## Quannah Indians Invade Crowell Friday Night for Wildcats' Second Home Game

The Quannah Indians will play a football game here tomorrow night at 8:00 o'clock. The game should be a "natural." Both teams have won one and lost one game this season. Stamford, State champions in 1955, defeated the Indians 2A. The Wildcats took a drubbing in the first week of play. Paducah won over the hapless Memphis Cyclones 25 to 7. The Indians will be picked to win this contest due to their advantage in the line and good showing against the Stamford team. However, they have eked out a one-point

victory over this club for three years in a row and anything can happen when these old rivals meet. Quannah has a new coach this year that boasts a record of winning four straight championships in a row at Sundown. He has faster backs and a heavier line than Crowell. Johnny Wade and James Smith are the Indian speedsters. Thayne Amonett and Gordon Erwin, Crowell coaches, were well pleased with their team against Memphis but they are afraid of a let-down this week. The line-up will remain about the same unless Ray Thomson is used at fullback. Probable starting line-ups for the Crowell-Quannah football game that is to be played here at 8:00 o'clock tomorrow (Friday) night:

## Driver Appointed Campaign Director for March of Dimes

W. Driver of the D & B Market in Crowell has been appointed campaign director for 1957 March of Dimes campaign. The march will be staged in Foard County next January, according to an announcement by John W. Wright, county chairman. "We feel sure," Mr. Wright stated, "that we will be able to raise an outstanding civic minded man to head this important campaign." Driver has been active in the March of Dimes campaign in previous years, but this is his first year to act as director. In accepting the position, he said, "I am sure that we will be able to raise an outstanding civic minded man to head this important campaign." ## School Buses Transport Over 300 Pupils Daily

The transportation of children to the Crowell Schools involves a total of fifteen buses. Twelve of these transport 260 white children on the regular routes and two small buses are used as feeder buses to bring children into Truscott from the Antelope Flat and Masterson communities. One bus and one car are used to bring forty colored children into their school. This makes a total of about 300 pupils being transported each day.

## SANITY HEARING FOR SPARKS RESET FOR SEPTEMBER 28

A sanity hearing for James L. Sparks, scheduled to be held in Crowell last Friday, has been postponed until September 28. District Attorney Jack Hightower of Vernon, said last Saturday. Mr. Sparks was tried in Crowell under a change of venue on a charge of intent to murder in 1951. The charge originated in Wilberger County. The trial resulted in a finding that he was insane at the time of the act and at the time of the trial. He had been in Rusk State Hospital until a few days ago when he was transferred to Crowell.

## Crowell Wildcats Win 25 to 7 over Memphis Cyclones Here Friday Night

The Crowell High School football team did bounce back here last week by winning a decisive victory over the Memphis Cyclones, a team that had won the previous week from Tulia. The 25 to 7 win by the Wildcats proved that Crowell will have another good football team this season. The Wildcats scored early in the game on a 66-yard drive that was culminated by Roy Don Payne's one-yard smash over left guard. This touchdown was set up by a pass play from quarterback Larry Sledge to Payne for 27 yards. Payne also carried over the extra point. The Cyclones were not long in knotting the score when quarterback Joe Young passed 15 yards to right halfback Sherman Clemons and he in turn ran another 70 yards to pay dirt. Fullback David Davis plunged the extra point over.

**MANANA ISN'T GOOD ENOUGH**

"Manana! Manana! Manana is good enough for me!" So goes a little song which continues to pop into our minds every so often. The meaning of the word "manana" (pronounced ma nya na) in that romantic language, Spanish, is "tomorrow."

That's all well and good for Mexico (which is sometimes called manana-land), but it isn't good enough for us as high school students if we intend to enter college after graduation. College entrance examinations and requirements are being made more difficult every year because of the large number of high school graduates who are seeking entrance. We simply must do the best we can to be given an opportunity to enroll in the college of our choice.

What can we do about it? First, we must be sure to take all the college preparatory courses necessary to enter as a student in our chosen vocation. Then, we must learn the material, paying close attention to our English courses, which will help us go a long way toward passing entrance examinations in whatever subject we choose. For we must be able to spell correctly, to follow directions, and to interpret passages well, if we rank high in any field. We at CHS surely don't want

our ambitious students to "lose out" because they failed to realize these things, and that's why we've printed this article. Manana isn't good enough! Today is ours! Let's use it wisely! Manana never comes!

**THINK A MINUTE, THANK A MINUTE!**

Have you ever stopped to think about saying "thanks" to our weekly paper, The Foard County News, for publishing our school news?

Of course, our "thank you" is small compensation for the wonderful favor they do us by printing our variations of teenage philosophies, nonsense, and on-the-spot reports of the most scandalous actions that modern youth can "dream up."

The best part about our having this opportunity is the challenge it affords us to create something that the public not only will—but does—read as especially interesting along the "scandal" line. (Many parents have alarmed their ambitious sons and daughters by questioning them about something placed in the scandal which generated a meaning other than was intended by the writer. For this, we are sorry, and we wish to avoid this sort of thing, if at all possible.)

At any rate, we'd like to say that, whether you can read between our crooked lines enough to believe it or not, you, The Foard County News, is helping to educate us, the high school students, by letting us publish the "Wildcat" in your paper.

We think that you have more than earned our "thanks."

**STUDENTS ENJOY SUMMER ACTIVITIES**

During the summer many Crowell High students were engaged in various activities which will help them become better citizens of the future. This causes Willie, the CHS Wildcat, to purr with pride.

De Anna Fergeson brought honor to herself and her school when she attended the National FHA Convention, which was held in that city of conventions, Chicago.

Anna Marie Fiske was chosen Foard County Farm Bureau Queen and represented Foard County in the district contest. Who could ask for a lovelier representative? Ex-CHSites Carolyn Bursey and Betty Jane Gibson were entrants in the Greenbelt Bowl Queen contest.

We are all proud of our wonderful band, but few of us realize just how much time and effort are required to make it the pride-inspiring unit it is. However, those who attended band

camp this summer know how much work is necessary. The Munday band camp was attended by Jeanie Johnson, Roxiann Adkins, Jerry Fairchild, Pat Prosser, Bettie Linda Knox, Sandra Sanders and Gayle Taylor. Six of these students also attended the band camp at Midwestern University in Wichita Falls. They were Jerry Fairchild, Jeanie Johnson, Bettie Linda Knox, Pat Prosser, Sandra Sanders and Gayle Taylor.

Janet Rasberry traveled through Colorado and New Mexico on the 4-H Talent Tour. Also participating in 4-H work were Roxiann Adkins, Bettie Linda Knox and Bill Graves. They spent some of their vacations in 4-H camps.

Other CHS campers were Judy Borchardt, who spent six weeks at Camp Mystic near Kerrville, and Linda Harris, who attended the Lions Club camp which is also near Kerrville. Members of the R. A. of the Baptist Church, including Bill Graves, Bill Griffith and Larry Ferguson, went on a camping trip to Colorado. The Christian Church camp at Lake Murray was one of the summer's highlights for Janis and Tom Crowell and Sandra Campbell. Nita Hall and Roberta Hough went to the Church of Christ young people's meetings in Quanah and Childress. Don Hunter, Jimmy Rader and Betty McKown spent six days at the MYF Assembly in Abilene. Anna Marie Fiske, De Anna Fergeson and Lavoy Rummel, accompanied by Mr. and Mrs. Doyle Kenner, attended the FHA training camp held at Stephenville.

Many CHSites held jobs over the summer. Some of the more interesting ones were held by Nelda Kay Brooks and Patricia Todd, who were Santa's Helpers at North Pole, Colo. Phil Johnson and Jimmy Rader, working with the harvest, traveled through Oklahoma, Kansas and Colorado.

Far from being a vacation from education, summer was a time of growth and learning for many Crowell High students.

**NELDA BROOKS HAS NEW EXPERIENCE**

This summer was more than wonderful and exciting for me. I worked at Santa's Workshop, a new tourist attraction, nestled in the pines just off the Pike's Peak toll road in Colorado. The children's wonderland village is just as you would picture one at the North Pole. Santa's house, several shops, a marionette show house, Mother Hubbard's Cupboard (a refreshment bar), the chapel, a blacksmith shop, and numerous other structures are built around the electrically refrigerated North Pole where heavy ice and snow can be chipped off on even the hottest day. All the buildings

are Swiss-chalet style with log-tiered overhanging roofs painted in brilliant colors and adorned with shutters and flower boxes decorated in bright Pennsylvania Dutch scroll work.

Patricia Todd and I worked with about fifty other girls representing nearly every state and Hawaii. We worked in the gate house where we greeted from 3,000 to 5,000 people a day with "Merry Christmas." You can't imagine the many different reactions. This was a good experience, because we got to talk with people from all over the world. Other girls were clerks, story book characters, and toymakers. Each of us wore unique elf costumes.

Also in the village was an organ grinder. His monkey, Marietta, would pick up coins that were thrown to her, and the money was doubled to buy for orphans at Christmas time. Other animals including reindeer roamed the village, always ready to be fed by the excited children.

Of course, Santa Claus was the most popular of all. His white beard and his three hundred pounds were the real thing. All these things and many other incidents were so much fun, but what I classify the best was when I represented the workshop on a television show called "T. V. Circus." It was live, and I enjoyed so much learning about how the programs are presented.

Again I say that it was a wonderful summer, and I am already looking forward to a similar experience next year.

**HOW'S YOUR VOCABULARY?**

Are you word conscious? Today there is an ever increasing need for the high school student to be word-wise—to have the proper word on the "tip of his tongue" for all occasions. College entrance examinations include a test of one's knowledge of words. College teachers complain about the student whose vocabulary is very limited. Therefore, this year our teachers are going to make every effort to help the students become word conscious. We wish to have a part in this worthy enterprise so we have decided to take advantage of this column to try through it to help you increase your vocabulary.

Today, we'd like to introduce you to three terms. If you know them, you're above average. If you don't know them, stick them away in your sub-conscious mind for future use.

1. Carnivorous — refers to an animal that eats flesh.
2. Terrestrial — refers to an animal that eats plants.
3. Omnivorous — refers to an animal that eats both flesh and plants.

**LIBRARY NEWS**

Has everyone noticed the new magazine covers in the library? We are sure that you will protect these covers and keep them in excellent condition while they are in your possession. Confidentially, we trust you, but we have our doubts about some others.

With all the reports that the students are giving in English, history, and other classes, there are times when you probably have trouble finding a suitable subject for your class. Well, here do you think we librarians have what to do? Of course, we can do everything except give your report for you, but, seriously, we will be more than glad to help you all we can. If you are glad to help by keeping our library and books in excellent condition, we will always help you. How about it? Is it a deal?

**HAVE YOU NOTICED?**

In a never ceasing effort to make Crowell High School a more attractive and serviceable place, the officials have certainly made progress this summer.

Adjustable typing tables, rubber mats on the west stairs, and a new storage cabinet in the English III and IV room are additions in the high school building.

The lunchroom has added a new steam table that will really be appreciated when "Old Man Winter" gets here. Also new shelves in the storeroom and linoleum on the kitchen floor have been added.

The music department of CHS has come in for its share of improvements, too. The inside of the band hall has been repainted and the floors varnished, waxed, and polished. An oboe, a tenor saxophone, an electronic tuning device, and several hundred dollars' worth of music will aid in producing those harmonious sounds which are always coming from the hall and the football field during halftime. New chairs and one new twirling uniform have been purchased.

The athletic association was not forgotten either. A tremendous amount of work has produced a green turf which is the envy of anyone with a front lawn! A new fence surrounds the field—thanks to Allen Taylor and Carl Cox—and this year there are new uniforms for the boys.

**KEYHOLE KAPERS**

Here we are, back again with all the "mud" that it was possible to "rake up." But enough of this "shooting the bull." Let's get on with the "Kapers."

We wonder who Jeanie Johnson has her eye out for now? It couldn't be "Boob" Carpenter, could it?

Couples seen at the Plaza Saturday night were Janis - Lowell, Roxie - Ray, Bettie Linda - David, Pat Prosser - Jimmy Werley, and Judy - Harvey.

Stags at Vernon Saturday night were Larry, Joe, Sonny, Printess, Speedy, C. T. and J. C.

A certain little car hop over at the "Dairy Mart" thinks that some of the boys from Crowell are real cute! We wonder who they are? The Keyhole knows!

According to reliable witnesses, the Thomson-Adkins duct seems to be popping up again.

David Jackson was home over the week end. He must have really prospered in Houston because that car he was driving was really pretty. Twin radio aerials, too!

Scalp the Indians!

It got a little hot there Wednesday, didn't it, Gerald?

Pat Prosser, we offer you our sympathy. Perk up, maybe he won't go.

Janie, you know that "fudging" on your mother isn't a safe practice. Watch those things.

We wish Jana and Larry would make up their minds. This is getting monotonous.

The coaches are wondering why Don Tole can't make up his mind about what he's going to do. Why is this, Don?

We'd like to know where Mr. Rickard gets all the "valuable" information he has. Jeanie Johnson would, too.

It seems as though the kids at Quanah gave Sue Bursey a nickname. What is it, Sue?

It really will be good to have Fred Youree back again, won't it girls?

A certain junior girl we know thinks that a certain freshman boy, with the name of Fredrick Youree, is all that she would wish for. Better watch these "older" women, Freddie.

Gerald, you'd better take it easy. If this keeps up, everyone in the state will be threatening to fight you. Are they worth it?

Those Margaret kids (plus a few Crowellites) are getting to be regular dance fiends.

Carolyn and Jack were at it again Friday night. Wonder where all this "fussin' and fightin'" will lead?

Are Printess and Bettye Linda trying to get up a "case"? We wonder.

Peggy, have you been beating on Gerald again? Poor thing, he can hardly move around.

Joe Calvin is out to marry for money. Any rich females interested?

Bubba, does Jerry get all his algebra correctly? For you, we sure hope so.

The 6th, 7th and 8th graders really had a good time Saturday night, didn't they, Jana?

Noel says that eating by Janie

**PEP PIPES**

Perhaps that title sounds appropriate for describing the afternoon's pep rally, for the students were doing a lot of "piping" the yells. (The most of the "piping.") After smoke cleared, however, they were never hoped to see and thunder come again at the same time.

Mike Bird and Marion Crowell added to the noise by the cheering, applause they received for their speeches. Other town were seen in the audience, glad to have you.

In preparation for such a rally, the pep squad meets Monday and Friday from 8:30 o'clock, and practices new songs.

**STUDENT COUNCIL ANNOUNCES REPRESENTATIVES**

The Crowell High School Student Council has announced representatives for this year's new organization elected last year with Nelda Brooks, Ivan Cates, president, vice president, secretary, and treasurer, respectively.

The constitution states that the council will be composed of class president and the president of each active school club. The constitution has been approved by the officers.

These are as follows:

- Class president: senior, McCoy; junior, Ray; freshman, McCoy.

## New Publication Available on Clean Wheat Program

Clean wheat, whether shipped or stored, depends on the efforts of the producer and in many cases the warehouseman to control rodent and insect pests. A revision by the Department of Health, Education and Welfare states that "wheat will be judged contaminated if it contains one or more rodent pellets per pint of grain or if it contains 1 per cent or more insect damaged grain by weight."

It is just good business, points out W. S. Allen, extension agricultural engineer, to see that wheat in storage doesn't become contaminated. Food and Drug Administration inspectors have been directed to sample wheat being shipped in interstate commerce and to institute seizure proceedings if the wheat inspected is found to be contaminated.

In a recently released publication, L-257, Clean Wheat Program for 1956, Allen also points out that grain containing any poisonous material, such as chemicals used in treating seed or in rodent or insect control, may be declared unfit for human or animal consumption. No treated wheat should be mixed with food or feed wheat and such grain should be used only for seed purposes.

The single page leaflet, in question and answer form, covers the high points and questions of major importance that deal with the clean wheat program. It, along with other information on the program, is available from the offices of local county agents in the wheat producing counties of the state.

### Fast Service Now Assured on Soil Tests

The number of soil samples being sent to the Soil Testing Laboratory at College Station have dropped to a new low for this season, reports M. K. Thornton, extension agricultural chemist who has charge of the lab.

The chemist says the big reason for the slow down is the continuing drought and the uncertainty that rains will come in time to permit the seeding of fall and winter pastures or winter legume crops. But Thornton is sure that Texas farmers and ranchmen who go ahead with their planning will be far ahead when rains do come.

General rains could cause a last minute rush of soil samples

to the lab which would overtax the facilities and delay analysis reports to producers for many days; thus slowing the job of seeding if the lab report is to be of value.

Thornton believes that farmers should be prepared to take advantage of any situation which gives them enough moisture to insure a stand of fall seeded crops.

A soil analysis will show the amount and kind of fertilizer needed to get the most from crops or pastures regardless of the growing season.

### In The News . . . 30 YEARS AGO

News items below were taken from the issue of The Foard County News of Friday, Sept. 24, 1926:

The union revival meeting now in progress in Crowell with Judge Frank Morris of Dallas as evangelist, and Rev. Ed G. Phillips as signer, is the most soul-stirring revival ever to come to Crowell, according to testimony from ministers and others of the various churches of the city.

Since it has been reported by the daily press that 8,000,000 cubic feet of gas has been discovered in the Navarro well on the McAdams ranch 15 miles west of Crowell, it is confidently believed that Foard County will have an oil field in that area.

Miss Vera Crews and Milburn M. Hart were married at the home of her parents, Mr. and Mrs. F. H. Crews, at 10 o'clock Wednesday morning.

G. W. Smith of Sonora, former city marshal of Denton, is visiting his sister-in-law, Mrs. M. F. Bowley. For 9 years Mr. Smith served as city marshal of Denton and took an active part in the chase and capture of the noted bandit, Sam Bass, and others of his gang.

Community farm exhibits are now being prepared for the county fair.

Misses Beulah and Vera Patton left Tuesday for Waxahachie to enter Trinity University.

Tom Shirley was here Sunday and Monday from Lawton, Okla.

Mrs. T. F. Hill has resigned her position as toll operator for the Haskell Telephone Co.

Riley Self of Los Angeles, Calif., is here visiting his parents, Mr. and Mrs. J. H. Self, and other relatives and friends.

George P. Brown of McKinney has been here on account of the serious illness of his sister, Mrs. J. M. Allee.

Rev. H. L. Smith of Chillicothe, pastor of the Presbyterian Church, and his mother were here Sunday.

W. B. Wheeler and family returned Sunday from Austin.

Sheriff R. M. Richardson and wife of Hansford County spent Saturday here visiting Dr. Hines Clark and family.

Merl Kincaid left Wednesday for Austin where he is a student in the University of Texas.

Miss Lozell Kincaid left last Saturday for Denton to take up her work at C. I. A.

### Only Two Dove Bands Returned to Commission

Reporting of only two dove bands during the first ten days of the north zone mourning dove season prompted E. A. Walker, director of Wildlife Restoration for the Game and Fish Commission to remind sportsmen that bands found on wild game provide a vital game management link.

He said the bands are used to trace nesting, feeding and migrating habits of doves and to apply the knowledge gained to determine season dates, bag limits and other facts for the annual harvest period.

Mr. Walker said technicians also counted on waterfowl hunters to report bands on ducks and geese. This year different colored plastic neck bands have been placed on some geese trapped in Utah and Wyoming, but he explained that only a few of these game birds would move through Texas.

Bands on doves as well as on waterfowl are found on their legs. Hunters bagging such a marked bird are expected to inform Commission authorities where they bagged the banded bird and when.

### Big Shows Slated for State Fair of Texas Oct. 6-21

More big shows and more big names sparkle through the pleasure-packed entertainment program for the 1956 State Fair of Texas, October 6-21.

There will be 24 performances in the Auditorium of the Broadway musical comedy hit, "Damn Yankees," starring the famous comedian, Bobby Clark. Shows are scheduled nightly with matinees Saturdays, Sundays and Wednesdays.

The always popular Ice Capades, featuring an unusual production of "Peter Pan," will have 23 performances nightly except Sundays, with matinees Oct. 3, 10, 12, 20 and 21 and two matinees Oct. 7-14. The Joie Chitwoods Auto Daredevil will smash and crash their way through 27 thrill shows in front of the grandstand.

Famous entertainers appearing at the fair will include Elvis Presley, the rock 'n' roll star, Oct. 11; Jack Benny's Sportsman Quartet and Pianist Roger Williams in the big free East Texas Day show Oct. 16; and Victor Borge's one-man "Comedy in Music" show Oct. 20.

Louis "Satchmo" Armstrong and his band will give four free shows on Oct. 15, Negro Achievement Day, and Johnny Long and his orchestra will play free shows daily in the Automobile Building.

Free spectacles in the Cotton Bowl will include the "Fiesta Mexicana" on Mexico Day Oct. 8, and the colorful state-wide Music Festival Oct. 9, in which over 4,000 high school musicians will take part.

There'll be free aerial acts twice daily high over the Magnolia Midway stage, and Magician Mark Wilson will present free magic shows several times daily in The Pepper Theater.

The Million-Dollar Midway will have its usual allure for carnival fun-seekers. There'll be dozens of new-fangled thrill rides like the Rotor, Roundup and Twister, plus old favorites like the giant roller coaster and the nostalgic old-fashioned carousel, plus an acre of midwest rides in Kiddie Town for the small fry.

There'll be something for everybody at the fair and plenty going on all the time. Numerous exhibitors will present free entertainment, ranging from western music bands to variety shows to performing chickens. There will be band concerts, free movies, fireworks, radio and TV programs.

Every day of the fair will be crammed with fun; every day will offer something different to see and do.

## Control Lice as an Aid to Wintering Livestock

Since most Texas livestock, due to the prolonged drouth, are being fed, lice and ticks can be effectively and economically controlled. Parasite free livestock will do a better job of utilizing their feeds and will go into the winter stronger if these blood suckers are controlled, says Joe Burkett, County Agent.

Now that the fall job of shearing sheep is underway, Burkett reminds that infested flocks should be treated as soon as they are sheared. He recommends .06 (six hundredth) gamma BHC or .5 (five-tenths) per cent DDT, TDE, methoxychlor or toxephene solution for a spray. If the animals are dipped, cut the dosage in half.

For beef cattle a spray or dip of .5 (five-tenths) per cent toxephene will control both lice and ticks. A combination of .5 (five-tenths) per cent DDT and .03 (three-hundredth) per cent lindane or gamma BHC also gives effective control.

A five-tenths per cent solution of methoxychlor will control lice on dairy cattle. A single application should be sufficient, says Burkett. The material is best applied as a spray.

The agent points out that infestations of lice on livestock are easily detected. The adult lice are visible and it is a good bet eggs and young lice also are present if adults are found. Lice populations build up rapidly if control measures are not used. Because infested animals are usually restless, they eat less and heavy infestations can cause animals to lose weight and go down in condition.

With sheep, the irritation produced by lice causes the animals to rub or bite themselves. The wool may become matted, pulled out or the grade reduced.

## Farm Bureau Aims to Solve Drouth Problems of Texas Farmers

J. Walter Hammond, president of the Texas Farm Bureau in an editorial in the "Texas Agriculture" called attention to the drouth problems of farmers.

"The two national political conventions have been held, attended by much fan-fare and many speeches which would indicate that everybody agrees that we are in for peace and prosperity for all, including agriculture—well, with two exceptions. Stassen said that Eisenhower tagging along, and Harry Truman said that Stevenson could not win because of lack of experience. Now that Nixon and Stevenson were both nominated, one of them will be elected, so the statements of Stassen and Truman must be discarded.

"In any case, it is better to be optimistic and remember the rosy pledges made by those seeking office. Both parties pledged themselves to operate the government in a manner that would insure peaceful employment with high wages and an expanded industry, promised to bring agricultural income up to par with other segments of the economy.

"Nobody said anything about why something had not been done before now to even up agricultural income. Agriculture has been in a cost-price squeeze for several years now, and if relief is not forthcoming, and soon, the farmer and ranchman will be relieved of his livestock and other earthly possessions, including his life savings by mortgage holders. This is especially true of the

## State Capitol NEWS

by VERN SANFORD  
Texas Press Association

Austin, Tex.—Atty. Gen. John Ben Shepperd has asked the press of Texas to sponsor 12 bills in the 1957 Legislature. They pertain largely to publication laws. In Shepperd's opinion, such laws would have prevented the land, insurance and Duval County scandals.

Shepperd, whose term expires in January, addressed the 6th annual Fall Meeting of the Texas Press Association, in Austin.

He recommended passage of legislation that would require the land office to publish an official notice in a newspaper in the home county of each veteran applying for a loan under the Veterans' Land Program. This, so that home-owners will know that such an application has been filed.

Also suggested was publication of a financial statement by insurance companies, such as is required of banks and building and loan companies handling the people's money.

A strict law, making it "an absolute, mandatory requirement" that all elected public officials handling the public's money make a public accounting of same at regular intervals was cited by Shepperd as a necessity "to protect the honest public official as well as to protect the public from the dishonest public official."

Much deception is being fostered upon the people by failure of some officials to publish the full text of ordinances, said Shepperd. He referred to the publication of descriptive captions only, or mere titles, which do not give sufficient notice to the public.

He cited the imperative need for publication of annual financial statements by each school district—before another scandal rocks the state. Ditto for publication of the proceedings of county commissioners' courts, and meetings of all boards, commissions and other agencies of the State, City, County or other political subdivision—and opening these meetings to the public.

Other needed laws dealt with means of recovering money unlawfully expended or misappropriated; the hiding of public records; requiring special audits; fixing penalties for filing false reports; establishing venue for the prosecution of any state official who refuses to testify on the grounds of self-incrimination.

Shepperd emphasized his remarks with this statement: "It is the duty of the press to keep the door of the public office open to see that public officials remain public in every sense of the word. For this purpose, this country has created and maintained a free press."

**FUND REGULATION URGED**

A bill to regulate labor union welfare funds is to be introduced in the next Legislature.

Rep. Tom Joseph of Waco said in a recent Austin statement he will back such a law. Supervision would be either by the Insurance Commission or State Banking Department, he said.

Joseph said he believed an excessive portion of welfare payments goes to union fund managers, and too little to workers.

**ROADS OF THE FUTURE**

Highway construction under the new multi-million-dollar federal-state building program is designed to meet anticipated traffic conditions of 20 years from now.

State Highway Engineer D. C. Greer said crossroads and railroad crossings will be either separated or eliminated. Hills will be graded down to allow for speeds of 70, 60 and 50 miles per hour, depending on location. Roads will be either four-lane or two-lane with right-of-way for two more.

Texas' share of the projected nation-wide highway network will be 2,900 miles.

**ROUGHAGE PROGRAM UNDER WAY**

After numerous delays, drought-hit Texas farmers now are getting federal aid to buy roughage for cattle.

Certificates good for \$7.50 per ton are being issued through nearly 200 county offices of the Farmers Home Administration. Hay, cottonseed hulls, corn stucks and corn cobs are classed as roughage. Already a price rise in hay has been unofficially reported.

One million dollars was allocated for the program. Some farm leaders have predicted this will not be enough, but FHA officials say more money would be forthcoming if needed.

**CROP FORECASTS DOWN**

Dwindling prospects in dryland areas have caused the U. S. Dept. of Agriculture to revise downward its estimate of Texas' 1956 cotton crop.

Forecast now is 3,460,000 bales. This is 140,000 bales less than originally predicted, 579,000 less than the 1955 crop.

USDA's rice crop estimate also tumbled this month—from 11,977,000 bags (100 lbs. each), to 10,341,000 bags.

Other forecasts: sorghum, 88,428,000 bushels; corn, 25,528,000 bushels; wheat, 28,275,000 bushels; pecans, 25,000,000 pounds. Texas' 1955 pecan crop was 38,000,000 pounds.

"PAPPY" TO RUN REGARD-

LESS—W. Lee O'Daniel is going to "personalize" the general election ballot.

Immediately after the State Supreme Court announced that his name could not appear on the printed ballots, "Pappy" said it will be written in "by the hands that rocks the cradles" and their husbands and their grown sons and daughters."

Then he announced that he would conduct a write-in campaign.

Secretary of State Tom Reavley had refused to accept O'Daniel's filing as the nominee for governor on the ticket of the Constitution party because the former governor had been defeated as a candidate for the same office in the Democratic primary this year. And the court upheld Reavley's contention.

**SHORT SHORTS** — Index of prices received by Texas farmers and ranchers has dipped two per cent, according to the U. S. Department of Agriculture. At the same time farmers' living expenses rose two per cent. Twenty-one more Texas counties have been designated drought disaster areas by USDA. . . . Low bids totaling \$13,615,860 for 19 projects were received by the State Highway Department in the September contract letting. . . . Texas taxpayers made a \$23,319 profit on the recent sale of 34 tracts forfeited under the same veterans' land program. High bids totaled \$238,319. Still retained by the state are 23 tracts on which no bids or too-low bids were received. . . . Thefts committed in Texas have increased 14.8 per cent during 1956, according to the Department of Public Safety. Murders and homicides have decreased slightly. Total so far for 1956 is 437. . . . State Selective Service Headquarters reports draft registration through August, 1956, at 43,000, compared with 44,000 a year ago. Drought is blamed by the Texas Forest Service for the quadrupled outbreak of woodland fires during 1955. Latest figures for the year show

## THIS WEEK

—In Washington

With

Clinton Davidson

If Republican National Committee Chairman Leonard Hall ever decides to write just one "My Day" column it probably would be about Monday, August 20, 1956. That was the day the Republican convention opened in San Francisco.

I accompanied him that day and now, a month later, I still am amazed when I re-read my notes on the varied, interesting and sometimes humorous events of that one day in the life of just one man out of the more than 10,000 people that were a part of the convention.

It was, principally, a tour behind the scenes of a busy convention. The TV cameras saw very little of it, and few newspapermen made more than a mention of the highlights. This is how it went:

Mr. Hall was up at 3 a. m. and at 4 a. m. took part in a Will Rogers TV program. Then, at 5 a. m. the program was repeated. At 6 a. m. he was on the Dave Garroway TV program, and then had breakfast with a state delegation.

After breakfast there were a number of quick conferences to get everything settled for start of the convention, and then at the Cow Palace at 10 a. m. an hour ahead of the opening to see that everything was set.

While speakers addressed the convention he slipped back of the platform to his office, and a big double desk that seated four people.

43,000 acres burned in 2,103 fires compared to 11,345 acres in 1955 fires last year.

ple. The staff included his secretary, Mrs. Juanita Shields; campaign manager, Robert Humphreys and his secretary, Miss Costello.

Three telephones were on his desk, one of which led directly to the San Francisco White House and, in turn, to the President's desk in the White House at Washington. During lunch he saw a number of important people, including governors, senators and congressmen.

The afternoon session moved along like the well-planned program it was, but Mr. Hall was busy meeting with his staff and planning ahead. By 9 p. m. the afternoon session was over and he was back at his Fairmont Hotel office and ready to start a dozen or more conferences that continued until 1 a. m.

Some of the conferences, both at the Cow Palace and at his hotel, were important. Others were trivial and sometimes amusing. There was the important-looking

lady who reported she had the top of her fountain pen in the ladies' rest room and wanted to get it for her.

Then a man, who managed to get an introduction to Mr. Hall through proper channels, explained that he had made a tape recording of voices from outer space through recordings exactly that should be done in running a convention to get the best results, all of which he offered at a price.

There was the candidate who wanted permission to walk back and forth behind the speaker's podium that folks back home could hear him on TV.

**DRIVER, 3 CRASHES**

Denver, Colo.—Robert Daniel (Danny) Dillon Jr., 3, dragged his car up to a cabinet where the keys were kept, fished out the keys and went out to the car. He took the automatic drive out of reverse, started the car and put it into reverse again. Off went the car—down 20 feet of driveway across the 24-foot street and up over a 300-foot lawn into a vacant house. It smashed into the kitchen and stopped against the inside wall—cracking the wall. Danny was unhurt but the car and house suffered damages to the amount of about \$500 each.

**GEORGE'S GAGS**

Joe Calvin, one of the guests at Joe Gordon's wedding reception, decided to test his theory that no one in a receiving line really listens to what the guests say as they pass down the line. He moved along murmuring each time, "My grandmother died today."

In each case he received a reply such as "It's sweet of you to say so," "Oh thank you," "It was lovely, wasn't it?" The climax came when he shook hands with Joe, whose reply was "You ought to take the same step yourself!"

Tommy Crowell was watching his father pack for a business trip.

"Daddy, where are you going?" he asked.

"To Cedar Rapids, Son."

"Well, why can't I go to see the rabbits, too?"

A staid gentleman was very upset about the dress of the high school girls at the ball game. "Just look at that young person with the short hair and blue jeans," he cried to a bystander. "Is it a boy or a girl?"

"It is a girl. She's my daughter."

"Oh, forgive me, sir! I didn't know you were her father."

"I'm not. I'm her mother."

Welch: How many seasons are there, Charlie?

Spider: Four.

### CLUBLICITY

The Sub-Junior Adolphian Club held its first meeting of the year Wednesday, September 12. The theme of the program was fall fashions. Lennis Smart Shop furnished the smart fall clothes which were modeled by Junior Adolphians and their mothers. Miss Judy Borchardt wrote the comments on the clothes, and Miss Jerry Fairchild was narrator. Sub-Junior Columbian girls and the mothers of the Sub-Junior Adolphian Club were guests. Hostesses for the occasion were Misses Janis Crowell, Roma Jan Spikes, De Anna Ferguson and Judy Borchardt.

The Spanish Club was organized Tuesday with Lowell Page as president, Aldon Garrett as vice president, Elizabeth Davis as secretary-treasurer, Jana Black as reporter.

The membership will be limited to the students of the Spanish class and they will have the meetings at various times in their homes. They plan many happy hours of fun as well as worth while study of the Spanish language. Henry Black is their sponsor.

On Thursday, Sept. 13, the VA boys held a meeting to elect officers. They are Albert Cates, president; Harvey Smith, vice president; Louis Rettig, secretary; David Carpenter, treasurer; R. H. McCoy, reporter; Dale Rettig, sentinel; and Jerry Bob Sellers, parliamentarian.

### MENUS

Monday, Sept. 23: Weiners stipped with cheese, macaroni and tomatoes, English peas, pickled beets, rice pudding, milk or fruit juice.

Tuesday, Sept. 24: Corn bread, beans, barbecued roast, vegetable salad, spinach, jello and fruit.

Wednesday, Sept. 25: Ham salad, creamed potatoes, green beans, cottage cheese on lettuce, graham crackers and peanut butter.

Thursday, Sept. 26: Hamburgers, fried potatoes, watermelon slices, Peppercs.

Friday, Sept. 27: Tuna fish sandwiches, baked beans, carrot strips, peaches.

Our coins read, "In God we trust, but do we? If we look down, there is chaos and bewilderment. Our only hope in every problem of life is to look up to God and maintain explicit faith in Him."

### HIGH-STRENGTH STEELS

High strength low alloy nickel-copper steels are being increasingly popular in bridge structures, railroad equipment, materials handling equipment, materials of extra strength is required and extra weight is costly. The added strength of these steels permits reduction in bulk and deadweight.

During the War of 1812, Stephen Girard, Philadelphia banker, assumed an entire Government loan of \$5,000,000.

## Farm Tractors Can Be Killers

High on the list of subjects discussed by members of the Texas Farm and Ranch Safety Council in their fall meeting held at Waco earlier this month was the problem of how to make rural Texans more safety conscious.

While the Council, composed of a group of men and women interested in making rural life safer and more pleasant, pondered the question, death struck only a few miles away. A farm tractor was being towed by a pickup and driven by a farm worker. Apparently, because of excessive speed and a fast slow-down, the tractor jack-knifed and turned over several times killing the tractor driver. A terrible price to pay for the violation of a basic safety rule—that of moving farm equipment at a safe rate of speed regardless of whether equipment is being towed or is traveling under its own power.

Farm tractor fatalities, according to W. L. Ulich, extension agricultural engineer and secretary of the Council, have been on the increase in Texas this year. In July, two tractor operators on the South Plains were killed the same day in accidents. One was caused from excessive speed on a rural road and the other when the tractor was driven too close to an irrigation ditch which was being filled with soil. Both tractors turned over on the drivers.

Tractors can be killers, says Ulich, when they are operated in a careless manner. The specialist urges all farmers and others who operate tractors and other power driven farm machinery to always guard against practices which involve the element of chance. Don't try to make adjustments on machinery while the power is on or the machine is in operation. A hand, leg or life can be lost in an unguarded moment.

The Council is planning for

## ALL IN KNOWING HOW!

The clever magician seldom fails to amaze his audience with his tricks. And they are tricks . . . but he has to know how to do them and keep in good practice.

Saving money . . . putting it away for future uses is also a trick . . . It is the trick of spending a little less than your income and banking the difference . . . The citizens who practice this thrifty trick are those who have money to invest when real opportunities present themselves.

### Charles Wishon Weds Miss Jerrye Garner of Seymour September 6

In a ceremony at the First Baptist Church in Seymour on Thursday, September 6, at 7:30 p. m. Miss Jerrye Frances Garner, daughter of Mr. and Mrs. W. F. Garner of Seymour, became the bride of Charles Thomas Wishon, son of Mr. and Mrs. C. S. Wishon of Crowell.

Rev. W. R. Karkhuts read the double ring ceremony before a setting of pink gladioli, white pom mums, and tall pink tapers in wrought iron candelabra.

The bride was escorted to the altar and given in marriage by her father. Her dress was fashioned of chintilly lace and nylon tulle over satin. The bodice with its delicately scalloped Sabrina neckline, pointed at the waist in Elizabethan fashion, with long sleeves pointed over the hands and buttoned daintily at the wrist. The cloud like bouffant of the double tulle skirt demurely appeared in a wide applique of chintilly lace falling in a "v" design parallel to the waist. The billowing skirt drifted into an exquisite short train in back.

Miss Dorothy Baldwin, maid of honor, wore a dress fashioned of pink net over taffeta and carried a bouquet of white carnations. Mrs. Jim Garner, sister-in-law to the bride, served as matron of honor and wore a pastel green net over taffeta dress and carried a bouquet of pink carnations. Bridesmaids were Miss Nancy Garner, cousin to the bride, and Miss Shirley Rushing. Their dresses were identical in pink net over taffeta with bouquets of white carnations. Karen Starkey was flower girl and wore a dress of pastel green.

Best man was Henry Black of Crowell, and ushers were Jack Wishon, cousin of the groom, Joe Don Thompson, Charles Gafford and Billy Joe Halenack, all of Crowell.

Following the wedding ceremony, a reception was held in the educational building of the church. Miss Ann Slagick registered guests with Mrs. Gene Starkey and Mrs. R. E. Ferrier presiding at the refreshment table.

The bride is a Seymour High School graduate and at the time of her marriage was employed with the Texas Electric Service Co. in Seymour.

The groom is a graduate of Crowell High School and attended Oklahoma A&M College.

After a wedding trip to Colorado, the couple will reside here.

Out-of-town guests for the occasion were Misses Fran Kincaid, Lennis Woods and Faye Polk, Mr. and Mrs. Leo Cates and Kenneth Polk, Crowell; Mrs. Sarah Beasley, J. W. Simpson, Wichita Falls; Mrs. Joe Campbell, Borger; Mr. and Mrs. Raby Webb, Matador; and Mrs. Edna Neighbors, Olney.

### Miss Vera Kindt and Henry Platt Marry in Virginia September 1

The Fort Belvoir, Va. Chapel No. 3 was the scene of the wedding ceremony uniting Miss Vera Marie Kindt and Henry Newton Platt on September 1.

Parents of the newly-weds are M-Sgt. and Mrs. H. K. Kindt of Fort Belvoir and Mr. and Mrs. John Platt of Tacoma, Wash.

Chaplain Trappell read the double ring ceremony before a background of white gladioli. Edward Stetz Jr. of Allentown, Pa., cousin of the bride, sang "Because," "Together Life's Pathways We Tread" and "A Wedding Benediction."

Presented for marriage by her father, the bride wore a ballerina length white dress of chintilly lace and tulle over taffeta.

The fitted bodice, styled with a picture neckline, buttoned with tiny self-covered buttons. The long sleeves extended to points over the hands. Her fingertip veil of illusion was edged with rhinestones, flowers and attached to a tiara of seed pearls and rhinestones. She carried a white bouquet topped with a white orchid. Her only ornament was a single string of pearls, a gift of the groom.

Miss Jonny Dee Kindt was maid of honor for her sister. She wore a ballerina length dress of orchid net over taffeta with an orchid net stole. She wore a bandeau of pink carnations and carried a bouquet of pink and white carnations.

Bridesmaids were Miss Joan Anders of Alexandria, Va., and Miss Ann Preston of Fort Belvoir. Miss Anders wore a blue net over taffeta ballerina length dress while Miss Preston wore pink net over taffeta. Both wore flower tiaras to match their gowns and carried bouquets of matching carnations.

Noel Walker of Birmingham, Ala., served as best man. Ushers were Jim Peterson of Fort Belvoir and Marvin Tuinstra of Pipestone, Minn.

For her daughter's wedding, Mrs. Kindt wore a navy blue faille dress with rhinestone trim and pink accessories. Her corsage was of pink rosebuds.

The wedding reception was held in the chapel social room. The refreshment table was covered with a white cloth and decorated with gladioli, mums, and blue daisies. A three tiered heart-shaped cake with a miniature bride and groom centered the table. Miss Faith Jaffett of Alexandria, Miss Ruth Lee of Alexandria and Miss Mary Jo Somler of Newington, Va., assisted with the serving.

Mrs. Platt graduated from Mt.

### Texas Motorists Urged to Obey School Bus Laws of State

Texas school superintendents, news editors, and other citizens have been requested to give state-wide emphasis and interpretation to the oft-neglected Texas law which requires all vehicles to stop when approaching a school bus loading or unloading children.

Three state agencies — The Texas Education Agency, the Texas Highway Department, and the Texas Department of Public Safety—joined in making the appeal.

Texas school buses were involved in 379 accidents in rural areas (outside city limits) during 1955. Three children and two adults were killed in these accidents.

"Even one preventable accident, as we all know, is one too many," said J. W. Edgar, Commissioner of Education. "A study of the various replies which have been made to the question of what drivers of other vehicles should do when they approach a school bus which is loading or unloading children reveals a startling lack of understanding and a great deal of misunderstanding concerning what the statutes require."

The law says, in effect, that upon meeting or overtaking from either direction a school bus which has stopped on the highway for the purpose of receiving or discharging children, the driver shall stop immediately before passing, then proceed with due caution at a speed which is prudent and does not exceed ten miles

### Betty Jean Harwell, Sgt. Bruce Bledsoe Married Sept. 15

The home of Mr. and Mrs. Henry Stephens Jr. in Terrell, Texas, was the scene of the wedding of Miss Betty Jean Harwell and Sgt. Bruce D. Bledsoe.

Rev. Virgil A. Fielder, pastor of the Grace Temple Baptist Church of Terrell, read the double ring ceremony with only members of the immediate families attending.

The bride, daughter of Mr. and Mrs. N. G. Harwell, wore a pink nylon tulle ensemble with pink and white accessories. Her corsage was white gardenias.

She was graduated from Terrell High School in 1954 and at the time of her marriage was employed in the accounting department of the Terrell State Hospital.

The groom, son of Mr. and Mrs. J. E. Bledsoe of Margaret, is a former student of the Crowell Public Schools and was graduated from Lawton, Okla., High School in 1948. He entered the Air Force in 1949 and is now stationed at Bergstrom Air Force Base in Austin. Sgt. Bledsoe has recently returned from a tour of duty in Alaska.

After a short wedding trip the couple will be at home in Austin.

### CROWELL GARDEN CLUB

Mrs. Glen Fox and Mrs. Maude Raspberry were hostesses at the first meeting of the club year of the Crowell Garden Club in the home of Mrs. Fox one day last week.

Two new members were welcomed to the club: Mrs. Clarence Garrett and Mrs. Tom Callaway.

During the business session, Mrs. Grover Phillips of Thalia was elected to serve as president during the unexpired term of Mrs. Jack Roberts Jr.

Mrs. L. A. Andrews was leader. She discussed the development of flower arrangement, beginning with the ancient Japanese three-line arrangements, symbolizing heaven, man and earth.

Two arrangements were made to illustrate her talk and show the American adaptation of line or skeleton design from the Orient with a greater mass of flowers and color from the West.

Mrs. Grover Phillips constructed a striking arrangement of two corn tassels for erect lines with a center of interest of bois d'arc apples and incidental foliage from the tree. The artistic arrangement in yellow, brown and green proved that a yard full of flowers is not necessary when once the eye is trained to find beauty in nature nearby.

### COME AS YOU ARE' COFFEE

The Truscott Home Demonstration Club members enjoyed an amusing "Come as you are" coffee Tuesday morning at the home of Mrs. O. L. Myers. Hostesses were Mrs. Myers, Mrs. J. G. Adcock, Mrs. W. O. Solomon, Mrs. H. Dobbs, Mrs. Horace Haynie and Mrs. Farris Caddell.

Games were played by the thirty-one becomingly-attired members, amid much laughter, and some chagrin on the part of some.

Mrs. J. G. Adcock is club president.

### TRUSCOTT H. D. CLUB

The Truscott Home Demonstration Club met in regular session September 13 in the community house. Mrs. J. G. Adcock was in charge of the meeting.

The program, led by Miss Naomi Brown, was a study of the amendments to the Constitution to be voted on in November. "An intelligent voter is an informed voter," said Miss Brown, and everyone felt they will be more intelligent voters after the discussion.

### RIVERSIDE 4-H CLUB

The Riverside 4-H Club met at the home of Virginia Hudgens on Saturday, Sept. 15, at 9 o'clock.

Mrs. Mary D. Brown, H. D. Agent, helped the girls fill out their record books. Punch and cookies were served for refreshment.

Seven girls in attendance were Virginia Hudgens, Linda Mechell, Janice Morris, Wanda Moore, Edie Burkhardt and Joyce Burkhardt.

Next meeting will be Oct. 20 at the home of Edris and Joyce Burkhardt.

### MARGARET H. D. CLUB

The Margaret Home Demonstration Club met Friday, Sept. 14, with Mrs. C. T. Murphy, Mrs. W. F. Bradford acted as president and Mrs. Clara May Bell led the singing and read the club collect. Mrs. Blanch Ross led the club prayer. Officers for the coming year were elected. They are Mrs. Bob Thomas, president; Mrs. C. T. Murphy, vice president; Mrs. Hugh Shultz, secretary and treasurer; Mrs. Bax Middlebrook and Mrs. Arthur Bell, council delegates; Mrs. Verda Bell, reporter.

Mrs. Bell gave a report on jury duty. Refreshments were served to 10 members and one new member, Mrs. Truman Boyd, and visitor, Mrs. Howard Williams.
