Crowell Wildcats Defeated 40-0 by Seymour Panthers Last Friday Night

Crowell High School football team stepped out of its own cage last Friday night at Seymour to take a good shell from the strong class 2A Seymour Panthers. However, the Panthers gave a good account of themselves during the first half of the game, scoring six points in three minutes before the game. The score was 13 to 0 at the beginning of the third quarter.

The big weight and experience of the Panthers had too much for the Crowell team. The final score was 40-0. The Panthers had a 150-pound back for the game, that spelled the big difference.

Maude Rasberry Named Honor Guest Barbecue Saturday

September 8, 1956, was a festive occasion for the Rasberry family when Jack and Betty Rasberry of Cement, Okla., sponsored a barbecue for their oil well and family reunion honoring Mrs. Maude Rasberry. When Maude Reynolds married J. B. Rasberry in 1906, she must have had many memorable words in her mind. "This year marked the beginning of the Rasberry family. She meant so much to her 'in-laws' that they never felt they had a sister. They presented her with a beautiful blue globe as a gift. Much to her surprise and delight, she was named the honor guest at the barbecue Saturday.

Hamilton, superintendent of the Seymour Schools, made a special address to the gathering of friends and family. He had a short history of Mrs. Rasberry and her life here. She raised a family of six alone after her husband died in 1923. Her four children and two girls and their families and respect her. All her children were born and raised in the same home west of Crowell. She has twenty grandchildren and a great-grandchild. In the depression, she managed to hold 2,500 acres of land. It was necessary for her to rent the farm land; at other times she boarded teachers. She met all her troubles with grace, faith and hope. In 1941 she died her faith would pay off an oil well was drilled on her land. Disappointment followed when the hole was dry. In May, 1955, the same well was re-entered and dug 400 feet deeper. This time fortune smiled and a flowing well was brought in. This led to the development of the field and Jack and Betty Rasberry gave a gift to the community.

Crowell Wildcats Take on Memphis Cyclones in First Home Game Friday

The Crowell High School football team, coached by Thayne Bennett and Gordon Erwin, will play in its own classification this week when the Memphis Cyclones come here for a game. Memphis is the Tulia Hornets' last week in its opener. Crowell will be led by fullback David Jones, brother to the boy who is the local fans such a hero. He has two years ago. However, halfback Daryl Long scored a winning touchdown for the Cyclones last week. Crowell has won 25 games and only 7 during the past four years, and the sportswriters are asking the Wildcats to make an effort to break this record. There were no serious injuries to any of the boys in the game with the strong Seymour Panthers last week and the lineup will remain about the same. There is a possibility that Edward Howard will start at left guard instead of Gordon Cates. Both of these boys gave a good account of themselves last week. Crowell coaches have been working overtime on line blocking this week. Larry Sledge, new Crowell quarterback, was doing fair passing in the Seymour game but he was not having enough time to consistently find his receivers. Gerald Bradford did some good ball carrying late in the game last week and will probably see more service in this contest. The probable starting lineups for the opening home game with the Memphis Cyclones that will start at 8:00 o'clock here tomorrow (Friday) night are as follows:

Foard County has been allocated \$264,200.00 to pay off 1957 wheat acreage agreements, Ray Hysinger, Chairman, ASC committee, announced this week.

September 21, 1957, is the final date to sign agreements. All farmers with wheat acreage allotments are eligible to participate, and contracts are for one year only.

Bradford Home Given to Crowell Cemetery Ass'n.

The eleven children of the late Mrs. Studie Bradford, following the death of their mother on Sunday night, Sept. 2, decided her home in the town of Margaret to the Crowell Cemetery Association to be used as officers of the association see fit and proper.

This is a very liberal gift to the Cemetery Association and is greatly appreciated not only by those who have the responsibility of the upkeep of the cemetery, but by all who are interested in any way in the local cemetery.

The Bradford children are: Mrs. Grover Bradbury of Pauls Valley, Okla., Mrs. Clint Arwine of Longview, Mrs. Lizzie Bradford of Oklahoma City, Okla., C. F. Bradford of Margaret, Ben and J. B. Bradford of Abilene, Lee Bradford of El Paso, Fe. N. R. Bradford of Santa Fe, N. B. Ralph Bradford of Quanah, J. Y. Bradford of Roff, Okla., and Carl Bradford of Vernon.

The Cemetery Association will get possession of the house within thirty days.

Mrs. Iva Ballard Completes 20 Years Telephone Service

Mrs. Iva Ballard received her 20-year service pin from the General Telephone Company on Tuesday night, September 4. Miss Alma Patton, chief operator, made the presentation.

Mrs. Ballard began working for the telephone company in 1921 when it was the Haskell Telephone Company, with Walter Moore as manager. She worked eleven years and during that time was married to Lewis Ballard. In 1932 she resigned to devote her time to rearing her son.

In 1945 she began working again as a war emergency operator, and is still working. She has worked as night operator for the past eight years. She had her time bridged for the ten-year absence period, making her 20 years service.

Mrs. Ballard and her husband have one son, F. L., who is in the Armed Services and is overseas at the present time.

She is an active member of the Methodist Church, is a member of the Rebekah Lodge, and a member of the Ladies Auxiliary to the Veterans of Foreign Wars.

MOST COURTEOUS CLERK

Miss Helen Russell, daughter of Mrs. J. F. Russell of Crowell, was named the "Most Courteous Clerk" for the month of August at Slaton where she has been employed in the Slaton Pharmacy for the past five months. "I thought they were kidding me—it sure was a pleasant surprise to find out they weren't," was the reaction of Miss Russell when she was told she had been selected for this honor. Leroy Holt, co-owner of the pharmacy, presented her with a corsage. "We are very happy to have an employee who could make such a good impression in such a short time," Holt stated. He is director of the Chamber of Commerce which jointly presents the monthly awards with the Slaton Slatonite.

A. S. C. Community Committee Election Set for Thursday, September 20th

Election of Community Committee members for the Foard County Agricultural Stabilization and Conservation Service has been set for Thursday, September 20. Mrs. Jean L. Reeder, office manager, announced Monday.

The ballots will be cast by mail. Official ballots will be mailed to each known eligible farmer and his wife.

On each ballot are names of 7 nominees, selected by the Community Election Committee. Farmers will be asked to vote for five though write-ins will be accepted and space is reserved for them on the ballot.

The five nominees receiving the highest number of votes will make up the 1957 Community ASC Committee with the farmer polling the most votes chairman. The chairman and vice chairman will serve as delegate and alternate delegate to the county convention which will be held for the purpose of naming a county committee.

Gathering of Cotton Crop Off to Slow Start

Gathering and ginning of the 1956 cotton crop in Foard County is getting off to a slow start, but 253 bales had been ginned in the county up to Wednesday morning. The Rayland Gin was leading with 140 bales. However, Roy Martin, manager, states that it is coming in at a slow pace. The Thalia Co-Op. Gin had ginned 70 bales Wednesday morning, but expected to reach 80 by night.

Irrigated cotton is making a good yield. Tom Smith of Margaret has ginned 22 bales from his irrigated field. They have been ginned at the Farmers Co-Op. Gin in Crowell.

Some dry land cotton will make from a fourth to a half bale per acre, it is reported.

ATTEND DEMO CONVENTION

Ray Shirley, Foard County Democratic Chairman, and Claude Callaway attended the State Democratic Convention held in Fort Worth this week.

Janet Rasberry Wins First Place in District Dress Revue at Wichita Falls

Miss Janet Rasberry, daughter of Mr. and Mrs. Raymon Rasberry, won first in the District Dress Revue held in Wichita Falls Saturday, September 8, according to Mrs. Mary D. Brown, County Home Demonstration Agent, who accompanied Miss Rasberry and her mother to Wichita Falls.

Janet's dress is a malt colored poplin faille made from cotton and silk. It is a sheath dress with a wide draped collar and is accented by dull silver buttons. She wore a black velvet hat, black gloves, and black patent shoes and bag.

On October 6, Janet will enter the State Dress Revue Contest to be held in Dallas in connection with the State Fair of Texas. The City National Bank of Wichita Falls will pay for her expenses to Dallas.

Janet is 18 years old and has been in 4-H Club work for eight years. Her demonstrations have included clothing, meal preparation, freezing, bed room improvement, landscaping, home management and breads and cereals.

She has won county medals in clothing, recreation, achievement and Gold Star. She is a member of the District 4-H Council and has attended District Camp four times.

In 1955 she was third place winner in the District Dress Revue, and this summer she was a winner in the Talcott Club Tour of Texas, New Mexico and Colorado.

Sanity Hearing Set for Sparks

A sanity hearing has been set for Friday at Crowell for James L. Sparks, who in February, 1951, was tried here on a charge of intent to murder originating in Wilbarger County.

In the 1951 trial, transferred to Foard County on a change of venue, Mr. Sparks was found to be insane at the time of the act and at the time of the trial, according to District Attorney Jack Hightower.

Sparks was brought Friday from the Rusk State Hospital, where he has been confined, and placed in jail at Crowell.

If in the sanity hearing he is found still to be insane he will be returned to the institution but if he is found to be sane, he will be released, Mr. Hightower explained.

Storage for Treated Wheat Being Erected at Farmers Elevator

A new building that will store 2,000 bushels of treated wheat is being erected this week at the Farmers Co-Op. Elevator. Wheat that is treated has to be kept separate from other grain.

Treated wheat will be kept in storage for the benefit of farmers who want to exchange other wheat for grain that has been treated and is ready for planting.

WELCOME HOME!

Hello, everybody! Did you have fun this summer? We sincerely hope you did, but back in the corner of our hearts, we hope that while you were relaxing, traveling, or working, you kept school in mind and were a bit homesick for it.

We especially want you freshmen to feel like what you are—part of the "gang." Your place is just as important as that of the most dignified senior. We welcome you into our school family.

To the seniors, we'd like to give a special welcome, for this is the last time you will participate as one of the members of our school family. Don't feel too solemn. The last year should be the best, but when it's all gone, we hope that you, as well as other graduates of CHS, will come back

and visit your "home school" from time to time, see the changes (for better or for worse), and remember the joys of having "lived here" yourselves under the guidance of our teachers.

Teachers, we want you to feel welcome too—welcome to plant soil of our brains as possible so it will bloom in the future of each of us.

So, welcome home, everybody!

have a word of praise, please let us hear that, too. You can't imagine how much it would help ease our "writer's cramps." With the help and guidance of our wonderful sponsor, Mrs. Earl Manard, we hope to achieve our aim, which is to make this year's "Wildcat" truly "the voice of the student."

Your Editor.

FROM THE EDITOR'S DESK

The first edition of the 1956-57 "Wildcat" is now in your hands! Even though it may not measure up to professional standards, we're proud of it and of our staff; however, there are still a few vacant places.

For assistant editors we have a double answer to an editor's prayer: Sandra Choate, who probably has more professional experience than any other member of the staff for the weekly column for the Wichita Daily Times during the summer, and De Anna Fergeson, whose middle name, we suspect, is dependability.

Filling the important office of sports editor is Lowell Page, a boy who "sees all, hears all, and writes all." The FHA reporter, Anna Marie Fiske, is well qualified to cover all home economics news. As band reporter, it will be Shirley Fox's job to report on the many and varied activities of that organization. Who could make a better Student Council reporter than its own president, Nelda Kay Brooks? All assembly programs will be written up by Lavoy Rummel. A member of the annual staff, Marilyn Stone, will keep us posted on the progress of that eagerly awaited book, and an assistant librarian, Ruth Hinkle, will report on improvements in the library.

If you're a member of any club, Spanish, Sub-Junior Adelpian, Sub-Junior Columbian, etc., tell your reporter to hand in all material on social events to Janis Crowell. As society editor Janis will see that the articles are published. If they aren't don't blame Janis, blame your reporter.

To provide a little humor (we hope), will be joke editor, George Morgan's job. Look for his column entitled "George's Gags."

This year we thought we'd expand what used to be the scandal column to cover all campus "shenanigans." In charge of this column are J. C. McCoy and Aldon Garrett. So, if you've started going steady, quit going steady, changed the color of your hair, bought a new car, had a wreck, broken an arm, ankle, leg, or wrist, taken a trip, or know of anyone who has, it's news and we want to know about it. You can either write it down and drop it in the locker number 59 by noon Monday, the deadline, if you want it in that week's paper, or you can see Aldon, J. C., or one of their helpers: Judy Borchardt, Betty McKown, Bettie Linda Knox or Elizabeth Davis, or if you can't do any of these, just turn your contributions in to any member of the staff.

Marketta Painter and Edward Daniel have the job of typing the paper copy to be sent to the News office, and it's quite a job. We've left the class reporter offices vacant until after the class elections so that one person won't be filling two class offices.

Well, that's our staff, and your editor feels it's the best ever, but no matter how good the staff, the "Wildcat" can only be a success if every student in high school—and that means you, too—will contribute. This is your paper. Anytime you have something you want printed, give it to one of the editors or to just any member of the staff, and if at all possible, we'll see that it goes in the "Wildcat." Let us hear your complaints, and if you ever

have a word of praise, please let us hear that, too. You can't imagine how much it would help ease our "writer's cramps." With the help and guidance of our wonderful sponsor, Mrs. Earl Manard, we hope to achieve our aim, which is to make this year's "Wildcat" truly "the voice of the student."

Your Editor.

LOSS AND GAIN

Has everyone observed the changes that have taken place in some of the faces around CHS? Old faces have been replaced by new ones. Several of our former students have deserted us, and new ones have joined us.

CHS has lost Gay Johnston, who is making her home in Ennis, Texas. Ray and Sharon Trammel are Palestine's gain. Henderson, Nevada, claims Jimmy Rodgers. Damon Brooks has moved to Nacogdoches, Texas.

Alton McCurley is working at the Waggoner Ranch, and Malcolm Jacobs is with the Dr. Pepper Bottling Co. in Pampa. Sidney Lanier is living in California, and Charles Todd is in Vernon. We are also very sorry to have lost Doris Smith and Jerry Cates.

We miss all these students and wish them the best of luck in their new locations.

We welcome back to the fold Sue Barsey and Carolyn Sue Aydelott.

Among the new students in CHS is Ronald Boyd, a freshman from Vernon. We also wish to welcome the new freshmen from Thalia—Ruth Ellen Short, Judy Johnson, D'Lois Shultz, Wanda McCurley, Bobby Powers, Louis Kajs, Joe Coufal, Roy Chism and Roy Martin Shultz. We hope you enjoy your days in CHS.

SPORTS NEWS

Well, school has settled down to the old grind, the fabulous colors of black and gold have returned to the scene, and the smell of winter and football is strong in the air. The Wildcats hit it a bit rough with Seymour, but after all, there has to be a loser. The team had some rough luck during the first week of training. Billy Everson received a back injury, and a broken arm and a badly broken shoulder have kept Tom Crowell and Fred Youree out of play.

Many fans journeyed to Seymour for this first game of the season where they were met by an enthusiastic group of Panther backers. The Wildcat Band, with Nelda Brooks as drum major; Jerry Fairchild, Sandra Sanders, Jennie Johnson and Bettie Linda Knox as majorettes, made a fine showing. Roma Jan Spikes, Jana Black, Carolyn Monkes, Roxiann Adkins and Jo Frances Long, led the pep squad in a seemingly never-ending bout of yells.

Saturday morning at 8 a. m., radio station KWVC of Vernon broadcast a play by play description of the ball game. We are unusually fortunate in being given this service, and it will continue throughout the entire football season.

Let's all turn out this Friday when the Wildcats meet the Memphis Cyclones in their first home game of the season.

CHS STUDENTS TRAVEL FAR AND WIDE

When we say the youngsters of CHS are experienced travelers, we really mean it. More than one-third of our students were out of the state some time during the summer.

Seeing the sights at Carlsbad Caverns, N. M., were Sue Bursley, Sandra Thompson, Teddy Sokora and Lois Naron, and in other sections of New Mexico were Jana Black, Peggy Cates, Don Tole, Larry Hord and Don Hunter. Oklahoma drew a crowd including Duane Johnson, Beverly Kelly, Kenneth Bell, Peggy Werley,

other new attraction—Judy Johnson. Wow!

Louise, you know church is much more important than boys. Was he all that good?

The freshmen boys have started a new club. Anyone interested contact Bill Griffith.

Was it too much ball game or too much dance that put you in the hospital, Roxie?

Everybody attended the big ball that Bobby and Mike gave. Let's do it again some other time. Thaxton and Patricia were seen riding around together Sunday afternoon.

Edward and De Anna are going steady! We welcome them to the ranks.

Marilyn and Anna Marie were all smiles last week end, Buth and Bill came home!

Are "Shake a leg" Wehba and Beverly Kelly getting up a case? The Keyhole wonders about this.

We've all missed Jimmy Rodgers, but we think that Shirley has missed him most!

Lowell was with Hattie Lou Saturday night. This could be a new combo.

The Keyhole thinks that we need a little more school spirit at our school pep rallies!

Keyhole requests that some of you people use the scandal locker, no. 59, this week! In other words, "take up the mud!"

Claw the Cyclones!

See ya next week with all the gossip!

ANNUAL ANTICS

The annual staff, organized last May with Nelson Abston as editor-in-chief, and Mrs. Kenner as sponsor, meets the fourth period in the Home Economics Cottage. The staff is composed of seniors and a representative from each of the other three classes.

Merchants in Crowell and surrounding towns were given the opportunity to purchase advertising space in early August. With this early beginning, the staff will be able to complete the 1957 Roundup without loss of class time.

Everyone be on the lookout for snapshots suitable for use in this year's edition.

KEYHOLE KAPERS

Welcome back to ole CHS! Put your nose to the grindstone and groan like the rest. Now wasn't that cute. It rhymes too! Next to see what the Keyhole found out this week.

It's a rumor that Crowell lost their first football game, but true Wildcats don't believe that Communist propaganda. Anyway we know we are going to maul Memphis and vengeance is ours when Seymour comes to Crowell next year.

Crowell has one friend in Seymour anyway. Betsy Fergeson's open house after the game was enjoyed by all, and the Keyhole says "thanks."

Girls and football boys seen leaving the football field together were Sandra and Larry, Judy and Harvey, Jerry and Roy Don, Jana and Billy Gene, and also De Anna met Edward.

All the girls wonder who the boy was that was with Nelda Kay Friday night. It wasn't Larry from Oklahoma, was it?

We wonder how Bill Cummings can put so many miles on his new "T-Bird" in such a short time. It couldn't be because of Roma Jan.

Mystery of the week—who is wearing the other half of Judy Borchardt's mizpah, to you cubes, a half coin.

What's this we hear about Gayle Taylor and Don from Wichita?

Ginger and J. M. were seen riding around town Sunday afternoon. Are J. M. and the oil queen getting up a case again?

Austin may be noted for being the state capitol, but in James Choate's opinion it's noted for being the home of a certain good looking little "chick."

Question asked every hour! Are Jack and Carolyn going steady, or are they not going steady?

Clobber the Cyclones!

We hope a speedy recovery for Fredrick and Thomas, and we hope they will both be able to use their "wings" again soon.

We also hope that we will see Virginia Williamson in school the coming week. She is recovering from a broken leg.

R. H., why carry such bulky inconvenient "obstacles" in your car pocket?

Kenneth, why wouldn't that Rayland girl stay out with you any longer?

Jo Frances Long has a new nickname, "Bubbles!"

Seems as though a certain freshman girl by the name of Janie Bowers is quite a "charmer." Don't you think so, R. H.?

The freshmen class has an

Weather Cycles Not Found in Recent Study

Predictions of rainfall cannot be made on the basis of weather cycles of "wet and dry years."

Recent studies of 31 locations in the High and Rolling Plains of Texas show that cycles play little or no part in annual rainfall figures dating as far back as 89 years, says Joe Burkett, county agent.

Dr. R. J. Hildreth and Gerald W. Thomas of the Texas Agricultural Experiment Station, who made the studies, state that an optimist can find traces of cycles at some locations, but no statistical significance of cycles is revealed in the records.

"Average or normal rainfall seldom occurs," Dr. Hildreth said. "The records indicate that farmers and ranchers in the High and Rolling Plains should figure that more years—52 to 69 percent—will be below average in rainfall than years above average."

Prolonged droughts have occurred on the High and Rolling Plains at least two or three times during the period weather records are available. The famous drought of the 1930's, which led to the dust bowl period, shows up in rec-

ords at most locations. A bad drought period occurred in 1917. At most locations the longest and most severe drought records go back to 1869.

In most cases, it is not a year of low rainfall that gets the results— "Farmers Ranching Risk as Influence of Rainfall"—is the first of a series to include several areas of Texas, the Edwards Plateau, Trans-Pecos and Rolling Plains, where drought also affected farm and ranch income.

The study and publication of the results—"Farmers Ranching Risk as Influence of Rainfall"—is the first of a series to include several areas of Texas, the Edwards Plateau, Trans-Pecos and Rolling Plains, where drought also affected farm and ranch income.

Officers elected for the year are: Anna Marie Fiske, president; Lavoy Rummel, vice president; De Anna Fergeson, secretary; Ruth Hinkle, reporter.

The librarians take pride in the fact that they belong to the state organization and not merely to the local organization. They wish to render all the aid possible to the students as well as the faculty, and they ask for your cooperation.

Members of the library club are Marketta Painter, Peggy Cates, Anna Marie Fiske, Sandra Choate, Lillie Polk, Lavoy Rummel, Karen Hall, De Anna Fergeson, Linda Johnson, Peggy Langford, Judy Hollenbaugh, Patricia Pittillo and Ruth Hinkle. Their sponsor is Mrs. E. C. King, high school librarian.

SOMEONE'S MISSING

School began with the usual happenings last Monday week, but something was missing — the smiling face of Elmer Brisco, custodian of the grade school. He recently underwent surgery in the Wichita General Hospital. Mr. Brisco has been employed by the Crowell schools for 17 years. During this time he has made fast friends with all the students and faculty members. CHS wishes you, Mr. Brisco, a speedy recovery and a hasty return to duty.

GEORGE'S GAGS

Speedy, "Sir, I can't sit in class today."

Mr. Welch, "Why not?"

Speedy, "I don't feel well."

Mr. Welch, "Where don't you feel well?"

Speedy, "In class."

"I wasn't born in a log cabin," declared the candidate, "but my folks moved into one as soon as they could afford it."

In a school essay on "parents" the young hopeful wrote, "We get our parents when they are so old it is very hard to change their habits."

The father and son were engaged in a heart-to-heart discussion. "I hate to say this," said the father, "but I don't think much of that girl, you've been going around with."

"I don't either," replied the son, "but she's the best I can get with the car we've got."

SWIMMING POOL CLOSES

Gordon Erwin, supervisor of Crowell's new swimming pool, were very successful from every standpoint. Approximately 120 season tickets were sold and from 85 to 150 persons attended daily.

Mrs. Erwin taught swimming lessons and life saving the first of the season. Serving as lifeguards were George Morgan and Ray Thomson with Lowell Page substituting. The pool closed Friday, August 31, with only a few minor accidents having occurred.

Everyone appreciates the fine service rendered, and all look forward to a similar successful season next year.

Goose Shoot Opener Same As For Duck

The only changes made in Texas' 1956 waterfowl hunting regulations were those requested, reports Howard D. Dodgen, executive secretary of the Game and Fish Commission.

Zero hour on the opener, Friday, November 2, will be at one-half hour before sunrise, like all other shooting days, and the goose and duck seasons will begin simultaneously.

Traditionally, twelve o'clock noon was the starting time for the waterfowl season.

Last year when the duck season was extended to seventy-five days, and Mrs. Jim Moore.

Mr. and Mrs. Truman Quillin and children of Vernon visited her sister, Mrs. Mitchell Jackson, and family of Snyder in the J. C. Jones home here Sunday.

Mr. and Mrs. Denzil McBeath of Abilene spent the first three days of this week with his brother, J. L. McBeath, and family.

Arlie Dunn of Pampa visited his parents, Mr. and Mrs. Jim Dunn, last week. Elmer Dunn of Burk Burnett visited them Sunday.

the goose season remained at sixty days and the opener for the latter was delayed fifteen days.

At its last meeting, the Game and Fish Commission asked the United States Fish and Wildlife Service to make the duck and goose openers conform "as a conservation measure and as a convenience to the hunters." It also suggested the earlier legal shooting hour for the first day for the same reason.

The new regulations provide no change in the sunset close for the daily shooting period and also place bag limits as in recent seasons. Limits are five ducks per day and ten in possession and five geese per day and five in possession. The goose limit shall not contain more than two Canada geese or its sub-species or two white-fronted geese or one of each.

Foundation Treats Crippling Diseases at Gonzales, Texas

Gonzales, Texas — Situated on 40 acres of land at the edge of Palmetto State Park, Gonzales Warm Springs Foundation provides a beautiful setting for the patients who undergo rehabilitation treatment here.

As unlike a hospital as any medical institution can be, Warm Springs opens its doors to victims of many types of crippling diseases and accidents. Infantile paralysis patients, both adults and children, still out-number other rehabilitation cases.

Non-polio cases treated include cerebral palsy, multiple sclerosis, muscular dystrophy, arthritis, and other neuro-muscular diseases and musculoskeletal disorders. A number of industrial accident victims have been treated here.

A non-profit, non-sectarian organization, Gonzales Warm Springs has never denied treatment to a child under 20 for financial reasons. Many adults are admitted but thus far welfare funds have not been adequate to accord them treatment free of charge.

Anyone desiring information on admission procedures may get it by writing the Registrar, Box 58, Gonzales, Texas.

Paducah Woman Says Setting Silver Iodide in Air Is Dangerous

(Editor's Note: Mrs. J. T. Anderson of Paducah has written the following article about rain-making by seeding the clouds with silver iodide, something she is very much opposed to and believes it has had a lot to do with the long drought over Texas.)

"Have you recognized the '1956 outlaws'? They have stolen our rainclouds, our crops, our cows, our grass and our land and they are starving our families while we sit around and let them do it. Do you who farm like it as it is now? The outlaws are the ones who run these silver iodide generators and send these particles in the air to dry up hail or rain clouds and this same air floats in our part of the country and dries up our clouds so we have the worst drought in history. There are many people using these generators to drive away hail clouds over the United States. The U. S. forestry service in northern Arizona is using silver iodide to break up thunderstorms to keep them from setting fires in forests. Fruit associations in Oregon, Washington and Nevada are doing the same thing to keep rain and hail off their fruit during ripening season.

"General Electric Company tells us that silver iodide is dangerous and there should be legislation to prevent just anyone from using it. The air is God's and anything that you can't control shouldn't be put into the air to float over someone else's land and crops.

"No one will have to drop a bomb to conquer the United States as silver iodide will do it in time if the lawmakers don't get busy and pass laws to protect the people and crops from destruction. Let's get busy and stop this '1956 outlaw,' silver iodide, from being pumped into the air."

Hunting Safer So Far During 1956

The best dressed 1956 hunter never completes his pre-shoot routine until he determines whether he looks like a bird or a beast, dryly observe H. D. Dodgen, executive secretary of the Game and Fish Commission.

"That is being facetious," he said, "but it's getting that time of the year when people actually are mistaken for fair game. One man shot another and explained later the target looked like a squirrel; another mistook a man for a fox. The more common mistakes occur during big game hunting, of course, when 'sound and motion' hair-trigger people bang away promiscuously."

The executive secretary said he would risk offending Texans with such ludicrous reminders "if we can help save a life or so." "After all," he went on, "safety involves constant prompting about the simplest precautions. Guns and hunting are here to stay but we have to keep harping on the

Home Demonstration Notes

MRS. MARY D. BROWN

The Foard County Home Demonstration Council meets this Saturday, Sept. 15, at 2:30 in my office. Let's all make every effort to attend, as this is the first meeting we've had since June and we will have quite a bit of business to take care of.

I'm afraid we've lost quite a few members during the summer months as people have moved, so let's each one invite one visitor to the September club meeting and see if we can't build up our enrollment.

Don't forget to bring a life insurance policy to the meeting on life insurance. This isn't absolutely necessary, but I believe you will get more from this demonstration if you have a policy you can check as we go along.

September is better breakfast month. September—and the opening of school—means a "fresh start" for most family members in one way or another. It's also the time when eating habits are re-established for the school and work days ahead. Extension foods and nutrition specialists say it's a fine time to establish good breakfast habits for every member of the family.

Eating a good breakfast pays off in efficiency, alertness and better health—There's a lot of proof for that statement. Research has shown that breakfast-skippers rob themselves of potential alertness and efficiency during late morning hours, and the dieters are wrong if they think missing breakfast a practical way to lose weight.

There's much room for improvement—only one out of five children goes to school with a good breakfast. Sixty per cent of teenage girls habitually eat a breakfast entirely inadequate to their physical needs. Only about 40 per cent of the women say they have good breakfasts. These were some of the figures reported in one nationwide survey.

Aim for an adequate breakfast. That means one that will provide one-fourth to one-third of the day's total food requirements in calories and nutrients. It should include these basic foods—fruit or fruit juices, cereal or eggs and meat, or both, whole or enriched bread, butter or margarine, milk and coffee.

Be a better breakfast booster—start with yourself and other family members to help improve breakfast eating habits of all age groups.

fact that weapons are dangerous and must be respected as such."

He cited the seasonal statistics as showing fewer hunting accidents "than usual," but emphasized that all four fatalities to date involved "the oldest and most common violations of safety."

A 14-year-old boy killed a 17-year-old companion when his shotgun went off as he took the loaded weapon from their car; a 16-year-old killed himself in pulling his shotgun toward himself from a car; a 16-year-old was killed when he poked his head into line of fire of a companion's rifle; a man driving a car was fatally shot when a loaded rifle being handled in the back seat by two teen-agers, was discharged.

Farmers Bill for Taxes Is Up 6 Per Cent in Year

(Editor's Note: The following article was written by the Foard County Farm Bureau and is being printed for the information of local farmers.)

Taxes levied by state and local governments on farm real estate continued to increase in 1955, the USDA reports.

These taxes, payable largely in 1956, increased last year by 6.8 per cent above the 1954 level, according to a report, "Taxes Levied on Farm Real Estate in 1955," just released by USDA's Agricultural Research Service.

Levies for 1955 totaled about \$927 million compared with \$868 million for 1954. They were about a fourth higher than in 1950 and almost double those in 1945, when a sharp rise began.

This increase in taxes has been adding to farmers' costs and has contributed to the cost-price squeeze.

The basic cause of these increased state and local levies is the need for additional schools and other public facilities to accommodate a growing population, the report said. School buildings have been the biggest item in many areas, and construction and maintenance of highways have also required large sums. Higher prices for materials, local government, along with increased salaries, have helped boost the size of budgets.

Tom Smith, legislative chairman of the Foard County Farm Bureau, points out that the American Farm Bureau Federation, after a two year battle secured a refund of the federal tax on gasoline used on farms for non-highway uses.

The Internal Revenue Department has ruled that farmers are eligible to receive refunds of the 3c per gallon Federal tax on gasoline used by custom operators in airplanes used in performing such services as planting, fertilizing, feed killing, crop dusting or similar operations in connection with raising farm crops.

The recently enacted law allowing farmers refunds of the federal excise tax on gasoline used on the farm in farming operations permits the farmer to apply for the refund on gasoline used on his farm by custom operators who provide services such as planting or seeding, fertilizing, weed killing, crop dusting, harvesting and other necessary functions.

Many farmers have already applied for refund of this tax and the others are reminded that October 1 is the deadline for applying on the gas bought between January 1 and July 1, 1956.

Farmers Urged to Plant Crops That Keep the Soil from Blowing

Supervisors of the Lower Pease River Soil Conservation District urges farmers to plant their land in some of the adapted crops that will help keep it from blowing.

Any crop which covers the ground will serve this purpose. Some of the better adapted warm season crops are grain sorghum, guar, sudan, blue panic, and weeping lovegrass. These crops produce a large amount of residue which can be left on the land during the critical periods, protecting it from the wind.

Some of the cool season crops adapted to this area are Austrian winter peas, vetch and rye. These crops grow during the critical wind erosion period and provide cover for the land.

In The News . . . 30 YEARS AGO

News items below were taken from the issue of The Foard County News of Friday, Sept. 17, 1926:

The West Rayland rural school opened Monday with 85 students present. Ben H. Roberts is again principal of the school for his second year. Other teachers are Miss Zelma Russell and Miss Pearl Ward, with the music teacher yet to be supplied.

Mr. and Mrs. F. H. Crews announce the engagement and approaching marriage of their daughter, Vera, to Milburn Hart on Wednesday, Sept. 22.

Crowell schools opened Monday with a full attendance. Mr. Underwood is superintendent and R. A. Palm is principal.

The Margaret school opened Monday morning with an enrollment of 115, which is nearly 80 per cent of the 148 scholastics of the district. Teachers are M. W. McConnell, principal; Miss Nell McConnell, Mrs. Jimmie Hembree and Miss Frances Smith.

Ottis Cash and Miss Sudia Ellen Hutton of Gilliland were married in Benjamin Sunday. They are making Crowell their home. She is a teacher in Crowell school and he is employed in Chaney-Allen Chevrolet Co.

A. T. Beasley of Rayland was in town Wednesday morning with two bales of cotton on his truck for the market. He had out four bales at that time.

Rev. A. C. Gettys, former pastor of the Baptist Church here, and his wife, were here the first of the week visiting friends.

Mrs. N. J. Roberts and sons visited relatives in Fort Worth and Dallas last week.

Watch the State House

It's all very well and necessary to talk about cutting the cost of the federal government. But we must not let that obscure the problem of local government spending.

The Tax Foundation reports that total state tax collections (excluding unemployment compensation collections) were 46.1 per cent greater in fiscal 1955 than in fiscal 1950.

Obviously, it won't help anyone if we manage to bring about some reduction in federal taxes—and local taxes eat up the saving.

Sermon Series to Begin Sunday at First Christian Church

"Many people believe the Bible to be the Word of God, but if they were to be asked why, many would not be able to give a reasonable answer," is a statement made by Gene Segroves, minister of the First Christian Church. "How do we know beyond a shadow of a doubt that the Bible is truly God's Holy Word?" he continued. Beginning Sunday evening at 7:30, Bro. Segroves is going to preach a series of five or six sermons on "Why we believe the Bible is the Word of God." The sermon next Sunday evening will be on "The perfect unity of the Scriptures."

There will also be more than just a change of time in the evening services. While the fall evening service has been moved back to 7:30 p. m., along with it will be a change in the service itself. Along with the sermon series he will conduct a quiz program, "Guess Who?" The congregation will be divided into two groups. The Alphas are those whose last names begin with the letters A to M. The Omegas are those whose last names begin with the letters N to Z. The two groups will act as panels. The preacher will then give certain clues as to the identity of certain characters of the Bible. Score will be kept and at the end of six weeks the losing group will provide a mid-week fun program.

Bro. Segroves says that the sermons during this period of time will be limited to 15 minutes. Everyone is invited, he states.

QUESTION: If line voltage is maintained at exactly 117 volts, will it completely eliminate TV tube failure? ANSWER: No, not completely. Demands on tubes (performancewise) are terrific in a TV set, and an occasional tube will fail at any voltage. However—if you can maintain proper 117 volts on your set—you're at least GIVING YOUR TUBES A FIGHTING CHANCE!

Crowell is indeed lucky to have its geographical location, Paducah—for dependable TV reception—was forced to install a community antenna—and to pipe signals all over town through expensive coaxial cable, making the service itself pretty expensive. Childress and Memphis have followed suit and many other towns in that area are preparing for community antennas. Usual monthly charge for this service averages around five or six dollars, and some towns charge around a hundred dollars for the initial tie-in. Kinda nice just having your own 40 or 50 foot antenna, isn't it?

Sincerely,
Marion Crowell.

**What to Do About
 the Teacher Shortage**
 Something can be done about
 the teacher shortage, says the
 Chamber of Commerce of the
 United States.

That something is very simple
 —give teachers the respect, co-
 operation and recognition they
 deserve, but too rarely get.

Of course, the Chamber says,
 there is no question that better
 pay is important too. More class-
 rooms and smaller classes fit into
 the same picture.

But surveys show that, more
 than money, teachers want to

State Capitol NEWS

Texas Press Association

Austin, Tex. — Conservative and Liberal Democrats are battling each other. Republicans are active. But the Constitution Party now is in the spotlight.

At their Austin meeting the Constitutional Party grabbed headlines by naming, as their nominees, prominent Democrats who have been active in recent campaigns. Their choice included W. Lee O'Daniel for Governor; J. Evetts Haley for Lt. Governor; Reuben Senteritt for Attorney General; Warren G. Harding for State Treasurer; and Ross Carlton for the Court of Criminal Appeals.

Congressional candidates will be chosen later.

Secretary of State Tom Reavley challenged the Constitution Party's right to nominate any candidate who had been defeated for the same office in the recent primaries.

Joseph M. Rummel of Houston is state chairman of the Constitution Party. Their presidential nominee is Democrat T. Coleman Andrews, former Internal Revenue Commissioner of Richmond, Va. Former Republican Congressman Thomas Werdell of California is their vice presidential choice.

Major plank in the party's platform is elimination of federal income taxes.

ARTIFICIAL RAIN — Possibility of moistening droughty Texas by artificial rainmaking may be debated in the next Legislature.

After hearing state and federal weather experts at an Austin meeting, the Texas Water Resources Committee voted to dig deeper into the subject. If findings are favorable, the committee indicated it would recommend legislation and appropriations for a long-range, statewide project.

Scientists were cautious in their claims before the committee. Much is yet to be learned about what makes rain, they said, and previous experiments have not yet been thoroughly evaluated. But they agreed prospects were promising enough to merit further research.

"SOAKER" WANTED — Scattered showers have helped, but most Texas farmers still are scanning the skies for a "fall soaker."

U. S. Dept. of Agriculture's latest crop report reflected increasingly critical conditions. Examples: cattle, "forced to market;" peanuts, "past redemption;" dryland cotton, "extremely short;" vegetable planting, "limited." Only irrigated cotton was reported "fruiting heavily."

GI LOAN PAYMENTS UP — Delinquencies on veterans land loans have dropped 19 per cent

since 1954, said Land Commr. Earl Rudder.

Payment failures ran 20 per cent on loans made under his predecessor, Bascom Giles, said Rudder. Under the new administration they have dropped to one per cent.

Some 13,000 requests from veterans for loans now are pending before the land board. Present funds will stretch over only about 1,000. More money will be available if voters approve a constitutional amendment for a new \$100,000,000 bond issue at the general election.

RAIL SUIT RULING—Smithville, an old railroad town, lost another round in its prolonged attempts to retain offices of the Missouri-Kansas-Texas line.

An Austin district court upheld the Railroad Commission order permitting consolidation of Smithville and Waco offices.

Unique aspect of the case was the "all-star" legal line-up. A former Supreme Court Justice, James P. Hart, represented Smithville. Former governor Dan Moody represented the railroad.

INSURANCE CODE IN FULL EFFECT — Texas' new "model insurance code" now is in full force and effect.

Last measure to be activated requires companies to have a minimum of 100 policyholders and \$200,000 insurance in force.

An Insurance Commission spokesman called the requirements "actually very easy to meet" and predicted almost 100 per cent compliance.

Target of the law are companies which, for tax purposes, have operated other type businesses under the guise of insurance firms.

Both Governor Shivers and Commission Chairman Byron Saunders have praised the state's insurance laws in recent statements. Saunders said Texas does not need "any additional reform measures," only "minor changes."

LOSE ACCREDITATION — Eight Texas schools have been removed from the accredited list by the State Board of Education.

In addition, the board warned 111 other schools they must improve their standards.

Stripped of accreditation were Bexar County School for Boys, Carey (Childress County), Douglasville (Cass County), Houston Christian School, New Hope (Wood County), Scranton (Eastland County), Strong (Shelby County) and Sacred Heart (Coke County).

These schools are ineligible to receive state money for vocational programs and superintendent pay. Their graduates must take entrance exams to enter college or another school.

NEW COURT ASKED — Texas lawyers have been asked to help persuade the 55th Legislature to allot Travis County a fourth district court.

Dist. Judge J. Harris Gardner pointed out that he and the other two judges face hopelessly jammed dockets.

In addition to local cases, Travis courts get almost all suits brought by and against state agencies.

SHORT SNORTS — William H. Wood of Midland has been appointed by Gov. Allan Shivers to the State Board of Pharmacy.

MOTHER OF KIDNAPPED CHILD QUIZZED — Mrs. Stephen Ruotolo (above) has again been quizzed in connection with the death of her six-week-old daughter, Cynthia. The body of the child, who disappeared from a baby carriage in front of a store last week, was found in a lake. The FBI is investigating the case in cooperation with law enforcement officials.

Wood succeeds Shine Phillips of Big Spring. . . Eight more Texas counties have been designated drought disaster areas by the U. S. Dept. of Agriculture. They are Cass, Delta, Fannin, Gregg, Harrison, Marion, Smith and Upshur.

Furniture manufacturing is one of the fastest growing industries in Texas, expanding 10 times as fast as population. University of Texas Bureau of Business Research reported the state's furniture output increased from \$23,000,000 in 1939 to \$98,000,000 in 1955.

Texas will have 1954 new lawyers after next Monday when the Supreme Court will officially license those passing the most recent bar exam. A \$16,000,000 increase in Texas farm income for 1957 has been predicted by the Texas Agricultural Stabilization Conservation Committee.

This unofficial estimate was based on the belief that large numbers of farmers will take advantage of the new federal soil bank law.

If you like to go to a county fair you would have enjoyed the Republican National Convention in San Francisco. Everybody was in a holiday mood and there was enough excitement to give you a real thrill.

You would have gotten the impression that the Republican Party didn't have a worry in the world. It was in San Francisco to whoop it up at a sort of family

and Judy spent Sunday with her parents, Mr. and Mrs. F. B. Preston, of Childress.

The Rayland gin has ginned 104 bales of cotton up until Sept. 8.

Mr. and Mrs. W. W. Ashcraft returned Saturday from a visit with her brother, D. T. Thompson, and wife of Spanish Fort, and his sister, Mrs. G. L. Gibson, and husband of Bowie.

Mr. and Mrs. Jake Lynn of Charlie and Mr. and Mrs. Jackie Lee Ashcraft and family of Lubbock visited Sunday with Jackie Lee's parents, Mr. and Mrs. W. W. Ashcraft.

Mr. and Mrs. Lee Harris and Sharon visited Sunday with their mother and grandmother, Mrs. W. H. Huffman, of Wellington. Miss Starlene Taylor accompanied them.

Wayne Keller of Fort Worth visited Miss Sharon Sue Harris Saturday afternoon.

Mr. and Mrs. C. H. Thomas Jr. and son, Corky, of Mayville, Okla., are spending their vacation with his parents, Mr. and Mrs. C. H. Thomas, and others here.

reunion and, incidentally, nominate Dwight D. Eisenhower for another four years in Washington. Cow Palace, where delegates assembled to sing, cheer and vote, had all the gaiety of Midway at a county fair. Banners, flags, bands and parades added to the festive atmosphere. The contrast between that and the Democrats at Chicago was startling.

The Democrats were taking their politics in dead earnest. They had been out of power in Washington for four years, for the first time since the 1932 convention. They were so eager to do battle that they even fought among themselves.

In San Francisco it was different. You got the impression that Republicans saw a mere formality. They were very pleased with the way they have been running the Federal government the past four years, and certain that most voters feel the same way.

Joseph W. Martin Jr., minority leader of the House, told us that "for more than 40 years it has been my privilege to serve the American people in public life. Never before has the faith and hope of our people been directed more intently upon the Republicans."

For all of the optimism and gaiety it was a well-organized and efficiently run convention. The expression most frequently used to describe the convention was "It's going just like clockwork."

And it was, too. The women may have had something to do about things being both gay and orderly. Women delegates and party officers played a far greater part in the conventions this year than ever before. In 1900 only one woman was a delegate to one of the conventions, but this year the same convention had 555 women delegates and alternates.

Mrs. Carroll D. Kearns, President of the National Federation of Republican Women, was one of the outstanding personalities of the convention. Referring to the spirit of aggressive optimism

that prevailed, Mrs. Kearns told us "the eyes and ears of the world are directed to this gathering. It is the American people themselves who give real significance to the accomplishments of this convention."

Republicans put on their Sunday manners for the whole country to watch over television, and for news photographers and newsmen. I was especially attracted by the 20-foot high platforms on which cameramen were perched. The long camera lenses looked like stovepipes. Some of them were 4 and 5 feet long. Cameramen sent down film and received replacements by means of a canvas bag on a rope.

There was little of the suspense that prevailed at Chicago; no frantic campaigning by managers for different candidates; no bargaining for the votes of delegates. Everybody knew in advance whom they would nominate. They whoop-

NICKEL-CLAD STEELS

The strong resistance of nickel to the attack of alkalis, and products and many other corrosive substances has led to its extensive use in industries where protection from such attacks is necessary. In cases where the corrosion-resistance of nickel is required in very large vessels, the cost of which would be prohibitive in pure nickel, nickel-clad steels are often used. These consist of a layer of nickel firmly bonded to a heavier carbon steel base. The two are rolled together to the shapes required.

ed it up for Eisenhower for Richard Nixon, but that was what they came to San Francisco for.

Our Weekly Sermon

"Handsome is as Handsome Does"
 "For a few cents, R. . . . can turn your shipping container into a traveling billboard." A salesman for the manufacturing company was speaking to a prospect, and with apparent effect, for the man promptly responded, "That's what we need—a drum that sells like a poster."

Who would have expected a company to glamorize an ordinary, uninteresting steel drum? The very fact it was both ordinary and uninteresting was the reason they did it.

In Ohio there is another concern that makes a business of beautifying the exterior of packages. Design engineers, they put the package around the finished product, the outside casing that presents itself to the world. They have done this for radios, toy tractors, sewing machines and soft drink containers.

The idea seems to be that it is not enough for a product to be well made; it must be packaged in a saleable container.

The gospel is like that. God depends upon Christian people living in such fashion that others choose that way for themselves. Sad-eyed and sour-faced professing Christians have done more to make the gospel unsaleable than probably anything else.

What do we expect in a believer? Radiance, springing from an honest, converted heart. Confidence, because his heavenly Father cares. Unselfishness, for he lives for another world.

"A merry heart doeth good like medicine"; but unlike other medicines, it helps those who take it and those who don't. Let there be one happy, cheerful Christian in a group and he lifts them all.

Propriety, ethics, truly spiritual conduct flow naturally from the life of one who is genuinely converted to Jesus Christ. The package is so bright it is positive, enchanting, and men long to have it for themselves.

If you have not seen just the kind of Christian package you are looking for, why not start something new yourself?

Milk Powders and Nutrition . . .

Make your meals better tasting and more nutritious by adding nonfat dry milk solids to the food, suggests Mrs. Mary D. Brown, County Home Demonstration Agent.

For many uses, you won't need to reconstitute the milk . . . Simply sift milk powder—3 tablespoons for each cup of milk called for in the recipe—with the dry ingredients. Then use water instead of milk.

When making yeast rolls, sift the milk powder with the flour, and use boiling water instead of scalded milk to dissolve the sugar, salt and shortening. Cool to lukewarm before adding the dissolved yeast.

Use nonfat milk solids for making your own mixes. Use them for biscuits, waffles, pancakes, gingerbread, cake and brownies. They can also be used in making cocoa.

Next time you have mashed potatoes, use a tablespoon of milk powder for every medium-sized potato. Add it with the butter when you mash the potatoes. Then, instead of adding fluid milk, use some of the hot potato water in which you cooked the potatoes.

To increase nutritional value of gravies, white sauce, and cream soups, use a quarter of a cup of milk solids with each cup of liquid. Add additional protein to custards, puddings, and cocoa by adding two tablespoons of milk solids to each cup of milk. For meat loaves and sausage, mix half a cup of milk solids with every pound of meat.

Adding milk solids when cooking is an easy way to help family members get more of the nutrients they need daily.

ALL IN KNOWING HOW!

The clever magician seldom fails to amaze his audience with his tricks. And they are tricks . . . but he has to know how to do them and keep in good practice.

Saving money . . . putting it away for future uses is also a trick . . . It is the trick of spending a little less than your income and banking the difference . . . The citizens who practice this thrifty trick are those who have money to invest when real opportunities present themselves.

Miss Ann Leahy Takes Vows with Richard Lewis Ballard

Two University of Texas students, Miss Ann Celestine Leahy and Richard Lewis Ballard, were united in marriage Saturday morning in a double ring ceremony in St. Mary's Cathedral in Austin.

The nuptial rites were read by the Rev. Audrey Mulreany.

Daughter of Mr. and Mrs. John Francis Leahy, 1402 Windsor Road in Austin, the bride is a junior at the University and is a graduate of St. Mary's Academy. Son of Mr. and Mrs. Richard Ballard of Crowell, the bridegroom is a graduate of Hardin Simmons University, and is doing graduate work in bacteriology at the University of Texas.

Given in marriage by her father, the bride wore a gown of white silk taffeta with portrait neckline. A huge draped bow effected a bustle back to the floor length skirt that cascaded into a cathedral length train.

A tiara of seed pearls held her fingertip veil of silk illusion and she carried a mother-of-pearl prayer book topped with a white orchid.

Mrs. John Francis Leahy Jr. of Phoenix, Ariz., sister-in-law of the bride, was matron of honor. She wore a white length dress of iridescent green silk taffeta, a short sleeve version of the bride's gown.

The bridesmaids were Miss Karen Kocek of Austin and Miss Hilda Tavaroz of Mexico City. They were gowned in gold taffeta dresses identical to the honor attendants. All carried cascades of bronze chrysanthemums.

David D. Leahy of Corpus Christi, brother of the bride, was best man. Don Depew of Kingville and Roberts Gardner of Houston served as groomsmen. William Warren of Waco was usher.

The reception was held at the home of the bride's parents.

Mr. and Mrs. Ballard are spending a week's honeymoon in New Orleans. When they return they will reside at 1909 Red River in Austin.

Miss Peggy Weaver and R. C. Sanders Married on Sept. 1

Miss Peggy Weaver of Vernon and R. C. Sanders of Crowell were united in marriage in Vernon at 10 a. m., on September 1 at the home of Rev. Oscar J. Mayo, pastor of the Second Baptist Church in Vernon. Vows were exchanged in a single ring ceremony with Rev. Mayo officiating.

The bride, daughter of Mr. and Mrs. J. W. Weaver of Vernon, wore a light blue street length dress, with blue accessories, and she carried a pink rosebud corsage.

For her daughter's marriage, Mrs. Weaver chose a grey street length dress completed with black pattern accessories.

Mrs. Sanders is a 1956 graduate of the Vernon High School and was a member of the Sports Club and Nurses Club.

Mr. Sanders graduated from Crowell High School and served with the Marine Corps in the Korean War.

They are now living in the apartment of Mrs. Tom Russell.

Gentlemen's Evening Observed by Adelpian Club

"Abundant Living Through Education" was the theme of the first fall meeting of the Adelpian Club.

Members and their guests assembled at the Sandifer Cub Hut on Thursday evening of last week for a covered dish dinner.

Mrs. L. E. Archer, president, extended greetings to those present, and C. V. Barker gave the invocation. Preceding the invocation the group sang "Happy Birthday" to C. P. Sandifer who observed his 92nd birthday on Sept. 7.

Mrs. Archer introduced the guest speaker, Supt. Grady Graves who gave an interesting and informative talk in regard to the schools. The home, church and school are perhaps the three greatest institutions in America. Discipline is an important phase of children's training. "We should be gentle but firm when disciplining our children, and when our children reach school age, they should be able to go on without parental care and protection. They should accept responsibility for themselves as parental care lessons."

Parents should encourage their children to attend Sunday school. It aids in the building of strong homes and character. H. J. Heinz once said, "The Sunday school pays me bigger dividends than

any investment I make." Honesty is not merely the best policy, it is a basic principle.

Mr. Graves added that "Children are active. We should strive to properly guide their actions, seeking always to put it in the right channels."

The speaker urged those present to vote for Amendment IV in the November general election. This amendment deals with teacher retirement. It will raise the percentage of teacher retirement and is a very worthwhile thing for teachers.

"Education is experience, experience is life, and life is what we as individuals make it."

Mr. Graves also mentioned integration. It is a problem anyway we look at it. Perhaps it is a bigger problem in some communities than in others. "We should enjoy solving our problems and facing life and its adventures. Cooperation on the part of the teachers, administrators and laity will certainly aid in curbing the integration problem. Our criticism should always be constructive rather than destructive. We should be interested in the welfare of others, as well as of ourselves. We should be tolerant of new ideas, even though they differ from ours."

Miss Dorothy Erwin and Mesdames E. C. King and Henry Borchardt were hostesses for the evening.

Former Thalia Resident to Marry in Virginia Oct. 5

M-Sgt. and Mrs. H. K. Kindt of Fort Belvoir, Va., announce the engagement and coming marriage of their daughter, Miss Jenny Dee Kindt, to SP3 Marvin Tuinstra, son of Mr. and Mrs. Ed Tuinstra of Pipestone, Minn. Miss Kindt is a 1956 graduate of Alexandria, Va., High School and he attended school in Pipestone until joining the National Guard. He went on active duty December 15, 1954.

The wedding will be on Oct. 5 at 2 p. m. in Chapel No. 3 at Fort Belvoir with Chaplain Leahy officiating.

The young couple will live at Fort Belvoir until he receives his discharge in December. They will then make their home in Pipestone, where they will be engaged in farming and dairying.

Mrs. Kindt and daughters lived in Thalia two years while M-Sgt. Kindt was in Korea and Japan. The bride-elect attended Crowell High School during that time.

Birthday Party Honors Mrs. Iva Ballard

Mrs. Iva Ballard was honored at a very lovely birthday party Tuesday evening at the home of Mrs. Viola Bingerstaff, with Mrs. Susie Wagon assisting as hostess.

The guests were seated in a semi-circle in the yard. The gift table was centered with a lovely bouquet of zinnias, and spotlighted from above.

Several games were enjoyed with Mrs. Ballard winning the "Texas Brax." She was awarded all the gifts on the table which were presents from the guests.

The "flaming" birthday cake and lime punch was served to Mrs. Ballard, Mrs. Laverne Teal, Mrs. Lorene Coffey, Mrs. Thelma J. Prosser, Mrs. Merle Monkes, Mrs. Billie Turner, Mrs. Jackie Borchardt, Mrs. Susie Wagon, Misses Lela May Fox and Alina Patton, Mrs. Nora Flesher, Mrs. Minnie Wells and the hostess.

Miss Alma Patton, chief operator for the local telephone company, presented Mrs. Ballard with her 20-year service pin. Mrs. Ballard completed her 20 years service in April.

GAMBLEVILLE H. D. CLUB

"Did you realize that the thirteenth juror is selected for criminal cases in a number of states?" was asked members of the Gambleville Home Demonstration Club on Sept. 7. The meeting was in the home of Mrs. Milton Hunter with Mrs. W. J. Garrett and Mrs. Cecil Carroll as leaders of the program entitled "Jury Duty."

The Lord's Prayer was repeated for the opening exercises. The roll call was answered with what each member had accomplished during the summer.

Mrs. Clarence Garrett, president, conducted the business session. A nominating committee was appointed composed of Mesdames Cecil Carroll, Rusty Russell and Andrew Calvin. The group voted to investigate the possibility of selling Christmas cards as a means of raising money.

Mrs. Russell was honored with a shower. Refreshments were served to Mrs. Tom Patton and Mrs. Clark Pierce, visitors, and to nine members.

Mrs. Clarence Garrett will be hostess to the Sept. 21 meeting. Mrs. Mary D. Brown will discuss "Life Insurance" and the officers will be elected at this time.

MARGARET M. Y. F.

Eight young people attended the Wednesday night meeting. This was very good due to some very cloudy weather and rain which fell throughout the latter part of the service.

Thirteen were present Sunday night. After the meeting the young people went to the G. R. Choate home for recreation.

Marshall, Texas, was once the capital of Missouri.

COLUMBIAN CLUB

Doubtlessly, for the first time in its forty-seven years of existence, the Columbian Club convened for its 1956-57 year's study without a president. This lack of a presiding officer, attributed to the resignation of Mrs. Jack Roberts Jr., who has moved to Los Angeles, Calif., was soon remedied by unanimous vote last Wednesday, September 3, when the Columbian Club met with Mrs. D. R. Magee. Mrs. Karl ten Brink graciously accepted the responsibility of assuming the president's duties until the regular biennial election in January, 1957.

Mrs. N. J. Roberts brought an appropriate devotional, a reading of a driver's prayer, made even more timely by the shocking death score over the previous Labor Day week end. The program for the afternoon consisted largely of a discussion of the new course of study, "Units of Club Federation Projects." Mrs. Grady Halbert reviewed a humorous article entitled "Club Fever."

Refreshments of punch, cookies and mints were served buffet style by the hostess.

FOARD CITY H. D. CLUB

"You must report for jury duty when summoned, though you know that you are not qualified to serve," Mrs. Glen Jones told the members of the Foard City Home Demonstration Club at the recreation room Wednesday afternoon, September 5.

Mrs. Jones discussed the qualifications of jurors, the legal excuses for jury service, and how the jurors are selected from the jury panel, and other court room procedure in a very timely way.

since women are now being summoned for jury duty.

The club voted to order, collectively, Christmas and greetings cards. The president appointed Mrs. Fred Trawcek and Mrs. E. V. Halbert to nominate officers to be elected at the next meeting, to serve the coming year.

The next meeting will be at the recreation room at 2 p. m. Wednesday, Sept. 19. Mrs. Mary D. Brown will bring the program on "Life Insurance."

RIVERSIDE H. D. CLUB

Mrs. Frank Ward was hostess to the Riverside Home Demonstration Club when they met on Sept. 6 after having not met during the summer.

Mrs. John S. Ray read a poem, "A Motorist's Prayer" for the opening exercises.

The club voted to have a picnic lunch at the Riverside school house on Sunday, Sept. 16, after church. The club and the 4-H Girls Club have cleaned the school house up for use for recreation.

Mrs. Grover Moore gave a very interesting talk on jury service with Mrs. James Bowers helping out. Mrs. Ward served drinks and cookies to 15 members and one visitor, Mrs. R. G. Whitten.

Next meeting will be with Mrs. Johnnie Zuhn on Thursday, Sept. 27.

THALIA H. D. CLUB

The Thalia Home Demonstration Club met Friday, Sept. 6, at the regular meeting time and place with Mrs. Roy Shultz as hostess and Mrs. B. A. Whitman as leader on the duties of jury

Football Contest Starts at Christian Church Next Sunday

While the Crowell High School football team meets Monday night on the gridiron, the First Christian Church in Crowell is preparing to meet the First Church of Memphis in a football contest in the churches. The purpose of the contest is to see an increase in all the church services. Gene Segroves, minister, has announced.

Hanging in the auditorium of the local church are two footballs while the other represents the boards. The progress of the test will be recorded upon the boards.

The Bible school, morning, evening worship, and Tuesday night Bible study will be included in this contest. The contest is scheduled to begin on the 15th of the month and yardage will be lost according to the gain or decrease in attendance over the total attendance of the congregations will represent yardage. This contest is scheduled to run for ten weeks. At the end of the contest, the congregation with the highest score will be declared the winner. In a close contest, the winner will be decided by the highest yards gained. The contest was graciously invited by the services of the Christian Church," Bro. Segroves said.

NEW CEILING HEATERS

Radiant heating panels that can be hung from the ceiling are now available for use in industrial applications where the wall or floor space is limited. Installed as easily as a lighting fixture, these panels emit comfortable infra-red rays similar to the sun. Thermostatically controlled, the panels consist of a special composition molded with nickel-chromium wire completely imbedded inside.

DRIVER IN LAGOON

Sacramento, Calif. — Valentín A. Garcia, teaching himself to drive his car, suddenly found himself in a park lagoon. Not realizing that his car was in gear, he turned on the ignition and away he went. He was ticketed by police for not having an operator's license and for speeding.

Thomas Edison was fired from a job as a young man for sleeping while on duty.
