We Have Not Forgotten

On the first anniversary of the storm which struck our home town, we feel a sense of gratitude for the courage and faith which has been shown by our citizens in the efforts they have put forth to rebuild what was literally blown away. Our heads are bowed in tribute to the friends who lost their lives at that time. Our sympathy remains with their loved ones. Much suffering has followed, suffering of which few know, at the loss of loved ones, loss of homes, and loss of material things. But, we have reason to believe that not many tears have been shed for the material losses. Courage has been displayed on every side. Many homes have been rebuilt, businesses have been rebuilt. Faith has been demonstrated in the making of new businesses and in the general remaking of the town. Even trees and shrubbery have been replanted—things which add to the general moral uplift of a people.

The faith and courage displayed by our fellow townsmen inspires us to go forward with greater zeal than ever before to add our bit to the making of a better, larger and finer Crowell than the tornado took away. We are proud of the rebuilding, proud of the new businesses, proud of the loyalty of the old businesses—but—we are prouder of the undaunted courage and the unabated determination to carry on in spite of the disaster—for such a spirit cannot but accomplish life's better things. It is such a spirit as will help win the war, it is such a spirit which will be passed on to posterity in the rebuilding of a new world when the war is won. We feel a deep sense of pride to be citizens with such people.

Our minds review the numerous sources of aid which came to us, even before we could realize what had taken place. The Red Cross, the U. S. Army, State Highway Department, other government agencies, our sister towns—the memory of their evidences of friendship and their material aid and their persistent offers of further help, causes us to thank God for friends and neighbors. It would be impossible to name the sources of help which were ours. And, we would never forget our own loyal individuals, who, though in trouble themselves, busied themselves to help others; our doctors, nurses, first aiders, etc. So it is with hearts filled with gratitude and appreciation that we again say, "Thanks."

Foard County Nearing \$82,000 Quota in Second War Loan Drive Which Closes Friday Night; Everybody Should Help

Foard County lacks only a few thousand dollars of reaching its quota of \$82,000 in the Second War Loan Drive, it was announced Wednesday morning by H. E. Ferguson, county chairman. Mr. Ferguson appreciates the splendid co-operation of the people of the county in raising this amount and urges everybody to help in every way possible to put the county over the top.

With the sale of almost 813 Billions of U. S. Treasury securities already assured in the first two weeks of the 2nd War Loan Drive, R. R. Gilbert, president of the Federal Reserve Bank of Dallas and chairman of the War Finance Committee for the Eleventh Federal Reserve District, is proud to praise the 25,000 volunteers who are doing such a fine selling job in the district.

Indicative of what a great sales job already has been done in the

111 counties in the Eleventh Federal Reserve District, he said that at the close of business Saturday, April 24, this district had already passed its \$200 Millions quota of War Bond sales to non-bank buyers, and that indications are that by the end of the 2nd War Loan Drive the district's non-bank quota would be exceeded substantially.

Mr. Gilbert specifically complimented the unity of effort which the War Savings Staff organizations and the Victory Fund groups have achieved through perfect teamwork in each community where the two organizations exist. He mentioned how groups accustomed to selling bonds to employees on a pay roll deduction basis have done an outstanding job by continuing their effort while selling additional bonds outright as part of the 2nd War Loan Drive; and said that this applies also to those who have been and are conducting stamp-selling campaigns in schools and at other meeting places. He lauded insurance company folks, building and loan people, cashiers, accountants and salespeople from every type of business institution who have used their own time and have made such a splendid effort without any monetary compensation, to perform this vital sales job as volunteers; and he also said that labor groups and women's organizations have done great work.

After complimenting the thousands of volunteer workers in the district outside of banking organizations for their remarkable achievement in selling U. S. Treasury securities to non-banking individuals, partnerships, trustees, etc., Mr. Gilbert complimented the banking industry. He said that because bank personnel can always be relied upon for leadership in any local civic undertaking as well as in any economic development he expected great results, as usual, from their participation. But in this 2nd War Loan Drive he told how the bankers had gone to great lengths to encourage depositors to use idle funds in commercial accounts as well as in savings accounts, in order to buy bonds in this 2nd War Loan Drive.

Men in Service

Staff Sergeant Herman D. Sandlin, son of Mr. and Mrs. Arthur Sandlin of the Vivian community, having successfully completed his three months' course at the Air Forces Candidate School at Miami Beach, Fla., has received a commission as 2nd Lieutenant in the Air Forces of the Army of the U. S. He is in the Supply Department. The information reached The News through a release from the office of AAF Training Command at Miami Beach.

A letter from A. C. Albert M. Cox, son of Mr. and Mrs. Bill Cox, says that he was being moved from Spartan School of Aeronautics to Strother Army Air Field at Winfield, Kansas. He has graduated from primary flight training and is ready for his basic training. He says that he is looking forward with pleasure to the training. He further states that he has enjoyed his stay at Tulsa very much.

In a letter from Miss Frances Marguerite Lewis of Washington, D. C., she gives information concerning her brothers, S. M. Lewis, G. M. 2/C, is located at Camp Peary, Williamsburg, Va. She has recently visited him and his wife and found them fine. Another brother, Glenn C. Lewis, S 1/C, is stationed at Dutch Harbor, Alaska, likes fine and would like to hear from his friends.

Lynn McKown, who is stationed at Camp Wolters, Mineral Wells, has been promoted to Corporal, according to information furnished The News. Corp. McKown has completed his training as a surgeon technician, and also his basic field training. He sends greetings to Crowell folks by his wife of Quanah, who has recently visited him.

Edgar Long, son of Mr. and Mrs. W. J. Long of Thalia, reported for duty in the armed forces Monday in Lubbock. He had enlisted in the Army Air Corps Reserve several months ago and had been a student in Texas Tech. He received his call last week, and spent the week-end with his parents.

R. J. Roberts received birthday greetings Tuesday from his son, Master Sgt. Joe Ben Roberts, who is connected with the Ordnance Department of the Army and has been overseas for several months. Until receiving the message Tuesday Mr. and Mrs. Roberts had not heard from Joe Ben in a month.

Staff Sgt. Audie Brown of Russell, N. M., spent the week-end here with his wife and baby son, Russell.

A. C. Ted Longino, son of Rev. and Mrs. H. A. Longino, who has been stationed at Stamford for the past nine weeks taking his primary training, has been transferred to Enid, Okla., where he will take his basic training.

C. W. Thompson, Apprentice Seaman, is in San Diego, Calif., for a period of eight weeks at the U. S. Naval Training Station. He

Official Message Says H. D. Nelson Jr. Missing in Action

Mr. and Mrs. H. D. Nelson received notification from government officials Monday that their son, H. D. Nelson Jr., familiarly known as "Junior Nelson," was missing in action.

Just one hour previous to the receiving of the message, Mrs. Nelson had received a letter from Junior saying that he was well and happy and for his parents not to worry, there was no danger. He has been a gunner in the Army Air Corps and was in active combat in the African Theater of War.

Sgt. Gunner Nelson entered the service on Jan. 13, 1942, and was sent overseas early in May of last year, nearly one year ago. His letters have all been optimistic and happy, always telling his folks not to worry. He was an outstanding athlete, particularly so in basketball. Mr. and Mrs. Nelson will continue to hope for good news from their son.

Writes his father and mother, Mr. and Mrs. Charlie Thompson, that he is well and happy.

Lieut. Jack Roberts, who has been at Fort Sill, Okla., for several weeks, spent Monday and Tuesday here in the home of his parents, Mr. and Mrs. N. J. Roberts. His parents went to Lawton for him and he left Tuesday for Seattle, Wash.

Pvt. Edwin Edgin, son of Mrs. J. E. Minor, is at Fort Lewis, near Tacoma, Wash. He is now a bueler at the fort.

Corp. Billy Diggs of Lubbock spent the week-end here in the home of his parents, Mr. and Mrs. John Diggs.

RECEIVES PROMOTION

Pyote, Texas, April 26.—Jack W. Thomas, whose wife and mother, Mrs. Mamie Thomas, reside at Crowell, has been promoted from corporal to sergeant. Sgt. Thomas serves as chief postal clerk at the Rattlesnake Bomber Base here.

Crowell One-Act Play Cast Wins Regional Honors

The One-Act play cast of Crowell High School was winner of first place at the Regional One-Act Play Tournament which was held at WTSC at Canyon last Saturday. This entitles the cast to enter the State Meet in Austin on May 7 and 8 to contend for state honors.

The cast was accompanied to Canyon by Supt. and Mrs. I. T. Graves. Mrs. Graves is dramatic instructor at the High School. The judge of the tournament at Canyon, who is the head of the Speech Department at Junior College at Amarillo, was high in his praises of the cast and its presentation of the play, "The Severed Cord."

The cast includes Evelyn Jean Seales, who played the part of Anna, the mother; Roy Joe Cates, who played Jake, the father, and Bill Bruce, who was Carl, the son. Each member reflected credit upon himself and upon his director.

This is the third time that the One Act play cast of Crowell High School has won the Regional Meet and has had the honor of going to State and as a strange coincidence, the cast of the year 1933, won State honors with the same play, "The Severed Cord." The cast, at that time was composed of Mrs. Moody Bursey (Jim Lo's Gafford), Crockett Fox and Mitchell Allee.

In 1941, "The Last Flight Over" was presented at the State Meet by Virginia Thomas, June Billington, A. Y. Olds, Joe Wallace Beverly and Bill Bruce.

Vernon Salutes Crowell in Paper, Radio Program

The Vernon Daily Record and Radio Station KVWC dedicated Wednesday to Crowell upon the anniversary of the tornado which tore through Crowell on April 28, 1942. The paper showed pictures of Crowell one year ago and Crowell today. The pictures are in evidence of the rapid restoration which has taken place. The articles concerning the rehabilitation are encouraging and complimentary in every way. A copy of the paper was put in every door in Crowell and given out in the down town section.

Over KVWC, a period was given to Crowell people who appeared on a program at 12:30.

This recognition from Vernon and its citizenry is deeply appreciated by Crowell and many expressions were heard voicing that appreciation. The neighborliness shown to the people of Crowell by Vernon at the time of the storm and since then will always be remembered.

The letter which follows is from R. B. Anderson, president of the Vernon Chamber of Commerce and is self-explanatory:

Dear Mr. Klepper:

This letter is just a brief note to let you know that we in Vernon have the greatest respect and admiration for the citizens of Crowell and Foard County, for your fortitude and ability in rebuilding your community after

Age Limits for N. Y. A. War Training Are Reduced

In view of the necessary ex- pansion of military and industrial personnel for maximum utilization of all available and potential sources of labor, the age requirements for enrollment of youth trainees have been lower- ed to include youths between the ages of 16 and 18 years whose services would not be immediately required in normal industry. The Consolidated Vultee Aircraft Corporation in Fort Worth, as well as numerous other concerns throughout the state are employ- ing a great number of sixteen- year-old boys and eighteen-year- old girls who are graduating from high school this year. Most of these young men and young women will be employed by Consoli- dated Vultee after completing training at N. Y. A. resident centers. Sixteen-year-old boys are offered training in aircraft sheetmetal and are paid while learning this trade at the N. Y. A. resident centers.

Supervision, pay and leisure time activities have been set up for this age group to meet the policies of the War Manpower Commission and the requirements of the Children's Bureau of the Department of Labor. Eighteen to twenty-five-year-old women are particularly needed in war industries who have had training in aircraft sheetmetal, machine tool operation and radio and electrical assembly.

A wage of approximately \$16.00 per month is paid to trainees who receive room, board, laundry and medical care while training.

At the Ranger Center, youths are housed in N. Y. A. constructed house, stone cottages, housing 20 girls each, are grouped around a central dining hall, adjoining a large recreation center. Each girl has her own clothes closet, shares a dresser with several others, and sleeps in a single bed. Interiors of the cottages are at- tractively finished in pine wood paneling, with venetian blinds at the windows. The kitchen, dining room, administration building and infirmary and shop buildings are located close to the dormitories.

For further information, see A. D. Taylor, N. Y. A. counselor at the Welfare office in the basement of county court house on Tuesdays, between the hours of 9:00 a. m. and 2:00 p. m., or write him, P. O. Box 104, Paducah, Texas.

INTERESTING FACTS OF THIS AND THAT

According to a survey made by the Management Research Division of the National Industrial Conference Board during 1942, absenteeism in war industry re- sulted in a loss of more than 422,700,000 man days. This repre- sents the work of 10,000 men for 117 years.

At the end of World War 1 the American troops had 241 tanks most of which were supplied by the Allies; now more than that many are being shipped on a single transport.

During the first World War 891,827 American soldiers were sent abroad. To date the number stationed on foreign soil is 1,500,000.

30 YEARS AGO IN THE NEWS

Items below were taken in whole or in part from the issue of The News of May 2, 1913. J. L. Martin, editor: This week marked the closing of what was no doubt the most successful term of school in the history of the public schools of Foard County. Under the management of Supt. J. H. Hollingsworth and his highly capable assistants, the schools have grown out of a chaos and the past year bids fair to prove the beginning of a new era in public education. Certificates of promotion issued to pupils in the grades follow: Mattie Page McKown, Clarence Thompson, Alonzo Bain, Reu Brown, Maude Kenner, Earl Cooper, Stella Barrow, Bess Harris, Jesse Jamison, Pearl Duncan and Mattie Bell. Those graduating from high school were A. Y. Beverly, James Klepper, Lula Bowley, James Clifford and Una Self. W. F. Reed, one of Foard County's prosperous farmers residing five miles southeast of Crowell, and Miss Tennie French, residing north of Crowell, were united in marriage Wednesday at the home of the bride's sister, Mrs. Will Johnson, north of Thalia, with Justice Pigg, officiating. Last Saturday The News made it a point to interview a number of Foard County's most extensive wheat growers as to the condition of the wheat crop and got the opinion of a number, most of whom said that they believed that with considerable rain from now on there would be an average wheat crop in the county. "The Legation," which in reality is nothing more nor less than a bachelors' hall, opened at the old stand, the former office of the Switzer Lumber Co., this week. Officers are Leo Spencer, president; F. A. Short, vice president; John Roberts, secretary; H. T. Cross, guard. Last Saturday evening Misses Perkins, Mitchell, Magee, Major and Campbell, accompanied Miss Alice Parker to her home eight miles north of Crowell, and stayed until Monday morning. Mrs. Lillie Whitlock, daughter of the late J. A. Sampson, who located at Thalia years ago, is here visiting Miss Grace Self. J. B. Guyann, a prominent farmer of Truscott, was in town Monday on business. Rev. J. E. Chase will preach at the Christian Church next Saturday night and Sunday. Mrs. H. W. Norwood was here from Vernon last week to see her father, "Uncle" Dan Thomson, who has been quite poorly for some time. Prof. J. W. Hamilton of Knox City, Prof. Bowen Pope of Chillicothe, and Prof. C. A. Murray of Ruel, were here Saturday conferring with Prof. J. H. Hollingsworth in regard to the summer normal which opens here on the 26th of May, and will continue for seven weeks. The editor heartily appreciates the many compliments that we are receiving daily on the improved condition of the paper. It will be our aim to make it better from time to time, as the patronage will justify, for we trust that the business men of Crowell will bear in mind that a country paper is largely what they want to make it. If they want a 12-page all-home-print paper, all they have to do is to give us the business that will justify such a paper and we will begin at once to issue it. While repairing a tank one day last week, T. L. Hayes had the misfortune to fall and break one of his ribs. J. A. Johnson was over from Crowell Saturday on his way to Henrietta to be at the bedside of his friend, W. B. Worsham, who was very sick at that time. Mr. Johnson says Foard County was needing rain. Chillicothe News. New Rules on Selective Service Chief effect of the recent changes in Selective Service classifications is the elimination of dependency deferment except for: (1) Those who maintain bona fide homes with children. (2) Those whose induction would cause extreme hardship to a wife, child or parent, and (3) Those with dependents who are necessary to and regularly en-

gaged in agriculture. Men formerly classified in III-A and III-B who had been deferred because of dependents will be reconsidered. Class III-B is eliminated entirely. A child born after September 14, 1942, is not recognized as a "dependent" in classifying a registrant in Class III-A. The new classification, III-D, will contain all men whose induction, in the opinion of their local boards, would create extreme hardship or privation for a dependent wife, child, or parent. Over there they pay with their lives. Over here we are asked to buy War Bonds in the Second War Loan drive. ANSWERS (Questions on page 2). 1. Spencer Tracey and Katharine Hepburn. 2. In Tunis. 3. It is a German submarine base in France. 4. As a pianist and composer. 5. A lighter than air gas used for inflating balloons. 6. The Toledo team. 7. It is the name of a game. 8. The University of Oklahoma. 9. It is the name of a race horse. 10. He is a chairman of the marathome commission.

HISTORY

Kentucky Derby Day: The Kentucky Derby, run every year in the early part of May on Churchill Downs, Louisville, Kentucky, is named for the Derbys, a famous racing family in England. It has come to be recognized as the greatest racing event in the United States. The first Derby race in America was run on May 17, 1875. The distance was a mile and a half. In 1896 the course was shortened to a mile and a quarter. The race is one of the most popular in this country, and a crowd of 100,000 is not unusual. In 1922 the purse was \$50,000 with added money and a gold cup valued at \$7,000. This purse remained for about ten years when it was reduced to \$50,000 plus the fees from the starters. The race is open to three year old colts and fillies, which must be entered when they are yearlings, two years before the race takes place. The Kentucky Derby at Churchill Downs, is held by the Louisville Jockey Club which was organized in 1829 and which held its first Kentucky Derby in 1875. Horse racing has always been popular in Kentucky. Horse races were held in the state as early as 1787. Previous to this race were held on the public streets. When the trustees of the town ordered racing in the public streets closed, the first race track in this state was built in 1787. In England where the race was originated in 1780 by the 12th Earl of Derby, it is held at Epsom Downs, near London. The English course is not level but follows the contour of the ground. There is no charge for admission to the English race.

Dramatic Pupils Made Members of National Society

The Crowell High School Dramatic Club has been honored by being accepted into the National Thespian Honor Society. The society is honorary only in that students are honored for having met certain requirements which indicate that they are ready to assume greater responsibilities in dramatic work.

Membership in the society is not only a reward for the work members have already done, but it is also evidence of their desire to be associated with those who are striving to press onward with the standard of the dramatic arts. In becoming a Thespian, a member affiliates himself with thousands of other High School students who, throughout the United States, are doing outstanding work in a non-professional, cultural, leisure-time activity.

The aims of the society are serious and worthy, encouraging students to attain a better mastery of language to develop poise and self-control, and to appreciate literature and its techniques. The members are as follows: Billy Bruce, Mary Edwards, Billy Fred Short, John Thomas Rator, Helen Callaway, Jean Scales, Roy Jo Cates, LaVerne Kenner Smith and Glen Randolph.

Sgt. Jack Powell—

(Continued from Page One)

Adrian Thomson. Staff Sergeant Jack Powell was born on December 28, 1919, at San Louis Obispo, Calif. He was well and happy and well-liked by his buddies. He was, at the time of the accident, on a furlough visiting his fiancée, Miss Jane O'Neal, in Springfield. The young couple, with Miss O'Neal's sister, were driving at a slow rate of speed on the night of the wreck and drove into an unlighted parking truck. Sgt. Powell's head struck the bed of the truck and he received such serious injuries that he never regained consciousness. The two young ladies were not injured to any extent. It had been Sgt. Powell's intention to leave in a few hours to visit his parents for the remainder of his furlough. His mother and sister went to Springfield and were with him when death came. His father was ill and could not go.

Sgt. Powell united with the Methodist Church in Quitaque in March, 1935, at which time Rev. Addison was pastor of the church. He was of a sunny, happy disposition and well loved by relatives and friends.

He is survived by his parents and one sister, Mrs. Van J. Elkens of Lubbock. Relatives and friends from out-of-town include Mr. and Mrs. A. E. G. Boman and daughter, Nina Jo, of Five-in-One; Mr. and Mrs. Paul Clifford and daughters, Glenda Louise and Mrs. E. G. Kidd Jr., of Texarkana, Texas; Mr. and Mrs. Jim Clifford and daughter, Mrs. A. J. Starkey of Childress; Mrs. Letha Mittenell of San Antonio; Mr. and Mrs. A. W. McKeith and daughter, Dolley; Mr. and Mrs. D. C. Corley and daughter, Marjorie; and Billie Sue, of Rochester, and Mrs. Lloyd Waldrip and daughter, Mary Beth of Knox City; Rev. Addison, Lubbock; Mrs. S. A. Neill, Mrs. Victor Hall, Mrs. F. E. Grundy, Mrs. Leon Middleton and Mrs. H. E. Berry, all of Quitaque; Mrs. P. Cooper, Amarillo; Mrs. A. H. Huchens and daughter, Virginia; Mr. and Mrs. W. W. Beatty and T. E. Westmoreland, all of Rochester; Mr. and Mrs. Jeff Dickerson, Mrs. Marvin Whited, Mrs. Dave Thomson and Hamp Stepp of Quanah, and Mr. and Mrs. Owen Ketchersid of Medicine Mound. Also Mrs. Rhoda Epley, Mrs. Herbert Williams, Mrs. Clarence Webb, Mrs. Presley Sherley and Mrs. Britt Moon of Rochester.

Funeral services will be held at 2 p. m. Friday, April 24, at the Methodist church in Quitaque. Burial will be in the cemetery at Quitaque. The casket will be in charge of the Methodist church. Rev. Addison will officiate.

Members of the church are urged to contribute to the cost of the funeral. Contributions may be sent to the church or to the family at their home in Quitaque. The family is at the home of Mr. and Mrs. A. E. G. Boman, Five-in-One.

ROTARY CLUB

J. A. Brow of Altus, Okla., and Charlie Patton of Dallas were visitors at the Wednesday noon meeting of the Crowell Rotary Club.

The program consisted of a report from the Rotary convention held in Abilene the first of the week by John Rator and J. A. Stovall, president and secretary, respectively, of the local club, and Virgil Smith, incoming president. These Rotarians report a very successful and enjoyable meeting at Abilene.

"On The Farm" Wiring

Farmers can now install farmstead wiring for operation of equipment at the same time utility service connections are being made. A farmer eligible for electric service under order U-1-C, and who has been certified by his USDA county war board, can purchase up to 75 pounds of wire, plus necessary accessories, from any supplier, and is granted a preference rating of AA-3 to obtain it.

More Soya Foods

Edible soya products—the high protein foods soon to have an important place in both military and civilian diets—are expected to reach 1 1/2 billion pounds annually. The quantity available for civilian use will be many times as large as in the past year. Soya products have already played a significant wartime role. Rich in valuable proteins, minerals and vitamins, they are readily adaptable to large scale use as a human food to supplement meat, milk and eggs. 116 Actions on Poultry Violations: An intensive drive to stamp out black markets in poultry, 116 court actions have been started by OPA against violators of poultry price ceilings in 21 days. Play Shoes To Be Rationed "Play" shoes not ordinarily used for street wear that are manufactured, packaged or shipped after April 15, 1943, go back on the rationed list. Such shoes, if they left a factory before April 15, remain non-rationed, even though they may reach consumers months later.

Rationing Program Changes Farm fencing and peanut pickers are no longer rationed; quota controls on milking machines, grain and forage flowers, portable and stationary elevators have been removed; and pressure cookers have been placed under rationing, the U. S. Department of Agriculture has announced. The 150,000 pressure cookers which will be produced in 1943 will be rationed by county farm rationing committees, to users showing greatest need for them. Community organizations composed of several families who agree to use a pressure cooker jointly will get first consideration. Information can be had from County War Boards.

News in Animal Feeds Farmers will be interested in two recent Department of Agriculture discoveries. Poultry nutrition specialists have found that soybean meal properly cooked is a promising substitute for meat scrap and other protein feeds of animal origin. Another discovery is that good-quality home-grown legume hays, formerly considered too bulky for hog feed, may be used to reduce the amount of concentrates required in rations for growing and fattening pigs. Of three legumes tested, ground soybean hay gave the best results, when used for five to ten per cent of the total ration.

Still Making Bobby Pins Rumors of a ban on manufacture of bobby pins are false. WPB officials have declared. Even though the pins are made of vital high carbon steel their production will be permitted.

Women Make Good Inspectors Women have proved such a success as inspectors of Army Signal Corps equipment that they now make up 40 per cent of the inspection force, according to the War Department. The women do the entire inspection job, from the mechanical work on the assembly line to the final inspection of the extremely complex electrical equipment.

Blanket Sizes Reduced Blankets cannot exceed 84 inches in length, except for white cotton sheet blankets, which may be 95 inches long, according to an order by the WPB. Furthermore, no line of blankets can be made in more than four colors, plus white. In general, only rose, blue, green and cedar are permitted for solid color blankets.

Use of Cast Iron Soil Pipe and fittings for sanitary drains in and under buildings should be continued as long as the supply of raw materials from which these products are manufactured is adequate, according to the WPB.

New Requirements for WACC Under the new rules candidates for the Women's Army Auxiliary Corps must have completed at least two years of education in an accredited high school, and must score at least 60 in the WAAC mental alertness test in order to

be eligible. Previously, there were no fixed educational requirements and the minimum score in the mental alertness test was 50.

Soldiers Graves Recorded The burial place of American soldiers who fall on foreign soil will be properly recorded by the Graves Registration Units of the U. S. Army. This service operates closely behind the combat area, burying the dead, recording and marking the graves, and collecting personal effects. Except when combat interferes, overseas burials are approximately the same as those conducted in the United States with full military honors rendered. Rites are ministered by a chaplain of the deceased's own faith when possible.

"Hold the Line" Farmers and others now employed in an essential industry cannot change to a job at higher wages unless the change is in the interest of the war program, according to recent rulings of War Manpower Commission. Men now in essential work are encouraged to get into jobs contributing directly to the war effort, even if an increase in wages is involved.

Ration-Free Rubber Boots Over-the-knee olive-drab, clay and khaki colored rubber boots—the kind worn for hunting and fishing—can now be bought ration-free. The OPA has announced that below-the-knee height boots are still under rationing control.

Extra Food For Hospitals Hospitals can now get additional supplies of rationed foods that are needed in patient's diets by means of an application signed by whatever officer is in charge. Formerly, OPA required the head physician to show the reason for the extra foods and the amount required.

CCC To Buy No. 2 Beans Commodity Credit Corporation will purchase No. 2 dry edible beans as well as No. 1 from the 1943 crop. The price for No. 2 grade will be 15 cents below the price for the No. 1 grade.

Gas Station Draws Paw Penalty The first suspension order prohibiting gasoline deliveries to a service station was issued by the Petroleum Administration for War for violation of the 72-hour per week sales regulation. The station affected, located in Wichita, Kansas, was charged with staying open more than the prescribed 72 hours a week and refusing to post the hours during which gasoline was to be sold. Under the PAW order, gasoline deliveries to the station will be suspended for four months.

OPA Cuts Point Values Point values of all canned and bottled soups have been reduced by OPA from 8 to 6 points, with a cut of 4 points for tomato soup. Point value reductions for all frozen fruits and vegetables also were announced. Blackeyed peas were removed from the list of rationed dry beans and peas and now may be bought point-free.

Farmers' Feed Costs Cut Price control for linseed oil meal, cake and pellets was established by OPA as an aid to the nation's food-for-freedom program. Specific dollars-and-cents ceilings on these animal feeds were set below current levels to reduce farmers' operating costs.

School Buses Frozen On Job School buses must be kept on the same job unless special approval is obtained from the Office of Defense Transportation. School superintendents in Texas, Oklahoma, Louisiana, Arkansas and New Mexico were notified this week to remind bus operators whose contracts expire at the end of this term that all such vehicles were frozen in service by a recent ODT order.

Canning Sugar Available There is positively no reason for spoilage of crops this year because of a lack of canning sugar, OPA officials say. All local Boards have been instructed to issue certificates for allotments of sugar for home-canning under the same regulations as last year until they are notified of a change in procedure. Sugar certificates can be issued quickly in any community as the canning season arrives. Application dates are set by local Boards.

Fresh Vegetable Ceilings Price control on seven fresh vegetables will be established on a national basis April 22, supplanting present regional control, the OPA has announced. Retail ceilings for cabbage, carrots, lettuce, peas, snap beans, spinach and tomatoes will be set through use of uniform mark-ups over the retailers' net cost. For each vegetable except cabbage the retailer will determine his ceilings by multiplying his net cost by 1.30. Spoilage on cabbage is greater and its mark-up will vary from 1.50 to 1.65 according to the class of retailer. Store operators will determine their ceilings each Thursday by applying given mark-ups to the net cost of the vegetable based on the largest single purchase of the preceding week.

Woolen Fabric Production Production of woolen and worsted woven fabrics in 1942 reached a new all-time high of 525,000,000 linear yards. This is almost 50 per cent greater than in 1939. WPB has doubled wool quotas for essential civilian fabrics which is expected to make an additional 75,000,000 pounds of wool available for civilian needs. This is further assurance that there will be adequate supplies of clothing for civilians during the fall and winter of this year.

Applications Being Taken Applications are now being taken from restaurant and cafe operators by local war price and rationing boards for their May and June food allotment certificates. Applications may be made by letter since no forms are yet available.

May 1 Has Been Set by Governor as Child Health Day for Texas

Austin.—Asking the co-operation of all Texas parents in a campaign to stamp out preventable diseases and insure the highest possible health levels among the children of this State, Governor Coker R. Stevenson has followed President Roosevelt's example in naming May 1 Child Health Day.

Urging the State-wide co-operation in this campaign for child health promotion, Dr. Geo. W. Cox, State Health Officer, said this week, "There is no more important phase of national health than that of child health and the tragic annual death rate from diphtheria and smallpox is indeed hard to understand when we remember that science has long since produced a successful and safe immunization against both these diseases."

Dr. Cox pointed out the vital importance of child health to the total strength of our nation, and urged all Texans to exert every effort to conserve and protect child health not only through the application of positive health measures but also by reducing the incidence of the more devastating childhood diseases.

Young children who are taught personal hygiene, who live in clean homes, whose diets are carefully supervised and whose young bodies have been made immune to the ravages of such diseases as diphtheria, smallpox, and typhoid fever stand an excellent chance of growing into strong, healthy, useful citizens," Dr. Cox said. "It is these boys and girls whose strength and health we are safeguarding by Child Health Day, who will be the leaders of that victorious and peaceful era which we are fighting to bring about today."

400 People Attend Easter Sunrise Program Sunday

The presentation of an Easter program by the young people of Crowell at the High School Stadium at sunrise on Sunday morning presented the real meaning of Easter in a beautiful and impressive manner to about 400 people, who witnessed it. The weather was perfect, the setting was lovely and the numbers were so presented to reflect much credit to those participating and to those who were responsible for the program.

Before a background of greenery and flowers, arrangements of baskets in graduated heights filled with white lilies, a chorus of about sixty voices stood. To one side of the group there was a simulated tomb and on the other side stood a large cross. The setting added to the inspirational effect of the beautiful program. The morning light was breaking as the program opened with the trumpeters, Billy Fred Short, Lowell Campbell and Arnold Rucker playing "Christ Arose," at the gate.

Mrs. H. A. Longino and Arnold Rucker had charge of the musical numbers. Mrs. Longino was director and Mrs. Rucker was accompanist. Mrs. J. T. Graves was speech director and general chairman of stage and decorations. Miss Cora Carter was assistant chairman and helped in various ways. Mrs. T. V. Rascoe and the Freshmen girls were responsible for the baskets and the flowers. Mrs. Q. V. Winningham and the school children made the Easter baskets which were given in the baskets. Mrs. Roy Steele and Mrs. Patty obtained the cedar for the background. They were assisted by the eighth grade high school boys.

Marvin Myers and his Vocational Agriculture class of boys built the frame for the background and Coach Grady Graves and his boys helped to arrange the decorations on it.

Mayor C. T. Schlager was responsible for the sounding of the fire siren on Sunday morning to herald the starting of the program. Marion Crowell furnished his loud speaker for the occasion and this made it possible for the entire program to be heard. Roy Archer did the wiring necessary for the loud speaker. Supt. L. E. Graves and his entire faculty helped to promote the project by their co-operation and assistance.

The violinists were Mrs. Alva Spencer and Leon Solomon. "Joy Cometh in the Morning," was rendered by Mary Evelyn Edwards as Mary Magdalene; La Verne Smith as Mary, the mother of Jesus; John Calvin Carter as Peter; Billy Fred Short as John; Glen Randolph as Thomas and Alton Reeder Griffin as James. This portrayed the effect of the crucifixion upon those who witnessed it. Mrs. R. R. Jones took the place of Doris Jean Breedlove in the quartet. Doris Jean was ill.

The co-operation evidenced in the preparation and putting over of the community project was remarkable and is very much appreciated by those in charge of the program. The attendance is appreciated, also. It is hoped that this will become an annual affair for Crowell young people.

Mrs. W. M. Godwin

children were born to this couple, all of whom are living. She was married to Mr. Godwin in Stephens County Aug. 20, 1923, and the family came to Foard County in September, 1923, and had resided here since that time.

Survivors include the husband and children as follows: Mrs. B. L. Wright, Woodville, Texas; Mrs. M. D. Elrod, Naples, Texas; Dillard Moore and Mrs. E. V. Daniels, Simms, Texas; M. L. Moore, Tulsa, Okla.; Mrs. R. L. Liles, Pine Bluff, Ark.; Pat Moore, Gadsden, Ala.; J. R. Moore, Camp Haan, Calif.; Mrs. Paul Howell, Dimmitt, Texas, and Miss Dovie Moore, Crowell. Twenty-five grandchildren and 8 great grandchildren also survive.

Mrs. Godwin was converted in early life and joined the Methodist Church, later uniting with the Baptist Church. She lived a devoted Christian life and even though bedfast for so long she was kind and lovable and had many friends.

Out-of-town relatives and friends present for the funeral were Mrs. O. T. Warlick and Mrs. J. R. Moore of Vernon; Mr. and Mrs. Bud Godwin of Albany; two grandchildren, Wanda Liles of Denton and William Elrod of Naples, Texas.

Assistant Manager WTCC Here Friday

J. A. Rix of Fort Worth, assistant manager of the West Texas Chamber of Commerce, was here Friday morning collecting membership fees for 1943 in the organization from Crowell business firms. The membership in Crowell consists of seventeen local businesses and the quota was paid in full.

Alton Bell is the new director in the West Texas Chamber of Commerce from Crowell, having been elected at the general meeting in Abilene last fall to take the place of his father, T. N. Bell, who had been a director in the organization for over twenty years.

County Agent Makes Statement in Regard to 2nd War Loan

"The financial welfare of Foard County farmers for the next 20 years depends upon how wisely they use today's wartime incomes," D. F. Eaton, County Agent, said today. "That is over and beyond the fact that we owe it to our country to back our fighting men with necessary dollars."

"Whether all farmers realize it or not, the higher returns they are getting for their products these days are not all increased income. Much of it is pay for the wearing out of all types of farm equipment. This is not income, but a return of working capital, which is being worn out."

Mr. Eaton explained that the money that ordinarily would be used to replace or repair tractors, trucks, automobiles, harvesters, planters, fences, and other equipment should be invested in government securities as offered in the 2nd War Loan drive as a depression reserve which will be available for replacements after the war.

He urged farmers to plan a definite future financial program now to make these replacements after the war. "All-out efforts to produce record supplies of war crops are utilizing the land and farm equipment and buildings to the maximum," he explained.

"Use actual depreciation figures for estimating how much you should invest in War Bonds each year to replace or repair everything being used on your farm. Build financial reserves today for tomorrow's buildings. While helping to arm the armed forces today, prepare to arm your farm for the future, to take care of the soil fertility being taken from the soil in producing record war crops." Many farmers and 4-H Club members of Foard County have wholeheartedly adopted the policy to "Make Every Market Day Bond Day," he said. Others have designated a certain number of their hogs as "Victory Pigs" for the purchase of War Bonds and other securities. Still others are

deducting a portion of the money they receive for their farm produce for bonds.

"Regardless of what system is used," he concluded, "every farmer in the county, if he hasn't already done so, should begin now to invest regularly in Treasury issues out of his current income to build a financial reserve for his own future needs."

CARD OF THANKS

Our hearts are filled with appreciation to the many friends who came to use with ministrations of kindness and friendship during the illness and at the death of our son and brother. For each and every deed, we express sincere thanks.

The whole outlook on life has been changed on the CHS campus in the last few weeks. The reason? Spring! Of course, spring has been here since March 21, but most of the time in name only; however, it really looks like spring now, and also the students are beginning to act peculiar. You know, this is the time of the year when a young man's fancy turns lightly to thoughts of love (and may I add that most of the girl's thoughts, I am sure, aren't on books!). But this year there is a little more to think about than that—namely, the Navy Reserve, graduation, and things of that sort.

Naturally, things are a little different this year, but it is predicted that there will not be a shortage of sweet talk and exchanged significant glances on the campus; however, satisfied show that most of the "lovers" are carrying on their "courtin'" by mail, and it is steadily increasing every day.

Of course, students always look forward to spring because then they have a good excuse for not knowing their lessons. They can't help it if they've got spring fever, can they? After all they didn't ask for spring to come along and make them feel that way, did they? Of course, they didn't! (Oh, yeah!) Well, anyway spring fever seems to have come to CHS to stay.

Seriously speaking though, spring is the time that fresh hope comes to the world. All the greenery of colorful flowers that come out in spring, gives the people new hope and courage.

It is as Brooks Atkinson said in a feature in the New York Times, "The return of Spring is a merciful assurance that life is immortal and creation is beautiful, normal and abundant. Whenever our great day comes, the whole round earth will resound with the spring song of men and women."

JUNIOR NELSON MISSING IN ACTION

Mr. and Mrs. H. D. Nelson received word Monday that their son, Junior Nelson, is reported missing in action. Although everyone was stunned by this announcement, the students of Crowell High School wish to extend their deepest sympathy to the family. We'll all keep praying that he will be returned safely.

CROWELL WINS

Hip-hip-horray! Crowell won first place in the Regional One-Act Play Tournament, which was held at Canyon last Saturday, April 21st. This is the third time that Crowell has won first at Regional, so it must have been an excellent play. The cast will journey on to Austin a week from today to enter at State. Here's hoping that they win first there, too!

THE TRANSOM PEEKER

Well, to begin this week's paper, we want to congratulate Lee J. and Betty. Naturally everyone knows that they are now Mr. and Mrs. The knot was tied Saturday night. Good luck!

What is this we hear about Ruth Dugan and Lt. Dave Sells? Would there be anything to it? We wonder! From the looks of things, there is quite an interest brewing between them. They court at Christmas, and then on the furlough. Oh, well, maybe it's all for the good. We wonder what Elmer has to say about it? Or does he know?

Fala Vecera was courting Virginia Mabe Saturday night. Well, what's so shocking about that? But we would like to know how Joan is taking it.

It looks like it's for keeps—sweet Billy Fred and Ada Jane. But I suppose it's too early to say for sure, because this has happened before, if I remember correctly.

Well, it looks like Booty cannot make his mind up. He gets us to thinking that Mary Evelyn is the only one for him, and then he steps out with Betty Johnson. Oh, well, there must be a few changes in everyone's life.

 Gayland: "No, I got it wrong all by myself."

Gordon: "I think I'll open up an office when I graduate."
 John: "I'll probably turn out to be a janitor, too."

Mrs. Sloan was hoarse one day and to make sure her English class understood her, she asked them to complete the sentences she started.

 "Heavens," he said, "this is more serious than I thought—the window is broken on both sides."

THE 2ND WAR LOAN DRIVE IS ON!

It's Ten Minutes to Midnight!

Wake Up, Americans... Your Country's Most Fateful Hour Is Near

THE hour when the final die is cast, when decisive victory hangs in the balance. The hour which will decide the future of you and your children... a future of joyous freedom or a future of endless serfdom.

Yes, it is ten minutes to midnight. And when the first stroke of that fateful hour begins to sound, it will be *too late* to throw your weight into the fight.

The time to do that is NOW.

Now, when your dollars can keep the production lines humming. **Now**, when your dollars can buy the tanks and guns and planes and ships our soldiers need to fight a winning war... the only kind of a war we can afford to fight. **Now**, while there are still ten minutes before midnight.

Your country is asking you to lend your dollars in greater amount than ever before. It is asking for 13 billions of dollars *extra* this month... 13 billions for the weapons of war to make sure that it is *our side* which dictates the peace.

If we do not win, the money you fail to lend now will be worse than useless to you. If we win, as we *must*, the money you lend now will be returned with interest... for you to spend on the good things of life... for you to enjoy in a free and safe world.

So dig down, Americans. Answer the challenge by buying War Loan securities this month with every idle dollar you have except what you need for the barest necessities of life.

Don't wait for the War Loan Volunteer. Beat the gun by going to your bank, investment dealer, broker, Post Office, or bond booth *today*.

Have your money in your fist... the fist that can deliver the knockout blow to the Axis. But hurry...

For it is ten minutes to midnight...

The hour that can strike the knell of doom—or the blessed song of freedom.

Your dollars can call the tune.

WEEK of the WAR

The barbarous execution by Japanese of some of the eight American aviators captured after the raid on Tokyo on April 18, brought expressions of protest from high United States officials. Our State Department, in a vigorous protest, demanded that the Japanese government who were responsible for this savage cruelty be held fully responsible for the punishment would get the punishment deserve. Discovery of this inhuman action by the Japanese followed closely the announcement that the Aircraft carrier "Hornet," since lost, was "Shangri-la" from which the planes took off to bomb Tokyo, but one of the bombers in a raid made crash or forced landings, but 64 of the 80 men participating were saved. It was noted that all of the eight captured by the Japanese were tortured and those not executed have been sentenced to prison.

U. S. forces on the Aleutian Base which are frantically attempting to prepare for further attacks on American territory, instead in intensity last week. In day, fifteen raids left great burning on the Jap air base ring completion.

Allied fliers in the Southwest Pacific from April 11 to 15 had destroyed or damaged 128 Japanese planes, 19 ships, including warships, and probably damaged 12 more boats. Raids in the Solomons continued unabated as M. L. Nelson, Chairman of the U. S. would probably cost 7,000 for the month of April, and would continue to increase until there were ample ones for all war purposes.

Tunisia

One of the greatest air battles in history was won by Allied fighters over Cape Bon, Tunisia, when they shot down 74 Axis planes, damaged 30 more. Fifty Junkers-52 were among the planes brought down. The total Axis planes destroyed during the day was 94, and in three days only eleven Allied planes were lost to the Axis.

The British Eighth Army continued its two-pronged drive against Rommel's defense which known to include strongly fortified positions farther back the hills. The British repulsed a number of desperate counterattacks and forced the enemy to retreat at two points. Tama, Djebel Garci and Enfidaville were captured.

The United Nations now hold complete air mastery over the enemy in the Northwest Africa theater war, according to Lieut. General Carl A. Spaatz. Since March when the battle of the Marekhe began, 519 Axis planes have been shot down by Allied fliers, another 1,000 planes have been destroyed or damaged on the ground. This activity has cost the Allies only 175 planes and they have retained the offensive consistently. In England it was acknowledged that the Allies have superiority, though not domination in the Western war theater, but it was believed that they were building up their fighting strength to protect Germany.

Russia

The Soviets reported the destruction of 302 Axis planes in a week and admitted the loss of 103 of their own aircraft. German attempts to halt the Russians in the Kuban area of the Western Caucasus were unsuccessful, the Germans left 1,400 dead in counterattacks on one hill. An unexpected statement from England stated that the British Government had received numerous reports that the Nazis were getting ready to use poison gas against the Russians. Britain repeated her promise to retaliate immediately and fully against Germany itself if poison gas were used anywhere by the Germans.

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 2.

The Golden Text is: "Whatever a man soweth, that shall he also reap" (Galatians 6:7).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Many sorrows shall be to the wicked; but he that trusteth in the Lord, mercy shall compass him about" (Psalms 32:10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Truth bestows no pardon upon error, but wipes it out in the most effectual manner" (page 11).

Weekly Sermon

By the Rev. Harold L. Lundquist, D. D., Member of Faculty Moody Bible Institute, Chicago.

Triumph Through Surrender
Surrender brings victory! The world would say that is not true; but we say, the way of strength is through surrender, for we speak of the spiritual realm and of our relationship to God. Here there is no victory until there is surrender.

Christ does not ask His disciples to walk a way which He Himself has not trod. He went the way of full surrender to the will of God in the Garden of Gethsemane.

1. A way of sorrow (Matt. 26:37, 38). He was exceedingly sorrowful. It was not an easy thing the Savior did as He fulfilled the will of God. No man ever sorrowed as He did, for only He bore the sins of the world. There is, however, a lesson here for us who are His disciples. If this is the road the Master trod, should not His servants tread it still?

2. The way of self-denial (vv. 39, 42, 44). Self-denial does not consist in depriving oneself of some cherished luxury. It means the denial of self. Self-will is put aside and God's will is supreme. Christ prayed, "Not as I will, but as thou wilt." It may be a hard thing to do, but by His grace we too may say, "Thy will be done."

3. A way of loneliness (vv. 36, 37, 40, 41, 43). There were twelve with the Lord in the supper room, but one went out into the darkness to betray Him. Eleven came with Him to the garden gate, but only three came into the garden.

Even they could not go all the way. He prayed and agonized alone.

Alone? If the Master had to walk the way of surrender alone, let no Christian expect it will be otherwise with him. Let us thank God for every blessing of true fellowship, but let us not be surprised if we are often called to walk alone—with God.

4. A way of betrayal (vv. 45, 46). One feels that the cup of the Master was already overfull without adding betrayal by one of His own. But with what peace and assurance Jesus went to meet it. The victory had already been won in prayer, in submission to His Father's will.

No one will ever experience such betrayal as that of our Lord, but we do face similar crisis as we go on in a life of devotion to God's will. We do well to remember Christ's experience that we be not overwhelmed, and that we may meet them with the power and grace of our God.

5. A way of divine fellowship and blessing (vv. 39, 42). Even the way of sorrow, self-denial, loneliness and betrayal may become the means of blessing if God is in them. Though no man stood by our Lord, the Father was there. Jesus talked with Him, trusted Him, yielded fully to His way, and the result was peace and blessing. And the same can be true of us.

Your Horoscope

April 26, 27.—Possessing more than ordinary intelligence, and a strong determination you can adjust yourself to any circumstances that arises, especially if it pertains to those you love. But you have the unhappy faculty of taking your business trouble home with you.

April 28, 29.—You are noted for your sudden and unlooked for changes. You will quit one position and take another without delay and most always make a success of it. You are either easily pleased or nothing will please you, according to the mood you are in.

AMERICAN HEROES

BY LEFF

Marine Pvt. 1st Class M. G. Hoffman, survivor of the U. S. S. QUINCY, was a leader on one of her big guns until she was sunk during an engagement with the Japs off Savo Island in the Solomons. Hoffman is typical of the crew. You are helping Hoffman and his buddies when you buy bonds during the Second War Loan Drive. They give their lives—you lend your money.

THOUGHTS OF SERIOUS MOMENTS

Generally you are lenient, and sympathetic and can be very self-sacrificing.

April 30, May 1, 2.—You are very dependable, anticipate your needs, and lay your plans accordingly. While you love comfort and ease, when emergency comes you will buckle down and see it through. You are not afraid and will never surrender once you have started on a proposition, even though you know it is going against you.

Power is so characteristically calm, that calmness in itself has the aspect of power, and forbearance implies strength.—Balwer Lighton.

It is a strange desire, to seek power, and to lose liberty; or to seek power over others, and to lose power over a man's self.—Francis Bacon.

I have never been able to conceive how any rational being could propose happiness to himself from the exercise of power over others.—Thomas Jefferson.

America's Food Emergency

A Statement by Santa Fe

United States facing most critical "crop year" in its history.

During the coming months, the need for more food may be greater than the need for more guns, tanks and planes.

Serving, as it does, "the breadbasket of America," the livestock and meat industry, and the great fruit and vegetable areas of California and the Southwest, Santa Fe pledges its all-out effort in the production and mobilization of food.

What Santa Fe Is Doing

Santa Fe employs are planting Victory Gardens along their railroad's 13,199 miles of right-of-way.

Everything that rolls on the Santa Fe is being kept in fighting trim.

Old cars with good running gear are being rebuilt into sleek new gondolas.

Many Santa Fe refrigerator cars that used to go back "dead-head" now hurry back loaded with other freight.

They're On The Job, Too!

For years the Agricultural Development Department of Santa Fe has cooperated with growers all along the line, for greater production per acre, through better seeds and better cultural methods. For example:

The people of the middle Rio Grande know how the desert has been converted into paying crops.

The folks in Blue Water Valley of western New Mexico know how the production of vegetables has increased from 86 to 1076 carloads in the past three years.

The potato growers of Kern County, California, know how Santa Fe cooperated in stamping out ring rot and blight.

This year, the people in the Texas Panhandle are bringing in their first harvest of waxy kafir which promises to produce the starch for tapioca and other important products that formerly came from the cassava roots of Java.

In the present national food emergency, these people of Santa Fe's Agricultural Development Department are working harder than ever, doing everything they can to help food growers all along the line.

Marriage Rites in Church Ceremony in Los Angeles., April 22, Unite Oscar E. Nichols, Miss Maurine Alberta MacLagan

A wedding of interest to Foard County residents occurred on April 22, when Oscar Nichols, son of Mr. and Mrs. Claude Nichols, was married in Los Angeles, Calif., to Miss Maurine Alberta (Peggy) MacLagan, of Los Angeles.

The wedding took place in the Shatto Chapel of the First Congregational Church in Los Angeles, at 4 o'clock in the afternoon. Rev. E. C. M. Fiske officiated with the ring ceremony. The church was decorated with pink and blue flowers—snapdragons and delphinium, with pink sash ribbons down the aisle and streamers reaching the hem of their gowns.

A reception followed in the Philathea Room at the church. The couple left for a short wedding trip to points undisclosed.

Mrs. Nichols is the daughter of Mr. and Mrs. Norman MacLagan. She attended Pasadena Junior College where she was affiliated with Spartans and Triton, honorary societies. She is now in her junior year at L. S. C. She is a member of Zeta Phi Eta, an honorary speech organization.

Mr. Nichols received his High School education in Crowell and graduated from Sul Ross University at Albuque. He is also a graduate of the California Institute of Technology, and is a member of Alpha Chi, honorary fraternity. He was elected to Who's Who of Colleges and Universities for 1942 and 1943. He has just been assigned to the position of Junior Meteorologist at Washington, D. C. The couple will reside at that place.

Mr. Nichols is well known in Crowell and Foard County.

sets, fashioned alike, bouffant. The maid of honor carried pale pink sweet peas while the bridesmaid carried blue delphinium. Each wore flowers in her hair with a velvet bow in the back and streamers reaching the hem of their gowns.

Miss Mary Frances Bruce, daughter of Mr. and Mrs. Jeff Bruce, was the bride's only attendant and wore a powder blue bouffant net frock, fashioned with a sweetheart neck. Her shoulder-flower tiara of matching color. She wore long pink lace gloves and her bouquet was of pink roses.

Russell Westbrook, of Cleveland, Ohio, was the best man, and the ushers were Lt. Leroy Scott, U. S. N. B., and Derwood Harrison of Panegon, N. C.

Mrs. O'Connor is the daughter of Mr. and Mrs. Q. V. Winningham and resided here with her parents and finished her High School education in the local High School. She attended Oklahoma University at Norman, Okla., also Texas Technological College at Lubbock. She is an accomplished pianist and violinist.

The groom is the son of former Congressman and Mrs. John O'Connor of Bayport, Long Island, New York.

He received his education at Dartmouth College, Hanover, N. H., and at George Washington University, Washington, D. C.

A reception was held immediately after the ceremony at the home of the bride's aunt, Miss Anne Gordon, where the bride cut and served her lovely wedding cake. The young couple was assisted in receiving by Miss Gordon, who wore a frock of black net and marquisette with white applique trim. Her flowers were gardenias and white rosebuds.

Assisting in the dining room were Misses Dott Webb, Lillie Jeffers, Jane Gutley, Jane Ellis and Eddie Bob Webb. Miss Dott Webb caught the bride's bouquet.

The going-away costume of the bride was of powder blue gabardine with which she wore black and white accessories. Her corsage was of gardenias.

After a brief wedding trip to Baltimore, Mr. and Mrs. O'Connor will make their home in Washington where the bride is employed in the Navy Department and the groom holds a position in the Naval Research Laboratory.

Miss Holmes to Wed in Santa Fe, N. M.

Local Young Couple Marry in Vernon

The marriage of Miss Betty Jean Owens to Lee J. Stout took place at the parsonage of the Methodist Church in Vernon Saturday night at 8:30 with the pastor, Rev. T. Edgar Neal, performing the ring ceremony.

The couple was attended by Miss Evelyn Flesher and Clifford White.

The bride wore a dress of aqua blue with rust accessories. Miss Flesher wore blue with which she wore black accessories.

Mrs. Stout is the daughter of Mr. and Mrs. G. C. Owens of Foard City and is attending Crowell High School. Mr. Stout is the son of Mrs. Jack Whittaker of Truscott and is also a student in the local High School.

Travis Fox and Katherine Meadors Married April 10

Miss Katherine Meadors, daughter of Mr. and Mrs. J. R. Meadors and Travis Fox, son of Mr. and Mrs. L. D. Fox, were quietly married at the Baptist parsonage on Saturday, April 10, with the pastor of the church, Rev. W. B. Fitzgerald, officiating with the ring ceremony.

Mr. and Mrs. Fox are making their home in Crowell.

Piano Recital at Christian Church

The piano pupils of Mrs. A. L. Rucker were presented by her in recital on Sunday afternoon at the First Christian Church. A large crowd was present and each pupil did his part well.

The program was divided into two parts, the younger pupils presenting their numbers in the first part. The church was attractively decorated with flowers of the season.

Co-Laborers' Class Has Social Meeting

The members of the Co-Laborers' Class of the Methodist Sunday School enjoyed a social meeting on Thursday afternoon at the home of Mrs. Clint White when Mrs. White, Mrs. Hartley Easley, Mrs. W. B. Tysinger, Mrs. Roy Todd, Mrs. R. W. Bell and Mrs. Q. V. Winningham were hostesses.

The afternoon was given to playing games and social contact. Following the games, a business meeting was held. The hostesses served a tempting refreshment plate.

MARGARET H. D. CLUB

The Margaret Home Demonstration Club met with Mrs. Jim Owens on Friday, April 23, with six members present. The subject "Know Your Sewing" was discussed.

Mrs. Raymond Bell gave a history of the sewing machine and told that the first machine was patented in England in 1790. It was intended for leather work, and was improved from time to time, becoming more modern until, now, looking back after 88 years, it seems impossible that the marvelous product of today came from such a lowly origin.

FOARD CITY H. D. CLUB

On Tuesday, April 20, members of the Foard City Home Demonstration Club held an all-day meeting at the home of Mrs. Virgil Johnson. Two quilts were quilted and a delicious covered dish dinner occupied the noon hour.

In the afternoon, following the business session, the following program was given. The theme of the day was "The Foundations of the Peace." Each member and guest answered roll call by telling what she was doing in the way of war work. Knitting, bond-buying, victory gardening, and saving of waste grease were predominating activities.

Mrs. Luther Marlow, discussed "The Atlantic Charter," the eight-point declaration of President Roosevelt and Prime Minister Churchill, made on August 14, 1941. Mrs. Grady Halbert spoke on "The World We Want," based on an article of the same name by Malcolm W. Davis.

Following these reports, delegates to the Wichita Falls meeting were thanked. Mrs. T. W. Cooper led the group in a portrayal of the four freedoms: freedom of speech, freedom of worship, freedom from want and freedom from fear. The playlet was thoroughly enjoyed.

Guests present for the day were Mrs. T. W. Cooper, Mrs. Arthur Sandlin, Mrs. Clyde Bowley, Mrs. James Sandlin, all of Vivian, Mrs. Clarence Garrett, Mrs. P. H. McLain, Mrs. Laura Johnson, Mrs. Luther Marlow, Mrs. J. L. Manning, Mrs. J. M. Barker and Mrs. I. S. Rundell of Walnut Springs.

Flag Dedication Service to Be Held at Rayland Church

A Flag Dedication service will be held at the Rayland Baptist Church Sunday evening, April 2, at 9 o'clock. The pastor of the church, Rev. A. C. Hamilton Jr., will be in charge of the service and extends an invitation to everyone to attend. The men who are in the service from the families of the church will be honored and their names will be placed on the service roll.

The program for the evening will be as follows: "All Hail the Power," will be used as a prelude. The congregation will sing "The Star Spangled Banner." James Ross will lead in prayer; "Thank God for the U. S. A." will be sung by a quartet and this will be followed by the scripture reading; "My Buddy" will be rendered by the quartet; The roll call of service men will be made and a relative or some friend will put up the flag in his honor; "Onward, Christian Soldiers" will be sung by the congregation; Judge Leslie Thomas will give the tribute to the service men. The congregation will join in singing "America" and a minute of silent prayer for the safety of the men will be observed. The pastor will close the program with prayer.

The names of 54 men and women will be placed on the honor roll and will be recognized at the service.

Earl Steeles Have Family Reunion

All the children of Mr. and Mrs. Earl Steeles, with the exception of two, are enjoying a family reunion at the home of their parents this week.

Those here are First Class Fireman Tollie Steeles, who is stationed at San Diego, Calif. He arrived Saturday on a 19-day furlough. He has been in active duty overseas. Sergeant O. A. Teal Improving Following Serious Injuries

Jim Teal of Foard City returned home Friday afternoon from Clovis, N. M., where he visited his son, Master Sgt. O. A. Teal, who was seriously injured in target practice aboard a U. S. Army airplane at Clovis three weeks ago. Sgt. Teal received his injuries when a machine gun got out of control and he was shot in both legs and right arm. His left leg was amputated below the knee and the forefinger on his right hand was also taken off.

His condition is reported to be satisfactory, according to his father, in view of the seriousness of his injuries.

Miss Dorothy Winningham Becomes Bride of Daniel O'Connor at Twilight Church Service in Washington, D. C.

The Mount Vernon Place Methodist Chapel in Washington, D. C., was the scene Saturday evening, at twilight, 6:30, of the wedding of Miss Dorothy Fae Winningham and Daniel O'Connor, of Washington.

In the presence of a group of close friends and relatives of the couple, the Reverend John W. Riehm read the vows, using the single ring ceremony, before an altar of white calla lilies. The church was beautifully decorated

with flowers and greens and white tapers burned. Page Porter, friend of the bride, gave her in marriage.

Nuptial music with Deane Shure at the organ, included "I Love You Truly," "O, Promise Me," and "Dearly Beloved." The wedding march was from Lohengrin.

The bride chose for her wedding a costume of white marquisette, made over taffeta, with fitted bodice, high neck and full

ADOLF may not live long enough to pay for his mass murders by actually sitting in the "hot seat." But electricity is already hastening the day of his doom!

Electricity drives delicate machines that turn out time fuses—and thundering presses that forge tank armor. Electricity is a basic part of every bayonet, bomber and battleship—of all America's roaring war production.

Even when war began, America had more electric power than all the Axis

countries combined. It's no military secret that today our power supply is far greater. And it's no secret, either, that the electric companies under experienced business management supply about seven-eighths of it!

Free Americans set world production records primarily because they are free—because they have grown up under a business system that

encourages initiative and invention—instead of reducing them to the ranks of Axis slaves.

Free Americans are freely giving billions of dollars to help put Hitler in the chair. But once he's there, a cent's worth of electricity will finish the job! Which goes to show what BIG things penny-priced electricity can do!
