WILDCATS TAKE EASY 7-6 WIN OVER HOLLIDAY

Crowell High School football team won its second conference game of the 1961 season at Holliday last Friday night by the score of 7 to 6. The Wildcats led one touchdown in the first quarter and led 31 to 6 at half-time. They scored another TD in the third quarter, and turned the game over to the reserves.

Holliday	
First downs	3
Yds. rushing	16
Yds. passing	50
Passes completed	3 of 9
Passes intercepted	1
Punt average	6 for 36
Fumbles lost	1
Penalties	2 for 10

evening to score the second TD. Right end Gerald Howard caught the 28-yard toss for the score. Gafford again ran the extra points over. The Holliday fans received their only thrill of the evening at this point of the game. On the kickoff following Crowell's second touchdown, the fleet-footed Eagle quarterback, Jim Pautsky, returned the ball 75 yards for Holliday's only score of the contest. The Wildcats made two more touchdowns before halftime. Crowell marched 71 yards on the next drive to send Gafford over from the three. Halfback Dale Doyal ran the extra points over. The next TD was set up on a pass interception by linebacker Jerry Setliff. It took Doyal only two carries of seven and 14 yards to score. Setliff kicked the extra point to make the halftime count 31 to 6.

Doyal set Crowell's last touchdown up with a 40-yard gallop. He went over on the next play from five yards out. The extra point try was no good to leave the final count 37 to 6.

Wildcat reserves represented Crowell throughout the last quarter. Most of the playing was near the middle of the field with neither side threatening to score. The superior line play of the Crowell boys was the big factor in the lop-sided victory for the Wildcats: Setliff, Howard, James Borchardt, Paul Bax Ekern, Junior Hopkins, Danny Rader, Dale Henry, Jon Lee Black and Jimmy Huggins. Starting backs were Bradford, Gafford, Doyal, John Stone and Bob Borchardt.

The Wildcats will journey to Henrietta this week and play their last home game here next week against the Munday Moguls. Both of these contests are 11A conference games.

MRS. CAP ADKINS

Mrs. L. H. Hammonds has returned from visiting her children, Weldon Hammonds and family and Mrs. Louis Pyle and family, all of Floydada.

H. H. Hopkins and daughter, Mrs. Dora Heaton, have returned to their home in San Diego, Cal., after visiting his brother-in-law, Cap Adkins, and wife.

Mr. and Mrs. Dave Shultz spent Sunday with their foster son, Louis Pyle, and family of Floydada.

A number from this community attended funeral services for Mrs. Cleveland in Vernon Saturday afternoon.

Paulette McBeath underwent minor surgery on her foot at Crowell Wednesday.

Mrs. Howard Ferguson of Crowell visited her sister, Mrs. Delmar McBeath, and family Thursday.

Mrs. Maggie Capps and Mrs. Roy Shultz of Thalia visited Mrs. Joe Coufal Sunday afternoon.

Mr. and Mrs. Alton Farrar and family, Mr. and Mrs. Andy Paschall and son visited the ladies' parents, Mr. and Mrs. Frank Ketchersid, of Northside Sunday.

Mr. and Mrs. Donald Holland and daughter of Crowell visited his father, Oliver Holland, and family Sunday.

Mr. and Mrs. John Showers of Elliott spent Sunday with her parents, Mr. and Mrs. Henry Bice.

Mr. and Mrs. August Rummel spent last week visiting their daughter, Mrs. Leroy Hobrathsch, and family of Hinds.

Mrs. Johnnie Matus attended the Altar Sewing Society club at the parlor hall Wednesday afternoon.

Mr. and Mrs. Bobby Newell of Vernon visited her sister, Mrs. Otto Bachman, and family Saturday night.

Mrs. D. H. Skelton is visiting her daughter, Mrs. Jack Carey, and family of Vernon.

Mrs. L. H. Hammonds, Mr. and Mrs. Bob Wascher of Urbana, Ill., visited Mr. and Mrs. Leroy Henry of Farmers Valley Sunday afternoon.

Mr. and Mrs. Johnnie Kveton and children, Mr. and Mrs. George Oliver and family, all of Abernathy, Mr. and Mrs. Ray Prohine of Copperton, N. M., all visited their aunt and uncle, Mr. and Mrs. Ignac Zacek, and attended the funeral of their grandfather, John Cervenka, at Electra Saturday.

Mr. and Mrs. A. L. McGinnis visited her parents, Mr. and Mrs. R. A. Johnston, of Quannah Sunday.

Jack Williams and children of Dallas visited Mr. and Mrs. Otto Bachman and children Saturday.

Mr. and Mrs. Henry Bice visited their son, Floyd Bice, wife and small daughter Tuesday night in observance of the daughter's first birthday.

Mrs. Merle Moore and son visited her sister, Mrs. Louis Pyle, and brother, Weldon Hammonds, and families of Floydada Wednesday.

Mrs. Wilma Lavelle of Vernon visited her cousin, Mary Matthews, in the Cap Adkins home Saturday.

Crowell, Texas, Oct. 12, 1961 THE FOARD COUNTY NEWS—3

Mr. and Mrs. Ward Kuehn and daughter spent Sunday with her mother, Mrs. Eddie Jones, of Vernon.

Mr. and Mrs. S. B. Farrar and children visited her parents, Mr. and Mrs. Buck Hudgens, of Vernon Sunday afternoon.

Brenda McBeath attended a birthday party for Tommie Everson of Crowell Saturday.

Mr. and Mrs. Buddy Hardy have moved to the Grover Moore farm from Thalia.

Mr. and Mrs. Ward Kuehn and daughter have been attending the bedside of her grandfather, Johnny Jones, in a Vernon hospital.

Mr. and Mrs. Ewald Schroeder visited Mr. and Mrs. W. W. Johnson of Quannah Sunday.

Mr. and Mrs. Loyd Gray and children of Frederick, Okla., visited his parents, Mr. and Mrs. Charley Gray, Sunday.

Wayne Shultz, who has been attending school in Oklahoma City, spent the week end with his parents, Mr. and Mrs. Hugh Shultz, en route to his home in El Paso.

Mr. and Mrs. Robert Hammonds went to Waco Thursday on account of the serious illness of Mrs. Hammonds' aunt, Mrs. W. C. High. Mr. Hammonds returned Sunday, but Mrs. Hammonds remained with her aunt.

Don Taylor, NTSC, Denton, spent the week end with his parents, Mr. and Mrs. Leon Taylor, and Kay Ann.

Mrs. Sam Tole received word Saturday evening of the death of her nephew's wife, Mrs. Herman Cooper of Spring Lake. Mr. and Mrs. Tole were unable to attend the funeral.

Mr. and Mrs. Fred Kveton of Abernathy spent from Thursday until Saturday visiting his sister, Mrs. Ignac Zacek, and husband. The Kvetons were here on account of the illness and death of her father, John Cervenka of Electra, whose funeral was held at Electra Saturday.

Mr. and Mrs. Bob Wascher of Urbana, Ill., are here visiting her sister, Mrs. L. H. Hammonds.

Mr. and Mrs. Charlie Gray returned last week from visiting their son, Loyd Gray, and family of Frederick, Okla.

Mrs. R. G. Whitten visited in Wichita Falls Thursday.

Mr. and Mrs. Clabe Carpenter of Waggoner Ranch spent Sunday with their daughter, Mrs. Otto Bachman, and family.

Mrs. John Ray attended the Columbian Club meeting at the Gray Halbert home at Foard City Wednesday afternoon.

Mr. and Mrs. Joe Coufal and her father, Ignac Zacek, attended funeral services for John Cervenka at Electra Saturday afternoon.

Mrs. Mary Matthews and son, Pete, of Wichita Falls spent the week end with her parents, Mr. and Mrs. Cap Adkins.

Mrs. L. H. Hammonds and Mrs. Merle Moore and son were Ardmore, Okla., visitors Friday.

H. H. Hopkins of San Diego, Calif., visited in the Charley Gray home Friday.

Mr. and Mrs. Otto Bachman were Wichita Falls visitors Thursday.

New Deer Film Is Released by Game Commission

"Trail of the Whitetail," a 16 mm. color, sound movie of Texas wildlife, has been completed by the photographic section of the Game and Fish Commission, and now is available for public showing. The picture has been announced by T. D. Carroll, director of information and education of the Commission.

The picture, which was made by photographers Lon Fitzgerald, Tom Diltz and Leroy Williamson, has been three years in the making, and covers a hundred years' history of the white-tailed deer in Texas.

The picture can be obtained without cost by service clubs and sportsmen's organizations for public showing, by writing to the film booking department of the Game and Fish Commission, Walton Bldg., Austin.

In beautiful color and professional sound, it runs 28 minutes, enough time to provide an adequate service club program with superior entertainment, according to Carroll.

Many other subjects also are available from the Commission for public showing.

Fallout Shelters

The Chamber of Commerce of the United States has issued a leaflet on family fallout shelters. According to it, for persons beyond a five-mile radius of any direct nuclear bomb hit, availability of an adequate shelter would increase their chance of survival from 1 in 10 to 8 in 10.

Larger V8 Engines and Diesel Debut in '62 Chevrolet Trucks

Diesel power for the first time, addition of two higher powered V8's, and lower hood lines for better road visibility highlight Chevrolet's 1962 truck line. New to most of the 1962 models are directional signals as standard equipment, single headlights and longer life mufflers. New optional equipment includes alternating current generators, tinted glass and sliding rear cab window for better ventilation. Proved independent front suspension is retained with improvements.

Texas Tourist Industry Continues Headlong Decline

The Texas tourist industry continued its headlong decline during 1960.

The Lone Star State lost a million out-of-state visitors last year, according to the 1960 Texas Tourist Industry Report released this week by the Texas Highway Department.

The total number of tourists visiting Texas last year dwindled to 8.6 million, as compared with 9.6 million in 1959. Tourists spent a total of \$157 million in Texas during 1960, a figure well below the state's weak tourist year, 1957.

Herbert C. Petry Jr. of Carrizo Springs, chairman of the Texas Highway Commission, said he is "deeply disturbed" at the consistently downward trend of the Texas tourist industry in recent years.

"Tourism is a vital factor in the economy of our state," Petry said. "Tourists pay \$17 million annually in direct state taxes. The decrease in our tourist trade means a loss of millions of new dollars to our economy and a drain on our tax resources." He said the sharp year-to-year decline in tourism since 1957 is the direct result of aggressive competition from other states.

"We are engaged in a 'war between the states' for the tourist dollar," he said.

However, Petry said he sees a "silver lining" to the tourist situation. He pointed out that the recent session of the Texas Legislature studied a budget request for \$209,000 a year for the next biennium to be used for tourist advertising. When appropriated by the Legislature, this money would be administered by the Highway Department, which is the state's official tourist agency.

"Texas needs this tourist advertising budget to get back in the competition for the tourist dollar," Petry said. "When the Legislature approves our media advertising budget, for the first time in history we will be able to compete with other states by advertising Texas' tourist resources."

"When Texas enters this field," Petry said, "the experience of other states indicates that a handsome profit could be reaped." He said New Mexico gets back \$34 in state taxes for each dollar spent for tourist advertising and that Arkansas gets back \$40 in taxes for each advertising dollar. "Some other states get even larger returns," he said, "since tourists generally buy those items which carry the stiffest state taxes."

The Highway Commission chairman said the Highway Department's Travel and Information Division is now doing all possible "within the limits fixed by law" to attract tourists. The 1960 Tourist Industry Report reflects this activity, he said. "Although the number of visitors fell off a full million, the tourists who did come stayed longer and spent more—encouraged by the travel information services offered by Highway Department Tourist Bureaus plus the cooperative efforts of local organizations."

According to the report, the average visitor stayed six days in Texas, spending at the rate of \$8.91 per day and traveling more than eleven hundred miles. Two out of every three out-of-state visitors were on vacation—and the same proportion had been in Texas before. The Tourist Industry Report is an annual publication issued by the Highway Department.

Wayne Shultz visited his parents, Mr. and Mrs. Hugh Shultz, over the week end while en route to El Paso after attending radar beacon school at the aeronautical center at Oklahoma City.

Catgut is obtained from numerous animals, particularly sheep, but never from cats.

690 Texas Hospitals Inspected Under New Licensing Law

Since the beginning of the licensing program 18 months ago, over 690 Texas hospitals have been inspected under the Texas Hospital Licensing Law, either by state or local health department officials.

Local fire marshals have also inspected the same hospitals, making certain that they complied with fire-safety rules required under the law.

The program is administered by the State Health Department's Hospital Licensing Division, established January 1, 1960.

A big map on the Division wall describes the extent of the far-reaching program. More than half of Texas hospitals have been surveyed more than once and all have been closely inspected at least once.

Inspection subjects range from the kind of ice used, to the all-important operating equipment. Especially important in all items inspected is the quality of housekeeping—a critical item for the prevention of disease spread within a modern hospital.

Second-time surveys are made to determine the extent of corrective recommendations followed after the initial inspection. Generally, hospitals cooperate fully in carrying out suggestions, most of which deal with housekeeping problems.

In keeping with the State Health Department's policy of as much local control as possible, local health departments maintain inspections of hospitals within their jurisdiction, assisted by the State agency only if needed.

About half of all Texas hospitals lie within areas served by local health departments greatly reducing the workload required by the Texas State Department of Health.

Fire-safety inspections are made by local fire marshals, who follow a special check list complying with state fire laws. Occasionally, special training is given for inspection of operating room fire hazards.

The Texas Hospital Licensing Law is designed to provide better patient safety. It is patterned after standards of the Joint Commission on Accreditation of Hospitals. However, requirements are stricter providing for maximum patient safety and care. (A weekly feature from Public Health Education, Texas State Department of Health.)

Barry Goldwater says: "When liberals talk loosely about this country's lost purpose, I suggest they might remember that one of our Republic's purposes is freedom and that we have remained free for nearly two centuries; and that we have, must be listed as one of the great achievements of history."

Replica of Astronaut Capsule to Be on Display at State Fair

A replica of the capsule in which America's first astronauts, Commander Alan B. Shepard and Capt. Virgil Grissom, were launched into space this year, will be exhibited along with other space age displays at the 1961 State Fair of Texas, Oct. 7-22, Dallas.

The full-size model of the capsule used in "Project Mercury" is being sent to the State Fair by the National Aeronautics and Space Administration.

The capsule will be occupied by a dummy astronaut in flight position attired in an actual space suit like those worn by Shepard and Grissom. The capsule replica also has a simulated instrument panel and control board of the type used by the astronauts.

The space capsule will be on exhibit in the Varied Industries Building at the State Fair. Other NASA exhibits will illustrate the many aspects of Project Mercury which include wind tunnel tests, capsule drop tests, capsule fabrication, astronaut selection and training, test firings, the chimpanzee "Ham" space flight and the flight of Astronaut Shepard in the Freedom 7 rocket.

Another space age exhibit by the Convair division of General Dynamics will be devoted to the Atlas missile program which is designed to put an astronaut into orbit around the earth.

The Federal Aviation Authority will have a number of exhibits demonstrating how aircraft traffic is regulated. They will include an actual weather reporting station, sector control equipment used to direct traffic in the air corridors, a working model of a modern airport, operating radar for tracking aircraft and a simulated flight control tower where fairgoers can participate in controlling a simulated approach and landing by a model airplane.

Also on exhibit at the State Fair will be several actual Army missiles, including a Lacrosse, a giant Redstone and a Little John rocket.

'Public Power' Prepare for War with Prayer that Conflict Can Be Averted

"Public power" is one of those heaven-sent terms that give its advocates a running start on its detractors. It is what semanticist Stuart Chase would call a "purr word." It has a lovely sound. Who would not prefer "public power" to "private power," public good to private gain? Public power refers, of course, to electric power produced by a federal agency. It is supported by taxes, and it generally supplies electrification at low cost to one locality at the expense of the taxpaying public at large, as in the TVA.—Ontario-Upland, Calif., Daily Report.

Chile has a 2,653-mile coastline, but is only 31 miles wide at some points.

NOW! A NEW WORLD OF WORTH!

CHEVROLET

'62 CHEVROLET JOBMASTER TRUCKS WITH NEW High Torque Power!

Here's new High Torque power for every weight class—light, medium and heavy... the most powerful engines in Chevrolet history... sure saving power and dependability for every job!

There are plenty of powerful reasons for Chevy superiority. High torque reasons. Reasons that range all the way from a mighty new High Torque 409 V8* for heavies, right down to the thrifty Sixes... including the High Torque 261 Six* that's available for the first time in light-duties.

Loads of other reasons, too. Like the new work styling with downward-sloping hoods that let drivers see up to 10 1/2 feet more of the road directly ahead. Like Chevrolet's proved Independent Front Suspension for even smoother riding, easier working trucks. Like the heavier duty hypoid rear axles for middleweights and the rugged new I-beam front axles* (9,000- or 11,000-lb. capacity) available for extra-tough jobs on Series 80 heavyweights. Like the longer lived mufflers. Like work-proved Corvair 95's (2 pickups and a panel) that haul up to 1,900 lbs. of payload with low-cost dependability and sure rear-engine traction. Like to know more? See your Chevrolet dealer.
