### High School Band to Play at Carnival Thursday at 6 p. m.

Crowell High School Band, under the direction of Eddie Rickard, will play at the carnival sponsored by the Lions Club on the south side of the square at 6 p. m., Thursday. Members of the band will be dressed in their new uniforms.

The band concert will precede the opening of the carnival.

After receiving a description of the vehicle, by two-way radio, McBeath and Capps spotted the car travelling east on Highway 70 near the Assembly of God Church in west Crowell. The officers followed the men north of Crowell for about four miles where they made the arrest.

Following lengthy questioning in the local jail, Jones made an oral statement to McBeath and told him where the body of the victim could be found, on the outskirts of Lubbock.

The other two men, Harold H. DeLoach, 28, of St. Louis, Mo., and Bobby Makenzie Price, have also been arrested and returned to Lubbock. The two men arrested here were returned to Lubbock late Thursday.

Sheriff Grady Harrist of Lubbock stated that he filed murder with malice charges after two Lubbock waitresses gave written statements saying one of the men broke into their apartment, shot Reeves, forced them to clean up the blood, after which three other men joined the killer.

While one of the four held the women at gunpoint, the other three loaded the youth's blanket-wrapped body into a 1950 Buick sedan and left.

Sheriff McBeath stated that this was just one of many instances in which the new two-way radio system of the Sheriff's Department has paid off in the apprehension of law violators.

Walden Johnson was introduced as a new member and instructed in the principles of Rotary by Glenn Goodwin. Other visitors at the meeting were T. J. Ferguson and Richard Ferguson of Seymour, guests of Henry Ferguson.

## Mrs. Elon Young to Observe 101st Birthday Oct. 16

Mrs. Elon Young of Breckenridge, former Crowell resident, will observe her 101st birthday on Sunday, Oct. 16. This year the relatives and friends are gathering at the home in Breckenridge and having a picnic luncheon in her honor, and in the afternoon, the family will have open house from 2 o'clock until 5 o'clock, for all those who care to drop by and see her. She lives in the home of Mrs. Bess Ray, wife of Mrs. Young's late grandson, Counts Ray.

One of the outstanding things that happened on her 100th birthday last year was a telegram of congratulations from President Eisenhower, and among other nice things done for her on her 100th birthday was 100 red roses given her by several of her nieces.

Mrs. Young was a resident of Crowell for 25 years before going to Breckenridge to make her home. She is the oldest of a family of 16 children and R. L. Hightower of Covina, Calif., is the youngest, and the two are the only survivors.

Crowell relatives will attend the celebration.

HAVE WE GOT THAT SPIRIT? YEAH, MAN!

A better, brighter, bellowing pep meeting on the west side of the square Friday night was proof enough that the student body is behind the Wildcats — and pushing hard! This is a good sign, but is no more than should be expected from a school that wishes to support a fine team.

Sure—we've lost a few games, but a bright side can be found to anything. In spite of the loss of six valuable football players from last year's squad: Jackie Walker, Ed Daniel, Gordon Graves, Gerry Knox, Don Smith and Robert Kincaid, these losses have given our sophomores the experience and determination they need to help them through the remainder of the season. One thing we have noticed is that they really fight until the gun signals the end of the game.

It is a poor student body indeed that pledges support to its team when it is winning, but gripes when the team is losing.

CHS definitely has not been guilty of this. The disappointment of losing is made easier to swallow when the boys know that, win or lose, we will still be cheering for the Wildcats!

 Are we going to keep that spirit? Yeah, Man!

BUSY BUSES BRING YOUNGSTERS SAFELY

In the United States today, more than 45,000 of our public schools rely on busses to take their pupils between home and classroom. These busses carry more than 8 million youngsters. Last year they racked up a total of a billion miles. We now have juvenile commuters!

The Crowell Schools have 13 school buses with 12 men drivers and one woman driver. The drivers are George Pruitt, Allen Taylor, George Fox, J. W. Hazelwood, George Meason, Carl Cox, Paul Wallace, Clyde Russell, Glen Taylor, James Welch, E. L. Rickard, Marcus Mills and Mrs. Bill Sledge.

Mrs. Sledge drives a small bus that picks up students from the Humble station and takes them to Truscott where they come into Crowell on the larger buses. Marcus Mills drives a small bus that shuttles youngsters from Four Corners to Crowell.

The average daily round trip of these buses is 40 miles, the seating capacity is 36 with the exception of the two small buses that carry 10 passengers each. These buses serve an area of 700 square miles. Ed Daniel, a student, drives his car and picks up several students in the Big Four area.

Allen Taylor, who drives the Gambelville bus, is also head mechanic in charge of all the buses. He has served in this capacity for 8 years. George Pruitt, who makes the Riverside route, holds the longest record—14 years. Paul Wallace, who drives the West Foard City bus, is second in years of service as he has driven a bus 12 years. Wallace "Lum" Hazelwood, who drives the East Foard City bus, ranks third in service, having driven a bus 11½ years.

These bus drivers are fine examples of the patient, understanding men and women all over America who drive the buses that carry your children to school.

What happens from the time a young scholar leaves home until he reaches school? Only a bus driver and his passengers know. The boys and girls usually range in age from 6 to 18, and the bus driver's ears have grown accustomed to everything from a game of cops and robbers to the latest pep yell. The bus driver usually serves as father confessor, chief advisor, and law enforcer to the children that ride his bus, and the children love him. It is a common practice for the passengers to take up a collection to buy their bus driver a gift at Christmas time, and he, in turn, remembers each of them.

The bus trip to school has become a major part of school life, and the attitude of the students seems to be summed up in the words of one of them. "The trip to school is bumpy and noisy, but it sure is fun."

JOINT JIVIN' FRIDAY NIGHT

The canteen will be open Oct. 28 after the Archer City hall game. Everyone is invited to help make this a success.

Have you noticed the attractive bulletin boards in Mrs. Sloan's room? The third period English class is responsible for the bulletin board. Nelda Brooks had an attractive poster on safety. At present, DeAnna Ferguson arranged a good eye catcher on "know yourself." De Anna was trying to stress school problems which have been the unit study in English III for the past six weeks. These students report that Mrs. King, librarian, has aided them with good material and ideas.

The home making girls and their instructor, Mrs. Doyle Kenner, are eagerly looking forward to moving into the new homemaking cottage. It is said that it may be completed within the next week.

Gullies were formed on a number of farms where the land was unprotected during the heavy rains. This occurred on unterraaced land or on land with unprotected terrace outlets. District supervisors urge cooperators to double soil all unprotected drains to small grains so that they will have protection if heavy rains come again.

Recent moisture penetration tests showed that in a section of the Lower Pease River Soil Conservation District, which received 11 inches of rain, heavy type cropland that was terraced had 27 inches of moisture penetration, while heavy type cropland that was not terraced had only 16 inches of moisture penetration.

The Humble Research Laboratory in Houston. Research Paces Oil's Progress. There are three reasons why America's petroleum industry has been able to supply the ever-increasing demand for energy called for by our mechanized way of life: 1, it has fearlessly invested its capital in the hazardous search for oil and gas; 2, it has steadily expanded its facilities; and 3, it has conducted endless research to find better, more efficient ways to make the oil products America needs. Research! That's the key to the petroleum industry's progress. And the Humble Company assures itself a place of leadership in this field with two great research laboratories. In the Humble Research Center in Houston scientists and engineers study all phases of finding, producing, and conserving oil and gas. In the Research Laboratory at Humble's Baytown, Texas, Refinery, highly skilled technicians seek to develop new and better petroleum products, to improve those we already have, and to develop methods for making these products more efficiently. Just as America's progress depends on oil, so oil's progress depends on research. HUMBLE HUMBLE OIL & REFINING COMPANY

Austin, Tex.—A big political question this week was what effect Lt. Gov. Ben Ramsey's new job as national Democratic committeeman from Texas will have on his and Texas' political future.

Ramsey, quiet-mannered and nearly 52, was elected at a Fort Worth meeting of the state executive committee last week. He succeeds Wright Morrow of Houston.

Often mentioned as a prospective candidate for governor, the Gov. Allan Shivers has launched his drive for conservative control of next year's Democratic Party conventions.

Executive committee members planned convention strategy behind closed doors at Fort Worth last week. Then Shivers took the rostrum for a stirring speech at a \$10-a-plate barbecue and rally.

He challenged those who agree with him on party principles to capture next April's precinct conventions.

He said Texas votes in the national convention may be the decisive ones. "We cannot allow—we must not allow—those votes to be cast against the interests of Texas by a delegation representing a minority of Texans," he said.

"We must fight on if we do not want to see the hand of federal power reach further into the classrooms of our children. We must fight on if we are to hold the right to enforce our own laws and police our own communities."

"The time for quitting has not come. We have won before and we are going to win again."

**Duval Indictments Fall**

Officials seeking to clean up Duval County's alleged corruption may have to re-do nearly two years work.

A storm of reaction greeted the Court of Criminal Appeals ruling last week that the Duval grand jury which returned 104 indictments was illegally organized.

Atty. Gen. John Ben Shepperd, who worked with the grand jury for months, termed it "a tragic loss."

Specifically, the judgment overturned conviction of R. L. Adame, former Duval County school superintendent charged with felony theft of public funds. But all other indictments by the same grand jury would be subject to the same challenge.

District Judge A. S. Broadfoot named the jury commission that chose the grand jury. He had been sent to Duval County in March, 1954, by the State Supreme Court to replace Woodrow Laughlin, removed for misconduct in office.

Judge Broadfoot's dismissal of the grand jury panel selected under Laughlin and naming a new commission "of his own choosing" was held improper. An open-court hearing should have been held, the appellate court said, to determine if there was cause for dismissal of the old panel.

Judge K. K. Woodley dissented in the two-to-one ruling. He pointed out that in a similar case the court had upheld Broadfoot.

Shepperd also commented on the court's about-face. "The U.S. Supreme Court took 80 years to reverse itself on segregation, but this court reversed itself in 18 months," he said.

He promised re-indictments would be sought before the present Duval grand jury. He also said rehearing would be asked before the appellate court and disqualification of Judge Lloyd W. Davidson might be sought.

Grounds, he said, would be that Judge Davidson had "expressed himself" on the Duval cases before he became judge.

Davidson took office Jan. 1, replacing retired Judge Harry N. Graves. In the previous decision, Judges Graves and Woodley had voted together, with Judge William A. Morrison dissenting. In the new decision, Davidson joined Morrison to reverse the court's previous stand.

**Bell Indictment Uncertain**

Indictments seemed to be falling like ninespins. In Seguin the grand jury which indicted Congressman John J. Bell in connection with a veterans land deal was ruled "illegally constituted."

Another unrelated case was involved when the court upheld an attorney's contention that the jury member had not paid his poll tax.

It seemed certain that Bell's indictment and several others connected with the land scandal investigation also would be invalidated.

Bell, a former state senator who helped set up the veterans land program, was charged with conspiring to steal \$154,000. He repeated his claim of innocence after hearing of the impending quashing of the indictment against him.

San Augustine lawyer was catapulted into the committee job without advance fanfare. He was labeled a surprise "compromise" nominee after agreement could not be reached on 14 others.

Some viewed it as positioning him on the inside track in the governor's race with firm conservative support and maybe some "loyalist" backing. A few seemed to consider the job a political blind alley. A few others thought Ramsey already had made up his mind against the committee post to stay in public life.

Ramsey himself said he was "grateful and happy," but kept mum on personal political aspirations. He said his only purpose was to help get the best man for the Democratic nominee and to assist in electing him president.

Both House Speaker Sam Rayburn and U. S. Sen. Lyndon Johnson promptly expressed approval of Ramsey's selection. Their approval had been part of the requirements laid down by national party leaders for an "acceptable" committeeman from Texas. Morrow had not been recognized nationally since his bolt from the party ticket to support Eisenhower.

Johnson said Ramsey can do the kind of a job that should unite Texas Democrats. Rayburn called him "a good man for the place."

**Shivers Sees Victory**

Gov. Allan Shivers has launched his drive for conservative control of next year's Democratic Party conventions.

Executive committee members planned convention strategy behind closed doors at Fort Worth last week. Then Shivers took the rostrum for a stirring speech at a \$10-a-plate barbecue and rally.

He challenged those who agree with him on party principles to capture next April's precinct conventions.

He said Texas votes in the national convention may be the decisive ones. "We cannot allow—we must not allow—those votes to be cast against the interests of Texas by a delegation representing a minority of Texans," he said.

"We must fight on if we do not want to see the hand of federal power reach further into the classrooms of our children. We must fight on if we are to hold the right to enforce our own laws and police our own communities."

"The time for quitting has not come. We have won before and we are going to win again."

**Duval Indictments Fall**

Officials seeking to clean up Duval County's alleged corruption may have to re-do nearly two years work.

A storm of reaction greeted the Court of Criminal Appeals ruling last week that the Duval grand jury which returned 104 indictments was illegally organized.

Atty. Gen. John Ben Shepperd, who worked with the grand jury for months, termed it "a tragic loss."

Specifically, the judgment overturned conviction of R. L. Adame, former Duval County school superintendent charged with felony theft of public funds. But all other indictments by the same grand jury would be subject to the same challenge.

District Judge A. S. Broadfoot named the jury commission that chose the grand jury. He had been sent to Duval County in March, 1954, by the State Supreme Court to replace Woodrow Laughlin, removed for misconduct in office.

Judge Broadfoot's dismissal of the grand jury panel selected under Laughlin and naming a new commission "of his own choosing" was held improper. An open-court hearing should have been held, the appellate court said, to determine if there was cause for dismissal of the old panel.

Judge K. K. Woodley dissented in the two-to-one ruling. He pointed out that in a similar case the court had upheld Broadfoot.

Shepperd also commented on the court's about-face. "The U.S. Supreme Court took 80 years to reverse itself on segregation, but this court reversed itself in 18 months," he said.

He promised re-indictments would be sought before the present Duval grand jury. He also said rehearing would be asked before the appellate court and disqualification of Judge Lloyd W. Davidson might be sought.

Grounds, he said, would be that Judge Davidson had "expressed himself" on the Duval cases before he became judge.

Davidson took office Jan. 1, replacing retired Judge Harry N. Graves. In the previous decision, Judges Graves and Woodley had voted together, with Judge William A. Morrison dissenting. In the new decision, Davidson joined Morrison to reverse the court's previous stand.

**Bell Indictment Uncertain**

Indictments seemed to be falling like ninespins. In Seguin the grand jury which indicted Congressman John J. Bell in connection with a veterans land deal was ruled "illegally constituted."

Another unrelated case was involved when the court upheld an attorney's contention that the jury member had not paid his poll tax.

It seemed certain that Bell's indictment and several others connected with the land scandal investigation also would be invalidated.

Bell, a former state senator who helped set up the veterans land program, was charged with conspiring to steal \$154,000. He repeated his claim of innocence after hearing of the impending quashing of the indictment against him.

**Thos. G. Westbrook of Truscott Weds Miss Tolleson Oct. 2**

Miss Mary Catherine Tolleson of Goodlett and Thomas G. Westbrook of Truscott were united in

marriage in an informal ceremony at the home of the bride's parents, in Goodlett at 4 o'clock Sunday afternoon, October 2. Bro. Melvin Owensby, pastor of the Church of Christ at Goodlett, performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. A. J. Tolleson of Goodlett and the groom is the son of Mr. and Mrs. Tom Westbrook of Truscott.

The ceremony was read between dwarf zinnias and fern. Wedding music included "I Love You Truly" and other traditional numbers.

Miss Betty Tolleson of Wichita Falls, sister of the bride, was maid of honor. The bride-groom was attended by his brother-in-law, Grady Chapman, of Benjamin.

Given in marriage by her father, the bride wore a ballerina length dress of white illusion faille with three-quarter sleeves. Her elbow length veil of illusion was held by a rhinestone encrusted white velvet tiara. She carried three white gardenias surrounded by tiny pink roses and decorated with streamers of white satin tied in love knots. She wore the traditional something blue and the something borrowed was a gold watch worn around her neck on white ribbon, which belonged to her mother and had been in the family over one hundred years. For luck she wore a silver sixpence in her shoe.

The maid of honor wore a dress of soft pink brocade faille with a fitted bodice and a v-shaped neckline. At her waist she wore a sash of the same soft shade made of velvet. Her shoulder corsage was of tiny pink rosebuds.

The mother of the bride wore a black dress accented with rhinestones. The groom's mother wore a dress of navy blue with black accessories. Both wore corsages of pink carnations.

**Reception**

A reception was held immediately following the ceremony in the beautifully decorated dining room. The bride's table was laid with lace and the centerpiece was of pink roses and white dahlias, flanked by tall white candles. The four-tiered cake was topped by a miniature bridal couple. Appointments were in silver and crystal.

Guests were registered in the living room. Misses Ann and Jo Tolleson, nieces of the bride, presided at the punch bowl, and the cake was served by Mrs. Felix Tolleson.

The bride is a graduate of Quannah High School. Prior to her marriage she was employed by the Quannah Hospital. The groom, veteran of World War II, is a graduate of Crowell High School.

After a brief wedding trip the couple returned to Truscott to make their home where the groom is engaged in farming and ranching.

Out-of-town guests for the wedding were Mr. and Mrs. Edwin Tolleson and children, Norman, Mary, Mozelle and J. W., of Olton; Mr. and Mrs. Charles Tolleson and daughters, Ann, Wanda and Edith, of Idalou; Mr. and Mrs. Bobby Tolleson and two children, Bobby and Donna, of Sunray; Mr. and Mrs. T. M. Westbrook and Miss Naomi Brown, of Truscott; Mr. and Mrs. Grady Chapman and sons, Bobby and Allan, of Benjamin.

**Miss Virginia Tamplen Named Honoree at Shower Saturday**

Miss Virginia Tamplen was honored on Saturday afternoon, Oct. 8, at the Adelphian Club House when Mesdames Ray Hy-singer, W. A. Dunn, A. B. Owens, Jim Owens, Bob Thomas, H. L. Ayers Sr., Howard Ferguson, Cecil Davis, Ed McDaniel, Jim Paul Norman and R. C. Craven of Quannah, and Misses Gusta Davis, Nell Johnson and Zonell Eddy entertained at a lovely bridal shower. Miss Tamplen will be married to Vernon Dale Whatley on October 15.

Mrs. Dunn greeted the guests and presented them to a receiving line composed of the honor guest; Mrs. Luther Tamplen, her mother; Mrs. L. L. Whatley, mother of

the groom-elect; and Mrs. Bill Bell.

Mrs. Kenneth Greening, sister of Miss Tamplen, presided at the guest register. Incidental music was provided by Mrs. Jim Paul Norman. The chosen colors of the bride-elect, pink and white, were emphasized in all appointments of the party. Roses and dahlias decorated the reception room.

In the dining room, the table was covered with a white linen cutwork cloth. The punch bowl, at one end was surrounded with pink roses. At the other end of the table, a silver candelabra was based by pink ribbon bows from which extended streamers with "Virginia and Vernon" inscribed upon them. Pink lighted candles also were used.

Miss Johnson, Mrs. Davis and Mrs. Ferguson served in the dining room. Punch, cookies and mints were served. Mrs. Ayers directed the guests into the gift room where Mrs. Thomas, Mrs. A. B. Owens and Mrs. Jim Owens presided over the display of lovely gifts.

**Recent Bride Honored with Bridal Shower at Margaret Sept. 29**

Mrs. Jack Driver Jr. of Quannah was complimented with a lovely shower on Thursday afternoon, Sept. 29, in the home of Mrs. Joe Bledsoe in Margaret.

Mrs. Arthur Bell presided at the guest book from which the guests were directed to the refreshment table from which pink punch and dainty cookies and mints were served from crystal and silver appointments. The table was covered with a hand-painted imported linene cloth and was artistically arranged with a miniature bride and groom on a reflector with fern and sweet peas forming a wedding ring around it. Pink dahlias and white mums were the other decorations on the serving table and fall flowers were
