## Wildcats Defeated by Chillicothe in District Contest

The Crowell High School football team lost another conference game at Chillicothe last Friday night by the score of 12 to 8. The Wildcats were playing without their regular quarterback, Dan Mike Bird, which should offer them a sufficient alibi. The 55 yards of penalties against Crowell in the first half to nine against Chillicothe probably made a big difference, too. In fact, Crowell had one good drive going into Eagle territory early in the game when a 15-yard clipping penalty really hurt. There should not be any credit taken away from Chillicothe's 195-pound fullback, Kenneth Smith. He was a terror to the Cats all night with his blast rushes through the middle of Crowell's line. He ran for one touchdown in the second quarter, and passed for another late in the third quarter to bring the Eagles from behind and spell defeat for the Crowell team.

The game was about even in statistics, with each team chalking up 12 first downs. Crowell took the opening kickoff on its own 11-yard line and marched for four successive first downs before a fumble lost the ball. The Eagles took the ball in the second quarter and with the aid of two 15-yard penalties marched the length of the field for their first score. It was about the middle of the second quarter when fullback Smith blasted over from the two. The extra point try was no good to leave the halftime score 6 to 0 for Chillicothe.

The Wildcats were not to be denied entirely, as they took the pigskin about the middle of the field in the third quarter and marched for three first downs before left half Larry Henry went around his own left end for a touchdown. The same play gave them the extra points to make the count 8 to 6 in favor of Crowell. Chillicothe came right back and on three successive first downs marched down to the 11-yard line of Crowell. From this point, Smith passed to left end Ronnie Kester for the final TD of the evening. The extra point try was no good to leave the final score 12 to 8.

Neither team threatened in the last quarter. A pass interception at one point in this period broke up a Crowell drive. Fullback Kenneth Smith was the outstanding player on the field for Chillicothe. Larry Henry, guard James Corder, defensive end Otis Johnson, and Mike Shrode looked the best for Crowell on defense.

This loss for Crowell just about eliminated the Wildcats from the district race. Chillicothe has won three out of four in conference play, but Munday and Archer City should be able to take the Eagles.

## LAST HOME GAME OF SEASON TO MATCH CROWELL AND MUNDAY

### Two Accidents Reported in County Last Week End

A late model automobile, driven by N. A. Nichols, and the vehicle driven by Luter Cook, collided about 4 p. m. Friday 2.1 miles north of Crowell.

The accident, which was investigated by Highway Patrolman Chester Fant of Quanah, sent the occupants of the Cook vehicle, Mr. and Mrs. Cook and her sister, Mrs. Margaret Carroll, to the Crowell hospital. Mr. Cook remains in the hospital.

No injuries were reported in a collision which occurred at the intersection of West Garner and Quanah Avenue in northwest Crowell last Saturday morning.

Involved in the accident were G. H. Kincheloe, who was driving a pickup, and Bradford Holloway, who was driving a truck.

Highway Patrolman Eldon Thane of Quanah investigated.

### Gas War Ends Last Wednesday After Five Days

The News could not find any statistics on the average length of gas wars in Texas, but if they ever become available, Crowell may get the distinction of having had one of the shortest ones.

The article printed in the News last week telling of the gas war that began late the preceding Friday, was just a little premature, as the gas war ended Wednesday just after the paper was printed.

### County's 1963 Cotton Ginning Totals 2,194 Bales

With the ginning of 445 bales during the past week, total ginings in the county of the 1963 crop have now reached a total of 2,184 bales as of Monday afternoon when the four gins in the county released their totals.

## Wildkittens Win Western Half Championship

The Crowell Grade School football team cinched the western half championship here last Monday night by defeating Chillicothe 20 to 6. The little Eagles had previously won over Crowell at Chillicothe. However, they split games with Paducah, and Crowell won from that team in both games. Each team has victories over Munday. Crowell will probably play Henrietta for the championship of the entire district, as that team is leading in the race down there.

Ronnie Eavenson was the star in the game Monday night as he ran all of Crowell's three touchdowns. However, there was some excellent blocking on the part of his team mates. They are Armando Villarreal, Paul Stapp, Joe Mike Fish, Bob Bird, Carl Chapman, Joe Ray Burkett, Mike Eubanks, Ray Ford, Larry Hughton, Gary Toke, Rocky Wisdom, Davis Barrera, Terry Bird, Junior Carroll, Ike Everson, Jimmy Hammonds, Leslie Hopkins, Mike Swan, Dickie Statser, Jim Tom Smith and Billy Hord.

## August Rummel Captures Armadillo Last Monday

A full-grown armadillo, seldom seen in this county, was captured Monday of last week by August Rummel near his farm east of Margaret.

Mr. Rummel, seeing the animal coming up the road, took after it, chasing it through ditches and a plowed field where he finally captured it.

After reading up on the life of an armadillo, he learned it is a very harmless animal.

Two days later, the animal was again granted its freedom, by being released near a stock tank on the Edd Mechell farm.

### Burley Tobacco Stalk Growing at T. E. Duncan Home

A rarity for this part of the country was brought to the News office Monday morning by T. E. Duncan of the Foard City community. The rarity was a large green leaf of what Mr. Duncan said was burley tobacco, which came from a 3-foot-tall plant growing in the Duncan yard.

The leaf measured 21 inches long and 12 inches wide.

## Crowell Mayor Black Provides Red Carpet for Henrietta Visitors

Four Henrietta Bearcat fans received the red carpet treatment Friday, Oct. 18, when they flew from Henrietta to Crowell to view the Archer City-Crowell District 11-A tilt.

Making the trip by air were Ed Haseloff, Russell, Patterson, Clifton Parker and John McGee.

Haseloff, a former Crowell resident, called earlier to ask Mayor Henry Black if taxi service was available from the airport into Crowell.

Mayor Black advised there was no taxi service in Crowell, and there was no telephone available at the airport, but that he would meet the visitors in his auto.

The mayor's word was as good as his bond; he met the visitors when they arrived for the game. And the mayor insisted the Henrietta fans use his auto until they were ready to depart.—From the Clay County Leader.

## Post-Tornado Days Most Hectic for Postmaster

On a November day in 1919, a young man just discharged from the U. S. Navy after 25 months of convoy duty on the Virginia coast, came to Crowell to visit a brother who was then postmaster. Though the ex-sailor was on his way to California, he developed an opening as postal clerk in the Crowell post office, and he qualified for it in December of that year. That young man, Alva Spencer, remained in Crowell and culminated forty-two years and eight months in postal service upon his retirement on August 31, 1963. Mr. Spencer was clerk until 1934 under Postmasters Leo Spencer and John Gribble. He was appointed postmaster in 1934 by Congressman Marvin Jones, and served as Congressman Jones, W. D. Farland, Ed Gossett, Frank Ikard and Graham Purcell. He served under four Presidents: Franklin Roosevelt, Harry S. Truman, Dwight D. Eisenhower and John Kennedy.

Mr. Spencer recalls that the city star route carriers made the routes in wagons and teams; the other rural routes were served in "zigs" drawn by horses. It was not until about 1924 that Model T Fords were used by rural carriers.

In the early days of his job, north and south bound Santa Martins met at Crowell at noon, and the mail was received and dispatched on these trains.

Up until the early thirties, all mail was cancelled by hand. It was great innovation when the first electric cancelling machine was installed. Letters could be sent in a two-cent stamp, and the "zipper postal" was a favorite way of correspondence.

#### A Halloween Challenge

Once again Halloween is here. It is the event of the Roman Catholic and Anglican All Saints' Day, a day set aside to honor all their saints. On the old Celtic calendar, Halloween was New Year's eve, and the god of death gathered the wicked spirits to turn them into animals, and witches rode broomsticks or black cats. At midnight, bonfires were lighted to frighten away ghosts and goblins. Jack-o'-lanterns originated from this custom. The Romans also had a harvest festival about Nov. 1, at which time the fruits of the field were shared. The English

called Halloween "Nutraek Night" because the people gathered around a fire and cracked nuts and ate apples and told scary stories; these people are the ones who introduced the custom of bobbing for apples.

Today, in our celebration of Halloween, we combine the customs of many people, but we also have added our own customs. We go "trick or treating" in our Halloween costumes; however, some don't seem to be satisfied with a night of good, clean fun and friendly pranks. A few seem to feel it is necessary to behave in a manner befitting the goblins which they dress like. In some places, vandalism seems to be a flourishing pastime on Halloween nights. What a silly form of "entertainment!" Only a person with a warped personality could possibly enjoy destroying the property of others! Don't be guilty of such abominable behavior this Halloween—all young people are judged by the actions of a few; you have a great responsibility in keeping the name "teen-agers" unblemished.

#### Senior Personality

This week, the senior personality is a popular brown-eyed brunette—Kathryn Deanna James. Kathy's favorites are as follows: teacher, Mrs. Manard; subject, bookkeeping; color, red; food, fried chicken; and sport, football. She enjoys "fooling around" as a pastime. She dislikes a person who talks about others behind their backs. She belongs to such organizations as the Adelpian Club, the drill team, and the Wildcat staff. Kathy is the 17-year-old daughter of Mr. and Mrs. C. C. James, and upon graduating, she plans to attend North Texas State University. She believes her parents and teachers have helped her a great deal throughout her high school year.

#### Eagles Claw Wildcats 12-8

Last Friday night on the field at Chillicothe, the Crowell Wildcats suffered a hard defeat by the Eagles. The Eagles, since chang-

ing coaches, have suddenly come to life and are now ranked with the "tops" in district 11-A. The Wildcats, suffering from the loss of some valuable players because of injuries, put up a hard fight but could not manage the winning touchdown.

Tomorrow night the Wildcats will engage in one of the toughest fights in district play as they battle the Munday Moguls. This is the last game to be played this year on our home field. Do come to support our team.

#### FHAer for October

Beverlie Gray, president of F. H. A., has been selected as Home-maker for October.

Beverlie is making a wonderful president for the F. H. A. She has not missed a meeting and is quite concerned about every phase of the chapter's work. She is always willing to do things to help the organization and does them well. Our hats are off to a girl who certainly deserves to be Home-maker for the month of October.

#### Sophomores Enjoy Hay Ride

At 5:30 p. m. last Saturday, some loyal sophomore students gathered at the court house to leave on a hay ride.

The word "hay ride" will bring back pleasant memories to many who have experienced some similar evenings of enjoyment as they have piled into a wagon filled with hay, pulled by the spirited "Ned" and "Blaze," to ride merrily through the crisp, cool air, sending up many shrill ripples of laughter.

Well, this entertainment was the modern version of a hay ride but a bit different! The hay-filled wagon was a blanket covered flat trailer; the horses were a pickup, but as of old, the air was cool and crisp, and the laughter was—no, not shrill—but deep and husky.

After rambling across country for several miles, the group came to the Country Club where they found a delicious stew awaiting them.

Some time later, they headed for home after expressing appreciation to the class parents—Mr.

and Mrs. Clyde Eddy, Mr. and Mrs. Archie Campbell, Mr. and Mrs. J. H. Gillespie, and Mrs. Houston Adkins—and the sponsor, Albert Lykins, and his wife for a very enjoyable evening. Also, the students wish to thank Johnny Robertson for furnishing the trailer and Mr. Eddy for furnishing and driving the pickup. Those students attending the entertainment were Merida Taylor, Sharon Mapp, Linda Whitley, Geraldine Bradford, Jackie Eddy, Ricky Eavenson, Tommy McRae, Randy Smith, Randy Adkins, Paul Campbell, Mike Manard, Stephen Kralicke, Jimmy Gillespie and Johnny Robertson.

#### Bob Shyroo Visits School

Wednesday, Oct. 23, Bob Shyroo, representative from the Herff-Jones Company, paid his yearly visit to Crowell High. First, the Junior Class met with Mr. Shyroo to make orders for their senior rings. The traditional Crowell High School gold ring has a ruby set encircled by the words "Crowell High School," flanked on either side by a snarling wildcat and the year of graduation.

Then, the seniors met with Mr. Shyroo to choose the styles of graduation announcements they wished to use this year. Besides helping the students choose an attractive announcement, Mr. Shyroo

gave them some helpful advice as to the proper etiquette in sending the announcements and in sending thank-you notes for gifts. He also expressed his appreciation for the cooperation given by the students of Crowell on each of his visits here. Perhaps these are some of the reasons Mr. Shyroo is so well received by both the students and teachers of Crowell.

#### The Adventures of Minnie Mouse—Part II

Hi! How are all my buddies at CHS? I can tell by the heavy, dragging footsteps that some of you must have had a "swinging" week end. I hope everyone had fun.

Well, I guess I'll take a trip around this morning to see if I can learn the newest gossip. I'll just scamper down this hall, for I see a bunch of familiar feet all crowded together. Now what's that I hear—sounds interesting—I believe I'll eavesdrop. "Look, Philip, I don't care; you could have called me!"—humph! Wonder what that's all about?

I guess there's not much going on down here. I believe I'll go upstairs to visit the study hall. Now I don't want to disturb—I'll just hop one step at a time. Oh, I believe someone is coming; I'll try to get out of the way. "E-e-e-k!" Well, I must have scampered over Frances Cates' toes—I didn't mean to frighten her.

Well—here I am—my—look at that beautiful collection of big paper books—I'll hide here—I see Mrs. King coming. "Now, students, these are the new magazines." Oh, so those are called magazines—now that's one thing I've learned today. I believe sometime I'll scamper upon top of one for a nice long chew.

In order not to miss anything, I'll do my investigating carefully. Say, look at those millions and millions of books. I believe I'll read some of those some day. I have a cousin who lives in a city. I think it's Vernon, and he reads all the time—and he's smart; his teacher says he's getting an education. Wonder if I can find a book to read? I'll take this one, "Tips About Teen-Age Marriage Among Mice".

Now, what's that noise? Sounds like a jet? No, why there it is—it's not nearly as big as I; it's yellow—listen to that buzz—it's about to make a forced landing, oh—"Watch out! Here come the wasps!"

Why, that's Mary Sue Speer screaming out! Maybe I had better leave too, before I am trampled by the screaming students running savagely to find protection from the wasps.

I guess I'll go back to my home now—I'll just settle back against the wall, take a sedative, and think about my exciting day in the study hall. Maybe I'll go there again some day, or maybe I'll explore another room in CHS. This is Minnie Mouse signing off until next week.

deep need of God and His grace. The Age of Innocence closed with man rebelling against his Creator and becoming a fallen, sinful creature (Rom. 5:12).  
 The Age of Conscience opened with one murder (Gen. 4:8) and before another age was ushered in, "the earth was filled with violence" (Gen. 6:11).  
 Then came Human Government, but the world's first ruler made a spectacle of himself through drunkenness (Gen. 9:20,21). Little wonder we soon find the race intoxicated with its own importance so that God must confuse their language at Babel (Gen. 11:4,5,7,8).  
 The Age of Promise came next, with Abraham failing to enter into the promised land through unbelief (Gen. 11:31 and 12:3). It closed with Israel, his seed, failing to enter the promised land through unbelief (Heb. 3:19).  
 The age of Law began with Israel worshipping a golden calf before Moses even got down from Sinai. Little wonder it ended with the rejection of Christ.  
 The Age of Grace commenced with the Apostle Paul, God's ambassador of love and grace, persecuted and imprisoned (Eph. 6:20). It will be brought to a close because man has chosen to go on in his sin rather than accept redeeming grace through Christ (II Cor. 4:4).  
 The Kingdom Reign of Christ, which is to follow the present age, will begin with our Lord rebuking strong nations (Micah 4:3) and will close with multitudes, who had rendered enforced obedience, following Satan (Rev. 20:7-9).  
 How all this demonstrates man's need of God and salvation through our Lord Jesus Christ! "All have sinned" (Rom. 3:23), but, thank God: "Whosoever shall call upon the name of the Lord shall be saved" (Rom. 10:12), and in the midst of all this failure multitudes have called and been saved.

**Moorman Manufacturing comes to Comanche**

When a Texas town of about 4000 population gains a branch plant of one of the Nation's top manufacturers of livestock mineral and protein concentrates, it is a shining example of civic progress.

Because this is the heart of a vast market area, the Comanche Chamber of Commerce was able to secure a division of Moorman Manufacturing Company. In its new plant, Moorman makes a large number of products with other products warehoused and distributed from the Comanche facility. This is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion, perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

### Camp Fire Girls Ceremonial Held Last Tuesday Night

Last Tuesday night, the Camp Fire Girls of Foard County held their first Council Fire at the picnic grounds of the Country Club. The call was given by the Can-Te-Tins-Ya group, and then the girls entered the council ring singing "Kahinto Kanya," the Camp Fire professional chant. They were led in the ring by the torch bearer, Mary Lou Kralicke. The hand sign was given by all, and the song of the Camp Fire laws was sung. The Council fire was lit by three torch bearers: Mieke Owens, Peggy Welch and Kristi McLain—using the theme of Thanksgiving for Wehelo, which means work, health and love.

The second grade Blue Birds recited the Blue Bird Wish. Then, the honor beads were distributed with seven members of the Ki-Nun-Ka group expressing what the different ones were. The groups were reminded that the beads were but a symbol, and that each bead should mean that the girl worked for the joy of working in earning each one.

A tom-tom began to beat, and the girls marched away from the council fire to the tune of the Camp Fire recessional. Sara Bell closed the council fire by sprinkling water on the flames, which she depicted extinguishing the flame of love, the flame of health and the flame of work.

Girls participating in the program were Blue Birds: Cheryl Branch, Teresa Condon, Brenda Cox, Rene Daniel, Cheryl Johnson, Remelle Marlow, Martha Martin, Debra Scott, Kathy Shirley, Rita Washington, Sandra Whitfield, Lee Ann Dunn, Rebecca Rodriguez. Can Te Tins Ya: Sara ten Brink, Cindy Condon, Elaine Dishman, Terri Garrett, Mary Lou Kralicke, Jo Beth Magee, Donna Vecera, Betty Whitfield, LaNell Everson, Gail Wheeler and Carolyn Jones. Ki-Nun-Ka: Shayne Garrett, Sherry Prince, Peggy Rasberry, Kay Shirley, Rita Coffey, Charlotte Walker, Niki Woods, Sara Bell, Mieke Owens, Peggy Welch, and Kristi McLain. Sponsors and leaders assisting were Joan Garrett, Mary Ruth Whitfield, Hazel Marlow, Judy Pruitt, Margaret Claire Rasberry, June McLain, Ruth Bell, Jean Hopper and Virginia Shirley. Approximately sixty parents and visitors were also present.

## Stock Your Farm Tanks

Lower Pease River District News by Ray Duckworth

Fishing is one of the most popular forms of outdoor recreation in the United States. Surveys show that fishermen will spend time and money to enjoy this sport regardless of the number of fish he catches. A properly managed farm pond can provide excellent fishing at home at a reasonable cost.

A pond with one acre surface area or more that is properly stocked and managed should yield 300 to 500 pounds of fish per year. The fish used most commonly for farm pond stocking are several species of sunfish or bream, large mouth black bass, and channel cat. The sunfish also serve as forage for the bass. When stocking a pond use the ratio of 10 bass to each 100 bream.

Overstocking is one of the hazards in fish pond management. It cannot be emphasized too strongly that adding fish beyond the recommended number, in the hope that fishing will be improved or brought about more quickly is a fallacy. Over-populations, thus created, will result in stunted fish and poor fishing.

Some of the local people who have been furnished with fish to stock their ponds this year by the federal hatcheries are: Bill Bell, Henry Black, H. N. Ekern, Glendon Russell, Frank Flesher, Glenn Fox, George Fox, Jim Free, Bill Gafford, C. T. Hord, Glendon Johnson, H. C. Ketchersid, Gerald Knox, Clinton McLain, Ed Mechell, W. F. Statser, H. R. Zeibig.

The ones who had orders for bass and channel cat, but only received channel cat this fall, will receive their bass and bream this coming April or May.

### Camp Fire Training Sessions to Be Offered in Vernon

Word has been received from Vernon that anyone interested in the training course for Blue Bird and Camp Fire leaders is cordially invited to the ones to be conducted November 5, 6 and 7 in Vernon. The courses will be offered from 9:30 a. m. to 2:15 p. m. on the 5th and 6th at the First Methodist Church in Vernon. A qualified baby sitter will be in the church nursery for any children. On November 7, the classes will meet at Camp Cheromanche, the Camp Fire camp ground just east of the Vernon swimming pool. No baby sitting will be available at this meeting.

Participants are to bring a sack lunch (coffee will be furnished); a note book and pencil, and the leader's book of the group whose class participant is attending. Registration fee will be \$1.00. Additional training will be held Nov. 13 and Dec. 5, and details will be announced later.

"This is an outstanding opportunity for prospective leaders in Crowell, as we are being invited as guests by the Wilbarger Council," announced Mrs. Ray Shirley. "The Camp Fire program should be available to all girls who want it from 6 to 18 years of age, and it is hoped that mothers interested in the third, sixth, and junior high level of Camp Fire work will participate in this training session. Rarely sees a community get such an opportunity as the one being extended by Vernon," Mrs. Shirley continued.

says Mr. M. MONROE KIMBREL, President, American Bankers Association.

"In their contribution to America's economic and military strength, Savings Bonds have had an important part in preserving a way of life which rewards individual initiative and makes possible the kind of progress typified in our own observance of this Centennial year.

"But in addition to this role in the national economy, Savings Bonds have made it easy for tens of millions of Americans to save for the important things in their lives. And Savings Bonds have helped the American people to become strong through savings in all forms.

"These are the reasons why bankers everywhere are proud of their part in the Savings Bonds Program and why the American Bankers Association pledges its continued support."

## Yule Mailing Starts Early for Patients at State Hospital

Christmas preparations for the Vernon State Hospital will be launched this week, when more than 500 letters from the Volunteer Service Council will be sent to organizations in the six-county area composed of Cottle, Baylor, Foard, Hardeman, Knox and Wilbarger.

Many hands are needed to provide an adequate Christmas for the 450 patients at the hospital," says Mrs. Kade West, chairman of the Community Service Committee from the Sorosis Club in Vernon. "By sending a letter to each social, fraternal, educational and religious organization in this area, we hope to give all citizens an opportunity to join hands in this project."

The Sorosis Club of Vernon for a number of years has carried out the project, "Operation Santa Claus," a campaign to publicize the needs of the State Hospital for the Christmas. As a member of the Volunteer Services Council, the club is in charge of this phase of the plans again this year.

Serving on the committee with Mrs. West from the Sorosis Club are Mrs. P. L. Ribble and Mrs. John F. Carmichael. Other or-

ganizations assisting from this area are The 1904 Study Club of Quanah, Mrs. Jack Howard, president; The Adelpian Club of Crowell, Mrs. Robert Kincaid, president; and Bluebonnet Study Club of Chillicothe, Mrs. T. C. Duffie, president.

The letters explain particular needs of the hospital and contain several copies of suggested gift lists, as well as directions for sending or delivering the gifts. "It is hoped that each person in the area will respond in some degree, so that each patient may receive at least two generous packages for his personal enjoyment," Mrs. West concluded.

## Martha Low Auxiliary Given Special Recognition Sunday

The Martha Low Girls' Auxiliary was awarded special recognition by the First Baptist Church last Sunday for having attained honor status. This is the highest rating an auxiliary can achieve. At the conclusion of the evening sermon, Mrs. Glenn Willson, G. A. director, presented a brief resume of the Martha Low Auxiliary's activities during the golden anniversary year. These included: an average attendance of 84 per cent of the 12 girls enrolled at every meeting of the year; twelve community missions projects; performance last November of "Grandma Dollar Goes to Africa"; presentation of skit and golden anniversary program climaxed by presentation of octagon to Connie Whitley in February; joining with other local auxiliaries in honoring the mothers and W. M. U. members with a golden anniversary-diamond jubilee birthday party during Focus Week in May, climaxed by presentation to W. M. U. president, Mrs. W. F. Statser, of a diamond W. M. U. pin; serving as ushers at District 11 G. A. camp in June; additional reading by each girl of at least one mission study book.

After the citation, Mrs. Willson asked Virginia Stapp to give a talk originally made for a joint W. M. U. meeting last week. Her topic was "How G. A. Has Helped Me to Grow as a Christian." Mrs. Willson then presented an

anniversary edition of the new book, Star Ideals, inscribed to the members of the auxiliary in recognition of their achievement, to be placed in the church library. In presenting the book, Mrs. Willson stated that this is the only Intermediate Auxiliary in either Wilbarger or Foard Counties to have attained honor status this past year. Lanette Lemons served throughout the year as anniversary chairman. The auxiliary is composed of 6 queens, 3 princesses, 2 ladies-in-waiting, and a maiden.

## USDA Lists 6 Plentiful Foods for November

November, 1963, finds Texas grocery markets and food trade channels brimful of good things to eat, reports the Texas Agricultural Extension Service.

It has been another banner year on our farms. Packers, processors, transporters and handlers have been busy preparing the farm produce to your liking. They have it readily available for your kitchen and table.

Six popular fall foods are particularly abundant, this Thanksgiving month. They make up the U. S. Department of Agriculture's official list of plentiful foods because supplies actually exceed our normal needs, as determined by USDA's Agricultural Marketing Service.

Turkeys and cranberries, naturally enough, are featured on the list. Apples, grapes, potatoes and Maine sardines also will be plentiful all month. So look for lots of these typical fall foods, at modest cost. Serve them often.

The marketable supply of turkeys, many from this area, is expected to be about the same as last year's large crop. A cranberry harvest of 1,317,600 barrels is the third largest of record.

Apple production forecast at 122.2 million bushels is higher than average. California's grape crop of 629,000 tons compares to 578,000 tons in 1962. Fall production of potatoes, estimated at 190.3 million hundredweight, is almost equal to last year's huge harvest and well above average. And current inventories of Maine sardines, the small ones, is almost 50 per cent more than what is considered normal for this time of year.

other pressing duties." When he retired, he was on a forty-hour week schedule.

"The most harassing time of all my postmaster days was following the destructive tornado and fire that hit Crowell on April 27, 1942," Mr. Spencer relates. "The entire block in which the Post Office was located was first blown down by the tornado, and then completely burned from a reported lightning bolt. The Post Office was then on the southwest corner of the court house square. Everything was destroyed."

The Post Office was moved temporarily to the north side of the square in the building now occupied by Fisch's Department Store. Half of the twenty-five foot wide building was used by the Post Office and the other half by the Red Cross. There were no fixtures. Mr. Spencer said he borrowed some old mail boxes from Quanah, in which they sorted the mail. All the mail in the city was handled "general delivery"—that is, the postal employees handed the mail to the recipient. Mr. Spencer said they would stack the mail in alphabetical piles and then "pigeon hole" them. The "counter" was a narrow board that the employees stood behind. The postmaster surmised there were an additional thousand people in Crowell after the storm, because there were carpenters, plumbers, electricians, as well as Red Cross workers, insurance adjusters, etc. He said it was really hectic, because there was a great and constant influx of people coming in for Red Cross aid in the other half of the building as well as those seeking mail. This arrangement was necessary until a building on the west side of the square was repaired and they were able to move into it that November. Because of the war, there was a shortage and delay in obtaining fixtures, and it was not until December that they got the new fixtures for the new post office. The Post Office Department gave them three additional clerks in order to handle the mail during this crisis. This post office building was used un-

til five years ago when a larger quarters was obtained at the present location.

From 1935 to 1940, Mr. Spencer and his wife handled the post office by themselves. There was an additional clerk hired then, and it was during the years of World War II that Crowell had its greatest mail load, mainly on out-going mail. Now there are two regular clerks and an auxiliary clerk plus the postmaster.

Mr. Spencer said it was difficult to remember a lot of events over the 43 years, but he thinks the most progressive in the handling of the mail to and from Crowell. Where once the mail just came in and left on the two daily trains; now Crowell is served by star routes from Vernon, Abilene and Quanah. Their son, Joe, lives in San Francisco, Calif., and recently they mailed him a special delivery air mail letter one Saturday morning from Crowell and he received it early Sunday morning in San Francisco. Forty years ago, it would have taken four to five days.

The Spencers have a cabin at Lake Kemp, and also have a boat. They plan to spend a great deal of their time there, and do a little fishing. However, Mr. Spencer said he was just going to relax and didn't even want to worry about baiting a hook right now. He's retired from everything but taking life easy.—by Virginia Shirley.
