## Enrollment Up in Crowell Schools, Attendance Less Than Average

The average daily attendance in Crowell Public Schools has been lower for the second consecutive reporting period than it was last year, according to Supt. Grady Ramsey. This low percentage in attendance can definitely be charged to the influenza epidemic, Mr. Ramsey said. The percentage in attendance this year has been only 94 per cent. It was approximately 98 per cent for the twelve weeks last school year.

#### PICK YOUR OWN TALENTS

Have you ever wanted to be a part of something, such as the talent show last week, and have not known what you could do to help? At such times you must remember that it took all kinds of talent to put on that show. Oh, no! I don't mean the spot light bits. Yes, there are those fortunate people who are gifted in some way so that they can entertain, but that's not the only way one can participate. What about all those back stage jobs? Someone had to handle the lights, props, music, take care of those "nervous" performers, and keep the

show going. Could you have been one of those talented people? While we're talking about participation, didn't the town people make a wonderful audience? There you have another kind of talent—that of being able to stop working and worrying—to settle down to enjoy a lot of fun for one night.

Those band mothers too had that participation plus—the way they served refreshments during the intermission.

We all recognize talents in sports, music, etc., but how many of us ever realized that these are our minor talents. We have to cultivate our major talents ourselves. We are not naturally gifted in them. What are they? Oh, just the things that go to make a well rounded and happy person. An even temper, a friendly smile, the art of being tactful in any situation, unselfishness, an ever-ready willingness to help somebody and co-operation plus are some of the things that we take for granted in a person. These things are special talents, and the number one can have is unlimited.

So if you were feeling very un-talented at the show last week, just remember to "pick your own talents."

### LIBRARY NEWS

The CHS Dewey Gang held its third meeting of the school term on Thursday, in Mrs. King's room at 2:30 p. m.

The librarians talked about ordering library pins and Helen Vessel showed the girls how to file the card from a book to the card file after the book has been checked out.

Those present were Dee Ann Christian, Vera Porter, Joyce Howard, Virginia Williamson, Mary Hall, Peggy Cates, Lillie Polk, Patricia Pittillo, Martha Fish, Rachel Rodriguez, Ann Painter, Barbara Goodwin, Dorothy Webba, Roberta Hough, Helen Vessel, Carolyn Aydelotte, Beverly Kelly, and Mrs. King, the sponsor.

Those absent were Lou Ann Summers and Judy Hollenbough. The Dewey Gang for November is out, and Mrs. King and the librarians are getting the material ready for the December copy. If you haven't read the November issue yet, be sure to come by and get one today. We know you'll like it.

### SENIOR BOY OF THE WEEK

Printess Gidney, this week's senior, is 5' 9" tall, has dark hair, and has green eyes.

Printess's favorite sport is football, and he has been co-captain of the football team for the past two seasons. He is also active in the track and baseball teams.

His hardest subject is anything that pertains to math, and his easiest subject is typing.

Printess' favorite food is Southern fried chicken along with a dessert of ice cream. His favorite music is rock 'n roll.

For Printess, it's duck hunting in the winter and fishing in the summer.

His pet peeve is being around someone who is continuously griping about something.

After he graduates, Printess is planning to go to college. We hope that you are a success in anything which you may undertake.

### FALL FASHION SHOW PRESENTED

Tuesday, Nov. 26, a Fall Fashion Show was given for the FHA girls and their mothers. The Home

Economics II and III classes modeled the dresses they had made.

Judy Borchardt was a delightful narrator, describing in detail the materials as each person crossed the stage. Mrs. Lewis Sloan judged the girls in the following places:

Third year highly superior — Janet Rasberry, Lula Kennedy, Joyce Howard, Shirley Hough.

Third year superior — Joanne Shultz, Mary Hall, Beverly Kelly, and Dianne Sledge.

Second year highly superior — Elizabeth Davis, Ginger Rasberry, Shirley Fox, Sandra Campbell and Jana Black.

Second year superior — Rachel Rodriguez, D'Lois Shultz, Patty McGinnis and Helen Vessel.

Second year excellent — Ruth Ellen Short, Linda Johnson, Mary Akers, Carolyn Aydelotte, Wanda James and Patricia Pittillo.

After the announcement of the places won, the girls and their mothers went to the homemaking cottage for dainty refreshments served by Margaret Faske, Carole Sue Fisch, Shirley Fox, Mary Hall and Thelma Henry.

### YOU WERE THERE—AND SO WERE WE

Yes, the girls had a fashion show. They had some uninvited guests, too. I was among a group of four (mostly boys) who watched the proceedings from the balcony. (Why shouldn't we be there—we could have no class with the girls gone). Now, boys aren't supposed to know much about girls' fashions—so I for one left the judging of the dresses up to Mrs. Sloan, but I saw a few things that perhaps no one else saw.

I saw the bright silver purse of Jo Ann Shultz. Boy, it was a whiz! I couldn't get a good look at her dress for wondering if the inside of that purse was as loaded as most women's purses are.

I thought this was to be a dress show, but when Dianne Sledge and Beverly Kelly appeared in turtleneck pants, I knew why it was called a "fashion show," instead.

Right in the middle of Lula Kennedy's modeling, there dashed Jeanie Johnson up the steps and into the dressing room. I thought perhaps the building was on fire and she was going to the rescue, but no such luck. I reckon she had a reason for her actions.

Now it may not be proper to wear sun glasses at a fashion show, but I hated to receive permanent eye injury, so when Patty McGin-

nis came out wearing that beautiful blue skirt, I grabbed my "specs."

The world is full of contrasts—so was the fashion show. For instance, I noticed the thump, thump, thump (as of cannon balls) when Ginger Rasberry crossed the stage on those high-high heels. (I wonder how I'd manage on tooth picks). Then there were several who came creeping along in flat shoes—reminded me of mice tiptoeing in the snow.

Without doubt there was individuality in one dress that was modeled. From my "perch" in the balcony, I could not clearly see the monograms, but I judged that E. D. would stand for Elizabeth Davis.

I guess there is one bit of feminine style that I'm not up on. But can you tell me, Prunnie, why you lugged those beautiful red gloves around with you? Seems to me that gloves should be worn to protect one's hands from the cold—but how would I know?

Oh yes! One more thing, why did you have all that good looking fruit on the table. It nearly got me! I was so hungry I almost collapsed. Does look like some one could have tossed me an apple.

Seriously, those of us who watched from the balcony would like to congratulate each girl who took part in the fashion show. Don't let anybody tell you that CHS girls aren't well dressed!

MONDAYS OR FRIDAYS—WHAT'S THE DIFFERENCE?

There is quite a difference in school on Mondays and Fridays. We're never glad to see Monday come but are thrilled to see Friday. On Monday we are usually sleepy and worn out from the week end, but on Friday we are really looking forward to seeing the week end come, to get some rest after a strenuous five days at school. Mondays do have their advantages. We very seldom have a test, the time seems to fly by, but otherwise it is the same old routine of running up and down stairs and exchanging small talk with friends. Tests are usually given on Fridays; long assignments almost always are given to keep us busy over the week end and each minute seems like an hour. All in all, no matter if it is Monday and test free, or Friday that is long and tiresome, we still have to go to school.

### BAND BEATS

After two unsuccessful attempts to march in a parade on a Saturday, the band has finally given up. It seems almost impossible to assemble a sufficient number to march on Saturday afternoon; therefore, we did not accompany Santa Claus into town.

Mr. Hesse announced that only the senior band awards will be given at the annual Christmas dinner instead of all of them. The rest will be presented in the spring. He has also started a merit and demerit system of grade and honor points. Our yearly grade and whether or not we receive an award will depend on the number of merits we obtain through the year. We hope the system proves successful.

During most of these next few weeks, we'll, of course, be practicing Christmas music. We have numerous arrangements of lovely Christmas songs.

DRAMATIC CLUB MEETS

The regular meeting of the Dramatic Club was held last Thursday night in the high school auditorium. Old and new business was introduced by the president, Elizabeth Davis. George Morgan presented a part entitled "More About the Round Play."

Plans were made for a workshop night to be held in the auditorium. Remodeling old props and making new ones will be the major projects.

### CAT SCRATCHES

This morning I woke up Monday morning, I sensed that something was wrong. What was it? Oh no! I had to drag to school that morning. What a horrible thought—after all those glorious, fancy free Thanksgiving holidays. Well, it just had to be—for I didn't want to miss out on any of the gossip in regard to events over the holidays.

Well, it seemed that everyone was complaining about having gained a few pounds by eating all that good Thanksgiving dinner. I can smell it—even now—a huge, crisp, brown turkey, floating in juicy gravy, with delicious dressing "oozing" out the sides—centered with all the trimmings.

I, for one, watched my figure. Let me tell you about my Thanksgiving dinner. It all started Wednesday afternoon after school when I paid a visit to a turkey farm to buy me a big fat turkey for Thanksgiving dinner. The owner of the turkeys took me over to the pens, and there I saw hundreds of turkeys to choose from. You know me, I wanted the best one in the bunch, so I crawled under the fence to the inside. Here I could pick the biggest and fattest of them all! Then I looked up and every turkey in that pen came charging down on me—their red eyes shining bright, and their heads ready to peck me to pieces! As I turned to escape, I tripped and fell—then they hit! One had a hold of my tail—another had a hold of my left ear—another my right ear! They pulled and tugged and pecked and pecked! There I was meowing and growling with all my might, but it was

hopeless!! I knew my end had come. Just then the owner of those vicious creatures came to my rescue—I was saved by the hair of my chinny chin chin!

After that, I got off that turkey farm as fast as I could—without a turkey. You ask what I ate for Thanksgiving dinner? HOT DOGS—what else??

### TATTLE TALES

Did everyone have fun over the holidays? Hope you didn't get sick.

Who was that cute boy who walked Judy Johnson out to the buses at Vernon Saturday night? The Scandal knows!!

Helen Vessel, who was that boy you were taking cigars to in the hospital? Was he from Alabama? Kay Johnson, Bobby Barker, Sue - Jackie were at church Sunday night.

Barbara, whom did you get the letter from? Rachel R. seems to be making quite a few trips to Wichita Falls. Could the reason be Johnny Mendoza?

Carolyn Sue A., did you get stood up Saturday night? That's what you get for leaving.

Seen in the Plaza Saturday night were Jo Frances - Bill, Betty Linda - Joe Calvin, Sandra - Donald, Jana - Jimmy, Lizzy - Sonny.

We hope Ted isn't sick. Carolyn fixed dinner for him Sunday.

Gayle really had a long face Sunday. Reason—Jerry Bob was gone. She looks better now, tho. "Terry's" finally home.

Jimmy, we hear that you and Lynn had quite a time in Amarillo.

The Tattle Tale knows where Ray, Speedy, Roy Don and Sonny were the fifth period on Wednesday, but where were they the fifth period on Tuesday?

Why was Janise blue over the week end? Could it be because Cotton wasn't here?

Did everyone have fun at the dance Saturday night? Everyone enjoyed "Little Elvis."

Don W., did you have a flat Saturday night, as you were saying—!!!

Seen in the Plaza Sunday night were Jana - Jimmy, Sandra - Donald, Lizzy - Sonny, Patty - Butch.

Whom does Virginia Hudgens have an eye on in Amarillo? The Scandal knows.

Is the Johnson - Barker combo going steady? The Scandal wants to know.

Seen over the holidays were Louis - Patsy, Harvey - Judy. Ray, did you get into some trouble Sunday night? Hope it wasn't serious.

Seen in Quannah Sunday night were Ginger-J. M.

Triangle of the week: Judy Hollenbough, Chester Rocoe, Sandra. LaRue seems to have a new admirer. Couldn't be Phil Westmorland from Gilliland, could it?

### Winter Management Important to Poultry Flock, Says Agent

Now is the time for poultrymen to check their management to make sure they are ready for the winter weather that lies ahead, advises Joe Burkett, County Agent.

Ventilation is one of the main things to check, says Burkett. Poor ventilation can cause trouble in laying houses. Careful attention to weather reports will enable poultrymen to adjust the poultry house ventilators before severe weather hits during sudden winter weather changes.

Draft-free circulation of fresh air is necessary to keep the little and dry litter is necessary to keep down the number of dirty eggs. The cleaning of dirty eggs requires a lot of extra labor and may seriously damage the interior quality.

Provide at least two and one-half square feet of floor space per adult bird, says the agent. Be sure each bird has at least four inches of feeder space and one inch of watering space. Each 100 birds will consume about six gallons of water per day.

Operators should provide 25 individual nests or three communal nests, two by six feet, for each 100 birds. Fill them with a three-inch layer of clean straw or other available litter. Replace any portion of the nest litter as soon as it becomes soiled.

A careful weekly check for mites will enable the poultryman to apply control treatments before a heavy infestation of the parasites can reduce egg production of the flock.

Crowell. How about this, I know Johnson and Carolyn? Quannah was over Friday night. It's a pity two girls were not home.

Seen at Vernon Saturday night were Chester - Virginia, Dee A. Kenneth, and poor old Lena Sandra. They say she makes good chaperone.

Sonny must be getting ready at the Santa Rosa eating spot afterward, they were seen at Plaza. Have fun, kids?

# The only 1958 car that offers more of everything you want... yet is priced lower than in '57

Here's great news! While prices of 1958 cars of other manufacturers are up, the price of Ford's exciting new Custom 300 Series is down. A brand-new 58 Ford Custom 300 with all of its exciting new styling and engineering advances is priced lower than a '57 model, similarly equipped!

World approved styling. A Custom 300 brings you styling that is dramatically new. With its Honeycombed grille, Slipstream roof, Deep-Sculptured rear deck, and Safety-Twin headlights and taillights, Ford styling drew admiring glances from Paris to Saigon... yet it's yours now in any 58 Ford Custom 300 without extra cost!

New handling ease. Slide behind the wheel of a Custom 300 and you'll soon discover just how much fun driving can be. Notice how smoothly it handles. That's Ford's new feather-touch Magic-Circle steering, the next best thing to power steering.

New riding comfort. Notice, too, the solid comfort of your ride. That's Ford's easier acting front and rear suspensions. They soak up the bumps before they reach you.

Thrifty, new engines. You have a wonderful choice of new, more efficient power plants... designed for real gas-saving economy plus greater performance. Six or V-8, they give you more power, smoother power, from less gas!

Priced as much as \$50 lower. A comparison of manufacturer's suggested retail delivered prices shows that a 58 Ford Custom 300 is priced as much as \$50 less than the same model for '57! You'll wonder how Ford can offer so many of the things you want in a car priced so low. One big reason: Ford gives you more car for less money because Fords sell more!

See and drive a Custom 300 and we believe you'll agree that these Fords give you more real value for your car-buying dollars than any car on the American road today.

# OUTDOORS IN TEXAS

by L. A. WILKIE

There was turkey on the Thanksgiving table of many lucky Texans this year!

Turkey season opened Nov. 16, along with the white tail deer season, in many areas of the state. Most of the birds were killed in the Edwards Plateau, better known as the Hill Country of Texas. But other spots of the state also provided a few gobblers.

With the beginning of the deer and turkey season, only one more open season is awaited by the hunters . . . quail season. It will be legal to hunt quail in most of the counties of Texas after November ends.

As new seasons come on, others pass out. It no longer is legal to kill doves in either the North or South zone.

It will be legal to kill mule deer west of the Pecos between Dec. 20-27, inclusive.

The white tail season will end Dec. 31, as will the quail season. Then it will be legal to kill only ducks and quail until Jan. 16.

After that the shotguns can be wiped clean and put away until next Sept. 1, unless you like to shoot crows.

Incidentally shooting crows at the end of the season is a good way to get rid of old shells and at the same time do your bit in killing off those black rascals.

Many towns will have crowd shoots. If you have a few crows around, get busy and organize an eradication campaign. It will pay off.

## Boat Care

Have you checked your boat lately? Most of us have been so busy with our hunting in recent weeks, that we've neglected our boats.

A visit to any boat dock area will reveal many boats with six inches of water in the bottoms. The recent rains have almost filled them.

If boats are to last a long time and give good service, they need care. Mark it on your calendar to dedicate the next pretty week end, or at least a portion of it, to checking your boat. Perhaps it might need to be hauled out for the water for a good scrub job, inside and out, or a coat of paint.

Paint is helpful to the life of a boat, as well as its appearance. You may want to dry-dock your boat for the winter, but this isn't necessary in Texas. There'll be plenty of week ends during the

winter months when you can get in some good fishing or boating.

While you're at it, check your trailer.

See that the bearings have plenty of grease and that the tires are in good condition.

**Crappie Are Plentiful**  
Most of the fish being caught now are crappie and sand bass. Every lake and stream in Texas is producing plenty of crappie. Most of them are on the small size, but they are big enough to make a good meal.

During the past year there have been many fishing barges and doughnut shaped barges built on the major lakes. They are baited down and furnish ideal spots for crappie fishing. Some of them are steam heated. There is one on Whitney that even provides TV. Other fishermen just tie their boats up to dead trees sticking out of the water, or anchor at well-marked spots and catch their crappie with minnows.

For sandies most of the fishermen right now are following the gulls and juggling. With a limit of 25 sandies you can have plenty of fun during the day.

One of the favorite lures is the Dixie Jet, which, by the way, is made at Houston. It is a spoon of exactly the right weight to get these sandies.

There is one good trick to remember, if you've never fished this way before. A light rig is very important. Say a 6 1/2-foot light action rod with a 6 to 9 pound test line. Let your lure go to the bottom, take two or three turns on the reel, quiver the rod very slightly by moving the tip slowly up and down.

The sandies hit almost invariably on the down motion. For that reason they usually are on the hook when you start the upward movement. If you aren't careful you can yank the hook out of its mouth before it has been set.

A couple of good fishermen with a little practice and a few of these Dixie Jets can fill the bottom of the boat in a few minutes of hot fishing. Try it.

## Are You Ready?

If you haven't made arrangements yet for a place to hunt quail, you'd better hurry. Every indication points to the very best season in years. There was a tremendous hatch and survival this year, of the native birds. In addition thousands of birds from hatcheries were released throughout the state.

There'll be a new quail for Texas shooters this season. It is the Coturnix. It's an Asiatic bird recently brought to this country. Several thousand were released in Texas during the late summer. They were hatched at the Game & Fish Commission farm at Tyler.

The Coturnix is a most interesting looking bird, slightly smaller than the bob, but looking somewhat like it. It is a fine bird for training dogs, but a hard bird to get up. You can almost walk on one before it will take flight.

The Coturnix is a migratory bird, however, and is expected to move about the state quite a bit. Because of this it usually can survive a drought better than the bob.

These birds all have been banded. If you get one, be sure and turn the band over to your local game warden, or send it to the commission in Austin.

# State Capitol NEWS

by VERN SANFORD, Mgr. Texas Press Association

Austin, Tex. — Both special sessions of the Legislature passed all the bills for which Gov. Price Daniel called them. Mostly, by wide margins.

Even so, final days found everyone at sixes and sevens. House members and Senators wrangled among themselves. Each house sniped at the other. And numerous lawmakers found ways to show they were put out with the governor.

Both houses gave top-sided approval to the two bills requested by the governor to bolster local control of schools. One allows closing of schools threatened with federal occupation. The other empowers the attorney general to assist local districts in fighting anti-segregation suits.

Then, another bill was proposed to allow county judges to require registration of organizations attempting to interfere with public school operations. Sponsors said it was aimed at the NAACP.

Though there seemed to be no large block of opposition to the measure itself, haggling technicalities stretched out the time table. Some legislators accused others of deliberately prolonging the session to embarrass the governor.

Each day (including week ends) made a \$11,600 bite into the governor's emergency fund. House members said Senators were sticking around to have the last word in their feud with the Insurance Department.

Whatever the cause, it seemed evident that the Texas Legislature can't be turned on and off like a faucet.

**HINDSIGHT**—Renewal of the contest over tidelands ownership brought criticism of Governor Daniel's role in the federal tidelands law.

Sen. Dorsey B. Hardeman of San Angelo said he felt Daniel should have seen to it the 1953 law recognized specifically Texas' claim to lands 10 1/2 miles out.

Daniel, then a U. S. Senator,

## In the News . . .

### 30 YEARS AGO

News items below were taken from the issue of the Foard County News of Friday, Dec. 2, 1927:

Mrs. J. R. Hutchison and her nephew, Fred Kinsey, left Sunday afternoon for San Dimas, Calif., Mrs. Hutchison's home. She had been here since April on account of the illness of her mother, Mrs. R. P. Womack.

Henry, the 8-months old baby of Mr. and Mrs. A. D. Campbell, died in the Quanah sanitarium Saturday afternoon about 2 o'clock.

Mr. and Mrs. Jim Cook returned Wednesday of last week from a business trip to Wagon Mound, N. M.

B. J. Glover, one of Foard's pioneer ranchmen, says this is the first time he ever saw mesquites putting out new leaves at this time of year.

Mrs. P. E. Moorhouse, former resident of Crowell for many years, died in Guffey, Colo., on November 1.

The 70th birthday of J. H. Self was celebrated by his wife and daughter, Miss Winnie, with a surprise birthday dinner following church services Sunday night.

Mrs. W. S. Douglas of San Angelo will open her series of art lectures that she is to give to the schools of Foard County at the County Federation meeting in the district court room December 3 at 3 p. m.

Roscoe, 7-year-old child of Mr. and Mrs. Jim Christian, died Sunday after an illness of several weeks.

On Nov. 11, 1926, 10,581 bales of cotton had been ginned in Foard County, while at the same time this year 15,520 bales had been ginned.

Glen Jones of Simmons College in Abilene, is here to spend the Thanksgiving holidays with his parents, Mr. and Mrs. W. B. Jones.

Miss Louise Johnson was at home from Wichita Falls last week visiting her mother, Mrs. Newt Johnson. She is attending a business college.

Mrs. George F. Crawford and daughter, Miss Elizabeth, of Kansas City, are here looking after real estate interests.

Mrs. Lizzie Williams and granddaughter, Miss Ruth Grimm, of Thalia were shopping in Crowell Saturday.

Mr. and Mrs. H. W. Cotner were here from Hollis, Okla., to spend Thanksgiving with her parents, Mr. and Mrs. J. C. Thompson.

sponsored the federal law. At present a federal suit challenges Texas' claim to land beyond three miles.

Daniel retorted that if Hardeman would read the bill he would find it gives each state title to boundaries "as they existed at the time such state entered the union." Texas Congress fixed the coastal boundary at 10 1/2 miles into the Gulf, said the governor.

Hardeman replied Daniel should have attached a map to the bill.

**NOT HAPPY** — Dissatisfaction of a number of Senators with the Insurance Department seems unlikely to simmer down.

Senate investigating committee indicated it is still not through with its inquiry into the Department's delay in action on an unfavorable report on Preferred Life. It recessed after hearing two assistant state auditors confirm the examiner's finding of irregularities in the company.

Sen. Grady Hazlewood stressed the committee's findings in a speech explaining why the Senate had turned down the Insurance Board's appointment of William A. Harrison as commissioner. He said the Senate felt Harrison had been remiss in not taking immediate action against the company.

Senate finance committee turned critical questions on the three board members for having questioned the Senate's right to pass on Harrison's appointment. Board members appeared to ask a bill authorizing the department to reduce the number of examiners and raise salaries.

**LAND BUY OKAYED** — Legislation moved forward another step the plan for a consolidated state government center in the heart of Austin.

Both houses passed a bill authorizing purchase of two blocks northeast of the Capitol for a Texas Employment Commission Building.

Overall plan is to ring the Capitol on three sides with five new buildings. Included will be the State Courts Building, state office building, Insurance Building, TEC Building and library and archives.

Cost is estimated at \$20,000,000. All to come from various special funds rather than general revenue.

**OIL LEASING HELD UP** — Excessive importing of foreign oil was blamed for the Texas School Land Board's decision not to hold an oil and gas lease sale in February.

Board members said the market is too depressed to make a sale worthwhile. "There's no use putting up our school lands at a cheap price to let the oil companies profit still more because of their excess imports," said Governor Daniel.

At least one large oil company has informed the state it may pay rentals on present leases of sub-merged land under protest pending outcome of a federal suit contesting state ownership of a por-

## Home Demonstration Notes

MRS. MARY D. BROWN

Here are some of the latest Christmas ideas which I have received that I thought you might enjoy.

**A CHANCE TO SPEAK** — Citizens in every county will be given a chance to say what kind of schooling is needed to equip Texas youngsters to live in a space age.

A school study committee set up by the last Legislature plans to ask local county committees to submit ideas. Called the Hale-Aikin Committee, the 24-member panel is made up of legislators and private citizens.

They've promised to heed the wants of interested citizens in the report they're to make to the next session. Already, there's been a large response.

Suggestions range from a "crash" program in science to cutting new building needs by using facilities 12 months a year.

Broad areas being explored in the study are (1) what to teach and for how long, (2) how to get teachers, (3) how to build buildings and (4) how to pay for it all.

**MONEY READY** — State Liquidator J. D. Wheeler repeated an earlier statement that he is ready to start making payments of about 33 cents on the dollar to US Trust and Guaranty Co. creditors.

He's been ready since September, said Wheeler, but a court fight among creditors has blocked action. His statement apparently was prompted by legislative criticism of "too slow" liquidation proceedings.

**SHORT SNORTS** — Texas' January draft quota will be 493 men, highest call since August, according to State Selective Service Headquarters. This compares with a call of 340 for December. Also in January, local draft boards are to send some 2,000 men for re-induction examinations . . . Travis County Judge Tom Johnson is making another try at getting the state to pay cost of returning criminals from other states.

Previous Legislature and governor cold-shouldered his pleas. Records show extraditions cost Travis County \$1,117 in 1956 . . . A 14-member citizens advisory committee named by Governor Daniel will assist the Texas Employment Commission in sorting out the various jobs of state employees. Last regular legislative session authorized formation of the committee "to develop an orderly classification plan based on actual duties and responsibilities."

**Christmas Ideas**  
Decorating the home for the holidays can be fun for the whole family. Magazines and newspapers are full of clever ideas that can be adapted to every type of home and family. Family members are sure to have some original ideas to contribute, too. Pool ideas, and plan now to give your home a "special look" for the holidays.

**Candy Wreath** — for the front door or table centerpiece. Simply cut wire and twist into a circle about 9 inches in diameter. With a narrow red ribbon, tie on cellophane-wrapped candy sticks so that they lie alternately outside and inside circle. Next, tie cellophane-wrapped hard candy balls along the wire. When finished, the wreath should look full and very colorful. The center opening should be about the size of a large (frosted) candle, if it is to be used as a centerpiece.

If wreath is hung, attach a long ribbon and tie a small pair of scissors so guests can cut off candy without destroying the wreath.

**Snowball Mobile** — for coffee or table or special arrangements. Fill a fish bowl or other similar bowl two-thirds full of water. Add moth balls to the bowl—5 balls for each cup of water. Place bowl in sink or large container and add one-third cup of white vinegar and 1 teaspoon of baking soda for each cup of water.

When fizzing stops, the "snowballs" will come to the top, sink and bob. If action slows, add one-half teaspoon of soda for each cup of water. For variety, add colored figurines in the bottom of the bowl. (Modeling clay will hold objects in place.)

**To Fire Proof Fabrics** — 7 oz. powdered borax, 3 oz. powdered boric acid, 2 qts. hot water. Mix and stir until solution is clear. Dip fabric in while dry. Al-

low fabric to dry before pressing. Fabrics must be dipped after washing.

**Mothers of Small Fry** — solve wrapping of Christmas presents by the youngsters, have general sizes and colors of paper to encourage the children to decorate the bags to suit themselves. They can tie the bags with ribbon or staple them. All the children need is a little encouragement from Mother.

**When Decorating, Remember** — It's possible to get too many of a good thing . . . All decorations should be in harmony, pleasing up a main theme or idea. Beware of a cluttered look from too much color, too many strings of lights or other objects in the "overall" picture.

**Dead Magnolia Leaves** — An excellent as the hold textured material for Christmas decorations. They can be painted very quickly and easily with enamel paint. A color may be used—depending on the effect you wish to create.

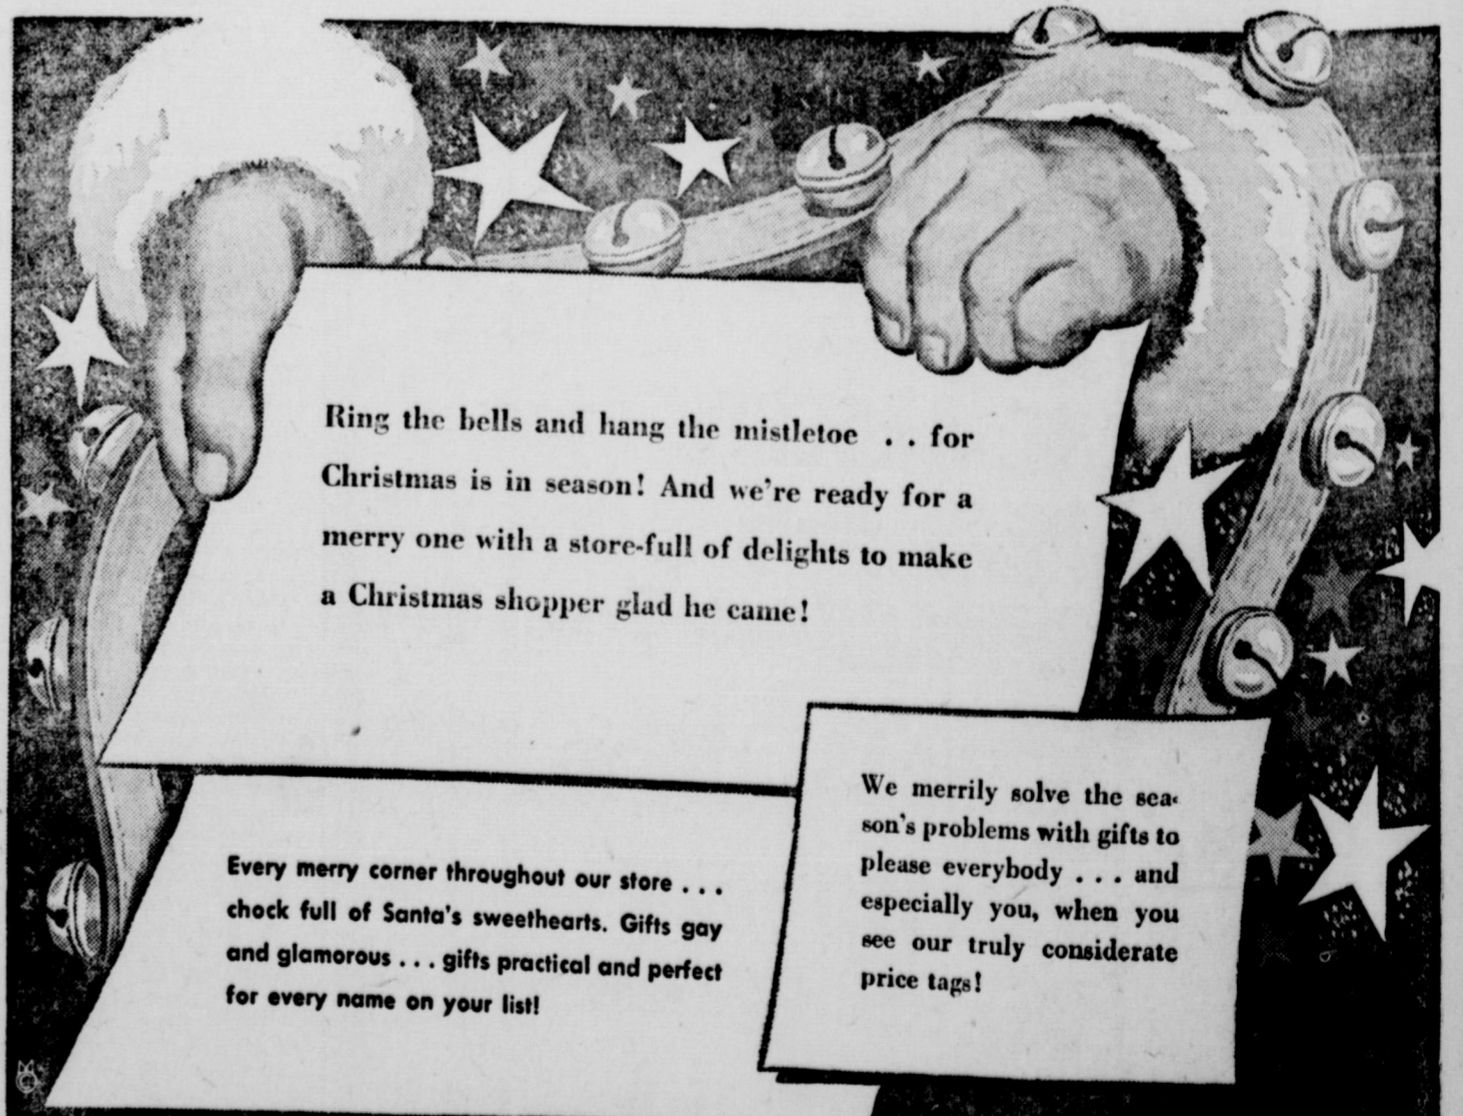

If you use red, try using a scarlet red paint to give a brilliant scarlet covering to the dead leaves. These leaves will not shrivel. They will last from one year to another. You can make beautiful poinsettias by grouping the leaves around small gold Christmas tree balls and wiring the leaves to resemble the flower. The leaves are effective, too, used as a hanging for narrow leaf evergreens as cedars, junipers and spruce.

**Bronzed Evergreens** — Are attractive used in wreaths, table centerpieces or arrangements for the holidays. Magnolia, rhododendron and laurel leaves are especially effective . . . Decorations are simple. Simply mix two parts of water to one part glycerine. Dip stems well into this solution and allow to stand for at least two weeks.

Utah, Colorado, Arizona and New Mexico join at one point.

**Coastal Fishing Reported Good**

There have been some spectacular catches of redfish, drum, and trout along the Texas coast in recent days, according to Howard Leo, marine biologist of the Game and Fish Commission. Reports indicate pier fishing around Rockport, Port Aransas, Corpus Christi, and on south to Port Isabel has yielded some heavy fish. Charter boats also have reported good catches of sheephead, trout, and reds.

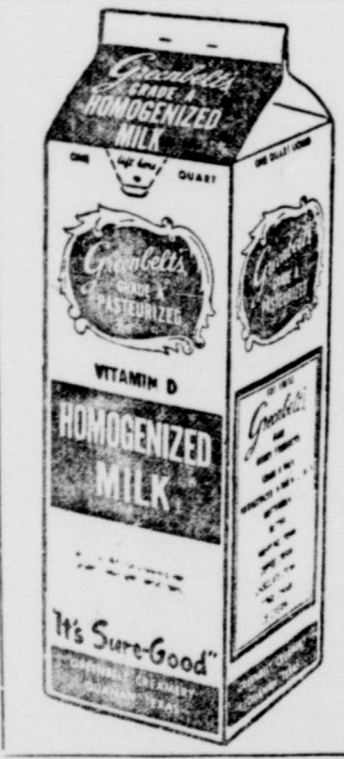

Navy ships in Operation Deepfreeze have made the deepest penetration into Antarctica's ice-clogged seas of any ships in history.

**Our Weekly Sermon**

**The Price of Peace**

The task of a peacemaker is difficult. This truth came to mind this spring when I returned to a little town on the banks of the Ohio River where I had lived as a boy twenty years before. Things had not changed too much — the big shade trees were still standing and the school bell still rang out its familiar call. The little brick church continued radiant under the watchcare of old Thad, who lived for the sole purpose of "keeping things lookin' nice for de Lawd."

As I walked along the pleasant narrow streets, each scene recalled happy memories. But then I saw a huge German police dog. He did not know me, though I suspected I was very well acquainted with his great grandfather. He was the very image of a dog I had owned by the name of Laddie.

Laddie was eccentric by all dog standards in that he loved cats. All kinds of cats—long hair, short hair, colored or spotted, big or small. He was particularly devoted to our housecat Tibbie. The two would even sleep together.

One day Laddie and Tibbie had a disagreement about something and took the matter rather seriously. I arrived on the scene in the thick of battle, and since I counted both animals friends, I tried to separate them.

Mother managed to patch me up in pretty good shape with the aid of ample iodine, lotion and yards of bandages.

Although too young to philosophize back in those days, I was able to draw a lesson from the incident two decades later: "The role of a peacemaker is never an easy one."

The Great Peacemaker, Jesus Christ, accomplished His mission at the price of His life. "For in Him all the fullness of God was pleased to dwell, and through Him

HENRY A. HOLLE, M.D., Commissioner

The curtains looked dingy, so she decided to clean them in a pan of gasoline in the bathtub. She forgot about the pilot light on the floor furnace just outside the bathroom door.

She was buried just a couple of weeks ago, this usually alert woman who was "accustomed" to doing her own dry cleaning. It happens to someone somewhere practically every day.

Many victims of home dry cleaning accidents, like the woman above, routinely used flammable liquids to clean curtains or clothes. Others were beginners, motivated by economy or convenience.

Most of them were ordinarily sensible, with full awareness of the peril of gasoline or naphtha or other dry cleaning preparations. One moment of carelessness to which we are all prone turned them from happy homemakers into sad statistics.

Explosions are only one of several risks run by the thoughtless do-it-yourself operators. Some cleaning agents are flammable; others give off injurious vapors; still others are harmful to human skin. All could be lethal if taken internally.

So inflammable is gasoline that to keep it stored at home is to openly court disaster. Gasoline emits vapors to form explosive mixtures in the air. A transient spark from a light switch or cigarette and the mixture may be ignited.

## HOME BUILDERS CIRCLE

Mrs. Helen Monkes was hostess to members of the Homebuilders Circle of the Methodist Church Tuesday night of last week.

In the opening exercises, brief business and plans for the Christmas program were discussed by the president, Mrs. J. A. Bell.

Mrs. Myrtle Vecera brought an enlightening devotional on "Giving Thanks," basing her discussion on the 8th chapter of Mark.

Mrs. Clyde James, program leader, talked on "The Best Years." Mrs. Glenn Shook gave "Let's Have the Christmas Spirit."

Mrs. Monkes served dainty refreshments to the ten members present.

## E. & P. W. CLUB

The E. & P. W. Club met November 21 at the Down Town Bible Class room with Mrs. Audrey Collins and Mrs. Olive Womack as hostesses.

A turkey dinner was served from tables beautifully decorated with baskets of fruit and arrangements of chrysanthemums and red berries.

Mrs. Womack gave the invocation. Mrs. Mae Solomon read a Thanksgiving poem and conducted several games.

Ten members and one visitor, Mrs. Bertha Burkett, were present.

## ADELPHIAN CLUB

On Wednesday, Nov. 27, the Adelpian Club met at the club house, using as its topic, "Christmas Ideas."

Miss Dorothy Erwin, president, presided over the business meeting.

Participants on the program were Miss Marilyn Hays, leader, who spoke about "Christmas Wrapping." Dye-to-match gift wrapping paper and ribbon is very popular for this Christmas season.

She displayed several unique gifts and shared some interesting gift-wrapping ideas with the group. Mrs. Henry Borchardt spoke about "holiday foods." The traditional holiday foods are always acceptable, but food, in general, has many variations. Every family has its own specialty that is used during the season.

## RUTH CLASS MEETS

The Ruth Class of the Baptist Church met in the home of Mrs. Lucille Carter on Nov. 17 with Mesdames Bernice Thompson and Wilma Cates as co-hostesses.

The meeting was opened with a prayer led by Ora Mae Fox. The president, Mrs. Thompson, presided over a short business session during which the class voted to have a party with the Homebuilders Class of the Methodist Church Dec. 6 at the Adelpian club house.

The devotional was brought by Laverne Russell on "Prayer" and the social hour was led by Ruth Goodwin and Wilma Cates. Refreshments were served to 15 members and two guests, Sybil Bell and Marjorie Ferguson.

## WEST SIDE H. D. CLUB

The West Side Club met Nov. 26 in the home of Mrs. L. G. Simmons. Mrs. Tate and Mrs. Gentry gave a demonstration on Christmas goodies. The "Christmas Goodies" were served to the club after the demonstration.

Mrs. Henry Ross gave the council report. She said that the achievement was very successful and \$15 was made on the mystery packages.

Mrs. Dunagan was elected first council delegate and Mrs. Tate was elected second council delegate.

The Christmas program will be Dec. 17 at two o'clock in the home of Mrs. Henry Ross. Everyone is invited to come and bring a gift.

## RIVERSIDE H. D. CLUB

Delicious Christmas goodies were sampled by the Riverside Home Demonstration Club ladies when they met in the home of Mrs. Sam Kuehn Tuesday afternoon, Nov. 26.

Mrs. John S. Ray and Mrs. G. C. Wesley gave the program on "Christmas Goodies — with Sugar and Spice and Everything Nice." They had scramble, orange operas, chocolate dainties, etc., prepared for their demonstration and needless to say, everyone had a "mouth watering" good time sampling and exchanging favorite Christmas recipes during the roll call. Recipe leaflets were distributed to the club by the program leaders.

Mrs. Sam Kuehn, vice president, called the meeting to order and conducted the business. The courtesy reminder was read in unison.

For the opening exercise, Mrs. Monroe Karcher read "Let's Rescue Thanksgiving" by Rev. Dr. Truman R. Douglass. Mrs. Kuehn gave the council report in the absence of Mrs. Grover Moore. Each member will bring her gift for the state hospital to the next club meeting which will be the Christmas party. It will be in the home of Mrs. John S. Ray Dec. 10 at the regular time with Mrs. Ray, Mrs. Kuehn and Mrs. Karcher as hostesses. Secret pals will then be revealed.

The treasury cake was cut and served with drinks to visitors, Mrs. Harold Hunt and daughter, Pam, and little Trudy Shultz; and to members, Mesdames Dave Shultz, John S. Ray, W. A. Mussetter, Monroe Karcher, Henry Bice, Frank Ward, Geo. Wesley, James Bowers, C. L. Adkins, Roy Ayers and Sam Kuehn.

## 1958 Farmers' Tax Guide Now Available

Farm and ranch families needing information on income and social security taxes are reminded by Joe Burkett, county agent, that the 1958 Farmers' Tax Guide is now available. Copies may be obtained from his office.

Burkett says the 64-page reference publication is not materially changed from last year's popular edition. The booklet is provided by the Internal Revenue Service and is written in easy to understand language with many income and social security tax items covered in detail. Also, a number of sample tax forms are shown for the guidance of those seeking first hand information or "know-how."

Farmers and ranchmen who keep a close watch on their business operations often find that they can do a much better tax management job when records are kept, says the agent. The new tax guide will also assist by pointing out helpful tax rights and options.

Because the supply of the Tax Guide may not be sufficient to enable every family to have a copy, Burkett suggests that the copy be shared with a neighbor.

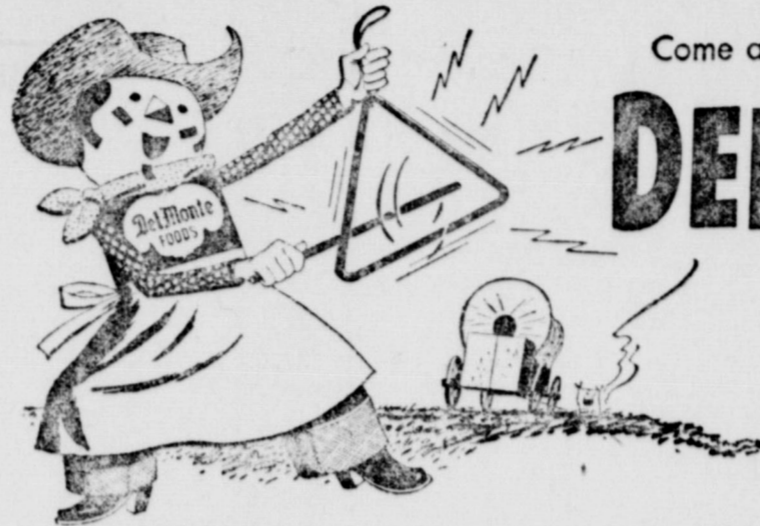

## PERFECT ALIBI

Bay City, Tex. — He wouldn't think of an alibi, but a speaker who failed to appear in Bay City traffic court explained in a letter that the Angleton sheriff wouldn't let him.

The man wrote: "I can't come over and appeal my case because I am locked up on a charge of assault to murder and the sheriff won't let me out to come. I'll just have to plead guilty and pay you when I get out of jail."

## HAZARD IN KITCHEN

Children outrank sharp knives and hot burners as a hazard in the kitchen, the National Safety Council says.
