FRAZER

In just two years we've built and sold more fine cars than any other new manufacturer in automobile history.

Why? Because America fell in love with the KAISER and the FRAZER on sight. Folks are streaming into Kaiser-Frazer showrooms and learning from present owners how dependable these two great cars are. They're learning - from people who drive them - how soundly they are built ... how economical they are ... how much enjoyment there is in owning one.

THESE ARE THE MOST-COPIED CARS IN AMERICA, road-proved by 250,000 owners in two billion miles of driving.

Because plenty of Americans insist on comfort, convenience, style and value, traditional leaders had to "move over" as Kaiser-Frazer became the fourth largest manufacturer of motor cars in

the world in two short years. Why wait? Enjoy your new car this summer. You'll get fair treatment and highest trade-in allowance.

Saturday, July 31st, 1948, is the last day upon which children may be transferred from one school district to another. If your child or children, or any child over which you have supervisory control, will be in high school for the coming year and you reside in either the Thalia or Riverside School District, you must transfer such child or children or wards to the proper receiving school prior to the deadline. All children residing in Four Corners School should be transferred out to the proper receiving school. Negro transfers should also be made before the deadline.

All Transfers must be made by the father, mother or guardian of such child or children. Transfers should be made at my office in the court house.

#### HISTORY

The Victory of the Constitution, August 19: Every reader of history is familiar with the battle of the American frigate "Constitution" and the English ship the "Guerriere." This battle was fought east of the Novia Scotia in the capture and sinking of the English ship. The English news-papers, had, previous to the encounter, written many disparaging and contemptuous articles regarding the American Novy. The American ship with Captain Isaac Hull in command sailed from Boston harbor on August 12 in search of British ships. The British newspapers learning of the Con- gress instead, frittered its time of pine boards sailing under a away on matters of less impor-stitution referred to it as "A buna striped bunting, which the English ships would drive from the ocean." ### What We Think

(By Frank Dixon)

A few weeks ago I touched or the matter of housing in this country and referred to it as a matter of sufficient importance to warrant the attention of Con-

Because the matter is so vitally important I feel that Congress was derelict in its duty to the tance. It appeared to weigh every getting power. For the reason that the matter could not be shaped up in such a way that it for votes it was pushed to one side and in the last moment a makeshift act, that cannot possibly relieve the situation was passed. about this as I do except for the fact that I believe the home is the foundation unit of American life. It is the aim and ambition and goal of every young couple to own their own home and to start to raise a family under their own roof. I think there are more things in this land of ours that are fundamental in the matter of building the American way of life-and I have a conviction that a home is the starting point. ### Solution of Mexican Seasonal Labor Problem Expected

Abilene, Texas, July 26 .- Soution of the Mexican seasonal laoor problem is seen in a request made this week by the West Texas Chamber of Commerce Latin-American Commission to the Texas Good Neighbor Commission in seeking executive action by the governor. This action would include a proclamation by the governor, calling on all mayors and Chambers of Commerce in every town in Texas to use their efto prevent discrimination. The WTCC group also would have ders to the Texas Employment Commission to exercise greater control over movement of the Mexican workers, to prevent exploiting by "jeffes" and otherwise causing overloads on communities unprepared for the influx of hordes of seasonal workers.

This plan was presented to Thomas L. Sutherland at San Angelo by Claude Meadows, Sr., chairman of the WTCC group, after its preparation by General Manager D. A. Bandeen of Abilene. For more than a month the WTCC has been getting letters from city and Chamber of Com-merce officials in West Texas, outlining steps taken to provide acommodations. It was pointed out that these letters are from the highest official and civic authorties and speak with authority in their promises.

Sutherland has been asked to transmit the letters to the Mexican government in an attempt to have lifted the ban against im-

# I SINCERELY THANK YOU...

Words will not adequately describe my happiness and gratitude as a result of the recent primary election returns. Though such returns are unofficial, they indicate that my request for the office of State Representative for this district has been granted. I shall not forget that each vote cast for me was an expression of confidence in my ability and integrity. I shall do my best to insure that your confidence was not misplaced.

Being human I know that I shall make mistakes. Such mistakes would be minimized if you, the people of this district, would make known to me your views on pending legislation, when the Legislature convenes.

Beginning with the fall semester of the University of Texas, I shall reside at 1302 A., West 37th Street, Austin, Texas. I shall be honored to receive your views on any matter pertaining to business of the Texas Legislature.
