**STAMP COLLECTORS**

Stamp collector enthusiasts with the rest of the world are noting September 30 on their calendars. The issue of a new 3-cent stamp, the Gutenberg Bible Stamp, was set to coincide with the observance of Bible Week. Protestants and Jews will cooperate in various cities to focus attention on the contribution the Bible has made to our national Christian heritage.

Most of you know that almost five hundred years ago the printing of the first Holy Bible, took place in the printing shop of Johann Gutenberg of Mainz, Germany. The design of the stamp is a scroll symbolizing the Bible as a scroll. On the rest of the stamp, general information is given about the printing dates of the first Bible. The design of the stamp was made from a mural painted by Leonard Laning which hangs in the New York Public Library.

Some of our own collectors are lucky enough to buy one of these stamps, it should prove quite valuable in years to come because of the commemoration of a great event inspiring to all.

no use crying over spilt milk." The band is now concentrating on football shows and practice for the trip to the Midwestern homecoming game in Wichita Falls. Keep one eye cocked towards the band and you will not be disappointed.

**ROUNDUP FAVORITES FOR CURRENT YEAR ELECTED**

Last week CHSites were called on to vote for favorites to be featured in the annual for this year. They were elected as follows: band sweetheart, Sue Meason; football queen, Jane Cooper; FHA king, James Pittillo; FFA queen, Billye Bell; most attractive, Jane Cooper, Faye Black, Billye McCoy, Virginia Tamplen, Carolyn Bell, Billye Bell, Barbara Fairchild, Dorothy Gamble, Vida Tarver; best all-around, Billy Abston and Jean Hughston, most popular, Roy Whitley and Marcia Kincaid; most athletic, Jackie Rasberry and Jim Norman; friendliest, Carolyn Bell and Raymond Halenack; wittiest, Nell Johnson and V. A. Smith; class favorites: freshmen, Gail Knox and Jimmy Thaxton; sophomores, Gordon Graves and Buddy Caddell; junior, Jean Whitby and Buddy Caddell; senior, Faye Black and Ginger Johnson.

**CHEERLEADERS SHINE IN NEW UNIFORMS**

When CHS cheerleaders started their first yell of the season in the opening game with Seymour, they were sporting brand new uniforms. The uniforms are all white this year. On the turtle neck sweaters are large black "C's" with gold megaphones running through the center, carrying out the school colors. The word "Cheerleader" is printed across each megaphone. Around each neck a miniature megaphone is hung from a chain. The skirts are of white pleated flannel. Black loafers and white socks complete the ensemble.

When asked the reason for their choice, the cheerleaders stated, "We tried to select uniforms of good quality so they would last and look well for several years."

**GLASS ARTIST FIRST OF '52 SOUTHERN ASSEMBLIES**

Ralph Melville, master glass artist, and his glass pattern-making or glassblowing marked the beginning of another series of Southern School Assemblies for Crowell schools Wednesday, Sept. 24.

With skillful manipulation of his hands, the pressure of the lips and throat, Melville brought to life an ancient art which was created entirely free-hand and without the aid of models or molds. The students watched in awe-stricken wonderment as the artist modeled before their very eyes a ship, a swan and a vase from a simple tube of glass.

Melville succeeded in gaining added interest when he picked James Pittillo and Jimmy Everson from the audience to assist him with one creation. Jimmy heated a glass tube. When it reached a high degree, James, with Melville's help, stretched the glass to a thin thread across the length of the auditorium.

In his fascinating as well as instructive lecture, Mr. Melville not only traced the history of glass from its beginning but described its many and important uses in industry today. An account of his work in the research laboratories of 20th Century Fox Film Corporation fashioning wigs and dresses of glass for famous stars lent much color to his lecture. Samples of his wig material and glass cloth were displayed and caused much delighted comment on the part of his feminine audience.

**BAND WORKS HARD ON QUANAH GAME HALFTIME SHOW**

Who says that being in the band earns an easy credit? If some of you sleepy-headed doubters had been in the band last week, you would have changed your mind.

Every morning from 7:45 till school at 9 on last Monday, Tuesday and Wednesday, the band marched and marched, then marched. (Continued on page 9)

Mr. and Mrs. Leslie Cobb of Midland spent the week end with Mr. and Mrs. H. O. Clark and Charles. Their son, Johnny, returned home with them after spending the week with the Clarks.

Mr. and Mrs. A. A. Black spent the week end with their daughter, Mrs. Twila Marie Wardlow, of Crane.

Mrs. T. M. Westbrook and Mrs. Gwynn Hickman spent Sunday in Quanah. Mrs. Charlie Gwynn Hickman and daughter of Paris, who have been visiting her parents in Quanah, returned home with them on their way home to Paris.

Mr. and Mrs. W. J. Walker of Abilene are the proud parents of a baby girl.

Mr. and Mrs. H. M. Black and daughter, Faye, and Miss Norma Jones, spent the week end in Plainview with Miss Nettie Black.

Mr. and Mrs. Joe Ed Gillespie and sons of Ackerly spent last week with his parents, Mr. and Mrs. H. P. Gillespie, and other relatives.

Mrs. Mickey Jones visited her mother in Throckmorton Sunday.

Mr. and Mrs. Fred B. Moody of Wichita Falls visited relatives and friends here over the week end.

Mr. and Mrs. S. E. McRoberts spent the week end with her sister, Mrs. Leon Kincaid, and family.

Porter Pittman of Oceanside, Calif., spent a few days here last week with friends. Mr. Pittman left here 30 years ago.

Miss Lelah Jones of Stamford spent the week end here with her father, L. P. Jones.

Mrs. Edna Stoker returned home Sunday from the hospital in Knox City.

Mrs. Ettie Johnson of Amarillo spent the week end with her sister, Mrs. Carl Haynie, and husband.

Mr. and Mrs. Gene Barnes and baby of Los Angeles, Calif., Mr. and Mrs. Lester Patton and children of Crowell spent the week end here.

Mr. and Mrs. L. W. Haynes of San Angelo and Mr. and Mrs. E. M. Cox of Paducah spent Sunday and Monday with their sister, Mrs. Rex Traweck, and family. Mr. and Mrs. Haynes are en route to Los Angeles, Calif.

Mr. and Mrs. Bryan Jones and family of Sanford spent the week end with his parents, Mr. and Mrs. Jim Jones. They all went to Wichita Falls Sunday to visit J. C. Jones, father of Jim Jones, who is ill.

Miss Pat Owens of Amarillo spent the week end here with her parents, Mr. and Mrs. Bill Owens.

Earl DeWolf of San Antonio came Friday and spent the week end with his wife and her parents, Mr. and Mrs. V. W. Browning. Mrs. DeWolf and baby returned home with their husband and father.

H. A. Smith spent Sunday in

**Managing Editor Reports Fishing Gems**

The current issue of the Texas Game & Fish magazine has a writeup about the managing editor of one Texas newspaper who personally covers the fishing assignment.

The article—"High Level Fishing Lowdown"—concerns managing Editor Al Parker of the Wichita Falls Daily Times and his authorship of that paper's reports from the local lake area, and beyond.

Parker, who insists that "when the fishing bug bites you, the only remedy is to get going," is quoted as saying that some Texas newspapers are overlooking a great field of news from the fishing front.

**COTTON**

The cotton crop in the Southern States, which has suffered severely from drought, is expected to be short about a million bales, compared with last year, according to the Agriculture Department. Other cotton-producing areas, however, will grow 575,000 bales more this year than in 1951 and the net national loss will be only about 400,000 bales, a shrinkage of three per cent compared with last year's crop.

Quanah with his wife.

Mrs. G. H. Craig and daughter, Mrs. Sue Pruitt, of Lubbock spent Sunday with Mr. and Mrs. V. W. Browning.

Mrs. Allie Moorhouse of Benjamin spent Monday in the home of Mr. and Mrs. V. W. Browning.

"DIGGIN' HIS HOOKS," this convict cowboy makes a vain attempt to stay aboard one of the wild broncs used in the Bareback Bronc Riding event during the Texas Prison Rodeo. The wildest riders on the wildest stock is the claim of the convict riders who perform each Sunday afternoon, October 5, 12, 19 and 26 in Prison Stadium, Huntsville. This year's event will be the 21st Annual Prison Rodeo.

**Uncle Sam Now Owns 24 Per Cent of USA**

The feudal lords of the Middle Ages had nothing on Uncle Sam. He now owns 24 per cent of all the land in the United States, and is adding to his holdings by leaps and bounds.

The recent announcement of plans by the Federal Government to build an enormous atomic energy plant in Ohio prompted the Chamber of Commerce of the United States to look into Uncle Sam's real estate operations.

According to the latest available figures, compiled by Congressman Russell V. Mack, (R., Wash.), the Federal land empire totals 455,146,726 acres, or 711,166 square miles. That's more land than there is in Japan, Italy, France, Germany, Belgium, The Netherlands, Switzerland and Portugal put together.

The Government's holdings represent an area equal to the combined area of Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, Pennsylvania, Delaware, New Jersey, Maryland and the District of Columbia.

Most of the land owned by Uncle Sam is west of the Mississippi. Some of the states in that region can hardly call their land their own. In Nevada, for example, over 85 per cent is owned and managed by various Federal bureaus, with headquarters a couple of thousand miles away in Washington. In Utah, over 71 per cent is under Government ownership. And in Arizona, over 69 per cent.

Actually, the National Chamber says, it's impossible to get accurate figures on Uncle Sam's real estate holdings. Some agencies in Washington don't even know how much land they themselves are supposed to manage. The only sure thing is that more and more land is being taken under the Government's wing all the time. Forty-five million acres have been acquired in the past three decades. Most of the new holdings are east of the Mississippi, in areas where the Government is going in heavily for construction of hydrogen and atomic bomb laboratories which cover thousands upon thousands of acres.

The big catch in Uncle Sam's operations as a landowner, according to the National Chamber, is that Uncle pays no state taxes. But private landowners, naturally, do. All of which means, the Chamber says, that you pay not only your share of state taxes but you must pay more to make up for what the Federal Government doesn't pay. And, on top of that, you also pay extra Federal taxes to support the Federal bureaus which manage Uncle's holdings.

Those feudal lords of long ago couldn't hold a candle to Uncle

**Too Late To Classify**

FOR RENT — 6-room modern house in Crowell.—J. E. Franklin, 1401 South Lindsay, Gainesville, Texas. 11-4tp

**BUSINESS BRIEFS**

The Department of Commerce reports that average earnings in 1951 amounted to \$1,584 for every man, woman and child in the United States.

These figures, compiled by economists on the Federal payroll, represent earnings before taxes.

The Chamber of Commerce of the United States reports that Federal taxes alone this year total over \$62 billion, or an average of \$1,389 per family. Counting 3 and one-half persons to an average family, the 1952 tax bill figures out to about \$397 for every man, woman and child in the United States.

At the same time, the National Chamber says, every man, woman and child now has a bigger share than ever before in the national debt. With the Federal debt now up to \$263 billion, the average share per person has increased to nearly \$1,700. The Department of Commerce overlooked these figures in its report on earnings.

**Blast Mutilates Fish Dynamiter**

Austin, July 14—A Texas man paid a frightful penalty for trying to dynamite fish, according to a report to the Executive Secretary of the Game & Fish Commission.

The man was standing nude beside a creek. He held a stick of dynamite which had been lighted. He apparently thought the fuse was not ignited.

The blast blew off his left arm above the wrist, as well as his right thumb and forefinger, and damaged the remaining fingers. It tore a large wound in his left leg. Part of the charge perforated his abdomen and caused other

continued from page 3)  
 to perfect its clever  
 be displayed to Quanah  
 night.  
 mystery had surround-  
 field those three  
 of the jazz music  
 of the hush of the morn-  
 day of the big show  
 arrived. First, the ex-  
 of the kickoff and then  
 came the half. The Qua-  
 performed first then  
 band began its show.  
 entered to the tune  
 happy march. Then after  
 down the field to the fif-  
 a huge Q was formed  
 for Quanah. The drum  
 her whistle, and the  
 forming a shoe and a  
 rag. While in forma-  
 hand played "Chatta-  
 Shine Boy" while the  
 moved back and forth  
 the toe of the shoe. Then  
 was formed to the tune  
 from Dixie?" Fi-  
 traditional C was form-  
 down left the field.  
 deal of effort was put  
 each member, and we  
 performance was worthy  
 it received.

## TWINS?

Do they look like twins? Where do they live? What grade are they in? These were just a few of the questions asked about CHS's only set of twin girls.  
 Vera and Jonny are 14 year old freshmen who were born in Vernon, later moving to Detroit, Michigan, where they attended school for 5 years. Their father was stationed close by while in the army. Both girls like good ole southern fried chicken when it comes to chow time. The girls differ in the sport appreciation column: Vera likes to watch a close baseball game while Jonny likes roller skating.  
 On questioning Vera on liking CHS, she quickly let me know that it couldn't be beat. Welcome to CHS, Vera and Jonny Kindt.

## QUANAH-CROWELL

Gaining momentum in the closing minutes of the game, our fighting Wildcats gave the Quanah Indians the scare of their lives by holding the powerhouse north of the river to the count of 25-19 in a gridiron spectacle that held some 3,000 fans breathless until the final gun. This contest was one of the most exciting battles staged in the confines of Wildcat stadium in several years.  
 The Hardeman County lads, led

by their excellent field general and quarterback, John McCrary, crossed the double stripes in the initial period when Bobby Williams crashed over from the 2-yard line. The Cats also tallied in the first quarter when McCrary gathered in Jim Paul Norman's booming punt and tried to lateral behind the goal and Raymond Halecek recovered for the locals. The try for extra point failed and the score was deadlocked 6-6.

The second quarter saw the Indians move out in front with McCrary waltzing over for the second counter. He made the extra point. Only a few minutes later McCrary hit Jack Cromartie for another six points and Quanah led at the half 19-6.

Quanah scored one more in the third quarter when McCrary pitched another aerial to Cromartie and that ceased the scoring for the Tribe.  
 Then the Wildcats began to move as the Crowell passing attack began to blossom. Don Gobin found Norman on the fifty yard marker with a strike and Norman eluded fleet Williams to cross the goal standing up. After using up a series of downs, the Cats gained the ball and sent Ginger (Flash) Johnson on an off-tackle jaunt and with that forward wall opening a hole to get past the

line of scrimmage, Johnson danced by the Indian secondary and 77 yards for the touchdown. The try for extra point failed and the score ended 25-19.  
 The entire Crowell team demonstrated some fine football with Halecek, Scott, Pittillo, Elliott, Latimer, Abston, Borchardt, Everson and Graves doing a fine job of holding the Indians.

## GRID RULES CHANGED IN '52

Some of the grid rules have been changed this year and in order to help you, we would like to go over the most important ones briefly.  
 The first change is blocking with the elbows. Blocking with the forearm is now considered a personal foul, and a player can be removed from the game for this infraction of the rules. Before this year, slugging, kicking or kneeing an opponent would get a player extracted from the game; but now striking an opponent with the forearm, elbow, or locked hands has been included in that category.  
 Clipping has been redefined also. Before, it was a block thrown below the waist and from the backside of an opponent, but now it includes blocking above the waist as well as below.  
 The penalty for defensive holding has been changed from 5 to

15 yards. The reason for this was that in the day of the forward pass, too many times the end is held in and kept from going down field, and it is believed that a stiffer penalty will eliminate some of this.  
 There are several others but these are the principal ones.

## THE OWL'S HOOT

Hello, everybody, this is another week and the owl is still hootin'.  
 The question of the week is who did Betty Sue finally go with Saturday night?  
 Who are the new heart throbs of Nora Lee and Carla?  
 We hear Vida Jean ran all over the cotton patch looking for rabbit's eggs. Did you find any, Vida?  
 Eddy, what was that you said that you wouldn't go steady again?  
 Sybil, what did you throw out of the bus window Thursday morning? Nothing valuable, we hope.  
 The couple of the week is James Pittillo and Velma Medlin.  
 An old couple seen Friday night were Ace and Bobbie Jean.  
 Joe Don, George Ann wants to be your first client for "lost persons."  
 We think Rat and his new girl make a cute couple, don't you?  
 Couples at Carolyn Smith's house Saturday night were Wayne

## Trends in Food Preservation

This is the day of trends, and the family food supply is keeping step with the general tendency to change and improve. Self-sufficiency, in providing meats, fruits and vegetables for the family table, has always been the tendency for farm and ranch families in Texas. The methods of preserving these foods have definitely changed and improved during the past decade.  
 Louise Mason, foods and nutrition specialist for the Agricultural Extension Service of Texas A&M College, says canning still retains a major portion of the food preservation budget, but freezing is catching up.  
 Home freezers came into use immediately after the last war, and consistently have increased in numbers since. The specialist says Extension Service reports show more families are helped each year in improving their food conservation by freezing. At the mid-century mark there were approximately 5,000 more home freezers than in 1949. This figure had climbed to nearly 33,000 by 1951 with many more thousands using community frozen food lockers. The 1951 report showed two and a half million quarts of fruits, vegetables and meat canned, plus nearly 400,000 quarts of pickles and relishes. The same report estimates that in addition more than 24 million pounds of vegetables, fruits, meat and poultry were frozen.  
 Miss Mason says, "Another measure of the increase is shown by the demand for the bulletins, Frozen Foods. This information prepared by the foods and nutrition specialists is available to homemakers in Texas through county Extension agents' offices."

## ROBERT'S RIB TICKLERS

The Sunday School teacher was describing how Lot's wife looked back and turned into a pillar of salt, when little Jimmy interrupted. "My Mother looked back once while she was driving," he announced triumphantly, "and she turned into a telephone pole."  
 An Irishman hurried into the public house and said to the bartender, "A pint before the fight starts." He drank that up.  
 "Another pint before the fight starts."  
 He'd drunk that halfway when the bartender asked "What fight?"  
 "I've no money," said the Irishman.

## Ice Cream Social Held in Wild Snow Storm

Stillwater, Minn. — The third annual outdoor ice cream social was held in Stillwater recently during a howling snowstorm.  
 And the home folks had fun. Bathing beauties, wearing long underwear under their suits, paraded through the storm in weather 10 degrees above zero as the band played "In the Good Old Summertime."  
 Several businessmen donned straw hats and sport shirts and "putted" snowballs around until the snow became so deep they had trouble finding the "green."  
 It was better than last year, however, when blow torches were brought out to thaw the ice cream, which froze solid in below zero cold.

## Too Much Fluoride

With most communities in the country now adding fluoride to their water supply, to prevent tooth decay, the town of Chester, Virginia, has come up with a different problem. Its problem is getting the fluoride out of the water.  
 There is so much fluoride in the community well that county health department officials have to dilute the water so that it will contain no more than two parts fluoride to one million parts of water. That's enough fluoride, in the opinion of county officials, to prevent tooth decay.  
 A Chester dentist, Laurence C. Matthews, who has advocated water fluoridation, was reportedly surprised to learn about the situation in Chester. Dr. Matthews reportedly said that tooth decay among children in Chester was about as bad as anywhere else.  
 In Tacoma, Washington, Mt. Ranier is known as Mt. Tacoma.

## AUTO THEFTS

Auto thefts jumped into a \$95,000,000 racket in this country last year, according to FBI Director J. Edgar Hoover, who announced plans for a series of regional conferences to deal with the problem. Car thefts in large cities rose 21.2 per cent and in rural areas 15.1 per cent during 1951. Recoveries ranged above 99 per cent.

**TFWC Board of Directors to Meet in Canyon Today**

When the Board of Directors and club presidents of the 7th District of the Texas Federation of Women's clubs meets in Canyon on October 2 for the annual fall meeting, a number of new department chairmen will be present for the first time.

The meeting begins at 9:45 a. m. and continues until 3:45 p. m. and will take place at the auditorium of the Branding Iron Theater on the campus of WTSC at Canyon.

The new members of the board were appointed after the creation of new departments in the district organization to conform with newly created department of the General Federation.

One of the new departments is the Americanism department. Mrs. Robert R. Lindsey of Borger is chairman. Her various sub-chairmen are "Get out the vote," Mrs. E. B. Geyer, Borger; Government Studies, Mrs. A. W. Young, Lubbock; Labor Management Relations, Mrs. F. A. Kleinschmidt, Lubbock; Historical Committee, Mrs. M. B. Hood, Plainview; Moral and Spiritual Values, Mrs. Wesley Hardesty, Friona; Promotion of Women in Public Affairs, Mrs. W. R. Weaver, Spurr; Forums (Town Hall Meetings), Mrs. Ned V. Brooks, Borger; and Americanism Week, Mrs. Charles Dougherty, Post.

In the American Home Department, Mrs. C. T. McMorty, of Clarendon is Gardens chairman.

In the Conservation Department Mrs. Forrest Roberson of Hartley is general chairman and heads under this department are Forests and Recreation, Miss Jewell Foster, Dumas; Minerals and Wildlife, Mrs. John Hoffman, Floydada and Water and Soil, Mrs.

Lynn L. McKown, Memphis. In the Education department the Character education chairman is Mrs. J. O. Burnett, Jr., Brownfield; Scholarships and Fellowships, Mrs. A. H. Avinger, Plainview; Fine Arts department, art chairman is Mrs. Blizard Spearman, Borger; Music, Mrs. Archie Castleberry, Amarillo. Mrs. R. B. Jones, Plains, is chairman of the National Defense Department.

In Public Affairs Department Economic Security chairman is Mrs. W. C. Dickey, Memphis. Legislation is Mrs. Guy W. Smith, Tulia.

In the Junior Clubs division, Mrs. Merl Kincaid, Crowell, is chairman, or director. Committee chairmen are: Americanism, Mrs. Houston Pearson, Lorenzo; Moral and Spiritual Values, Mrs. Robert E. Downs, Sudan; Youth Cooperation, Mrs. Jack Coffman, Floydada; Family Councils, Mrs. John J. Kirchoff, Plainview. Mary Lenore LaGrange of Amherst has charge of subscriptions to "The Texas Clubwoman."

In Federation Extension Mrs. Walker B. Jones of Tulia, first vice president of the district, is a new chairman. New members of Credentials committee are Mrs. H. A. Delamar, Dumas; Mrs. Frank O. Wofford, Wheeler. New members of the Hospitality committee are Mrs. W. W. Brooks, Borger; Mrs. E. J. Foster, Lockney, and Mrs. J. T. Gee, Friona. New members of the Resolution Committee are Mrs. Holt Barber, Dumas; and Mrs. C. O. Stone of Littlefield.

Mrs. W. A. Moore, Canyon, is public speaking consultant, a new office on the board appointed for the first time this fall. R. Wm. Brown of Wheeler is a new member of the registration committee. Mrs. W. S. Lizard and Mrs. W. D. DeGrassi, both of Amarillo, are new life members of the district board.

Mrs. Raymond Teeple of Silverton is chairman of USO scrapbooks.

The board will be served a luncheon at noon, with members of the Federated clubs of Canyon serving as hostesses. Registration for the Board meeting is 50, luncheon reservations are \$1.75 and should be mailed to Mrs. Lee Foster at Canyon.

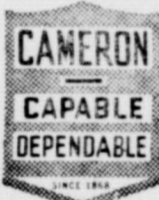

**BUSINESS BRIEFS**

Jokes about women struggling with the family checkbook may be just masculine propaganda. Nation's Business, published by the Chamber of Commerce of the United States, notes in the September issue that women bank employees now outnumber men 55 per cent to 45. The figures are included in a survey by the Association of Bank Women.

Thirty-seven grandchildren survived Queen Victoria.
