## LET'S TALK LIVESTOCK BY TED GOULDY

The biggest run of sheep since June, 1950, arrived at Fort Worth Monday. Shorn fat lambs hit a new high for the season of \$22.75, and the class was strong to 50 cents higher. Feeder competition was the best for some time with Nebraska and Iowa buyers active on the yards as well as the regular staff of order buyers who make Fort Worth headquarters. Spring lambs were steady to easier, with some of the lighter weights and less than choice fat kinds 25 to 50 cents off. Old sheep and yearlings were steady.

Good and choice shorn fat lambs drew \$20 to \$22.75, and stocker and feeder shorn lambs sold from \$14 to \$20, some fleshy and fat mixed lots at \$19 to \$20. Good and choice Spring lambs sold for \$22 to \$25, and common and medium sorts sold for \$15 to \$20.

Old ewes sold for \$5 to \$6.50, and old wethers from \$8 to \$11. Yearlings and two-year-old wethers cashed at \$13 to \$17.

There was more action on stocker and feeder cattle and calves and some spots were 50 cents higher on the better kinds of calves, yearlings and steers. Stocker cows had fair demand. Fat calves of good and choice kinds were stronger, the plainer to medium kinds just steady. Fat steers and heifers, cows and bulls were fully steady to strong, some fed steers and yearlings higher again.

Good and choice fed steers and yearlings sold for \$18 to \$23, and common, plain and medium sorts drew \$10 to \$18. Fat cows drew \$12 to \$14.50, and canners and cutters cashed at \$8 to \$12. Bulls returned \$10 to \$16.

Good and choice fat calves sold for \$18 to \$23, and common and medium offerings cashed in the \$12 to \$18 bracket, with culls from \$8 to \$11. Stocker calves ranged from \$15 to \$21.50, and stocker yearlings sold from \$19 down to \$17. Some 2-year-old feeders drew \$18.50.

Choice butcher hogs topped at \$24, and sows sold from \$19 to \$21.50. Pigs sold from \$20 downward.

One case was removed from the court agenda Monday morning when Bobby Hummel and Sid Cole, formerly of Odessa, were each assessed sentences of five years in the state penitentiary by Judge Owens. The young men were guilty to charges filed against them for the Thalia post office burglary in December. Both Hummel and Cole have been implicated and convicted of mass burglaries in West Texas. Thus far, they have received 13 five-year sentences and one ten-year term, all of which run concurrently.

**AFTER GRADUATION, WHAT?**

College or not comes the cry of the fresh young graduate subsequent to graduation. Realization that by answering this they could be on the very brink, the very threshold of success or failure is awesome to graduating seniors. Many pros and cons are brought into consideration by dotting parents and relatives. Many just "average" students would perhaps be better situated in some specialized craft training, a full course of which is not offered in many colleges and universities. College can and will open many great opportunities to brilliant students who are willing to study, and

study hard, to achieve their purpose, their goal in life.

Upon entering a business profession, competition is the biggest bugaboo to starters. A successful businessman once hung a plaque on the wall above his desk. It said that his competitors helped him more than his friends because they advertised weaknesses which his friends would cover up. The plaque further read that his competitors kept him from laziness, incompetence, and inattentiveness. He had learned the art of living by realizing forces which he had to live with in the world.

Careful and sincere thought is very necessary to the choice of a career. Some perhaps without having learned that success is not measured by dollars alone will plod through life making money in a job they are not suited for. Rich dividends not by dollars and cents alone will be showered on those happy in doing what they enjoy. Surprisingly in most cases, this comes in doing for others less fortunate.

No college education is necessary for people to learn this, the art of living. Being able to find satisfaction in life without the god of money is attributed to loving people and doing for people.

**MAYOR AND MRS. BROWN SHOW STUDENTS PICTURES OF EUROPE**

Crowell students were fortunate enough to see beautifully colored slides of Europe shown by Mayor Hubert Brown and accompanied by a complete account of their trip given by Mrs. Brown Monday, May 4.

With the aid of a map, Mrs. Brown began their program by outlining the trips they made from Paris, which was their headquarters, by traveling to surrounding countries and points of interest.

As Mr. Black pointed out in his introduction, Mayor and Mrs. Brown were able to get a keener insight into the countries and

their people with the help of their two daughters, one of whom lives in Paris. The other is the wife of an American air attaché in Russia who have for a time made their home in Moscow.

The pictures which had all the qualities of being taken by a professional photographer covered every single point of major interest from France, to Helsinki, Finland.

In Paris, the Eiffel Tower, the Church of Notre Dame, Napoleon's Arch of Triumph and the square where Marie Antoinette was beheaded were presented as educationally as pictures in a history book. Paris, they said, is not typical of France for all nationalities live there.

The Browns took their car across the English Channel on a ferry boat into England. Color photography especially did justice to the beautiful White Cliffs of Dover and the decorative old religious center of England Canterbury Cathedral.

A picture of Loch Lomond introduced the students to Scotland, and the lowlands of the country gave them an idea of the Scottish countryside. Among the many points of interest shown of Scotland were the remains of the old Roman Wall and the homes of Shakespeare and Anne Hathaway.

From Scotland they visited Belgium and the headquarters of the League of Nations and the National Red Cross in Switzerland.

Further travel took them to Venice, Italy, and then to Rome. The Roman Coliseum and St. Peter's Church were shown extensively.

The place of the ski competition in Oslo, Norway, and then the great Olympic Stadium at Helsinki, Finland, were the last pictures that time permitted to show.

The program, as Mr. Black assured the students in his introduction, was more interesting and educational than those we pay for from Dallas.

**BAND WINS THREE FIRSTS IN SAN ANGELO MEET**

Happy, light hearted, and with high hopes students plus their instructor, Mr. Harris, and several sponsors, Mrs. Claudius Carroll, Mrs. B. W. Smith, Mrs. Carl Morris and C. G. Graves, boarded school buses at 4:30 Friday morning to a merry whirl in San Angelo. Upon arrival about 3 p. m. every one chose a roommate and registered for their fifth and sixth floor rooms in the Cactus Hotel. After having a band meeting, everyone was free until 10:30 that night.

After being awakened Saturday morning to the sound of "love-

ly" music, everyone got up. Later after meeting Mr. Harris at 8:30 the band went to the high school annex building to compete in the contest, the purpose of the trip.

Everyone will be interested in the fact that the following students won first place in honors: Billye McCoy and Frances Kincaid, twirling; Bobby Davis, baritone. Second places were won by the following: Sy Moore, trumpet solo; Leta Scott, Lula Scott, Bill Halbert, trio; Billye Bell, twirling. The brass sextet consisting of A. L. McGinnis, Lavert Robinson, Don Brown, Lula Scott, Noel Wilkins and Sy Moore, placed third.

The band won fourth on concert and fourth in sightreading. We are very proud of our band for this and the various individuals because they competed against high school bands from various parts of the state.

After the contest everyone trudged back to the hotel and packed their tooth brush to come home. This was a hard job to do because everyone hated to see this wonderful trip end. The buses rolled into Crowell about 9:30 Saturday night.

**DESTINATION JAPAN**

Shots! Passports! Boats! Trains! Planes! A mad whirl of red tape required for an overseas jaunt! Vera and Jonny Kindt, CHS's only set of twins, will be experiencing this very merry go round of necessities before embarking on their trip to the Far East, destination Japan.

During the latter part of June, the Kindt family will be making preparation to leave Thalia for Seattle, Wash., which will be the port of embarkation.

Perhaps termed as more than just a visit, Vera and Jonny's trip will last a year, maybe even two. The girl's father, M. Sgt. Harold K. Kindt, is the master sergeant of the engineer section in the headquarters of Far Eastern Command. Because of this, the family is constantly moving. CHS being the tenth school attended by the twins. The eleventh school on their agenda will be in Yokohama, Japan, where an army bus will deliver children of Americans on the army base, Camp Zoma, to school.

In reply to a bombardment of questions, Vera and Jonny replied that they definitely liked a small school such as ours best. "You can get to know more 'kids,' and can get more individual instruction from the teachers." If it were at all possible, perhaps many teen-agers would move to the Far East due to the cheap

servant labor and enormous amount of leisure time. One servant for a period of one month costs only \$25.00.

**PIONEER DRUGGIST**

Note: This is Glyndon Johnson's interview of Henry Ferguson for English IV class.

There was a smile on his drawn thin lips as he showed me the picture of a house. Then he said calmly, "There is where my life began." It was a white, two-story house surrounded by a picket fence. I was later informed that the interior was logs chinked with mud, and the outside was covered with boxing plank.

The first ten years went by rather fast for Henry. He lived a normal life with nothing out of the ordinary happening to him. Then in 1881, by train, his family moved to Texas and settled in Grayson County.

A few years later he took up the profession of cowboying. He worked for a ranch that was located in the southern part of what is now Foard County. By the expression on his face you could tell his mind was going over the times he had while he was a cowboy. "Many a time after a long hard day," he said, "Boss Roark, Charlie Thompson and I hitched up the buggy and went to Foard City to a dance. We never got back before two and three o'clock in the morning."

He also told of the time when he and four other men, two roping, two throwing, one branding, branded one hundred and thirty-eight calves in one hour and forty minutes. "One of the things I remember well is the time I went to my first rodeo. It was the second Cowboy's Convention which was held in Seymour in 1897. The one held the year before was the first rodeo held in West Texas. The rodeos in those days were held in a big arena as today, but in the wide open spaces. The stock they used had never been ridden before. They were rounded up just before the rodeo and then turned loose after the first ride. In those days there were two events, calf roping and bronc riding."

After the turn of the century Henry saw that he would never get anywhere on the twenty-five dollars a month for cowboying. So in 1901 he bought an interest in a drug store which stood where the bank building stands now. A few years later Ben Allison moved away and sold his part to Ferguson Brothers.

When the first train came to Crowell, it carried the bricks that were put into the drug store that

C.R., S.J., Tom and Henry Ferguson were going to build. They built a fine drugstore and before long, through determination and courtesy, acquired a great reputation.

"While Doctor Adams was a doctor in Crowell," Henry said, "this little incident happened. One day an old lady came into the drugstore to see the doctor. When she went to his office, she asked him to give her some medicine that would pep her up. She told him she would appreciate it if he would find some medicine that didn't taste bad. The doctor told her they had a new invention which would hide the taste of the medicine. She came to me to have it filled and put in the new invention, capsules. Several weeks later she came back and said that she was feeling fine and those little 'jars' were just the thing."

There was a family that moved to Foard City. They had a little girl named Effie May. When she and Henry first met, she was too young to have company. MAYOR AND MRS. BROWN SHOW STUDENTS PICTURES OF EUROPE

Crowell students were fortunate enough to see beautifully colored slides of Europe shown by Mayor Hubert Brown and accompanied by a complete account of their trip given by Mrs. Brown Monday, May 4.

With the aid of a map, Mrs. Brown began their program by outlining the trips they made from Paris, which was their headquarters, by traveling to surrounding countries and points of interest.

As Mr. Black pointed out in his introduction, Mayor and Mrs. Brown were able to get a keener insight into the countries and

Happy, light hearted, and with high hopes students plus their instructor, Mr. Harris, and several sponsors, Mrs. Claudius Carroll, Mrs. B. W. Smith, Mrs. Carl Morris and C. G. Graves, boarded school buses at 4:30 Friday morning to a merry whirl in San Angelo. Upon arrival about 3 p. m. every one chose a roommate and registered for their fifth and sixth floor rooms in the Cactus Hotel. After having a band meeting, everyone was free until 10:30 that night.

to provide the basic food and fiber for our increased population. Since this country was founded, we have reduced the productivity of our soil by probably forty to fifty per cent through intensive continuous one-crop farming which has burned out our land, through the removal of the minerals from our soil at a rate faster than they are returned, by improper practices which has resulted in water and wind erosion, depletion of coverage on our ranges and wastage of water needed for crop production. Perhaps no other people in history have used their land so recklessly as we have. It is obvious that the only way that we can effectively meet our needs in the foreseeable future is the development of a program of conservation that will stop the deterioration of our lands and will improve and maintain our production at higher levels. The hearings now being held by the Agricultural committees have been very interesting. I have tried whenever time would permit to attend them. Their thorough consideration of the needs of conservation, particularly with reference to devising ways of trapping and holding water as nearly as possible where it falls, will result in all of us being able to do a whole lot better job as far as conservation is concerned.  
 Ray Niels of Vernon has been a Washington visitor this week.

**News from the Congress**

by Congressman Frank Ikard  
 Washington, D. C., April 30, 1953—The necessity of effective soil conservation has been further emphasized this week by the hearings held by the Agriculture Subcommittee of the Appropriations Committee and the Committee on Agriculture. All indications are that we in this country will have a population by 1975 of approximately one hundred and ninety million people. By the year 2000, our population will have increased to in excess of two hundred million. At present production levels this would mean that we would have to find seventy-five to one hundred million acres of new crop land in order to maintain our present standard of diet. In the past, we have met the problem of population increases largely by bringing new land into production; however, now this obviously cannot be done for there are no reservoirs of virgin land left for us to tap. In the Continental United States there are approximately one billion, nine hundred and four million acres of land. One billion one hundred million of these acres are used for grazing and crop land. Six hundred million acres are in forests and wood land. The remaining acreage is non-agricultural.  
 While these figures sound tremendous, the fact remains that this is all the land that we have

## THE WILDCAT

(Continued from Page 2)  
by the cattle, and the many happy times he and his wife had together. He is also reminded of the drug store when some of the old-timers come up to him, pat him on the back and say, "Wish you were still in the drug store, Henry." That is one thing that will be with him always.

**SENIOR RICHTER LIKES FISHING, JUST KEEPS ROLLING ALONG**  
Fly fishing is the favorite sport of Rudolph Richter, typical sport boy. Along with fly fishing, Rudolph likes hunting.

Typing and algebra head the list of subjects that Rudolph likes. Although these subjects are his favorites, Rudolph does very well in all other subjects too. Watching football and seeing good movies head the entertainment list for Rudolph. Another favorite that could be put under entertain- ment, is eating steak any time of the day and listening to hill-billy music. He also enjoys reading mystery books and books about war.

During the summer he works on the farm for his dad. When work slack off, he helps on a hay baler.  
His best friend is Lee Roy Bice. All the time between periods you will see them walking down the hall laughing and talking. Rudolph says that he and Lee Roy have had many a good time together.

His plans for the future are not yet complete, but he intends to go to college where he will study to become a radar technician. Whatever he should do, we feel certain he will succeed.

**SAM BULLION ENJOYS DRAWING AND MUSIC**  
Sammy Bullion boasts the title of the tallest senior. He is easy-going and is slightly on the lazy side.

In a personal character sketch written by Sam, he states that he likes to read any book from Donald Duck to Shakespeare. Perhaps talented as a comical artist, Sam likes to draw humorous pictures of different people. Typical of most boys, food is a favorite with him. Steak and gravy provide an ideal meal for this good natured senior.  
"Baby" Bullion played the trombone in the band for three years. After his resignation, he kept up his interest in music by listening to good trombone soloists.

No future plans are forming in "Baby's" mind as yet, but because of his love to travel, he'll probably have the initiative to find a way to realize his dream of traveling around the world some day.

## THE WILDCAT'S OWL

Well, hello, guys and gals! Here we are facing another week with the same old faces, and going through the same old routine, but it won't be long until this old stuff is over. There are only 19 more days until the seniors walk up and get their release. Won't that be swell? . . . on with the gossip!

Arleta, were you sleepy Sunday night?  
Is it true that Zonell and Wayne have called it quits?  
Patsy, did you have a nice time at the rodeo?  
Gaylon, those letters carved on your arm couldn't spell Vida, could they?

Jonny and David are making the rounds again. Did you have fun Thursday night?  
Vida and Nan Sue seem to have settled down for a while. Where were you two Friday night?  
Rufus, why don't you tell Gwendolyn the truth for once?

Lindel, did you and Satch, Nelson, and Benny have a good time Friday night or should I say Saturday morning?  
Vera Kindt has found an admirer in Lockett. His name none other than Milton Haney.

Looks like somebody new has gotten up a case. Couldn't be Arleta and Benny? Good luck, kids.  
Who is Thaxton's new interest? Who is that Crowell boy that Theresa Thompson swoons over? I'll bet you would know something about this, wouldn't you, Chun?

Don Brown, are you studying to be a human fly or what were you doing at San Angelo?  
Grin, who was that we saw you with Saturday night? Couldn't have been Carolyn Bell, could it?  
Seen making the rounds Sunday night, and also something new was Billy Abston and Zonell Eddy.

George Ann seems to be doing all right with Vernon.  
What does Noah have that Frances Kincaid wants?  
Congratulations to the former Joyce Sparks who is now Mrs. Gene Clark.

Baby, did you have fun last Monday with those Oklahoma girls?  
It seems that Don Brown has lost his heart to Sylvia Swaim.  
Jean Whitby, did you get in trouble last Sunday night? What is wrong with going to Quanaah?  
Carolyn Bell and Roger Dunlap have been seeing each other frequently lately. What is this leading to?  
Who is Ace courting in Quanaah now? Could it be Freddy?

## Joan Darby Married in Church Ceremony

St. James Episcopal Cathedral in Fresno, Calif., was the setting for the nuptials of Miss Joan Darby and Staff Sergeant Karl W. Kleinsteuber of Travis Air Base on April 18. Deacon James M. Mallock read the double ring service at the candle lighted altar.

The powder blue ankle length lace gown worn by the bride had a scoop scalloped neckline with fitted bodice and full nylon net finger length veil fell from a halo trimmed with lilies of the valley. She carried white carnations and stephanotis.

Her father, Edward S. Darby, escorted his daughter down the aisle.

Her only attendant, Nancy Seibert, was attired in a navy nylon organdy dress with scoop neckline, tight bodice and full skirt. Her head bandeau and bouquet were powder blue carnations.

Donald Bickner performed the services of best man and Calaway Dodson and John Kleinsteuber, brother of the groom, served as ushers.

The mother of the bride was

clad in a powder blue crepe dress with navy accessories. The groom's mother wore a gray coat dress with accessories to match and their hats were flower trimmed. They both wore corsages of white carnations.

Immediately following the ceremony, a reception was held at the Darby home for relatives and a few close friends of the bride. The dining table was covered with a lace cloth and the three tiered wedding cake was topped with a figurine of wedding bells and encircled with white carnations and greenery. Refreshments were served. Mrs. Calaway Dodson cut the cake and Mrs. Herbert Jensen presided over the bride's book.

The bride wore a gray flannel suit with navy accessories for a motor trip to Carmel and San Francisco. She wore a pink tea rose corsage.

The groom, a native of Los Angeles, will return to his base on May 4 and will be transferred to a new base in Idaho and will be discharged early next year after serving four years. He plans to enter college and finish his course in electrical engineering. During his absence, his bride will remain in Fresno where she is employed as secretary in the

law firm of Kimble, Thomas, Snell, Jamison & Russell.  
Mrs. Joe L. Klepper and her daughter and husband, Mr. and Mrs. Gustave R. Kruger, of Los Angeles attended the wedding.  
The bride is a niece of T. B. Klepper of Crowell and Mrs. Allen Fish of Vivian.

### ADELPHIAN CLUB

Ladies of the Adelpian Club met at the club house on Wednesday, April 29, for regular business and study. Mrs. George Self was hostess for the afternoon.

As leader for the afternoon, Mrs. Martha Rettig introduced Mrs. M. A. Walker, who charmed the group with her singing of an old Irish ballad, "Mother Macree." She was accompanied by Miss Marcella Kincaid. Miss Rettig then gave a short sketch of the life and works of Agnes Turnbull, writer of note and author of "The Gown of Glory." She presented Mrs. George Self, who in turn introduced Rev. M. A. Walker as reviewer for the afternoon.

Brother Walker brought the club a most delightful interpretation of "The Gown of Glory," entrancing his audience with his sympathetic portrayal of each character. His manner of weaving the narrative concerning life in the Presbyterian Manse in a typical small town church was flawless and most enjoyable.

Following the program, the hostess served a delicious salad course to about twenty-five members, Miss Kincaid and Rev. Walker.

### COLUMBIAN CLUB

Members of the Columbian Club enjoyed another lesson in the series of the study of the states at their regular meeting at the home of Mrs. M. O'Connell on Wednesday, April 29.

Beginning at the extreme northeast of the United States, this course has followed westward and there remains only two more groups, which will conclude the year's programs.

On this particular date, Mrs. J. T. Carter was leader, and she also brought an interesting insight to the state of Washington. It has all the glories that mountains, trees, lakes and rivers can provide.

Mrs. D. R. Magee followed Mrs. Carter with Oregon, known as the Beaver State. It, too, has the benefit of the warm ocean current, providing a climate suitable for many industries.

Mrs. O'Connell served sherbet and cake to nineteen club members.

## Home Demonstration Notes

MRS. MARY D. BROWN

Last Wednesday, April 29, 15 Foard County Home Demonstration Club women went to Vernon for the annual THDA district meeting. I was very pleased that so many of you could go and know you enjoyed it as much as I did. It is always good for us to meet with club women from other counties and exchange ideas with them.

As you know the work simplification programs start this month and your leaders have worked very hard getting them ready for you. If you enjoy them as much as I think you will, tell them so, and I know they will appreciate it. Remember also that while they are giving this demonstration you owe them your courteous attention. Many women do not want to be leaders because they feel that the other club members will not listen to them. These work simplification leaders have worked long and hard to perfect the techniques they will give to you, so take advantage of this and listen to them closely.

This week, May 3-9, is National Home Demonstration Week. Each club in the county has made sep-

arate plans to observe it. Our theme in Texas is "Home—the Cornerstone of Freedom."

tion Club presented Mrs. Fred Diggs a gift. Mrs. Diggs has been associated with this type of club work for a number of years. The meeting was in the Hulen Monks home on May 1.

"What a Friend We Have in Jesus" was sung to open the session. Each member answered the roll call with her favorite cookie recipe. Mrs. Milburn Carroll was awarded the hostess gift.

Mrs. Mary D. Brown, acting County Home Demonstration Agent, made several types of cookies. A list of favorite cookie recipes was passed to each member.

"Management is taking what you have, using it as well as you can, to get what you want." Mrs. A. B. Calvin stated in her discussion of housework simplification. Mrs. Milton Hunter made up a bed taking as few steps as possible in the shortest amount of time. Leaflets were given stating the proper cleansers for the different surfaces in the home.

Refreshments were served to Mesdames Guy Morgan, Milburn Carroll, Rusty Russell, Fred Diggs, Cecil Carroll, Horace Phelps, Milton Hunter, A. B. Calvin, A. G. Smith, J. C. Prosser, Archie Campbell, Mary Brown, and the hostess.

### WEST SIDE H. D. CLUB

For hems in dresses, a lock stitch is best, stated Mrs. E. A. Dunagan in a demonstration to West Side H. D. Club meeting in the home of Mrs. T. W. Cooper. Mrs. Dunagan showed the club how to put a waist and skirt together to fit better.

Mrs. Henry Ross presided in the absence of the president and vice president.

To observe H. D. Week, May 3-9, the club planned a homecoming of all ex-club members to be at Mrs. M. O'Connell's home Friday, May 8. All ex-members and everyone who wishes to come are invited for a covered dish luncheon.

Members present were Mesdames Henry Ross, M. O'Connell, E. A. Dunagan, R. J. Roberts, J. E. Norris, Oscar Gentry, Donald Norris, and the hostess, Mrs.

arat plans to observe it. Our theme in Texas is "Home—the Cornerstone of Freedom."
