Gifts were presented to Mrs. Hale and Mrs. Bohene by the district auxiliary.

Matador, No. 1 Class B Team in State, Wins Over Crowell Wildcats 38 to 12

The Matador Matadors, number one class B team in the State, lived up to their reputation at Matador last Friday night when they romped to a 38 to 12 victory over the Crowell Wildcats. This was Matador's thirteenth game without a defeat. The Crowell boys held the heavier team to a 19 to 12 count through three quarters, but the Matador backs powered three more touchdowns in the final period. Matador's first score came late in the first quarter on a 69-yard march. Dayton Graham ran the touchdown over from 30 yards out after taking a lateral from Charles Renfro. Crowell evened the count up on a 57-yard march early in the second period. Prinitess Gidney made

Miss Rasberry to Enter State Dress Revue Saturday

October 6 is the date set for the 1956 State 4-H Dress Revue, top achievement event in the 4-H clothing program.

Forty-six high-scoring district contestants, including Miss Janet Rasberry of Foard County, will represent more than 6,000 girls who took part in the county and district revues this year. Miss Rasberry won first place in the district revue held in Wichita Falls several weeks ago.

The revue will be staged in the women's building on the State Fair grounds at 10:30 a. m. October 6 as a feature of Rural Youth Day.

An added feature of this year's revue will be the participation of twelve 4-H Club boys, district State Fair Honor Award winners. They will show proper dress for various occasions as they escort models in the different divisions of the revue. Mrs. Jessie Southworth, fashion coordinator for Sanger Bros., will instruct models and serve as commentator.

A highlight of the total 4-H clothing program, the State dress revue is really an achievement event. Training in grooming, poise, health, clothing care, repair and construction are a regular part of the program. Eligibility for the district and State revue requires also that a girl be between the ages of 14 and 21 years and have completed at least three years of club work.

Judges will consider construction, selection of design and fabric, becomingness, fit and choice of accessories; grooming, poise, poise and record add to the score.

Top award will be an all-expense trip to National 4-H Club Congress in Chicago to model in the National 4-H Dress Revue.

ROTARY CLUB

Dr. M. M. Kralicke was speaker for the program of the Rotary Club Wednesday at noon. Jack Seale was in charge of the program and introduced the speaker. Dr. Kralicke explained the functions of the blood bank that has recently been established at Childs and how it will benefit the Foard County Hospital. He also told of the progress being made by the hospital in all departments.

Visitors were Rotarians Jerry Walsh of Electra and Bill Kichens of Quannah.

GUN KILLS SISTER, 8

Oak Grove, La. — Donald Duple, 11, left the house to join his family in the cotton field when he suddenly remembered he had left a .22 calibre rifle within easy reach of an 8-year-old sister, Noma. He ran back to put the weapon away, and stumbled over a chair. The gun discharged and his sister fell dead with a bullet in her head. The death was ruled accidental.

MRS. LUBBOCK HOSPITAL

Crowell Lodge No. 840, A. F. & A. M., will confer the Master Mason's degree on one candidate next Monday night, October 5, beginning at 7 o'clock.

Dr. M. M. Kralicke recently donated a new x-ray film developing tank to the Foard County Hospital. Installation has been completed and the tank has been in use about two weeks.

Other gifts in recent months included an exceptionally nice wheel chair and several small items of sick room equipment given by the family of the late Dr. and Mrs. E. L. Kincaid. The chair is unusually comfortable and attractive and has been enjoyed by both patients and hospital staff.

Man Killed in Car-Truck Crash West of Crowell Early Monday Morning

A truck-automobile collision early Tuesday morning claimed the life of Frank C. Nation Jr., of Wichita Falls. The accident occurred about 4 miles west of the Foard-County line about 5:30 a. m. Tuesday on U. S. Highway 70.

Nation was travelling east when his car was in collision with a

truck owned and driven by Milton Hunter of Crowell, who was en route to Olton for a load of grain. Mr. Hunter was not seriously injured.

The 1955 Chevrolet driven by Nation was a total loss, and extensive damage was done to Mr. Hunter's truck.

Funeral services were incomplete in Wichita Falls Wednesday morning.

Nation was a partner with Jim Dyer of Ardmore, Okla., in the D&N Diamond Coring Service Company of Wichita Falls. He has lived there four months.

Survivors include his widow, Mrs. Virginia Lee Nation, and 20-month-old daughter, Becky Lee, Wichita Falls; and his parents, Mr. and Mrs. Frank C. Nation Sr. of Longview.

Sparks Sanity Hearing Reset

No new date has been set for a sanity hearing for James L. Sparks in District Court here.

The hearing has been twice postponed. District Attorney Jack Hightower said in Vernon Monday that last week's postponement was granted when Mr. Sparks' Wichita Falls attorneys said they would be unable to appear.

Mr. Sparks, charged in Vernon with intent to murder, was found insane at the time of the act and at the time of trial, held here on a change of venue from Wilbarger County.

Mr. Sparks was recently returned here from Rusk State Hospital for the hearing and is now in Vernon.

Wildkittens Win Over Munday Moguls 35 to 0

The Wildkittens, Crowell's Grade School team, made their first stride toward a district championship here last Monday evening when they defeated the little Munday Moguls 35 to 0.

Bobby Barker, fleet Crowell half-back, ran four of the counters over, while Jerry Eubanks made the other. Extra points were chalked up by Guy Todd, Don Keith Lyons and Jack Siekman. One of the outstanding players of the game was Gary Carpenter, 175-pound end for the Wildkittens.

Crowell also won the "B" scrimmage that followed the junior contest. This score was 28 to 0. Gerald Bradford did some beautiful running for the four touchdowns. One of these scores was set up on a thirty-yard pass from Ivan Cates to right end Jerry Clifton. Several of these boys showed promise of breaking into the regular line-up before the season is over. The following players participated for Crowell: Joe Calvin and Bobby Powers, centers; R. H. McCoy and Sonny Cates, guards; Duane Nichols, Dee Boyd and Bryant Thompson, tackles; Jerry Clifton and Bill Graves, ends; Ivan Cates, Gerald Bradford, Bill Everson and Jim Henry, backs.

The Wildkittens will play the Chillicothe Grade School team here in another conference game next Monday evening at 6:30. The two schools will also have a "B" scrimmage the same night.

Newly Re-Modeled Methodist Church in Margaret to Be Dedicated Sunday

Program for the dedication of the newly re-modeled Methodist Church in Margaret will be held at 2 o'clock next Sunday afternoon with Dr. E. E. White of Childs, district superintendent, in charge of the dedication services.

The noon meal will be served at the community house at 12 o'clock.

It is expected that a number of former pastors will be present for the dedication services. Everyone is welcomed to attend these services.

The new building was completed several months ago with the hearty cooperation of members of the church as well as others in the community.

Rev. Clarence Bounds is pastor of the church and Ray Hysinger is superintendent of the Church School.

Bank Deposits Show Increase Over One Year Ago

Individual deposits in the Crowell State Bank at the close of business on Sept. 26, 1956, show an increase of \$42,691.90 over the statement printed at the close of business on October 5, 1955.

Deposits of \$2,680,797.29 at the close of business on Sept. 26, 1956, were \$383,409.58 less than the last statement of June 30, 1956.

BRYSON HOME MOVED

The home of J. N. Bryson has recently been moved from 702 East Logan Street, and is now located on the lots of his daughter and son-in-law, Mr. and Mrs. E. A. Dunagan, facing North Second Street. Since Mr. Bryson is living alone, the new location is much more convenient for Mr. Bryson as well as Mr. and Mrs. Dunagan.

FORMER RESIDENT VISITS

Fred Riethmayer of Vernon, retired Foard County farmer, was here Tuesday morning attending to business and visiting friends. Mr. Riethmayer and his late wife lived on their farm east of Crowell for many years before retiring and moving to Vernon. He was accompanied to Crowell by his daughter, Mrs. Walter Hysinger, who lives near Olustee, Okla.

and as soon as a list of nominees could be completed, ballots were issued and each student voted for the candidates of his choice. By Wednesday morning the votes were tabulated; in cases in which no one received fifty per cent of the total vote, a run-off was held. Then the eagerly awaited moment came and the following were announced as winners:

Miss Crowell High — Janis Crowell; Mr. Crowell High — Nelson (Butch) Abston; Most Courteous Girl and Boy — Anna Marie Faske and David Carpenter; Friendliest Girl and Boy — Roxiann Adkins and Louis Retting; Wittiest Girl and Boy — Shirley Fox and Gordon (Sonny) Cates; Most Athletic Girl and Boy — Judy Vaughn and Harvey Smith; Beauties — Roxiann Adkins, Jana Black, Nelda Kay Brooks and Carolyn Monkeys; Beasts — Gerald Bradford, David Carpenter, Larry Sledge and Fredrick Yource.

As soon as these results were announced, the classes met to elect class favorites. Their decisions read thus:

Senior — Roma Jan Spikes and Lowell Page; junior — Patty McGinnis and Ray Thomson; sophomore — Peggy Cates and Gerald Bradford; freshmen — Jo Frances Long and Dee Boyd.

Various school organizations then assembled and the following standard bearers were elected: Football Queen, Roxiann Adkins; Band Sweetheart, Elizabeth Davis; FHA King, Jerry Bob Sellers; FFA Queen, Bettie Linda Knox.

Initiation Held for New Members Initiation of new members was enjoyed by 35 at the first regular FHA meeting of the year on Thursday night, Sept. 21, in the Homemaking Cottage.

Future Activities Announced Plans have been made to attend the State Fair in Dallas this week end. De Anna Ferguson, District I president, will be in charge of the district meeting in Quanah on Nov. 10. All FHA members are urged to attend this meeting.

Minister Casada explained that youth need to know the true meaning and value of work and of good citizenship. He stressed the following code as "The Ten Commandments for Teenagers."

1. Don't let your parents down; they brought you up. 2. Be smart; obey your parents. You will give advice some day. 3. Think before you drink. 4. Ditch dirty thoughts, or they'll ditch you. 5. Choose a date fit for a mate. 6. Don't go steady unless you're ready. 7. Pick right friends. 8. Act your age in cars; the show off is a juvenile. 9. Love God and neighbors. 10. Live carefully. The soul you save may be your own.

Monday, the Spanish II class was entertained by a talk from Donald Reynolds who has just completed his three-year overseas duty in England. Of all the many interesting characteristics of the

English people, the one that impressed the class was that Englishmen live from day to day. In other words they never worry about tomorrow so long as today is taken care of.

The most outstanding thing about the climate in England is the damp, foggy weather. Donald mentioned that sometimes he could not see more than two or three steps ahead of him. This was especially interesting since most of the students of the Spanish class who have lived in Crowell very long haven't seen much fog!

For this very enlightening talk, the Spanish Class wishes to send a big "thank you" and "welcome home" to Donald Reynolds, an ex-senior of CHS.

Truman Boyd, school teacher, nurse and preacher, is an added gem to the colorful collection known as the Faculty of Crowell Public Schools.

Well, another week of school has been written in the books, and another football game has been played. Printessa Gidney made 2 touchdowns against Matador, although the entire team played "real good ball."

Mr. Boyd has done many interesting things; for instance, in his travels across the United States, he has lived in Tennessee, Texas, Arizona and California. He studied two years at the University of Tennessee and acquired his B. A. degree after two years at Wayland College. He was a nurse in a mental hospital at Planview during his period of study at Wayland.

Mr. Boyd holds down two pastorates, the Margaret and Foard City Baptist, and is the father of four active children. The oldest, Mary Joan, is a junior at Wayland College. The others, Harry, Janie and Edgar, are all CGS students.

V. A. Smith, a senior dramatic student in Midwestern University, spent the summer with Canal Fulton Summer Theater in Canal Fulton, Ohio. There he used the stage name, Mark Vernon. He was cast as Clifford Suell (a director) in "The Solid Gold Cadillac," Noah, (the hard bitten, realist son; in the "Rainmaker; Al (the sympathetic roommate) in "Tea and Sympathy" and Joe Foster (the confused salesman) in "The Festival."

To our seniors it seems only a fleeting moment since they were in the eighth grade and V. A. was a senior in CHS. Now they are seniors and he is an experienced theatrical performer. So it proves the old sayings "How

time does fly" and "Make hay while the sun shines." V. A., we are keeping an eye on you!

On Sept. 27, the V. A. boys met and elected Bettie Linda Knox as their FFA Sweetheart. The first regular meeting of the Crowell chapter of the Future Farmers of America was held Sept. 28 with 31 present included in Mr. Myers.

Friday night the band stepped off in their traditional entrance formation playing a new march, "Flashing Brasses." The band marched to mid-field where a huge letter M was formed honoring Matador. While in this formation they played "Liberty Bell." After going back in to block formation, the band counter-marched and went immediately into a series of three smart precision drills.

On the first day of school, the teacher was asking each of the first graders to tell his name and what he wanted to be when he grew up.

1957 Fords Now on Display at Self Motor Company

For the first time in its 53-year history, Ford Motor Company will produce two sizes of Ford cars, the company announced Monday, October 1. The 19 new models unveiled Wednesday morning have the highest performance engines ever offered in the low price field.

R. S. McNamara, Ford Motor Company vice president and Ford Division general manager, said the 1957 Fords "represent the biggest change in the modern history of the Ford car."

The new Ford line divides into

inches lower than 1956 models. "The design and styling are new from the ground up. Every dimension is changed. Wheels, frame, rear axle, drive shaft, engines, and every inch of sheet metal in every body style are definite departures from past models," he explained.

For the first time, a high performance V-8 engine is available as an optional power plant on all Ford cars. The engine, called the Thunderbird Special, develops 245 horsepower, and is equipped with a four-barrel low silhouette carburetor.

Advanced design of the engine's carburetion, combustion chamber, and exhaust system, plus stepped-up compression, provides increased operating economy in all models. The dry-type air filter, car-

two basic sizes, Fairlane and Custom, plus the station wagon series, each with its own body and chassis. In addition, the Fairlane series has been expanded to offer "Fairlane 500" models, which have extra luxury features.

The 1957 Fairlane and Fairlane 500 sedans are nine inches longer and four inches lower than last year's comparable models. Custom and Custom 300 sedans are more than three inches longer and nearly three and one-half inches lower than last year's models. Fairlane 500 models are more than three inches longer and nearly three and one-half inches lower than last year's models.

Special side moldings and ornamental distinguish each of Ford's five series, which are available in 19 two-tone paint combinations or 12 solid colors. Inside,

From the road up, 1957 Fords are a complete departure from previous models. They will be unveiled by Ford dealers in 19 body styles, of which this is the four door Victoria, a member of the new "Fairlane 500" series. Fairlane models are nine inches longer and four inches lower than their 1956 counterparts. Though the new models are lower, interior headroom is as great as last year, since the car's chassis and floor are re-designed for a lower center of gravity.

THIS WEEK - In Washington

With Clinton Davidson

One of the most important election choices you make will be your congressman. He, more than anyone else in Washington, will know how you want the government run, and he will not hesitate to speak up for you.

Next month, there will be elected to the 85th Congress 32 Senators and 435 Representatives. Chances are the Representative-elect will live not more than a few miles from you. You may know him personally.

But of one thing you can be sure: If elected, he will know what you want him to do. He'll be doing his best to do what most of the people in his district want him to do.

Congress plays a much more important role in the affairs of government than most people realize. The popular conception of a congressman's job as a lawmaker only is far from accurate. His is one of the most important jobs in our system of government.

Department heads and other Administration officials are

appointed by the President, but they soon find that Congress is their real boss. And, because a congressman speaks for you, you have a voice in how the government is run.

There are more than 1,000 jobs in Washington which the President fills by appointment, but on about 200 of the most important the approval of the Senate is required. Many of those appointees are highly capable in their fields, but few of them have ever been elected to a public office.

One of the first things they learn in Washington is that if they displease Congress they can be in for a very unpleasant stay in government, if they stay at all. Congress will have some pretty firm ideas about how they ought to run their departments.

There are more than 100 congressional committees, and many of them devote their full time to keeping tabs on how the Administration Branch of the government is being managed. And if it isn't being managed to suit them they take steps to see that changes are made.

When a department head gets an "invitation" to appear before a congressional committee, he drops everything else so as to be there. He may be complimented, or verbally spanked; he can never be sure which is coming. He may be asked to give advice, or he may get some.

The Appropriations Committees are a good example of how Congress keeps a firm grip on Federal spending. Each department budget request first must be approved by one of the 11 sub-committees in the House before it goes to the general Appropriations Committee. After the appropriation has gone through the House, this procedure is repeated in one of the 16 Senate Appropriations sub-

committees.

Then, just to make certain that money isn't spent needlessly, there is the Joint Committee on Reduction of Non-essential Federal Expenditures, headed by economy-minded Sen. Harry F. Byrd of Virginia.

It is through your vote for your congressman that you have a voice in directing the administrative offices of the government, as well as in making of laws.

More Texas Boys Need Advantages of Scouting

Dallas, Texas—More Texas boys should have the advantages of Scouting, a top Texas businessman declared this week.

Despite the rapid expansion of the Scouting program, said Stanley Marcus, still only one of each four Texas youngsters now wears the uniform of a Cub, Scout or Explorer.

"Scouting offers the experience and training which every boy needs as he develops into a resourceful, patriotic and worthwhile citizen," said Marcus.

Marcus, president of Neiman-Marcus Company, is state chairman of the steering committee which is coordinating fund-raising campaigns for the Boy Scouts of America in 23 Texas Scout Councils.

The campaign begins October 9th in 531 communities. Funds for Scouting activities in Crowell are raised through individual donations.

Purpose of the Scout fund campaign, said Marcus, is to raise additional funds so that more youngsters can be taken into the local Scout organizations.

"There are 181,000 boys in Scouting in Texas," said Marcus. "But there are more than 700,000 other boys not yet in Scouting. We must do our utmost to see that these boys also have the privilege and advantages of wearing the Scout uniform and of learning and benefiting from the creeds and deeds of Scouting."

The Scouting program, Marcus pointed out, represents a tremendous investment of money and of time by interested adults.

A total of \$54,000,000 has been invested in 820 camps on 500,000 acres of land in the United States and its possessions so that Scouts may enjoy the outdoors and learn and develop many skills, he said.

In Texas there are 33 Scout-owned or operated camps and they cover a total of 18,000 acres. Almost \$3,500,000 has been invested in the Texas camps alone.

There are more than 47,000 volunteer leaders serving Texas boys.

"As we expand our facilities and increase our enrollment of boys in the Scout program," said Marcus, "we must also increase our adult leadership. There is unlimited opportunity for any interested man to serve his community and its youth through Scouting."

DAM PROJECTS WIN APPROVAL

The Brazos River Authority's Six-Dam Program for development of the Brazos River has been approved from both engineering as well as economic standpoints, the Authority reported in a recent publication. The program has been confirmed in detail by leading water-engineering firms and consultants.

FROM A NEW 'INNER CAR' PROVED IN ACTION

came the magic that made possible so wonderfully different a Ford. In the toughest on-the-road tests ever given to a car, this "Inner Ford" demonstrated that a '57 Ford rides you sweet and low... that it takes the bumps without a bobble, the curves without the pitch... and, that in power, it "takes nothing from nobody!" Nothing on wheels hurries, handles or holds up like a Ford!

Here Today!

A new kind of FORD with the mark of tomorrow

Lowest family car on the road

Only four feet eight inches tall

Everywhere you look it has the Touch of Tomorrow!

Six or V-8 the going is great!

The Fairlane 500, finest Ford series, features five of the 19 longer, lower, beefier Fords for '57.

You're in for a thrill when you see this new knock-out named Ford! But save your superlatives till you "drive it!" That's where the fun really starts.

It's fun just knowing that others who see you wish they were you. For you're commanding the longest, lowest, heaviest, biggest car ever to sport such a low price tag. There's head room to spare for a new fall bonnet... stretch-out space for a "Daddy Longlegs."

You'll find that the tough and ready new "Inner Ford" is built to take the roughest road you'll care to travel. New outboard rear springs and ball-joint front suspension let Ford take the turns without the tilt. New swept-back control arms help take bounce out of bumps.

Best of all, Fords library-like quiet is built in. And the new "Inner Ford" is why. For never be-

fore in Ford's field has there been a body with so much extra bracing so firmly anchored to its foundation. And you can choose from three big Silver Anniversary V-8's with up to 245 horsepower. There's also a new Mileage Maker Six with 144 horsepower, the most modern Six in the industry.

You can pick your Ford tailored to your desires and your budget, too! Choose from nine Fairlane or Fairlane 500 models or from five Custom or Custom 300 models. Or take your pick from Ford's five longer, lower, new station wagons. Whichever model you select, you'll get a car that's been re-invented from the wheels up!

So there's the new kind of Ford. Big! Gracious! Spacious! A luxury car true—but one that any new-car buyer can easily afford. Come in! See what wonder-cars you can buy now at low Ford prices.

DEVELOPING THE BRAZOS
 The Brazos River's great flood brought public reaction to the cause of the Brazos River Conservation and Reclamation District. In large part, the Authority has sought to pay its own bills. It has been careful that its projects would conserve water, help curb floods and produce income. Such are the benefits derived from the three major dams—Possum Kingdom, built by the Authority, and Whitney and Belton, built by the Federal government at the suggestion of the Authority. Besides these, there are many smaller dams on tributaries of the Brazos.

TWIN SISTERS BECOME MOTHERS SAME DAY
 Grand Prairie, Texas. — Mrs. Robert Heien and Mrs. Edward Bennett, identical twins, gave birth to babies two hours apart at a hospital in Dallas. Mrs. Heien had a son and Mrs. Bennett a daughter. Each sister now has a family of a girl and a boy. Their husbands work for the same firm here.

UNUSUAL SIGN WORKS
 Boise, Idaho. — Wanting to keep people off the new asphalt surface of the Government parking lot near the Statehouse in downtown Boise, statehouse officials used the only signs available and they worked. The signs read: "State land, keep off. Remove timber. Graze no stock without permit. No mining."

The Backbone of Scouting Is Its Adult Leaders
 There are more than 181,000 Texas boys in Scouting.
 That is an important statistic to remember. It means that each of those young Texans is receiving training and instruction during his formative years which will be invaluable as he grows into manhood and assumes adult responsibilities.
 But where does that instruction come from? Who supervises the training? Who shows the way?
 The 197 adults in the professional service of the Boy Scouts of America in Texas are vital to the program, but they couldn't handle 181,000 boys alone.
 No, the backbone of the Scout program in Texas is represented by the 47,500 volunteer adult leaders who give their time and talents to Scouting. These are the men and women who make Scouting possible. Without their interest and their sacrifice of time and energies, there would be no Scouting program.
 In Crowell there are fourteen adults currently working with our Scouts. If one of them is a friend or neighbor of yours, take the time to thank him personally and tell him how much you appreciate what he is doing to help train and develop our boys.
 Each of them deserves the thanks of all of us.

SHEEP HAS QUINT LAMBS

G. D. Owens came in yesterday from Lubbock to look after his farm in the east part of the county.

Mr. and Mrs. T. P. Lowry left last week for Munday to make their home. Mr. Lowry has been employed here by the West Texas Ice Company and has been transferred to the meter department of the West Texas Utilities Co. at Munday.

State Capitol NEWS

Texas Press Association

Austin, Tex. — Campaigning in Texas is in high gear.

First to open statewide campaign headquarters were the Texas Democrats for Eisenhower. In charge is Weldon Hart, longtime aide to Gov. Allan Shivers.

A few days later Warren Woodward, Houston attorney, moved to the capital city to set up the Stevenson-Kefauver camp.

Says Hart, "Our campaign is backed by Texas Democrats who supported Eisenhower in 1952 and who can see no reason to change."

First of a series of ads in behalf of Ike appear in all Texas newspapers this week. Stevenson ads will follow as Woodward's program begins to unfold.

Meanwhile candidates for the vacant Senatorial post of Price Daniel are jockeying for position. But none has made what could be called a statewide plea for support.

Daniel is finally "in" as the Democratic nominee for governor. But procedure for naming a new U. S. Senator still is as muddled as ever. He resigned his senate seat effective Jan. 15, "or sooner if a successor is elected."

When this can be done, and how, hinges on (1) when the governor calls a special election; and (2) whether the State Democratic Executive Committee decides to try to hold party primaries before the special election.

Meanwhile Governor Shivers is on a bear hunt in Kodiak, Alaska, with two of his sons.

SEGREGATION LAWS PROPOSED

Legislation designed to circumvent the school integration ruling has been proposed by the governor's advisory committee.

Bases of the plan: (1) local boards could not desegregate schools unless so directed by a vote in the district, (2) liberal consideration would be given requests of parents wishing to avoid sending a child to an integrated school and (3) persons trying to force integration would be liable to prosecution.

Governor Shivers said he would use the report in making recommendations to the next Legislature.

ROUGHAGE PROGRAM SCHEDULED

It took drought-hurten Texas farmers only about two weeks to swamp the million dollar federal aid program for roughage. U. S. Department of Agriculture has ordered that no more applications be approved while it makes a "careful reappraisal" of demands. Under the program, originally designed to run to Jan. 1, farmers in drought disaster areas were to receive certificates good for \$7.50 per ton for purchase of roughage for cattle.

STATE BUILDING HITS NEW HIGH

An estimated all-time high of \$27,600,000 will be spent on new state buildings in the fiscal year just begun.

More than half of this, or \$14,000,000, will be used in Austin. A whopping \$6,000,000 will be poured into the new state office and courts buildings for which sites now are being cleared. Another million will be used to repair and air condition the Capitol building; \$5,000,000 for state schools; and \$2,000,000 for state hospitals.

Of the remaining \$13,400,000 to be spent over the state, \$10,000,000 will go for armories and \$3,400,000 for state hospitals at Abilene, San Antonio, Wichita Falls, Gainesville and Waco.

SCHOOL EXPERIMENTS STUDIED

Ways to get "more for the money" out of Texas' school system are being sought.

A statewide advisory committee of educators and lay citizens has just launched a six-month study of ways to make most effective use of school properties and personnel.

Ideas being considered: (1) a 10-month school year, (2) a longer school day with staggered schedules, (3) more use of college.

University of Texas Scientists to Study Texas Weather

University of Texas meteorologists and other scientists will begin immediately a basic study of Texas climate which may have long-range promise of drought relief.

The University Board of Regents authorized the research, appropriated \$10,800 for one year. Additional financial aid will be sought from Texas foundations for the project, the first step taken in Texas toward increased rainfall, board members said.

Dr. Vance E. Moyer, assistant professor of meteorology, will direct the investigation of weather facts which must be determined before practical experiments in weather modification come feasible. He will work with other faculty members and graduate students.

The project will include a complete study of the elements relating to weather such as cloud patterns, rainfall, winds, temperatures, records of past years, many complexities about which not enough is presently known.

"Under circumstances of economic stress, such as those prevail at present, any means holds promise of a possibility of relieving the drought conditions in our state probably merits a risk of a trial," University meteorologists stated in a report to a special committee of the board.

CARD OF THANKS

I want to say thanks to nurses and all my friends for cards, visited and brought gifts to me, and a very special thanks go to Dr. and Mrs. Bledsoe for being so kind and thoughtful to me while I was in the hospital. May God bless each one.

267 Families Served by Rural Delivery Routes from Crowell

There are 1,642 rural routes in Texas covering approximately 90,000 miles and serving some 430,000 families, and service is being extended every day, according to Regional Director George A. Gray of Dallas.

Postmaster Alva Spencer said two routes serve 267 families through the Crowell post office.

Rural delivery was first officially suggested by Postmaster General John Wanamaker in 1891.

The first bill authorizing rural delivery service was introduced in the House of Representatives on January 5, 1892, by James O'Donnell of Michigan, but it failed to pass.

A bill by Congressman Thomas E. Watson of Georgia became law March 3, 1893, appropriating \$10,000 for experimental rural delivery. This, together with \$20,000 appropriated for the same purpose on July 16, 1894, was not immediately used, the Postmaster General deeming the amount insufficient.

On June 9, 1896, another \$10,000, together with the prior \$30,000, was made available, and the first experimental rural delivery service was established the following October 1.

Many events in postal history have been marked by big ceremonies, such as when the Pony Express began between Saint Joseph, Missouri and Sacramento, California, on April 3, 1860. But the West Virginia experiment was launched with little fanfare, and under a cloud of criticism. Critics said it would be impractical and expensive.

"They were certainly proved wrong," Mr. Summerfield noted.

"The effect the Post Office Department's rural delivery has produced upon the American scene in 60 years can scarcely be exaggerated," he said. "It stimulated development of the parcel post, and it aided greatly in the establishment of the American system of roads and highways."

"Moreover, its effect on commerce, as a vital link between industry and the American farm family has been tremendous, and it has a great cultural and social effect on American life, providing new vistas of communication for the rural family."

"Rural delivery service is still expanding today because increasing numbers of Americans are moving out of the more congested areas into suburban surroundings," Mr. Summerfield went on. "Thus, improvement of the rural delivery service also means better mail service for increasing numbers of suburban families," he said.

"One of the five original 'RFD' carriers, Melvin T. Strider of Charles Town, W. Va., is still living, incidentally, and a prominent citizen active in banking and business in his city. Mr. Summerfield noted.

Ike Better Democrat Than Adlai, Says Supporter

A bunch of us were standing around talking the other day, and the talk got around to politics like it usually does. Some of the boys said they'd voted for Ike in '52 and were going to do it again; some of them said they'd always voted the Democratic ticket straight and always expected to—you know how it goes around a little Texas town.

One fellow said something that made the rest of us stop and think. He said he was a Democrat, sure—always had been, and his father and grandfather before him. And he always felt like he had to vote for the best Democrat in the race, which was going to do this year.

"And that means," he said, "that I'll have to cast my vote for Ike Eisenhower. He's a better Democrat, by my definition of a Democrat, than that other fellow ever will be."

And besides that, he said, Ike kept his promises to Texas and Texas ought to return the favor by knowing Ike.

You know, he might have had something there. "Gratitude" is one of the greatest words in the English language, and we all like to think of ourselves as being grateful for us. Like I heard a man say one time: "Texas are people who never forget anything that is done TO them—or FOR them." That's the way we think of ourselves, and it's about right.

This Eisenhower man pointed out that Ike promised to give the Tideland back to Texas, and he kept that promise; he promised to do his best to close out Mr. Truman's war in Korea, and he kept that promise, and he promised to assist teachers and (4) more multi-purpose rooms in schools.

COLLEGE ENROLLMENTS SOAR — Texas college campuses are overflowing again, even more than in post-war days.

Many schools report record enrollments. Some expected totals, after latecomers straggle in: University of Texas 13,500; Texas Tech 8,000; Houston A&M 7,400; Texas Christian University, Southern Methodist University and Baylor, about 5,400 each.

At least one school, Texas Western at El Paso, was having to curtail its curriculum because of teacher shortage.

SECURITIES PANEL NAMED

—Eight men have been named to take another look at that perennial hot potato — securities regulation.

They will study the effectiveness of two laws passed by the last Legislature. One revised the state securities act which is administered by the Secretary of State. Another created the Insurance Securities Division handled by the Insurance Commission.

Likely they also will discuss the long-debated issue of whether the two securities regulating divisions should be combined.

Named to the committee by Gov. Shivers are Secy. of State Tom Reavley; former Secy. of State Everett Fulham of Lubbock; Ins. Commr. J. Byron Saunders; Hal Dewar of San Antonio; Charlie Pierce of Dallas; Dr. J. C. Dolley of Austin; Gus Wortham and Wilbur Hess of Houston.

A Pill—or a Steak?

Now and then—particularly on blistering and humid days when nothing seems able to arouse the taste buds—people idly wonder why science doesn't come up with a little pill containing all the dietary requirements of a full meal. One swallow, and we'd have had breakfast, lunch, or dinner in an instant.

In this era of startling scientific developments it is possible that such a pill could be produced. But it's an odds-on bet that it would have a small sale—and its use would be generally restricted to explorers and others faced with serious logistics problems.

For instance, this marvelous little pill might contain all the proteins, vitamins and minerals found in a well-broiled steak or a roast oozing with juices. All the dietary values thus being equal, which would you choose—the pill or the real piece of meat?

The answers, if some "pollster" should look into this, would probably run about a million to one in favor of the meat. For there's more to eating than just satisfying the requirements imposed on us by nature. There's the fun of it, the satisfaction, the sensory pleasure—and the happy after-glow when the meal is done. They can't put those things into pills!

If you look the world over, you'll never find so much good entertainment and spectacular fun as you'll find at the 1956 State Fair of Texas. This year's extravaganza, October 6 through 21, will present a kaleidoscopic program of sparkling entertainment, fashion shows, football games, livestock shows, agricultural and industrial exhibits, contests and special events, youth activities and carnival merry-making. There's something wonderful for everybody at this festival of fun!

Imagine these shows: "DAMN YANKES" starring Bobby Clark and Sherry O'Neil, ICE CAPADES featuring "Peter Pan," Joie Chitwood's AUTO DAREDEVILS, and many new rides and shows on the MILLION \$ MIDWAY.

COTTON BOWL FOOTBALL: Texas A&M vs. Texas Tech on October 6, Texas vs. Oklahoma on October 13 and many big high school games.

And the big name talent: ELVIS PRESLEY on October 11, LOUIS ARMSTRONG on October 15, THE SPORTSMEN and ROGER WILLIAMS on October 19, VICTOR BORGE on October 20, FIESTA MEXICANA on October 9.

The fabulous sights: an ESPERANZA OF LIGHT, PAN-AMERICAN LIVESTOCK SHOW, a GALLERY OF PRESIDENTS in the Art Museum, amazing EXHIBITS in the Automobile Show, Electric Show, Gas Show, Women's Building, Food Show, Farm Improvement Exhibits, Agriculture Show.

Not to mention free band concerts aerial acts and free shows at the INTERNATIONAL CENTER with exhibits of thirteen foreign countries, free MAGIC SHOW, PLANETARIUM.

Naturally, I'll be there to greet you . . . and to introduce you to my new pet Hereford. He's only 12 feet tall, but he's mighty cute.

Yes, there's no doubt about it. We're Shootin' the Works, all right. It's the most extravaganza, most colossal, most sensational fair of all . . . and it's the biggest state fair in the world! Come 'n see!

Our Weekly Sermon
 "He Saved Me!"
 A traveler who was watching some fishermen on the shore of the Mississippi was surprised to see an old Negro leap to his feet and point at a passing boat with great excitement. "Look! Look!" he cried. "Dere's de captain!"
 On a sloop coming down the river stood a perfectly ordinary looking man, leaning against the mast. Although he was not within speaking distance, he waved kindly to the old man jumping up and down on the bank. Presently the puzzled traveler asked, "Who is this man? And what has he ever done for you?"
 The answer was: "He's de man dat saved me. I fell into de water an' he jumped in an' flung his arms around me and saved me!" Then he added: "I'd jes' like to slave for him all my life; only my rheumatism's so bad I ain't no good. He runs by here once a month, and I watch for him, and I love to p'int him out. Ain't he de kindest-lookin' man you ever saw? I jes' love to p'int him out."
 Yes, the old colored man loved to "p'int out" the one who had saved his life. But as born-again Christians are we just as enthusiastic about pointing out to others

THE WILDCAT

(Continued from page 2)
 Tourist: "Yes."
 Texan: "Well, we got half an inch."

"Every man on his back with legs up in the air!" barked Coach Amonett. "Now pretend you are riding a bicycle."
 James Doyal stopped after a few feeble waves of his feet. "What's the idea of stopping?" yelled the coach.
 "I didn't stop," replied James. "I'm just coasting down hill."

KEYHOLE KAPERS

Well, we sneaked around and got enough scandal this week to last until next week. Here's Ger-tie's Gossip.
 There certainly were a lot of red faces Thursday night — all the way from "Elvis" to "Lover Boy Long."

Pat and Jo Frances have had a lot of experience. Any one needing to know "the finer art of fighting wolves" contact them.
 Linda, you'd better be careful about the trees you stand under.
 We hope Mary Ann Brown is making progress in her campaign. Purpose — to "hook" Duane.

Seems as though Louise and Bud are back where they started. Hope it works this time.
 What was De's car doing up at Roxie's Sunday? Bettye Linda was there, too. Maybe she knows. Nelda, did you see who James Doyal was with Saturday? Couldn't have been Sue Bursey, could it?
 R. H., did you really go to Vernon just to go riding?
 Why was Jo Frances so excited Wednesday? Couldn't have been a call from Quannah that did it, could it?

James Choate, so it seems, is trying to beat Thaxton's time with "Twitche." Better watch these things.
 Judy Johnson seems to be a real big help to Joe Wheeler on his algebra.

When the bus stopped at Paducah Friday night, a few of the students stopped at the "Drag Inn." We want to thank the sponsors for their hospitality. All the CHSites wish they could have stayed longer.

All the lucky people who rode the same bus as Noel Wilkins were serenaded by "Wise" Wilkins' radio.
 Elections came out really well, didn't they?
 After the three weeks' tests this week I came to the conclusion that if ignorance is bliss, there are a lot of happy people around CHS.

Beverly Kelly was seen with Jerry Clifton this week. Could this be the start of a new romance?
 Speaking of Beverly Kelly, Web-ba thinks that Beverly is just a pretty good catch!

Billy Shultz was seen at the McCurley's several times over the week end. Who was the other boy that was disappointed, Billy Shott?
 That Roy Don really has it bad over Jerry. He was seen with her several times over the week end.

Have any of you bookkeeping kids been getting wet? Mr. Welch handles all complaints.
 Is this true about Jerry Clifton and LaRue?
 Everybody made a special trip to the office Monday, but it wasn't because of discipline. It was because of the senior ring around Nell's neck.

Say, I wonder what the attraction. In the past five weeks, many of our students have entered the hospital for some time and somehow set up residence there for a period of days. Among these are Thomas Crowell, Fredrick Youre, Larry Sledge, Ginger Rasberry, Roxie Adkins and Judy Vaughn. We hope it isn't catching.
 Joyce Howard and Dale Johnson must be getting up a case.

Why have so many Crowell boys been seen in Thalia lately.
 Nelda Kay really must have it bad. She went all the way to Stillwater Saturday.

If you see a green '51 Chevrolet pickup coming down the road, run, because the chances are that you'll get run over if you don't. It is beginning to look as though Crowell High is going to see a new combo! Could this be Janis and Lowell?
 Dolls meeting their guys off the football field Friday night were Judy - Bill, DeAnna - Edward, Judy - Harvey, Barbara Goodwin, Jerry Clifton, and Jana-Larry.
 The Crowell girls wish that Dee

The Man who has saved us? If we love the Lord Jesus Christ even as much as the old fellow loved his benefactor, then we ought to delight in pointing Him out to those who do not know Him.
 Jesus Himself has asked us to do this. In Matthew 10:32, 33 He says: "Whoever shall confess me before men, him will I confess also before my Father which is in heaven. But whosoever shall deny me before men, him will I also deny before my Father which is in heaven." And in Acts 1:8, He says, "Ye shall be witnesses unto me."

The Bible also tells us: "If thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised Him from the dead, thou shalt be saved. For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation. For the scripture saith, Whosoever believeth on Him shall not be ashamed" (Romans 10: 9-11).

 Mr. and Mrs. Charley Gray returned home Sunday afternoon from a week's visit with their son, Loyd, and family who accompanied them home for a short visit.

Mr. and Mrs. T. Gilbert and Boyd would give them a chance instead of commuting to Vernon!
 A certain freshman boy really thinks Janie Bowers is cute. Is this so, Gary?
 Guess who Weaver was with Saturday night. 'Twas Jeannie White.

Say, Eugene, how come a certain girl got mad because you took "Ace" home?
 Who is this wild, reckless woman we've got riding around in the orange Chevrolet. Do you know, Bettye Linda?
 It looked like homecoming this week. All the college kids were in.

Say, Ed, who was this living doll you were with Saturday night? Wahoo Daniels!!
 That's all the "stink" we could find. You better be good, because if you're not, the Keyhole will find you out.

MRS. MARY D. BROWN

Mrs. Monroe Karcher and Mrs. S. E. Tate are back from their trip to the State and National THDA meeting. I haven't talked to them yet, but understand they had a wonderful time.
 Janet Rasberry will leave Thursday to take part in the State Dress Revue at Dallas. If any of you plan to be in Dallas Saturday, why not attend this State Dress Revue. It will be in the Women's Building at 10:30 October 6.

I have been notified that the new pecan crop will be ready by the end of October. Prices are \$1.28 for large pieces, \$1.32 for large halves, and \$1.18 for medium pieces which is what we usually order. If you are interested in ordering pecans, please turn your order and your money in to your local marketing chairman or to Mrs. E. A. Dunagan here in town by October 20.

Our recipe this week is:
Potato Cheese Soup
 3 medium sized potatoes, 2 cups boiling water, 2 to 3 cups milk, 3 tablespoons butter or margarine, half small onion, 1 teaspoon salt, dash of cayenne pepper, 1 tablespoon chopped parsley, 1 cup grated cheese, 2 tablespoons flour.
 Cook potatoes in boiling, salted water until tender. Mash through a strainer. Measure liquid from potatoes and add enough milk to make 4 cups. Scald. Add butter or margarine, chopped onion, and simmer 5 minutes. Add flour and seasonings to potatoes. Cook 3 minutes. Add cheese and mix until smooth. Add chopped parsley and serve hot. Makes 4 to 6 servings.

TRUCK ROLLS OFF
 Adrian, Mich. — Ready to load a truck, Kenneth Deermeyer discovered the truck had rolled out of the garage, traveled 200 feet across the street, jumped a curb, smashed a fence, tore up two trees, plunged over a bank and stopped, resting against a concrete abutment, inches from the River Raisen.

CITY RENAMED
 Constantinople was renamed Istanbul in 1930.
 Cape Horn is at the foot of South America.

The Cape of Good Hope is at the foot of South Africa.

DRAIN FIRE BURNS 3
 Hemingford, Nebr.—Lee Davis poured gasoline down the kitchen sink drain in an effort to clean it out. It came back up through the drain in the basement floor and spread over the cement floor until a flame from a hot water heater ignited it. As the flames shot across the floor, Mrs. Davis and her daughter, Sharon, washing clothes in the basement, fled to the stairs, as Davies rushed into the basement. All three were badly burned—Sharon over her body, Mrs. Davies on both legs, hands, arms and face. Little damage was done to the house, however.

2 RESCUED FROM ICEBOX
 Fort Worth, Texas. — Juvenile detectives, checking vandalism, heard a pounding inside an abandoned icebox at Arthur King's garage. Inside they found King's stepson, James Yates, 10, and his half-brother, James King, 1, almost dead of suffocation. Another child, Oma Thompson, put the boys in the box and had forgotten about them.

Federation Met at Adelphian Club House September 28th

The Foard County Federation met at 10:30 o'clock September 28 at the Adelphian Club house for the first meeting of the 1956-57 year. The Columbian Club was hostess and the Adelphian Club brought the program.

The chairman, Mrs. Tom Callaway, opened the meeting with Mrs. Fred Traueck leading the group in prayer.

Mrs. Clarence Garrett, secretary and treasurer, read the minutes of the last meeting and gave the financial report.

Mrs. L. A. Andrews was leader for the day, with Mrs. V. A. Johnson giving the devotional. Mrs. Andrews gave the library report. Mrs. Andrews urged all families in the county who do not belong to join as membership per family is only \$1.00 per year.

"Juanna" was sung by the group with Mrs. D. R. Magee playing piano accompaniment. Mrs. N. J. Roberts read several very interesting letters from her sister, Miss Leona Young, who is in Europe.

Following a delicious lunch, the chairman re-opened the meeting. Roll call was answered by 23.

More Than 50 Per Cent of All Traffic Deaths Are at Night

More than fifty per cent of all traffic deaths happen at night, even though a lot less driving is done at night than during the day.

During an average year, if there is such a thing as an average year any more, the Texas Safety Association estimates that the mileage death rate is between two and three times as great at night as in daylight hours.

There are four reasons for this, that should be apparent to everyone.

First, you can't see as well at night, and you must see danger to avoid it.

In the second place, too many drivers try to maintain daytime speeds, yet even the best headlights illuminate only a fraction of daylight seeing distance.

A third reason is that night driving is more likely to result in fatigue, sleepiness and dulled alertness.

Finally, night is the time for sociability which, all too often, means driving after drinking.

Figures of the Texas Safety Association support these claims by revealing that between sunset and sunrise sixty-three per cent of all urban traffic deaths occurred. In rural areas, fifty-four per cent of the fatal accidents happened during the same period.

Figure the heavy odds against

you and don't gamble with your own life, or the lives of those who share the road with you. Drive right - - - slow down.

It doesn't take brains to send an automobile through a tunnel of blackness, it takes brains to soberly give the hazard beyond the finger of the headlight beam. Agency which may loom out of darkness at any moment.
