H. S. Baseball Team Wins First 2 Practice Games

The Crowell High School baseball team, coached by Gordon Vin, got off to a good start last week by taking its first practice games of the 1950 season from Paducah High School. The scores of 7 to 4 and 13 to

the Crowell boys collected nine to Paducah's six at Paducah Friday to win that game. Billy Lynch got two hits, and Paul Norman and Jon Sanhills home runs. Roy Whitley, left hand pitcher, allowed six hits. Paducah used three pitchers. Buckley, Paducah second baseman, got two hits.

The game at Crowell on Tuesday afternoon was similar to the one at Paducah with the Dragons going off to an early lead and never overcoming the lead in the innings. The hits were also same with Crowell collecting and Paducah six. The Crowell team committed seven errors to Paducah's 3 to hurt Whitley pitcher. The feature of the game was Jon Sanders' long home run which bases full in the last of sixth inning. Sanders and Whitley got two hits each. Lee Findley hit home runs for Crowell.

Miss Susan Adkins of Thalia Passes Away Saturday

Funeral Services Held Sunday at Thalia Church

Funeral services for Miss Susan Adkins of Thalia, who died in a Wichita Falls hospital Saturday, March 11, about noon, were held in the Thalia Baptist Church on Sunday afternoon, March 12, at 2:30 o'clock, with Rev. H. N. Estes, pastor, officiating.

Pall bearers were Horace Taylor, Charley Gray, Frank Ward, Frank Butler and Allen Shultz. Flower bearers were Mesdames Charley Gray, Buck Clark, Frank Ward, Frank Butler, Sam Kuehn and Wayne Wheeler.

A special song number, "Beyond the Sunset" was sung by Gus Neill with Mrs. Neill playing his piano accompaniment. The choir songs were led by Mr. Neill.

Interment was made in the Thalia cemetery with the Women's Funeral Service directing.

Susan L. Adkins was born in Dallas County on Oct. 13, 1873. She came to Foard County with her parents, the late Mr. and Mrs. J. M. Adkins, in 1906. After the death of her parents, she made her home with a brother, John Adkins.

Miss Adkins was a member of the Baptist Church in the community where she lived in Dallas County and played for church services while they lived there.

Survivors include four brothers, John, Bob and Carl of Thalia and George of Carlisle, N. M., and one sister, Mrs. Ode Simmons, of Seagoville, Texas. A number of nephews and nieces also survive.

Be on Alert for Grasshopper Pests

It may be a little early to start talking about grasshoppers, but farmers and ranchmen are urged to be ready to stop them this year before they leave their egg beds. Once they begin moving out of the areas where they hatch, effective control becomes more difficult, says Joe Burkett, County Agricultural Agent.

He says recently completed surveys show heavy infestations of grasshopper eggs in at least three areas of the state and warns that "hoppers can again build up to plague proportions. The weather at hatching time will materially affect the situation, he adds.

The surveys show the danger spots to be in the Brazos valley, especially in Robertson and Milam counties; in the Trinity valley in Kaufman and south Dallas county and along the Elm Creek Fork in north Dallas county and in the Panhandle. One area in the Panhandle—along the Oklahoma line—is termed as a threatening area while the other area extending from the northwest corner of the Panhandle southeastward to Amarillo contains infestations of the eggs of the migratory "hoppers. These are difficult to control because of their migratory movements. The seriousness of the situation in this area will depend upon the weather conditions at hatching time which is late May.

He says the program in Texas will operate the same in 1950 as it did last year. Special emphasis will be placed on the use of insecticides for control rather than the bait method. Results from last year's program show that toxaphene and chlordane are excellent grasshopper killing chemicals if used at the right time. The use of these chemicals plus neighborhood and community-wide cooperation can make control of local infestations a simple and inexpensive job, he says. Every farmer in infested territory should be ready to spray or dust his field margins, fence rows and roadsides just as soon as the hoppers begin to hatch.

The migratory hoppers must be controlled before they leave the egg beds. They soon scatter over wide areas and thus control becomes a difficult problem.

1. Remove all foodstuffs, utensils, etc., from cabinets and storage closets.

2. Wash these places out with soap and water to remove musty roach odor.

3. Spray with 2 per cent chlordane, making sure that all cracks, crevices and baseboards are thoroughly treated.

4. Replace food and utensils after the spray has dried. Do not wipe off the residue.

A thorough treatment as outlined above will give control for up to 6 months.

SPORTSMANSHIP

Doak Walker, recipient of Collier magazine's award as football Player of the Year for Sportsman-ship, lived up to his award when he purchased Texas' first sheet of 1950 Easter Seals from 4-year-old Benny Kaiser, Dallas, a victim of cerebral palsy. Sale of the Easter Seals finances the work of the Texas Society for Crippled Children. During the period of March 12-April 9 Texans are urged to buy and use Easter Seals.

Two Candidates File for Aldermen

Two Crowell men have filed their names as candidates for city aldermen in the City election to be held April 4, 1950. Henry Borchardt seeks re-election and Roy C. Steele is a candidate for the place made vacant by Joe Smith, who will move to the oil and gas field north of Thalia.

L. D. Fox has been appointed presiding judge and will be assisted by Mrs. C. C. McLaughlin and Mrs. C. W. Thompson. The election will be held at the City hall.

New Insecticide for Cockroach Control

There are three species of roaches which are common in Texas, according to Joe Burkett, County Agent. The German roach is about five-eighths of an inch long, winged in the adult stage and muddied brown in color. The oriental roach is about one inch in length, has short wings and is dark brown in color. The American roach is the largest of the three species, reaching up to 2 1/2 inches in length, and is chestnut-colored and is fully winged as an adult.

Life History: The eggs are laid in capsules containing about 13 pairs of eggs. These egg capsules are deposited in dark corners and crevices, and are often brought into the house under the flaps of paper bags or cardboard boxes. From the time the egg hatches until the insect becomes full grown requires about a year.

Food: Cockroaches commonly feed upon the same material as man. They may also eat other starchy materials such as wallpaper paste.

Control: Since roaches may be brought into the house in grocery bags or boxes they are often found even in the cleanest of homes. They may be controlled without much difficulty if the job is done properly. A 2 per cent chlordane household spray is very effective. For best results, the following steps are suggested:

At the time the News went to press, county-wide returns were not available so as to determine the outcome of the election.

Crowell State Bank to Close at Noon Each Saturday

The Crowell State Bank will close Saturday at noon beginning next Saturday, March 18, it was announced by bank officials this week.

The new schedule for closing Saturday at noon is made necessary on account of the amended Federal Wage Hour Act, which was effective Jan. 25. It places definite limits on the number of hours certain bank employees are allowed to work under the new law.

Bank officials stated that they regretted to report that the bank would be compelled to close Saturday at noon in order to comply with the Federal Wage Hour Act, as hundreds of other banks over Texas are doing. Banking customers are urged to keep the new closing hour in mind so that their needs can be filled before Saturday at noon.

Use Home Freezer for Freezing Eggs

Right now eggs are plentiful and compared with other high protein foods, they are a good buy. The homemaker who is hunting bargains in food and has the freezing and storage facilities will be wise to take advantage of the present situation, says Joe Burkett, County Agent.

He says eggs can be stored in the home freezer or freezer locker for six months or more and still be as good as fresh eggs. Only clean eggs should be used. He warns, for dirt from dirty shells may carry into the eggs during the breaking process and spoil the keeping quality. He says the fresh clean eggs should be broken into a clean bowl then mixed thoroughly but do not whip in air. Fill moisture, capor-proof containers with the egg mixture and they are ready to freeze and store.

If the yolks are separated from the whites and frozen separately, you'll want to use corn syrup, sugar or salt to prevent a gummy condition. For each cup of yolks, add one tablespoon of syrup or one teaspoon of salt. Mix thoroughly and use the same type of containers as recommended for the whole egg mixture. Whites frozen separately need nothing added and no mixing.

WILDCATS WIN FIRST GRAPEFRUIT LEAGUE CONTEST 7-4

The Crowell Wildcats journeyed to Paducah last Friday to contest the Paducahites in the first baseball game of the season for both clubs.

The Wildcats, showing signs of weak hitting in the first part of the game, came out of their slump with a three-run uprising in the third. Bobby Stinebaugh started the big inning off by slamming a double to deep left field with two mates aboard. Then F. L. Ballard singled to bring Stinebaugh home. In the fourth inning the Wildcats got two more runs off starting Dragon pitcher, H. A. Lee. However, in the fifth inning, Mark Davidson, a former resident of Crowell, came in to silence the Wildcats' bats for that inning. As the first of the sixth started, Jim Paul Norman slammed a home run far over the left field fence. Then after one out, Jon Sanders came up and did the same.

The Wildcats managed to get the Dragons out in their half of the seventh coming out of "Homer Biddy Field" with a 7-4 victory under their belts.

Despite the early inning hitting slump, every Wildcat except winning pitcher Roy Whitley, managed at least one hit. Willy Lynch led the Wildcat attack with a double and a single.

Roy Whitley, Crowell's freshman pitcher, looked like a veteran as he hurled a brilliant six hitter. However, four fielding errors cost him two or three unearned runs.

WILDCAT PURRS

Hi, Gang! Here's more news on your Crowell High School friends, and once again we have new romances taking place.

R. C. seems to be getting popular. First, Bobbie Jean, then Rosemary. Who's next, R. C.?

Seen riding around town Sunday afternoon were Miss Turney and Raymond Hord.

We wonder why Billy Latimer took his shoes off while counting eggs Saturday. Can't count over 10?

We hear Sylvester is to be married in June. The only catch is that he won't say which June.

We wonder what's in those letters Rosemary has been getting from Fort Worth?

Seen making the rounds for "old time's sake" Sunday night were James Lee and Jenny Wehba.

Jean and Jim Paul are a two-some again. Good luck, you two!

Margaret and Hack are still being seen quite frequently.

Seen in the show Sunday night were Josephine Halenack and Nile Bryant.

We wonder why a certain group of girls like to ride around in the station wagon at noon.

Peggy enjoyed a lively weekend in Wichita Falls.

Has anyone else noticed how the climate at Frisco changed the color of Doris Jones' hair?

Friday night proved a lifesaver for this column cause it provided a whole night of fun and excitement for Joline, LaVerne, Betty Lou, Edna Jewel, Sweetpea and Myrtle.

According to very reliable gossip Betty Barker was seen with Buster Lauey.

Wanza Spears and Dowal Parks were seen together over the weekend.

Neva Lou was all smiles Monday. Could it be because Joe Harris was home over the weekend?

Seen making a flying trip to Vernon Saturday night were Jacquelyn Rasberry, Rusty McNeese, Camille Todd and Billy Johnson.

What was the rush, Rusty?

We wonder how Mary Rader, Jimmie Jones, Frankie Mabe,

Blackie White, Bobbie Akers and Charlicia Ketchersid enjoyed their trip over Truscott way Sunday afternoon?

Will someone please ask Montez and Martha why they have suddenly become so fond of red hots?

Norma Jones and Wayne Brown seemed to be doing OK over the weekend.

Where have Rouse and Myra Don been hiding? We haven't seen you two in a long time.

F. L. was lonesome while Maurice was ill.

Joe Ray and Joyzell were seen together Sunday afternoon.

Tommy was in Hamlin over the week-end. That's bad news from Bongor.

Everyone was glad to see Bobbie Akers here over the week-end.

Clara Jones and Jack Brown were seen riding around Saturday night.

Next week please don't forget to put some scandal in locker No. 36.

A certain girl in grammar school thinks Martin Langham is OK.

Virginia McKown thinks Dallas is tops.

Well, CHSites, that's the scoop for this time, but we will return with more in the next issue.

Washington Newsletter

(By Congressman Ed Gossett)

Washington, D. C., March 16, 1950—Last week the House finally passed and sent to the President a bill repealing the tax on oleomargarine. This should have been done long ago but it seems the wheels of justice grind slowly. It's certainly wrong in principle to discriminate against any wholesome food by putting a tax on it when comparable foods are not so taxed. As a matter of fact, although I have milked many a gallon of milk and churned many a pound of butter I cannot at this time tell good oleo from good butter.

The Senate is still wrestling with the so-called DP Act. The main changes sought in the DP Act are to increase the number who are to be brought here by 139,000 and to eliminate the cut-off date of the bill passed by the last Congress. Under existing law, no person can qualify as a DP who came into our camps after December 22, 1945. If the cut-off date is eliminated it will make eligible for entry into this country 100,000 Russian Jews who came from behind the iron curtain and into our DP camps many months after the shooting was over. Incidentally, the notorious British spy, Dr. Klaus Emil Julius Fuchs is also of Eastern European origin. When Lord Goddard, the Chief Justice of England was passing

sentence on the man who doubtless gave most of our atomic secrets to the Russians, he observed, "Dare we now give shelter to political refugees who may be followers of this pernicious creed"—meaning communism. Most everybody in Washington knows that we have permitted numerous communists to slip into this country and that we have done and are doing little to stop their infiltration.

The British seem determined to nationalize their steel industry. This seems strange since it is the one major industry in England to show increased production per man hour, increased efficiency and a substantial profit. When taking over the railroads the British government estimated that they would make \$260,000,000 per year. On the contrary, railroad service deteriorated and the British government lost \$118,000,000 on the first year's operation. When the British government took over the coal mines, they spent 170 million on mechanism, still production has fallen below the pre-war level and the output per man hour has decreased and the National Coal Board lost in the first year of operation \$95,000,000. Socialized medicine in England exceeded cost estimates for the first year's operation by more than \$300,000,000. Their public housing program has produced only about two-thirds as many houses per year as were being built prior to the war, to say nothing of cost estimates. Furthermore, it should not be overlooked that the socialistic government of England can now direct any person between the ages of

18 and 50 to take any job, anywhere, i. e., compulsory labor is legal.

A newspaper man just called me to ask me what I thought of the recommendations of the State and Justice Departments that Gubitchev be deported. Frankly, I think it may be a good idea. It will save our government the expense of keeping him in prison for 15 years. Again, it may spare retaliation on American prisoners back of the iron curtain.

The House last week defeated by 2 votes a so-called rural library bill. Under the proposed bill the Federal government would spend up to \$35,000,000 in promoting mobile rural libraries. The Texas delegation split about 50-50 on the vote. I voted against the bill on the theory that it would set up another government bureau; that said bureau would grow larger and would perpetuate itself, and finally that this was a job which the states and local communities could and should do for themselves. When bills come before the Congress proposing to create new agencies and to spend more money, it seems to me that we should ask ourselves first; do we need the service; secondly, can we afford the service, and finally, is it sound in principle? George Washington had something to say on principle during a stormy Constitutional Convention in Philadelphia in 1787. When members were offering measures thought likely to meet with the approval of certain groups of people, George Washington said, "It is too probable that no plan we propose will be adopted. Perhaps another dreadful conflict is to be sustained. If, to please the people, we offer what we ourselves disapprove, how can we afterwards defend our work? Let us raise a standard to which the wise and honest can repair. The event is in the hand of God."

Health Letter

Texas State Department of Health, Austin, Texas. Geo. W. Cox, M. D., State Health Officer.

Austin—The more than 2,000 cases of syphilis and 3,000 cases of gonorrhea reported throughout the State since the first of the year signifies the pressing need for continuing public education in matters of venereal disease, State Health Officer Geo. W. Cox believes.

Cox appealed for state-wide participation in making "Better Health for Texans" a year long program. A "Better Health for Texans Week" was officially designated by Governor Allan Shivers last December.

Cox said the response of the public, the press, radio, motion picture theaters, television, and "other agencies and individuals during the campaign was excellent."

"But," he said, "the continued success in reducing the incidence of VD requires the full support of all the public."

The veteran of more than 13 years as State Health Officer said his department was continuing an "intensified" campaign against venereal infections through "all me-

The Federal Deposit Insurance Corporation reports that only 4 million of the 104 million bank accounts it insures exceed \$5000. At the present time the FDIC insures accounts up to \$5000 but there is a bill pending in Congress to raise the limit to \$10,000. In nearly six years there has not been a single loss to any depositor in an insured bank.

Miss Ina M. Hardin and James Savell Wed Sunday

The home of Mr. and Mrs. Jeff Hardin in Slaton was the scene of the wedding of their daughter, Miss Ina Mae Hardin, to James Louis Savell, also of Slaton, on Sunday, March 12. The Hardin family are former residents of

Crowell. Mr. Savell is the son of Mr. and Mrs. Walter Savell of Slaton.

An improvised altar, flanked with wrought iron standards holding baskets of pink gladioli and fern with white satin pre-dieu, formed the setting where the couple recited their vows at 2 p. m. with Rev. J. M. McCraw, pastor of the Wilson Baptist Church, officiating with the double ring ceremony.

The bride, attractively attired in a navy blue taffeta afternoon

gown, with navy ribbon hat and matching accessories, entered on the arm of her father, who gave her in marriage. She wore a pearl necklace and carried a nosegay bouquet of pink and white split carnations with pink and white streamers, arranged atop a white Bible. A coin in her shoe was borrowed from Mrs. Grady Magee.

Mrs. Jeff N. Hardin of Crowell, sister-in-law of the bride, was matron of honor. Her costume was of navy silk faille with which she wore a navy straw hat with white flowers across the brim. Her flowers were white carnations.

James Hewlett of Slaton, a classmate of the groom in Texas Tech, served as best man. Preceding the ceremony, Mrs. Emory Angus of Floydada, aunt of the bride, sang "I Love You Truly" and at the conclusion of the vows, sang "The Lord's Prayer." She wore a black crepe afternoon dress with sequin trim in silver. Her corsage was of deep rose carnations. She was accompanied at the piano by Mrs. Grady Magee, of Crowell, who wore toast brown satin with matching nylon hat and a corsage of white carnations. Mrs. Magee also played the traditional wedding marches.

Immediately following the marriage, the parents of the bride were hosts to the close friends who witnessed the marriage and to a larger group who came for the reception.

Pink gladioli and fern in artistic arrangement adorned the dining room and reception suite which was lighted with tall white candles in silver candelabra. Presiding at the beautifully appointed bride's table where the tiered wedding cake was served with punch, were Mesdames R. L. Hunt and C. B. Graham of Crowell, assisted by Misses Marsa Swope and Grovunda Coleman, of Slaton. Mrs. John Hamlin of Slaton presided at the bride's book.

Movies were taken of the bridal couple and guests, after which the pair left for points in New Mexico and Colorado for ten days. Upon their return, they will be at home in their recently completed home in Slaton.

The bride is a native of Bonham, where she attended elementary school. She completed High School in Crowell and attended Southwestern State Teachers' College in Durant, Okla., and Texas Tech in Lubbock. Mr. Savell is a graduate of Slaton High School and of Texas Tech and is now teaching vocational studies in Slaton.

Among the out-of-town guests attending the wedding were Mrs. Ina Wood, grandmother of the bride, of Durant, Okla.; Mrs. Evelyn Linstead of Durant, an aunt; Mr. and Mrs. Emory Angus of Floydada, uncle and aunt; Mr. and Mrs. R. L. Hunt, Mr. and Mrs. Grady Magee, Mrs. C. B. Graham and Leo Spencer, all of Crowell.

Garden Club Features Picture Show on Friday Afternoon

The Crowell Garden Club met on Friday, March 10, at the Rialto Theater with Mrs. Hines Clark, Mrs. R. R. Magee, Mrs. Jesse Phillips, Mrs. Henry Edgin and Mrs. J. H. Gillespie as joint hostesses.

Roll call was answered by giving the name of a state with its native flower. The main feature of the afternoon's program was the showing of 100 interesting colored slides of Texas wild flowers. These were shown by Mrs. Alyene Graham with Mrs. W. F. Stater giving the lecture. Mrs. Graham also gave the traditions of the Lone Star State. She stated that Texas once belonged to Mexico and was under Spanish rule for more than three hundred years. The early English and Spanish botanists visited Texas and wrote many treatises about the native plants. To flower growers, Texas has been a paradise throughout the years. In the early Spanish records, it is found that the Wichita Indians had flower gardens in the Wichita River valleys long before the coming of white settlers.

Legend tells that the Spanish padres introduced the Bluebonnet to the mission gardens on the Holy Land and in 1901 Texas declared the bluebonnet the official state flower for Texas.

Mrs. L. A. Andrews gave a schedule of the coming flower show which will be held in the latter part of April. Rules for entries, potted plants, horticultural specimens, artistic arrangements, novelty and others were stressed and everyone was urged to enter and participate in the show.

Mrs. Roy Fox, chairman of the nomination committee, announced the officers for another year and these were elected: Mrs. R. L. Hunt, president; Mrs. R. L. Kincaid, vice president; Mrs. Alyene Graham, secretary and treasurer. Refreshments of frosted punch and cookies were served to forty members present.

REBEKAH LODGE

Members of Crowell Rebekah Lodge met for the first regular bi-monthly meeting, last Friday night, with Zelma Bracewell, past noble grand, in charge and 32 members present.

Lodge opened in regular form. During the business session the visiting committee made its report on visits made. The local lodge agreed to accept the invitation of the Vernon lodge to be present at its meeting Tuesday night, March 14, at which time two candidates will be initiated.

After the business session, lodge was closed in regular form and the degree staff took the floor for regular practice.

COLUMBIAN CLUB

The annual covered dish luncheon which is the day observed as Texas Day by the Columbian Club, was held in the home of Mrs. M. O'Connell on Wednesday, March 8, with Mrs. O'Connell and Mrs. A. G. Magee as hostesses. These luncheons are typically Texan, the food, the friendship, and the hospitality.

At 1:30 o'clock, a program on Texas women was led by Mrs. N. J. Roberts. She told the story of Enid Justin of Nocona, who is the only woman boot maker in the nation. She introduced Mrs. M. A. Bush, mother of Mrs. Jeff Bruce, who lived in Nocona in Miss Justin's young days and knew her and her family intimately.

Mrs. Hines Clark told of the rise of Sarah T. Hughes of Dallas to the office of federal judge. She has been prominent in Texas business and Professional Women's Club in Texas and is now a candidate for the national presidency of the organization.

Mrs. C. C. McLaughlin had as her subject a prominent doctor of Texas, Dr. Minnie Moffitt. Mrs. John S. Ray read a number of poems by Texas women, mentioning particularly those who had been poet laureates of the state. In her scrap book, she had at hand her favorite poems from the pens of these best recognized writers.

Mrs. D. R. Magee graciously reminded the club members that it was one of their number who received the Distinguished Service Award from the Chamber of Commerce and other members paid tribute to her as a friend and fellow worker.

Mrs. Bush was an honored guest at the meeting.

TRUSCOTT H. D. CLUB

The Truscott Home Demonstration Club members held their regular meeting on Thursday, March 9, with Mrs. J. W. Chowning as hostess. Mrs. W. C. Taylor, club president, presided during the business session.

Twenty members and two visitors answered to roll call and enjoyed meeting the new agent, Miss Allen. She made a demonstration on making muffins. The demonstration originated from the Master Mix club has been studying. One member, Mrs. Ozzie Turner served a refreshment plate from this Master Mix at the previous meeting.

A number of reports on club work were given and plans were made for some interesting work for the remainder of the year. Mrs. Turner was elected chairman of a committee to see about using a room in the school building for a club room.

The hostess served a delicious plate to club members and visitors. The next meeting will be held with Mrs. H. B. Maddox.
