## C. H. S. Wildcats Win Thrilling Game from the Paducah Dragons on the Local Gridiron Here Friday Night

Sparkled by the brilliant running of Rouse (Smoky) Todd and Dalton Biggerstaff the Crowell Wildcats won a decisive victory over the Paducah Dragons in their first home game last Friday night by the score of 21-18.

As Todd demonstrated his ability as a broken field runner, one's memory flashed back 10 years to recall the equally outstanding feats of his famous brother, Dick Todd.

Todd hit pay dirt three times. He scored on runs of 15, 30, and 15 yards, respectively. Besides this he took the second half kick off stopped by Joe Sandlin.

However the game wasn't all Todd. The great all-round playing of Biggerstaff and the blocking of the line and backs contributed greatly to what the Sports Editor of the Wichita Falls paper described as the "high school game of the week."

Behind the outstanding playing of the Sandlin brothers, Joe and Tom, Paducah matched each Crowell touchdown but just couldn't manage to get over an extra point after scoring.

The first Crowell score came early in the game after Don Wilkins, Wildcat center, recovered a Paducah fumble on the Paducah 43 yard line. Todd picked up 13 yards, Biggerstaff added 15 more and quarterback F. L. Ballard then lateraled off to Todd who ran 15 for the score. Todd then carried the ball over for the extra point.

Paducah struck back quickly when Joe Sandlin heaved a pass to Rochelle that was good for 30 yards and a quick tally. The Dragons failed to kick the extra point and the score was 7-6 at halftime.

Todd carried the second half kickoff back 60 yards to the Paducah 30. On the very next play Ballard lateraled off to Todd who ran across to score. Biggerstaff ran to add the extra point.

With the running of Joe Sandlin and his equally fleet brother, Tom, the Paducah Dragons went down to Crowell's 3 where Joe handed off to brother Tom, who plunged over.

Crowell scored again after Biggerstaff reeled off a 65 yard run to the Paducah 15. Biggerstaff then handed off to Todd on the next play, which was good for the score. Paducah took to the air late in the game with Joe and Tom Sandlin passing and carried down to the 5 where a pass from Joe Sandlin to Bennett was good for the touchdown.

As the game ended the ball was in Crowell's possession on their own forty-yard line.

That Wildcat spirit predominated throughout the game. Led by the spirited and untiring cheerleaders the Crowell student body backed their team with their peppy and thundering yells.

Crowell's starting line-up included: Ends; C. Pittillo, J. Bartley; Tackles; F. Glover, J. Rasberry; Guards; W. Caddell, F. Borchardt; Center; D. Wilkins; Backs; F. Ballard, R. Todd, D. Biggerstaff, G. Yocham.

Substitutes: H. Norman, L. McNeese, J. Bice, B. Lax, J. Williams, H. Ribble, T. White, B. Halenak, J. Culbertson, B. Rader, B. Laquey.

**Game at a Glance**

## Soil Conservation Foard Farm Bureau to Select Queen Tonight

Lower Pease River Soil Conservation District, Lower Pease River District Board: W. C. Howard, Grady Halbert, S. Z. Bailey, I. H. Brannon, Claude Orr.

Now is the time to start getting ready to plant hairy vetch for winter cover and soil improving. Vetch should be planted as early as possible when moisture is available. For best results planting should be done by the 15th of October. Vetch seems to do better when planted with rye or other small grain. A good mixture to use is 20 to 25 pounds of rye and 10 to 15 pounds of vetch.

Several soil samples have been taken on various types of sandy soils here in Foard County and the analysis show the soil to be low in phosphorous and nitrogen. These are two of our most important elements for crop production. By using 150 to 200 pounds of 20 per cent superphosphate per acre and planting vetch, this deficiency can be greatly helped. Not only is vetch a good soil improving crop, but it furnishes a cover on the ground during the winter and spring months when blowing is a problem. Also winter pasture is furnished.

More farmers should include a soil building crop such as vetch in their rotations in order to maintain or improve their soil fertility. The time to start a practice is now while there is still some production power in the soil and not wait till the available resources are completely gone.

## Nursery for Babies of Methodist Church to Start Sunday

The Woman's Society of Christian Service of the Methodist Church is sponsoring a Nursery for the babies of those who wish to leave them in the basement while attending church services.

The nursery will be under the supervision of Mrs. Cora Donaldson. All families with babies are invited to keep them with them during the church hour but, in case they would like to leave them somewhere, the nursery will be in readiness to take good care of them.

Rev. Aubrey Haynes, pastor of the church, cordially invites the mothers with small children to attend all services and to bring their little ones.

## Annual Convention of B. & P. W. Clubs to Be Held in Electra

District 10 of the Texas Federation of Business and Professional Women's clubs will hold its annual conference in Electra, Saturday and Sunday, Oct. 9-10. The district is composed of Archer City, Bowie, Childress, Crowell, Electra, Graham, Memphis, Olney, Quanah, Vernon, Wellington and Wichita Falls. Registration will start at 3 o'clock at the Armida Hotel.

All sessions will be held at the high school. The formal banquet will be Saturday night at 8 o'clock at the high school with Mrs. Charcy Ward of Houston, state president, as the featured speaker. The Quanah club will be in charge of the fun frolic.

The Sunday activities will start at 8 o'clock with a breakfast followed by a devotional. At 9 o'clock a program of work will be given by the Vernon, Graham, Memphis, Wellington and Bowie clubs. At 9:45 the presidents will hold their meeting with the district director, Mrs. Clara Petty of Electra. The 12:30 luncheon will honor the club presidents.

## Mrs. Elby Smith Dies at Hollis

Funeral services for Mrs. Elby Smith were held in Hollis, Okla., Sunday afternoon. Mrs. Smith was the daughter of Allen Shultz of Vernon and was born and reared in Thalia. She was Miss Lorene Shultz before her marriage to Mr. Smith.

Those attending the funeral from Crowell were Mr. and Mrs. Richard Johnson and daughters, Martha and Mary. Mrs. Smith was a niece of Mrs. Johnson. Also Mr. and Mrs. Leslie McAdams, Mr. Smith being a cousin of Mr. McAdams.

## Crowell Wildcats Will Be Hosts to the Holliday Eagles Tomorrow Night in First Conference Game of Season

The Crowell High School football team plays its first conference game of the season here tomorrow night (Friday) at eight o'clock with the Holliday Eagles furnishing the opposition. These two teams played a 7 to 7 tie last year and both teams boast seven returning regulars back from those squads. They have perfect records thus far this season. Crowell has victories over Munday and Paducah, while the Holliday boys were defeating Decatur 7 to 0 in their only contest this year.

This game should furnish plenty of excitement with Rouse (Smoky) Todd in Crowell's lineup and Jerry Killian in the Eagle lineup. Todd was rated the outstanding player of the State by the Star-Telegram last week for his sensational runs against the Paducah Dragons; while Killian took up where he left off as an all-district player last year and made several thrilling gallops against the Decatur team. Supt. W. S. Thomas of the Holliday school states that a large delegation will accompany the Eagles to Crowell tomorrow night.

Coach Scott Whitaker has listed the same boys for the probable starting lineup for this game that looked so good against Paducah last week.

Arrangements have been made by the Foard County Chamber of Commerce for the spraying of Rayland with DDT on Friday, September 24. This will be the second spraying for Rayland against flies and other germ carriers.

## Rouse Todd High School Football Player of Week

Rouse Todd of the Crowell Wildcat football team was chosen as the outstanding player of the week by George Kellam, sports writer for the Star-Telegram. Mr. Kellam had the following to say in his column in Tuesday's paper.

"Rouse (Smoky) Todd of District 12-A Crowell High School is our choice as the state's outstanding player on this week's Star-Telegram Honor Roll by virtue of his performance last Friday as Crowell slipped past Paducah, 21-18.

"Todd scampered 15 yards early in the first quarter for Crowell's initial tally, then ran the ball across for the extra point. With his team leading, 7-6, Todd returned the second half kickoff 60 yards, then galloped 30 on the next play for the touchdown. Todd scored the third Crowell touchdown from 15 yards out after a 65-yard set-up run by Dalton Biggerstaff. Again Todd added the extra point with a run.

"Smoky, incidentally, is the brother of Dick Todd, who ran wild at Texas A & M approximately ten years ago and later carried the ball for the professional Washington Redskins of the National League."

## J. B. Harlan Attends Range School in Wichita Mountains

J. B. Harlan, work unit Conservationist, Soil Conservation Service, attended a Range School last week at the Wichita Mountains Wildlife Refuge near Cade, Okla. The school was held to study range management.

## ROTARY CLUB

The only visitor at the Wednesday meeting of the Crowell Rotary Club at the DeLuxe Cafe was Rotarian Vance Favor of Quanah. With Bill Bell as program chairman, Claude Callaway gave an interesting talk on the State Democratic Convention held in Fort Worth last week.

## Breakfast Kick-Off Opens Scouting Campaign for Funds

To open a Council-wide Fund Raising campaign for the Boy Scout district of which Foard County is one of thirteen counties, a kick-off in the form of a breakfast was held at the DeLuxe Cafe Tuesday morning at 7 o'clock.

Glendon Hays, chairman of the Finance Committee, presided and the following men were present: Hays, Hubert Brown, I. Fisch, Hilton Crane, J. R. Beverly, Dick Davis, Mike Bird, Jack Seale, Grady Graves, and Leon Speer.

Plans were formulated for a fund-raising campaign with the definite aim of the reorganization of a Boy Scout Troop in Crowell.

As a part of the breakfast program, the men listened to a radio talk on Scouting by Bob Anderson of Vernon, a district official.

## New Cafe Will Open Friday, Oct. 1

Mr. and Mrs. M. J. Rogers of Scott City, Kan., are planning to open their new cafe and steak house in the building formerly occupied by Hays Food Market on the East Highway on Friday, October 1, instead of on Sept. 25. The change in the opening date has been caused by a delay in the arrival of equipment.

The name of the new eating establishment will be Public Cafe and Steak House and a neon sign at the front will give attractive attention to the name.

On Friday, October 1, Mr. and Mrs. Rogers will be hosts to every person who enters their new place of business and will serve doughnuts and coffee complimentary all during the day. Then, on Saturday, Oct. 2, they will be open for business and will serve three meals that day and thereafter.

The Public Cafe and Steak House is decorated newly throughout, being painted in two-tone blue with attractive trim, stone grey floor, and air-conditioned for both summer and winter.

There will be four booths on the east wall, five tables beside the booths, and a nine-stool counter. The kitchen has modern equipment, all new, and the new owners say it will be kept clean and sanitary at all times.

The cafe has sewer connection and has two rest rooms. There is parking space on three sides of the building, gravelled and easy of access.

## .79-Inch Rain Falls Here Tuesday Night

Rain which fell here Tuesday night measured .79 inch by the Government gauge at the Crowell State Bank and about the same amount was recorded in the west part of the county. The rain was lighter in other parts of the county.

**Salvation Army  
Flag Will Be 70  
Years Old Sept. 26**

Dallas, Texas. — The red, blue and yellow flag of an international army which is carrying on a one-world fight in 97 countries around the globe against sin, distress and poverty will be 70 years old Sept. 26.

The flag is the tri-color of The Salvation Army, and Governor Beauford H. Jester has proclaimed September 26 as "Salvation Army Flag Day in Texas" in recognition of the "great work for God which this valiant army is performing among our people in Texas."

Governor Jester commended The Salvation Army as being the agency on the spot at any time and anywhere human need arises in Texas, and ordered The Salvation Army flag to be flown from the Capitol dome on September 26.

In announcing the 70th anniversary of The Salvation Army Flag, Lt. Col. Charles H. Dodd, Texas Divisional Commander of the Army, described it as a "flag that is the same the world over... a flag that never has caused trouble, never divided people; never caused bloodshed... a flag that speaks of Jesus, the Prince of Peace, the Saviour of Mankind."

He added: "Few people are familiar with this flag, yet it has brought new hope and a better life to millions of men, women and children in almost every country in the world."

This little-publicized flag was designed by Catherine Booth, wife of William Booth, founder and first general of The Salvation Army.

The flag is red and blue with a bright yellow star in the center on which are the words "Blood and Fire."

Colonel Dodd explained that the colors were designed to symbolize the great end in view. The blue border typifies holiness, the crimson ground a perpetual reminder of the Christian lesson—salvation through the blood of Jesus; the yellow star betokens fiery baptism of the Holy Ghost; and the motto on that star, "the Blood of Jesus and Fire of the Holy Ghost."

1940 was the biggest year in the history of the post office department in the matter of issuing commemorative stamps. In 1940 some 41 special issues were printed. So far this year 29 special issues have been printed. Since the United States started printing anniversary stamps in 1893 with sixteen separate issues commemorating the Columbian Exposition, 266 special stamps have been issued, an average of less than five a year for the 55 year 1893-1947 period. Postal laws and regulations permit the postmaster general to recognize historical anniversaries and occasions with special stamps. Usually about 100 million of each special issue are printed, but this year, due to the fact that so many issues are being printed, the number is being cut to 50 million for each stamp. The post office department receives each day hundreds of ideas for special issues of stamps.

Social Security Representative to Visit Crowell

Perhaps you know your rights under the social security program, but does your family?

Many widows who fail to file claims until they have lost payments advise that they were never told about this protection.

Erton F. Tate, manager of the Wichita Falls office of the Social Security Administration, states that monthly payments can be made retroactively for only three months prior to the filing of an application.

Upon death, payments which are made monthly to minor children and to widows with such minor children in their care are made without respect to the deceased worker's age.

Most workers in commerce and industry know about their own retirement payment at 65 or older, but in too many cases the family does not know about payments in the event the worker dies.

Complete information can be obtained on this subject by contacting the representative of the Wichita Falls office of the Social Security Administration who will be in Crowell at 3:00 p. m. on

Wednesday, Sept. 29, at the Welfare office in the court house.

# Weekly SURPLUS NEWS WAA

Pending applications by the Texas National Guard for surplus property at five of the state's military installations have put the brake on disposal activities at these sites, according to disclosure today by Colonel Karl E. Wallace, director of the southwest region of War Assets Administration.

The WAA executive emphasized that approval by the armed forces in Washington, D. C., as well as by War Assets review boards will be necessary before land and buildings involved actually will be turned over to the National Guard. Meanwhile, he said, awards on at least two real property sales held recently by the agency are being held up awaiting a decision on withdrawal of buildings.

"The War Assets Administration will as usual do everything in its power to satisfy legitimate needs for national defense and, of course, this includes the needs of the National Guard," Colonel Wallace said. "Right now we are in the position of awaiting authority to determine how far we can go in complying with the requests."

The applications, signed in behalf of the Guard by Governor Peauford Jester and Adjutant General L. K. Berry, have been referred by the Grand Prairie regional office to Washington, for land, improvements and buildings at several locations.

Included is most of Fort Travis, Galveston, which had previously been requested by Galveston County for use as a public park and storm refuge.

Another site affected would be the San Antonio Arsenal, where the National Guard is requesting the portion of the installation lying east of the proposed state highway. Some of the arsenal property has already been transferred by WAA to the Navy and to the

Public Building Administration.

The Guard has also initiated action to withdraw the commercial area as well as lake and maneuver area of Camp Maxey, near Paris. Steps toward leasing of much of the Camp Maxey area for grazing and agricultural usage by the WAA have already been taken.

In Bastrop County, near Austin, the Guard also has requested the Camp Swift cantonment area including portions formerly used by the army as hospital and warehouse areas, as well as some of the maneuver area. This request was submitted on the day the WAA was to award sealed bids at a public sale of 354 Camp Swift buildings.

As a result, bids on approximately 180 of the buildings which lie in tracts which would be claimed by the Guard have been returned pending a decision on the withdrawal.

A similar situation occurred recently at Camp Shelby, Mississippi, where the Guard claimed a number of buildings about to be auctioned at a location sale. This claim, also, awaits Washington approval. The Guard is also requesting additional land besides its present holdings at the Hattiesburg, Miss., site.

In the Rio Grande valley, National Guard officials also have requested 140 acres and buildings of the former Laguna Madre Air Base, near Harlingen. A recent Guard request for a portion of the South Plains Airfield, near Lubbock, has been withdrawn, WAA said.

Requests to expand present allocations to the Guard are pending also concerning Camp Barkley, near Abilene; Camp Robinson, Little Rock, Ark., and other locations.

A decision by the Secretary of the Army will presumably affect disposition of all requested areas, it was indicated.

## IN THE NEWS 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Sept. 20, 1918:

Wolford Thompson and Henry L. Hlavaty left Wednesday for Camp Mabry where they will enter training in automobile mechanics.

Leo Spencer came in Sunday from a 2-months vacation in Dallas. He has come back to stay and has taken up his work as mail dispenser on route 1.

Rain began falling here Sunday night and measures more than an inch at present, and it is not all over yet.

A service flag with 35 stars was presented to the Methodist Church Sunday morning by the Missionary Society. After a song by the choir, a violin duet, "One Sweetly Solemn Thought," by Miss Lois Taggart and T. B. Klepper, and prayer, the flag was presented by Miss Mabel Pittillo and received by Rev. J. H. Hamblen, pastor.

Miss Lora Thacker left yesterday for Austin to attend the University of Texas this winter.

Miss Ada Stephens of Vernon is visiting her sister, Mrs. R. L. Kincaid.

Miss Una Self left yesterday for Waco to enter school at Baylor University.

Shelton Ferguson came in last week from Kansas where he has been doing farm work. He will attend school here this winter.

Mrs. T. P. Reeder and son, Tom, went to Knox City Saturday and returned Sunday with Mr. Reeder who went down Sunday morning on the train.

Mrs. Joe Johnson and son, Bax, left Sunday for Dallas where Bax will enter Powell Training School.

Miss Alice Woods has accepted a position with Cecil & Co.

Miss Pauline Smith is here this week from Colorado Springs visiting friends.

What a thrill it gives one to meet a courteous driver. It seems that there is something about driving an automobile that causes some drivers to forget that the other driver has any rights at all. When we meet up with a courteous driver we know that he is courteous in all other human contacts and relationships. He feels that merely because he is behind the steering wheel of a car does not mean that the rules of proper human conduct and relations are suspended.

## Local Health Units Aid in Prevention of Communicable Disease

Austin, Texas. — Comparing morbidity reports from ten Texas Counties where there are no full-time local health units, with those from ten other Counties where these units afford efficient health protection, reveals a startling difference in the incidence of communicable diseases, according to a survey released by Dr. Geo. W. Cox, State Health Officer.

Using as a basis of comparison the common childhood disease of whooping cough, Dr. Cox said that this survey showed that the Counties where local health units are available themselves of biologics from the State Health Department were able to hold this communicable disease to a desirable minimum.

"For instance," Dr. Cox said, "take these figures for comparison. In these Counties where there are no health units and therefore where no biologics from the State Health Department were used, the following rates of incidence apply, per 100,000 population: Gaines and Floyd, above 1,000; Hale, Dallam, Castro and Cottle above 300; Carson above 200; Baile and Hartley above 600; and Lipscomb above 750 cases."

By way of comparison to these high rates of incidence, Dr. Cox pointed out that in a representative group of Counties where full-time health units made use of the biologics available from the State Health Department, the following much lower rates prevailed: Bell, Wichita, Bastrop and Hidalgo, less than 300; Travis less than 200; Smith and El Paso less than 150; Bexar, Dallas and Tarrant less than 100 cases per 100,000 population.

"It is plain to be seen," Dr. Cox said, "that the counties receiving the benefit of a full-time health protection, enjoy a much lower incidence of disease and the resulting lessened danger of death. Public health protection can be had for every citizen of Texas, but only when sufficient funds are appropriated to make possible a full-time local health unit in every one of our 254 counties," Dr. Cox declared.

## HISTORY

Navy Day, Oct. 27: In 1922 the American Navy League suggested to President Harding that a day be set aside to be given special recognition and to be known as Navy Day. The date selected was October 27. This day was chosen because of the birthday of Theodore Roosevelt, an ardent supporter of the Navy and for the further reason that it was the anniversary of the report of a special committee of the Continental Congress in 1775 in favor of the United States buying a number of merchant ships as the foundation of an American Navy. The Navy League has been previously founded in 1903 by a group of patriotic citizens interested in bringing to the attention of the public the need of this country for an adequate Navy, and the uses which it would serve. It was because of President Theodore Roosevelt's active interest in the building of a Navy that his birthday was chosen as the day. On the occasion of the first observance of Navy Day parades and dinners featured the exercises. Admiral Hilary P. Jones, commander-in-chief of the Atlantic fleet, laid a wreath on the Theodore Roosevelt tomb at Oyster Bay, New York, and Secretary Denby of the Navy laid a wreath on the tomb of the Unknown Soldier in Arlington cemetery, and services were held before the statue of John Paul Jones in Potomac Park in Washington. Special memorial services were held in the churches in New York City. In the evening a meeting was held in Carnegie Hall addressed by prominent citizens who memorialized Theodore Roosevelt. Navy Day is not generally observed throughout the country. It is the custom, however, to display the flag in all parts of the country on this day.

Here and there one finds rebellion against high prices. The rebellion is ineffective if the purchaser continues to pay the high prices and only becomes effective when the buyer says: "It is too much, I won't pay it," and sticks to it. The individual who will pay the price whatever it is if he happens to have the down payment is the best booster for inflation, and inflation will probably continue with us as long as this group has the money to finance it by heedless buying. One of these fine days the inflation bubble is going to burst and when it does every dollar saved is going to look bigger than a harvest moon.

#### ADELPHIAN CLUB

Mrs. Richard Ferguson and Mrs. Henry Fields were hostesses to the Adelpian Club on Wednesday, Sept. 15, at the Club House.

Mrs. T. B. Masterson ably reviewed "No Trumpet Before Him" by Nella Gardner White. The book was the winner of the Westminster Annual Award for Fiction because of its strong impact for good through the personality of a young minister. The background of the book is the fashionable First Church of Warrenton whose congregation was more interested in worldly matters than in the things of the spirit.

A delightfully refreshing salad course was served by the hostesses to the twenty-one members present.

### Veterans News

World War II veterans still can reinstate their National Service Life Insurance, the Veterans Administration says.

Some veterans are under the impression they can no longer obtain this government insurance. World War II veterans who can pass a physical examination may reinstate their lapsed insurance at any time.

The deadline for reinstating NSLI without a physical examination was July 31, 1948, VA explained. Prior to the deadline, a veteran could reinstate lapsed insurance by certifying that his health was as good as it was when the policy lapsed.

This deadline confused some veterans who feel that they cannot reinstate lapsed insurance since the deadline passed. That is not correct, VA said.

Veterans may reinstate their insurance at any time by passing a physical examination. If the policy has lapsed less than three months, it still can be reinstated without taking the physical examination.

The average age of World War II women veterans is slightly higher than that on their male fellow-veterans, VA reports. The feminine average is an even 30 years, while the average age of the men is 29 and 9/10 months.

The number of veterans of all wars reached 18,744,000 on May 1, 1948, VA says. Of these, 14,887,000 served in World War II. The remainder were veterans of World War I and other wars.

When the nation's population of veterans and members of their families reaches its expected peak of 60,000,000 in 1955, VA predicts that the number of veterans of all wars will be 17,200,000, and the number of persons in their families, 42,900,000.

The pension plan providing \$100 a month pension for aged miners goes into effect throughout the nation this month. To be eligible for the pension a miner must be at least 62 years old; must have a total of 20 years service in the coal industry. He must be a member of the U. M. W. No pension will be given miners who retired before May 28, 1946.

## CANDY STAND PROFITS PAY FOR C. H. S. MOVIES

One of the nicest things about Crowell High School is the assembly programs. These programs are highlights in the ordinary school day. One of the best features provided for the students is the moving pictures, which are both educational and entertaining. These movies are free to the student body because they are bought with money earned at the campus candy stand. Baxter Gentry, who runs the stand, gets a percent of the money you spend at the stand but the larger share of the money goes to the school to rent moving picture films for both high school and grammar school. Part of the money received from selling ice cream bars

in the lunch room also goes toward the movie fund stand and if sales at the candy stand in the lunchroom are not sufficient, we will have to have fewer pictures this year. We all like the assembly programs, so let's buy our Cokes at the candy stand and buy ice cream bars in the lunchroom so that we will be assured of moving picture assembly programs in the future.

## SPEECH STUDENTS RECORD VOICES

Mrs. Moody Bursley's Speech Class was a scene of great excitement Thursday afternoon as the students recorded their voices through a voice recording machine, borrowed from Crowell's Radio Service.

The students went before a microphone which was attached to the recorder, and as they delivered their speeches, their voices were recorded by the machine.

After every student's voice had been recorded, the records were played on a phonograph, and the students listened to their voices, and obtained important information concerning the tone quality. This is the first time this has been done in the Speech Department, and Mrs. Bursley will record the students' voices again in six weeks, in order for them to check their improvement.

The next project to be undertaken by the Speech Class will be a Minstrel; however, don't think that the "Deep South" has invaded when that "Down on the Love" brogue comes drifting from the Speech Class. Watch for date of Minstrel!

**BELLS! BELLS! BELLS!**  
The high school and grammar school gathered in the Crowell High School auditorium, Friday

afternoon at 2:30, Sept. 17, to see the first Southern Assembly of the 48-49 school year. The Ringers of the Bells supplied music and comedy for forty-five minutes. The program opened with Clarence Messick and his assistant playing hymns. Among the beautiful hymns played, "The Old Rugged Cross," received the loudest applause.

The Bell Ringers had many types of bells from all over the world, but the four most interesting ones were the Swiss Bells, English Bells, American Cow Bells and the Sleigh Bells. The Swiss Bells were over two hundred years old and Clarence Messick inherited them from his father. In the collection was a small wooden Chinese bell dated 1162.

The bells were arranged separately and played by the way they were tuned. "Deep in the Heart of Texas" was played on the American Cow Bells.

What made the program so interesting was trying to tell what the Bell Ringers would do next. Clarence Messick played the old favorite, "Listen to the Mocking Bird," on the violin and was accompanied by his assistant on the piano.

The Messick Bell Ringers' program was very educational and entertaining; we hope to welcome them back to CHS at some future date.

## FOOTBALL SQUAD ELECTS CO-CAPTAINS

The Crowell football team elected its co-captains, Rouse Todd and F. L. Ballard, before the Monday game. Anyone can judge for themselves as to the type of team and captains we have this year.

The outcome of the Friday, the 10th, game was Monday 6, Crowell 19. The Paducah game Friday the 17th was Paducah 18, Wildcats 21. How is that for the Wildcats?

The captains this year can be located every day after school on the Crowell gridiron practicing with the rest of the team.

## BETTY BARKER SELECTED FOR TOP HONORS IN POPULARITY CONTEST

Sweetheart of the gridiron for 1948-49 is Betty Barker. A true Texan and a true Crowellite, Betty was born in Crowell on Nov. 12, 1932.

Because of Betty's sweet personality and cheerful disposition, she holds several honors in CHS. She was elected Pep Squad leader during her freshman, sophomore and also during this, her junior year.

The 15-year-old favorite has brown hair, brown eyes and is 5 feet, 5 1/2 inches in height. Betty's pastime is sports—Volleyball and the Pep Squad and her ambition is to be a flier.

Her steady beau is? She has a secret desire to wear slinky black dresses and spike heeled sandals, though she always wears sport clothes. Her favorite food is almost anything.

Betty will be crowned at some future date to be announced. Runners-up for Football Sweetheart were Betty Brock and Peggy Evans.

## CHS HAS VOCATIONAL AGRICULTURE BUILDING AND BUS SHOP

The Crowell Schools purchased two buildings from the Childress Air Base from which they have built a Vocational Agriculture building and a bus shop.

Repairing buses and keeping them in running order will be cheaper as gas and other equipment can be bought at wholesale prices. Allan Taylor has been employed to run the bus shop and keep the buses in running order.

The shop has equipment for every need. There is an arc welder, an acetylene welder, a forge, a power saw, a drill press, an air compressor and a hoist.

The vocational building which is air conditioned is used every period of the day and four nights a week.

There are sturdy tables in the classroom built by the veterans and a small but helpful library behind the teacher's desk. A small store room has been built on the side of the vocational building in which the band instruments are stored.

The shop will enable the agriculture students to have instruction in metal work and wood and leather handicraft.

## SUMMER FUN

Some students of CHS wandered far from the home fires during the past summer. Some went south and others went north to the Canadian border. Wherever they went, everyone seems to have been glad to get home. Sometimes we have to get away from home before we can appreciate it properly.

The wandering feet of students took some of them to these places: Raymond Carter — With the harvest to Dumas and then visiting parents in Chattanooga, Tenn. J. P. Bartley — Visited the beautiful Carlsbad Caverns in New Mexico.

F. L. Ballard, Rouse Todd, James Weathers, Kenneth Polk, Charles Steele, and Billy Lynch — went on the harvest to Keyls, Okla.

Joline Lanier — Visited in Amarillo and Knox City. Clara and Vernon Jones — went to Clovis, attended Cheyenne Rodeo, and went to Yellowstone Park.

Myrtie Bartley — attended summer assembly at McMurry where she met new friends, and she also

visited Carlsbad Cavern. Ann Haynie — vacationed in Colorado where she saw the Royal Gorge.

Montez Laquey — stayed home, and flirted with the boys whose girl friends were gone on vacation.

Dorothy and Norma Gamble and Fay Jpnes — flew, by themselves, to Oklahoma City in two hours. Pat Owens — rode horses and saw "The Outlaw" in Clovis, N.M. Jack Murphy — did the least he could.

Don Wilkins — also went on the harvest, he was impressed by wheat six feet high in Chug Water, Wyo. Don went through Kansas, Colorado, Wyoming and into Canada.

Marion Bailey — worked in Montgomery Ward's in Ft. Worth as a stockholder.

Julie Johnson — went to Fort Worth where she had fun at the swimming pool.

(To be continued)

## GIRLS WORK ON FORMATIONS

Left, right, left, right is what you hear on the football field during last half of the noon period. What is happening? What are the girls doing out there? The Pep Squad is learning to march.

The girls seem very eager to march on the field. The majorettes have been elected. The head majorette is Violet Rummel and her assistants are Tommy Meason, Maggie Eavenson, Laverne Owens, and Virginia McKown.

First on the field is the head majorette with the other majorettes behind her. Second comes the cheer leaders, Julie Johnson, Betty Brock, Betty Barker, and Peggy Evans. Last but not least comes the Pep Squad, who march six abreast.

All the girls of CHS are urged to join the march and learn the formations which will be practiced soon.

## BACK THE WILDCATS, GIRLS!

Zipper notebooks with trinkets are the style of CHS students this year.

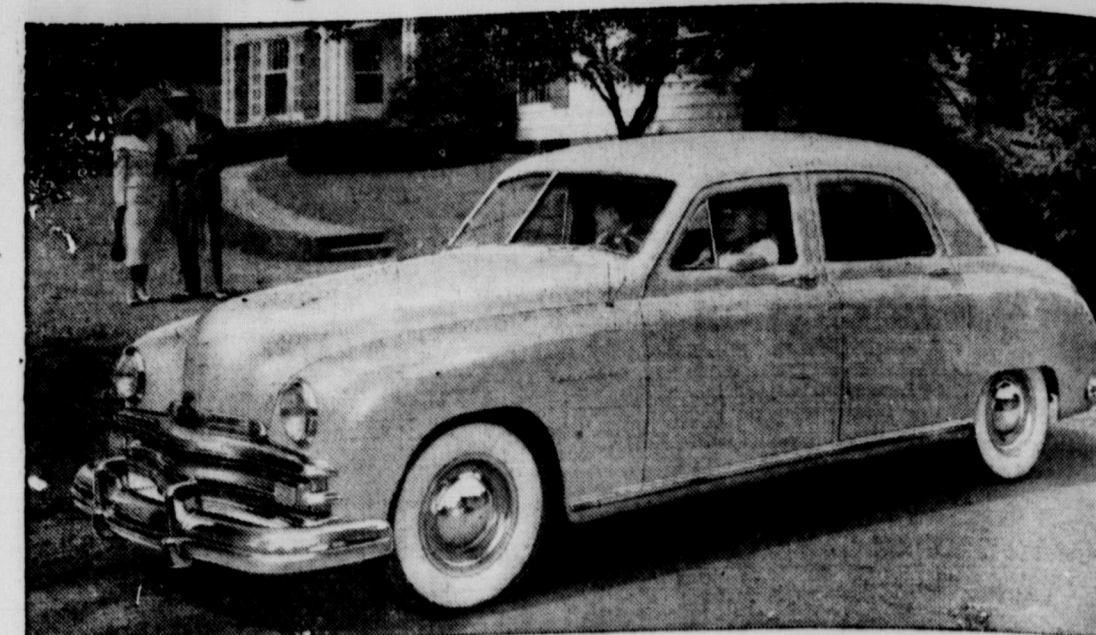

Dorothy, Faye, and Norma — the three happy tynes — seem to have the most outstanding collection.

Puzzle footballs and dogs are the most popular with the students. Also you see tiny skeleton heads peeping at you from around the desk in front of you.

So don't be alarmed if you hear a banging coming down the hall, because it's only a student with a loaded notebook!!!

The boys have also started a new fad. If you get a konk on

## New Engine, Styling Features In '49 Kaiser

THE 1949 KAISER DELUXE sedan has more than 100 improvements—72 in styling and 30 in engine mechanical features. Major developments, many of them based on the more than two billion miles which owners have put on K-F cars, include an increase from 100 to 112 in horsepower. A massive grille bumper are features of the new exterior design. A new instrument panel dominates the restyled interior.

the back of the head, you know it is Rouse Todd, Butch Biggerstaff, F. L. Ballard, Bobby Hord or Blackie White without even looking. It seems that the boys of CHS have extra long pencils (about 16" ones) so they would last longer. The long pencils are white with colored stripes and have big erasers.

When Henry Black saw the pencils, he commented, "You boys need a pencil, don't you?"

## SOMETHING NEW ADDED

Yes, apple honey has been added to Old Gold cigarettes, but a little apple honey by the name of Lenora Gray has also been added to that happy mob of CHS students. Lenora is a light brown haired, brown eyed, hubba-hubba junior. But already she gives her hobbies as singing, dancing and riding horses. (My, what is the world coming to?) Lenora doesn't have a steady boy friend so if you fall into the classification of being cute and having a crew cut, beware!

Another new student about school is Bobby Lax. Bobby is the possessor of red wavy hair, and gray eyes. He is a junior and is six feet 2 inches tall, witness as that he eats his wheaties. He is 16 years old and claims to be an ardent woman hater. Well that's that. Or is it? We wonder if some sweet and lonely junior lass may not bread him down, at

last. His favorite food is fried chicken, chocolate pie, and strawberry ice cream.

## WILDCAT PURRS

Well, here I am at noon by the west door. Me and my fellow-cats always congregate out here at noon (most anytime for that matter) and see who we can see. Sounds dull, doesn't it, but it livens up if you add a few jokes, etc. It does get tiresome at times and today it seems as though the remaining ten minutes will never pass.

I've heard so many people complaining about the wind. We don't mind! The wind goes whistling about the girls' skirts, and we just whistle. Speaking of women I

know for the fact the boys like (ALL) women as has reported—just blondes, brunettes, Red heads, and all shades in between.

The other day in America tory — oh! Let's talk about men. Lots more interesting.

Mary Jones has a crush on Earl Lynch. The eternal triangle we'd better make a parallelogram 'cause it seems me that Joline Lanier is mixed in it, too.

Latch on, fellows, this prove helpful. Rouse Todd philosophy on women. He (and I quote): "I never about women; there's a new (Continued on Page 7)

## Crowell Girl Will Wed on Bride and Groom Program

Mr. and Mrs. A. W. Barker of Foard City announce the engagement and approaching marriage of their daughter, Dovey Jane, to Jule Dean McClain, son of Mr. and Mrs. J. B. McClain, of Dallas.

The wedding will take place on October 27 in the Old World Chapel in Los Angeles, Calif. Pre-

ceding the ceremony, the couple will be interviewed by John Nelson on American Broadcasting Company's "Bride and Groom" Program, to which many local people listen daily.

Miss Barker is a graduate of Crowell High School and is at present junior stenographer in the office of the vice-president of M-K-T Railroad Co. in Dallas. Her fiancé is a graduate of Adamson High School and the Institute of Radio Broadcasting, Dallas. He served three years in the U. S. Army Air Corps and is now staff announcer for Radio Station KWBC, Fort Worth.

## Family Reunion Held for Carroll Family Saturday and Sunday

Eight of the ten children of Mrs. J. W. Carroll met together Saturday night and Sunday for a family reunion. The meeting on Sunday was held at the Leslie McAdams Park in the Vivian community.

A basket picnic dinner was enjoyed at noon and visiting and

remiscing employed the remainder of the day.

The children who were unable to be present were Mrs. C. C. Grimlan of Artesia, N. M., and A. C. Carroll of Torrence, Calif. The sisters and brothers and their families present with their mother were Mr. and Mrs. C. A. Bowley and Mr. and Mrs. A. J. Sandlin of Swearingen; Mr. and Mrs. F. L. Carroll and son, Calvin, of Crowell; Mr. and Mrs. L. P. Carroll and son, Melvin, of Mead-ow; Mrs. Ely Jones and Mrs. C. H. Merritt and daughter, Helen, of Brownfield; Mr. and Mrs. A. P. Carroll of Houston and Mrs. H. Y. Downing of Wichita Falls.

Other relatives who were present for the occasion included Mr. and Mrs. D. Mandens of Seguin; Misses Lula and Deulah Bowley of Crowell, Mr. and Mrs. Craig Sandlin of Lubbock; Mr. and Mrs. James Sandlin and daughters, Judy and Sherry, of Swearingen; Mr. and Mrs. Alvin Smith and sons, Jerry and Bobby, of Crawford; Mr. and Mrs. Herman Sandlin and daughter, Barbara Ann, of Crowell; James Denton of Crowell; Mr. and Mrs. Johnny Marr of Swearingen; Mr. and Mrs. C. W. Carroll and Mr. and Mrs. C. M. Carroll of Crowell.

### COLUMBIAN CLUB

Mesdames Hines Clark and T. L. Hughston were hostesses to the Columbian Club on Wednesday afternoon, September 15, at Mrs. Clark's home.

At a brief business session, the president appointed the standing committees and Mrs. M. N. Kenner, chairman of the Foreign Relations committee, read an interesting letter from the secretary of a club of the Philippine Islands. It is a Federation project to try to further understanding between the club women of the world by correspondence among the women. The Columbian Club and this letter was in answer to one written by Mrs. Kenner. They asked that they be sent a Fashion catalog. Their club is composed of 90 women and it is hoped that through correspondence with them something of their hope and aims in life may be known and the local club may be able to assist them in some small way.

Mrs. Crews Cooper was program leader and had for her subject, "Cotton, White Gold of America." She discussed the subject from a general aspect, its importance as a crop in the South, its money value to the South. She presented Mrs. Kenner who, to impress the wide use of cotton in our every day life, asked that all present imagine that a magic wand had passed over and removed from the home everything made of cotton. Clothes, sheets, pillowslips, comforts, quilts, even the mattresses on the beds, towels, draperies gone. Not much would be left if all cotton were removed from the homes.

Mrs. M. O'Connell discussed cotton from the standpoint of an agricultural industry. She noted the ginning industry, the compress and the side products of cake, fertilizer, cooking oils, etc. Mrs. Van Browning spoke on cotton as a labor problem in the south. Mrs. Cooper was further assisted by Mrs. Jack Welch, Mrs. C. R. Ferguson, Mrs. Grady Magee and Mrs. C. C. McLaughlin who gave interesting facts concerning cotton.

Guests for the afternoon were Mrs. R. L. Leonard of Memphis, Tenn., Mrs. Sam Crews, Jr. of Houston and Mrs. Aubrey Haynes. During the social hour, the hostesses invited the guests into the dining room where a beautiful tea table was laid and where frosted punch, sandwiches, cookies and nuts were served.

### SEW-N-SEW CLUB

On Wednesday, September 15, the Sew-N-Sew Club entertained their families with a barbecue in the home of Mr. and Mrs. Howard Ferguson. Mrs. Glen Shook, Mrs. Clarence Garrett and Mrs. Ferguson were hostesses for the party. Each family brought a covered dish of food and a cake or a pie.

Those present were Mr. and Mrs. Kenneth Halbert and son, Seth; Mr. and Mrs. Jack Welch; Mr. and Mrs. Eugene Owens and son; Mr. and Mrs. Harry Trawek and children; Mr. and Mrs. R. J. Owens; Mr. and Mrs. Jack Roberts and daughter; Mr. and Mrs. W. L. Johnson and children and Mr. and Mrs. J. C. Rader and daughter, Gail.

Mrs. Jack Welch and Mrs. Harry Trawek were hostesses to seven members of the Sew-N-Sew Club on Thursday, Sept. 16, in the newly decorated Recreation Room in Foard City.

A committee was appointed to

## Former Resident Will Marry Vernon Girl in December

Mr. and Mrs. W. E. White of the White City community near Vernon have announced the engagement and approaching marriage of their daughter, Betty, to Ned Allen Owens, son of Mr. and Mrs. Jesse Owens of Vernon, former residents of Crowell.

The wedding will take place in December and the couple will make their home in Lubbock where Mr. Owens is a senior student at

got materials for curtains for the Recreation Room.

## The Fisherman's Dream FOUR-IN-ONE-ROD

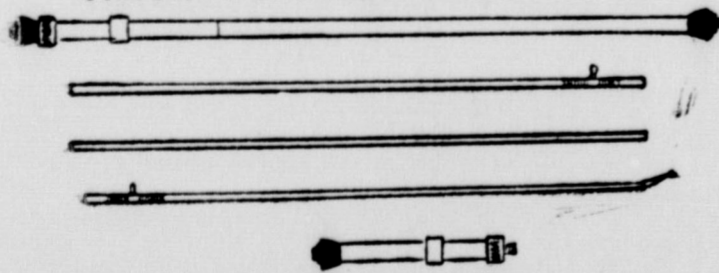

No. 1 — 9-Foot Pole  
No. 2 — 7-Ft. Fly Rod  
No. 3 — 5-Ft. Casting Rod

No. 4 — Carrying Case and Cane

This combination fishing rod and cane is absolutely new and different. The three types of rods are made by adding sections to the 3-foot carrying case. When all sections are placed within the carrying case you have a walking cane — rubber tipped on each end.

This rod is made of flexible heat-treated aluminum — weighs only 14 ounces complete. The guides are nylon wrapped. The reel seat is suitable for any type reel.
