## Community House Board Thanks Citizens for Co-operation

The Community House Board composed of the presidents of each of the following clubs, Garden Club, Mrs. M. M. Welch; B. P. Club, Mrs. Arnold Rucker; Teen Canteen, Mrs. Floyd Borchardt; 4-H Girls, Mrs. James Welch; 4-H Boys, Joe Burkett; Home Demonstration Council, Mrs. J. C. Prosser; Young Timbers, Bert Ekern; Boosters Club, Merl Encaid; Mayor W. H. Moyer, chairman, City Council; Mrs. Osa Boman, vice chairman, wish to express appreciation to the people of Crowell and Foard County who have assisted in any way, with their money, by giving of their time and material toward the completion of the Community House.

These clubs are affiliated with the Community House and have worked diligently toward the completion of their project, the Community House. Joe Ben Roberts set up a beautiful kitchen. All inside of the building has been painted. Rest rooms have been installed, tanks for Mr. and Mrs. C. P. Sauer for rest room fixtures. Gas recently been put into the building and asbestos siding has been added. This gives protection to the building itself. The building is for all the people of Crowell and Foard County use. Those desiring the use of the building may register at the City Hall since the books are at there.

## Missionary to India to Speak at Assembly of God Church Nov. 2

Rev. Warren Everson, pastor of the Assembly of God Church, announces that everyone is invited to attend a special service at the church on Tuesday night, Nov. 2, at 7:30 p. m. to hear Rev. Carl D. Holleman, missionary to India from that church. Rev. Holleman has been back in the states since the war, but is now making ready to return to India to resume his work as a missionary. He and his family now reside in Springfield, Mo. Their foreign address is 10 Napier Road, Poona, B. P., India. The public is cordially invited to attend the service and hear Rev. Holleman tell of his work as a missionary.

The Gulf of Mexico is underlain with rich oil fields for a hundred miles off the coast of Texas and Louisiana and the water is shallow enough for this distance out from the shore to permit the drilling of oil wells.

## Crowell Wildcats Football Team Will Go to Archer City Fri. Night to Meet Archer City Wildcats in 9-A Contest

The most important football game of the district 9A race will be staged at Archer City tomorrow night when the Crowell Wildcats invade that city to take on the Archer City Wildcats. Even though Crowell has dropped one game to Holiday by six points it is the opinion of the sports writers that Crowell is the only team that is likely to upset the championship bound Archer City club. The Archer City boys have not had their goal line crossed this season and have scored 154 points on their opponents. However, it is being whispered around the Crowell School campus that there is a great possibility that this outstanding record will be in much danger Friday night. The Danny Powell-Bobby Patrick scoring combination in Archer City's backfield is an eminent threat at all times. The Crowell team, led by Captain Rouse Todd, has shown much improvement since the loss to Holiday five weeks ago. In fact, it has taken Iowa Park, Valley View, Seymour and Chillicothe

## Senator Geo. Moffett of Chillicothe Submits Summary of the Constitutional Amendments to Be Voted on Nov. 2

The following summary of the eight proposed Constitutional Amendments which will be on the bottom of the ballot on November 2 has been furnished to this paper for the information of the voters by Senator George Moffett of this district:

Amendment No. 1 authorizes the Commissioners Court of each county to purchase Workmen's Compensation Insurance through which any county employee receiving physical injury while working for the county may be properly compensated therefor, just as employees of railroads, manufacturing establishments, gas, compressors, and other private institutions are compensated when injured in line of duty. At the present time a county employ-

ee—for instance, an operator of a road maintainer—may severely injure a hand or foot and there is no way through which he can be compensated for said injury. Amendment No. 2, of which Senator Moffett is the author, provides that if the Legislature fails to redistrict the state after each Federal Census, then a redistricting board composed of the Lieutenant-Governor, the Speaker of the House, the Attorney General, the Land Commissioner, and the Comptroller of Public Accounts shall draw a redistricting ordinance which shall have the same force and effect as if the Legislature had redistricted the State and file it with the Secretary of State. Population changes call for changes in the various districts, yet the Legislature has failed to redistrict since 1921. This Amendment is considered by some to be the most important of the entire group.

## Wildkittens Win Game from Paducah Little Dragons

The Wildkittens, Crowell Grammar School football team, really got wild last Thursday night at Paducah when they ran roughshod over the little Paducah Dragons to the tune of 24 to 0. The Wildkittens had their first chance to score when Calvin Luttrell, left guard for Crowell, pounced on a Paducah fumble on their 30-yard line. After several ground plays, Don Gobin, quarterback for the Wildkittens, plunged the last 3 yards for the score. Raymond Haleneak, substitute quarterback for Crowell, made the longest run of the game, 40 yards, to score the second touchdown. Jim Paul Norman, fullback for the Kittens, ran twenty-five yards for the 3rd touchdown to make the score 18 to 0 at halftime. Crowell scored again in the fourth quarter from 3 yards out when Gobin made his second touchdown for the evening. This made the final score 24 to 0 for Crowell. Linger Johnson and V. W. Latimer stood out on defense while they were in the lineup.

Coach Scott Whitaker used every member of the squad in the second half of the game: Jim Paul Norman, Wayne Borchardt, Roy Whittley, Raymond Haleneak, V. W. Latimer, Jimmy Everson, Calvin Luttrell, George Scott, Leo Peckack, Billy Johnson, James Pittillo, Billy Abston, Fred Barker, Jimmy Stinebaugh, Larry Johnson, Don Gobin, Ginger Johnson, Glendon Johnson, Joe Don Thompson, Carroll Polk and Billy Ray Dunn.

These two teams play here Thursday night of next week at seven o'clock. There will be a small admission charge to help purchase additional uniforms for the squad.

## SINGING CONVENTION

A round up of all West Texas singers will be held in the Baptist Church at Matador at 1:30 p. m. the fifth Sunday in October, the 31st, according to an announcement made by B. R. Baasse of Plainview.

All singers and quartets are invited to attend.

The Red Cross warns that a victim revived by artificial respiration should not be permitted to get up on his feet immediately. He should be kept lying down for some time even though force is necessary.

## American Legion and Auxiliary Will Hold Meeting

The American Legion and Auxiliary will hold a regular business meeting on Nov. 1 at 7:30 p. m. at the Legion Hall.

## County Convention of Foard Bureau to Be Held Nov. 4

The Foard County Farm Bureau convention will be held in the court house at 7:30 p. m. on Thursday, Nov. 4, it was announced by Curtis Ribble, president. All members are requested to attend.

## Crowell Wildcats Defeat Chillicothe Eagles, 32 to 0

Crowell's Wildcats, moving on the ground and in the air on five drives, threw a stout defense at the Chillicothe Eagles here last Friday night and blasted their way to an overwhelming 32-0 victory.

The game was slowed considerably by the numerous penalties inflicted on both teams which resulted in a total of 120 yards in penalties.

Paced by their versatile backs, Dalton Biggerstaff, Rouse Todd, and Jerry Culbertson, the Wildcats took a commanding lead and then coasted to an easy triumph.

The second time Crowell had the ball it drove 55 yards for a touchdown. Rouse Todd on four tries gained 25, B. Haleneak made two more and quarterback Biggerstaff sneaked through on two attempts for 12 yards. Chillicothe was penalized 15 yards for roughness, and the ball rested on the one yard line. From this point, Grover Yoeham hit pay dirt for the first touchdown. The conversion was no good.

Morrison made a beautiful return of the kick off following Crowell's first touchdown from his own 12 to the 32. But the Crowell line held after a few yards gained and Chillicothe was forced to kick. Crowell took the pigskin on its own 36 as the first quarter ended.

This time it was Biggerstaff, Todd and Culbertson carrying the ball behind good interference to the Chillicothe 25-yard line.

On the first play Chillicothe was off-sides and penalized 5 yds. so the ball now rested on Crowell's 41 yard line. In exactly five plays the Wildcats had another touchdown.

Culbertson powered his way for a gain of 12 and then the steady Biggerstaff streaked for another 11 yards. Todd knocked off eleven more around end. With the ball now on the 25-yard line, big Jerry Culbertson was called upon to prove his ability and he raced through behind beautiful blocking for the second score. The conversion was again no good.

Late in the second period, Biggerstaff intercepted a pass on the 45 and returned it to the midfield stripe. It took Crowell one play this time to score. Chillicothe was penalized 15 yards for roughness and with the ball on the 35-yard line Biggerstaff threw a bullet-like pass to Todd for 10 yards and he flashed down the side line for the third touchdown. This time Grover Yoeham kicked the extra point and the half ended with the score Crowell 19, Chillicothe 0.

The Wildcats did not score in the third period. The highlights of this quarter were Biggerstaff's second interception and his quick kick to the Eagles' 5-yard line. As the quarter ended Chillicothe kicked an on first down and the versatile Biggerstaff made a beautiful return to the Eagles' 21. On two plays of the fourth period, quarterback Biggerstaff scored the fourth touchdown and he ran the extra point over to make the score 26-0.

The final score came when Crowell took the ball on the 17-yard line, rushed it to the seven where Culbertson scored his second touchdown of the game with a seven yard blast over the center. The conversion attempt was low.

The Eagles lacked the necessary punch and never once threatened. Fullback L. Morrison and halfback J. Boone were consistent ground gainers for Chillicothe.

Members of the entire Wildcat line did credit to themselves and Coach Whitaker. These boys, regulars and substitutes, played a good brand of football.

The following Wildcat players participated in the game: L. McNeese, H. Norman, J. Bice, D. Wilkins, F. Borchardt, J. Rasberry, J. Bartley, D. Biggerstaff, R. Todd, B. Haleneak, J. Culbertson, G. Yoeham, C. Pittillo, B. Ruder, W. Caddell, T. White, H. Ribble, J. Williams, B. Laquey, F. Glover, B. Stinebaugh and C. Steele.

During the half-time, the Crowell Pep Squad put on a very attractive and pleasing performance. These girls really are a compliment and an asset to their school and football team by keeping the enthusiasm of the fans at an all-time high.

## W. E. Tanner Dies in Wyoming

W. E. Tanner, former resident of the Vivian community, died very suddenly on Oct. 11 in Recluse, Wyoming. He suffered a heart attack while crossing the yard to the corral where he was employed and death followed immediately.

Interment took place in Laramie, Wyo. Survivors include one brother, Henry Tanner of Laramie, Wyo., and three sisters, Mrs. Jennie Jones of Liberal, Kans., Mrs. Effie Pransom of Elmore, Calif., and Mrs. Mallie Haske of Crowell. All were present for the funeral services.

William Emmett Tanner was born on Aug. 22, 1883, in Erath County and came to Foard County with his parents, the late Mr. and Mrs. A. J. Tanner, at the age of 7 years. He went to Montana and Wyoming in 1913 and has worked on ranches in those states since that time. He had never married.

## Gift Shop Tea for Disabled Vets to Be Held Fri., p. m.

A tea will be held at the Adolphian Club House on Friday, Oct. 29, from 4 until 7:30 p. m., for the purpose of soliciting gifts for the disabled veterans to give their loved ones at the coming Christmas time.

The gifts are sent to the various hospitals where the veteran may select what fits his needs and the gifts are then wrapped and mailed by workers at the hospitals without any charge to the veterans.

Inasmuch as these men made such sacrifices, it is deemed to be due them that this service is done as a token of appreciation. Everyone is invited to attend the gift tea and to bring a gift suitable for someone to give a loved one.

## Foard County Voters Will Cast Ballots in General Election Next Tuesday, Nov. 2; Eight Amendments Appear on Ballot

Foard County voters will go to the polls Tuesday, Nov. 2, to cast their ballots in the general election at which time they will have the privilege of voting for the President of the United States and on down the line to precinct officers. There are also eight amendments to the Constitution of the State of Texas to be voted on and they appear on the bottom of the ballot.

The ballot is the largest one ever to be used in this county. There are eight columns which include

seven parties: the Democratic, Republican, States Rights, Prohibition, Progressive, Socialist and Independent.

According to the best information obtainable, all of the amendments are good and should be adopted.

Polls open at 8 o'clock and close at 7. Voting boxes in this county and officials are as follows:

## Large Delegation Attends Highway Meeting Tuesday

Highway leaders of five West Texas cities were told here Tuesday that cattle, which normally would flow to the Fort Worth market, are trucked to Oklahoma City markets because of lack of direct highway connections with Fort Worth.

The assertion was made by Hubert Brown, president of the Highway Chamber of Commerce, before a meeting of Highway 199 Northwest Extension Association. Brown pointed out that many of the truckers prefer to drive to Oklahoma City because of the congestion along Highway 287 which leads to Fort Worth.

Highway 199 is now designated and built from Fort Worth to Seymour, and the association is renewing efforts to have it extended on an airline route into Crowell and eventually into the South Plains and to Farwell on the New Mexico border.

Brown pointed out that extension of the highway from Seymour to Crowell would shorten the trucking route to Ft. Worth by 17 miles, and would open a vast territory to the markets in Ft. Worth.

The 54 highway leaders who attended the meeting in the Foard County courthouse, represented Plainview, Floydada, Crowell, Seymour and Fort Worth. Attending from Ft. Worth were T. C. Jones, chairman of the highway committee of the Chamber of Commerce; Charles G. Cotten, manager of the highway department, and Walter Rice, field representative of the Ft. Worth stockyards.

## Former Resident Dies in Accident in Rolla, Kansas

Alvie Jones, 24, son of Mr. and Mrs. J. T. Jones, former residents of Crowell and Truscott, was fatally injured in an automobile accident near Rolla, Kansas, on Oct. 15. He was rushed to a hospital and lived until 2 p. m. Monday, Oct. 18.

Military services were conducted on Oct. 20 and interment was made in the Rolla cemetery. Mr. Jones is survived by his parents; 3 brothers, Arthur, Ray and R. V. Jones of Rolla; 3 sisters, Mrs. Nina Riley, Mrs. Mae Hodge of Sanford and Mrs. Earl Gray of Crowell. Thirteen nieces and nephews and a host of other relatives also survive.

## Special Services to Begin at Baptist Church Sunday

Rev. N. B. Moon, pastor of the First Baptist Church, in announcing special services for Sunday states that Rev. M. J. Lee, pastor of the First Baptist Church of Quanah, will preach Sunday night.

This will be the beginning of special services which will continue each night through the week. The time of the service will be at 7:30 p. m.

Rev. Moon also says, "for the morning worship five young people from the Life Service Band of Hardin-Simmons University will be presented. These are young people with ability and will be found refreshing and interesting."

The pastor goes on to state "that Rev. Lee is a good preacher with a gospel message. Those who are interested are invited to hear him through the coming week."

## ROTARY CLUB

Rotarian Ben Martin and John Risor of Vernon attended the Wednesday noon meeting of the Crowell Rotary Club at the DeLuxe Cafe. C. W. Sheppard of San Angelo was also a visitor.

Elk meat for the meal was furnished by Rotarian Grady Halbert and was the first elk meat ever eaten by many of those present.

The program was a clever quiz contest conducted by Irving Fisch and the contestants were selected among past presidents of the club.

## HOUSE NUMBERS

House numbers have been assigned for all homes and business locations northeast of the square. These numbers may be obtained by calling at the Chamber of Commerce, which is located in the Shirley-Youree Drug Store.

As soon as the rest of the city has been surveyed the street markers will be put up. Thus far, a little more than half of Crowell has street markers set in two feet of concrete.

## P. D. Moseley's Mother Succumbs in Chattanooga, Tenn.

Mrs. Lou Moseley, mother of P. D. Moseley of Canadian, former Crowell resident, passed away on October 11 at the home of a daughter, Mrs. Russell Leigh in Chattanooga, Tenn. Funeral services were held there Oct. 13 with interment at Jamestown, Ala., the old home.

Mrs. Moseley was 78 years of age. She had been ill for some time, her condition steadily growing worse the past few weeks.

She is survived by three daughters and two sons; one sister and one brother, A. P. Barry, of Wichita Falls, also a former resident of Crowell.

**East Texan Says Judges Amendment Will Save Money**

Atlanta (Cass County) — East Texas attorney Hugh Carney of Cass County this week urged Texas voters to adopt the judges retirement amendment.

Carney, a well-known civic leader from the town of Atlanta, said a vote for Constitution Amendment No. 8—last on the ballot—would be a vote for a more efficient court system and also a vote for economy in government.

Amendment No. 8 would authorize the legislature to consider a retirement plan for jurists on the State's appellate and district courts.

"We in small towns know how important it is to have district judges who are able to travel around without the handicaps of age, illness or disability, and to keep their dockets clean," Carney commented.

"If this amendment is endorsed by the voters, it will clear the way for legislative action to retire aged or infirm jurists."

"It will save the taxpayers the high cost of delays and slowness in courts, caused by the inability of some judges to discharge their duties as rapidly as necessary."

Carney said that in addition to saving the taxpayers money through a more efficient court system, the amendment will lead to a decided improvement in the unnecessary delay of many court cases that keep jurors, interested persons in suits, witnesses and officers of the court tied up at the courthouse for many days on the same suit.

It was pointed out by the East Texan that the proposed retirement plan has proved successful in 31 states.

**ROBERTSON'S HARDWARE**

For he that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting.—Galatians 6:8.

The demand is being made by the impractical that Congress increase the minimum wage to a dollar an hour. The demand is both silly and impracticable. Labor should know better than to contend for it. If Congress should be so impractical as to pass such a law every member will live to regret his foolish act. If unskilled labor is increased to a dollar an hour skilled labor will be justified in demanding two or three dollars an hour. The effect of this on prices would soon make itself felt. Also the moment business slows down, as it is going to do one of these fine days, all those who are being paid an un-economic wage out of line with their actual earning ability are going to be dismissed from the pay roll.

An exchange tells of a county in a midwestern state in which one-third of all the county's expenses goes to the welfare. The condition is indefensible at a time when there is an abundance of work to be had of all kinds. This same condition prevails in many parts of the country. It causes us to have a greater respect for our forefathers who never heard of county welfare and who somehow managed to provide their own welfare instead of depending upon the labor and savings of others for it.

There are today a lot of people who don't mind living in the house by the side of the road and being a friend of man if the house has steam heat, an electric ice box, an electric washing machine, air conditioning, new decorations and period furniture—if the rent isn't higher than they think it should be.

The person who contributes to the spreading of Communism is contributing to the overthrow of this government. There can be no other conclusion for the reason that the Communist idea of government is diametrically opposed to our form of government, and anyone who is deceived in this is not wise.

**HISTORY**  
U. S. Marine Corps Day—November 10: The U. S. Marine Corps has for many years observed November 10 as the anniversary of the organization of the Marine Corps. The congressional resolution authorizing its formation was passed by Congress in 1775. Samuel Nicholas of Philadelphia was commissioned by John Hancock, president of the Continental Congress, as the first captain of the Marines. Nicholas at once set about enlisting members in the organization by opening a headquarters in Philadelphia. The first expedition of the Marines was made in 1776, when a detachment left Philadelphia for the Bahamas to capture a store of British ammunition held there. The first concert by the Marine Band was given three years later. The Marine band in later years became famous under the leadership of John Phillip Sousa. The Marine Corps along with other military units was abolished at the close of the Revolutionary War for reasons of economy. In 1794 it was ordered that the Marines should be a part of the equipment of every Naval vessel built by this country. On July 11, 1789, Congress ordered the creation of the Corps as it is now constituted and named it the United States Marine Corps. The U. S. Marine Corps has a brilliant record. Its members have fought in all of the principal engagements and have taken part in many peace time expeditions. The members of the U. S. Marine Corps and the country as well are proud of the record the organization has made for itself. The day is observed each year by members of the organization but is not generally celebrated over the nation.

**Dallas Attorney Will Speak at WTCC Annual Meeting**

Arlene—Paul Carrington, Dallas attorney and former president of the Texas Association of Commerce, will be the principal speaker at the luncheon of the West Texas Chamber of Commerce annual meeting here Nov. 8.

Mr. Carrington will discuss revision of the Texas constitution, a project which is under study of the TAC, which is a federation of the three regional chambers in Texas.

The West Texas chamber represents 132 counties of West Texas and this year will present a continuation of its work program to the annual directors' meeting, according to General Manager D. A. Bandoen.

Principal item on the agenda is a continuation of the fight to protect water interests of West Texas, he said.

The provision of the Constitution that permits to every individual free speech accords to the other fellow the right not to listen to what the speaker has to say.

\* According to a department official the government will pay more than 100 million dollars this year to keep potato and egg prices up.

**What We Think**  
(By Frank Dixon)

A Junior Chamber of Commerce in a large city not far from the town in which I live has outlined for its members a project that I think is eminently worthwhile. It plans at the coming election to get every eligible voter in the city out to vote at the coming election.

I have heard of a good many projects that clubs and groups have set out for themselves to do but none of them, in my opinion, measures up to the task set for itself by this group.

It is unfortunate that many service clubs, community groups and organizations set for themselves tasks, compared to the importance of the one set by this group, are trivial and unimportant. It often seems when one checks over the projects selected by such groups that they really amount to but little and it appears a great waste of effort to see the membership of the organizations waste their time with them, especially since there are so many really important things that need to be done.

The task of getting out the full vote of the community, in my opinion, tops the list of worthwhile assignments. It is a program into which every member can feel justified in devoting his time and effort knowing that in the doing of it he is rendering a duty and service to his community, state and nation.

Records show that only about one-half the vote turns out at any election. For a democratic form of government this represents a positive danger. It represents a danger because with less than one-half of the citizenship voting, any minority hostile to our form of government, can with a little effort and cooperation, put its candidates into office. After they are in, the supporters of our form of government wake up and begin to wonder how it happened that they got elected. The answer is simple. They got elected, not so much because they made an outstanding effort, but because the good, the solid, the sound people of the community failed to do their simple duty and to meet the responsibility which our democratic form of government imposes upon the individual.

I feel that the matter of getting out the full vote is so important that some group in every community should take it upon itself this fall to see to it that the full vote turns out.

There are too many people in this country who seem to think that as long as they pay their taxes and stay out of jail that they have discharged their full obligation to the democratic form

of government. They would find if they were living under a Communist government ruled by a dictator that they would have to do these things either willingly or by compulsion. If this is true why isn't it better to exercise the right under our own form of government?

Unless something like this is done we are going to witness a continued falling off in the vote. Fewer and fewer persons are going to concern themselves with going to the polls at all.

If we don't do something like this we are going to make it increasingly easy for radical isms to gain a foothold in this country. We are going to find that once in power it will be difficult to root them out.

We are not in very great danger of losing our liberties by open rebellion by its enemies, but we are in danger of losing it through the neglect of its friends. The result is the same.

**West Texas Favored Spot to Acquire Part of Textile Growth**

Arlene—West Texas is in an especially favored spot to acquire a large part of the nation's textile growth, according to a cotton textile industry survey for the area, just issued in a bulletin from Texas Technological College. This bulletin was prepared by Mark E. Wood, research associate of the Cotton Research Committee of Texas, for the West Texas Chamber of Commerce-Santa Fe industrial committee.

Wood points to growing western markets as requiring a greater expansion of the textile industry. The area already has five cotton mills within its boundaries and the only textile engineering school west of the Mississippi, where the "know-how" of cotton textile manufacturing is taught.

History of the cotton textile industry in the United States is fully traced in the report, with tables and charts giving comparison of the West Texas area with cotton textile manufacturing centers.

"There is some evidence that Eastern capital already is interested in West Texas as a potential center of cotton textile manufacturing," the report says.

Advantages of location in West Texas are then listed, although the report points to the necessity of ample water for the industry.

The West Texas Chamber of Commerce has passed copies of the report on to its local directors and local Chambers of Commerce urging them to apply it to local conditions.

**STUDENT MUSIC CONTEST**

Arlene, Texas—There is a University Interscholastic League music contest for every school boy and girl in Texas, regardless of the size of the school, F. W. Savage, director of music activities, says.

To high school musicians Savage says, "if you play a piccolo, tuba or harp, or any instrument, either with a band, orchestra, or solo, if you sing alone or with a chorus, you can enter a music contest in the League."

This session the League music program offers 238 classifications of contests for choral groups, bands, orchestras, soloists and ensembles. Approximately 40,000 students, from grade through high schools, will compete at district meets and regional competition-festivals throughout the state.

Competition will be based upon the prescribed lists of music which contains more than 2,000 pieces of music. Music teachers and directors will be notified as soon as the prescribed lists are ready for distribution, Savage said.

For schools where there are no music teachers at all, there is the music appreciation contest, based upon recordings. Choral singing is open to grade schools.

Last session 283 bands, 30 orchestras and 229 vocal groups competed for ratings. In 1949,

participation is expected to be even greater in all contests. The deadline for entering the League music competition is Feb. 15, 1949.

The government, in an effort to check inflation has put the brakes on installment buying. On September 20, the new rule goes into effect which requires a one-third down payment on installment purchases of automobiles.

On household appliances a down payment of one-fifth the purchase price is required. If the article costs \$1000 or less full payment must be made in 15 months. There is an 18 months limit on credit for goods worth more than \$1000, but monthly payments may not be less than \$70. Ordinary charge accounts are not affected. Personal loans, of the type repayable on monthly installments are subject to time limits. Single payment loans and housing loans are exempt from the ruling. The terms are backed up by criminal penalties and the power of the Federal Reserve Board to put a violator out of the credit business. The law will be in effect until next June 30.

**4-Day Tumor Post-Graduate Course Held in Galveston**

Arlene, Texas—The four day tumor postgraduate course just concluded in Galveston, sponsored jointly by the State Health Department and the University of Texas Medical School, is an important phase of the work being done by the Cancer Control Division of the State Health Department, according to Dr. Geo. W. Cox, State Health Officer.

Special emphasis was placed on neoplasms of the lungs, the thyroid, and the lymphoid system. More than a hundred Texas physicians, both general practitioners and specialists attended the course, and some of the nation's best known cancer authorities participated in the program.

Dr. Arthur Purdy Stout, professor of surgery at Columbia University spoke on "Pathology of Tumors of the Thyroid"; Dr. Don C. Weir, instructor in Radiology, St. Louis University, discussed "The Diagnosis, Treatment and Prognosis (Radiological) of Neoplasms of the Lymphoid System"; and Dr. Shields Warren, Director of the Division of Biology and Medicine, Atomic Energy Commission, spoke on "The Medical Aspects of Atomic Bombings."

Other leading tumor specialists who assisted in the course included Dr. C. A. Stevenson, Chief of Radiology, Scott and White Clinic; Dr. Harry Hauser, Assistant Professor of Radiology, Western Reserve University School of Medicine; Dr. John V. Good, professor of Surgery, Southwestern Medical School, and Dr. W. E. Adams, professor of surgery, University of Chicago School of Medicine.

Dr. Cox said that other similar postgraduate courses will be held from time to time, to stimulate greater interest in and disseminate a wider knowledge of tumors of all types.

**SHIPMENTS OF LIVESTOCK**

Arlene, Texas—Texas shipments of livestock gained 29 per cent from July to August, the University of Texas Bureau of Business Research reported.

Livestock shipments, totaling 7,764 carloads, advanced 14 per cent from August 1947.

Shipments of calves jumped 88 per cent from July to August; sheep, 74 per cent; and cattle, 17 per cent. On the other hand, movement of hogs fell 7 per cent under July.

In comparison with August 1947, movements of sheep gained 22 per cent; cattle, 19 per cent; and hogs, 12 per cent. For the only decline, shipments of calves dropped 10 per cent.

## DRIVING YOUR CAR TO SCHOOL?

What a thrill! You are taking your car to school at last. After many hours of beating, you find yourself actually driving the car. You could see no point in your parents' persistent arguments about being careful because of your inexperience at handling a car. You came out with a ninety on your drivers test, so why should Mother and Dad think you aren't efficient? After all, Dad only made an eighty on his driver's test. Don't be too critical of this advice because your parents have been driving an automobile much longer than you.

You feel very superior to the other students you see walking

## CROWELL FHA HELPS PROMOTE INTERNATIONAL GOOD WILL

The Crowell FHA chapter is participating in the World Christmas Festival which has distributed nearly one million presents to individual boys and girls in seventeen different countries. This chapter will pack several boxes which it will send to the headquarters in New York City. From there the boxes are shipped overseas. If you wish, you may send your box to any one of the seventeen countries where the service has been established for distributing the gifts. The gifts requested are very simple ones such as water colors, books, games, postal cards, dolls, caps, and woolen jackets for children. For teenagers a few of the suggested gifts are notebooks, pencils, gloves, stationery, pocketbooks, books, sweaters, scarves, knives, mirrors, footballs, baseballs and games.

The fifth purpose of the FHA is to promote international good will and the girls will certainly be doing this when they complete their work.

These boxes to foreign children are not all the FHA chapter plans to do for international good will. They also plan to "adopt" a home economics class in a foreign country and send them letters and gifts.

## SEEING SNAKES AT CHS

Any screams you might have heard coming from the auditorium Wednesday, October 20, were due to Mr. Jack Raymon, who was with us through the courtesy of the Southern School Assemblies. His exhibit and lecture were to help break the misunderstanding of the most dreaded member of our animal life, the snake. Mr. Raymon has been presenting his program at various high schools, colleges and clubs for a period of fifteen years, equally frightening his audiences by his handling of the "pets."

After stressing the fact that out of 1935 kinds of snakes in the U. S. there are only four poisonous types: the rattler, cotton mouth, copper head, and coral. He said the way to tell the difference between a poisonous and non-poisonous snake is by getting down on your hands and knees and looking the creature straight in the eye. It seems that the poisonous snake's eye pupils are vertical slits while the non-poisonous snake's eye pupils are round like a human being's. After meeting the reptile face to face, you'll probably need your trusty first aid kit. Mr. Raymon presented to us some of the better ones on the market. He showed us too, some beautiful live snakes, if you can picture a snake as being pretty, especially the Indigo Snake from Florida. Through the exhibits of fifteen live snakes, Mr. Raymon left us with a clearer and less fearful impression of the misjudged reptile.

## SENIOR CLASS MEETING

After the assembly Monday morning the seniors held a class meeting to discuss dues. It was announced that if you did not plan on going on the senior trip, it would not be necessary to pay the dues. Twenty-seven said they were planning to go on the trip. The city which they visit has not been definitely decided upon yet, but the seniors seem to favor Galveston as their choice. Hot sunshine and swimming in the Gulf sounds good during this breezy autumn weather.

## HALLOWEEN CARNIVAL SET FOR SAT. NIGHT

"Witch's hats, coal black cats," these funny things will be seen at the annual Halloween Carnival which will be held in the Court House, Saturday night, October 30, at seven o'clock. Everyone loves the fun of getting dressed up in a queer costume and wearing a mask. Of course, everyone knows who you are, but it is still fun. At the Carnival this year there will be a cake walk, bingo, crab bag, fortune-telling, and all the traditional trimmings for Halloween. Each room in grammar school and each class in high school will have a booth or other money making project at the carnival. Be sure to come and take part in this gay affair. Bring your friends, and don't forget some silver to cross the fortune-teller's palm. This year's carnival promises to be the best in years, so come!

## PICKINGS

Well, well, fellers, here I am once more, your Mysterious Mr. X. For two weeks I've been guessing at some games and doing pretty good. But after using a crystal ball, and just plain guessing, I decided maybe I'd do better if I tried something new.

But before we go into that, let's look over last week's scores. I did pretty well on them, missing only one. Of course, I didn't get the scores right, but Mr. Graves said that it would do.

I thought maybe Olney would beat Seymour. But that was reversed as Seymour beat Olney 21-18. I took Holliday over Valley View by a 27-0 score, the real score was 40 to 0. Big mean Archer City beat Burk Burnett 27-0. I guessed them to beat by 19-0. But Crowell really surprised me. I really thought the score would be 19 to 0. But instead Crowell ran wild and beat 32-0.

Now to resume my predictions. The tea leaves seem to say that Holliday will meet defeat when they come out against Seymour, by the score of 12 to 6. Valley View will keep its record of not

scoring clean by losing to Iowa Park by 21 to 0. Olney should turn on the heat and bounce back into the win column to beat Chilocco 13-7. But the killer, diller, the one that just doesn't make a bit of sense, the one the whole world is waiting on seems to be incomplete. It's so hazy that I can barely make out a slim, hard fought victory of dear ole CHS by a score of 13 to 6.

Well, there it is until next week. See you then. (maybe)

## CROWELL BLASTS CHILICOTHE 32-0

Crowell's Wildcats blasted their way to a 32-0 triumph over the Chillicothe Eagles in a District 9-A game here last Friday night. Jerry Culbertson, Rouse Todd and Dalton Biggerstaff paced the Wildcats to the district win.

Grover Yocham, a substitute back, made the first score from one yard out to climax a 55-yard drive early in the first quarter. Culbertson scored a few minutes later on a 25-yard jaunt off tackle.

Late in the second period Biggerstaff intercepted a pass on his own 45-yard line and returned it to the 50. On the first play from scrimmage Biggerstaff raced to the Eagles' 30. From that point signals started to pass to Todd on the 10 and the speed merchant went over for the score. Yocham converted and the score was 19-0 at half-time.

Crowell counted twice in the fourth quarter, one by Biggerstaff in two plays from the 21 and Culbertson on a seven-yard blast over the middle for the final tally. Biggerstaff ran the extra point over on his score and the pass for extra point was knocked down.

## HAS ANYBODY ELSE—

Wanted to hear what goes on at the Senior meetings?  
 Wanted to beat Archer City?  
 Stayed up until almost midnight listening to "Hill Billy Hit Parade"?  
 Admired Don's and J. P.'s red shirts and Raymond Carter's red and green-shoots?  
 Wondered why so many people insist on making their hair something that isn't?  
 Wondered what "wop" means?  
 Wanted to murder Todd and his next Keys Oklahoma story?  
 Wondered what is going to happen to keep Buz Sawyer from marrying Christi?  
 Remembered that Christmas is just 56 days off and felt a little jangle of excitement already?  
 Really liked the new song sung at the football game?  
 Hoped Raymond doesn't get his car back soon?  
 Wished that F. L. would keep his notebook under lock and key?  
 Wished they could jump out of the window besides Jerry Culbertson?  
 Wondered why Ruth Ann Flynn came over from Paducah Sunday night?  
 Wondered my "Blackie" want to climb the water tower?  
 Wanted the Wildcats to beat Archer City?  
 Wanted a big pep rally Friday?  
 Wished they could miss part of the 5th period class as the pep squad girls do?  
 Wondered which girl would be the first to let a boy wear his volley-ball jacket? (Funna-sounding)

## CAT'S PURR

Hi 'la-all! Since I last tickled your toesies, I've peeked at many a happening.

What would happen if—  
 The 4th period English IV class didn't have an argument every morning?  
 Dalton and Tommie were not always together.  
 Mary Ruth came to school five days a week.  
 Pat Rhodes could remember her own phone number.  
 Floyd and Posey broke up!  
 Wonder why—  
 Julia Rose is always broke!  
 Buddy Rader always looks like he's taking his last step!  
 Joline is always interested in the end position in football.  
 Jean Gamble was so excited over the week-end.  
 Things we never expected to see: Billy Johnson and Peggy Weaver.

## GROVER AND BETTY TOGETHER AGAIN

Faye Jones and Dick Traweck. "Sweetpea" and "Blackie" White. Well-well! Seen around town were: Hack Norman and Margaret Thompson. Did you enjoy your walk, Hack?  
 Maggie Evenson, Rusty McNeese, Clifford and Clara were making the rounds Saturday nite. My! This is more good news!  
 Fatsy Fox and Billy Lynch.  
 Our usuals: Edna Jewel and Rouse Todd.  
 A note to one of our ex-seniors: "Martha, will you please make up your mind so a certain football player will know where he stands!! (pd. adv.)"  
 Things we never expected to see:  
 One day go by without someone's falling out of a chair.  
 Mrs. Sloan with a neat desk.  
 Maggie Ray without gum.  
 Rusty without Mary Alice.  
 The latest gab:  
 Who is Bobby Acres' new boy friend?  
 Mary Ruth and George McNeese were doing o. k. Saturday night. Power to you.  
 Have you noticed the two cute freshmen—Melba Ward and Barbara White?  
 Billy Joe, LaVerne, James and Joicy were making the rounds Saturday night.

Please take notice: Myrtle Bartley isn't dating anyone in particular!! (pd. adv.)  
 After the game Friday night Harold Thomson escorted Peggy Pittillo home.  
 Well! Well! The love bug bites none other than Betty Brock and Presley Thomson!!  
 Congratulations, Melba, on your very good lassoing! After all, not everyone can tie someone as far away from them as Abilene.  
 Well, comb your hair and brush your teeth. I'll be seeing 'ya next week. Love and lollipops... to my favorite sucker—  
 The Cat's Tail.

## DRIVING YOUR CAR TO SCHOOL?

What a thrill! You are taking your car to school at last. After many hours of beating, you find yourself actually driving the car. You could see no point in your parents' persistent arguments about being careful because of your inexperience at handling a car. You came out with a ninety on your drivers test, so why should Mother and Dad think you aren't efficient? After all, Dad only made an eighty on his driver's test. Don't be too critical of this advice because your parents have been driving an automobile much longer than you.

**STEER CLEAR OF TIRE TROUBLES**  
 BEAR THE BANNER OF SAFETY  
 for Greater Tire Mileage!  
 Wheel Un-balance and Mis-alignment literally eat the rubber off of your tires. Worn tires are an invitation to dangerous blowouts—why not take steps NOW to have Wheel Balance and Alignment checked. Tests can be made in a few minutes, stop in TODAY!

**REED'S PAINT & BODY SHOP**  
 DRIVE WITH SAFETY  
 VERNON, TEXAS

A new process known as "cold rubber" has been perfected that is said will add 30 per cent to the life of synthetic tires. The new rubber known as "cold rubber" is made at a temperature of 41 degrees Fahrenheit and tires equipped with the new "cold rubber" tread, will, it is said, give 40,000 miles of service. Rubber plants expect to be producing around 183,000 tons of the new rubber within a year.

**ANNOUNCEMENT**  
**DR. W. O. ERVIN, Optometrist**  
 Paducah, Texas  
 I will be in Crowell, Texas, on Tues. of each week between 8:30 a. m. and 5 p. m. Eyes examined and glasses prescribed.  
 In the offices directly behind Wishon Grocery, formerly occupied by Drs. Altaras and Gilmore.

**I help farmers to farm FASTER**  
 I'll show you how to farm faster... and better, too... if you'll let me demonstrate a new Ford Tractor right on your farm. I'll prove that, with a Ford Tractor, you can keep gaining on your work instead of getting behind. You have no idea how much time you save with Hydraulic Touch Control of implements, new, faster 4-speed transmission and a lot of other advantages this new Ford Tractor has. And, my service is the best. So how about telling me to bring out a Tractor and put on a demonstration? There's no obligation.

## True Wisdom

Lesson for October 31, 1948

WHAT is the most important thing in the world? What is worth more than anything else? Some would say Money; some Power; some Goodness; some Truth. Another answer is given by the writers of a group of books, two of which are included in our Bible.

"Wisdom is the principal thing; therefore get wisdom; that is to say, the fear of the Lord." (Proverbs 9:10)

Other writers in the Bible divide the human race into the Good and the Wicked, or the Believers and the Unbelievers; but these writers see mankind as the Wise and the Foolish. The books they wrote (especially Proverbs) were intended particularly for those who are so far neither foolish nor wise—that is to say, the young.

KNOWLEDGE IS NOT WISDOM

Wisdom (as these writers use the word) is not the same thing as knowledge. A person may know a great many things and still be a fool. Or he may not even know how to read and write, and yet be wise. Some modern writers have said: Knowledge is knowing what to do; skill is knowing how to do it, and virtue is doing it. Wisdom is all of these put together.

But the special feature of the "Wisdom Writers" is this: True wisdom begins with the fear of God. "The fear of the Lord is the beginning of wisdom . . . the knowledge of God is understanding." In other words, wisdom without religion, with faith, is foolish after all.

We can see how in our times the story of the Nazis has shown this once more to be true. The German Reich of 1933-1939 had the best of science and still did not have scholarship and wisdom and "knowhow" in many fields; but they rejected God and defied his church—and so a nation was destroyed.

We too may profit by their example. We of the western nations, have wealth and technical skills, beyond any other peoples, we have the atom bombs—but have we the wisdom without which all these things are but as torches in the hands of madmen?

UNIVERSITY ON ANTHILL

Knowledge may be expensive. It costs a great deal of money to know what it takes to be an engineer or a surgeon. Wisdom, strange to say, is less expensive. It is in fact on such a low shelf that most people pass it by.

Consider where the "Wisdom Writers" tell us we may learn wisdom. One place is experience. "Experience keeps an expensive school but fools will learn in no other way and hardly from that," says a more modern proverb.

Many of the proverbs in our Bible are simply distilled drops of experience. "A soft answer turneth away wrath, but grievous words stir up anger," for example. Do you need an angel from the sky to tell you that?

Another source of wisdom is just Nature herself. "Go to the ant, thou sluggard (lazy fellow); consider her ways and be wise." A lazy man is a fool; but how shall he learn to be wise? Not by reading books—just by watching the ants.

INSPIRED COMMON SENSE

A former governor of Virginia used to say that during his term of office he received more practical help from reading Proverbs than from any of the books on political science in his library. For the science, or the art, of government is simply one special kind of common sense.

Some people think that Inspiration is always mysterious and that the Holy Spirit would not stoop to inspire what we could learn in any ordinary way. But the Christian church, when it declares Proverbs (for example) inspired, expresses her belief that there is such a thing as Inspired Common Sense.

God may speak to us, and does speak, if we listen, in the advice of our parents, in our everyday experiences, in the hard-working ant and the majesty of the soaring eagle. All truth is God's truth even when we find it in our own backyard.

## Forty-Five Counties Send Tots to Gonzales Warm Springs Center

Gonzales, Texas—Texas' own warm springs treatment center for crippled children is now doing its part in alleviating suffering and physical damage caused children stricken by polio in the current epidemic. Children from forty-five Texas counties are now being given treatment at the Gonzales Warm Springs Foundation hospital.

Requests for beds at the Foundation are steadily increasing as hundreds of those stricken with polio this year begin their long convalescent and rehabilitation period. Complete care is offered at the Warm Springs treatment center under the direction of an active staff of 21 outstanding doctors. Skilled nurses, physical therapists and other technicians at the Foundation work under the guidance of Dr. Peter M. Keating, resident medical director who is well-known in medical circles of the nation.

"Every Texan can be proud of the Gonzales Warm Springs Foundation and the work it is doing," Ross Boothe, president of the charitable organization said. "Our hospital is approved by the American College of Surgeons and our work has the backing of leading health agencies and organizations. The Foundation is now placing its full facilities at the disposal of every county in the state, for the use and benefit of physically handicapped children."

"The purpose of the Foundation is to provide the best facilities for the treatment and care of crippled children," Boothe continued. "The services of the Foundation are available to all agencies working for the betterment of crippled children, as well as to individuals."

Since opening in 1914 with two buildings and 26 beds, the Foundation has been expanded until now it has six major buildings and 110 beds.

VETERANS' QUESTIONS AND ANSWERS

Q. I am a disabled veteran. Am I entitled to increased compensation because of my dependents?

A. If your disability rating is 60 per cent or more, you should submit to Veterans Administration documentary evidence of the existence of a wife or child or evidence of dependency of your parents so that you may qualify for increased compensation payments under Public Law 877 of the 80th Congress.

Q. My father is supporting a large family. May I claim him as a dependent while I am in training under the G-I Bill?

A. Dependency will be held to exist if your father does not have an income sufficient to provide reasonably maintenance for himself and members of his family.

under legal age, or members of his family otherwise dependent by reason of mental or physical incapacity.

Q. I am going to college under the G-I Bill and would like to know whether I will have to refund the tuition if I leave school before the end of the school year.

A. If you drop out of college before the end of the period for which tuition has to be paid by VA, you will have to pay VA for the time you did not attend school or you will lose the training time covered by the payments.

Q. Is the amount of disability compensation in any way affected by the amount of money I earn or receive from other sources?

A. No.

Wholesale prices in the week that ended Sept. 18, hit all time high for the sixty years the Bureau of Labor statistics has been keeping records. A new record of 169.4 was made. The previous high of 167.2 was in May of 1920. The index is determined from the selling price of more than 900 items. In the same week the Bureau reached a new high in weekly earnings of factory workers. The average was \$53.86.

## W. S. C. S. Observes Week of Prayer in All-Day Service

The annual "Week of Prayer" was observed by the Woman's Society of Christian Service and Henry Circle of the Methodist Church in an all-day meeting held at the church on Monday, Oct. 25. The program was opened with quiet music by Mrs. S. T. Crews, followed by singing "The Kingdom Is Coming."

Mrs. T. B. Klepper was leader of the morning program and told some things about the work of the WSCS on foreign fields. A prayer was offered by the leader. Mrs. Henry Borchardt brought the devotional on the theme, "Be Still." She said that if God's guidance was desired, one must be still and commune with the heavenly Father.

Mrs. Aubrey Haynes, Mrs. J. N. Ribble, Mrs. C. R. Bryson, Mrs. R. R. Magee, Mrs. S. S. Bell and Mrs. Hubert Brown gave informative talks on the subjects, "The Light That Shines Again," "The Light School in Shanghai, China," "Alumnae of McTyre," "Cooperation in Giving," "Christian Nurses in China."

A story from the World Outlook, "Saved to a Happy Life," the story of a once deserted little waif, now a happy child, due to the loving care in a missionary home in China, was reviewed by Mrs. F. C. Brooks. A special missionary song, "We've a Story to Tell to the Nations" was sung by Peggy Weaver, Rondyn Self and Joyce Thomson, accompanied by Jane Bruce. All four were dressed in Japanese costumes.

In the consecration service led by Mrs. Haynes, the morning offering was taken with the group remaining at the altar for prayer for the work which is being done at home and abroad.

A luncheon was served at the noon hour at which Mrs. M. J. Girsch offered the invocation.

With Mrs. S. T. Whitaker as leader, "Holy Spirit, Truth Divine" was sung. Mrs. Hines Clark gave the devotional on the theme "Silence and Discovery." "Open My Eyes That I May See" was the prayer hymn. Mrs. Whitaker stated that the afternoon program was based on the work of the WSCS on the home fields.

Mrs. R. R. Magee, Mrs. W. B. Tysinger, Mrs. H. C. Norman, Mrs. J. W. Bruce, Mrs. A. Y. Beverly, Mrs. G. L. Cole, Mrs. M. S. Henry and Mrs. Richard Ferguson assisted with the afternoon program on the topics, "Wesley House Activities," "The Latin American Social Center at San Marcos," "The Work of the Garden Creek Community Center at Oakwood, Va.," "The Church, the Spiritual Food," "The Church Responds," "The Present Program," "The Present Needs in our Future Program," and "The Work of Lavinia Wallace Young Mission at Nome, Alaska."

After the consecration service, a prayer by Mrs. Haynes dismissed the service.

## Hallow'en Carnival Sponsored by PTA Sat. Night, October 30

The Crowell PTA has completed plans for a Hallow'en Carnival to be held at the Foard County Court House on Saturday evening, Oct. 30. The plans include all the fun-making attractions of a regular carnival.

Each room of the Crowell school will be responsible for a booth or some plan for the promotion of the success of the carnival. Everybody in town and county is invited to attend the carnival which will be held inside the Court House and also on the Court House lawn. The opening of the carnival will be preceded by a parade.

The parade will be under the chairmanship of Mrs. Vernon Newland and will form at the Christian Church at 5 o'clock. Each room will have an entrant in the parade and three prizes will be awarded, one in the Primary division, one in the Intermediate and one in the High School section. Judges will declare the winner in each division, as to the cleverest idea and the best representation of that idea. Immediately following the parade, the booths of the carnival will be opened and the carnival will begin. Plans for fun and a big time for all have been perfected.

## Substitute Clerk at Thalia Post Office to Be Selected

Examinations have been announced throughout the State of Texas for positions of substitute clerks in Third Class Postoffices where employees do not have civil service status or where vacancies exist.

Mrs. Inez Spencer, Crowell, Texas, secretary of the Board of Civil Service Examiners, Crowell, Texas, states that she will hold an examination for the following third-class post office — Thalia, Texas.

The examination for the above post office will be held at Crowell on November 20, 1948, commencing at 8:30 a. m. Applicants to be examined for this post office must actually reside within the delivery of the post office at which he desires employment or be a bona fide patron of that office. Persons employed in a third-class post office are considered patrons of that office. An employee in a third-class post office who does not have civil service status should apply for this examination if he wishes to qualify for permanent employment.

Applications and further information can be secured from the Crowell post office.

**COTTON BALANCE SHEET**  
Austin, Texas.—World production of cotton this year will equal if not exceed consumption, Dr. A. B. Cox, University of Texas professor of cotton marketing, reported.

This should be a signal to cotton growers to readjust their farming operations to a relatively lower price level for cotton. Fortunately for the United States most of the increase in supply is a result of a record yield per acre which has generally served to lower cost of production.

The world demand for cotton is very large provided the people of the world have the means to buy. There are two sources of buying power for cotton at the present time: the exchange of goods and services and the policy of the federal government to help finance the recovery of the war-torn countries, especially in Europe.

The present supply of American cotton is not burdensome provided proper merchandising policies are followed.

Life insurance paid to policy holders and beneficiaries in the United States during 1947 totaled \$2,971,201,000.

A total of all life insurance owned by Americans is \$188,000,000,000.

Moving accident victims requires so much skill and knowledge of the nature of the accident that even doctors dread it.

## Uncle Sam's Selective Service

(Editor's note: Below is one installment of a series of questions and answers on the second peacetime military training program. It has been prepared under the direction of the Texas Director of Selective Service, Maj. Gen. K. L. Berry.)

### REEMPLOYMENT NO. 2

Q. Suppose a man is taken from a job with a government agency in the executive branch of the U. S. government and that agency is no longer in existence when he gets out?

A. Every attempt will be made by the Civil Service Commission to find a similar position for him in another agency which is either vacant or held by a person having a temporary appointment.

Q. How about a man who holds a job in the legislative or judicial branches of the federal government?

A. He will be restored by the officer who appointed him. In the case of a job in the legislative branch, if it is not possible for the person to be restored, an attempt will be made to appoint him to a position with an executive agency of the federal government.

Q. What are a man's reemployment rights under the Selective Service Act if he enlists?

A. He has same rights and benefits as inductees, if it is his first enlistment after June 24, 1948, the period is for not more than three years, and is honorably discharged.

Q. What if his period of enlistment is extended by law?

A. The same rights and benefits prevail.

Q. What if he voluntarily extends his enlistment?

A. The reemployment rights and privileges no longer prevail.

Q. What about men in the reserves who may be called to active duty?

A. Upon relief from active duty under honorable conditions, they have the same reemployment rights and privileges, provided they are relieved from active duty not later than three years after entering upon active duty or they make a bona fide attempt to get relieved as soon after the three years are up as is possible.

Q. Who will render aid in the matter of reemployment rights to these men who have been placed on active duty in the armed forces of the Coast Guard and Public Health Service?

A. The Secretary of Labor, through the Bureau of Veterans' Reemployment Rights.

There are 10,000,000 accidents of various kinds in the United States each year.

More new life insurance was purchased in the United States during 1947 than in any year the history of the life insurance business.

Two-thirds of the life insurance owned by policy holders in the United States consisted of ordinary or straight life policies.
