BISHOP PAUL V. GALLOWAY
Bishop Paul Galloway to Speak to Methodist Men January 29th

Over three hundred Methodist men of Childress District will hear Bishop Paul Vernon Galloway, bishop of the Northwest and Southwest Texas Conferences, at the kick-off of first annual Laymen's Childress District banquet to be held at First Methodist Church in Quanah, next Monday evening, January 29.

Bishop Galloway was elected to the episcopacy in 1960 from the pulpit of Boston Avenue Methodist Church in Tulsa, Okla. He has traveled about the world in the service of his church. Before being elected to the episcopacy, he was an active pastor in his own church and in much demand as a speaker across the land. It will be an honor to the Methodist men of the Childress District to have Bishop Galloway to kick off the first annual Methodist Men's Childress District Banquet. Rev. John English, Childress District Superintendent, will introduce the Bishop, and John Sampley, District Lay Leader, will be the toastmaster for the banquet.

Tickets are now on sale in each of the churches in the Childress District at \$1.50 each.

What About Cheating?

Cheating, as explained in the dictionary, is best defined as "the obtaining of something dishonestly with the intention of not being seen or discovered." As opposed to swindling or defrauding, cheating is usually a less sophisticated offense, often the result of "on-the-spot" temptation. This would cover copying on tests in school, misrepresenting incomes on income tax forms, fixing races, and doing other such things.

Today, these practices, though dishonest by any fair standard, are not considered abused crimes against society; rather, the most common offenders are duly elected chairmen-of-the-boards of large corporations and unions, many perhaps being on the social register. Also included is a vast group of students in high school and college.

If these respectable, popular people are the culprits, what could be the reason for such widespread cheating? Need for social conformity, perhaps, places too much pressure on people. Maintaining status symbols is not easy. Slothful people find it easier to cheat some organization like the government "who won't miss it anyway." Oftentimes, children in school miss the point of school, thinking that obtaining a grade is more important than learning the subject matter. They find cheating is an easy way to gain that all-important grade. The desire for something that society demands that one have and the search for and discovery of an easy way to gain it—these are the pathways to cheating.

The conformity of desires and the methods of gaining them result in a grouping that is not desirable. The very last sense of value that results in cheating brings a degradation of character that pulls life to its lowest. Whether it be a bad reputation, a corruption of the soul, or simply a habit that is not to be desired, the fruits of cheating are undesirable.

Is there a substitute or cure for cheating? Yes, a substitute might be hard work; work will bring grades desired or luxuries "needed." However, a resignation of values one wishes to attain will

bring about a better outlook on life and will rid a person of the need for cheating. — By Bill Fitzgerald.

Talent Show to Be Held January 29

On Friday, Jan. 29, the Crowell High School Band will hold its annual Talent Show. The band director, Earl Hesse, is to be in charge of the show. The admission will be 75c for adults and 50c for students. The proceeds will go toward helping the stage band make its annual trip to Brownwood.

Wildcats Host at Football Banquet

"Set your sails straight and head for the goal line," are familiar words to those who heard Earl Huffman, assistant coach of Texas Tech, speak at the District Football Banquet last Thursday night, January 18, at the local cafeteria.

Besides having a good speaker, the Wichita Falls Catering Service was good, also the awards placed a few smiles around the room. Jim Mac Gafford received the "Denny Todd Memorial Award" from the Washington Redskins as being the most outstanding man on the Wildcat team. This was given not only for his ability on the football team, but also for his high grades, nice attitude, able leadership, and ability to follow training rules. As district winner, our school presented a certificate of award to each of the forty-four boys listed on the all-district and honorable mention teams. Boys from our school on the all-district team are Ronnie Bradford, Jim Mac Gafford, Jerry Settiff, James Borchardt, John Stone, Dale Doyal, Junior Hopkins. Dale Henry is on the honorable mention team.

Ted Leuch, sports-writer of the Wichita Falls Daily Record, presented awards to boys on the all-district team.

These boys have learned, as pointed out by the speaker, that one plays the game of life much as he plays football. If he does not set his sails straight early in life but ducks his head and runs, not letting any one stop him until he passes the goal line, he will surely never cross the goal line at all. The final victory comes after an honest game in the football of life has been played. As one turns and sees the spectators' smiles, he knows his sails can be lowered.

Senior Personality

Bonnie Little is the senior of the week. Bonnie has many favorites; they include her favorite teacher, Mrs. Manard; color, brown; food, steak; singer, Pat Domino; actor, Rock Hudson; actress, Sandra Dee. Her favorite subject is bookkeeping; her hardest, English; her easiest, Texas History.

Her hobbies include riding around, talking, and helping others. Bonnie's activities include the FHA and Library Club. Other than her school activities, Bonnie is an officer in her MYF, and the Sub-Junior Adolphian Club.

A person who is "two faced" is Bonnie's pet peeve. Bonnie has been influenced by her parents, Mrs. King, Mrs. Manard, and friends.

Bonnie wants to become a beautician or a teacher. We hope that Bonnie has the best of luck.

FFA Plans Show

The FFA boys, in preparation for the stock show to be held on February 10 at the V. A. building, have appointed the following committees: weighing, Dale Henry, Junior Hopkins, Thomas Hopkins; trailers, Jimmy Hudgens and Otis Johnson; water crew, Dale

Henry, James Borchardt, Pete Campbell, Jimmy Hudgens, Jerry Latimer, Gerald Howard; hay, Otis Johnson, John Carl Borchardt, Pete Campbell; materials, Mike Cates, John Stone, Freddie Webba; judges' assistants, Rickey Traweck, Carroll Chowning, Otis Smith, Ray Aydelott, Mark Harris; exhibit receivers, David Powers, Jesse Brown, Larry Henry, Benny Hopkins.

Sports in Shorts

Sports fans, this week end was a time of rejoicing for all football fans as the Championship Appreciation Day was inaugurated at Wichita Falls. This was dedicated to the 4A state champion, Wichita Falls Coyotes; it also honored all area football teams. The day was highlighted by a presentation program at Memorial Auditorium in which many football greats, past and present, were featured. Among the stars was Crowell's great Dick Todd. The featured speaker was the outstanding player in the National Football League, Paul Hornung. Kern Tipton, perhaps the most noted sportscaster in the Southwest Conference, was master of ceremonies. Attending the program were some of our Crowell Wildcats and Coaches Amoneit and Wall. Tagging along behind the team representatives of the Wildcats were a couple of Wildcat scandal editors, one typist, and a "used" sports editor.

Well, the basketball season just keeps dribbling on as the Wildcats opened conference play last Friday night with a smashing victory over Paducah. The B team also won its game in the triple-header. The girls did not fare so well as the boys. This week's menu includes: Monday here, Tuesday (whew!) and Chillicothe there, Friday. Adios for this week.

Senior Luncheon a Success

Food, food, and more food was the scene at the school cafeteria about noon last Saturday. The senior-sponsored luncheon was a huge success—about \$380.00 was made. The seniors would like to thank the diners, sponsors, senior parents, class mothers, and every one else who contributed to its success.

Mrs. Andrews Speaks to F. H. A.

The FHA met in the auditorium on January 16. The reporter was reminded to send in an article to the state newspaper. Mrs. L. A. Andrews presented a very interesting program on flower arrangements and decorations, giving the girls many new ideas for decorating. Delicious refreshments were served to the enthusiastic group in attendance.

It's Twirp Week!

Boys, don't forget to make the girls show their ticket to the dance before you accept the date. The Student Council has a few spies behind all the doors waiting to catch all those who don't have tickets. If you are caught without one, there will be a penalty—money.

Let's have a big crowd at the "Twirp Dance" at the Community House Saturday night, January 27 at nine o'clock.

Library News

The Library Club met Thursday, Jan. 18, in the study hall. Gena Adcock gave the devotional from Psalms and Lynda Harris presented an interesting article. Refreshments were served by Ina Joy Stater, Carolyn Denton and Genell Wheeler.

Two new books displayed in the library office are Laughing Boy, a book about the Navajo Indians, by Oliver La Farge, and The Iliad of Homer, a great Greek epic by Alfred J. Church.

Menu

Monday: light bread, fried chicken, gravy, creamed potatoes, lettuce and tomato salad, and peach halves.

Tuesday: corn muffins, pinto beans, hot tamales, buttered corn, cheese and crackers, carrot strips and cookies.

Wednesday: light rolls, meat loaf, whole potatoes with butter, whole green beans, cabbage, carrot and celery salad, and cherry cobbler.

Thursday: hot dogs, potato salad, Hi Ho crackers with peanut butter, apple sauce cake.

Friday: hot biscuits, salmon croquets, white beans, candied sweet potatoes, celery strips, Jello with fruit, and cookies.

Birthdays!

How the time flies! It's time for another birthday report. Those who had birthdays in December were Ray Aydelott, Kenneth Carroll, Evelyn Faske, Judy Howard, Jeanette Moody, Dannie McRae, David Powers, Jimmy Pendergraft, Claude Sellers, John Stone, Judy Traweck, Sandra Weatherred and Shirila Nichols.

January birthdays claim the following: Pat Cates, Dale Doyal, Marilyn Denton, Sandra Ellis, La Rue Gidney, Mike Gamble, Earlyn Hammonds, Paulette McBeath, Linda McClain and Betty Ann Welch.

The Blab

Well, boys, you are very fortunate to be fortunate enough to be asked for dates. The girls seem to have a knack for getting dates, try this next week, boys.

At the ball game Monday night were Paul Bax - Barbara, Ronnie Carria, Jon Lee - Mary Ann, Jim Mac - Gaye, Larry - Alta, Claude-Vicky.

The cheerleaders surely had fun at the football banquet Thursday night.

Couples together after the football banquet were Ronnie - Carria, Larry - Alta, Boob - Elly. Jackie and Sue were in Vernon Thursday night.

Viewing the ball games Friday night were Jackie - Sue, Ronnie - Carria, Boob - Elly, Claude-Vicky, Larry - Alta, Bryant - Carolyn, Dale - Carolyn, Jim Mac - Gaye, Jon Lee - Mary Ann, Paul Bax - Barbara.

It seems that Arcina got lost Saturday night. Did she find out what she wanted to know?

Why is the phrase, "a little dab of cotton," so funny to Ronnie Sue and Terri Dee?

Kathy J. seems to have found a new love in Quannah. Could it be Lynn Newell?

Jo Wynn, who asked you for a date Friday night?

At the Plaza Saturday night were Jackie - Sue, Boob - Elly.

Ed - Ella Ann, Don - Fauncy, Carria, Carolee, Wendell and Jerry T. all had quite a time at Wichita Falls Saturday night. By the way, Wendell, who was that good looking man that winked at you?

Together after the dance Saturday were James Riley-Judy S.

Marcia, who was it that called you long distance Saturday?

Roger, why should you have a guilty conscience about Wednesday night?

Sherry S., why were you so interested in "pool" Sunday afternoon?

Sandra E., who called you 'doll' Sunday night?

Together Sunday afternoon were Ronnie - Carria, Jim Mac - Gaye, Jon Lee - Mary Ann, Chuck-Fauncy, John - Beverlie.

Jo Carol, Alta, and Roger seemed to enjoy the show Sunday night.

Kenny, are you "chicken"? La Rue knows.

Philip and Terri, we hear you like ice cream cones. Sandra, Elaine, Mary Sue and Sherry S. know something about it.

The person most liable to get on a one-way street the wrong way—Wendell Callaway.

Paul Bax seems to have some new admirers. The scandal knows who they are. Don't you wish you did?

Marcia, were you disappointed

Saturday night when you didn't get to go to Seymour. Why doesn't he come to see you?

Another disappointed girl was Jo Carol on Sunday. Reason—James forgot where she lived.

Alta and Carolee are not called Annie Oakley Bartley and Oliphant for nothing.

How Much Is a Billion Dollars?

Reading and hearing about such amounts as \$3.5 billion with the regularity we do these days makes the word "billion" quite commonplace.

I got to thinking just how much is a billion dollars? I came up with the following: If someone, born at the same time as Christ, were still alive today, he would be 1,961 years old and would have lived 715,765 days, or 17,178,360 hours, or 1,030,701,600 minutes, or, if he had spent one dollar per minute every minute he lived, he would now have spent slightly over one billion dollars. Abnormal Brain Pattern in Juvenile Law Offenders

An abnormal brain pattern has been found among a significant number of adolescents who commit murder and other acts of violence, according to a psychiatrist writing in the Archives of General Psychiatry, an American Medical Association publication. While the exact role of this organic factor has not been determined, he says the phenomena is linked far more than by chance to the occurrence of aggression and violence by children and adolescents.

Kennedy Speaks of Freedom & Unions

"One of the great qualities about the United States which I do not think people realize who are not in the labor movement is what a great asset for freedom the American Labor Movement represents, not only here, but around the world."

... I would hope that every American... would recognize that the strength of the free American Labor Movement is vital to the maintenance of freedom in this country and around the world. . ."

Local Firm Named Headquarters in Home Improvement Contest

Cicero Smith Lumber Co. Home Center has been named an official contest headquarters in the Better Homes & Gardens 1962 Home Improvement Contest offering \$30,000 in cash prizes, according to Travis Vecera, manager of the firm.

Mr. Vecera said the firm will provide interested persons with preliminary entry forms for the contest, give complete contest information, and help in planning home improvement projects.

The contest, which will consider home improvement projects that are completed any time during 1962, is divided into four divisions: (1) exterior improvement, (2) interior improvement except in the kitchen and utility areas, (3) additions of any new, enclosed space to a house, and (4) kitchen and utility room improvements of existing areas or the addition of new areas.

A total of 111 cash prizes ranging from \$100 to \$10,000 will be awarded by the magazine. The contest is designed so that projects of the same scope will be competing with one another to give both large and small projects and equal opportunity to win.

According to Mr. Vecera, persons sending in the preliminary entry form obtained at his firm will receive from Better Homes & Gardens a final entry form which, when completed, will provide all the information necessary for judging. He said "before" and "after" photograph and floor plan sketches are required.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

Austin, Tex.—A highway policy matter which has plagued both Houses of the Legislature for 10 years was settled when the House of Representatives passed a Farm-to-Market road bill introduced by Sen. Nevelle Colson of Navasota and Rep. Grainger McIlhenny of Wheeler.

Senate already had approved the bill by a 26-2 vote.

At first, it looked like the House Agriculture Subcommittee, dominated by rural representatives, would succeed in pushing through a modified version of the bill by Rep. Max Carriker of Roby. His proposal was to space out the switch of funds from farm-to-market road construction to maintenance over 10 years.

House Agriculture Committee approved Carriker's bill unanimously until Gov. Price Daniel attended a final hearing with President J. H. West of the Texas Farm Bureau, Executive Vice President Callan Graham of the Texas Good Roads Association, Highway Chairman Herb Pety Jr. and a dozen members of the County Judges and Commissions Association.

After their urging, the House Agriculture Committee reversed its original decision and voted 10-9 to table the Carriker version and submit the Colson bill, which reduces the annual appropriation for rural road construction by

about \$17,500,000.

When the Farm-to-Market road bill becomes effective about May 1, it will make these provisions:

1. Restoration of the \$15,000,000 appropriation from general State taxes to the Colson-Briscoe farm-to-market road program for the year starting Sept. 1, 1962.
2. A flat instruction for the State Highway Department to build \$23,000,000 worth of newly-designated farm-to-market roads a year from now on, using the \$15,000,000, plus Federal aid of \$13,000,000 a year.
3. Allocation of half the surplus in the road bond assumption fund—which comes from one fourth of the gasoline sales tax—to maintenance of farm-to-market roads in the State system. That will be \$17,500,000 the first year . . . gradually increasing as gasoline sales tax revenues rise.
4. Freeing an equal \$17,500,000 in the State Highway Fund, now being used for rural road maintenance, for construction and improvement of secondary and primary highways.
5. Application of the balance in the farm-to-market road fund (between \$17,500,000 and \$20,000,000 in the 1962-63 fiscal year) toward improvement of existing F-M roads, which need some 11,000 miles of repairs.
6. Agreement by the State Highway Commission to raise its goal from 35,000 to 50,000 miles of farm-to-market roads.

This legislation accomplishes the long-time goal of the Highway Commission and Good Roads Association: To give annual construction boosts—starting at \$17,500,000 a year—to the highways in the State system above the F-M classification and below the Interstate classification.

WHERE'S THE MONEY COMING FROM?—Gov. Price Daniel's proposals that the 57th Legislature approve appropriations of \$500,000 for tourist advertising, \$100,000 expansion in the juvenile parole system and \$150,000 for repair to the San Jacinto Monument seemed to be in danger when Rep. James M. Cotten of Weatherford got the House to endorse appropriation of \$220,000 for special session expenses.

According to the State Comptroller's estimate, this would leave less than \$300,000 for the governor's projects. But Governor Daniel pounced on Speaker James A. Turman and Senator Charles Herring, as well as State Treasurer Jesse James.

He reported that James' first report on anticipated income from the Escheat Enforcement Act, submitted since the Comptroller made his estimate, lists more than \$2,000,000 in reports tabulated to date.

"I have asked the Comptroller to consider this," Daniel said, "and I believe it will be possible for him to raise his estimate enough to take care of the recommendations before the Legislature."

The Senate Finance Committee came up with a compromise bill authorizing \$200,000 for tourist advertising, \$75,000 for monument repairs, \$65,000 for the juvenile parole system, plus \$79,600 for a marine laboratory at Seabrook.

DORMITORY SUITS ANSWER.—Two motions to dismiss the dormitory integration case involving the University of Texas were filed in the U. S. District Court at Austin.

First one was filed by Attorney General Will Wilson, whose office requires him to represent the state university in court. Second came from Edward Clark and Franklin W. Denius of Austin and Leon Jaworski of Houston, attorneys employed by UT's board of regents.

Board Chairman Thornton Hardie of El Paso said the regents hired additional attorneys since Wilson is a candidate for governor and may be unable to give the case the attention it deserves. Wilson referred to Hardie's statement as "arrogant," and vowed he'll defend the case as his constitutional duty.

Integration suit was filed in November by three Negro students at the University. They asked that racial segregation in university dormitories be abolished with "all deliberate speed."

LOCAL PROBLEMS PRESSING.—Several legislators who voted to adjourn the second day of the special session have decided to stick around awhile since the governor opened the session for local bills.

Bills considered most pressing include water bills—such as one to create an Alice Water Authority, one to authorize construction of a water treatment plant for Lubbock and six other communities which participate in the Canadian Municipal River Water Authority.

Sen. Andy Rogers of Childress presented a bill to allow purchasers of gas for irrigation from utility companies right to seek regulation from the Railroad Commission, as cities do. Rogers said companies selling irrigation gas often charge farmers a higher rate than set in nearby towns.

Atty. Gen. Will Wilson told the Supreme Court that if it sustains riparian irrigation rights for Spanish and Mexican land grants on the lower Rio Grande, "the vast orchards of the Lower Rio Grande River will die from lack of water because the upstream riparian can, in times of shortage, absolutely deprive the downstream owner of the right to water."

Short Snorts.—The Texas Municipal League reports that nine states—including Alabama, Arizona, California, Louisiana and Mississippi—allow cities to levy sales taxes, in addition to state sales taxes.

Warren Everson, Commissioner of Precinct No. Four, Foard County, Texas, announced this week that he will be a candidate for re-election to such office, subject to the action of the Democratic Primary.

In issuing his announcement, Mr. Everson says: "In discharging the duties incident to the office of Commissioner, my efforts have been directed toward the goal of doing so in all honesty and sincerity and without partiality and favoritism. The people are the best judge of the results accomplished, and should you see fit to reelect me as Commissioner of such Precinct, my only promise will be that I shall do the best that I can for all concerned. Your vote and influence will be appreciated."

Every Year There's a Decrease in Errors in Income Tax Returns

Every year there's a decrease in the number of errors discovered in Federal income tax returns, Ellis Campbell Jr., District Director of Internal Revenue for the Dallas District, said this week.

But, he added, many mistakes continue to pop up, sometimes in the oddest places, in individual income tax returns.

"I'm not advocating any particular method of checking or re-checking a return, the IRS representative declared.

"I would suggest, though, that the return be checked immediately on completion, put aside for two or three days, and then rechecked.

Frequently taxpayers find an error which didn't show up at first look.

"By beginning now to prepare their returns," he added, "taxpayers will be able to give themselves a breathing spell in which to take an objective look at their work. For many, it may be a worthwhile saving; for us, it should make for better and more efficient processing."

Treated Lake Now Ready for February Re-Opening

Lake Sweetwater will be reopened to anglers February 15 after having been closed down since the complete kill by biologists in August, 1960. Bass planted in the lake after this kill now have reached sufficient size and weight to justify re-opening of the lake, according to Marion Toole, inland fisheries coordinator of the Game and Fish Commission.

Lake Sweetwater was given a rotenone treatment to kill all the fish in the lake after netting samples had shown that 99 per cent of the fish population of the lake was undesirable.

Lake Sweetwater covers 550 acres, and is operated by the City of Sweetwater as a municipal water supply and recreational area. A fish kill by the Game and Fish Commission was in cooperation with the Sweetwater City Council.

After the kill, the lake was stocked with black bass fingerlings, and netting samples show that these fish now have attained

PROCLAMATION

WHEREAS, under the laws of the State of Texas, all citizens desiring to vote in elections held in the year 1962 must qualify by paying the poll tax or obtaining a certificate of exemption from the poll tax by January 31, 1962; and

WHEREAS, it is the patriotic duty of every citizen to participate in the processes of self-government by meeting his obligations to his government and preparing himself to vote; and

WHEREAS, our right to vote is the most basic of our constitutional freedoms, secured in battle by our forefathers and defended in every generation by brave men willing to shed their blood to protect this right, which is the cornerstone of our liberties and is now under attack by a ruthless communistic society which has never permitted free elections; and

WHEREAS, the widest possible participation in elections is a proud sign of civic health and of a citizenry dedicated to the defense and the exercise of our American way of life.

NOW, THEREFORE, I, as Mayor of the City of Crowell, do hereby proclaim the week January 25 to January 31, 1962, as

QUALIFY TO VOTE WEEK IN FOARD COUNTY

and urge that all our citizens who are eligible to vote proceed promptly to pay their poll taxes or obtain their certificates of exemption in order that they may be qualified to vote. A people that does not exercise its rights stands in danger of losing them. I hope, therefore, that every eligible citizen of Crowell will be a qualified voter and will cast his vote in 1962.

Two Minutes With the Bible

The Living God

"My soul thirsteth for God, for the living God."—Psa. 42:2.

The phrase: "The living God," is often found in the Psalms, and is generally supposed to represent God in His omnipotence—His power to help. A more careful examination, however, will reveal that it has rather to do with His ability to respond. The gods of the heathen are, by contrast, like children's dolls, "the work of men's hands." They can give no intelligent response. "They have mouths, but they speak not; eyes have they, but they see not; they have ears, but they hear not, neither is there any breath in their mouths" (Psa. 135:15-17).

The true God is a living God. He does see, hear and respond. Thus the Psalmist, in Psalm 42, compares himself to a stag, not seeking for help, but thirsting for refreshment. Read the Psalm and see how the writer longs for fellowship with the living God in His appointed place of worship.

The writer of Psalm 42 was evidently David, who had so earnestly longed to build a house for God whose splendor would far exceed that of his own palace. His son Solomon finally built this house and here God met, as it were, with His people.

Today the believer in Christ is brought closer to God than the Old Testament saints ever were. By faith in Christ, who died for our sins, the believer is "made accepted in the Beloved One" (Eph. 1:6) "justified freely by God's grace, through the redemption that is in Christ Jesus" (Rom. 3:24) and "blessed with all spiritual blessings in heavenly places in Christ Jesus" (Eph. 1:3).

Therefore "we have access by faith into this grace wherein we stand" (Rom. 5:2) and are invited to "come boldly before the throne of grace that we may obtain mercy and find grace to help in time of need" (Heb. 4:16).

How wonderful to know "the living God," who understands and loves and cares and has provided eternal salvation for us in Christ!

Peaceful Uses of Atomic Energy

An event designed to change the image of atomic energy from that of a force of destruction to that of a benefactor of mankind will be held in New York June 4-7. Known as the 1962 Nuclear Congress and International Atomic Exposition, it will be the largest demonstration ever held under one roof of the peacetime uses of atomic energy by the nations and industries of the free world.

USDA Announces Change in Skip-Row Cotton Planting

The four-row limitation on "skip row" planting will not apply to the 1962 cotton crop, according to an announcement by Secretary of Agriculture Orville L. Freeman. Under regulations for 1961 and earlier crops, skip-row cotton planting was permitted provided the skips left idle or planted to other crops were equal in width to the four rows of cotton. If the entire acreage was counted as planted to cotton for acreage allotment and marketing quota purposes. Under this arrangement, many growers planted a four-and-four pattern—four rows to cotton and four left idle or planted to other crops.

The change, Secretary Freeman said, will provide the cotton grower with more latitude in planning and carrying out his operations. Under the new system, only land actually planted to cotton will be counted as cotton land in determining compliance with acreage allotments and marketing quotas. Each grower will determine for himself the pattern best suited to his operation. It is expected that many will shift to a two-and-two pattern, that is two rows of cotton and two rows left idle or planted to other crops.

The decision to end limitations on the skip-row planting is in line with recommendations of the Cotton Advisory Committee and many members of the cotton industry. USDA officials said, and is expected to result in improved income for cotton growers through increased efficiency in production.

The January 2 announcement applies only to cotton and does not change skip-row determinations in effect for other crops. Details on the new regulations are available at local ASC committee offices.

Statistics Department of State Health Dept. Continually Busy

It's only natural when people think of statistics to conjure up visions of charts, computing machines and stacks upon stacks of dusty records.

Indeed all of these things are present—except the dust—at the State Health Department's Records and Statistics Section. Everyone is too busy to let much dust collect.

Actually, there is considerable drama involved in the day-to-day routine of the section's programs: current records, record services, machine tabulation, and statistical services.

The current records program is responsible for registering all births and deaths in the state, completing and correcting these records, filing new birth certifi-

ates based on adoption and legitimation, and filing amendments based on court orders of change of name.

Nearly all Texans, at one time or another, require the services of the records services program. These include requests for certifications and verifications from birth and death certificates which are filed in Austin, searching the files, filing delayed certificates of birth, and processing more than a half million pieces of mail annually.

Busiest season for the year is middle and late summer, when tens of thousands of mothers request certified birth certificates to submit to schools as proof-of-age for entering first-graders.

Fees are charged to defray the cost of various services. These charges are \$1.50 for a certified copy of a birth or death certificate; \$3.00 for filing a new birth certificate based on adoption; \$3.50 for filing a new birth certificate based on legitimation; \$2.00 for filing an amendment based on a court order of change of name; and \$3.00 for filing a delayed certificate of birth.

The machine tabulation program serves the entire department and is responsible for the transfer of data from source records to punch cards and the tabulation of such data.

The statistical services program offers statistical services and consultation to all divisions and administrative offices of the department as well as local health departments.

Routine services include analysis, interpretation, and presentation of data contained in records; geographic and cause-of-death coding of vital records; graphic arts; and microfilming.

People May Be Losing Benefits from S. S.

Many people may be losing social security benefits, according to Erton F. Tate, manager of the Wichita Falls social security office, because of failure to file an application for payments.

Most of them are aware of the \$1200 yearly earnings restriction for social security beneficiaries, but may not realize that they are eligible for some benefits even if their earnings are more than \$1200 per year.

An employee can receive a check for any month that his earnings are \$100 or less regardless of his total earnings for the year. A self-employed person can receive a check for any month he does not render substantial services in the operation of his business, regardless of his net profit for the year.

Anyone who earns over \$100 in every month, and over \$1200 in the year as well, may still be eligible for some payments. Each two dollars earned between \$1200 and \$1790 a year, costs only one dollar in social security benefits; over \$1790, each additional dollar reduces benefits one dollar.

Tate said that anyone who has reached retirement age should inquire at his nearest social security office. He may be losing benefits by not applying now.

Miss Frances Kincaid and Mr. Coker Wed Here

Mr. and Mrs. Mae Leighton Coker Jr. will establish residence at 4104 Cole Avenue in Dallas upon their return from a wedding trip to Santa Fe, N. M. They were wed Saturday night at 8 o'clock in the First Methodist Church in Crowell.

The bride is the former Miss Frances Elizabeth Kincaid, daughter of Joseph Merl Kincaid and the late Mrs. Kincaid of Crowell. The bridegroom's mother is Mrs. Jessie Thom Jackson of Jacksonville.

Rev. W. B. Fitzgerald of Thalia, retired Baptist minister, performed the wedding service before an improvised altar composed of standards of white gladioli and cathedral candelabra. The latter were intertwined with emerald greenery and were backed by Kentia palms.

The chancel railing was decorated with candles and greenery as were the windows of the church. Pew markers were white satin bows.

Mrs. Paul Shirley, organist, accompanied Mrs. Charles D. Small, vocalist, in the presentation of wedding music.

Given in marriage by her father, the bride wore a gown of candlelight silk peau de soie, fashioned with a delicate neckline, enhanced with appliques of iridescent paillettes, crystal beads and tiny seed pearls.

The elbow length peau de soie sleeves of the gown were complemented by short white lace gloves. The fitted bodice was accented in the back by a cabbage rose of peau de soie. The bouffant dome skirt was traced with garland and panels of jeweled lace and ended in a chapel train.

The bride's veil was of imported Belgian lace, chapel length. She carried a cascade bouquet of white roses and lily of the valley accented with a white orchid.

Matron of honor was Mrs. Paul W. Johnson, sister of the bride. Bridesmaids were Miss Peggy Ruth Peters, Miss Felicity Hill Frank and Miss Max Nygaard, J.

Fred Herren, Rayford G. Anthony, Gerry Thomas Knox and Robert Merl Kincaid. Junior bridesmaid was Miss Joan Jackson.

The honor attendant, Mrs. Johnson, wore a gown of vintage velvet fashioned with an oval neckline and elbow-length sleeves. The bell-shaped skirt was long length. She carried a single, long-stemmed "Happiness" rose. The bridesmaids were attired identically to the honor attendant.

Junior bridesmaid Miss Jackson also wore vintage velvet. Her dress was styled with a rounded neckline, three-quarter length sleeves and a full gathered skirt. She also carried a long-stemmed rose.

Dr. Paul W. Johnson and Tomny Jackson were candlelighters. Melodie Elise Meador was flower girl and Gary Thomas Knox was ring bearer.

Best man was C. Weldon Glascock. Groomsmen were Hoyt T. Watson, Mel Pollock and Ed Kelley. Robert Merl Kincaid, Dr. Lewis L. Travis Jr., James Moore McDonough Jr. and John E. Chapoton were groomsmen.

Mr. and Mrs. Kincaid were reception hosts at their home. Assisting as members of the house party were Misses, C. Weldon Glascock, Ed Kelley, George Johnson, Robert Max Cummings, and Misses Zonell Eddy, Suzanne Finne, Elizabeth Jean Grimes and Linda Richey.

The bride was graduated from the University of Texas where she was a member of Gamma Phi Beta sorority. She also attended the University of Colorado. The bridegroom attended Sam Houston State College and the University of Texas.

Mr. and Mrs. Tom E. Acker, grandparents of the bridegroom, were hosts at the Community Center in Crowell for a rehearsal party Friday night.

wedding bells and lilies of the valley, tied with white satin love knots. Wedding bells in arrangements of candy tuft and soft tulle bows were used on the quartet tables. White mums in a triangular arrangement were used on the mantle. Games of bridge were enjoyed after the luncheon hour.

Guests were Messrs. Ed Kelley, C. Weldon Glascock, Max Nygaard, Fred Herren, all of Dallas; Misses Felicity Frank, Peggy Peters, Brenda Lutzring, Jane Weller, Mrs. Bob Cummings, all of Houston; Messrs Paul Johnson and Charles D. Small of Lubbock; Mrs. Robert Kincaid, Leesville, La.; Mrs. Ray Anthony, College Station, and Mrs. Gerry Knox, Quanah.

Columbian Club

The Columbian Club met at the home of Mrs. Marion Crowell on Wednesday. The club met for study with the president presiding. The pledge of allegiance was led by Mrs. Kenner. The devotional was given by Mrs. Grady Halbert reading from the 25th chapter of St. Matthew. Roll call was by Mrs. Ray.

Leader for the evening was Mrs. Knox who introduced Mrs. Kent of Vernon, showing pictures of her trip which began in Cuba and went on through South America. It was a very interesting lesson and beautiful pictures. Mrs. Rosa Vietia of Vernon sang "God of Our Fathers" in Spanish, also in English. She is a missionary and came from Cuba to USA, with Mrs. Jack Brown accompanying.

The hostess served refreshments to 13 members and two visitors, Mrs. Kent and Mrs. Veitia. The next meeting will be at the home of Mrs. Edgar Jones at Truscott on January 31.

Truscott
MRS. H. A. SMITH

Mrs. J. P. Clark of Lubbock is visiting in the W. W. Clark home.

Rev. Homer Stephens of Truscott, Rev. Lynn Wilson of Benjamin and Rev. R. D. Williams of Gilliland are attending the Baptist Evangelistic Conference in Dallas this week.

Mrs. J. Bryant and Mrs. R. B. Glidewell and R. B. Glidewell Jr. visited Mr. and Mrs. Joy Glidewell in Knox City Monday.

Mrs. J. E. Stover and Mrs. Owen New attended PTA at Benjamin last Thursday night.

Mrs. E. J. Jones and Mrs. H. P. Gillespie attended HD Council at Benjamin Friday.

Mmes. Jack Brown, W. Owens, O. Solomon, Warren Corder and Tommie Westbrook attended HD council school in Benjamin Thursday.

Mr. and Mrs. E. J. Jones attended the stock sale in Vernon Thursday.

Misses Louise Taylor and Ruth Stovio of Lubbock were week end guests of Rev. and Mrs. T. H. Taylor and family.

Raymond Black of Amarillo has been visiting his parents, Mr. and Mrs. John Black.

Mr. and Mrs. Floyd Roberson visited their sister-in-law, Mrs. Clifford Roberson, of Vera in the Knox County hospital Friday.

Mrs. H. O. Clark visited her brother, Olie Iseng, in the Knox County hospital Saturday.

Clyde Bullion visited in Mineral Wells Sunday.

Mrs. Jack Grimes and children of Lubbock visited the Grimes ranch on Antelope Flat over the week end.

Mr. and Mrs. J. H. Gillespie

Foard City H. D. Club

Mrs. C. N. Barker read "A Prayer" as opening exercise when the Foard City Home Demonstration Club met at her home on Tuesday, January 16. During the business meeting, the constitution and by-laws for 1962 were accepted.

Three goals for the year were selected. They are: first, clean the Foard City cemetery; second, care for the memorial plot at the Crowell cemetery; third, help those who need help during the year.

After a very interesting program on civil defense by Mrs. W. M. Cox, the hostess served refreshments to six members and two visitors, Mrs. J. C. Autry and Butch Borchardt.

Home Demonstration Notes
JANET CARROLL

The recreation chairman from each Home Demonstration Club will attend a training meeting in the agent's office at 10 a. m. Friday, January 26.

The recreation chairmen include: Mrs. Merle Moore, Thalia;

Riverside H. D. Club

After having been postponed twice because of bad weather, the Riverside Home Demonstration Club held its first meeting of 1962 Tuesday, January 16, in the home of the retiring president, Mrs. C. L. Adkins. Five members answered roll call with "something I would like to achieve this year."

The new president made her appointments for committees and demonstrators for this year.

During the social hour, the hostess served bottled drinks and canapes.

Pre-Nuptial Shower and Bridge Honors Recent Bride Thursday

Mrs. Mae Coker Jr., was honored at a pre-nuptial shower and bridge last Thursday at the home of Mrs. J. H. Minnick. Mrs. Ray Shirley and Mrs. Minnick were hostesses for the affair.

The guests brought gifts pertaining to cake baking, and these were hidden under a replica of a large tiered wedding cake made from hat boxes covered with plaster of paris. The top tier was adorned with a kissing bride and groom beneath a small floral arch. The hostesses presented the bride with a silver cake plate.

Favors were bride dolls designed from pipe cleaner bodies and styrofoam heads dressed in satin and net. The skirts of the dolls were decorated cup cakes.

The guests were the honoree, Mmes. Merl Kincaid, Alton Bell, Russell Beverly, Gordon Bell, Foster Davis, T. S. Haney, Marion Hightson, Henry Borchardt, W. B. Johnson, Paul Shirley, Fred Youree, George Self, Jack Turner, H. C. Brown, Lee Black and C. R. Scale. Mrs. Charles Drabek was a tea guest.

Saturday Luncheon Honors Miss Kincaid

Concluding the series of pre-nuptial courtesies complimenting Miss Frances Kincaid was the brides' maid luncheon given by Mrs. Foster Davis in her home Saturday, January 20, at twelve o'clock. Guests were members of the wedding party and out-of-town guests.

A wedding bell motif was used on the tables. The bride's table was covered with a handmade white cloth, and centered with Happiness roses in a silver container. Place cards bore tiny white

Would you trade your pocket change for \$1,000?

Just 63¢ a day will do it

You'd be surprised how much the money you carry in your change pocket, saved regularly, can add up to.

By putting away only 63¢ a day for one month, you'd have enough to buy a \$25 Series E Savings Bond. Keep it up for forty months, and you'd find yourself owning a neat stack of Bonds worth \$1000 at maturity. The nice part about this \$1000 nest egg is it only costs \$750. And you pay for it with money that probably would have gone down the drain.

SOME ADVANTAGES OF U. S. BONDS

- You can save automatically with the Payroll Savings Plan.
- You now earn 3 1/2% interest to maturity.
- You invest without risk under a U. S. Government guarantee.
- Your money can't be lost or stolen.
- You can get your money, with interest, anytime you want it.
- You save more than money—you help your Government pay for the peace.

Highly Controversial Issues to Be Presented

Assistant Vice President Douthett of the National Association of Manufacturers lists some of the highly controversial issues that the new Congress must consider. These include federal subsidies for schools; health benefits to the aged under the Social Security System, to be financed by higher Social Security taxes; taxation of income earned abroad even though it is not brought into this country, and the creation of a new cabinet Department of Urban Affairs and Housing, to deal with problems hitherto regarded as local.

Should Be Summarily Dismissed . . .

Columnist George Sokolsky writes: "Considering the serious problems that face the President and the secretary of state, neither should be burdened with the little scandals that arise out of the maneuvers of lower officials to manipulate policy by day by day action. It is natural for insecure men to seek power and to grow upon it, but the country ought not to be burdened by such trivialities which grow into nuisances. The only way to safeguard the United States from such situations is to form policy at the very top and to insist that all secondary officials conform to major decisions; that those in secondary offices who are by doctrine or emotions incapable of conforming to top decisions be summarily dismissed . . ."

Four-Fifth Private Enterprise and One-Fifth Government

President David Rockefeller of The Chase Manhattan Bank states: "Our success in this huge effort to expand the economies of the Free World will depend in the final analysis on the contributions of private business. While it is currently fashionable to characterize Western economies as 'mixed,' it is sometimes forgotten that the mixture consists of four-fifths private enterprise and around one-fifth government. The Free World's private businesses are producing goods and services at an annual rate of more than \$700 billion, at least double the total production of the Communist bloc where state enterprise is all-encompassing."

1962 Feed Grain Sign-Up Period Set

Producers who wish to comply with the 1962 feed grain program will sign up between February 5 and March 30, reports C. H. Bates, extension farm management specialist.

Provisions of the 1962 program are very similar to those for 1961. One change is that idle and fallow land for the years 1959 and 1960 will be considered in the soil conserving base for farms. This will give less flexibility in the use of land diverted from feed grains, explains Bates.

Payment rates for diverted acres will be in line with those for 1961 because support prices for feed grains have been set at identical levels. The rates are again based on the normal production of the farm times the county support rate. The minimum acreage reduction (from the 1959-60 base) is 20 per cent, which will earn a payment based on 50 per cent of the local support price. For diversion of between 20 and 40 per cent the payment will be figured at 60 per cent of the local support price.

Barley, which was not included in last year's program because of late passage of legislation, is included in the 1962 program. A producer having barley plus grain sorghum or corn can participate in barley reduction independent of the other crops. If he wishes to comply on barley alone, however, he must stay within his 1959-60 base on corn and grain sorghum if he wants to receive price supports. On the other hand, if he wishes to comply on the corn and grain sorghum he must not exceed his base acreage for barley.

Cooperating farmers will be eligible for price supports on their 1962 crops of corn, grain sorghum, barley, oats and rye, subject to the base yield limitations. Bates continues, "Also, they are permitted to draw one-half of their total diversion payment at the time of their sign-up."

Non-cooperating producers will not be eligible for price supports on feed grains, but they will receive the market price for them. Since no acreage will be diverted they will not receive payment for any additional conservation use.

Grain producers should study carefully their individual alternatives in these programs. Decisions should rest on the estimated outcome for each operator, based on the goals he is seeking, says Bates.

Producers having questions about the effects of varying levels of compliance on their 1962 operations should contact their local county ASCS office manager or their local county agent.

Must File Federal Income Tax Return

All citizens or residents of the U. S. A., including minors who had gross income of \$600 or more in 1961, must file a federal income tax return on or before April 15, 1962, Murray C. King, administrative officer, Internal Revenue Service, Vernon, said this week. If you are 65 or over on the last day of your tax year, you are not required to file a return unless you had gross income of \$1,200 or more during the year.

Free Document 5107, available at IRS, tells all the vital facts about federal income tax filing requirements.

Lions' Mid-Winter Conference Slated Jan. 27 in Stephenville

The Lions of District 2-E—which includes the Crowell Lions Club—will move into Stephenville on Saturday, January 27, for the district's annual Mid-Winter Conference. The purpose of this annual meeting is to instruct club officers and committees of the clubs through forums and schools and to discuss district business.

Speaker at the luncheon will be Past International Director Dr. R. A. "Dick" Self of Dallas. Director Self has contributed much to the growth of Lionism in the State of Texas, and in the world. Featured speaker for the Governor's banquet will be Lions International 2nd vice president Aubrey Green of York, Alabama. Lion Green was elected second vice president of Lions International at the annual convention in Atlantic City June 24, 1961.

A Lion for many years, Green has served as president of the York Lions Club, and was zone chairman, deputy governor and district governor of his area. A past International director, he also was a member of the International Board's executive committee. He received the 100 per cent District Governor's award, and the Extension Award, and is a Key member.

An Alabama State Senator, he is chairman of the State Senate Corporations Committee and a member of the Banking, Education, Health, Highways, Aviation and Traffic Committees of the Senate.

Green, an automobile dealer, has served as a director of the Alabama Automobile Dealers Association, the York Chamber of Commerce, and the Sumpter County Industrial Board. He is a director and board chairman of York Manufacturing Corporation, manufacturers of small vehicular trailers.

All Lions from the 51 Lions Clubs are invited and urged to attend, and a large crowd is expected. District Governor J. T. Jones of District 2-A1, Goldthwaite, and state secretary Tom Kirkham of Austin will also appear on the afternoon program.

February Plentiful Foods Feature Potatoes

Popular, nutritious, economical potatoes are the featured item among plentiful foods in February, reports the Texas Agricultural Extension Service.

The entire official list includes 11 highly mailable foods as determined by the U. S. Department of Agriculture, in cooperation with growers and the food trade.

Other foods listed as plentiful, or in supply greater than normal trade needs, include grapefruit, apples, turkeys, lamb, eggs, frozen and canned red cherries, honey, pecans, dry beans and rice. The January 9-12 freeze in South Texas eliminated this source of fresh fruit but other producing areas report plentiful supplies.

Potatoes head the list because stocks in storage in December were about 16 per cent larger than a year earlier. Prices paid to farmers were low, according to USDA's Agricultural Marketing Service that compiles the list each month.

Carrots and cabbage had been suggested for the February list but were removed at the last minute because the recent freeze in producing areas reduced volume considerably. USDA's Statistical Reporting Service indicates South Texas cabbage supplies will be light the rest of the season and will not reach the usual February and March peak. Heaviest loss of carrots was in late plantings.

Consumers will do well to watch for regular and special sales on all 11 plentiful foods at local grocery stores, and to serve these foods often. Abundance usually means lower prices, wider selection for quality and ready availability.

Hopes Still High for Coast Fishing Despite Big Freeze

Although thousands of pounds of edible fish were killed in the heavy freeze on the Texas coast within the past ten days, it is believed that prospects for spring and summer fishing will remain good. This is the optimistic report of Terrance R. Leary, coastal fisheries coordinator of the Game and Fish Commission.

Biologists are studying the fish loss along the Texas coast, and report that it was only a fraction of the 1951 kill, when thousands of tons of fish were destroyed as a result of prolonged freeze.

Apparently, the heaviest kill this year was in the Laguna Madre, from Three Islands south to Port Isabel, where the temperature dropped to 10 degrees, and much of the water was glazed over with ice. Fortunately, very low tides drove many fish to deeper and warmer waters before the cold spell hit the coastal region.

Many stunned fish were reported in other areas along the coastline, and many of them were taken by fishermen and converted to use rather than waste.

Leary says the kill did take a toll of trash fish, drum, and small trout; however, early reports indicate that losses were not as severe as might have been expected with prolonged, low temperatures.

Full extent of the freeze damage will not be known for several days yet, until frozen fish which may have gone to the bottom blot and rise to the top, and are floated in to shore by wave action. In the meantime, biologists are continuing to study the coastline for additional information as to the freeze results.

Motorists Urged to Get Cars Inspected

The Director of the Texas Department of Public Safety, Col. Homer Garrison Jr., this week urged motorists to secure their 1962 vehicle inspection stickers as soon as possible prior to the April 15 deadline.

After that date, vehicles not displaying the new inspection sticker will be operating in violation of the law and the operators of those vehicles will be subject to arrest, he said.

Garrison said approximately half of the inspection period has expired and only about one-fourth of the vehicles in the state have been inspected. Unless the number of inspections is increased appreciably soon, he added, long waiting lines will be forming at inspection stations as the April 15 deadline approaches.

"There are some 4,800 authorized inspection stations in the state and they are ready and capable of handling the inspection of all vehicles without delay if owners of the uninspected vehicles

do not wait until the last few days before the deadline," Garrison said.

He pointed out that vehicles inspected so far this year have noted heretofore. He said that defects contributing to motor vehicle accidents in Texas is the highest in the history of the state.

Quail Season Still Open in Some Counties

Hunting season on all Texas birds now is closed over all Texas counties except in seven South Texas counties, and 11 Central Texas counties for quail. The season in these counties will close on January 31, according to H. Dodgen, executive secretary of the Game and Fish Commission.

So far, there have been reports of heavy quail kill. The freeze in Texas. Some birds, however, were fresh wasn't available to the birds, port that quail taken were in good condition. Hunters say that quail are far back in the cover.
