Funeral Rites Held Thursday for Miss Richardson

Funeral services were held at the Methodist Church on Thursday afternoon at 4:30 o'clock for Miss Richardson, sister of Dr. Hines Richardson, who passed away in the County Hospital on Wednesday, Sept. 20, after a very short illness. The church, officiated by Rev. Aubrey C. Haynes.

The flower bearers were Leslie Thomas, Thomas J. T. Hughston, Ray W. B. Carter and Clint W. Higginbotham, Mrs. E. M. Moore, Mrs. Fred Collins, Mrs. Youree, Mrs. Bill Gafford, Moody Bursey, Mrs. Luther and Miss Martha Rettig. Songs were used, Mrs. Shirley playing organ accompaniment. Interment was made in the Crowell cemetery with the Rev. Aubrey C. Haynes officiating.

Heavy Rains Fall in Foard County Wednesday Night

The streets of Crowell were flooded during the heavy rain which visited Crowell Wednesday night of last week. The rain continued steadily from 7 to 11 o'clock during which time three and one-half inches of precipitation were recorded. Water ran down the highway two blocks west of the square.

The rain fell in the Margaret Thalia communities that were flooded in Crowell. In the same area of time, five and one-half inches fell in the Margaret community and five inches in the Thalia community.

The rain over the highway Thalia, but traffic kept moving in the direction of the square.

The rain last Wednesday night the fourth time since July 1st that Margaret has experienced enormous amounts of rain. The fields in that community were washed, but the amount of damage has not been reported again this week amounting to two inches Monday night.

Lightning Strikes Crowell Home Last Wednesday Night

Lightning struck the home of Mrs. J. M. Hill Jr. about 10:30 p.m. during the heavy rain here Wednesday evening last week. Mr. and Mrs. Hill were not at home at the time. There was no fire, and the damage was not too heavy. The house is a French Provincial design, a part of brick, the upper part of wood.

A bolt of lightning struck the garage, splitting the redwood wall down to the brick, and tore away the inner lining of the room. A wall socket splattered throughout the room.

A violent electrical storm continued throughout the 3.3-inch pour from 7 until 11:30.

SHORT LINT CELLULOSE

Approximately 50,000 bales of staple cotton are expected to be consumed annually as a substitute for cotton.

FOARD COUNTY FEDERATION

The Foard County Federation of Women's Clubs will meet at the Adelphi Club House on next Monday, Sept. 29, at 10 a. m. The Vivian Club will be hostess to the Margaret Club will present the program.

Soil Conservation Meeting Held in Hardeman County

A meeting of the Lower Pease River Soil Conservation District was held at the W. C. Howard farm in Hardeman County from 2 to 5 o'clock Monday afternoon. Those present were Grady Halbert, O. T. Holmes, O. H. Brandon, Roy Ayers and W. C. Howard, supervisors; Ray Stockard and Joe Burkett, Hardeman and Foard County agents, respectively; Walker Todd, Quannah Vocational Agriculture teacher; Bomar Harris and L. W. Harvel of the Soil Conservation Service. Minutes of the previous meeting were read and approved as read.

The following is a list of applications for district assistance approved by the board: Crowell unit, Henry Johnson, 3 places; L. D. Fox Jr., 2 places, Quannah unit, H. J. Kubicek, R. R. Donaghey, T. J. Monday and Fred Dennis.

The following is a list of conservation plans approved by the board: Crowell unit, Roy C. Steele, Robert J. Long, John and Bill Fish and Burke Bell, Quannah unit, H. R. Frost, H. J. Kubicek, T. J. Monday, J. M. Frost and F. E. Gibson.

While on the Howard farm the group observed an irrigation system which takes water from Groesbeck Creek and by gravity flow irrigates around 150 to 200 acres of land.

Results of a good range management program were also observed. The Blue grama grass in particular had made a wonderful seed crop. Sideots grama also has produced a lot of seed.

A bottomland cotton field with stalks averaging six feet high and thick enough on the ground for two stands was also seen by the group. No cotton production because of insects, poisoned five times with little or no effect.

Those in attendance also saw some good cattle in excellent condition and all enjoyed the fine watermelons furnished by Mr. Howard.

Cotton Should Be Defoliated Before Harvesting of Crop

Defoliation of cotton, either naturally or with chemicals, is a must if the crop is being harvested with machinery. And even if the cotton is being picked by hand, the speed of picking is increased and a higher percentage of the crop is harvested when the plants are defoliated.

The specific chemical defoliant to use and the method of applying it will depend on the growth of the cotton plants and the weather conditions, according to Joe Burkett, County Agent.

When dust defoliants are used, plenty of moisture in the air and a heavy dew on the plants are necessary for satisfactory results. For best results the dew should remain on the leaves for at least three hours after the dust has been applied. Burkett says that the dust may be applied ahead of dew.

Dusting by airplane usually gives better results than applying the defoliants with ground dusting machinery, especially when the cotton plants are large.

In an experiment recently completed at the Weslaco substation of the Texas Agricultural Experiment Station, researchers found that defoliants can be applied effectively with a ground spray machine in wind velocities too high for the application of dusts. Fenders were used in front of the tractor wheels to prevent damage to the cotton plants, and the spray machine did an excellent job of covering the leaves with defoliant in a ten-mile per hour wind.

Burkett advises applying the chemical defoliants after the youngest bolls are 25 days old, but at least two weeks before the first frost is expected.

If calcium cyanamide dust is being used for defoliating cotton, Burkett recommends that it be applied only when adequate dews are present or expected. Apply at the rate of 30 to 40 pounds per acre.

The spray defoliants are prepared by mixing the chemical powders with water at the rate of one pound of powder per gallon of water. Sprays can be used effectively in the absence of dews and when there is very little moisture in the air.

DIABETICS IN INDUSTRY

About 250,000 diabetics are in the labor force in the United States and the number is growing from year to year. Studies show that the work record of diabetics in industry is generally satisfactory as compared with non-diabetics. The increase in the number of employed diabetics reflects their gains in longevity, and also that, thanks to insulin, few diabetic children now die of the disease, but grow up to become productive members of society.

We are more sensible of what is done against custom than against nature.—Plutarch.

Funeral Services for Mrs. Ringgold Held Thursday

Crowell Pioneer Passed Away on Tuesday, Sept. 19

Funeral services for Mrs. B. F. Ringgold, who passed away at her home early Tuesday evening, Sept. 19, were held at the Methodist Church on Thursday afternoon, Sept. 21, with Rev. Aubrey C. Haynes, pastor of the church, officiating.

Pall bearers were Grady Magee, D. R. Magee, John Long, Alva Spencer, Clint White and T. B. Klepper. Flower bearers were the members of the Co-Laborers' Sunday School class of the Methodist Church and Mrs. J. E. Long, Mrs. Grady Magee, Mrs. Abby Dunn, Miss Lula Bowley, Miss Deulah Bowley, Mrs. T. S. Hance, Mrs. Jack Lyons and Mrs. L. E. Archer.

The choir sang two numbers, "Amazing Grace" and "Sweet By and By," favorite songs of the deceased. A solo, "Beyond the Sunset," was rendered by John Raser of Vernon, the accompaniment being played by Mrs. Paul Shirley. A quartet, composed of Mrs. D. R. Magee, Mrs. Fred Carr, Rob Cooper and A. Y. Beverly, sang "I Shall Know Him."

The members of the Faithful Workers' Class were named as honorary flower bearers as also were the members of the Woman's Society of Christian Service of the church. Mrs. Ringgold was a member of both organizations. Mrs. Tom King and Mrs. T. W. Cooper were also honorary flower bearers.

Interment followed in the Crowell Cemetery under the direction of the Womack Funeral Service.

Mrs. Ringgold was born in Cabot, Loanoke County, Ark., on Nov. 9, 1871. She was married to Jimmy Williams of Cabot in 1889 and to them four children were born. After the death of Mr. Williams in 1895, she was married to B. F. Ringgold, also of Cabot, and the couple moved to Vernon immediately. They moved to Crowell in 1902 and had, since that time, made this their home. Mr. Ringgold was the father of two children whom Mrs. Ringgold reared, Mr. and Mrs. Ringgold then had one child of their own, Mr. Ringgold passed away in 1934.

Mrs. Ringgold was converted and joined the Methodist Church when 13 years of age and remained faithful her entire life. She loved her church and her church associates. She was in her accustomed place in church only a few days prior to her last illness. She was a member of the Faithful Workers' Sunday School class and had been presented a Life membership in the Woman's Society of Christian Service as being the member who had been active in the local society for the greatest number of years. She was a consistent Christian, ever spreading her beliefs in her attitude toward others. While she was able, she was busy about helping someone in need. Her works will live after her. Always cheerful and jolly, she had many friends throughout the community.

Survivors include six children: C. B. Williams of Amarillo, Mrs. Belle McKown of Crowell, H. B. Wm. E. Wells of Crowell, H. B. Ringgold of Pasadena, Calif., A. E. Williams of Long Beach, Calif., and Mrs. F. C. Brooks of Crowell. She is also survived by nine grandchildren and nine great grandchildren.

Present for the funeral services were the following out-of-town relatives and friends: Mr. and Mrs. C. B. Williams, Mr. and Mrs. C. B. Williams Jr. and Miss Jane Williams of Amarillo; Jim Williams of Houston; Mrs. Ted Burrow of Lubbock, John Raser of Vernon and Mrs. Tom Allen of Wichita Falls.

used for defoliating fully mature cotton at the rate of ten gallons of spray per acre.

When potassium cyanate spray is used, Burkett recommends that it be applied at the rate of seven to ten pounds per acre in seven to ten gallons of water.

Defoliation with sodium monochloroacetate requires five to nine pounds of the powder per acre in five to nine gallons of water.

An over-dosage of some of the defoliants will freeze the leaves on the cotton plants, and an under-dose also gives poor defoliation.

He also warns farmers to take necessary precautions when applying the chemicals to prevent the rusting of machinery, damage to other nearby crops, and injury to the operator's eyes, skin and lungs.

EVENING SERVICES AT 7

The time of the evening service at the Methodist Church has been changed from 7:30 to 7, it was announced by the pastor, Rev. Aubrey C. Haynes, this week. Those desiring to attend these services should take note of the change in time.

George Self Presents A&M Scholarship

George Self of Crowell, past president of the Northwest Texas A. & M. Club, is shown as he presented a scholarship from the Ex-Student Loan Fund to Gail Long, 1950 graduate of Childress High School. The presentation ceremonies were held in Vernon recently and were attended by many graduates and ex-students of Texas Agricultural and Mechanical College.

Gail Long, 17, a 1950 graduate of Childress High School, was one of the 54 boys in the state who received a \$300 a year scholarship for study at Texas A&M College recently. The scholarship which was presented by the Ex-Student Loan Fund through the Northwest Texas A&M Club, was based on need, character and scholastic standing of the recipient.

The presentation ceremonies were held in Vernon recently, and George Self of Crowell, past president of the Northwest Texas Agricultural and Mechanical College, made the presentation to young Long.

Oil-Gas Leases Filed for Record

Mineral leases filed in the office of Mrs. Fern McKown, County and District clerk, from April 8 to August 14, follow:

Hagan Whatley to the Skelly Oil Company, 430 acres of Section 10, Block A, T&N Ry. Co. survey.

T. P. Reeder, et al, to J. E. Beverly of Crowell, 160 acres of Survey No. 18.

S. O. Turner and Three Sons in Service on 21st Birthdays

S. O. Turner of Truscott and three sons were in the military service of the United States in their 21st year, it has been brought to the attention of the News. The father spent his 21st birthday on the Atlantic Ocean during World War I. Two of his sons, Lee and Joe, were in the South Pacific on their 21st birthdays during World War II. At the present time, the youngest son, Wayne, 21, is serving in the Air Force at Lackland Base, in San Antonio.

ATTEND FAMILY REUNION

Henry Johnson and family attended a Johnson family reunion at the Abilene State Park near Buffalo Gap last Sunday. Five brothers and four sisters and their families attended the all-day affair. This was the first reunion of the family held since 1944. More than fifty people were present, which included the brothers and sisters, their husbands and wives, children, grandchildren and great grandchildren.

Members of the family are Henry of Crowell, Edgar, Perry and Ben Johnson of Anson, Bryant Johnson of Anson, Mrs. L. E. Moore of Winters, Mrs. Ida Powell of Sweetwater, Mrs. Maymie Johnson of Longview and Mrs. Bern Ball of Anson.

METHODIST MEN'S MEETING

The regular meeting of the Methodist Men's organization, which was to have been held tonight at the church, has been postponed until Thursday night, Oct. 5, it was announced Tuesday.

The meeting will be held at the church Thursday night of next week.

Wildcats Win Conference Opener Over Holliday Eagles Friday Night 33 to 0; Go to Iowa Park Tomorrow Night

The Crowell High School football team won its first conference game of the season last Friday night 33 to 0 over the Holliday Eagles. This was Crowell's first victory over Holliday since 1945. The Wildcats tied the Eagles 7 to 7 in 1947.

The Crowell boys did not look as good against this team as they did the previous week against the strong Paducah club. Touchdowns were made by Jim Paul Norman, Hack Norman, and three by Jon Sanders. Sanders kicked three out of four extra points and the other try by a pass was no good.

Mrs. Maggie Killen Succumbs Sept. 21st in Amarillo

Mrs. Maggie Killen, pioneer resident of Foard County and sister of the late H. W. Gray of Thalia, died in Amarillo last Thursday, Sept. 21, following a long illness. She had made her home in Amarillo for the past two years.

Funeral services were held in Lubbock last Friday.

Mrs. H. W. Gray and three sons, Loyd, Beverly and Fred Gray, and families, Mrs. W. G. Chapman and Fred Brown of Thalia attended the funeral services.

Oct. 1 Last Day to Join Telephone Co-Operative

October 1 is the last day to make application for a rural telephone, it was announced Wednesday by Virgil Johnson, Foard County director for the Santa Rosa Telephone Co-Operative.

Approximately seven hundred rural residents of Foard, Hardeman and Wilbarger Counties have signed as members of the Co-Operative. It will be difficult for those who fail to join to secure telephones in their homes after the system has been set up, Mr. Johnson stated.

Awarded Certificate of Achievement

For outstanding performance as officer in charge of the main officers' mess at Fort Dix, N. J., First Lieutenant Lester W. Blevins, formerly of the Thalia community, was awarded a certificate of achievement in recognition of his tireless efforts in improving facilities in the period of Feb. 13, 1950, to Sept. 12, 1950.

Lt. Blevins will depart soon for the Far East Command, according to the news release from the Public Information Office at Fort Dix.

Dr. June M. Cook in New Location

Dr. June M. Cook has moved the offices of the Cook Chiropractic Clinic from 903 North Main to 308 East Commerce. The new location is the home of Mrs. Frances Ricks who recently moved to San Antonio.

TO REPORT FOR INDUCTION

Following is a list of registrants ordered to report for induction into military service on October 5, 1950, by Local Board No. 131, Texas, at local board office, Vernon, Texas:

Eddy Foy Quisenberry, Chilli-cothe; Vernon Elmer McCurley, Thalia; Billy Dan Bell, Vernon; Bobby Joe Burk, Vernon; Raymond Worley, Crowell; Wayland Buel Bowman, Vernon; Joel Burk Hacker, Vernon; Jack Donald Adams, Vernon; Robert Marvin Stone, Harrold; Eldon Glynn Clark, Vernon; N. A. Nichols, Crowell; Billy Joe Ramsey, Vernon; Garland Lewis Chessir, Quannah, Aulton Don Spruill, Chilli-cothe.

TO SOUTH AMERICA

Travis Gover, son of Mr. and Mrs. M. L. Gover of El Paso, former Foard County resident, has signed a two-year contract with Lane-Wells Geophysical Survey for an oil-spotting assignment in Venezuela, South America, according to information furnished the News by his aunt, Mrs. Ozzie Turner, of Truscott.

Gover received his B. S. degree in physics from Texas Western College in El Paso with this year's May graduating class. With the use of modern techniques, Gover's job will be to determine the depth of the best oil-bearing strata in wells already in operation.

PICKIN' DAISIES

Football Team
 Aren't we glad we have such a swell football team? That Holiday game was downright wonderful! Coach certainly had a good reason to be thrilled by the game. Everyone is so proud of the boys, but while we're bragging about them, we're also hoping and praying that they can and will play equally as good against Iowa Park and Electra.

The whole student body wishes them all the good luck in the world.

Congratulations!

To an ex-student of CHS, Jane Cooper. She is attending Vernon High this year and was elected football queen last week and crowned during half-time at the game between Altus and Vernon Friday night. James was also elected sophomore class secretary.

Welcome Home

Jack Murphy, sporting a classy mustache, visited CHS Monday. He is training to be an A&E mechanic at Sheppard Field.

Everyone was glad to see Mr. and Mrs. Herb Sanders at the Holiday game. Mrs. Sanders was the former Beulah Grace Turney, who taught speech at CHS last year. The Sanders live in Fort Worth where Mr. Sanders works for the Armour Packing Co., and Mrs. Sanders is receptionist-secretary for an oil company.

ANNUAL STAFF NAMED

After much forethought by Mrs. Lola Black and Henry Black, the staff of the 1951 Round-Up was named.

They are: co-editors, Ann Haynie and Pat Owens; business managers, Jimmy Tom Cates and Chas. Wishon; art editors, Jimmy Franklin and Thurston Edgin; typists, Mary Rader and Bobbie Abston; photography, Jean Gamble and Betty Barker; annual salesmen, Carolyn Bell, Marcia Kincaid, Eva Rae Geaslin and Mary Rader.

The salesmen are now ready to take your money for the annuals and you are urged to pay as soon as possible. The cost is \$4.00 and you may pay \$2.00 now and pay the rest when they arrive next spring.

We are looking forward to the best Round-Up yet.

COLLEGE EDUCATION REACHES A NEW HIGH

According to recent calculations the number of CHS graduates who are enrolling in college is increasing each year.

Out of Crowell's 1949 class, only 30 per cent attended college, with the remaining per cent either working or staying at home. The 1950 class found an increase with 46 per cent of a class of forty-one enrolling in college this year.

JUNIORS ELECT OFFICERS FOR COMING YEAR

Friendly Junior President Thinks, Lives, and Loves Sports and Dancing

With a smile for everyone and eyes that sparkle friendship, Jimmy Woods takes office as junior president. An all-round citizen of CHS, Jimmy was sophomore class favorite last year. He enjoys football and baseball games. On Saturday nights he leaves his home on the JY Ranch and heads toward the old barn dance where he joins in a square dance and do-si-do for several hours. His hobby is collecting safety match folders from just everywhere. Any time a John Wayne picture is on, you will find him at the movies. Fun to be around, Jimmy is the type of person that likes people and is liked in return.

Robert Shuns the Girls for Sports

That handsome guy, Robert Brock, has won new honors. President of his sophomore class last year, Bobby comes up again this year to be unanimously elected for junior class president. He enjoys sports, especially football, and although the girls wish Robert would date more, he just passes with a friendly "hi" and doesn't give them a break. Popular music and fried chicken are among his "likes"—and as for a pet peeve, he finds nothing that he just dislikes. No future plans have been made as yet because right now he is just enjoying these good old high school days.

You're Wins Them All

Ever since Maurine Youree came to high school as a "fish," she has been class secretary. This year she takes over her duties again as bookkeeper for the junior class. This is only one of many honors

Maurine has deserved, for her sweet disposition has won for her the title of girl sophomore class favorite last year as well as being one of the football queen's attendants. This slender, blond-haired "gal" likes Guy Lombardo, fried chicken, being cheer leader, and a certain "fish" at Texas Tech. A capable dramatist, "Renie's" ambition is to be a speech teacher.

Edna Holds the Money Bag

Keeping watch over the junior class' fortune this year will be Edna Curtis. Of course you know that she is the girl with the beautiful long blond hair that you see darting about school. Edna likes popular music and football. Her favorite movie stars are June Allyson and Montgomery Clift. For her future plans, Edna plans to be a registered nurse. The general opinion is that she will succeed in this field because of her unselfishness and initiative.

HOMEMAKING CLASSES

The freshmen girls are finding out how much fun it is to sew. They are actually going to be proud of those pretty skirts and blouses they are working on now.

Sophomore girls in the third and fourth period home economics class have been studying recipes, and getting their equipment ready to begin cooking in earnest.

HOW TO CARE FOR CORDUROY

If you were up in the Home Economics department any time last week, a gaily decorated bulletin board couldn't help but catch your eye. "How to Care for Corduroy," the sign read. Mrs. Kenner, knowing what an important part corduroy plays in a school girl's wardrobe, had tacked on the bulletin board some samples of corduroy, and had stated the number of times each had been washed. Under this she had written some helpful hints on the laundering of corduroy.

Buy sanforized corduroy if possible, or shrink before cutting in order for the garment to fit better, and therefore give better service. Dark browns and dark blues

are more difficult to launder. To launder corduroy:

Do not soak, wring or twist. Use a nailbrush on bad spots. Hang wet by safety pins and let drip; dry rapidly outdoors if possible.

As it dries, shake pile in same direction.

Press on wrong side with the nap using a fairly hot iron; follow by brushing on right side with the nap.

IMPROVEMENTS MADE IN SCHOOL

Aren't you proud of the repairs that have been added to our school? I am.

How about the cafeteria—have you noticed the pretty lunch counter and the large stove in the cafeteria? They were brought from the Truscott school.

Both rest rooms have been repainted. It is really a relief to go in the girls' lounge and not find names scrawled and lipstick smeared on the walls.

The walls of our halls have been finished in brown and cream color. Looks a lot better, doesn't it?

The floors and desks have been resurfaced, polished and waxed. All the names on the desk have been filled up with plastic wood. Plaster can help the looks of the halls a lot. If you have noticed, all the broken places in the walls have been repaired.

Let's remember to clean our feet on the new mats that are at every door.

Let's do try, however, to take care of our school. Let's show that we appreciate the favors shown us and keep things clean.

FISH SHOW PEP IN FIRST RALLIES

"Yea team fight"! came the yell led by cheer leaders Betty Barker, Maurine Youree, Myra Don Self and Carolyn Bell at the pep rally last Friday afternoon.

An abundance of school spirit was felt by freshmen and upperclassmen alike. The CHS Band provided music for the rally. High spot of the affair came

when a word was said by each of our co-captains, Jon Sanders and Haskell Norman.

Much enthusiasm was shown by the fifth, sixth, seventh and eighth grades of elementary school who also attended this pep rally.

FACULTY DEFEATS GYM JANES

With such outstanding faculty volleyball players as "Spiker" Myers and "No Hit" Henry, the faculty won the first volleyball game of the year, 15-13.

Although the girls were defeated by two points, they offer their congratulations to the faculty, but remind them that they were the winners last year.

The Gym Janes are looking forward to the next game, which will be played Friday.

PLAYER OF THE WEEK

And he's over for a touchdown! That is Jon Sanders who carried the mail over for six points.

Jon is about 5 feet 7 inches tall and weighs 144 pounds. A two-year letterman for the Wildcats, Jon can run, kick and pass with the best.

When you see a streak of gold go down the field headed toward the goal, just look for number 50, the number of our player of the week.

WILDCAT PURRS

Surprises of the week end: Camille Todd and Jackie Brown, Melba Coker and Fred Barker, Geraldine Schmittou and Jimmy Stinebaugh, Rosemary Moss and Joe Bill Hall, Edna Curtis and George Johnson, Iris Abston and Ralph Hudgeons, James McBeath and Laverne Shultz, and Haack Norman and Jean Gamble.

Bright and smiling faces were seen in the auditorium Friday when the band started their playing and the pep squad gave out with some yells for the pep rally.

Congratulations are in order for Coach Amonett and the football boys for playing such a swell game Friday night. Making the rounds in Truscott

JOKES

Robert Graves was taking a general math test the other day and one of the problems was a man buys an article for \$9.75, does he gain or lose on the transaction? He pondered deeply, then wrote gains on the cents but loses the dollars.

On the front window of W. Grocery was written: "Boy ed." Below was scribbled, "one too," signed Ann Haynie.

"Gospel" means good news.

NOTICE!

My office in Ferguson Drug Store will not be open on Thursday afternoon from 12 noon on. Please call for emergency.

Can You Ignore Such Results?

Case No. 529—8-year old boy with Hay Fever for three years, brought to Cook Chiropractic Clinic Aug. 10th. X-rays revealed a misaligned bone in the neck. Child was given a corrective adjustment. One month later he is completely well.

Case No. 530—Boy 11 years old had been running temperature daily—some stomach distress. Came to this Clinic Aug. 8th. X-rays revealed a misaligned bone in the neck that was pressing on nerves. Corrective adjustments were begun. At end of one month patient dismissed as being well.

Case No. 531—A young mother came to this Clinic suffering Sciatic pains in right hip and leg. Severe pains around an old operation scar. Had been advised by well known surgeon that another operation was absolutely necessary. Several adjustments were given to a misaligned bone in the neck that was interfering with normal transmission of nerve impulses. After one month patient reported she was entirely free of pain.

Case No. 542—A lady about 60 years old had an acute case of pneumonia. X-rays revealed a misaligned bone in neck that interfered with nerves supplying the lungs. Four adjustments made this case well in about one week.

Case No. 519—A lady 59 years old with pneumonia. Three adjustments of a misaligned bone in the neck restored this lady to normal health in a few days.

Case No. 521—A 57-year old man with Eczema all over his body of 15 years standing. Arthritis in right knee and Hemorrhoids, came to this Clinic June 10th. X-rays revealed the misaligned bones in his spine that caused his trouble. After one week of Chiropractic care the Hemorrhoids were well, Arthritis is making fast improvement, and the Eczema is practically well.

All the above cases are people from in and near Brownell. We have numerous other outstanding results we can show you.

Time Capsule Will Be Buried at 1950 State Fair of Texas

The 1950 State Fair of Texas will mark the Mid-Century point in history for future generations by burying a Time Capsule with instructions not to open until 2050 A. D.

The Time Capsule, containing data of historic interest about life in Texas during the first half of the 20th Century, will be sealed and buried on the final day of the 1950 State Fair Mid-Century Exposition.

Disinterment of the hermetically sealed metal cylinder 100 years hence will probably be a high point of the next Mid-Century Exposition. Its contents will enable Texans at the 2050 Fair either to marvel or smile tolerantly at the way we live in 1950.

Prominent among exhibits to be included in the Time Capsule to give a true picture of Texas in 1950 will be copies of the front pages of virtually every newspaper, daily and weekly, in the Southwest. The front pages will be photographed on microfilm, which will be specially treated and sealed in an air-tight container of its own.

Other items will include documents and photographs pertaining to the history of Texas and the State Fair and a description of the everyday life of today. The Atomic Age Science Show of the 1950 State Fair also will be described in great detail.

"The Science Show at the 1950 State Fair will present a graphic picture of the near-miracles which have been accomplished by Science in the first half of the 20th Century," said James H. Stewart, executive vice president and general manager of the Fair.

"At the next Mid-Century Exposition, when the Time Capsule is opened, who can predict what unimaginable marvels may be revealed at the Science Show of that far-in-the-future Fair? At any rate it may be amusing to our descendants to see how amazed we today are at the Atomic Age accomplishments which then will no doubt be something from the realm of antiques."

The Time Capsule will be buried at an impressive ceremony at 3 p. m. Sunday, Oct. 22. Officials of the Fair are consulting engineers concerning the type of cylinder to be used and how best to preserve it in its resting place for the next 100 years.

Dates of the 1950 State Fair are Oct. 7-22.

nine years old and 17 per cent of the vehicles have been in service from six to eight years. School buses traveled 126,218 miles daily over dirt roads and the remainder 191,213 miles on paved or gravel thoroughfares.

Buses and tires are now purchased through the state at a considerable saving to the individual school districts.

Census Bureau experts estimate that this country's population has increased a half - million since the 1950 census was taken. They estimate it to be now over 151,000,000.

Postal Receipts in Texas Decreased in June from July

Austin, Texas — Postal receipts in Texas slid 3 per cent in July from June, the University of Texas Bureau of Business Research reported.

After adjustment for seasonal variation, the Bureau's index of postal receipts dipped 3 per cent from the previous month to 295 per cent of the 1935-39 base period in July.

Lufkin, with a 49 per cent gain over June, tallied the largest monthly advance in postal receipts. Littlefield presented a 41-per-cent rise and July receipts were up 40 per cent in Raymondville. Other Texas cities turning in notable increases in postal receipts from June to July were: Orange, 24 per cent; Lubbock, 21 per cent; Pampa, 19 per cent; and Cuero and Graham, 18 per cent.

On the other hand, June-to-July decreases in postal receipts ranged from a 1-per-cent drop in Amarillo, Del Rio, Texas City, Waco, and Victoria to a 27-per-cent decline in Luling.

July postal receipts for 78 Texas cities totaled \$3,721,770, or 12 per cent higher than in the same month of 1949.

Snyder, with a 192-per-cent jump in July 1950 postal receipts, continued to mark up the biggest increase over year-earlier levels. Receipts climbed 54 per cent in Lufkin, 46 per cent in Childress, 36 per cent in Big Spring and New Braunfels, 32 per cent in Midland, 28 per cent in Lubbock, 27 per cent in Texas City, and 24 per cent in Wichita Falls.

Declines from July 1949 varied from a fractional dip in Jacksonville and Laredo to 24 per cent in Brownfield.

Postal receipts in July amounted to \$971,541 in Dallas, \$613,201 in Houston, \$371,260 in Fort Worth, \$341,811 in San Antonio and \$152,286 in Austin.

320,000 Texas School Children Transported During 1949-50 Term

Austin, Texas, Sept. 9 — Texans are now taking good care of their million and a half school children including the transporting of 320,000 of them 55,550,365 miles during the last school year, the Texas State Teachers Association pointed out today.

Nearly 6,000 public school buses carried the children to and from their homes during the 175 school days last school term a distance equal to 2,222 trips around the world at the equator. The daily total of travel was 317,431 miles. State school funds provided for transportation averaged a little more than \$30 per pupil for the year, or a total of \$10,346,175. Only children living two or more miles from their school are provided transportation.

A total of 25,212 more pupils were carried by school buses during the last scholastic year than during the 1948-49 term. The increase was partly due to the consolidation of more school districts and more districts qualifying for state aid, but most of it was caused by increased enrollment. Nearly 5 per cent more children were in the public schools last year than in 1948-49. Transportation increased only 6 per cent.

The nearly 6,000 buses in use throughout the state are valued at \$17,492,869, according to a survey recently completed by L. H. Griffin, state school director of administration services.

His survey also disclosed that one-fourth of the school buses should be replaced with new ones. School buses are expected to give satisfactory, economical and safe service for five years.

More than five per cent of the buses in use are ten or more years old. Another three per cent are

HISTORY

The Bill of Rights, September 25: Following the drafting of the Constitution by the Convention in 1787 there was considerable criticism because it was felt by many that the new Constitution did not afford sufficient protection to the rights of individuals. As a result of the criticism it was agreed that amendments to it would be submitted for ratification after the original draft had been approved. Accordingly, at the first session of the First Congress at New York on September 25, 1787, twelve amendments were voted and sub-

mitted to the several states for ratification. Two relating to the apportioning of representation and the pay of Congressmen were rejected. The other ten were ratified and have become known as the "Bill of Rights." They guarantee among other things, freedom of religion and speech, the right of people to assemble peaceably, the right to petition the government, the right of private property, and the right of trial by jury. They forbid cruel and unjust punishment and the exaction of excessive bail, and they provide that the powers not delegated to the United States

nor prohibited by it to the States are reserved to the States respectively or to the people. The effect of the Bill of Rights was to establish the fact that the United States was a confederation of independent sovereignties with a central government with defined and limited powers.

There the world's largest merry-go-round, giant twin ferris wheels of the conventional type, the \$100,000 roller coaster, the country's biggest scooter floor, the Rocket, the Caterpillar, the Bubble Bounce, the Fun House and many others.

Cooking and a Career are easily combined with my Electric Range...

There's a New and Modern ELECTRIC RANGE for you... see your Electric Range Dealer today!

Cooking and careers can be combined and it's being done every day by smart women who take advantage of the speed, cleanliness and automatic features of the electric range to save them time, work and money.

Career girls can be cooks... and good ones... with an automatic electric range to cook for them while they're working. You can have a delicious dinner every night... cooked automatically... ready for you when you get home from work.

If you prefer a broiled dinner, that big fast electric broiler is ready to cook a steak and broil vegetables or fruit to go with it... all in a matter of minutes. Clean, fast, automatic... an electric range is a must for the career woman.

West Texas Utilities Company

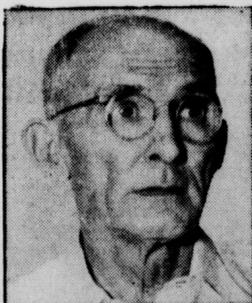

Don't Be Satisfied With Symptomatic Relief!

HADACOL NOW MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF YOUR SICKNESS

Neuritis Pains, Stomach Disturbances, Indigestion, Gas, Constipation, Certain Nervous Disorders and a General Run-down Condition

When due to lack of Vitamins B₁, B₂, Iron and Niacin in your system!

Read How These Folks Benefited Who Had Such Deficiencies

Mr. Anthamatten, 4731 South 32nd West Ave., Tulsa 7, Oklahoma, suffered from stomach distress for quite some time. He had spent much money trying everything possible for relief and was in bad health when he started taking HADACOL. He says, "After taking three bottles of the \$3.50 size, I've gained 27 pounds and now eat anything I desire and positively have no trouble." (HADACOL gives such wonderful results because it actually relieves the REAL CAUSE of stomach distress [gas pains, heartburn, indigestion after eating] due to such deficiencies. And continued use of this great HADACOL helps prevent such distress from returning.)

Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio. "Before I started taking HADACOL I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible pains. Then I heard about HADACOL. After the second bottle the pains and aches were about gone. I'm now starting my fourth bottle and am on top of the world. I eat well and, best of all, the aches and pains are completely gone." (Mrs. Kitchen is a very smart woman because she relieves the REAL CAUSE of her neuritis pains due to such deficiencies. HADACOL often brings a wonderful improvement within a few days' time.)

Mrs. J. Scieszinski, 514 Kruger, Ottumwa, Iowa, writes: "My daughter, Marilyn Sue, is 5 years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results... she has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take HADACOL, too." (HADACOL is a great "builder-upper" for sick, nervous, puny kids whose systems lack precious Vitamins B₁, B₂, Iron and Niacin. A big improvement in their well-being is often noticed within a few days' time after taking the great new HADACOL.)

Mr. Henry Angel, RD No. 1, Springfield, Ohio. "I used to suffer great pain from neuritis aches in all parts of my body, especially in my legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, my pain is all gone. And I'm working every day." (Now there's a smart man! Mr. Angel took HADACOL and relieved the REAL CAUSE of his neuritis pains because they were due to such deficiencies. HADACOL is helping thousands upon thousands of grateful men and women troubled this way. Why don't you give HADACOL a chance to help you? Start taking it today!)

IMPORTANT!

Why don't you get that wonderful HADACOL feeling everyone is talking about? In this modern age, wise folks are no longer satisfied with symptomatic relief — because now it's possible to relieve the cause of such deficiency sickness with that wonderful new HADACOL. HADACOL not only supplies deficient systems with extra quantities of

Vitamins B₁, B₂, Iron and Niacin but also helpful amounts of precious Calcium, Phosphorus and Manganese—vital elements every human being must have to maintain good health. You owe it to yourself to give HADACOL a fair trial. Many doctors recommend this great new HADACOL. It's sold on a strict money-back guarantee. Trial size, \$1.25. Large family or hospital size, \$3.50.

New Model Has Been Added to Luxurious Chrysler Line

The luxurious Chrysler Imperial line has been augmented by the addition of a new model, the Imperial DeLuxe, it is announced by Joseph A. O'Malley, general sales manager of the Chrysler Division.

The new model has an added touch of exclusiveness in its appointments, featuring a rich combination of top-grain leather and Nylon cord fabrics for upholstery and interior trim.

The distinctive interiors are available in three colorful combinations—black leather and blue-gray Nylon cord, tan leather and tan Nylon cord, and green leather with green Nylon cord. These rich interior trims were previously available only in the Chrysler Town and County Newport.

Interior fittings where polished chrome would normally be used are finished in satin butler-finished chrome in tasteful color selections to harmonize with upholstery and trim selections.

Demand for the recently-introduced Imperial 6-passenger sedan has far exceeded original expectations, Mr. O'Malley declares. The added refinements of the Imperial DeLuxe are the result of an indicated public preference for an even greater degree of distinctiveness, he states.

In addition to its unusually rich interior, the Imperial DeLuxe offers all the luxury features of the Imperial 6-passenger sedan as standard equipment. These include automatic electric window lifts, double-width folding center armrest on front and rear seats, white sidewall tires, and chrome wheel covers.

The model has a wheelbase of 131½ inches and is powered by

the 135-horsepower Chrysler Spitfire engine. It is equipped with Prestomatic Fluid Drive transmission and Chrysler's waterproof ignition system as standard equipment.

State Fair Midway to Have New Attractions

The Sky Wheels — highest thrill ride ever seen in Texas—will be the "top o' the Midway" attraction at the 1950 State Fair of Texas Mid-Century Exposition, Oct. 7-22.

The fantastic double ferris wheel, towering 90 feet into the air, cost \$135,000 to build and is the first new major carnival ride to be developed in 50 years.

The ride can carry 48 people at one time on a dizzy journey through space. The two giant wheels, on each end of a long beam, turn majestically while the entire mechanism also revolves.

The greatest Midway in State Fair history will be a fitting fun center for the Mid-Century Exposition, which will be the most spectacular State Fair ever held in every respect, James H. Stewart, executive vice president and general manager, pointed out.

The Diamond Garter, new refreshment center on the Midway, will take State Fair visitors back 50 years with a Mid-Century performance of "The Drunkard's Daughter," nostalgic and comical preaching against sin and gin.

Sally Rand will bring an all-new musical revue to the Midway, and will perform specialty dances for which she is famous.

A score of great carnival attractions brought together from every corner of the country will include the world's largest motorcycle drome, a unique collection of human freaks, the world's smallest living cattle, a big dancing and musical revue and many other unusual shows.

Along with the myriad colorful shows on the million-dollar Midway, visitors will find an array of amusement devices designed to satisfy the appetite for fun of every Fairgoer, whether it is his first or his fiftieth State Fair.

In the \$90,000 Kiddie Town, new rides have been added to give the kids the time of their young lives. The 1950 State Fair expects to entertain nearly a million children.

RECRUITED AMAZONS

Women in military services in many countries had a precedent more than 100 years ago in West Africa. King Gezo (1818) improved the force of Amazons by recruiting girls and enlisting those whom he thought suitable. The ranks of the Amazons were increased by enlistment of victims who had been spared from the annual sacrifices of human beings. Female criminals and divorced women were also recruited for the Amazone corps. Males were expected to withdraw from view whenever the Amazons approached and struck a warning gong. The women used to carry jaw bones of the enemy, and these were attached to the handles of swords, also to their drums.

Committees Named to Re-Organize West Texas Chamber

Abilene, Sept. 25—Four important committees have just been named by the West Texas Chamber of Commerce President, J. M. Willson Sr., of Floydada, to act between September 1 and January 1951 with reference to the present and future proposed reorganization and revitalization of the West Texas Chamber of Commerce.

For the annual fall convention of the organization, scheduled for Mineral Wells, October 19-20, the following have been placed in charge of the program for the two-day session: Clyde Westfall, Stamford, chairman; Buell Orr, Graham; L. D. Aston, Cleburne; Anthony Fenoglio, Nocona; J. B. Thomas, Fort Worth.

A committee to study and plan the organization's program of work for 1951 consists of Jerry Debenport, Odessa, chairman; R. W. Whipkey, Big Spring; Clarence Whiteside, Lubbock; C. S. McCutchen, Wichita Falls; Clarence Leonard, Gainesville; Price Campbell, Abilene; J. R. Wright, Vernon; P. C. Stacy, Granbury, Jas. N. Allison, Midland; Amon G. Carter Jr., Fort Worth; Howard Gault, Hereford; Alton B. Bell, Crowell; Howard Vaughn, Levelland; Carl Harrison, Memphis; Aubrey L. Townsend, Brady.

If the present plans materialize, the 1950 convention program will be broken down into panels by subjects where members of the organization will attend the panel in which they are most interested. Members of the 1951 Program Committee will meet with each group to record the suggestions made for consideration to be included in the 1951 program of work.

A committee on nominations for 1951 includes: Roy Bourland, Pampa, chairman; J. S. Bridwell, Wichita Falls; John Couch, Haskell; Lawrence A. Hagy, Amarillo; A. M. Muldrow, Brownfield.

Budget needs of the West Texas Chamber of Commerce for 1951 are tentatively estimated at a minimum of \$100,000. This is almost double the approximate \$55,000 budget in 1950. The members of the 1951 Budget Committee are: Joe Bridwell, Wichita Falls, chairman; Lawrence Hagy, Amarillo; Clyde Westfall, Stamford; Jerry Debenport, Odessa, H. G. Parr.

An active committee at present is the Auditing and Property Inventory Committee, headed by WTCC Treasurer Ed S. Stewart, Abilene, assisted by O. P. Thrane and G. C. McDonald of Abilene. This committee was appointed in mid-August to secure an audit of the organization's accounts and to inventory its physical properties prior to the Mineral Wells convention.

ed and struck a warning gong. The women used to carry jaw bones of the enemy, and these were attached to the handles of swords, also to their drums.

ARMY'S FAVORITE CLOTH

Cotton is the army's favorite all-weather cloth. It provides a waterproof, wind-resistant outer garment for wear in all climates. Layers of cotton underclothing can be added or removed as the weather varies.

State Chairman

New York City — Ed S. Stewart, prominent Abilene, Texas, business man, has been appointed Texas State Chairman for the 1951 March of Dimes, it was disclosed recently by Basil O'Conner, president of the National Foundation for Infantile Paralysis. This marks Mr. Stewart's third year as head of the National Foundation's fund-raising appeal in Texas.

As Texas State March of Dimes Chairman, Mr. Stewart will coordinate the work of campaign directors in cities and counties throughout the Lone Star State.

A native of Waco, he has long been active in civic, fraternal and humanitarian work. For 17 years he was a West Texas food broker and now owns the Abilene Candy Manufacturing Company.

During World War I he served overseas with the Army Engineer Corps. Mr. Stewart is a past president of the Abilene Chamber of Commerce and the Rotary Club, and is a member of the Board of Directors and Treasurer of the West Texas Chamber of Commerce. He was Taylor County director of the American Red Cross War Fund in 1943-44.

Commenting upon Mr. Stewart's appointment, Basil O'Conner said: "Upon the success of the 1951 March of Dimes depends the future of many a youngster. The costs of patient care are still tremendously high, and many a boy and girl will require hospitalization for a long period of time. I feel certain that Mr. Stewart's efforts, with the cooperation of the citizens of Texas, will go far to help us achieve the results we must have on behalf of those for whom we work."

Royalty to Appear at State Fair of Texas

Among royalty who this fall will visit the State Fair of Texas Mid-Century Exposition, Oct. 7-22, will be one queen who is a great cow—and proud of it.

Even her name suggests the dignity of royalty—Orland Signal Vol. Sable. This is not considered too much of a name for the world's highest producing Jersey who during one year yielded a record-breaking 19,497 pounds of milk.

Sable will be a feature attraction at the All-American Jersey Show, largest cattle breed show in the world, to be presented at

the 1950 Fair. She will be on hand to receive the adulation of the populace all 16 days of the Fair.

At the Fair, Sensational Sable, as she is known to the Hangers-on of her court, will be treated like the queen she is. Her stall in the Fair's \$250,000 cattle barn will be richly decorated to the queen's taste. Lackeys-in-waiting will attend her at all times while she chews her royal cud.

However, Sable's success in life is due not merely to her own serious efforts. She is the result of a plan of careful breeding extending back far beyond the turn of the century. Her father is Observer Blonde's Signal, highest tested senior superior sire in the nation. Her mother, too, was a champion.

Her owners are a young Texas couple who are breeders in the best tradition of the cattle country. They are Mr. and Mrs. Chester Elliff of the Victory Jersey Farm near Tullia, high in the Panhandle.

To help the champ achieve her amazing record, completed in 1949, the Elliff's milked Sable by hand four times every 24 hours for 365 days. During this period they fed her 7,798 pounds of a

tasty mixture of oats, wheat bran, alfalfa leaf, meal pellets, cottonseed meal, soybean meal and salt.

As a result Sable's output was almost rich enough to whip. Her 19,497 pounds of milk produced more than 1,200 pounds since 1934.

As a butterfat producer Sable has received the Medal of Merit, and the Gold and Silver Medal—distinguished service orders of her profession. But what are medals compared to quarts of good rich milk—and dairymen who know say that's where Sable's really able!

PASSED UP OIL

Petroleum first gained attention when men drilling for salt brine were finding oil. In 1808, salt wells near Pittsburgh were abandoned because they yielded too much petroleum. In 1810, near Tarentum, another driller quit in disgust because of the hindrance of oil. But Samuel M. Kier, another pioneer, drilled for salt brine in the Tarentum fields, and for a sideline, went into the oil business. He marketed it as a medicinal product. His product, and the

knowledge that oil could be used in lamps, prompted the drilling of Drake's Well in 1859.

TEXAS - OKLAHOMA FAIR & SOUTHWESTERN OIL EXPOSITION

THALIA

MRS. C. H. WOOD

Mrs. A. C. Porter and daughters, Mrs. Flora Belle Arrington and daughter visited Mr. and Mrs. C. E. Blevins at Eagle Mountain Lake near Fort Worth last week end. Mrs. Blevins, who had been visiting here a week, returned to her home with them.

Mr. and Mrs. Robert Dunn and son, Bobbie, of Wichita Falls spent Sunday in the Jim Dunn home.

Mr. and Mrs. Willie Cato of Fort Worth visited here last week end.

Mrs. Ted Reeder of Crowell and Mrs. W. J. Long visited in the C. H. Wood home Sunday afternoon.

Mr. and Mrs. Carol Jones and his mother, Mrs. M. H. Jones, visited the Donno Day's in Rotan and the Mitchell Jackson's in Snyder last week end. Mrs. Jones' sister, Mrs. Emma Collum, has returned to her home in Dallas and another sister, Mrs. Daisy Wiggins, of Merkel has come to spend some time with Mrs. Jones.

Mrs. Lola E. Miller, who recently moved to Thalia, received word that her son, Pfc. Johnnie E. Miller, is missing in action in Korea.

Mr. and Mrs. Raymond Grimm spent Sunday in the home of Mr. and Mrs. Jady Tole near Wichita Falls and also visited Howard Williams in the Wichita Falls Clinic.

Mrs. H. W. Gray, Loyd Gray and family, Beverly Gray and family, Mr. and Mrs. Fred Gray and family and Mrs. W. G. Chapman and Fred Brown all attended the funeral of Mrs. Maggie Killen in Lubbock last Friday.

Mr. and Mrs. Dinsel McBeath of Abilene visited in the J. L. McBeath home last week end. Born to Mr. and Mrs. Homer Matthews, Monday, Sept. 25, a boy, William Michael.

Mr. and Mrs. M. C. Adkins were Electra visitors last Thursday.

W. O. Ferguson and family visited Mrs. Ferguson's mother, Mrs. Gertie Shipp, in DeKalb last week. Mrs. Shipp returned home with them for an extended visit.

Mr. and Mrs. Sim Gamble visited Mrs. Lola Joiner in a Vernon hospital Saturday and also visited in the Frank Wood home.

Mr. and Mrs. Edward Brock and children of Farmers Valley and the Sim and Mack Gamble families all visited in the C. C. Lindsey home Sunday.

Mrs. Jessie Gamble, Mrs. Oran Ford and Mrs. Morris McCarty visited Howard Williams, who underwent an operation in the Wichita Falls Clinic, last Friday.

Mr. and Mrs. Frank Gamble visited Mr. and Mrs. Bert Gamble at O'Brien last Sunday.

Mrs. Russell Porter and Mrs. Flora Belle Arrington received word of the marriage of their brother, Lt. Lester W. Blevins, on Sept. 13, to Miss Jane Detrich of Pennsylvania. He left Fort Dix, N. J., on Sept. 25 for Japan and his wife will remain at Fort Dix where she is now assistant field director of the Red Cross.

Mrs. Clyde Self and Mrs. Ed Railsback visited Mr. and Mrs. Dalton Railsback and attended church in Vernon Sunday.

Charles Moorhead from California visited the Leotis Roberts family last week.

Mr. and Mrs. Eudale Oliver are visiting in Hale Center this week.

J. T. Martin of Vernon visited the Roy Shultz family Wednesday last week.

Mr. and Mrs. Ben Hogan visited their daughter and husband, Mr. and Mrs. Paul Vecera, in Wichita Falls Saturday.

Mr. and Mrs. Lyman Taylor attended the funeral of his father, Charlie Taylor, in Abbeville, La., last week.

Joe Lee Mason of Seminole visited his sister, Mrs. Clarence Orr, and husband last week.

Mrs. F. W. Butler returned home last week after a visit with her daughter, Mrs. Eva Lou Petry, and infant son in Shula Vista, Calif.

Ida Mints returned home last week from the Crowell hospital.

Earl Roberts has returned to his home in Monrovia, Calif., after a visit with his parents, Mr. and Mrs. E. H. Roberts, who returned home with him.

Mrs. Tom Abston and daughter visited Mr. and Mrs. Nick Craig and children in Marlin for several days recently. The Craigs have a new daughter, Claudia Anne.

Mrs. Glen Gamble and Miss Irene Doty visited Homer Doty, who is ill in Sudan, last Friday. Miss Doty remained for a longer visit.

Mr. and Mrs. Lewis Mints of Quanah visited in the home of his father, F. C. Mints, Sunday.

Mr. and Mrs. Morris McCarty visited Howard Williams in a Wichita Falls hospital Sunday.

Mrs. J. T. Hudgens took her small daughter, Cecelia, to a Vernon hospital Monday for treatment.

Mr. and Mrs. Bill Swan of Borger visited Mr. and Mrs. H. L. Swan last week end. Mr. Swan is working at Sundown for 2 or 3 weeks. Glen Swan returned to Sundown with him to work for two weeks.

Mr. and Mrs. John Wright left Monday night for Lufkin where his brother-in-law, Marcus T. Gibson, died Monday.

Mrs. Chessie Basham of Roseoe is visiting her mother, Mrs. W. E. Pigg, who is ill.

Mr. and Mrs. Carl Eley and daughter, Camilla, of Vernon spent Sunday in the Roy Shultz home.

Mr. and Mrs. Dalton Thompson moved from Wichita Falls to the Joe Tarver house here last Monday. He will be employed at Waggoner's Ranch.

Mr. and Mrs. Louis Pyle and Mr. and Mrs. Waldon Johnson were

Matador visitors last Sunday.

Larry Wood from NTSC at Denton and Mr. and Mrs. Rex Snowden, who are temporarily located at Post, spent last Saturday night and Sunday in the home of their parents, Mr. and Mrs. C. H. Wood.

Mrs. B. D. Webb, Floyd Webb and Mrs. Lela Taylor spent Wednesday of last week in the home of Mr. and Mrs. Rube Bassett near Burkburnett.

Rev. and Mrs. H. N. Estes went to Roaring Springs Sunday where he preached an ordination sermon at the Baptist Church there.

Mrs. Veda Allen and daughter, Sandra, of Childress visited Irene Doty last week.

Mrs. H. W. Banister returned home Monday from Dallas where she received medical treatment and visited her son, John Hugh Banister, and family.

Mr. and Mrs. C. H. Wood visited his sister and husband, Mr. and Mrs. Lige Newman, and nephew, Coyte Thomas, and family in Marlow, Okla., and Mrs. Ola Kirkpatrick, and daughter, Norma Dale, in Lawton, Tuesday night and Wednesday of last week.

Mr. and Mrs. Alton Abston and daughter, Susetta, visited his parents, Mr. and Mrs. Tom Abston, a few days last week.

Mr. and Mrs. Morris Furguson and Mrs. Joicy Jones of Crowell visited Mrs. M. L. Self last Sunday.

Maggie Capps visited her sister, Mrs. Grace Mason, and Mrs. Martin in Vernon Saturday.

Mrs. Lela Taylor of Throckmorton visited her sister, Mrs. B. D. Webb, here last week.

Mr. and Mrs. Martin Jones visited his sister and husband, Mr. and Mrs. Mitchell Jackson, in Snyder last Sunday.

Billy Johnson, who recently enrolled at John Tarlton College in Stephenville, spent last week end with his parents, Mr. and Mrs. O'Neal Johnson.

Mr. and Mrs. Sam Donald of Washington, D. C., arrived here last week for a visit with her parents, Mr. and Mrs. J. C. Taylor.

VIVIAN

MRS. W. O. FISH

Mr. and Mrs. Hardin Frazier of Salt Creek spent Sunday last week with A. T. Fish and daughters.

Mr. and Mrs. H. H. Fish of Paducah visited his sister, Mrs. A. L. Walling, and Mr. and Mrs. R. L. Walling and son Sunday afternoon.

Mr. and Mrs. H. M. Cantrell of Paducah visited A. T. Fish and daughters Tuesday afternoon.

Mr. and Mrs. Henry Fish and children, Robert, Gordon and Martha, Mrs. Egbert Fish and Miss Bernita Fish spent the week end with Mr. and Mrs. J. M. Sosebee and family of Anson and Miss Rosalie Fish of Abilene.

Mr. and Mrs. A. T. Fish Jr. and daughter, Darlene, of Paducah visited his father, A. T. Fish, and daughters Tuesday.

Mr. and Mrs. I. D. Gilbert and sons, Marion T., Troves and Ronnie, spent Sunday with their daughter and sister, Mrs. J. C. Gaudin, and husband of Goodlett.

Mrs. Egbert Fish visited her sisters, Mrs. Bert Mathews and Mrs. Arthur Keller, of Crowell Thursday afternoon.

Mr. and Mrs. W. R. Henderson

and daughter, Suzanne, of Vernon spent the week end with her mother, Mrs. W. O. Fish, and family.

A. T. Fish and daughters, Myrtle and Neoma, spent Sunday with their daughter and sister, Mrs. Earnest Fields, and family of Chalk.

Misses Myrtle and Neoma Fish spent Wednesday night with their brother, A. T. Fish Jr., and family of Paducah. They also visited Mrs. J. M. Denton and daughter, Fay, and Miss Bernita Fish Wednesday afternoon.

Several from this community attended the football game in Crowell Friday night.

This community received over four inches of rain Wednesday afternoon and night.

Mrs. W. O. Fish and sons visited Mrs. J. C. McCollum of Ogden Wednesday morning.

Lights Increase Fall Egg Production

Poultrymen can increase their fall and winter egg production and take advantage of the high prices of these seasons of the year by using the simple electric light.

For maximum production, a hen needs 12 to 14 hours of light a day, says Joe Burkett, County Agent. He explains that the electric light can be used to artificially lengthen the hen's laying day.

The use of artificial light should begin about the middle of September, and should be used until next spring. Burkett cautions that the light rays must fall on the birds for best results, even if they stay on the roosts.

Burkett says that it is not the extra feed which the birds may eat that keeps egg production up during the winter, but the effect of the light. And it makes no difference whether morning or evening lights are used, although morning lights are more common since they are more convenient for the poultryman to use.

In using morning lights, the recommended procedure is to turn the lights on about 30 minutes before daylight in the fall of the year as the days begin to get short, and to turn them on a little earlier each morning as the days get shorter.

When evening lights are used, the lights are turned on in the late afternoon before dark, and are allowed to burn until the birds have received their 12 to 14 hours of light per day. Burkett cautions poultrymen to dim their evening

lights for a few minutes before turning them completely off so the hens will have time to get on the roosts.

Extremely large light bulbs are not necessary for providing plenty of light for the laying hens. Burkett recommends using two 25- to 40-watt bulbs for each 400 feet of floor space.

FOLK MEDICINE

Ergot, the peculiar fungus of wild grain, is a folk medicine that waited years for recognition. Midwives of Europe had long known that "spurred rye" promoted the contraction of the uterus during birth. Even the German name for the growth, Mutterkorn, implies a popular acceptance of these therapeutic powers. Finally, in 1807, the wild rye fungus was introduced to official medicine under its modern name, ergot.

"El" in Hebrew names such as Elisha, means God.

Tribby is famous for her beautiful feet.

But he that hateth his brother in darkness, and walketh in darkness, and knoweth not whither he goeth, because that darkness hath blinded his eyes.—First John 2:11.

An exchange, commenting on the difference of opinion that arose recently between General MacArthur and President Truman regarding Formosa, recalls that the same thing happened between General MacArthur and President Roosevelt, preceding the Jap attack on Pearl Harbor.

President Truman's foolish letter regarding the Marine Corps will go down in history as one of the prize honors pulled by men in high position. The President smoothed it over, but it will not be forgotten. It reminds us of the lines by Will Carleton: "Boys flying kites haul in their white winged birds. You can't do that when you are flying words. Thoughts expressed may sometimes fall back dead, but God Himself can't kill them once they're said."

An old timer said the other day that he was in favor of the use of psychology in the treatment of youthful delinquency, if it were applied in the right spot in the approved manner in the shelter of the woodshed.

Even though the present war ends with Korea, U. S. forces are going to be built up to a large number. We are going to see universal military training for the purpose of creating a large reserve army for future emergencies.

In his message the other evening, President Truman made the plea that the people of this country buy only what they had to have, as they needed it. To do otherwise, it was pointed out, would create a scarcity, and a scarcity will result in higher prices.

A small advertisement is a whisper and a large advertisement is a shout to the buying public. If what a man has to sell can be sold by a whisper, a small space can be used. If it can be sold better by shouting its merits, a large space should be used.

HISTORY

Chicago Fire, October 8 and 9, 1871: The anniversary of the Chicago fire in 1871, which destroyed a third of the city of Chicago, has been not only observed in the city every year since the day of the fire but has become to be known the country over as Fire Prevention Week.

President Truman's foolish letter regarding the Marine Corps will go down in history as one of the prize honors pulled by men in high position.

Two Minute Sermon

Man chooses his future life while he is here on earth: I was talking to a man I chanced to meet with the other day, about matters having to do with religion and the future life. "I can't picture," he said, "a God who is supposed to be a kind and just and loving father banishing a man from heaven because of the sins and errors of his life on earth. A kind and loving father, such as God is pictured to be, could not do such a thing."

In The News . . . 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, Oct. 1, 1920:

Raymond Whatley and Miss Mollie Turner of the Vivian community were married in Quanah last Saturday.

Miss Addie Coffman has gone to White Deer where she will teach this term of school.

The Poland China hogs that Joe Orr exhibited at the Hardeman County Fair won two firsts and one second.

Six bales of cotton were totally destroyed by fire at the cotton yard Thursday morning. Five others were damaged. Owners of the cotton were M. C. Ribble, Jesse Brown, Mrs. Sam Denton, Kirby & Graham, W. H. Willard, Jack Ballard, G. G. Mills, Mrs. A. T. Johnson and Russell Beverly.

Miss Winnie Self left Sunday for Waco to enter Baylor University for her second year's work.

Duke Wallace and family made a trip to Memphis Sunday, returning the last of the week.

Miss Dorothy Thompson of Wichita Falls spent last week end with homefolks in Crowell.

Miss Ella Edgin returned Sunday from Quanah where she had her tonsils removed.

Miss Maye Klepper left Saturday for Dallas after a ten-day visit with relatives and friends here.

Bryan O'Connell left last week for Philadelphia where he will take an electrical course with Weston House.

Boss Roark went to Gould, Okla., the first of the week to attend the funeral of a nephew who died during the war and whose remains were returned home for burial.

Miss Ennis Johnson of Wichita Falls spent the week end in Crowell visiting friends.

Weekly Sermon

Too Obvious to Do? From Moody Bible Institute, Chicago

That faith can move mountains is a truism known to all Christians, believed by many of them, and experienced by the few who have tried it. It is an amazing thing that God is so powerful and that His people are so weak in accomplishing the task which He has given them to do.

Though amazing, the situation is not mysterious. Failure in prayer and failure in study of the Word are not in themselves the causes of our deficiency, although they are contributing factors. The real cause is lack of faith. We do not really believe that God will move the mountains at our request.

How to get faith is easily said, but more difficult to perform. For faith in God can come only in the same way that we can have faith in one another on the human level: by getting to know each other so intimately that we understand thoroughly the ability and intentions of the other. To hear that a certain person is hospitable gives us the first small faith that it is true; to enter that person's home and experience the hospitality of the home firmly convinces us that perhaps the half has never been told.

So it is that we can hear from others of the grace of our Lord Jesus Christ and of His strength in bringing to pass for His glory mighty things far beyond all that we can ask or think. But until we become personally acquainted with Him, this faith is only theoretical.

After we have spent time in His presence and walked with Him and talked with Him, have seen Him in action through the pages of Scripture, and have heard Him speak to us in prayer, then we gradually come to have great confidence, a peace that He will actually perform the things that He says He is willing to do for us and through us.

Texas Boy Designers Win

WINNERS in the annual model car competition of the Fisher Body Craftsman's Guild are Jimmy Powers (left), of Lubbock, who took first state honors in the Junior Division (ages 12 through 15), and Jerry W. Patton of Arlington, whose beautiful model car won first in the Senior Division (ages 16 through 19). Each received a cash award of \$150 and both models went on to take regional honors and chances to win university scholarships in the national competition.

Health Letter

Texas State Department of Health, Austin, Texas, Geo. W. Cox, State Health Officer

Austin — At least four different types of radioactive detection instruments and computers are available for measuring radiation particles if and when an atomic bomb is ever exploded over a Texas community.

This encouraging bit of information was revealed by the state's chief health officer, Dr. Geo. W. Cox. He's state director of health and emergency medical services, part of the Texas civil defense setup.

Radiation is one of three principal harmful effects of atomic explosions. Others are blast damage and burns. Using Radiac instruments, it is possible to know what areas are safe from the tasteless, odorless, colorless radioactive particles.

All Radiac instruments are designed for use by radiation monitoring squads. Squad members might be soldiers, or they could be civilians trained by the State Health Department's radiological division. In either case they would be trained for immediate action in atomic disasters.

"Planning emergency medical and health services in an atomic disaster has been one big mess of confusion," Dr. Cox admitted. "But we're beginning to see light now. Our radiology division is going to get right to work, now that we have it set up."

Radiac instruments got this official explanation: Film badges can be pinned onto the lapel, strapped onto the wrist, worn in a ring, etc. They consist of a piece of photographic film, and are used to show the amount

Him so well that we can thus count upon Him—have true faith that will move mountains? The answer goes back to matter of continuous devotional study of the Word of God, and prayer, and living in His presence through the day, so that we will really become acquainted with our Saviour and thus learn to trust Him. Then, as we timidly ask for small things and find (to our surprise) that the answer comes wonderfully, and as our experience with the Lord increase, so our expectancy of Him will increase, and finally we will learn to become men and women strong in faith.

The first year or so of a child's life, considerable effort is spent to get him to talk. After that, as long as he remains at home, the effort is directed at keeping him quiet. After he gets out on his own, he has to watch himself to keep from talking when he should keep quiet. After he is married, his wife does the talking. It looks from where we sit that it might be better if parents skipped the talking lessons.

What We Think

(By Frank Dixon)

The story is told of a stern parent who wished to teach his young son a lesson he would never forget, put him on the table, and holding out his arms, he said, "Jump, son, daddy will catch you." The young son, trusting his father's strength and ability to catch

of radiation to which the monitor has been exposed. Radiation particles affect the film like light. Dozens of "tracks" are visible when the film comes in contact with heavy concentrations of radiation.

Film badges are a permanent record of the exposure to which the monitors have been subjected. Dr. Cox says they show whether or not the wearer has received the "maximum allowable lifetime dosage."

Pocket dosimeters, like the film badges are for the protection of the monitors. They look like fountain pens, and gauge on-the-spot amounts of radiation. Geiger counters and ionization chambers actually count the number of radiation particles—gamma rays, and alpha and beta particles present in an area. So sensitive is the Geiger counter that if it could be wired to a fly his footsteps could be heard distinctly.

During the war when she was battling for her very life before the German war machine, we sent billions of dollars worth of war supplies to her aid. American manufactured planes were sent from this country by the thousands as were tanks, trucks and every other known war supply and material. But for this help Russia would have certainly been overrun with the forces of Hitler and would have been laid waste. Stalin and all his cohorts would have been lined up and shot by the German army or consigned to the furnaces in the murder camp at Buchenwald. Today we are paying for our naiveness and trustfulness. Our soldiers are being shot down in Korea in a war that is Kremlin-directed and Russia supplied.

The sessions of the United Nations are being made a joke and a lot of horseplay because we so trustingly permitted Russia to have a seat as a member. During the month in which Jacob Malik presided as president of the United Nations Council, Malik called this country every name in the book and we sat silent and listened to the tirade, knowing it was being broadcast to the world. We endured the insult of the Berlin blockade and hundreds like it. Russia has put down an iron cur-

Don't Drive Your Car Unprotected

Accidents may happen—where are you without insurance? It is a needless risk to you—and to the general public to drive without adequate insurance. Fire, theft and damage to property or persons is covered in our auto insurance policies. You are protected—the other fellow is protected—and the cost is moderate . . . premiums are cheaper than damage.

We write all kinds of insurance—coverage against fire in your home or business, life and accident policies . . . in fact, any form of insurance you need. Get in touch with us today.

Hughston Insurance Agency

him, jumped and as he expected, landed safely in his father's arms. Every movement of the procedure was repeated several times each time the young son was safely caught and returned to the table. The last time, as the boy jumped, his father stepped aside and the boy fell to the floor where he lay crying. After his sobs had ceased, the father said, "There son, let that be a lesson to you, don't ever trust anybody."

It seems like harsh treatment, and unworthy of a father, but that is the way the story was told to me. I am using it to illustrate a point I wish to make in this column this week. The story reminds me of the situation of the United States in the world today. We have been as helpful as we knew how to be to every nation that needed help. We trusted them all—and then came Russia. Now we are being paid for trusting this ruthless and ungrateful nation.

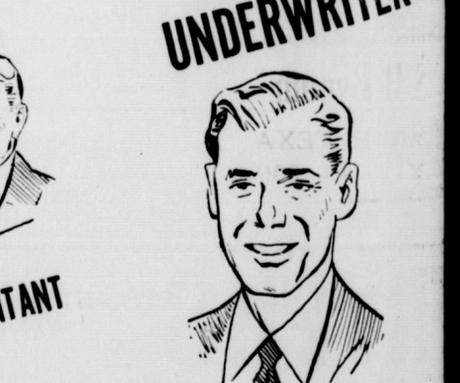

During the war when she was battling for her very life before the German war machine, we sent billions of dollars worth of war supplies to her aid. American manufactured planes were sent from this country by the thousands as were tanks, trucks and every other known war supply and material. But for this help Russia would have certainly been overrun with the forces of Hitler and would have been laid waste. Stalin and all his cohorts would have been lined up and shot by the German army or consigned to the furnaces in the murder camp at Buchenwald. Today we are paying for our naiveness and trustfulness. Our soldiers are being shot down in Korea in a war that is Kremlin-directed and Russia supplied.

The sessions of the United Nations are being made a joke and a lot of horseplay because we so trustingly permitted Russia to have a seat as a member. During the month in which Jacob Malik presided as president of the United Nations Council, Malik called this country every name in the book and we sat silent and listened to the tirade, knowing it was being broadcast to the world. Just a Minute, Mister . . . SAVE THAT 50c DOLLAR
Maybe it sounds strange for us, being in the business of lending money, to say, "Don't go in debt much now, mister. Save that 50c dollar."
But we feel that it is the best financial advice we can give you. We urge you to buy your security by depositing a little more each week than you spend. Save a little more than you put out in cash. Let these 50c dollars grow for you 'til you reach the point where you have discovered that you have been gradually insuring your future on the installment plan.
A little payment down each week can create a tidy nest egg over the long haul.

Senator LeBlanc Says South Has Great Industrial Future

Now is the Time to Start Getting Somewhere, Says HADACOL Owner

Lafayette, La. (Sp.)—Senator Dudley J. LeBlanc, colorful owner of HADACOL, wants the South to take full advantage of the nation's resources as he is selling HADACOL to the rest of the country.

The Senator spoke to about 20,000 people on his recent half-billion dollar good-will tour of 10 southern states. His theme was the fallacy of the South producing raw products, shipping them north for processing and then paying freight to bring the finished product back home.

The Senator pulled his handkerchief out of his pocket waving it to crowds that ranged from 5,000 to 60,000. "This handkerchief was made from cotton grown in the South," he said. The cotton was shipped to Massachusetts and made into this finished product. Then we in the South paid the freight on it back home where we grew the cotton.

"That mill in Massachusetts furnished employment to folks up here and paid taxes that created industry and improved their economy. Why couldn't those northern folks move factories down here and give employment to our folks? I tell you, they would if we sell them the wonderful advantages of the South just as we are selling HADACOL to the rest of the nation."

Senator LeBlanc is spending a great deal of money on colored sound pictures of the HADACOL Good Will Show to display the advantages of southern industry. He is also preparing an elaborate booklet to distribute throughout the north.

Kiddie Revue pictures at Rialto Tuesday night, October 3.

John Clark Long of Houston visited Friday night and Saturday in the home of his parents, Mr. and Mrs. John E. Long.

Mrs. Arthur McMillan of Tyler visited in the home of her mother, Mrs. Silas Moore, over the week end.

A new shipment of Keen-Kutter scissors and pocket knives at Robertson's Hardware.

Mr. and Mrs. Ed Zak of Kansas City, Mo., are visiting in the home of Mrs. Zak's parents, Mr. and Mrs. Hubert Brown.

Mr. and Mrs. P. A. Lyons and Eugene Richardson of Spearman were here last week to attend the funeral of their aunt, Miss Ida Richardson.

Plenty of money to loan on farms and ranches. Liberal prepayment privileges. No charge for inspection. See us.—Roberts-Beverly Abst. Co. 31-tfe

Mrs. Frank Cates and Roy Joe Cates attended the TCU-Kansas football game in Topeka, Kansas, Saturday afternoon. They were accompanied by Misses Bebe and Pat Baker of Fort Worth.

Mr. and Mrs. Charlie S. Clark of Port Lavaca were here Thursday and Friday of last week to attend the funeral of Miss Ida Richardson.

Joe Ray Setliff, who is attending A. C. C. in Abilene, spent the week end in the home of his parents, Mr. and Mrs. Ennis Setliff, and family.

See your child's picture on the screen Tuesday night, October 3, at the Rialto.

Claude Dixon of Fort Worth was a guest in the home of Mr. and Mrs. Oscar Gentry Wednesday and Thursday of last week. Mr. Dixon and Mr. Gentry were buddies in World War I.

Mr. and Mrs. Joe W. Beverly and two little daughters, Barbara Ann and Laura Diane, of Austin are visiting in the home of Mr. Beverly's parents, Mr. and Mrs. A. Y. Beverly, and other relatives and friends.

Keen-Kutter Stockmen's Pocket Knives at Robertson's Hardware.

Jon Lind and his mother, Mrs. Donald Lind, have returned to their home in Los Angeles, Calif., after a five-weeks' visit in the home of their parents and grandparents, Mr. and Mrs. Eldon Crossnoe.

Mesdames M. S. Henry, B. W. Self and N. J. Roberts attended the board meeting of the 7th district of Federated Clubs on Friday, Sept. 22, in Plainview. Business was conducted at the Hilton Hotel with about one hundred women from over the Plains in attendance. These women were either life members or presidents of Federated Clubs of the 7th District.

A new shipment of Keen-Kutter scissors and pocket knives at Robertson's Hardware.

Jim Williams of Houston, accompanied by his cousin, Mrs. Tom Allen of Wichita Falls, visited in the home of Mr. and Mrs. John Long Thursday evening. Mr. Williams was called here on account of the death of his grandmother, Mrs. B. F. Ringgold. He is an announcer at Radio Station KTRC in Houston between the hours of 5 and 10:30 a. m.

Senator Dudley J. LeBlanc

"I feel that when a firm has become as large as HADACOL that it owes it to its people to do more than sell just itself," said Senator LeBlanc.

Senator LeBlanc presented Mickey Rooney, Burns and Allen, Carmen Miranda, Connee Boswell, Roy Acuff, Ernest Tubb, Minnie Pearl, Sharkey and His Dixieland Band, Frakson the Magician, and Marie Germain LeBlanc.

HADACOL is now selling at the rate of more than \$2,000,000 per month and the Senator is planning to increase sales to \$50,000,000 if he can obtain enough raw materials.

At left, Elizabeth Taylor, the bride. At right, Spencer Tracy, father of the bride, whose tribulations are responsible for much of the laughter in "Father of the Bride," coming to the Rialto screen this week.

Texas-Oklahoma Fair Begins Monday, Oct. 2

Iowa Park, Texas, Sept. 27 (Special)—The Texas-Oklahoma Fair will get underway here Monday, Oct. 2, with all exhibits in their place by 9 o'clock. Formal opening however, will not be until the huge parade to be staged in downtown Wichita Falls at 4:30 o'clock Monday afternoon. Formal ceremonies will then be held at the fair grounds with keynote addresses being made by Sheppard Air Force Base and Midwestern University dignitaries.

Four thousand dollars worth of plant improvements have been made this year, greatly adding to the appearance and comfort of fair patrons.

A few of the interesting things for the people to observe this year in the progress of livestock, agriculture, education and industry and entertainment features include: more than 200 head of prize-winning Herefords from four states; more than 100 Quarter horses belonging to major breeders of the Southwest, with cutting and roping contests being held on Friday; coronation ceremonies of pioneer queen and old fiddlers contest on Tuesday, Oct. 3; more than 100 head of dairy cattle shown by some of the largest dairy breeders in this section; the Four-H and FFA boys livestock show; numerous agriculture and women's department exhibits.

Each afternoon Tuesday through Friday there will be community participation programs from the towns throughout this area of Oklahoma and Texas; the Gunnison home which was erected this week and is complete to inside furnishings and landscaped yard. Each 10,000th person inspecting this home will receive a five-piece dinette suit. Sheppard AF Base will have 3,000 square feet of nationally famous exhibits; visitors may see "ham operators" sending messages and may send messages to area cities.

High school band contests will be held on Tuesday and Thursday afternoons with a large number of area bands participating. The first four evenings of the week the "Midwestern Revue" will be presented in the Texas-Oklahoma Fair theatre while the last two evenings the stage will be turned over to the Championship Square Dance Contest of the Southwest.

THE COUNTRY PRESS SAYS

Paris, Tenn., Parisian: "Latest Civil Service figures show that the U. S. Bureau of Indian Affairs employs 12,741 people to care for the 333,969 Indians in this country. This is an average of one bureaucrat for every 27 Indians."

Whitesburg, Kentucky, Mountain Eagle: "Holmes Alexander, newspaper columnist, recently wrote that studies now being made show Federal propaganda forces about 45,000 government hired publicity writers—are engaged in a cold war against voluntary health insurance, for example. Pay-it-yourself plans have been entirely

Koreans Celebrate Independence

Pusan, Korea—Koreans are shown gathered in Pusan's public square to celebrate their independence day. The banner appearing in lower right part of the photo reads, "Let's welcome UN forces."

September is the time to plan for year-round flowering bulbs. Preparation of the soil is the first job, and Mrs. Brown says as a general rule, any soil that will grow vegetables well is suitable for growing bulbs.

Select Bulbs for Year-Round Bloom

Bulbs flowering in the garden or house every month of the year can be had if the flower garden is planned twelve months ahead, says Mrs. Mary D. Brown, Acting County Home Demonstration Agent.

September is the time to plan for year-round flowering bulbs. Preparation of the soil is the first job, and Mrs. Brown says as a general rule, any soil that will grow vegetables well is suitable for growing bulbs.

If bulbs and bulb-like roots were planted last year, blooms can be expected in September from canna, crinum, rain lilies, zephyr lilies, Guernsey lilies, and dahlias. Narcissus bulbs and Madonna lilies may be planted in September.

In October, fall-blooming iris and day lilies will bloom, as well as gladioli if they were planted in midsummer. And house bulbs will begin to flower.

Mrs. Brown says that October is really the biggest bulb planting month. Plant hyacinths, lilies, narcissus, iris, daffodils, and montbretia during October, and any other bulbs that were forgotten in September.

too successful for the socialistic state planners. It is sure rubbing it in when we, through taxes, are forced to pay the wages for work that is often against our best interests."

Cuero, Texas, Record: "Since the beginning of the Korean incident there has been mounting demand from many sources for curtailment of government activities in line with the curtailments which will be demanded of private business from today's stock and bid vie against each other for possession of commodities of life."

Middlebourne, West Virginia, Tyler Co. Journal: "Well inflation can be brought upon ourselves here if we hoard, buy greedily and try to purchase our future needs from today's stock and bid vie against each other for possession of commodities of life."

Emporia, Kansas, Gazette: "The right of revolution proclaimed by Jefferson, and reiterated by Lincoln, was conceived to be the right of the people to overthrow a tyranny, not the right of open advocates of tyranny to overthrow the government of the people."

gladioli every two or three weeks beginning in January or February. She points out that January and February are good months to fertilize bulbs.

Quite a display of flowering from bulbs and bulb-like roots such as tulips, lilies, iris, freesias, and daffodils can be expected during March.

Mrs. Brown recommends planting dahlia tubers and separating canna roots in March. She says that March and April are good months to separate day lily roots and fertilize them. Many people plant Japanese anemone in April. Put out the late-flowering bulbs such as tube roses, montbretia, and amaryllis during April also. Cannas may be put out if they were forgotten in March.

During June, lilies really come into their own. They continue to flower in July and August. Bulb care in June consists of fertilizing, mulching and watering. Start planting bulbs in July and August for flowering in the fall.

Tickets on Sale for Contests at Texas-Oklahoma Fair

Iowa Park, Sept. 20 (Special)—Advance tickets are being placed on sale throughout the area for the Midwestern University Revue and the Championship Square Dance Contest of the Southwest, to be presented during the Texas-Oklahoma Fair and Southwestern Oil Exposition, Oct. 2-7.

The Revue, a fast moving musical comedy show with variety attractions, which will be held four evenings, Oct. 2-3-4-5, in the Texas-Oklahoma Fair theatre, includes a cast of 150 Midwestern students of drama and music, with the widely known MU Indian Band and the a capella choir furnishing the background music.

Plenty of beautiful coeds in dance and chorus routines, with flash backs to the '20's will be featured along with the romantic theme of the production.

Mac Upshaw, semi-professional magician, will awe the audiences with his spectacular tricks of magic. "The Brooklyn Dodgers" will add hilarity to the show with their "ridiculous to the sublime" by the outstanding performances of Jill Storey of New York City and Leslie Handy of Wichita Falls, both of whom have received a great deal of recognition on "big name" programs.

Pete Robinson, talented entertainer of Duncan, Okla., and MU senior, will act as master of ceremonies for the revue. The cast includes many other area students of the Midwestern University.

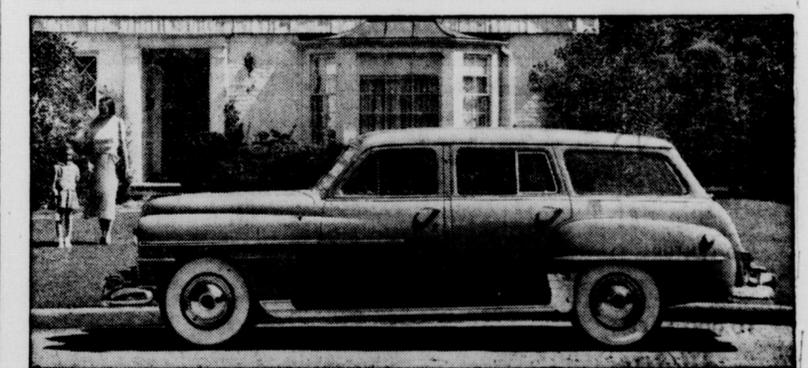

Demand for advance tickets to the Revue and the square dance contest which will be held Oct. 6-7, has been great the past two weeks and capacity crowds are virtually assured for each night to the two big attractions.

CARD OF THANKS
We are very grateful to all who were so kind in expressions of love and sympathy in the illness and death of our sister and aunt, Miss Ida Richardson.
Dr. and Mrs. Hines Clark and family,
Mr. and Mrs. P. A. Lyons Eugene Richardson.
SOURCE OF TIN
The Netherlands Indies island of Bangka provided three-fifths of the Indies' vast tin output before World War II.
Bangka's tin comes from alluvial deposits rather than deep mines, says the National Geographic society. It is dredged from river bottoms and from sediment deposited on the ocean floor. Some is found in open cuts on the low hillsides of the mountainous island, which is 138 miles long. Unlike Sumatra, from which it is separated by a narrow strait, Bangka has no volcanoes. Rushing from the mountainsides, the rivers cut deep valleys before coursing through jungles and the marshland near the coast. Carrying tin-bearing sediment, the streams have formed cavities or pockets in which the metal has accumulated.
Tennessee means "river of the great bend."

NAVY CARRIER TESTS FOR MODEL PLANE FLIERS
THOSE GLORIOUS AND MIGHTY FIGHTING LADIES, THE US AIRCRAFT CARRIERS, ARE AN IMPORTANT FIRST LINE OF AMERICA'S DEFENSE SKILL. "WANKEE KNOW HOW" MAKE THEM FLOATING ARSENALS THAT SEND FORTH A SWARM OF STINGING HORNETS.
YOUTHFUL MODEL PLANE BUILDERS HAVE BEEN STUDYING AND COPYING CARRIER FLYING TECHNIQUE. AS A RESULT, RIGID FLYING TESTS FOR CARRIER LANDINGS AND TAKE-OFFS WILL BE FEATURED IN THE WORLD'S GREATEST MODEL PLANE MEET, THE 42nd INTERNATIONAL CONTEST SPONSORED BY PLYMOUTH MOTOR CORP. AT DETROIT.

TOWN AND COUNTRY WAGON

All-steel body and luxurious interior trim are highlighted in the new Town and Country Wagon, just added to the Chrysler line. A unique combination of utility and luxury, the newest Chrysler four door six passenger station wagon has a fold-down rear seat arrangement that provides up to nearly ten feet of cargo space behind the front seat. The interior is richly trimmed in a fashionable but durable leather-like plastic for upholstery, headlining, and side panels. Extra-wide rear window can be rolled down completely into tailgate.

Mr. and Mrs. James Bice of Vernon spent the week end with his parents, Mr. and Mrs. Henry Bice.

Mr. and Mrs. Joe Johnson vis-

Building Activity in Texas Increased During Past Year

Austin, Texas — Building activity in Texas, as measured by permits issued in 57 Texas cities, increased 132 per cent in July 1950 from July 1949, the University of Texas Bureau of Business Research reported.

July permits amounted to \$73,499,482, a 15-per-cent gain from the previous month.

Building permits in Lockhart were up 12 fold in July from June. Other large increases were recorded in Texas City, 583 per cent; Brownwood, 491 per cent; Kenedy, 487 per cent; Big Spring, 329 per cent; Kerrville, 237 per cent; and Denison, 187 per cent.

Mr. and Mrs. F. W. Butler of Thalia and Mrs. Ida Duke of Lubbock visited Mr. and Mrs. Ernest Cribbs Sunday afternoon.

Large decreases during the monthly period were registered in Corsicana, 87 per cent; Henderson, 84 per cent; Borger, 83 per cent; Edinburg, 74 per cent; Port Arthur, 67 per cent, and Wichita Falls, 54 per cent.

In comparison with July 1949, large increases in building permits were turned in by Lockhart, Big Spring, Brownsville, Tyler, Lamesa, Lufkin, San Angelo, Houston, Coleman, Austin, Brownwood and Denton.

Declines from July 1949 figures varied from 7 per cent in Longview to 75 per cent in Gainesville.

Building permits granted during July amounted to \$20,095,504 in Houston; \$13,228,346 in Dallas; \$5,079,077 in Austin; \$4,698,336 in San Antonio; and \$3,927,419 in Fort Worth.

Taft, an ex-president, swore Herbert Hoover into office as president.

Mrs. Ella Ingle spent from Thursday until Saturday with Mr. and Mrs. Lee Blevins in Vernon.

Mrs. Cora Barnett spent the week end with her daughter, Mrs. Clark Golden, and family in Crowell.

Health Letter

Texas State Department of Health, Austin, Texas, Geo. W. Cox, M. D., State Health Officer.

Austin, Texas — While the specific cause of rheumatic fever has not been discovered, several factors associated with it and its onset and recurrence are now generally recognized, said Dr. Geo. W. Cox, State Health Officer.

Rheumatic fever is serious because it may affect the heart. Age is important. Rheumatic fever usually begins in childhood at about 5 or 6, although adults may have it. There is a susceptibility to the disease which causes rheumatic fever to be more common in some families than in others. The other factors which may favor its onset, combined with an individual's susceptibility, are frequent chilling, damp or over-crowded living quarters and a poor diet.

The early signs and symptoms may be slight. Some of them, which may occur singly or in combination are: failure to gain weight, poor appetite, pallor, repeated nose-

bleeds, low persistent fever, and frequent complaints of pain in the arms, legs or abdomen. These symptoms do not necessarily mean that a child has rheumatic fever, but they do indicate that he is below par and should be examined by a physician and his advice followed.

The more characteristic signs include painful, inflamed joints. The child may be irritable without good reason, cry easily, or develop other nervous habits.

It is vitally important to spare the heart unnecessary work for as long as the disease is active and for a period of convalescence afterwards. A child with rheumatic fever should remain in bed until, in the physician's opinion, it is safe for him to get up.

Some children recover from rheumatic fever without developing heart trouble, or the damage to the heart may be so slight that the child can live a normal life. In other cases, the child recovers from the acute attack but is left with an impaired heart.

Difficulties are things that show what men are.—Epictetus.

Paul Revere was born on January 1, 1735.

Just as champion golfers need CUSTOM-MADE clubs

YOU NEED CUSTOM-MADE HAVOLINE MOTOR OIL

*To get power-packed driving, you need the oil that's custom-made to do more for your car. Custom-Made Havoline actually cleans dirty engines, then keeps them clean. Fights acids, gives complete lubrication protection. It's the best motor oil your money can buy! You save with lower upkeep, more miles per gallon of gas. Ask us to change your oil to Custom-Made Havoline.

Lt. Lester W. Blevins Weds Miss Dietrich in Fort Dix, N. J.

First Lieutenant Lester W. Blevins, son of Mr. and Mrs. C. E. Blevins of Fort Worth, and Miss Jane Dietrich, daughter of Dr. and Mrs. George Dietrich of Sunbury, Pa., were united in marriage on September 13 at Fort Dix, New Jersey.

The marriage was solemnized by Chaplain (Colonel) Robert S. Ball, Post and Division chaplain of Fort Dix at 4 o'clock in Post Chapel No. 1. Lt. Robert McCarthy, Quartermaster Corps, served the groom as best man and Miss Edna Thompson of the Post Special Services was bridesmaid.

The bride wore a street-length frock of pale blue satin with a white orchid corsage and her attendant was attired in a similar dress of coffee brown satin.

Mrs. Blevins has been with the American Red Cross office in Fort Dix for the past five years and her husband has been assigned to Fort Dix as officer in charge of the Main Officers' Mess since February. He will leave soon for duty in the Far East Command.

COLUMBIAN CLUB

The members of the Columbian Club assembled in their first regular meeting on Wednesday, Sept. 20, in the home of Mrs. T. L. Hughton with Mrs. Hughton and Mrs. Hines Clark as hostesses.

Mrs. B. W. Self as president, extended greetings to the club members, predicting a pleasant and profitable year. The year book chairman reported that every effort had been made to make the programs interesting and practical. The club theme for all programs is "Timely Topics," and she reminded the group that any woman, to be a good citizen, must be informed as to matters of community, state, national and international affairs. Wednesday's program is an example of others to come.

Due to the fact that we are war conscious again, Mrs. John Ray gave an interesting paper on "Military Training," mentioning the different types of training camps over the nation and added that many who were closed after World War II, were being reactivated.

Mrs. Kenneth Halbert told of the Veterans' Hospitals which were being closed while others were being built. She gave a detailed description of the new six and a half million dollar hospital recently opened in Big Spring. Korean war casualties will soon be inmates of these new hospitals.

A delicious salad plate was served by Mrs. Hughton to nineteen members and to Mrs. W. A. Mussetter and Mrs. Jack Roberts Jr. as guests.

B&PW CLUB MEETS

The Business and Professional Women's Club met in the home of Mrs. Irene O'Connell on Thursday evening, Sept. 21, in a dinner and social meeting with Miss Cora Carter and Mrs. Dove Carlisle as hostesses.

The theme for the program was "Your Approach Is Your Fortune." "Financially, Are You a First Grade Citizen?" was given by Miss Lottie Russell. Two piano solos, "The Rosary" and "Missouri Waltz" were played by Miss Rebecca Calvin. Miss Maymie Lee Collins gave "Opportunities for Careers for Women."

Those present were Mrs. Sally Archer, Mrs. Bertha Burkett, Mrs. Viola Biggerstaff, Mrs. Dove Carlisle, Miss Cora Carter, Miss Maymie Lee Collins, Mrs. Louise Fisch, Mrs. Aylene Graham, Mrs. Irene O'Connell, Miss Lottie Russell and three guests, Miss Rebecca Calvin, Mrs. W. D. Utter and Mrs. Ursula Orr.

FAMILY REUNION

Mrs. Sudie Bradford entertained her children, grandchildren and great grandchildren over the week end with a family reunion at her home in Margaret. Those present included Mr. and Mrs. G. C. Bradford, Paul Valley, Okla.; Mrs. Lizzie Bradford, Chickasha, Okla.; Mr. and Mrs. R. Y. Bradford, Colorado City; Mr. and Mrs. Clint Arwine, Longview; Mr. and Mrs. C. F. and Mr. and Mrs. Ralph Bradford of Margaret; Mr. and Mrs. Ben Bradford, Thalia; Mr. and Mrs. J. Y. Bradford, Roff, Okla.; Mr. and Mrs. Lee Bradford, El Paso; Mr. and Mrs. Carl Bradford, Vernon; Mr. and Mrs. Buell Bradford, Abilene.

Grandchildren present were Mr. and Mrs. W. F. Bradford and J.

W. Bradford of Margaret; Mr. and Mrs. Henry Bradford, Lubbock; Mr. and Mrs. Floyd Bradford, Hobbs, N. M.; Mr. and Mrs. R. C. Brakeen, Vernon; Mr. and Mrs. Kenneth Bradford, Thalia; Mr. and Mrs. Louis Painter and Mr. and Mrs. I. J. Jackson of Black; Mr. and Mrs. David Lee Owens, Crowell; Mr. and Mrs. Curtis Elliott and Ross Elliott, Abilene; C. F. Bradford, Slaton; Mr. and Mrs. John Y. Bradford, Ada, Okla.; Mrs. Evelyn Hopkins, Thalia; Jimmie Bradford, Margaret. Great grandchildren present were Gerald, Ronnie and Jo Nell Bradford of Margaret; Betty Loyce Bradford, Lubbock; Jerry Bradford, Hobbs, N. M.; Randy Brakeen, Vernon; Yelita Bradford, Thalia; Marketta, Lois Ann Painter and Janice and Patricia Jackson of Black; Jimmy and Billy Ross Elliott, Abilene; Willadean, Eulene and John S. Bradford, Colorado City; Daryl Bradford, Ada, Okla.; Jimmy Hopkins, Thalia; and Glenn Sue Bradford, Vernon.

BIRTHDAY PARTY FOR WCS

On Friday, Sept. 15, the Crowell Woman's Society of Christian Service entertained the members of the Thalia society with a birthday party to celebrate the tenth anniversary of the combination of the women's organizations of the church into the Woman's Society of Christian Service. The hostess organization provided the program and the guest unit provided the birthday cake with its ten small candles for the ten years of service and a larger candle to grow on.

Mrs. Jeff Bruce, president of the Crowell WSCS, greeted the guests and was in charge of the program. Mrs. T. L. Hughton, who has been local secretary for many years, read the minutes of the organization meeting held ten years ago. Mrs. R. R. Magee led the songs, which were accompanied by Mrs. Sam Crews. A short playlet, "Thinking Backward, Looking Forward," was presented. The help and strength which have been and still are received by the various church publications, Mrs. A. C. Haynes, Mrs. Foster Davis, Mrs. Moody Bursey, Mrs. J. M. Hill Jr., Mrs. Fred Carr, Mrs. Henry Borchardt, Mrs. Bill Bell and Mrs. T. B. Klepper provided the playlet.

During the social hour which followed the program, the birthday cake was served to the guests with frosted punch. A number of Thalia ladies were present for the birthday party. The Crowell ladies will provide the cake for a meeting with the Truscott society on Wednesday afternoon. These celebrations are being observed throughout the conference.

BAPTIST W. M. S. MEETS

The First Baptist Church Woman's Missionary Society met Monday at the church for Mary Hill Davis State Mission program. The theme, "Because Christ Lives," began at 10 o'clock in the morning with Mrs. W. F. Statter in charge. Each part given proved an inspiration to those present to do more for the missionaries. The theme song throughout the program was "He Lives."

The second part of the program was a state mission program, presented in play form by several members of the WMS. At the close of the pageant, Mrs. Statter sang a solo, "Breathe on Me." Mrs. Glen Fox dismissed with prayer and an offering which amounted to approximately \$30 was given for foreign missions.

A covered dish luncheon was served at noon to the ladies and their husbands who were present. On Monday, Oct. 2, the WMS will meet in the home of Mrs. Glen Fox for installation of officers for the coming year. The meeting time has been changed to 3:30 p. m. instead of 4 p. m. The nursery will be open at this hour for the convenience of those who need it.

ADELPHIAN CLUB

Mrs. Frank Flesher and Mrs. J. C. Prosser were hostesses to the Adelpian Club members on Wednesday, Sept. 20.

Mrs. Doyle Kenner was leader for the afternoon. Education legislation was the topic for the program. Mrs. Earl Manard gave a talk on the Gilmer-Aiken Bill and other state legislation. She gave some very interesting facts about how the Crowell Schools are financed.

Mrs. Jack Sauls discussed "Federal Aid to Education," presenting

Tennis Togs

Brookline, Mass. — Nancy Chaffee, ranking tennis star from Ventura, Calif., exhibits her new playing garb which she is wearing in the Women's National Doubles championship here. In contrast to Gussie Moran's famous panties, Nancy wears a pink petticoat beneath a conventional skirt.

SEW-N-SEW CLUB

The Sew-N-Sew Club met Thursday afternoon, Sept. 21, at the recreation room in Foard City with Mrs. Eugene Owens and Mrs. Harry Traweck as hostesses.

Several gifts were exchanged by unknown friends. The names of unknown friends will be revealed at the next meeting, Oct. 5th, when Mrs. John White and Mrs. Merlin Thompson will be hostesses. Frosted punch and cookies were served to Mesdames R. J. Owens, Kenneth Halbert, Glen Shook, Bob Myers, Fred Borchardt, John White, Joe Rader and W. L. Johnson.

HENRY CIRCLE

The Henry Circle of the Woman's Society of Christian Service met Monday afternoon at the Methodist Church. The meeting was opened by singing "We've a Story to Tell to the Nations."

The devotional, "One People, One God, One World," was given by Mrs. Foster Davis. The Lord's Prayer was said in unison.

The first two chapters of the new study book, "Near East Panorama," were presented. A political, literary and religious background was given of each country in the Near East.

Fifteen members were present, including one new member.

FOARD CITY W. S. C. S.

Members of the Foard City Woman's Society of Christian Service met at the church on Monday, September 25, at 2:30 with several ladies from the Truscott W. S. C. S. as guests. Mrs. Jack Welch called the group to order with an organ solo and Mrs. Howard Ferguson led the singing of "Blest Be the Tie." Mrs. J. M. Barker led in prayer and the devotional was given by Mrs. Allison Denton. The theme of the devotional was "Why I Believe in God," and the society observed a few moments of quiet meditation before the discussion with a concluding prayer by Mrs. Grady Halbert.

Following the inspirational talk was a vocal solo by Mrs. Ferguson, accompanied by Mrs. Welch. A short play dealing with the maladies of the rural church with diagnoses by three "doctors" was acted out by Mrs. Virgil Johnson, Mrs. W. L. Johnson and Mrs. Halbert. Another hymn was sung; the dismissal prayer given by Mrs. Johnson, and the group adjourned to the recreation room for refreshments.

Each year the United States consumes about 300 billion matches. This amounts to 850,000,000 a day.

arguments for and against federal aid.

Throughout the club house were attractive arrangements of maroon dahlias in brass containers.

Salad plates were served to twenty-eight members and to one guest, Mrs. Clinton McLain.

JEWELRY STOCK ENLARGED

We have added a new show case and have practically doubled our stock of jewelry which includes prism white diamonds, baby jewelry, cigaret lighters and many other items of jewelry for both men and women. You are invited to call and see us for your needs in the jewelry line.

We will take old watches in on new ones.

We have repair work that has been in our shop for more than 90 days which should be picked up by owners. If not called for it will be sold for charges.

TRUSCOTT SUB-DEB CLUB

The Sub-Deb Club of Truscott met on Saturday, Sept. 23, in the Community House in Truscott. The program was on "Dating and Party Etiquette."

With Jamile Caram acting as leader, two talks were given. Pat Owens talked on "Dating" and held an open forum. Mrs. Q. D. Williams gave a talk on "Parties." The hostesses were Jean Kile and Camille Todd. Delicious sandwiches and cookies were served with Cokes. The next meeting will be held on October 14.

A California town, Visalia by name, has devised a system of detection that makes it hard for a hot check artist. When the police department notifies the Chamber of Commerce of the presence of a bad check artist in the area, the Chamber of Commerce calls ten more until all merchants are alerted. The plan has proved very successful.

Home Demonstration Notes

MARY DEEB BROWN

We started organizing the 4-H Clubs this week and from the looks of things we are really going to have some good work done by these groups.

October is almost here and during this month we are working on copper tooling in the Home Demonstration Clubs, so make your plans now to come to club.

If you are not a member of the club in your community and would like to join, get in touch with a neighbor who does belong and go with her. None of us ever reach to quit learning and these clubs are one way to keep up with new ideas. They also serve to hold the community closer together.

WOMAN'S GROUP WILL MEET

The Woman's Missionary Society of the Christian Church will meet Monday afternoon at the home of Mrs. Fred Borchardt at 2 o'clock.

Mrs. Fred Bayless will be leader of the lesson on "A Christian Family," which is the study of the group. The book is "Light of Bible Discussion." Every woman of the church is invited and expected to attend this meeting.

For many of the rural schools and churches have been closed and we don't see our neighbors as often as we used to.
