S. S. and Old Age Assistance Checks \$1,283 in Foard Co.

Checks for monthly insurance payments under Federal social security went to 3,509 aged persons, children and their widowed mothers in the Wichita Falls area for December 1951.

In releasing these figures this week, Erton F. Tate, manager of the Wichita Falls social security office, also said that these monthly payments under the old-age and survivors insurance program amounted to \$106,868 in this area.

"Without these payments earned by workers under this contributory system, the ability of many people to pay for necessities would have been drastically curtailed or entirely ended," he said.

More than one-third of all people over 65 in the United States who could not count on income from work for support, were getting social security insurance benefits. About 2,383 persons over age 65 in this area were receiving these payments.

Tate pointed out that this Federal program is affording substantial survivor insurance protection. Three out of every four mothers and young children in the nation are now assured of monthly payments if the insured breadwinner of the family dies.

In this connection, he cited monthly payments totaling \$31,253 to 916 children and 210 widowed mothers in this area. These monthly payments are going to families deprived of earned income by the untimely death of the wage earner. They are making it possible to keep families together, and keep children in school, and, at the same time, lessening the drain on both public and private welfare funds, he declared.

In Foard County benefits in the amount of \$1,283 went to 43 persons for December. Of these persons, 30 over age 65 were receiving a total of about \$933, and 13 children and widowed mothers were receiving \$348.

Long Island Village Has Colony of Boats Right on Main Street

Roslyn, L. I. — Behind the old mill on Main Street in the village of Roslyn is an unusual colony of nine families who have solved the housing problem in a romantic way. These families, with their cats and dogs, live on boats all year round.

In the winter the boats tie up at the dock in the center of the little town, and in summer they run out of the marshy creek into Long Island Sound and anchor in Hempstead Harbor, Manhasset Bay or other harbors in the neighborhood.

An example is Robert and Georgia Lane, who live aboard a 38-foot powerboat with their 4 year old daughter and two spaniels.

"When I got out of the Navy," Mr. Lane said, "I didn't have any place to live or any money. I had been a librarian in a Midwest university. I bought this surplus Navy work-boat hull in Virginia for a few hundred dollars, sold its equipment for \$250, and used the money to have the engine reconditioned."

"Then I ran the thing up here — don't ask how. Being an inland-er and having been based ashore all during the war, I knew nothing about boats. We tied up here and I got a job as a printer in a local newspaper. Then I began to build a cabin with scraps scrounged from the lumber yard and learning carpentry by doing it."

Praises BIG 12 For Relief Her Nagging Aches and Pains

Mrs. Blanche Styron

Every day people from all over Texas write in telling how BIG 12 has helped them regain their old time feeling of well being. For instance, take Mrs. Blanche Styron of 402 West Henderson in Cleburne. Mrs. Styron is a nurse and it wasn't so long ago that she had a hard time carrying on her profession. Then she heard how BIG 12 was helping other people with a similar condition caused by deficiencies of Vitamin B₁, B₂, Niacin and Iron and decided to try it. But let Mrs. Styron tell her experience with BIG 12 in her own words.

"For some time I had aches and pains all over my body. I suffered terribly all during that time. Then I heard about BIG 12 and out of sheer desperation I got a bottle. With that first bottle I felt a great change for the better and I have since taken thirty or forty bottles. I have now returned to my work which is practical nursing. At present I am walking two miles each day to take care of my patient. I am still taking BIG 12 and will continue to take it for it has helped me more than I can ever say."

There is nothing miraculous about BIG 12 but sometimes results like those secured by Mrs. Styron almost make it seem so. It is a proven fact that lack of Vitamin B₁, B₂, Niacin and Iron can cause nagging aches and pains, stomach distress, lack of energy, sleeplessness, nervousness and poor appetite and BIG 12 contains these essential elements that give that glorious feeling of well being that makes life worth

living. And remember, BIG 12 contains as much of the Red Vitamin B₁₂ as a doctor usually gives in an intramuscular injection. These vitamins (more iron than any other contains) when taken in this system, goes to work immediately if you suffer from the deficiency caused ailments. To yourself, don't go on to life suffering nagging aches and pains, stomach distress, sleeplessness, nervousness, poor energy and a general run-down due to a deficiency of Vitamin B₁, B₂, Niacin and Iron. Get a bottle of pleasant tasting BIG 12 from your drug store today.

FOREIGN AID VS. TAXES
If all personal incomes left after taxes in the tax brackets of \$4,000 and up were confiscated, they would provide only \$9 billion. The Chamber of Commerce of the United States made that statement in recommending that proposed foreign aid spending be reduced from \$10.5 billion to \$5 billion next fiscal year.

By far the biggest number of truck users today are Chevrolet owners . . . and for good hard-headed reasons. Because what they get is this:
Low Cost—in purchase price and in upkeep. A truck that gets the job done. A truck that's rugged, long lasting.
Take a look at the four facts below . . . and see why you, too, will be money ahead with a Chevrolet truck. Come in and see us about it!

FACT NO. 1
Save money on purchase price
Stack up a Chevrolet truck against any other truck with comparable specifications. You'll find the Chevrolet truck lists for less.

FACT NO. 2
Save money on operating costs
Hundreds of thousands of truck users have proved to their own satisfaction that Chevrolet costs the least of all to own and maintain.

FACT NO. 3
Save money on job efficiency
Chevrolet trucks are factory-matched to your payload requirements. You don't buy "too much or too little truck."

FOREIGN AID BALANCE SHEET

At the end of this fiscal year, on June 30, there will be \$7.9 billion in foreign aid funds left over from previous years. The new federal budget calls for another \$7.6 billion appropriation, making a total of \$15.5 billion available for spending in fiscal 1953. The budget calls for spending \$10.5 billion in fiscal 1953, leaving \$5 billion for spending in the following year. The Chamber of Commerce of the United States recommends that spending be limited to \$5 billion in fiscal 1953. This would leave \$2.9 billion of the present surplus for spending in the following year, without any new appropriation this year.

Health Letter

Texas State Department of Health,
Austin, Texas, Geo. W. Cox, M.
D., State Health Officer.

With the approach of warm summer days, emphasis on home sanitation becomes increasingly important, stated Dr. Geo. W. Cox, State Health Officer.

At this season of the year your State Health Department puts special emphasis on a clean-up designed primarily for the two-fold purpose of elimination of flies and rats. These two health hazards

Joe, Mr. and Mrs. Adolph Kubicek of Five-in-One visited Mr. and Mrs. Anton Kubicek and family Wednesday.

can be controlled only through sanitary practices. Places where they feed and breed and rest must be destroyed.

The common housefly has demonstrated that it can spread more than 20 human diseases. Some of the more serious are typhoid fever, diarrhea and dysentery. They have also been implicated in the spread of polio. Rats and mice have been accused in the spreading of 20 to 30 diseases.

"It is plain to see," says Dr. Cox, "that your health and that of your family and community depends in a good measure upon your maintenance of clean, fly and rat-free premises."

Spraying to kill flies and poisoning of rats are valuable supplements to the sanitation program,

but will not do the job by themselves. Sanitation is largely a matter. It is a way of pressed in clean health surroundings.

from the staff—
THANKS, EVERYONE
 This, being your Wildcat staff, would like to say a few words regarding the school weekly which we have written for the past year with, we might add, much anticipation and possibly a little apprehension at times.

Anticipation for your honest reaction to our work and apprehension toward offending in some of our editorials, however good we might have thought them for the welfare of the school as a whole. We earnestly hope that every article that has appeared in the "Wildcat" this year was received with the same sincerity and goodness of purpose as was its original intention.

We wish to thank the students and faculty for their splendid cooperation. Our school does not have a regular journalism class and in order to publish the paper it has been necessary at times to call the members of the staff out of their regular classes during one day of the week. For this reason we especially salute the faculty.

Again we say "Thank you" for your cooperation and good spirit and "Forgive us" for our mistakes.

SENIOR EDITORS LEAD INTERESTING SCHOOL AND OUTSIDE LIFE
 The editors of Crowell High School deserve a salute for contributing their all and their best this past year.

They are Maurine Youree, editor of the newly arrived Round-Up with Camille Todd and Marcia Kincaid, co-editors of the Wildcat. Maurine has contributed her ability, leadership and hard work in order to give CHS students and faculty a book of memories to long cherish.

Blond hair, a pleasant voice, and a senior air, are several of Maurine's outstanding characteristics. Her hard work and untiring direction resulted in a truly beautiful annual this year.

Besides being editor of the Round-Up, Maurine is a member of the Dramatics Club, FHA and Cheerleader.

Working on her scrapbook and picture album take up most of "Renie's" time. Her favorite past time is swimming and taking sunbaths.

When asked how she felt about the annuals, with tears in her sparkling eyes, she stuttered, "Oh, gosh, I'm just real proud of them because I know how much work was put into the books. A person can't know how much an annual means until he's worked on the staff."

Maurine's determination to stick to whatever she starts accounts for all she has accomplished during her high school career.

Camille Todd, senior and co-editor of the Wildcat, is one of this year's senior class honor students. She has an outstanding record that shows her to be a very capable and active Wildcat. For four years Camille has toiled hard on the weekly paper. This year she became one of CHS's most capable editors of the Wildcat.

Camille was more than editor. She became an understanding editor. She became an understanding friend of all the students of the publication staff.

Camille is valedictorian of the senior class. Besides being an outstanding editor, she has been active in PHA during her four years in high school. Her senior year finds her an Honor Thespians.

Camille's hobbies are reading and swimming. For a pastime, she collects cafe menus.

Seriously, CHS says "Thanks" to the swell editors for a great paper and a wonderful annual.

LOCAL STUDENT GETS READERS DIGEST AWARD
 Camille Todd, valedictorian of the graduating class at Crowell High School, has been given the Annual Award of the Readers Digest Association for students who by their successful school work promise of attaining leadership in the community, it was announced today by Henry Black, principal.

Camille will receive an honorary subscription to The Readers Digest for one year and an engraved certificate from the editors. "In recognition of past accomplishments and in anticipation of unusual achievement to come."

The Readers Digest Association has presented these awards yearly in senior high schools throughout the United States and Canada to the highest honor student of the graduating class.

The award to Miss Todd, who is the daughter of Mr. and Mrs. Elmo Todd of Truscott, was made possible through the cooperation of Mr. Black and his teaching staff. They selected Miss Todd to receive the award, designed to stimulate scholarship, citizenship and continued contact with good reading after graduation.

TEEN TIPS ON SENIOR TRIP
Impressible You
 You are the one who will be seen at Galveston and other points on the Senior Trip May 16-20. You are the neat, well-groomed, cheerful senior that's come to Galveston. You are your family, school and community. You make an impression.

Travel and being on the road makes veterans of us all. But many of us are far from being seasoned travelers. For a check-up on details that takes the kinks out of traveling and being out of pocket a few days, read these tips. These hints will help you BE

TOP RANKING SENIORS REVEALED!
 Valedictorian of the 1952 graduating class is Camille Todd with an average of 94.11. Following is Eva Rae Geaslin with a 93.16 average.

High averages for boys are Elwin Setliff with 88.04 and Gene Paul Pogue second with an average of 85.86.

Another honor senior with 90 or above is Elba Caddell with a 91. We feel that three seniors de-

still has a pleasing personality. Don Brisco liked to take all the girls riding on his bicycle during recess time.

Much to Maurine's sorrow in the eighth grade she talked to J. P. Bartley during the noon hour and had to stay in a half semester for Mrs. Nichols.

Robert Brock is well remembered for the shiner he sported many days as a result of a baseball game in which a golf ball was substituted for a baseball. Brock could place high in the big leagues when it comes to keeping his eye on the ball.

Truscott School Elba Caddell remembers well when she and Pat Owens used to have quarrels over Jimmy Woods as he was the heart throb of grammar school.

Jimmy Woods and Gene Pogue recall when they helped to tear down a woman's lilac bush just to get limbs for killing butterflies and beards escaping a whipping from the teacher by hiding the limbs in a very safe place. Ask Jimmy for the secret hide-away.

James McBeath, the outlaw of Thalia, always had to have a special umbrella made to sit under while he was waiting for his time to bat while playing baseball.

THE WILDCAT

(Continued from page 6)

the road. You can sing, but by all means let's not be the one who sings louder than the rest of the group, even though we can sing better. Before you know it, the time will fly.

On the bus we should always have the best of manners and courtesy. We can exchange seats to keep a girl from sitting too long in the sun. Share the candy or gum that we bought at the last stop and even if we do get sleepy, let's not take up the whole seat. And when we get near the town where we are going to eat or to visit some particular place, let's put on fresh lipstick and powder so we will look fresh and sparkling to those we meet. Boys, tuck in that shirt; comb the hair. Wherever you are and whatever you do, someone sees you and forms an opinion.

Metel Etiquette
Your room is YOU. It impresses visitors as being you. While you are in it, consider the room as

you would your own bedroom, living room at home. Keep it neat by hanging your clothes in the closet.

Hang these signs in your mind: Protect motel property from scratches, breakage, scorches, tearing and smudges.

Keep doors locked at all times whether you are in your room or out of it.

Turn lights out when you leave your room.

We visit with you in your home. When we leave, we take your lipstick, bath towel and mat for souvenirs. You don't like it. You don't want us back. So-o-o, consider the Motel and its property.

How to Have Fun
Let's try to have everyone in on the conversation. One faulty thing lots of us do is to look on the wrong side of a person. Try not to see everyone's faults; after all, have the feeling that you're as good as everyone else, and everyone is as good as you.

There will be time for sight-seeing and other fun. Two or three in your group will want to go shopping, others swimming and the others will want to go to a show or some other attraction. Take your sponsor, your mother, teacher, or principal. Include them in the fun. Make being responsible for you a pleasure.

Did you ever have a flighty person in your group? She will get dressed before you have time to brush your teeth. She says that she will wait for you in the lobby and promises faithfully that she will not stray. Her promise sounds sincere enough — little did you know that it meant cooling your heels twenty or thirty minutes waiting on Miss Flighty. She had decided to run down the street to window shop. Finally everyone is at wait end, the group gathers together again. So, don't you or you or I be a Miss Flighty.

You are blessed indeed if you are blessed with many friends. Make better friends of your classmates on this wonderful trip.

Isn't senior trips educational and lots of fun? Keep them that way. Be fun to be with. Enjoy yourself, you may never make another trip that you will enjoy any more than this one.

Dining Out
When you dine out — in a restaurant, cafeteria, or other public place—be calm and attentive. Be merry and have fun as this makes the meal a pleasure, but a loud "life of the party" is usually a show-off and violates all the rules of good taste.

Graciously follow the customs and order of the establishment where you dine.

Emily Post says politeness and kindness will make you at ease in a palace, up-to-date eating place, or a simple cafe or restaurant. Let the waiter direct you.

Seated properly, give your order in a clear manner to the attendant when he gives attention to you. Do not confuse the situation by changing your order too much. If it is wrong when brought to you, make adjustments courteously with the waiter.

In a cafeteria wait your turn, do not loiter or hold up the line, and have your change ready.

You, of course, will observe proper table manners. Do not eat too fast, but never keep the group waiting.

As for tips, tip graciously and quietly. When you tip, ten to fifteen per cent of the total bill is correct. If your meal is less than a dollar, then ten cents is correct.

The True CHSite Pays for Souvenirs of His Trip
He asks the management for menu cards, if he is a collector. He buys salt and pepper shakers and silverware at places that carry them for sale.

Taking the Trip Home
When you leave the Jack Tar Courts in Galveston and begin your trip home, you take your ideas and experiences home with you. All the personal experiences and snapshots of your trip will be pleasant souvenirs of your one and only SENIOR TRIP.

NORMA'S NONSENSE

Gee!! I don't see how I can stand to leave dear ole' CHS. In the seniors' opinion, "It's wonderful to walk down the halls of CHS but to think we must part soon."

Pert little Mary Lou Woods has grabbed herself a cowboy—none other than Dale Kitchens.

Didn't the girls render the "Lord's Prayer" beautifully Sunday night?

According to opinions expressed around CHS, Rev. M. A. Walker's sermon was the best yet.

Gossip Gale said she had heard several rumors around that Nell would like to go with Doyle Mc-Nesse.

Bunch of sleepy girls — those who were at Shirley's slumber party Friday night.

Down the hall come smiling Nancy Hallmark and Kenneth Oliver. Trailing behind are Kenneth Hopkins and David Jackson.

Several couples who seem to be happy are Kenneth and George Ann, Billy and Carolyn, Norma Jean and J. W. Maybe Cupid knows where to put the arrows. Ha!

What is Love?
Love is like a little bug, with arms like a lizard, it twines itself about your heart, and nibbles at your gizzard.

Naida King and Richard Winters still think only of each other.

Jim Paul and Jean are still making it a twosome. They seem charmed with each other after four years.

Wonder if McBeath and Hudgins had trouble getting Woods to Truscott Sunday night?

Here's something hot off the wires. Genevieve and Donald Reynolds have up quite a case.

All the seniors are eagerly waiting for Senior Day.

Can it be true that Mrs. Davis represents the spirit of Ole '76? Congratulations, Mrs. Davis, Buddy Caddell and Doris Ann

Cates have been seen around a lot these days.

This draws to an end another school term. Hope all of the students have enjoyed the scandal just half as much as I have enjoyed writing it. I should like to thank all the students who have helped me write this column.

Time is creeping up on me. So long—may you all have a nice vacation and all the seniors have all the success you deserve.

NEW LABELING OF MEDICINE

Under provisions of the new Durham-Humphrey Amendment to the Food and Drug Act, the Commission will divide all drugs for human use into two classes — those restricted for use only by prescription and those that need not be limited in distribution. This will be accomplished by a new method of labeling and "will establish control not only over the barbiturates, commonly called 'sleeping tablets' but also from the whole area of drugs used in self-treatment of general disease."

Mrs. Geo. Beavers of Vernon Gives Flower Arrangement Lecture

"Flower arrangement means combining flowers and foliage with a definite purpose and plan to make a pleasing picture," according to Mrs. George Beavers of Vernon, who gave a training meeting to twelve home demonstration club leaders and three visitors in the H. D. agent's office at 2:00 p. m., Saturday, May 10.

According to Mrs. Beavers there are three things to consider: 1. where the arrangement is to be used. 2. Background for the arrangement. 3. Color feeling or impression.

"All arrangements must have seven things," continued Mrs. Beavers, "design, harmony, balance, proportion, rhythm, scale, and a strong center of interests."

Mrs. Beavers then made several arrangements to illustrate these points, and helped each leader present to make one.

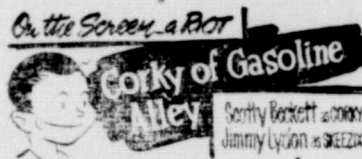

Those attending were Mrs. G. H. Kincheloe, Mrs. Andrew Galvin, Mrs. M. O'Connell, Mrs. Archie Campbell, Mrs. R. D. Fox, Mrs. Fred Traweck, Mrs. Tom Callaway, Mrs. G. C. Phillips, Mrs. Monroe Karcher, Mrs. T. W. Cooper, Mrs. Verda Bell, Mrs. Raymond A. Bell, Mrs. Bax Middlebrook, Mrs. Ben Hopkins, and Mrs. Mary D. Brown, the agent.

Dinner Honors Guest of Bobbie Abston

Honoring her guest, Miss Wha Chung Han, Miss Bobbie Abston entertained a number of friends with a dinner Saturday afternoon at six o'clock. Following the dinner, Miss Han, who is an accomplished pianist and also a junior student at Abilene Christian College, entertained the guests with piano compositions by several famous composers.

Miss Han, who is a native of Seoul, Korea, came to America this year to complete her education, due to the poor conditions in her home country. She further entertained by relating some of the customs and some of her experiences in Korea.

Those present for the dinner were Misses Rozella Autry, Mildred Templen, Jenny Wehba, Maurine Youree, the honoree and the hostess.

MARY DEEB BROWN

As you know we are reupholstering this week. We will be working at the Farm Bureau office and plan to finish some time Friday. We will be glad for you to come by and watch.

On Tuesday, May 20, Mrs. Herman Kincheloe and Mrs. Jack Lyons will hold a training meeting in my office at 1:30 p. m. on making the large reel baskets to hold magazines etc. This meeting will not be repeated; it is for all the ladies club members or otherwise, who are interested in making these large baskets. I will not send out letters as I do not have all the names of those who are interested, so mark your calendar now. If you plan to make one, please try to be here as Mrs. Lyons and Mrs. Kincheloe are both too busy to show each of us how to make one separately.

We will have at the reupholstering school all the webbing, cotton, moss, tow, etc. you will need to do this work. If you plan to do any reupholstering later on please get your supplies before Friday, May 23. At that time I plan to return all that has not been used. After Friday, May 23, you will have to order for yourself any reupholstering supplies that you will want.

Council will meet this Saturday, May 17, at 2:30 p. m. in my office. At that time Mrs. Verda Bell and Mrs. Tom Callaway will report on the THDA meeting at Haskell.

Mrs. George Beavers of Vernon was here Saturday to give a training meeting on arranging flowers. I think we all learned a great deal at this meeting and hope that the leaders who were present will enjoy giving this meeting back to their clubs.

W. Cooper at the meeting of the Vivian H. D. Club at the home of Mrs. J. B. Rasberry on May 8.

FOARD CITY W. S. C. S.

Monday, May 12, members of the Foard City W. S. C. S. met at the church and heard an inspiring devotional by Mrs. Glenn

Shook. Quoting Ecclesiastes 1:15, Mrs. Shook discussed the limited power of man as contrasted with the limitless powers of God.

Mrs. Virgil Johnson began a new book review, "Mission to America," by Truman. The purpose of this book is to acquire a better understanding of the program and mission of the church, to recognize the importance of church extension and how the church may meet the needs of people today.

Since the method of teaching this book is of the forum type, everyone participates and even the extra curricula lessons are often exceedingly interesting. All members are urged to attend the May 19 meeting and all visitors are welcome.
