Seniors Receive Advice

When the seniors attended Career Day at Midwestern University at Wichita Falls, Friday, they learned many beneficial things to help them in the future. The fact that one can get an education if he truly desires was brought out time after time in the speeches and in the discussion groups. The speakers also stressed that today a college education is almost essential in order to have a fulfilling, successful life, and that a person who has a college education usually makes several times the salary of one who has only a high school diploma.

A shocking discovery, as reported by a television announcer, was the attitude that adults have toward television, movies, and teenagers. It seems that older people are crying for more educational programs for television and movies, yet when such programs are shown, the adults either change the dial or fail to take the time

to go see the movie. A newspaper reporter stated that even though she had written numerous articles on the many good things that the youth do, perhaps adults looked over them, noticing only the reports of the few bad deeds; thus, the youth of the nation are judged by the actions of a handful of delinquents.

Senior Personality

The senior personality for this week is James Borchardt. James Riley has been a member of the football squad for four years; he belongs to F. F. A., having served as officer for two years; he was the sophomore favorite.

His pet peeve is somebody who thinks he is better than everyone else. James' favorites are the color, blues; the singer, Conway Twitty; the actor, Troy Donahue; the actress, Sandra Dee; the food, fried steak, potatoes, iced tea and cherry pie; and teacher, Mrs. Manard. His hardest subject is geometry; his favorite and easiest, V. A. Riding horses, fishing, hunting, raising livestock, riding around, and listening to the radio and records are James Riley's favorite pastimes.

James' parents have been the main influence in his life. He plans to go to college after he graduates from CHS. We hope James has the very best of luck with his future plans.

Stage Band Places in Contest

On Saturday, Feb. 10, the area bands attended the Wichita Falls Stage Festival. The Crowell Stage Band placed second, with Archer City taking first place. Three Crowell band members, Wendell Callaway, Paula Sparks and M. L. Speer, made the All-Festival band. The members of the stage band are Marcia Carroll, Keaton Barker, Sue Sanders, Carolyn Hickman, Ella Ann Cates, Ruth Sanders, Wendell Callaway, Sue Cates, Bobby Bond, Philip Welch, Dennis Garrett, Rodger Hoffman, Faunice Fairchild, Paula Sparks, Billy Sokora, Kenny Ownbey, Otis Smith, M. L. Speer, Woody Lemons.

Even though the band lost the first place trophy to Archer City, their spirits are not dampened. They're planning to take first place at Brownwood Feb. 24.

Career Day for Seniors

Last Friday, 24 Crowell seniors, accompanied by Mr. Black and Mr. Welch, met with many other area high school youth at Midwestern University for a career

conference.

During the morning, there were speeches by N. A. Moore, chairman of the Wichita Falls Chamber of Commerce Education Committee; Bob Goston, president of the Chamber of Commerce; Larry Hellman, Midwestern University student body president; and Dr. Travis White, president of Midwestern University. The M. U. Choir entertained the 1,000 seniors with several choral selections.

In the afternoon, there were panel discussion groups in which educators as well as business and professional men and women led the students in the topic of "Future Careers." The groups were as follows: agriculture, science, business, communications, teaching, social service, art, music, medicine, etc.

The seniors not only enjoyed the day as guests of Midwestern and the Wichita Falls Chamber of Commerce, but also learned things to be considered in planning a college career.

Sports in Short

Sports fans, the third time was a charm but for the Crowell Wildcats because the Munday Moguls struck for a decisive victory to eliminate Crowell from contention for the district championship. Some stiff competition and a lot of bad luck helped beat the fighting Wildcats. The Benjamin Memorial Coliseum was packed for the game last Thursday night which determined the winner of the district championship. "If only Edward had his elevated shoes," screamed Ella Ann at a crucial moment in the battle. I would like to say that I hope the Munday team goes a long way, but because of censorship I'm not allowed to say in which direction.

The Wildcats and the Moguls met as a result of victories over Chillicothe and Paducah, respectively, which placed the district in a two-way tie. The Wildcats' basketball team this year has had a fine record having defeated several 2A schools. The team won its games not by height and weight but by agility and hard play. Congratulations to Coach Erwin and his fine 1961-62 Wildcats.

Well, track season is running around the corner as spring approaches. So stay tuned to your Sports in Short column for the very latest reports on our track team.

Characteristics Boys Look for in Girls

The following boys were asked what characteristics they looked for when asking a girl for a date or seeking a girl friend.

1. One that is rich, pretty, athletic, and listens instead of talks.—Tim Mason.
2. One that is pretty, graceful, and has a good personality.—Sam Hudgens.
3. One that is blond, beautiful, and not too wise.—Freddie Wehba.
4. One that is rich, pretty, and courteous. She must be dependable and imaginative.—Barry Barker.
5. One that is "something else," likes to rock—just for kicks—that's all, nothing more, nothing less.—Wendell Callaway.

Jokes

1. Mrs. Manard was trying to press upon her students the importance of a good vocabulary and the key to mastering words. "Now, remember," she concluded, "if you want to make a word yours, repeat it over and over and over to yourself, until it's yours. Remember that," she said. "Repeat a word several times and it's yours!"
2. Whenupon, a voice could be heard in the halls of the room, repeating "Money, money, money, money."
3. Mr. Welch, "What is bacteria?"
4. Freshman (who was not quite sure) "The back entrance to the cafeteria."
5. Sue: "Mother, would you scold a girl for something she didn't do?"
6. Mrs. Cates: "Of course not."
7. Sue: "That's good! I didn't wash the dishes."

The Blab

At the game Tuesday night were Jackie - Sue, Boob - Elly, Chunk - Faunice, Dale - Carolyn, Jim Mac - Gaye, Junior - Paulette, Alta - Larry.

Together Wednesday night were Bill H-Paulette, Jackie-Sue.

Seems as though Joy L. has a crush on a CHS boy. Who is this, Joy?

Donna, who was this person you were describing in school the other day?

New steady around CHS—Larry and Alta. Congratulations.

Seen at the game, Thursday night were Larry - Alta, Boob - Elly, Jackie - Sue, Chunk - Faunice, Edward - Ella Ann, Carria-Ronnie.

Carria - Ronnie, Gaye - Jim Mac, Vicky - Claude were seen at the Plaza Friday night.

At the canteen Friday night were Woody - Sharon, Philip - Ruth.

Larry and Jon Lee, what were you doing Saturday? Could it have something to do with some Lubbock girls?

The seniors seemed to have enjoyed their trip to Midwestern Friday.

Special message to Winston —

Beware of imitations

Couples at the Canteen Saturday night were Faunice-Taylor, Judy - Jim P., Kenneth - Scherry, LaRue - Kenny, Philip - Ruth, Lynda - Bob, James R. - Katie, Junior - Marlain, Ed - Ella Ann, Vickie-Claude.

Seen at the drive-in Saturday night were Carria-Ronnie.

Making the drag Saturday night were Don - Sharon, Bobby - Ruthie.

At the Plaza Saturday night: Boob - Elly, Bob - Lynda.

In Quannah Saturday were Larry-Alta.

At church Sunday night were Carria-Ronnie.

Together Sunday afternoon were Dale - Carolyn, Larry - Alta, Carria - Ronnie.

Riding around Sunday night were Junior - Jo Carol, Sammy - Carolee, Woody - Sharon.

What was that string of cars doing behind those Quannah girls Sunday? Playing follow-the-leader?

Sharon, did you see Ichabod Sunday? He was in town.

LaRue, why were you erasing the board in the Spanish room so hurriedly on Monday at noon?

There seems to be a new couple around CHS. Could it be Peanut-Bikini?

Ruthie, you had better watch out during the future. Your secret admirer is watching.

Did Scherry G. get a strange Valentine? What did it say, Scherry? The scandal knows.

Sharon G., what were you doing Saturday evening?

Beverly, who surprised you in the pool room at Teen Town Saturday night? He couldn't have the initials of M. H., could he?

What do the airport hangers remind Jean B. of?

Saunna, why does a yellow and white Ford pickup appeal to you? We bet Sharon G. knows.

What freshman boy doesn't care for a boy named Charles at Paducah?

Beverly, who is your new interest in Quannah these days? Is it Mike Barnes, by any chance?

Sharon, who was this person you had your eye on at the Fat Stock Show Saturday afternoon? We bet Saunna and Donna know.

M. L. Terry and Tim, tell us more about your dates Saturday night.

Bill H., do you see anything in the scandal that gives you a funny feeling? We wonder if it could have anything to do with a letter?

Junior, what is on the menu tonight?

What certain boy's heart throbs when he hears the song "I Can't Help Falling in Love with You." Could it be connected with the out-of-town address? (Box 393).

The Foard County Home Demonstration Council will meet Thursday, February 15, at 10 a. m. in the agent's office.

Does your family get a balanced diet?

Here are some simple guides to help you decide whether your family is being served the kinds and amounts of food needed for good nutrition.

You should be spending approximately 36 per cent of your food budget for meat, fish, eggs, cheese and poultry, if your meals measure up nutritionally. Another 22 per cent should go for fruits, vegetables, and juices; and 20 per cent for milk and ice cream; 16 per cent for cereals, bread and miscellaneous; and 6 per cent for fats and oils.

Because some members of the family often do not eat large quantities of foods, it is important to make sure you are serving the foods they need for good health.

George Corse Makes Formal Statement in State Senate Room

George Corse of Graham has his formal announcement in the news this week concerning his candidacy for State Senator. His statement follows:

By now, all you folks names appear in the telephone directory should have received a letter, telling you all about me and my family.

I should like for you to know that each one of these letters addressed personally, either myself or Mrs. Corse. If you are to receive one, I would appreciate very much your writing me. . . . George Corse Jr., 618 St., Graham, Texas, and we will be most happy to mail one to you; be sure to furnish the address.

Since personal facts about self and my family are in the letters, I shall not repeat them here; instead, I shall tell you how I stand, as you have a right to know:

I am a democrat . . . not a her stamp (did you ever see a democrat agree on everything I reserve the right to disagree with party leaders if I feel they are violating my Christian principles and ethics, or the good of the people of my district.

I am a teacher of many years of experience and a friend education; however, I will agree to any program which feel the school patrons are necessarily gouged. (Witness campaign to abolish County Superintendent Offices).

I am a business man (a music store in Graham), but cannot agree with sharp business practices such as secret agreements, secret "kick back" misleading advertising or monopoly in any form.

I am a Christian and go to church regularly as a member of the First Methodist Church of Graham. None of us are perfect but I do try to practice Christian ethics through the week as well as on Sunday.

As a real Democrat, I do believe that anyone should be the same office for a life-term. I ask your vote in Democratic Primary on May 1962, for State Senator of 23rd District. Sincerely, George Corse Jr.

Electricity Powers Progress

WEEK
 FEB. 11-17, 1962

During this National Electrical Week, Feb. 11 through 17, take time to take stock. Take a look at the economic health of your community, and at the part flameless electricity has played in it.

Your city's continued economic growth will come from a continued spirit of cooperation, from a continued dedication to the needs of all the community.

We at West Texas Utilities pledge all our facilities and personnel to the continued betterment of all our customers.

And may every week be electrical week!

Like a Small City
Texas Tech is like a small city. Daytime population is 12,200. Last year more than \$226,000 was spent on utilities for the campus city. The amount of gas used would serve the needs of 3,083 average families for one year. Water used by Tech would supply 1,502 average families, and 3,749 families could be served with the amount of electricity used by the college.
Actual consumption figures increased last year to more than 287 million cubic feet of natural gas, 220 million gallons of water and 13 1/2 million kilowatt hours of electricity.
There are 5,788 automobiles registered on the Tech campus.

Margaret Baptist Church in Program for Achievement

The Margaret Baptist Church has entered the 1962 Texas Baptist Church Achievement Program, pastor Lawrence M. Cox said this week.

Sponsored by the Baptist General Convention of Texas, the program is designed to stimulate interest in small-church work by providing growth incentives. Outstanding achievements by pastors and churches in areas of church, community and world improvement are recognized locally and at the annual Texas Baptist convention.

More than 660 Texas Baptist town and country churches entered the program last year. Some of the churches recorded twice as many baptisms per member as the Southern Baptist Convention average. Others recorded outstanding increases in Sunday school attendance and gifts to missions.

Churches in the open country and in towns of up to 2,500 population, all Latin American churches and missions, and city churches with less than 300 members, are eligible to enter the program. About two-thirds of the denomination's 3,780 churches are classified as town and country congregations.

Records and scrapbooks of program progress are made under the direction of three special committees. The scrapbooks are the basis for judging on the associational, district and state-wide levels.

Nation's Mailmen Are Potent Force In March of Dimes Disease Battle

A small, yellow envelope serving as a harbinger of an expanding war on crippling disease arrives in the mailboxes of 40 million American families this week.

It brings the "mailer" of the 1962 March of Dimes, now dedicated to seeking the answers to birth defects and arthritis while continuing its work in polio. Printed on each envelope is the confident prophecy, "Your Dimes Will Do It Again!"

Addressed by tens of thousands of volunteers in the county chapters of The National Foundation - March of Dimes across the nation, this symbol of scientific research and total medical care for the victims of these diseases promises immediate help and future hope through the generosity of the American people.

The prediction on the mailer, "Your Dimes Will Do It Again!" is a reference, of course, to development of the Salk anti-polio vaccine and to the later Sabin oral vaccine. Both were made possible, as were the medical care and rehabilitation of many of those paralyzed by polio, by public contributions to the March of Dimes. Many millions of the dollars so well used to bring about these accomplishments came to local chapters through similar mailers in years past.

Recipients of these mailers, including those in distant Hawaii and Alaska, were urged by March of Dimes leaders this week to return the mailers to local chapters as promptly as possible.

As one chapter chairman said: "Aside from financial outlays needed urgently for research and for total medical care of victims, The National Foundation - March of Dimes must expand its already existing national network of chapter-supported clinics helping those stricken by birth defects or by arthritis."

"The figures give you an idea of the appalling magnitude of

National Poster Child of 1962 March of Dimes, Debbie Sue Brown, 5, Clarkston, Wash., exhibits jumbo-sized mailer for contributions. Born with the serious birth defect of an open spine, Debbie Sue inserts bill in an envelope almost as tall as she is.

the problem. Each year in this country, at least 250,000 infants are born with significant birth defects and 21,000 die. This must prevent.

"As to rheumatoid arthritis, fully 30,000 children and adolescents are crippled. Altogether, more than 11 million Americans suffer from the arthritic diseases. This must not happen in the future."

"When we say to the public that 'Your Dimes Will Do It Again!' it's not an empty boast. We mean precisely that. Some folks believed that the answer to polio would never be found. But our scientists never abandoned hope and, because of March of Dimes contributions from those who believed as we did, the answer was found. Tens of thousands of lives have been saved since then, and tens of thousands saved from crippling."

"None of us, scientists included, knows when the answers will be found to birth defects and arthritis. We just know, as we knew with confidence before the Salk vaccine, that those answers will be found provided sufficient public support is forthcoming."

Two Minutes With the Bible

Are You Ready?

I wonder what will finally become of Molotov? Most of us know only that he was expelled from the Communist Party some time ago and has since been recalled to Moscow to answer for what Khrushchev, of all people, has called "barbarous crimes."

Molotov, "the hammer," was active in the Communist Revolution since 15 years of age. A close friend of Stalin, he served Soviet Russia variously as Secretary of the Central Committee, Premier of USSR, its Foreign Minister and its representative to the UN.

But in 1957 Khrushchev, jealous of Stalin's popularity, dismissed Molotov from the Presidium and sent him away as ambassador to Outer Mongolia! Now disgraced along with his old friend Stalin, this once popular hero of the Soviets has been discarded by the system he championed. Pathetic, but he deserved it.

Contrast this with the Apostle Paul. He had been great, prospering in his religion above many of his equals, being "more exceedingly zealous" of the traditions of his fathers (Gal. 1:14). But he gave this all up and counted it loss for "the excellency of the knowledge of Christ."

Serving Christ amid unceasing persecution, he said: "But none of these things move me, neither count I my life dear unto myself, so that I might finish my course with joy, and the ministry which I have received of the Lord Jesus, to testify the gospel (good news) of the grace of God" (Acts. 20:25). Yes, and in his last recorded words before Nero beheaded him, he said: "I am now ready to be offered, and the time of my departure is at hand. I have fought a good fight, I have finished my course. I have kept the faith. Henceforth there is laid up for me a crown . . . (II Tim. 4:6-8).

What a triumphant way to go! And you, my friend, can go that way too—if you are ready. "Believe on the Lord Jesus Christ and thou shalt be saved (Acts 16:31).

Rotary Club

Malcolm Bryson conducted the program for the Wednesday noon meeting of the Rotary Club on Feb. 7 at the Community Center.

The program was a question and answer type with Mr. Bryson asking several Rotarians about what they learned in visiting Rotary Clubs throughout the nation and foreign countries, and also about the conduct of Rotarians in their home club.

Those answering questions were Decker Magee, George Self, Gordon Erwin, Glen Goodwin, Clinton McLain and Irving Fisch.

Homor Haseloff of Lockett was a visitor.

Farm Records Are Essential For Success

Good farm records are essential for a successful operation, says Cecil Parker, extension farm management specialist. Records provide the proof of past performance, and they are an indication of the potential of a given farm, farm manager and the technology used.

Proper records will allow the farmer to compare one enterprise with another and they are very important when the farmer wants to combine enterprises. An analysis of a good set of records will point out the strong and weak points of the business, and they are also handy to have around when it comes time to file income tax.

The type of record book or system you use depends on what you want your records to do for you, says Parker. The minimum record should include an inventory of land, buildings, equipment, live-stock and supplies; all expenses grouped by kind; all income received; land use and production of crops and livestock; and a place to summarize the year's operation. The more details the record shows the more valuable it will be.

Parker says this is a good time to get your records for 1962 started, and it is also a good time to study last year's records to determine if any changes need to be made.

It is easier to keep good records if you have a special place to work. Entries should be made as soon as they occur or as soon

thereafter as possible, Parker advises. If you need help in setting up your records or in analyzing your old one, see your local county agent. He can start you on the road to good records.

New Publication Available on Home Decoration

Thinking of redecorating all or part of your home? If you are, you would do well to read a recent publication of the Texas Agricultural Extension Service. This bulletin, B-971, deals with the beautification of windows and glass walls, important parts of any room.

There are few set rules for window decoration, but window treatments should help control light and heat as well as enhance the beauty of the room in which they are used. Each window or group of windows challenges its owner to make it contribute to the comfort, utility, beauty and joy of the home.

How is this accomplished? By utilizing the basic art concepts of harmony, proportion, balance, rhythm and emphasis.

When choosing draperies, consider the room, proportions, exposure, view, walls, floors, furnishings, accessories and the amount of surface which needs to be draped. Remember that the walls and floor form the background, which is the basis for pattern and color selection. A room's location also plays an important role in the selection of color. South and west rooms are usually more pleasant when done in cool, quiet tints, while north and east rooms

are better in the warm colors. Valances or cornices can make windows that are too tall or too narrow seem shorter. They may be used to cover and conceal the rods and fixtures at the top of draperies. Lighting fixtures may be installed behind them to add soft lighting to the room.

There are myriads of combinations for decorating rooms and each person must choose the one that is most pleasing personally. Before you make your choice, however, see your local county home demonstration agent and get a copy of B-971.

Birds Begin Spring Move Through State

Spring migration of birds has begun in Texas, although some of the waterfowl heading north for their nesting area have hit new cold waves. But robins have moved into South Texas by the thousands. This is the report reaching Howard Dodgen, executive secretary of the Game and Fish Commission.

Most interesting news of the week, however, was the announcement of H. J. Johnson, Arkansas Wildlife Refuge manager, that two more whooping cranes had been counted on the refuge. This low brings the total to 38 birds wintering there.

At first it was believed there were only 36 whoopers on the area. However, flights over the area during the past 10 days have proved conclusively that there are now 38 birds, with 33 adults and

5 juveniles. Johnson also reports the deer population on this is approximately 7200, although many young javelinas. The population is very low, with two small covies seen for the first time since Hurricane Carla last Sept.

Wasp First Gave the World Paper

It was a humble wasp that first gave the world paper centuries primitive man had following generations on stone, metal slabs, clay tablets, wax animal skins. Then along came paper wasp, which chews vegetable pulp to form its nest. Ts'ai Lun, a Chinese, studied the habits of the wasp and in 105 A. D. succeeded in producing the first paper from old linen. Unfortunately, the Chinese kept their secret for hundreds of years, and it was not until the 12th century that news reached Europe.

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

Austin, Tex. — Candidates flooded this capital city as the filing deadline arrived. Politicians came to town to pay filing fees for state offices at both the democratic headquarters and the republican camp.

Thousand dollar fees were paid in many ways: One thousand one-dollar bills, one hundred ten-dollar bills, and varied contributions from friends of the candidates.

A former athlete brought a handful of ex-football stars along to show that he had a sporting chance.

There were very few surprises at the State Democratic Executive Committee: gubernatorial candidates John Connally, Marshall Formby, Will Wilson and Maj. Gen. Edwin A. Walker had paid before the deadline; Don Yarborough was expected, and every one knew Gov. Price Daniel would show up after his TV announcement.

Austin Attorney Bob Looney arrived at the last minute to join Tom James, Tom Reavley, Waggoner Carr, W. T. McDonald and Les Procter in the attorney general's race.

ing and legislative authority to prove his contention that only the attorney general can represent the state in appellate courts.

UT's private attorneys pointed to another regents' case where they noted "with much interest that a distinguished array of counsel headed by former Gov. Dan Moody represented the Board of Regents."

Wilson produced evidence that Governor Moody was the Attorney General of Texas at the time of the suit referred to, and "the distinguished array of counsel" were his assistant attorneys general.

SALES TAX RULINGS KEEP COMING — Governor Daniel's announcement that he hopes to amend the sales tax structure probably caused groans in the Comptroller of Public Accounts' office, where they're constantly busy interpreting the two per cent sales tax as it now stands.

Most recent interpretation involves advertising agencies which finance their operation on a 15 per cent commission basis, rather than by charges.

Comptroller ruled that the tax does not apply to intangible services and therefore excludes the commission from taxation.

But clients must pay tax on drawings, paintings, lettering and printed matter, and with the fantastic volume of this type of production involved in a campaign year, the state ought to net a fair-sized income from advertising agencies.

TEXAS CRIME ON UPSPING — Col. Homer Garrison Jr., Director of the Department of Public Safety, stated that major crime in Texas increased 2.2 per cent in 1961 over 1960, with an estimated 203,285 offenses for the year.

Murder and homicide cases increased from 1,089 to 1,088; theft from 108,869 to 117,619; rape from 1,196 to 1,264; and aggravated assault from 12,128 to 12,166.

Garrison said this means that in Texas during 1961 "there was a murder every eight hours, a rape every seven hours, an aggravated assault every 43 minutes, a robbery every 10 minutes, a theft every four and one-half minutes."

He said it also indicates a 60 per cent increase in major crimes

REPUBLICANS RALLY — "Rebirth of the republican party in Texas" has been widely discussed. It was quite evident when filing time was over that considerable progress had been made. If the party wasn't reborn; it certainly was revitalized.

Breckenridge oilman Jack Cox — former democratic candidate for governor who announced for the GOP months ago — got two opponents at the countdown. One was Amarillo rancher-publisher Roy Whittenburg, who polled 185,926 votes when he opposed Ralph Yarborough for the U. S. Senate in 1958. The other was Harry Diehl, Houston factory representative, who was one of the 71 who ran for Lyndon Johnson's senate seat last year.

Republican line-up for house and senate seats is imposing. Fourteen republicans are campaigning for 10 of the 31 senate seats. And 74 republicans have filed for 70 of the 150 representative offices. Two already are members of the House. They are George Korkmas of Texas City and Kenneth Kohler of Amarillo. They seek re-election to offices they won in recent special elections.

VALLEY FREEZE CREATES FOOD SHORTAGE — Agriculture workers "frozen" from jobs by the recent freeze in the Valley caused a stir of activity in the commodity distribution division of the State Department of Public Welfare.

Division Director W. M. Herndon has just returned from two trips to the Valley to talk to county commissioners in Cameron, Zavala, Willacy and Hidalgo counties. There, the need for emergency distribution of government surplus foods is desperate.

DPW is distributing food for 5,000 in Cameron County, 4,000 in Willacy County, and 2,500 in Zavala County. Also it is adding 20,000 people to the program in Hidalgo County, which provides food for 602 needy people on a regular basis.

Most commissioners look for the emergency to end within 30 days, when business in that area is expected to recover.

UNIVERSITY HOUSING BATTLE — Attorney General Will Wilson has more windmills to tilt than Don Quixote.

In his "spare time," he's fighting five opponents in the governor's race.

On a current job basis, he's engaged in a battle with the University of Texas' Board of Regents and the three outside attorneys UT hired to defend the school in a housing suit brought by several Negro students.

Wilson, as attorney general, also is defending the University and mightily opposing the intrusion of outside help. He filed a brief, citing Supreme Court rul-

March Draft Quota Set at 228 Men

The state quota for Texas draft boards in March calls for 228 men, Colonel Morris S. Schwartz, state Selective Service director, announced this week.

The state's March call of 228 compares with a quota of 296 for February and 440 for January. The March call is the state's share of a national call of 6,900 men, all for the Army.

Col. Schwartz also announced that local boards would send 650 men for pre-induction physical and mental examinations.

Local board quotas for the March call already have been figured and sent to the state's 137 local boards.

The March quota will be filled with men who are at least 22 years old on March 1, with the exception of volunteers or delinquents, who may be younger.

Short Snorts
Governor Daniel has received a total of \$187,071 from the people of West Berlin for the relief of Hurricane Carla victims.

Dr. Joseph Trospen, chairman of the insurance department at Southern Methodist University, was sworn in as a new member of the State Board of Insurance.

Austin attorney Robert G. Flowers is new Assistant Attorney General with the highway division.

The Rev. Clinton Kersey, former representative and House Chaplain for two sessions, was appointed director of parole supervision by Dr. James A. Turman, director of the Texas Youth Council.

Here's what QUALITY has done:

At last count there were 1,499,927 Chevrolet trucks over 10 years old still working—424,381 more than any other make.

1962 CHEVROLET JOBMASTER TRUCKS

built better..work longer!

When Chevrolet builds a truck, it builds a quality truck. This policy makes sense. Chevrolet trucks work a long time . . . cost less than many other makes to operate and maintain over the years . . . consistently bring a higher trade-in price . . . and, as a result, are bought by more people.

We invite you to come in and examine this quality closely and to take a 1962 demonstrator out for a good long test drive. Note the cab comfort, the good visibility, the smooth ride, the solid feel of its quality. Compare Chevrolet truck features with those of other makes. Then decide which are your wisest investment. We're sure it will be Chevrolet's.

Quality independent front suspension fights road shock more effectively than other types — provides more protection for the truck, load and driver.

The standard 235-cu.-in. 6-cylinder Chevrolet truck engine has worked more miles than any other. There are nine more engines to choose from.

Note how this Chevrolet cab roof is made of two sheets of metal, instead of one, with a layer of felt in between as insulation against cold, heat and noise.

A Chevrolet truck tailgate is sturdier because it has double-wall construction and strong steel chains in tough rubber casing to support it.

See your Chevrolet dealer for trucks that keep running and running!

Foard City H. D. Club

In an all-day meeting, the Foard City Home Demonstration Club members quitted for Mrs. Tom Callaway in her home Tuesday, Feb. 6. A covered dish lunch was served.

Roll call was answered with "how I relax" by five members: Mesdames Tom Callaway, W. M. Cox, Glenn Jones, Grover Owens and Fred Traweck, and two visitors, Mrs. A. W. Barker and Mrs. R. B. Lilly.

Standing rules were read and accepted. Committee chairmen gave reports. The budget as recommended by the finance committee, with two additions, was accepted.

Club voted to accept the defense committee's recommendations and have pictures shown at a family night meeting in March.

Mrs. Glenn Jones was elected nominee to district THDA meet. The club has no nominee for THDA chairman.

The program, "Personality Improvement," was brought by Mrs. Glenn Jones.

The next meeting will be at 2 o'clock Tuesday afternoon, Feb. 20 at the recreation room. The agent, Mrs. Janet Carroll, will have charge of the program on "Combining Colors in Rooms." Visitors are always welcome.

ing on Wednesday, February 7. She illustrated her talk with maps and other visual aids.

Mrs. Bob Thomas, president, called the meeting to order. The meeting was held in the dining room of the Community Center. During the business session there was a discussion of the club's reports for the Santa Rosa District Convention to be held in Childress April 12 and 13. Mrs. Ray Ibseng was welcomed into the club as a new member.

Following the program, the hostesses, Mrs. L. A. Andrews and Mrs. Shirley, served a delicious refreshment plate. Congealed tuna salad, crackers, coffee, and fudge were served to eighteen members.

The next meeting will be Feb. 21 with Mrs. Earl Hesse as leader and Mrs. Curtis Barker and Mrs. Earl Manard as hostesses.

Granddaughter of Local Couple Marries in Abilene Saturday

Anita Fay Denton and Rodger W. Laughlin were married at 7 o'clock Saturday evening in the home of bride's parents, Mr. and Mrs. J. M. Denton of Abilene. The bride is a granddaughter of Mr. and Mrs. Allen Fish of Crowell.

Laughlin is the son of Mr. and Mrs. Eugene B. Laughlin of Placerville, Calif.

George Cherryholmes, Minister of Brookhollow Christian Church in Abilene, officiating at the double ring ceremony. The bride was given in marriage by her father.

Honor attendants were Mr. and Mrs. John McConnell.

For her wedding, the bride chose a dress of pink lace over pink satin. A crown of pink swiss braid touched with aurora borealis stones held her circular veil of imported silk illusion. She carried an arrangement of white gardenias atop a white satin Bible.

A reception in the Denton home followed the ceremony.

The bride was a 1961 honor graduate of Abilene High School.

where she was a member of National Honor Society, secretary of Kemas Tri-Hi-Y Club and a member of Future Homemakers of America. She attended Draughton's Business College.

Laughlin attended San Juan High School, Fair Oaks, Calif., and is in the U. S. Air Force stationed at Dyess Air Force Base.

Unlimited Parking!

One afternoon recently a woman carried her bag of groceries out of an Ottawa (Canada) shopping center, made off across the parking lot, then returned with a distraught look and used the pay telephone. A few minutes later, a taxi drove up and the driver asked, "Where to, lady?"

"Just drive around the parking lot," the baffled shopper ordered, "until I find my car."

Alex Saied of Childress in Race for Representative

Alex B. Saied of Childress this week authorized the News to announce his candidacy for State Representative from this district.

Mr. Saied issued the following statement in connection with his candidacy.

To the citizens of the new 82nd State Representative District:

Did you know:
That the cost of operating our state government has risen more than 94 per cent, from \$615,201,739 to \$1,200,374,164 since 1952?

That the per person tax burden in Texas has nearly doubled since 1952?

That our area lost one-half of its representation in our State House of Representatives last year?

That only Texas has a sales tax resembling the work of madmen?

That only Texas and one other state has tax laws that favor out-of-state business over their own home owned independent businesses?

That the tax money of our citizens is being spent primarily in our large cities at the expense of our farming small town merchants and citizens?

That no other State has the same kind of confusing and unfair insurance laws as Texas?

That in our State the American tradition of fair play, equal rights and economic justice under the law is being taken from our average citizen, farmer and businessman to the benefit of large out-of-state owned business?

That despite our tremendous increase in spending and taxing,

Texas remains near the bottom in rank of providing an adequate public school system, aid to our needy aged, blind and mentally ill citizens, animal health program and many other effects.

I find the above facts and others alarming and because of them I humbly submit to the people of the 82nd District my candidacy for State Representative in the Democratic primary of May 5th, 1962.

I am not a lawyer—it is my belief that we have enough of these in Austin. It is also my belief that we deserve a State Representative in Austin who will represent the interests of the citizens of our area and not primarily those of Dallas, Odessa, Houston and big business monopoly and who will do all possible to reverse the alarming spiral representing and taxing.

As this campaign progresses, I hope to contact everyone in our eight-county district and more fully present my platform.

It is my pledge to you that I will conduct hard but clean race, based on the facts and not upon defamation of character or weaknesses of others.

I further pledge that no special interests or groups shall sponsor me in this race. If elected, I will wear the brand of no one but will do my very best to represent all the citizens of our district fairly and impartially.

That you may know more about my qualifications, I submit the following personal facts:

1. 44 years of age, of which 35 years have been spent in the Greenbelt area.

2. Deacon, Presbyterian Church.

3. Past President of Chamber of Commerce, Childress, Past President of Greenbelt Bowl Association (2 years), member of City Council of Childress (6 years), chosen "Citizen of Year in Childress" in 1959, Rotarian.

4. Fraternal organizations and work—Masons, 32nd Degree, Scottish Rite and Shriner, Past Exalted Ruler of Elks, Past Chef de Gare of 40 and 8.

5. Veteran (overseas 41 months). Present Commander of

IMPORTANT NEWS ABOUT U.S. SAVINGS BONDS

How you can turn your E Bond savings into current income while preserving the principal

Effective now, owners of Series E Savings Bonds can trade them in for H Bonds without immediately paying income tax on the interest accumulated.

This new conversion privilege allows you to pay taxes when your bracket may be lower; permits tax money to earn interest for you. This means special benefits for people near retirement, or who for other reasons want the cash interest paid twice a year by H Bonds.

FACTS ABOUT H BONDS: * You buy them at face value. * You receive interest by check twice a year. * You earn 3 3/4% interest when H Bonds are held the full 10 year maturity term. Get full information (and order H Bonds) at your Bank.

First Bible Printed in America Printed in Indian Language

The first Bible to be printed on American soil was not in the English language, but in the language of the Massachusetts Indians. The translation was the work of John Elliot, known as the "Apostle to the Indians," and was completed in 1663. A copy of the translation has been preserved, but no one is now living who understands the language.

J. W. (Lum) Hazelwood, incumbent, announced this week that he will be a candidate for re-election to the office of Justice of the Peace, Precinct No. 1, Foard County, Texas, subject to the action of the Democratic primary. Justice Hazelwood, of course, had already complied with the law with reference to filing for a place on the ballot by making and filing his application therefor, prior to the February 5 deadline, with the County Democratic chairman, Mr. Hazelwood, in authorizing his announcement, expressed his appreciation to the people of Foard County for their previous support and pledged to continue his best efforts to discharge the duties of the office in a fair and impartial manner.

\$12 Million Budget Required to Operate Texas Tech One Year

It costs a great deal of money to operate a school the size of Texas Tech. The 1961-62 operating budget is more than \$12,100,000, an increase of \$1,580,000 over the preceding year. Educational and general funds per student last year were \$640. The average full-time student paid only \$162, or 25 per cent of the amount. Main expenses include retirement of bonds for newer buildings on campus and salaries. Telephone service cost \$93,000 and utilities cost \$226,000 last year. Operating funds for campus dormitories exceed \$2,500,000 for the current fiscal year. It is estimated that the U. S. population annually consumes 12 pounds of coffee per capita.

THIRTY YEARS AGO

News items below were taken from the Friday, Feb. 19, 1932, issue of The Foard County News:

Foard County farmers will have an opportunity to make application for government loans for 1932 crop production, according to information that has been received by Fred Rennels, county agent.

Crowell defeated Thalia to win the Foard County basketball championship and will represent the county at the district meet at Childress.

Fire of undetermined origin almost completely destroyed the home of Mr. and Mrs. Stanley Sanders about 3 o'clock Wednesday morning.

The first hole-in-one in the history of the local country club was made last Thursday afternoon by Gordon Bell on the seventh hole of the golf course.

In line with the 25 per cent valuation reduction ordered by the Foard County commissioners court the court also ordered salary reductions for county employees.

Another good rain fell in Foard County and this section of Texas Sunday night and Monday morning. Crowell received one-half inch.

Three pounds gain each day since the 7th of November is the record that has been made by J. D. Miller, Thalia 4-H club member, with his herford calf which he won as a prize in the grain sorghum contest last year.

Mrs. Frank Moore underwent an operation for appendicitis at the local hospital Monday night.

Ed Dunn and Billy Jake Middlebrook of Vernon spent the week end with relatives in Margaret.

H. K. Edwards and Mrs. J. C. Self left Monday for Dallas to purchase goods for R. B. Edwards Co. They were accompanied by Henry Borchardt, who went to Dallas for a visit.

Joyce White and Frances Henry Johnson entertained the Children's World Circle of the Methodist Church with a party Feb. 6.

Mesdames Paul Shirley and Clint White were hostesses at the home of Mrs. Shirley Friday afternoon to the members of the Mother's Self Culture Club.

The Wimodausis Home Demonstration Club met Wednesday at the home of Mrs. Frank Cates.

Mrs. Miriam A. (Ma) Ferguson officially announced Thursday that she would be a candidate for governor.

Fire completely destroyed a 10 by 12 frame structure at the home of A. B. Calvin, southeast of Crowell, last Friday afternoon.

Major Crime in Texas Takes 2.2 Per Cent Jump

The Texas Department of Public Safety reported this week that major crime in Texas increased 2.2 per cent in 1961 over 1960, with an estimated total of 203,285 offenses for the year compared to 198,956 in 1960.

Murder and homicide was up .7 per cent, rape increased 5.7 per cent, robbery decreased 16.5 per cent, burglary was down 6.7 per cent, aggravated assault increased 3 per cent, and theft increased eight per cent, and auto theft was down .8 per cent.

Murder and homicide was up from 1,080 to 1,088, rape was up from 1,196 to 1,264, robbery was down from 3,560 to 2,974, burglary was down from 56,976 to 53,149, aggravated assault was up from 12,128 to 12,166, theft was up from 108,869 to 117,619, and auto theft was down from 15,147 to 15,025.

"The totals for 1961 mean that one major crime was committed in Texas every three minutes, there was a murder every eight hours, a rape every seven hours, a robbery every three hours, burglary every 10 minutes, an aggravated assault every 43 minutes, a theft every four and one-half minutes, and an auto theft every 35 minutes," Col. Homer Garrison Jr., DPS Director, said.

"They also indicate approximately a 60 per cent increase in major crimes in our state since 1955—an increase which far outstrips the population increase during this period."

Diphtheria in Texas Shows Increase in Past Two Years

Following two decades of fairly steady decline—except for brief periods—diphtheria has shown a slight increase in the past two years.

In 1961 there were 209 cases of diphtheria in Texas compared to 239 cases in 1960 and only 163 cases in 1959. The same trend is followed in the death toll of the disease.

Prior to 1960 there had been a steady decline in the number of fatalities in Texas attributable to diphtheria—in 1959 there were only seven.

However, the figure jumped to 20 deaths during 1960. The latest figures available for the first nine months of 1961 indicate that there were 15 deaths through the end of September.

Two sad facts highlight these cases. First—most deaths occur among children under nine years of age. Second—most cases, and almost all deaths, of diphtheria could be prevented by early immunization with diphtheria toxoid.

Texas outbreaks during the past two years have been characterized by the fact that the families involved had not been properly immunized or had received no protection whatsoever.

Diphtheria used to claim a high toll of victims years ago, and a higher percentage died. After diphtheria immunization became fairly common, the incidence of the disease dropped off to the low figure in 1959.

Physicians generally inoculate infants with a combined triple vaccine composed of diphtheria and tetanus toxoids and pertussis vaccine ensuring protection against all three diseases.

Transmission is made by person-to-person contact with a patient or carrier or with articles soiled with discharges of such persons. The diphtheria organism is contained in discharges and secretions from mucous surfaces of the nose, pharynx and nasopharynx.

The disease strikes most often in the fall and winter months and complications involving the heart occasionally occur.

A physician should be consulted for further information about immunization. (A feature of the Public Health Education Division, Texas State Department of Health.)

Texas Tech has grown to become the second largest state school in Texas. Its 1,844-acre campus is reputed to be the second largest in the nation. Approximately 285 acres are in the campus proper, and the remainder is devoted to the school's experimental farm. Tech also operates a 5,800-acre research farm near Amarillo.

On the main campus of Texas Tech, there are 163 buildings, 80 of which are permanent.

The 10,212 students are enrolled in the six schools within the college. These schools include Arts and Sciences, Engineering, Business Administration, Agriculture, Home Economics and Graduate.

Bachelor's degrees are offered in 83 fields, a master's degree in 36 fields and the doctor's degree in six fields of study.
