EIGHT PAGES

OVER MILLION BUSHEL'S GRAIN HARVESTED

Dry, Hot Weather Speeds Progress of Combining 1947 Wheat Crop in County; 1,100,000 Bu. Received at Elevators

The favorable weather conditions for the past two weeks have been a great boon to the harvesting of the bumper wheat crop in Foard County. Up to Wednesday at noon 1,100,000 bushels had been delivered to the elevators in

Crowell, Margaret and Foard City, and it is expected that the crop will be in the neighborhood of 1,350,000 bushels when the harvest is completed, which is now estimated to be about 85 or 90 per cent complete.

The crest of the harvest season was reached the latter part of last week and the first two days of this week, Crowell residents witnessed the exit of the transient combines and trucks, most of them going north. They will follow the harvest in northwest Texas and Oklahoma, many of them going on into Kansas and Nebraska.

There has been no shortage of railroad cars this season, it is reported. At the beginning of the season, the Panhandle & Santa Fe had 1,000 cars on the tracks here compared to about 200 last year. It was estimated Wednesday that 450 cars had been shipped.

High Protein

According to a U. P. dispatch in the Wichita Falls Daily Times Sunday from Topeka, Kansas, wheat shipped from here has high protein content. The dispatch from Topeka under date of June 7, follows: "Five cars of Texas wheat, the first of the 1947 crop to arrive here, was found today to have better than average protein content, an official of the state grain inspection department reported. Ralph W. Cook, licensed inspector, said the wheat from Crowell, Texas, consigned to a Kansas City elevator, graded No. 1 dark hard winter, tested 61 to 61.4 pounds per bushel and had a moisture content of between 13 and 14. Protein content was 12.10 to 12.50."

Local elevators were paying \$1.20 per bushel for wheat here Wednesday.

Speer Motor Company Erecting Iron and Stucco Building

A 40x100 foot iron and stucco building is being erected by Leon Speer of the Speer Motor Company on lots just west of the Welch Service Station. The building has been contracted by Cicero Smith Lumber Co. and the erection will be under the supervision of Joe B. Roberts. The concrete floor was poured by Otto Davenport.

When the building is completed it will be the home of the Chrysler-Plymouth automobile agency. Mr. Speer states that the front will be used for show rooms and an up-to-date service department will be installed in the rear. This department will furnish a complete service for Chrysler and Plymouth cars.

Clark Brown Has Bought the Bartley Grocery and Station

Clark Brown has bought the grocery store and filling station formerly owned and operated in front of the Better Way Laundry by C. S. Bartley. They have been moved to the building east of the former location on the Paduah highway in a building owned by J. E. Acheson.

Mr. Brown has announced that the grocery store is now ready for business. Equipment is being installed for the station. He has recently been in the employ of the Gulf Research and Development Co. of Lamesa.

ROTARY CLUB

Representative Claude Callaway, who returned home this week from Austin, was present at the Wednesday noon meeting of the Crowell Rotary Club in the banquet room of the First Baptist Church. Another visitor was Elmo J. Hudgins, owner of the Nu Way Laundry.

With T. B. Klepper as program chairman, Mr. Hudgins rendered several numbers on the accordion. Mr. Callaway made a short talk and expressed great happiness in being at home again. The lunch was prepared this time by Irving Fisch, Henry Ferguson and Tully Klepper.

RETURN FROM AUSTIN

Representative Claude Callaway and Mrs. Callaway returned home this week from Austin where they had spent the past five months while the Legislature was in session.

Former Resident Buried Here Last Thursday, June 5

Dr. Karl Wettstone Conducts Funeral for Mrs. Sallie E. Woods

Mrs. Sallie E. Woods of Wichita Falls, a former resident of Crowell, passed away in a hospital in Wichita Falls on Tuesday, June 3, after an illness of several years.

Funeral services were held at the Womack Funeral Home Chapel at 2 o'clock Thursday afternoon, June 5, with Mrs. Woods' pastor, Dr. Karl Wettstone, pastor of the First Presbyterian Church of Wichita Falls, officiating. Rev. D. D. Denison, pastor of the local Methodist Church, assisted Dr. Wettstone. Favorite songs were sung by a choir, with Mrs. Paul Shirley accompanying. Mrs. Clarence Olson, of Enid, Okla., a granddaughter of the deceased, sang as a solo, "In The Garden."

Pall bearers were D. R. Magee, R. R. Magee, T. B. Klepper, C. W. Thompson, Frank Flesher and Thomas Hughston. Flower bearers were Mrs. D. R. Magee, Mrs. Frank Flesher, Mrs. Earl Mangan, Mrs. Roy Steele, Mrs. Milton Hunter, Mrs. C. C. McLaughlin and Mrs. W. B. Johnson.

Interment was made in the Crowell cemetery by the side of her daughter, Miss Lottie Woods, who died in Wichita Falls on May 10. Womack Funeral Home was in charge of arrangements.

Mrs. Sallie E. Woods was born in Tennessee on April 9, 1860. She came to Foard County with her husband J. E. Woods, S. J. Woods, in the early '90's. She resided in the Grandville community before moving to Crowell. Rev. Woods organized the first Presbyterian Church in Crowell and served as its pastor for many years. Mrs. Woods filled her post as pastor's wife with ability and was one of the founders of the church, along with her husband. She opened her home to ministers of all denominations and served in all churches. She was of a hospitable, helpful nature and aided all with whom she came in contact as long as she was able. In later years, she was familiarly known to the people of this section as "Mother Woods" because she really did mother many newcomers and others who needed her. She remained active in the church, even after moving to Wichita Falls in 1934, until she sustained a broken hip in a fall several years ago and since that time her health had steadily declined. She was a consistent Christian character. Her survivors include one daughter, Mrs. S. S. McDonald of Fort Towson, Okla.; four stepdaughters, Mrs. Jim Maddrey of Wichita Falls; Mrs. J. H. Omohundro of Long Beach, Calif.; Miss Daisy Woods of Bonham and Miss Vella Woods of Dallas. A number of grandchildren also survive.

Out-of-town relatives and friends present for the funeral services were Mr. and Mrs. Jim Maddrey, Mr. and Mrs. J. R. Farabee, Dr. and Mrs. Karl Wettstone, Miss Ethel Farabee, Mrs. F. A. Jordan, Miss Daisy Woods, Mr. and Mrs. Clarence Self and Miss Anne Rettig, all of Wichita Falls; Mr. and Mrs. Ed McDonald and son, Eddie, of Ada, Okla., and Mrs. Clarence Olson of Enid, Okla.

Library Room Has Been Changed

The County Federation Library has been moved from the third floor of the Court House to the same room it occupied before the move was made upstairs. The room has been recently occupied by the Foard County Draft Board and is on the first floor of the building.

Miss Dorothel Russell, the librarian, states that a new magazine rack has been installed and the books have been so arranged that they are available to all and that many new books have recently been added to the shelves. Reading may be done at the library or the material may be checked out for home reading.

NEW DISPENSER INSTALLED

A new self-serving Coca-Cola self-serving dispenser was installed this week at the Crowell Service Station.

A new household glue has been perfected by Westinghouse that has a gripping power of 3,200 pounds to the square inch. It is unaffected by heat, cold or water.

Baptist General Convention of Texas Creates New Office

The selection of Andrew Q. Allen, assistant to the administrator of Baylor University Hospital, to head a newly created office of director of public relations for the Baptist General Convention of Texas was announced Tuesday by Dr. J. Howard Williams, State Baptist leader.

The decision was reached at a meeting of the State Executive Board of the Convention in Dallas. Allen is widely known among Baptists of Texas and the South. He has served as business manager and assistant administrator of Baylor Hospital for the past three years, giving much of his time to public relations and personnel problems. Previously he has been assistant State Sunday School secretary for five years, State Sunday School leader in Tennessee for three years and with the Southern Baptist Board for six years.

He is a native of Petersburg, Hale County, and holds degrees from the University of Texas, Southwestern Baptist Theological Seminary, Fort Worth, and Peabody College, Nashville, Tenn.

In announcing the creation of the new department, Dr. Williams stated that Mr. Allen would interpret Baptist news through the press, serving as contact representative, and would also interpret the press to Baptists.

A second and vital phase of his work, the Baptist leader said, will be the creation and production of literature, posters, and other publicity matter for the various departments and branches of the Convention.

Truman's Highway Safety Committee to Meet June 18-20

The Action Program group of the President's Highway Safety Committee will meet in Washington, June 18, 19 and 20 to evaluate results of a year's nationwide effort to reduce death and injury on the highways and to plan a further attack on traffic accidents.

The meeting has been called by President Truman at the request of the three national committees on highway safety formed at the instance of the first conference which was held in Washington in May, 1946—the State Officials' National Highway Safety Committee, the National Committee for Traffic Safety, and the Federal Committee on Highway Safety.

In calling the 1947 conference President Truman pointed out that 6,600 lives had been saved in 1946 and urged a minimum goal of 10,000 lives saved for this year.

Governors of the 48 States or their representatives, State motor vehicle administrators, State highway engineers and enforcement officials and representatives of unofficial organizations long identified with the highway safety movement will attend the meeting. Each State will report its highway safety activity during the past year and submit recommendations for further strengthening the program.

Thirty-two State highway traffic safety conferences have been held since the President's meeting last May.

Major General Philip B. Fleming, Administrator of the Federal Works Agency is General Chairman of the President's Highway Safety Conference. Governor Millard F. Caldwell of Florida, President of the United States Conference of Governors, will act as vice chairman. Thomas H. MacDonald, Commissioner of the Public Roads Administration, F. W. A., is chairman of the coordinating committee. Alfred W. Bohlen, executive director of the American Association of Motor Vehicle, is executive director of the conference.

Additional stimulus to a continuing campaign against traffic deaths this year is expected from the concerted support of State Press Associations of the nation, which are planning a national educational campaign this summer.

Although traffic deaths totaled 33,500 in 1946, the fatality curve turned downward after the Conference in May of that year. The Army and Navy Munitions board has made plans to buy abroad during the next five years a stock of critical materials not produced in this country sufficient to keep American industry going through a four or five year war. In the neighborhood of two billion dollars worth of these materials will be purchased and stored. Those materials that cannot be held indefinitely will be sold from time to time to industry and the stock pile replenished with new imports.

Weldon Hays Will Open New Grocery Store Friday

Weldon Hays will open a new grocery and market Friday in the F. E. Hudson building on the Vernon highway, 5 blocks east of the square. The new store will be known as the Hays Food Market.

Mr. Hays plans to handle high class merchandise and everything in the market line, along with frozen foods. A new locker has been bought and is en route and he hopes that it will be here on the opening day. The store has a drive-in front and there will be plenty of parking space.

Mr. Hays will assist in the operation of the store at the present time.

Mr. Hays is a native of Crowell and is well known here. He served 34 years in the Army in the C. B. I.

Match Roping Contest Will Be Held at Santa Rosa June 15

Vernon, June 15 — (Special) What promises to be one of the most thrilling exhibitions ever staged in a rodeo arena will be witnessed here on June 15, when Sonny Edwards of Big Spring meets Troy Fort of Lovington, N. M., in a championship calf roping contest.

The exhibition is made possible by the Santa Rosa Roundup Association and will be staged in the huge Santa Rosa Roundup arena south of Vernon. Edwards was selected to meet Fort after Toots Mansfield, originally scheduled to participate in the contest, was injured in an exhibition match at San Angelo last month.

Edwards is a brother-in-law of Mansfield and holds several records of his own. According to those who have seen the cowboy in action, fans are in for some of the finest entertainment available when the two contestants meet.

Fort, a champion in his own right, has bested Mansfield in at least one exhibition match, and is a slight favorite to best the man from Big Spring. However, Edwards has at least one victory over Fort in recent contests.

Although Mansfield will be unable to compete in the event scheduled here, he will be coaching his brother-in-law when the flags are dropped from the beginning of the contest. The show will start at 2 p. m. on Sunday, June 15, and Johnny Biggs, manager of the Round-up Association, predicts a record crowd for the exhibition. According to Mr. Biggs, this is only one of several outstanding attractions planned for Santa Rosa Round-up this summer.

Tom Haggard Dies at Home in Moran

Tom Haggard, well known to many Crowell and Foard County people, passed away at his home in Moran, Friday, June 6, following a long illness. Funeral services were held Sunday afternoon at 3 o'clock.

Mr. Haggard came to Crowell about thirty years ago as an employee of the J. W. Allison Dry Goods Co. and lived here for many years. He was a loyal member of the Christian Church and lived a consistent Christian life.

After leaving Crowell he continued in the dry goods business and operated a store in Moran as long as his health permitted.

Mr. Haggard is survived by his wife.

The spot in the United States to be first touched by the rising sun is Mount Katthdin in Maine.

13,000 Attend Rotary Convention in San Francisco

San Francisco, Calif., June 8. —With an attendance of more than 13,000 Rotarians and members of their families from 70 different countries of Europe, Asia, Africa, the Islands of the Pacific and North and South America, the 38th annual convention of Rotary International convened here today.

Opening the convention program, Dr. Robert Gordos Sproul, President of the University of California, declared that new relationships among nations and peoples must be discovered and made workable whereby men may be led to become good national citizens of an international community, as Rotarians are of Rotary International.

Highlight of the convention program this evening was the concert by the San Francisco Symphony Orchestra, with Meredith Willson conducting the Florence Juartararo as guest soloist. The orchestra broadcast its regular Sunday night network program, "The Standard Hour," from the Rotary convention stage.

Keynote of this five-day gathering of business and professional executives, representing 6,200 Rotary Clubs in 76 countries, will be the internationality of the Rotary organization. Throughout the convention, emphasis will be given to the opportunities which have in all parts of the world to assist in the achievement of the goals of the United Nations. These goals are strikingly similar to one of the principal objectives of Rotary International—the advancement of international understanding, good will and peace.

Presiding over the convention will be the President of Rotary International, Richard C. Hedke, noted industrialist of Detroit, Mich., who has just returned from an extended visit to Rotary Clubs in Europe and Asia.

NEW CARS ORDERED

The Santa Fe Railway has ordered 250 70-ton drop end mill type gondola cars, and 125 70-ton covered hopper cars from the American Car and Foundry Company, according to announcement made today by Fred G. Gurley, Santa Fe president.

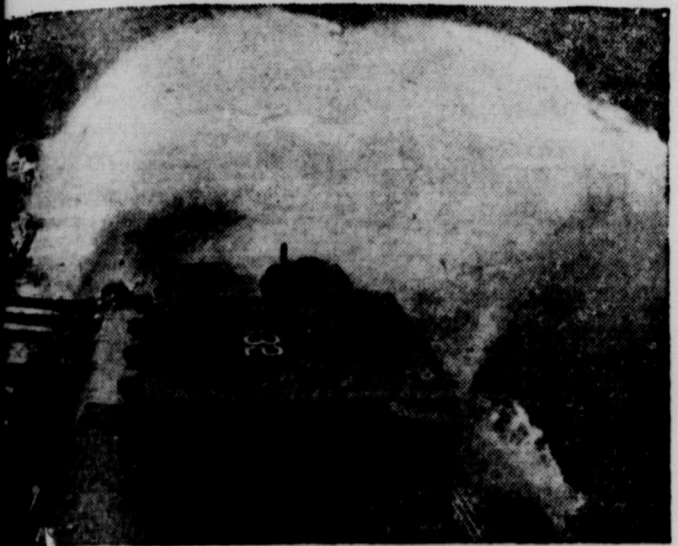

The 250 gondola cars will be built at their St. Louis, Mo., plant and will be shipped during the first quarter of 1948. The hopper cars will be shipped from their Madison, Ill., plant early in the second quarter of 1948.

The Army and Navy Munitions board is engaged in making a study of the feasibility of locating munitions plants and storage facilities under ground and out of reach of atomic bombs. Natural caves and abandoned mines are being looked into. If these should prove not practical, suitable underground buildings will be constructed.

At the final session June 20, reports will be heard from the National Committee for Traffic Safety, W. Earl Hall, Chairman; the State Officials' National Highway Safety Committee, Otto F. Messner, Chairman, and the Federal Committee on Highway Safety, General Philip B. Fleming, Chairman.

Discussion of the recommendations of the divisory groups will be conducted by Mr. MacDonald, Paul Hoffmann, President of the Studebaker Corporation, Chairman of the organized public support Advisory Group will close the Conference by presenting the Action Program for 1947.

THE MACON MAKIN' KNOTS

The USS Macon, one of the several ships of the United States Navy set to the expanding training program for veterans and non-veterans of the Naval Reserve, takes a wave over the bow on one of the week training cruises. Reservists from many Naval Districts take part out of their civilian life to keep themselves abreast of modern developments by means of the active duty cruises of such as the Macon. (Official Navy Photograph)

President Truman to Speak at Highway Safety Conference

President Truman will speak at the opening session of the President's Highway Safety Conference June 18, the White House announced today.

The conference will be held June 18, 19 and 20 in the Interior Department Auditorium, Washington, D. C., where officials of 48 States and the District of Columbia, and a large number of non-official organizations, are interested in highway safety. They will evaluate the results of the year's battle against highway accidents and plan further safety measures. A goal of not less than 10,000 lives saved has been set.

General Philip B. Fleming, Federal Works Administrator, will be the general chairman of the conference; C. W. Phillips, President of the American Association of Motor Vehicle Administrators, will moderate panel discussions on "State Programs in which Governors of the States or their representatives will report State progress in highway safety during 1946."

Recommendations for further progress in the safety field will be made by Thomas H. MacDonald, Commissioner of the Public Roads Administration; Federal Works Administrator, W. Earl Hall, Chairman of the Co-ordinating System committee; and L. Stokes, newspaper editor, will moderate panel discussions on "State Programs in which Governors of the States or their representatives will report State progress in highway safety during 1946."

C. A. McNeese, who works on the bridge gang, spent the week-end with his family.

Mr. and Mrs. H. C. Chowning and daughters, Lynette of Ackerly and Mrs. Billy English, and son, Larry, of Abilene, spent the week-end in the homes of Mr. and Mrs. Jim Chowning and Dr. and Mrs. J. E. Stover.

Mrs. Ollie Illsing and mother, Mrs. Olson, and Mr. and Mrs. Arthur Illsing of Gilliland visited relatives here Saturday.

Mrs. O. E. Durham and chil-

dren were Juanah visitors Saturday.

The Vacation Bible School closed Friday with a good report in many ways. Several children were re-dedicated to the church with three conversions. A splendid program was given Friday night, which showed the good work on the part of the teachers.

Mr. and Mrs. John Bullion and son, Sam, visited Mrs. Bullion's mother in the Crowell hospital Sunday afternoon.

Charlie Caram was in Vernon Tuesday.

Rev. and Mrs. C. H. Harris returned to Fort Worth Monday, where they will attend summer school.

Mrs. J. V. Patterson and daughter, Malica Ann, visited her mother at Abilene while Rev. Patterson was at conference in Amarillo last week.

Pamphlet Being Distributed by Health Department

Austin.—A pamphlet entitled "Minimum Swimming Pool Standards" is being distributed by the State Health Department throughout the State to operators of swimming pools or other interested parties according to Dr. Geo. W. Cox, State Health Officer.

The standards set up were prepared for the protection of public health and include recommendations of the Joint Committee on Bathing Places of the Conference of State Sanitary Engineers and the American Public Health Association. These standards provide for proper sanitation practices at all types of pools from the "fill and draw type" to the modern "circulating type."

Some of the specifications for standard sanitation are that the bacterial quality of the water should be equal to that of safe drinking water; frequency of changing or recirculating water should be such that maximum safety will be provided as well as proper economy; the water should be sufficiently disinfected to kill all disease bacteria and standards for clearness and algae control should be enforced.

Dr. Cox advises that the State Department of Health offers many services to the pool manager or operator. These services include free bacteriological analysis of the water, free kits for making chlorine residual tests on the water, and information and advisory service on any problem that may be encountered in sanitation, engineering, or operation. All operators or managers are invited to write the State Health Department if they wish to obtain the bulletin on pool operation or a free chlorine residual testing kit.

HOUSEHOLD HINTS

Ironing Curtains After Drying.—Go over the edges of curtains after taking from the stretchers, with a hot iron. They will be more even and the pin holes will be smaller. Do this when the curtains are almost entirely dry.

For Summer Colds.—For summer colds inhale a solution of salt and water. It is not a very pleasant sensation, but it is an excellent way to clear out the head when one has one of those nasty colds. Salt and water make an excellent gargle and mouth

wash. Use a teaspoon of salt to a glass of water.

A score or more transcontinental telephone messages may be sent over the same wire at the same time, in the same manner that a score or more radio programs may be sent through the air at one time. To listen to all of them would be much like listening in on a very busy farm line with no one message intelligible. At terminal points the several messages are separated so that the parties speaking hear no other message except the one intended for them. By this means a single transcontinental wire can carry, during the course of the day, thousands of messages.

The state of Illinois ranks first in the production of soy beans, second in corn and third in oats.

Mr. and Mrs. Joe Ward of Crowell visited Mr. and Mrs. Coy Ward here Sunday afternoon.

Henry Moore of San Angelo visited Mrs. M. E. Moore and daughter, Odessa, last week.

Paul Heuatt of Hickory, Okla., visited Mr. and Mrs. Ernest Earthman last week.

tion. The latest report shows an estimated total of 18,188,000 living veterans. Of this number, 14,267,000 served in World War I. The remaining 3,921,000 participated in World War I or the Spanish American War, or they still receive VA compensation or pension benefits for service in the peacetime forces, the Civil War or the Indian Wars.

Veterans who plan to attend school under the GI Bill for the first time next fall are urged by Veterans Administration to make arrangements immediately.

These arrangements include applying to VA for a certificate of eligibility and making application for entrance to the school selected.

An increase over the current enrollment of 1,200,000 ex-GIs is anticipated and veterans who wait until the last minute to apply may not be able to get into the schools of their choice.

Burial in Veterans Administration cemeteries will be restricted to veterans who die in VA hospitals and homes and whose relatives do not desire burial elsewhere.

VA has announced this policy in response to many inquiries arising from plans of the War Department to return upon request bodies of World War II veterans who died overseas.

This policy is necessary because of inadequacy of VA cemetery space to take care of even a small part of such requests, VA said.

Sharp increases in the number of veterans applying for GI home loans were noted by the Veterans Administration during April.

The rise in home loan applications followed a steady decline since last fall, VA said.

VA's figures for April show around 51,000 home loan applications received, compared with 41,000 in March and 58,000 during the peak month of last September. The steep rise in numbers of applications received in April was attributed to seasonal factors.

Almost 230,000 disabled veterans of World War II now are in training under the provisions of the Vocational Rehabilitation Act (Public Law 16), the Veterans Administration has announced.

As of May 1, approximately 56 per cent of those in training—or 128,877—were enrolled in recognized colleges, universities, and other educational institutions.

The remaining 44 per cent—or 100,769—were taking on-the-job training in business and industrial establishments. To date, approximately 160,000 such establishments have been approved for this type of training.

Since the inception of the vocational rehabilitation program in March, 1943, upwards of 8,500 disabled veterans have been declared rehabilitated, VA said.

Disabled veterans in training by states included: Texas, 14,306; Louisiana, 3248; and Mississippi, 3,987.

The Veterans Administration estimates that the number of living veterans and members of their

families will reach a peak of 43 per cent of the nation's population within the next five years and decline in percentage thereafter.

VA defines a veteran's family as a family unit, living together and headed by a veteran. On the basis of this definition, VA computes the following estimates of the number of veterans and members of their families for 1947, 1952 and 1957:

Jan. 1, 1947—46,200,000. Jan. 1, 1952—62,300,000. Jan. 1, 1957—62,500,000.

The veteran-family population is expected to show a rapid growth in the next five years, compared to the total population, then to level off between 1952 and 1957 while the total population continues to rise.

VA made the projections to study the importance of their implications to various VA programs during the next 10 years.

GAINESVILLE CIRCUS

Have you ever seen a performance of the Gainesville Community Circus, the only show of its kind in the world? If you have, you've had a treat, one you thoroughly enjoyed. If you haven't, you've missed a treat, a distinct one.

But, unless you've seen the Gainesville Community Circus through the eyes of an old-timer, an old Gainesville resident, one of 'em, you just don't know anything about a treat.

The circus is a credit to any community, a fact no one denies. Its performance at the Santa Rosa Round-up Arena at Vernon Saturday night was true to form, a spectacular success. Then, to be able to greet old friends in person, the same ones who did the tight-rope walking, the bareback riders, the trapeze actors, those who did the thrilling stunts of various kinds, the clowns, the announcers and the property men, really was a treat. To be remembered after twenty-five busy years, to be hand-clasped with friendliness, you and your fam-

ily and neighbors, means a thrill to an ex-resident. Here's to Gainesville, the old home town, and the Gainesville Community Circus.

What We Think
(By Frank Dixon)

A good deal has been said regarding the housing problem. Some have chafed because more houses have not been built, and have laid the fault at the door of first this and then that agency.

I think that too often in this matter of housing those who have it in charge aim their sights too high and get ideas that are not practical for the reason that the houses they have in mind to build are clearly beyond the ability of many people to own.

I think that the experts should start with the wage earner and figure from the basis of what the average wage earner is going to have with which to purchase a house or pay for the rental of one.

The discussion in the past has centered around houses costing between eight and ten thousand dollars.

While there is a considerable number of people in this country who could afford to own or live in or pay rent on a house costing from eight to ten thousand dollars the vast majority of wage earners could not purchase such a house or pay the rent that would be required to live in such a house.

I live in a county seat town of about 3,000. There are eight hundred houses in the town. Half of these cost \$2,000 and less and a fourth more cost \$3,500 and less. In all the town there is not to exceed thirty homes, about four per cent, that cost \$8,000 or more. All of these are owned by business people who have been in business for a good many years in the community.

What is true in my community is true in hundreds of communities like it the country over. No one on a salary in my town can afford to own or pay the rent on a house costing \$8,000 or \$10,000.

Planners who have their feet on the ground and their heads out of the clouds know that it is not wise for a family of limited income to burden itself with a house that is beyond its means. When the load is too big it calls for too great a sacrifice, it calls for the giving up of too many things that the family needs and would enjoy in order to meet the payments or the rent. Furthermore, in the event such a family should by stint and sacrifice acquire such a house the upkeep and the repair would prove an oppressive burden and take from the owners much of the joy of living.

I have never forgotten the expression used by a shrewd real estate dealer who sold me as a young man, just starting out, my first home. In our discussion I mentioned larger and better houses in the better part of town. Knowing that my means were limited he said: "Young man, we can't all live on 'Z' street. Some of us have to live down on 'A' street, and pancakes and sausage taste mighty good in a little home that is paid for." I took his advice and purchased a small house at a cost of \$2,000. I have never been sorry that I did. I have had an opportunity to see many who took on too big a load become very weary of it before they got through.

I think the sights should be lowered. I think young families should start out with what they can afford. When the time comes that they have the money to buy a better home they can always do so.

For these reasons I think the experts should lower their sights and try planning on some \$2,000 houses. I don't believe anything is gained by getting ideas that are too big, and becoming, what my grandfather used to say, "house proud."

Washington News

By Congressman Ed Gossett, 13 District of Texas.

Washington, D. C., June 7.—Immigration laws are full of holes and are poorly administered. Many thousands of folks are now slipping into this country who have no right to be here. On top of all of this, great pressure is now being put on Congress to pass the Stratton Bill to let in 400,000 refugees, i. e., persons now in the DP camps of Europe. This bill is supported by one of the most pernicious, powerful, and well-financed lobbies ever known. A lot of the preachers of the country have been fooled by this propaganda and have endorsed this program.

This Sunday I will appear at a University of Pennsylvania round-table in Philadelphia on a radio debate on the subject "Should Our Immigration Laws be Relaxed?" My answer, of course, is a positive no.

The House this week completed action on the Tax Bill and the Labor Bill. The Labor Bill was passed in the House by a vote of 320 to 79. The bill as finally passed is a much weaker and a much milder bill than the one originally passed by the House. Its strength and usefulness will largely depend upon how it is administered.

Here are a few of its principal provisions and objectives:

1. It prohibits the closed shop but permits the union show where agreed to by a majority of employees in a plant. The bill yields

IN THE NEWS 30 YEARS AGO

News items below were taken in whole or in part from the issue of the Foard County News of June 15, 1917:

Mike J. Frierson, former manager of the Haskell Telephone Co. in Crowell, was born Jan. 25, 1888, and died June 12, 1917, following one year's failing health.

Linotype Erected.—The News' first linotype arrived last week and has been erected this week. The first part of the week was consumed in putting the machine in readiness for service, so only a portion of the paper was set up by the machine this week. The linotype is a great piece of machinery and if operated well is a great time saver. The Mergenthaler linotype machine is a standard and thousands of them are used by the larger papers as well as the smaller ones all over the country.

In the neighborhood about five miles east of town last Thursday afternoon a small cyclone struck, overturning a wheat header and causing one man to get pretty badly hurt. Other damage of minor nature was done in the same locality, such as unroofing small houses and barns.

The large brick building of J. H. Self & Sons is now nearing completion. It will be primarily the home of the Ford car. It is located one-half block west of the square.

Drilling on the oil well has been held up for a few days on account of water.

Earl Benedict and wife of Knox City were here Sunday visiting Mrs. Benedict's brother, J. H. Lanier, and family.

Mr. and Mrs. Henry Ferguson and little son, Charles, and Mr. and Mrs. Beaty Andrews went to Paducah Wednesday to visit Mrs. J. B. Harrison, who is seriously ill.

Mrs. J. C. Self and Mrs. George Hinds went to Vernon Friday to meet Miss Una Self, who was returning from Baylor University at Waco.

Mrs. G. L. Burk and daughter, Miss Leta, left Tuesday for Fort Worth to visit and where Mrs. Burk will take medical treatment.

to the States jurisdiction to legislate on the subject.

2. It attempts to ban jurisdictional strikes and boycotts.

3. It undertakes to restore freedom of speech to employers, which has been virtually prohibited by the Wagner Act.

4. It bans featherbedding, such as Petrillo engages in.

5. It outlaws strikes against the Government.

6. It prohibits political contributions by unions as well as by banks and corporations, and requires unions to make annual financial reports.

7. It attempts to prohibit Communists from holding office in labor unions operating under the Act. (There are now at least 9 big CIO unions that are Communist dominated.)

8. It prohibits a check-off of money from a worker's wages for union dues unless the worker gives his consent in writing.

9. It gives the President authority to seek through the Attorney General an injunction to prevent a strike affecting the national health and safety of the people. The injunction would expire after 75 days. The President may then report the situation to the Congress with a request for additional legislation to meet the crisis.

10. It defines unfair labor practices by unions as well as by employers. Heretofore unions could not, under the Wagner Act, do anything that would constitute an unfair practice and were not even required to bargain in good faith.

11. It permits suits for damages against either side to a labor-management contract for breaches of contract.

12. Employers are no longer required to bargain collectively with foremen, and any welfare funds provided by contract must be administered jointly by employer and union.

13. It attempts to regulate picketing and to prohibit violence to employees going to and from work during a strike.

Unfortunately for the laboring people and for the general public, the new bill does not attempt to curb monopoly over human labor as now practiced by certain labor leaders. Therefore, the new law will have but little effect upon the present concentration of economic power in the hands of a few men. Industry-wide bargaining, which is the key to the power of John L. Lewis and some others, was banned in the original House bill, but is permitted in the new version.

The new law will not apply to railway employees who come under the provisions of the Railway Labor Act.

The new labor bill was enacted over bitter opposition from those who believe labor unions should be above the law and not subject to the same laws that other organizations and other people are. It is a bi-partisan measure, having received the overwhelming support of both Democrats and Republicans.

Congressman and Mrs. Wingate Lucas of Fort Worth, together with myself and Mrs. Gossett,

Closing Date for Enlisted Reserve Corps Extended

The following information has been received from the War Department through Headquarters Fourth Army, Fort Sam Houston, and the office of the Senior Instructor, Organized Reserves, State of Texas:

"The closing date for enlistment in the Enlisted Reserve Corps and for acceptance of applications for the Officer's Reserve Corps is extended from June 30, 1947, until the termination of the present emergency."

One authority has figured it out that before the war 19 per cent of the consumer's dollar went for food, during the war the figure went up to 27 cents; recent figures indicate that food now takes 43 cents of the consumer's dollar. The reason given is the large purchases for export. Usually these are announced in advance with the result that speculators rush in, buy up the available surplus, and thus force up prices. It would help, authorities believe, if the government buying would be less sporadic and done more quietly.

yesterday attended a beautiful wedding at the United States Naval Academy at Annapolis, Md. The occasion was the marriage of Richard William Bass Jr., son of Mr. and Mrs. R. W. Bass of Denton, to Courtenay Wright, daughter of Mr. and Mrs. W. F. Wright of Fort Worth. Young Bass had just graduated with honors from the Naval Academy.

MISS VERNON LAUNDRY
Launderers and Dry Cleaners
VERNON, TEXAS
JESSE H. BARHAM, Solicitor

Much has been heard recently that industry could pay increased wages out of its profits and not raise the price of its merchandise. This may be true of a few industries but in many industries operating in the competitive field if all of the profits were paid out in wages the wage increase would amount to only four or five per cent. Prosperity and employment is dependent upon a healthy industry. Without profits capital is not going to invest in industry and an industry without capital would soon be crippled, production would go down and unemployment result.

Meet the boss!

MEET BABS BROWN, the Boss. We don't mean Mister Brown's boss, either. We mean our boss—and a very nice one, too.

Sound odd to you? Well, it isn't. It's a solid fact that your electric light and power company is owned by a lot of people like Babs Brown—and Bob Brown—yes, and yourself.

Housewives, doctors, teachers—industrial workers, craftsmen, farmers—mechanics and milkmen—people from all walks of life have put some of their savings into electric companies such as ours. They're the direct owners.

But there are countless indirect owners, too—and many of them have no idea of their stake in the electric industry. They are the people who have savings accounts or life insurance policies—and that means nearly everybody. It works like this: When banks and insurance companies accept your money they must invest it safely, wisely. And because business-managed electric companies have a long record of faithful public service, much of this money is invested in utility companies on physical property installed and dedicated to the public's service. So you, too, are probably one of our bosses.

West Texas Utilities Company

Mr. and Mrs. D. A. Alston and daughter, Beatrice, and Mr. and Mrs. Arville Alston and daughter, Erma, of Abilene are visiting in the home of their daughter and sister, Mrs. Bill Manning, and family this week.

Mr. and Mrs. Truman Taylor of Cisco are spending this week in the home of his parents, Mr. and Mrs. R. L. Taylor, and other relatives and friends. Mr. Taylor is Educational Secretary of the First Baptist Church in Cisco and they will return home Friday.

Mrs. O. W. Leeman of Bonham returned home this week after being here for wheat harvest. Mrs. Leeman, formerly Miss Ben Veine Smith, daughter of the late Mr. and Mrs. B. J. Smith, owns a wheat farm in the southwest part of the county, which is operated by Grover Owens.

Mr. and Mrs. Eldon Williams of Port Arthur visited her parents, Mr. and Mrs. Grant Morrison, several days last week. They were en route to Boulder, Colo., to enter the State University where Mrs. Williams will get her master's degree. Miss Billie Morrison and Karl Streit of Vernon also visited in the Morrison home.

Mrs. Glen Moyer, Jim Moyer and children and Ernie Arghi, all of Kent, Ohio, were guests of Mr. and Mrs. W. H. Moyer Saturday night. Jim Moyer is Mr. Moyer's nephew and Mrs. Glen Moyer is his sister-in-law and they had not seen each other in 31 years. The group left Sunday morning for Compton, Calif., on a visit.

Mr. and Mrs. Ernest Spears and son, Larry Don, of Altus, Okla., are spending two weeks here in the home of F. F. McLain, during which time Mr. Spears has been harvesting his wheat crop and attending to other business. Mr. Spears owns a 160-acre farm in the old Claytonville community.

Mr. and Mrs. Joe Mark Magee left Sunday morning for College Station where he will resume work at A. & M. for the summer term, following a visit here in the homes of their parents, Mr. and Mrs. R. Magee and Mr. and Mrs. Ernest Breedlove. Mr. and Mrs. R. R. Magee took them to College Station and returned Tuesday.

WATCH FOR MISTAKES OF 1946

SENATE JOINT RESOLUTION NO. 4

Proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 7 of the Constitution of the State of Texas as amended by adding thereto Sections 17 and 18 which shall read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas as a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinafter levied.

"Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the govern-

ing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"Funds raised from said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to-wit:

Table with 2 columns: Institution, Per Cent of Total. Includes John Tarleton Agricultural College (5.72107).

Table with 2 columns: Institution, Amount. Includes North Texas Agricultural College (6.17028), Texas State College for Women (11.52992), Texas College of Arts and Industries (4.75551), etc.

"Not later than June 1st of the beginning year of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5c) Cents ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose.

learning in the amounts of Two (2c) Cents and Five (5c) Cents, respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation, providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas." Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state. Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expenses of such publication and election. 44-4c

VETERANS' QUESTIONS AND ANSWERS

Q. Are any of the cemeteries operated by Veterans Administration leased from private owners? A. No. Veterans Administration has no such leases. Q. Can I specify in my National Service Life Insurance policy that in event my wife remarried after my death, payment of the balance of insurance benefits shall be made to my mother? A. No. Q. Who is entitled to the last compensation or pension check due a veteran in event of his death? A. The check received at the time of the veteran's death becomes part of his estate. The person who bears the expense of the last sickness may apply for the burial award of \$150. Q. Does the veteran have to pay any charges or fees to get a guaranteed loan? A. The veteran pays no commissions, brokerage fees or other charges for obtaining a guarantee. Fees usually paid by the borrower, such as appraisal, title search, recording, etc., may be charged against the veteran. Q. I am a World War I veteran and would like to know if I can get a guaranteed loan under the provisions of the Servicemen's Readjustment Act (G. I. Bill). A. No. Benefits of the act are for World War II veterans only. One-third of all the knitted underwear produced in the United States is made at Utica, New York.

Because of the recent increase in import duties on tobacco levied by England, a package of twenty cigarettes in London costs 68 cents. Britain imports 80 per cent of its tobacco from the United States. Total British exports to the United States barely exceed tobacco imports.

Americans spent the record sum of \$8,700,000,000 for whiskey, beer and wine last year, according to the Department of Commerce. This is an average of \$89 for each person more than 18 years old and was \$920,000,000 more than the previous record made in 1945.

The state of Michigan leads the nation in the production of salt.

Troy, N. Y., is the nation's leading producer of shirts and collars.

Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars, and the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting. Said Boards are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of The University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes. All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon: "For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents, respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas." Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher

Weekly SURPLUS NEWS WAA

A half million dollar site clearance of four West Texas installations will be held at the Midland Army Air Field. It was announced last week through the War Assets Administration's sub-regional office at El Paso. The clearance will be an informal bid sale of surplus materials located at Midland, Pacific Air School, Fort Stockton; Pyote Air Field and Pecos Air Field. Hardware, kitchen supplies, furniture and a few vehicles will be included in dozens of lots of related materials to be offered. Inspection and bidding will be carried on at each of the four locations on June 17, 18 and 19, with the bid opening scheduled at 9 a. m. June 20 at the Midland field.

Fourteen military chapels, including all installed equipment, at Camp Bowie, Brownwood, Texas, are to be offered for sale until July 9 through War Assets Administration. First consideration concerning use of the chapels after sale shall "be given to their use as shrines or memorials for use for religious purposes," it was said. Officers on the chapels will be accepted by WAA transmission to the Chief of Chaplains, War Department, who, with the advice of representative church groups, will recommend the person or organization to whom disposal shall be made, WAA officials declared.

Various regional offices of WAA co-operate with each other in disposing of stocks of surplus property that might be "slow" in one area and in sharp demand in another. This practice resulted in the sale of 70,000 gallons of outside white paint to a Texas dealer recently. The paint was located in the inventory of the Spokane WAA regional office, where its sale was rated as "slow." This paint was in "tight" demand in the Grand Prairie region, where a customer was seeking the product. Correspondence between the two regional offices affected the sale and delivery of the 80,000 gallons to the Texas dealer.

Army folding cots in quantities sufficient to bed down nearly 40,000 soldiers are for sale until June 25 through War Assets Administration. They will be sold through sealed competitive bids on lots. A sample is on display at the Customer Service Center of the Grand Prairie WAA office as well as in San Antonio and El Paso.

Items in short supply for the June set-aside list for veterans include veterinary operating tables, bacteriological incubators, jeep trailers and portable electric drills. Except for the quarter-ton trailers, all items will be placed on catalog sale through the Customer Service Center at the Grand Prairie WAA regional office. The jeep trailers will be sold by WAA's location sales division in the near future.

Water coolers, spot lights and explosion proof receptacles are contained in \$50,000 worth of plumbing, heating, electrical and refrigeration supplies which are listed in a sale closing June 20, War Assets Administration officials announced. Descriptions of all articles may be obtained through the Customer Service Center at Grand Prairie WAA offices.

During 1946 over 10,070 pedestrians were run down and killed on the highways of this country by car drivers. During the same period non-fatal injuries to pedestrians by car drivers totaled 171,910.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for June 15

JUDAH'S APPROACHING DOOM

Lesson Text — Jeremiah 36:2, 3, 28-31; II Kings 24:1-4. Memory Selection—The fear of the Lord prolongeth days; but the years of the wicked shall be shortened.—Proverbs 10:27.

The decline of a nation from strength and glory to weakness and shame is always a sad thing to contemplate. Still worse is the evident cause of such decay in the sinfulness of the people and their stubborn rejection of God's mercy and grace.

The religious reforms in Judah under Josiah were only temporary in their effect on the people; partly because of their own insincerity, and partly because Josiah was soon killed in battle. Yet God did not leave his wandering people without good counsel, for it was in those days that the great prophet Jeremiah ministered. He had been the helper of Josiah in his good purposes; now he continued to plead with Judah to submit themselves to God and to his will.

His efforts proved to be fruitless as far as Judah was concerned, for we see that

Jeremiah Would Not Respond to God's Mercy (Jer. 36:2, 3). God commanded his prophet to write down his words in order that the people might not only know the inevitable impending judgment, but especially be reminded of God's desire that they should turn from their evil ways and be forgiven.

One would have thought that they would have responded to such mercy with an immediate and grateful return to the Lord, but they did not.

Jeremiah, a unique man of great ability, was so tenderhearted that he has often been called the weeping prophet. Do not infer that he was a weak, emotional character, for he was strong in the Lord, and courageous in the face of rejection and persecution. He urged upon Judah the necessity of submitting to Babylon, to whom God had given power, and above all to the Lord, for a spiritual cleansing and revival.

Our second section brings before us the further sin of King Jehoiakim, who led his nation on to destruction. We see that

II. Judah Would Not Receive God's Word (Jer. 36:28-31). At God's command Jeremiah and his scribe, Baruch, had prepared the scroll with God's Word upon it. One of the nation's leaders was moved by it, and through his urging, the scroll was brought to the attention of the king.

Jehoiakim, sitting before the fire, heard only part of it, and then in defiance of God he took a pen-knife and cut it up and burned it.

One cannot help but think of those in our day who call themselves modern thinkers, or liberals, who have also used their penknives on God's Word. They cut out of the Bible everything they do not like, and offer the hungry people the stone of their own philosophies in place of the Bread of life. Think what their judgment will be!

God's Word is not so easily gotten out of the way! The prophet was commanded to rewrite the scroll, and in it to declare the awful judgment of God upon the one who mutilated his Word.

To try to destroy God's truth by fire and violence is as fruitless as to try to tear the stars from the heavens or to keep the sun from shining. The wicked leaders of a great nation have tried that once more in recent years, and they now lie dead for their sins, with the nation a subject people, broken and all but destroyed.

One wonders why those who profess to serve the Lord will engage in such activity, even as one wonders at Judah, a favored people of God, refusing to receive his Word. God is not willing to give up, and now tries chastisement. But we see that

III. Judah Would Not Recognize God's Providences (II Kings 24:1-4). Jehoiakim had become the vassal of Babylon, but after three years he decided to try to throw off the yoke of his oppressor, Nebuchadnezzar. He was not able at the time to deal with the situation, and so he incited marauding bands from various other nations, to harass Judah.

We see, however, that this came about at the commandment of God (vv. 2, 3). Evidently he was now using the distressing experiences of life to turn Judah back to him; but once again it proved to be in vain.

God does deal with men through what we call his providences, and these may include not only his mercies, but his chastisement. Trouble and sorrow may be God's means of leading us to the place of repentance and blessing.

What folly it is to disregard the hand of God in our daily lives, or to become embittered at the circumstances which are intended to bring us to God's place of blessing. Happy is the man or woman who, being reproved in

Weekly Sermon

By D. M. Olson, Moody Bible Institute, Chicago.

What is a Conservative? Probably no word has been surrounded by more confusion than that solid-sounding term "conservative." Whenever I hear it tossed to and fro in an argument I think of a college professor who was accused of being a radical. "Radical!" he snorted, "I'm just so conservative that people think I'm a radical!"

But while the term is, as the professor's remark indicates, somewhat relative, there is at least one meaning of "conservative" that runs counter to the course of Christianity. It is the dead conservatism which always asks, first and last, "what have we done before?" Nothing could be more foreign to the spirit and history of Christianity. Men of faith and vision have always achieved that which has not been done before.

The ringing challenge of Christ shames the conservative who limits the future by the past. Christianity is a dynamic, turbulent force in society, not a static thing which must cling fearfully to the past.

When we speak of conservative theology, however, the word takes on an altogether different meaning, for objective truth cannot change. A theological conservative is one who believes that God entered history in the person of Jesus Christ. He believes that Christ's atoning death has bridged the desperate gap between man and God. He has acknowledged Christ's deity by making Him Lord of his life. With this sort of conservatism we must agree, for nothing less than this can be called Christianity at all.

No wonder there's so much confusion in church circles when the same word can carry such diverse significance. Perhaps it would be a good idea if we would stop applying adjectives to Christianity, for there is essentially only one kind. Anything else cannot qualify.

And Christianity rightly defined is not conservative in the reactionary sense. It does not make former efforts the measure of its potential achievements. Actually, it's the only truly progressive force in our chaotic world.

The Navajo reservation in Northern New Mexico, covers 16 million acres. It is the largest Indian reservation in the United States.

this way, profits by the Lord's admonition (Heb. 12:11).

Bridal Shower is Given as Compliment to Miss Anderson

With Miss Nancy Jo Anderson, bride-elect of Charles W. Thompson Jr., named as honor guest, Mrs. Paul Shirley, Mrs. W. B. Johnson and Mrs. T. B. Klepper were hostesses at a lovely bridal shower Friday afternoon, June 6, between the hours of five and seven o'clock at the Adolphus Club House. Miss Anderson's home is in Hawaii and the decorative scheme followed a Hawaiian motif.

Mrs. Klepper received at the door and presented the guests to the receiving line which was composed of Miss Anderson, Mrs. J. E. Beverly, her aunt, and Mrs. Charlie Thompson Sr., mother of the groom-elect.

Mrs. Crockett Fox, sister of Mr. Thompson, directed them to the bride's book, where a large number of guests registered. The register table was ornamented with a beautiful doll, dressed as a bridesmaid in yellow net over satin. The table was further decorated with gold candlesticks holding white tapers. A low gold bowl of floating pansies also ornamented the table.

Mrs. Mike Raspberry, Mrs. Bert Ekern, Mrs. Fred Carr and Mrs. Laurice Ray Naron, a quartet of attractive young matrons, sang Hawaiian melodies to the accompaniment of recorded music. Hawaiian recordings were heard during the entire afternoon, interspersed with the songs.

The guests were invited into the dining room by Mrs. Johnson and Mrs. Shirley. Mrs. Jack Sauls poured Hawaiian nectar from the punch bowl which was enhanced with a bridal bouquet tied with a huge white satin bow and streamers at the base. Mrs. Ray Shirley and Miss Betty Seale served the nectar with tiny cookies and flower mints in pastel colors. On each plate was a wee Hawaiian dancing maiden with a Hula skirt in a pastel shade. Each little favor held a card, "Nancy, Charlie, June 21, 1947."

The table, covered with a cut-work white linen cloth, featured a miniature bride and her attendants marching down the church aisle, formed by a wide satin ribbon. The little bride, dressed in white satin and with veil and bouquet, was preceded by two tiny flower girls scattering pink flower petals down the aisle. Two brides-

maids, pretty dolls with dresses made similar to the bride's, one in pink and one in blue, each carried a satin heart matching her dress. Crystal candelabra holding white tapers on table and buffet, gave the only illumination. Bouquets of pastel flowers completed the decoration of the reception rooms. Each member of the house party wore formal attire and a corsage of pastel flowers.

In the gift room, where the gifts to the bride and groom-elect were arranged for display, Miss Mary Ragland Thompson, another sister of Mr. Thompson, entertained and bade the guests goodbye.

Pretty Bridal Shower Compliments Mrs. W. Whitley

Mrs. J. W. Whitley, the former Miss Geraldine Davis, was complimented with a lovely bridal shower on Friday, June 6th, from 3 to 5 o'clock, in the home of Mrs. George Davis. Mrs. Davis, Mrs. Dave Adams, Mrs. Jim Bailey, Mrs. Sam Russell and Mrs. Cecil Driver were joint hostesses.

Mrs. Davis greeted the guests at the door and presented them to the honoree and her mother, Mrs. Jim Davis. The guests were registered in the bride's book by Miss Virginia Bell.

They were then invited into the dining room where Mrs. Russell and Mrs. Driver served punch and tiny cookies from an attractively arranged table.

Mrs. Adams and Mrs. Bailey received the guests in the gift room where many lovely and useful gifts were displayed.

Attractive arrangements of spring flowers were used throughout the home in decoration.

Marriage Date is Announced by Mother of Miss Marlene Mason

Mrs. Fannie Mason has announced the engagement and approaching marriage of her daughter, Marlene, to Clarence Orr, son of Mr. and Mrs. Claud Orr of Crowell.

The wedding will take place at the Methodist parsonage on Friday, June 20, at 7 p. m. with the Rev. D. D. Denison, pastor of the church, officiating.

Bridal Shower for Former Resident is Given in Vernon

Mrs. Floyd Phillips, the former Miss Bonnie Schroeder, of Vernon, was honored with a bridal shower Thursday evening, June 5th from 7 until 10 at the home of Mrs. Ola Byarent, 1711 Bismarck St., Vernon.

The guests were greeted by Miss Nell Johnson who presented them to the receiving line composed of the honor guest, Miss Emma Schroeder, her sister; Mrs. Ewald Schroeder, her sister-in-law, and Mrs. L. L. McLain, sister of Mr. Phillips.

Mrs. Byarent presided at the bride's book and directed the guests to the dining room where Mrs. Cy Lecastro poured punch and Miss Pauline Anderson served cookies.

In the gift room, Mrs. Tom James and Mrs. J. L. Neighbors were in charge. The dining table was laid with a lace cloth over blue and centered with the punch bowl on a large reflector which was flanked with tapers in crystal branched candelabra and an arrangement of Magnolia blooms. On the buffet, there was a beautiful arrangement of magnolias.

To carry out her chosen colors of blue and white, the honoree wore a white jersey dress with a blue corsage. The hostesses all wore black dresses and carnation corsages. The hostesses, Mrs. Byarent, Miss Johnson, Mrs. Lecastro, Mrs. Neighbors and Mrs. James presented the honoree with an automatic electric toaster.

TWO KINDS OF GOVERNMENT

There are two, and only two, forms of government in the world. One is based on the proposition that the sole reason for any individual's existence is to serve the state. The other is based on the completely opposed philosophy that the purpose of government is to promote and protect the rights, freedoms and liberties of the individual.

All governments, regardless of what they may call themselves, fall squarely into one of these two classifications. And the titanic struggle for power that is now engaging the entire civilized world is the result of the enormous differences between the two concepts.

It is not an exaggeration to

Miss Nancy Anderson is Honored With Luncheon Wednesday

As a pretty pre-nuptial compliment to Miss Nancy Jo Anderson, bride-elect of Charles W. Thompson Jr., Mrs. R. L. Kincaid and her sister, Mrs. John Carmichael, of Vernon were hostesses at a perfectly appointed luncheon given Wednesday at noon at the home of Mrs. Kincaid.

The reception rooms were artistically ornamented with summer flowers. Mrs. Woodrow Lemmons played incidental piano music while the guests were assembling. Misses Joan Turnbull and Marcia Kincaid secured the signatures of the guests. Mrs. Kincaid toasted the bride.

In the dining room, the honored guest's table was centered with an oblong arrangement of gorgeous peonies. The table was laid with a beautiful lace cloth and set with crystal and silver. Cocktail was served in the living room and the guests found their places by dainty bridal place-cards. Seven-
eaten matron and misses were served the delightful three-course luncheon. The third course was ice cream molded into a beautiful wedding bell with cupid and flowers and served with angel cake. Each dessert plate held a pretty wedding bouquet in miniature.

Miss Anderson was presented a beautiful crystal sandwich tray by the hostesses.

Birthday Party for V. A. Smith Friday Afternoon

V. A. Smith, son of Mr. and Mrs. Virgil Smith of Panhandle, former residents of Crowell, who is visiting in the home of his grandmother, Mrs. J. J. Brown, was entertained on his birthday, Friday afternoon, with a birthday party at the Brown home. The party was in observance of V. A.'s 12th birthday.

Present for the party were Bobby and Betty Davis, Lester Fargason, Mary Ermae Cooper, Betty and Billy Smith, Kay Wayne Thomson, Nelda K. Brooks and Frances Kincaid. The birthday cake centered the party table. V. A. received many nice birthday gifts.

In the evening a dinner party was given with the following present: Mr. and Mrs. Foster Davis and family, Mr. and Mrs. Virgil A. Smith and family and Dr. and Mrs. Leon Altaras.

Miss Bonita Liles Weds on May 25th

The marriage of Miss Bonita Liles, daughter of Mr. and Mrs. R. L. Liles of Pine Bluff, Ark., former residents of Crowell, to James Donald Burkett of Archer City, took place in the First Christian Church of Archer City on Sunday, May 25th, according to a clipping from the Archer City News.

The bride is well known in Crowell, attending the schools here. She is a graduate of the Pine Bluff High School, following which she attended N. T. S. C. at Denton for three years. She was employed with Williams Petroleum Co. in Wichita Falls from June, 1946, until April, 1947.

The groom is a graduate of Archer City High School, after which he entered the service. He spent 12 months in the ETO and was discharged in June, 1945. The couple will reside in Archer City where the groom is engaged in the cattle business.

say that the United States is the last powerful state which holds the right of the individual to live his life as he chooses is the most basic and precious of all rights. This, essentially, is the principle which makes all our institutions—free enterprise, representative government, freedom of speech and press and religion—possible. History has proved a thousand times that the destruction of this right is followed by the destruction of all other rights. The totalitarian state—whether it calls itself socialist, fascist, communist, or anything else—invariably ends in oppression. The kind of government which controls the economic life of a country, sooner or later must control all other phases of life. If it tells a man what he must do, where he must work and who he must support, it will also tell him what he must say and think.

The American people must never forget that freedom must be eternally defended. If we are to maintain the individual's freedom to speak his conscience, without fear of the state police, we must maintain all the liberties upon which a free society depends. Those who temporize with freedom always lose it.—Industrial News Review.

B&PW Club Has Dinner Meeting

Mrs. Ila Borchardt and Miss Mayme Lee Collins were hostesses to the members of the Business and Professional Women's Club in the home of Mrs. Borchardt Thursday evening, June 5, for a dinner meeting.

The program for the evening was a candle-light installation service for the incoming officers. They are Miss Elizabeth Elliott, president; Mrs. Gussie Turner, vice president; Miss Mayme Lee Collins, recording secretary; Miss Lottie Russell, corresponding secretary; Mrs. Ura Orr, treasurer. A gift was presented to the outgoing president, Mrs. Bertina Burkett.

Mrs. Sallie Archer gave a talk on "Your Federation, Its Purpose and Its Future." A short business session was conducted by Miss Elliott. A report was given by Miss Collins, chairman of the Street Marketing committee. Secret pals who had been incognito for the past year were revealed.

The following members were present: Miss Lottie Russell, Mrs. Inez Spencer, Mrs. Ella Rucker, Mrs. Gussie Turner, Mrs. Sally Archer, Mrs. Ura Orr, Mrs. Louise Fisch, Mrs. Jim Lois Bursey, Miss Elizabeth Elliott, Miss Gusta Davis and the hostesses.

According to the Secretary of Agriculture, farm production has increased in the last eight years 42.9 per cent per farm worker. That is, each farm worker in 1946 produced 42.9 per cent more than the four year average from 1935 to 1939. The increase is due to farms and the use of more fertilizers.
