## Louis Kempf Died Friday Morning in Crowell Hospital

### Last Rites Sunday at Methodist Church in Margaret

Louis Kempf, 81-year-old Foard County farmer and rancher, died in the Foard County Hospital Friday morning after a brief illness. Funeral services were conducted in the Methodist Church at Margaret Sunday afternoon at 2 o'clock conducted by Rev. Clarence Bounds of Crowell, retired Methodist preacher, and the Margaret pastor, Rev. E. H. Martin.

Interment was in the Big Valley Cemetery south of Chillicothe, directed by Womack Funeral Home.

Pall bearers were W. A. Dunn, Ray Hysinger, Jim Owens, J. T. Tamplin, Grover Moore and Earl Ingle.

Mr. Kempf had been actively engaged in the operation of his farming and ranching interests until he was stricken.

Born on October 3, 1881, in Clay County, he moved to Wilbarger County with his parents, the late Mr. and Mrs. George Kempf in 1885. His father operated farm and ranch land in Wilbarger, Foard and Hardeman counties for many years and the family lived in dug-outs along Pease River for several years.

In 1908, Mr. Kempf and his childhood sweetheart, Miss Sadie Drieschner of Farmers Valley, were married in Vernon by the late Judge J. A. Nabers. Following their marriage, Mr. and Mrs. Kempf moved to Foard County and established their home in the Margaret community.

He was converted at an early age and attended the Baptist Church at old Antelope Springs which was near the present townsite of Rayland. He was a loyal member of the Methodist Church. Surviving are his wife; a son, Richard Kempf of Farmers Valley; two daughters, Mrs. James Bowers of Margaret and Mrs. Floyd Ferguson of Crowell; and two granddaughters, Mrs. Janey Baker of Quanah and Miss Linda Piker Kempf of Farmers Valley.

Gins in the county had turned out a total of 152 bales through last week.

### Cemetery Will Not Have Rummage Sale This Year

As far back as 1954 a few women of Crowell have staged a rummage sale each fall for the benefit of the Crowell Cemetery upkeep. This has not been profitable or practical the past few seasons and in reply to several inquiries, Mrs. N. J. Roberts said Tuesday the project will not be undertaken this fall. Mrs. Roberts expressed appreciation to those loyal women who helped for many years.

Mrs. Roberts would like for someone to plow the acreage east of the cemetery house.

### City Eliminates Water Restrictions

Because of the rains and the cooler weather, the City Council has decided it is no longer necessary to have water restrictions.

The Water Department, the City Council and Mayor Henry Black expressed their appreciation this week for the cooperation that was given during the several weeks that the restrictions were necessary.

### Light Showers Fall Here During Week

Seven-tenths of an inch of rain was the total of two showers received in Crowell during the past week. Crowell received .4 inch last Wednesday night, while Vivian received over two inches and one inch was reported at Thalia.

Three-tenths inch fell here just before noon Sunday. Again the rain was widely spotted in coverage and amounts received.

High and low temperatures for the past week follow:

Skies were overcast here Wednesday morning with the possibility of more showers.

### Ed Gafford Family Move Here Last Week

Mr. and Mrs. Ed Gafford and two daughters, Zerne and Michelle, have moved to Crowell from Fort Worth where they had been living, and are located in the house on a farm belonging to his brother, Bill, northwest of Crowell.

While living in Fort Worth, Mr. Gafford was making regular runs hauling cattle to California.

### Social Security Man to Be Here Sept. 25th

A representative of the Social Security Administration will be in Crowell at the court house on Wednesday, Sept. 25, from 10 a. m. until noon. You are invited to meet with the representative to file a claim or to obtain information or assistance concerning social security.

Congressman Graham Purcell of Wichita Falls told farmers here last Monday night that he hopes Congress can work out a new wheat program for farmers in time to be effective for the 1964 wheat crop. Purcell addressed an open meeting of the newly-organized Foard County Farmers Union.

Purcell, who is chairman of the wheat subcommittee of the House

Agriculture Committee in Washington, explained the problems faced in trying to pass new wheat legislation in the face of the May 21 referendum defeat of the proposed "certificate plan" for wheat. He told the group that the present attitude of congressmen from city areas will make it most difficult to pass new legislation on wheat.

"But," said Purcell, "this will not put any damper on my efforts to help the wheat farmer. I believe the farmer needs new legislation for the 1964 wheat crop. And I plan to do all I can to see that he gets it."

The Congressman explained that his subcommittee has held numerous hearings and meetings on proposals which have been offered, and that they are now studying all the proposals, evaluating them on the basis of cost, effectiveness, and other criteria. Purcell said, "I hope we can work out a program which will be acceptable to farmers and which we can get enacted in the House and Senate. This will be a difficult job. But we will work at it day and night. If we fail to get a new program, it will not be because I have not tried."

At this first annual convention of the local Farmers Union, the president, Warren Haynie, introduced the other officers and directors, as follows: Grady Halbert is vice president; Mrs. W. F. Statter is secretary-treasurer; and the directors are John Cogdell, Kenneth Halbert, Henry Black, Cecil Carroll, Jake Wisdom and Buster Borchardt. Mr. Haynie also announced that the Blue Cross group of the Farmers Union has been accepted.

Kenneth Halbert read the resolutions as recommended by the resolutions committee, as follows:

1. To put Farmers Union in every county in the state.
2. Commend the Administration for the wheat program offered, although it was turned down by a majority of wheat farmers, and to recommend a voluntary program similar to those in the past.
3. To promote R. E. A. program.
4. To protect co-operatives.
5. Continuance of the Farm to Market road program.

These resolutions were adopted by the Farmers Union members attending.

The CHS stage band, directed by Albert Lykins, played three numbers for the entertainment of the district court room-filled crowd.

Grady Halbert introduced Mr. Purcell and also introduced the congressman's administrative assistant, Norman Duncan.

Following his talk, the congressman ably answered questions presented from the floor.

Preceding the meeting, wives of the Farmers Union officers and directors, were hostesses for a dinner at the Community Center for the Purcell group.

### ATTLE GRAZING COASTAL BERMUDA GRASS

on Bill Cates farm near Thalia. Mr. Cates, cooperor with the Lower River Soil Conservation District, sprigged 9 acres of coastal bermuda in 1961 and has run 15 head or more of cows on the grass since early in the spring. The grass has been fertilized and watered, though, due to needing water for other crops, has not tried to get maximum production from the coastal. Cates stated the cattle have made good growth and gain from grazing the coastal.

## Matador Plays Wildcats Friday

Crowell High School football boys have their work cut out for them this Friday night when the Matador Bullfighters come to town. The Matadors boast one of the best records in the state. In fact, they have not lost a game since 1961. They were undefeated last season, winning the regional title, which is as far as class goes. They have had very little trouble in their two victories this season. They defeated Knox City two touchdowns last week, the Greyhounds had previously defeated Chillicothe by a lopsided score. They have several players in the lineup who are heavy hitters. The 205-pound Richard Campbell, is one of the better players of West Texas.

**EDITORIAL**

**An Arena or a Field of Honor**

"We have each to determine whether this world is an arena where we fight to get what we can for ourselves, or a field of honor where we can give all we can for our fellow man." As we plot our course for the future, we must consider this statement made by an English physician, Sir Wilfred F. Grenfell. We must decide whether our lives will be spent conquering for ourselves or helping others.

We have learned that as a nation we function better when we unite for a common cause and work together. The same principle may be applied to a school. Classes accomplish more when the teachers and the pupils strive for a common goal. Football teams go further when they work with their

coaches and when the players use teamwork on the field rather than try to win the game as individuals. Faculty members find that much more can be achieved if harmony reigns in their midst. School organizations and clubs are completely useless if the members refuse to cooperate. The cooperation of everyone in the school is necessary if the school is to be of the utmost benefit to all concerned.

Let's decide to make our school a "field of honor" rather than an "arena" so that we may gain the most possible at CHS this year.

**Three-Fourths of '63 Class Enroll in College**

It is interesting to note that 73 per cent of the seniors who attended the Crowell High School last year are enrolled in college. This is well above the national average. Nearly all the other members of the '63 class of CHS have jobs in Crowell.

Gena Adcock, who married Gerald Howard this summer, is now living in Odessa and is attending a business school there.

Linda McClain married Bill Graves this summer. They are living in Lubbock and Linda will go to school at Texas Tech this year.

Jimmy Thompson and Keaton Barker are in Lubbock to attend Texas Tech this year.

Attending Baylor University at Waco is Judy Traweek.

Sue Cates, who has attended a Fort Worth business college this summer, is continuing her studies there this fall.

Bob Borchardt married this summer and attended summer school at Oklahoma University in Norman, Okla. He is attending OU again this fall.

Dallas will be the residence of Joe David Drabek this year; he is attending the University of Dallas.

Judy Sandlin and Sammy Hudgens are going to college at West Texas State University in Canyon.

Lynda Mecheil is attending Tarleton State College at Stephenville.

Attending college at Cisco Junior College is Charles ten Brink. He is also participating in the band there.

Ely Wehba, who attended a business school during the summer, is working in Wichita Falls.

M. L. Speer is studying at Texas Christian University in Fort Worth.

Paul Bax Ekern is now at Billings, Montana, where he is attending college at Eastern Montana State College.

Teresa Wright is enrolled in Abilene Christian College, Abilene. Carolyn Eubanks is continuing her studies at an Abilene business college. She enrolled in June.

Marolyn Denton is enrolled in the Southwestern Bible Institute at Waxahachie.

Fauncine Fairchild is attending "Ole Miss" at Oxford, Miss. She is to be assistant drum major, head of the drill team, and the featured twirler.

Bill Fitzgerald has enrolled in the University of Texas, Austin. Junior Hopkins is working in Vernon; Patricia Brown is working in Midland; Jeanette Bollbruch is at home in Crowell; Dale Doyal, Kenneth Hough, Donald Hinkle, Bennie Hopkins, Nolan Toie and Oliver Baylor are working in Crowell.

Tomorrow night, the Matador Matadors will no doubt try their matador tactics against the Wildcats. This could be very interesting. See this game at the Crowell stadium tomorrow night.

Band Activities

This past Friday night at the Crowell-Memphis game, the marching band and drill team performed an extremely unusual half-time show. The title was "A Drum-major's Nightmare." Each time the drum major gave a command, the band and drill team did just the opposite of what the whistle indicated. After much confusion, the drum major fainted on the field and was carried off by the cheer leaders.

The band wishes to welcome the new director and his wife, Mr. and Mrs. Albert Lykins. Even though they have been in Crowell only a month, the members of the band have learned to think a great deal of both of them. There has been a new addition to the Lykins' family—a new daughter, Pamela Ranae, born Sunday, Sept. 8, weighing 7 lbs., 2 oz. Congratulations to the proud parents!

This past week the band elected its officers. They are as follows: Bobby Bond, president; Philip Welch, vice president; and Ruth Sanders, secretary-treasurer. Carolyn Hickman has been appointed reporter.

Student Council Honors Faculty

The Student Council honored the faculty of high school with a coffee at the homemaking canteen Tuesday, Sept. 10.

At this time, the faculty approved the list of suggestions for 1963-64 Student Council sponsored activities, as presented by its president, Carolyn Hickman.

Senior Personality

Note: 37-30-38, those are the measurements of a famous figure that wanders through the halls of CHS. This 5' 5" 17-year-old youth has green eyes and brown hair.

Among the favorites of this student are the color, red; singer, Elvis Presley; actor, John Wayne; actress, Suzanne Pleshette; food, friend chicken. With a favorite pastime of doing nothing, it is a wonder that this senior's preferred teacher is Mr. Black and his preferred subject is bookkeeping.

By learning that football and FFA are interests of this week's personality, I am sure you will guess that it is James Lloyd Corder, son of Mr. and Mrs. W. O. Corder of Truscott. After graduation, James plans to attend West Texas State College.

James believes that his life has been deeply influenced by his parents and teachers.

Calling All Freshmen

It has been said that freshmen come into high school knowing nothing about high school activities. Mr. Washington's classes witnessed librarians on the ball the first week of school. Through the help of librarians and Mrs. King, freshmen students were brought up to date on rules and information about the CHS library. Newspapers, magazines, books, book fines, readers' guides and the card catalog were topics discussed by different librarians.

Any time any of you need help, do not hesitate to ask a librarian. There are two librarians on duty in every study hall; they are always ready to promote "friendly service."

Be Kind to Your Lockers

Here I am back again this week. Do you remember me? I'm your buddy, the water fountain. It's been a long, hot week, and I've been the center of attraction at CHS. I... what's that noise? Oh, it's Louie Locker mumbling about something. I'll eavesdrop on what he's saying.

Louise: "Slam! Bang! Crash! That's all I hear all day long. The bell rings, and there's a deafening roar as the hall is stampeded. My dear owner bounds up to me, pulls me by my handle, and opens

me up. After a scramble for a paper, a pencil, or perhaps a mere bobby pin or can of hair spray, there is a mighty slam! Often, the thing perched on my top shelf. Now, if it's my typing book, I don't mind, but if it's my American history book, it's like murder as it plunges downward gaining momentum before a deafening crash, and if it's that box of word cards—well, that's a major disaster.

Then my owner bangs my door again and walks away. One of my fellow lockers has another gripe, for when it is opened, a mass of paper which has been stuffed inside comes tumbling out.

"Nearly every day, someone kicks me. That hurts! Other times my owner forgets and leaves my door open all day long. How would you like to be exposed that way? It does get embarrassing! Then, there are times when the only thing I seem good enough for is to be a place for someone to lean on. Oh, that's just dreadful!"

Well, folks, there's a true, hard-luck story. Please let this little reminder from me—your water fountain—help you to be a bit kinder to your friend—Louie, the locker.

Laughs

Mom: Otis, sit down and tell me your school grades.  
 Otis: I can't sit down! I just told Pop what they are.

Larry H. to father: There's to be a special PTA meeting tonight—just you, my teacher, and the principal.

News and Nonsense

Yea, Wildcats! Congratulations, team, for the great victory last Friday night! Let's keep it up this week and beat Matador!

Seems that Jo Wynn and Schery are in the same boat. Their male companions have left for the "big college life." Cheer up, girls, I hear that there will be some interesting movies on television this fall.

Bobby B., you had better keep a close eye on Barbara W. There seems to be a certain freshman boy who has a crush on her!

Couples together after the great pep rally were Kenneth-Paula, Gary-Mary Sue, Nolan-Linda, Toye-Sandra, Philip-Ruth, Carolyn-Dale, Bobby-Barbara, Dan Mike-Billye Sue, Mike-Karen.

Ronnie C., don't you wish you had a car of your own?

Couples seen walking away from the scene of the Crowell-Memphis game were Toye-Sandra, Larry-

Jill, Dan Mike-Billye Sue, Mike-Karen, Ronnie-Elaine, Tommy-Janis, Steve G-Vicki, Monte-Kay. Those together after the game were Kenneth-Paula, Don W-Patricia, Dale-Betty, Henry-Judy, Ken-Mary, Woody-Betty, Ronnie-Elaine, Larry-Jill, Dan Mike-Billye Sue, Tommy-Janis, Bill-Lanette, Loy H-Nelda.

Triangle of the week is Paula-James C-Terri.

Playboy of the week is Kenneth Carroll. Maybe we should call him "Mr. Popular."

Making the scene Saturday night at the show and elsewhere were Bobby-Barbara, Philip-Ruth, Kenneth-Patricia, James C-Paula, Gary-Mary Sue, Pete-Sherry, Larry-Jill, Tommy-Janis, Otis-Francis, Bill-Lanette, Henry-Judy, Glen Doyle-Vicki.

The scandal seems to think that Vicki and Doyle got things patched up. Doyle, you had better watch out, you just might get a nickname!

Kathy, whom were you with Wednesday night? You'd better be careful!

Why is Carolyn's favorite state Missouri?

Nelda's really been in the clouds since Loy came to see her.

It seems that Friday nights aren't so popular as they used to be. What about this, LaRue and Kathy?

Dennis, Bobby and Barry have your shirts.

LaRue, why do you want to go to Fort Worth with Beverly? What is thirty miles from here?

Beverly T., whom were you with Saturday night?

Beverlie was bubbling last week end. The reason: Charles was home.

Let's fill the next scandal chockfull of juicy tidbits of gossip.

**But the Russians Wouldn't Know About That**

"In Russia, we learn from a bulletin of the U. S. Department of Agriculture, neglect of farm machinery has been made a criminal offense. It is not difficult to understand the need for drastic steps. When the machinery belongs to the State, and the land belongs to the State, and the crops belong to the State, who cares

what happens to any of them? ... American farmers, however, discovered for themselves long ago, that neglecting their machinery is a crime—not against the State, but against Nature and their own welfare—despite the quick availability of parts at modest cost ... 'In the sweat of thy brow,' says the Good Book, 'shalt thou eat bread.' But the Russians wouldn't know about that."—Jaeger, W. Va., Industrial News.

At the time this writer was discussing the dangers to children of discarded refrigerators, with the president of an Oregon organization to promote the removal of doors on such refrigerators, three boys between the ages of 5 and 11 died of suffocation in an abandoned freezer in Independence, Oregon. Unused refrigeration units with doors on them are traps set for unsuspecting children.—Ernest Hofer.

## Truscott Rancher Has Colorful Cowboy History

An old timer who still spends 6 to 8 hours per day cowboying at the age of 71 probably made the last "real" trail drives to this area—and under conditions that would shock the Chisholm Trail drivers.

Jack Brown, of about two miles southwest of Truscott, drove 500 head of wild Indian ponies from the "four corners" area—where New Mexico, Arizona, Colorado and Utah meet—in three trips from 1921-23, and also helped herd 750 head of steers from Lovington, N. M. to Crowell during that same time.

There probably won't be much spectacular about these trips to the Hollywood-indoctrinated cowboy fans; there were no casualties, stampedes or other calamities. Brown gives the impression of being a man who wouldn't put up with such nonsense.

All Brown did was gather from 150 to 200 head of rough horses from the Navajo reservation in the four corners area and drive them almost 1,000 miles across deserts, mountains, plains and such minor obstacles as highway and railroads to Truscott.

He didn't do it by himself, of course. He always had help—one partner.

Just to make sure he didn't get bored driving wild horses 30 miles per day, while not rustling grub or taking a little nap each night, Brown and his co-driver would break 5 or 6 of the mustangs each day. They used the mustangs they were breaking to herd the other horses.

By the time the former broncs reached here, they were gentle enough to be used as cow ponies or kid horses.

The trips took about a month each. Brown says, "we didn't take much food. You'd pass places where you could get bacon and eggs and coffee. It was plain living."

He also took along a small arsenal, including the cowboy's traditional six-shooter, to shoot rabbits in the event other food became scarce.

The total living equipment for the two men trailing horses consisted of bedrolls, a Dutch oven, a skillet and "the other necessities—a jug of molasses and a jug of whiskey. I didn't use the whiskey but the other boys did."

There weren't many roads in those days. Brown says, and the traveling was relatively simple. The partners took care not to destroy fences or property and were well received by farmers.

The reason for the drives was to save transportation money in those pre-truck days. Brown and his partner bought the rough horses for \$5 to \$20 each from the Indians, and sold them here for \$35 to \$50 each.

Pretty rough work? "It was, still it wasn't. We were young and didn't think anything about it. Up until I was about 40, I wasn't used to riding a gentle horse."

The cattle drive from Lovington, as far as Brown knows, was the last major trail drive to reach this area, until a venture from Bryson to Breckneridge this year. Among those on the drive were Criss Moody of Crowell and Joe Gordon of Mineral Wells. The cattle were sold to Jim Olds and Bax Johnson on the 7L Ranch west of Crowell.

The last half of the cattle drive was made in comparative luxury. Brown had the services of a chuck wagon and two other drivers. But from Lovington to Slaton, Texas, Brown and one other hand drove the cattle themselves.

Brown settled on his home ranch about two miles southwest of Truscott with his parents in 1898, when just six years old. He has been a working rancher since and is still at it at 71.

He rides "eff and on, six or eight hours a day," mends his own fences and generally takes care of the ranch. "I don't think a man who has worked all his life should ever retire. If he just sits around playing dominoes he may die in five years."

He has been married 36 years to the former Vivian Winstead, daughter of Dr. and Mrs. L. A. Winstead of Jermyn, pioneer residents of Jacksboro.

(From the features magazine of the Wichita Falls Times, Sun., Sept. 15.)

Four visitors were among the 30 present.

### Half Million a Day for Storage

According to Tom Henry in This Week magazine, it costs the United States \$500,000 a day to store the six billion dollars worth of wheat, corn, cotton, butter, skim milk, and other farm surpluses.

## Church Rites Unite Miss Adkins and Mr. Tabor in Marriage

The First Methodist Church of Crowell was the setting for a Saturday evening double ring ceremony uniting in marriage Miss Roxiann Adkins and William Weldon Tabor.

Mr. and Mrs. Houston H. Adkins are parents of the bride, and the bridegroom is the son of Mr. and Mrs. Arch W. Tabor of Goodlett.

Rev. Glenn Willson, pastor of the First Baptist Church, was the officiant for the nuptials before the candlelighted chancel setting. Decorated cathedral candelabra holding tall white tapers, and palms of greenery formed an impressive altar in the background. Emerald foliage and white tapers decorated the chancel railing. Greenery-entwined pyramid candelabra flanked by baskets of white gladioli and fujii mums completed the nuptial setting. The couple knelt on a white satin

priedieu. Family pews were marked with white satin bows and streamers.

Mrs. Walter Stapp, organist, provided traditional wedding selections and accompanied Mrs. Howard Ferguson, soloist, as she sang, "Hawaiian Wedding Song" and "The Lord's Prayer."

Given in marriage by her father, the bride was attired in a formal-length gown of ivory peau de soie fashioned with a sabrina neckline, long tapering sleeves and a fitted bodice. Deep pleats at the hip line emphasized the controlled front panel and re-embroidered Alencon lace trimmed the bodice and sides of the skirt. Sprays of lace scattered over the multi-pleated skirt and added interest to the bustled back, which extended to a chapel train.

Her three-tiered waist length veil of candlelight silk illusion fell from her queen's crown of crystals. Her only jewelry was a diamond drop, a gift of the bridegroom.

The bride carried a cascade bouquet of white roses and stephanotis centered with a white catleya orchid atop a lace covered Bible. In her Bible, she carried an Italian lace handkerchief. The traditional something old,

MRS. WM. WELDON TABOR

new, borrowed and blue was carried out in her attire and she carried a six-pence in her shoe.

Miss Bettie Knox of Midland was the maid of honor. Bridesmaids were Misses Sandra Wells and Jeannie Johnson of Midland, and Mrs. Mary Ann Dedek of Vernon served as brides matron. They wore identical emerald green chiffon and taffeta bouffant dresses with a fitted sleeveless bodice and a high boat neck line in front, with a V shape in back extending to the waist line complimented by a self fabric rose. Their nose tip veils of illusion were held in place with self fabric crowns. They wore short white gloves and carried a single candlelight white rose.

R. L. Stockstill of O'Donnell was best man. Serving as groomsmen were Donald Francis of Quanah, Ray Thomson of Crowell and Phile Grommon of Berthoud, Colo. Ushers were Roger Tabor, James Tabor, David Brinkerhoff, Richard Hargessheimer, all of Quanah; Fred Youree and Printess Gidney of Crowell, Sherman Wall of Vernon and James Hunter of Quanah were candlelighters.

All crystal appointments were used.

## TELEVISION NEWS

What do people think of Zenith Color TV? Here are some actual quotes of various people of this area:

**ALENE WILLIAMS:** "I love that Zenith Color!"

**LEE BLACK:** "Best investment I ever made."

**HENRY BLACK:** "Better black and white than my old set, and the color is breath-taking."

**MICKEY CHAPMAN:** "Now that I've seen it, I wouldn't do without it."

**MRS. ILA ELLIS:** "I didn't care for Brand X color TV, but Zenith is fine."

**JOHN WISHON:** "Much better than Brand X."

**ILA BORCHARDT:** "With Zenith color TV, I'm now watching the daytime color shows."

**LEON SPEER:** "That Andy Williams show is the best!"

**I. FISCH:** "Sing Along with Mitch is truly fine."

## THE "LET'S FACE IT" DEPARTMENT:

You've had your old black and white set for ten years? Eight years? Six years?

TV broke in this area about 11 years ago. If you bought the best TV you could buy, you probably still have it. If you tried to "save \$50.00," you're probably using your SECOND set.

Either way YOU NEED A NEW TV or a major overhaul on the old set . . . and major overhauls are expensive. A TV eight or ten years old is like an automobile of that age . . . and, even if you put in a new engine in your auto, there are lots of other things that can still happen. Same deal with an old TV . . . it's expensive to repair . . . in fact, you're paying for a new one BUT NOT GETTING IT!

Investigate today the possibilities of trading in the old TV on a brand-new Zenith . . . and don't overlook the possibility of trading for a ZENITH COLOR TV!

Twenty-five years ago, residents of Crowell and Foard County experienced the thrill of seeing the Orient Railroad reach Crowell.

**Two Minutes With the Bible**

**I Have Set Thee a Watchman**

The Prophet Ezekiel was appointed by God as a "watchman" over the house of Israel (Ezek. 33:7). He was held responsible to warn the wicked from their way, for while God must deal justly with sin, He had declared: "I have no pleasure in the death of the wicked; but that the wicked turn from his way and live" (ve. 11).

If Ezekiel failed to warn the wicked, they would die in their sins, but their blood would be required at his hand. If he faithfully warned them, however, and they refused to heed the warning, they would die in their sins, but he would be absolved of all responsibility (see. Vers. 8,9).

Would some Christian reader remind us that we are living under another dispensation and that our message is one of grace? True enough, but this does not diminish, it increases our responsibility toward the lost.

If we believers carelessly allow the lost to go to Christless graves are we not morally responsible for their doom, and will we not be held accountable at the Judgment seat of Christ? (See II Cor. 5:10,11). This is why we find Paul reminding the Ephesian elders that he had not ceased to "warn" men "night and day with tears" (Acts 20:13).

As the apostle looked back over his ministry among the Ephesians he could say: "I take you to record this day that I am pure from the blood of all men" (ver. 26). And this had been so of his ministry in general. Indeed, it was now his desire that whatever the cost, he might finish his course with joy, and the ministry which he had received of the Lord Jesus, to testify the gospel of the grace of God (ve. 24).

God give us who are believers in the Lord Jesus Christ, a greater sense of our responsibility toward the lost!
