FOARD COUNTY VOTERS CAST 1,590 BALLOTS

RUN-OFFS ON AUG. 23 NECESSARY IN COUNTY JUDGE, TAX ASSESSOR AND COMMISSIONER PRECINCT 4 RACES

The Democratic Primary in Foard County Saturday attracted 1,590 voters. This shows an unusual interest in the election since the number of poll tax payments was 1,644, or only fifty-four more than the total number of ballots cast in the twelve voting boxes of the county.

Claude Callaway was the leading candidate for county judge with 707 votes and will go into the run-off on August 23 with J. E. Acheson, the present incumbent, who received 461. M. M. Hart Jr. received 357 votes in this race.

Vernon Pyle led the field of three candidates in the tax assessor's race with 627 votes, to Pete Bell's 561 and Mrs. Ella Rucker's 377. There will be a run-off in this race. A. B. Wisdom, J. C. Hysinger and E. V. Halbert were re-elected commissioners and W. F. Thomson, the present commissioner for Precinct 4 lead the three candidates for that office and will be in the run-off with T. S. Patton. J. W. Klepper won over E. F. Henry for justice of the peace for Precinct 1 by a vote of 354 to 263.

Que Miller, sheriff and tax collector; Margaret Curtis, county treasurer; A. T. Schooley, public weigher, Precinct 1; and J. C. Thompson, county surveyor, were re-elected without opposition. A. G. Magee for county and district clerk; R. D. Oswald for county attorney; J. H. Easley for constable, Precinct 1, and R. J. Roden, constable, Precinct 5, were elected without opposition. Jonathan Bradford was elected public weigher at Margaret over W. E. Taylor, by a vote of 100 to 78. Bradford's name was written on the ballot. W. E. Pigg was elected weigher at Thalia. G. A. Shultz was elected justice of the peace at Thalia, and a run-off between J. Q. Middlebrook and W. L. Smith will be necessary to select the Margaret justice of the peace. S. T. Crews was re-elected county Democratic chairman without opposition and the following precinct chairmen were elected: N. J. Roberts, No. 2; S. M. Roberts, No. 3; Joe L. Orr, No. 5; G. T. German, No. 11; C. E. Gafford, No. 9, and G. C. Owens, No. 12. A run-off between Frank Weatherall and Preston Owens for No. 8 will be necessary.

District Offices
John Myers was elected district attorney of Foard, Hardeman and Wilbarger Counties over Jesse Owens, who carried Foard County by a vote of 945 to 565. Mr. Owens also carried Hardeman County, but lost in the district by a vote of 4,856 to 3,566.

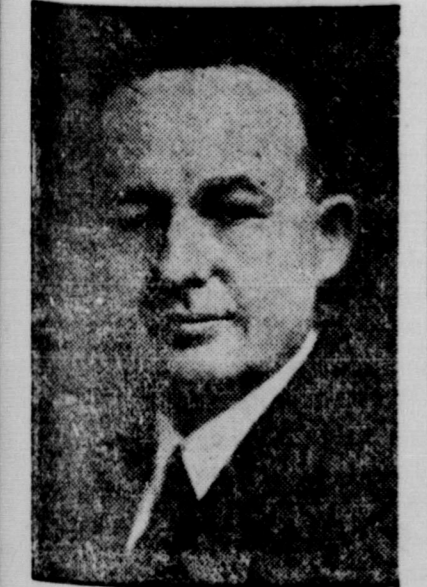

W. N. Stokes defeated L. P. Bonner for district judge by a vote of 5,054 to 3,359. Judge Stokes carried Foard by a vote of 781 to 686.

Mrs. Raspberry Wins Third in State Contest

Mrs. J. B. Raspberry of the Vivian community, district winner in the living room contest, won third place in the state contest, according to a telegram from Miss Dosca Hale, Foard home demonstration agent, who is attending the farmers short course at college station. Awards to the winners are to be made at the short course.

A total number of 873 women in 86 counties participated in the contest.

Secures Largest Vote

By securing a total of 1,067 votes in Foard County, Marvin Jones of Amarillo, candidate for re-election to Congress, secured the largest number of votes given by Foard County voters to a candidate with opposition. Mr. Jones piled up a heavy majority over his opponent, James O. Cade of Amarillo, throughout the 18th Congressional district.

Mollie Blaw of New York City, who had been visiting her father, L. Blaw, of this city returned home last week, her father accompanying her as far as Dallas.

Thalia Community Is Benefitted by Rain

Rain amounting from one-half to three-fourths of an inch fell in the vicinity of Thalia Wednesday afternoon. The rain extended from about two miles west of Thalia to a short distance across the Wilbarger line. About the same amount of rain was reported to have fallen in the Ayersville community.

A light shower fell in Crowell and other parts of the county. A small twist struck the P. H. McLain farm in the southwestern portion and wrecked a few out-houses and did some damage to the McLain residence, according to reports.

The weather for the past week has been the hottest of the year, both in Foard County and the state.

Unsigned Articles

Very often this paper receives news articles or personal items through the mail that are unsigned. In some cases people who write these communications attempt to use the newspaper as a medium in which to play a joke on some friend and the news involved is often far from the truth.

Of course there are some real news items, written in all seriousness, that come through the mail unsigned, but for such reasons mentioned above, The News must adopt a policy of refusing to use unsigned communications.

Of course we do not mean that the person's name signed to an item will be published, but in order that the authenticity of the communication may be published, all correspondence should be signed.

PAVEMENT IN FOARD COUNTY HAS HIGH TEST

THICKNESS AND STRENGTH MUCH GREATER THAN SPECIFICATIONS OF TEXAS HIGHWAY DEPARTMENT

The pavement in Foard County, from the Wilbarger line to Crowell, is of exceptionally high quality, according to tests made by the State Highway Department. Thirty-three concrete cylinders, six inches in diameter were drilled from the pavement at various points and it was found that the average thickness was six and one-half inches. A thickness of inches was required, with five and even-eighths inches as an allowable variation. There was only one cylinder in the thirty-three that was less than six inches and it was five and seven-eighths inches thick.

Three cores measured six and one-half inches; 10 measured 6 inches; 8 measured six and one-eighth inches; 7 measured six and one-fourth inches; one measured five and seven-eighths; 2 measured six and five-eighths, and 2 measured six and three-eighths inches.

A crushing strength of three thousand pounds per square inch is required by the highway department, however, the lowest breaking point on any core from the Foard County pavement that was tested was five thousand and thirty pounds and the highest was eight thousand and thirty pounds. Sixteen of the cores tested between six and seven thousand pounds and thirty between five and six thousand pounds and four tested over seven thousand pounds. The cores were taken to Austin, where they were tested for their crushing strength. Byron Reese, resident engineer for the highway department in Foard County received results of the tests this week.

Following the completion of the Foard County pavement, officials of the McClung Construction Company, contractors, stated that this pavement was the best they had ever put down and that they were of the opinion that it was as good as any pavements in the state. The recent tests seem to substantiate that fact and reflect credit on those supervising the work.

CLYDE KING SHOT MONDAY BY MISTAKE

FORMER CROWELL BOY SHOT BY JONES COUNTY OFFICERS WHEN MISTAKEN FOR HI-JACKERS

Clyde King, son of Mr. and Mrs. J. T. King of this city, and until recently a resident here is in a serious condition at a Stamford hospital as the result of being shot when mistaken for a hi-jacker while riding with another youth near Stamford Monday night. The parents of the youth went to Stamford upon being informed of the accident.

The following account of the shooting was reported in the Dallas news: Two dollars, two youths, two officers, two automobiles and then two more automobiles all figured in a sequence of accident and tragedy near here Monday night, resulting in the accidental injury of three persons in an automobile crash and the shooting and wounding by mistake of two others by a sheriff and his deputy. Those injured in the auto accident were Roy Williams, collar bone broken; his daughter, seriously bruised; a baby, thrown by the impact from the Williams car and slightly hurt. The wounded youths are Floyd McCoy, 24, shot in the right arm above the elbow, and Clyde King, 22, shot through the neck, the bullet ranging downward and possibly severing his windpipe. King's condition is serious.

Former Resident of Foard County Died Last Friday

Mr. and Mrs. T. D. Roberts and little daughter and Mr. and Mrs. H. L. Kimsey and son, James Henry, left Wednesday evening of last week at 9 o'clock for Amistad, N. M., in answer to a message that Mrs. L. F. Roberts was not expected to live. It was a little more than 24 hours after they arrived that death came, the hour being 8 o'clock Friday evening. Interment took place in the Amistad cemetery Saturday afternoon at 2:30.

Mrs. Roberts' maiden name was Minerva Kimsey, but after having come to Texas in the year 1900 she was called "Minnie," and went by that name thereafter. She was born at Hiawassaw, Ga., July 15, 1881, and died July 25, 1930, being 49 years and 10 days of age at the time of her death. At about 15 years of age she was converted and joined the Baptist church, remaining a loyal member thereafter until death.

The deceased was married to Lemuel Raris Roberts August 6, 1905 and until about 12 years ago the home was in Foard County but at that time they moved to Amistad, N. M., where they made the home afterwards and where the husband and two surviving children still reside.

Mrs. Roberts is survived by her husband, L. F. Roberts, and by two children, a son, Delton, 20, and a daughter, Maxine, 15. The first child born, a son, died in infancy. She is survived by several brothers and sisters in Georgia and Texas, but distance was so great as to forbid all attending the funeral services, except H. L. Kimsey and wife and son. W. W. Kimsey of this place is also a brother but was unable to be present.

All Mr. Roberts' brothers and the only sister were present at the services. These are, T. D., Elmer, Wood, all of Foard County, O. O., N. M., and Mrs. Walter Long of Post. The wives of T. D. and O. O. Roberts were also present. Besides these, distant relatives and a host of friends and neighbors at Amistad, Clayton and Naravisa, N. M., were present at the funeral services, which were conducted by Rev. McLaughlin, pastor of the Baptist church at Clayton. The services were held at the U. B. Church at Amistad.

Mrs. Roberts has many warm friends at Crowell and Thalia who will regret to learn of her death.

Miss Fern Nicholson Wife of Ralph McKown

Miss Fern Nicholson, daughter of Mr. and Mrs. C. L. Nicholson of this city, became the wife of Ralph McKown of Hobbs, N. M., and son of Jim McKown of Crowell, in a wedding at Frederick, Okla., last Friday. They are making their home in Hobbs, where Mr. McKown is a filling station operator.

Mrs. McKown has spent most of her life in Crowell and Foard County and is a graduate of Crowell High School. She later spent four years in the teachers college at Denton and has taught for five years in Foard County schools, including Vivian, Good Creek and Beaver. She will teach in Good Creek school during the coming year.

Mr. McKown resided in Crowell until about eleven years ago when his family moved to Clovis. He graduated from the high school there.

Both have many friends here whose best wishes are with them for a happy married life.

Leads in Foard

Securing more votes in Foard County than all other candidates for governor put together, Clint Small of Wellington led the ticket in Foard County with a total of 850 votes. He ranked third in the state, but first in most West Texas Counties.

MA FERGUSON AND STERLING INTO RUN-OFF

UNUSUAL INTEREST OVER STATE EXPECTED IN RACE TO SELECT TEXAS' NEXT GOVERNOR ON SATURDAY, AUGUST 23RD

Ma Ferguson was the leading candidate for governor in the Democratic primary securing 227,883 votes, according to latest reports, 67,894 more than the vote given R. S. Sterling, who will be in the run-off against her. Clint Small was third in the race with 131,380 votes. A total of 784,574 votes in the state had been accounted for up to Wednesday.

Pat Neff lacks only 8,209 votes of having a majority over his opponents, Hatcher, Patton and Johnson. Standing of the other races follow: United States Senator—Sheppard 459,652, Henry 150,573, Mitchner 34,758.

Lieutenant Governor—Witt 154,647, Strong 147,345; Parnell 103,453, Rogers 74,885, Darwin 67,244, Arnold 41,408, Hair 38,971.

Attorney General—Allred 254,779, Bobbit 230,345, Storey 109,270, Becker 62,457.

Comptroller—Sheppard 410,837, Mills 204,213.

Treasurer—Davis 186,288, Lockhart 162,892, Ball 106,942, Christian 81,876, Clark 81,855.

Commissioner of Agriculture—McDonald 162,411, King 120,125, Freeman 101,275, West 71,050, Maddux 69,157, Walker 62,132.

Land Commissioner—Walker 333,146, Johnson 165,141, Burks 93,012.

Supreme Court, Chief Justice—Cureton 380,965, Thomas 228,975.

Criminal Appeals Judge—Lattimore 358,838, Stephens 258,519.

CROWELL GIRL DIED IN DALLAS MONDAY NIGHT

MISS LENORA FAY THOMPSON TAKEN BY DEATH WHILE ON VISIT; FUNERAL HELD AT BAPTIST CHURCH WEDNESDAY

The death of Miss Lenora Fay Thompson at Dallas Monday night at 11:40 p. m. came as a shock to her many friends here. Lenora was the 15-year-old daughter of Mr. and Mrs. J. E. Thompson of this city and had left here recently with her sister, Annie, for a visit in Dallas. She became ill Saturday and Monday her condition became so serious that she was removed to the Methodist Hospital, where it was found that her appendix had burst.

Fully realizing that death was close at hand she bravely retained a very cheerful attitude, told of final messages that she wished to be given to relatives and friends and then died with a smile on her face.

Lenora was born near Linden, in Cass County, on April 23, 1915, and has lived here since she was eight months of age. She finished the ninth grade in Crowell High School last year. She was a devoted church worker and became a member of the local Baptist church in September, 1926. A few months previous to that time she was awarded a diploma for completing a course in B. Y. P. U. work. At the time of her death she was secretary-treasurer of her Sunday School class.

Everyone loved Lenora for her sweet disposition and kind nature and her removal by death brings a loss that will not be soon forgotten.

Funeral Services

Funeral services were held Wednesday afternoon at the Baptist church with Rev. Woodie W. Smith officiating. Interment followed in the Crowell cemetery. Pall bearers were, Elbert Griffith, R. J. Thomas Jr., Robert Oswald, Ragsdale Lanier, Guy Todd and Charlie Ashford. Flower girls were, Misses Eula Ribble, Mable Lee Eddy, Ophelia Diggs, Catharine Ferguson, Sallie B. Sparks and Bessie Francis.

The body was brought to Crowell from Vernon where it arrived by train early Wednesday morning. It was accompanied from Dallas by the mother, Mrs. J. E. Thompson, and sisters, Mrs. Howard Williams of Thalia and Miss Annie Thompson. Mrs. Williams and Mrs. Thompson left for Dallas upon receipt of a message of the girl's serious illness but death came before their arrival.

Lenora is survived by her parents, five sisters, Miss Annie Thompson, Mrs. Howard Williams, and Misses Ila Mae, Ocie Pearl and Maxine, and three brothers, Lawrence of Chicago, Ed J. of Denison and Rayo of Crowell. All were present for funeral except Lawrence.

Other relatives and friends present for the funeral were: Mrs. S. J. Thomas of Linden, grandmother; Johnnie Thompson of Denison, cousin; Ferris Thompson of Vernon, cousin; Mr. and Mrs. Max Miller, Childress; Mrs. A. Harvey and daughter, Adeline, Denison; Mrs. Mrs. Jack Dunlap, Vernon; Jess Campbell, Fort Sill; Mr. and Mrs. John Wharton, South Vernon; Mrs. Ed Thompson, Denison, and Howard Williams of Thalia.

County Tax Rate Reduced 19 Cents For Coming Year

The commissioners court of Foard County met Monday for the purpose of setting the county tax rate. The rate was reduced from \$1.60 to \$1.41, a reduction of nineteen cents on the hundred dollar valuation.

The special road and bridge tax for each precinct of fifteen cents remains the same, bringing the total county rate to \$1.56 compared with \$1.75 last year. The maintenance fund of fifty-eight cents of the county rate is divided as follows: public building—21c; general fund—25c; jury fund—7c. This leaves a sinking fund of 88c.

Former Crowell Boy Died at Bailey Sat.

Truman Oakley, 22, of Greenville, Texas, and a former resident of Crowell, died at the home of his parents, Mr. and Mrs. J. W. Oakley, near Bailey, Texas, Saturday, July 26. He was employed by Hanes-Rasor Gro. Co. of Crowell in 1928. At the time of his death he was employed by the Hicks Rubber Company at Greenville. The death was caused by abscess on the eye which later caused blood poisoning.

He is survived by his wife, whom he married June 7, 1929. Her maiden name was Miss Fannie Harris and her original home was in Celeste, Texas. He is also survived by his parents, one brother, Bures Oakley and three sisters, Miss Oner Grace Oakley, Mrs. Lloyd McCandless of Bailey, Mrs. Walter Smith of Crowell and four half brothers: A. H. Oakley of Bailey, E. C. Hargrove of Crowell, John Hargrove of Lorenzo, George Hargrove of Iraan, Texas; and five half sisters: Mrs. Susie Harris of Kinifox, Oklahoma, Mrs. Lee Clark of Tishmengo, Oklahoma, Mrs. Pearl Huckabee of Crowell, Mrs. Lura Rodgers of Wolf City and Mrs. I. Nesbitt of Bailey.

Rev. Truc B. Randolph of Bonham preached the funeral. The remains were laid to rest in the White Rock Cemetery.

Truman was converted and joined the Baptist church at the age of 18 and was a great lover of his church work.

He has many friends of Crowell and Foard County who will long remember him.

Republicans Hold Primary for First Time in Foard Co.

The first Republican primary in the history of Foard County was held Saturday with one voting box, located in the Russell building. John E. Bell, county Republican chairman, J. G. Coffey and W. B. Griffin were in charge of the election in which twenty-two ballots were cast.

The following candidates secured a majority vote here: C. O. Harris, U. S. Senator; H. E. Exum, governor; M. H. Thomas, lieutenant governor; Wayland H. Sanford, attorney general; L. J. Benckenstein, railroad commissioner; W. D. Girard, justice, court of criminal appeals; P. C. Beard, commissioner of the general land office; C. W. Johnson, treasurer; Mrs. Hallet Reynolds, superintendent of public instruction; A. F. Brock, commissioner of agriculture; and Charles W. Beck, comptroller of public accounts.

Mr. Bell was elected county chairman and is now serving his twenty-fifth year in that capacity. The decision to hold the primary was made too late to have it announced in last week's issue.

STERLING IS SUPPORTED BY DR. KINCAID

LOCAL LEGISLATOR THINKS TEXAS HAS RARE OPPORTUNITY OF SECURING AN EXCELLENT GOVERNOR IN STERLING

"With R. S. Sterling as one of the candidates in the run-off, Texas has the rare opportunity of electing a real business man and statesman as governor," stated Dr. R. L. Kincaid

R. S. STERLING of this city, representative from the 114th District in the Texas Legislature, when interviewed regarding the governor's race Wednesday.

Dr. Kincaid is a strong Sterling man and is not hesitant in letting the people know of this fact and the reasons that he is pushing Sterling's candidacy for governor.

"One of the principal reasons," said Dr. Kincaid, "that I am for Sterling is because he is a business genius. In the past four years he has developed one of the finest highway systems that it is possible to develop. Four years ago we really had no highway system and even the

S. J. R. No. 2 PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.

Be it resolved by the Legislature of the State of Texas, that Art. V of the Constitution of Texas shall be amended by adding a new section to be known as Section 3a, to read as follows:

"Section 3a. The Supreme Court may sit at any time during the year at the seat of government for the transaction of business and each term thereof shall begin and end with each calendar year."

Section 2. That Section 3 of Art. V of the Constitution of Texas shall be amended by repealing the sentence of said section which reads: "The Supreme Court shall sit for the first Monday of October in each year until the last Saturday in June of the next year, inclusive, at the Capital of the State."

Section 3. If the Constitution shall not have been previously amended so as to provide that the Supreme Court shall be open at all times, then, in that event the foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State, at an election to be held on the first Tuesday after the first Monday in November, A. D. 1930.

(A correct copy.) JANE Y. McCALLUM, Secretary of State.

H. J. R. No. 11 PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article VII of the Constitution of the State of Texas be amended by adding thereto Sec-

tion 16, which shall read as follows: "Section 16. All land mentioned in Sections 11, 12 and 15 of Article VII, of the Constitution of the State of Texas, now belonging to the University of Texas shall be subject to taxation for county purposes to the same extent as lands privately owned; provided they shall be rendered for taxation upon values fixed by the State Tax Board; and providing that the State shall remit annually to each of the counties in which said lands are located an amount equal to the tax imposed upon said land for county purposes."

Sec. 2. The foregoing Constitutional amendment shall be submitted to the qualified electors of the State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1930. (A correct copy.) JANE Y. McCALLUM, Secretary of State.

Section 1. That Article VII of the Constitution of the State of Texas be amended by adding thereto Sec-

tion 16, which shall read as follows: "Section 16. All land mentioned in Sections 11, 12 and 15 of Article VII, of the Constitution of the State of Texas, now belonging to the University of Texas shall be subject to taxation for county purposes to the same extent as lands privately owned; provided they shall be rendered for taxation upon values fixed by the State Tax Board; and providing that the State shall remit annually to each of the counties in which said lands are located an amount equal to the tax imposed upon said land for county purposes."

Sec. 2. The foregoing Constitutional amendment shall be submitted to the qualified electors of the State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1930. (A correct copy.) JANE Y. McCALLUM, Secretary of State.

S. J. R. No. 2 PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article VII of the Constitution of the State of Texas be amended by adding thereto Sec-

tion 16, which shall read as follows: "Section 16. All land mentioned in Sections 11, 12 and 15 of Article VII, of the Constitution of the State of Texas, now belonging to the University of Texas shall be subject to taxation for county purposes to the same extent as lands privately owned; provided they shall be rendered for taxation upon values fixed by the State Tax Board; and providing that the State shall remit annually to each of the counties in which said lands are located an amount equal to the tax imposed upon said land for county purposes."

Sec. 2. The foregoing Constitutional amendment shall be submitted to the qualified electors of the State at the next general election to be held throughout the State on the first Tuesday after the first Monday in November, 1930. (A correct copy.) JANE Y. McCALLUM, Secretary of State.

S. J. R. No. 2 PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article VII of the Constitution of the State of Texas be amended by adding thereto Sec-

tion 16, which shall read as follows: "Section 16. All land mentioned in Sections 11, 12 and 15 of Article VII, of the Constitution of the State of Texas, now belonging to the University of Texas shall be subject to taxation for county purposes to the same extent as lands privately owned; provided they shall be rendered for taxation upon values fixed by the State Tax Board; and providing that the State shall remit annually to each of the counties in which said lands are located an amount equal to the tax imposed upon said land for county purposes."

THE AGRICULTURE DEPARTMENT HAS CLASSIFIED WATERMELONS AS A VEGETABLE INSTEAD OF A FRUIT, AND NOW PROBABLY THE BUREAU OF MINES WILL CLASSIFY CANTALOUPE AS MINERAL.

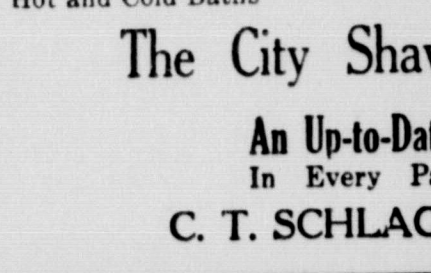

The Agriculture department has classified watermelons as a vegetable instead of a fruit, and now probably the Bureau of Mines will classify cantaloupes as mineral.

MEETING THE NEEDS OF MILLIONS OF PEOPLE

The low-priced automobile has brought greater opportunity and added hours of recreation to millions of men and women.

BECAUSE the automobile is such an important factor in the lives and prosperity of so many people, the purpose of the Ford Motor Company is something more than the mere manufacture of a motor car.

There is no service in simply setting up a machine or a plant and letting it turn out goods. The service extends into every detail of the business — design, production, the wages paid and the selling price. All are a part of the plan.

The Ford Motor Company looks upon itself as charged with making an automobile that will meet the needs of millions of people and to provide it at a low price. That is its mission. That is its duty and its obligation to the public.

The search for better ways of doing things is never-ending. There is ceaseless, untiring effort to find new methods and new machines that will save steps and time in manufacturing. The Ford plants are, in reality, a great mechanical university, dedicated to the advancement of industry. Many manufacturers come to see and share the progress made.

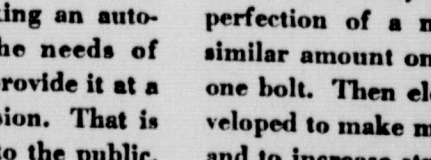

The greatest progress comes by never standing still. Today's methods, however successful, can never be taken as wholly right. They represent simply the best efforts of the moment. Tomorrow must bring an improvement in the methods of the day before.

Hard work usually finds the way. Once it was thought impossible to cast gray iron by the endless chain method. All precedent was against it and every previous experiment had failed. But fair prices to the public demanded that wasteful methods be eliminated. Finally the way was found.

A better way of making axle shafts saved thirty-six million dollars in four years. A new method of cutting crankcases reduced the cost by \$500,000 a year. The perfection of a new machine saved a similar amount on such a little thing as one bolt. Then electric welding was developed to make many bolts unnecessary and to increase structural strength.

Just a little while ago, an endless chain conveyor almost four miles long was installed at the Rouge plant. This conveyor has a daily capacity of 300,000 parts weighing more than 2,000,000 pounds. By substituting the tireless, unvarying machine for tasks formerly done by hand, it has made the day's work easier for thousands of workers and saved time and money in the manufacture of the car.

All of these things are done in the interest of the public — so that the benefits of reliable, economical transportation may be placed within the means of every one.

GAMBLEVILLE
(By Special Correspondent)

Mr. and Mrs. Dave Sollis and children, Mr. and Mrs. Vernon Pyle and family, Mr. and Mrs. Cecil Starnes, Mr. and Mrs. Hubert Carroll, Mr. and Mrs. Loyd Owens, Mr. and Mrs. Albert McWilliams, Mr. and Mrs. Lewellyn Morgan, Mr. and Mrs. Greenhouse, Bert Walton, Henry Campbell and Mr. and Mrs. Mrs. C. W. Carroll and family went to the candidate speaking at Crowell last Thursday night.

Mrs. J. C. Starnes of Thalia visited Mrs. E. C. Hargroves Tuesday afternoon.

Mrs. C. D. Hall and children of Black visited their daughter and sister, Mrs. Claudius Carroll, Thursday and Thursday night.

Mr. and Mrs. Charlie Farris and sons of Florida visited Mr. and Mrs. Jim Bailey and family Thursday.

H. E. Bothe's brother from Denison is visiting them this week.

Mr. and Mrs. Bledsoe and family went to church at Margaret Sunday night.

Mr. and Mrs. Claudius Carroll visited Mrs. Carroll's parents, Mr. and Mrs. C. D. Hall, of Black Friday night.

Mrs. Nina Chandler from Olney and Mrs. D. W. Pyle of Crowell visited Mr. and Mrs. Vernon Pyle Sunday afternoon.

Prebble Bailey and Louise Pyle visited Louise's grandparents, Mr. and Mrs. M. F. Meadors, of Crowell Saturday.

Mr. and Mrs. Edward Brock, Mrs. Mollie Free, Mr. and Mrs. Hubert Carroll and Mr. and Mrs. Claudius Carroll and Henry Campbell attended the ball game at Four Corners Sunday afternoon.

Mr. and Mrs. Sherman Nichols and children of Black spent Saturday night and Sunday with Mrs. Nichols' sister, Mrs. F. J. Jonas.

Rev. B. J. Osborn of Crowell preached an interesting sermon here Sunday afternoon.

Mr. and Mrs. Olin Turner and daughter, Edith, went to church at Thalia Thursday night.

Mr. and Mrs. Loyd Owens attended church at Margaret Sunday night.

Mr. and Mrs. Marvin Oldham and

family of Paducah visited Mr. and Mrs. V. V. Vaden and family Sunday.

Mr. and Mrs. Leo Hlavaty of Thalia visited Mr. and Mrs. Ray Hysinger Saturday.

Ruby and Ruth Pauley of Margaret and Mr. and Mrs. Sherman Nichols and children of Black were visitors at Sunday School Sunday morning.

Mr. and Mrs. Dave Bailey of Foard City visited Mr. and Mrs. Jim Bailey and family Sunday.

Mr. and Mrs. E. M. Gamble and daughter, Hazel, and Mr. and Mrs. Albert McWilliams visited Mrs. Gamble's and Mrs. McWilliams' parents, Mr. and Mrs. R. Husky, of Thalia Sunday.

Mr. and Mrs. Lee Morgan and son, Melvin, went to church at Thalia Wednesday night.

E. C. Hargroves, John Hargroves, Mrs. Mack Huckabee and Mrs. Walter Smith went to Greenville Sunday on account of the death of their brother, Truman Oakly.

Newt Garrett and wife of Chickasha, Okla., and Mrs. Bertha Meadors of Crowell visited Mr. and Mrs. Vernon Pyle and family Friday.

Mr. and Mrs. G. Y. Carroll of Crowell attended church here Sunday night.

Mr. and Mrs. C. A. Castleberry and children visited Mr. and Mrs. Joe Aldridge of Ayersville Sunday.

J. R. Gamble and Anderson Gamble of Crowell visited Mrs. Mollie Free and family Monday morning.

Mr. and Mrs. F. A. Davis, Misses Virginia Sue and Catherine Crowell and Mr. and Mrs. Frank Crews of Crowell attended church here Monday night.

C. W. Carroll and son, Elton, made a trip to Vivian Tuesday.

Lad Acts as Human Fishing Tool to Bring Bit Out from Oil Well

Rio Grande City, Tex., July 30, (UP).—Nerve beyond the usual attribute to a 12-year-old lad was required for the hazardous feat of descending 235 feet into the earth to fish for an oil well bit—a task John Dickson executed without ado.

His father, J. L. Dickson, driller of the McClain No. 1 in the Starr County wildcat field, lost the bit. The youngster volunteered to go down and hook a line on it. He put a foot in the loop of a cat line and was dropped out of sight in the 16-inch hole. The well had not been cased,

and danger of a cave-in was imminent.

Johnny came up smiling, and drilling was resumed shortly thereafter.

MARGARET
(By Special Correspondent)

Mr. and Mrs. V. A. McGinnis, Mrs. A. L. McGinnis and daughter, Mildred, spent last week last week in Sulphur, Okla.

Mr. and Mrs. Jonathan Blevins and children of Ft. Worth were here last week visiting relatives.

Rev. R. Y. Bradford of Stinnett, Texas, was here Friday night for a short visit with his mother, Mrs. Suddie Bradford.

Mrs. Mary Hunter and daughter, Juanita, have returned home from a visit with their daughter and sister, Mrs. Harvey Blevins, at Big Spring.

C. B. Graham, John Kerley and Rev. John G. Clark and C. V. Allen of Crowell were business visitors in Quanah Wednesday of last week.

Mr. and Mrs. Loyd Owens and Mr. and Mrs. McWilliams of Gambleville attended church here Sunday night.

Clyde Hollingsworth of Memphis was here the first of the week visiting friends.

Johnny Lee Briscoe of Acme is spending the week with his grandparents, Mr. and Mrs. J. F. Russell.

Miss Irene Nichols of Black spent a few days last week with her cousin, Miss Lorene Boman.

Miss Alma Mae Hudgens of Thalia visited Miss Evelyn Payne and attended church here Thursday night.

Born to Mr. and Mrs. M. B. James Wednesday, July 23rd, a girl, Ima Mae.

Mrs. Bryan Blevins and son, Kenneth, and daughter, Doris Nell, and Misses Maxine Blevins and Eunice Blevins of Ft. Worth were shopping in Vernon last Wednesday.

Mr. and Mrs. Otho Ferguson and little daughter of Crowell spent the week-end with Mr. and Mrs. Roy Hairston.

Mrs. Cora Bradford of Crowell spent the week-end with relatives here.

Claude Broadus of Chillicothe is visiting in the home of Mr. and Mrs. E. E. Broadus.

Mr. and Mrs. Eric Wheeler and son of Thalia visited Mr. and Mrs. C. L. Cavin Sunday afternoon.

Misses Cora and Ola Carter of Crowell attended church here Friday night.

Dennis McGill of Amarillo is visiting relatives and friends here.

Mrs. Arthur McMillan and little daughter of Crowell visited her parents, Mr. and Mrs. Silas Moore, Sunday.

Mr. and Mrs. Fred Riethmayer and daughter, Mary, have returned from a trip to California. They report a very enjoyable trip.

Mrs. M. O'Connell and daughter, Elizabeth, of Crowell were visiting relatives and friends here last Tuesday afternoon.

Mrs. Suddie Bradford spent last week in Electra visiting her daughter, Mrs. Clint Arnwine, and family. Faye Ingle spent Friday night with her sister, Mrs. Luther Denton, of Crowell.

Mr. and Mrs. John Taylor and sons, Raiburn and H. A., of Chillicothe spent Sunday in the home of Mr. and Mrs. G. C. Wesley.

Mr. and Mrs. T. J. Priest and children of Vernon spent Sunday with her mother, Mrs. Stephens, who is ill.

Mrs. Mozetta Cherry has returned home from a visit with her mother who lives at Bowie.

The Methodist ladies missionary society met for a social hour at the home of Mrs. W. T. Dunn Monday.

Raymond Sikes and Felix Bagley made a trip to Quanah Monday morning.

Misses Mattie Russell and Alta B. Tamplin, Mr. and Mrs. Greer Reinhardt of Los Angeles, Calif., were Vernon visitors Wednesday night.

Grandma Bond returned home Wednesday from Memphis where she had been visiting relatives. Her son, Alf, accompanied her home and visited here a few days.

Earl, Pauline and Paul Hembree of Dimmitt, Texas, are here visiting relatives.

Miss Blanche Hayes of Crowell was here during the week-end visiting friends.

Mr. and Mrs. J. C. Wozencraft and children of Crowell spent Sunday in the home of Mr. and Mrs. W. L. Smith.

Lee Hembree and wife moved to Dr. Hill's place south of Crowell last Friday.

Lois Stokes spent a few days in Vernon last week.

Billy Jake Middlebrook, William Bradford and L. S. Bledsoe went to Lake Kemp fishing last week.

Mr. and Mrs. Ben Stokes spent Sunday visiting relatives in Vernon.

Mesdames Bill Murphy, Alton Owens and Horace Stephens visited Mrs. Luther Denton at Crowell last Thursday.

Oliver Henderson and family and Clannon Crocker spent Saturday night with Edgar Henderson and family at Medicine Mound.

L. Kemp and family, Carl Roberts and family, Ernest Churchwell and family, Homer Bothe and family and Fred Wilson and family of Dallas went on a picnic near Quanah Saturday.

Mrs. Mattie Bryant and children of Roswell, N. M., are visiting her parents, Mr. and Mrs. Frank Dunn.

Mr. and Mrs. John Bailey of Medicine Mound visited Mr. and Mrs. Z. D. Shaw Sunday.

Mr. and Mrs. Herman Gloyna and children of Rayland were Margaret visitors Saturday.

Jack Russell was a Quanah visitor Friday.

John Kenner, Jack Russell, Cecil Moore, Billy Jake Middlebrook, Carl and William Bradford visited friends in Vernon Sunday.

Mr. and Mrs. John Kerley and son, Willard, and Fred Priest attended church at Thalia Monday night.

The Wilbarger-Foard Baptist Workers Council met at the Margaret Baptist church Tuesday. A large crowd was present and the day was spent in a very enjoyable way.

Misses Mildred Cogdell, Emily Purcell, Bernice and Dorothy Coffey of

GOOD INSIDE AND OUT

Rexall Milk of Magnesia
Full Pint 39c

Some member of the family is suffering from sunburn. There's nothing in the house that will give relief. Just bring out the bottle of Rexall Milk of Magnesia on which you depend for relief from indigestion and constipation. Apply it liberally to the sunburned skin. Relief will be almost instantaneous. Sold only at Rexall Stores.

Ferguson Brothers

Crowell attended church here Tuesday night.

A large group of young people, Rev. and Mrs. A. O. Hood and Grady Morton of Abilene enjoyed a picnic near the Quanah bridge Tuesday afternoon. The picnic was a result of the contest held in the young people's prayer meeting during the Methodist revival.

Eight million dollars will be spent by the Texas and Pacific railway at Port Worth, Texas, for improving railway crossings.

In 1800, when the United States had 5,000,000 population, Europe only had 150,000,000.

The elemented rhenium, discovered by Noddack and Tacke, was named after the Rhine river.

One Paris hotel will run an airplane taxi service for the guests.

Nearly 150 different woven fabrics are made from cotton.

Crowell, Texas, August 1, 1930

PROSPERITY

Everybody is agreed that prosperity is on the way, but thus far a great many prophecies as to the day and the hour of arrival has gone amiss.

Recent newspaper articles, however, afford every evidence that the hour approaches.

Newspaper advertising lineage, always first to reflect a business depression and first to herald prosperity's return, reached the bottom of the downward path which began last October and in April showed definite signs of recovery.

Especially significant, however, is the fact that the dailies referred to here all showed gains for April, 1930, over April, 1929. While definite reports have not yet been received, it is thought that May and June will show comparable progress.

Another happy sign is the state's recovery in building and construction lines. In May, 1930, contracts were let for \$14,368,300 worth of new construction; in June the total reached \$28,692,000—nearly twice as much.

With building material cost at slightly lower level than obtained last year, it is obvious that in construction lines more employment is being given more people.

The fact that the First District of Texas paid to the Federal Collector of Revenue some \$22,000,000 in the fiscal year of 1930 as compared to \$21,000,000 in 1929, is cited by some newspaper editors as further evidence of an early return of prosperity.

Unusual activity in the Rio Grande Valley section of the state, tremendous railroad construction scheduled to begin immediately in West Texas, and increased highway construction provided for throughout the whole state, also points to increased prosperity.

All-time records for port activity in Houston were tumbled down last week when a single day witnessed the

arrival and departure of 38 sea-going vessels. Corpus Christi, Galveston, Freeport, and the Sabine ports report similar increase in activity.

Wherefore most Texas editors agree that the tide of prosperity once more rolls over the empire which is Texas, and the general business will soon feel the salutary effect of increased wages being paid to more workers over the length and breadth of Texas' wide domain.—Editorials of the Month.

SPARE TIME THOUGHTS

When you put your thinking cap on after the evening meal, what is the trend of your thoughts?

High price of everything you use. Business stagnation. Granting promotion agents.

Boose scandals. Divorces in high life. Murders and robberies.

These are a few of the thoughts that flit through the average mind, with their long trail of dissatisfaction and disgust.

Try a change of thoughts for a few evenings—something along these lines:

Is the home life what it should be? Is the proper amount of care and supervision being exercised over the growing children?

Are the best efforts being put forth for the improvement of conditions in the home community?

Does the proper spirit of amity and unity prevail among the business interests of our town?

Are you a booster of the home town or are you a critic?

Thoughts often come unbidden, but is not difficult to divert them to certain lines if one so desires.

Try it for the welfare of those about you.

It may result in greater peace of mind for yourself.

TROUBLESOME INSECTS

If you see "flying ants" swarming in your house, just rest assured that you are infected with termites and get busy. For in time they will eat the walls from around you, the foundation from under you and the roof from over your head.

The bureau of entomology of the U. S. department of agriculture says there is no need to be alarmed when the aviator ants move on you in squadron form, because they make their actual attack on houses subterraneously, which makes them all the more dangerous.

Under favorable conditions they are as destructive to wood as rust is to steel and iron, but their attacks are easily prevented by following a few precautions which are recommended.

In general, the bureau advises that all wood in direct contact with the earth should be impregnated with coal or creosote or else such contact should be avoided by foundations of

concrete or stone. Brick is not advisable in foundations unless capped and faced with concrete, because the fermites are able to burrow into the mortar after a few years. While fermites can not be driven out of their habitations in wood with insecticides or fumigation, they can be killed off by introducing concrete or treated wood insulation between the building and the ground at all foundation or post contacts, as they can not live without the moisture that can be secured through their passageways into the ground.

Each spring and fall the termites emerge from the wood work of infested buildings as "flying ants" and this swarming may be the first indication of their presence. Prompt action on the first appearance of the ants may avoid much damage, but their continued boring, minute tunnels in sills, posts, joists, etc., is certain to result eventually in important damage.

While the termites are insectorial aviators at one stage of their careers, aviation is merely a means of locomotion and not of attack.

SIGNED PAPERS

A responsible man puts his name to a piece of paper and it becomes a check—the equivalent of money.

He signs his name on the back of another piece of paper and it becomes an endorsed note—good for money.

He writes a letter, signing his name and it becomes a binding contract.

The adding of names makes things solemn and legal obligations.

The man who signs is responsible. Just so with an advertisement—the moment a man signs his name to it he has made a pledge to the public.

He is bound by his word just as much as if he signs a check or a note. He must do what he promises on the terms he promised.

If he does not, he courts business disaster. The man who advertises a lie publicly proclaims himself a liar. Such men are seldom in business, may be frequently in the asylums.

It is safer to buy advertised articles than nondescript ones. It is safer to deal with merchants who advertise than those who do not.

United States government had cut Texas off from federal aid on account of the deplorable condition existing in the highway affairs of the state.

"One of the biggest projects ever developed in Texas, the building of the canal makes, the governor's chair. Of course anyone can spend that much money but it takes a business man to spend it effectively. Since 1917 the per capita cost of government in Texas has increased from \$4.59 to \$12.85 in 1928.

"It is very seldom that a big business man will subject himself to harsh criticism by running for office and now that we have an opportunity of voting for such a man, we should avail ourselves of it."

Dr. Kincaid stated that the people of Texas were tired of factional disturbances in the Democratic party and that Sterling would come nearer eliminating such disturbances since he is not connected with any faction.

In referring to Ma Ferguson's candidacy or this matter Dr. Kincaid mentioned that Jim Ferguson was today the most disturbing factor in Texas politics and that it would not be possible to have a legislature that would work in accord with him.

"Disturbances in the Legislature would be prolonged and intensified with Ferguson as governor," said the local register.

The Bond Issue "I don't believe that Sterling favors a \$350,000,000 bond issue now since the gas tax has been raised to four cents," said Dr. Kincaid. "The \$350,000,000 bond issue was advocated when the tax was only one cent and it seems to me now that Sterling favors a bond issue that will retire the county's indebtedness on road bonds. I don't know of a time in this campaign that Sterling mentioned a bond issue amounting to \$350,000,000."

Dr. Kincaid has been one of the strongest opponents of a bond issue of any man in the state and the facts about the proposed bond issue below do not mean that he favors a bond issue, but these facts are given to correct some false impressions regarding it.

If such a bond issue existed engineers would appraise the present value of the state highway and take up the county's bonded indebtedness on the roads to that amount. Such a plan would lift the four hundred thousand dollar road bond issue in Foard County and consequently reduce the taxes over fifty cents on the one hundred dollars. Under the Sterling plan the bonds would be retired solely with the gasoline tax or whatever might be substituted for gasoline. The plan expressly provides a real estate tax cannot be levied to pay the Statewide bonds. Thirty-one states now have this plan in operation.

Before such a bond issue could exist there would have to be an amendment to the constitution requiring a majority vote of the voters of Texas. Before the issue could be put before the people for a vote it would have to pass the legislature by a two-thirds vote. Many people seem to have the thought that Sterling could bring about the bond issue himself if elected, which is entirely contrary to the truth.

Government Cost "Each year seventy million dollars is spent by the Texas government and of all places that a business man is needed, it is in the governor's chair. Of course anyone can spend that much money but it takes a business man to spend it effectively. Since 1917 the per capita cost of government in Texas has increased from \$4.59 to \$12.85 in 1928.

"It is very seldom that a big business man will subject himself to harsh criticism by running for office and now that we have an opportunity of voting for such a man, we should avail ourselves of it."

Dr. Kincaid stated that the people of Texas were tired of factional disturbances in the Democratic party and that Sterling would come nearer eliminating such disturbances since he is not connected with any faction.

In referring to Ma Ferguson's candidacy or this matter Dr. Kincaid mentioned that Jim Ferguson was today the most disturbing factor in Texas politics and that it would not be possible to have a legislature that would work in accord with him.

"Disturbances in the Legislature would be prolonged and intensified with Ferguson as governor," said the local register.

The Bond Issue "I don't believe that Sterling favors a \$350,000,000 bond issue now since the gas tax has been raised to four cents," said Dr. Kincaid. "The \$350,000,000 bond issue was advocated when the tax was only one cent and it seems to me now that Sterling favors a bond issue that will retire the county's indebtedness on road bonds. I don't know of a time in this campaign that Sterling mentioned a bond issue amounting to \$350,000,000."

Dr. Kincaid has been one of the strongest opponents of a bond issue of any man in the state and the facts about the proposed bond issue below do not mean that he favors a bond issue, but these facts are given to correct some false impressions regarding it.

If such a bond issue existed engineers would appraise the present value of the state highway and take up the county's bonded indebtedness on the roads to that amount. Before the issue could be put before the people for a vote it would have to pass the legislature by a two-thirds vote. Many people seem to have the thought that Sterling could bring about the bond issue himself if elected, which is entirely contrary to the truth.

DAIRY PRODUCTS SHOW ENORMOUS SALES INCREASE

Washington, D. C.—The increase in consumption of dairy products in the United States in recent years has given the American dairy industry a practically uninterrupted period of financial well-being, according to figures obtained from the bureau of agricultural economics, United States Department of Agriculture.

Statistics compiled by the bureau show that people in the United States are now drinking more milk, eating more butter, cheese and ice cream, and using more condensed and evaporated milk than they were ten years ago. The increase in the consumption of dairy products started with national prohibition, the most conspicuous evidence of a change in drink habit being the quart bottles of milk now consumed by men at lunch time, where formerly they drank pailfuls of beer.

In addition to the per capita increase in consumption there are today nearly 15,000,000 more mouths to feed in the United States than there were a decade ago. Each person is now consuming approximately thirteen gallons more milk per year than in 1919; three pounds more butter; one pound more cheese; two pounds more condensed and evaporated milk, and half a gallon more ice cream.

There is an increasing appreciation of the value of dairy products in the human diet and a steady improvement in the quality of these products. Relatively high wages have made it possible for practically all classes of people to use dairy products. No small part of the increase is due to the purchase of cream and ice cream by persons who formerly regarded these products as luxuries.

Improvement in sanitary conditions in dairy production and distribution has been an important factor contributing to increased consumption, as exemplified by the passing of the tin pall in retail buying in favor of the sealed container. Families of all classes now have their milk and cream delivered regularly at their doors each morning, a distribution system which has undoubtedly increased consumption. Persons who formerly regarded peaches and cream, strawberries and cream as luxuries even in season, now consume more of these products not only during the summer months but in late spring and late fall. Fresh strawberries at Christmas time are a bit high in price, yet their presence on fruit stands is not uncommon throughout most of the winter months.

Two young men, unidentified, between 9 and 10:30 p. m. came along the Stamford-Anson road in a car at a rate alleged to have been approximately eighty miles an hour. At a point about four miles southwest of Stamford a small car ahead of them endeavored to cross the highway and turn off. The big car was unable to stop in time and the small car, belonging to Williams and driven by him, was struck and almost demolished, Williams, his daughter and the baby being injured. The big car which was badly damaged, was stopped and the two young men, whose names could not be learned, went to the assistance of the injured.

Hearing of the accident, people residing in the vicinity also hastened to help the injured. Among those responding were McCoy and King, who rode toward the scene of the accident in an automobile.

While the boys were enroute, word reached Sheriff Tom Hudson at Anson from Stamford that G. V. Cobb's filling station had been robbed, with a request that the Anson officers block the highway and catch the robber, who had bought gas and oil at the filling station and then shoved a gun in the ribs of Howell Cobb, son of G. V., and, securing \$2 had fled toward Anson.

Sheriff Hudson and Deputy Sanders went to the highway and the first car to come along was that of King and McCoy. As the officers had their car parked across the road, the boys concluding an effort was to be made to hi-jack them, stepped on the gas and passed the officers at forty miles an hour. The officers called for the boys to halt and the latter tried to stop but their brakes would not hold. The two officers then fired, both of the boys being hit, it is believed, by one bullet.

It was not until the officers reached the wounded boys that they realized their mistake, for which neither the boys nor their people are attaching any blame to the officers.

The two wounded youths followed the Williams party to the sanitarium for treatment and Howell Cobb, taken there, denied that either of the wounded boys was in any wise connected in the robbery.

Mr. Hudson, who has been Sheriff for several years and is high man in the coming primary, is regretful over the tragedy he regards as having been unavoidable.

MINIATURE GOLF COURSES Construction of miniature golf courses in Texas has assumed the proportions of a major industry. No city and very few villages, have escaped the newest fad.

One group of New York capitalists is reported to be building several hundred of the high-class courses in

the Lone Star State; while local entrepreneurs are operating chains of five to ten courses within the limits of one city.

In some instances the construction bill for a single miniature course runs as high as twenty-five thousand dollars, and employment is afforded landscape architects and skilled concrete and stone workers as well as common laborers.

Patronage of the courses is generally reported to be liberal, and operators are highly optimistic. Night play is especially favored—so much so that theater box-office receipts have been noticeably affected.

So much capital has been invested, and so much valuable property has been converted to these little golf courses, that the stake has become a big one even for Texas which is accustomed to witness the winning or losing of millions in oil field operations.

The man who can accurately measure the duration of public interest in "miniature putting" will find a lot of capitalists and land-barons eager to listen to him.

Fifteen Years Ago In The Foard County News JULY 30, 1915

A Pioneer Passes Away At an early hour last Saturday night the death angel visited our community and took from our midst G. W. Thompson, familiarly known as "Uncle Wash." He is survived by his wife, four sons, J. C. and C. W. of this place, Geo. of Crockett County, and Ed, who lives southwest of town; three daughters, Mrs. J. H. Self and Mrs. John Carter of Crowell and Mrs. Annie Wilson of Amarillo. J. G. Thompson of Thalia and Byron Thompson of Collin County, brothers, also survive.

Mrs. Thacker and Misses Essie, Birdie and Lora, Mrs. C. P. Sandifer and Miss Leona Young left Saturday for an extended stay in California.

Several carpenters are as busy as bees overhauling the Orient Hotel. The accommodating proprietor, Chas. Loyd, is keeping his hotel right up to the top-notchers of the whole county. He says nothing is too good for his customers.

Mrs. G. G. McLarty Dead Mrs. G. G. McLarty died here August 5 at the age of 62 years. Those surviving her are her husband and five children: C. A., G. G. Jr., Owen, Essie and Alice. She came to Foard County in 1889.

Jas. W. Johnson Dies Jas. W. Johnson, a Foard County pioneer, passed away at the home of his son, Burl, at Foard City, July 31. Victor, another son of this county also survives him.

Herman J. H. Papke has been organist in the Bethany Lutheran church at St. Louis for thirty nine consecutive years.

Byron Reese and John Rasor attended the Rotary luncheon in Quannah Thursday.

Mrs. H. S. Chandler of Olney visited her sister, Mrs. E. W. Burrow, here last week.

Dr. O. W. Wilson and wife of Wichita Falls visited in Crowell a short while Wednesday.

Mrs. P. C. Nichols and son of Spur are visiting Mrs. R. R. Magee and family for a few days.

Mr. and Mrs. George Burress and small son, John Thomas, spent Sunday visiting relatives in Seymour.

Edward Huffman and Lee Gorrell left last week for a visit in Oklahoma City and other points in Oklahoma.

Don't miss the white elephants at Blaw & Rosenthal's—two days only—Friday and Saturday, the 1st and 2nd.

Misses Laura Sue and Ona Plummer of Waxahachie are visiting in the home of Mr. and Mrs. G. H. Patton this week.

A white elephant will mean money saved for you. Drop in and see them at Blaw & Rosenthal's Friday and Saturday only.

Mrs. Maggie Ketchersid, Mrs. Beulah Priest and children, Herman and Lundy Mae, visited Mrs. V. N. Priest in Vernon Monday.

Have you ever seen a white elephant? If not, you will have a chance to at Blaw & Rosenthal's on Friday and Saturday.

We take in stoves and furniture on mattress work and are now able to give you one-day service.—Ketchersid Furniture Co.

B. F. Ivie and daughter, Mabel, returned Wednesday of last week from a visit among friends and relatives near Corsicana.

Miss Elsie Schindler left Wednesday with Mrs. Willie Garrett and daughter, Gwendolyn, of Electra for a vacation trip in Colorado.

Mrs. B. M. Bird returned to Crowell Wednesday from Plainview where she had been visiting her brother, Arch Hughston, and family.

Joe Ben Roberts, Tom Greening, Recie Womack, Ernest Patton, Dan Hines Clark and W. R. Womack returned last week from a fishing trip at Lake Kemp.

Mrs. Carl G. Smith returned last week to her home in Oakwood, near Galveston, after a visit of three weeks with her parents, Mr and Mrs. C. L. Nicholson.

Mrs. H. Bryan Ray returned from a visit with relatives in Chicago and other points. She stated that business in general was in a serious condition throughout the North.

Mrs. Minnie Summers left for Quannah last week for a visit in the home of Mrs. Frank Scarlet after visiting her brother, W. T. Rasor, and other relatives here for the past few weeks.

Mr. and Mrs. Tom Allen Hughston and two daughters, Margaret and Annie Grace, of McKinney are here visiting Mr. Hughston's uncle, T. L. Hughston, and family and other relatives.

G. H. Ferguson and son, P. D., of Jester, Okla., were here Wednesday. They brought Mr. Ferguson's mother, Mrs. F. G. Ferguson, who will visit her son, W. R. Ferguson, and family.

Mrs. J. B. Riddle of Paducah, spent the week-end with her daughter, Mrs. Sam Rosenthal and family. She was accompanied home by her grand-son, Roy Seal West, who will visit her for some time.

Richard Lovelady and Bill Barry were visitors in Wichita Falls last week. While there Mr. Barry took part in polo games as a member of the Wichita Falls club. He is establishing an excellent polo reputation.

Rev. B. J. Osborn and daughter, Miss Juanita, made a trip to Wichita Falls the first of the week. They were accompanied to Wichita Falls by Mrs. A. L. Osborn and children who had been visiting them here.

Mr. and Mrs. Fred Reithmeyer and daughter, Mary, returned last Friday from a visit in San Bernardino, Los Angeles, Riverside and other points in California. They also visited Mrs. Reithmeyer's sister, Mrs. Emma Zimmerman, at Bloomington, a superb of San Bernardino. They reported seeing a number of other former Foard County residents in various parts of California. On their return they drove via Reno, Salt Lake City and Denver. They were gone for over five weeks.

BEN G. ONEAL THANKS FOARD COUNTY VOTERS

I wish to thank the voters of Foard County for their generous support given me in my race for State Senator in the recent Democratic primary election. The reports from the district show that I received a larger vote than any of the other Senatorial candidates in the race.

In the run-off primary I expect to make the race on the same high plane and with the same energy that I did in the first primary. I desire to ask that the voters, whether they cast their ballots in the first primary for me or not, give me their votes on August the 23rd.
BEN G. ONEAL.
(Political Advertisement)

Jim Minniek of Norman, Okla., was a visitor in Crowell this week.

Edward Huffman is visiting in Oklahoma City and other points in Oklahoma this week.

Jessie Brown, who has been attending Texas University for the past year, has returned to Crowell.

Clarence Self, Eli Smith and Rev. Woodie W. Smith attended the Rotary luncheon in Vernon Tuesday.

Clyde Hollingsworth, who is working in Memphis, spent the week-end visiting his parents, Mr. and Mrs. O. O. Hollingsworth.

Mrs. Elger Butler of Carbon is visiting her father, F. R. Lefevre, of Foard City. She also visited her sister, Mrs. Joe Ward.

W. T. Gorrell and sons, Lee and J. T., left Monday for a business trip to Dallas. Mrs. J. T. Gorrell is in Spur visiting her parents.

Mr. and Mrs. V. A. McGinnis, Mrs. A. L. McGinnis and daughter and Mrs. Flowers and two sons spent last week at Sulphur, Okla.

Mr. and Mrs. Eugene Bryant of San Angelo visited over the week-end in the home of Mrs. Bryant's parents, Mr. and Mrs. A. T. Schooley.

Mrs. G. E. Spencer returned last week-end from an extended visit to Central Texas. She reports that the crops are fine in that section of the state.

Mrs. J. C. Thompson and daughter, Mrs. H. W. Cotner, and Frank Hofues are visiting Mrs. Thompson's daughter, Mrs. Raymond Bell, in Abilene this week.

Miss Louise Riddle of Vernon visited her sister, Mrs. Sam Rosenthal, several days of last week. She was accompanied by Mrs. Chas. Vestal who spent a day here.

H. E. Diggs and Mr. and Mrs. Tom Newsom of Mt. Vernon came in last week for a visit with Mr. Diggs' sons, F. E. and John Diggs. Mr. and Mrs. Newsom left Saturday for a trip to Colorado.

Mr and Mrs. Jack Meason and Mrs. John Shirley and two children of Roaring Springs, passed through here Saturday enroute to Oklahoma. They visited for a short time with relatives here.

Mrs. W. D. Ball and son, Clinton, left Sunday for Dallas for a visit with relatives. Mr. Ball took them to Wichita Falls where they were met by Mrs. J. J. Bobo, a daughter of Mr. and Mrs. Ball.

Mr. and Mrs. A. L. Hollingsworth and Mr. and Mrs. Willis Kilgore, all of Chickasha, Oklahoma, spent the week-end in the home of Mr. and Mrs. O. O. Hollingsworth. Mrs. Kilgore is a sister and A. L. Hollingsworth is a brother of O. O. Hollingsworth.

CARD OF THANKS

We wish to express our most sincere thanks to our friends for their expressions of sympathy, floral offerings and assistance following the death of our beloved daughter and sister, May His richest blessings be with you.

Mrs. and Mrs. J. E. Thompson and Family.

MANY THANKS

I take this method of thanking my friends for the support given me in my race for Justice of the Peace. Sincerely yours,
E. F. HENRY.

Prince Is Regular Sport Doing His Work with Oil Field Crews

Hobbs, N. M., July 30 (UP)—In the oil fields hereabouts Prince Darab Mirza of the House of Kadjar is just Don, a good scout and regular fellow, his companions report. They would never have known he was of royal lineage had an identification card not been misplaced.

Queries disclosed that he was a descendant of the Persian dynasty nobility which was overthrown in 1925. During the revolution member of the House of Kadjar fled to all parts of the world. Prince Darab Mirza enrolled in the officers' training school at Saint Cyr, the school attended by the Prince of Wales.

The prince was sent to America to study oil first hand by a European company. He works hard and is just one of the boys, his fellow workers report.

HIS WAGES

An artist was employed to renovate and retouch some oil paintings in an old church in Belgium, and on presenting his composite bill for \$67.28, he was informed that an itemized statement was required. So the following was duly presented:

For correcting the ten commandments, \$5.12; for renewing Heaven and adjusting the stars, \$7.12; for touching up Purgatory and restoring the lost souls, \$3.06; for brightening up the flames of hell, putting a new tail on the devil, and doing odd jobs for the damned, \$2.17; for putting a new stone in David's sling and arranging Goliath's head, \$6.13; for mending the shirt of the prodigal son and cleaning his ear, \$3.39; for putting a new ribbon on Pilate's bonnet, \$3.02; for putting a new tail and comb on St. Peter's rooster, \$2.20; for reguinding the guardian angle, \$1.18; for putting carmine on the left cheek of the high priest, \$5.02; for taking the spots off the son of Tobias, \$10.30; for putting ear-rings in Sarah's ears, \$5.26; for mending the roof of Noah's ark, and putting a new head on Shem, \$4.31. Total \$67.28. Please remit.—Clipped.

Helena, Montana, faces eleven damage suits, with claims totaling \$100,000, as a result of a typhoid epidemic last fall. Each plaintiff contracted the fever and blamed the city on the ground of municipal negligence.

BLOW TO RURAL HEALTH

The examination of 3,478 male students in a large state university of the middlewest showed that a city of 50,000 or more is distinctly more healthful than small cities, villages and countryside.

This is a blow to the common conception that rural life is inherently wholesome and healthful.

The crystal waters of the old farm well, fresh food from field, garden and dairy, the gymnastic exercise the plow, hoe and saw provide, the mental serenity that goes with outdoor life and contact with nature have been so lyrically extolled by orators and writers that the idea of the country being more conducive of health is firmly implanted in the average mind.

But we will have to give way to new ideas when convincing proof is offered. And those of us who live in the smaller communities should profit by the lessons that our big city cousins teach, and adopt all of the modern safeguards against disease that it is possible to utilize outside large centers of population.

The troublesome Mexican bean beetle has spread from the Southwestern states to a large part of the farming land east of the Mississippi.

C. S. Humphreys, mayor of Maplewood Mo., occupies an office in the city hall on the spot where he plowed corn fifty-two years ago.

TO FOARD COUNTY VOTERS

I wish to express my sincere thanks to my friends for their support in my race for the office of County Judge. Their loyal support is appreciated as much as if I had received a majority.

In the run-off primary August 23rd I am again asking the voters' consideration of my claims as a candidate for County Judge.

J. E. Atcheson

PLAY—DON'T JUST TUNE UP

Many a player in the orchestra of life spends all his time merely in "tuning up."—Forbes. It's playing not the tuning that brings success and reputation to musicians. It's savings, not promising to, that brings independence to men.

CARD OF THANKS

Defeat is not so hard to carry when a candidate carries his own home county by a great majority and for that reason I take this method of expressing my most sincere thanks to my friends in Foard County for supporting my candidacy for district attorney.

I want each of my friends to regard this as a personal message.

Sincerely, JESSE OWENS.

(Political Advertisement.)

MANY THANKS

I want to thank the people of Foard County for the expression of friendship, confidence and good will, which was manifested in the nice vote, which gave me a big lead in Saturday's election.

And as I may not have the time to see each individual voter I want to take this method of soliciting your support in the run-off, on August 23, assuring each individual that everything said or done in my behalf will be appreciated.

CLAUDE CALLOWAY.

(Political Advertisement.)

CARD OF THANKS

I sincerely appreciate the support given me Saturday in the race for commissioner of Precinct 4 and I take this method of thanking the people for it.

I will greatly appreciate any support given me in the run-off.

Yours sincerely, T. S. PATTON.

(Political Advertisement.)

CARD OF THANKS

I wish to express my sincere thanks to the voters of Precinct No. 1 for re-electing me as your commissioner. I have always done my best to serve you well and in the future I shall serve you to the best of my ability. Your confidence in me is greatly appreciated.

A. B. WISDOM.

(Political Advertisement.)

To the Voters of Foard County:

I take this method of thanking my Foard County friends for the large vote given my candidacy for the office of tax assessor. I hope that I may have the opportunity of thanking each of you personally for your support and trust that I may again have your vote in the run-off on August 23rd.

To those who failed to vote for me in the first primary, I trust that you will give my candidacy your earnest consideration. I pledge myself, if elected, to execute the duties of this office in as fair, careful and efficient manner as possible.

Any consideration given me will be greatly appreciated.

Sincerely yours, VERNON PYLE.

(Political Advertisement.)

CARD OF THANKS

I wish to express my most hearty thanks to the voters of Precinct 4 for giving me such a substantial vote Saturday. Any further consideration given my candidacy by the voters of Precinct 4 will be greatly appreciated.

Most sincerely yours, W. F. THOMSON.

(Political Advertisement.)

INTERESTING BRIEF

Traffic congestion causes a loss to St. Louis estimated at \$37,000,000 annually. Elimination of all down town parking and construction of sub-ways are recommended as essential remedies.

Direct and indirect subventions to commercial air lines cost British taxpayers \$6 for each mile flown last year in the Empire and \$1.28 for each mile flown to other nations. French subsidies were \$1.09 a mile, German 90c, Italian 77c and United States 70c.

International Statistical Institute, The Hague, Holland, estimates the world population at two billion. Asia has 950 million, Europe 550 million, North and South America 230 million and Africa 150 million with the remainder on the islands of the world.

Because it can thereby handle 50 per cent more traffic, the Pennsylvania Railroad will electrify its New York-Chicago line when the daily traffic moving through the Pittsburgh gateway reaches 8,000 cars. Last year the average was 6,575 cars. Electrification of the New York-Washington line is progressing rapidly with electrically operated local trains already operating on sections of it.

FOARD CITY CLUB

The club met July 15th at the home of Mrs. F. L. Sloan. After a short business session the leader, Mrs. McLain, was assisted by Mesdames Callaway, Merriman and Rader. Our subject was, "Keeping the play spirit alive in the home." Home games work as play. Mrs. Sloan, assisted by Mrs. Ned Stone, served a delightful refreshment plate to 25 club members and 6 guests.

Our next meeting will be August 5th at the home of Mrs. Frank Welch. A luncheon will be served to club members at 12 o'clock. All members bring a covered dish.—Reporter.

CHURCHES

Christian Science

Sunday, 11 A. M. Subject for Sunday, August 3, "Love." Sunday School at 9:30. Wednesday evening service at 8:00. The public is cordially invited.

Baptist Church News

Pastor's study, First Baptist church, Crowell, Texas.

Last Sunday was a fine day with our people. The Sunday School was one of the best. Our honored sheriff taught the Men's Bible class in the absence of Bro. Fred Rennels, and did it well. A fine bunch of our men were present to back him up in this fine endeavor. Not every county in Texas can boast of having a Christian gentlemen for sheriff. Foard is exceedingly fortunate in having such a sheriff.

Bro. J. D. Vaughan of Blair, Okla., filled the pulpit in a very satisfactory way as was evidenced by the hearty response at the close of the service. The pastor is holding a meeting at Odell, assisted by Bro. Duke Wallace. The meeting is making good progress. The Sunday evening service was called in by unanimous vote at the morning hour.

Our young people are doing very fine work through the B. Y. P. U. They are having some great programs just preceding the evening preaching hour each Sunday.

The Odell meeting will close Friday night and the pastor will be in his pulpit next Sunday. We hope to be greeted by a large congregation at each of the Sunday services. At the morning hour he will speak on "Going on Record for God," and at the evening hour, "The Miracles of Jesus." Special music.

Sunday School 9:45, preaching at 11 a. m. and 8 p. m., B. Y. P. U. 7 p. m. Come. "I was glad when they said unto me, let us go unto the house of the Lord." "Ye shall be My witnesses both in Jerusalem and Samaria and in all Judeah and unto the uttermost parts of the earth." A welcome to all.

WOODIE W. SMITH, Pastor.

At the Methodist Church

All regular services will be held at the Methodist church Sunday with the exception of the evening preaching service. The pastor will be away on account of beginning a revival meeting in the Tell Circuit, according to information furnished the News.

Christian Church

The meeting which is now in progress at Gambleville school house is moving along fine, interest and attendance being good. We hope to have a real good meeting, if we can be rained out a few more nights during the meeting.

The real vacation month will soon be here now. So we hope that all will be sure and attend Sunday School and church regularly. We have no complaint to offer yet, however. The attendance was still fine last Sunday. We invite all of you to attend the meeting during the week out at Gambleville. We also want to remind you of the open air services which we have here every Sunday night. Mr. Allen began the meeting at Gambleville last Sunday night and will preach out there again next Sunday night.

Everyone come to Sunday School at 9:45 next Sunday, and stay for the worship service which immediately follows at 11 o'clock. You may rest assured that we turn out at 12 o'clock. The Endeavor meets at 7 o'clock, and we want to urge all the young people to be there. We had a fine meeting last Sunday night. The night service begins at 8:45 and closes at 9:15 at the latest. All are urged to come where it is cool and pleasant. The subject will be, "The victories of Jesus." The friendly church welcomes you all.

JOHN G. CLARK.

18 Texas Cities Spend Million for Recreation

Dallas, Tex., July 29 (UP).—Eighteen Texas cities spent \$1,001,089.61 on public recreation last year according to the Year Book of the Play Grounds and Recreation Association of America.

San Antonio's expenditure of \$290,153.63 and Austin's \$276,169 contributions were the largest in the state. Austin's expenditure puts the city first in cities of its size in the United States, appropriating for the people's play. San Antonio ranked third in its classification. The per capita cost of a year's recreation in San Antonio was estimated at 92 cents.

With 15 municipal golf courses throughout the state, Texas ranks fifth in the nation. Eleven cities reported 55 outdoor swimming pools, a number surpassed only by Illinois.

Last year 585 trained leaders supervised the recreation of children and adults in the state. Texas cities show a total of 184 outdoor playgrounds where children may play in safety under leadership.

The 18 Texas cities reported were: Amarillo, Austin, Beaumont, Cleburne, Dallas, El Paso, Fort Worth, Galveston, Houston, Laredo, Lubbock, Panhandle, Paris, Plainview, Port Arthur, San Antonio, Waco and Wichita Falls.

Goodyear-Pathfinder Tires Are Popular

Good tires and high prices are associated in the minds of most motorists, but the impression that a sturdy and serviceable tire can not be purchased at a low price is erroneous, according to M. F. Crowell, local Goodyear dealer.

"Ten years ago the leading tire companies, such as the Goodyear Tire & Rubber Co., of Akron, concentrated their efforts on turning out one high class brand of tire and no attempt was made to make inexpensive tires," says Mr. Crowell.

"However, with the use of cars fast becoming universal and the used car business growing into an important factor of the industry, various grades of tires are now available.

"The Goodyear Company was one of the first to recognize the importance of offering a high grade, low-priced tire.

"The Pathfinder tire is the result. This big burly brute of a tire is comparable to the infantryman's field boot. It is husky and rugged, but surprisingly inexpensive."

MARGARET CLUB

The Margaret home demonstration club met at the home of Mrs. I. W. Middlebrook July 26th. There were 13 members present, one new member and 3 visitors.

The subject for the afternoon was,

"Keeping the play spirit alive in the home circle."

After the meeting adjourned to meet with Mrs. Bill Murphy, August 8th, the hostess served sandwiches, cake and punch. The club ladies exchanged good recipes for making salads and different good things to eat.—Reporter.

Joyous Foot Bath

Then Lift Out

CORNS

ROOT AND ALL—OUT TO STAY

Two tablespoonfuls of that amazingly refreshing and foot invigorating Radox to one gallon of water makes a footbath which after 3 or 4 nights' soaking lifts out aching, maddening corns, callouses, too—root and all.

Radox softens the hard outer layers of corn—and oxygen which Radox liberates, enters the pores, each night penetrating further and further, carrying the salts right to root of corn which can be lifted out bodily.

Wonderful to take out pain and burning and refresh tired feet!

Get a package of Radox at Fergeson Bros. or any drug store and know the joyous comfort of corn and callous free feet—Radox is the modern, scientific method to remove corns which completely eliminates old-fashioned plasters, dangerous cutting, skin destroying acids and obsolete methods. 4-6

S. J. R. No. 7

PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 11 of Article VII of the Constitution of the State of Texas be amended so as to read as follows:

Section 11. In order to enable the Legislature to perform the duties set forth in the foregoing section, it is hereby declared all lands and other property heretofore set apart and appropriated for the establishment and maintenance of the University of Texas, together with all the proceeds of sales of the same, heretofore made or hereafter to be made, and all grants, donations and appropriations that may hereafter be made by the State of Texas, or from any other source, shall constitute and become a permanent university fund.

And the same as realized and received into the Treasury of the State (together with such sums belonging to the fund, as may now be in the Treasury), shall be invested in bonds of the United States, the State of Texas, or counties of said State, or

in school bonds of municipalities in obligations and pledges issued by the Board of Regents of the University of Texas, or secured by such obligations and pledges, for the construction of dormitories and buildings for the use of the University of Texas, or in bonds issued under and by virtue of the Federal Farm Loan Act approved by the President of the United States, by 17, 1916, and amendments thereto, and the interest accrued thereon shall be subject to appropriation for the purpose declared in the foregoing section; provided, that the one-half of the alternate sections of the bonds granted to railroads, reserved by State, which were set apart and appropriated to the establishment of the University of Texas, by an act of the Legislature of February 1858, entitled, "An Act to establish the University of Texas," shall be included in, or constitute a part of, the permanent university fund. Sec. 2. Said proposed amendment shall be voted on by the electors of this State qualified to vote at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1930. (A correct copy.)

By Special Correspondent) Grover Nichols and children visiting relatives in Thalia this week. Paul Clifford's mother from Plains has been visiting here for a few days. She returned home last week. Banister of Thalia and Oldham of Swearingen spent a few days with Foy Nichols. Mr. and Mrs. Sherman Nichols spending the week with Mrs. Nichols' parents, Mr. and Mrs. B. F. Oldham of Thalia. Mr. and Mrs. Clinton Simons and family, Clint Simons and family and Miss Gertrude Simons attended church at Crow Saturday night and Sunday. Mr. and Mrs. Oldham and family were in this community Saturday afternoon. Mrs. Mae Lowry is visiting in this community. Mrs. H. E. Boren and daughter, Bonnie, of Vivian are visiting their son and brother, L. T. Boren, and family. Mr. and Mrs. E. G. Boman and children of Wilbarger County spent Sunday afternoon with Mrs. Boman's mother, Mrs. Tillie McKown. Mrs. McKown returned home with them to stay a few days. Irene Nichols spent the week-end with her cousin, Lorene Boman, of Margaret. Loyd Allison made a business trip to Dickens County last week. Jo Ruth Lindley of Sulphur Springs, Gordon Gafford of New Mexico, Mrs. Tuttle and Mrs. Howard of Crowell, and Mrs. Bateman of Oklahoma visited Mr. and Mrs. Charles Gafford last week. Mrs. R. P. Boman of Margaret is visiting her daughter, Mrs. C. O. Nichols. Mr. Meredith is visiting relatives in Wichita Falls this week. Mr. and Mrs. Chester Haney spent Saturday night with relatives in Truscott. Mr. and Mrs. Oscar Boman of Crowell visited Monday evening in the C. O. Nichols' home. Will Emery and Charles Patton of near Crowell were visiting in our community Monday. Headless horsemen of Sleepy Hollow—and other places—now drive automobiles.

Twenty Years Ago in The News

JULY 29, 1910

Colquit for Governor

Texas has passed another strenuous and bitter political campaign. The paramount issue, constitutional prohibition, was largely overshadowed by the personality of one man, O. B. Colquit, a wet, the successful candidate for governor.

Other Candidates

Successful candidates for Foard County are: T. D. Stanton, county judge; M. F. Crowell, county clerk; L. D. Campbell, sheriff; G. A. Mitchell, public weigher; John L. Hunter, commissioner No. 1; John W. Bruce, commissioner No. 3; S. E. Scales, commissioner No. 4; H. D. W. Patterson, justice of the peace; G. W. Walthall, county chairman; J. H. Roach, assessor; W. L. Washburn, commissioner No. 2; D. F. Thompson, treasurer.

Progressive "42"

Mr. and Mrs. C. G. Willie entertained a large crowd of young people Wednesday evening honoring Miss Dezzie McCaghen of Odessa. Those permitted to enjoy this most delightful evening were: Misses Birdie and Essie Thacker, Bess Rash, Eula Mitchell, Bettie Allee, Bess Campbell, Caghen, Essie McLarty, Eckhols, Perry Ollie Power, Lourena Cope; Messrs. Clarence Self, A. H. Clark, Johnnie Cope, Clifton Crowell, Rude Magee, Robert Wells, Tully Klepper, Hugh Brown, Willie Willie, F. A. Short, Bruce Gibson and F. C. Randall. Games of Progressive "42" were played.

Reception

The reception given Wednesday evening at the Opera House by Dr. Schindler's sister, Miss Sentiff of Birmingham, Ala., was one of the swellest affairs of the season. About fifty guests were present.

August 5, 1910.

Electric Lights Put On

Saturday night service was commenced by the Crowell Electric Light and Power Plant. Considering the fact that the engine had to be trained up the first service was entirely satisfactory. The plant is running now only until midnight.

One of the oldest landmarks disappeared yesterday morning when the old store building first owned by Edwards & Allison years ago was torn down.

Jim Cates is working in the Orient Barber Shop in the absence of Criswell.

A few of the young people were entertained last evening at the comfortable home of Mr. and Mrs. G. C. Bain with music, readings and "42." Several violin solos by Miss Wolford with Miss Essie Thacker, accompanist, were enjoyed. A violin solo was also rendered by T. B. Klepper, Miss Wolford, accompanist. Miss Bessie Perry charmed her listeners with two readings.

S. J. R. No. 19.

PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.

Be it resolved by the Legislature of the State of Texas: Section 1. That Section 5 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

The Legislature shall meet every two years at such time as may be provided by law and at other times when convened by the Governor. When convened in regular Session, the first thirty days thereof shall be devoted to the introduction of bills and resolutions, acting upon emergency appropriations, passing upon the confirmation of the recess appointees of the Governor and such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided that during the succeeding thirty days of the regular session of the Legislature the various committees of each House shall hold hearings to consider all bills and resolutions and other matters then pending; and such emergency matters as may be submitted by the Governor; provided further that during the following sixty days the Legislature shall act upon such bills and resolutions as may be then pending and upon such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided however, either House may otherwise determine its order of business by an affirmative vote of four-fifths of its membership.

Sec. 2. That Section 24 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

Members of the Legislature shall receive from the public Treasury a per diem of not exceeding \$10.00 per day for the first 120 days of each session and after that not exceeding \$5.00 per day for the remainder of the session.

In addition to the per diem the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed \$2.50 for every 25 miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no member to be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session.

Sec. 3. The foregoing Constitutional amendment shall be submitted to the electors of this state qual-

ified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, A. D. 1930. (A correct copy.)

JANE Y. McCALLUM, Secretary of State.

Wichita Man Talks About His Troubles

Lost Steadily and Could Not Find Relief; Every Sign of Indigestion Is Gone After Taking Argotane

The remarkable experience of C. N. Ritter, resident of 2122 Kemp Blvd., Wichita Falls, Texas, is another striking evidence of the extra ordinary merits of Argotane. In speaking of his long time suffering from indigestion and headaches and subsequent relief, Mr. Ritter said: "I am telling all my friends about Argotane and all my family is taking it after seeing what it has done for me."

"My trouble had been growing worse instead of better, all the time," he continued. "It was almost impossible for me to eat a meal without suffering from gas and a sour stomach afterward. I began losing weight and had fallen off until I only weighed one hundred pounds, a way below my weight, and I could not find anything to relieve my pain or build me up."

"After I had suffered month after month without getting any better, someone gave me a statement on Argotane that convinced me and I started taking it. As I have said before I have gained in health and strength and I haven't felt a sign of that old indigestion trouble since. I have taken Argotane only a few weeks so far, but from the way I have improved already, I am glad to recommend it to everybody."

Genuine Argotane may be obtained in Crowell at the Reeder Drug Co.

KNOW TEXAS

Texas with 5,421 is third among the states in the number of combines—machines that harvest, thresh, and sack the grain in the field.

Texas has the largest helium gas plant in the world—at Amarillo.

Texas brought in 2,295 new oil wells during the first six months of 1930.

The tallest electrically welded structure ever built and the first in the south is being built in Texas—18-story office structure at Dallas.

Ten thousand Mexican quail have been shipped to Kentucky to replenish preserves in various parts of that state.

Wire or Disc Wheels Optional on Chevrolet

Further individuality in the selection of a car in the low priced field was made possible today with the announcement that wire or disc wheels are now optional equipment, without extra cost, on new Chevrolet Six passenger cars.

Formerly disc wheels were standard except for sport models, on which wire wheels were mounted at the factory. Since the latter part of July, all passenger models are being shipped with wire wheels, while disc wheels also are being built to accommodate those purchasers who prefer this type.

The new wheel equipment is finished in a wide variety of colors to

harmonize with the body trim of the nine different body models. The extensive color combinations used on bodies, plus the added color harmonies available on the new wheels, will mean that the purchaser of a car in the low priced field will be able to obtain greater individuality in his car than was possible heretofore.

The option of wire or disc wheels went into effect on August 1. Dealers with cars having only disc wheels at that time, were supplied with sets of new wire wheels to make the change-over for those purchasers desiring it.

People eat oysters in certain parts of the year, while others still crawl-fish the year round.

Most tornadoes in this country move towards the northeast.

HIS WOMAN IN FOUR WEEKS LOST NINETEEN POUNDS OF FAT

Here's a letter written October 21, 1929, by Mrs. Fred Barringer of Weston, Montana, that ought to be read by every overweight woman in America. I first saw your advertisement in a Billings, Montana, paper and decided to try Kruschen Salts. I started taking them every morning as directed as I was very overweight and wanted to reduce. I had tried going on a diet but I'd get so hungry that my diet didn't last long, so I decided to try Kruschen Salts a fair trial. The first day I started to take them I weighed 175 lbs. and at present, which has been just four weeks, I weigh 156 lbs. And I must say, I feel better in every way, besides looking much better. Kruschen Salts had a decided effect upon the quantity of food I took and stimulated my desire to greater activity.

"I have recommended Kruschen Salts to many of my friends, in fact, have a number of them taking Kruschen Salts. "May all large people, both men and women, who want to reduce in an easy way, give Kruschen Salts a fair trial. I am sure it will convince any one."

A bottle of Kruschen Salts that lasts four weeks costs but 85c at Ferguson Bros. or any drug store in America.

LAUNDRY Service

From the moment our driver picks up your laundry, until it is returned to you, sweet-smelling and clean, it is handled quickly but with the utmost care.

Each family's laundry is washed separately by gently sousing in soft, sudsy water and then thoroughly rinsed several times. After drying, it is starched when necessary, carefully hand-ironed and promptly returned all ready to be worn.

We also have wet-wash and semi-finished services, and for very reasonable charges.

Your Power Supply and Your Neighbor's

The grouping of electric service requirements of a widespread area into one large electric system has brought about today's efficient power supply in small communities. Just as in the large city, mass production and mass distribution of electricity become possible. Greater efficiency in operation, and hence greater economy result.

The transmission system of electric power supply is among the outstanding industrial developments of the past fifteen years. Supplanting isolated local plants, it has brought greater efficiency, greater dependability and wider distribution of electric service to small towns and rural areas.

With 2,500 miles of high tension transmission lines, the West Texas Utilities Company distributes economical energy to 115 prosperous cities, towns and communities in West Texas, the "Land of Opportunity".

DAUGHTER OF REV. AND MRS. SMITH MARRIES IN CHICAGO

Miss Gladys Smith of Chicago, daughter of Rev. and Mrs. Woodie W. Smith of this city, was married last Thursday evening to Hugh Sutherland Thane, also of Chicago. Mrs. Thane has been a pipe organist for a number of years and will continue her work there. Mr. Thane is with the Common Wealth Edison Company. They will make their home in Chicago.

SWASTIKA CLUB

Mrs. Alton Bell was hostess at a luncheon for the Swastika Club Thursday. In the games of bridge preceding the luncheon, Mrs. John McAnear won high score with Mrs. M. O'Connell second. The luncheon and games were enjoyed by members and the following guests: Mrs. Dow Miller, Mrs. Jimmie Haden and Mrs. Jack Rowland of Waco.

Directors in Charge of Rotary Luncheon

The directors were in charge of the program of the Rotary Club Wednesday which was featured by a talk by T. N. Bell on the aims and objects of Rotary International. Musical numbers were rendered by Mrs. T. N. Bell with a vocal solo, and by Eli Smith and John Rasor as a duet, with Mrs. John Ray as accompanist. Rev. Woodie W. Smith

DECLARES DRY ERA BENEFITS STUDENTS

Washington, D. C.—That there is less drinking among high school students since prohibition than formerly is shown clearly in a report made by the National Education association at the request of the President's commission on law observance and law enforcement.

"It will be some time before all these reports are in," said Secretary J. W. Crabtree of the National Education association, "but enough reports have come in to show that conditions in the high schools are much better than in 1920, with respect both to drinking and to general behavior. This is doubly significant in view of the fact that high school enrollment has grown since 1920 from two million to more than five million students—an achievement unparalleled in any country or in all history. Many of the three million additional students who have sought a high school education within the decade have come from poorer homes where in former times drinking was a heavy burden on the family income.

"Unquestionably the Eighteenth amendment has benefited the schools beyond measure." There are now almost 20,000,000 students in all public schools in the United States, the enrollment and daily average attendance increasing rapidly, according to the office of education, Department of the Interior. More than 50 per cent of the students of high school age are actually attending these schools; 15 years before the Eighteenth amendment was ratified it was 10 per cent. Last year almost 45 per cent of the 475,000 high school graduates entered college, or some other institution of higher learning.

Coincident with these official reports of bettered conditions is the announcement of the result of a year's survey of opinion on prohibition and drinking among seniors in high schools in various cities by the Presbyterian board of Christian education. An overwhelming majority of replies indicated non-drinkers and gave endorsement to prohibition.

BOOTH SAYS BEER WILL MEAN SALOONS

New York.—One of the strongest opponents of a return of beer and light wines is Commander Evangeline Booth of the Salvation Army who has made it plain that in the experience of her great organization beer drunkenness was more of a curse than any other form of alcoholism. "How ridiculous it is," she said, "to ask for a return of light wines and beer and say in the same breath that we do not want a return of the saloon. Wherever beer and wine are sold there will be a saloon. Under the old law 90 per cent of the intoxicating liquor consumed was wine and beer, and a beer drunkard is a terrible spectacle."

The more congress studies the proposals to modify prohibition to permit 2.75 per cent beer, the further away does it get from such modification. The recent attempt by Representative Dyer of Missouri to interest President Hoover and his law observance commission in 2.75 per cent beer seems to have failed. A public statement by Chairman Wickersham of the President's commission on law enforcement indicated that the commission does not believe legalizing 2.75 beer would solve any prohibition problems.

Experiences in Canada indicate that 2.75 per cent beer is unpopular and a beer with a much heavier alcoholic content is now brewed. In Quebec a very powerful 9 per cent beer is brewed and sold and according to investigators is responsible for a vast amount of drunkenness, especially among women.

It is understood that few members of congress who were in public life before prohibition would vote to re-establish the brewers in legal business. The brewers still hope to modify prohibition as indicated in the statement made by one to the New York World, that the brewers would be willing to pay the government \$1,250,000,000 for the privilege of reopening their breweries.

DRUNKEN DRIVERS GROWING MENACE

Automobile safety experts are agreed that drunken drivers have caused wrecks which have killed 15,000 people and injured 300,000 others in this country since motoring began to be general. As a result of this alarming conclusion automobile clubs, police chiefs, and civic organizations are undertaking educational drives against the use of alcoholic beverages by automobile drivers; and the Woman's Christian Temperance Union is pointing to these disasters as an argument against the further distribution of liquor under any plan to repeal or modify prohibition.

In Ontario, where there is a mounting death toll from drunken drivers, the provincial government gives every motorist a printed warning that many motor accidents are the result of liquor. This warning tells the motorist that it takes one-fifth of a second for a normal brain to send out the message which will enable the owner of that brain to put on the brakes in an emergency. The same process takes from two-fifths of a second to three-fifths of a second when a man has taken the average drink. A car going 35 miles an hour will travel 20 feet in two-fifths of a second and the government of Ontario warns drivers against liquor, specifically on that point.

SMALL GAINS MAJORITY OF FOARD VOTES

WELLINGTON MAN SECURES MORE VOTES THAN ALL OTHER TEN CANDIDATES; MA FERGUSON IS SECOND

Clint Small of Wellington secured a bigger vote for governor in Foard County than all of the other ten candidates put together. He polled a total of 850 and Ma Ferguson was second with 445. Marvin Jones of Amarillo, United States Congressman, piled up the largest vote in Foard County of any candidate that had opposition. He secured 1,067 votes to James O. Cade's 274.

Texas Helium Output Large

Amarillo, Texas, July 30 (UP).—The government helium production plant at Soney, near here, produced in the past month the largest quantity of helium ever turned out in such a period of time by any plant, according to advices from the U. S. bureau of mines, which operates it.

During the month the plant produced 1,230,350 cubic feet of the non-inflammable gas used in airships containing 97.93 per cent of the element. The operating costs were the lowest on record and far below any cost figures deemed attainable by specialists in helium production a few years ago.

The month also saw the completion and testing and preliminary operation of the second separation unit of the plant. Although production exceeded the largest month's output of the Fort Worth plant, which formerly supplied the army and navy, the operation was at only about 60 per cent of the plant's capacity when both units are in continuous operation. The operation of the Soney plant is limited by the demands of the army and navy for helium rather than by its capacity to produce.

Gross operating costs were \$13,146.86, or \$10.91 per thousand feet of helium obtained. There was a return of \$3,974.75 from sale of residue gas, which gives a net operating cost of \$7.76 per thousand cubic feet.

The oat crop is reported to be ruined this year for the lack of rain, but statistics are not available on the crop of wild oats.

The favorite paints and enamels of many good people in this community is the B. S. brand; because it's made of the best materials and gives satisfaction.

"Mose, you lazy rascal, do you think it right to leave your wife at the washtub while you spend your time fishing?" "Oh, yassuh, mah wife don't need watching. She'll wash 'as ha'd as if'n ah wuz dere."

There is no servant problem among old-fashioned people who still raise their own household help.

Canada's cultivated lands multiplied ten fold between 1870 and 1926.

The kiwi, a New Zealand bird no bigger than a hen, lays an eight inches long.

The most Conclusive Evidence of SUPERIORITY

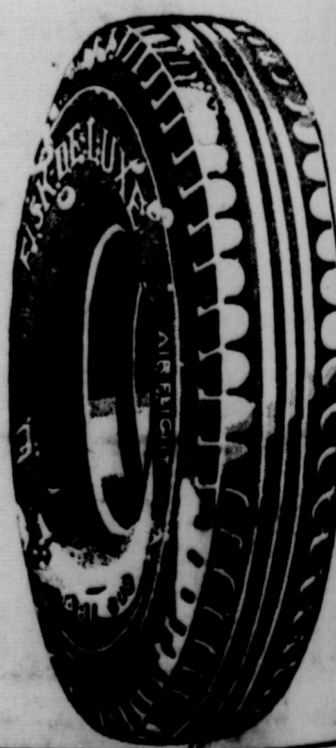

... the cross sectional diagram clearly illustrates 7 Points of Superiority which the Air-Flight Principle Tires by Fisk alone can offer you.

The De Luxe, Rugged, Fisk and Premier, each a First Quality, Fully Guaranteed Fisk, embodying all of the exclusive improvements of the new Air-Flight Principle of tire construction and representing the utmost that your tire dollars can buy in their four respective price fields. Their larger air-chamber, carrying more air at a lower pressure—their carcass, constructed of Fisk's patented and exclusive All-Cord—their flexible side-walls of live rubber—their streamline tread, multiple cable bead and greater road contact—the combining of all these new and exclusive features result in still another—The Air-Flight Balance.

FIK'S 7 POINTS OF SUPERIORITY

- Larger Air Chamber**
Carrying more air at a lower pressure—brings a new and far better interpretation of Riding Comfort allowing your car to ride easy on the rubber and more on the air.
- All-Cord Process**
A patented Fisk development which reduces internal friction and adds strength without rigidity or weight.
- Multiple Cable Bead**
Multiple Cable Bead gives added strength at the rim while increasing sidewall flexibility.
- Increased Flex Area**
Increased length of Flex Area at sidewall provides greater use of the air cushion.
- Streamline Tread**
The rim width of the streamline tread eliminates the useless over-hanging tread rubber and allows greater air cushioning.
- Greater Road Contact**
Results in better and more lasting non-skid qualities and assures you of Safe Traction at any speed.
- The Air-Flight Balance**
The newly patented balance between air and materials allows the most lines of air-cushioning and stability.

Whippet-Knight Auto Co.
