BOY SCOUTS TO MEET

The Boy Scouts of Crowell will begin the new Scout year at the next meeting on Monday evening at 6:30. At that meeting a Boy Scout picture will be shown. Johnny Hoffman is acting Scoutmaster. J. C. Autry Jr. is assistant and Ed Roddy is the explorers advisor.

and paid dues for the new Scout year.

Thirty-four boys have registered year.

MINISTERS TO MEET

Members of the newly formed Ministerial Association of Crowell are meeting Monday at 8:30 a. m. at the Deluxe Cafe for breakfast and business. Pastors of other churches in Foard County and the Crowell school district are invited to attend.

Homecoming Held at Thalia Baptist Church Sunday

Homecoming Day for the present membership and former members of the Thalia Baptist Church was held last Sunday, Sept. 27. A former pastor, Rev. Frank Mc-Nair of Lockett, brought the message for the morning hour. The morning program included a special number by the choir and a solo by Gus Neill. A bountiful lunch was served in the basement of the church at the noon hour.

In the afternoon Rev. Chas. Powell of Crowell gave the welcome address, preceded by a duet sung by Gus Neill and Mrs. W. B. Fitzgerald, accompanied by Mrs. Neill.

The chest that had held the name quilt for the past twenty-five years was removed from under the altar and opened. Bill Taylor, son of Mr. and Mrs. Roland Taylor and grandson of the late Rev. W. A. Reed, presented the quilt to Mesdames C. C. Wheeler, Fred Brown and Walter Long. Mrs. Wheeler, president of the W. M. S. twenty-five years ago and also president for 1953, made a short talk. Mrs. Brown opened the chest. The late Rev. Reed was pastor of the church when the building was constructed 25 years ago.

Abilene Shoplifters Arrested in Quanah Last Wednesday

Two women shoplifters of Abilene, who had taken a dress each and other small articles from Fisch's Department Store and Bird's Dry Goods Store in Crowell, were arrested by Sheriff M. C. Owen in Quanah Wednesday last week shortly after they had pulled a similar stunt at Baker-Hanna's store in that city.

Suspicion was aroused at the Fisch store when one of the women, Mrs. Ella Mae Foreman, brought a dress from the car which she said her sister bought at the store the Saturday before. Mr. Fisch felt that something was wrong and was puzzled, but gave the woman the price of the dress back and the women left the store. When Mr. Fisch went to lunch his wife recalled that the store was closed on the day the dress was said to have been bought, on account of a Jewish holiday. The woman had taken the dress from the store to the car while the clerks were busy, later returning it to claim the refund. Mr. Fisch notified Sheriff J. L. Gobin who reported the incident to the law enforcing officers of the other towns in this area and within a short time the sheriff of Hardeman County reported that he had arrested the women. Mike Bird and Mrs. Truda Swint went to Quanah to identify the suspects, who were returned to Crowell for trial before Judge Leslie Thomas in County court.

Baptist Revival to Start at Truscott on Sunday, Oct. 4

The Truscott Baptist Church will start its fall revival meeting on Sunday, Oct. 4, to continue through Oct. 11, it was announced this week by the pastor, Rev. H. W. Hulke.

Rev. A. A. Farley, a former pastor at Vera, has been engaged as the evangelist. He is well known in this area as a good evangelist and pastor.

Rotary Signs Erected at Four Highway Entrances to Crowell

Signs telling of the regular meeting of the Rotary Club of Crowell on Wednesday of each week, giving the time and place, were erected last week at the highway entrances to Crowell on all four sides of the city.

The signs are made of metal and placed on iron posts. The committee responsible for this work consisted of Hubert Brown, Claude Callaway and Tom Woods.

S. S. Representative Will Be Here Oct. 27

A representative of the Social Security Administration of 425 Federal Building, Wichita Falls, will be in Crowell at 2 p. m., Tuesday, Oct. 27 and also on November 24 and Dec. 22.

He will be located in the basement of the court house.

LIONS CLUB

The Lions Club met for their regular Tuesday luncheon in the Down Town Bible Class room. E. L. Rickard brought an interesting program with a group of band students. Misses Sue Meason and Bilye Bell presented twirling solos. Frances Kincaid and Noel Wilkins presented piano solos and Bobby Davis presented a baritone solo.

The program was enjoyed by a large attendance.

AWARDED FREE TRIP

At a meeting held in Vernon last Monday of the Cub Scouts, Ronnie Owens, son of Mr. and Mrs. Eugene Owens of Crowell, was awarded a free trip to Dallas for his outstanding Cub Scout work.

DOLLAR DAYS HERE ON FRIDAY AND SATURDAY

The thirteenth in a series of monthly "Dollar Days" will be held in Crowell Friday and Saturday, October 2 and 3. All residents of Crowell and this territory are cordially invited to come to Crowell on these days and take advantage of the many bargains being offered by the merchants of this city.

This issue of the Foard County News is being mailed to all residents of Foard County and also to Truscott and Gilliland citizens, who are not regular subscribers.

Ray Jonas Dies in Thalia Late Saturday Night

Former Resident's Last Rites Held in Amarillo Monday

Funeral services for Raymond C. Jonas of Amarillo, native of Foard County and son of the late Mr. and Mrs. F. J. Jonas of Crowell, were conducted Monday at 2 p. m. from the Temple Baptist Church in Amarillo by the pastor, Rev. Hal Upchurch.

Burial was in Memorial Park cemetery in Amarillo.

Frank Main of Roy, N. M., Buried at Thalia Sept. 23

Graveside Masonic services were held for Frank B. Main at the Thalia Cemetery at 3 p. m. Wednesday, Sept. 23. Mr. Main died at his home in Roy, N. M., on Sept. 20.

Son of Dr. R. E. Main and the late Mrs. Main, he was born at Thalia August 12, 1906. He was a graduate of Allen Military Academy at Bryan and of Texas Tech at Lubbock.

Down Town Bible Class

Rev. Warren Everson taught the lesson at the morning worship of the Down Town Bible Class, accepting the invitation from the regular teacher, Judge Leslie Thomas. Bro. Everson made an inspirational talk.

The trio from the First Christian Church composed of Mr. and Mrs. Joe Ward and Mrs. Zelma Hulke, sang two numbers accompanied by Mrs. Bedford Smith, which were appreciated and enjoyed.

DOUBLE PAGE AD

Fisch's Department Store is running a double page ad in this Dollar Day issue for a stock-reducing sale. The ad may be found on pages 6 and 7.

Mr. and Mrs. Rob Cooper, Mrs. Marvin Myers and Mrs. R. H. Cooper Jr. are spending this week in Dallas.

Mrs. Pete Holcombe has returned from a visit with her daughter, Mrs. C. W. Henry, and family in Pampa.

Crowell Wildcats Subdue Quanah's Indians 7 to 6 in Non-Conference Game Friday Night; Play at Memphis Friday

The educated toe of DuWayne Elliott, left end for the Crowell Wildcats, spelled the difference in the 7 to 6 victory over the Quanah Indians at Quanah last Friday night in a non-conference football game. This is the first time since these old rivals renewed relations three years ago that the Wildcats have been able to win this contest. Quanah won the game 25 to 19 last year.

The first quarter was scoreless, but the Crowell team carried the ball down to Quanah's 36-yard line before losing it on downs. The second quarter was about a duplication of the first with Quanah gambling on a fourth down for three yards out in the middle of the field that gave them continued possession of the ball most of the time until the first half was over.

A similar gamble by the Indians in the third quarter on the 30-yard line, it would probably be unfair to mention outstanding players for the Wildcats as all members of the team played their hearts out in this spirited contest against their 2A neighbors. The following boys participated: DuWayne Elliott and Jimmy Everson, ends; Jackie Walker and Joe Don Thompson, tackles; Buddy Caddell, C. T. McDaniel, Don Smith and Edward Howard, guards; Robert Kincaid, center; James Denton, James Pittillo, Gerry Knox, Gordon Graves and Wayne Borchardt, backs.

A large delegation of Crowell fans attended the game. Crowell's check for its share of the gate receipts amounted to \$874.50.

The Wildcats will journey to Memphis this Friday night for its last non-conference game of the season. The Memphis Cyclones defeated Canyon 25 to 7 last week. They had defeated the Tulsa team and lost to the Paducah Dragons previous to this. The Wildcats will be back home next week to open their conference play with the Iowa Park Hawks.

Extremely Hot and Dry Weather Continues Here

With extreme high and hot winds blowing here Monday afternoon and the temperature above 100 degrees probably set a new record for September weather in this county.

North and Central Texas bore the brunt of the extreme hot weather that prevailed over this section Monday. Seymour recorded 107 degrees, the state's highest, with 106 at Wichita Falls, breaking all records for Sept. 28 in that city.

The U. S. Weather Station in Wichita Falls said that two cool fronts converging in this vicinity late Tuesday would probably break the heat wave Wednesday.

The 107 at Seymour was the second there in as many days and the hottest ever for that date. A 109 high Saturday is the month's top, but ranks third in all-time September records there. In 1939 the mercury hit 112 and in 1947 rose to 110 for three consecutive days.

Short Revival to Be Held at West Side Church of Christ

The West Side Church of Christ of Crowell announces a short revival will be conducted at the church from October 4 through 7. Services will be held each evening at 7:30 and on Sunday at 10:30 a. m.

O. C. Ribble of Weatherford will do the preaching and everyone is invited to attend.

Mrs. J. A. Whitfield Dies at Home on Wed., Sept. 23rd

Funeral Services Held at Christian Church Thursday

Funeral services for Mrs. Jesse A. Whitfield were held at the First Christian Church in Crowell last Thursday afternoon, Sept. 24, conducted by Rev. W. B. Fitzgerald, pastor of the Thalia Baptist Church, assisted by Minister Bedford W. Smith of the Christian Church.

Mrs. Whitfield, resident of this community since she was married to Mr. Whitfield 45 years ago, passed away suddenly at her home two miles northeast of Crowell about 7 o'clock Wednesday morning of last week following an illness of only a few hours.

Frank Main of Roy, N. M., Buried at Thalia Sept. 23

Graveside Masonic services were held for Frank B. Main at the Thalia Cemetery at 3 p. m. Wednesday, Sept. 23. Mr. Main died at his home in Roy, N. M., on Sept. 20.

Son of Dr. R. E. Main and the late Mrs. Main, he was born at Thalia August 12, 1906. He was a graduate of Allen Military Academy at Bryan and of Texas Tech at Lubbock.

Am the Printing

I am the printing press, born of the Mother Earth. My heart is steel, my limbs of iron, and my fingers are of brass. I sing the songs of the world, the sorrows of history, the symphonies of all time. I am the voice of today, the hope of tomorrow. I weave into the warp of the past, the woof of the future. I tell the stories of peace and of war alike. I make the human heart beat with passion of tenderness. I stir the pulse of nations, and make the men do braver deeds and the women die. I inspire the midnight toiler, I bring to his loom, to lift his head again and gaze, with fear and awe, into the vast beyond, bringing the consolation of a hope that will never fail. When I speak a myriad people come to my voice. The Anglo-Saxon, the Celt, the Hun, the Hindu, all comprehend me. I am the tireless clarion of news. I cry your joys and sorrows every hour. I fill the dull mind with thought uplifted. I am light, knowledge and wisdom. I epitomize the conquest of mind over matter. I am the record of all things that have been achieved. My offspring comes to you in the candle glow, amid the dim lamps, the sunrise, at high noon, and in the evening. I am the laughter and tears of the world, and I shall never until all things return to the dust. I am the printing press.—by Bert H. Davis.

What You Don't Know Does Hurt

"What you don't know won't hurt you" is an oft-heard expression which "Ain't necessarily so" as the song title says. If we're not properly informed it can be destructive. And yet there are many people, both in and out of public life, who have adopted the adage as a rule in providing information to the press. Either knowingly or perhaps in misdirected good faith, they have set themselves up as censors of public information giving the people only those facts which they feel are of value. The big issue involved in such a policy is that the public's right to know is made subservient to some person's idea of what it should know. In such cases, the public's right must be asserted vigorously. If we allow ourselves to become apathetic when public information is withheld and say, "What difference does it make?" we are forfeiting a right guaranteed by our Constitution. It does make a difference—the difference between an informed, and therefore, alert citizenry and one that cannot make intelligent decisions because all of the facts are not available. The public is the jury which must continuously sit on the case of the public good vs. despotism. As members of the jury we need to know all the facts of the case. Without them we cannot render a just verdict. There are numerous examples of jury verdicts being reversed or new trials ordered because additional facts are available or some of the evidence originally presented was in error. The newspapers of this nation have an obligation to provide their readers with all pertinent information available about any given

Public Depends on Free Press

Condense the world into three sections and put it on every breakfast table—this is the job of the American newspaper. It's a large order but they do it every day. The proof is in every American. Ask him about anything from the latest decisions of the Kremlin to the details of Mary Jane's wedding last night, from the cost of the national budget to the sale price of a nylon sport shirt at J. C. Penney's. And he will tell you. He can because his newspaper was as much a part of his breakfast menu as his second cup of coffee. He is the best-informed John Doe in the world. And because he is, he is free. He understands both sides of a political question, so he will come closer to voting for the right party. He understands why a war is being fought, so he will not shirk his duty. His customers can check his prices against his competitors', so he produces to give them better products at lower prices. The great majority of his knowledge comes from the American free press. He has learned to trust it, believe it, and depend on it. —J. R. Alderdice. An advertisement in the Foard County News evidences the fact that you know the power of advertising your products to the public; it is the trademark of a good business man.

Free Press Means a Free People

At no time in man's tormented history upon this earth is a free exchange of information more urgently needed than in the midpoint of the Twentieth Century. Yet, regrettably, such a free exchange is not possible in most of the world today. The contrary is true. In most of the world people receive only that which governments wish them to know and think. In those places where there is no free exchange of information among people, where the press is either controlled or government operated, life is hard, uncertain, progress artificially restrained, and the future of both individuals and families either wholly or substantially in the hands of rulers, despots and dictators. In America, where information has been freely exchanged since the founding of our democratic process, we as citizens enjoy more rights, more opportunities, more privileges of free citizenship than any other people in the world. A free country and a free press are inseparable. One cannot exist without the other. That is the big lesson of history—and a lesson being confirmed before our very eyes in the Twentieth Century.—Louis B. Seltzer, Cleveland, (O.) Press. The art of being financially satisfied lies in spending less than you earn.

Power of Printed Word Is Potent

People still like to read. They like to hear and see, too, as sales of radios and televisions attest, but they still like the black and white of the printed word which they can hold in the concrete and reflect on. So it's not surprising that national advertising in newspapers may reach an all-time peak of \$600,000,000 this year. There are two reasons for it. Newspaper advertising sells, which is the purpose of advertising. Secondly, newspaper advertising is news. It is the news of merchandising, true, but that is news just as a soccer game or a murder is news. A woman's new hat, though displayed in an ad, is news just as a new meeting of a woman's club is news. The story of America, with its risks and gains and tastes, could well be written using advertisements as historical basis. Henry Ford once said he got enough free publicity without buying advertising. But when competition made it tough for Mr. Ford, he took out page ads. The Fords are still in business.

It Must Never Happen Here

On July 2 of this year, the United Press carried this short dispatch: "Moscow radio said Thursday that it is 'imperative' that party leadership of the Soviet press be improved. A broadcast... quoted the Communist party newspaper Pravda as setting forth the first duty of newspapers and magazines as 'untiring propaganda of the great doctrine of Marx, Engels, Lenin and Stalin.'" Pravda, incidentally, means "truth."

slash recklessly and wound souls beyond cure. They are amateur surgeons of the soul—and amateur surgeons are no asset to any community. Times will come, of course, when we must utter painful truth, but when such occasions do arise, let us make sure we speak in love. Let us, as it were, sterilize our tongues in prayer, that all germs of personal ill will may be destroyed. We should be no less careful of our tongues than is the surgeon with his operating instruments. Above all, we ought to be very slow to use truth that wounds unless we know how to lead to the Christ who heals. "Wherefore, my beloved brethren, let every man be swift to hear, slow to speak, slow to wrath" (James 1:19). "Let your speech be always with grace, seasoned with salt, that ye may know how ye ought to answer every man" (Col. 4:6). Advertising in the Foard County News has paid off for a long time. There is no reason to believe that a sudden change will occur in its results.

In The News... 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, Sept. 28, 1923:

Henry Black and sister, Miss Florence, left Monday for Denton where they will attend the State Normal.

Miss Veda Clifford left this week for Alpine to enter the Sul Ross State Normal.

Miss Susie Johnson left this week for Canyon to enter the Normal School.

Miss Emma Pendleton of Clinton, Okla., came in yesterday to visit relatives. She has accepted a position in Ralls.

Miss Annie Lee Cannon has gone to Gainesville to visit relatives.

The death of Mrs. Elizabeth Zeibig Meadow occurred at her home in this city at 8 o'clock Friday morning, Sept. 21. She is survived by her husband, G. W. Meadow, whom she married two weeks ago; her father, D. J. Collins; three sons, Carl, Homer and Paul, and one daughter, Mrs. H. E. Schlagal.

Papers were filed in the County Clerk's office in Vernon this week incorporating the W. T. Waggoner interests with a capital of \$10,000,000.

Miss Inez Sloan left last Sunday for Denton to enter the State Normal.

Mrs. O. M. Grimm was in town Monday from Thalia.

M. O'Connell installed a gasoline pump at the ice house this week.

Mrs. Alex Krause has returned to her home in Sioux City, Iowa, after an extended visit with relatives here.

Mr. and Mrs. Arthur McMillan have returned to Crowell from Lubbock where they had lived for several months.

Roy Sloan and Glen Jones left last week for Austin College at Sherman.

Miss Maude Ferguson of Vernon spent the week end with her parents, Mr. and Mrs. T. J. Ferguson.

Questions about education, higher and lower, are being studied by a lot of people over Texas.

A statewide committee on public school teacher's pay met here, reached no definite conclusions, and agreed that further study will be made by a subcommittee.

Some of the issues before the subcommittee will be: whether a salary increase can be granted to teachers out of present state revenues; whether local tax income for schools has kept up with the rising cost of education; whether a special session of the Legislature should be called before the courts decide on a natural gas tax.

Another group, the Commission on Higher Education, is studying the colleges and universities to see how they can give the most training for the available money. Overlapping and duplication of work in the various state schools will be particularly studied.

At its organization meeting, the commission chose Ruel Walker, Cleburne attorney, chairman; A. R. Bivins of Amarillo, vice-chairman; and Mrs. Charles K. Devall of Kilgore, secretary.

A group of Texas legislators and budget officials went to Daytona Beach, Fla., to attend the second annual Legislative Work Conference on Southern Regional Education.

Before the conference was the subject, how legislatures can help to get the highest possible quality of education in the South per tax dollar spent.

Immediate prospects for increased state revenues darkened when the Railroad Commission cut the state's oil production quota to 2,904,409 barrels per day, 237,397 barrels below the August figure.

A great part of the state's income is from taxes on oil—when the production goes down that revenue is correspondingly diminished.

In the field of politics, the Texas Republicans opened up their campaign for recruits by putting on a weekly radio program.

This is something new. In bygone years the Republicans in this state have seemed little interested in winning elections. Their prime interest was in patronage that came when the GOP was in power in Washington.

Now, however, National Republican committeeman Jack Porter of Houston lets it be known that in the radio show called "Report to Texas," the party leaders will be seeking to retain the support they had in the last election and get more for next time.

How to distribute the road tax dollar is no simple matter, says D. C. Greer, state highway engineer.

He pointed out that the state's trunk highways represent only 35 per cent of the total mileage, but they carry 68 per cent of the total traffic and earn 73 per cent of the total highway revenue.

On the other hand, farm to market roads make up 65 per cent of the state highway mileage but carry only 32 per cent of the traffic.

Attorney General John Ben Shepperd says there is an organized gang which is operating in Texas and costing the state more than \$1 million a year by evading cigarette taxes.

But officials of the states and of the federal government are working together to catch the crooks and stop their racket. Shepperd declared.

He cited that wholesalers, retailers, and vending machine operators are among offenders who buy cigarettes outside of Texas and sell them without paying the four-cent state tax.

District Judge D. B. Wood of Georgetown has until December 1 to file with the State Supreme Court his report on ouster proceedings against District Judge C. Woodrow Laughlin of Alice.

Judge Wood asked for and received an extension of time; the original date for filing the report was October 1.

Judge Wood was appointed by the court to take testimony in the Laughlin hearing, which lasted three weeks. Eleven lawyers in Judge Laughlin's Jim Well-Duval County district brought the suit, which grew out of bitter political strife in the South Texas area.

During National Fire Prevention Week, October 4-10, Texas housewives are urged to inspect their homes and remove hazards.

Norris W. Parker, manager of the Texas Insurance Advisory Association, said the state's death by fire could be reduced by half if proper precautions were taken.

Last year 542 Texans died in fires, and at least 350 of them were trapped in their homes. More than 150 of the victims

were children. Some precautions recommended by Parker: every bedroom should have two means of exit; the house should be well ventilated at all times; children and old people should never be left alone in the home; open heaters should be protected by screen guards; gas lines and appliances should be inspected annually by an expert; gasoline should never be used except as a fuel; kerosene should be stored outside the house in approved containers.

Another observation for the same period is National Employ the Physically Handicapped week. Governor Shivers signed a proclamation asking Texans to participate.

Consistently since the organization was formed, shortly after World War II, Texas has ranked near the top among the states in placement of physically handicapped persons in gainful employment.

Texas high school students have been frequent winners in the annual essay contests conducted by the President's Committee on Employment of the Physically Handicapped.

Local committees throughout the state have been organized to wage a campaign among employers. Admiral Ross T. McIntire, chairman of the president's committee, will speak at Dallas and Houston.

Harry Benze Crozier of Austin is chairman of the Governor's Committee on Employment of the Physically Handicapped.

Two cartoons by Texans, Jack Hamm of Waco and John Knott of Dallas, will appear in publications all over the U. S. during the celebration of National Newspaper Week, October 1-8.

Both the National Broadcasting Company and the Columbia System will feature special programs during the week.

In a special memorandum, Governor Shivers urged that "all citizens give thoughtful attention to the importance of newspapers in the lives of our people, our communities, our state, and our nation."

Texas Turnpike Authority held its first meeting in Austin. Building and operating toll expressways will be supervised by this agency, which has six members appointed by the governor plus the members of the state highway commission.

Toll expressways, according to a law passed by the last Legislature, will be paid for out of revenue bonds, and when the bonds are retired the roads will become part of the state's free highway system.

Eventually, toll roads will connect Houston, San Antonio, Dallas, Fort Worth and Wichita Falls. The Texas toll roads will link with other expressways to Oklahoma, Missouri, and the East.

POLIO PATIENT HAS BABY Lexington, Ky. — The day after Mrs. Sherman Puckett of Irvine, was admitted to the isolation ward of St. Joseph's Hos-

pital, suffering from polio, she gave birth to a 7 pound baby. The 19-year-old mother was returned immediately to a respirator, where her condition was pronounced critical. The baby was reported "doing fine."

Rayland

MRS. BUCK CLARK

Jeff Hurt made a trip to Seymour Sunday to take his mother, Mrs. R. D. Hurt, where she will visit her daughter, Mrs. S. A. Sullivan, a week.

Mr. and Mrs. Ray Hudgins and children of Dallas visited last week with his brother, Dock, and family.

G. W. Paulson returned Wednesday from Plainview where he visited in the Archie Tubbs home.

Mrs. James Macon and children spent from Sunday until Tuesday with her parents, Mr. and Mrs. C. H. Sitton, at Kirklane.

Mr. and Mrs. Cap Tuggle have returned from a visit with his uncle at Gainesville.

Billy Alton of Sulphur, Okla., visited in the Buck Clark home Monday.

Mr. and Mrs. C. H. Sitton of Kirklane visited their daughters, Mrs. Claude Carr and Mrs. James Macon, Sunday.

Mr. and Mrs. Olin Elliott of Cisco visited with their wife, Mrs. T. E. Lawson, Wednesday.

Mr. and Mrs. Reggie Pittillo of Crowell visited her sister, Mrs. Barney Martin, Monday.

Mr. and Mrs. Homer Custer and daughter, Sandra, spent Sunday with his parents, Mr. and Mrs. N. W. Custer, of Farmers Valley.

Alice Marie Malone of Baytown came last week to stay with her parents and grandmother, Mrs. Martha Price, and attend the South Lockett School.

Those attending the Lockett-Matador football game at Matador from here Friday night were Misses Lois Paulson, Wanda Wattenbarger and Delores Quisenberry.

Mrs. Lizzie Guess is visiting this week with her sister, Mrs. Dolly Light of Throckmorton, and her brother, Clyde Putt, of Mineral Wells.

The Rayland Home Demonstration Club met Thursday afternoon in the home of Mrs. Ed Lehman Sr. Roll call was answered by the favorite recipe. Mrs. Lehman gave the council report. Miss Joy Riley, the HD agent, gave a demonstration on cooking meat. She prepared a Mexican liver dish and served it to the following club members: Mesdames A. T. Beazley, Nina Newman, A. R. Gloyne, Barney Martin, W. A. Daniel, G. T. Key and the hostesses.

Mr. and Mrs. Bill Parker spent last week end with Mr. and Mrs. Melvin Hicks of Hale Center.

Mrs. Buck Clark and Mrs. Pauline Hamilton left Saturday for Fort Worth, Dallas and Waxahachie. Mrs. Clark will visit her sister, Mrs. Ida Baber, at Waxahachie and Mrs. Hamilton will visit her sister, Mrs. Ova Evans, at Fort Worth.

COMING TO RIALTO THEATRE
Thursday and Friday, October 8 and 9

NOTICE

In view of the many traffic violations it is imperative that our traffic laws be obeyed. Lives are being lost and property loss is being sustained in Texas at an alarming rate. THIS MUST BE STOPPED. The undersigned officers, together with the Texas Highway Patrol request your wholehearted cooperation.

TO ALL PARENTS

Your children are your responsibility. They are your richest possession. Your guidance and careful parental control will certainly solve a large portion of our traffic problems. FURTHERMORE, you are subject to a fine not to exceed \$200.00 should you knowingly permit your child or children to operate a motor vehicle without having a proper license.

TO ALL DRIVERS

HEREAFTER, proper steps will be taken to revoke all drivers licenses in instances of repetition of traffic law violations.

Our traffic laws will be rigidly but courteously enforced. Let there be no regrets. **OUR TRAFFIC LAWS MUST BE OBEYED.**

COUNTY FEDERATION

The Foard County Federation of Women's Clubs met Friday, Sept. 25, for an all-day meeting at the Adelphi Club house. This was the first meeting of the year and the Gambleville Home Demonstration Club was hostess. The first program was presented by the Garden Club, Mrs. N. J. Roberts gave the devotional for the morning which was a very inspirational discussion on "Abraham's Burial Plot." The talk of the morning was given by Mrs. L. A. Andrews, her theme being "The Garden's Club's Aims and Projects for the Year." The discussion centered from three viewpoints, inspiration, education and beautification, which were very ably discussed by Mrs. Andrews. In closing Mrs. Andrews stated "Make no little plans, they have no magic to stir men's minds. Make big plans, aim high in hope and work, remembering that a noble pattern once recorded will never die, but will be a living thing, asserting itself long after we are gone. Take for your motto, Plant for the Glory of God and the beauty of Texas."

During the afternoon business session, Mrs. W. J. Garrett was elected song leader; Mrs. O. N. Baker, pianist; and Mrs. J. C. Prosser, reporter.

The next meeting will be Dec. 4 at Foard City with the Foard City H. D. Club hostess and the Vivian H. D. Club presenting the program.

All federated club members are urged to attend.

B. & P. W. CLUB

Mrs. Audrey Collins, president of the local B&PW Club, and three other club members, attended the annual conference of District 10 of the Texas Federation of Business and Professional Women's Clubs in session at Childers last week end. There were 140 delegates registered from thirteen of the fifteen clubs in the district.

Mrs. Ruby H. Pool of Corpus Christi, president of the Texas Federation, was a special guest and delivered the principal address at the Saturday night banquet held at the Crews Ranch adobe house.

The attendance prize was awarded the Paducah Club, Mrs. Dove Carlile of the local club was elected to serve on the state nominating committee, and Mrs. Hattie Dem Thompson of Memphis was elected as district director. Vernon's invitation to be hostess for the 1954 conference was accepted.

Besides Mrs. Collins, the other delegates from Crowell were Mrs. Viola Biggerstaff, Mrs. Dove Carlile and Miss Mayme Lee Collins.

PARTY HONORS GUESTS

Mrs. A. Y. Beverly entertained a group of little girls and boys at her home on Friday morning complimenting her two granddaughters, Ann and Laura Beverly, little daughters of Mr. and Mrs. Joe W. Beverly of Austin, who were visiting here last week.

Games were enjoyed, after which refreshments were served to Glenda Gail and Ann Russell, Cindy Erwin, Shirley Mike and Debra Rasberry, Lanette Lemons, Mike Manard, Stephen Bell, and the honor guests.

South America extends farther south than Africa.

STATE FAIR OF TEXAS
DALLAS
OCT. 10-25
★ The Biggest State Fair in the World ★

We Welcome You to Come and Hear
O. C. Ribble of Weatherford, Texas
in a Short
GOSPEL MEETING at the (West Side) CHURCH OF CHRIST
in Crowell, Texas, Oct. 4-7
Services each evening at 7:30 o'clock.
Lord's Day Services at 10:30 o'clock.

BAPTIST W. M. S.

The Baptist W. M. S. met at the church Monday, Sept. 28, at 3:30 for regular meeting and installation of officers. The president, Mrs. Dan Callaway, opened the meeting. Prayer was offered by Mrs. Chester Ford. The pastor, Rev. C. T. Aly, was in charge of a very inspiring installation service. Using the flower scheme, with greenery as a background representing the church, each officer added a flower to a bouquet, as she was given the charge of office. Appropriate scripture verses were read, challenging each one to do her best. Fifteen members were present with the following officers being installed:

President, Mrs. Alene Williams; young people secretary, Mrs. Dan Callaway; vice president, Mrs. F. W. Moore; secretary and treasurer, Mrs. C. C. McLaughlin; pianist, Mrs. C. T. Aly; chorister, Mrs. Chester Ford; program chairman, Mrs. Glen Goodwin; stewardship, Mrs. Roy Fox; mission study, Mrs. C. T. Aly.

As a token of appreciation, a pretty candy dish was presented to Mrs. Callaway by the members, after which refreshments of lemonade and cookies were served to the group.

CO-LABORERS CLASS

The home of Mrs. Dwight L. Campbell was the meeting place of the Co-Laborers Class of the Methodist Church on Thursday afternoon, Sept. 24. Co-hostesses with Mrs. Campbell were Mrs. John Rader and Mrs. S. H. Ross. The program was under the leadership of Mrs. Allen Sanders and was opened by group singing of familiar choruses. The 23rd Psalm was given in unison. Mrs. E. R. Roland gave a very interesting article, "An Educated Heart." The gist of the article was "We usually do the right thing, but do we do it in the most loving and considerate way?"

Mrs. Sanders talked on "Goals and Plans" in which she outlined some possibilities for service for the class. She asked for suggestions from the class members and plans were formulated for the coming months. Mrs. C. W. Thompson read a poem, "A Song for Courage," by Grace Noll Crowell. Mrs. T. B. Klepper read a short article entitled "The Seven Deadly Virtues."

The hostesses served an ice course to twenty members.

THALIA W. S. C. S.

On Monday, Sept. 28, Mrs. Bill Hlavaty held open house at her beautiful new home for the ladies of the Methodist Church of Thalia. A program was presented by the ladies of the W. S. C. S. The theme was "Abundant Life of Rural People." Mrs. L. H. Hammonds was leader. Those having parts were Mesdames J. K. Langley, W. G. Chapman, C. C. Lindsey, H. W. Gray and Beverly Gray.

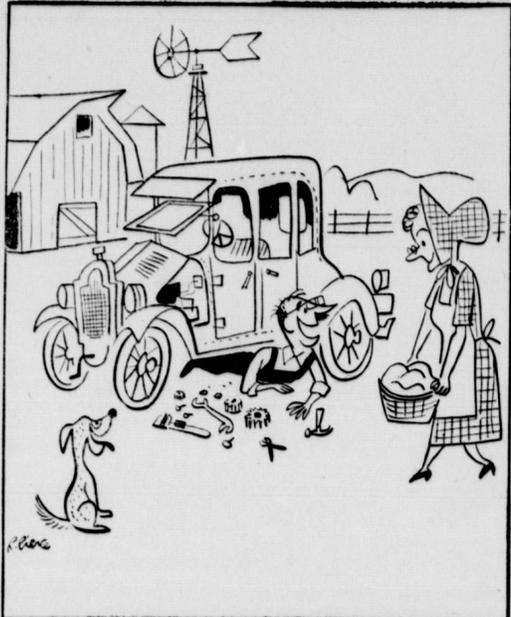

On display were 21 quilts, pillow cases, cup towels and pot lifters that were made by the ladies of the church for the Orphans' Home at Waco.

An ice course was served to 12 members and one visitor: Mesdames J. K. Langley, Merle Moore and Carolyn, L. H. Hammonds, E. J. McKinley, R. E. Moore, H. W. Gray, M. C. Adkins, G. M. Moore, C. C. Lindsey, W. G. Chapman, T. R. Cates Sr., A. B. Whitman, Beverly Gray and Linda and Stevie, and the hostess.

T. E. L. CLASS

The T. E. L. Class of the First Baptist Church enjoyed an evening of fellowship last week in the home of Mrs. C. T. Aly, with Mrs. C. C. McLaughlin as co-hostess. The opening song was "He Keeps Me Singing." Miss Cora Carter led in prayer. Mrs. Frank Moore brought a good devotional on the "Happy Christian."

After the business session, Mrs. C. L. Cavin conducted an interesting Bible quiz. Lovely refresh-

Good news, Ma! She's good for another trip to the State Fair of Texas, October 10-25, at Dallas.

ments were served by the hostesses to fifteen members of the class.

FOARD CITY H. D. CLUB

"Cream butter and sugar until there is no grainy appearance when making butter cakes," Mrs. Mary Brown told the Foard City Home Demonstration Club at the recreation room Tuesday afternoon, September 15.

"Inaccurate measurements of ingredients, overheating and incorrect oven temperatures cause many cake failures," continued Mrs. Brown as she demonstrated making butter cakes. She made, baked and served the standard 1-2-3-4 cake.

Mrs. Virgil Johnson gave detailed information for the Dress Revue to be held in connection with the County Achievement Day November 14.

Mrs. O. N. Baker, Mrs. Frank Welch and Mrs. Glen Shook were appointed as a nominating committee. Mrs. Mary Brown showed pictures that were made at the summer encampment.

Guests at the meeting were Mrs. Lula Solomon and Mrs. Bill Owens of Truscott, Mrs. Mary Brown, Mrs. Billy Johnson, Mrs. Clyde Owens, Mrs. Baylor Weathered and sons, Stephen and Mikie, Joy Deane Traweek and Pamela Sue Borchardt. Members were Mesdames W. M. Cox, W. L. Johnson, Tom Callaway, Virgil Johnson, E. V. Halbert, Floyd Borchardt Sr., Fred Borchardt, T. F. Welch, Miller Rader, Harry Traweek, Glen Shook, O. N. Baker and Fred Traweek.

The next meeting will be at the recreation room Tuesday afternoon, October 6, at 2 o'clock. Mrs. Harry Traweek will be in charge of the subject, "Sponge Cake."

RIVERSIDE H. D. CLUB

"For easier mixing, when baking a cake, be sure to have your ingredients at room temperature," said Mrs. Mary D. Brown, County Home Demonstration Agent, to the Riverside Home Demonstration Club when it met in the home of Mrs. George Wesley, Tuesday, Sept. 22. Mrs. Brown also said, "When using regular all-purpose flour instead of cake flour, use two tablespoons less and it will work fine," as she baked and served the "Standard 1-2-3-4 Cake" for her demonstration.

The club opened its meeting with the club collect repeated in unison. The council report was given by Mrs. Ewald Schroeder and Mrs. Monroe Karcher.

The next meeting will be with Mrs. Walter Johnson, Tuesday, October 6, at 2 o'clock.

Delicious refreshments were served to three visitors, Mrs. Brown, Mrs. Otto Schroeder and Mrs. Lindsey, and to the following fifteen members: Mesdames Cap Adkins, Roy Ayers, James Bowers, Ben Hopkins, Walter Johnson, Monroe Karcher, Louis Kieschnick, Sam Kuehn, R. E. Moore, W. A. Mussetter, Ewald Schroeder, Frank Ward, R. G. Whitten, John Buhn, by the hostess, Mrs. George Wesley.

TRUSCOTT H. D. CLUB

The Truscott Home Demonstration Club met in regular session Thursday, Sept. 24. The meeting was opened by singing two songs, "The Song of Peace" and "Follow the Glean."

Mrs. Oscar Solomon resigned as council delegate, and Mrs. Warren Corder was elected to take her place.

A nominating committee was named and includes Mrs. Opal Caddell, Mrs. Jess Boykin and Mrs. Midge Adcock.

After the business session, Mrs. Jack Hickman gave an interesting discussion on "Reading Labels" and "How the fabric Dacron is made." She also gave information on cutting, sewing and pressing corduroy, velvet, and velveteen.

Refreshments were served to the members by Mrs. Jack Brown, hostess.

The next meeting will be on Thursday, Oct. 8.

A "glabrous" man is a bald one.

WEST SIDE H. D. CLUB

"Grease and line cake pans with either wax or brown paper to keep from sticking and to take off the crumbly crust when making cakes," said Mrs. S. H. Ross and Mrs. C. R. Bryson in demonstrating the quick mix cake making to the West Side H. D. Club held in the home of Mrs. Bryson last week.

Officers elected were Mrs. E. A. Dunagan, president; Mrs. Donald Norris, vice president; Mrs. Jack Lyons, secretary, treasurer; Mrs. G. H. Kincheloe, reporter, and Mrs. Bryson, assistant reporter.

Mrs. Bryson served a delicious plate including a quick mix cake she had made, to fourteen members: Mesdames J. T. King, J. L. Kincheloe, Oscar Gentry, S. E. Tate, Jack Lyons, R. J. Roberts, John Teague, Homer Zeibig, M. O'Connell, G. H. Kincheloe, Henry Ross, Walter Thomson, E. A. Dunagan, Donald Norris.

The club will meet October 13 with Mrs. J. T. King for a demonstration on icings.

Vivian

MRS. W. O. FISH

Mr. and Mrs. John Fish, Bill Fish and Mrs. W. O. Fish spent from Saturday until Monday with Mr. and Mrs. Harry Adams and daughter, Wanda, of Waco. They were accompanied by Mrs. W. R. Henderson and daughters, Suzanne and June, of Vernon.

Miss Amelia Frazier of Abilene spent several days last week in the home of A. T. Fish and family.

Miss Bernita Fish, Egbert and Herbert Fish spent last week end with Mr. and Mrs. J. M. Sosebee and family of Anson and Miss Rosalie Fish of Abilene.

Mrs. Allen Fish visited her daughter, Mrs. J. M. Denton, and family of Abilene last week. She was accompanied home by her daughter and granddaughter, Fay, who spent the week end here.

Charles Anglin of Paducah visited Mr. and Mrs. John Fish Friday afternoon and attended the Crowell-Quannah football game in Quannah Friday night.

Misses Myrtle and Neoma Fish and Amelia Frazier and Marion T. Gilbert were Wichita Falls visitors Thursday.

Allen, John and Bill Fish were Marietta, Okla., visitors Wednesday of last week.

Mr. and Mrs. Henry Fish and children, Robert, Gordon and Martha, Miss Bernita Fish and Egbert and Herbert Fish attended the singing in the Church of Christ of Crowell Sunday afternoon.

Mrs. Edna Lowry and son, Joe Mike, of Paducah spent Sunday with Mr. and Mrs. John Fish.

Mr. and Mrs. W. R. Henderson and daughters, Suzanne and June, of Vernon spent Sunday with her mother, Mrs. W. O. Fish, and family.

A large crowd from this community attended the Quannah-Crowell football game in Quannah Friday night.

Mrs. John Fish visited Mr. and Mrs. Horace Anglin, Mrs. Ed Moss and Mrs. Edna Lowry and son, Joe Mike, of Paducah Monday night.

"Take the High Ground" to Show at Rialto October 4-5

"Take the High Ground," an MGM drama filmed in Anasco Color, with a cast headed by Richard Widmark, Karl Malden, Elaine Stewart, Carleton Carpenter and Russ Tamblyn, will be shown at the Rialto Theatre Sun-

day and Monday, October 4 and 5.

This picture tells the hard-hitting story of what it takes to become a U. S. infantryman. Its narrative centers on a varied assortment of typical American boys from all parts of the country, and depicts their sixteen weeks of training under a tough, one-track-

6—THE FOARD COUNTY NEWS Crowell, Texas, Oct. 1, 1953

minded sergeant who molds them into the deadliest fighting machine on earth. It is also the story of a lonely and frustrated girl who finally penetrates the hard shell of the crusty sergeant. Due to the fact that this pic-

ture was filmed at Fort Bliss, Texas, Alvie Smith, manager of the local theatre, announced that all parents who have boys now in training there, will be admitted free.

Nerves Are Causing Your Troubles!

ER BODY AT ONE TIME FUNCTIONED NORMALLY,
 IF GIVEN THE CHANCE WILL DO SO AGAIN!
 Nerves are the cause of most human ailments, and
 removing this pressure we are able to restore permanent
 relief from your sickness or disease.

WHY DOES YOUR LEG FALL ASLEEP WHEN YOU
 CROSS YOUR LEGS? SIMPLY BECAUSE YOU ARE
 PRESSING UPON THE GREAT SCIATIC NERVE, thus cutting
 the nerve force to that extremity. A spinal nerve pres-
 sure acts much in the same way. It is difficult to walk when
 the feet are numb, likewise the organs or parts of your
 body will not function properly when they do not receive
 proper amount of nerve energy.

No matter what your trouble is or how long standing, we
 are sure that we can help you. We do not care how many
 times you have tried; don't say you have done "everything
 possible" until you have consulted us about your
 condition. Many sick people are coming to our office every
 day for their health because they have failed to find relief
 elsewhere. "Just happens." It is always caused by some-
 thing in your system that does not function as it should.
 Your basic trouble may be far away from your symptoms...
 condition which you as the sufferer, would scarcely think
 of.

THIS, THAT AND THE OTHER

September heat!
 What weather, here it is almost
 October, and the weatherman says
 it's the warmest days of the en-
 tire summer! Looks like we are
 going to have to unpack our sum-
 mer clothes again.
 Election Day! Congrats to all
 the favorites who have been elect-
 ed so far.
 Yea, Wildcats! Well, our Wild-
 cats brought home another victo-
 ry Friday night over our chief
 rivals, Quanah. Let's all go to
 Memphis and root the team to
 another win! How about? Yea!
 Wildcats!
 Biggest Fad Yet. Do you know
 what the biggest fad in Crowell
 High School is? These days it
 seems as though it's hoop ear-
 rings. You can usually see the
 car rings coming before you see
 the person! Kay Jones has about
 the largest ones. She will prob-
 ably be wearing them for brace-
 lets when the present fad passes.
 Gym News: The girls in Tiny
 Taylor's gym class are getting
 ready for a game in November
 sometime! They have been play-
 ing the freshmen at noon.
 So long. Beat Memphis!

NEW STUDENT

Perhaps about Tuesday of last
 week, you guys and gals noticed
 that something new had been
 added to CHS and you were 100
 per cent correct too, because on
 that day, a new junior student,
 June King, transferred from Pa-
 ducah.

She's almost 5 feet, three inches
 tall, with hazel eyes, and a sweet,
 friendly smile that instantly iden-
 tifies her individually.
 Here are just a few tips on
 what this attractive little new-
 comer enjoys. She loves popular
 music and the song, "Half a Pho-
 tograph." She adores fried chick-
 en and thrives on cooking cakes
 and pastries herself. Zane Grey
 is her favorite author, and she
 most certainly enjoys a movie
 starring Doris Day.
 June states emphatically that
 she thinks we're a really friend-
 ly bunch of students, too. When
 asked who she'll root for when
 we play Paducah in football, her
 favorite sport, she replied with-
 out blinking an eye, "Why Crow-
 ell, of course!"

SEE YA IN THE FISHING POND

A certain boy and girl named
 Jimmy and Pat were walking in
 the rock garden at Methodist
 Assembly this summer. It was al-
 most time for everyone to be in
 the dormitory.
 A group of us noticed that not
 too far behind the couple was
 the Dean of the Assembly.
 Of course, we hurried up to
 warn them, but Jimmy thought
 we were joking and remarked,
 "Oh, yes, we saw him and threw
 him in the fish pond."
 At that moment the Dean walk-
 ed up and stated, "Yes, but I
 can swim, so you better get back

to the dorm!"
 The next morning at the gen-
 eral meeting after he had made
 all the announcements, the dean
 said, "So long, I'll see you in the
 fish pond!"

SENIOR GIRL OF WEEK

Coming down the halls of good
 ole CHS was a bright-eyed girl
 of five feet, three inches. She
 stopped at her locker just in time
 to get her algebra book and run
 to her favorite class.
 Of course, she is getting very
 excited about Friday night, since
 her favorite sport is football.
 Just let this senior watch "Drag-
 net" with a big platter of south-
 ern fried chicken beside her and
 she will be your friend forever.
 Since she has read the book,
 "Seventeenth Summer," by Maur-
 eno Daly about four times and
 enjoys it more every time, we
 shall assume this is her favorite
 book.

Her likes and dislikes in peo-
 ple were simply stated. She likes
 a straight-forward plain spoken
 person. She loves to talk with
 people and listen to anything Ed-
 die Fisher sings.
 Her future plans include col-
 lege, most likely at TSCW.
 Who is she? Well, what other
 senior would say she could ride
 around for 24 hours and never
 get tired but Shirley Wehba.

SENIOR BOY OF WEEK

He is a senior, about five feet,
 eight inches tall, with brown hair
 and blue eyes. He plays left guard
 brilliantly for the Wildcats. Who
 else could we be talking about
 but Buddy Caddell!

This friendly, well liked guy
 says he really likes football, even
 though it is rough, and we cer-
 tainly believe the game likes him,
 because he plays it so well.
 He was elected favorite of his
 junior class last year and is se-
 nior class favorite this year.
 What about that?
 Buddy's favorite pastime is
 dancing. He declares, "I could
 dance all night and never get
 tired." He likes popular music,
 but hillbilly ranks at the top in
 his estimation.
 What about food? Oh, any-
 thing will do, for Buddy has no
 favorites. He likes just about any-
 thing to eat. His taste in litera-
 ture? Well, he likes Indian stories
 and western novels. A hobby? He
 used to collect book matches, but
 he quit when he got so many he
 had no place to put them.
 Buddy's plans for the future
 include college. Just what college
 he doesn't know yet. Because he
 likes to meet new people and gets
 along so well with his acquaint-
 ances, we just know he has a
 bright future ahead of him.

WILDCAT PURRS

We won, we won, we won, by
 golly, we won, was the chant af-
 ter the football game Friday
 night.

Seen at the Plaza Saturday
 night were Charlene and Coy,
 Billy and Gordon, Babs and Gene
 and Dot and Leonard.

Locker 59

Norman and Doris, Wayne and
 Francyne were seen after the
 football game Friday night.

"Did Billy McCoy have a good
 time at the dance Friday night?"

Seen at the ball game Friday
 night and riding around together
 Saturday night were Billy Green
 and Carol Pogue.

Jean Whitby and Robert Houck
 were enjoying the ball game at
 Quanah the other night.

Carlyn can't seem to decide
 between Green or Shultz.

Locker 59

A true blue couple are Joe
 Vernon and Doris, not to men-
 tion Ronnie and Latrelle.

Cleve and George Ann are
 really a steady couple, too.

Seen at church Sunday night
 were Patricia and Buddy. This
 happens quite regularly.

Seen Saturday night were Clo-
 vonne and John Milner enjoying
 a good game of six man football.

Maxine Walker and Jimmy
 Thaxton were seen together Sat-
 urday night.

We wish to thank the Band
 Mothers Club for their coopera-
 tion with the band this year.

Locker 59

Does anyone know why Clo-
 vonne moved in typing?

Does anyone think Lindel and
 Maxine would make a cute couple?

Anyone know why Loretta Ma-
 tues keeps jumping in class?

J. C. McCoy seems to have his
 eye on Betty Davis.

Betty Sue and Don Kidd were
 seen Sunday at the Plaza.

Why is Fran mad at Satch?

Carlyn and J. M. Zonell and
 Jerry were seen Friday night.

Seems as if some girls around
 CHS are taking barber lessons.

Where were Gerry Knox and
 Sue Meason Saturday night?

Locker 59

How are Edward Howard and
 Karen Rose getting along.

Shirley, what happened to you
 Monday night in Jean Whitby's
 car, huh?

Arleta Teague has her eyes
 on Coleman Self. Let's give her
 a chance, Coleman.

Norman and Carlyn were seen
 together Saturday night. Could
 this old spark be bursting into
 flame again?

LaRue Diggs sure has her eyes
 on Butch Abston.

Locker 59

What was wrong with Chun's
 physics paper?

Vida Tarver seemed to be hav-
 ing a good time Sunday night
 with Deloin.

Oleta still seems to be true to
 Gilliland.

Lavoy seemed to have some-
 thing to say to Louise. Wonder
 what about?

A good time was had by all at
 the canteen in Quanah after the

game Friday night.
 Lucille seems to have an in-
 terest in Paducah. Could it be
 in Travis Gilbert?
 Put all scandal in Locker 59!
 Yea Wildcats! Beat Memphis!

CHUN'S CHUCKLES

Mrs. Manard: How is it that
 you have written only ten lines
 on "Milk" and the others have
 written pages?
 Jimmy: I wrote about con-
 densed milk.

Mrs. Sloan: Correct this sen-
 tence, "He was bent upon seeing
 her."
 Gordon: "The sight of her
 doubled him up."

Jackie: Coach, I hear you have
 developed a new form of foot-
 ball called the Three Platoon
 System.

Coach: Sure, one team for de-
 fense, one team for offense, and
 one team to attend classes.

FASHION FLASH FOR NOUN AND LATER

Have these hot, muggy fall
 days got your brain in a dither
 about clothing? The question is

how to stay cool and still be in
 the fashion spotlight! Some brainy
 designer with an eye for taste
 and keeping cool has come up
 with, none other than our old
 stand-by, cotton. Of course maybe
 it's incognito in dark glasses, but,
 nevertheless, it's there.

Most popular this fall are the
 simple dark cotton dresses spruced
 up with angora, velvet or wool
 jersey trims. But what could be
 better for school than last sum-
 mer creations, the sleeveless
 blouse and gathered skirt, taking
 care of the age old "I just can't
 find anything to wear" problem
 for a couple of months.

On into the winter, the camel's
 color is making fashion news in
 back-belted boxy coats, suits and
 slim skirts. Black and white com-
 bined are marked to be sell-outs
 in party dresses, suits, skirts, and
 bulky, heavy knit sweaters.

Leather and knit trim on skirts,
 blouses, toppers, and cardigans are
 making a big hit and a "home
 run" with the high school and col-
 legiate set. And certainly not to
 be forgotten are those mammoth
 sized golden hoop earrings worn
 with everything from a treader
 pants to evening dresses.
 A surprise new color with teen-

agers is mauve, used in flecked
 tweeds and tailored suits and for
 sweaters. Ever-good are soft
 shades of "hot pink, flash pink,
 ice blue" and the palest pinks are
 accessorized with the dazzer of
 dazzers, fire engine red.

Detachable collars of angora,
 leopard, velveteen, and jersey are
 set to perk up the drabdest of
 sweaters and blouses this winter.

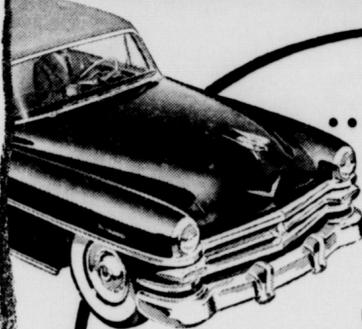

Also big news is the battle of
 the hemlines created by Paris de-
 signer-dictator Christian Dior. He
 likes 'em short, we like 'em long-
 er. It's really causing a contro-
 versy, but we bet the best dress-
 ed ladies will bend to his will, and
 hike their hemlines a couple of
 inches.

Whether you listen to Dior or
 not, it's always wise just to choose
 clothes flattering to you, not
 Queen Elizabeth, and you'll al-
 ways be in the fashion spotlight.

Farm Production As Affected by Water Problem

By LYNDON B. JOHNSON
U. S. Senator

(Editor's Note: This is one of a series of articles based on a Bureau of Reclamation survey of the Texas water problem, made at the request of Senator Johnson.)

The Texas farm economy is vitally affected by the fact that our State now uses only 15 per cent of its potential water supply. The remaining 85 per cent runs off into the Gulf of Mexico and is lost to the State.

At present, some 3,700,000 acres of land are cultivated under irrigation in Texas. Production from this irrigated acreage accounts for 40 per cent of the gross Texas farm income from harvested ground.

Ground Water Depletion
Two-thirds of the irrigated acreage is based upon ground water resources. These resources are being gradually depleted by irrigation water demands. Production from this land therefore cannot logically be considered a permanent part of the future agricultural economy of Texas.

The picture this presents is clear and unpleasant. Texas faces an eventual substantial reduction in farm income unless ground water irrigation can be replaced with irrigation using surface waters. Present rates of Texas farm income can be maintained only if new irrigation, based on reliable surface water supplies, is brought about.

Can Be Done
The appraisal of the Texas water problem by the Bureau of Reclamation declares this can be accomplished. But, the report cautions, this replacement of ground water irrigation by surface water irrigation represents one of the primary water supply problems in Texas.

If the surface water supplies of Texas were fully utilized, we could bring another million acres of land under irrigation. At the same time, we could meet the vast water requirements of our expanding industry and the water needs of our growing municipalities.

Must Feed More People
The Nation needs the food and fibers produced on the land already under irrigation in Texas. With a continuing expansion of our economy, the Nation also will need the food and fibers that could be produced on the additional million acres of land susceptible to irrigation if full use were made of our State's potential water supplies.

Where we feed four persons today, we must feed five by the year 1975. Where we used 462,

000,000 acres of farmland in 1950, we will require the production from 577,000,000 acres in 1975. The potential added production from Texas will be badly needed.

National Problem
So the water problem in Texas, particularly as it affects our agricultural production, is not simply a State problem. It is a national problem as well. It is a problem that must be solved by Federal-State cooperation.

The Bureau of Reclamation appraisal is firm in concluding that only a relatively small proportion of Texas' water requirements can be permanently supplied from ground water at a reasonable and predictable cost. It follows that most of the State's water supplies eventually must come from surface sources—from that 85 per cent of our potential water supply now allowed to drain off into the Gulf.

Texas and the Nation cannot afford to allow such a loss to continue.

Legumes Can Boost Farm Income, Says County Agent Burkett

Legumes can help hold the line on farm income. With the return of acreage controls on some cash crops, the need for increasing profits on each acre planted is emphasized, says Joe Burkett, County Agent. He adds production costs can be cut by using improved machinery and labor saving equipment, but emphasizes that higher acre yields are of major importance.

Legumes used in combination with other good farming practices, explains Burkett, can boost yields and put extra dollars in the farmer's pocket. To get the most from legumes, however, only the best adapted varieties should be planted, the seed properly inoculated and fertilizer applied in accordance with the soil needs. A soil analysis should be used as the basis for determining fertilizer needs.

Legumes when properly inoculated can help reduce nitrogen fertilizer requirements of the crops which follow the legume. Research workers of the Texas Agricultural Experiment Station in an 11-year study have found that the top growth of hairy vetch contains an average of 102 pounds of nitrogen an acre. Legumes are the only plants which have the ability to take nitrogen from the air and store it in the plant but must be inoculated with the proper nitrogen-fixing bacteria before they can do so, says Burkett.

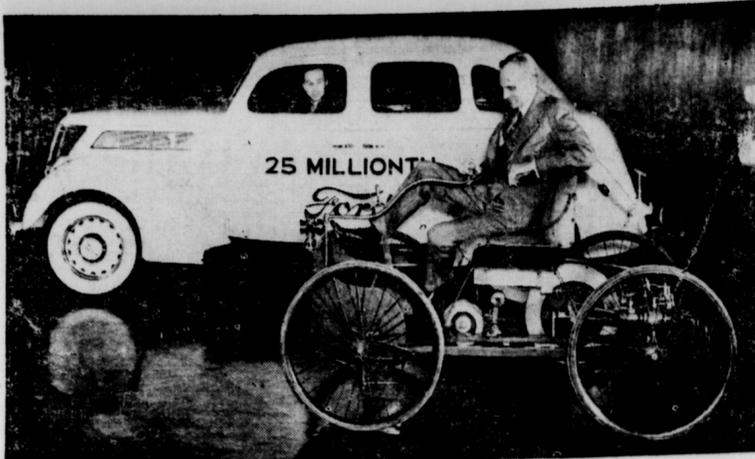

He recommends the use of commercial inoculants which are readily available. Be sure and check the label on the container, he says, to make certain the right inoculant is being used.

Legumes, like other crops, require proper fertilization for maximum growth. Phosphorus is needed in almost all areas of the state. On soils low in organic matter, a small amount of commercial nitrogen applied at planting time will help get the legumes off to a good start.

The effects from plowing under a heavy growth of legumes usually lasts for more than one year. The legumes add organic matter to the soil and thus improves the soil structure. This allows deeper root penetration and increases the water holding capacity of the soil. The increased water holding capacity, says Burkett, is particularly evident in dry years and he cites two examples which show the value of legumes. Wayne Anderson of Lamar County this year combined 105 bushels of oats an acre from land that was locally known as "old land." The field for three previous years had been planted to vetch. In the Stanfield community in Clay County, E. J. Lee produced 22 bushels of wheat per acre from land which had been in vetch during the winter of 1952. From similar land on a legume, he harvested only 7 bushels of wheat an acre.

Too, in the Blackland area, sweet clover has proved its value in the fight against cotton root rot. Using this legume in the crop rotation can make a considerable difference in the pounds of lint harvested from an acre, says Burkett.

Right now livestock producers are in need of grazing crops and

If all vehicles built by Ford Motor Company were placed end to end, they would stretch 110,953 miles—approximately half-way to the moon. A good bit of that distance had been covered by Jan. 18, 1937, when Edsel Ford, then president of the company, posed with the 25,000,000th Ford passenger car—a V-8 Henry Ford is seated in his first car, built in 1896.

Understatement of the Century

It's a strange but true fact that the establishment of the petroleum industry was delayed in the spring of 1855 until hard-pressed promoters could produce the wherewithal to pay a bill amounting to \$526.08. This was the fee charged for the first thorough scientific analysis of "rock

oil." The favorable report was the decisive factor in building the confidence of investors so that stock could be sold and money obtained to drill the first oil well at Titusville, Pa.

Now 100 years later the courage and vision of these early oil pioneers, who because there was a chance for profit risked everything they had in the development of a new and almost unknown substance, can be fully appreciated. Oil has become so much a part of our modern way of life that a country's living standards can be accurately judged by the amount of petroleum products which its citizens use. Americans

use more oil than any other people in the world. To keep ahead of the demand placed upon it, the U. S. oil industry in the seven-year period, 1946-52, has made capital expenditures for production facilities, pipelines, tankers, well drilling, exploration, chemical plants, etc., amounting to some \$15,000,000,000.

The chemist who first analyzed the Titusville "rock oil" made the understatement of the century when he cautiously said that there was "much ground for encouragement" that "rock oil" was a raw material from which valuable products could be manufactured.

The agricultural future of the

We Must Produce More Food

The population of the United States is soaring. At present the increase runs at 7,000 persons a day. Government experts predict a 20 per cent population jump in the 1950-60 period alone.

These people must be fed—and fed, for the most part, on what can be produced on our croplands, which the 1950 census put at 336,349,000 acres.

The experts also say that if our present living standards are to be maintained through 1975, it will be necessary to bring 100,000,000 more fertile acres into production. Yet even optimistic forecasts hold that only 50,000,000 currently unproductive acres can be cleared, drained, irrigated and imputed by 1975. We are presently bringing in only 2,000,000 acres a year and more than half of this is offset by the expansion of cities, towns and industrial areas.

The meaning of these forecasts and figures is clear. Unless we are to suffer a decline in living standards, we must get more and more food and fiber from our productive land. And that means the intensified application of scientific production practices and better land utilization.

Fortunately, that is not a visionary goal. Farmers and land owners are practicing conservation farming on an ever-increasing scale and in a manner that would have been impossible a few years ago. The best conservation and land use practices require machinery that was non-existent fifty years ago, but which is now standard farming equipment. The agricultural future of the

Old Trick

Next time you hear some damming the real or alleged comings of American business interference with the free enterprise system as the cure, it will be well to remember a statement by Secretary of Commerce Weeks.

This top-level official stated that, for more than 20 years, private enterprise has been denied by government, shackled, and then blamed by government for not performing as miraculously as it could have been free.

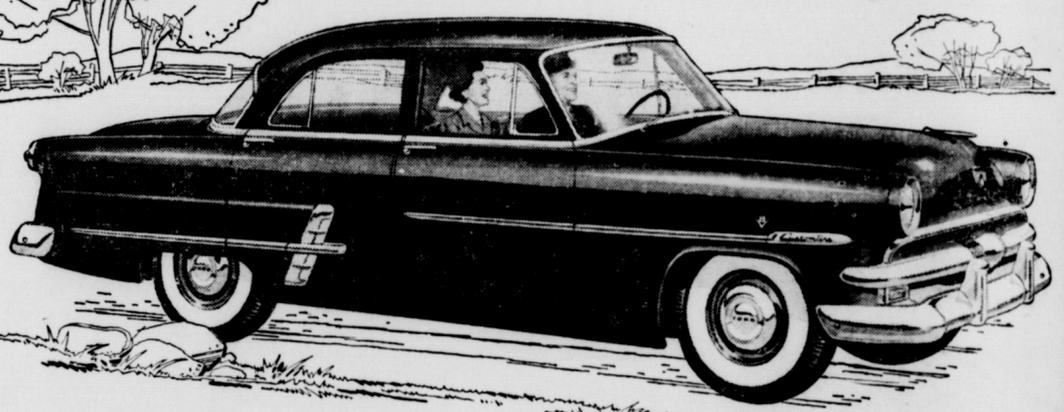

It's an old trick of the politicians to throw wrenches into the wheels of progress and then blame everyone themselves for the results.

More than 1,000,000 "Oldsmobile" have been produced since this high pressure power plant was introduced in the 1949 Oldsmobile models. Originally scheduled output at the rate of 30 per hour, demand for the "Oldsmobile" increased at such a rate that the plant at Lansing, Michigan, now tooled to manufacture 100 engines per hour with materials permit.

United States, and of the for that matter, lies in the use of power-driven machinery by farmers and ranchers realize that the machinery now available provides the solution to our expanding population.

THE FINE CAR

at half the fine car price

Duplicating America's costliest cars, feature after feature, Ford is worth more when you buy it . . . worth more when you sell it!

A FEW MINUTES on the telephone calling the dealers who sell America's finest cars will reveal there are at least eleven models among four makes with price tags over \$4,000!

Now the interesting thing is that in feature after feature the Ford car duplicates each of these fine cars, and for less than half the fine car price!

Look under the hood of the most expensive cars and what do you find?

A V-8 Engine! Well, the Ford car has a V-8, too. In fact, it has had a V-8 since 1932, and since that time Ford has built more V-8's—by millions—than all other manufacturers combined. And there's no other builder in Ford's price range that's seen fit to offer one yet!

But the engine, as fine as it is, is only one of many things that make a fine car fine.

Automatic shifting, for example. All the fine cars offer it in one form or another because it's one of the things that make a fine car fine. But if you've never driven a Ford with Fordomatic you've missed one of the finer things of life. This amazing transmission not only does away with clutching and shifting forever—it

gives you exactly the amount of power you want, when you want it—automatically.

Fine car power steering, too. The big, heavy costly cars offer it for the same reason they offer power brakes. It's a man-sized job for a 120 pound woman to handle a car weighing two tons or more without it—especially when parking. Our "Master-Guide" has two distinct benefits.

First, it gives a hydraulic power assist right down at the wheels and just enough to take out the work. You don't relinquish one particle of control—rather your control is more complete and far easier.

Second, being hydraulic, "Master-Guide" power steering absorbs those fatiguing steering wheel tremors caused by ruts and roads in bad repair. And you don't pay a fine car price for "Master-Guide."

But there is another fine car feature—the Ford ride. Books have been written on the subject of riding quality in an automobile, but the payoff comes on the pavement—or lack of it! Many people associate a comfortable ride with excess weight, but it's not weight alone that makes for comfort. If it were, those big five-ton trucks which you see every day

would be the most comfortable vehicles on the road.

Without being technical we can tell you that what's been done with the suspension and springing system gives the Ford a softer ride, a smoother ride than many cars which tip the scales at better than an added half ton.

What about room? Here's an interesting point. If you've felt that only a costly car offered enough room, you just ought to sit down in a Ford even if you're out-size and six feet four! The so-called big car is bigger on the outside, but unless you buy a limousine with those little jump seats, it's not one passenger bigger inside.

Visibility is another fine car Ford feature. We say Ford cars offer "full-circle" visibility because they all have huge, curved one-piece windshields and a huge rear window to match . . . plus side windows that mean every passenger gets room with a view!

How beautiful is a Ford? A great English poet, John Keats, once wrote "Beauty is Truth, Truth Beauty"—well, he could have been writing about our car for its beauty comes from honest, clean lines in every dimension. In fact, we think most people agree—even our competitors

—that the appearance of a Ford Car leaves very little to be desired. It is "at home" wherever it goes and it goes everywhere.

But what about Ford quality? Does it too match the fine car? Is the sheet metal of the body panels as thick? Is the finish as good? How about the trim and things like that? Well, as far as we can determine, the sheet metal is identical in thickness in practically all instances. As to finish—we believe Ford's baked-on enamel has no equal in any car. Ford upholstery fabrics and trim are less costly, but they're less delicate, too, and if anything, more durable.

How then is it possible to give you this fine car at half the fine car price?

Part of the answer lies in Ford manufacturing skills and knowledge as evidenced by the V-8 engine. Part of it comes from the ever increasing numbers of cars Ford produces and the economies they make possible. And, part of it comes from Ford's willingness to give greater values than might be expected in cars selling in Ford's price range. And that's the Ford idea.

A-1-C and Mrs. Charley Matus of Megargel are visiting his parents, Mr. and Mrs. John Matus, and family and other relatives here this week.

Mr. and Mrs. John Showers and daughter of Elliott visited her parents, Mr. and Mrs. Henry Bice, Saturday. Mrs. A. Mussetter is confined to her home with a back ailment.

Mr. and Mrs. S. B. Farrar and family spent the week end with his parents, Mr. and Mrs. Jim Farrar, of Brownfield. They were accompanied by Brownfield by his mother, who had been visiting here for several weeks.

Mrs. Otto Schroeder has returned to her home in Vernon after a 10-day visit in the home of her son and wife, Mr. and Mrs. Ewald Schroeder.

Mr. and Mrs. Ewald Schulz and family visited her parents, Mr. O. U. football game in Norman.

Mrs. Mary Geller of Vernon spent the week end with her daughter, Mrs. Ewald Schroeder, and Mr. Schroeder.

Mr. and Mrs. August Rummel and Lavoy visited his sister and family, Mr. and Mrs. A. T. Bodling, of Lockett Sunday afternoon.

Mr. and Mrs. Weldon Hammonds and children of Floydada visited his parents, Mr. and Mrs. L. A. Hammonds, Sunday. Other guests in the Hammonds home Sunday afternoon were Mr. and Mrs. Billy Hammonds and daughter of Thalia and Mr. and Mrs. Ray Pyle and Mrs. Minnie Buckley of Vernon.

Mr. and Mrs. Monroe Karcher visited with Mr. and Mrs. John Lawrence of Duke, Okla., Sunday afternoon.

Mr. and Mrs. Ewald Schulz and family attended a fish fry at the home of his parents in Vernon Sunday evening.

Ward Kuehn was a business visitor in Taylor, Texas, Saturday.

Mr. and Mrs. Sam Bell of Crowell visited Mrs. John S. Ray and Mrs. W. A. Mussetter Thursday.

THE WILDCAT

FOOTBALL FEVER

It was a very quiet night, and I was driving around town with nothing to do. Then, all at once, a mighty roar that sounded as if ten thousand horses were stampeding, split the air. Dust rolled past my car like a huge tidal wave. I could hear the crunching of bones in the distance, and the odor of newly spilled blood filled the air. A blood curdling cry rushed through the night, and bright lights flashed everywhere. Only one thing could have caused this excitement. The first game of the season has started!

I shifted into second and three gravel in all directions. I raced madly for the field. I made it to the gate, after losing two fenders, and paid my way in.

The first quarter was over, and to nothing. Teeth and torn pieces of cloth, scattered from one goal to the other, lay on the field.

The game was finally forfeited to Crowell, and everyone rushed for the gate. I jumped in my car and turned on the motor. I shot out of the parking place, but some idiot ran into me before I made it to the gate. I climbed out of the car to tell him off, but before I had a chance to speak, he knocked me down. I managed to crawl back upon the smooth, clear, black highway. Boy! This surely was a dead night tonight. Nothing ever happens in this town.

EX-CHSITE STATIONED IN ENGLAND

We are printing excerpts from a letter received by Mrs. Sloan from Donald Reynolds who is stationed in Bovington, England. As you will observe, Donald has found army life very educational, interesting, and inspiring.

"I am surprised at getting your letter so soon since it was mailed by regular mail. It usually takes a letter about one month to come by regular mail.

"I suppose by now that everything at school is settling down to the usual grind. The schools over here are also starting now. They only have two months vacation. I have already found out a little about their schools here. They start to school when they are four if they want to. They go to school until they are sixteen. There is no such thing as failing a grade. They go until they are sixteen and that is all. They have some government colleges here that are free except the books and a small tuition fee, but their marks must be very high. Most of the kids expect to work when they finish at sixteen and to learn a trade while in school. I met a school master in church near here. He was very kind to us. He was in World War I, and the Americans saved his life. I am sure he would be glad to show us around school.

One odd thing I noticed in the church (it was Baptist) was the fact that the song books didn't have any music in them. Most of the people didn't even use a book. The songs have been handed down through the generations until everyone knows them by memory.

I have been to London four times since I have been here. It is only thirty miles away, and we can catch a subway near here going into London for only 46 cents.

London is like most other cities. It has everything, but I imagine it has more theatres and playhouses than any other city in the world. It has thirty movies and some very good plays. One play that is on now is "Guys and Dolls."

The food here is very unsatisfactory when you first get here, but when you learn the English people, the food is a little better. The English are still rationed on a few things, and they must make the best of what they have. They are shorter on food than anything else. Everything else is plentiful.

The theatres and movies are huge and are very beautiful inside. The only objection that I have of them is that they allow everyone to smoke inside.

I never dreamed that I would walk so much. They have buses everywhere, but there isn't one when you want it.

Last week end, my friend and I flew on one of our planes over to Paris, France. We had a wonderful time. I couldn't begin to tell all that we saw. The French couldn't understand us and we them, but we managed. I got the largest plate of french fried potatoes that you ever saw. France isn't nearly so green as England, and it is much warmer. I like the weather in France, but I like the English countryside the better.

I haven't priced any china over here yet, but it should be reasonable, since England makes a lot of things like that, and it is close enough to the continent of Europe to import it rather cheap.

I like my work just fine. I have my own little section now, and maintain records on 150 pilots who fly from here. We have 300 pilots that fly from here; another boy and I maintain their records. We have our own desks, typewriters, adding machines and telephones.

Everyone says that this is the best base in England. Only 250 men are here, so the food is excellent.

Since there are so many pilots who fly from here, we can get free rides almost any time we want them. I am going to Stockholm, Sweden, on October 9, by way of Copenhagen, Denmark. We will spend two days there. The officer in charge of my section

Truscott

MARY K. CHOWNING

Mr. and Mrs. Kelly Bullion and son of Lubbock were called to Crowell on the account of the serious illness of Mrs. Bullion's grandfather, W. C. Golden.

Mr. and Mrs. Midge Adcock were Vernon visitors Friday.

Mr. and Mrs. Oscar Whitaker and girls of Hobbs, N. M., were here last Tuesday to attend the funeral of Mrs. W. H. Stoker.

Mrs. Frank Adcock returned home recently after spending several weeks visiting relatives in Vernon and Chillicothe.

Mrs. O. W. Causy of Knox City visited her brother, John Bullion, and family and other relatives here last Tuesday.

Mrs. Gordon Taylor has accepted a job with the PMA office at Knox City.

Mrs. Paul Bullion and son returned home last Thursday after taking her husband to McKinney.

Hardie Glascock of Cisco spent several days here last week.

Mrs. C. E. Woodward and her grandson, Tommy, of Knox City were Truscott visitors last Thursday.

Mr. and Mrs. Blake McDaniel of Foard City and Mr. and Mrs. S. O. Turner of Truscott went to Clyde Thursday to attend the funeral of Elma Farmer. They also visited Mr. and Mrs. E. L. Turner and daughter in the home of Mr. and Mrs. Lee L. Turner and family in Abilene.

Mr. and Mrs. Martin Earl Langham and daughter of Benjamin spent several days in the home of his parents last week.

Mr. and Mrs. R. B. Glidewell were called to Munday one day last week on account of the death of her nephew, Pfc. Elwood Ford, who was killed in a car accident near Anson.

Mr. and Mrs. A. S. Tarpley returned home last Friday from a visit in Lubbock and San Angelo.

Mr. and Mrs. A. N. Russell of Benjamin recently visited in the home of Mr. and Mrs. S. O. Turner.

Pete Elliott, who is making his home with his daughter, Mrs. Jack Whitaker, and husband, returned home from the Seymour hospital one day last week.

Vernon Jones left last week to enter the service.

Mr. and Mrs. Roy Dennis of Lubbock spent the week end visiting relatives here.

Walter M. Jones of Clyde visited his daughter, Mrs. Roy Green, and family several days this week.

Thornton, who is also agricultural chemist for the Texas Agricultural Extension Service, reminds farmers that now is the time to submit soil samples to the laboratory from the fields as small grain and legumes or pasture crops will soon be planted.

"Don't wait," says Thornton, "until seeding time to begin thinking about getting a soil analysis. Submit samples now while the laboratory is not too busy. The analysis along with recommendations on how best to handle the field will be available for your use before planting time."

And as a final reminder, Thornton says, all county agents have detailed information on the procedure for taking and mailing soil samples.

Hamilton County

Farmers Boost Yields Through Soil Tests

The cost was small. The returns large for two Hamilton County farmers who followed the fertilizer recommendations given them by M. K. Thornton in charge of the Soils Testing Laboratory of the Texas A&M College System.

The two farmers, Edgar Sparks and Jack Cates, reported to Hamilton County Agent E. R. Lawrence outstanding yields of oats from the fertilized fields on which soil tests had been made before the plant food was applied.

Sparks reported a weighed yield of 79 bushels of oats an acre from the field on which he applied 100 pounds of ammonium nitrate an acre. The adjoining field which was not fertilized produced 37 bushels of oats an acre. That, by simple arithmetic, is five bushels an acre more than double the unfertilized yield and a mighty good return on the dollar spent for a soil analysis and the 100 pounds of ammonium nitrate.

Cates used 100 pounds of 14-14-0 fertilizer an acre on one

Make plans now to have a good time by attending the Lions Club Carnival Thursday, Friday and Saturday night, Oct. 1, 2, 3.

Mr. and Mrs. R. R. Magee spent the week end in Amarillo where they visited Grady Magee, who is ill in the Veterans Hospital there.

Close out on wallpaper at half price.—Womack's.

Mrs. D. R. Magee and her mother, Mrs. Ed Tharp, who had been visiting in her daughter's home, went to Lubbock Friday. Mrs. Magee returned home Sunday.

One 13.2 cu. ft. Ben Hur frozen locker at a 25 per cent discount with a \$9.45 Freezy-R. Pak Kit free with this. Cash and no trade-in.—Womack's.

Mr. and Mrs. Fred Carr and children of Pampa spent from Friday night until Sunday here visiting Mrs. Carr's parents, Mr. and Mrs. A. R. Sanders.

Mrs. Fred Priest and daughter, Carole, of Fort Worth were here last week end visiting Mrs. Priest's parents, Mr. and Mrs. R. C. Johnson.

Make plans now to have a good time by attending the Lions Club Carnival Thursday, Friday and Saturday night, Oct. 1, 2, 3.

J. A. Stovall spent from Saturday until Tuesday in Midland visiting his daughter, Mrs. Chas. Stewart, and family.

Miss Susie Johnson of Vernon spent the week end here visiting her brother, Homer Johnson, and family. Miss Johnson is employed as visual education director for the schools of Wilbarger County.

Mr. and Mrs. Roy Ingram of Clovis, N. M., are here this week visiting Mrs. Ingram's sister, Mrs. Chris Moody, and family in Truscott and her brother, Milton Hunter, and family in Crowell.

Buy your heaters early before the cold weather rush.—Womack's.

Mrs. C. W. Thompson and Mrs. Howard Williams spent the week end in Abilene visiting in the homes of their daughters, Mrs. Crockett Fox and family and Mrs. Claud Kirby and family. They were accompanied by Jeannette Bolibruch.

Mr. and Mrs. Alton Bell have moved to Arlington where Mrs. Bell has been employed as mathematics teacher in the high school. Mr. Bell has been confined to his bed since they moved with a back injury.

A baby boy, David Francis, was born to Mr. and Mrs. F. J. Burian of Cicero, Ill., on Sept. 22. He weighed 6 lbs., 11 oz. Mrs. Burian is the daughter of Mr. and Mrs. Dave Adams of Crowell. Mrs. Adams has just recently returned home from a three weeks visit in the home of Mr. and Mrs. Burian.

FALL STYLE SHOW

The Sub-Junior Columbian Club was hostess to mothers of the members, the Sub-Junior Adelpian Club members and their mothers at fall style show and tea given in the Adelpian Club house Tuesday, Sept. 22.

The show, which was sponsored by Bird Dry Goods, was a great success. The girls were completely outfitted with dresses, coats, suits and all accessories needed by Bird's.

The guests were greeted at the door by a receiving line composed of the presidents and sponsors of both clubs. Mrs. Grady Halbert was introduced by Mrs. Kenneth Halbert as narrator. As each girl modeled her garment, Mrs. Halbert discussed its design, workmanship and material.

After the show the guests were directed to the dining room where punch and cookies were enjoyed. CloVonne McKown poured the punch, assisted by Billye Bell, and other officers of the club assisted in the dining room.

LIONS CLUB

Members of the Crowell Lions Club met for their regular Tuesday noon luncheon with a good attendance. Plans were made and committees appointed in connection with the carnival, sponsored by the club, to be held October 1, 2, 3.

The carnival consists of rides, games and other attractions that will be enjoyed by all.

CARD OF THANKS

We want to express our sincere appreciation for the sympathy and kindness shown us in our bereavement caused by the death of our beloved wife and mother. May God bless you, is our prayer. J. A. Whitfield and Family.

CARD OF THANKS

To our many friends in Crowell and Vernon, we thank you sincerely for sharing our sorrow. Your thoughtfulness is appreciated and will always be remembered. The Lee Ribble Family.

LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth—Football fans are familiar with the exploits of Slingin' Sam Baugh who starred at TCU and later with the professional Washington Redskins.

This week at Fort Worth he scored again, and probably got a bigger thrill than he did from many of his pigskin heroics. Sam Baugh took the feeder calf honors with the top load Monday.

Baugh ranches near Rotan in Fisher County. He has built a fine herd of Herefords with part of his football earnings. At Fort Worth Monday, he sold a string of calves that included 45 head of steer calves at 524 pounds and \$19 per hundred, best price here in a couple of weeks. The heifers off them sold at \$14.

As September faded and the calendar rolled around toward October, the calf market staged a brisk rally from last week's extreme lows. Most sales were fully 50c to \$3.00 higher than at the close last week, and some spots were \$1.00 to \$2.00 up.

Lighter receipts all around the market circle, plus improved shipper and order buyer demand accounted for the better calf market.

All sections of the cattle market were fully steady to stronger, except bulls which eased 25c to 50c per hundred.

Highly finished cattle were scarce as heifer's teeth at Fort Worth Monday, except for scattering boys club calves, a few of these sold at \$25 to \$26. Other good to choice fed steers and yearlings sold for \$17 to \$22. Most grassers sold from \$10 to \$15.50 with cutter grade yearlings from \$7 to \$9.

Fat cows drew \$9.50 to \$12, while canners and cutters sold for \$6.50 to \$10. The latter figure reserved for high yielding Brahman and western cutters. Bulls sold from \$8 to \$12.50. Fat calves of good and choice

grades sold for \$12 to \$14, best heavies \$14 to \$15. Common and medium butchers sold from \$9 to \$11, and culls drew \$7 to \$9.

Good and choice stocker steer calves sold from \$12 to \$17, a few higher and the top load at \$19. Stocker steers and yearlings sold from \$9 to \$15.50, while replacement cows sold from \$8 to \$12.

Strong shipper demand put a 50c advance on hogs at Fort Worth Monday, and top hogs sold mostly at \$26. Sows were strong to 50 cents higher at \$21 to \$23.50.

Fall movement of sheep and lambs continued to expand here as 7,700 were reported at Fort Worth's yards on Monday. Slaughter lambs were strong to 50 cents higher. Fat yearlings were strong. Old ewes lost around 25 cents per hundred. Feeders were very scarce and steady.

Good and choice fat lambs drew \$16 to \$17, and cull, common and medium kinds sold from \$10 to \$15. Stocker and feeder lambs drew \$9 to \$13. Old ewes drew \$5 to \$6.50, some fresh born hard culls down to \$4. Old wethers drew \$6 to \$7. Solid mouthed ewes sold for \$7 to \$8. Slaughter yearlings cashed at \$10 to \$12.

A rush of cattle and calves to market on the heels of the first killing frost has market men worried. They are advising cattle men to ship, or plan shipments, so as to get in ahead of this forced rush after a general frost hits. Excessive numbers could mean a bad break in prices and many producers will not be able to postpone shipping after a frost for long.

Solution to Livestock Problems Will Be Discussed October 3

A major topic on the program of the Seventeenth Annual Range Improvement Field Day at Woodward, Okla., on Saturday, Oct. 3, will be the current livestock situation and what the Oklahoma Cattlemen's Association is doing to help the present crisis. Olin Reid, rancher of Roosevelt, Okla., and member of the executive committee of the newly formed Oklahoma Cattlemen's Association, will discuss this urgent problem. Mr. Reid is a well-known rancher of southwestern Okla-

homa. He has been on the ground floor to help organize Oklahoma cattlemen for the first time in their history. The organization which he represents is now in a position to render much valuable aid to stockmen. Mr. Reid will discuss his organization and the numerous steps which it is taking to alleviate the devastating financial condition which many stockmen find themselves in today.

Today more than ever before, it behooves the cattle raiser of the Great Plains to produce the most beef on the least land for the lowest possible cost. A stockman who is abreast of the most recent range improvement and livestock improvement methods will stand the best chance of coming out on top. Latest developments in these fields will be discussed by Dr. Jack R. Harlan and Dr. Leslie E. Johnson of the USDA's Forage Division of the USDA's Bureau of Animal Industry.

Another famed barbecue lunch will be served by the master barbecuer, Clay Potts of Oklahoma A&M. All stockmen and conservationists are invited and urged to attend. The tour will start at the Woodward station at 8 a. m., Saturday, October 3.

Too Late To Clean

STRAYED — One White steer calf, South of Town, Notify Bill Tysinger.

Big "Tex" Will Speak for Himself at Fair

Big "Tex," the 52-foot boy figure symbolic of the State Fair of Texas, will speak for himself at the 1953 October 10 through 25.

The giant statue has equipped with an electronic that will enable him to speak to anybody, General Manager H. Stewart has revealed.

It required months of research and weeks of work to make big man talk. His jaw will be in synchronization with big talk as he announces the fair program.

And he'll have plenty to say for the 1953 edition America's greatest and grand annual fair looks as the pinkest of 'em all.

The array of new exhibits include a three-bedroom home specially designed for Texas, landscaped and fully furnished. The Navy's new guided missile, top secret a few months ago, will be on display.
