If ye abide in me, and my words abide in you, ye shall ask what ye will, and it shall be done unto you.—John 15:7.

There will be less accidents and more expert car drivers when license issuing agencies spend less time in finding out the color of the driver's eyes, his height and weight, and more thought is given to finding out how well he drives a car.

The soundest advice to men and women in business or farming these days is not to go very much in debt. Times ahead are uncertain and even the shrewdest business man knows no better protection and safeguard for the uncertain times ahead than to have a backlog of savings and a minimum amount of debt.

While there has been a great deal of criticism of the capitalistic system in operation in this country especially by those countries whose government is socialistic or communistic, the odds are by far in favor of the capitalistic system as a means of producing the things the world needs and bettering the condition of the producers. This is evidenced by the fact that all of the countries having the socialistic or communistic types of government or variations of them are seeking aid from this country. None of them seems able to combat the poverty that flourishes under their peculiar types of government. It appears singular that those who scorn our type of government have to appeal to us for aid to keep the socialistic and communistic types of government going and to keep from starving the people living under them. The capitalistic system of government may have its faults but it still has a preponderance of virtues.

The Civil Aeronautics Administration has found it impossible to approve all of the projects for airports wanted by cities and states. As a result only 908 airports are to be built or improved in the year ending next June 30. The estimated cost to the Federal Government is \$86,570,000. Local governments will provide \$70,235,000. The Civil Aeronautics Authority has a backlog of requests for airport work that would cost \$250,000,000 more in federal aid.

One worries best when he sits down and gives his whole time to it. It's pretty hard for a mind to do much worrying that is actively engaged in getting things done.

The car driver today not only has to watch his own driving but the driving of every motorist on the road.

The driver who killed himself and also the driver of another car in this shambles had stubbornly persisted in driving when he was fatigued after too many hours on the road. As his car came over the bridge, his weary brain blanked out for a split second, his hands relaxed on the wheel. His car crashed the bridge abutment, skidding across the road, and crushed into an approaching automobile. Motorists for their own safety, and for the sake of others on the road, have no right to drive when overtired. National Conservation Bureau safety specialists advise: don't wait until you are tired; pull off the road at intervals; drink a cup of coffee, take a few moments' rest.

What We Think (By Frank Dixon)

The middle west in which I live, although it provides much of the food for the nation has not escaped the high food prices. Although a great deal of the country's meat comes from the middle west, meat consumers in this area find themselves paying the same high prices that prevail elsewhere.

Owing to the high cost of food and other items that make demands upon the family budget these days, especially in the larger families, housewives have to plan as they never planned before to make the family budget reach, and at the same time provide a proper and sufficient diet.

In my section of the country eggs are the one item, in the pricing of which, cost of production seems to have been overlooked. At the present time farmers are receiving 31 cents for their eggs and grocers are selling them for 38 cents a dozen.

At 38 cents a dozen eggs are the most economical food from the standpoint of real food value that the market affords. Considering the cost of feed, which runs over five cents a pound, eggs at 38 cents a dozen are the cheapest protein food obtainable. Their value in this respect cannot be matched by any item in the meat line. A dozen eggs will feed a family of four a most wholesome, nourishing and satisfying meal, and even provide a pudding dessert, whereas it is not possible to convert 38 cents worth of meat into any kind of a dish that will accomplish as much.

The manner in which eggs may be prepared and the combinations that may be worked out, as substitutes for the expensive meat, and the many types of desirable desserts into which they enter, insures that they may be used extensively without the danger that the family may become tired of them. For this reason at the price at which they are selling in many sections of the country, they offer an escape from excessive high prices in many food lines.

I realize that the low price of 38 cents a dozen does not prevail in all sections of the country and that in some sections eggs sell for a good deal more than 38 cents. I think that unless there is some special reason meats of all kinds are correspondingly high and the ratio in the matter of prices be-

tween eggs and meat remains the same and eggs, notwithstanding the added cost, are still more economical food. In some sections eggs sell for prices approaching 73 cents a dozen. If this isn't out of line in the matter of price margins then a new method of distribution should be worked out. I think producers and consumers should get together to the end that there isn't so much lost motion between producer and consumer.

In the section of the country in which I live egg producers receive at the market 31 cents a dozen for their eggs. This considering the cost is not in line with the price received for any other protein food.

At the present time the cost of feed is over five dollars a hundred. It requires management of the most skillful sort to feed a flock of hens feed costing five cents a pound and market eggs for 31 cents a dozen, at a profit. There is too much spread between 31 cents and 70 cents a dozen. I am not charging anyone with exacting excessive profits. I am merely saying that our method of distribution must be wrong.

WAA's donation of surplus machine tools will be continued into September with the addition of \$3 new items to the gift list, it was announced. Most of the free machine tools are in storage at the Grand Prairie NAA B plant, where they may be inspected during week days, though a few are located at Waco Army Air Field and at Todd Houston Shipyard. Qualified institutions which intend to employ the tools in a vocational training program are invited to submit written applications to the Priority Claimants Division, Grand Prairie office, before September 29. The double bitted axe of economy and mechanization brought a new type of war surplus into War Assets inventory last week in the form of eight cavalry horses. Camp Hood, it developed, was reducing its remaining horse cavalry complement by more than a third. The horses, all geldings 12 or 13 years old, were sold at public auction by WAA's location clearance branch in accordance with federal regulations.

FIRE PREVENTION WEEK

Calling on the nation to join in a concerted effort to prevent fires, President Truman has proclaimed the week beginning October 5 as Fire Prevention Week. In his proclamation, the President said: "I earnestly request every citizen to eliminate all possible causes for destructive fire in his home and place of business." That plea goes to the heart of fire prevention. The many organizations whose business it is to fight fire are doing a magnificent job, and their efforts have been brought to a peak of intensity this year. But they cannot do much without public support. The nation cannot provide an army of fire prevention experts to inspect every home and business building, correct dangers, and see that they stay corrected. All the authorities can do is to tell us how to prevent fire—and after that it is up to the individual.

If anyone doubts that fire protection has assumed the stature of an emergency condition, he need only look at the statistics. During the first six months of 1947 alone, fire losses in the United States reached the staggering total of \$369,276,000—and that does not include the major portion of the Texas City disaster. Loss of life has shown a similar increase. In most homes a very small expenditure of time and money will eliminate the common hazards—and no investment can produce better returns.—Industrial News Review.

A POLICY OF FAVORITISM

Representative James E. Van Zandt of Pennsylvania, recently cited some extreme inequalities in our national transportation policy. Airports are a good example. From 1925 to 1944, it is estimated that more than \$7,027,000,000 was spent for these facilities—and all

IN THE NEWS 30 YEARS AGO

News items below were taken in whole or in part from the issue of the Foard County News of Sept. 14, 1917.

Notwithstanding the good rain which fell Monday morning, school opened with most favorable prospects for a successful term with T. A. Taggart as superintendent.

Writing his first letter after arriving at Camp Bowie, A. Y. Beverly writes that he never felt better in his life and hadn't had time to think about getting homesick. He and 31 other Crowell boys had been placed in Co. E from Vernon.

Mrs. Raz Young of Longview is here visiting her sister, Mrs. J. C. Roberts.

Mr. and Mrs. Furd Halsell and son, Glenn, were here the latter part of last week from Fort Worth.

Jack Bryan left this week for San Antonio where he will attend school this winter.

Miss Ada Stephens of Vernon spent the week here with her sisters, Mrs. R. L. Kincaid and Miss Marguerite Stephens.

Frank Crews Jr. left last week for Midland where he will enter Midland College for the next term.

Jack Menson is here this week from Roanoke Springs and says crops are in good condition in his country.

Charlie Bryson is here this week from Dallas visiting his father and mother, Mr. and Mrs. J. N. Bryson, and other relatives.

Frank Flesher will assume the duties of bookkeeper at the Sandifer Grocery Co.'s store Oct. 1.

Mr. and Mrs. C. R. Ferguson left Sunday for Dallas and Houston and will be gone for a couple of weeks.

Mr. and Mrs. W. L. Ricks and children visited Mr. and Mrs. Austin Wiggins in Electra the first of the week.

Miss Myrtle Craig was here last Thursday night on her way from Dallas to Truscott to visit relatives.

but \$83,000,000 of that came out of the taxpayers. It is now estimated that building and improving airports to meet the needs of future air commerce will cost another billion—and, again, the taxpayer is expected to do the paying.

By contrast, the railroads must buy, with their own money, everything they use—whether it be a depot or a rail. A short time ago, for instance, the Interstate Commerce Commission ordered the roads to install additional signaling devices on 45,000 miles of track. The cost will be in the proximity of \$30,000,000. But not one cent of it will come from tax money—taxes will be paid on the added investment.

Waterways, highways and other avenues of commercial transportation all involve tax subsidization to some degree. The railroads alone are self-sustaining. So long as this is true, our transportation policy will remain a policy of favoritism. The goal of equal opportunity and equal treatment has not been reached.

This is not a simple problem. But certainly, some equitable way can be developed whereby all carriers will have their fair share of the facilities they must have. The cost of subsidization, both direct and indirect, is enormous and growing. It is reflected in Federal, state and local taxes. Studies should begin at once toward the development of a national transportation policy which is based on sound economics.—Industrial News Review.

'Annie Get Your Gun' at Fair Auditorium October 4th to 19th

With not too many weeks remaining before the opening of the 1947 State Fair of Texas in Dallas, inquiries are all ready pouring in to the offices of the State Fair Auditorium concerning information on the mammoth musical, "Annie Get Your Gun," starring Texas' own Mary Martin. Interest in the great production runs high throughout the entire Southwest and prospective patrons of the big hit desire more information on the acclaimed hit.

Led by Miss Martin in the starring role of Annie Oakley, "Little Miss Sureshot" of American history, "Annie Get Your Gun" will play on the stage of the big State Fair Auditorium in Dallas from October 4th through October 19th. There will be nightly performances commencing at 8:30 p. m. and matinees on Thursdays, Saturdays and Sundays at 2:30 p. m. Prices for the big show will be as follows: Lower floor, \$4.90 and \$4.30, balcony, \$4.00, \$2.80, \$2.20 and \$1.30. These prices include all taxes and admission to the State Fair of Texas grounds. Mail orders for "Annie" will be accepted starting Monday, September 8th. Those desiring tickets to the show should address orders to "Annie Get Your Gun," State Fair Auditorium, Dallas 19, Texas. Those writing for reservations should send check or money order and self-addressed, stamped envelope with their order.

Hughston Insurance Agency Would Like to Handle INSURANCE Problems SEE THEM TODAY

A recent study by the War Department of the new condition of war states that the atom bomb brought no security to the United States, and that security cannot be achieved effectively by any military means, but only by the elimination of war. The report bluntly states: "The atomic bomb and the potential range of aircraft and missiles has made the defense of the nation more difficult, more expensive and less certain of attainment. The need of eliminating war itself has never been so vitally necessary to the national security of the United States and to the survival of civilization throughout the world."

Can Your Home "Measure Up" to modern standards of Convenience and Comfort? MODERN people don't want old-fashioned transportation—they want 1947 automobiles. Modern people are like that, too, about their homes. They want them to "measure up" to 1947 standards of convenience and comfort. But many a lovely-looking home has grown "old before its time." Does your home measure up? Only the all-electric home can meet today's standards. With electric appliances, the last word in cleanliness, convenience, and safety, you can make your home "measure up." A modern home deserves modern electric living. West Texas Utilities Company

Electric service is a bargain! Living costs continue to increase, yet the cost of a kilowatt hour of service to residential users has decreased one-third in the last 14 years. West Texas Utilities Company

Mr. and Mrs. Dave Sallis of Vernon were in Crowell Friday visiting relatives and friends. They came over to meet their daughter, Sue, and Sue Latham, who had been visiting in Sweetwater.

Mrs. T. B. Klepper is spending the week in Lubbock on account of the critical illness of Mrs. J. N. Nislar. She was accompanied to Lubbock Sunday by her husband.

Mr. and Mrs. Granville Lanier have moved from Burbank, Calif., to Amarillo where Mr. Lanier will be associated with his brother, R. R. Lanier, in the insurance and finance business. Mr. and Mrs. Lanier are now visiting his parents, Mr. and Mrs. J. H. Lanier Sr. of Crowell.

Mr. and Mrs. Leotis Roberts and daughter, Dana Loy, spent the week-end in Amarillo visiting Mrs. Roberts' sister, Mrs. Leonard Dun-can, and husband. They also visited Ray Short and Daiton Thompson of Thalia, who are in the Veterans Hospital and report both of these men doing satisfactorily.

Reports Made

(Continued from Page One)

fired three volleys.

A bugler, bathed in a spotlight on the otherwise darkened field, sounded taps. Two other buglers, one at each end zone, echoed the mournful notes. Following this impressive ceremony, a brief memorial address was made by Rev. Arthur L. Rustad of Raibault, Minn., National Chaplain.

During the business session, presided over by Mrs. Audie Brown, the president of the local unit, the year book subject was brought up, and since each member is obligated to purchase one of these, a committee consisting of Mrs. Richard Hunt and Mrs. Grady Magree, was appointed to contact the members who have not yet gotten their year books.

It was also voted that Mrs. Joe Eddy and Mrs. Hunt interrogate the proper authorities pertaining to the using of the former Red Cross rooms, and find out about using them for the purpose of sewing for the gift shops at the Veterans' Hospital.

There was also some discussion concerning the erecting of a memorial at a site in the local cemetery, this to be done in co-operation with the Legion members.

It is hoped that the now inactive members will become more interested in the Auxiliary now that the fall sessions have started. It is indeed an honor and a privilege to belong to and work for the American Legion and Auxiliary.

Campaign to Recruit Nurses Started at Houston Hospital

Houston, Sept. 1. — Jefferson Davis hospital, Texas' largest civilian hospital, is launching a campaign throughout the state to recruit students for its September nursing class, A. D. Reeves, hospital director, said today.

This announcement came at a time when the shortage of nurses threatens to become so severe as to close wards in many hospitals over the country.

The Jefferson Davis campaign is directed toward the girl graduates of high schools over the state, particularly those from the small cities and rural areas, who, the hospital has found, make excellent nurses.

"Nursing offers to those whose educational and job opportunities might otherwise be limited, a wide opportunity for a career in a professional field," Mr. Reeves said. "Nurses are in demand in hospitals, factories, department stores, hotels, schools, colleges and all government agencies concerned with health work."

To enroll in the Jefferson Davis hospital class, a student must be between the ages of 17 and 30, a high school graduate in the upper third of her class, and in good health.

A loan fund is available, interest free, to eligible applicants who lack the registration fee and other expenses of the class. This loan may be repaid after graduation.

When enough prospective student nurses have applied for entrance to the September class, they will be invited to spend a week-end as guests in the nursing home and will be given a trip through the hospital, Mr. Reeves said.

Interested applicants may write Mrs. Elizabeth Nichols, director of nurses at Jefferson Davis, 1801 Buffalo Drive, Houston, Texas.

Veterans News

World War II veterans entering any type of farm training under the GI Bill after September 1 will be enrolled in training courses which combine classroom instruction with practical farming, VA has announced.

Known as institutional on-farm training, the program will be considered full time training under the provisions of Public Law 377 recently signed by President Truman.

The course will be considered full time when it consists of at least 200 hours of group classroom instruction per year at an accredited training institution, combined with supervised work experience on a farm or other agricultural establishment.

In addition, a veteran must receive at least 100 hours of individual instruction each year, 50 of which must be on his farm, by his classroom instructor who is required to visit him on the farm at least twice a month to assist him in practical farming operations and home study assignments.

The training period will be as long as necessary to meet the particular needs of the individual veteran up to a maximum of the limitation established by Public Law 679 will not apply under this program, VA said.

The institutional on-farm training courses now being offered to approximately 180,000 veterans (approximately 40,000 in Texas, Louisiana and Mississippi) will

be reviewed and recertified by state approving agencies as meeting the provisions of the new amendment.

Present on-the-job farm training courses also will be reviewed. Those that meet the new qualifications will be converted to institutional on-farm training. All other courses will be allowed to continue until their completion under Public Law 679. In no event will new enrollments be made in farm training except under institutional on-farm training courses.

Approved institutions will be responsible for supervising the veteran's training, both in the classroom and on the farm, and for reporting to VA failure of the veteran to follow the approved course satisfactorily.

VA will pay the same scale of tuition and instruction fees charged all other students in a similar course, or an agreed rate found reasonable and fair. VA also will pay for books and incidental supplies. Under no circumstances will VA pay for equipment or supplies to operate the veteran's farm. Veterans in full-time courses will receive full subsistence allowance.

CARD OF THANKS

Words fail to express our deepest appreciation and thanks for the many kind words and deeds extended to us during the long illness and death of our loved one. We wish to thank everyone for the beautiful floral offerings. May God bless each one of you in our sincere wish.

Mrs. J. C. Spears, Children and Grandchildren and Other Relatives.

CARD OF THANKS

I wish to express my appreciation to the business men of Crowell for the nice bonus they gave me for bringing in the first bale of 1847 cotton on Aug. 30, 1947. Ike Newman.

CARD OF THANKS

We wish to thank every one for the nice gifts we received for our babies and a special thank-you to Bro. Warren Everson and members of the Assembly of God Church. May God bless each and every one of you.

Mr. and Mrs. Paul Ford.

IT PAYS to keep your BARNs well painted with BPS BARN PAINT RED

A rich, full-bodied exterior paint that dries with a good gloss. Can be liberally reduced with linseed oil... also reducing the cost. Holds its bright red color... does not fade out like so many of the cheaper barn paints often do. Spreads on easily... covers well. Use it on barns, silos, outbuildings, bridges, warehouses and all wood, brick or metal surfaces.

ALSO FOR METAL ROOFS—
BPS BARN PAINT RED is the ideal paint to use on galvanized iron or tin roofs. The tough protective coating resists all kinds of weather conditions.

IN MEMORY of E. W. BURROW
 The sudden death of "Pappy" Burrow, the driver of the Black School bus, comes as a great shock to students and faculty. His friendliness and general good humor endeared him to young and old.

WELCOME HOME, CHUM
 Welcome chum, we're back. Back to dear 'Ole Crowell High where everything is bright and warm—(especially warm). With the old students so sure of themselves and all new students so shy, it's up to the old students to remember the high standards and high ideals set up and carried out by pupils and teachers alike. Proudly C. H. S. can point to the scholarship, sportsmanship—all the records of her students.
 Welcome students, old and new. Welcome teachers, old and new. Let us make our own ideals and build them into an even mightier spirit of a great school.

OFFICERS AND SPONSORS ELECTED FOR '47-'48

Seniors
 After three years of dreaming we finally made it. Yes, we are seniors at last! Last Thursday morning we twenty-seven superior people journeyed down to room 102 to elect our officers. We unanimously elected Henry Black as our sponsor. Then we peeped over our shoulders to see who was there and elected our officers. If anyone saw J. C. Autry rapping for order, he's our new class president. Next we elected Edna Lee Dunn as vice president, Jimmie Swan as secretary, and our official keeper of the moneybags, treasurer to you, is Garland Denton. Mary Jo Short, class reporter, will be writing up the "doings" of this Senior Class of '48. As for our plans—well, we are scheming up ways to get your money to take us on our Senior trip.

Juniors
 The Junior class, Fish twice removed, elected their officers with a raising of hands, the voters, and a minimum turning of heads, the officers. The Junior sponsor for '48 is Marvin Myers. The chief executive, Ray Gable, with vice president, Floyd Borchardt as his stand-in; secretary and treasurer, Peggy Pittillo; and scribe, Dalton Biggerstaff. We have to go now and start working to raise money for the Junior-Senior Banquet. Donations accepted.

Sophomores
 The class of 1950, alias Sophomores, (Fish once removed) marched to the polls in the auditorium Thursday morning. After the political machine had ground to a standstill, the ballots were counted and Grover Yocham was elected president. His cabinet includes F. L. Ballard, vice president; Elizabeth Joy, secretary-treasurer; and Clara Jones, reporter. Mrs. Lewis Sloan was unanimously elected sponsor. After all the "babe kissing" and coke buying before the runoff, the citizens of the class are looking forward to excellent co-operation with their officers and Mrs. Sloan and to a year's well rounded program of parties, picnics, and class representation at football games.

Freshman
 The freshmen—Fish—also had a class meeting. All sixty of them! Parking as the largest class in C. H. S., they elected Mrs. Davenport as their sponsor. As for class officers these were their decisions: Jimmy Rasberry, president; John Sanders, vice president; Jean Gamble, secretary-treasurer; and Betty Barker, reporter. They are planning on having a big time this year. Proof is the following selection of room mothers: Mesdames Jim Cates, Gordon Bell, J. B. Rasberry, Roy Barker, Leo Owens and Henry Earl Thompson.
 The room mothers for the Sophomore, Junior, and Senior classes will be decided upon at a later date.

180 STUDENTS ENTER CHS

Alka-Seltzer sold double at all drug stores in Crowell during enrollment week as teachers dealt with the headache of sixty new students.
 These students consist of eight from Truscott, six from Thalia, three from Riverside, and forty-three from Crowell Grammar School.
 Of the one hundred thirty-seven students who come from out-of-town, Peggy Trusweek journeys sixty-six miles a day to come to CHS. She travels 11,880 miles in one school year.

NEW TEACHERS

"Red"
 Yeah, you guessed it, that's our green-eyed coach's nickname. Here's what he likes to do—eat fish, hunt, and all other things "he-men" go for. In his spare time he reads science magazines, tinkers with radios, and studies American History.
 Coach Whitaker was born July 21, 1913, at Woodson, Texas. His secret ambition is to be a better coach. Red attended Brownwood for his B. S. and then spent five years in the Army, where he was director of athletics.
 "Red" Whitaker or "Daddy."

as Scott 5, and Judy 3, call him, likes CHS fine and thinks we have a good prospect for a real team this year.

VETERANS' QUESTIONS AND ANSWERS

Fields
 Whether she's working at Ferguson's Drug Store or teaching the fourth grade, Mrs. Fields or Beth as she is often called, is just tops. Some of her favorites are vanilla ice cream, football, and traveling. Mrs. Fields' secret ambition is to travel in Europe or any foreign country for that matter.
 From Baylor she received her B. A. degree, and she did Master's work in Tech. Mrs. Fields majored in education.
 This lady with clear blue eyes and brown hair says "CHS is very nice. The students and teachers are thoughtful, friendly and considerate."
 Gee! She likes us.

Nelson
 Even though Berdell Nelson is called "Shorty" and "Birdie," we think she will be a "big" link in the school department of Crowell. Miss Nelson's hobby is reading; in sports she chooses football, and for a favorite food she chooses chocolate ice cream and plenty of it.
 This little "birdie" with the light brown hair and blue eyes has a cheerful smile for everyone. Her secret ambition is to go to Switzerland.
 Miss Nelson, who was a former student of our own CHS, went to school at West Texas State at Canyon and majored in primary education. For an opinion of CHS she says, "It's just tops!"

NOTICE

Each year your Rialto Theatre invites seniors to the show. Watch the Wildcat space. If your name appears, clip name of picture and your name out—it will be your pass.

HAS ANYONE ELSE—

Sweltered during these hot opening days?
 Noticed that R. C. Schlager, Billy Brown, and Charles Burse were visitors at CHS Friday?
 Admired Elizabeth Joy's pig-tails?
 Wanted one of those towel shirts that are so well modeled by John Sanders, Jaye Jones and Haskell Norman?
 Seen James Browning, Sharon Hanes, Kathleen Eddy, Glenna Self, Doris Cox, Morris Johnson and Hardy Sanders talking with friends at CHS last week?
 Welcomed Don back to Crowell and hoped that he will be back with us soon?
 Noticed the good condition of the grass on the football field in spite of the dry weather?
 Felt that we must beat Floydada Friday?
 Wondered when the study hall clock would be repaired?

WILDCAT PURRS

School is here again, and we are still purring around keeping up on all the news. First we should like to mention some of the old ones. J. C. Autry and Dolene Lanier are still heat throbs. Grover and Betty were seen at the show Friday night. Mary Jo and Bob were seen at the Carnival in Vernon. Bobby Ruth and Floyd, Mary Ray and Ray still make the rounds together.
 Now for the new ones: Ham and Elizabeth, Edna Jewel and Kenneth were riding around Saturday night. Mary Edna and Bob Carrol are setting a pace for other romancers. Jimmie Swan looks in the mail box for letters from a certain boy in Amarillo. Edna Lee and Craig are seen together often.
 Hope for the future are Bob Johnson and Mary Edna Norman. Rouse Todd and Tommie will be speaking again, and Norma Gamble and a certain boy in Thalia.

HELP THE JUNIORS

It's time now for all work and no play for the Junior class. Two weeks will determine whether or not we will have enough money for the Junior-Senior Banquet. The class is selling subscriptions to any magazine you may wish to subscribe for.
 At the end of the two weeks, if the quota of \$368.00 has been reached, the person who has sold the highest number of subscriptions will be awarded a Bulova watch.
 Now is the time for all good Wildcats, mothers, fathers and citizens of Crowell to come to the aid of the Juniors.

HOUSEHOLD HINTS

To Remove Screws.—To remove screws, apply a little vinegar to the screw and in a few moments it will loosen easily with the aid of a screw driver.
Egg White Eases Burns.—The white of an egg applied to a burn or scald is most soothing and will cause the burn to heal quickly.
Test Jelly With Fork.—When making jelly test it with a fork. If the jelly does not run from the tines of the fork it has been boiled long enough. Never test jelly while it is over a flame—remove it.
Flaky Pie Crust.—A teaspoon of vinegar added to the cold water used in mixing pie crust will make the crust flaky.

At a recent Keeneland thoroughbred horse auction held at Lexington, Ky., one yearling horse sold for \$45,000 and a total of 56 averaged \$8,218 each. The high price was paid by the Jaclyn stable, operated by Jay Paley and Leon Levy, California radio executives.

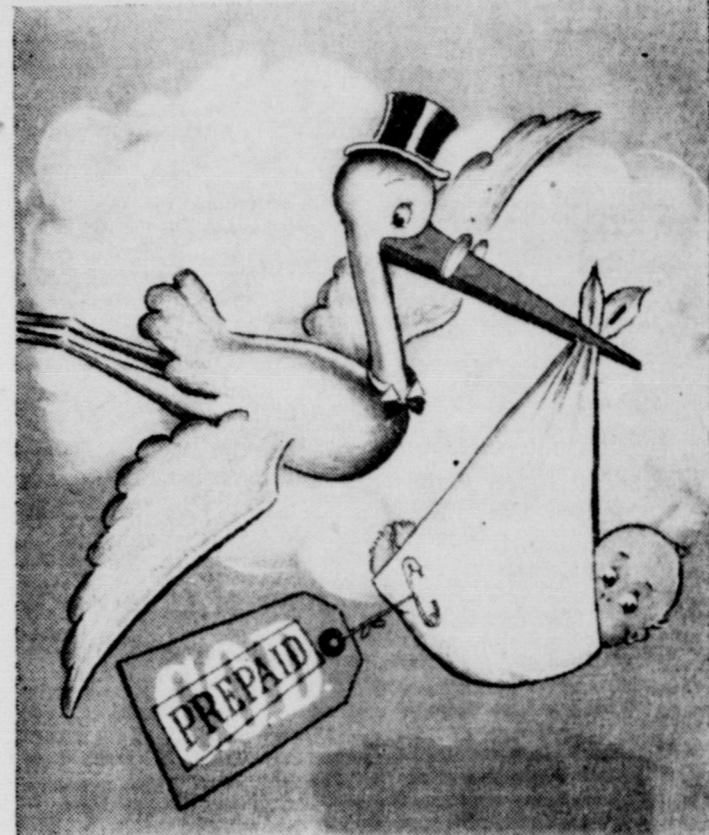

Half a Million Blue Cross Babies Were Born in 1946

Secure Blue Cross membership during this enrollment period; Saturday, Sept. 13, is the last opportunity for doing so.
 For persons not members of the prepayment plan, hospital care must of necessity be C. O. D. (Cash on Delivery), with the establishment of credit references in advance; for a hospital must have money in order to provide service. For Blue Cross members, however, your membership card is sufficient identification—the best of hospital care is made available to the Blue Cross member and his family without question, with no "red tape" on the part of the member at all.
 Blue Cross membership is good in your home town; it is good in a strange city where credit references would be even more difficult to establish, for the Blue Cross membership is recognized in the United States, in Puerto Rico, and in Canada.
 Blue Cross membership means for you

office for a decision as to whether you were discharged under conditions other than dishonorable since that is the determining factor for entitlement to benefits.
 Q. Will the amount of compensation I receive for a service incurred disability be reduced in event I find employment?
 A. No. Earnings from such work do not effect the amount of compensation received.
 Q. Is there any limit to the amount I can borrow under the GI Bill?
 A. You should contact your nearest Veterans Administration

be reduced by the wages you receive so that readjustment allowance and wages combined will not exceed \$23 a week. Each weekly allowance thus received, regardless of the amount of payment, would reduce by one the number of remaining payments available.
 Q. I was released from the army with a bad conduct discharge and would like to know if I am entitled to any of the benefits under the G. I. Bill?
 A. You should contact your nearest Veterans Administration

A. You can borrow any amount that the lender is willing to lend you, but VA will guarantee only 50 per cent of the amount up to \$4,000 on a real estate loan and up to \$2,000 on a business loan.
 The United States paid the Republic of Panama \$10,000,000 outright for the Panama Canal zone and in addition pays each year \$430,000 rent.
 No private individual is permitted to own land in the Panama Canal zone.

Saturday Is Last Day for Enrollment

Secure Blue Cross membership during this enrollment period; Saturday, Sept. 13, is the last opportunity for doing so.

For persons not members of the prepayment plan, hospital care must of necessity be C. O. D. (Cash on Delivery), with the establishment of credit references in advance; for a hospital must have money in order to provide service. For Blue Cross members, however, your membership card is sufficient identification—the best of hospital care is made available to the Blue Cross member and his family without question, with no "red tape" on the part of the member at all.
 Blue Cross membership is good in your home town; it is good in a strange city where credit references would be even more difficult to establish, for the Blue Cross membership is recognized in the United States, in Puerto Rico, and in Canada.
 Blue Cross membership means for you

- . . . a community service in which you have free choice of hospital
- . . . a nonprofit organization, which means that cost of administration is held to a minimum in order that more than 80 per cent of the dues may be returned to you in hospital care.
- . . . an organization which provides "service" rather than "cash" benefits, and peace of mind that comes from the assurance that hospital care will be available when necessary.
- . . . a popular program recognized by civic leaders, by business people, and 27,000,000 members. One out of every five persons in the United States is Blue Cross protected; and one quarter of a million Blue Cross members are Texans.
- . . . Enroll today for you and your family.

Mr. Harold Jordan will be in Thalia Thursday, Friday and Saturday at the post office for the benefit of people in that community who wish to enroll.

SUNDAY SCHOOL LESSON

Cultivating Good Will
LESSON TEXT FOR SEPTEMBER 14
-Proverbs 3:30, 31; 15:1, 18; 22:34, 35; 23:12, 21, 22; 25:20, 21; Matthew 5:9; James 3:17.

EDITOR'S NOTE: Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

Editor's Note: Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

It is true that the Christian life gives offense on occasion. When a controversy exists between men and God, the Christian has no other course of action than to align himself on God's side.

The Bible nowhere commends a critical spirit or perverse attitude. It rather emphasizes the necessity of firmness that loses nothing of its intensity through being tempered in the fires of love.

The man of variance similarly should be paged by. We are not to emulate him; we are not to envy him; we are to choose none of his ways.

A wrathful spirit also mars good will (Prov. 22:24, 25). A man of anger is not to be followed by the child of God. This passage enjoins us to have no friendship with such individuals, for there is danger that we shall learn their ways and their ways will then be a snare to our souls.

Another way in which we mar good will is to be the purveyors of untruth (Prov. 25:18). The false witness is characterized as a large hammer or a sword or a sharp arrow, for he wounds his neighbor, often grievously.

Let us with all diligence, with the help of God, banish from our hearts and minds all of these attitudes which hurt and mar.

In the first place, the soft answer of the controlled spirit will establish good will (Prov. 15:1, 18). The soft answer does turn away wrath. The man who is slow to anger appeases strife.

Let us not confuse a soft answer with an unconvincing one, or with that mealy-mouthed procedure that we commonly call double talk. Happy is that man who knows how to present the truth convincingly, who can make men, despite his opposing standards, understand that he has their good at heart.

Another factor in making good will is the act of kindness (Prov. 25:21, 22). This passage, you will remember, is quoted in Romans 12. Here is the opportunity for us, in all matters of personal injury, to place our case in the hands of God rather than to seek revenge.

God speaks of them as being "called" sons of God. It is one thing to be a son of God; it is another thing to be acknowledged as a son of God.

Alaska is the largest of the U. S. possessions.

Weekly Sermon

(By E. E. Fletcher, Moody Bible Institute, Chicago.)

Evidence
"For we have not followed cunningly devised fables, when we made known unto you the power and coming of our Lord Jesus Christ, but were eyewitnesses of his majesty" (II Pet. 1:16).

American lawyers preparing for court battles spend long hours collecting and evaluating evidence. The slightest clue is followed up with careful research, for lawyers need to find facts and first-hand information on which to base their claims.

Similarly, the person who is seeking a religion, something in which he can believe, is not satisfied with theory or conjecture. He wants evidence. Some of the best evidence for Christianity is found in this word of Peter, for it is the sworn testimony of a man who worked closely with Jesus before the crucifixion and saw Him after the resurrection, a man who was changed by Christ from a crude fisherman into a powerful preacher and teacher.

Miss Frances Ann Ayers Becomes Bride of Jas. M. Cooper

In a quiet ceremony which took place Sunday morning, September 7, at the First Methodist Church of McLean, Texas, Miss Frances Ann Ayers became the wife of James Milton Cooper.

Rev. H. A. Longino, pastor of the McLean church, performed the double ring ceremony before an altar flanked on either side by white gladioli and white dahlias. The chancel rail held gold candelabra with white candles which were lighted by Misses Ann Wilson and Mary Hess of McLean.

Miss Ayers entered on the arm of Mr. Sewell Roy of Amarillo. The bride was lovely in a suit of Kelly green wool, fashioned by Rosenblum. Her accessories were black. Her only jewelry, a gift of the groom, was matching pin and earrings of gold set with pearls. She carried a white Bible with a single white orchid.

Mrs. Ted Longino of McLean was matron of honor and Ted Longino was best man. Mrs. Willie Boyett was organist for the ceremony and Mrs. Bob Thomas sang, "Because" and "Oh! Perfect Love." Preceding the entrance of the wedding party, Mrs. Boyett played "The Bells of St. Mary's." The party entered to the strains of the traditional wedding march. During the ceremony the organist played Grieg's "I Love Thee."

Immediately following the ceremony a reception was held in the home of Rev. and Mrs. Longino. Miss Anne Wilson poured coffee which was served with a beautiful two-tiered wedding cake. Mrs.

Sewell Roy served cake. Mr. and Mrs. Cooper left immediately after the reception for points in New Mexico and Colorado.

Mrs. Cooper is the daughter of Mr. and Mrs. Roy Ayers of Riverside. She attended Texas Wesleyan College of Fort Worth, where she was a member of Delta Sorority. She attended Center College, Danville, Ky., also.

Mr. Cooper is the son of Mr. and Mrs. Gordon Cooper of Crowell. He graduated from Crowell High School and spent 19 months with Marines in the South Pacific.

The couple will be at home after Sept. 15 in Canyon, where both will be students in West Texas State Teachers College.

Relatives attending the ceremony were: Mrs. P. P. Cooper, grandmother of the groom, and Mr. and Mrs. Sewell Roy, all of Amarillo.

Crowell Man Weds in Oklahoma August 29, Methodist Church

In a candlelight ceremony, solemnized at 7 p. m. Friday, Aug. 29, in the First Methodist Church of Stillwater, Okla., Miss Sheralee Hooper, daughter of Mr. and Mrs. J. J. Hooper, Mannford, became the bride of Richard S. Carroll Jr., son of Mr. and Mrs. R. S. Carroll of Crowell.

The Rev. Allen Lemar Cooper read the marriage vows before an altar illuminated with candle light, and banked with palms and ferns. Tall baskets of white gladioli and asters were on either side of the altar. Nuptial music was presented, and Miss Doris Wald-

by sang "Because" and "O Promise Me."

The bride, given in marriage by her father, wore a sheer white wool suit fashioned with soft sleeves and peplum back. She used sable-mist accessories and carried a white Bible with an arrangement of white gladioli and a shower of tube roses with white satin streamers.

Mrs. W. N. Helberg, sister of the bride, was matron of honor. She wore a blue gingham suit with a pink corsage. Miss Christine Harp, also in blue, was christener. Wilbur N. Helberg served as best man.

Mrs. Hooper chose for her daughter's wedding, a plum-vene crepe dress which she completed with smoke accessories and a white corsage. Mrs. Carroll, mother of the groom, was attired in a green crepe dress with sable mist accessories and a white corsage.

Mr. and Mrs. Hooper were hosts at a reception in the church parlor following the ceremony. Assisting were Miss Patty Bickham, Miss Martanna Kizziar, Miss Katherine Wheat and Mrs. H. F. Smith.

Among the out-of-town guests at the wedding were Mr. and Mrs. R. S. Carroll of Crowell; Mr. and Mrs. J. C. Elledge, Mr. and Mrs. C. M. Martin, Miss Barbara Martin, Mr. and Mrs. J. W. Bickham, Mr. and Mrs. B. I. Greenwood and Mrs. W. W. Watson of Mannford; Ollie; Mr. and Mrs. Clifford F. Williams, Tulsa, Okla.

Mr. and Mrs. Carroll will be at home at 421 1/2 East Broadway, Cushing, Okla.

Shower Given Friday Afternoon for Former Truscott Girl

Mrs. Newell Looney, formerly Miss June Hickman of Truscott, was complimented with a lovely shower in the Truscott L. O. F. hall last Friday afternoon, Sept. 5, with Mesdames S. O. Turner, W. O. Solomon, and C. A. Bullion as hostesses. Miss Doris Browder presided at the guest register.

The theme of the program was "A Stroll Through the Park." The carnival spirit was represented with a piano solo, "Manhattan Serenade," by Mrs. Curtis Casey.

Overhearing "The Baby Talking Bride," was rendered by Joyce Brown. Songs, "While Strolling Through the Park" and "Hands Across the Table," were sung by Rachel Hickman, Winnie Turner, Gage Chilcoat and Dorothy Qualls.

Other numbers on the program included "Advice from a Wise Old Owl," by Mrs. S. O. Turner; "Love's Old Sweet Song," girls quartet; "The Carnival Spirit Concerto," Mrs. Casey.

The program was interrupted by a gypsy peddler, Joyce Johnson, with her wares (gifts) for the bride.

The hostesses served sandwiches, olives, potato crisps, tea and cookies to about fifty guests.

FAMILY REUNION

A family gathering was held in the home of Mr. and Mrs. Jim Christian Sunday with a reunion of the Christian family and two brothers of Mr. Christian, and their wives. It was the first visit of one of the brothers to Foard County in 16 years.

A dinner was served in picnic fashion to the following: Mr. and Mrs. C. L. Christian of Sanger; Mr. and Mrs. Bob Christian of Denton; Mrs. W. M. Barton and sons, Billy, Jimmy, Kenneth and Donald Ray of Electra; Mr. and Mrs. George Christian and sons, Larry and Danny Lee, of Vernon; Otto Christian and Miss Audrey White of Vernon; Jay Christian and daughter, Dee Ann, Clark Christian and Victor Christian.

Other visitors were Mr. and Mrs. Frank McClendon and sons, Johnnie and Jerry; Mr. and Mrs. Ernest Ray and sons, Mr. and Mrs. Tom Holliday of Lubbock; Mrs. Jeffie Webster, and the host and hostess.

BIRTHDAY PARTY

Mrs. Johnnie Odell gave a party in honor of her son, Johnnie Merrill, at her home on Friday, August 29.

Those present were Deanna, Larry, Bennie Ferguson, Dale and Kay Johnson, Bax Callaway, Duane Johnson, Bill Halbert, Linda Ferguson, Thelma and Jimmie Henry, Edward Howard, Thomas Stone of Medicine Mound; Ettie, Rosalene, Blair and Pauline Wheeler, Ramona and Bonita Brown, Sarah Odell. Mrs. Sparks, Johnnie's Sunday School teacher, was also present, and Mrs. Callaway and Mrs. Ferguson. Mrs. Odell served ice cream and cake.

Alaska Red Salmon packers expect to equal their ten year average pack the year which is 900,000 cases against 600,000 in 1946.

COLUMBIAN CLUB

The home of Mrs. B. W. Self was the scene of the Columbian Club's first meeting for 1947-48. Mrs. Self and Mrs. Grady Halbert were hostesses for a delightfully appointed luncheon at noon. The reception room was cool and inviting from the intense heat outside. Lunch was served at quartet tables from the long dining table laid with a beautiful lace cloth.

The first meeting is always a pleasant one after the summer vacation. Echoes from summer trips and summer spent at home were happily discussed and plans for the coming club year furnished topics of gay conversation.

A pleasing feature of the program that followed was a report for Foard County's Blue State Girl, Miss Edna Lee Dunn. She told simply and graphically of her work in Austin, where she studied citizenship and where she made lovely contacts and listened to talks encouraging the girls to attain the highest type of American citizenship. Among the various speakers was Gov. Jester, who impressed the girls with high ideals and determinations to be good citizens.

Mrs. Crews Cooper was leader for the program and introduced the president, Mrs. Grady Halbert, who gave annual greetings and among her dreams for the future of the Columbians she gave the following recipe for a successful club:

An unlimited quantity of worth-while purpose; add a goodly measure of directed action, mixed with plenty of unstinted effort. Fold in carefully an untold quantity of courtesy and tolerance with a sense of responsibility. Slip into above ingredients a due portion of humor and blend well. Cover with all the co-operation you can muster—and then some. And you'll have a club worthy of praise.

Mrs. Cooper gave a book review of the 1947-1948 year book. She counted as important features of the new year book, the fact that members are to study these United States, and called attention to the plate favors, clever maps of the United States, edged in pink and blue. She noted, too, the suggested reading list; the club collect and some twenty subjects outlined for study this year. She sighted information sources the County Federation Headquarters and the many current magazines in the library.

The next meeting will be Sept. 17 with Mrs. Jack Welch at her home in the Foard City community.

B. & P. W. CLUB

The Crowell Business and Professional Women's Club held the first business meeting of the fall season Sept. 4 at the home of Mayme Lee Collins with 14 members present. Gussie Turner, vice president, was in charge.

Each member answered roll call with an account of her vacation. Mrs. Bessie Fields was elected to membership and Lillie Welch was welcomed back to the club. Mayme Lee Collins outlined the program for the year and discussed "We Face Tomorrow," which is to be the study. Names for secret pals were drawn. The next meeting will be a social on Sept. 18.

ADELPHIAN CLUB

The first meeting of the Adelphean Club for the 1947-48 club year was in the form of an assembly tea at the Club House on September 3rd, with Mrs. L. A. Andrews, Mrs. E. C. King and Mrs. Nelson Oliphant as hostesses.

As the ladies arrived, they were served punch by Mrs. King and Mrs. Oliphant.

Mrs. H. C. Brown, the president, brought greetings and made appropriate remarks for the beginning of the new year's work. Mrs. L. A. Andrews spoke of "Brighter Horizons Through Federation" and gave a brief outline of the program for the study.

Marcia Kincaid rendered a beautiful piano number, "Hungary Rhapsodie Mignonne," by Carl Koelling.

After adjournment the doors to the dining room were opened to display the attractively laid tea table. Yellow gladioli and nasturtiums were in lovely arrangements in the serving room. During the tea, Marcia Kincaid played soft music.

Twenty-eight members were present, including a new member, Mrs. N. B. Moon, and Mrs. Jack Sauls, who was elected to membership during the meeting. Guests included Mrs. Arthur Bell, Miss Thelma White, and Mrs. Lealand Stovall of Corpus Christi.

MARRIED AT GAINESVILLE

Allie Ray Wheeler and Miss Dorothy Lea Reynolds were united in marriage at Gainesville on August 30 at 11 o'clock. Rev. Charley Stump performed the ceremony.

The bride is the daughter of Mr. and Mrs. H. C. Reynolds of Heath, Okla., and the groom is the son of Mr. and Mrs. Troy Wheeler of Crowell.

EGGS FROM VITAMIN A

Hot weather during the past few months has been drying up green feed fast—and that means that a lot of poultrymen may have hens that aren't getting enough Vitamin A. Prof. D. H. Reid, at the poultry farm at Texas A. & M. College gives this tip on how he is keeping his layers supplied with Vitamin A. Says he's mixing fresh alfalfa leaf meal in the regular ration, at about a three per cent rate. And this feed is especially important, he says, for your pullets out on the open range. Of course, you don't want too much of the meal in the ration, or it'll cut down the food value of your mash, about three per cent is a safe amount. The alfalfa leaf meal is good, but just about any appetizing feed during this hot weather will boost your egg production.

A lot of you may be having trouble with summer colds in your flocks and Vitamin A in green feed will help keep those colds under control. It's not going to cure the flock if you have contagious colds, but Reid says it is certainly worth a try and it helps out in most cases.

FISCH'S

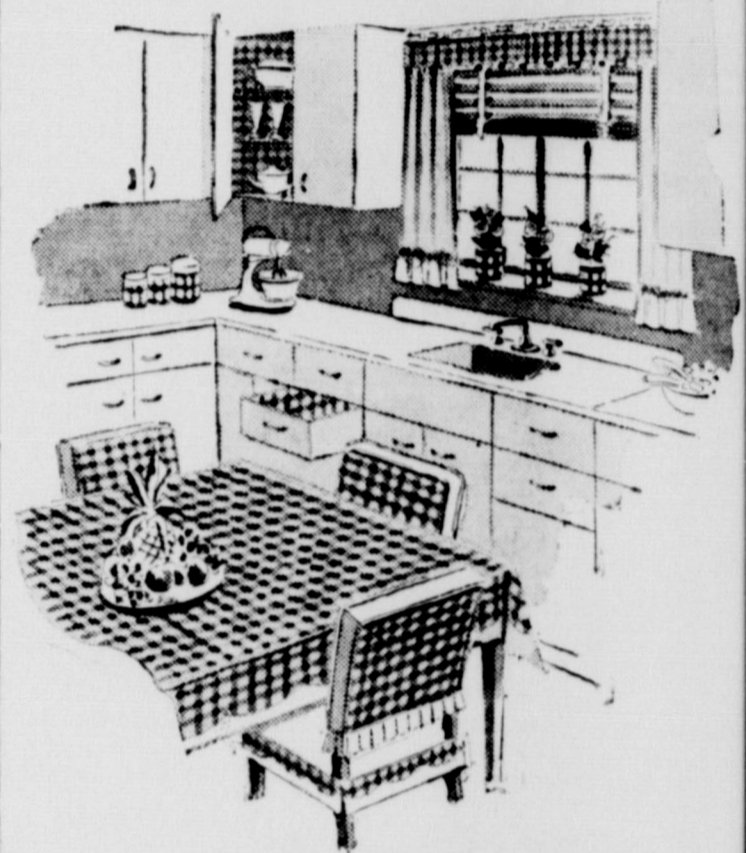

Child with Defective Hearing Is Badly Handicapped

Austin.—The child who cannot hear is badly handicapped. Handicapped children are often considered backward and become greatly retarded in school when in reality they may be highly intelligent but simply cannot hear much of what is said to the children who appear backward. School should be observed carefully to determine if hearing is a factor in the situation.

According to Dr. Geo. W. Coe, State Health Officer, many injuries to the ear can be prevented by keeping foreign objects out of the ear canal, taking good care of the ears during colds and other diseases and observing certain precautions when swimming.

"The cause of middle ear trouble often is diving and swimming," Dr. Coe said. "Protect the ears by wearing a rubber cap, ear plugs."

The State Health Officer declared that no hard instrument of lead should be used in cleaning the ear canal since it may be injurious. Using ordinary precautions can do much to avoid middle ear trouble which may later lead to partial or complete deafness, the Doctor added.

New! for brighter, lighter housekeeping—colorful, plastic-finish Marvalon

EASY TO CLEAN! You can cut it, pink it, sew it, pleat it, paste it! You can use it throughout the house—for table tops, shelves, valances, closet accessories, and dozens of other purposes.
