Basketball Teams Near Winning Half of District 1A-11

The Crowell High School basketball teams made another important step toward the western half district championship last Friday night at Munday. The Crowell girls won their game 60 to 42. The Crowell boys came through with a 58 to 40 count. Both teams had previously won over Paducah. The Munday girls have an excellent record for the season with only one loss up until last Friday night. However, the Crowell girls displayed some of their best playing of the season. Patricia Prosser scored 30 points for the winners. The Crowell forwards, as usual, sacrificed shots to give set-up attempts to their team-mates. Audrey Trammel scored 17 points for Munday. This girl has averaged 50 points per game this season. The Crowell guards did a good job of holding her score down in this game. The Crowell boys had very little trouble jumping out ahead in their game. However, their teamwork was not as smooth as it has been in the past. There was much fouling in the contest. Gary Carpenter did some excellent work retrieving the ball off of the back boards. Munday threw an all-court press during the last half that held the Wildcat scoring down. Phil McAfee, Munday star, was held to nine points. Knox City boys and Burk Burnett girls will be here tonight (Thursday) for games. Knox City is seventh in area rating by the Wichita Falls Record News.

Munday's boys and girls will be here for crucial games next Tuesday night. Victories for the Crowell teams should clinch the western half district championship.

Date Changed for Little League Meet

It became necessary to change the date of the Lions Club program, "Around the World in a Daze" to Feb. 12 and 13; therefore, the Lions Club announced today that the community Little League baseball meeting that was announced for the 12th in the high school auditorium has been changed to Monday night, Feb. 23, in the high school auditorium. Rev. Carl Hudson, in making this announcement change, suggested that the changing of the date to Monday evening, Feb. 23, will give the parents of the community more time to invite others who are interested in boys to attend this Little League baseball organization meeting.

Pictured above are the children whose pictures were taken recently by Winston Lucas. Following each child's name is the parents' name. Top row (left to right): Mary Elaine Dishman, Mr. and Mrs. T. K. Dishman; Jesse Adams, grandson of Mr. and Mrs. Dave Adams; Jo and Paul Rex Driver.

tinue to say "no" until we have attained the position we wish to occupy in the world. If we decide just to level off where we are and coast along, we will be lost because today, "one must keep moving even to stay where he is."
 In our education we should reach as far as possible—further than we now grasp. Formerly, higher education, in the form of college or specialized courses, was considered a luxury, but now it is practically essential to advancement in our modern society.
 Certainly, we don't mean one should drive himself to the point of exhaustion trying to get ahead. Instead, one must strive to lead a well-rounded life with plenty of work and plenty of enjoyment. Some may consider enjoyment an unnecessary element, but what good is success without happiness, and how can anyone be happy if he doesn't take the time to enjoy the pleasures of life along the way!

To you freshmen and sophomores, the greatest part of your high school career is ahead of you. Don't let it go to waste. Decide now that you will look forward; set your goal high for the accomplishments you hope to attain in the next two or three years.

Juniors and seniors, your time in high school is growing short, but it's not yet entirely too late to reach out for something that will benefit you the rest of your life. Count your achievements, and I'm sure that you will find there is still something you can and should do before you move up to bigger and better things.

Library News
 We, of the High School Library, are proud of our duties as librarians, and we want everyone to know who we are. Senior librarians are as follows: Roberta Hough, Vera Porter, Joyce Howard, Lillie Polk, Peggy Cates, Dee Ann Christian, Virginia Williamson and Judy Hollenbaugh. The Junior Librarians are Carolyn Sue Aydelotte, Lois Ann Painter, Lou Ann Summers, Patricia Pittillo, Rachel Rodriguez, Helen Vessel.

Mary Akers, also a junior, served the first semester, but she moved to Odessa. Sophomore librarians are Dorothy Wehba, Sharon Sue Wharton, Wanda Moore, Jo Ann Schwarz and Barbara Goodwin. Freshman librarians include Bonnie Little, Caroline Denton, Wilma Denton, Jennie Wheeler and Carolee Oliphant. Some of the librarians average working one hour each day, every day of the week. Others work two hours a day and should be commended for their good work. The librarians try to carry out the club motto: "Serve all well and welcome the opportunity."
 Supplies have been ordered for the mending of some of the library books. If there is some book that you would like to check out, but that you know is on the mending shelf, you can expect it to be ready for use about April 1.

Hospital News
 Don Taylor and Bobby Powers have recently returned to school after having been hospitalized several days. Don suffered pneumonia and Bobby an ear infection. We're glad to have you back at school.

In the Quanah hospital is Jeannie Johnson. We have not learned the type of illness she is suffering, but we hope that shortly she'll be back in school. Also in Quanah is Lowell Page, a CHS graduate of 1957. Our wish for you, Lowell, is a speedy recovery.

Meet Vernon Phipps
 Entering our school this week is a new student, Vernon Phipps. Vernon is a 14-year-old freshman who has been in school in Breckenridge. We learn that his father is an oil driller, and for a lot of reasons we hope that you, Vernon, and your family make Crowell your home for a long, long time!

Roving Reporter's Report
 Fashion is still in vogue this week, but we've added people to the list.
 Bettie Linda and Roxie provided a fashion interest Monday. They were wearing their Bermuda skirts and lean-tights. Bettie's outfit was blue, topped by a lovely blue sweater; Roxie's was red. Carla Driver showed up Tuesday in a similar outfit with black as the principal color.
 Bright colors were really in vogue Monday. Mary Ann Myers wore a red skirt topped with a red V-necked sweater. Carla wore a beautiful green skirt and sweater set. Barbara Goodwin looked pretty in her orange-gold quilted skirt with an embroidered blouse to match.
 Tuesday gave us Dorothy Wehba in a new hairdo! The "ducks" is real cute. Pat Prosser looked comfortable in an aqua colored slacks and shirt ensemble with a matching sweater. About the bulkiest knit sweater around here belongs to Carolee Oliphant. It's gray and features a wide collar. D'Lois Shultz looked stunning

Lonesome Valley—Chapter 6
 The tense atmosphere in the Pease City airport snack bar quickened as the sweet, innocent young waitress shyly reminded the gentlemanly stranger, who was really the famous lawyer Sheriff El Zordilton Wayne-Rodgers Cassidy in disguise, that he had forgotten the tea he had ordered. He stood facing the notorious outlaw Blackie Dead-Eye Sam, and the terrified crowd knew that the final battle had come.
 The brave sheriff ignored the girl as he pushed her behind the counter for safety. The muscles in his tanned, handsome, lean face tightened as he again turned toward the ruthless killer. Blackie Dead-Eye Sam's trigger finger twitched in excitement as he waited for this courageous man opposite him to act.
 Slowly, Sheriff El Zordilton-Wayne-Rodgers Cassidy spoke, "This is it, Blackie Dead-Eye Sam, notorious killer and outlaw. For many months the law has tried to hold you for the crimes you've committed, but this time you've gone too far. You'd better hand over that gun and the 99 concealed weapons you carry and come along peacefully."
 Blackie Dead-Eye Sam placed his hands on his hips and replied in a tone full of mockery, "Yeah? And just what are you taking me for?"
 In answer to the question, the famous Sheriff of Pease City pointed toward the sign that hung over the door. In bold letters it proclaimed "All gentlemen will please remove their hats before entering."
 In horror, the fearless criminal snatched the battered Stetson from his head and meekly surrendered to the sheriff.
 Yes, the sheriff knew his plan

would succeed. Blackie Dead-Eye Sam might not have been a law-abiding citizen, but he was a gentleman!
 So, once more the peaceful town of Pease City settled into its old routine. But the news of Sheriff El Zordilton Wayne-Rodgers Cassidy's courageous acts in apprehending the notorious Blackie Dead-Eye Sam was told all up and down the mighty Pease River.
 The End.

Attention, Everyone! This Is the Way It Could Be!
 As a newspaper reporter, it is my duty to fill a specified column each week and in absence of any material being turned into me, I have called upon my imagination to make this an interesting column.
 Following the examples set by R. H., other seniors have decided to try "robbing the cradle," such as Robert - Earllyn, Joe - Vickie, Ronald - Alta Nell, Henry - Gaye, J. W. - Sue, David - Connie, Bettie-Jerry Tole.
 Karl Bell has his heart set on Marcia Carroll; Cynthia, you'd better watch out for Gerald Bradford; the grapevine has it that he is on the prowl; Jimmy Cates, isn't Wilma a little too small, son?
 Seen at the Plaza, or was it the N. P. P., were Dee Ann Christian and Guy "Stinky" Todd, Gayle Taylor-Danny McRae, "Tiger" Lillie Polk - Butch Walters and Janie Wright-Edward Kajs.
 The girls of CHS are in mourning because wedding bells will soon be sounding for Ivan-Carolee Lee. We were sorry to see Mr. Welch leave, but as the old saying goes,

"Our loss was Alcatraz's gain."
 Our roving reporter has reported that the teachers' coffee break isn't a coffee break at all. What do you do, fellows? The scandal knows! We feel it is our duty to inform the public - you, you, you - (we hate to say it) but in place of drinking coffee, you have been found drinking Dr. Pepper's "pepper uppers."
 Enjoying a skating party on the 6-mile hill Monday afternoon were little "Boob" Carpenter and that mighty Judy Johnson.
 We hope Kirk Walters enjoys his stay in the county jail. Too bad they found out that the dark-room was just a front for.....
 Attending the Plaza were many interesting couples. There were Don and Kay, Wanda and Dale, Carla and Bryant, Jo Helen and Monte, Virginia and Bobby, Mary Ann and Buba, Peggy and David, Roxie and Freddie, Jo Frances and Bill, and—oh, dear me—there is the bell, I must go!

So, you see what happens when a reporter's mind gets on a "wandering spree." To prevent any "follow-ups" of this kind, you'd better get busy and get some real happenings in for next week.
 Remember—there "ain't" a bit of truth to a bit of this!
 P. S. If you have all been wondering why Henry Black is wearing dark glasses, you can lay the blame on Linda Teague, Linda Lillie Polk - Butch Walters and Janie Wright-Edward Kajs.
 Best wishes to you and Tommy, Linda. Incidentally, this is for real!

That's all of the news for now,
 The Roving Reporter.

PRESS RELEASE
ELECTION CALLED - SATURDAY, FEB. 7th
\$55,000 COURTHOUSE IMPROVEMENT BONDS
NO INCREASE IN TAX RATE

The Commissioners' Court of Knox County last November employed a well known firm of Fort Worth architects to make a careful examination of the present condition of the Courthouse. Their report of this survey states that when the building was erected, it was a first class building, well built and designed, however, over the years much damage has taken place and deterioration has set up principally due to weather, water leakage, freezing and ravages of time.

According to the architects' estimate the cost will be approximately \$55,000.00 to correct the defective conditions now existing and to put the building in first class condition; so in order to conserve our investment in the Courthouse, an election on the authority to issue that amount of bonds will be up to the qualified voters in a bond election Saturday, February 7th.

Many questions will be asked with probably some inaccurate answers, so we set out below important questions with correct answers.
QUESTION—When was our Courthouse built?
ANSWER— Completed in the year of 1934.
QUESTION—How much did it cost?
ANSWER—\$93,300.00.
QUESTION—How much would it cost if built at present day prices?
ANSWER—According to architects estimate about \$350,000.00.
QUESTION—How many bonds do we owe on our Courthouse?
ANSWER—NONE. All have been paid.
QUESTION—How much will my tax rate be increased to pay these \$55,000.00 in bonds?
ANSWER—NONE. Your tax rate for Courthouse, Hospital and Jail purposes will remain the same as heretofore.

QUESTION—Why will my tax rate for the above purposes be the same?
ANSWER— Because all the Courthouse Bonds have been paid and because of the excellent financial condition of the Hospital and Jail Bond Sinking Fund set up to pay that debt.
QUESTION—When will all of the Hospital Bonds be paid?
ANSWER—March 1, 1966—Seven years.
QUESTION—When will all of the Jail Bonds be paid?
ANSWER—February 15, 1974—Fifteen years.

QUESTION—When will all of the proposed Courthouse Bonds be paid?
ANSWER—March 1, 1970—Eleven years.
QUESTION—What tax rate is levied for Courthouse, Hospital and Jail purposes?
ANSWER—25c—The statutory tax for permanent improvements.

QUESTION—Would my tax rate for permanent improvements be reduced if this election should be defeated?
ANSWER—NO—Because this tax money must be used for temporary repairs and upkeep each year which will not solve the immediate need to prevent further deterioration of our Courthouse.
QUESTION—Who can vote in this election?
ANSWER—Qualified electors who have personal or real estate property on the County's tax roll and hold a 1958 Knox County poll tax receipt or are exempt from paying for same because of age.

QUESTION—When is the election?
ANSWER—Saturday, February 7th.
QUESTION—Where do I vote?
ANSWER—At the same place you vote in General Elections.

QUESTION—It apparently is good business to protect my investment in our courthouse without any increase in my tax rate. Is this correct?
ANSWER—YES—PROTECT YOUR INVESTMENT—NO INCREASE IN TAX RATE.

Answers, he said, will "not be any easier to find next summer than this winter and spring."

Appropriations Committee responded by putting itself on a

five-days-a-week, eight-hours-a-day schedule, aimed at having the big appropriations bill ready in 60 days. Ordinarily, other legislation is held back until appropriation decisions are made.

HOUSE COMMITTEES — After Carr defeated Rep. Joe Burkett Jr. of Kerrville for speaker, suspense centered on how Burkett supporters would fare in Carr's committee lists.

Outcome was that Carr men, naturally, received all choice posts and approximately 86 per cent of committee chairmanships. Of the 43 House committees, 37 are headed by Carr supporters, four by definite Burkett supporters and two by persons whose vote was not known.

Top committees and their leaders are: Appropriations, W. S. Heatly of Paducah, chairman, John Huebner of Bay City, vice chairman; Revenue and Taxation, V. L. Ramsey of Beckville, chairman, Frates S. Seeligson of San

Antonio, vice chairman; State Affairs, Richard Cory of Victoria, chairman, Max C. Smith of San Marcos, vice chairman; Oil and Gas, Wesley Roberts of Lamesa, chairman, Richard Slack of Pecos, vice chairman.

Constitutional Amendments, James M. Cotten of Weatherford, chairman, Frank McGregor of Waco, vice chairman; Insurance, Carl C. Conley of Raymondville, chairman, Joe Chapman of Sulphur Springs, vice chairman; Motor Traffic, H. J. Blanchard of Lubbock, chairman, Rufus Kilpatrick of Beaumont, vice chairman; Agriculture, Truett Latimer of Abilene, chairman, Harold B. Parish of Taft, vice chairman.

SENATE COMMITTEES — Less dramatic, but fully as important to legislative processes, were Lt. Gov. Ben Ramsey's selections of Senate committees.

Top posts are concentrated among veteran Senators, experienced in government, and in accord

with the conservative philosophy predominant in the Upper House. Heaviest responsibility will be in the hands of Sen. Dorsey Hardeman of San Angelo, State Affairs chairman, and Sen. William S. Fly of Victoria, Finance chairman.

Other committee leaders include State Affairs, J. P. Fuller of Port Arthur, vice chairman; Finance, Preston Smith of Lubbock, vice chairman; Agriculture and Livestock, George Moffett of Chillicothe, chairman, Culp Krueger of El Campo, vice chairman; Labor and Management Relations, George Parkhouse of Dallas, chairman, Krueger, vice chairman.

Also Oil and Gas, Frank Owen III of El Paso, chairman, Moffett, vice chairman; Insurance, Floyd Bradshaw of Weatherford, chairman, Owen, vice chairman; Transportation, Abraham Kazen Jr. of Laredo, chairman, William T. Moore of Bryan, vice chairman; Constitutional Amendments, Bill Wood of Tyler, chairman, Jimmy Phillips of Angleton, vice chairman.

Wildlife Report Made in Movies, Ready to Show to Audiences

A motion picture review of the work of the Game and Fish Commission during 1958 has been released, according to H. D. Dodgen, executive secretary.

The picture, in color, gives a full account of the many activities of the Commission in its job of developing more hunting and fishing for the three-quarters of a million Texans who bought licenses during the year.

At the same time the picture deals with other work done in behalf of the general conservation program.

For fishermen, the report covers the activities of both fresh and salt water. There are beautiful shots of planting small-mouth bass in the south fork of the Llano river, where this clear beautiful stream may soon become the home of the so-called "king of fresh water game fish." The picture also shows work being done at Possum Kingdom on chemical treatment to control the population on undesirable fish.

On the coast the film shows the building of artificial fish reefs with old car bodies; the creation of additional fish passes between the bays and the gulf. It also describes work being done to increase oyster beds.

For the hunter the film gives a report on the wildlife management areas, where chukar are being planted, deer and ducks are being hunted, and wildlife programs developed throughout the State.

The picture will be available to clubs and civic organizations and may be had by writing the Film Library, Game & Fish Commission, Austin.

GAS "EXPLOSION" DUE — Battle lines are being drawn swiftly and heavily artillery rolled up for the fight over Gov. Price Daniel's tax program, particularly the gas severance tax.

Industry spokesmen criticize the governor's program as "short-sighted" and deplore the increasing levies on sources already being taxed. Gas men promised to fight the severance tax, if passed, all the way to the U. S. Supreme Court.

But Governor Daniel declared he'd gotten many more bouquets than brick bats for his plan. Only opposition, he said, was from those who want to tax "everything from shirts and shoes to bassinets and baby buggies."

Rep. George T. Hinson of Mincola, who introduced the gas bill in the House, said it would bring in \$1.06 from out of state for every \$1 paid by Texans.

HANDS OFF — Governors of 28 other states have joined him, says Governor Daniel, in a fight against President Eisenhower's proposed 1½-cent raise of the federal gasoline tax.

This tax field should be left to the states, the governor believes. Texas Highway Commission, he pointed out, is asking for a one cent raise in the state gasoline tax to help pay mounting road building bills.

Under the present federal aid formula, Daniel estimated that with a 1½-cent federal tax increase, Texans would pay \$137,000,000 more in gasoline taxes than would be returned to the state for highway building.

GRIST FOR THE SESSION — Most of the bills which will be stirring up the air in the next few weeks already are in the mills. Among them are these measures which would:

Provide for Party Registration by voters at the time they pay their poll taxes, by Rep. Jamie Clements of Crockett. Only persons registered as party members would be allowed to participate in primaries and conventions.

Raise Teacher Pay by approximately \$800 a year, and lengthen school year to 190 days, by Rep. L. DeWitt Hale of Corpus Christi. This follows recommendation of Hale-Aikin school study committee, of which Hale was vice chairman.

Increase Liquor Taxes from \$1.40 to \$2.50 a gallon, by Rep. Pete LaValle of Texas City. This was one of Governor Daniel's recommendations to bring in an estimated \$18,000,000.

Tax Corporation Income on a graduated scale, by Rep. Dean Johnston of Houston, to raise an estimated \$20,000,000 annually.

Increase Truck Weight limit from 52,420 to 72,000 pounds, by Rep. R. L. Strickland of San Antonio. Same bill was defeated after stiff fight last session.

Require Open Meetings by all governmental agencies, except where they now are required by law to be confidential, by Rep. Truett Latimer of Abilene.

Change Primary Election dates from July and August to the first and fourth Tuesdays in May, by Rep. Marshall O. Bell of San Antonio.

Give All Cities of more than 10,000 full authority to regulate wages and hours of firemen and policemen, by Rep. Ben D. Suddeth of Brownwood. This is a matter of sharp controversy. A counter-measure, introduced by Rep. Bob Johnson of Dallas, would reduce hours and increase pay for firemen and policemen.

Provide a New University of Texas medical branch. Rival bills are being pushed—one by the Austin delegation directing that the school be built in Austin, and another by the San Antonians, specifying their home city.

Prohibit Labor Unions from using regular dues and assessments for political purposes, by Sen. Geo. Parkhouse of Dallas. Unions would be required to file an annual audited financial statement with the Secretary of State.

Loan State Funds to communities to help establish local homes for old people, a constitutional amendment proposed by Rep. Murray Watson of Mart.

Set Butterfat Content of milk offered for sale at a minimum of 3¼ per cent, by Rep. Steve Burgess of Nacogdoches.

Raise Unemployment Benefits from \$28 to \$40 a week and extend pay period from 24 to 39 weeks, by Rep. Roger Daily of Houston.

Require Employers to recognize a collective bargaining agent supported by a majority of employees, by Repp. Clyde Miller and Robert

Allow Higher Speed limits on Texas highways. One proposal, by Rep. Bill Jones of Dallas, would raise maximum from 60 to 70 m. p. h. Another, by Repp. Tom James of Dallas and Louis Anderson of Midland, would permit Highway Commission to regulate maximum up or down, as road conditions justify.

Abolish Poll Taxes as a requisite for voting, by Repp. B. H. Dewey of Bryan and Maude Isaacks of El Paso.

Have Democratic Executive committee members elected by direct primaries, rather than selected at the state convention, by Rep. Dewey.

Repeat the Law requiring that a local vote be taken before a school can desegregate, by Rep. Don Gladden of Fort Worth.

Make Arlington State College a four-year school, by Sen. Doyle Willis of Fort Worth and George Parkhouse of Dallas. Similar proposals were put forward for John Tarleton College at Stephenville and Midwestern University, Wichita Falls.

Allow Legislators to set their own pay by a two-thirds record vote, a constitutional amendment by Sen. Dorsey Hardeman of San Angelo. Hardeman was a leader in the defeat of the last pay raise amendment.

Ban Automobile Selling on Sunday, by Sen. Ray Roberts of McKinney.

President Eisenhower's State of the Union message, which dealt at length with the danger of inflation, did nothing to reassure business that it can expect a "friend in court" when put on trial before the congressional committees.

Staff investigators from at least four business investigating committees have begun, or soon will begin, probing into business files and records in search of evidence on which to hale business men before the committees for public hearings.

The thoroughly disturbed Wall Street Journal, which usually reflects business thinking, recently headlined a warning that Congress plans the "Biggest Anti-Business Drive Since the New Deal."

The U. S. Chamber of Commerce, which also has big business interests, is quoted as saying "they (the committees) won't lay the cause of inflation at labor's door. They have to find a scapegoat, and business is it."

It could be that business men are "talking scared," but if so they are being given some very plausible reasons for doing so. Many business men are becoming convinced that the government is against them and that any time they appear before a congressional or administrative agency they have two strikes on them.

A Fair Trial
It is entirely within the province of congressional committees and properly constituted government agencies to hold hearings for the purpose of gathering information necessary to carry out their functions.

Those functions, however, should not include the power to act as a court of law to deprive citizens of their liberty or property. That is the proper function of our courts.

Some committees have operated on the theory that if they make their charges and insinuations strong enough, a sizable portion of the public will believe there is guilt, even when later evidence fails to reveal wrongdoing.

Business men will be in for a grueling ordeal when they face investigating committees headed by Senators Joseph P. Mahoney of Wyoming and Estes Kefauver of Tennessee, and in the House by committees headed by Emanuel Celler of New York and Wright Patman of Texas.

The charges against business will make sensational headlines, but it would be well to reserve judgment until all the evidence is in. It never is a good idea to pass sentence before a trial.
