Athletic Fund Nets \$1,621.37 from Game at Plainview Saturday

Crowell School athletic fund realized \$1,621.37 from the proceeds at the semi-final football game played in Plainview against Sundown last Saturday.

The total gate receipts as released by the Chamber of Commerce of Plainview were \$4,441.50. The 7½ per cent Interscholastic League fee amounted to \$333.11, the five officials' fees were \$249.50; and the ball was \$14.95. This left \$3,843.94 to be divided between the two schools.

The following expense was subtracted from Crowell's \$1,921.97: scouting expenses (including substitute teacher), \$120.00; filming expenses, \$66.00; and transportation and meals, \$114.00.

A financial statement for the entire football season will be released as soon as all outstanding bills have been taken care of, according to Crowell School officials.

CROWELL WILDCATS COMPLETE SUCCESSFUL SEASON WITH 13 VICTORIES AND ONLY ONE LOSS

The Crowell High School football team, coached by Thayne Amonett, Gordon Erwin and L. H. Wall, completed its best record in the school history last Saturday afternoon when the Wildcats dropped the semi-final game to the Sundown Roughnecks at Plainview 27 to 12. The Cats had won thirteen games without a loss, including three inter-district contests before losing to the strong Sundown team. They scored 452 points to their opponents' 98. Crowell went into this game severely handicapped due to injuries. Several of Crowell's key players, including Taylor Johnson, Duane Nichols, Joe Barry and Jim Henry were

physically unable to participate. However, fullback Jim Henry was Crowell's offensive star. Ivan Cates, as usual, stood out on defense.

The following Crowell boys saw service in this semi-final game: Tom Crowell, center; Taylor Johnson, Joe Barry and Bill Smith, guards; Bobby Powers, Gary Carpenter and Duane Nichols, tackles; Bill Graves, George Moss and Jim Mack Gafford, ends; Ivan Cates, Jim Henry, Wesley Cummings, Guy Todd and Don Welch, backfield.

Kenneth Estes, sports writer for the Wichita Falls Record-News, gave the following account of the game:

A devastating Sundown ground attack, which consumed 420 yards, led the Roughnecks past the fighting Crowell Wildcats 27-12 in Plainview Saturday afternoon before 6500 fans in the Class A semi-finals.

The win entitled Sundown to meet Katy, 30-6 winner over Madisonville Friday night, in the finals sometime next week.

Butch Davis, David McInturiff

and Lewis Sessums pounded at the Crowell line incessantly as they overcame a 6-0 Crowell lead in the second quarter and then steamrollered to victory.

Davis was the chief tormentor of the Wildcats as he gained 185 yards rushing and scored a pair of touchdowns on scampers of 56 and 39 yards.

Wildcats Crippled
Crowell's charges were depleted by injuries but nevertheless battled Sundown on even terms till the final quarter, trailing only 14-12 going into the fatal 12 minutes.

Jim Henry and Wesley Cummings were the ramrods in the Crowell offense, sharing the two Wildcat touchdowns between them and gaining 96 and 67 yards respectively.

Henry was injured as he tried to tie the game on a two-point extra point attempt after the second Wildcat counter, and guard Taylor Johnson, tackle Joe Barry and tackle Duane Nichols were also hampered by injuries.

Crowell opened the scoring as

drive late in the first period. Henry did most of the running and it was he who got the drive into motion with a brilliant 37 yard sprint around the Sundown left flank.

The powerful fullback capped the drive with a one-yard burst over tackle with 9:17 remaining in the first quarter.

The Sundown right side thwarted Henry's attempt for a two-point conversion.

After receiving the kickoff, Sundown demonstrated its explosive ground game and it struck quickly for a six-pointer.

McInturiff got the tally when (See "Football" on page 8)

first defeat of the season against Sundown last Saturday in Plainview.

A record crowd, largely Crowell fans, watched the Wildcats battle the Roughnecks for every inch of gained ground. Although the Wildcats were first to score, the sustained injuries weakened their tremendous power just enough to let Sundown slip past them in the final minutes of the game for a 27 to 12 victory.

Crowell has never before gone this far in play-offs in their football history; so we feel that this 1959 team deserves life honors. The boys have been awarded the trophy of clinching the position of quarterfinals champs, and we would like to add a big vote of thanks to the coaches of the members of this year's hard hitting team.

Thanks, Fans!

The Crowell Wildcat football team has earned and received a tremendous amount of praise for their outstanding success this year. Ranked in the top four of 180 Class A schools, the Wildcats were unbeaten and untied for 13 straight games. In addition to the praise for the team, though, we feel that all the people who supported the team deserve their share of the thanks, too. No Crowell football team has ever had a larger or more enthusiastic group of fans. The businessmen and townspeople closed their stores and turned out for all the games in gigantic proportions. The band and pep squad from the school added volume to the yells. We'd like to thank the men who drove the busses for the students, and the teacher, usually Mrs. Halbert, who sponsored the trips. Mr. Hesse and the band also deserve a big vote of thanks. The cheerleaders, Jo Frances, Carolyn, Kay, Carole Sue, Alta Nell and Ellie, really earned appreciation for their consistent hard work. To each of you who helped make this football season the tremendous success that it was, we say a very sincere "thank you," and we hope that your support of the school will always be this great.

The refreshments of punch, cookies, nuts and mints were served by Lou Ann Summers, refreshment chairman, and other hostesses, Dorothy Wehba, Faunime Fairchild, Gena Adecock, Ina Joy Stutzer, Carolyn Denton, Dorothy Denton, Wanda Moore and Pat Brown.

Helen Vessel, president, gave a welcome address, and Mrs. King gave an opening prayer. Each mother presented a red corsage, and Mrs. King a white one, as compliments of the girls.

Barbara Goodwin gave the devotional followed by a Christmas story, "No Room," read by Carolyn Aydelott. The program was completed by a solo, "Silent Night," sung by Ann Painter.

The Library Club wishes to thank each member who worked to make the tea a success, each mother who attended, and Mrs. Kenner who allowed us the use of the Home Ec cottage in which to make the punch. Thank you, everyone.

Ivan's list of favorites includes the color red, the food fried chick-

en, western music, the sport basketball, and V. A. His hardest subject is English IV. During his spare moments, Ivan enjoys playing his guitar, hunting and fishing.

Ivan has been a member of the football, basketball and baseball teams. This year, he served as one of the captains for the Wildcat football team. He has been a member of FFA and has served as vice president one year. He served as treasurer of the Student Council his freshman year. He was president of his freshman class and vice president of his junior class. This year he is a member of the CHS stage band.

Ivan has been elected most athletic boy three years, freshman class favorite, best, FHA King, and senior favorite.

After he graduates, he plans to attend college. Ivan, all of us would like to wish you much success with everything that you do in the future.

Honors Mothers

The members of the Library Club honored their mothers with a Christmas tea Wednesday, Dec. 9, at 2:30 p. m. Mothers attending were Mesdames Paul Bullion, John Taylor, Grover Moore, Lois Henson, Nelson Oliphant, Harry Trawek, Fred Wehba, J. B. Little, Jodie Brown, J. B. Fairchild, James Sandlin, L. E. Painter and Willie Vessel. The members present were Lou Ann Summers, Sharon Wharton, Linda Johnson, Wanda Moore, Theda Green, Carolee Oliphant, Judy Trawek, Dorothy Wehba, Bonnie Little, Pat Brown, Faunime Fairchild, Judy Sandlin, Lois Ann Painter, Helen Vessel, Wilma Denton, Dorothy Denton, Carolyn Denton, Marolyn Denton, Gena Adecock, Barbara Goodwin, Genell Wheeler, Ina Joy Stutzer, Rachel Rodriguez, Carolyn Aydelott and Mrs. King.

The refreshments of punch, cookies, nuts and mints were served by Lou Ann Summers, refreshment chairman, and other hostesses, Dorothy Wehba, Faunime Fairchild, Gena Adecock, Ina Joy Stutzer, Marolyn Denton, Dorothy Denton, Wanda Moore and Pat Brown.

Helen Vessel, president, gave a welcome address, and Mrs. King gave an opening prayer. Each mother presented a red corsage, and Mrs. King a white one, as compliments of the girls.

Do's and Don'ts for City Dress

Don't wear dresses that are too low cut in front or back.
 Do wear bright or dark shoes; city soot and white shoes were never meant for each other.
 Don't wear shorts or pants downtown in a large city.
 Do wear soft fabric gloves when you're dressed up.
 Don't wear socks; do wear stockings.

Don't wear a petticoat or slip that's too bouffant; the seating room on subways or buses won't allow it.
 Do save your madly colorful prints and plaids for a more casual atmosphere; the best city looks are essentially conservative.

Don't wear rugged hiking shoes even if you plan a full day's walking; a comfortable pair of low heeled shoes will help your going, and fit better with the landscape.

Eight Golden Rules

1. Taken from "Say," a pamphlet for youth, these eight rules are versions of a very familiar saying: "So whatever you wish that men would do to you, do so to them."—Christianity.
2. "That which is hateful to you, do not to your fellowman."—Judaism.
3. "...one precept to be acted upon throughout one's whole life... Do not unto others that you would not have them do to you."—Confucianism.
4. "Do not hurt others in ways that you yourself would find hurtful."—Buddhism.
5. "No one of you is a believer until he desires for his brother that which he desires for himself."—Mohammedanism.
6. "This is the sum of duty: Do nothing to others which would cause you pain if done to you."—Hinduism.
7. "Regard your neighbor's gain as your own gain, and your neighbor's loss as your own loss."—Taoism.
8. "That nature alone is good which keeps from doing unto another whatever if not good to itself."—Zoroastrianism (Ancient Persia).

Sub-Jr. Adelpian Club

The Sub-Junior Adelpian Club held a regular meeting last Wednesday, Dec. 2, at the club house. Twenty-five girls answered the roll call on "Fads I've Heard About." Two guests, Mrs. Price Lovelady and Mrs. J. B. Stewart, both of Houston, were present also.

Following the delicious refreshments served by hostess Judy Borchardt, Wanda James presented a program on fads through the years entitled "You Wouldn't Believe It."

Teachers Complimented

On December 8, at the Home-making cottage, the freshman homemaking students held open house in honor of the high school faculty.

The cottage was attractively decorated in keeping with the Christmas season. The centerpiece for the table was a large snowman flanked with snow flecked cedar branches.

Coffee and delicious cake were served throughout the day. The girls had made a variety of cakes, such as banana nut, chocolate chip pecan, German chocolate, cherry pecan, white cake and Lady Baltimore. The cakes were judged by a committee, and the banana nut was voted first place winner, and the chocolate chip pecan as second place.

The faculty wishes to express its appreciation to Mrs. Kenner and the freshman girls.

Band News and Views

The CHS Band was at Plainview and really rooting for our boys. They presented a smart half time performance which had a western theme. With the formations of the Alamo, an oil well, football, state of Texas, etc. The band played some of our state's favorite songs. The majorettes were featured in a short dance routine. They were dressed in black twirling suits donned with white fringe, each bearing the twirler's name. Cowboy hats topped the suits perfectly. Football season may be over, but the band couldn't be prouder of our boys. They were great to the last minute. The band will begin rehearsing for the Christmas program immediately.

Speaks to Seniors

Dec. 7, the Senior class had the privilege of hearing a very interesting talk by Roy Shilling, student promotion director of McMurry College. Mr. Shilling stressed three important reasons for attending college. First, college training enables a person to make a better contribution to the world and to make a better salary while he is doing it. Second, the cultural advantages of college will benefit a person. Third, friendships that are acquired in college will last for a lifetime.

Mr. Shilling also illustrated his talk with colored slides of the campus and classes and with the college annual, the Totem. Then, he answered questions from the members of the class. Mr. Shilling's visit was very profitable, and it was enjoyed by each class member.

Sweater Care
 Pamper your sweaters to death and they'll reward you living a long, happy life. When you put them away, first shake or air them out, then fold neatly into an unstuffed drawer. Keep sweaters grime-free. To be on the safe side, wash sweaters frequently.

Read washing instructions on hand tags and labels. Prepare sweaters for washing by (1) turning them inside out to discourage matting or piling and (2) buttoning cardigans and open necklines for maximum shape-retention. If pills should appear, then often can be brushed away.

Wash wools, cashmeres, and fur blends by hand in cool to lukewarm water and mild suds. Sweat-

Local Scouters Attend Banquet in Quanah
C. V. Barker and Rev. and Mrs. Carl Hudson attended the annual award and recognition dinner for the Central and Western Districts of the Northwest Texas Council of Boy Scouts of America last Friday evening. The dinner was held in Quanah. Some 40 adult Scouters from Quanah, Childress, Vernon and Crowell attended the meeting. Council Scout Executive Melvin E. Smith and his wife of Wichita Falls, and the speaker, Mark A. Geslin, and his wife of Jayton, were special guests of the evening.
Mrs. Hudson of Crowell's Pack 49 was recognized for her three years of Scouters service as a Den Mother for the completion of Cub Scout basic training, six additional training courses, and annual participation in the Council Cub Scout Pow Wow. Mrs. Hudson was presented the Den Mother's training award for this outstanding training and service.
Scout executive Bob Tillerson, who serves the central and western districts, reported on the progress of Scouting in his districts. Rapid and substantial gains have been made during the year, both in the number of boys enrolled in Scouting and in the advanced quality of leadership that has been provided through good adult leadership training programs. It is hoped that this adult interest and participation will continue to increase in numbers and in quality in the year to come. The plans for this great golden jubilee year of Scouting were outlined for the Scouting fellowship of the two districts.

More Research Necessary for Wildlife Work

"If we are to retain our valuable national wildlife resources in this age of almost explosive human population increases, our wildlife research programs must be stepped up." This is the advice of Dr. Clarence Cottam in his article, "Research, the Pulse Beat of Progress," in the December issue of Texas Game and Fish magazine. Dr. Cottam is director of the Welder Foundation at Sinton.

"Industry already has learned that sound and competent research is a major necessity," writes Dr. Cottam. "Atomic power, radar, and jet propulsion are among the most startling and important basic research result in recent years."

"We live in an age of research, and this is as basic to sound wildlife management as it is in the fields of agriculture, chemistry, medicine, or industry. To be successful, the research personnel must be competent; and to assure this, the salary scale must be reasonable and commensurate with his training, abilities, and responsibilities."

State Collects \$13,155 Fines on Game Laws

More than 300 Texas hunters paid fines last month for violation of game laws, according to the director of law enforcement for the Game and Fish Commission. In all, 461 persons were arrested for hunting and fishing violations. They paid \$13,155.35 in fines and costs. Four served jail terms.

Despite warnings about hunting with unplugged guns, 49 paid fines for carrying shotguns with more than three-shot capacity. Next on the list, 46 paid fines for killing too many doves.

Failure to have hunting and fishing licenses brought fines for 98 persons. There were 39 arrests of automobile hunters and seven for headlighting game animals. Quail shooters also in too big a hurry and 37 killed them out of season.

And there were seven persons who tried out their luck at "telephoning fish" and got caught.

Wait a minute, Dad. How can you forget so quickly? You're not that old. Remember your first date? Remember the first time you fell in love? How you suffered!

Sure, Junior ties up the phone. His conversation doesn't make sense to you. But he isn't talking to you. Don't drive him into secrecy by humiliating him.

And Junior: Have some consideration for your father. He might want to use the phone himself. Show him the same respect you expect to receive from him. Life is not a one-sided affair.

Game and Fish Has Article on Waterfowl

"Those who criticize the annual hunting regulations will do well to ponder the background. Even today, disgruntled sportsmen occasionally express the opinion that the Federal regulations are unnecessary and unwarranted, and that the control of hunting for migratory water fowl should be returned to the states. The pages of history speak to the contrary." These are the words of Albert M. Day, U. S. Fish and Wildlife Service, taken from his book, "North American Waterfowl." The book has been reviewed for the December issue of Texas Game and Fish magazine, according to E. T. Watson, director of information and education, Texas Game and Fish Commission.

"Hunting regulations must be made on the basis of the current situation on the breeding grounds. It is obviously impossible for anyone to sit down in mid-winter and determine off-hand what the waterfowl hunting should be for the following season," writes Day.

He then tells of the systems and methods used for determining the seasonal limits each year. He also lists some returns gained through well-organized, extensive banding operations.

"Unforgiving Nature constantly reminds us that as we sow, so shall we reap. Dust storms, eroded and abandoned farm lands, overgrazed and ruined ranges, floods, lowered water tables, droughts, and dried up and polluted streams provide unmistakable warnings," says the author. "They should convince us that conservation must not be regarded as a sentimental hobby or harmless pastime of impractical nature lovers, day-dreamers, duck hunters, fishermen and scientists, but as urgent business of individuals, society, and of government."

It's Not Time for Guesswork When Hunting

"Guessing and hunting, like drinking and driving, don't mix" warns the executive secretary of the Texas Game and Fish Commission. "The famous first words of a hunters who has just killed his buddy is 'I thought it was a...'"

"This year's hunting accidents have been reasonably low considering the number of hunters going into the field each day," said the executive. "If all those planning to hunt this year will just resolve not to load their rifles until on the spot where they plan to hunt, keep the safety on and muzzle up until ready to sight in, and be certain that what they sight in is not another hunter, accident records this year will remain low."

"Excitement sometimes leaves our minds blank for a second, time enough to miss a deer or kill a friend," said the executive. "If you're not positive it's game, don't squeeze the trigger. The chance out of a thousand that it isn't your game is too great a chance to take. It's far better to return empty handed than to take a chance on accidentally killing a friend."

Heroes of the Day

"In our book, the heroes of the day are those anonymous doctors out in California who succeeded in putting back the leg of a young foundry worker after it had been chewed off by a crane."

"This, we think, is progress. We would be far more proud to have had ever so slight a hand in this victory than to have controlled the lunik camera that (they say) shot the back of the moon." —Versailles, Ky., Sun.

Game Poachers Take Big Chance Before Courts

Illegal hunters this year have been fined maximum penalties in most cases when they get before the courts. Earl Sprott, director of law enforcement of the Game and Fish Commission, has warned that wardens practically every night apprehend several jacklight hunters in the deer country. In most of these instances they have seized the kill, which is delivered to a charitable institution. The hunters are then taken before the county court, which now has jurisdiction in these cases.

Fines up to \$1,000 each have been assessed in several cases within the last two months, according to the director. "Some hunters just simply don't seem to be able to stay on the right side of the fence, and do their shooting in daylight hours," the director said.

Some of them get away, but enough are caught to spread around the word that illegal hunting is very expensive. The courts in most instances have been levying maximum fines and revoking hunting licenses.

Game wardens this year have had exceptionally fine cooperation from other enforcement agencies, according to the director. In one case, city policemen looking for car thieves found illegal deer hanging in a garage. They notified wardens. In other cases, a number of Highway Patrolmen have observed persons with illegal kills, or have heard shooting on the highway at night. They notified game wardens via car radio and in some instances arrests were made. Landowners also have assisted the wardens in apprehending night hunters and hunters who have made illegal kills of deer.

"Our wardens are very busy at this time of the year, but they are gradually cutting down on the number of violations. The courts have been very helpful in assessing maximum penalties for those who kill deer illegally."

Cummings assumed the role of leader in the Crowell backfield and the 'Cats charged 40 yards to the Sundown 28, but on a first down try, the groggy Henry fumbled.
