"Shane" Opens at Alto Saturday

That promises to be one of the finest films ever to occupy screens of the Rio Theatre show next Saturday, Sunday, Monday, when George Stearns, Paramount production, "Shane" makes its eagerly awaited debut. Starring Alan Ladd, Jean Hagen and Van Heflin, with Jack Palance and Brandon De Wilde, "Technicolor saga of the West" has already been hailed as a masterpiece in motion picture production.

The classic tale told in "Shane" is that of the homesteader versus the man in the fierce struggle to control the range. Against such conflict is woven the intriguing story of a farm family — mother, father and son — and of the bucked, gun-toting stranger who comes into their midst and ignites their cause against the vicious cattlemen. How this serious stranger manages to do that for the forces of evil, and that he has on the farm, is the crux of the wonderful and exciting tale.

Written for the screen by Walter Newman, "Shane" is a prize winner, A. B. Guthrie, Jr. novel by Jack Schaefer. "Shane" emerges as a compelling drama containing all of the ingredients that make for a picture greatness.

The supporting cast features talented players as Edgar Buchanan, Emily Meyer, Ben John Johnson, John Dierkes, and Elisha S. Producer-director George Stevens, in "Shane," has reported a film of great scope magnitude.

Over 10,500 feet of terraces were completed this week on the O. K. Harbour farm two miles northeast of Medicine Mound. They are the large ridge type terraces constructed level to hold most of the water that falls on the land. This will reduce water erosion and force more moisture into the ground for next year's crop production. Harbour plans to contour farm with the terraces.

Palk Barnes, another cooperator with the Lower Pease River Soil Conservation District, harvested 500 pounds of guar beans per acre from a field of the branching variety. Palk will plant cotton on the guar land next year. Palk plans to plow up alfalfa this winter and follow it with cotton next spring. From moisture penetration checks made recently on the Barnes farm it was found that moisture went down almost three times as deep on alfalfa ground as compared to cotton land.

Allen Cunningham is grazing twenty head of steers on about 20 acres of alfalfa. The alfalfa is too thin to cut for hay but sure is making those steers look good. Cunningham did not get enough rain this year to plant cotton so that he finally did get a little moisture he planted 100 acres of guar in August. The guar will help build up his land and keep it from blowing this winter. Even though the guar was planted late Allen thinks he can make a few dollars above seed harvest cost. Guar planted in August is about like planting cotton in August. Neither one has time to make a crop before frost.

Allotments to Be Set for All Foard Co. Cotton Farms

Cotton acreage allotments for the 1954 crop are now being established for all of the eligible farms in Foard County and each cotton farmer will be notified by mail of the acreage allotment for his farm before he votes in the December 15th marketing quota referendum, says Dwight L. Campbell, chairman of the Foard County Agricultural Stabilization and Conservation Committee.

He explains that the national cotton acreage allotment is the acreage which at average yields will produce 10 million bales, the minimum quantity set forth in the law. Based on the 1948-52 national average yield of 268 pounds per acre planted, the national acreage allotment for upland cotton is 17,910,448 acres. The national acreage allotment is divided among the States and counties based largely on cotton acreage during the years 1947, 1948, 1950, 1951 and 1952.

The county allotment is divided largely among farms that have grown cotton in the past three years, but a small reserve is made available for "new" cotton farms, small farms, and for hardship cases. In distributing the acreage reserve, the county committee considers the type and productivity of the soil, labor, and equipment available for cotton production, past cotton production, and other factors.

Crowell Cemetery Needs Financial Aid for Upkeep

Those who have subscribed to the support of the Crowell Cemetery through November, reported by Mrs. N. J. Roberts, president, are listed below:

C. C. Ribble, \$10.00; Mrs. Karl Ten Brink, Electra, \$5.00; George Cates, Missoula, Mont., \$5.00; Mrs. J. E. Atcheson, \$5.00; Mrs. J. W. Alexander, Lubbock, \$5.00; Mrs. G. J. Benham, \$3.00; Mr. and Mrs. Clyde Cobb, \$3.00; George Benham, Pampa, \$5.00; W. A. Cogdell, \$5.00; Children of Mr. and Mrs. J. H. Self, \$15.00; total \$69.00.

Mrs. Roberts makes the following report of the cemetery's financial condition:

"There has been four months this year that our receipts have ranged from \$59 to \$71. We cannot operate on so small an amount. Are there not those who have not helped with this worthy work during the year, take this as a reminder that there is yet one more month in 1953 that you might give toward the support of our cemetery?"

"The sexton has been off two months, which gave him an opportunity to better his income and lessen the expense of our upkeep. He went back to work Dec. 1. Volunteer subscriptions are our only support. This is the way most of our neighboring cemeteries are operated. Some few have city tax. Lot sales amount to very little."

"The recent rains have shown how badly we need some street repairs. Our expenses are all out of proportion to our income. We'd urge conservation of water. It's paid for out of the regular fund."

"This fall is a good season to encourage setting out of trees, cedars being the only thing that survive the long, dry summers, and require no water after the first year. We think of the cemetery as a whole, and not just a few well-kept lots."

"The caretaker has filled dozens of sunken graves this fall because of the heavy rains. This would not be possible if we did not keep him there, that he might keep his eye on the entire plot. How wonderful if our community would concentrate on this as our civic project. It would be a reflection on us to have to resort to shows, bazaars, etc., to hire our most beloved plot cared for, when just a nominal sum from relatives and friends would see the job well done."

"There's a central spot just north of the gate that would make a nice project for some organization to beautify. We'd like to see the memorial slab in the City Park placed there, and the crosses that were used on Armistice Day. Maybe some one would like to give some trees for the new drive way? Give or mail your contributions to Mrs. Roberts or Lee Black."

New Title for PMA Is ASC Committees

"Agricultural Stabilization and Conservation Committees" is the new name for the former state, county, and community committees of the U. S. The brief designation "ASC Committees" will hereafter identify the old "PMA Committees."

The Wildcats are thankful for the five peppy cheer leaders and a host of cheering fans, which helped make the 1953 season a successful and memorable one. Also for the seemingly unending patience of their coaches.

They are thankful for their managers, always running here and there trying to find the best for their team.

Thanks is given for the faculty of CHS and their time spent before the game taking and selling tickets, passing out programs, and numerous other tasks.

The teams express gratitude for the downtown Wildcat boosters and their endless efforts to support the squad.

Included in the prayer of thanks is the Wildcat band and their rendition of the school song, played at all the games and pep rallies.

And too, our Wildcats are grateful for their graduating senior lettermen who, by their spirit when the chips were down, pulled them through. The Wildcats are thankful also for the pleasant memories left by these boys who will never play high school football again.

Gratitude is also given to Mr. Huskey and Mr. Brisco for their jobs of keeping the field house and football field in tip-top shape.

And not to be forgotten most of all, are the generous citizens of Crowell who gave their time in order that the football boys might have rides home after practice. They are as follows: H. H. Adkins, C. V. Barker, Gordon Bell, Mike Bird, Henry Black, Henry Borchardt, J. T. Brooks, Ray Brown, Joe Burkett, Loraine Carter, J. M. Crowell, Marion Crowell, George Davis, Irving Fisch, Glen Goodwin, C. G. Graves, J. T. Last of all, the Wildcats are thankful for the privilege of living in the United States and being physically able to participate in the democratic and sportsmanlike game of football. For all these things and many more the Wildcats give thanks to God, while hoping that you, too, will offer a small prayer during these days of Thanksgiving.

TODD ATTENDS STATE TEACHERS CONVENTION

Mrs. Elmo Todd attended a luncheon and business meeting of the Texas Speech Association held in the Men's Faculty Club, SMU, Dallas, Nov. 27.

The speaker, Dr. Harold Weiss, SMU, recently returned from a year's teaching in Siam. His topic was "Speech and Theater in the Land of the Yellow Robe." English is the universal second language all over the East with Russian as a possible exception. The world is eager for teachers of spoken English.

Dr. Weiss was the first English teacher in the school where a student pays \$11 for all expenses for a year's schooling, but becomes the property of the government for life.

Dr. Weiss told many amusing and interesting details incident to his year in Siam such as acquiring a dead canary for the play, "Trifles," in a Buddhist country; entertaining Dr. and Mrs. McCandless at a dinner party while the customary lizards went about their bug-catching above the table, the extraordinary amount of respect accorded teachers in the East and the relaxed atmosphere for learning so different from our hurried one.

Mrs. Todd attended other speech conferences that discussed "Increasing the Effectiveness of the High School Speech Program." Teachers from various high schools served on these symposiums.

THIS, THAT AND THE OTHER

CHS is back to the old grind after a very delightful holiday! Everyone has to go to work again.

Too bad about the girls' basketball game! Quannah beat them by a narrow margin of 6 points. They will play Knox City in the Crowell gym Friday night at 7 o'clock. They also play a game Thursday night at Matador.

The English III students are enjoying a brief rest; they have completed the difficult task of writing their autobiography. The CHS band is working for a

sound board to improve acoustics of the building. They also want to buy other new equipment for the band. The band is scheduled to play in a concert in the near future.

FLASH! MISS WELCH AGED 13 DAYS PLUS, ARRIVES AT WELCHES

A delayed flash! (The Wildcat staff did not receive the news arriving in time to be called a Thanksgiving present. She is so new that we do not have complete information about her. She arrived early Saturday morning, Nov. 21, and her name is Amelia Beth Welch. She is the daughter of Mr. and Mrs. James Welch and will be in her father's drivers training class in about 14 years.

DRAMATICS CLUB SELECTS COMMITTEES

Crowell High Dramatics Club met Wednesday afternoon at 2:30 in the speech room. The president, Frances Kincaid, called the meeting to order and the roll was called. The treasurer's report was given.

An election was held and Gaylon Whitley was elected parliamentarian. Gordon Graves was elected program chairman and Robert Graves and C. T. McDaniel are the other members of the committee. The entertainment committee consists of Lindel McBeath, chairman, David Jackson and Carolyn Smith.

Members of the production staff are Joe Don Brown, stage manager; Billy John Rader, assistant stage manager; Don Kidd, electrician; Gordon Graves, scenic designer; Sue Meason, publicity; and Gerald McAnally, make-up.

MONTHLY FHA MEETING HELD LAST TUESDAY

An educational and entertaining play satirizing the difference in a home with and without planned housekeeping and homemaking was featured at the FHA meeting last Tuesday. Cast members were Nita June Carroll, Nan Sue Shultz, Genevieve McDaniel and June King.

The business meeting consisted of a discussion on sending Christmas cards to a mental hospital at Austin so that the people might send the cards to friends and loved ones. It was decided that

this would be a project. The girls voted to bring gifts for a needy family instead of for each other to the annual Christmas party.

After the program, Carolyn Smith, Billye Bell, Billye McCoy, Sue Meason and Frances Kincaid served Cokes, cookies and candy to approximately 45 members.

HOME ECONOMICS HANDY, SAYS SENIOR GIRL OF WEEK

She has light brown hair, big blue eyes and a friendly smile for everyone. That describes our senior girl of the week, Nita June Carroll.

Last year Nita June became very ambitious and industrious, deciding to graduate in three years. She doesn't seem to mind at all the extra work which takes up much of her time this, her third and final year in CHS. It isn't that she doesn't like Crowell High. It is just that she has some very big and important plans after graduation which include a certain last year's graduate from our school.

She loves to read, and especially does she like books by Grace Livingston Hill. She is a good cook and seamstress and tells us her favorite food is chicken fried steak just drowned with catsup. Her favorite subject throughout high school has been home economics and she is president of the local FHA chapter.

When asked her favorite pastime, she looked rather surprised and answered, "Donald of course". The question of her future is answered very clearly when you see the ring she proudly wears on her left hand. Donald, of course!

FRIED CHICKEN, FARMING FAVORITES WITH KAJIS

Our senior boy of the week is a boy who says he likes fried chicken so well that he can smell it 20 miles away. That's very good!

However, we think Eugene Kajis was exaggerating somewhat when he told us this. We understand, though, that fried chicken ranks at the top of his food list. Now to tell you a little about the guy himself. He has very light blonde hair, blue eyes, and a ruddy complexion. He is good humored and enjoys making new friends and associating with different people.

This friendly senior boy has

a number of likes and hardly any dislikes. In fact, he didn't tell a single dislike. He enjoys hunting and fishing, watching TV or listening to the radio, books by Will James, football and baseball and he tells us vocational agriculture has been his favorite subject in high school.

Kajis, as nearly everyone calls him, aspires to be a farmer some day and modestly adds, "if I ever get out of high school." He plans to attend college, probably at Midwestern and then settle down to a farming career.

HOLIDAY SOCK HOP A SMASHING SUCCESS

Even before dance time, 7:30 last Friday night, the Country Club was filling up with eager teen agers dressed in levis, loud socks, shirts, and sweaters.

An idea originated by the Junior Adolphians, the dancers checked their shoes, along with their 50c entrance fee, at the door. By spending an evening of dancing in socks, the dancers suffered a few bruised toes caused by careless "cats."

Popular music as played by recorded vocalists and name bands highlighted a highly original and fun-filled evening of "Paul Jones," bunny hops, chicken reels, and split-up round dancing.

Approximately 70 attended the hop, receiving free Cokes and cookies as a time-out refresher between dances.

The Right to Work

The right of every American to work whether or not he wants to join a union, is a basic, democratic right, according to the Chamber of Commerce of the United States, and should be guaranteed by law.

Under the Taft-Hartley Act, a worker can be forced to join a union, after being hired, as a condition of keeping his job, if a majority of workers in a plant have voted for the union. Some labor leaders argue that this is just a case of majority rule.

However, the Chamber points out that to most Americans, majority rule does not mean that the winning political party can force the losing party to give up its independence and provide financial support for the majority party. Nor does it mean that a business organization has a right to coerce employers who do not want to join.

Most Americans, the Chamber notes, believe in the rights of minorities. So do many union leaders. But the fact that some labor leaders must resort to the union shop is in itself a negation of the traditional view of majority rule, the Chamber says. It is an admission that truly democratic group action would control union power.

The Chamber also points out that only one-third of the 45 million American workers eligible for union membership belong to unions.

Health Letter

Texas State Department of Health, Austin, Texas. Geo. W. Cox, M. D., State Health Officer.

There is no doubt that carbon monoxide — associated with gas heaters—is one of the most deadly and least publicized of all the poisonous gases, said Dr. George W. Cox, State Health Officer. Carbon monoxide is formed when there is not enough oxygen mixed with the burning gas, or when the design and operation of the equipment is faulty.

With a toxicity comparable to the gases that have been used in warfare not enough attention has

News items below were taken from the issue of The Foard County News of Friday, November 30, 1923:

T. J. Bell, who came here in 1890, passed away at his home about 6 o'clock Sunday afternoon.

The Northern Plains country is a wonderful section. When the leaves are green in this country it snows up there. This week a snow 8 inches in depth is reported to have fallen at Amarillo. Nothing much is said about other places in the Panhandle. When it snows in Texas it is always at Amarillo. And it usually comes about as early there as in Canada. Great is the Plains and great is Texas. Down on the coast they are still bathing in the Gulf.

There is a lot of cheap talk but not much talk that is cheap, unless one prizes pretty dearly the ordinary kind of flapdoodle that escapes from some heads.

been given to the deadly effects of prolonged exposure to carbon monoxide. This gas claims far more than its share of accidental deaths in Texas.

Dr. Cox makes the following recommendations for use of gas heaters:

1. Make sure the heater is properly adjusted.
 2. Use metal tubing for connecting stove to gas line and check for leaks.
 3. Always ventilate a room when the heater is burning.
 4. Do not use any artificial gas in a heater designed for natural gas.
 5. Never let the stove burn all night.
- Carbon monoxide from automobile exhausts is a big health hazard, warns Dr. Cox. He said many motorists have wrecked their cars and been listed as a highway death when carbon monoxide was the real killer. Cars should never be run in garages with the doors closed.

Receipts of cattle and calves were again heavy at all points on Monday, and the trade was inclined to weaken as a result of the heavier supplies.

Grainfed offerings of steers and yearlings were in much larger proportion at all markets, including Fort Worth, than in most recent sessions.

Stocker trade was active, with the better quality kinds moving to good advantage, and broad demand for stocker cows was noted. Buyers had many orders in hand for young cows, and there was again considerable activity on the wheat-felder types of cattle.

The twelve markets reported about 30,000 more cattle and calves on Monday than a week ago.

Good and choice slaughter steers and yearlings drew \$17 to \$23, some 105 steers at \$23 averaged \$92 pounds and came from V. O. Hildreth of Aledo. He also had 15 heifers at 809 pounds at \$21.50.

Gladys Sealing Martin, Clay County, sold a load of steers at 953 pounds at \$22.50. Harley & Franks of Oklahoma had a load of 921-pound heifers at \$18.50.

Ward Jones, Oklahoma, had a load of steers at 1,321 pounds at \$21.50. H. Custer, Oklahoma, had 57 steers at 1,213 pounds at \$22.50, mates to cattle sold last week at the same price. Mrs. I. D. Burleson, Freestone County, had a load of 1,018 pound steers at the top of \$23. K. Y. Fairman, Denton County, had a load of 543-pound yearlings at \$18.50.

Common and medium slaughter steers and yearlings drew \$11 to \$16 and cutter grades sold from \$8 to \$10.

Fat cows sold from \$10 to \$12, and some heiferettes higher. Canners and cutters cleared at \$6 to \$10. Bulls sold at \$8 to \$12.

Good and choice slaughter calves sold from \$14 to \$19, some 550-pound calves at the higher price. Common and medium offerings cleared at \$10 to \$13, and culls cashed at \$7 to \$10.

Good and choice stocker steer calves drew \$14 to \$19, and stocker steer yearlings sold from \$18 down. Stocker cows cleared at \$8 to \$12.

The hog market was better again, with advances of 50 cents to \$1 per hundred. Good and choice butcher hogs sold at \$23 to \$23.50, the best prices here since the fifth day of October. Sows were strong to \$1 higher, selling at \$19 to \$21.

Shippers and small packers again completely dominated the trading on good hogs, major packers bidding mostly 50 cents to \$1 less than the bulk of the better hogs sold and not getting much done at those prices.

The sheep trade was uneven with most lambs inclined to weaken. Fat lambs were weak to 50 cents lower, and feeder lamb trade was rather dull and weak. The quality of the offerings was rather low, except for a few bunches.

Old sheep were steady. Ewes sold from \$6 to \$7 for slaughter with some breeders from \$7 to \$10. Medium and low grade yearling muttons sold around \$10 to \$14. Old wethers drew \$7 to \$10. Old bucks sold for \$3 to \$3.50.

Good and choice fat lambs sold from \$17 to \$18.25, the latter on shorn lambs, No. 3 pelts, at 91 lbs. from Carl Robinson, Big Spring.

Home Demonstration Notes
MRS. MARY D. BROWN

Now that Thanksgiving is finished, most of us can begin to plan for the Christmas holidays. Each club was represented at the training school on Christmas Decorations, and I'm sure you will enjoy the program your leaders bring back to you.

We will start our new year with a demonstration on interfacing and buttonholes in January.

As we begin a new year let's all take time to stop and evaluate our club work. Did you take part in all club activities? Did you attend as often as possible? Were you an active club member? If not, then let's all make a resolution to do better next year.

Our recipe this week is for white fruit cake.

- White Fruit Cake**
1/2 lb. butter, 3 cups sugar, 4 cups flour, 1 cup milk, 3 teaspoons baking powder, whites of 8 eggs well beaten, 1 medium coconut (grated), 1/2 lb. candied pineapple, 1 lb. citron, 1 lb. candied cherries, 1 lb. pecans, 1/2 lb. almonds.
- Cream the butter, add sugar gradually and cream well. Sift flour, measure and combine with baking powder. Add milk alternately with flour. Chop fruit and nuts and sprinkle with flour. Add to the cake batter. Fold in egg whites. Greasing and lining the pans helps prevent the cake crust from becoming too brown, thick and dry during baking. Grease pan. Line with waxed paper or heavy brown paper. Grease paper. Bake in a slow oven (250 degrees F.). The baking time depends on the size and shape of the loaf. This table may serve as a guide for cooking.
- | Wt. of Cake | Approx. Time |
|-------------|---------------|
| 1 lb. | 2-2 1/2 hours |
| 2 lbs. | 3 1/2 hours |
| 3 lbs. | 4 hours |

AUTO QUIZ for new car buyers

What's the safest car you can buy?

(Here's how Motor Trend magazine rates 20 leading American automobiles)

*AERO WILLYS, of course!

Phelps Motor Co., 202 S. 1st, Crowell, Texas

"The coffee's terrible but it's the only restaurant in town"

Muddy coffee. Soggy toast. Indigestible food. Bad luck for the hungry salesman who stops in that town for a bite to eat. The missing ingredient is "competition."

Funny how that word has a way of stirring up activity.

People who manufacture things, for example, prickle all over when they think about competition. They sit up evenings fretting about it, and spend millions to improve their products. The result, of course, is high quality at lowest possible cost. And the winner of a contest like that has to be the public.

People are tempted sometimes to wonder what life would be like without competition. For a clue, they might note the shabby fall in living standards in countries where clumsy fingers of state monopoly have strangled competition.

Over 3,000 manufacturing firms in America share in the electrical business. We can name offhand 20 sizable firms that compete at giving the public better refrigerators. There are more than 200 rivals in the making of electric motors. At least 37 in electric irons; 53 in home freezers; 25 turn out vacuum cleaners. And so on down the list.

Some companies competing with General Electric today actually sprang up from the seeds of General Electric research. New products have invited new companies. In certain cases, whole new industries. And more will come.

The competitive race just never ends. That sounds tiring for the contestants, but in fact it is healthy exercise. Healthy for the country, too. At General Electric we wouldn't have it any other way.

You can put your confidence in—

Dear Friends:

I am a showman and as such I accept the part that sensationalism plays in my business. Exaggeration, the glowing phrase, appealing pretty girls with shapely figures—all of these are part of the "glamour" of show business and its advertising.

But frankly, as head of a Christian family, I regret that the producers of "Salome" have given so much prominence to the "Dance of the Seven Veils" in their advertising material on that picture. "Salome is a Bible story—a magnificent, exciting, soul-stirring drama of deeply religious significance. Everyone knows that Salome's famous dance was performed while that devout man of God, John the Baptist, was being beheaded by evil and lustful King Herod, but the dance itself pales to insignificance before the spectacular scenes of John the Baptist on trial, the miracles of Jesus, the immortal Sermon On The Mount.

In my humble opinion, "Salome" might very well be presented as a sermon in any church. Its story dramatizes the dawn of Christianity, the courage of those who chose to follow Jesus Christ in spite of Herod's brutal prosecution.

I hope our patrons will remember "SALOME"—not alone for its "Dance of the Seven Veils"—but as a memorable and deeply inspiring event in our theatre.

We will proudly present "SALOME" Sunday and Monday, December 13 and 14, and at our REGULAR ADMISSION PRICES.

COLUMBIAN CLUB

Observance of the true Thanksgiving meaning was the theme of the Columbian Club on Wednesday, November 25, when Mrs. M. O'Connell entertained the group in her home. In the absence of the president, Mrs. Bert Self had charge of the business meeting.

Mrs. Bedford Smith, leader for the day's program, led the group in repeating the club collect and the pledge to the flag. She then introduced Rev. Russell McAnally, who spoke on "Our Freedom."

"We are a privileged people, possessing far more freedom than anyone of any other land, yet we abuse our freedom beyond commensurate measure," stated Rev. McAnally. He told of the first Thanksgiving dinner, with the five grains of corn as the meal, and once again called attention to the waste of food today.

"So long as there is one who is hungry, we cannot realize freedom from want... and if we want freedom we must be willing to pay the price of freedom by accepting the responsibilities entailed therein. Freedom is not a state of being; it is a challenge. Under no circumstances have we the right to demand any freedom if we are unwilling to grant that same freedom to everyone the world over."

Following the thought-provoking speech, Mrs. Self adjourned the club. Refreshments were served by the hostess to sixteen members, and one guest, Mrs. Emil Egg of Granado, Texas.

ADELPHIAN CLUB

The Adelpian Club met at the club house on Nov. 25 for a regular meeting. The program was divided into two parts. Thanksgiving and a book review.

Mrs. Ernest King inducted the Thanksgiving thought in her regular report as Federation counselor. Judy Borchardt read "Thanksgiving" which reflected the spirit of Thanksgiving and was tinged with a sense of humor.

Mrs. Earl Manard was the book reviewer for the afternoon and she chose four short stories selected from the writings of Alice Marriott. Preceding Mrs. Manard's stories, Mrs. Virgil Johnson gave a short resume of the life and writings of the author.

Mrs. Manard presented the following stories: "A Well-Stocked Pantry is the Housewife's Pride," "The Ordeal," "The Shopping Trip," "Texas 1948," and "Blizzard Winter in North Dakota 1948."

Mrs. Carrie Hart and Mrs. Henry Borchardt, as hostesses, served lovely refreshments.
