School Football Team Completes Season with Win Over Quanah of 13-7 Friday Night for Undefeated Record

Crowell Grade School football team coached by Gordon Erwin and J. W. Sollis completed the season with an undefeated record Tuesday night at Quanah, defeating the Little League team of that city by a score of 13-7. This gave the Little League team their first victory and one tie in the season record. They have won one victory over Seymour and one over Paducah, and one over the "B" team and one over the "C" team.

Common Colds Are Common Indeed, Geo. Cox Says

Dr. Geo. W. Cox, State Health Officer, declares that there is hardly anyone who is not afflicted with a cold at one time or another. The common cold is indeed! Besides making one miserable, colds steal time and your money. They are common, because the early stages are often the same as those of serious illnesses. And, continued colds may pave the way for an attack of pneumonia, influenza, or a chronic infection of the nose, throat, ears, or sinuses. So, do your best to keep your colds from coming back. If you do get a cold, take proper care of it. Do not let it get into your system. Get as much rest as possible. Do not go to school or work for the day or so if you can.

The Indigos, a Dutch Show, to Be at High School on Nov. 23rd

The Indigos, a Dutch show, directed from Holland, will be presented in the Crowell High School auditorium on Wednesday, Nov. 23, at 2 p. m. The program is under the auspices of the Southern School Assembly and is highly recommended. It is the first program of this type which the public will have the opportunity to attend. Everybody is invited to be present and see the Holland show.

Shipments of Texas Livestock Increase

Livestock shipments in Texas increased 16 per cent from August to September, the University of Texas Bureau of Business Research reported. The total livestock shipments for the month of September were valued at \$1,340,000, compared with \$1,155,000 for August. Shipments of calves increased 16 per cent, sheep and lambs 16 per cent, hogs 14 per cent, and cattle 14 per cent.

THANKSGIVING SERVICE

A Thanksgiving service will be held at the Crowell Methodist church on Thursday morning, Nov. 17, at 8 o'clock in the morning. The service is being held early in order that the people may have the rest of the day with their families or have plenty of time to go on a planned trip.

EASTERN STAR

The Worthy Matron and officers of Crowell Chapter 916, O. E. S., wish to urge all members to be present on Nov. 22, at 7 p. m. for the report of the sixty-ninth annual meeting of Grand Chapter which was held in Dallas on Nov. 7-10.

Crowell "B" Team Defeats Quanah "B" Team 19 to 0

The reserves on Crowell High School's football team defeated a similar team from Quanah High School by a 19 to 0 score here last Friday night. Led by Jon Sanders' brilliant running, the Crowell offense clicked like a veteran team. Sanders pushed all three of Crowell's touchdowns over, one in each of the first three quarters. He also kicked the extra point after the third touchdown to make it a perfect day. However, it was not all Sanders by any means for Crowell. Buster Laquey, Jim Tom Cates and Dowal Parks also did some fancy ball carrying. Especially did Laquey, who has been injured most of the season, look good in this department. Don Gobin, quarterback for the Kittens, did some good ball handling and completed two out of three passes for 15 and 12 yards, respectively.

After the game was over, the Kittens returned to Crowell where they were given a chicken dinner at the DeLuxe Cafe by the Crowell Rotary Club in appreciation for their outstanding record for the season. The members of the Crowell Grammar School squad are as follows: Fred Barker, George Scott, Jimmy Everson, Du Wayne Elliott, Buddy Caddell, James Pittillo, Jimmy Harper, Gordon Graves, Raymond Halenack, James Denton, Wayne Borchardt, Gaylon Whitley, Billy Ray Dunn, Larry Johnson, Rudy Hinkle, Boyce Cox, Robert Kincaid, Robert Graves, Carroll Polk, Gerry Knox, Joe Don Thompson, Gerald Myers, Don Smith and Paul Cooper, manager.

State Teachers to Meet in Ft. Worth on Nov. 24, 25, 26

Austin, Texas, Nov. 12—Nationally-known leaders in education, business and government fields will be the principal speakers at the three-day annual convention of the Texas State Teachers Association in Fort Worth, Nov. 24, 25, and 26. An estimated 12,000 teachers will give up their Thanksgiving holiday to attend the general sessions and numerous special meetings, Charles H. Tennyson, public relations director of the association, said Saturday.

Margaret H. D. Club Will Sponsor Tex Wheeler on Nov. 21

Tex Wheeler and the Sons of the Saddle will be at the Margaret H. D. Club on Monday night, Nov. 21. They are to be sponsored by the Margaret Home Demonstration Club and everybody is invited and urged to attend the program.

Two Quanah Men Injured in Car Accident Sunday

Two Quanah men, Ross Franks and Luther Sullivan, were injured in an automobile accident on the highway two miles south of the Wichita River Sunday. The car was almost completely wrecked. The men were brought to the Crowell hospital by Mr. and Mrs. Curtis Ribble where their injuries were treated.

Lions Club Will Sponsor Ida Red

The Crowell Lions Club and the Crowell High School band will sponsor an appearance of Ida Red and her Kentuckians, radio entertainers of Wichita Falls, on Monday night, Nov. 28, it was announced this week by officials of the Lions Club.

Governor Allan Shivers is shown speaking prior to receiving the Doctor of Civil Laws Degree last week at East Texas Baptist College in Marshall. Others pictured are Dr. Harvey Daniel Bruce, president of the college who awarded the degree, and Mrs. Shivers.

Crowell High School Football Team Goes to Olney Friday Night to Play Last Game of the Season with the Olney Cubs

The Crowell High School football team journeys to Olney tomorrow night for its final game of the season. The Wildcats need this victory to finish above the 500 per cent mark for the season. The Wildcats have won five out of nine games played thus far this year. Two of their losses have been by one point and another loss has been by one touchdown to the conference-leading Burk Bulldogs. Olney, too, has been playing improved football for the last several games. The Cubs got off to a bad start early in the season, dropping four games in a row. However, they have won three out of their last five games played. One of these victories was over the strong Archer City team. They held the

Abilene Minister to Preach for East Side Church of Christ

J. W. Roberts, Bible professor of Abilene Christian College, will preach at the East Side Church of Christ next Sunday, Bro. W. L. Baze, who has been preaching for the congregation, has recently moved to Quanah to preach for the local church there. Members of the church are invited to attend the service.

BE CONSIDERATE, FRESHMEN HELP YOUR POOR LOCKER MATE

Lockers are small spaces carefully designed for holding not quite everything. Multiply that by two people and there arises a situation teeming with possibilities. Below are a few helpful hints for making life more interesting for locker mates and the whole school in general. If the hooks of the locker are already filled with coats, scarves, and knickknacks, a simple solution may be obtained by slipping them off the hook. A minimum of two or three good kicks should wedge the apparel in the bottom of the locker. In the case of books, also follow the brass rule of "my mother's child first." Locker mates' books shoved into the bottom of shelf gives more room on the shelf. Borrowing books is also okay as long as your comrade never learns what happened to them. As sound travels at 1,118 feet per second, care cannot be given to the manner in which locker doors are shut. A good hearty slam shows love of life which soon gains a name for one. A sure hit with girls is a nonchalant behind-the-back slam with the heel. Shuffling through the murky depths of the locker is an admirable, though hazardous task. Fortunes have been made in rare old book covers found in this manner. With the extensive use of the above hints, one may very quickly obtain a locker to himself. "JEANIE" FAST BECOMING STUDENTS' BIG SISTER. Arias and cherry pie with whipped cream are really delightful combinations. At least, that's the opinion of the versatile lady who

is CHS's Lily Pons, Betty Crocker and Beatrice Fairfax. This singing cooking school is Mrs. Jean Davis, conductor of the choruses. Fondly called Jean or Jeanie by her students, Mrs. Davis works both in the grammar school and high school. Mrs. Davis' teaching career began in Jonesboro in 1945 (before she finished college), where she coached volleyball and basketball. Her basketball team won consolation championships of the State. Although music is Mrs. Davis' vocation, she engages in several interesting pastimes, including cooking and playing gin rummy and "42."

As a result of her interest in sports and since she played volleyball in North Texas, Mrs. Davis has recently accepted the third period girls' volleyball class from which the intramural team will be chosen. She enjoys this class very much except that she had rather play herself. Particularly interesting among her varied activities is playing favorite songs on her new piano, a recent gift from her husband, Charles. According to some of her associates, Jean was "walking on air" the morning after the piano arrived. Having been voted pep squad sponsor, Jean, with her husband, Charles, accompanied the pep squad to all the games. As one of her more conventional pastimes, enjoying her record collection claims some of Mrs. Davis' crowded minutes. "I even like boogie woogie," she whispered.

As instructor, friend and counselor to her students, Mrs. Davis is fast becoming one of the invaluable members of the faculty who work together with the students to make CHS an outstanding school. At present, our music instructor is working on two operettas to be given in several weeks and is planning a big Christmas program to be given with the speech classes and the band.

FLASH FROM AUSTIN

Would you like to have the book jacket you have designed displayed in other schools over the state? If so, you had better hurry to get it ready. We have extended the contest another three days, until November 23, so that we may have your book jackets to be sent on tour. Don't let yourself be left out!

CHS OBSERVES BOOK WEEK DESIGN A BOOK JACKET!

An all-school contest is being held in CHS this week. One person may make as many entries as he likes. Jacket designs should be made for one of our library books. You may draw your design, cut and paste it, or take a picture from a magazine and use it in the design. Remember, you should

be original. Entries will be judged on their neatness, originality, and the suitability of the design to the content of the book. Judges will be out of school members of the Adelphean Club. The contest closes at the end of Book Week, Fri., Nov. 18, so get your entry in!

ENTER "NAME THE ANNUAL" CONTEST

Don't you want to be the CHS student to name our school annual, the first school annual in many years? You can by simply racking your brain and giving your idea of a name to Mrs. Taylor in the library. There are no rules except it cannot be called the Wildcat. This is because our school paper has had this name for many years. An annual will be given to the winner of this contest. Turn your idea in by Wednesday, November 23.

LOOK AHEAD, KIDS: 38 DAYS TO WAIT

It's only 38 days until Christmas vacation begins, according to a holiday schedule released by the Superintendent's office. Other holidays of the school year include Thanksgiving, Nov. 24-25; Christmas, Dec. 23-Jan. 2; Easter, the Friday before and the Monday after Easter. If you're looking forward to the day when school will be out, it's May 19, 1950. The first semester ends Jan. 13 and the second one starts Jan. 16, 1950. The present six weeks ends Nov. 25. Dates for the next period are Nov. 28-Jan. 13. HAPPY HOLIDAY! HAPPY BIRTHDAY! Not many men live to be 90 years old. And of those who do, mighty few are so well loved that their friends give them a birthday present of \$90,000—one thousand for each year of their lives. That's what happened to John Dewey on October 20, when a large crowd of his admirers paid him tribute at a dinner in New York. Other celebrations were held all over America and in a dozen foreign countries, while several magazines published special Dewey issues. Mr. Dewey will donate the \$90,000 to various educational projects. Who is John Dewey, and why do people make such a fuss over him? He's a philosopher—a lover of wisdom who has devoted 70 years to teaching, writing, thinking and acting in many fields of knowledge and important public problems. The chances are that the way your school is run today and the things you study in it have been greatly influenced because of John Dewey's work and the "laboratory school" he started in Chicago 50 years ago. All of the Crowell High School teachers have studied the books of John Dewey in their educational classes while they were attending college. Today, silver haired but keen and vigorous, he still keeps the simple habits he learned as a boy on his father's farm in Vermont. He gets up early, eats a hearty breakfast, types his own letters, and loves to take long walks in the park with his young adopted children. Four years ago he had completed the manuscript of a big book which would sum up the philosophical message of his lifetime. Somebody lost it on a train, and it never turned up. An ordinary man would have been completely crushed. But the 86-year-old Dewey snapped back and started to write it all over again. Today Mr. Dewey says: "You know, losing that book and starting over fresh was a very good thing for me. I have better ideas now."

ATTEND HOMECOMING

Mr. and Mrs. Charles Davis, Mr. and Mrs. W. F. Statter and Miss Beulah Turney, who attended the North Texas State College homecoming at Denton, enjoyed a day packed with many exciting activities. At eleven o'clock, the homecoming parade passed in review. Several bands were present to aid the famous NTC band. Each organization of the college was represented by a float. The football game between the NTC Eagles and the University of Houston Cougars took place in the Eagle Stadium at 2:30. At the half, Mrs. Bugs Jambro, wife of

one of the co-captains was crowned homecoming queen. This was the second consecutive year that she received this honor. After an exciting game, the Eagles wrangled a 28-23 victory over the Houstonites. The game was followed by a barbecue honoring the exes. Especially honored were those who graduated in the years ending in "9." In the evening a stage show featuring the college "Aces" was followed by an all-college dance again honoring the NTC exes. Mrs. Statter's comment on the homecoming was, "W. F. was a little disappointed not to see more of his friends, but Beulah Grace who graduated last year, had the time of her life."

STUDENTS ENJOY NEW BUS

The Gambleville students enjoy riding the new bus after riding in the old crackerbox the first of the year. After complaining for days about the crackerbox we were riding because it was so dusty and we were afraid the windows would fall out if we hit a rough bump, we finally received our new bus. How nice it is to come to school without two layers of dust all over you, and ride over a rough bump as though it were not there. The Gambleville students appreciate their new bus and like their pleasant and considerate bus driver, Allan Taylor.

CROWELL WILDKITTENS DEFEAT FIVE-IN-ONE 39-6

The Crowell Wildkittens defeated Five-in-One Thursday, November 10, on the Wildkittens' home field. The Wildkittens played a great game. Scoring for Crowell were Borchardt 7, Halenack 25, and Denton 7 points. Kicking for Crowell was done by Joe Don Thompson and Borchardt. Passes were thrown by Graves and received by Harper. The Crowell team was weaker because of the absence of Barker, left end for Crowell, who received a knee injury earlier in the season. Boys who saw action were Polk, Everson, Caddell, Elliott, Thompson, Scott, Harper, Gordon Graves, Halenack, Denton, Borchardt, Sellers, Kincaid, Smith, Walker, Wishon, Knox, Robert Graves, Johnson, Whitley, Hinkle, Myers and Dunn.

CROWELL B DEFEATS QUANAHA B TEAM

The Crowell High B team triumphed over the Quanaha B team by a score 19 to 0 here Friday night. Early in the first quarter Crowell marched to a touchdown in seven plays after having blocked a Quanaha punt. Jon Sanders plunged across from the two-yard line. The try for extra point failed. Midway in the second quarter, Don Wilkins intercepted a pass on the Quanaha 30-yard line. A few plays later Sanders scored again, but the play was nullified due to an off-side penalty. Crowell lost the ball on downs, but forced Quanaha to kick. The kick went out of bounds on the thirty-yard line. A few plays later Sanders scored again for Crowell. Try for point failed. In the third quarter another kick was blocked, and Crowell scored five plays later. The try for the point was good. The fourth quarter was scoreless. Outstanding for Crowell on offense was Jon Sanders who scored three touchdowns and an extra point. In defense, Bobby Stinebaugh was outstanding blocking three punts. After the game the boys were given a chicken dinner down town through the courtesy of the Lions Club. Rouse Todd served as announcer for this game, and a good job he did, too. Marvin Myers, Pete Yates and Marcus Mills served as referees and linesmen for this game.

The best defense this country has against Russia is to let the people of that country know the real truth about this country and conditions here. This naturally will be a slow process, due to the fact that the Russian press constantly poisons the minds of the people against this country.

An exchange puts it this way: All things come to him who waits, but not the things he wants.

The whole history of mankind constitutes an epic struggle upward and onward toward the light and the right. As certain chemical compounds, unusable because of their nature, cannot endure, so wrong and injustice and uneconomic laws and practices cannot forever endure in human society.

What We Think

(By Frank Dixon)

Three things disturb me today more than does the atom bomb. As I look at it, the atom bomb ranks fourth as a threat to the welfare and well being of this country.

First, I am disturbed over the indifference that seems to exist in regard to the national debt, and the complete lack of plan for its payment. I would not think much of the debt, great though it is, if there were some systematic plan in operation for its redemption.

Second, I am disturbed because of the very definite trend of this country toward socialism and the welfare state. We are moving surely, swiftly and for the most part, unwittingly, toward that end.

The demands for the conditions that make for a welfare state and a socialistic government are born of a fear for future security. Men and women everywhere seem willing to turn away from the ideals that have made this country what it is, the greatest on earth, and to move unwittingly and heedlessly toward the welfare state.

The third thing over which I am disturbed is inflation. I am not so much disturbed over the fact of inflation itself as I am over the fact that we are, to all appearances, wholly unable to do anything about it.

These three things, in my opinion, constitute a greater threat than does war with Russia, or any other part of the world. They are all evils we can cure—but the most disturbing thing about

IN THE NEWS 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Nov. 21, 1919:

Joe Couch has sold his home in Knox City and is coming to Crowell where he and his family will make their home.

One day recently the four Croshaw boys picked 2603 pounds of cotton, receiving \$3.00 per hundred and board, or a total amount of \$78.09.

Rev. J. H. Hamblen has been returned to Crowell as pastor of the Methodist Church for the third year. He hopes to have the new church completed by next conference.

Mr. and Mrs. T. L. Haggard left this week for their new home in Moran.

Herbert Edwards and George Self and Misses Nora Alexander and Ruth Martin motored to Quanah Sunday afternoon.

Sheriff E. P. Bomar made a trip to Eastland the first of the week.

Gordon Cooper left Sunday for Munday where he is picking cotton for John Klepper.

R. B. Hoskins was here this week from Claudell, N. M. He sold his farm south of town to J. R. Gamble while here.

Alva Spencer came in this week from Mart and will take the position as assistant postmaster.

Miss Lela Womack has accepted the position formerly held by Miss Mary Woods at E. Swaim's garage. Miss Woods has accepted a position in Dalhart.

Arthur McMillan and Miss Myrtle Moore of Margaret went to San Angelo on last Tuesday where they were married on Wednesday.

Rev. Ed Tharp has been returned as pastor of the Margaret Methodist Church.

W. D. Logan is here this week from Wyoming. He says a drought is on in that country and the cattlemen are shipping their cattle to the Plains country of Texas and New Mexico.

Judge Harold R. Medina, a federal court jurist, practically unknown to the public until the past January 17, has become, as a result of his decision in the case of the eleven Communist leaders, an American bulwark against Communism.

It all is that we are not, and in my opinion will not, do anything about any of them.

Lobby Groups Are Sure to Advocate State Sales Tax

By the Austin American Capitol Staff

Tuesday's light vote on constitutional amendments "played into the hands of an anti-Democratic coalition and its rich allies of the lobbies," Representative J. Blake Timmons of Amarillo said Wednesday.

Timmons charged the special interest and lobby groups will advocate sales and other tax levies "falling heaviest upon necessities of the average consumer," when the Legislature meets in January.

His statement credited defeat of most of the amendments, including the one for annual sessions and annual pay of legislators, to the activities of the natural resources and other groups. It bristled with the resentment expressed variously by legislators at what was termed an organized effort of the "GOP-Texas Regulars-Dixiecrat coalition and its rich allies of the pipeline - petroleum - sulphur lobbies in Austin and elsewhere" to beat the amendments.

"While many sincere advocates of economy," Representative Timmons said, "opposed the forward looking constitutional amendments which were defeated Tuesday by the small turn-out of perhaps one out of twenty Texans, the fact remains that these special interests and many others got out the vote of practically all the reactionaries in the knowledge that the rank-and-file were either asleep or failed to pay poll taxes."

"The general public will soon be able to tell who make up these special interest lobbies, both in and out of the Legislature or other offices, by the kind of tax bill they advocate in the coming special session next January."

He pointed out both the late Governor Beauford Jester and Governor Allan Shivers had promised to call a special session, if the annual session plan failed, "to rebuild and reform our decadent, long-neglected 'snake pit' asylums and other public buildings."

"Special interests and their mouthpieces," Timmons insisted, "will advocate sales and omnibus levies falling heaviest upon necessities of the average consumer as opposed to production and pipeline levies which the Roosevelt - Truman Federal Power Commission and the Texas Railroad Commission will surely require them to 'absorb' out of their swollen excess profits."

What Are the Motives?

In all sections of the country, newspapers of diverse economic and political faiths have been strongly questioning the motives which lie back of the government's antitrust investigation of the American Medical Association.

The Cincinnati Enquirer, which has often been critical of the AMA, said that the investigation "looks like deliberate persecution. Certainly it is not a bonafide use of the anti-trust laws, which were never intended as a club against the medical profession."

In an editorial entitled "Dirty Pool," the Akron Beacon Journal said, "The general public can't help believing that the administration is trying to swing a club over the doctors because of their opposition to socialized medicine."

The New London Day observed, "It is almost standard practice of the government these days to 'turn the heat' on any group or individual who has been annoyingly effective in opposing some pet administration scheme."

The San Antonio Express charged that the investigation "looks like a purely political maneuver."

The Wall Street Journal said, "The same administration whose trust-busters charged the medical societies with monopoly wants to create an absolute and unbustable medical monopoly."

Pages could be filled with similar comment. Some responsible editors have gone so far as to say that the methods used in this particular investigation smelt of the police state. The press is not particularly interested in defending the doctors—but it is vitally interested in defending basic rights and liberties, and in speaking up for any group which is politically persecuted. If the medical profession is being put on the spot as part of the plan to fasten some form of socialized medicine on the country, the public ought to know it.

X-RAY FINDINGS

U. S. public health service experiences with mass x-rays shows that about 1.5 per cent of the 20,500,000 examined annually—or 3,075,000 persons—would be found in each of the first five years to have reinfection-type tuberculosis requiring further diagnosis.

New 1950 Fords to Be on Display Friday, Nov. 18

The 1950 Ford line of passenger cars, with scores of improvements, was made public today by the Ford Division of Ford Motor Company, and the local dealer, Self Motor Co. A new Ford will be on display here Friday.

"The progress that has been made in performance, economy, safety, comfort and appearance will again mark the 1950 Ford as the car of the year," according to L. D. Cruse, vice president and general manager, Ford Division.

All improvements in the 1950 Fords have been geared to offer even greater quality than was offered in the high quality 1949 Ford cars.

The new features embody improvements throughout the entire car—in the engine, the body, the seats, doors, frame, trunk, fabrics, instrument panel, brakes, floors and elsewhere.

The '50 Fords will be offered in two lines—the Custom Deluxe and the lower-priced Deluxe series. A full range of body styles will be available, including station wagons and convertibles. Ford will continue to offer the choice of two engines—the 100 horsepower V-8 and the 95 horsepower Six.

Styling of the 1950 car, although not radically changed because of the wide public acceptance of the modern design of the Fords, nevertheless includes several distinctive features to enrich the appearance.

A colorful new crest, derived from an authentic coat of arms dating back to 17th century England, appears on the front of the hood and center of the trunk lid. This is the first crest that has ever appeared on Ford cars.

Other styling features include a new hood ornament, re-styled parking lights in new positions and a new ornamental deck lid handle.

Engine improvements include the latest developments in engine design to give 1950 Ford cars the quietest and smoothest running V-8s and 6-cylinder engines ever produced by the company.

Some of the engine features are a new timing gear, auto-thermic type pistons, new design camshaft lobes, new fan and reduction of fan speed on the V-8s and many other improvements adding to the life and quietness of the engine.

Economy is keynoted through all of the many engine changes highlighted by still greater econ-

omy of oil consumption. The enhanced oil economy results from an addition of an oil squirt hole in the connecting rods, new cylinder wall finish and a rubber seal ring on the intake valve stem guide of the V-8 engine.

Comfort features offer a new non-sag front seat spring, new sponge rubber front seat cushion, improved front-end suspension, additional headroom and increased areas of sound conditioning for quieter operation.

Safety factors include the strengthening of Ford's famed "Lifeguard" body, new bumper guards, a ribbed rear bumper and bumper supports for added strength, easier operating handbrake, wider sun visors and improved steering linkage for easier control.

Colors are offered in a brilliant new array of 11 choices. There are new colors of broadcloth and mohair for interior finishings.

Doors will be equipped with new rotary locks as in the costliest cars. The exterior handle will have a touch-button latch and there will be arm rest door closers.

Luggage compartments, which are the roomiest in the Ford-priced field, offer a new deck-lid latch and an automatic releasing support arm for easy operation together with attractive compartment lining.

Magic Air Heaters will have a higher speed motor to increase the air flow 25 per cent and the heater control positions will be clustered and clearly marked and illuminated for easy reading and simple adjustment.

Other features include an attractive new three-quarter horn ring, new gas filler tube and cover, new rigid regulators for windows, new double-walled glove compartment door, new automatic courtesy lights which go on when front doors are opened, new durable floor coverings and increased openings for defrosters.

Overdrives, which improves gasoline economy up to 15 per cent, will continue to be sold as factory-installed optional equipment on all models.

1950 FORD

IT'S HERE FRIDAY AND 50 WAYS NEW!

White sidewall tires available at extra cost.

WITH THE EXCLUSIVE NEW 100 H.P. FORD

ITS QUIET WHISPERS QUALITY

It's the quiet of new super-fitted pistons, new "hushed" timing gear, new fan designed for better cooling at slower quieter speeds. And what power! There's a full 100 horsepower wrapped up in this V-8 design that makes you meter of any road. It delivers more power than any other car anywhere near Ford's low price and sells for less than most conventional "sixes." And Ford offers a Six, too—an advanced Six with 95 horsepower.

NEW SOUND CONDITIONING

New "sound conditioning" in floor, doors and body panels insulates Ford's "Lifeguard" body against road noise. More extensive body insulation and sealing in 41 areas give additional interior quietness and protection.

NEW "HUSHED" RIDE

Ford's famous "Mid Ship" Ride is now so quiet you can talk in whispers while traveling at highway speeds. So smooth (with its great team of "Hydra-Coil" and "Para-Flex" Springs) that it virtually erases every bump.

NEW QUALITY FEATURES

New quality is easy to find in this 50-way-new Ford. You find it in the new push-button door handles, in the new rotary door latch that needs only a feather touch to open, yet closes so securely. You find it in new sparkling upholstery colors.

NEW DRIVING COMFORT

Not only does the 1950 Ford offer you more hip and shoulder room than any other car in its field—it offers you the long-lived driving comfort of a new foam rubber front seat cushion over new non-sag seat springs. Arrive relaxed after hours of riding.

But see it for yourself. Drive it so you can feel and hear the difference. And price it and see how much less it costs than any other really fine car.
