36.36 Inches Moisture Recorded Here During 1957; Wettest Year Since 1941

From the driest year on record to the wettest year in the history of this county for 1957.

In 1957 a total of 36.36 inches of moisture were recorded by the government gauge, records of which are kept by Merl Kincaid. According to the rainfall records which have been kept for the past 25 years, 1957 qualifies as the wettest year on record. 1941 was the wettest with 39.83 inches recorded and 1919 was second when a total of 39.49 inches fell. 1956 was the driest year on record, when only 10.28 inches fell during the entire year.

Even with the large amount of moisture last year, crops continued to suffer from lack of moisture. The wheat crop suffered in the early spring, and then rains came at harvest time and ruined a large portion of the crop. The cotton and feed crops also suffered from lack of moisture during the latter part of the summer.

Basketball Teams Break Even in Games Last Week

The Crowell High School boys basketball team broken even in its games the past week. The Wildcats lost to the strong Vernon 3A team 80 to 63 here last Thursday night. They defeated the Eldorado, Okla., five 56 to 32 on Friday night. The Crowell "B" boys won a thriller from the Vernon second team 43 to 42 on Thursday night. The Crowell girls won over the Eldorado girls by the margin of 38 to 35.

The difference in the Vernon game was due mostly to big Mac Percival who scored 29 points. Percival, son of the Vernon coach, is a candidate for all-state in class 3A. The Wildcats are still having trouble with their floor game. Their passing was not up to par in the Vernon contest; however, the Crowell boys looked better in their game at Eldorado. They were working smoother as a team. The "B" game with Vernon was a thriller from the very start. Crowell took the lead early, but dropped behind in the last quarter. They were trailing by one point five seconds before the game was over when Fred Youree scored a field goal to win the contest.

Girls Game

The Crowell girls looked like they would be contenders for the district championship in their victory at Eldorado. Mary Ann Myers has been substituting for Prosser during her illness.

Editorial

HERE IT IS—1958

Well, in spite of the Russians, 1958 is upon us.

The new year! A clean slate! 1957 is gone (at last) and nothing can change what has happened. If it was good, good. If it was bad, bad, but forget it. It's gone.

Ahead of each person is a clean slate, and it's up to the individual just how dirty that slate will get. In most cases, the new year is a time to start over, forget old griefs, mistakes, and hurts; a time to plan for the future.

(This does not necessarily mean, however, that you should forget your last year's debts.)

Another item: Congratulations to everyone who lasted through 1957 without becoming feeble minded or having a heart attack! You've done a great job.

The new year is a time to count your accomplishments of the old year, to profit by your experiences and to dedicate yourself to accomplishing more this year. Last year is history, a past chapter; this chapter is being written every day. Make yourself worthy of being a character in the story.

Last, remember that the beginning of a year is not the only time a person can make resolutions. There is no time like the present for self-improvement.

CAROLE FISCH VISITS WASHINGTON, D. C.

Lucky girl, Carole Fisch! While the rest of us were "stuck" in and around Crowell during the holidays, Carole Fisch was visiting the Tommy Johnsons (formerly of Crowell) in Washington, D. C.

Carole left by plane from Dallas on Sunday, Dec. 23 at 9:20 a. m., arriving at International Airport, Washington, D. C., at 2:30 p. m.

Included in her list of outstanding places visited on her sight-seeing tours were the Lincoln and Jefferson Memorials and the Smithsonian Institute.

She had a wonderful view of the city as seen from the top of the Washington Monument. (She went up by elevator but walked down all the 898 steps.) She toured the White House, which was beautifully decorated for Christmas, and the Capitol, seeing both the Senate and House of Representatives.

After a wonderful week's visit, she boarded a plane for home on Tuesday, Dec. 31, arriving just in time for school.

IN MEMORY OF MR. WILLIAMSON

We, the student body and faculty, wish to express our sympathy to Virginia and Jimmy Williamson in the recent loss of their father.

CHRISTMAS SLOGAN—"LET'S HAVE A PARTY"

The Junior class started the holidays out right with a dance, Dec. 23 at 7 p. m. The Country Club house was decorated with Christmas in mind; huge clusters of mistletoe covered the ceiling which was draped with red and white crepe paper. Class mothers, serving as chaperones were Mesdames Houston Adkins and Gerald Knox. Those Juniors really know how to make things lively.

Guests at Sandra Campbell's Coke party started their New Year's celebrating early this year—the morning of New Year's eve. Settled down for a long "gab session" around a lazy susan loaded down with refreshments were Janis Crowell, Gayle Taylor, Elizabeth Davis, Jana Black and Shirley Fox.

Janis Crowell entertained Roma-Bill, Lizzy-Sonny and Lowell (of course) with an enchilada supper. Just to make sure everyone got into the swing of things before the New Year's Eve dance, Roma Jan Spikes had a few couples in for Cokes and such on Tuesday evening. Everyone, that is, Janis and Lowell, Ray and Mary Margaret, Elizabeth and Sonny, Linda Cummings and Donald Frances, and Bill and Roma got into the swing of things all right and went to the country club to welcome in the new year.

Walking into a very big and happy crowd at the New Year's dance, guests were confronted by huge confetti balls (which were broken at midnight), balloons, and decorations everywhere. Grandfather checks on each of the walls showed the time to be 3 minutes of 12. Hostesses at this gay affair were the Sub-Junior Adelpian and Columbian Clubs. They chose Mr. Hesse and his "Madmen" to provide the music. That includes Noel Wilkins, piano; Charlie Bell, drums; James Choate, trombone; Gary Griffith and Eugene Davis, trumpets; and that "man about

town," Earl Hesse, on sax. Chaperones were Mr. and Mrs. Percy Taylor, Mr. and Mrs. Kenneth Halbert, Mr. and Mrs. Sledge, Mr. and Mrs. Gordon Erwin and Mr. and Mrs. Clarence Garrett. The new year was properly welcomed in and all attending will have something to remember for a long time.

FOOTBALL BOYS RECEIVE SWEATERS

The football boys began the new year right by receiving their new football jackets. The jackets are black with gold leather sleeves. When the insignias arrive, the jackets will bear the wonderful fact that our boys led our school to the district championship in football.

We should all be thankful that we have had such a good team. Those boys were real "go getters." When they made up their minds to be champs, they went to work and achieved that goal. Their success was attributed to teamwork, to coaches who knew the game well, to the managers who helped in many ways, to the student body who thought those boys were the greatest, and to the fans who backed the boys at every game.

When the eight senior players graduate, go on to college football, and become All-Americans, we of CHS will be proud to say, "We knew them when they were District Champs in 57-58."

Remaining to begin next year's season are nine lettermen; three will be seniors and six juniors. There will be 14 sophomore and a few freshmen reserves. We would like to say that without the help of reserves, our team could not have been victorious.

BAND BEATS

Since the holidays, it has been very difficult to revive the band to its usual standard of playing, but everyone finally has returned to routine work. This week has about put us back on the path of practice for contest. We are sight-reading rehearsing various numbers that are possible contest selections, and we hope soon to be able to make a definite choice.

SPEECH CLASS PRESENTS CHRISTMAS PLAY

To carry out the theme of Christmas, Mrs. Bursley's speech class presented a program to the student body on Friday, Dec. 20. Barbara Goodwin told the "Story of the Littlest Angel"; Jo Frances Long gave a sermon, "Let's Keep Christmas," written by Peter Marshall; and the whole speech class gave a choral reading of the Christmas story. Afterwards, Mr. Hesse played some beautiful Christmas hymns. This program put everyone into a wonderful Christmas spirit.

Mrs. Bursley, your speech class does a wonderful job of presenting programs. Thanks to your wonderful guidance and patience.

Nelda Brooks Zirkle was honored at a tea and gadget shower in the home of Carolyn Monkes on Dec. 21. Elizabeth Davis was co-hostess with Carolyn to the 20 guests. Each girl presented Nelda with a kitchen gadget and her favorite recipe.

The tea table was covered with a red net and sequin cloth. Red and white, Nelda's chosen colors, were featured in the table appointments. Christmas stockings of red and white candy stripe held napkins of white. A red and white candy stripe apron was presented Nelda by the hostesses. Guests received miniature red striped aprons.

CAT SCRATCHES

Well, happy new year, everyone! Does this year seem any different from the last? How many resolutions have you made and broken?

Let me tell you, as a Wildcat, some of my new year's resolutions: I resolve not to be caught in someone's locker. I resolve not to get too friendly with little green spacemen from large egg shaped whatniks. I resolve to keep my tail from being stepped on by Slim Nichols. (Last time it was in a cast for 10 days!). I resolve to make sure I'm not talking to stuffed animals. I resolve not to wander away from home on Halloween night. These are only a few of my resolutions. I'm certain I'll not break any of them.

TATTLE TALE

This will be the last scandal column until there is some scandal put in the locker.

Seen Friday night were Wanda Moore, Dale Johnson, Gary Griffith, Janie Bowers.

Could Judy and John be starting over again? Seen at Vernon Saturday night were Jimmy Dean-Pat, Janie-Gary, Carolyn-Roy, Patty-Butch, Patricia-Jack, Sandra-Donald, Jana-Jimmy, Elizabeth-Sonny, Boob-D'Lois Owens, Fredrick-Barbara Berry.

Seen over the week end were Ginger-J. M. Roxie, are you still in trouble? The Tattle Tale surely hopes everyone has recuperated from the Christmas and New Year's holidays.

Bobby-Kay, Jackie-Sue were seen over the week end. Gayle-Jerry Bob, D'Lois-David were seen Saturday night.

Mike-Barbara Sallis, Lizzy and Sonny advise all speed happy show goes to take it easy between Thalia and Vernon. It seems there's a surplus of speeding tickets being given out here.

Hi Ho, Silver! Did everyone see the Sunday afternoon drug store cowgirls? They were Bettie Linda, Mary Ann and Gayle.

Flash! There's a romance underway—Sandra Campbell even ate Christmas dinner with her current flame, Wayne Haines. Ray really kept Mary Margaret on the go while she was here. Double dating at the Eldorado basketball game were Lizzy and Sonny, Pat and Jimmy.

Seen at Vernon Sunday were Jana-Jimmy, Sandra-Donald. Jo Frances was seen with Bob Wachsmuth.

Wow! Do Judy and Aldon look sharp in those bright red carcoats. Roxie really rates. She already has Gerald's new football jacket. Marketta and Sandra S. were really proud of their Christmas presents. Engagement rings!

Next Monday, January 13, we will have a training meeting on better breakfasts at 9:30 a. m. at my house.

You will receive letters on all of this, but thought this might help to remind you.

On January 29 there will be a training meeting in Haskell on THDA work. It will be from 9:30 to 3:30 that day. I would like it very much if each club president

If enough women are interested, we plan to have a workshop in February on making curtains and drapes. Please watch this column for further plans and details. This workshop will be open to everyone regardless of whether or not they are club members.

Austin, Tex.—January is poll month. Officially, poll tax sales begin October. But nobody pays too much attention. However, after the first of the organized drives get under way, in a deadline-month appeal to induce citizens to protect their right to vote by payment of the poll tax.

But a good percentage of potential voters ignore it all. Many, jolted at the last minute, flood into courthouses after knocking off work Jan. 31. Penalty for the putter-offers is usually a long wait in line.

Many more never get there at all. Texas Almanac reports show that in past non-presidential election years, less than half the potential voters paid poll taxes or secured exemptions.

Poll tax costs \$1.75 and usually may be secured at several different places in every community. No charge for 21-year-olds getting

their first vote and those 60 years and over, but an exemption certificate must be obtained. (Persons living outside cities of 10,000 or more may vote on affidavit without an exemption certificate.)

Deadline for poll tax payment is midnight, Jan. 31.

SAFETY PROGRAM PAYS OFF—Texas traffic deaths fell below the Department of Public Safety prediction for the Christmas-New Year holiday period, as a result of the concerted efforts of the Governor's Safety Program.

DPS predicted that 113 persons would die on Texas highways. Final number probably will be 103.

Both Governor Daniel and DPS Director Homer Garrison Jr. had high praise for Texas citizens, law enforcement officers and news media, for the success of the program. "Much of the credit should go to the newspapers, radio and TV which played a major role in aiding law enforcement and focusing public attention on the increased driving hazards of the holiday season," Garrison stated.

And Governor Daniel stressed that one of the chief aims of his administration during 1958 will be "to reduce our traffic deaths and injuries even farther below the 1956 record. It can be done . . . this is best illustrated by the results of our efforts during the past holiday season when the nation's death total increased but the Texas total decreased."

If the DPS figure of 103 proves accurate, it will be the lowest since 1952 when 98 persons were killed in the holiday traffic crush.

TWICE AS MUCH WATER—New State Water Development Board has set up shop with the aim of doubling Texas' water storage space. Board members predict the program will bring the state an additional \$600,000,000 in conservation projects—without cost to state taxpayers.

Board is authorized to raise \$100,000,000 by selling bonds at four per cent interest—and another \$100,000,000 later, on say-so of Legislature. This money can be lent at five per cent interest to help pay up to one-third of cost of local conservation projects.

"I firmly believe the program will be self-liquidating," said Board Vice-Chairman W. E. (Buck) Tinsley of Austin.

Board hired Joe Carter as its \$10,000-a-year executive secretary. Carter was legal counsel to the State Board of Water Engineers until animosity from two board members forced his resignation last spring.

After that, Carter served on Gov. Price Daniel's staff, assisting with water legislation drafting. He is a former state senator from Sherman.

BREATHING FOR SCHOOLS—Some 600 still-segregated school districts in Texas are more relaxed now. Many had feared that court-enforced integration in Texas would begin this winter in Dallas.

Federal Judge A. T. Atwell of Dallas ruled last year that Dallas schools must integrate at mid-term (January, 1958). But a higher court (U. S. Fifth Circuit Court of Appeals in New Orleans) overruled. It said Dallas school officials should be given a "reasonable further opportunity" to plan for integration.

Decision leaves intact, for the time being, a state law passed last spring designed to delay desegregation. It prohibits school districts from integrating unless instructed to do so in a local election. Integration without a voter mandate would bring loss of state aid.

For Dallas, this would have meant \$1,500,000 a year.

UNWANTED "EGGS"—Estate Life Insurance Co. of Amarillo is asking the state to take back some "rotten-eggs" it bought at a bankruptcy sale.

Last summer Estate took over some \$11,000,000 worth of policies that had belonged to Physicians Life Insurance Co. Physicians had gone broke, and its affairs were being settled by the state liquidator.

Estate's attorney charged at an insurance board hearing that the contract arranged by State Liquidator J. D. Wheeler was unfair to Estate. Same batch of business (mostly burial policies on older people) has passed through three companies—Southern Bankers, American Atlas and Physicians. It bankrupted all three, said the Estate attorney, who called the business "a bunch of rotten eggs."

State Insurance Department officials charge that Estate presented a false statement of assets when it entered into the contract. Insurance Board forced the resignation of Estate's president, John L. McCarty, after it was revealed McCarty had given a State Insurance Department employe \$2,000.

FRIEND TO NEEDY

Midland, Tex. — A 55-year-old man who has been in and out of the city jail 35 times in the past three years didn't forget the boys he left behind.

Discharged after completing another sentence for drunkenness, he was picked up two days later when officers found him drunk and attempting to steal a case of canned beef stew from a local grocer.

"I figured I'd be going back to jail," he grinned at officers, "so I thought I'd take the other boys something good to eat."

Altitude of Denver, Colo., is 5,280 feet.

THIS WEEK

-In Washington

Clinton Davidson

The Congress which returned to Washington this week begins what is generally regarded as one of the most critical sessions since the early days of the Republic.

International problems predominate, but a score or more of serious domestic issues also demand attention. It is a session that will test the metal of the legislators.

ing this week with his uncle, Bob Thomas, and wife.

Mr. and Mrs. Joe Orr visited Shortie Orr in the Crowell hospital Monday.

Mrs. Bob Choate and children left Thursday for their home in Slaton after spending the holidays with relatives here.

Mr. and Mrs. Ralph Shultz and daughter, Judy, of Vernon visited her parents, Mr. and Mrs. W. A. Priest, Sunday afternoon.

of the Nation. Events of the past few weeks have left no doubt in the minds of congressmen that the United States, and in fact all of Western civilization, are in grave peril, perhaps the most serious any of us have ever known.

This session is to be no place for week-kneed or faint-hearted congressmen. The decisions to be made will take courage of the highest order. Fortunately we have that kind of men and women in Congress.

Some of the most important questions which Congress will debate include:

Should we attempt to appease and bargain with Russia? How large should be the budget for defense?

Should the ceiling on the national debt be raised? Will a tax increase be necessary to finance defense spending?

How much, and what kind, of foreign aid? What about the business slump and growing unemployment?

Should a new farm program be adopted? Congress already has given positive evidence that Russia has made tremendous military gains, even that she has in some respects surpassed the United States and our allies.

The majority opinion in Washington seems to be that Russia will attempt to bargain for an easing of the cold war only on her own terms, and that those terms will be unacceptable to the Western Nations.

Our answer to Russian threats more probably will be a quick effort to build Western defenses. There is, of course, no assurance that Russia will not provoke a war if she is convinced she could win quickly. That is the chance we have to take.

Time is more important to the United States than it was only a year or two ago. We were ahead then in military strength. Then, it was Russia that wanted time to build long-range missiles to give her the advantage.

A quick recovery from our lag in missiles will require substantial increases in defense spending. To meet that increase, Congress must either increase taxes or raise the ceiling on the national debt.

There will be considerably less opposition this year than last to a substantial increase in foreign aid, both military and economic.

The price of maintaining friends and allies in many parts of the world is going up.

On purely domestic issues, faltering business and rising unemployment should be watched. The feeling here, however, is that this is only a temporary dip. Rising living costs are another problem. The farm recession that has continued for almost six years shows no sign of improvement and Congress will be under pressure to try something new. Then, too, this is an election year.

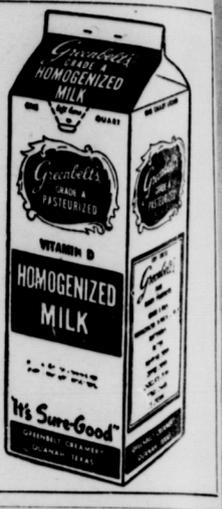

B. C. Newton of Marietta, Okla., is visiting in the home of his sister, Mrs. T. B. Klepper, and family.

George Sharp of Breckenridge visited Sunday in the Nick Chatfield home and Sharon Laraine Chatfield accompanied him to Lincoln, Nebraska, where they both attend Union College.

Wayne Nickie Chatfield returned to Southwestern Junior College near Fort Worth Sunday after spending the Christmas and New Year's holidays in Crowell with his parents, Mr. and Mrs. Nick Chatfield.

Mrs. Jack Roberts Jr., who had been visiting Mr. and Mrs. N. J. Roberts, left Saturday for her home in St. Louis, Mo. She was

accompanied by Mrs. R. C. Stripling and two children, who had been visiting her parents, Mr. and Mrs. C. R. Seale.

CHANGES IN LIVING CONDITIONS

Alexander R. Hammer of The New York Times says that our domestic oil and construction companies used to have trouble recruiting personnel for jobs in remote sections of the world because of primitive living conditions. But a great change is taking place. Many of the units sent into the wilds now have portable air-conditioned living quarters, mechanical washing machines and dryers, electronic ovens, huge refrigerators, and hot showers.

Net Savings of Americans Increased by Over \$19 Billion During Past Year

By T. B. KLEPPER

The U. S. Department of Commerce has estimated that net savings of American consumers increased more than 19 billion dollars during the past year.

The 1957 gain in consumer savings set an all-time record. It is three billion dollars higher than the previous record set in 1956.

The figures have a special meaning to American business men. Accumulation of consumer savings indicates the possibility of increased consumer spending in the future. Merchants will recognize increased savings as an opportunity and a challenge to do a better job of selling in 1958.

No doubt the opportunity is there. The American consumer is spending more carefully than he did several years ago; but he has more money clear of debt than ever before. His savings will find its way to the market when advertising advises him that his best interests will be served by spending.

In a situation of increased savings and careful buying, advertising becomes essential to continuing prosperity. More than at any time vigorous advertising is needed to move available money into circulation. For too much savings leads to depression.

Some business leaders feel that 1958 advertising budgets should

be larger than at anytime in the past. One noted economist argues that the percentage of gross income of a business must be constantly increased in order to maintain expanding prosperity.

Our economy depends upon the sale of new and improved products manufactured at decreasing costs. It seems only logical that increasing amounts should be spent on advertising which makes the system work.

Tax Man Sam Says

Now is a good time to prepare your income tax return for 1957. If you are not going to prepare your tax return before January 15 and you made income of more than \$100 outside of your salary on which tax was withheld during the last quarter of the year, you may be required to file an estimated tax return; that is, in case you haven't made one last April 15. There are a lot of folks who have income tax nightmares from Jan. 1 until April 15. These same folks often find that when the figure their tax at 11 p. m. on April 15, that they have a refund coming instead of owing additional tax. The sooner you figure your tax, the sooner you can dream of more pleasant things.

HENRY CIRCLE

The topic for the lesson was Religions of Japan. Miss Dorothy Erwin, who had made a special study of Japan's physical features, pointed out that it was three-fourth forest and was very densely populated, making every inch of its cultivated land precious and highly cultivated.

Mrs. Henry Borchardt presented an interesting account of the writing of a great religious song. A delicious plate was served at the close of the program. The next social meeting will be in the home of Mrs. Winnie Brown. Members of the Henry Circle welcome new members.

5TH GRADE 4-H CLUB MEETS

Texas to Get 500 Chukars from Nevada

Another effort may be made this year to introduce chukar partridge in the Trans-Pecos region, according to E. A. Walker, director of Wildlife Restoration of the Game and Fish Commission.

Negotiations now are in progress with the Nevada Game Commission to exchange 100 Texas javalinas for 500 wild chukars. The birds would be trapped this summer and brought to Texas by employees of the Nevada Commission. The 100 javalinas would be trapped by Texas Game Commission trappers and taken to Nevada for release there.

This is another effort at stocking Texas habitat with game species from other areas. During 1957 five desert big horns were trapped in Arizona and taken to the Black Gap Wildlife Management area in the Big Bend where it is hoped they will increase to huntable numbers.

Several previous attempts have been made to introduce chukars in Texas. The first birds were planted in the South Texas area. They failed to take hold, however. In planting the birds in the Trans-Pecos area it is thought they might have a better chance for survival. The season would be closed on the birds until there is sufficient quantity to assure their spread.

Our Weekly Sermon

Test Your Character

Last year an elected state official in the Midwest was convicted of stealing more than \$500,000 of public funds. This was but another and all-too-common revelation of betrayed trusts.

We gather around us our pharisaical garments and condemn such thievery and malfeasance. Such misdeeds are worthy of condemnation. But what about the housewife who keeps silent when a sales clerk mistakenly charges a lower

price? Or the student who slips by the bus driver without paying his fare? The value in question may be different, but is not the basic dishonesty the same?

The official robs the state, the housewife steals the merchandise and the student defrauds the bus company under a common assumption: "No one will ever know. I shall never be found out."

Perhaps so—so far as our fellowmen are concerned.

But there is God. "All things are naked and opened unto the eyes of him with whom we have to do" (Hebrews 4:13). "There is no secret that they can hide from thee" (Ezekiel 28:3).

Not only does God know our actions, He holds us personally accountable for them. "For we must all appear before the judgment seat of Christ; that every one may receive the things done in his body, according to that he hath done, whether it be good or bad" (II Corinthians 5:10).

On that day there will be "noth-

ing covered, that shall not be revealed; neither hid, that shall not be known" (Luke 12:2).

Granted these things are true; granted that with regard to personal integrity as in every area of human relationships, we should live above reproach. How can we, seeing we are caught up in a degenerating society and surrounded by overwhelming temptations? "I thank God through Jesus Christ our Lord" (Romans 7:25). Only in Christ do we have the strength and grace to live as blameless children of God.

Learn this lesson. And burn upon your consciousness these words of Cacauly: "The measure of a man's real character is what he would do if he knew he would never be found out."

River deltas are so called because their triangular shape resembles the Greek letter, Delta.

The word, "democracy," is Greek in origin, means literally "rule of the people."

Milton Magee of San Francisco, Calif., left Sunday afternoon for Moline, Ill., after spending Christmas here with his parents, Mr. and Mrs. R. R. Magee.

Joe M. Magee and sons, Ernest and Rudy, returned last week from Gulfport, Miss., where they spent Christmas with Mr. and Mrs. Ernest Breedlove, Jo Beth Magee, who had made an extended visit with her grandparents, Mr. and Mrs. Breedlove, returned home with them.

Lt. Charles Wilkes, commanding a Naval expedition to the South Sea and Pacific Ocean, on Jan. 19, 1840, discovered a land mass which is now known as the continent of Antarctica.

POURING OUR MONEY DOWN THE DRAIN
