthen us considerably. He played halfback several years at the University of Missouri. And then there's Gilbert Lankford, a powerhouse fullback. He played a lot of service ball overseas. He is rarin' for more action in this game. These two boys, along with Cotton Owens, Delmar McBeath and the entire Wildcat backfield—there's real scoring punch."

Gordon Erwin, Captain of the College All-Stars, while hardly so enthusiastic concerning his team's chances, appeared quite confident of an ultimate victory.

"We'll get better," as we go along," said Erwin. "We've been hurt badly by Pat McDaniel coming up with a broken foot, but we have four other boys who are regulars on the Decatur Baptist College team: Ray Tappelen, Kenneth Payne, Jeff Hardin and the latest addition, Bill Sprull (John Ray's grandson). We'll probably win in the last quarter of the game."

A large crowd is expected to turn out for this action-filled battle. Reports are that Decatur Baptist College's coach will be here to witness the fray. Several of the college boys declared they would rather miss their Thanksgiving day game than to miss this one.

Starting lineups for the College All-Stars will probably be selected from the following:

Backs: Paul Veera, Boonie Ford, Charles Nelson, A. G. Wallace and Bill Adams.  
Linebackers: Ray Tappelen, Charlie Thompson, Gordon Erwin, Jeff Hardin, J. W. Sallis, Bobby Cooper, Larry Dan Campbell, Kenneth Payne and Bill Sprull.  
Probable starting lineup for the Resident All-Stars will be selected from the following:  
Ends: Killer White, Marion Crowell and Howard Bell.  
Tackles: Glen Taylor, T. L. Owens and Harold Canup.  
Guards: Charles Branch, O. C. Wharton, Bobby Jo Hunter, Daniel Brisco.  
Center: Carlos McBeath.  
Backs: Bert Ekern, Cotton Owens, Gilbert Lankford, Kendrick Joy, J. L. Brock, Johnnie Frank Mitchell, Don Laquey and Delmar Paul McBeath.

This game will start thirty minutes earlier than most of the high school games, the opening kickoff scheduled for 7:30 p. m.

## Fire Destroys Home in Southwest Part of County

Fire of unknown origin destroyed the two-story, 9-room house on the J. F. Long farm in the Claytonville community Wednesday afternoon of last week. Mr. and Mrs. Roy Daniels and three children lived in the house, but were not at home when it caught on fire.

The Daniels family lost all of their household furnishings and all of their clothes except what they had on at the time of the fire.

Substantial relief was readily given to Mr. and Mrs. Daniels by friends and neighbors in that community and in Crowell through the efforts of Jack Stambaugh.

## Pioneer Foard Resident Succumbs at Weatherford

Mrs. J. J. Stoker, former pioneer resident of Foard County, passed away at the home of her daughter, Mrs. Clara Brock, in Weatherford, Friday, Nov. 15, at the age of 90, according to a news item in last week's issue of the Handley News, published by H. L. Kinsey. Mrs. Stoker was the widow of the late Judge J. J. Stoker, who died six years ago at the age of 97. Judge Stoker was county judge of Foard County in the late 90's, the family moving to Weatherford in 1900.

Funeral services for Mrs. Stoker were held at the Weatherford Presbyterian Church Sunday afternoon. All of the children, one son and six daughters, were present.

## J. S. Wells Accepts Pharmacist Position in Shirley Drug

Mr. and Mrs. J. S. Wells of Fort Worth will again make Crowell their home after being away since 1941. Last week Mr. Wells accepted a position as pharmacist in the Shirley Drug and Mr. and Mrs. Wells will move to Crowell the latter part of this week to make their home.

Before leaving here in 1941 Mr. Wells was employed as pharmacist for seven years with Reeder's Drug Store. For the past two years he has been employed by Joe Horn Drug and the United Rexall Renfro Drug Co. in Fort Worth. Mr. Wells stated that he would be glad to meet his old friends at the Shirley Drug.

Their son, Gilbert Lankford, and family have made their home here most of the time since he was discharged from the service.

## Business Houses to Be Closed on Thanksgiving

All business houses in Crowell will be closed on Thanksgiving Day so far as the News was able to learn the first of the week. As was announced by both drug stores last week these stores will close at 10 o'clock and remain closed the rest of the day.

Supt. Grady Graves announced Monday the Crowell schools, as well as all other schools of the county, will turn out Wednesday and will have two days for Thanksgiving holidays. (The paper is being printed on Wednesday instead of Thursday this week.)

Garage doors are now available that are operated by means of the electric eye. A motorist on approaching his garage door crosses the beam of the electric eye which starts in motion a mechanism that opens the door. The motorist is not required to leave his car.

Battery production will be a million less this year due to a 20 per cent reduction in lead, for the purpose of making batteries, by the government.

**YOUNGEST ORATOR** . . . Millette Thomas, 19, is shown speaking at the meeting of the French Republican women in Palais de Mutualite, Paris. A member of the Independent Socialist party, she is France's youngest political orator.

## Local Church Sends Offering to Tipton Orphans Home

The First Christian Church of Crowell took an offering Sunday for the Church of Christ Children's Home at Tipton, Okla. The offering exceeded \$50.00, and a bundle of clothing was also sent. This Home suffered a heavy loss by fire last Saturday.

## New Battery Man at Borchardt's Station

Tex Singleton of Hamilton has been employed at the Borchardt Service Station to repair old batteries and assumed his duties this week. Mr. Singleton is an expert battery man. Mr. Borchardt stated, and will assist motorists in taking care of their old batteries. Opal Furgason is manager of the Service Station.

## We Invite

H. Schindler and friend and Mrs. J. H. Lanier, Sr.

attend any picture advertisement for the coming week at the Theatre in Crowell. We want you to be our guests.

### AGRICULTURE in County

(Joe E. Burkett, County Agent)

#### 20% SUPER PHOSPHATE ON ALFALFA

Herman Schwarz of the Rayland community in Foard County states that on 7 acres of alfalfa in 1945 he got a yield of approximately 1,000 bales. Then he applied 400 pounds of 20% super phosphate per acre and in 1946 he produced seven cuttings and a yield of approximately 1,500 bales.

Mr. Schwarz says he is thoroughly convinced that it pays to use super phosphate on alfalfa.

There are a good many farmers in the alfalfa producing area of Foard County who plan to apply 20% super phosphate to their alfalfa this fall and spring.

These farmers are applying anywhere from 200 to 400 pounds per acre. In some instances the farmers get greater increases in yield the second year after the phosphate was applied than they did the first.

#### 4-H EXPERIENCE BENEFICIAL

Here's a story that every young 4-H boy should read. It's about C. B. Hodge of Bell County who today, at 20 years of age, is one of the county's leading farm managers and business men.

In 1939, when he was 13 years old, and just an ordinary farm boy, C. B. joined the Salado 4-H Club. For six years he continued his membership, carrying on various demonstrations in beef cattle, gardens and field crops until he graduated from high school in 1944. He learned the first lessons of management from his 4-H Club experiences and by working closely with his father on the farm.

Last March, when C. B.'s father died, he suddenly found himself sole manager of 2,500 acres of farm and ranch land, and Bell County Agricultural Agent W. D. Seals reports that he is now meeting the responsibility like a seasoned veteran.

In addition to his farm management duties, C. B. last year started a corn shelling business. He and his partner shelled 50,000 bushels of corn last fall. Recently he has built and is operating one of the largest corn shellers in the county. He has already shelled 25,000 bushels and expects to beat his record of last year.

The 2,500-acre farm and ranch that C. B. is managing includes 1,300 acres of crops and 1,200 acres of pasture on which he keeps 100 beef cattle, 500 sheep and 400 goats. About four months ago the young business man married Miss Mary Harrison of Jarrell, Texas, and County Agent Seals says they are "operating like real business people." She takes care of the books and office work while C. B. does the outside work and transacts business.

Seals reports that C. B.'s accomplishments in carrying on for his father are a great source of inspiration for the 57 members of the Salado 4-H Club.

#### COTTON INSURANCE OFFERED FARMERS

Federal crop insurance on the 1947 cotton crop is now being offered for sale to every cotton farmer in Texas, State Director B. P. Vance of the Production and Marketing Administration has announced. Insurance contracts will be signed in county ACA office.

Under the 1947 insurance plan, farmers are being offered a wider choice on the amount of insurance they can buy. Coverage may be made for as low as 40 per cent of the average yield and as high as 75 per cent, Vance says.

All-risk insurance, which protects the crop against any unavoidable hazards, goes into effect when cotton is planted and continues until it is ginned. The amount of insurance increases as the crop grows, because more costs have been incurred and the crop is worth more to farmers, Vance explains.

The star Zeta Aurigae, according to astronomers, consists of a substance as thin as the vacuum in an electric light bulb.

#### STOCK 1029 FOR SPINOSE EAR TICKS

Common throughout most of Texas, the spinose ear tick, an external parasite that attacks horses, sheep, goats and deer, should be treated now with Stock 1029.

This recommendation comes from entomologists of the Texas A. & M. College Extension Service, who say that the tick can be controlled by a single fall and spring Stock 1029 treatment, provided the farmer also sprays his salt and mineral boxes each month with equal parts of kerosene and lubricating oil.

In the immature stage, the tick attaches itself to the ears of animals, and Stock 1029 can best be applied with a one inch paint brush. Both the inner and outer surface of the animal's ear should be covered thoroughly.

Stock 1029 is a mixture of pyridine containing 45 per cent rosin, 40 per cent Herculyn and 15 per cent dibutyl phthalate.

Hunters Warned to Beware of Ticks in Wooded Areas  
Austin.—With the hunting season now open, Dr. Geo. W. Cox, State Health Officer, is urging that all hunters or other persons spending time in wooded areas use all possible precautions against being bitten by ticks which may infect the victim with relapsing fever. He further advises that when a tick is found, it should be removed from the body as soon as possible and that care be taken not to crush the ticks in handling them.

"Tick-bite fever is contracted," Dr. Cox explained, "either from the bite of infected ticks or by absorbing the infectious material through breaks or scratches in the skin." According to Dr. Cox, the disease does not spread from person to person by direct contact but only through the bite of an infected tick or body louse. Prompt removal of the insect is of the utmost importance.

Relapsing fever, commonly called tick-bite fever, is characterized by sudden onset, intense headache located in the front part of the head and pains in the back and limbs. The fever lasts from three to five days before slowly declining. The temperature will remain normal for about a week when the fever repeats itself. There may be three, four, or even more such relapses, which accounts for the name of the disease.

Dr. Cox said that the wearing of suitable clothing next to prevent ticks getting next to the skin is of importance in the prevention of this disease. The insects may be removed with the fingers but the use of tweezers

VETERANS'

QUESTIONS AND ANSWERS

Q. Is a veteran eligible for readjustment allowance benefit if he settles in Canada or Hawaii?

A. Residence in the United States, its territories or possessions is a definite eligibility requirement for readjustment allowances. Veterans living in Canada are not eligible. Veterans living in Hawaii are eligible if they meet all other eligibility requirements.

Q. I obtained a G. I. loan on which the Government guarantee was \$2,500. Recently I lost my job and would like to know if I'm eligible for unemployment compensation provided in the G. I. Bill?

A. The fact that you obtained a G. I. loan does not affect your eligibility for readjustment allowances. You may receive them if you meet the requirements specified by law.

Q. My son has been pursuing a course of training under the G. I. Bill, but finds that he can't afford to continue and support himself and family. Can he terminate his course at any time without notifying Veterans Administration?

A. A veteran should not quit his course of education or training without notifying or obtaining the approval of the Veterans Administration regional office handling his claim. This is necessary so that he will be qualified for further training.

Due to the fact that reforestation is not attempted or required in this country there are 43 per cent less trees in the United States than there were 40 years ago.

One large Pennsylvania laundry has a waiting list of nearly 3,000 potential customers who, because of the soap shortage, it cannot service.

T. B. KLEPPER, Owner-Editor
Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Tex., November 28, 1946

Verily, verily, I say unto you, He that receiveth whomsoever I send receiveth me; and he that receiveth me receiveth him that sent me.—John 13:20.

This isn't a bond selling talk but is nevertheless good and sound advice. The smart individual who has an income these days should be planning now for the squeeze that is bound to come later.

The position which John Lewis has maneuvered himself into has many possibilities of danger. He is the absolute dictator of the fuel supply of this country.

Owing to the critical scarcity of lead in this country car batteries are difficult to secure.

What We Think (By Frank Dimes)

The recent election was a splendid example of democracy in action. As a result of the election the people of the United States have accomplished in a peaceful manner, through the medium of the ballot, what many other countries resort to rebellion and bloodshed to do.

In the passing of the control of both houses of Congress to the Republicans the country will be under Republican rule and control for the next two years notwithstanding the fact that it has a Democratic president.

The outcome of the election was the result of the attitude of mind on the part of the people as a result of the war, the attempts to control inflation through price control, the rationing program, the scarcities and the slow-down in reconversion caused by labor strikes.

Regardless of how much good the efforts to control inflation have accomplished or the fact that rationing was an honest effort to distribute uniformly a limited supply of merchandise to the many who were demanding it, it irked the voters because it restricted their freedom of action, and restriction is one thing Americans are not used to and do not like.

The victory by the Republican party in the opinion of many students of political movements in this country will in all probability lead to a Republican victory in 1948 and the election of a Republican president.

The prospect should not, however, be regarded as a lasting victory. Rather it will constitute an opportunity to the Republican party leadership to prove by its concrete acts that it can do for the people of the country what it has been clamoring for sixteen years should be done.

Let's look at a few of the promises: There is, prominent among the leading promises, the reduction of taxes and the balancing of the national budget. This is one promise that the voters will be able to check up definitely on two years and six years from now.

Power of Leadership

The ability to act as leaders in the activities of the community is a very great asset for a person to have. Modern school and college life and the activities of towns help to develop this power.

In athletics or school or youth or church organizations they show a certain power of magnetism, of quick thought and personal influence, that helps them to take the lead in any activity in which they become interested.

CARD OF THANKS

We want to thank the people and the Odd Fellows of this community for the substantial help given to us after we suffered such a heavy loss when our home burned last week.

Mr. and Mrs. Roy Daniels and Family.

Three-piece fire place sets, \$33.30.—Womack's.

Thanksgiving Day

The idea of setting a day apart as a time for thanksgiving to God dates back to the Plymouth colony in 1621, when such a day was appointed in gratitude for bountiful harvests.

In spite of all, they were truly thankful for their expectation that they would be better able to stand the rigors of the coming winter.

If they were thankful with such slender resources and primitive conditions, our people today should have a similar feeling many times over.

Modern life has facilities to make people happy which former ages never knew. We owe deep gratitude for victory in the recent war.

The light of friendship and love comes into our hearts, it brings cheer on the darkest day, and helps us to see the bright side of life.

Alan Ladd Co-Stars in Adventure Film

Adventure on a pulse-pounding and suspense-charged scale is promised film fans beginning next Sunday and Monday when the Rialto Theatre presents Paramount's dramatic action picture, "O.S.S."

"O.S.S." is the first dramatization of the government's colorful undercover intelligence organization, known simply as the Office of Strategic Services, whence comes the abbreviated initials of the film's title.

"O.S.S." is, according to all reports, packed with thrilling, authentic incidents, brilliantly enacted by Ladd, Miss Fitzgerald and the other performers, including Patric Knowles in a feature role.

30 YEARS AGO IN THE NEWS

News items below were taken in whole or in part from the issue of the Foard County News and Crowell Index of Dec. 1, 1916.

Reger Adams of St. Jo is visiting relatives and friends here this week.

Rev. A. C. Gettys and wife of Palacios visited friends and relatives here the latter part of last week.

The Radcliff representative has just sold our progressive business men a three-day chautauqua, which is to make its first appearance at this place some time early this summer.

Mr. and Mrs. J. D. Greening of Jolly are here this week visiting relatives.

Rev. Walter Hightower of Memphis visited the Judge Cole family here a few days this week.

Mrs. Tom Baker and little son of El Centro, Calif., came in last week for an extended visit with relatives.

Mr. and Mrs. J. R. Beverly and Miss Elizabeth Barnes and T. B. Klepper returned to the Beverly farm south of the Wichita River Sunday.

Misses Lena Rasor and Marguerite Stephens and John Rasor went to Quanah last Friday night to see the famous picture, "The Birth of a Nation."

Joe Bulkeley, a young man living in the Black community, accidentally shot himself in the foot last Friday with a target rifle, the ball going entirely through the young man's foot.

Individual deposits in the First State Bank at the close of business on Dec. 1, 1916, were \$257,664.77.

Mr. and Mrs. Etham Drake from near Ft. Scott, Kansas, are in the city visiting Mr. Drake's sister, Mrs. G. W. Thompson. Mr. Drake had not seen his sister since she was a little girl over 58 years ago.

Home Town Thoughts

The nicely cared for home looks as if people valued it and loved it, and would be extremely slow to part with it.

Hammer and nail work in many back yards is a useful thing, and fixing up fences and out buildings that are out of repair and need improvement.

Advertising gives people information that they want about goods and prices. The result is to draw a great many people to the advertised stores to see the goods thus talked about.

**Veterans News**

Veterans Administration hospitals in the Southwest have been equipped with the newest type of portable, aluminum "lungs" in a move to reduce the threat of poliomyelitis (infantile paralysis).

A modern adaptation of the "iron lung," the lighter respirator can be used in an airplane, automobile or train as well as in a hospital. Dr. Lee D. Cady, VA's medical director in the Southwest, said.

Dr. Cady said a patient can sit up, lie down, or even walk about in his room while wearing the new device, which covers only the chest.

While its chief use will be for polio victims, the aluminum lung can be used for artificial respiration in several other types of medical emergencies.

Wilfred M. Bailey, 22, one of the 4,000 students attending Southern Methodist University in Dallas under the VA educational program, has put aside his flying gear and Navy Cross to train for the ministry.

The stocky Texan was awarded the Navy decoration for his part in sinking a Jap aircraft carrier during the second battle of the Philippine Sea.

"I suppose," he said, "that becoming a minister always has been my plan. But it didn't completely formulate itself in my mind until I got out there above the Pacific. Seeing my comrades' names disappear from the roster, one by one, had something to do with it."

Bailey is serving as assistant pastor in a Dallas Church. He will enter theology school at Southern Methodist next fall after completing preparatory work.

Since V-J Day the number of patients in VA hospitals in the Dallas Branch Area has increased 42 per cent, according to Dr. Lee D. Cady, Branch Medical Director.

"On September 30 this year we had 7,503 patients in VA hospitals in Texas, Louisiana and

**Weekly SURPLUS NEWS WAA**

Veterans of World War II are to be given a double-barreled buying opportunity starting Monday, Nov. 25, when \$2,500,000 worth of surplus property will be offered at the Fort Worth Q. M. Depot. It has been originally planned that War Assets Administration would hold two separate "site sales" but in order to give veterans a better buying opportunity, samples of all surplus goods at Camp Bowie, which were to have been offered a week later, will be on display at the Fort Worth Q. M. sale and veterans may buy from two "site sale" sample rooms at the one location.

Certified veterans will be waited on in order of oldest dated certificates for the many items of textiles, hardware, housewares and other surplus to be offered.

Immediate shutdown of 1642 OPA offices will make large quantities of surplus property available to educational institutions, WAA announced this week. Transfer of property to schools through Federal Works Agency, will include typewriters, which many institutions turned over to the armed forces at the outset of the war. Estimates indicate that the average OPA Price Board now to be cleared of property contains approximately 10 desks, 10 to 20 chairs, filing cabinets, typewriters and some office machines. The Public Interest Division of WAA is giving this disposal top consideration and speedy handling to get the needed property to the schools.

A little "sales psychology" plus product research has saved many a dollar for your Uncle Sam, in slow-moving items. When WAA

Mississippi, compared with 5,296 on VJ Day," Dr. Cady reported.

Phone 56 Office North Side of Square

offered "Salt Water Soap" at 12 cents a pound, buyers remained aloof, and the soap began to gather dust. A price cut to 6 cents was ordered, but a WAA merchandiser decided something was wrong. Reasoning that the product should sell because of the soap shortage he decided the explanation was wrong, and the explanation too vague. The price cut was rescinded, the soap was advertised as "all purpose" laundry and hard water soap (which it is) and the entire inventory was sold out in 48 hours after the advertisement appeared.

To reduce to a minimum the number of veterans' priority certificates in the active files, Harold Gish, chief of the Veterans Division, WAA, announced that a survey of all veterans of the WAA list will be made to determine their interest in the future purchasing. A letter will be sent each veteran, asking whether or not he wishes to buy surplus property. All who answer in the negative or who do not answer within 20 days will have their certificates removed from WAA files.

**Home Town Thoughts**

A town in which people give good support to community causes and movements for the good of the city, is a good one to live in. Americans are called hustlers, and the town in which people hustle about their work and business and community projects, gets a reputation as a live and typically American place.

Well advertised stores draw a lot of trade from the surrounding country.

### MANNERS

Have you got 'em? That does not mean just at parties, but it does mean everywhere. Have you noticed the difference in manners in different places?

Have you had people borrow theme paper from you with not a "thank you" and then not even pay it back? Have you been shoved to the back of the lunch line because someone else got "cuts"? Have you been pushed aside while trying to get some candy?

Can you answer "no" to these questions? Most of the school can't. Let's do something about it. Most of us know good manners. Let's use them!

### HOW IMPORTANT, EDUCATION

How deep is the ocean? How high is the sky? No, this isn't the beginning of a written sing-song. It's just an illustration as to the importance of an education.

There have been children who

are inclined to think parents sent them to school with a sigh of relief at getting rid of them a few hours.

This, however, is very false, as the majority of children realize. These children know their parents' knowledge of the importance of an education is not so narrow as to think of school as a place of getting rid of them.

So let's take advantage of the opportunity and get the most possible out of our school work.

### THANKS, MERCHANTS

We, the seniors of CHS, want to thank the merchants for making our senior carnival possible.

If it had not been for all the prizes donated by them, those entertaining, exciting games of Bingo we played would not have been possible. If you got anything from chicken feed to a lamp we know you were happy, and we were happy for two reasons: first, because you were happy; second, be-

cause the merchants donated the prizes. Thanks, again!

### CURLY-HAIRED, BROWN-EYED, RODEO-MINDED, VIRGINIA BELL

Steps into the arena as "The Rodeo Queen of CHS," "Jenny," as she is called by her friends, was born on July 21st, 1931, and is sweet fifteen. (and we do mean sweet). Her mind centers around horseback riding, which is her favorite sport, angel food cake, and a six-foot-two cowboy. Other than these, she has many other likes—namely, actor and actress Roy Rogers and Peggy Ryan, subjects, Spanish, and songs, "Roly-Poly" and "It's My Lazy Day." Under her dislikes she is like the rest of us when asked about conceited people, but not so much as when she replied she didn't like snow. Her favorite pastime is attending rodeos, and while at one in Levelland, she got her biggest thrill seeing "Toots" Mansfield, world's champion calf roping. Her highest ambition and her future plans coincide while they both include becoming a noted rodeo performer. Let's all take off our "ten-gallon" hats and let out our "pyee-ee" for "Jenny" Bell, the "Rodeo Queen of CHS."

### PETITE BLONDE OPERATES CANDY STAND

You can find her in the health and safety class the fifth period because that's her favorite subject.

Her favorite foods are fried chicken and French fried potatoes. Another of her likes is a certain boy in the Army Air Corps. Her favorite sport is riding horses, but her secret ambition is to be a private secretary. Ha! In the movies comes her favorite actor, John Wayne and Actress, Lauren Bacall.

After high school she plans to go to California, and have a good time. This little blond was born May 27, 1930. She is sweet sixteen, five feet three inches, and weighs 105 pounds.

She dislikes people who will not be quiet and wait their turn at the pop stand.

Who else could this be but Janet Self?

### WELCOME BACK, HAROLD

Monday a. m. Harold Thomson, standing very erect in his classy cadet uniform, was exchanging greetings with students and teachers. He likes John Tarlton and reports that he is very busy; his worst headache is chemistry while his top grades were in algebra and English.

### SOCIALS

Wednesday night Janet's house

was the scene of a big gettogether. The boys showed us their ability of making and eating fudge and pop corn. Not to mention the walnuts. After several games of cards everyone spent the rest of the evening skating.

### KITTEN'S CORNER

Dear Betty: What should I do when the wolves whistle at me at noon? Eagerly yours, Maggie E.

Dear Maggie: Whistle back, they're males, aren't they? (Or should I say just males?) Resignedly, Betty.

Dear Betty: What should I do with the bodies of the Freshmen that I knock down in the halls? After a few days, they begin to smell. Tenderly yours, C. D. Campbell and V. Bond.

Dear C. D. and V.: Practice your football with the team. Some day the poor little Freshmen will be stars, too. Yours, Betty.

Dear Betty: How can I get into the FHA (Future Homemakers of America) Club? I hear that it is a very exclusive organization. Bulldog Patton.

Dear Bulldog: Do you know what Homemakers means? If you don't, just come to me and I will give you a demonstration free! Very sincerely, Betty.

Dear Betty: Where can I get cigarettes on the sly? Mother came home! Eagerly, Tina Bell.

Dear Tina Bell: Why don't you try a pipe or roll your own cigarettes, that is! Disgustedly, Betty.

Dear Betty: I have just arrived at CHS, the boys act so strange. Everyone has a certain gleam in his eye. Could you tell me what is wrong? Wanda Gilbert.

Dear Wanda: That gleam just means that they are interested. We are very glad to have such a cute girl as you enter our school. Betty.

Dear Betty: The H. M. girls are having guests for a Christmas dinner. How will I ever get the courage to ask Larry? Hopingly, Wanda.

Dear Wanda: If you haven't the courage, I do. Send Larry to me. I will take care of him. Betty.

Dear Betty: Every evening I walk home with my girl, Sharon. How can I explain to her that I want to go steady? Waiting, M. W.

Dear M. W.: Make her carry your books. Look at other girls and before you know it you will be going steady. It will always work. Experiencedly, Betty.

Dear Betty: Have you seen that darling, Kenneth Adams? We have been following him for days in a daze. What can we do to make him look at us? Always, CHS Girls.

Dear Girls: You tell me and we will all know! Unknowingly, Betty.

### VOLLEYBALL

Third Period Volleyball Contest Ends. Mrs. Sloan's third period Volleyball class chose sides and entered a contest which lasted for two weeks.

The losing side entertained the winners with a party at the Rialto Theatre last Wednesday night. They saw "Canyon Passage."

After the show, the class went to the home of Mrs. Sloan, where they enjoyed fortune telling by Miss Thelma White, a very funny love story written by the class, and delicious refreshments served by Mrs. Sloan.

### NOTICE

This week the Rialto Theatre invites Marlene Mason and Baxter Gentry to attend any one show for the coming week.

ANTICIPATING TURKEY TIME. Mr. Fergeson: Eat turkey and catch up on sleep and think up jests.

Charles Bursley and R. C. Schlagal: Hunting and eating turkey.

Mary Payne: To Oklahoma to see big brother play at Lawton.

Ina Hardin: Having Coach Wilroy Robinson and wife to eat turkey.

George McNeese: Work "and stop" like a hog.

Don Skillman: Going to Oklahoma to see his girl.

Johnny Mitchell: To eat, drink and be merry. Braggy!

"Booty," "Shanny" and Janet: Take in the town as usual and welcome home the ex-seniors.

Cwendolyn Ownbey: Visit my brother in Seminole.

Bobbie Brock: Attend the Ver-

non-Electra game. Ava Matthews: Probably to gain 10 lbs. Garland Denton: Hunt ducks. Doris Rummel: Have a big party with out-of-town relations. Jimmie Swan: Notice, boys, a pretty girl who says, "Nothing to do!"

Bobbie Lee McDaniel: Attend Hardin-Simmons game at Abilene, with Gordon Erwin. Mary Ray Ayers: Visit in Vernon.

Ed Thomas, Joe Mason and Larry Wood: Just to continue to be the sweet, nice, lovable children we are.

WILDCATS TRAMPLE CUBS. The Crowell Wildcats showed a classy exhibition of speed and power to the Olney Cubs while defeating them 27-6 Friday night in Wildcat Stadium. This was the Wildcats last home game for the 1930 football season.

The Wildcats led all the way with J. L. Brock and Kendrick Joy alternating in carrying the ball for the first two scores in the first quarter. Brock took a hand-off from Joy into the left side of the line for the first tally and then converted the extra point with a place-kick.

The next marker was scored only a few minutes later; this time Joy tossed a pass to Brock and again Brock kicked the point. The Wildcats reserves also had a hand in the victory by holding the Cubs to short gains while giving the other boys a rest.

WILDCAT PURRS. WHAT WOULD HAPPEN IF? All the schools closed down? (Everybody would be dumb (er) then.) We told that James Weathers had a date with Elizabeth Joy? We saw Jo Ann M. without Ed Thomas or vice versa?

Joline Lanier knew Don Wilkens was attracted to her? All the teachers went on a strike? (Good deal.) Crowell High discontinued six weeks' tests? We had all day assembly? There were no dogs around school? (Take it more than one way.) Bobby Bradford decided to date a girl? (Or is he just bashful?) Maggie, Joan, Peggy and Mary Ruth really became a threat to Joy, Wilkins and Brock? The gentlemen(?) famous for their version of "Way Back in the Hills."

Speaking of singing the football boys must think they can, at least on their trips a few lungs are sprung.

WE WONDER: How much it costs C. D. Campbell to get all those darling little waves in his hair? Who is the certain Charles Green from Quanah Dorothy Thompson has been seen with? How the girls survived last week with a party at Janet's Wednesday night and Sharon's slumber party Friday night? Who this Darlene is that our Darling V. Bond, has been talking about? How cute Glenna Self has gotten around so far without a steady?

HAS ANYBODY ELSE— Wanted to know what went on at the senior class meetings? Wondered why R. E. Johnson and Charles Bursley wanted to take home-ees, for they firmly declare they are going to be bachelors? Heard about the double T swoon club most of the girls belong to? Of course this means Truscott and Thalia. Or maybe this means Texas Tech to Marlene Mason, Kathleen Eddy and Bobbie McDaniel.

GLAD TO HEAR: Bobby Brock, Floyd Brock, Mary R. Ayers and Sharon Haneey are still topping the dance charts. Seen with a certain girl was Ruth Barker, making foursome with Sharon Haneey. "Snug" Looie. Janet R's interests still Joe Mason.

What is Larry Wood's influence over beautiful women in this case the woman involves Anna Payne. Lucky Ina Hardin was singing the week-end with a nomination at the coming week: Martha Johnson and Schlagal.

Beauford; Mr. Owens promised to marry me. Mr. Owens: What do you expect, hangin' around every night? Brock: (Over the phone) Hello, Ruth, still love me? Voice: Ruth? My name is en. Brock: I'm sorry, I was ing this is Wednesday.

Mrs. Sloan: Give me a using the word "imitation". Mr. Sloan: The asleep you begin to snore. Shorty: I dream of you day. Melba: What do you do Shorty: Oh, I go out.

MOTHERS LEARN ON. That the ingredients of DUMPS MO-RUB are better for relief of infants' and children's colds. Ask your doctor about Camphor Formula. Double the if not superior. 35c and 40c.

FERGESON'S DRUG CO.

## NOTICE

For complete satisfaction, come to the Nu Way Laundry to wash. Courteous service and careful consideration to all of our friends and customers.

Bring in your old Maytag and we will buy it.  
Pick-up and delivery, call 10. Thanks.

WILL BE CLOSED ON THANKSGIVING DAY.

(By Thomas Hastwell)

Life A Jig Saw Puzzle: I hap-  
pened into a home the other day  
where one of the members of the  
family was engaged in putting  
together a large jig saw puzzle.  
For the reason that the puzzle  
picture consisted mostly of dark  
background with little detail or  
design the puzzle was proving very  
difficult to assemble. A good  
many hours had been spent on it  
and but little progress made. The  
pattern that usually accompanies  
these puzzles was missing which  
made its assembling all the more  
difficult. I thought as I watched  
the efforts to fit the little pieces  
together how like life is a jig saw  
puzzle or how like a jig saw puzzle  
is life. We start out in our  
earlier years to build a life. Often  
we do not have a clear cut idea  
or picture of what we want our  
life to be. As a result in our fit-  
ting together of its pieces we  
make many mistakes and false  
starts and lose much time. How  
much better it would be to have  
before us from the beginning, a  
clear picture of what we want our  
life to be. As with the jig saw  
puzzle it would help to select al-  
ways the right action for the  
right place and build, in a syste-

**Tree Improvement**  
It is always appropriate to con-  
sider how the tree growth of a  
community can be developed and  
protected. Cities and towns need  
an ample tree growth. The trees  
are a great comfort in summer  
with their cooling shade. They  
ornament and beautify a city or a  
street. A neighborhood with few  
trees lacks something of high val-  
ue, and it would become more at-  
tractive if the community or the  
residents would provide for plant-  
ing it well with trees.  
It will pay for people to spend  
considerable money, either through  
their city governments or through  
individual action, to keep their  
streets and homes well planted  
with trees and to have them pro-  
tected against insect pests and  
diseases.  
Answering the statement that  
most people can't stand prosper-  
ity, the editor of one of our ex-  
changes notes that most people  
don't have to.  
One hundred and fifty trees  
are cut down or destroyed in this  
country for every 100 trees that  
are planted.  
Some 12,600 persons visited  
Yellowstone Park daily from May  
1, through October 15.

19-2tp

Community Chest drives were  
conducted in 850 U. S. and Can-  
adian cities this year.

**"Last Roundup" Before Thanksgiving**

An abundant turkey crop for 1946 promises that the nation will observe Thanksgiving in the established tradition. But not every family will dine on a gobble chosen "on the hoof." Pretty Marlyss Pascoe, of Detroit, Mich., made sure of her selection by driving her new Chevrolet out to Shady Valley Farms, one of the largest turkey farms in the country, where Orville M. Feimle assisted in the selection.

## Improved Uniform SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D., of the Moody Bible Institute of Chicago. Released by Western Newspaper Union.

### Lesson for December 1

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

#### A LETTER ON CHRISTIAN LIVING

LESSON TEXT—Acts 19:23-30; Ephesians 6:13-18

The war is never over for the Christian. He is called to a constant strife against the world, the flesh and the devil, which knows no armistice or peace conference so long as he lives or the Lord tarries.

Paul, who had now set out on his third missionary journey, was this time permitted of the Holy Spirit to witness and minister in Asia.

For three months he spoke in the synagogue, as was his custom, but when his ministry resulted in many converts others hardened themselves in opposition. So he withdrew (a bit of strategy in this spiritual warfare) to neutral ground in the "school of one Tyrannus," where he could teach and reason with them daily.

Paul knew by experience that this could not go on, for he had learned as we should learn to—

I. Expect Opposition — It Will Come (Acts 19:23-30).  
The comfortable and contented Christians of our day who just want to be let alone to carry on their worship are certainly not related to the real Christians of Paul's type.

The enemy of our souls is often content to let us go on in comparative peace as long as we do not bother him unduly, but once we put up the banner of a holy life and service in God's army, he begins a terrific counter attack. Paul had felt it already in the hardening of listeners' hearts (vs. 8).

1. Selfish Opposition (vv. 23-27). One way to bring a violent reaction against spiritual truth is to let it interfere with business. Demetrius and his fellow silver-smiths professed to be concerned about the threatened destruction of the heathen worship of Diana. Many of the enemies of the gospel in our time are fighting against God's Word because they are in a business which is condemned by it.

2. Senseless Tumult (vv. 28-30). Knowing that their opposition was without true foundation, they inspired and agitated a wild demonstration.

Shouting a slogan which had no real meaning, they lent their voices to the tumultuous agitation against God. Finally, one sensible man, fearing the punishment of city officials, quieted them (Acts 19:35-41).

The Ephesians were just like many in our day who fear man more than God. But, may we ask, if you fear the judgment of men, how think you to escape the judgment of God? After all, it is God and His Word you oppose, uncon-verted friend. Do you think He will hold you guiltless?

Paul was not afraid (v. 30), for he had also learned that the servant of the Lord can—

II. Count on God—He Will Deliver (Eph. 6:13-18).  
Writing to the church in this very city where the Lord opened "a great door and effectual" for Paul (1 Cor. 16:9), he admonishes them and us to make full use of the provision which God has made for victorious warfare.

There is a complete armor, and a mighty weapon, the sword of the Spirit, but none will do us the slightest good unless we put it on and go into battle. If we think we can do without the breastplate of righteousness (and some Christians and church workers seem to think they can), or neglect to carry and use the shield of faith, we can only expect defeat. We fight great spiritual enemies (see vv. 11, 12 of this chapter) and we need the best in both offensive and defensive equipment.

The girdle of truth binds up the warrior and eliminates the hindrances to rapid movement. The breastplate is righteousness, not his own but Christ's, but it must be appropriated and used.

The soldier must be well shod for the long rough journeys and to give him a good foothold in the day of battle. Peace in the heart provides such a firm vantage point in the fight for God.

Faith is the quickly moved shield, catching all the fiery darts. Here again it is not my faith or yours alone, but our faith in God, putting him between us and our enemies.

The sword of the Spirit, which is the Word of God, is our all-powerful weapon. Let us not neglect to use it. We are so prone to talk about the Bible, to defend it, to argue for its truths. Talking about a sword does not make it effective. Let's really use it.

Prayer is always to be counted on and it is both a defensive and offensive weapon. It keeps us in touch with the Captain of the Lord's hosts. We call for help, get orders and transmit news of victory through prayer.

Of 125 ex-servicemen receiving penitentiary sentences, 65 per cent were found to have a criminal record previous to induction into the armed forces.

## Weekly Sermon

By the Rev. W. Herbert Scott, Director of Correspondence School, Moody Bible Institute, Chicago.

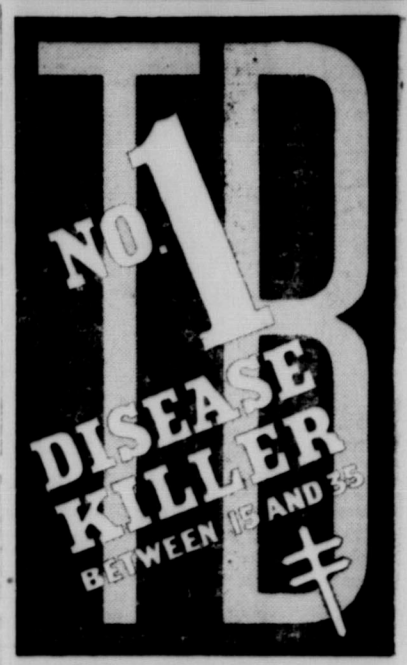

### Discipleship

"Then said Jesus unto his disciples, if any man will come after me, let him deny himself, and take up his cross, and follow me" (Matt. 16:24). "These things have I spoken unto you, that in me ye might have peace. In the world ye shall have tribulation; but be of good cheer; I have overcome the world" (John 16:33).

The Lord Jesus never spoke of discipleship as an easy matter. He urged men to count the cost before following him. He spoke of the difficulties they would encounter in serving him. Yet he offered men peace, joy and contentment in this life, and in the life to come eternal fellowship with him.

Being a disciple of the Lord Jesus involves following and being obedient to him. Those who have responded to his gracious invitation to come to him have been born again of the Holy Spirit and are now "new creatures in Christ." Now we seek to follow him and to learn of him and to live for him. There should be a willingness, and there will be if we are filled and controlled by the Holy Spirit, to be anything or to do anything, or to go any place he directs. His mind is now in us, and it is not we any longer who live, but Christ who lives in us.

Further, being a disciple of Christ will mean being taught of him. He teaches us by the Holy Spirit, who uses the Word of God.

Buy CHRISTMAS SEALS

We need to be instructed believers in Christ so that we can intelligently present him to others. If we are taught by him and are obedient to his teachings, we shall become like him and shall exemplify his likeness in our daily walk.

With these things in mind let us strive to be true disciples of the King of glory.

The annual per capita consumption of sugar in the United States in normal times is 100 pounds. Consumers, during rationing, have been receiving an average of 73 pounds per capita.

You're riding high, wide, and handsome with Flying Horsepower. Your motor purrs with power... the miles swish by. ## Miss Mary Frances Self Becomes the Bride of A. M. Hiatt in Ceremony at Self Home Sunday Afternoon, Nov. 24

In a wedding marked by its pretty simplicity, Miss Mary Frances Self, daughter of Mrs. B. W. Self and the late Mr. Self, became the bride of Mr. A. M. Hiatt, son of the late Mr. and Mrs. A. M. Hiatt, pioneer residents of Vernon, Dr. E. A. Reed, pastor of the First Methodist Church of Vernon, officiated with the ring ceremony.

Establishing a wedding ring motif which was used throughout the home in decoration, the mantel in the living room was adorned with a large wedding ring of satin ribbon and small white chrysanthemums and huckleberry. Tall

Mrs. Speer during the ceremony. Miss Virginia Lee Minnick, who wore a navy blue wool crepe dress and carried a muff of light rose and burgundy chrysanthemums, was maid of honor to the bride, while Mr. Herbert Hill of Vernon, brother-in-law to the groom, attended him as best man.

The bride, who was given in marriage by her uncle, Mr. George D. Self, was attired in a princess gray dress of crepe and carried a muff, beautifully designed with small white chrysanthemums and centered with a white orchid.

In the dining room where the guests were directed by Mrs. T. V. Rascoe, the wedding ring motif was carried out. From the pretty ring which featured the table decoration, white ribbons led to a semi-circle of small chrysanthemums. The heart-shaped two-tiered wedding cake was cut by the bride and groom while individual heart-shaped cakes were served with punch to the guests. Assisting with the serving were Mrs. Gordon Bell, Mrs. Herbert Edwards, Mrs. Mike Rasberry, Mrs. Paul Shirley, Mrs. Clarence Self, Mrs. Floyd Thomas and Miss Rondyn Self. The guest register table, with the ring motif again appearing, was presided over by Mrs. Floyd Thomas.

Mrs. O. R. Boman presented the gentlemen upon their departure, with an individual gift package of black fruit cake, the package carrying the bridal motif.

For going-away, the bride wore a royal blue gabardine suit with gray and black accessories and a white orchid corsage to complete her ensemble.

Mrs. Hiatt is a graduate of Texas Technological College at Lubbock and she spent one year in Norman attending the University of Oklahoma where she specialized in nutrition and foods. Mr. Hiatt is a graduate of Texas A. & M. College.

Following a brief bridal trip, the couple will be at home in Vernon, where Mr. Hiatt is assistant cashier of the Herring National Bank.

Approximately one hundred friends and relatives attended the marriage.

## Bride Elect Named Honor Guest at Bridge Party

Mrs. George D. Self complimented Miss Mary Frances Self, who was wed to A. M. Hiatt Sunday afternoon at her home, last Thursday afternoon when she entertained the members of the Thursday Bridge Club, of which Miss Self was a member, and additional friends. Three tables of guests enjoyed bridge which was followed by a tea including the remainder.

In the games, the guest prize, a purse key ring, went to Mrs. T. N. Bell, the two high score gifts were presented to Mrs. M. L. Hughston and Mrs. Merl Kincaid and were a Duncan Hinds cook book and an herb form spice and vinegar salad basket, respectively. The honor guest was presented a gift of three large bath towels.

The color scheme for the party was yellow and fuchsia, these colors being emphasized in the napkins and the tallies. Fuchsia mums were featured on the coffee table in the living room and yellow mums ornamented the dining room.

The invitation list included the guests present for Miss Self's announcement party and a lovely refreshment plate consisting of creamed chicken, strawberry salad, hot rolls and marshmallow pecan loaf with coffee served from the coffee table in the living room, where Mrs. O. R. Boman poured, was enjoyed.

Those present were Miss Self and Mesdames B. W. Self, mother of the honoree, Clarence Self of Wichita Falls, C. C. McLaughlin, T. N. Bell, T. V. Rascoe, H. K. Edwards, O. R. Boman, Jack Seale, Paul Shirley, Floyd Thomas, Leon Speer, Mike Rasberry, Gordon Bell, Foster Davis, T. S. Haney, Merl Kincaid, Marvin Myers, J. R. Beverly, N. J. Roberts, M. L. Hughston and Miss Virginia Minnick.

Hughston and Miss Virginia Minnick.

## B. & P. W. Club Has Meeting Thursday at Mrs. McKown's

A meeting of the B. & P. W. Club was held at the home of Mrs. Belle McKown on Thursday evening, Nov. 21st, with Misses Mayme Lee Collins and Gusta Davis and Mrs. Una Orr as hostesses, at a delightful dinner party.

A guest, Mrs. Grant Slagle, gave a devotional on the subject of Thanksgiving. Miss Collins read a poem, "A Thanksgiving Prayer." Mrs. Ella Rucker talked on "How to be a Good Hostess." Mrs. Jim Lois Bursey gave a humorous talk of "Styles in Hats and Sweaters" and staged a style show to illustrate various models.

Mrs. Louise Fish was welcomed back into the club after an absence of some time.

## Bride-Elect is Complimented with Luncheon Wednesday

Miss Mary Frances Self, then the bride-elect of A. M. Hiatt, was named as the honoree when Mrs. T. N. Bell, Mrs. John Davis of Paducah, Mrs. Gordon Bell and Mrs. Leon Speer entertained with a luncheon at the home of Mrs. T. N. Bell at 12:30 on Wednesday of last week.

The home was decorated with white baby chrysanthemums and the same flowers were arranged in a blue bowl as a centerpiece for the dining table from which the delightful luncheon was served.

At the individual tables, a blue and white color scheme was followed, blue glasses being used and attractive blue place cards with miniature bars of music "I Love You Truly," hand-done, with white bows of ribbon holding silver bells.

The luncheon, served cafeteria style, consisted of turkey, dressing, gravy, creamed potatoes, jelly, hot rolls, coffee and angel food cake. Blue and white turkey plates and trays conformed to the color scheme. The food was served in silver dishes.

Guests included members of two bridge clubs of which Miss Self was a member and those present for the luncheon follow: Miss Self, her mother, Mrs. B. W. Self; Mrs. J. R. Beverly, Mrs. Floyd Thomas, Mrs. M. L. Hughston, Mrs. Geo. D. Self, Mrs. T. S. Haney, Mrs. Foster Davis, Mrs. Merl Kincaid, Mrs. Lee Black, Mrs. Mike Rasberry, Mrs. Marvin Myers, Mrs. Karl ten Brink, Mrs. Herbert Edwards, Mrs. Richard Ferguson, Mrs. O. R. Boman, Mrs. Pearl Carter, Mrs. Claude McLaughlin, Mrs. N. J. Roberts and Mrs. T. A. King, Jr., of Vernon.

## Cavin-Ownbey Marriage Takes Place Saturday

The First Baptist Church was the scene, Saturday evening at 6:30 o'clock, of a pretty wedding ceremony which united Marjorie Ownbey and Alton H. Cavin in marriage. The double ring ceremony was performed by Dr. E. S. James, pastor of the First Baptist Church of Vernon, in the presence of relatives and a few close friends.

Clustered arrangements of white mums in handsome wrought iron floor standards provided a decorative motif for the altar before which the ceremony was read. The couple entered to the strains of the traditional wedding march played by Mrs. A. L. Rucker.

The bride was attired in a wool gabardine suit of navy blue with which she wore navy and white accessories and a white gardenia corsage. She is the daughter of Mr. and Mrs. J. L. Bradford, is a graduate of Crowell High School and has until recently been employed at Self Motor Co.

Mr. Cavin is the son of Mr. and Mrs. C. L. Cavin and also is a graduate of Crowell High School. He served four years in the U. S. Navy and received his discharge on June 3, 1946. He is now employed with Hamlin Sand & Gravel Co., Inc., of Vernon.

Mr. and Mrs. Cavin left immediately following the ceremony for a short wedding trip and upon their return will reside at 2103 London St. in Vernon.
