Less Than Half Inch of Rain Falls Here in 2 Months

The longest dry spell here in many years is in progress now with Crowell having received less than one-half inch of rain during the past two months. In spite of the dry weather the past two months, Crowell is less than one inch below the normal rainfall received here during the first seven months of the year. A total of 13.68 inches has been recorded and the yearly average for January through July is 14.30 inches. Crowell received 2.57 inches in April, 4.67 inches in May, and 3.56 during the first few days in June, and less than one-half inch since.

Miss Ramsey Is Contestant in Oil Bowl Queen Contest

Miss Mary Ann Ramsey, 16, the daughter of Mr. and Mrs. Walter Ramsey of Thalia, has been chosen to represent Crowell and Crowell High School in the 1963 Oil Bowl Queen Contest. The contest will take place in Wichita Falls on the day of the Texas-Oklahoma Oil Bowl Football game set for Aug. 16. Miss Ramsey will be escorted by Dale Doyal who is one of the all-star football players selected to play in the football game.

Miss Ramsey is a junior in Crowell High School where she was class favorite her freshman year and school beauty for two years. She is a member of the Sub-Junior Columbian Club and football queen her sophomore year. She is also a song service director in youth assemblies and training unions. Her hobbies include singing, shooting and horseback riding.

THE WEATHER

Crowell and Foard County remained hot and dry during the past week, with the mercury topping the 100 degree mark each day. A very light shower fell in town Tuesday afternoon, but did not relieve the heat situation to any extent. High and low temperatures for the week follow:

July 31: high 104, low 78.
Aug. 1: high 102, low 74.
Aug. 2: high 102, low 76.
Aug. 3: high 102, low 75.
Aug. 4: high 102, low 75.
Aug. 5: high 103, low 77.
Aug. 6: high 106, low 78.
Aug. 7: low 75.

DALE DOYAL

Dale Doyal to Play in All-Star and Oil Bowl Games

Dale Doyal, Crowell High School's representative on the All-State Class A football team last season, left Friday for Houston where on Friday night he will participate in the all-star football game. The game is held annually in conjunction with the meeting of the Texas High School Coaches' Association.

Following his return from Houston, Dale will go to Wichita Falls Sunday, August 11, and will participate in the Oil Bowl game on Friday, August 16, at Midwestern University stadium.

Doyal, son of Mrs. Pearl Doyal, will attend college at Oklahoma State University in Stillwater this fall.

J. T. Brooks to Open Auto Parts Business in Quannah August 10

Following an expansion trend begun in 1960, J. T. Brooks, owner of auto supply businesses in Crowell, Wellington and Childress, announced plans to open a store at 202 Mercer Street in Quannah about August 10. Morris Taylor of Quannah will be the store manager of the Quannah business. He is a nephew of Leon Taylor of the Riverside community.

Mr. Brooks bought the Owens Supply in Crowell in 1947, opened the business in Wellington in 1960 and in Childress in 1961.

Wendell Callaway on Dean's Honor List at Texas Tech

Wendell R. Callaway, son of Mrs. Marie Callaway of Crowell, has been named to the Dean's Honor List for the spring semester of the School of Arts and Sciences at Texas Tech in Lubbock.

The Dean's Honor List is composed of those students who make a B average during the semester.

Coaches Are in Houston Attending Coaching School

Crowell High School's three athletic coaches, Thayne Amonett, L. H. Wall and Gordon Erwin, are attending the Texas Coaching School in Houston this week.

This school has grown into the largest of its kind in the world. There will be over 3,000 coaches in attendance. The football will be handled by the head coaches of the University of Texas and Missouri, Darrell Royal and Dan Devine, respectively. Fred Taylor, who has had national championships at Ohio State, and Neal Basi, producer of top teams at West Virginia Tech, will lecture on basketball, baseball, track, and first aid will also be taught.

Football practice will get underway here for the Crowell High School boys on Monday, August 17. Their opening game will be with Iowa Park here on Sept. 6. The opening conference game will be at Paducah on October 4.

Crowell will have a regular 'B' team schedule for the first time in several seasons. Printess Gidney, former Crowell quarterback and Ranger Junior College fullback, will help with this squad, as well as the Crowell Junior High team.

Truscott Resident Has 86th Birthday

Mrs. Florence Good of Truscott was honored with a birthday dinner Tuesday, August 6, celebrating her 86th birthday.

Guests for the dinner were her two sisters, Mrs. Fay Gardner of Wichita Falls and Mrs. Ed Cox of Iowa Park; her brother, J. W. Chowning of Truscott; and a host of nieces and nephews.

Mrs. Good says she "is able to care for one of the most beautiful yards in Truscott."

Gilliland Home Coming to Be Held Sunday, September 1

The Gilliland home coming will be held Sunday, Sept. 1, in the Gilliland School gym.

The homecoming will be an all-day affair and everyone is asked to bring a basket lunch.

Crowell Nines Win One and Lose One

Crowell's Pee Wee All-Stars whipped out Quannah's team of similar age in Quannah last Friday night. The locals won by a one-run margin with each Crowellite fielding and batting well.

A team of ten-and-eleven-year-olds was defeated by Quannah by the same margin as the PeeWee victory.

Quannah returns to the local Little League field tomorrow night for a re-play, with the first game starting at 6 p. m. and the second at 8.

High Ranking Masonic Official to Speak Here

One of the top officials of the Masonic Lodge in Texas will be the principal speaker at a meeting of the Crowell Masonic Lodge next Monday night, beginning at 8 p. m., Ray Shirley, worshipful master, announced this week.

John R. Collard Jr., Deputy Grand Master of the Grand Lodge of Texas, will speak to Masons of Crowell and the 90th Masonic District at the Monday meeting.

If custom is followed this year as in the past, Mr. Collard will be Grand Master of Texas Masonic Lodges next year.

All Master Masons in this area are invited and urged to attend the meeting.

Crowell Admitted to Greenbelt Water Authority Aug. 1

Dr. S. H. Townsend, president of the Greenbelt Municipal and Industrial Water Authority, has notified Mayor Henry Black that the Greenbelt Authority unanimously voted to admit the City of Crowell to the Authority at its regular meeting last Thursday night in Childress.

It will be necessary for the State Water Commission to approve the action taken by the Greenbelt Authority before the City of Crowell is officially in the Authority. Before any final action is taken, it will be necessary for the citizens of Crowell to vote for or against the proposal. It will not be necessary to have an increase in taxes, nor will it be necessary to vote a bond issue.

E. Kenner Wins More Prizes with 1912 Model T Ford

E. Kenner returned home Sunday from Lubbock where he attended the Antique Automobile Club of America's first annual tour sponsored by four regional AACA clubs. Mr. Kenner, who was accompanied by Henry Greening, drove his 1912 Model T Ford.

Mr. Kenner and his prize-winning T Model, brought back some more trophies to add to his large collection. He won first in the cranking contest, and first place in the spearing contest; second place in the potato race, and second in the restoration of old cars.

Dr. Kralicke's Stallion Runner-Up Reserve Champ at Post Show

On August 3, at the Post Apalooza Horse Show in Post, a stallion named Abdull's Margaret owned by Dr. Martin Kralicke of Crowell, took second in the 1960 class and went on to be placed as runner-up for reserve champion stallion. Another 3-month-old stallion, Stormy Weather, owned by Delton Coffey and sired by the above mentioned horse, took a fourth place ribbon in the 1963 class.

S. W. Gentry Observes Ninety-First Birthday

S. W. Gentry, resident of Foard County since 1901, quietly observed his 91st birthday at the home of his son, Oscar, and wife in Crowell Sunday.

His children visited him during the day.

Two New Teachers Named to Faculty of Crowell Schools

Two teachers were elected to the Crowell School faculty at the regular school board meeting last Monday evening. They were Mrs. Margaret Claire Rasberry of Crowell and Mrs. Zelma Justin of Vernon. They will fill the vacancies in the third grade that were created by the resignations of Misses Marian and Marilyn Hays, who have accepted positions in the Midland schools.

Mrs. Rasberry is a graduate of the University of Texas and holds a bachelor of science degree. She has been a substitute teacher in the Crowell School system for the past several years. Mrs. Justin is a graduate of Midwestern University and also holds a bachelor of science degree. She has taught in the Lockett Elementary School for the past six years.

Misses Marian and Marilyn Hays have taught in the Crowell Schools for the past twelve years. They have purchased a home in Midland and plan on selling their home here in Crowell.

New Oil Pay Opened on L. K. Johnson Land

Texaco Inc. has completed the No. 24 L. K. Johnson to open a new North Texas Cisco sand oil pay in Foard County.

During 10-hour test the well flowed 159.29 barrels of 42.6 gravity crude for a calculated 24-hour potential of 382.32 barrels.

Flow was through 24-64-inch choke from one perforation per foot at 3954-68 feet. Casing pressure was 125 pounds. Gas-oil ratio was 237-1. Pay was fractured.

The 2 7/8-inch production string was landed at 3977 feet after hole was bottomed at 4800 feet.

Suggested name for the new pay is Choate (Cisco J Sand) Field.

Discovery is 15 miles southwest of Crowell, section 38, block L, SPRR survey.

Rotary Club

An interesting program on Scouting in Crowell was presented at the Wednesday meeting of the Rotary Club last week. Tom Barlow, Scout executive from Vernon, local Scoutmaster Ray Shirley and Eagle Scout Barry Barker of the local troop were the speakers.

Merl Kincaid was in charge of the program.

Watering of lawns from the city water supply was halted this week by the Crowell City Council after gauges on storage tanks continued to show water consumption was plummeting water line marks to new lows.

Mayor Henry Black said the request went into effect immediately and urged citizens to comply with the ruling.

In an attempt to help those who have shrubs around their homes, the council said watering of them would be permitted but only on the schedules set up for watering of lawns and yards. When shrubs are watered it will be necessary for the hose at all times to be attended.

In view that some people own private water wells on their premises, city authorities suggested small signs be placed in those yards denoting that the water was drawn from a private well.

The schedule for watering of shrubs is as follows:

Monday: Patrons whose names begin with letter "A" through "C."

Tuesday: Names beginning with "D" through "G."

Wednesday: Names beginning with "H" through "I."

Thursday: Names beginning with "M" through "Q."

Friday: Names beginning with "R" through "Z."

Twenty-Three Donated to Blood Bank Friday

Only twenty-three pints of blood were given by Foard County residents last Friday when the Bloodmobile made its semi-annual visit here.

As about 50 pints were needed to repay what had already been used and to provide the county with a small surplus in the bank, Foard County remains in arrears in its blood-donor program.

Next scheduled visit of the Bloodmobile to Foard County is next February, and a concerted effort will be made at that time to try to get more blood donated.

It was also pointed out that the blood donor program in this area is a reciprocating arrangement and any county resident who goes to another hospital in this vicinity and is given blood, it is charged to Foard County's account at the blood bank, and must be replaced just as that used here in the local hospital.

Bible Class Elects New Officers

Twenty-three men heard Jeff Bell bring the lesson at the Sunday morning meeting of the Down Town Bible Class.

Bill Bell led the singing and Miss Lanette Lemons played accompaniment.

Preceding the lesson, the class elected the following new officers: Bill Bell, president; J. B. Rasberry, vice president; John Borchart, secretary-treasurer; Rev. Clarence Bounds, song leader; Miss Lanette Lemons, pianist; and Roy Long, welcoming committee chairman.

Mike Rasberry has served ably as the class president for the past two years.

Firemen Extinguish Grass Fire at Margaret Monday

The Crowell Volunteer Fire Department was called to Margaret Monday afternoon to extinguish a grass and weed fire. The blaze was extinguished before any nearby houses were damaged.

The Department was also called out Tuesday morning to a fire in the kitchen at the home of Mr. and Mrs. Bill Thompson, but the blaze was extinguished before the arrival of the trucks.

Oil and Gas Production in Foard County Worth \$2.7 Million a Year

Oil and gas production ... about \$2.7 million a year, ... County citizens have a fi- ... stake in the worldwide ... and for energy and the com- ... economic and political prob- ... involving the petroleum in- ... according to statistics re- ... this week by Texas Mid- ... Oil & Gas Association.

... We have pulled together some ... from the most authorita- ... sources so residents of Foard ... can see how local pocket- ... are affected by some of the ... which involve our indus- ...

... said J. Clyde Tomlinson, As- ... president. "Issues of cur- ... concern include the propo- ... to cut percentage depletion ... extension of federal con- ... over prices at which Texas ... sell their gas, and de- ... of laws and produc-

tion methods that will help Texas compete with other states and nations for markets."

The latest year for which U. S. Bureau of Mines figures are available (1961) shows Foard County producing more than 925,000 barrels of crude oil, valued at about \$2.7 million; and 164 million cubic feet of natural gas, with a value of \$20,000. In 1961 there were 126 producing wells in the county—119 oil and 7 gas, according to the Texas Railroad Commission.

Although its first field was discovered 34 years ago, Foard County is the scene for the industry's continued search for oil and gas. Some 20 wells were drilled in Foard County last year, with 7 being wildcat exploratory wells, according to the Oil & Gas Journal. The Association estimated

that more than \$707,000 was spent on drilling in the county this past year and that some \$337,000 of this went for dry holes. Close to \$328,000 was spent last year on geophysical crews using seismic devices to probe the underground formations of Foard County for possible drilling locations.

Leasing adds many thousands of dollars to the county's economy. Tabulations by the International Oil Scouts Association in 1961 show major companies in 1961 were paying rentals on about 160,000 undeveloped acres, which comprise more than one-third of the county's area.

Royalty payments to Foard County farmers, ranchers and other landowners, are running at more than \$346,000 annually, the Association calculated. Foard County producers and

royalty owners also make a sizable contribution to the support of state government, with production tax payments of more than \$128,000 a year.

Industry taxes likewise are important to the county government and school districts in the county. For instance, 30 per cent of the local property taxes collected for the Crowell Independent School District comes from oil and gas operators.

A sizable impact on the Foard County economy has been registered by petroleum industry payrolls. About one out of every ten payroll dollars in the county is derived from employment in oil and gas work, according to figures from the Texas Employment Commission. The industry payroll is more than \$42,000 a year.

THE DOLLAR YOU SPEND FOR ELECTRICITY BUYS MORE THAN EVER BEFORE

How much is your monthly electric service bill? Probably more than in years past. But that's because you use more electricity today and NOT because the rate is higher.

Truth of the matter is that as the cost of living has gone up and up, the average cost of a kilowatt hour of electricity used in West Texas homes is 17% less than 10 years ago.

But the USE of electricity has increased; many homes today are using twice as much. Using more and getting more customer benefits, for today there are 166 wonderful electric ways to bring more comfort and convenience into the home, to save time and to eliminate drudgery. Use in the long summer months may be even heavier, because of continuous use of air conditioning.

Yes, the dollar you spend for electricity buys more than ever before. It's today's best value, biggest bargain.

 Crowell Dentist to
 Attend Music Camp**

David Judd Aronofsky, son of Dr. and Mrs. David Aronofsky of Memphis, has enrolled in the 30th annual Gunnison Music Camp in Colorado. It was announced last week by Western State College, Gunnison, Colo.

The Aronofsky family are former Crowell residents while Dr. Aronofsky practiced dentistry here. They moved to Memphis from Crowell.

The camp, to be held in August, will have a staff of 63 outstanding instructors. These include members of the Philadelphia Orchestra, Pasadena Symphony, Utah Symphony, Phoenix Symphony, Cincinnati Symphony, New Orleans Philharmonic, Tulsa Philharmonic, Los Angeles Concert Band and Oklahoma City Symphony.

Faculty members from Indiana University, University of Texas, Duquesne University, Concord College, University of Illinois, Weber College, University of Wisconsin, Eastman School of Music, Northwestern University, Purdue University, University of Michigan, University of Wichita, University of Southern California and Western State College will also serve as instructors.

Others will include musicians from motion picture and television studios, twirling staff from the National Baton Twirling Association, and soloists from the United States Navy and Air Force Bands.

Americanism

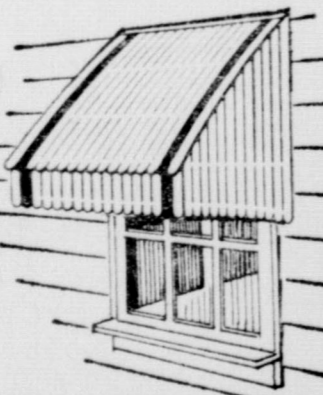

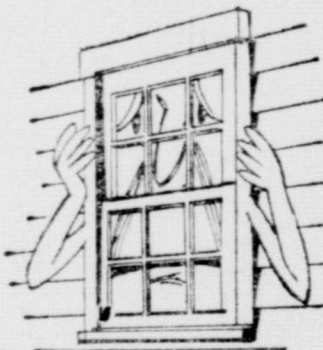

In 1924 a man named Nikolai Lenin died. With his death he left Russia with many ideals and goals, one of which is the Communist Time Table. The Communist Time Table is a plan to encircle and seize the United States. Let's see how their plan works.

First, conquer the masses of Asia, gain footholds in Europe, control Latin America and finally their supreme goal, the conquest of the United States.

Do you realize how far along this Time Table is? Look at Red China, discontent in France, Cuba and Venezuela, and next comes the United States.

Communism is on the move and it is up to us, as American citizens, to stop it before it's too late. It is up to us to fight it and tell the world of the horrors of Communism.—Bryan Brown, John Marshall High, Oklahoma City.

Self is a graduate of the Civil Affairs School in Fort Gordon, Georgia, and is now pastor of Belmont Baptist Church in San Angelo. Prior to entering the service in Fort Gordon, he was pastor of the First Baptist Church in Paducah. The Selfs have many friends and relatives around Paducah and Crowell. He just recently received his Ph. D. degree from Brantledge Forest University, Brantledge, England on studies made at Fort Gordon. His thesis was written on national defenses.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Tex.—Supporters of the proposed billion-dollar Trinity River development plan won the first round on the opening day of hearings when the Texas Water Commissioners turned down the railroad's motion to delay the Austin hearing.

Gov. John Connally's approval of the commission's proposed plan was expected. He had long since pledged his support.

Connally called the navigation project, "a major step in one of the most important water conservation, flood control, and navigation projects in the history of Texas."

Texas Highway Department's 420-seat capacity auditorium overflowed during the two-day hearing as every community in the vast Trinity watershed was represented.

Spokesman for the railroads was Walter Caven, counselor for the Texas Railroad Association.

Plan of the U. S. Corps of Engineers calls for development of the entire watershed for navigation, flood-control, water conservation, water quality control, drainage, irrigation, hydroelectric power, fish, wild life and recreation.

Thirteen reservoirs are included in the long-range plan. Locks and other features to make the river navigable from the Gulf to Fort Worth would claim more than \$515,000,000. That's more than a billion dollars a mile for the 500 mile project.

Barge-line navigation of the

Trinity from the Gulf of Mexico to the Dallas-Fort Worth market was the target of railroad objections.

Railroads claimed that Army engineers "greatly overestimated" traffic potential, future growth and benefits to be derived. Caven said the 20 railroads would have to spend more than \$25,000,000 to relocate lines and bridges in the Fort Worth area. Then they would lose \$6,500,000 annually in freight business to the barge lines.

HEART OF TEXAS—A roadside park some 20 miles north of Brady on US 377 is the geographical center of Texas.

It will be so designated when the Highway Commission erects a brilliant aluminum "Heart of Texas" marker.

Other \$600 aluminum markers are scheduled for Pilot Knob in Travis County, location of the state's only exposed submarine volcano; the Llano Estacado in Garza County; and Old Tascosa in Oldham County. The latter is famed for its Boot Hill Cemetery.

Commission figures each marker will earn more than 10 times its original cost in added tourist revenues.

CHEMICALS KILL CROPS—"Weekend farmers" and "absentee owners" not acquainted with the dangerous potential of hormone-type herbicides (such as 2,4-D and 2,4,5-T) have contributed to a new pattern of crop damage, says Agriculture Commissioner John C. White.

He estimated 7,000 to 8,000 acres of crops, principally cotton, have been affected by damaging doses of the herbicides.

"Fortunately, most of the effect has been only light to moderate on the cotton," White said, "and the yields are not seriously threatened."

"But we've been lucky so far," he added. "When carelessly applied, herbicides are capable of wiping out crops several miles away from the sprayed area."

HOT WEATHER TOLL—Four consecutive weeks of 100-plus degree weather plus drying wind took a toll of crops and pastures over the state, according to the Texas Crop and Livestock Reporting Service. Early harvesting was used to beat the heat in many places.

Reporting Service predicts that general rains in all areas still could revive pastures.

POLIO FADES TO FOUR CASES—Poliovirus, the dread disease that kept parents stiff with fear for many summers, has declined to the point that the State Health Department has received only four reports of cases so far this year.

Total caseload for the state last year was only 114. Credit for the decline of the crippling is given Salk and Sabin vaccines.

But health officials continued to warn Texans not to be complacent. People of all ages are urged to follow up with booster shots.

Mr. and Mrs. Tom Bond of Dallas spent the week end here visiting her parents, Mr. and Mrs. Henry Borchardt.

Fredrick Youree, student in T. C. U., Fort Worth, spent the week end here visiting his parents, Mr. and Mrs. Fred Youree.

Mr. and Mrs. Bob Borchardt of Norman, Okla., spent the week end here visiting their parents, Mr. and Mrs. Revis Harris and Mr. and Mrs. Henry Borchardt.

Mr. and Mrs. Martin Jones and daughters, Deborah and Carolyn, and Mrs. P. H. McLain visited in Altus, Okla., Sunday with Mr. and Mrs. Ernest Spears and Mr. and Mrs. Larry Spears and son.

Cemetery Report

Mrs. N. J. Roberts reports the following donations to the Crowell Cemetery during the month of July:

Evelyn Jones, \$5.00; Mrs. A. E. Propps, Knox City, \$5.00; F. A. Davis, \$25.00; Bax Middlebrook, \$50.00; Jim Cook, \$10.00; Mrs. M. D. Sloan and Mrs. Gene Gordon, Fort Worth, \$5.00; Leulah Bowley, Lampasas, \$5.00; J. L. McBeath, \$5.00; Mmes. Moody and Ingram, \$20.00; Mrs. H. W. Gray, \$10.00; Borchardt Estate, \$25.00.

Mrs. Roberts added that the cemetery has had a thorough going-over, and she thanks the VFW members who repaired the flag pole.

She says that the hot dry summer has proven that the only solution to the upkeep problem is leveled graves and native grass.

A number of memorials were received during July and the families received appropriate cards.

Mr. and Mrs. Billy Huddleston of Crosby, N. D., were visitors last week with his uncle and aunt, Mr. and Mrs. J. R. Beverly.

5 COMMON LIGHTING ERRORS

Error #1—Lamps that are the wrong height. Floor lamps should measure 48 inches from the floor to the bottom of the shade.

Error #2—Shades that are the wrong width. Shades for reading lamps should have a bottom diameter of at least 16 inches.

Error #3—Too few light sources. Every room should have background illumination and "task light" where close eye work is done.

Error #4—Glossy surfaces. Glossy surfaces create mirror-like reflections of the light sources which may be uncomfortable. Dull finishes are preferred.

Error #5—Uneven illumination. You have proper illumination when the room is evenly lighted with no pools of light flooding out of dark corners.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Sections 11-a and 11-b of Article III of the Constitution of the State of Texas be amended and the same are hereby amended so that the same shall hereafter consist of one Section to be known as Section 11-a of Article III, which shall read as follows:

Section 11-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may be deemed appropriate by the Legislature, for assistance to, and for the payment of assistance to:

(1) Neely aged persons who are bona fide citizens of Texas, and who are over the age of sixty (60) years; provided that no such assistance shall be paid to any individual who is receiving assistance from any state-supported institution, while such inmate; providing the residence requirements for eligibility; providing that the maximum amount paid out of state funds for such assistance shall not exceed the amount that is matchable out of federal funds; and providing further, that the total amount expended per year out of state funds for such assistance payments shall not exceed Sixty Million Dollars (\$60,000,000).

(2) Neely individuals, who are bona fide citizens of Texas, who have passed their eighteenth (18th) birthday but have not passed their sixty-fifth (65th) birthday, who are totally and permanently disabled because of a mental or physical handicap or a combination of physical and mental handicaps and not provided the residential rehabilitation; providing the residence requirements for eligibility; providing further, that no individual shall receive assistance under this program for the carrying any period when he is receiving Blind, or Aid to Dependent Children, or while he is residing permanently in any county state-supported institution; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and providing further, that the total amount of such assistance payments shall not exceed Sixty Million Dollars (\$60,000,000).

(3) Neely blind persons who are bona fide citizens of Texas, and who are over the age of twenty-one (21) years; provided that no such assistance shall be paid to any individual who is receiving assistance from any state-supported institution, while such inmate; providing the residence requirements for eligibility; providing further, that the maximum amount paid out of state funds for such assistance shall not exceed the amount that is matchable out of federal funds; and providing further, that the total amount expended per year out of state funds for such assistance payments shall not exceed Sixty Million Dollars (\$60,000,000).

(4) Neely children who are actual bona fide citizens of Texas, and are under the age of sixteen (16) years; provided that the Legislature shall prescribe the residence requirements for eligibility; providing that the total amount of such assistance payments shall not exceed the amount that is matchable out of federal funds; and providing further, that the total amount of such assistance payments shall not exceed the amount that is matchable out of federal funds; and providing further, that the total amount of such assistance payments shall not exceed Sixty Million Dollars (\$60,000,000).

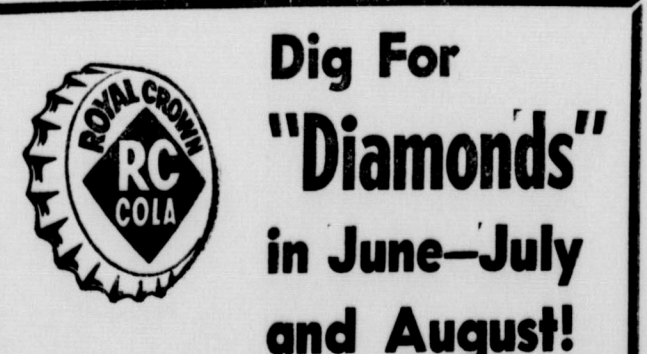

"The Legislature may enact appropriate laws to make lists of the recipients of aid hereunder available for inspection, under such limitations and restrictions as may be deemed appropriate by the Legislature."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing for assistance payments to the (1) neely aged, (2) neely individuals who are permanently and totally disabled, (3) neely blind and (4) neely children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for the purpose of paying such assistance grants; providing that the amount expended out of state funds for such assistance shall not exceed the amount that is matchable out of federal funds; and providing further, that the total amount expended per year out of state funds for such assistance payments shall not exceed Sixty Million Dollars (\$60,000,000)."

"AGAINST the Constitutional Amendment providing for assistance payments to the (1) neely aged, (2) neely individuals who are permanently and totally disabled, (3) neely blind and (4) neely children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for the purpose of paying such assistance grants; providing that the amount expended out of state funds for such assistance shall not exceed the amount that is matchable out of federal funds; and providing further, that the total amount expended per year out of state funds for such assistance payments shall not exceed Sixty Million Dollars (\$60,000,000)."

Sec. 3. The Governor of Texas shall issue the necessary Proclamation for the election and the Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.

Mr. and Mrs. Sim Gamble Observe 15th Anniversary

Mr. and Mrs. Sim Gamble of Route 2, Crowell, celebrated their fifteenth wedding anniversary quietly at their home Sunday.

They were recipients of beautiful flowers from the Thalia Methodist Church of which they are both members; also a telephone call from Mr. and Mrs. Charlie Wood of Tyler, and cards and telephone calls from other friends and relatives. Mr. and Mrs. Gamble are confined to their home by illness. They were married in the Matador Methodist Church on Aug. 4, 1948, with the late Marvin Brotherton officiating in a double ring ceremony with Mrs.

Brotherton present. They have lived on the farm which he has operated for the last 15 years. Mrs. H. W. Gray called in the afternoon.

Dale Rettig and Miss Doris Schaffler Wed in Vernon Tuesday

Miss Doris Schaffler, daughter of Mr. and Mrs. Albert Schaffler of Reebberghausen, Germany, and Marion Dale Rettig, son of Mrs. Alyene Rettig of Crowell and M. L. Rettig of Arlington, were married Tuesday morning, August 6, in Holy Family Church in Vernon. Rev. John H. Untereiner, pastor, officiated.

Mr. and Mrs. Rettig will make their home in Arlington where

he is a member of the Police Force.

Party at Eby Home Honors Linda Darsey

"Hello Linda" was heard from a phonograph when guests arrived to a gaily decorated back yard, the affair to honor Linda Darsey of Odessa. Mrs. W. B. Eby Jr. feted the group of teen-agers with a cook-out at her home where she served baked beans, hot dogs, potato salad, lemonade, soft drinks, watermelon.

Linda Whitley kept the group entertained as she played the Ray Charles selections deemed most popular by the group and especially Dennis Garrett.

The backyard was gaily decorated with black and gold streamers with many gay colored balloons afloat. A huge wheel barrow, also decorated in the chosen colors of black and gold, held ice cold drinks throughout the evening.

Those winning gifts in games were Dennis Garrett, Ronny Clifton, Jimmy Black, Billy (Bunker) Bomar, Linda Whitley, Linda Crockett. The boys received silver dollars and the girls useful gifts.

Linda Darsey was remembered by a hostess gift. She received her favorite cologne and sports attire. Connie Whitley was also remembered by the hostess. She received cologne.

Attending were Joe Downs, Jimmy Black, Linda Whitley, Linda Crockett from Dallas, Dennis Garrett, Billy (Bunker) Bomar of Fort Worth, Connie Whitley and Ronny Clifton and the honoree, Linda Darsey. Others calling and assisting were Mrs. John Atchley, Mr. and Mrs. Gaylon Whitley, Doyle Whitley.

A swimming party is being planned Thursday evening to honor Linda.

Art Exhibition Will Be on August 13 in Wichita Falls

District elimination in the State Citation Art Exhibition, sponsored by women of the Democratic Party of Texas, will be Aug. 13 in the home of Mr. and Mrs. L. H. McCullough, 2301 Farrington in Wichita Falls. Judging will begin at 10:30 a. m. and the exhibit will be open to the public at no charge until 3 p. m. Entries must be mailed to or delivered to the McCullough home by 6 p. m. on Aug. 12. Four of the winning en-

tries will be submitted to the state contest, set for Sept. 14 and 15, at the JAL Ranch near Alvarado. A \$500 scholarship will be awarded the winner and will be presented by Gov. John Connally.

Competition for the scholarship is limited to high school age students, grades 9 through 12, including 1963 graduating seniors. A merit award (no cash prize) is open to amateur artists of any age. Two merit entries will be selected at the district contest.

All pictures must be framed, ready to hang; all watercolors, prints and drawings must be under glass. Size limit is 16 by 20 inches. Media may be oils, pastels, tempers, casein, watercolor, mixed media or drawings — pen and ink, pencil or charcoal.

Additional details may be secured from Mrs. Lynn Darden, 2100 Ellingham, Wichita Falls.

Horizon Club

Members of the Horizon Club, senior high school Camp Fire Girls, went to Fort Worth last week end. They went to see Six Flags over Texas on Friday afternoon and evening. On Saturday morning, the group had an appointment to visit Texas Christian University. The Director of Admissions gave them a most informative talk on high school subjects and college entrance requirements for TCU. The college board examination is a requirement for admission and the director suggested that a college-bound student take the test for trial purposes during their junior year in high school. The test for college entrance must be taken during their senior year.

A college student took the girls on a tour of the campus during which a woman's dormitory, the chapel, library, classroom buildings and student center were shown to them. The group ended up at the student center and refreshments were served. The director of admissions distributed various bulletins of curriculum published by TCU.

After the college tour, the group had lunch and then part went shopping and part went to the show. They left Fort Worth for home late that evening.

Adults accompanying the group were Mr. and Mrs. Dick Todd and Mrs. Ray Shirley. The girls making the trip were Rosa Lee Latimer, Sharon Mapp, Gayle Russell, Ella Hollenbaugh, Paula Vecera,

Karen Shirley, Dena Todd and her house guest, Suzanne Tomlinson of Tyler.

Truscott H. D. Club

The Truscott Home Demonstration Club met in the home of Mrs. Jackie Brown July 25 with the president in charge. Opening exercises were a song led by Mrs. Hickman and the THDA prayer led by Mrs. Chowning and recited by all. Nominating committee for the coming year is Mrs. Jack Hickman, Mrs. W. O. Corder and Mrs. Jackie Brown. Program was on "Maturity" by Mrs. Adeock. "You don't have to grow old" was by Mrs. Chowning. Mrs. Adeock brought out, "It's not so important what happens to a person, it's how he takes it. Also full satisfaction of life is to give rather than take." Mrs. Chowning said, "Youth can never see themselves old. People fear old age until they are old and last, know how to grow old, and grow old gracefully." The annual picnic will be held Saturday, Aug. 31, at the home of Mrs. E. J. Jones. Everyone is invited. Devotional was brought by Mrs. Corder. As is the policy, there will be no meetings in August. Next meeting will be Sept. 12 at the community center. Delicious refreshments were served by Mrs. Jackie Brown to 13 regular members.

to pronounce upon the religious hypocrites of our day the bitter woes which our Lord pronounced upon the Pharisees of His day— simply because we all have so much of the Pharisee in us.

Certainly we cannot be saved by "following Christ" or striving to live as He did. His perfect holiness would only emphasize our failures and sins. His perfect righteousness would emphasize our unrighteousness and condemn us. He came to save us, not by His life, but by His death. "Christ died for our sins" (1 Cor. 15:3) and sinners are "reconciled to God by the death of His Son" (Rom. 5:10).

But God has given us a pattern for salvation. It is none other than the Apostle Paul, the chief of sinners saved by grace. Hear what he says by divine inspiration:

"This is a faithful saying, and worthy of all acceptance, that Christ Jesus came into the world to save sinners, of whom I am chief" (1 Tim. 1:15). Paul, as Saul of Tarsus, remember, had led his nation and the world in rebellion against God and His Christ. He was "exceedingly mad" against the disciples of Christ and "breathed threatening and slaughter" against them. Why then, did God save him? He goes on to tell us in the next verse:

Many religious people take the Lord Jesus Christ as their pattern in life. They call Him "The Great Example." When problems arise they ask themselves: "What would Jesus do?" They seek salvation by "walking in His steps."

While our Lord's moral and spiritual virtues are indeed worthy of emulation, there were many details in His conduct which we should not imitate. For example, none of us would be in a position

Many religious people take the Lord Jesus Christ as their pattern in life. They call Him "The Great Example." When problems arise they ask themselves: "What would Jesus do?" They seek salvation by "walking in His steps."

While our Lord's moral and spiritual virtues are indeed worthy of emulation, there were many details in His conduct which we should not imitate. For example, none of us would be in a position

to pronounce upon the religious hypocrites of our day the bitter woes which our Lord pronounced upon the Pharisees of His day— simply because we all have so much of the Pharisee in us.

Certainly we cannot be saved by "following Christ" or striving to live as He did. His perfect holiness would only emphasize our failures and sins. His perfect righteousness would emphasize our unrighteousness and condemn us. He came to save us, not by His life, but by His death. "Christ died for our sins" (1 Cor. 15:3) and sinners are "reconciled to God by the death of His Son" (Rom. 5:10).

But God has given us a pattern for salvation. It is none other than the Apostle Paul, the chief of sinners saved by grace. Hear what he says by divine inspiration:

"This is a faithful saying, and worthy of all acceptance, that Christ Jesus came into the world to save sinners, of whom I am chief" (1 Tim. 1:15). Paul, as Saul of Tarsus, remember, had led his nation and the world in rebellion against God and His Christ. He was "exceedingly mad" against the disciples of Christ and "breathed threatening and slaughter" against them. Why then, did God save him? He goes on to tell us in the next verse:

Many religious people take the Lord Jesus Christ as their pattern in life. They call Him "The Great Example." When problems arise they ask themselves: "What would Jesus do?" They seek salvation by "walking in His steps."

While our Lord's moral and spiritual virtues are indeed worthy of emulation, there were many details in His conduct which we should not imitate. For example, none of us would be in a position

Crowell residents are requested to terminate all watering of lawns from the city water supply. Watering of shrubs will be permitted provided the water hose is attended at all times.

This decision was made at a called meeting of the Crowell City Council Monday morning to try to alleviate the critical water shortage. Your compliance is urgently requested.

Please follow schedule below for watering shrubs:

- Monday: Patrons whose names begin with letter "A" through "C."
- Tuesday: Names beginning with "D" through "G."
- Wednesday: Names beginning with "H" through "L."
- Thursday: Names beginning with "M" through "Q."
- Friday: Names beginning with "R" through "Z."

Patrons are requested not to water on Saturdays and Sundays.

THIRTY YEARS AGO

News items below were taken from the Thursday, August 10, 1933, issue of The Ford County News:

Over 1,400 people took advantage of the free picture show that was shown in Crowell Monday for Trades Day.

Foard County has been allotted 234,420 bushels of wheat to be raised in each of the years, 1934, and 1935 for domestic consumption.

The official order for an election August 26 was voted by the Ford County Commissioners Court at its session Monday to determine whether or not the sale of 3.2 per cent beer will be permitted in this county in case Texas legalizes 3.2 beer when voters of Texas vote upon an amendment to this effect at the same time.

Monday, Sept. 11, was set as the opening date for the 1933-34 term of the Crowell Schools at a meeting of the local board last Friday evening.

Eighty certification of performance blanks were mailed to Cotton Adjustment Administration officials at Washington, D. C. on Wednesday of this week by Fred Rennels, county agent. This was the first shipment of blanks of this nature from Foard County. These blanks certified that eighty cotton growers of this county had completely destroyed the amount of cotton agreed to in the cotton reduction contracts.

Mrs. John Cope and son, Bobby, of Vernon visited in Crowell last week.

J. E. Harwell and Mary Clayton Giddings are in Dallas this week buying goods for the Harwell Variety.

Mrs. W. B. Carter and children, Anabelle and Billy, of Lubbock and Mitchell Allee, student in Texas Tech, spent the week end here.

T. P. Duncan Jr. of Crowell won the championship of the second flight of the 13th annual Broadmoor Invitation golf tournament at Colorado Springs Saturday.

Mr. and Mrs. Garnet Jones and son, Billy Wayne, and Mr. and Mrs. Lewellyn Morgan and daughter, Louetta, attended the Foard City Club picnic at the Gribble Park Saturday night.

Miss Iola Choate has returned from several months' stay in East Texas.

Hugh Shultz and family of Farmers Valley have moved to the Thalia community.

Wheeler and Woolsey in their latest comedy, "Diplomaniacs," will be shown at the Rialto Theatre Saturday night at 11. Also on the same program, radio's famous musical star, Phil Harris, and a big cast of pretty girls in a big musical comedy entitled, "So This Is Harris."

Mrs. S. H. Ross and daughter returned this week from a visit with relatives at Anna.

Destroying Freedom

Faith is man's greatest possession. It was faith that gave him courage to venture forth from the caves to fight huge animals for freedom and security.

The conflicts and wars down through the ages have proven only one thing, and that is, that free men cannot be subdued permanently as long as the spark of faith keeps their courage alive. When a man's faith is destroyed he is like a ship without a rudder that bounces around until it is damaged beyond repair.

Our freedom today is also like a ship without a rudder. It is being bounced around in the sea of abuses. Unless a way can be found to bring it back to a safe mooring, it too will be destroyed by the avalanche of dictatorial regulations.—Tom Woods, Phoenix, Ariz., Retarizonian.

1964 Feed Grain Program Explained

Major provisions of the 1964 Feed Grain Program have been announced by the U. S. Department of Agriculture and basically will be the same as in 1963.

The major change is an increase in the top limit on diversion from a farm's base acreage with an increase in the rate of payment for maximum diversion. This, the USDA said, is intended to encourage producers to divert additional feed grain acres and to increase their income.

Under the 1964 program a producer may divert as much as 50 per cent of his feed grain base acreage compared with a top of 40 per cent in 1963. Those who divert from 40 to 50 per cent will receive diversion payments at the maximum rate for all acres diverted. As before, the maximum acreage diversion will be 25 acres if this is more than 50 per cent of the base.

Producers who divert at least 20 per cent of their feed grain base will be eligible for payments computed by multiplying the number of acres diverted times 20 per cent of the normal yield times

Texas Packers Buy Texas Animals

In the sometimes unpredictable Texas livestock business, one promising fact is that more than 84 per cent of the animals slaughtered in the state are purchased here, says Ed Uvacek, livestock marketing specialist at Texas A&M College.

This strong demand for Texas animals by Texas packers was found in all classes but was more prevalent in some than others,

the county total price support rate for the grain diverted. For acres diverted between 20 and 40 per cent of the base, payments will be based on 50 per cent of the normal yield times the total county support rate. A diversion from the base between 40 and 50 per cent (or 25 acres if this is larger) will earn payments for the producer of 50 per cent times the normal yield times the total county support rate. Payments may not exceed 20 per cent of the value of the land diverted.

The total national average price support levels in 1964 will be the same as in 1963, but a slightly larger proportion of the support will be made available through loans. Payments-in-kind for both diversion and the non-loan part of price support will again be made in the form of negotiable certificates. The signup period for both fall and spring sown crops is expected to be early in 1964.

New Horse Disease Threatening

A new kind of horse influenza that is causing great concern in the eastern states may soon spread into Texas, says Dr. C. M. Patterson, extension veterinarian at Texas A&M College.

Dr. Patterson warns that horse owners in Texas should pay special attention to their animals during the next few weeks for signs of respiratory infection. An affected animal will cough, run a fever up to 105 degrees, have a slight nasal discharge, and show a loss of appetite.

An animal with the disease should be isolated as soon as it is detected because local outbreaks may affect 80 to 90 per cent of a horse population. This precaution reduces the danger of passing the infection on by direct contact or contamination of feed and water, says Dr. Patterson.

He stresses that animals showing these symptoms should not be exercised. A veterinarian should be called immediately and with proper treatment the animal usually recovers in five to ten days, Dr. Patterson explains.

according to the 1959 survey, he says. Of the heifers and steers slaughtered in the state, 85 per cent were Texas cattle. Most of the remainder of this class originated in New Mexico, Arizona, Kansas and Missouri, explains Uvacek.

Texas stockmen supplied 96 per cent of the cows and bulls processed with small numbers coming from Oklahoma and Kansas. Calves and weaners were supplied at the rate of 95 per cent by Texans and very few were shipped into the state for slaughter, says the specialist.

Sheep and lambs purchased outside the state by packers came from Colorado, Wyoming, New Mexico and California, but 84 per cent were raised within the boundaries of Texas.

Although Texas is not an important swine producing state, 60 per cent of the hogs killed were purchased locally, says Uvacek. Hogs shipped into Texas came from Nebraska, Iowa, Missouri, Illinois, Kansas and Oklahoma, he adds.

Thus while other problems may plague the Texas livestock industry, the demand for their products by Texas packers is not one of their worries.

Think

"Think of it as we will, argue about it as we wish, how can we be naive enough to think that the government can give us anything which it does not first take away from us? Habitual federal aid is indicative of a vast transformation from a free economy to a planned economy. Let us never forget that when we no longer have a free economy, we are no longer free people."—J. H. Dunn.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 1 proposing an amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and to authorize the Legislature to provide for the registration of all voters.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 4 of Article VI of the Constitution of the State of Texas be amended to read, respectively, as follows:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in this state one year next preceding an election and the last six months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided that any member of the Armed Forces of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces; and provided further, that before offering to vote at an election a voter shall have registered if required by law to do so. The Legislature may authorize absentee voting. This Amendment shall take effect on November 1, 1963.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state."
