ANNUAL COUNTY-WIDE BARBECUE FOR 4-H CLUBBERS SET FOR APRIL 30

The annual county-wide encampment and barbecue for the 4-H Club boys and girls of the county, sponsored by the Foard County Chamber of Commerce, will be held Saturday, April 30, at the Spring Lake Country Club beginning at noon.

Members of the chamber of commerce will assist the various committees and help in every way possible to make this a big day for the 4-H clubbers, Joe Burkett, vice president and general chairman, has announced.

Mr. Burkett says that the annual affair is receiving liberal support from individuals and business firms. Henry Johnson has donated a 150-pound ewe which he and Milburn Carroll will barbecue. Another 125-pound ewe has been given by Jack Welch.

The Club boys and girls will buy a 400-pound calf with some of the profits made from the food sale, Mr. Burkett said. Jack Walker has volunteered his time and labor to kill and cut up this meat. Dock Borchardt and Miller Rader will attend to the barbecuing of the meat for the big dinner.

It has also been announced that Stovall Grocery will furnish all groceries needed at wholesale cost and that Kane's Bakery will sell the bread at the wholesale figure. Jack McCoy has donated \$5.00 to help defray expenses.

Many of the parents and friends of the 4-H Club members will help to prepare the meal and make necessary arrangements.

All expenses, outside of the donations, will be borne by the Foard County Chamber of Commerce.

The encampment and barbecue promises to be one of the largest ever attended by the 4-H Club members, their parents and friends.

Foard County Gets One-Half Inch Rain

Rain that fell over Foard County Monday night amounted to almost to one-half inch in Crowell. It was reported to be more in other parts of the county. Foard County never had a better prospect for the production of a big wheat crop than at present, according to wheat men. However, the wheat in the west part of the county is not as good as in other sections, and it is hard to tell now how it will turn out at harvest time.

The cool, damp weather which followed the rain Monday night and continued through Wednesday is of great benefit to the wheat crop. With favorable weather conditions for the next six or eight weeks a bumper wheat yield is expected to be harvested.

Elevators of the county are being repaired and will be ready to handle a big crop in record time. The Foard County Mill, owned and operated by Hubert Brown, is having a new elevator built near the old plant. The new unit will speed up the loading of the wheat into railroad cars for shipment.

Rev. Gilbert Adds Thoughts on Child Welfare Campaign

Rev. W. G. Gilbert, pastor of the Thalia Baptist Church, gives the following talk on Child Welfare as his contribution to the American Legion efforts toward child attendance during the month of April.

"Our responsibility to our children, the most precious possession we have, is four fold: 1, physical; 2, moral; 3, mental and 4, spiritual. As to the physical, with child diseases such as measles, whooping cough, mumps, bronchitis and the myriads of others on our minds we should be and are always on the alert to find preventives and cures for these ailments, and we secure the advice of skilled physicians and nurses to combat same. Concerning the moral, there are all kinds of influences prevalent in the land, some wholesome, some base and destructive, so we must seek to locate our children in communities where they can and will be guided by men and women of unspotted character. We would not consider allowing our son or daughter to pal with drunkards or whoremongers.

"3. Mental. We feel that the child is entitled to the best education available and parents often make great sacrifices that their sons and daughters may receive the best. No parent should allow his child to be satisfied with a proper preparation. Our forebears could get through life with partial preparation but it is not so now.

"4. The fourth and most important thing is the spiritual preparation. It is the most essential of the four. The Holy Scripture tells us that, as parents, we are commanded of God to teach our children the statutes and judgments of God. Pastors, evangelists, teachers and parents should feel that in the child they are dealing with, they have a creature that is a plastic nature and can be moulded according to the potter's will. This being true, it behooves all of us to know the will of a holy God and to be willing to be moulded into vessels that can be used in shaping lives, for, after all, the men and women of tomorrow will be what we of today make them."

Progress Being Made Raising Funds in Cancer Drive

Progress in the American Cancer Society's membership drive here has been reported by Mrs. A. G. Magee, chairman of the campaign.

"Response to the cancer drive thus far has been satisfactory, but it appears that an extra effort will be needed if our goal of contacting every potential member is to be reached."

The chairman explained that little stress has been made of the actual monetary goal this year.

"We have been assigned a quota of \$200," she said, "but this is a minimum goal. The Texas division tells us that Foard County people should contribute this much if the state quota of \$450,000 is to be raised.

"There is no limit to what we should do in fighting cancer," she added. "If more than this minimum amount can be raised, it can be used to good advantage in our state."

"I have no doubt that the final returns in this drive will far exceed last year's," Mrs. Magee said. "Our biggest problem now is to contact everyone who is willing to give. We have used the mail method and within the next two weeks, we must step up our efforts so that no one will be overlooked."

Vacationers Need to Be Inoculated Against Typhoid

Austin, Texas—The month of April usually brings the first days of near-summer weather to Texas, and literally thousands of Texans commence to make serious and detailed plans for their annual vacation which is of great importance to the health and well being of every man and child.

A vacation can relax nervous tension, bring renewed vigor, and usually supply an opportunity for more sunlight and outdoor activities than is customary for office workers and those of sedentary occupations. But traveling to vacation spots for the purpose of "roughing it" can also bring a serious health menace in the form of typhoid germs from impure water supplies, and for this reason, Dr. Geo. W. Cox, State Health Officer, advises all persons contemplating such a vacation to first be inoculated against typhoid.

"Persons planning a vacation where sanitation standards may not be carefully observed, should protect their health by typhoid inoculation, and thus avoid the risk of serious illness from this debilitating and sometimes fatal disease," Dr. Cox said. "An individual not previously rendered immune, can establish immunity by having one typhoid vaccine injection administered each week for three weeks; if he has kept his immunity for a previous inoculation, one 'booster' shot each year will keep him protected from typhoid."

Dr. Cox warned that impure water is not the only means of spreading typhoid, and cautioned against the careless exposure of food and milk to flies, roaches, rodents, and other germ-spreading pests.

A cubic mile of sea water contains 128,300,000 tons of common salt, 18,000,000 tons of magnesium chloride, 7,800,000 tons of magnesium sulphate (Epsom salts), 5,900,000 tons of calcium sulphate and 360,000 tons of magnesium bromide, besides small quantities

of iodine, iron, copper, silver and gold.

Mr. and Mrs. C. C. Wheeler spent last week-end in the home of her mother, Mrs. A. O. Roberts, of Grapevine.

The calling from private life of two citizens, Herbert Hoover and General Eisenhower, to bring to the government their special and trained knowledge is a wholesome thing. The government should avail itself of every possible source of information the nation possesses.

The next thing is to follow the advice of the two practical trained experts. Unless this is done the calling of them becomes a fruitless gesture.

WASHINGTON NEWSLETTER

(By Congressman Ed Gossett)

Washington, D. C., April 18, 1949—The House recessed last night to reconvene on Monday, April 25. The first thing to come up on the reconvening of the House to the repeal of the Taft-Hartley Act. The repeal of the Taft-Hartley Act is sought through the Administration's bill which is known as the Thomas-Lesinski bill. Mr. John Lesinski of Detroit, Michigan, is the chairman of the House Committee on Education and Labor from which this bill is reported. The Senate bill is authored by Senator Elbert Thomas of Utah.

Labor is now making their last big assault on what some erroneously term "the slave labor bill." Mr. William Green, President of the American Federation of Labor, and Mr. Phillip Murray, President of the CIO, have sent orders to all of their unions all over the United States to have meetings with their Congressman while said Congressman is at home during this Easter recess, and to put the pressure on him for the support of the Thomas - Lesinski bill. I predict that such bill will not be passed; that the Taft-Hartley Act will not be repealed or substantially weakened. There will be some changes in the closed

shop provisions of the Taft-Hartley Act. Non-communist affidavits will be required of both employers and employees, and other minor changes will be made.

Speaking of Communists, those who think we have nothing to fear from communists and radicals within our own country, should read the list of organizations branded as Communist fronts by the Department of Justice and by the House Committee on Un-American Activities. These organizations always have pious, high-sounding titles. The Attorney General's list of subversive organizations includes such names as American League Against War and Fascism; American Patriots, Inc.; American Peace Mobilization; American Youth Congress; National Federation for Constitutional Liberties; National Negro Congress; American Youth for Democracy; Civil Rights Congress; and its affiliated organizations, including Civil Rights Congress of Texas. Others listed by the House Committee, and I believe marked by the Justice Department, include: American Youth for a Free World; American Youth for Democracy; American Student Union; American League for Peace and Democracy; Council of Young Southerners; Institute for American Democracy; National Committee to Win the Peace; National Lawyers Guild; and hundreds of others.

Thus, we have numerous packs of organized wolves masquerading in sheep's clothing. When you add to these organizations many others with good intentions but wrong objectives, we have every cause to be on the alert and to remember that liberty can be destroyed under the name of liberty.

In today's mail, I have a letter from Adam Clayton Powell Jr.,

Negro Congressman from New York City, advising that the Committee on Education and Labor, of which he is a member, will begin hearings on H. R. 21 on May 2. H. R. 21 is the new title for the so-called Fair Employment Practices Commission. Mr. Powell states that the purpose of this legislation is to be abolition of discrimination in employment. In the same mail with Powell's letter, I received one from an engineer in Philadelphia, saying, "In America this matter of race, color and creed received short consideration until the communists, seeking a source for discord, used it to cover their purpose by creating confusion." The FEPC law of New York, prohibits an employer from inquiring of an applicant for a job, his parentage, place of birth, length of time in the United States, whether alien or citizen, or other questions that would delve into his past.

The FEPC and other so-called Civil Rights bills are enthusiastically supported by every communist organization and by every radical organization in the country. Many intellectuals, high-ranking journalists, radio commentators, and entertainers belong to these groups and continuously feed their propaganda to the American public. Except for the political pressure they can bring to bear, they would not get any consideration from the Congress. However, because of their political power, especially in the large pivotal states, they have been able to write much of their program into the platforms of both the Democratic and Republican parties. They constitute a real threat to the best things in our American way of life.

Common House Fly Transmits Diseases to Kill Thousands

Austin, Texas—Countless thousands of lives are lost annually throughout the nation, from diseases that are transmitted by the common housefly. Dysentery, diarrhea, typhoid fever, tuberculosis and many other disabling and even fatal diseases are spread by flies, and the control of houseflies becomes of great importance when considered in the light of public health.

Dr. George W. Cox, State Health Officer, says that in order to protect our families we should make sure our homes are fly-proof through proper screening, and then concentrate on eliminating filth, garbage, and other breeding places for flies.

"See that your windows, doors and porches are screened so that the stray fly from some careless neighbor cannot molest your family," Dr. Cox said, "and make sure that your grocer observes proper sanitation standards and keeps your meat, food and vegetable supplies screened from flies. Then direct your efforts to eliminating all fly breeding places such as open garbage pails, open privies and other filth that offers the fly proper warmth, moisture and food. Flies thrive on filth, and inasmuch as one female housefly will lay from 600 to 1900 eggs per season, it can easily

JUNIOR CLASS PROPHECY

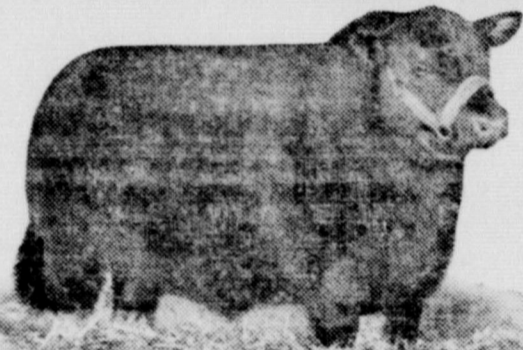

The prophecy committee visited an old negro voodoo woman in New Orleans to obtain the prophecy for the class of 1949.

This old woman is reported to be the supreme Voodoo Queen of Black Magic in all Louisiana. She boiled up a mixture for us of cats' hearts, gila monsters' eyes, owls' feathers, rooster spurs, cobwebs, black widow spiders, deviled ham and eggs, and the blood from two freshly killed vampire bats. She had us write the names of each member of the Senior

class on a slip of paper and drop the papers into the evil smelling mixture. Then she took the papers out of the brew and dried them, and placed them in this container. She warned us against looking at the papers before the appointed time. If anyone dared to look, he would regret it. These slips of paper are supposed to reveal the lives of the Senior class as they will be living in 1960.

The time for the reading of these prophecies of the futures of this great class has come. I shall draw back the veil of time spread over your future lives.

Ful-O-Pep Feeders Sweep Fort Worth Fat Stock Show!

GRAND CHAMPION STEER of the 1949 Fort Worth Show was "Kilroy Returns" shown by Robert H. Johnson of Goldthwaite, Texas. Robert bought this calf from Tommie Brook of Camp San Saba, Texas, a Ful-O-Pep Feeder... and fed him on a ration built around Ful-O-Pep 32% Carle Concentrate. Ful-O-Pep feeders won 6 of the 8 weight classes in the Junior show.

Spring Pasture Benefits in Ful-O-Pep promote health and winning condition

ONLY Ful-O-Pep is fortified with Concentrated Spring Range... scientifically processed from tender, young forage plants.

Like green grass itself, this Vitamin Boost supplies valuable nutrients needed for herd health... fast calf growth... top bloom and condition. It also stimulates the

growth and multiplication of BACTERIA in the rumen—enabling cattle to break down and assimilate grain and roughage efficiently.

This special ingredient—plus quality proteins and organic-source minerals—has made Ful-O-Pep a consistent winner in the showing... on the range.

COME IN OUR STORE. We have a quality Ful-O-Pep Feed for every need on your ranch. And Ful-O-Pep Feeds are priced right for the results they give. See us soon!

The first of you to know your destined road of life is Jon Coffey. Jon Coffey is destined to be an indispensable member of one of the greatest baseball nines in the major leagues. His friends on the team say he is the best water-boy in all the team's history.

I see a captain cutting in on smiling Jack with the lil de-icers. He has a little black book longer than Mrs. Sloan's black list. It is that great campaigner—J. P. Bartley.

One of the class is destined to be president—of that great institution, the Bachelors of America Club. It is Dalton Biggerstaff, and his faithful secretary, Tommie, who is still hoping.

Floyd Borchardt took up dancing after his graduation from high school and attended a famous ballet school in Paris, France. He is now the leading ballet star in a Broadway musical, "My Feet Are Killing Me."

The very recent article, "Why the Gremlin Disapproves of Long Skirts," read in Time Magazine, was scooped by the noted authority on world fashions, Emily Kajs.

Norma and Dorothy Gable operate the famous Southwestern Airlines which makes regular stops at Thalia, Margaret, Riverside, Crowell and Gambleville.

Hark! Is that the lone ranger approaching? Why no, it's Vernon Jones—out on the lone prairie—but he's not alone. One who has been dear to him since high school days is following close behind. Yes, it's his pet hound for coyote hunting, Old Faithful.

Helen Reithmayer is drawing much moola as an editor for Esquire. Helen writes those cute little dialogues for the Esquire cartoons.

If any of the girls are still writing fan letters to Montgomery Cliff, the letters will be opened by his strawberry blonde secretary, Peggy Pittillo. Peggy has been working for him for several years and when questioned about her work she answers, "I just love it, wouldn't you?"

Jackie Wesley, Shultz that is, has a job as head biscuit baker and tester for the Gladiola Flour Company. She is equally as famous for her recipes as Betty Crocker.

Dorothy Thompson, one of the gorgeous brunette models at the exclusive Neiman-Marcus of Dallas earning her living and looking for a rich husband at the same time; she prefers the rich oil man.

A popular radio program is the Cackle Sisters, Maggie Eavenson, Mary Jones, Peggy Evans and Joyce Smith. Their program is on Station WFAA. They fiddle around aimlessly every Monday through Saturday afternoons at five o'clock Standard of Texas time. They also have a television show twice weekly. Both radio and television shows are sponsored by the Arlington Downs Stables.

We see Faye Jones living on a lonely ranch south of Thalia, slaving her life away for her two kids and helping her husband, Willie Lynch, raise horses. She considers rodeo time the gayest time of the year as she and her husband are the star performers.

Jack Murphy considers his life a success in the event of his establishment of a fish cannery on Pease River.

Billy Bond, who was known in high school days for his "little devil" personality, will be an old married man, his wife—the former Jean Gamble. He will be the United States Secretary of Agriculture and especially interested in "raising cane."

Two successful businesswomen who are CHS alumni are Ruby

Jean Odle and Rose Marie Werley. These young ladies left their mark on Wall Street. They are wealthy insurance brokers, and each has a beautiful estate on Long Island.

Walter Caddell is living in Colorado Springs where he has retired at the ripe old age of 29, after making a fortune driving the Truscott school bus and digging prickly pears.

Julia Johnson has her hands full cooking and sewing for George who decided she might just as well be married as going to college where she would probably do nothing but worry about how she would catch a husband.

Clifford Ohr is a big man in the Humble Oil Company. He is chief foreman of sub-surface crew which has established world records—in ditch digging. It is said of Punk that he uses a shovel under him. He uses his shovel to learn.

Alice Richter adds a note to a more dignified position, a brain specialist at Medical Center in Rochester, Minn.

The new bank manager of Crowell State Bank is none other than John Potts, the boy who came up from the bottom starting with only a shoe string.

Floyd Oliver, the scholarly looking student of ole CHS ten years ago, is now working for his master's degree at the University of Texas.

Seen driving along Main Street in his Cadillac not long ago was the fabulous oil millionaire, Baxter Gentry, who some three years ago invested his hand made dollar in some supposedly worthless land near Truscott, which proved to be one of the richest oil districts in Texas.

From her experience during high school days, Mary Johnson is quite successful as ticket puncher at Luby's Cafeteria in Abilene.

Bobby Cato, the famous wig maker, is kept busy supplying his former classmates, now a little on the bald side, with toupees.

A girl who has gained great fame on the gridiron and as head football coach at SMU is Ramona Hammonds, who has found a greater success in football tactics by introducing a new touchdown play.

In this she keeps the sidelines lined with beautiful girls who distract the opponents, and when SMU gets the ball, entices the ball carrier to carry the ball over the goal line and her assistant, Don Walker, three times All American player, agrees with her that this is the greatest touchdown play in the history of football.

Second assistant garbage man in Timbuctu, Africa, is Ray Gable, who has come a fur place from Thalia and his alma mater, CHS.

Bertharene Hardage, better known as "Snaky," spends her time demonstrating snake charming in the Southern Assembly Circuit.

To conclude my prophecies, I prophecy that all of this will not come true.

SENIOR WILL

We, the members of the Senior Class of Crowell High School, County of Foard, city of Crowell in the year of our Lord one thousand nine hundred and forty-nine being of more or less sound mind and judgment, do solemnly make and declare this to be our last will and testament.

Section 1
 Requests to the Honorable Faculty:

First: to our beloved superintendent, Mr. Graves, we do solemnly render our thanks for the use of his office at frequent stormy intervals, where we were beaten until we were unable to resume our former positions and dismissed from classes.

Second: to our (huh-uh!) teachers, we hope our brilliance hasn't affected their vision and our conduct hasn't hastened the use of hair dye.

Section 2
 Request to the Junior Class:
 With fondness in our eyes (but blackmail in our hearts) we solemnly bequeath the ability to get away with wrong doings and evil deeds. We leave all memories (good and bad) which they have of us in hope that they will use it as a guide for future living.

We so solemnly and reluctantly give and bequeath to next year's class the awe-inspiring and dignified name of Seniors. We hope that you will cherish this name and accord it all due respect and honor.

Section 3
 Personal Bequests:
 I, Judy Johnson, leave my position as the quietest and most well behaved girl in the class to Betty Brock although I'm sure she doesn't need it.

I, Peggy Evans, will my last pair of levis to Pat Rhodes in hope that they fit her as well as they did me.

I, J. P. Bartley, leave my physique to Joyce Hinkle, since she is so tall.

I, Baxter Gentry, leave my position as "Shadow" to Joe Ray Setliff in hope that he can get out of as many classes as I did.

I, Floyd Borchardt, leave my "radiator rust resister" to Raymond Carter to keep his beautiful red "hot rod" in shape.

I, Walter Caddell, leave my brilliant mind to Bobby Hord, Bobby Stinebaugh and W. C. Lankford with this advice: don't over-tax it—I never did.

I, Dalton Biggerstaff, leave a year of passes to the office to Don Wilkins. I hope you don't go as many times as I did.

I, Helen Reithmayer, leave my ability to dance to Letha Marlow and Bobby Lax.

I, Joyce Smith, leave my sweat-soaked Laverne Owens and Doris Jones.

I, Mary Jones, will my last volley ball suit to F. L. Ballard and Billy Johnson.

I, Bobby Cato, leave my most charming and respectable friends, LaVerne Farrar, to the capable and efficient care of Lewis Hunter and Alan Hinkle.

I, Floyd Oliver, leave my position to Victor Christian.

I, Jack Wayne Murphy, leave my "belli-akin" ability to Buddy Rader and Kenneth Adams.

I, Jon Coffey, leave my girl, Mary Alice, to Rusty McNeese in hope that you will carry on.

I, Clifford Ohr, leave my "growing tonic" to E. W. Kidd, in hopes that it doesn't grow in spots.

We, Dorothy and Norma Gamble, leave our flying ability to Annie Jo Lankford, in hopes she'll be seeing no "pink elephants."

I, Dorothy Thompson, leave J. C. Autry to Joline Lanier (period).

I, Faye Jones, leave my ability of courting on the lawns to Billy Earl Lynch, although I don't think he needs it.

I, Maggie Eavenson, leave my reducing pills to Lenora Gray and Josephine Halenack, when they get to be fat and forty.

Since Charles Hudgeons is so skinny, I, Rose Marie Werley, leave my orange juice which contains many vitamins in hope that he gains as much weight as I did.

I, Billy Bond, leave my ability of jitter bugging to James Weathers as if he needed it.

I, Ray Gable, leave my special spot in the office to Blackie White and James Bice, Carl Shultz and Billy Johnson.

I, Emilie Kajs, leave the name of "Brains of CHS" to John Teague and Marion Bailey. Believe me, they could use it.

Since Myra Don has been griping about Rouse's unshaven face, I, Ramona Hammonds, leave him my last jar of Brisk Mint Julip Shave Cream!

I, John, leave my Potts to Betty Harper, the girl I hope to marry.

I, Vernon Jones, leave to my lambsie-pie, Rondyn Self, my kitchen cleanser for I know that we will soon be using it.

I, Peggy Pittillo, leave my beautiful red hair to Evelyn Kajs, in hope she catches as many boy friends as I did with it.

Section 5
 In testimony thereof, we hereunto set our hands and publish and decree these of the witnesses below this the eighth day of April in the year of our Lord one thousand nine hundred forty nine.

THE SENIOR CLASS.
 Signed, sealed, declared and published by said senior bequest their last will and testament in the presence of each other have subscribed as witnesses here unto,

"The Sun Comes Up" at Rialto April 27-28

Jeanette MacDonald, whose previous screen work has been confined to romantic singing roles, is given not only an opportunity to sing but to essay the first dramatic role of her career in her newest MGM offering, on schedule for the Rialto Theatre next Wednesday and Thursday, April 27 and 28. It is "The Sun Comes Up," a poignant and moving drama based on a novel by Marjorie Kinnan Rawlings.

In the new story, beautifully photographed in Technicolor in the Santa Cruz Mountains of California, Miss MacDonald is seen as Helen Winter, a concert singer embittered by a double tragedy. Renouncing her husband's singing career, Helen seeks solitude in a mountain retreat, reluctantly taking with her the collie dog (Lassie) who had innocently been cause of her son's death.

The performances in this tender story are of a high order. MacDonald does not fail to talent which has made her Hollywood's top singer star.

Navy planes flew 1,804,200 of hay and emergency supplies to stricken farmers and Indians during Operation Snowbound.

F. Matthews Jr. and Miss Hembree Wed Friday at Vernon

Miss Wynonah Hembree, daughter of Mrs. Clarence Bounds of Booker, Texas, and J. F. Matthews Jr., son of J. F. Matthews Sr., of Thalia, were united in marriage Friday at 5:30 p. m. in the home of Mr. and Mrs. L. A. Boyd of Vernon.

Dr. E. A. Reed, pastor of the First Methodist Church in Vernon, read the single ring ceremony before a background of tall baskets of white irises and bridal wreath and white tapers in branched candelabra.

The bride wore a navy crepe suit with navy accessories and a corsage of white gardenias and pink carnations. She wore a strand of pearls, a family heirloom. Betty Boyd, the couple's only attendant, was ring bearer.

A reception was held following the ceremony. The bride's table was covered with a lace cloth and

centered with a three-tiered wedding cake topped with a miniature bride and groom. The floral arrangement was of white lilacs and irises. Mrs. Robert Long of Thalia served the wedding cake and Mrs. L. A. Boyd presided at the punch bowl.

After a wedding trip to points in East Texas, the couple will reside in Thalia, where the groom is engaged in farming. The bride is a graduate of Crowell High School and TSCW at Denton and is now teaching at Five-in-One School. The groom is a graduate of Thalia High School.

Alpha Club of Truscott Meets on April 7th

Mrs. Curtis Casey entertained the Alpha Club at her home in Truscott on Thursday, April 7. The short business session was presided over by Mrs. Jack Whitaker, club president. Mrs. Q. D. Williams was leader of the day's program.

Mrs. Casey played a variety of

piano selections. Mrs. Robert Bowen sang "Always," with Mrs. Casey playing her accompaniment. Mrs. Bowen then reviewed "The Big Fisherman" by Loyd C. Douglas. The story is about Simon Peter that most lovable and human of the Apostles of Jesus. One first meets him at the Sea of Galilee, a powerful, two-fisted profane and irreverent fishing boss, who laid down his nets to follow Jesus to Calvary.

But the world of Peter on the shores of Galilee was the crossroads of the world, warring then as now. It was a polyglot world of quarreling, scheming people, living unmolested by Rome, only because Rome was busy in the west. Fara, half-Arabian and half-Jewish, who rides into Palestine on an errand of vengeance, and Voldi, a young Arabian noble, who takes up the errand when Fara is purged of her hate, are the most interesting characters. In the Big Fisherman, the character of the greatest story in western culture live in three dimensions—Joseph of Arimathea, Pontius Pilate, Caiaphas, Herod, Antipas, John the Baptist, James and John and the other apostles.

Mrs. Q. D. Williams gave a talk on the life of the author, Loyd C. Douglas. The Big Fisherman was begun in 1943 and completed in 1948, and is the eleventh of his novels. In this book one will find the culminations of his genius and his inspiration.

Mrs. Casey served a delicious refreshment plate to seventeen members and three guests, Mrs. Earl De Wolfe of Barstow, Calif., Mrs. U. Mertis of Los Angeles, Calif., and Mrs. E. A. Curry of Denver, Colo.

The club will meet again on April 20 at the Methodist Church Annex with Mrs. Jack Whitaker as hostess.

B. & P. W. CLUB

"Guest Night" was observed by the Business and Professional Women's Club last Thursday evening when a salad supper was served at the Premier Hotel. Hostesses for the enjoyable affair were Cora Carter, Ella Rucker, Louise Fisch, and Jean Reeder.

Entering the banquet room to the strains of "Easter Parade," the guests were seated at long tables beautifully decorated with ornaments emphasizing an Easter motif, featuring bunny rabbits, baskets, eggs and floral arrangements in pastel shades. The invocation was given by Sally Archer.

Opening the program for the evening, Inez Spencer and Leon Solomon played "The Swallow" as a violin duet. Patsy Carroll gave "Stardust" as a musical reading and "Noah's Ark" as a monologue, following which Sharon Sue Harey sang "Far Away Places" and "The Pussy Cat Song." "The Rosary" and "Now Is The Hour" were rendered as whistling solos by Pete Yates. All numbers were accompanied by Ella Rucker.

Highlighting Federation procedure, Mayme Lee Collins gave a very interesting synopsis of the activities of the local club and its relationship to the state and national affiliations.

In conclusion the group sang "Easter Parade" in unison.

There were thirty-four members and guests present.

COLUMBIAN CLUB

The Columbian Club met in the home of Mrs. N. J. Roberts on Wednesday, April 13, with Mrs. B. W. Self as hostess.

This being Federation Day, Mrs. R. L. Kincaid, delegate to the district convention of the State Federation of Women's Clubs which recently convened in Lubbock, gave an enthusiastic report. She stated that there were 601 delegates, board members and visitors registered at the meeting. Several splendid addresses were enjoyed. Dr. Wiggins, president of Texas Technological College at Lubbock, gave a wonderful talk on "Individual Responsibility" in which he said that children are not born with a sense of responsibility and they should be especially educated for it. It is too much the custom to throw them off rather than to assume their responsibility but their growth and development depends upon that instruction. This address was broadcast as also was the one given by the state president of Women's Clubs, Mrs. Perry spoke of the glowing future and expanding opportunities ahead.

Mrs. M. N. Kenner brought the club a review of the late books recently placed in the library.

The next meeting will be a picture show at the Rialto Theatre with Mrs. Jeff Hardin as hostess, on April 27.

The hostess served a lovely plate suggestive of Easter, with ice cream moulded in the form of Easter lilies and cake and drinks.

TO SPONSOR BENEFIT PARTY

The American Legion Auxiliary will sponsor a benefit game party at the Adelpian Club House next Monday night, with Mrs. Joe Eddy and Mrs. S. B. Hord as hostesses. Games of 42 and bridge will be the diversion of the evening. All those interested in a pleasant evening, are asked to call either Mrs. Hord or Mrs. Eddy and places will be reserved, however, this is not necessary as they will be prepared to entertain any number.

SUB-JUNIOR COLUMBIAN

The Sub-Junior Columbian Club, recently organized, met for its first meeting in the home of Mrs. M. O'Connell on Wednesday, April 6.

Tommie Meason, president, presided and after a short business meeting, the leader, Virginia McKown, took charge. Roll call was answered with "my favorite flower." Neva Lou Potts gave "The Easter Story." A quiz, "Nothing to Wear" was led by Eva Rae Geaslin.

Dainty refreshments were served to twelve members and to the counselors, Mrs. M. N. Kenner, and Mrs. Charlie Wishon. Neva Lou Potts and Ann Wishon were hostesses.

WEST SIDE H. D. CLUB

The West Side Home Demonstration Club met in regular session at the home of Mrs. J. H. Kincheole on April 13, with all regular members present, with the exception of Mrs. M. O'Connell. The birthday of Mrs. Herman Kincheole was observed.

A very interesting program was enjoyed and a brief business meeting was held. The next meeting will be an all-day program in the home of Mrs. T. W. Cooper on April 28.

More than 15,000 new homes in 46 cities are standing unsold, according to a recent Associated Press survey. The bulk of the 15,083 were priced above \$9,500. A number of reasons were given for the failure of the market to absorb the houses but the fact is that the prices are out of reach of the mass of potential home buyers. It is noted that homes priced below this level sell about as rapidly as they are completed.

Admission price reductions ranging from 20 to 35 cents have been made by six first-run Broadway theaters to help bolster sagging morning and matinee attendance. Slighter lowering of the night price scales has also gone into effect. No cuts have as yet been made on week-end and holiday prices.
