## Crowell Wildcats Win Hotly-Contested Football Game from Quanah 14-13 in Last Few Minutes of Play Friday Night

The Crowell High School football team won a closely contested victory over its old rival, Quanah, here last Friday night by the score of 14 to 13. Thanks to fullback Ray Gibson's silver toe that kicked both extra points after Crowell's touchdowns and spelled the difference in the final score. The Wildcats made only nine first downs to Quanah's 12, but they threatened to score on two other occasions while the Indians made only one other threat. Quanah drove down to Crowell's three-yard line just before the half where in the whistle caught them to leave the score at that stage of the contest 7 to 0 in favor of the Cats. Crowell drove down to Quanah's three early in the fourth quarter but lost the ball on a fumble. A Crowell end dropped a pass over the goal line late in the game before the final score was made.

## Crowell Scores First

The first score was set up by a Quanah fumble out on their own twenty-yard line. Gerry Knox, left halfback for the Cats, pounced on the ball to give Crowell possession. Ray Gibson, fullback, set his own score up with a seven-yard gain behind good blocking in the middle of the line. The same play paid off about the middle of the second quarter. Gibson's kick was good to make it 7 to 0 at halftime.

CHALLENGE TO INDIFFERENCE IS PRESENTED BY HIGH SCHOOL GRADS

Today, in our atomic age, we consider education more important than ever before. High school students often take this attitude, "What good is going to school, anyway?" which is a poor, ignorant, and wrong attitude to take. Abraham Lincoln, one of the young and fast growing of America's most beloved Presidents ever to take the inaugural oath, well illustrates this fact. He looked into the future to find that an education is not only needed, but is definitely essential to a person's welfare. Then why! Why do some students care so little for one of the

proudest possessions a person can own—a diploma? One small piece of paper saying that you have strived for and reached one of your first goals. A proud moment for me. For the ignorant, if they ever reach that height, it's just an everyday thing. Others who get all the education they can, whenever the opportunity approaches, will become the leaders of tomorrow!

HELP WANTED

School is now in full swing and it has become evident that much help is needed in several of our worthwhile extra-curricular activities.

One of the neediest in this group is the "Wildcat." There are many students who are capable of contributing to the paper interesting and well written articles. Another cry for help comes from the "Roundup." The Annual staff would appreciate any help offered. Other groups that we should work with to help improve our schools are the band, athletics and class organizations.

Of course, it is up to the student as to the sort of extra-curricular activities he takes part in during high school; moreover, the student who answers the call of a really worthy enterprise not only helps that enterprise exist, he opens the door to self-improvement.

McCOY LEADS BAND WITH NEW ROUTINE

A great treat was in store for the football fans Friday night when Band Majorette Billy McCoy, and her assistants, Nelda Kay Brooks, Billye Bell, Sue Meason, Barbara Fairchild and Frances Kincaid introduced their new routine. With the lights extinguished, the girls twirled flaming batons. This feat was accomplished by fastening gasoline soaked wicks to the batons.

The majorettes and the whole Wildcat Band are to be commended for their hard work in their successful efforts to please the public.

BAND HAS BUSY SCHEDULE

The high school band students have a very heavy schedule during the week. They will be hard at practice on Monday and Tuesday for three appearances on Wednesday, Thursday and Friday.

On Wednesday the band will go to the annual Texas-Oklahoma Fair held at Iowa Park. While there they will enter parade contests and concert playing. Last year in these events at Iowa Park, the band placed second in marching and fourth in concert, and has hopes of doing better this year.

Late Thursday evening the band will go down and play a few short numbers for the Lions Club carnival.

Friday morning will mean hard marching preparing for the last but not least show of the week, the game with Memphis.

BOP-HOP CREATES FUN FOR EVERYONE

A large crowd composed of three bus loads of Quanah students plus the students of CHS was at the bop-hop after the thrilling ball game Friday night. This teen canteen was the center of attraction for all the cats. Everyone enjoyed the jazzy cat music and those "gone" boppers. The dance was made possible by four mothers of CHS students. They were Mesdames Jack Spikes, Henry Johnson, Bernice Sanders and J. B. Fairchild.

Black and gold crepe paper, CHS's school colors, was used to decorate the community house. The theme was a modern football field.

Refreshments of soda pop were served to everyone. CHSites are looking forward to the next bop-hop.

GORDON GRAVES — SENIOR OF THE WEEK

Maybe you have heard of tall, dark and handsome? Well, in Gordon Graves, an excellent athlete and a swell person, is a good example of personality plus. "Goggy," as he is called by his friends, enjoys sports in general, but specializes in football, basketball, and tennis.

This personality who stands well over six feet tall enjoys watching a good football game and is especially happy on a hunting or fishing trip; nevertheless, just put him in the middle of a "bull session" with his buddies, and he wouldn't ask for more. On a hot afternoon, "Goggy" likes to sit in a cool room listening to jazz music, especially "St. Louis Blues March." Around supper time, however, he is glad to leave it when fried quail is the dish.

As one of Gordon's friends com-

mented, "Gordon is a typical, well rounded, well liked all-around student who enjoys anything there is to do and takes part in all activities."

WHO DONE IT?

This is the question of the week: who painted the senior stand?

The PHA and Dragons have been eradicated by some unknown patriots. The stand was painted with sparkling new white paint.

Paducah could have felt sorry for us and painted it. It could have been the freshmen, the cheerleaders, or the majorettes. Some students know the answer, but it will remain a secret.

ABSENCES

The following students were absent last week one or more days due to sickness or other reasons.

Sickness: Jonny Kindt, Wanda Akers, Larry Love, Wanda Murphy, Betty Ingle, Jimmy Rodgers, Barbara Borchardt, Francine Coffey, Arleta Teague, Pat Cates, Ginger Rasberry.

Other reasons: Jimmy Williamson, Johnny Kajs, T. A. Shook, Jerry Cates, Buddy Kelly, Jimmy Thaxton, Ray Gibson, Gerry Knox and Joe Don Thompson.

CORRECTION

Barbara Ann Borchardt wants to thank the Wildcat Band for the pot plant instead of the freshman class as stated in last week's Wildcat.

FRESHMEN CREATE NEW STYLES

It seems that the freshmen

have created new styles as well as the famous Christian Dior.

Last week the boys wore their sport shirts backwards giving the effect of a turtle neck.

The girls were catted out in blue jeans with scattered patches on them.

GINGER RASBERRY SUFFERS INJURY IN WRECK

Thursday, September 23, Jackie Condon, her daughter, Cindy, and her sister, Ginger Rasberry, were going to the Leslie McAdams' ranch traveling the old Hackberry road. While Ginger held Cindy, Jackie drove the jeep in which they were riding, and they ran into a washed-out bridge on Good Creek.

Ginger got out of the jeep and went a mile and a half to a neighbor, James Sandlin, for help.

At the hospital it was discovered that Jackie had received severe nose injuries, and little Cindy hurt worst of all with her tongue cut off. Ginger received bruises, and her knee cap was cut off.

Although painful injuries were inflicted, all are improving rapidly.

KAT TELLS

Has everyone recovered from the ball game Friday night? That was just a little too close for comfort.

Why was Leona Powell rooting for Crowell? Could it be because she was meeting Lefty off the field?

Some couples seen at the canteen were Francine-Thaxton, Billye-Satch, June-Jim and Jerry-

Printiss. Clara and Don were seen at the Plaza Sunday enjoying Caine Mutiny.

Double dating Saturday were Nelda and J. M., Peggy and J. C., Maxine and Aldon.

Robert Love was seen with Marilyn Stone Saturday night. Patricia went to Ranger over the week end. No wonder Buddy played such a good game.

Ole steadies seem to be Wanda Murphy and Jack Driver of Quanah.

We were glad to see the Tech boys home over the week end, and from the stars in Gail's eyes, we weren't the only ones.

Carolyn Bursey and Billy Green took in the local flicks Tuesday night.

Seen at church Sunday night were Carolyn Monkres and Sonny Cates.

A Royal Couple: Football queen Jo Helen Aly and FHA King Jackie Walker.

We're sure glad to see Ginger back and are sorry about her accident.

Did everyone have fun at Fran's slumber party?

Does everybody like the new fight song? Good work, Mr. Rickard.

Betty Sue, did you have a long wait Saturday night? Where was Paul?

Ray seems to be seeing a lot of Barbara lately. Could this be a new steady?

Roma was happy over the week end. Reason—Coy was home.

Vida and Deloin were seen in church Sunday night.

Frances, Sue, Zonell and Betty Sue had a most enjoyable evening in Vernon Sunday with R. C. Geraldine and Dwaine—Study hall couple.

New couples — Jimmy Rodgers-Sue Hanson; Ray Thomson - Jana Black; Don Kidd - Zonell; Eddie Ketchersid - Mildred Pendergraft. Gaylon, how did you rate that picture of Jann Difon? Could this be the beginning of a new romance by mail?

Edward, we hear you had a

bust up with Rachel. Could Hal Sandefur have anything to do with it.

Chun had stars in his eyes Friday night. Joy Holmes was here to bop with him.

Kat of CHS—Lowell Page. Same ole steadies — Jackie Jo Helen, J. M. - Nelda, Gordon, Billye, Gerry - Sue, Dwayne, Geraldine, Ronnie - Latrelle and Coleman - Doris.

Cremate the Cyclones! Maul Memphis!

Kat's Tail.

LOWELL'S LAUGHS

Mrs. Davis: "Aldon, where the English Channel?"

Aldon: "I don't know, Mrs. Davis. Our TV set won't pick up."

Roma Jan: "After rain falls when does it get up again?"

Mr. Welch: "In dew time, lady, in dew time."

Sonny Cates: "You mean say you got 40 miles to the gas?"

Austin, Tex. — Texas insurance activity has boomed back into the news. This time it's a feud between the Board of Insurance Commissioners and Attorney Ronee Alfred Jr. And it's destined for court action.  
Flare-up between the board and Alfred, attorney for the liquidated division, came after the board dismissed the attorney and hired Austin Attorney Emmett Shelton.  
Alfred refused to leave his post, claiming that he was responsible to the courts which had approved him as attorney for Liquidator J. D. Wheeler.

He charged in a public letter to the commission that he had been discharged after he refused to delete the name of a commission employee from a suit he is to file. The suit is against persons connected in fraud charges involving the Texas Mutual Insurance Company of Beaumont.  
The insurance board said it had never authorized the appointment of Alfred. It also warned Wheeler that he will be considered "possibly liable" if he continues paying Alfred's salary.  
Board Chairman Garland A. Smith said that he felt the issue would be settled in court. The test is needed to clarify the law for the insurance industry and the public, he said.

back in the July primary, faces a suit attempting to disbar him.  
The State Bar Association filed the suit in Alice through Attorney Earl P. Hall of Austin. It contains 11 counts against Laughlin, similar to the 12 charges by attorneys responsible for his first ouster from the bench.  
"I've been expecting this for two or three days," Laughlin said, when notified of the suit.  
Decision as to whether the attorney, a central figure in Duval County controversies, is to be disbarred will be left to a judge and jury.

**Negro Sues**  
A 17-year-old Houston Negro, denied entrance at the University of Texas, has taken his case to Federal Court.  
John Winfred Walker filed his case on behalf of other negro students in the same situation.  
Walker was turned down by the University on the basis of a policy that permits entrance of negro undergraduates only when their academic course cannot be pursued in the state's negro colleges.  
Six Negroes have been turned down by the University this month. They planned to study engineering or architectural courses.

**State Home**  
Corsicana Home, 65-year-old state orphanage, should be kept in operation, ex-students of the orphanage have told state officials.  
Twenty-one ex-students, including Robert W. Calvert, Associate Justice of the Supreme Court, presented their written petition to the State Board of Hospitals and Special Schools.  
The Texas Research League had recommended abolishing the orphanage and placing orphans in foster homes.  
The Board said it has no present intention of abolishing the home.

**State Colleges**  
Texas colleges need \$8 million more next year to provide first class education for students, recommendations of a state committee warn.  
Finance committeemen of the Texas Commission on High Education, created by the legislature, made the report after checking 18 state-supported colleges.  
The money is needed to raise the quality of education during the school year 1955-56. The commission also recommended \$15 million more for major repairs during the period.  
At present, the colleges are raising about \$7 million per school year through tuition and other sources, the commission said.

**State Hospitals**  
Texans have been urged to request their legislative representatives to support appropriations for state hospitals.  
Dr. James A. Bethea, administrator for the board, said his department is due to seek an increase of at least \$1 per day per patient for care of the mentally ill and \$2.85 a day per patient for tubercular cases.  
At present the state is spending \$2.01 daily per patient for mental cases and \$4.15 a day for TB patients. State hospitals are now caring for 25,000 wards with 6,000 employees.  
Bethea said the increased appropriations are being asked for the biennium starting Sept. 1, 1955.

**Texas Draft**  
Texas' draft quota for November is good news to 60 Texans somewhere. That's the number short of the previous draft call for October.  
Quota for November is 1,092. A total of 2,565 men are scheduled to take physical and mental exams during the month. October exams will call 2,630 men. State Selective Service Director Paul L. Wakefield announced.  
Walker Appointed  
Governor Allan Shivers has announced the appointment of Ruel C. Walker, Cleburne attorney, as associate justice of the State Supreme Court. Walker will replace the late Graham B. Smedley.  
Appointment of Walker, as well as naming of 10 district judges and two district attorneys by the governor, followed nominations of the state Democratic conventions at Mineral Wells.

**Wichita Falls Man Named as Chairman Savings Bond Drive**  
J. C. Porter of the First National Bank of Wichita Falls has been named District Chairman in an 11-county district in the new stepped-up campaign for U. S. Savings Bonds throughout Texas. Announcement of the appointment came from Chairman Nathan Adams and Co-Chairman Ed Gossett, Dallas, of the Savings Bonds Advisory Committee for the state.  
The new district chairman will help give leadership to all phases of the Savings Bonds program in the district, which includes Archer, Baylor, Clay, Foard, Hardeeman, Knox, Montague, Throckmorton, Wichita, Wilbarger and Young counties.  
"Times throughout the world now are, and for the next several years probably will be, as critical as any experienced during the past quarter of a century. Therefore, it is highly essential that everyone of us do everything we can to keep ourselves, our community, our state and our nation strong," the district chairman emphasized. "Purchasing Savings Bonds is a way that everyone can help insure financial and economic strength. The Bonds afford every citizen a definite means of helping himself and also the economic well-being of his community, state and country. Furthermore, their new features, such as increased interest rate of three per cent, compounded semi-annually, makes them a more desirable investment for everyone.  
"Purchases of Savings Bonds must be substantially increased the remainder of the year in order to put the county quotas and the Texas goal over-the-top. The 1954 quota for the district is \$6,696,000 and for the state is \$199.3 million. The national goal calls for "A Billion More in '54."  
"We are confident," the district chairman concluded, "that the citizens of the counties in our district will cooperate fully to help attain the 1954 goal."

**WORKERS SHARE PROFIT**  
Rochester, N. H. — Because city workers helped to pile up a \$55,000 surplus in the municipal treasury, Mayor John Shaw says they are going to get "profit sharing" pay increases. The Mayor said the efficiency of the 75 city employees was a big factor in bringing about the surplus.

### School-Age Child Death Rate Cut by Two-Thirds Since '38

Chances of today's school age children—5 through 14—dying of disease have been cut by two-thirds in the past 15 years, a State Health Department statistical summary shows.

Thus, excluding accidents, the death rate has been cut by three times as much chance of living to collect high school diplomas than had the class of '38.

State Health Officer Henry A. Holle attributes healthier school life in 1954 to improved environment at home and school, immunization and vaccination programs, improved drug therapy, and education of the lay public on the importance of disease prevention.

One of every 594 school-age children in 1938 died of disease. By 1953 the ratio had been cut to 1785.

Parents of Texas' one and three-quarter million school children can breathe easier knowing that 1953

diphtheria death rates have been reduced to one-tenth of the 1938 rate, influenza and pneumonia to one-sixth, scarlet fever to one-third, and malaria and typhoid fever to a flat zero.

Fifteen years ago, the summary shows, school child deaths from all causes reached 3389, compared with 1698 deaths last year. And enrollment in public schools last year was greater by 70,000 than enrollment in 1938.

"Typhoid fever and malaria are excellent examples of what can be accomplished by simply cleaning up mosquito and fly breeding areas, improving sewage and garbage disposal, and improving housing conditions," Dr. Holle said.

Malaria caused the death of 39 school children in 1938, and typhoid killed 144. Neither disease claimed a single life last year.

Significantly, it was in 1938 that the State Department of Health began operating on its present scale.

The figures concerning accidental deaths aren't as bright as those on disease-produced fatalities. Accidents accounted for only 22.3 per cent of all school age deaths in 1938, compared with 46.7 per cent in 1953.

Accident prevention programs probably represent the most urgent field for student health education, Dr. Holle believes.

### Beef Shortage in Argentina

The dietary habits of the Argentine people are undergoing an enforced change. And it doesn't seem likely that Argentines will enjoy it.

They have long been the greatest meat-eaters on earth. Per capita consumption ran around 230 pounds, and that included tiny children. Each adult actually consumed an average of a whole steer each year.

Now, the news dispatches report, the Peron government is carrying on a high-powered "eat more fish" campaign. Beef has been fast disappearing from the shops.

There's nothing wrong with fish. It's a splendid food. But taste is primarily an acquired habit, and people who have eaten gargantuan quantities of beef for generations aren't liable to find any substitute food very palatable.

Various official reasons are given for the beef shortage—excessive consumption, drought, etc. But there are other reasons that may be more important. In Argentina, the government controls everything. The newspaper La Nacion cited the breaking up of large ranches, either by government action or by decision of the ranchers themselves owing to heavy taxation and unrealistic prices fixed by government.

In sum, the Argentine beef situation seems to be a beautiful example of what happens when the dead hand of government—with price fixing, ceilings and regulations of all kinds—dominates a business engaged in producing a perishable commodity. And it's certainly a perfect object lesson for us here in the United States.

### Almost Million Dollars Worth of Schools Destroyed by Fires

Almost a million dollars worth of Texas school classrooms went up in smoke in 1953.

Morris W. Parker, manager of the Texas Insurance Advisory Association, said that statistics kept by this fire insurance trade association showed that fire destroyed \$84,662 worth of school property last year. Records show that 71 Texas schools were damaged by fire in 1953.

To help reduce school fire losses, the Texas Insurance Advisory Association will distribute thousands of posters to schools this month as a part of the nation-wide observance of Fire Prevention Week, October 3-9, Mr. Parker said.

A spanking new \$500,000 Women's Building will make its bow at the 1954 State Fair of Texas, Oct. 2-8. Largest air-conditioned exhibit hall on any grounds anywhere, the structure will house a ballroom with catering by one of Dallas' most exclusive restaurants, an auditorium-in-the-round and

## Game Wardens Report Flagrant Violations of Wildlife Laws

The Director of Law Enforcement for the Game and Fish Commission said this week, "It took a pretty strong stomach for some Texas game wardens to keep functioning during the month covered in the new field report."

Here are some of the cases listed:

Poisoners killed every living fish over a two mile Colorado River area just below Austin, exterminating an estimated 15,000 pounds of game fish, including great catfish running up to 75 pounds in size. (The Hays-Travis County Game Protective Association has offered a \$200 reward for capture of the perpetrator.)

One hunter had 150 mourning doves. The limit is ten.

One dove hunter was arrested with seven quail.

One man was taken after shooting a turkey hen on which there is no open season.

Seven different men were charged with shooting fawn deer which are protected at all times in Texas.

Thirty-seven different cases were filed for illegally taking game fish, the majority being for poisoning waters or shocking fish with electricity.

"We are keeping our wardens in the field as long as they can stand it," said the Director of Law Enforcement. "They are using their two-way radio and other means of communication to protect wildlife. Local peace officers help in some cases.

"Justices of the peace are co-operating in most areas with some combined fines and costs for violations running well past \$1,000 reported. There were many individual fines and court costs exceeding \$200.

"Of course, the situation is not as bad as it looks. The small percentage of chronic irresponsibles commit most of the misdeeds. Yet it is surprising the number of substantial persons who yield to the temptation to cheat against wildlife."

## Program Eased for Small Wheat Grower

Farmers who have wheat acreage allotments of less than 15 acres may plant as much as 15 acres of wheat in 1955 and have their other crops eligible for price support. T. H. Jones, chairman of the Knox County Agricultural Stabilization and Conservation Committee said this week. However, exceeding the farm wheat acreage allotment will make the wheat from the farm ineligible for price support.

This means, he explains, that farmers with small wheat acreage allotments can produce 15 acres of wheat and have their other crops, including such allotment crops as corn, tobacco, cotton and peanuts, eligible for price support. However, farmers with a wheat allotment of less than 15 acres who want their other crops eligible for price support must comply with all other crop acreage allotments and stay within the 1952-53 average acreage of vegetables, potatoes, and sweet potatoes (for the fresh market or processing) and dry edible beans on the farm to have any of the crops eligible for price support.

Recent legislation provides that farmers who plant in excess of any of their crop acreage allotments be given an opportunity to adjust their acreage before harvest. Any wheat acreage used for hay, silage, pasture, as a green manure or cover crop will not be considered as wheat in determining compliance with acreage allotments for the wheat marketing quota program or for determination of eligibility for price support.

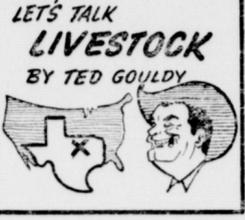

Mr. Jones also reminds farmers that farms with a wheat acreage of 15 acres or less are exempt from wheat marketing quota penalties. However, they will not be eligible for ACP payments.

Mr. and Mrs. Valmer Bond of Sugar City, Colo., are here this week visiting relatives and friends in Margaret and Crowell. They were in Crowell Tuesday afternoon meeting old-time friends. Pioneer residents of the Margaret community, they moved to Colorado 34 years ago.

The name England originated from the words Anglo-land.

**FOUND GUILTY** — Lt. Col. Harry Fleming (center), 46-year-old career soldier from Racine, Wis., confers with his attorney, Alfred E. LaFrance, at Fort Sheridan, Ill., after an Army court martial found him guilty of charges that he collaborated with the Communists while a prisoner of war in Korea. Fleming, first U. S. Army officer to be tried on such charges, was ordered to be dismissed from the service and to forfeit all pay and allowances.

**LET'S TALK  
LIVESTOCK  
BY TED GOULDY**

Fort Worth — Most classes of cattle and calves drew lower prices at Fort Worth Monday as the buyers had a little better of the trading. The weakening of grass cattle and calf prices followed pretty much the pattern of deterioration of pasture and winter feed prospects.

The approaching time of the first frosts in the Southwest and the fact that in many sections where grain fields were sowed and winter pasture prospects had some chance for improvement, time was running out without any rain.

Water shortages were becoming more general in many of the farming sections. The runs to market in the past month have contained more young cows and heifers, and if this situation is maintained there will be some definite reduction in the cow herds in this section of the nation.

Reliable demand still prevails for stockers and feeders with quality. The plainer kinds were definitely weaker. Slaughter steers and yearlings were weak to 50 cents lower, with grassers and shortfords on the big end of the lower prices.

Bulls found fully steady prices at Fort Worth Monday. Low grade, lightweight shelly and emaciated canner cows were under severe pressure, some selling below \$4. Cows are currently selling \$1 to \$2 under prices a year ago at this time.

## Negro Football Game Scheduled for Quanah

A Negro football game will be played at the Quanah High School stadium tomorrow night (Friday) at 8 o'clock. The opposing football squads will be the Vernon Bearcats and the Frederick Wildcats.

The game is being sponsored by the Quanah B. & P. W. Club.

## Representative Cattle Sales

At Fort Worth Monday, one load of choice long aged yearling steers topped at \$23 and Tom L. Burnett Cattle Co., Foard County, had a load of cows at 1,076 lbs. at \$11.50. Furd Halsell & Son sold a load of cleanup bulls at \$11.50, that averaged 1,440.

## Hog Run Lighter

At Fort Worth Monday hog prices were 25 to 50 cents higher and the top got back up to \$20.75 and \$21. Basis for the better market stemmed from the fact that about 25,000 fewer hogs were reported at the nation's 12 major markets than a week ago the same day. Sows sold fully steady at \$14 to \$18.

## Fat Lambs Higher

Fat lambs opened strong to 50 cents higher at Fort Worth Monday, with good and choice kinds from \$16.50 to \$18 and cull, common and medium grades from \$8 to \$15. Stocker and feeder lambs bulked at \$11 to \$13, a few higher and were 25 to 50 cents lower at those prices.

Fat yearling wethers drew \$10 to \$11.50 and old wethers sold around \$6 to \$10. Slaughter ewes drew \$3.50 to \$4.50. Old bucks sold around \$3 to \$4.

## MANY THANKS

To the doctors and hospital staff, I wish to express my special thanks, with sincere gratitude and appreciation for their excellent care during the time I was in the hospital. I also want to thank my blood donors from the bottom of my heart, and thanks to each and everyone for the lovely cards, flowers and gifts. May God bless you all.

## "No Scapegoat Available"

If you're one of the consumers  
who has been wondering why first  
class steaks sell for \$1.00 a pound  
or more in the butcher shops  
while live steers bring only about  
a quarter as much, some factual  
information which has recently  
become available should interest  
you.

First of all, only 30 pounds  
of the average 1,000 pound steer  
are the fancy steaks which bring  
top prices. The average retail  
price for all the products from a  
U. S. Choice Grade Steer of that  
weight was but 30 cents a  
pound on a recent date. And the  
heavy demand for the relatively  
small supply of fancy steaks has  
tended to hold prices up. Between  
November, 1951, and last October  
the price of these steaks has  
fallen 14 cents a pound, while the price  
of equally nutritious cuts such  
as ground beef and chuck roasts  
went down 22 cents.

If there is any profiteering in  
the meat business, it will naturally  
show up in the form of big  
profits. Time magazine looked  
into that a short time ago. It  
found that cattle feeders are  
lucky if they make a profit of  
10 per cent and that many pack-  
ers are earning much less than  
one cent of profit on each dollar  
of sales. The retailer's markup is  
around 16 per cent, of which a  
large part is absorbed by his over-  
head costs.

The Jacksonville Journal sum-  
med the matter up accurately  
when, in the course of a lengthy  
editorial on meat prices and their  
causes, it said, "There is no  
scapegoat available in the meat  
situation."

## G. M. INCORPORATED IN 1908

The nucleus of General Motors  
was four firms which joined GM  
within months after its incorpora-  
tion in 1908. They were the com-  
panies that resulted from the work  
of these automotive pioneers: R.  
E. Olds, Henry M. Leland (Cadil-  
lac), David Buick and Edward  
M. Murphy (Pontiac).

## Our Weekly Sermon

### Biting the Hand That Feeds

The low and musical notes of  
a steam locomotive whistle drifted  
lazily across the New Jersey coun-  
tryside, as the engine with its  
trail of rattling cars rumbled  
across the farms and highways.  
The husky engineer was on guard,  
as usual. Keeping an eye on gauges  
and a careful hand on the con-  
trols, he shot a quick look down  
the tracks. Everything seemed all  
right for the moment—the rails  
glistened like silver twins into the  
distance.

Another swift glance and the  
engineer moved rapidly and jerked  
the emergency control. What  
he had seen on the tracks before  
him certainly did not belong there.  
All the emergency stopping pow-  
er of the train, long bottled up,  
was now released to bring the  
string of caterpillar-like cars to  
a halt.

Looking anxiously ahead, with  
furrows of concern on his face,  
he saw the object bobbing about  
on the track, this way and then  
that way, but never leaving the  
narrow path of danger. Could  
he stop? Another glance at the  
controls, a steady hand on the  
emergency mechanism, a shouted  
command to his fireman, another  
anxious look down the track. It  
seemed now as though the train  
would stop—in time. Beginning  
to breathe again, this knight of  
the iron horse took one close, care-  
ful look and saw on the tracks—  
a boy!

As the train ground to a siz-  
zling halt with one final, agonized  
screach, even the brakes seemed  
to sigh with relief. The engineer,  
followed closely by other trainmen,

out of that old car of yours?"

## CATS EDGE BY QUANAH

Quanah's Indians invaded Wild-  
cat Stadium Friday night, Sept.  
24, for a non-conference football  
game. This was the Wildcats' first  
appearance at Wildcat Stadium  
this year. The Crowell boys made  
the only score in the first period  
when fullback Ray Gibson plun-  
ged over the goal for the initial  
tally. Gibson also kicked the extra  
point. The score at the half re-  
mained 7-0 in Crowell's favor.

Quanah struck back in the third  
quarter with a TD, and they con-  
verted the extra point to tie the  
ball game 7-7. The Indians again  
took on a pass in the fourth quar-  
ter on a pass play to Keith Hodo,  
who outran the Crowell defend-  
ers. Quanah failed to convert,  
leaving the score 13-7.

The Indians made the mistake  
of kicking the ball to Gerry Knox,  
speedy Crowell halfback. Knox re-  
turned the ball 74 yards to the  
24-yard line. Seven plays later,  
with just a few seconds left, quar-  
terback Gordon Graves completed  
a pass to Gerry Knox who fell  
across the goal line to tie the ball  
game 13-13. Gibson's extra point  
proved to be the winning margin.

The Wildcats kicked off to the  
Quanah boys, but the game ended  
at that point with Crowell on  
top 14-13.

This is the second straight year  
that the Wildcats have beaten the  
Quanah boys by the slim margin  
of one point. Crowell's line looked  
very good. Defensive standouts  
were Don Smith and Ed Daniel.  
Crowell plays Memphis here next  
Friday night.

## WILDKITTENS LAUNCH

NEW SEASON  
The Crowell Wildkittens, foot-  
ball team of the elementary school  
under the tutelage of Coaches  
Gordon Erwin and Glen Taylor,  
opened their district play Monday,  
Sept. 20, when they played Paducah.

The Kittens proved to be the  
stronger of the two and came out  
on top 33-6. However, the week  
before that, the Wildkittens played  
their first game, a non-confer-  
ence tilt against the elementary  
school boys from Munday. The  
Crowell boys came out on top  
21-6.

The district is divided into two  
halves with four teams in each  
half. If the Crowell boys win their  
half, the western portion of the  
district, they will meet the winner  
of the eastern section for the  
district championship.

The Wildkittens play Munday  
again on Thursday, Sept. 30, here  
at Wildcat stadium. The team is  
composed of Kenneth Bell, Ger-  
ald Bradford, Ivan Cates, David  
Carpenter, Jerry Clifton, Thomas  
Crowell, Don Lee Daniel, Larry  
Ferguson, Gordon Fish, J. W.  
Golden, Bill Graves, Jim Henry,  
Loy Hopkins, Dale Johnson,  
Duane Johnson, Eugene Monkes,  
Jimmy Rader, Charles Todd, Don  
Tole, Fredrick Youre and Joe  
Wheeler.

walked up ahead and lifted the  
little fellow of four years off the  
track. You would expect the boy  
to be very thankful to be gathered  
up in the fatherly arms of this  
quick-thinking railroader. But  
was he? With a heave of pettish  
anger the lad aimed a sharp kick  
at the shins of the man who had  
spoiled all his fun on the railroad!  
How terrible is such ingratitude.  
But I am reminded that the whole  
human race has thus mistreated  
God. Flagrant disobedience has  
been His reward and our response  
to His great, eternal love. Draw  
near, then, to Him. Do it today.

"Draw nigh to God, and He will  
draw nigh to you" (James 4:8).

## BACKWARD?

Dallas — A sign in a Dallas  
restaurant recently read: "Due  
to the advance in wholesale price  
of coffee, we are forced to re-  
duce our price from 5 cents to 4  
cents per cup."

## Smokers Blamed for

### Half of Hotel Fires

Austin, Texas—Smokers were  
blamed this week for almost half  
of Texas' 151 hotel fires in 1953.

Norris W. Parker, manager of  
the Texas Insurance Advisory As-  
sociation, said that figures com-  
piled by his organization showed  
that smoking in bed caused 44  
hotel fires last year. Leaving  
burning cigarettes in ash trays,  
tossing them into waste baskets  
and other careless smoking habits  
accounted for 28 other hotel fires.

Electrical wiring and kitchen  
grease fires accounted for most  
of the other hotel fires last year,  
the insurance trade association  
said.

## EARTH'S AGE

Applying atomic measurements to  
time, four scientists have push-  
ed the origin of the earth back  
to at least four and one-half mil-  
lion years ago. The study, made  
on the University of Chicago's  
mass spectrometers, was based  
on two slightly different kinds  
of lead found in meteorites. The  
lead was once uranium.

## FIRE HALL BURNED

Medicine Lake, Mont. — A  
blaze of undetermined origin  
burned through this town's one-  
story firehall and leaped to an  
empty building and destroyed it.  
While volunteer fire fighters were  
able to save the town jail and a  
church and parish hall, the town's  
only fire truck was destroyed.

Stop Taking  
Harsh Drugs for  
Constipation

Avoid Intestinal Upset! Get Relief This  
Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs.  
They cause brutal cramps and griping,  
disrupt normal bowel action, make re-  
peated doses seem needed.

When you are temporarily consti-  
pated, get sure but gentle relief—without  
salts, without harsh drugs. Take Dr.  
Caldwell's Senna Laxative contained in  
Srup Pepsin. The extract of Senna in  
Dr. Caldwell's is one of the finest natural  
laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes  
good, gives gentle, comfortable, sat-  
isfying relief of temporary constipation  
for every member of the family. Helps  
you get "on schedule" without re-  
peated doses. Even relieves stomach  
sourness that constipation often brings.

Buy Dr. Caldwell's. Money back if  
not satisfied. Mail bottle to Box 280,  
New York 18, N. Y.

## DOLLARS TO DOUGHNUTS

Dollars to doughnuts are pretty steep odds. No  
steeper, though, than the odds against your financial  
success unless you start to save some money . . . and  
keep everlastingly at it! How about reversing those  
odds? Here's how: Start an account here. Deposit a  
fixed amount every pay day. Don't let anything stop  
you. You'll then be a "dollars to doughnuts" favorite  
to win through to the best things of life. As a matter  
of fact, you can't miss!

## FOARD CITY W. S. C. S.

The Women's Society of Foard City met at the church on Monday, Sept. 27, with Mrs. Blake McDaniel presiding. The meeting was opened with a prayer by Mrs. Jack Welch.

During the business session, it was voted that the winter meeting will begin at 2:30. Mrs. Grady Halbert discussed the rewarding art of beginning where one is, considering each moment of the day not just as the present but as the very beginning of the future. "We are sure only of today and we must use it as best we can. We must begin from here."

"Men and God in the City," by Dr. Kenneth D. Miller, is the book now being reviewed by Mrs. Fred Trawick, who brought chapter two of this very readable, interesting text. Various means of making new members of large churches realize they have a place to fill besides just a pew on Sabbath challenged those listening to make newcomers and visitors feel the friendliness of the Foard City church members.

Mrs. Trawick called upon Mrs. McDaniel to give a report dealing with one's capabilities despite handicaps. The story dealt with the perseverance of an older pioneer woman who, despite warnings from younger and harder travelers, not only survived the months of weary wagon train miles but arrived on the coast to live many years of worthwhile service to her community.

Mrs. Virgil Johnson will bring the next lesson from the text on Monday, Oct. 4, and women of the community are urged to attend.

## FOARD CITY H. D. CLUB

The highlights of the Foard City Home Demonstration Club meeting Tuesday, Sept. 21, were "how to cook a roast" and the election of officers for the coming year.

Mrs. Mary Brown, Agent, stated that oven roasting is applied to tender cuts of beef. No flour or water is added. Salt and pepper is rubbed into meat and the oven set at 300-350 degrees F. A meat thermometer is recommended for determining "doneness."

Officers elected for the new year are as follows: president, Mrs. Fred Trawick; vice president, Mrs. Doc Borchardt; secretary-treasurer, Mrs. Glen Jones; reporter, Mrs. Harry Trawick; council delegates, Mrs. Bill Cox and Mrs. Tom Callaway; clothing demonstrators, Mrs. Jack Welch and Mrs. Tom Callaway; food demonstrators, Mrs. Glen Shook and Mrs. John Borchardt; pattern and making chairman, Mrs. Boss Johnson and Mrs. Doc Borchardt; yearbook chairman, Mrs. Miller Rader; EEE chairman, Mrs. Virgil Johnson and Mrs. R. Owens; sick committee, Mrs. E. V. Halbert; recreation committee, Mrs. Miller Rader and Mrs. Eldon Crosnoe.

Any club member interested in taking tailoring next year is urged to be at club next time, Oct. 5 at 2 p. m. Mrs. Crosnoe will be hostess and the program will consist of one-dish meals by Mrs. Glen Jones.

## T. E. L. CLASS

The home of Mrs. C. C. McLaughlin was the scene of a delightful social hour for the T. E. L. Class of the Baptist Church Sept. 23.

Mrs. C. T. Aly and Mrs. Adalite Weather assisted with hostess duties. Mrs. Doc Callaway and chairing the meeting. Two songs were sung for the opening, followed by prayer by Mrs. Frank Long.

Mrs. Clark Hitt brought the devotional from Prov. 15:1. Reports from the nominating committee were made. The social hour was in charge of Mrs. E. A. Dunagan.

Refreshments were served to 15 members and one visitor, Mrs. Clark Hitt.

### JAPANESE H-BOMB VICTIM DIES — Aikichi Kuboyama, 40, one of 16 Japanese tuna boat crewmen showered by radioactive H-bomb dust, died at the First National Hospital in Tokyo. Confined since March 28, Kuboyama died of a liver ailment and a weakened heart strained by his long illness, which set off a wave of anti-American feeling among the Japanese people. His body has been cremated, leaving only ashes as a physical reminder of the world's first hydrogen bomb victim.

## Bishop and Mrs. Boaz Will Celebrate 60th Anniversary Oct. 2

Bishop and Mrs. Hiram A. Boaz will celebrate their 60th wedding anniversary on Saturday, Oct. 2. It has been announced by the Texas Methodist Information Center that Bishop Boaz is well known across Texas as his duties as bishop and earlier as vice president and president of Southern Methodist University have taken him to all parts of the state. He is the oldest living member of the Central Texas Conference, having joined in 1889 when it was known as the Northwest Texas Conference.

Special event for the anniversary will be a reception from 3:30 to 4:30 p. m. at Kirby Hall, Perkins Quadrangle, Southern Methodist University campus. No formal invitations have been extended, but the affair is open to the public. It has been requested that no gifts be presented.

Mrs. Boaz is 85 years of age and the bishop, 87. Both are reported in "excellent health." Bishop Boaz says he preaches as often as he has opportunity and plays golf, "shooting a good score for one of his age."

## THALIA H. D. CLUB

The Thalia Home Demonstration Club met Thursday afternoon in the Thalia school cafeteria with Mrs. T. R. Cates Sr. as hostess.

Each club member answered roll call with a safety hint. The nominating committee announced officers for the following year as follows: president, Mrs. B. A. Whitman; vice president, Mrs. Jesse Moore; council delegates, Mrs. Ernie Roberts and Mrs. Waldon Johnson; reporter, Mrs. Ernie Roberts; clothing demonstrator, Mrs. Lee Sims; foods demonstrator, Mrs. Duane Capps; finance committee, Mrs. Robert Hammonds; recreation committee, Mrs. Merle Moore; EEE committee, Mrs. Allen Shultz; marketing committee, Mrs. Maude Johnson.

Mrs. B. A. Whitman, chairman, gave many helpful hints on putting up frozen foods—preparing them and packing them. Mrs. W. A. Johnson discussed the making of aluminum trays and the club ordered material for making them.

Mrs. Cates, hostess, served punch and cookies to nine members; Mrs. B. A. Whitman, Mrs. Jesse Moore, Mrs. Lee Sims, Mrs. Robert Hammonds, Mrs. Lee Hammonds, Mrs. W. A. Johnson, Mrs. Bertha Chapman and Mrs. Ernie Roberts; two new members, Mrs. Merle Moore and Mrs. Allen Shultz.

The club adjourned to meet the first Thursday in October at the school house with Mrs. Bertha Chapman as hostess.

## WEST SIDE H. D. CLUB

"Put waxed paper between each layer of steak when preparing steak to freeze," suggested Mrs. Walter Thomson as she showed methods of packaging foods for frozen storage at the West Side Home Demonstration Club Sept. 28, in her home.

Mrs. Thomson also suggested wrapping some meats in individual servings for hurry-up meals. The following were elected as officers for next year: president, Mrs. Jack Lyons; vice president, Mrs. Parker Churchill; secretary-treasurer, Mrs. Homer Zeibig; council delegates, Mrs. S. Ross and Mrs. Parker Churchill; reporter, Mrs. Walter Thomson; assistant reporter, Mrs. Donald Norris.

The next meeting will be Oct. 12 with Mrs. C. R. Bryson. The hostess, Mrs. Oscar Gentry, served refreshments to the following: one guest, Mrs. Barney Sanders, and members: Mesdames E. A. Dunagan, Walter Thomson, Jack Lyons, T. W. Cooper, Bert Mathews, Donald Norris, Tom King, Ab Jones, S. H. Ross, Parker Churchill, G. H. Kincheloe and S. E. Tate.

## Winter Cover Crop Developed of Small Grain and Legumes

A winter cover crop of small grain and legumes has been developed for counties in drought areas. Knox County is considered in the drought area and has been approved for this practice.

Assistance in the amount of 80 per cent of the average cost of seed for seeding a mixture of small grain (except wheat) and legumes or legumes alone. Grazing consistent with good management is permitted and the crop may be harvested for hay provided the stubble is left on the land until seed are normally formed.

The crop may not be harvested for grain or seed. Requests for assistance are being accepted in the ASC office at Knox City.

## McMurry Student . . .

(Continued from page 1)

Methodist Church 15 miles southeast of Haskell to enroll as a McMurry ministerial student in September, 1941.

Three years later he was awarded the bachelor's degree, after having served a term as president of Forum, ministerial men's organization.

It was during Rev. Adeock's days at McMurry that Linda first got acquainted with the campus, as a pre-school toddler. She has since compiled an impressive record of school and church activities and personal accomplishments.

A 1954 graduate of Miami High School, Miss Adeock ranked second highest in her class, served as a cheer leader, and was FFA Sweetheart, Harvest Queen and was voted the senior "most likely to succeed," and "best all-around girl."

In Methodist Youth Fellowship activities, Miss Adeock has been sub-district secretary, treasurer, and president; and district secre-
