Large Crowd Attends Masonic Meeting in Thalia

Dirt moving and culvert work is the first part of the job to be tackled and this got under way in the Waggoner Ranch just south of the Wichita River in Baylor County. The work will move from that point toward Seymour. One of the major projects will be the construction of the bridge across the river.

The superintendent of the job is George Tucker.

TEEN-TORIAL
 BUNNY, HOP!

It's the happy Easter season. Soon the "guys and dolls" will be "all dolled out" in their Easter "bunnies and bows."

Our younger friends of primary ages will be hunting chocolate bunnies and colored hard boiled eggs from real and artificial grasses and bany wheat fields.

While all the gaiety of the colorful season is present, I hope we will not forget the serious aspect—the reason for Easter in the first place.

When we attend church in our Easter frocks and coats, let us be sure to remember that there is

solemnity intermingled with the joy of the occasion.
 Happy Easter, everybody!

"STEPS FROM BEYOND" TO STRUT TO AUSTIN

The cast and director of Crowell's one-act play returned from the Interscholastic Regional One-Act play contest which was held at Denton on Saturday, April 13, triumphantly bearing the trophy and title of regional champions. Crowell's entry, "Steps from Beyond," defeated seven district winners from Region 3 to earn the honor of representing our section of Texas at the state competition which will be held at Austin on May 3.

DeAnna Ferguson was named best supporting actress for her portrayal of Felize Dupless in "Steps from Beyond," and Ray Thomson was designated as best supporting actor for his interpretation of Johnny Boudreau. The Dowager Empress in "Anastasia" was named best actress, and Les in the play "No Greater Love" was best actor.

We wish to congratulate the cast, DeAnna Ferguson, Marilyn Stone, Ray Thomson and Lowell Page; the director, Mrs. Moody Bursey, and the stage crew, Sue Bursey, George Morgan and Roma Jan Spikes, on their victory and to wish them the best of luck at the state contest.

DRIVER, GET EDUCATED

A program on safety by the patrolmen, Chester Fant and Eldon Thibe of Quanah, was the subject of interest of the FFA girls and other high school students on Monday, April 8, at 2:30 p. m. in the auditorium. Mr. Fant gave a very interesting talk about safety on the highways as well as safety at home and in the

kitchen. If we would take his advice, we all might live a little longer.

At the business session of the meeting, the names of candidates for FFA offices for next year were read. The following voting delegates were elected to vote at the next meeting: Margaret Fiske, Carolyn Aydelotte, Ruth Ellen Short, Jeannie White, Mary Ann Brown, Louise Hammonds, Thelma Henry, Lavoy Rummel and Anna Marie Fiske.

Hostesses for the meeting were Wanda James, Beverly Kelly, Linda Johnson and Marilyn Stone.

STUDENTS HEAR ESKIMO SPEAKER

Nutchuk, appearing to be perhaps 55 years of age, native of a North Alaskan village where he was born to an Eskimo mother and sired by a Norwegian father, quickly captured the attentive interest of Crowell High School and Grammar School pupils in assembly Thursday, April 11, with tales of the Eskimo land, its people, its traditions, and its music.

Author of two books concerning that corner of the world's life, Nutchuk probed a fluent, effective narrator when he deserted his notes for enthusiastic storytelling. He told something of his own life in the land of ice and snow — where the temperature right now, perhaps, he said, ranges from 60 to 75 degrees below zero — as a child, and upon his return there frequently for the entire summer since leaving come to the States at the age of 20 to trade music.

The speaker displayed a number of baskets woven by Eskimo girls, using wild reed as material — strong, beautifully designed, handsomely decorated; numerous small containers made from whale-bone, and a doll (somewhat like

the Hopi Indian Katchina) with tailored parka of squirrel-skin, and muk-luks of real seal skin.

Linda McClain, grade school student, volunteered as model for Nutchuk's summer time in Alaska parka, with fur of the big Alaskan gray wolf bordering the hood, the wolf's tail as a throat piece. This wolf hair, the speaker said, long retains its content of oil which prevents freezing of one's exhaled breath as it would on human beard or mustache. This rounding of wolf's hair protects the face against "ice burns" which would occur except for that protecting factor, he said.

Nutchuk closed his 40-minute delivery with two piano numbers — a "Lullaby" and a "Dance of Pursuit"—reproducing folk music of the Eskimos. The lullaby was first cousin to German folk songs; the "Dance of Pursuit" describing a luckless youth's futile pursuit of the desired girl, might have been Morton Gould. They were played with fine pianism.

MARKETTA'S MUMBLINGS

Winning and more winning to add to the fame of our school and its students!

The one-act play won first at the regional meet in Denton Saturday. DeAnna Ferguson and Ray Thomson won best supporting actress and actor.

Winning first in dairy foods at Wichita Falls were the two Rascals—Janet and Ginger.

Clothes is the main topic of conversation these days. The junior-senior banquet and Easter Sunday are the times to look one's best. The junior-senior banquet is to be held tonight with Underwood's catering service, no less!

Only four days of school this week. Man, what a treat!

Some of our boys went to the track meet at Denton Friday. Half of Crowell was at Denton, it seems.

We were entertained last week by Nutchuk, an Alaskan Eskimo. He is a member of the Southern Assembly.

The FFA girls met Monday to elect next year's officers. I wonder who won?

The district volley ball meet was held here Tuesday with Paducah winning the trophy.

Another week with nothing to report—just as usual. I hope to see you again next week—same time, same place, same paper.

BAND NEWS AND VIEWS

In the spotlight this past week has been the "Dream Weavers" with two performances. Last Friday night the group played for the Thalia Masonic Lodge banquet held in the Thalia gym. Following the hour long program, the band was fed along with the guests by Underwood's of Wichita Falls. Barbequed chicken with all of the trimmings was on the menu with tea or coffee to drink. Tuesday, the Weavers entertained the Lions Club in Crowell with 30 minutes of popular and swing music. Janie Bowers, vocalist; along with James Choate, Elizabeth Davis, Eugene Davis and George Morgan were soloists with the organization. Many new numbers have been added to the standing repertoire of the organization. Numbers being worked up now include "True Love," "Honky Tonk" and other currently popular numbers. The Dream Weavers will present a program for the student body in the near future.

Work continues on the regional contest music that the band is to play when it enters competition on Saturday, April 27, on the Midwestern campus in Wichita Falls.

Our congratulations go to Mrs. Bursey and members of the one-act play cast. Continued success to them at the state contest.

LAVOY LEADS THE LIST THIS WEEK

Brown haired, brown eyed Lavoy Rummel is in this week's senior spotlight. This 5' 6" senior girl is known around CHS for her friendly smile and ways.

Lavoy enjoys watching football games, but when it comes to playing a sport, she chooses volleyball. For nourishment, Lavoy prefers fried chicken, french fries and lemon pie with lots of meringue. Pink and blue are the prettiest of colors in Lavoy's opinion, and the greatest people in the movies are Elizabeth Taylor, and, of course, Rock Hudson. Lavoy's favorite past time is drawing pictures, and she has used her talent by being artist on the Roundup staff for two years. Reading books by Rosamund du Jardin is another of Lavoy's favorite past times. Tommy Sands sings Lavoy's favorite song, "Teen-age Crush."

Lavoy has been active as an FFA member during her four secretary of the local chapter and chairman of the district honorary membership committees. She has been a member of the Spanish Club two years, the pep squad four years. She is a Thespians. A member of the Library Club, she is vice president this year. Lavoy has been on the Wildcat staff for two years; she is now assembly reporter. She has done a good job of being candy store operator for two years. This year she was runner-up for wittiest girl. Lavoy is also a member of the Lutheran Church located southwest of Lockett.

At the present, Lavoy's plans for her future are undecided but CHS knows that she will succeed in whatever she does.

WILLIAMSON WALKS INTO SENIOR SPOTLIGHT

Weighing 140 pounds and standing 5' 11" tall is brown haired, blue eyed Jimmy Williamson, our senior boy of the week. Jimmy has a pleasing personality which makes him popular with all of his classmates.

Jimmy's favorite color, blue, matches his eyes. Basketball is his favorite sport. When asked his favorite food, he replied, "anything edible." Jimmy likes popular music. Party Doll sung by Buddy Knox is his favorite record. When Jimmy goes to the movies, he likes to see one in which James Stewart stars. Hunting provides Jimmy's favorite past time, and Meader writes the kind of books that Jimmy enjoys reading.

During Jimmy's high school years, he has been active in FFA work. He was a member of a livestock judging team and won a Tarleton scholarship in livestock judging. Jimmy is on the Round-Up staff this year.

The future plans of our senior of the week are undecided. CHS wishes Jimmy the best of luck in whatever he may decide to do.

CHS LIBRARY

The Librarians Club met last Thursday afternoon in the study hall for the regular meeting. The group voted to purchase some small gift for the library.

Mrs. L. A. Andrews, guest speaker, talked about patterning our lives with the aid of books and library orderliness. Describing her own experiences, she made each member see how this plan had helped her, and the group was very happy to give her a rising vote of thanks for her talk.

It is hoped that in the near future, the librarians may pay a special visit to the County Federation Library.

Refreshments were served by all members except officers, sponsor, and the guests, Mrs. L. A. Andrews, and Rachel Rodriguez, a future librarian.

FRESHMAN FASHION SHOW

Last Wednesday the freshman girls enjoyed showing the dresses they had made in homemaking. Judging the dresses were the following: Peggy Cates, Judy Vaughn and Jeanie White. Added comments to pre-judging were given. The girls were grouped as follows: Group 1, Jenette Jacobs, Rachel Rodriguez, Judy Johnson, Mary Myers; group 2, Sue Bursey, Jo Frances Long, Wanda McCurley, Patricia Pittillo, Linda Johnson, D'Lois Shultz, Ann Painter; group 3, Janie Bowers, Sally Dixon, Ruth Short, Charlotte Sledge; group 4, Mary Akers, Carolyn Aydelotte, Judy Borchardt, Wanda James and Helen Vessel. Visitors viewing the show were Mrs. J. B. Stewart of Houston and Mrs. Henry Borchardt.

SENIORS, TAKE NOTICE!

And it came to pass, that in the last days—

The last days are upon us now. When we seniors think it over, we find ourselves in varied attitudes. Some are glad, some are sad, some are mad, and some just wish they had—

It's possible that we all regret some of the things we have not done. We only wish we had. Remember, it's never too late to learn. Perhaps we can catch up on some things and lengthen a shortcoming or two yet before we walk across the stage to accept those long awaited pieces of paper.

You may laugh, but you know this is so. You aren't getting any younger. The older you become, the more responsibility people expect you to shoulder.

I think that the last days should be the best. It's up to us to make them that way.

Austin, Tex.—"Sine die" is the magic phrase around the Capitol nowadays. It's the phrase traditionally applied to the final adjournment time agreed on by both houses of the Legislature.

Only three weeks remain of the 120 days recommended in the Constitution for sessions. After that (May 7) lawmakers' pay stops.

Sentiment appears strong for a sine die resolution set on or very near that deadline. It's been a rough session, say many members. Investigations, bribery charges, counter-charges and threat of more have frayed nerves, provoked hot words, deep rifts.

They've made it harder to plough through the usual hundreds of measures requiring study, debate and some sort of agreement. Many are still backed up in discouraging stacks.

Even so, say members, they hope to shove through the "musts" and go home on time. But likely differences of opinion on what constitutes "musts" promise even more tension and temper for the final weeks.

TEACHER RAISE — One of the biggest issues still gathering steam in the Legislature is the teacher pay raise. Despite strong backing, the drive has been beset with stumbling blocks.

Public school teachers want a \$300-a-year boost. Total cost for the biennium is variously estimated from \$45,000,000 to \$70,000,000.

Sponsors have become increasingly impatient of delays. Bill was

stymied by House rule which prohibits consideration of any other pending bill until the general appropriations bill is finally approved. This is in conference committee.

Then the attorney general ruled the teachers' bill was not an appropriation bill. This seemingly opened the door to quicker action. But budget-watchers intervened. They said passage of the teacher bill first would leave the treasury \$20,000,000 short of enough to cover the general appropriation bill.

This focused attention on Rep. Tom Joseph's "just in case it's needed" tax bill. It would tax dedicated natural gas reserves, produce an estimated \$35,000,000 in two years. Gov. Price Daniel had recommended a levy of this sort should more revenue be needed.

But this one, by some slip, was introduced without an enacting clause. Joseph sought the necessary two-thirds House vote to permit a correction. Vote was 68 to 66 against.

ETHICS BILL ZIPS OUT — After weeks of haggling in the House, the code of ethics bill whizzed through the Senate in one day.

It goes to the governor's desk with 29-0 Senate approval.

Bill provides that no legislator, state official or employe shall engage in any outside activity "in substantial conflict with the public interest." Penalty is expulsion or dismissal.

NARCOTICS BILL PASSED — A possible death penalty for dope peddlers seems almost certain to become law.

House and Senate have passed the bill which was recommended by Gov. Daniel. It would permit juries to assess the death penalty on second conviction for sale of any narcotic drug to a minor.

AUTO REGISTRATION TAX — State car taxing system would be over-hauled under a measure which won preliminary House approval.

If passed, the constitutional

Joint Committee on Reduction of Non-Essential Federal Expenditures that the regular monthly payroll of the government in January of this year came within one per cent of hitting a billion dollars. This is the highest civilian payroll of all times. These figures were certified by the executive agencies of the government to the joint committee and showed that the payroll of civilian employees totalled \$989,549,000.

Roll was called 14 times one day this week in the House. This was the record as far as I am concerned for roll calls in any one day. All of these votes were on an appropriation bill, and each vote occurred on an amendment that would have reduced some item in the bill. To get some idea of the attitude of the House, eleven of the votes resulted in cuts in addition to those that had already been made by the committee. As has been pointed out heretofore, almost a billion dollars have been cut out of the President's budget so far, and the largest appropriation bills have not yet come to the floor. There now

Senator William Blakley will be leaving Washington within the next few days. Even though his tenure in the Senate has been short, I know of no one that is as well liked and is as genuinely respected as Sen. Blakley is. He has rendered a really great service to our state and the country during the time that he has been in the Senate. The Senator's colleagues in the Senate paid him a great tribute this week when a number of the Senators called attention to his valued service in that body by making speeches.

It was somewhat shocking to note in the recent report of the

Santa Fe
the river that flows on wheels

More petroleum moves over Santa Fe than over any other railroad in the country

The 2,384,000,000 gallons of petroleum that Santa Fe moves every year is the river that flows on wheels.

It's so large that it makes Santa Fe the No. 1 petroleum railroad in the country.

This flood tide of oil gives heat and power to farms, factories, military installations and homes all over the nation.

The tremendous demand for petroleum, in all its forms, poses special problems for Santa Fe. For it requires speed and service to keep that river flowing full force. Here are a few of the ways we get the job done:

We move empty tankers just as fast as full ones, so no vehicle will stand idle.

As new oil fields are opened up, we stand ready to serve them. And when new developments take place within the industry, we adapt ourselves to take care of them.

As an example, take liquefied petroleum gas. The demand for it has skyrocketed in the last 10 years, because with this "bottled gas" rural families can cook and heat with gas just like city people. And the railroads have made it possible for them to get it.

Santa Fe runs special LPG trains when the demand for this product requires it. In a year, these trains carry enough LPG to heat over 500,000 homes from November through April.

This is just a part of the story of the dependable transportation service Santa Fe is providing to essential industries that contribute so much to the welfare of our country.

can be little doubt but what the House will make very substantial reductions in the President's budget. The world-famous cherry blossoms are in full bloom in Washington at this time. Each year when the cherry trees bloom, literally hundreds of thousands of people come to the Capitol to see them. Also the very colorful Cherry Blossom Festival is held. The only thing that mars the event is the cool, rainy weather that has to some degree hampered parade and other festivities.

THE WILDCAT

(Continued from page 2)
 Maybe we'll get to start our continuation series again!
 Calvin is stepping up in the world! Quannah, here he comes! Oh, by the way, her name is Marketta Boynton.
 Sonny, you shouldn't "oughta" keep Liz out so late on Saturday nights. We hear she slept nearly all day Sunday.
 We had two cowboys, oops, we mean cowgirls in town Sunday. Of course, we are referring to those two rip roaring sons of the range, Gayle and Jerry. Hope you can sit down now, kids!
 Wehba and Beverly must be hiding from everybody. We have to hunt for hours to find them any more! Ain't love grand!
 Jeanie, did you find any good-looking boys in Abilene over the week end? Hope so!
 Janis, were you lonely over the week end? We bet you were, what with Lowell gone and all!
 Seen in the local yokal drag Sunday night were Sonny - Liz, Jerry - Roy Don, Carpenter - Betty Linda, Ray - Jo Frances and Larry-Jana.
 Roxie, who brought you a ticket to the senior play in Quannah? Couldn't have been James Alton Brazil, could it?
 Hey, who has been coming to see Fredrick every Sunday. Couldn't be Patsy Salked, or as her friends call her, "Poodoo."
 Calvin got a low blow Saturday night. Was that real or fake, Betty Linda?
 Patty, did you and Butch get cold Friday night? Butch — he had no heater — he had no radio — so they got in the car with Garrett and his date!
 Harken to this, all you girl hungry boys. Another bush woman is loose. (Adv. paid for by Marketta Painter).

Our council will not meet this Saturday due to the Easter holiday. Instead we will meet Saturday week on April 27.
Unusual Easter Eggs
 Coloring eggs is traditional at the Easter season. An unusual but beautiful way to decorate the egg is the method used by the people of the Ukraine. This is the most prized art of their home craft culture.
 The eggs may be blown or sucked out or they may be hard cooked. The decoration is achieved by using beeswax or paraffin wax as a resistant to the dye and various color dyes. A lettering or broad-point pen can be used successfully. The pen point is warmed in the open flame and dipped in melted wax. The design on the egg, usually thin-lined geometric pattern, is applied in wax. The egg is then dipped in the lightest color dye to be used. The entire egg

will be colored with the exception of those portions covered with wax. When dye is dry the design can be carried further and then dipped in darker shade. This can continue to give as many colors as desired, but because the designs are of fine lines three or four colors ought to be sufficient. Keep in mind the surface covered with the wax will be the color of the last dye, not the next one.
 When the design and dipping are finished, the eggs are warmed and the wax rubbed off. Easter egg dyes are good. Crepe paper, soaked to remove color, makes a satisfactory dye. A little vinegar added to the water in which the paper was soaked, helps set the color.
 For Youngsters: hard cooked eggs, bowls of dye and crayons will suffice. Draw designs with the crayon, then dip in color. The crayon may or may not be removed.
