Test Pilot of 1960

It's HARD to tell... but EASY to pick a winning

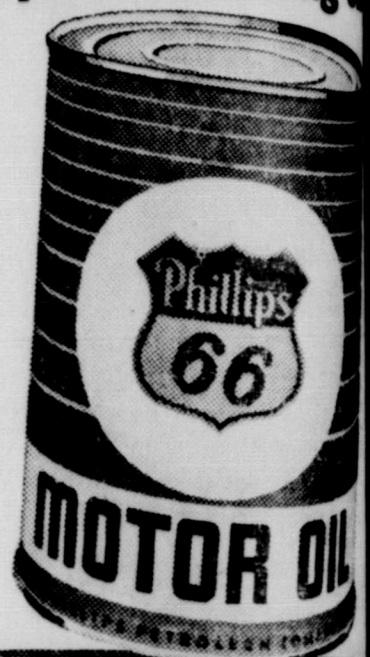

MODEL airplanes, powered with twisted rubber bands or miniature gas engines, zoom and soar in competitive meets. Will their young builders be the test pilots of the future?

Experience has shown that the great pilot of tomorrow is just as likely to be a farm boy who has never seen a model plane, as it is to be a youngster with uncanny building skill.

Yes, many things are unpredictable. But when you want to select a winning oil for your motor, you can make a choice with certainty. This is why:

The great Phillips refining organization makes a complete and frank statement, which does away with doubt. Note there is no hedging, no reservation. We say plainly: if you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer.

Next time you need oil, pick a winner. Whether you are merely adding a quart or draining worn and tainted oil that has gone through cold weather, ask for Phillips 66 Motor Oil at the Orange and Black 66 Shield.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—James E. Ferguson, twice elected governor of Texas, and his wife Miram A. Ferguson, who also received the highest office in the state twice at the hands of the voters, has been the beneficiary of more political "breaks" than any modern politician.

His first election came as the result of a crisis in the affairs of the farmers of Texas, at a time when the farmers cast the majority of votes. He capitalized on their economic plight to project his candidacy, and won. He was re-elected, but was impeached, and forever barred from holding public office in the State again.

Then, when the Ku Klux Klan issue split the State and engendered a ferocity of political conflict that has not been equalled before nor since, Jim seized the opportunity to launch the candidacy of his wife, and won again. The scandals of the Highway department encompassed Mrs. Ferguson's defeat at the hands of crusading young Dan Moody. Then followed the Sterling regime, which, by its stumbling ineptitude, created another opportunity for a Ferguson comeback, and Mrs. Ferguson was elected again.

Last Saturday night at Waco, Ferguson, now aged and but a faint shadow of the fiery campaigner who made the people howl "Pour it on, Jim" from one end of Texas to the other in his hey-day, tried desperately to hitch the Ferguson wagon to the Roosevelt third-term star, and create another opportunity-born term as Governor for his wife. Most of his campaign speech was devoted to his advocacy of a third term for the President.

Upon the question of whether Jim has guessed right again depends, in large measure, the outcome of the present gubernatorial race. There is unquestionably an opportunity, created by the record of W. Lee O'Daniel, for an upset in the Governor's race. Ferguson believes that he can capitalize on that opportunity. Most political observers here, at this stage, believe that he cannot. The voters will decide next July.

Charley Ashcraft and family of Lockett were visiting relatives and friends here Sunday.

Lester Martin of Bomarant spent the week-end with his parents, Mr. and Mrs. A. H. Martin.

Win, lose, or draw University of Texas campus politicians have assured a niche in social history. The University's library staff is now shelving samples of the annual political propaganda of the annual spring election. For study by some future social historian all candidates, leaflets, cards, tags and signs are being filed with the collection that began before the World War.

The bite of a cobra produces almost instant death. It acts on the nervous system paralyzing breathing and causing death from suffocation.

Meanwhile, there was little activity otherwise on the gubernatorial front. The chief interest was in uncertainty that surrounds the future course of Railroad Commissioner Ernest O. Thompson, after announcing he would run for Congress to succeed Marvin Jones, of Amarillo, who has been tendered a Federal Judgeship, was rumored at the week-end as ready to re-enter the governor's race, following reports that Jones did not intend to resign soon, but would serve out his term in Congress before going on the bench.

Harry Hines, opposing the sales tax, outlined his plan for raising \$15,000,000 for social security and other purposes by increasing the tax slightly on oil, gas and sulphur, plus increased levies on corporation franchises. His program so far is by far the most moderate of any of the candidates, the others advocating \$50,000,000 a year and upward of new levies. Hines told a radio audience the \$10,000,000 tax advocates hope to have another two years of inaction, declaring they know the legislature will never add such a tax burden. His \$15,000,000 program, he declared, is possible of passage, and will meet adequately all necessary needs of the social security and teachers' retirement programs.

From the O'Daniel camp came only the word that Leon, the tenor singer and chief banjo strummer of the Hill Billy band, had quit the Governor and was urging his friends to vote for Jerry Sadler. That doubtless will prove a sad blow to O'Daniel's campaign.

The Railroad Commissioner's race apparently has degenerated into a free-for-all brawl, after announcement that Lon Smith would not run. Apparently, several persons named Smith believe they can capitalize on the name, and have entered. Added to the dozen candidates already in the race, their announcements make it appear that the voters may have to pick from a list of 20 or 25 potential Railroad Commissioners, when the ballots are printed. All candidates this week were scrambling for campaign contributions, and the political activity was hardly discernible. You grease that oil on the campaign wheels, and there is so much uncertainty about the two main races that the grease-givers appear to be strangely reluctant to lubricate this early in the season.

THE FAMILY DOCTOR (By John Joseph Gaines, M. D.)

Dirt We family doctors, who find our living "out among the sticks," somehow form a very close acquaintance with the dust to which we all some day must return. This letter may be of more than passing interest.

Dirt is regarded as the chief enemy of our great hospitals; every effort is directed here to extermination of every atom of, possibly, germ-infested dirt. But we country doctors find means of getting along with it!

I remember once taking care of a patient who was in the squalid quarters, and I do not remember of having encountered a filthier case! The old, ragged quilts and greasy blankets were not changed or aired for six weeks; the room was a northeast exposure where the sunlight was practically an unknown quantity. The patient was filled with the venom of the hideous disease; he did not look like a human being.

My visits here were very circumspect indeed; I did not remove my overcoat nor did I trust myself in one of the rickety chairs—I delivered my message and medicines standing. I sprayed myself with formaldehyde before leaving the room.

This man made a most marvelous recovery; he simply had the constitution to "best" all the infection. He has lived at least 25 years and is in perfect health today.

This would tend to convince us that dirt does not always kill. I have seen dozens of patients that lived like swine make the most astonishing recoveries from serious disease.

But this is not by any means an argument for carelessness in treatment; we shall go on guarding against all chance of infection with all our souls and bodies. That the dirty patient gets well sometimes is more a matter of luck than intelligence.

Referring a good idea to a committee is equivalent in many instances to consigning it to the cemetery.

What We Think (By Frank Dixon)

It is a common thing in every community to hear the taxpayer referred to as though he were a menace to the community. His opposition to an extravagant bond issue is always a target for the stings of those who pay little or no taxes.

Two Crowell Boys to Receive Degrees from A. & M. College

Crowell has two candidates for the degree of bachelor of science at Texas A. & M. College, to be conferred Friday night, June 7, according to a news release received from the college.

A total of 42 are candidates for advance degrees, and for the first time in the history of the college, the degree of Doctor of Philosophy will be conferred.

Candidates for baccalaureate degrees include 575 for Bachelor of Science; 26 Bachelor of Arts; 10 Bachelor of Architecture; 4 Bachelor of Petroleum Engineering; and 38 Doctor of Veterinary Medicine.

Wilbur Leonard Rehkemper, Dallas, will receive the degree of Doctor of Veterinary Medicine and Bachelor of Science, in science.

Candidates come from 304 Texas cities and towns, 37 cities in 25 states, and 4 foreign countries, including two candidates from Mexico.

Let's see who is the taxpayer in the average community? Is he the man who lives in the big house at the edge of town with a yard man, and two servants in the house.

No this isn't the picture of the average taxpayer of the average small American community. There may be one or two such in the community but the rank and file of those who make up the class of American taxpayers in the average American communities are quite a different group.

The average American taxpayer in the average small American town lives in an average small home. He owns his home, having purchased it through the savings of several years.

The average taxpayer works long hours and practices strict economy and thrift and self-denial that he may meet his obligations when they come due and be able to pay his taxes.

The wife of the average taxpayer works and saves to help him. She too practices rigid economy in the management of the home.

Each day he takes up the load cheerfully. He bears the burden without resentment. He forgives and forgets the unfair and unthinking harshness of his critics.

The purpose of this regulation is to guard the health of the citizens of Crowell.

30th Annual National Council Meeting of Boy Scouts of America Will Be Held May 9-10

The national leaders of the Boy Scouts of America who will have prominent rolls at the 30th annual National Council meeting to be held at the Skirvin Hotel, Oklahoma City, Okla., Thursday and Friday, May 9 and 10, are men from various fields of endeavor.

The President of the National Council, Walter W. Head of St. Louis, Mo., who will preside at the meeting, is president of the General American Life Insurance Company. He is a farmer and banker and one of the leading business men of the Middle West. He is director of the United States Fidelity and Guaranty and a number of other large corporations. Mr. Head was president of the American Bankers' Association in 1923-24.

Mr. Head was born 62 years ago on a farm, near Adrian, Ill. Completing his education in public and normal schools, he entered the school teaching profession, but in 1903 he gave up this occupation, and accepted a position in a small bank at DeKalb, Mo. Three years later he became a state and subsequently a national bank examiner. In 1908 he became cashier of the American National Bank of St. Joseph, Mo., which position he held until 1917. Then he became chief executive officer of the Omaha National Bank.

His connection with Scouting dates back to the World War days when he became active in the Scout Council at Omaha, Neb., later becoming chairman of Region 8, comprising Scouting in Colorado, Iowa, Kansas, Missouri, Nebraska and Wyoming. He is elected to the Boy Scouts' National Executive Board in 1919 and since 1924 has been President of the National Council. For several years Mr. Head has had the record of personally participating in more local council gatherings than any other of the National leaders in Scouting.

Col. Theodore Roosevelt, eldest son of former President Theodore Roosevelt, has been a member of the National Executive Board since 1919, becoming a vice president of the movement in 1935. He is vice president of the publishing firm of Doubleday, Doran & Company.

While Governor of Puerto Rico from 1929 to 1932 and Governor General of the Philippines from 1932 to 1933, he devoted himself especially to the interests and welfare of underprivileged children. Col. Roosevelt has always felt a special interest in the movement owing to his father's active co-operation from the time of its organization in America in 1910 until his death in 1919. As an outdoorsman he has identified himself actively with the Scout program and enthusiastically and wholeheartedly identifies himself with the work of every Scout committee of which he is a member. He has led expeditions to the Himalayan Plateau, Central Asia and the jungles of Indo-China. In addition to his high posts in Puerto Rico and the Philippines he was also Assistant Secretary of the Navy.

Undoubtedly the best known outdoorsman connected with the Boy Scouts, who is expected at the meeting is Daniel Carter Beard, known to boyhood the world over simply as "Uncle Dan."

He will be 90 years old on June 21st, and on the following day, more than 70,000 Boy Scouts will pay their respects to him at the World's Fair in New York. June 22 has been designated as Boy Scout Day at the World's Fair.

"Uncle Dan" Beard is the National Scout Commissioner. Thirty years ago he was one of the founders of the movement in America and he has had an active role in the three decades. An Associate editor of "Boys' Life," monthly magazine published for all boys by the Boy Scouts of America, he also is the author and illustrator of his own page in the magazine through which he has delighted countless boys of several generations by his nature stories and helpful hints on life in the great out-of-doors.

He was born in Cincinnati, Ohio, on June 21, 1850, and spent his boyhood there and at Covington, Ky. Both cities are in a section of the country where the memory of Daniel Boone's exploits are widely known.

Former Resident—

"Tomorrow, April 30, 1940, will be fifty-one years since I opened school on Monday at Old Margaret. Immediately after school 'took up' I put to the entire school the following question: 'What historical event took place 100 years ago today?' where did it take place?' I will leave the question with you for some of the pupils in your public schools to answer.

"I will give you the following names, as best I recall, of some of the pupils present that day—Miss Ora Grimm, Miss Ellen Colthorp, Miss Hettie Doolin, Miss Nora Anderson, Miss Valera Walton, Miss Mary Newberry, Miss Roxie Ayers and Miss Lizzie Collins; some of the smaller children were Edna Thacker, Sadie and Margaret Wesley, Carrie Allee, Kitty Anderson, Mollie Ayers, and others whose names I can not recall at this moment.

"Now the boys—Allen Newberry, Jodie Collins, Eph Dunn, Hervey Wesley, Will Grimm, Bob Allee, Dempsey Wright, the Boren boys, Willie and John Dunn, Sam and Joe Moore, Sim and Will Gamble, Horace Doolin, Art Rambo, Mary and Arrie Adams, (daughters of Dr. Adams). I can hardly realize that was 51 years ago."

Dr. Hanna Will Remain in Quanah

Dr. J. J. Hanna, eye, ear, nose and throat specialist in Quanah for many years, who, some weeks ago made plans to leave that city on May 1, stated in a letter to The News this week that his plans have been changed and that he will not leave Quanah, but will continue his residence and practice there.

Dr. Hanna had been connected with Quanah and the Quanah Clinic so long that it would be difficult to think of one without thinking of the other. No doubt, the news that he will continue to live in Quanah will be gladly received by his many friends in this section.

"We wish to pay our compliments to the sheriff and county attorney departments of this county for the splendid work in enforcement of law. It appearing to the Grand Jury that, since the previous session of this court, that there have been but two felony offenses committed, so far as we have ascertained for our investigation.

"We have found from our investigation that certain parents have in a way been somewhat careless and negligent in the proper parental control over their children, especially in this true with some of the younger girls in certain parts of the county.

"We, therefore, recommend that such parents be more faithful toward their parental duties by keeping in closer contact with their minor children. It is our opinion that if parents would follow this recommendation and give their hearty support to the peace officers in attempting to abolish undesirable places for the youth of this county, such as commonly known as honky-tonks, which, in our opinion is a menace to society and an incubator for crime. We appreciate the fact that there are but few of such places in this county and we recommend that the citizens of the entire county continue to co-operate with the peace officers to keep our county clean of any such places of amusement and especially any such of vice and crime.

"There being no further matters called to our attention we pray the court to be discharged for the term."

Foreman of Grand Jury.

The Golden Text is: "The way of the Lord is strength to the upright; but destruction shall be to the workers of iniquity" (Proverbs 10:29).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For the grace of God that bringeth salvation hath appeared to all men, teaching us that, denying ungodliness and worldly lusts, we should live soberly, righteously, and godly, in this present world" (Titus 2:11, 12).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Reason is the most active human faculty. Let that inform the sentiments and awaken the man's dormant sense of moral obligation, and by degrees he will learn the nothingness of the pleasures of human sense and the grandeur and bliss of a spiritual sense, which silences the material or corporeal" (page 327).

First Methodist Church We are glad that we are back with our church after an absence of two weeks in a revival, which was a success, and will be glad to see and greet each member in the services next Sunday.

We are nearing the time for our revival which will begin the 19th of May. We wish that all members would give the best that they have to the work of the revival. Our success depends on the loyalty and love of each member of the church. We want the church to be the best and biggest institution in our town, and it can be with the co-operation of every member.

Some one has said that the success of any institution depends upon the loyalty of the members that make up the institution, but we spend most of our time making excuses for not doing what we

FOARD COUNTY Softball News

Softball fans got their money's worth here Tuesday night when the Crowell Aces nosed out the Rayland team, 11-10, in a hotly contested match to go into a tie for first place with Rayland.

With victories recorded by Margaret and the Aces this week, the race in the Foard County Softball League has changed to the point that determining a winner would be difficult as all teams are within striking distance of each other and by the time that the teams have played again the standing might be changed all the way around.

The Aces took an early lead over the Rayland boys and in the fourth were leading 6-2, but in the fifth Rayland rallied to tally six runs to capture the lead at 8-6 and the last four innings of the game were closely contested. Three runs in the eighth gave the Aces a 11-10 lead which they protected in the last inning.

The Margaret team won its first league game Monday night when they upset the Crowell Oilers by a 7-1 score in one of the best played games under the lights this season. Margaret utilized 8 hits to tally 7 times, while the Oilers were unable to "cash in" on their 5 hits. Nine errors were committed during the tilt. Five "bobblies" were marked against the Margaret boys and 4 against the Oilers.

In the last game of last week, played on Thursday night, the Crowell Aces raised their standing when they dumped the Margaret boys by a 9-5 score after leading from the start of the game. During the late innings, the Margaret ten threatened but their rally fell short of the lead piled up against them.

Games Next Week Rayland will be featured in the play of next week. On Thursday night and Rayland returns to the ret. The Crowell Oilers and the Crowell Aces tangle on Monday night and Rayland returns to meet the Oilers.

Our Weekly Sermon

By Max I. Reich, D. D., Director of Jewish Missions Course, Moody Bible Institute, Chicago. If Christ Be Taken From Us...

Text—They have taken away the Lord.—John 20:2. Mary Magdalene's heart broke when she saw the tomb empty in which the body of Jesus had been placed. She supposed that the body had been taken away by the enemies of her Lord.

How would we feel if we found that the Lord was not a present fact with us? That is the test whether we really know Him and love Him. 1. Suppose it were to come to pass that He was taken out of the life of the world. Would not life degenerate? Would it not lose its zest and objective? Would not the earth be to those who love Christ an empty sepulchre? 2. Suppose we lost His companionship and guidance, His consolations and protection. Would we still feel that life was worth living? The sun would go out for us then. We would feel orphaned

and cast out like driftwood on the wild waves of chance. 3. Suppose our hearts lost His indwelling Presence. Would we not feel cold and empty? Would not the scum of our inbred corruptions come up and we would be powerless to restrain its activities? 4. Suppose the wisdom of this world were to tamper with our precious Bible and take every reference to Christ out of it. Suppose we read the Old Testament and did not see Christ in the prophetic predictions, in the typical foreshadowings, in the marvelous unfoldings of history, having Him for its goal. Would not the book lose meaning and coherence? Would not much in it become meaningless? And would not the New Testament cease to charm us, for it claims to be the fulfillment of the hopes and aspirations raised in the Old Testament? The Old Testament is one great question mark, the answer to which is the Christ of New.

5. Suppose Christ were taken out of the church. A Christless church is a dead church and has no reason for its continuance. It is not the spiritual temple of God. 6. Again, what would heaven be like without Christ as its sun and center? Said the poet: "A heaven without my Saviour, It were no heaven to me. Dark were the walls of jasper, Rayless the crystal sea." It is love, not golden streets, or crystal fountain, or diamond walls, or pearl gates, that satisfies the heart. And that love awaits the redeemed, for Jesus said, "I will come again and receive you unto myself."

Do not let NERVES RUIN YOUR HEALTH AND DISPOSITION FOR HEAVEN'S SAKE TURN IT OFF. SENIOR DAY

Thursday afternoon thirty of our class mothers, Mrs. Johnson and Mrs. Brown, and sponsor, Mr. Taylor, left for Galveston. Their trip was in Houston where they visited the zoo and museum. They saw Sam Houston's monument. The next stop was the beach where they viewed the surf and the ocean. Places of interest in Galveston were the Medical School and, of course, the ships from Finland, Spain, South America, and other countries. Here they went swimming, bicycling, and, of course, "car-crazing".

books made. The pupils who won places for the posters were: First, Leon Logan; second, Glenn Randolph; third, Billie Cox; fourth, Charles Diggs.

In the scrap books, Marjorie Young won first; Dovey Barker, second; Jean Scales, third; Betty Zeibig, fourth.

GALVESTON

Merl Sandlin, always quiet on the trip but managed to be around when exciting things were happening.

Ray Steele, actually being a good boy.

Sonny Eddy, keeping his eyes on Betty.

Betty Stinebough, wearing her shoes on the wrong feet.

Bill Russell, Starvation! Always getting a back seat. Wow!

Wilma, watching after Bill.

H. C. Brown, keeping mount' in time.

Vern Joy, reading funny papers.

Jack Fitzgerald, wanting to see Baylor.

Frances Johnson, hiding behind Jack . . . etc.

Blaine Barker, since Galveston was to have their "beard day" soon he started growing his beard.

Joe Spencer, organized the Brother & Sister Nut Club to exterminate the Bolsheviks.

Jenny Coffey, riding the merry-go-round. She must like horses.

Thelma Moore, really got her rest—she always had p-le-n-t-y of room.

Dorothy Winingham, riding wrong buses! More fun!

Glendon Russell, interested in the zoo! Comrades count off!

Ruth Steele, must have been in a bad humor. Helped Mrs. Johnson out.

Elsie Vecera, arguing for Wanda.

Mike Bird, being a pest.

Wanda Liles, dressing up in other people's clothes in the middle of the night and walking down the sea wall.

Foster, buying "s'melly" huraches.

Billy Stevens, sounding off

HOME-MAKING RALLY

Beverly Hughston, Doris Campbell, Mary Ella Rettig, Yvonne Weaver, Mary Evelyn Edwards, and Miss Ruth Patterson attended the home-making rally in Dallas. The girls left Wednesday, April 24, and returned Saturday, April 27. Miss Hazel Todd went with the group. This was the anniversary of the rally.

Yvonne Weaver received highly superior on her dress in the dress contest. Mary Evelyn Edwards received excellent on her dress and excellent in a contest on "Making the home more livable." Highly superior is the highest award; superior is second; excellent is third.

The girls said that they had one more swell time (no wonder, the Aggies were there, lucky girls!)

CAT'S CLAW

A lucky girl! Fay Griffin. Lucky boy! Billy Klepper—catch?

Everyone's holding one's breath or is one? (class?) The battle of the century or sump'n is going on, who will a certain boy's choice be, Syble or Joyce?

Why is it Maxine's so interested in the oil-business right now?

Yvonne didn't do so bad at Dallas, not bad at all! Three A. & M. boys fell just like that for her! Oh yes, of course, the thing of less importance is that she won first on her dress and did she deserve it!

Talking about the old expression of "robbing the cradle"—H. L. Blevins and a grammar school girl. Ah!

Flash! Scoop! Is it "truth or fiction" about Que Meason and Helen Russell? The truth is rumored.

What we want to know is why Sammie Gene goes to the Baptist Church so much for!

What boys in school are haunted forevermore by Coach and Pat?

On the way to Galveston some of the boys organized a "Comrades Club," for which the meeting place was the back of the bus. On the way home it changed to the "Nut Club," and there's nothing "fishy" about it, they were really nuts!

Syble is stepping out with Ralph again and again.

Joe Wallace is even writing poetry to his girl and reading it over the telephone! There's other poetry being passed around too, but . . . well we won't say who!

We hear that this case between Donald and June is well . . .

Billy Diggs is so-o-o-o-o friendly with Beatrice Lewis that some people might even call it "flirting."

Here's hoping the editor doesn't ever leave again!

HIGHLIGHTS FROM DALLAS

It seems that the F. H. T. girls really enjoyed the dance at the Adolphus Hotel ball room Thursday night, or could it have been the F. H. T. boys that were there.

Ask Doris Campbell and Mary E. Edwards if their feet hurt, for they said they "walked down 27 flights of stairs of the Magnolia Building."

We wonder where Miss Patterson and Mary Rettig were Thursday night, because the rest of the girls got in early—11 o'clock. (The editor looked up this technical matter to make sure the girls weren't trying to put one by.)

Say, did you know Doris Campbell had to have her "hand-stirred malt" every day, however, she never got one she liked? J. M. Hill has been feeding her on this ritzy stuff so long she can't drink a plain cherry coke.

The old Irish saying that breaking a mirror is 7 years of bad luck turned out to be wrong. Beverly Hughston broke two mirrors and she's back alive and still single.

Three of the Crowell girls had a great deal of fun, trying to keep an Aggie awake Friday night. His S. M. U. girl didn't like it.

It was a very big disappointment to Mary Rettig when she found out Robert Taylor was dead—only a joke.

Oh boy! Did the F. H. T. girls take the Early Birds in Saturday morning and the Aggies' Choral Club was there singing.

We wonder what Doris Campbell told Beverly Hughston Friday night after the banquet.

STUDENT'S PRAYER

Give us this day an easy test, and forgive us our zeros as we forgive those who make hundreds. Lead us not into copying but deliver us from failing; for thine is the power to tell us even before we begin, the answers to the questions.

State Senator for Railroad Commission

OLEN R. VAN ZANDT

Tioga, April 29.—All politics must be removed from the Railroad Commission to insure efficient administration of the utility and common carrier trucking regulations as the basic step for the proper conservation of this state's vast natural resources.

Senator Olan R. Van Zandt, candidate for Railroad Commission, charged in opening his campaign here today. The Senator's statement reads in part as follows: "Should the great powers vested in the commissioners be diverted from commercial channels into political channels, then the danger must be fully realized by the people. By all means, in so far as possible, the commission should be eliminated from politics. As a business institution, its beneficial work must be keenly felt by every material interest in the state. As a political machine, every revolution of it would menace the happiness of the people."

Two Minute Sermon

(By Thomas Hastwell)

The Wise Man Walks In the Way of the Lord: Though many of them were unschooled as we understand schooling today, there is to be found in the writings of the prophets of old, Amos and Hosea and the rest, many beautiful expressions and profound truths—truths that are just as alive, just as applicable today as 700 years after they were spoken, as they were in the days when these dauntless teachers thundered them at their unheeding generation. What more apt expression, beautifully put, is to be found than is expressed in the ninth verse of the fourteenth chapter of Hosea. After telling of God's boundless and forgiving love, the prophet sums it up by saying, "Who is wise, and he shall understand these things? prudent and he shall know them? for the ways of the Lord are right, and the just shall walk in them, but the transgressors shall fall therein." There is no truth the verity of which has been proven more often than this one, that they who walk in the ways of the Lord shall find happiness and content, and those who transgress them shall

WHEN Your Boy Grows Up!
ALL mothers and fathers want their children to have worthwhile employment when they grow up.
The Texas oil business is manned by Texans . . . the Texas boys and girls of yesterday, 225,000 of them earn good livings for themselves and their families — a yearly payroll of \$271,000,000.
Oil pays good wages . . . maintains reasonable working hours . . . and offers opportunity for promotion.
Old age retirement and unhampered development of the oil business will provide many new jobs each year for our young Texans.
But the growing tax burden is a serious factor in wages and employment, since the Texas oil industry now pays taxes equal to 36 per cent of its labor payrolls.
Unwise laws and excessive taxes can retard and stop the growth of this industry which means so much to the future employment of our boys and girls.

The couple left immediately for a honeymoon trip to Fort Worth, Dallas and points in South Texas.

Mrs. Todd is the daughter of Mr. and Mrs. H. D. Poland of Crowell and was born and reared in this city. She attended the Crowell schools, graduating in 1935 as the salutatorian of her class. The Co-Laborers' Class of the Methodist Sunday School met in a home-coming celebration on Thursday, April 25. The basement of the church was made attractive with cut flowers and the tables for the covered dish luncheon were beautifully arranged and decorated. Mesdames Paul Shirley, Grover Cole, J. A. Stovall, Jeff Bruce, W. C. McKown and Lewis Ballard were hostesses.

The guests assembled in the auditorium until the hostesses invited them into the dining room, where, after all were seated, "Auld Lang Syne" was sung. Mrs. C. W. Thompson gave a welcome to the guests and Mrs. J. R. Beverly responded with appropriate words. "Break Thou the Bread of Life" was sung as an invocation.

A program, with Mrs. Thompson and Mrs. T. B. Klepper as leaders, was rendered in the afternoon. It consisted of vocal numbers, piano music, readings and novelties. Mrs. T. L. Hughton, at one time a teacher of the class, gave a history of the class from its origin to the present time. The diversion, with Mrs. McKown as leader, was clever and provided a jolly finale to a happy day.

About seventy guests enjoyed the occasion, among whom were Mrs. C. W. Andrews, Mrs. Joe Couch and Mrs. J. J. Wright and son, Jacob Julian, of Vernon. Messages were read from several ex-members of the class. Mrs. Eli Smith, of Chillicothe, Mrs. Leslie Moore of Fairview, Okla., Mrs. D. Moseley of Canadian, and Mrs. William R. Wells of Omaha, Nebr.

Home Demonstration Club Organized at Black Last Thursday

The Black Home Demonstration Club was organized at a meeting held at the school house last Thursday, April 25, at which time officers were elected and a demonstration was held by the county home demonstration agent, Miss Joellene Vannoy.

The first demonstration concerned the using of scrap lumber in a frame garden and Miss Vannoy, in opening, said, "Scrap lumber or any other material may be used in construction of a frame garden." If new lumber is used, 1x12-inch planks may be nailed together to make a side wall that is twelve inches in height.

Inexpensive frames may be built from tin or racks as well as scrap lumber. A good grade of cheese cloth should be tacked on one side of the frame and some means of holding the muslin down over the other side and ends should be provided.

If the masses are to ever be leavened then their needs must be met for medical care, educational advantages and church opportunities with community centers ever remembering that Christians are the salt of their immediate earthly environment.

The home missionary cause has advanced because of its loyal followers who have labored and are still laboring in our own beloved America.

Mrs. F. A. Davis told the interesting story of Texas' first opera, Julia Smith of Denton, whose genius, initiative and originality has produced "Cynthia Parker," has thus insured Texas a definite place in the world of opera.

Mrs. Crews was elected to represent the Pioneer Club women at the District Federation which met in Shamrock this week, she having been a member of the Columbian Club continuously since its organization in 1909.

ADELPHIAN CLUB

The Adelpian Club enjoyed a book review at its regular meeting on April 24th. John Quanda's "The Late George" was the book for the evening. Mrs. Sam Bell was leader of the program and gave interesting incidents from the life of New England writer.

Miss Anne Lee Long gave a splendid review of the book which is a novel in the form of a memoir written at the request of George Appleby's son, John Appleby, a satiric portrait of a typical Bostonian. To use Long's exact words, "George Appleby is a lovable character. Marquand has written with entertaining and interesting ease."

Mrs. Floyd Marshall was hostess for the afternoon and served a pretty and delicious refreshment plate.

THALIA 4-H CLUB

A very interesting and successful demonstration was given on accessories April 24 at the Thalia 4-H Club by Miss Joellene Vannoy, county home demonstration agent. Following the demonstration the club went out to the home of Mrs. Mae Hlavaty's to see chicks and frame garden. A frame garden was made of material and is five by two feet.

Due to three of the officers signing, new ones were elected. They are as follows: Fay Thorne, secretary; Theda Thompson and Virginia Hammonds, leaders.

Three new members entered Theda Thompson, Faye Swaz and Florene Thorne.
