School Board Awards Contracts for Construction of Homemaking Cottage

The Crowell School Board, in a meeting held last Monday night, awarded contracts for a homemaking cottage to be located on the lots across the street south of the high school building. The cottage will be of brick structure and composed of four rooms and a porch. There will be a living room, bed room, sewing room and kitchen.

The building will cost approximately \$17,800. There will not

have to be any bonds voted for the project as the school has more than half enough surplus to take care of the work and the State passed a law two years ago to furnish \$100 per teaching unit each year for building purposes. This provides the Crowell School \$3,100 each year for any buildings it cares to erect. This will make it possible to pay off the indebtedness during the next school year.

83rd Birthday of Pioneer Resident Celebrated Sunday

W. W. (Walter) Nichols, pioneer Foard County resident, was given a surprise birthday party for his 83rd birthday at his home in Crowell Sunday. His birthday came on Friday, May 20. The occasion was a complete surprise to Mr. Nichols as the guests were assembled at his home when he returned from church. Thirty people enjoyed the beautiful lunch prepared by relatives.

Mrs. Clint Simmons, a friend of the family, baked the three-tiered white birthday cake, decorated with 83 pink roses, each rose holding a candle, one for each year of his life.

Mr. Nichols moved to Foard County with his parents, the late Mr. and Mrs. John Nichols, in 1886. He lived in the Black community all of his life until about five years ago, when he moved to his present home in Crowell.

All of his children were here except John Nichols of Haskell, and all of his sisters and brothers were also present. His sisters are Mrs. Iva Meason and Mrs. John Shirley of Roaring Springs, and his brothers are Claude and Grover Nichols, of this community.

After lunch, Mr. Nichols opened his many nice and useful gifts and served the birthday cake. The remainder of the afternoon was spent in visiting. Pictures were taken of the group.

Those present were Mrs. Iva Meason and son, John Meason, Mrs. John Shirley and daughter, Mrs. Dorothy Brazelton, and daughter, Sandra B., Sandra Williams, all of Roaring Springs; Vester Shirley of Plainview, Mr. and Mrs. Wilburn Nichols of Lubbock; Claude Nichols, Mr. and Mrs. Grover Nichols and granddaughter, Shiria Nichols, Mr. and Mrs. Sherman Nichols and son, Duane, Mr. and Mrs. Tom Nichols and children, Mildred, Barbara and Jimmie Pendergraft, Mr. and Mrs. L. Kamstra, Mr. and Mrs. Clyde Cobb, Mr. and Mrs. Ector Solis, Mr. and Mrs. Clint Simmons, Mrs. Ed Norris, and the honored guest, all of Crowell.

Roy Hanson Will Manage Theatre in Texas City

Roy Hanson, owner and manager of the Rialto Theatre, and his family will leave next Tuesday for Texas City to make their home.

Mr. Hanson has been employed as manager of the Showboat Theatre, a practically new 1,300-seat theatre in that city.

He announced Tuesday that the Rialto in Crowell will be under the management of Mrs. Charlie Rodgers, who will be assisted by her husband, and her son, Jimmy. Policies of the theatre will be the same as they have been since Mr. Hanson has owned and operated the show.

Government Loan Wheat Being Shipped to Fort Worth

The Farmers Elevator in Crowell is being emptied of the Government loan wheat. The grain is being shipped to Fort Worth for the Producers Grain Corp. of Amarillo. During the past two weeks, 132,000 bushels have been shipped with 3,000 bushels remaining in the elevator awaiting shipping orders.

The Farmers Elevators at Crowell, Foard County and Mangrove will have a storage capacity of 265,000 bushels for the 1955 crop, it was stated by Tom Abston, manager.

June 1 Is Deadline for Transferring Students

All high school pupils who reside in the Thalia Consolidated Common School District must be transferred by the parent or guardian to the high school where they expect to attend school next year by June 1, 1955, it was announced this week by Leslie Thomas, County Superintendent.

Any elementary school pupil desiring to transfer out of his home district must also be transferred by the parent or guardian not later than the above date, Mr. Thomas stated.

Also all colored scholastics within the Thalia District, whether high school or elementary pupils, must be transferred to the Crowell Consolidated Independent School District or other school not later than June 1.

These transfers are to be made through the office of the County Superintendent.

Mrs. Minnick's Mother Dies Tuesday Morning

Word has been received here that Mrs. Helen Holthausen, mother of Mrs. J. H. Minnick of Crowell, passed away Tuesday morning following a lingering illness.

Funeral services will be held Friday afternoon in Union City, New Jersey.

Mrs. Minnick left January 27 to be at her mother's bedside.

Summer School Started Monday

Summer School in Crowell High School began Monday morning, May 23. Classes in English, American History, and typewriting are being taught by Henry Black.

If any adult is interested in taking typewriting, arrangements can be made to enroll, Mr. Black stated.

LOSE GARAGE AND CAR

Mr. and Mrs. James Brothers of Shamrock had the misfortune of losing their garage by fire when it was apparently struck by lightning one morning last week. It had a room attached where their sons slept, but owing to the stormy night, the boys were sleeping in the house. They also lost their 1954 Ford car. Mrs. Brothers is a daughter of W. A. Cogdell of Crowell.

Mrs. J. S. Long has returned home from a visit with her daughter, Mrs. John Hakala, and husband in Fort Worth. She was accompanied by Mrs. Hakala.

CASHIER'S FAMILY HELD HOSTAGE — BANK ROBBED OF \$90,000 — Bank cashier Jesse Wood stands by the vault of the First National Bank of Jacksonville, Ala., from which bandits took \$90,000. Two bandits held Wood's wife and two children hostages in the Wood home while two others took him to the bank where they held him until the vault opened automatically at 8:30 a. m.

Heavy Rains Measuring from 3 to 6 Inches Cover Foard County Since Wednesday of Last Week, May 18

Heavy rains, which have covered Foard County since Wednesday of last week, May 18, measured from 3 to 6 inches in different parts of the county. The Government gauge at the Crowell State Bank recorded 4.72 inches since May 18. The shower which fell Sunday night measured .29 of an inch here.

The only hail reported was in the Good Creek community where it damaged wheat and oats on the Bob Carroll farm and the farm of Mrs. C. E. Dunn. The hail damage also extended across

the river to the D. B. Traweck farm.

Total rainfall for the month of May is 7.56 inches and for the year of 1955, 13.03 inches have been recorded in Crowell.

The abundance of moisture will benefit the wheat crop which will be ready to harvest as soon as it is possible for machines to get into the fields. The skies cleared Monday and by Tuesday afternoon, the temperature had risen to near 90. This contrast greatly to the very cool weather that accompanied last week's rain.

Row crops and gardens that have been planted were never more promising and the fields are in excellent condition for planting of feed and cotton. Some of the cotton was already up before the rain.

May of 1954 was the wettest month in Foard County in 39 years, according to the May 27, 1954, issue of the News. Up to that time, 10.21 inches of moisture was recorded. In May, 1914, 10.41 inches of rain was recorded.

Farm work will be in full swing within a few days when the wheat harvest starts and row crops are being planted, along with other necessary work on the farms to be done.

Mrs. J. H. Lanier Jr. Dies Tuesday Night in Local Hospital

Mrs. J. H. Lanier Jr. passed away in the Foard County Hospital Tuesday night shortly before 12 o'clock following a serious illness of only a few days. She had been in ill health for several years.

Funeral services for Mrs. Lanier will be held in the Methodist Church this afternoon at 2:30 o'clock conducted by Rev. J. H. Hamblen of Abilene. The body will lie in state at the church from 1:30 until 2:30 p. m.

Interment will be in the Crowell Cemetery under the direction of Womack Funeral Home.

Full bearers will be Foster Davis, Dwight Campbell, Lee Black, Jack Spikes, Henry Borchardt and Hubert Brown.

Mrs. Lanier is survived by her husband; four children, Mrs. Jimmy Johnson of Wichita Falls, Sidney, Linda and Don Lee, of Crowell; one sister, Mrs. J. V. Walden of Littlefield; three brothers, B. F. Ellis Jr. of Baton Rouge, La., Thomas Ellis of Slaton, and Dale Ellis of McCamey, and three grandchildren.

Miss Lena Faye White will be employed in the offices of the Texas Natural Gas Co. during the summer months.

First Wheat from 1955 Crop Brought to Crowell Elevators Tuesday Afternoon

Four truck loads of the 1955 wheat crop were brought to the Crowell elevators Tuesday afternoon. The wheat tested good quality and the moisture content was acceptable to elevator men.

The first load of wheat was brought to the Foard County Mill shortly after 1 o'clock by Gerald Knox from his farm north of town. It tested 55 with moisture content of 13.60.

The second load to arrive at the Foard County Mill was harvested by Glendon Russell and was weighed in at 4 o'clock. This wheat tested 55 with 13.19 moisture content.

The first load received at the Farmers Elevator belonged to King & King. The grain was grown by W. M. (Bill) King on the J. T. King farm northwest of Crowell. It tested 60 with 14 moisture content and was sold to the elevator for \$2.06 per bushel. The grain was cut by J. A. Garrett.

The second load to be brought to the Farmers Elevator arrived at 5:30 and was owned by DuWayne Elliott. The grain tested 58 with 12.90 moisture content. It was harvested on the old I. M. Cates place northwest of town by H. W. Applegate & Son of Creston, Iowa. The Applegates have harvested wheat for J. J. McCoy for the past eleven successive seasons.

ONE SURVIVOR

Of the men and horses involved, only one horse survived the Custer massacre.

Last Rites Held in Houston for Jack Kenneth Bills

Last rites for Jack Kenneth Bills, 22, native of Houston and husband of the former Miss Bobbie Ruth Abston, were held in the Central Church of Christ in Houston at 3 o'clock Wednesday afternoon, May 18. Mr. Bills passed away in a Houston hospital May 16, following a serious illness of several months.

Full bearers were some of the close friends of the deceased and were Wendell Mathis, Louis Wicker, A. J. Smith Jr., Otis Garner, Harrell Harris and Bill Richards.

Son of Mr. and Mrs. R. H. Bills, Jack was born in Houston on July 17, 1932, and had lived there all of his life except for the time spent in Abilene attending Abilene Christian College. He was a member of the adult chorus of Central Church of Christ and was one of the teachers of the Bible Class composed of college students of the church.

He was graduated from Abilene Christian College last June with a degree in business administration, following which he joined the accounting department of White Motor Co., where he had worked part-time the previous summer. He was well-liked by all his business associates and college friends.

Besides his widow and parents, he is survived by a sister, Mrs. Virgil Maxwell, and one nephew, both of Houston.

Relatives attending the funeral were Mr. and Mrs. Bob Abston and son, Billy, of Crowell, Mr. and Mrs. Raymond Grimm of Thalia, and Mr. and Mrs. Fred Remels of Bryan.

Picnic to Be Held at Christian Church Sunday Evening

There will be an all-church picnic at the First Christian Church Sunday afternoon at 5:30 o'clock. All members are urged to attend and bring a picnic lunch, according to an announcement made Monday by the minister, William Tucker.

Following the picnic there will be an evening service with an out-of-town speaker, recognition of sister churches in attendance, and special songs by several different groups. The evening service will begin at 7:30.

Minister Tucker stated that all visitors will be cordially welcomed.

Charles Ferguson Dies Suddenly in Santa Fe, N. M.

Charles D. Ferguson, 42, native of Crowell and son of H. E. Ferguson, died suddenly Sunday May 22, of a heart attack at Santa Fe, N. M., where he had for the past ten years.

Funeral services for Mr. Ferguson were held in Santa Fe at 10 o'clock Wednesday with interment in the cemetery.

Mr. Ferguson was born in Crowell Sept. 28, 1912, to Henry Ferguson, and his late wife, Effie Ferguson. He was graduated from the Santa Fe Public Schools and attended the University of Kentucky, where he received his Master's Degree in Education from the University of Kentucky in 1943. He had been teaching at the Santa Fe Public Schools for the past ten years. He was a member of the Crowell Methodist Church.

He is survived by his wife, Mrs. Effie Ferguson of Santa Fe; father, H. E. Ferguson of Crowell; sister, Mrs. Karl ten Electra, one son, Kenneth Ferguson, of Crowell.

Funeral services were held at the home of Mr. and Mrs. Karl ten Electra, Mrs. Floyd Children of Electra, Mrs. Frank Crowell, and Richard Grayson of Seymour.

London Graves Invited to Play in Greenbelt Football Game

London Graves, quarterback of the Crowell High School Wildcat for the past two years, has been invited to play with the team in the Greenbelt All-Football game that will be held in Christchurch in August, the fourth Crowell boy to receive the honor of playing in Greenbelt game. Jimmy Rasberry participated in 1951; and Paul Norman and George London led in 1953.

London led the Wildcats to six victories out of nineteen during the last two seasons. He was injured and not able to participate in Crowell's 7 to 6 victory at Archer City last week. He was a regular defensive end on Crowell's regional champion team in 1952.

Graves was also an outstanding football player throughout his school career and was placed on the Wichita Falls Record all-area 1-A team the past year. He has accepted an athletic scholarship to play both football and basketball at Tarleton State College next year.

Law Regarding Food Handlers' Certificates Gets Needed Changes

There has been much confusion in Texas recently regarding food handlers' health certificates. However, word has been received by Dr. John W. Raines, local physician, of a new law, passed by this session of the Legislature, which does away with the requirement for blood tests. The type of examination is left to the discretion of the doctor.

Checking with doctors in this area, it is found the fee for such service is \$1.00 and up if tests have to be run. Dr. Raines stated that "if you report to your regular physician, who is already familiar with your health status, you will probably get off with the minimum fee."

"Copies of the new law are not yet available from the Secretary of State. Let's hope this new law also does something for beauty operators and barbers. If it does, look for it in the Foard County News in the near future," Dr. Raines added.

Chigger Season Is Here Again

Chiggers can deal even Texans a lot of misery.

Although it wouldn't be practical to control the pests all summer, Joe Burkett, County Agent, says that 50 to 75 cents worth of toxaphene or chlordane will kill the red bugs on the average home lawn for about seven days.

Such a scheme is suggested to anyone planning an occasional picnic, party or other out-of-doors activity. Or apply the insecticides to areas where the family sits or plays in the yard.

One pound of five per cent dust of either of the insecticides applied to 1,000 square feet of lawn area is recommended by the Texas Agriculture Extension Service. The dusts are available from most feed, drug and grocery stores.

Sulfur has long been a popular chigger killer but toxaphene and chlordane are more effective.

SLOW DOWN and LIVE!

An Appeal for 101 Days of Safe Driving

During the summer months—from Memorial Day through Labor Day—highway traffic fatalities are high. So high that the Governors' Conference has endorsed a nation-wide safe driving program during the 101 days between the two holidays.

Only you, the motorist, can make this campaign a success . . . If you, and every other highway traveler, will resolve to drive at a safe speed, to follow the recommendations of Safety Associations for safe highway driving, literally hundreds of lives will be saved during this summer's travel. One of them may be your own.

Wherever you drive this summer, PLEASE DRIVE SAFELY

Safety Associations recommend that you follow these simple rules for a safe vacation trip:

- Observe all posted speed limits; don't hurry, ever.
- Regulate the speed of your car to highway and traffic conditions.
- Don't drive too long—stop when you're tired.
- Observe all highway caution warnings—slow down for curves, when descending steep hills, etc.
- Don't drink when driving.
- Follow the golden rule of traffic courtesy: give other motorists the same consideration you'd like for them to give you.

Wheat Referendum Scheduled on June 25

Wheat farmers will join the nation's growers June 25 to decide in a national referendum whether marketing quotas continue in effect for their crop. The State Agricultural Experiment Station and Conservation Commission are urging Texas producers to participate in the vote.

Under the present surplus situation, we are required to promote marketing quotas," Secretary of Agriculture Ezra Benson said.

"We will have almost as much wheat in the total supply after harvest this year as we had a year ago. In other words, we will have enough wheat to take care of all our domestic and export needs for two full years."

Benson has said that wheat is one of the major problems facing the Department of Agriculture this year.

Any producer in commercial areas who will plant more than 15 acres of wheat for harvest as

grain in '56 is eligible to vote in the referendum. Two-thirds of the vote must favor marketing quotas before they can be put into effect.

Local voting places for the June 25 balloting will be announced for each county.

The available supply of wheat for the 1955-56 marketing year is 66 per cent above the considered "normal supply." The Secretary must call for marketing quotas when the normal supply exceeds 20 per cent.

In the referendum last summer, 73.3 per cent of the farmers voting approved the quotas.

1 cent increase in cigarette taxes and the hike to 1 cent per bottle (\$1.30 per barrel) in beer taxes. With these topics before them, the Legislators came back almost to where they started—namely, Gov. Allan Shivers' original tax recommendations. Tossed out by the Senators, after many hearings on numerous phases of taxation, were virtually all other tax proposals.

When the tax bill bogged down in the Senate, Governor Shivers threw in a surprise strategy move. By message, he told the House and Senate—now working without pay—that if they wanted to end this session, he would call them back in a special session when they could be paid \$25 a day.

Li. Gov. Ben Ramsey and Speaker Jim Lindsey at once responded that the session could complete the tax chore, unblock the billion and a half dollar appropriation bill, and finish its job.

Filibuster Record Busted
For the third time during the 1955 Legislative session, a new talkathon mark was established by a member of the usually sedate Senate.

This time the speaker was Sen. Kilmer Corbin of Lubbock who took 28 hours, 25 minutes against a state water project financing plan.

Previous holder of the record was Sen. Wayne Wagonseller of Bowie. Before that it was Sen. Jimmie Phillips of Angleton.

Corbin was opposing a committee report on Sen. Dorsey Hardeman's proposed constitutional amendment to the \$100,000,000 water program. He was objecting to the three cent ad valorem levy. Governor Shivers had advocated the plan as a key part of his water conservation legislation. The proposal would set up a six-man board, to be appointed by the Governor. Corbin also contended that the board should be elected, rather than appointed. In objecting to the method of taxation, Corbin said that it would cause

dry land farmers to bear the burden of water projects in other districts.

Like the other "billbustlers," it was fruitless.

Rain Steals the Show
General rains throughout the state stole the spotlight from the Legislators the past week. It was NEWS—BIG news. Even where there were floods, there were smiles of gratitude for the moisture.

As for the capital city, weathermen here report that Austin already has received more rain this year than it did throughout 1954.

Recent almost statewide rains have changed Texas' crop outlook from "dismal failure" to "fairly good" according to Agricultural Commissioner John C. White. Rain came too late to help the wheat and oats, says White, but benefits to pastures were rated "excellent." He pointed out the need for a normal amount of moisture the rest of the year.

Probe in Senate
Lack of information prompted them to approve veterans land deals as a matter of routine. So said two state officials testifying in the Senate phase of the Land Office investigations.

State Comptroller Robert S. Calvert and State Auditor C. H. Cavness were the witnesses. Cavness showed a form used by Giles to request funds for loans. Bearing the seal of the land board, the form carried no signature other than Giles'.

"Nothing came to us to cause us to have any suspicions," Cavness said, adding that he had assumed the deals had been approved by a majority of the three-member board.

Governor Shivers and Atty. Gen. John Ben Shepperd recently have made affidavits to the effect that they were absent from board meetings on certain dates when the minutes cited that they were present.

From San Antonio, the district attorney's office announced it was demanding the maximum 10-year prison term for Giles, in his scheduled trial on charges of accepting a \$30,000 bribe. Also that C. V. Wynn and Arthur McKenzie of San Antonio, charged with offering the bribe, would "turn state's evidence" against Giles.

Short Snorts
... Venue in the future income tax trial of George B. Parr, political boss of the Duval County area, has been transferred to Austin.

... Sen. William H. Moore of Bryan has pending in the Senate a resolution to investigate Southwest Conference athletic recruiting, following accusations against A&M College.

... A Senate committee struck from the House-passed "unfair sales" bill authority for a trade association to sue a merchant for selling goods below cost. Sponsors said they wanted that proviso because an individual merchant might hesitate to sue—and give housewives the idea that he was trying to keep them from buying as cheaply as possible.

... Cuts in allowable oil production, made by the Railroad Commission, whittled the State's prospective revenue from oil. June allowable was cut 64,820 barrels daily, and July 67,219.

... The Senate joined the House in passing Rep. Dolph Briscoe's stringent bill regulating veterans' land sales and outlawing block deals. Briscoe's constitutional amendment replaces the Governor and Attorney General as Veterans Land Board members. Two appointive members would serve with the land commissioner.

By PRICE DANIEL
U. S. Senator

The Senate Judiciary Committee, by a vote of 10 to 3, has approved and reported to the Senate our constitutional amendment which would change the present electoral college method of selecting the President and Vice President. Now called the Daniel-Walter amendment, this proposal is better known as the former Gossett-Lodge amendment, and is worded exactly as the Gossett-Lodge amendment passed the Senate in 1950.

This year the amendment was introduced in the Senate by the writer and in the House by Congressman Francis Walter of Pennsylvania. Its support in the Senate is indicated by the co-signers of the resolution which include Senators Byrd of Virginia, Humphrey of Minnesota, McClellan of Arkansas, Wiley of Wisconsin, Dirksen of Illinois, Kefauver and Gore of Tennessee, Jenner of Indiana, Ives of New York, Anderson and Chavez of New Mexico, Neely of West Virginia, Murray and Mansfield of Montana, Stennis of Mississippi, Williams of Delaware, and Neuberger of Oregon.

This list of co-sponsors includes Democrats and Republicans, liberals and conservatives. The amendment received the necessary two-thirds vote in the Senate in 1950, but was defeated in the House. Congressman Ed Gossett of Texas has long been a chief proponent of this constitutional change, and it is hoped that the Senate will repeat its action this year and that the House will look with more favor on the proposal this time.

Abolish the Electoral College
The amendment would abolish the archaic and outmoded electoral college. Each state's total electoral vote toward the selection of a President would remain the same, but it would be credited without intervention of "dummy" electors, and it would be credited to the candidates for President and Vice President in proportion to the direct popular vote cast in each state. In other words, if a candidate receives three-fourths of the popular vote in a state, he would receive three-fourths of the electoral vote of that state instead of the entire electoral vote as under the present system.

Under the present system the candidate who receives only a one-vote majority in New York would receive the entire 45 electoral votes of that state. Under our proposed amendment, these 45 electoral votes would be divided in accordance with the popular vote, each candidate receiving approximately one-half of the 45 electoral votes. The votes would be counted as they are cast. Each voter would have his vote reflected in the final electoral vote of the state.

So long as the present electoral college method exists, each political party will continue to concentrate its campaign in the heavily populated states of the North and East. Each party will continue to out-promise the other in appealing to minority and pressure groups which might hold the balance necessary to win the majority popular vote and therefore the entire electoral vote in the pivotal states. If the proposed change is made, a vote in Texas will be worth as much as a vote in New York and the same will be true of individual votes in every state. Presidential candidates would campaign in the South and West in the future instead of concentrating most of their efforts in the densely populated states.

VISITS IN TEXAS

Dr. Hugh Hammond Bennett, father of the nation's soil conservation movement, was a recent Texas visitor. The conservationist, chief of the U. S. Soil Conservation Service, thinks that America should take note of the amount of good land which is being covered by new homes and plants every year. He estimates that 10,000 a year are being sacrificed to estate development. His suggestion for alleviation of the situation: Encourage location of living and manufacturing developments on land which isn't suited for farming.

Mrs. Ronnie Baehr of Kansas City, Mo., is visiting in the home of her parents, Mr. and Mrs. T. S. Haney.

Mrs. Allen Sanders has returned from a week's visit in Pampa in the home of her daughter, Mrs. Fred Carr, and family.

Mrs. J. C. Cumley of Houston is visiting with her mother, Mrs. Hines Clark, and friends here this week.

Mr. and Mrs. Joe Lewis of Bryan arrived here Tuesday for a visit in the home of Mrs. Lewis' sister, Mrs. A. Y. Beverly.

Mr. and Mrs. Joe M. Magee and three children of Pampa are visiting this week in the home of Mr. Magee's parents, Mr. and Mrs. R. R. Magee.

Mrs. A. Y. Beverly returned Monday from a week's visit in the home of her son and daughter-in-law, Mr. and Mrs. Joe W. Beverly, and children in Austin.

Rev. and Mrs. Grady Adeock and family are attending the annual meeting of the Northwest Texas Conference of Methodist Churches which convenes in Lubbock this week.

Mrs. Hubert Brown is in Washington, D. C., visiting in the home of her daughter, Mrs. Thomas B. Johnson, and family. She went to Washington about two weeks ago to visit her other daughter, Mrs. Ed Zak, who, with her small son, John Carl, left May 20 for their home in Paris, France.

Mr. and Mrs. W. B. Johnson left Wednesday morning for their ranch near Roundup, Mont. Their son-in-law and daughter, Mr. and Mrs. Bert Ekern, and children will leave Friday for Montana, where the two families will spend the summer.

Mr. and Mrs. Jesse Dishman and son, Bobby, of Fort Worth spent the week end here visiting Mr. Dishman's brother, Wayne Dishman, and family and friends. Mr. and Mrs. Dishman are former Foard County residents, leaving here in 1942.

Mr. and Mrs. Mike Harrington and small daughter, Karen, of Houston were here Tuesday visiting Mrs. Harrington's grandmother, Mrs. Silas Moore, and friends. Mrs. Harrington was born in Crowell and is the daughter of Mr. and Mrs. Arthur McMillan of Tyler.

Mrs. J. V. Fuller of Sherman returned to the home of her parents, Mr. and Mrs. Claude Callaway, in Crowell Sunday afternoon from Camp Carson, Colo., where she visited her son, Joe Welch. She returned to Sherman Sunday afternoon with her husband and two sons, Ed and Mike, who had visited in the Callaway home here.

Ralph Cogdell and children, Lucy and David, of Floydada, Allen Cogdell and children, Bob, Maxine and Roger Allen, of Paducah, and Mrs. James Brothers and children, Charlie Gus, Jimmy and Julia Helen, of Shamrock were visitors Sunday in the home of W. A. and John Cogdell.

James C. Woods of Zephyr spent the week end in Crowell visiting Miss Margaret Curtis. He went from here to Sweetwater to visit relatives before returning to Zephyr. Mr. Woods, a former employe of the State Department of Public Welfare, stationed at Munday, has been teaching school for the past year and expects to continue in that profession.

Seriously Disabled People Should Contact Social Security Office

Seriously disabled people who used to work in employment or self-employment covered by the social security law should get in touch with the social security office by June 30, Erton Tate, social security district manager, announced this week.

Tate pointed out that people who have been totally disabled for 6 months or longer, and who worked in employment or self-employment covered by the social security law for as many as 5 years out of the 10 years before they were disabled should get further information about this law.

Active military service and employment in the railroad industry may count toward the needed amount of work. By applying to have their social security earnings records frozen, disabled people may prevent loss or reduction of future benefits.

Some people now receiving old-age insurance payments or who will become eligible for old age payments in July were disabled for long periods before they reached age 65 and are still disabled. They may start getting larger payments as of July and will get them more promptly if they file an application for a "disability freeze" by June 30.

If the disabled person dies after June 30, the disability freeze can protect his family's rights to survivors payments but only if he had applied for it before death. For this reason, it is important for every person who meets the requirements for the "freeze" to apply for it by June 30.

Tate emphasized that the law protects the social security rights of a worker who is suffering from prolonged total disability but does not pay cash benefits to him before he is 65.

The address of the Wichita Falls social security office is 425 Post Office Bldg. If a disabled person is unable to call at the office, he may telephone or someone else may call for him, Tate added.

Wichita Falls Man Trying to Give Away Substantial Sum

It's an old story about the fellow standing on a busy street corner trying to give away money; it's an old story about skeptical passers-by generally turning down the cash.

Yet this story applies, in effect, to a Texan, who has been trying hard, and with only meager success, to give away substantial sums annually, for a cause. His name is Frank M. Wood of Wichita Falls.

Frank Wood, in the words of his friends, is unyielding in his determination to use his own personal resources in helping drought-punished wildlife back on its wobbly feet.

Over the years, Frank Wood has been actively interested in this work. But lately he has initiated board projects that might well mark the turning point in the fight to save wildlife.

Specifically, Frank Wood is sponsoring awards to individuals for doing the most to aid wildlife through habitat restoration and development. He is also providing scholarships for young people who want to study what could be the most exciting subject of tomorrow—conservation education.

When Frank Wood first tried to give away his money to begin this program, there were disappointingly few takers. Now, acknowledged authorities have rallied behind the project and it has begun to roll. But success will be assured only when saturation contact publicity is provided.

Publicity, of course, can mean emphasis on the usual media like newspapers, magazines, radio and television. But this particular publicity calls for the personal type too. Every living Texan can well make himself a committee of one to help exploit this bona fide effort to underwrite a mighty cause.

Organized committees of sportsmen's clubs, soil conservation units, Future Farmers, 4-H Clubbers, other organizations and schools are getting behind this noble movement.

That sum is in addition to the \$1200 for each of three high school seniors annually winning scholarships. The first awards will be announced shortly.

Yes, Frank Wood still is figuratively standing there on the street corner awaiting for somebody to come along and claim a share. Better write Earl Sargent of the Wichita Falls Chamber of Commerce for details now.

We wish to express our sincere appreciation for the many acts of kindness for Jack through his long illness and following his passing. The flowers, cards, letters and telegrams were sources of comfort and strength during the trying days. May the Lord bless each of you in our prayer.

The Family of Jack Bills.

CARD OF THANKS

I would like to acknowledge my personal appreciation to the "homefolks" who were so faithful and loyal to me during the past months. Each of you was brought nearer by the many cards and letters containing words of encouragement, consolation and hope which made the burden easier to bear.

Vaccinate Chicks Via Drinking Water

Protecting chicks against Newcastle and infectious bronchitis disease is made easier when vaccines are added to the drinking water, says Joe Burkett, County Agent. This method of vaccination gives effective results and can mean big savings for producers. Inoculation against these common respiratory ailments usually is given by placing a drop of vaccine in the eye or nostril of each chick. A suggested vaccination program using the drinking water method is contained in a new bulletin on the subject by the Texas Agricultural Extension Service. Titled "Control Poultry Losses — A Suggested Vaccination Program for Chickens," the publication makes recommendations on vaccinating chicks for market egg or hatching flock replacement and for broiler production. Copies of the bulletin, L-241, are available from Burkett's office. Natives of India belong to the brown race. George Bryan Brummel was well known as Beau Brummel.

County Agent Gives Screw-Worm Cure

Branding, dehorning, castrating and other seasonal livestock jobs may open the way to screw-worm infestations unless effective controls are used.
 Stockmen are advised to be on the alert for these costly insects and to treat all fresh wounds on livestock, infested or not.
 One application of EQ-335 smear should do the job, says Joe Burkett, County Agent. Large wounds may require a second treatment. EQ-335 contains lindane which gives a lasting killing effect.
 Apply the smear directly to the wound, then put a small ring of screw-worms increase rapidly once present. If headed off from the start, a lot of trouble and needless loss can be avoided, Burkett says.

Less Friction with Trop-Artic Motor Oil!

In the experiment below, the slide on the left is coated with ordinary motor oil, while the one on the right is coated with TROP-ARTIC All-Weather Oil. When two steel blocks are dropped on the two slides at exactly the same time, the one on the right slips down nearly twice as fast as the one on the left. The reason is: **less friction with TROP-ARTIC oil.**

FRICITION SLOWS YOU DOWN WHEN YOU USE ORDINARY OIL

NEW TROP-ARTIC OIL KEEPS FRICTION LOW

IT'S PERFORMANCE THAT COUNTS!

New Phillips 66 TROP-ARTIC reduces friction far more effectively than any ordinary oil. By reducing friction, it extends gasoline mileage. And it can reduce wear, even to the extent of doubling the life of an engine. It can cut oil consumption 15% to 45%. It keeps pistons cleaner. New TROP-ARTIC is the first all-weather type motor oil to meet the highest standard ever established for automobile motor oils, the Mil-0-2104 Supplement 1 Test. FOR THAT RAINY DAY

The wise man doesn't wait 'til the rain falls before he gets himself an umbrella. Same sound sense applies to financial "rainy days." The money you meant to save—but didn't—won't do you a bit of good. Only money that will count is what you DID save . . . regularly, systematically, every pay day. Let your ever-growing account be your "umbrella" . . . and you can take life's "rainy days" in your stride.

Our Weekly Sermon

TAKING IT TO THE TOP MAN

Renee Denicola is only 8 years old, but already she has learned to go to the top man for prompt action in solving an important problem.

This little Chicago miss was disturbed because her favorite television programs were being interrupted by the broadcasts of a "ham" radio operator. But she knew exactly what to do.

Taking pencil and paper, she wrote a letter. "Dear Mr. President: I am 8 years old and I wish you would help me. I am having so much trouble with a ham station interfering with my TV programs. I can't get any picture and all I hear is CQ, CQ. He's always on. You're the best president we ever had. I love you very much. Renee Denicola."

A few days later, back came the answer. President Eisenhower told the little girl that he had referred her letter to the Federal Communications Commission which would (and did) take immediate action.

Renee's mother was surprised. "Of course, we thought nothing would come of her sending the letter," she said. But Renee herself expected an answer. "It was nice of him," she said, "I knew he would help me!"

Christians have a "Top Man" to take their problems to also. He is the heavenly Father who invites us over and over in His Word to cast all our cares upon Him. In Jeremiah 33:3, He says: "Call unto me, and I will answer thee . . ." in Philippians 4:6, "Be careful (anxious) for nothing; but in everything by prayer and supplication with thanksgiving let your requests be made known unto God . . ." and in Matthew 21:22, "All things, whatsoever ye shall ask in prayer, believing, ye shall receive."

There are but three conditions to God's promises. First, we must be true believers in Jesus Christ, for we must ask in His name (John 16:23). We must keep His commandments and do the things that are pleasing in His sight (1 John 3:22). And we must ask according to His will (1 John 5:14). Having met these require-

B&PW Club Installs New Officers at Dinner Meeting May 19th

The Business and Professional Women's Club was entertained with an Installation Dinner in the home of Mrs. Irene O'Connell on Thursday evening, May 19.

Mrs. Sally Archer, Miss Lottie Russell and Mrs. Mary Olive Womack were joint hostesses. After the invocation given by Mrs. Archer, a delicious dinner was served to members of the club.

The installation service, given by Miss Russell, was very impressive. The dining table was beautifully decorated with pink and white candles. The tall white ones in the center represented the State, National and International Federations. The large number of small pink ones encircling the others represented the members of the Federation. These were enclosed by a garland of pink Florida roses.

Out-going officers, all of whom had served two years, were Mrs. Audrey Collins, president; Mrs. Mae Solomon, vice president; Mrs. Viola Biggerstaff, recording and corresponding secretary, and Mrs. Inez Spencer, treasurer.

Incoming officers are Mrs. Biggerstaff, president; Mrs. Archer, vice president; Miss Collins, recording and corresponding secretary; and Mrs. Womack, treasurer.

Grade School Grads and Faculty Honored with Reception May 19

The Crowell Grade School graduates and faculty were honored with a reception last Thursday afternoon at the home of Mrs. H. E. Monkres, following the graduation exercises. The reception room was decorated with spring flowers and the tables contained striking arrangements of Florida roses supported with silver and crystal appointments. Punch, sandwiches, cookies, nuts and mints were served.

The following class mothers acted as hostesses: Mesdames Gerald Knox, J. B. Fairchild, J. C. Prosser, Henry Johnson, Milton Hunter, Virgil Johnson, Boss Johnson, W. F. Bradford, Raymond A. Bell, Darwin Bell, Jack Brown, Ernest Weaver, Elmo Todd and John Rader.

Mrs. G. B. Neill Presents Piano Pupils in Recital May 13

The piano pupils of Mrs. G. B. Neill of Thalia were presented in recital in the Thalia School auditorium on Friday night, May 13. A large number of people attended the recital, including a number from Margaret, Lockett and Vernon.

Pupils of Mrs. Neill appearing on the program were: Rhetta Cates, Patricia Cates, Teresa Wright, Beverly Gray, Mary Ann Ramsey, Karen Ann Shook, Gaye Ramsey, Vickie Sue Farrar, Gayle Smith, Roy Martin Shultz, Judy Johnson, D'Lois Shultz, Jante Wright, Gayle Taylor, Dana Loy Roberts, Jackie Price.

Miss Youree Honored at Coke Party May 21

Miss Maurine Youree, bride-elect of Bobby Leggett, was named honoree at a delightful Coke party given on Saturday morning at the home of Mr. and Mrs. Moody Bursley with the young ladies of the Methodist Church as hostesses.

Favorite recipes of the guests were written for the bride-to-be and games were played. The party was in the form of a kitchen gadget shower.

Those attending included Miss Youree, Mrs. Jim Paul Norman, Mrs. Robert Patterson, Misses Shirley Wehba, Carolyn Monkres, Jana Black, Lynda Adecock, Carolyn Bursley and Mrs. Grady Atcock.

W. S. C. S.

At the monthly business meeting of the Woman's Society of Christian Service of the Methodist Church held on Monday afternoon, May 16, Mrs. A. Y. Beverly, president, conducted the business session.

The main business of the afternoon was the installation of incoming officers for the year 1955-56. Mrs. Virgil Johnson of Foard City, the incoming district president, conducted impressive installation services for the following officers: Mrs. Hulon Monkres, president; Mrs. Henry Bor-

chard, vice president; Mrs. E. R. Roland, treasurer; Mrs. Jim Russell, secretary; Mrs. A. Y. Beverly, secretary of promotion; Mrs. W. C. Erwin, secretary of missionary education; Mrs. Doyle Kenner, secretary of student work; Mrs. Moody Bursley, secretary of youth work; Mrs. Lee Black, secretary of children's work; Mrs. M. J. Girsch, secretary of spiritual life; Mrs. Howard Fergeson, secretary of literature and publications; Mrs. R. J. Thomas, secretary of supply work and Mrs. Gordon Erwin, secretary of status of women.

A tea plate was served following the installation service.

JUNIOR BAND PARTY

The band hall was the scene of the Junior Band party Thursday evening, May 20, at 6:30 o'clock. The evening was spent playing various games and enjoying refreshments of hot dogs, potato chips and Cokes.

Those present were members: Louis Phelps, Marcia Carroll, Bob Borchardt, M. L. Speer, David Powers, Faunice Fairchild, Kenneth Hough, Sue Cates, Dorothy Wehba and Jimmie Thompson.

Their guests were Paul Bax Johnson, Judy Sandlin, Ronnie Coffey, Denny Todd, Linda McClain, John Lee Black, Shirley Fox, Judy Borchardt, Freddie Wehba, Milburn Carroll Jr., Band Director Eddie Rickard and parents: Mr. and Mrs. Milburn Carroll, Mr. and Mrs. Horace Phelps, Mr. and Mrs. Marlin Thompson, Mrs. Fred Wehba, Mr. and Mrs. J. B. Fairchild and Mrs. Henry Borchardt.

"The closet accessory I'd like to have," was expressed by members of the Gambleville Home Demonstration meeting in the home of Mrs. Fred Diggs on May 20.

Mrs. A. B. Calvin led the business discussion in the absence of both the president and vice president. Orders for pecans were placed. The hostess gift, a beautiful house plant, was awarded to Mrs. Calvin.

At the next meeting of the group, a member will be nominated as a possible delegate to the THDA state meeting in Fort Worth during August.

Mrs. Diggs expressed her appreciation to the club for the aluminum tray presented to her previously. Refreshments were served.

The next meeting will be on June 3 when the demonstration will be "Let's keep cool."

News from the Congress

by Congressman Frank Ikard

The problem that is foremost in the minds of everyone is whether or not means will be developed whereby lasting peace in the world can be brought about. The events of the last few weeks which have indicated that the Soviets are willing to talk with some degree of seriousness about this problem are certainly encouraging. Everyone is hopeful that much good will come out of the meeting of the heads of the great powers when they meet sometime within the next few months. As encouraging as all this news is, it is important not to let our enthusiasm run away with us and to always remember that those who are dedicated to world-wide conquest and establishing Communism as the only system in the world don't change their way of thinking over night, and while we

must proceed hopefully, it is also important to use caution, and above everything else, to maintain our armed strength. If we let our guard down, the Communists would be the first to exploit our weakness, and we must not let them lull us into a sense of false security. The meeting of President Eisenhower with the heads of the other great powers should be very fruitful; however, we must bear in mind that they should not be expected to solve in three or four days the problems that have been haunting mankind for hundreds of years. There seems to be no question but what the world situation has improved, but it has improved primarily because of the fact that we in this country have remained strong militarily and determined in our dedication to world-wide peace.

I now look that though the Interstate and Foreign Commerce committee of the House will report a bill limiting the jurisdiction of the Federal Power Commission so that it will not have authority to regulate the price of natural gas in the field sometime this week. The hearings on this question have gone along for over six weeks. All indications are that the committee will report a bill excluding the producers of natural gas from the jurisdiction of the Federal Power Commission and that the question will be up for consideration in the House sometime within the next two weeks. I strongly favor the enactment of legislation of this type because if affirmative action is not taken by the Congress, it could easily mean that within a few years the Federal Government would have absolute control of the oil and gas industry.

Many former prisoners of war in Korea have failed to file claims with the Foreign Claims Settlement Commission for their compensation. The deadline for filing these claims is August 21, 1955. Every former prisoner of war should investigate this immediately for it would be a shame if anyone's claim were denied because of failure to file on time.

Rep. Heatly Urges More Taxes on Beer

"I know that you and the taxpayers of the 82nd District, of which your County is a part, are watching with interest the movements of the tax bill in Austin. It would certainly have been a pleasure if it would have been possible to have passed the Appropriations Bill without additional taxes, but it was necessary that we raise some \$65,000,000 in order to meet the new services and demands of the State Government.

"I personally do not like to raise any taxes. The word itself is harsh; however, in view of the fact that this Legislature does have the unpleasantness of raising the above amount of money, I have been a proponent of endeavoring to see that the beer industry pay their share, and I see no reason why a portion of the tax that the beer industry pays should not go to the highways of the State, for the Texas Highway Department spends millions of dollars each year picking up beer cans and rebuilding signs damaged by vandalism, largely due to inebriation.

"The Texas beer industry only pays six-tenths of one cent (6/10c) per bottle tax on beer at the present time, while gasoline is taxed 4c per gallon and cigarettes 4c a pack, and they all sell for approximately the same amount of money. It is astounding to know that there are almost 5,000,000 barrels of beer consumed in Texas per annum. Let me call your attention to the fact that there are only 8,000,000 people in the State—so on a per capita basis, there is more than one-half a barrel of beer consumed by every man, woman and child in the State of Texas each year. If we would add a penny a bottle to the tax, making it 1.6 cents per bottle tax, it would bring in

approximately \$15,000,000 per annum or \$30,000,000 on a biennial basis—almost one-half of the new money that is necessary. We have neighboring states that charge \$10.00 a barrel tax on beer plus a parish tax and sales tax, and the beer is sold for the same price in Louisiana and Oklahoma as it is in Texas. Therefore, I do not feel that this tax would be injurious to the beer industry at all.

"I am reluctant to support a tax on gasoline, which is now a necessity, when an unnecessary supposedly luxury industry is getting by with very little taxes.

"I would appreciate hearing from my constituents regarding this, and I hope I will be home in the not too far distant future."

W. S. Heatly.

Mrs. C. W. Thompson visited in the home of her mother, Mrs. Crockett Fox, on Monday. Mrs. Fox and her daughter, Mrs. Laurie, brought her home.

Mr. and Mrs. Sammie and baby, Sammie, and Mr. and Mrs. R. C. Johnson, of Fort Worth, visited in the home of Mr. and Mrs. R. C. Johnson on Monday. Mr. Johnson is serving for some time in Africa. Miss Nell Johnson turned home with them.

The greatest straight distance one can travel north in the U. S. is 2,835 miles to points in Washington and Alaska.
