School Band will entertain with music. Henry Black, Principal of Crowell High School, will be in charge of the program. The Band Booster Club will be in charge of the ticket sales for this program and the entire proceeds will go to the band.

L. McGinnis; and 12th grade, Don Brown, Mary Cooper and Marcia Kincaid.

LET'S TALK LIVESTOCK BY TED GOULDY

Slaughter steers and yearlings moved the week at Fort Worth around 50 cents higher prices, king advances above the low of the previous week fully to \$2. Cows sold 50 cents higher or \$1 above a week earlier. Weas and stocker and feeder pigs revealed similar strength. Some to better advantage. Hogs gained 50 cents.

Slaughter sheep and lambs sold steady, lambs holding the substantial advances of a week ago. Feeders also drew firm. Hog shipments were turned following a week end shut-in caused by a suspected case of vesicular exanthema. Some were destroyed and yards disinfected. Demand for good hogs has been strong. Feeding persisted around the

Worth stockyards that more lively marketing of fed cattle is less bunching of shipments will be seen in the coming weeks and this should strengthen the market on those classes.

Good and choice fed steers and yearlings cashed at \$18 to \$23.50, most sales, just a few above the range. Common and medium lighter kinds sold for \$13 to \$16, a few shelly kinds lower. Slaughter steers cashed at \$13.50 to \$16.00. Canners and cutters sold for \$13.50. Bulls cashed at \$17.50.

Good and choice slaughter weas drew \$19 to \$23 and common and medium slaughter grades sold for \$13 to \$18. Culls sold for \$10 to \$13. Good and choice steers cashed \$18 to \$23.50. Stocker steers yearlings sold for \$22 downward. Stocker weas cashed at \$13 to \$20.

Medium good and choice slaughter lambs sold for \$16 to \$20, a few at \$21. Shorn lambs cashed at \$19.50 downward. Weas and feeder lambs sold for \$13 to \$16, some choice shaly and fat shearing type lambs cashed at \$19.50. Slaughter ewes drew \$6 to \$8.50. Slaughter yearlings and older weas sold for \$10 to \$15, a few yearlings to \$16.

Although no hogs arrived at Fort Worth for sale Monday because of the embargo, the markets were generally higher over the week and top hogs were considered available in the \$19.50 to \$20 level.

Grady Halbert, chairman of the Lower Pease River Soil Conservation District Board, reported that 17 different practices were applied in 1952. They were: contour farming 16,516 acres, cover crops 5,987 acres, stubble mulching 40,780 acres, strip cropping 740 acres, range and pasture improvement 60,056 acres, seeding range and pasture 778 acres, wildlife area improvement 3 acres, stock ponds, 118, terraces 215 miles, diversion terraces 11 miles, farm drainage 340 acres, open drains 3 miles, water facilities 45, preparation of irrigation land 188 acres, farm waterways 36, alfalfa for hay and pasture 2,002 acres.

At the present time the technicians of the district have on hand 531 applications for soil conservation practices that will be constructed or established during 1953. Most all practices established are based on conservation surveys made by soil scientists.

The conservation survey is a soil map of the land giving detail information to the planning agronomist so that he can determine what crops are best suited to a given piece of land. Bill Brooks of Quanah and Wayne Cobb of Vernon make conservation surveys for the Lower Pease River Soil Conservation District.

### C. H. S. Cagers Win Three of Last Four Games Played

The Crowell High School basketball team won three conference games and lost one practice contest the past week to remain the only threat to the undefeated Iowa Park club for district 1A-9 honors.

The Wildcats defeated Newcastle 67 to 50 here last Friday night; evened things up with the Chillicothe Eagles at Chillicothe on Saturday night by the count of 50 to 42; dropped a game to Vernon at Vernon on Monday night to the tune of 57 to 49; and rounded out the week's play with a 62 to 41 victory over the Henrietta Bearcats here on Tuesday night.

Coach Thayne Amonett was able to turn things over to the reserves shortly after the half in the Newcastle game. Gordon Graves and DuWayne Elliott scored 21 and 18 points respectively. Allen Gibbs kept the Bobcats in the game with 15 points.

The Chillicothe game was a complete reversal of the exhibition with that team here two weeks ago. Ginger Johnson and Jim Paul Norman were the big guns for Crowell with 14 and 13 points respectively. Lee Kennedy for the Eagles was high with 15 points.

The Crowell boys were off form at Vernon with little Raymond Towery, Lion star, stealing the show. This victory for Vernon evened the series up with two wins and two losses each.

The victory here Tuesday night over Henrietta kept the Wildcats in the thick of the district fight. Billy Marlow scored 25 points. However, the Iowa Park Hawks will have to drop two games to give Crowell a chance. The Hawks come here for a contest on Friday night of next week.

The Crowell "B" team also won three out of four games played the past week. They defeated Newcastle 54 to 40, downed the little Eagles 41 to 35, lost to Vernon 45 to 21, and defeated the Bearkittens 47 to 35 here on Tuesday night.

Crowell journeys to Archer City Friday night for a conference engagement and take on the strong Quanah Indians here on Monday night. This will be the first game between these old rivals this season. The Wildcats will get a rest next Tuesday night.

#### ATTEND SPEECH MEET

Speech enthusiasts gathered from much of northwest Texas at Canyon Friday and Saturday for a Speech Clinic. The scene of the clinic was West Texas State College campus.

Delegates from Crowell included Robert Graves, Don Kidd, Joan Roberts, Betty Bartley and Jean Whitty attending the debate division. One-act play representa-

tives were V. A. Smith, stage manager and Joe Don Brown, technician. Mrs. Elmo Todd chaperoned the students.

The group heard several timely and worthwhile debates with Robert Graves, Don Kidd and Joan Roberts entered as participants in the debate. Friday morning Robert and Don debated an excellent team from Plainview. In the afternoon Joan and Don debated a girls' team from Perryton. No decisions were rendered naming winners, but the debaters received helpful criticism from the judges, Dr. Barton and Dr. Tolliver, teachers at the college.

Those who stayed over Saturday heard some more debates and a one-act play, "Moon Up," presented by Clarendon speech students. Returning delegates stated that with so much helpful criticism Crowell really ought to "go places" in the speech field at the Inter-scholastic contests this year.

#### PERSONALITIES OF THE WEEK

This week senior personality honors are divided between Jean Hughston and Jim Paul Norman because you rarely see her without him or him without her. Seems as though these popular

seniors have always done things together. They were chosen class favorites their freshman year and were class officers together their sophomore year. Both of them list typing as their favorite subject.

Tall, good looking Jim has won his share of honors on the football team by lettering all four years. For two of these four, pretty, red haired Jean has cheered him on to victory as cheerleader.

Also a four year letterman in basketball, Jim Paul claims it as his favorite sport with just participating in any sport as his favorite pastime. "Chick" has been chosen most athletic boy two years in a row and was on district 1A-9's all star team for the last two years.

Popular Jean is co-editor of the Roundup for '52-'53 and was chosen best all around girl this year and class favorite again her junior year. Some of her many favorites include shoe string potatoes, dancing with Jim Paul, and English. This Hughston - Norman combo has some pretty high ambitions with college looming up in the future. TSCW at Denton will claim Jean as a probable English major. Jim Paul has made no commitments as to what college he plans to attend, but in the distant future he will probably be either a successful business man or a farmer. By the way, from all appearances his future will include Jean. Time will tell!

#### WILDCATS IN SECOND PLACE

CHS' fighting dribblers captured two conference titles the past week to gain undisputed possession of second place from Chillicothe and hold a chance for the district crown. Should the potent Hawks of Iowa Park be "knocked off" before their encounter here next week with the Wildcats, the locals stand an excellent chance to avenge the 2-point loss given them earlier this season and likewise throw the district leadership into a deadlock.

Last Friday night, Gordon Graves flipped in 21 points to lead the Wildcat five to a 67-50 victory over the Newcastle - mims - Jackie Stringer - basketballers. DuWayne Elliott collected 18 markers for runner-up honors. Robert Graves' 12 meshes led the B scoring in their conquest of the Bobcat B team.

In the make-up contest with Chillicothe last Saturday night which saw the Wildcats knock the Eagles out of possession of second place, Ginger Johnson ripped in 15 points to contribute largely in the Cats' victory of 50-42 over the Eagles. The scoring was pretty well divided in this match with Jim Paul Norman's 13, Billy Marlow's 9, Gordon Graves with 9 and the remainder

racked up by Gaylon Whitley. Tomorrow night the cagers travel to Archer City for two games. Next Monday night, Feb. 16, Quannah district 2A-4 Indians invade Crowell in what should be one of the best games of the year. Let's be on hand and boost those Wildcats on to victory!

#### WILDCAT SCANDAL

Hi fellows and gals, here I am pushin' the poisoned pen for another week. Seems everything is off the beam, including me, the old see it all, hear it all, know it all.

Well, here we go with this week's old stuff. Betty Sue, who did you get a letter from? Could it have been from Davey?

There is a mystery that roams the halls of CHS. We offer a full time job to anyone who can answer this. (The Wildcat Staff)

Mystery — Who was Glyndon with at the show Sunday afternoon and who were the kids Billy was seen eating with in Quannah?

Barbara, did you get angry because a girl was wearing Raymond's hat Sunday?

Jackie, here's your chance. Frayne is not going steady anymore.

Is this true what we hear about Floyd Porter? The reason he isn't going on the senior trip is that he hates to leave Pauline.

What is this we hear about Joan having a new piece of jewelry? Could it be A. L.'s ring?

New couple on the campus is Billy Johnson and Bonita Brown.

Kenneth Oliver, there's a certain sophomore girl who would like to go with you. Her initials are A. R.

Seen at the drive-in at Vernon Thursday were Kenneth Hopkins and Betty Bartley, Billy Johnson and Bonita Brown.

Don Kidd seems to have visited his old girl friend in Amarillo. None other than Elaine Brooks.

Frances and DuWayne were seen together Sunday afternoon.

Carolyn Kay, why were you and Gail late for church Sunday night?

Seems as though Billy Hopkins, Son Love and Cuckelburr Dunn had a good time in Fort Worth.

DuWayne, what is this we hear about your wanting to go with Vita Jean?

George Ann and Pat Davis had a good time on their trip with Mom and Dad.

Well, until next week, this is me saying "Boo" to you.

**Health Letter**

The State Department of Health, Texas, Geo. W. Cox, M. D., State Health Officer.

It's impressive to be able to pop off bottle caps with your teeth, but it's much smarter to use a dental health point of view to use a bottle opener.

Using a cigarette holder is dignified, and it helps keep your fingers clean, but it doesn't do your teeth any good, says Health Officer George W. Cox. He can count off some everyday, commonplace habits

that the great majority of Americans, including Texans, practice in one degree or another that are injurious to mouth tissue.

Lip biting is one such habit. Others are clenching or grinding teeth, picking them, chewing on match sticks, tooth picks, holding nails or hobby pins between the teeth, and thumb sucking. Biting on straw or the ear loops of eyeglasses, or chewing on pencils can also cause trouble.

Also said to be detrimental to teeth and gums is the practice of leaning your chin in the cup of your hands. It causes side pressure that is sometimes injurious to both teeth and jaws.

"This has to be a pretty consistent habit, though," the health officer asserted, "before it will be damaging. But it is something to watch."

Ever experience obscure headaches, tenderness at the temples, or tenseness in face muscles? These might be signs of faulty closure of opposing teeth which is reflected in mouth tissue.

**WELCOME**

For many years it has been our policy to close our business for two days and turn our building and facilities over to the Club Boys and Girls for their project show.

The show next Friday and Saturday promises to be one of the biggest and best of all. There will be a number of fat calves, scores of hogs, more sheep, chickens, turkeys, rabbits, ducks and pigeons than ever before. An addition to the show this year will be a bakery show by the 4-H girls.

This project show is one of the better things that the boys and girls of Foard County participate in and it is a distinct pleasure for us to have a small part in it.

Of course, we have never made a charge for our building and facilities, as we enjoy beyond measure seeing the youth of our community succeed in this very worthy undertaking.

Welcome, 4H and FFA boys and girls.

You Can't Eat Taxes

You can't eat taxes. You can't wear taxes. But you must pay more for taxes than you do for food and clothing combined! In 1951, total federal, state and local taxes, direct and hidden, came to \$84,600,000,000. In the same year total food and clothing purchases added up to \$81,000,000,000. We have reached the point where the tax burden is the largest single item of expense to millions of American families. Many of us haven't yet realized this for the reason that a substantial part of all taxes are paid indirectly—that is, they are part of the price we pay for an automobile or a loaf of bread or a pair of shoes or a ticket to a show. But we pay full bill just the same—whether the money is handed over directly to some tax-collecting agency, or whether it is concealed in the cost

of goods and services. It is generally believed that the danger point to a nation's strength and vigor is reached when taxes account for 25 per cent of the national income. Our taxes have left that figure far behind—about 33 per cent of the national income goes for taxes. And no one should be foolish enough to still believe that we can pay the tax bill by soaking the rich. If we took 100 per cent of the incomes of the rich it would pay the cost of government for only a few weeks out of the year. You—the average man and woman—pay the tax bill. You will be the gainers if and when the cost of government is cut.

Health Letter

Texas State Department of Health, Austin, Texas, Geo. W. Cox, State Health Officer

"Trichinosis is a disease caused by eating raw or partly cooked pork which contains the trichina worm. This disease as a rule causes several deaths and an undetermined amount of illness in Texas each year," states Dr. Geo. W. Cox, State Health Officer. Definite symptoms and signs of illness are associated with trichinosis. In the beginning there are abdominal pains, nausea, vomiting and diarrhea, lasting about a week. Migration of the embryos in the blood stream causes fever and severe muscle soreness, especially in the diaphragm and the muscles of the arms and legs. The third stage, during which cysts surround the larvae in the muscles, is the critical one. If infection is severe, there may be edema, or swelling of the eyelids and elsewhere, marked loss of weight, weakness and delirium. The prevention of trichinosis depends primarily upon the thorough cooking of all pork. Most cases follow the indigestion of wieners, sausage or other pork products, eaten in raw or partly cooked form. The hazard of this disease is greater in connection with home butchering, unless safeguards are exercised. Rats should be exterminated because they play an important part in the spread of infection among swine. Prolonged refrigeration, as carried out under federal supervision, destroys trichina larvae. Thorough cooking and the use of meat which bears the stamp of federal inspection are safeguards against trichinosis.

Grass Roots Opinion

Madera, Calif., News-Tribune: "There have been several reports reprinted in many newspapers that the United States has succeeded in exploding the first hydrogen bomb. These reports came from service personnel who were described as eye-witnesses to the explosion. No American newspaper wishes to undermine this country by publishing material which might endanger its safety. But it is not wise to prohibit coverage of one of the world's most important news events by trained newspapermen and at the same time permit accounts of what happened to be made public by service personnel. Greenfield, Ind., Daily Reporter: "Every great and sustained war effort in history has ultimately had its economic reaction. But we do know that, whatever comes, face it or enjoy it, be it good or bad, if the nation is in a sound economic condition, solvent, highly productive, conserving wisely its resources, with its national debt minimized and under control." Cuero, Texas, Record: "It makes sense to have strong security measures in operation where military secrets or secrets concerning foreign policy are involved. . . . But there are many government departments whose work is only vaguely connected with the defense effort and the heads of these departments now have the same right to withhold information as is held by military agencies. Freedom of the press is a well established part of American rights. Free access to information about the work of government is different, but almost as important."

STEEL ALLOCATION

The National Production Authority has directed the steel mills of the nation to reserve 5 to 100 per cent of their output, depending upon the type of product, for top-priority defense orders. It was predicted that the new directive would result in a considerable curb on the production of civilian goods. We are a patriotic people; if the government needs admirals and generals, it can get volunteers without any trouble. Life would be easier if so many people didn't spend most of their time making people think they are something they aren't. The chimpanzee is rated next to man in intelligence.

Notes and Comments

The key to happiness in life lies in unselfishness. Money isn't a problem, as long as you have none of it. Usually the victim of gossip has something others are jealous of. It may be failing eyesight but the pretty young things look prettier every year. Among the wonders of the world are the plots hatched up in Hollywood, and the dialogue. What every girl should know about COOKING...

It's so easy to bake, roast or broil with an Electric Range... no flame, less shrinkage of roasts, cleaner cooking, and a cleaner kitchen.

You can plug in the coffee-maker the night before, set the automatic clock timer, and coffee's ready when you get up in the morning—you can plug in the toaster or other appliances, too.

The deep-well cooker has many uses, not only for meats—but many other things—to make large quantities of coffee or cocoa at party time, to sterilize baby's bottles—and even to pop corn!

DID YOU KNOW

with an Electric Range you can:

Keep foods warm for long periods on low, gentle heat of surface units... prepare jams and preserves under broiler unit... use controlled, measured heat to cook frozen vegetables and fish without water, in aluminum foil on surface units... "prove" yeast dough in warming oven... freshen rolls by wrapping in aluminum foil and placing on surface unit on low heat for a few minutes?

"Yes, Judy, an Electric Range takes the guess work out of cooking and practically does the job itself. You can call it 'cooking without looking' because you put a meal in the oven, set the automatic controls, and forget it while you're doing something else.

"Another thing I like is the way you can cook on the surface units. Set the switch for the heat you want and you get it.

"Cook cheaper cuts of meat in the deep-well cooker, and you get delicious meals. Cakes and pies come out right every time. Broiling's a delight. You cook vegetables with so little water they retain both their flavor and their healthful vitamins."

"You're sort of fond of your Electric Range, Mom—and I understand why!"

MOTHER KNOWS BEST...

of course, it's Electric!

Miss Peggy Traweck and Earl E. Oliver Marry on Feb. 4th

The parsonage home of Rev. R. C. Campbell, pastor of the Baptist Church in Gainesville, was the scene for the wedding of Miss Peggy Traweck, daughter of Mr. and Mrs. Rex Traweck of Trussett, and Earl E. Oliver, son of Mrs. Eddie Oliver of Dallas, at 10:30 p. m. on Feb. 4. The bride was attired in a two-piece dress of light blue faille

with three-quarter sleeves and scalloped peplum with trim of beads and pearls. Her only jewelry was a strand of pearls, a gift from the groom. Her accessories were of red.

She carried out the age-old tradition of wearing something old, something new, something borrowed and something blue, and also a six-pence in her shoe.

Mrs. Gladys Brown of Saint Jo was matron of honor, and wore a brown suit with matching accessories.

Miss Peggy Weaver Married to Cpl. Pete John Apito Feb. 7

The marriage of Miss Peggy Joyce Weaver of Crowell to Cpl. Peter John Apito of Belleville, N. J., was solemnized on Feb. 7, 1953, in the Sacred Heart Catholic Church in Wichita Falls. Father James Riley performed the double ring ceremony.

The maid of honor was Miss Jennie Cologna of Dallas. She wore a grey suit with black accessories and a white carnation corsage.

The best man was Joe Bellview of Sheppard Air Force Base in Wichita Falls.

The bride wore a white suit with navy blue accessories and an orchid corsage.

The bride and groom left soon after their marriage for a train trip to Belleville, N. J., for a two weeks bridal trip.

For going-away, the bride wore a navy blue suit with navy and white accessories. She carried out the tradition of wearing something old, new, borrowed and blue and a penny in her shoe.

The bride is a 1951 graduate of Crowell High School and is at present employed by the Saint Jo Telephone Co. The groom is employed by the Uvalde Construction Co. in Saint Jo where the couple has established residence.

Granddaughter of Local Couple Weds

Miss Suzella Bursey, daughter of Mr. and Mrs. Thomas Bursey of Amarillo and granddaughter of

Mr. and Mrs. Tom Bursey of Crowell, was married to Jackson Parsons, son of Mr. and Mrs. Grady Parsons, of Hereford, recently.

W. Dale Pearson, minister of the Church of Christ of Amarillo, read the double-ring ceremony. Baskets of white chrysanthemums, gladioli and stock flanked the altar, which was backed by palms and candelabra holding white tapers.

With a choral background, Miss Yvonne Cavender and Wayne Hinds sang duet arrangements of "Always" and "Because." The traditional wedding marches were used.

Given in marriage by her father, the bride wore a chapel length gown of white silk taffeta, styled with a fitted bodice, Peter Pan collar encrusted with seed pearls, long sleeves tapered to points and a full skirt. Her finger-tip veil of nylon illusion fell from a tiara of seed pearls. She carried a white Bible, a gift from the groom, marked with a white orchid and showered with satin ribbon knotted with stephanotis.

Miss Nancy Bursey attended her sister as maid of honor and Mrs. Ella Mae Childers, sister of the bridegroom, was matron of honor. They wore jade taffeta dresses with bouffant colonial type skirts, caught up in soft drapes with tubing of a matching shade. The fitted bodices had draped necklines and off-the-shoulder sleeves. Miss Betty Barker Honored with Gift Tea Saturday Afternoon

With Miss Betty Barker, bride-elect of Dr. Joe Caldwell, named as honoree, a delightful gift tea was given at the home of Mrs. Dwight Campbell last Saturday afternoon when the following ladies were hostesses with Mrs. Campbell: Mrs. C. G. Graves, Mrs. Otto Davenport, Mrs. Lewis Sloan, Mrs. Doyle Kenner, Mrs. Dick Todd, Mrs. George Self and Mrs. John Rader.

Received at the entrance door by Mrs. Campbell, the guests were presented to the receiving line consisting of Mrs. Graves, Mrs. Roy Barker, mother of the bride-elect; Miss Barker, Mrs. A. W. Barker, her paternal grandmother, and Mrs. G. M. Canup, her maternal grandmother.

In the dining room, the table was beautifully laid with a satin damask cloth in colors of white and pale gold. A heart-shaped arrangement of candytuft stood on a pedestal of styrofoam and was flanked by two little cherubs. Four white tapers in crystal holders also adorned the table.

Mrs. Sloan poured the punch which was served with sandwiches, cookies, nuts and mints. The refreshment course followed a pure white motif. Mrs. Sloan was assisted in the dining room by Mrs. Davenport and Mrs. Kenner.

Mrs. Howard Bell, sister of the bride-elect, presided at the bride's book where ninety-one registered. A white taper in a crystal holder stood on the registry table.

Mrs. Dick Todd presided over the rooms where the lovely gifts were on display.

Misses Jean Hughston and Marcia Kincaid alternated in playing incidental piano numbers.

Following the wedding, the bridal party was feted at a reception in the Bursey home. Assisting in the house party were Misses Gayle Knox and Carolyn Bursey of Crowell.

### ADELPHIAN CLUB

John Thornberry of Quanah was guest speaker for the Adelpian Club on February 5. He brought a most convincing message on the evils of socialism, communism and modernism. Mr. Thornberry was introduced by George Self who assisted him in the presentation of his most interesting and stimulating subject.

Mrs. Dwight Campbell was leader for the afternoon. She gave a comprehensive history of the American flag, as well as customs observed in accordance with the use of the flag.

Hostesses for the afternoon

were Mrs. L. A. Andrews and Mrs. Ed Gafford. A delicious dessert course was served to about twenty members.

### CARD OF THANKS

My family joins me in trying to find adequate words that would express the deep gratitude for the many deeds of kindness, the

beautiful flowers, the wonderful food, during recent illness. It was all so kind and the doctor were so kind and considerate.

May God bless each one of us in our prayer.

Mrs. Gordon Cooper

it's a pleasure!

... to have an extension telephone in the house!

You'll be pleasantly surprised at how much an extension adds to the value and usefulness of your present telephone. You'll be pleased, too, with how little an extension adds to your monthly telephone bill - how many steps it subtracts from your daily housework.

No matter where you put it, a second telephone in kitchen, bedroom, den or hallway places service always at your fingertips. Greater convenience encourages greater telephone use - brings you greater value for your telephone dollar. That's true at home and at the office, too.

Just call or come by to order an extension telephone installed right away. It's our pleasure.

\*For a minimum additional charge, we will be glad to install extension wall plugs in several rooms of your home, enabling you to move your extension telephone from one location to another. Ask about this added convenience.
