After several months of extensive preparation, the First Baptist Church announces the opening of its new Church Library this Sunday afternoon, March 4, from 4 to 6 p. m. There are already more than 100 volumes processed and on the shelves, and it is hoped that as more are donated, that this number will be doubled or tripled soon. The books have been catalogued and numbered according to the Dewey decimal library system, and standard library procedure will be observed in handling them out. In addition to the Biblical commentaries and reference books, there will be a collection (25 per cent of the total number of books) of picture books and elementary books for children from birth through 8 years of age, a section of stories designed to appeal to Juniors (ages 9 through 12), and sections of biography, history, science, and fiction for intermediates, young people and adults. There will also be books of helps for preparing devotional and religious programs, and even game books for socials, etc. A file will be kept of church periodicals so that in the future it will be possible to use past as well as current issues.

Mrs. E. C. King was elected by the church on October 4, 1961, to serve as chairman of the new library department. It is to be housed in the Homemakers' Class Room and members of that class will serve as co-hostesses for the opening Sunday afternoon. Mrs. Shelby Wallace is the Homemakers' president. Mrs. Clyde Russell will preside at the registry table. Mrs. King has invited Carolee and Ronni Sue Oliphant, Faunice Fairchild, Nelda Chappell, Gayle Smith, Saunna Martin and Virginia Stapp to assist her on the church library staff, and they will also be honored as co-hostesses at the opening. The decorations will be green and white to carry out the color scheme of the Homemakers Class.

Refreshments will be served to guests between 4 and 5:50 p. m. and all those attending will receive a souvenir gift.

Rev. Glenn Wilson, pastor, said that the church hopes the new library will be beneficial not only to its own people but to the entire community as well, because the church wishes to share the advantages and resources of the collection. The library will be open half an hour before Sunday School and Training Union on Sundays, before prayer service on Wednesday evenings, and perhaps one other time weekly to be announced later.

Mrs. J. P. Barnett, 72, the former Miss Elizabeth Thomson of Crowell, died last Thursday in an Abilene hospital following a long illness. She was the daughter of the late J. H. Thomson of Paducah and the wife of the late J. P. Barnett of Childress, retired engineer of the Fort Worth & Denver Railroad, who passed away in June, 1955. They were married in Crowell Nov. 28, 1906. Mrs. Barnett made her home in Childress for 50 years before moving to Abilene five years ago where she made her home with her daughter, Mrs. Ralph Sundby. Mrs. Barnett was a member of the First Methodist Church of Abilene, the pastor being her brother, Rev. Hubert Thomson. While in Childress she was active in church work and was a member of the choir for 50 years.

Funeral services were held at the First Methodist Church in Childress Friday at 11 a. m. Burial was in the Childress Cemetery beside the grave of her husband. Survivors include her daughter, Mrs. Sundby; two sons, Lloyd Barnett of Lubbock and James of Fort Worth; a sister, Mrs. Gladys Moss of Amarillo; and three brothers, Hubert Thomson of Abilene, Edward of Duncan, Okla., and Joel of Littlefield; five grandchildren and one great grandchild.

Today, Thursday, March 1, is the big day for pancake lovers as the Crowell Parent-Teacher Association's annual Aunt Jemima pancake supper will be held tonight at the Crowell School Cafeteria.

The supper will be held in the school cafeteria and will begin at 5:30 p. m. and will continue until 7:30. Tickets will be sold for \$1.00 for adults and 50 cents for children under 10.

Henry Black and Leon Speer are ticket sales chairman for the event and for those who haven't yet purchased tickets, they may be purchased at the door.

The proceeds from the supper will be equally divided between the P-T-A and the Community Center.

There will be a meeting of the Thalia Water Supply Corporation members, on Friday evening, March 2, at 7:30 o'clock in the Thalia School auditorium.

The purpose of the meeting will be to vote on securing the loan for the proposed new water system for Thalia.

The meeting will not be open to anyone except members of the Thalia Water Supply Corporation, and the members are urged to be present.

## Record Catches Being Made in Lakes of Texas

Texas lakes have been producing some lunker bass during the past ten days, according to information received by the Game and Fish Commission.

Largest bass recorded was one weighing 11 lbs. 1 oz., taken by W. T. Cooke of Amarillo, fishing with an artificial worm in Lake Childress, on February 18. The bass was not weighed until several hours after it had been caught, indicating that it was actually a good sized bass. Lake Childress, also known as Baylor Lake, is northwest of the city of Childress, and is a comparatively small lake.

On Lake Granite Shoals, Jackie Hewitt of Austin caught a 9 lb., 10 oz., black last Sunday. It was taken on a Pico jig. Other big bass reported during the past week were a 9 pounder, taken by Loren Johnson of Austin, and one caught at Granite Shoals by Eddie Hendricks of Austin, weighing 8 lbs. 6 oz. A number of others were caught in the Highland Lakes area, which averaged out better than 5 lbs. each.

Some terrific catches were reported in Lake Falcon, both on black and whites. They are beginning to hit on top water plugs in that area now.

Fishing also has been especially good in East Texas, particularly on crappie and large drum.

## Mrs. J. P. Barnett Died in Abilene

Mrs. J. P. Barnett, 72, the former Miss Elizabeth Thomson of Crowell, died last Thursday in an Abilene hospital following a long illness. She was the daughter of the late J. H. ## Gordon Wood Bell Named to Faculty of Crowell School

Replaces David Ellis, Who Resigned to Teach in Quannah School

The Crowell School Board met in a special session last Friday morning and accepted the resignation of David Ellis, science teacher in Crowell Grade School. Mr. Ellis has accepted a position to teach chemistry in Quannah High School. Mr. Ellis is a resident of Quannah, where his wife is Hardeman County Home Demonstration Agent.

Gordon Wood Bell was elected to fill the vacancy that was created by Mr. Ellis' resignation. Mr. Bell is a graduate of Baylor University and has had three years of teaching experience in electronics during his tenure in the U. S. Armed Forces. He will assume his duties on March 1.

## 3-City Police Work Speeds Baby Blood

Triple-play action between Grand Prairie, Arlington and Fort Worth police Tuesday of last week was credited with saving the life of a newborn child at Great Southwest General Hospital in Grand Prairie.

An Rh incompatibility between the blood of Mrs. Coy Nelson Payne and her newborn child revealed itself shortly after birth last Saturday.

Grand Prairie doctors determined that an exchange of blood was necessary within minutes if the child were to be saved, with the uncommon A Rh negative all that could be used.

Emergency calls to the three police departments and Carter Blood Bank in Fort Worth got instant action.

With sirens screaming through three cities, the blood reached its destination 20 minutes after the first call had been made.

"A few more minutes would have been too late," commented the Grand Prairie physician in charge, "those policemen deserve a lot of credit."

James R. Seltz, administrator of the hospital, quoted a physician as saying the Payne child's hemoglobin count was one of the lowest recorded in medical literature to survive—5.8 grams per cent as compared to 18 to 20 grams in normal infants.

The baby, Randell Ray, was reported improving at the hospital. Paternal grandparents are Mr. and Mrs. Coy Payne of Margaret.

## Former Resident Visits in Crowell Last Wednesday

J. W. Sollis of Olney visited in Crowell Wednesday afternoon. Mr. Sollis, an employee of the Snow Aircraft Co. in Olney, was flying on his company's products on his trip to Crowell. He had been to Colorado to demonstrate the airplane to Colorado authorities for possible use as a fire-fighter in mountain fires. The plane could be used to drop chemicals in fighting forest fires in that state.

The Snow airplane is designed specifically for crop dusting and Mr. Sollis said the company had sold a large number of planes for that purpose.

Both Mr. Sollis and his wife are former Crowell residents. Both graduated from Crowell High School, and Mr. Sollis is a former teacher in the Crowell School System.

## Foard County Spelling Contest Set for March 15

County Judge Leslie Thomas, county spelling director, has announced the officials and other arrangements for the county's annual spelling bee.

The contest will be held at the Thalia School March 15 beginning at 2 p. m. The pronouncer will be Grady Halbert. Judges will be Mrs. L. A. Andrews, Foster Davis and Mrs. P. W. Taylor.

The Foard County winner will qualify for the district meet to be held at Wichita Falls in Midwestern University April 14.

The district champion will meet Washington's most important leaders and see the historic places of the capital city. Other prizes for the district include a set of Encyclopaedia Britannica, a Zenith radio and a Papermate desk set for the winner. Each county winner will receive a Marium-Webster dictionary and each school winner a fountain pen.

## Car Burns on Farm Road Last Saturday

The automobile belonging to Jay Christian of Crowell caught fire and burned just off the Farm-to-Market road east of Crowell Saturday morning.

The 4-door Pontiac caught fire under the dash, according to Mr. Christian, and the blaze could not be controlled by Mr. Christian and destroyed the entire car.

Mr. Christian is employed by the firm re-working the Farm-to-Market road on which the auto burned.

The Challenge of Space

This past week, the American citizens, as well as people from other countries, viewed a very courageous act, as Lt. Col. John Glenn made three successful orbits around the world. Before Col. Glenn could make this journey into unexplored space, he had to have unshakable faith in the abilities of the scientists.

Would I have been willing to do this for our country? Would

you? Not many of us could answer "yes" to this question. Of course, each of us cannot be an astronaut, but each can serve his country in some other way. America's youth has many more opportunities to serve America than his predecessors had. Joining the armed forces or becoming a member of the Peace Corps are two fine examples of ways to serve America. Another way to help is to obtain all the education in one chosen field that is absolutely possible, and then go out into the adult world and become a first-rate citizen who has an interest in the government—local, state, and national—and follow the laws set forth in the constitution. Perhaps, we cannot serve our country as Col. Glenn has, however, each of us can do his small part to help America remain the most respected country.

Seniors Take ACT Test Saturday

Saturday, Feb. 24, sixteen CHS seniors took the American College Testing Examination which is required to enter numerous colleges in the United States. Those seniors who went to Wichita Falls were Gary Ramsey, Jim Mac Gafford, Jerry Toe, Jerry Sediff, Ronnie Bradford, Carria Driver, Lynda Harris, Winston Nickel, Bonnie Little, Jerome Matus, Edward Kajs, David Powers, John Stone. Those who went to Canyon were Alta Bartley, Carolee Ouphant, Earlyn Hammonds.

The test began at 8 a. m. and ended at 12 noon. The four divisions of the examination were English, mathematics, social studies and social science. The grades made on the tests will be sent to the schools at a later date so that the students can see how they rated in these tests.

Senior Personalities

The first senior personality for this week is Jerry Toe. Jerry was transferred from Thalia when he graduated from grade school. This year, Jerry is the editor of the annual staff and a member of the Student Council and Wildcat

staff; he has been a member of FFA. Also, Jerry works in the office several periods each day.

His hobbies include model-building and playing chess.

Jerry's favorites include the color red; the foods steak, corn bread and black-eyed peas; the singers, Connie Francis and Harry Belafonte; the actor, Tony Perkins; the actress, Elizabeth Taylor. His favorite subject is Algebra II; his easiest, history; his hardest, chemistry.

Jerry said that everyone has influenced him. He plans to go to school at Texas Technological College. We hope that Jerry has the very best of luck.

The other senior personality is Roger Hoffman. Roger moved here from Colorado last year. He is in the band and stage hand. In his school in Colorado, he was in the speech club.

Roger likes to ski, dance, and collect records. His favorites include Connie Francis, Paul Newman, Elizabeth Taylor, blue, and steak and french fries. His favorite and easiest subject is book-keeping, and his hardest subject is English IV.

People who jump to conclusions are Roger's pet peeve. His mother, grandmother, and teachers have been Roger's main influences.

Roger plans to study accounting and business after he graduates from CHS. We hope he has the very best of luck.

Sports in Short

Sports fans, this week the sports have again been pretty short. However, a "sporting" group known as the stage hand did handle a big obstacle as it broke a three-year jinx by beating Archer City at Brownwood. The band won second place and as Mr. Reese put it, "We're second to none, except one."

The sports do pick up this week and as the Crowell Olympic track team winds up for the big Iowa Park Invitational Track and Field Meet. The team features Big Jim Hodgson on the high jump and "Chuck" Sediff on the mile relay. The big star will be "Wild Bear" Gaffard on the rearguard-lapped marathon. All kidding aside I would like to wish these boys lots of luck in this meet which is one of the biggest in this area. Sick 'em, boys.

Library News

There are several new great classics in the library. One of these is "The House of the Seven Gables" by Nathaniel Hawthorne. Beneath the gables of the house on Pyncheon Street, the author created out of his imagination a world haunted by the broadness of his own spirit and by the brooding terror of a curse inherited from the days when New England was possessed with witchcraft. Other great illustrated classics that we have recently received are "The Tale of Two Cities," "Gulliver's Travels," and several more.

FHA Party

An FHA party was held at the home economics cottage on Feb. 23. No stars were allowed; one of each couple dressed as a boy, the other a girl. A box of Valentine candy was awarded to Sharon Everson and Jo Wynn Ekern for best dancers and to Jill Cooper and Sandra Weatherford for the best dressed couple. The dance award was based on the ability to do the twist, hop, and two-step. Refreshments were served and enjoyed by all.

Students See Cancer Film

At 11 o'clock on Thursday, Feb.

22, the 7th and 8th grades of Grade School and the entire High School were shown a film on cancer and its causes. Dr. Stapp invited Mr. Ross, a cancer victim from Quanah, to bring this film produced by the American Cancer Society. Booklets printed by the American Cancer Society were also distributed. We appreciate Dr. Stapp's making this program possible.

A Brief History of Texas Public Schools Week Given

Public Schools Week was born of a great need. In 1950, public-spirited men and outstanding friends and supporters of the public schools system were shocked to discover the apathy of the citizens, generally, concerning the needs of our public schools system. Shortages of teachers had developed, bond issues for improvement, enlargement and addition to schools were being postponed, and it was difficult to inter-pert men to take the responsibility of seeking School Board positions. Abnormal wartime crops of babies were emerging from statistics into living youngsters lining up for enrollment in already overcrowded classrooms.

The State Committee started to work on the idea of a statewide event, so organized that community observance could be programmed to suit community patterns and command such interest that all citizens would make an annual personal appraisal of their local schools.

The Committee received official support of state government and educational authorities. The Governor of Texas regularly proclaims the event, as do the legislative bodies, local government heads, mayors, school board members and others.

Presidents of many organizations annually issue statements emphasizing the place of the public school in our American life. They urge citizens to take advantage of Public Schools Week to get better acquainted with the schools and the work they are doing.

All problems confronting our public schools are problems with end results we cannot solve for years to come, or even meet without the active cooperation of every public spirited citizen.

The observance of Public School Week is traditionally held the first full week of March, subject, of course, to official proclamation by the Governor of the State of Texas and an official resolution by the State School Board.

The planning mechanics for the observance have been built on a flexible foundation in order that local programs could be developed

The Art of Staying Young

The art of staying young depends on staying youthful on the inside. In mind, heart and spirit, in defiance of wrinkles and gray hair on the outside.

1. Stay young by continuing to grow. You do not grow old; you become old by not growing.
2. Stay young by hanging on to your dreams. A philosopher writes: "There is not much to do but bury a man when the last of his dreams is dead."
3. Stay young by maintaining a cheerful attitude. Keep this verse from Proverbs in mind: "A merry heart doeth good like medicine, but a broken spirit drieth the bones."
4. Stay young by forcing your mind out of old ruts. Remember that beaten paths are for beaten men.
5. Stay young by taking inspiration from the young in spirit who have remained creatively active all their lives.
6. Stay young by keeping your heart young. "If it can be done," wrote Carl Sandburg, "it is not a bad practice for a man of many years to die with a boy heart."
7. Stay young by knowing that "They who wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint."

The Blab

Well, this is what the scandal editors came up with this week. It seems that Sammy H. Jimmy H. and Danny Mc. had a moving job to perform Friday. Too bad they weren't in on the first half.

Sherry, what's this we hear about your being two faced? The slumber girls know.

Way Go Carolee, Ronni Sue, Alta and Terri Dee prefer policemen to the Crowell boys!

Why does the saying, "Oh, cut it out," make Ronni Sue sick?

Kenny, railings do come in handy sometimes, don't they?

Seen riding around in Vernon Sunday—Roger and Bonnie.

Couples at the Foard City MYF hayride Friday night: Paul Bax-Judy T., Ivan-Judy H., Winston-Gena, Carroll-Dorothy, James B. Stans, Gerald-Barbara.

Seems as though everyone enjoyed Brownwood this year, especially Faunne. Was he as cute as he was last year, Faunne?

Carolee and Alta had fun at West Texas State this past week end. Let's do it more often.

Together over the week end: James M-Jo Carol. Maybe it won't be a month next time.

Seen at Alta's Sunday night: Larry-Alta.

Carria and Ronnie were draggin' around Sunday.

Couples at the FFA banquet in Vernon Monday night were Carroll-Dorothy, John-Beverlie, Dale-Carolyn.

Seems as though everyone enjoyed Carolee's enchilada supper Wednesday night.

Together Thursday night were Gena-Jim H., Judy-Ivan, Boeb-Elly.

Couples at the canteen Friday were Bob-Lynda, Kenneth-Scherry, James Riley-Sharon, Gerald-Barbara.

Freddie and Otis J. were seen double dating Friday night with D. W. and V. C.

Who was Mike G. with Saturday night? Could her initials be

L. W.?

Couples at the show Saturday: Bob-Lynda, Bryant-Carolyn, Claude-Vicky, Jim Mac-Gaye, John-Beverlie, Jim Lee-Mary Ann, Kenneth-Scherry, Dale-Carolyn, Ronnie-Carria.

Ruth and Paula, what did you see in open windows? Philip knows.

What is Kenny's new nickname? Could it be "country boy"?

What is this about Ray and Saunna?

Who is the girl that Junior D. has been watching lately? Could her initials be S. M.?

Sandra E., who was the boy that you were seen with from Dallas?

Together Saturday night were Don-Sharon, Dick-Ruthie, Ray-Saunna, Mike S.-Scherry Rogers, Donald-Barbara Hodges, Jackie-Sue.

Ken has been going around talking about V. S. Wonder who she is?

What girl in CHS has the nickname of "Smoky Bear"?

The scandal heard something about this couple: Paula-Woody. It sounds cute.

Lively Luxury

"Lively Luxury" might well describe the new Ford Galaxie 500 X/L which will be debuted at the Chicago Auto Show on February 17. Offered in both convertible and hard-top models, the 500 X/L features Thunderbird-type bucket seats and console as well as custom designed interior appointments. Unlike conventional cars, the control lever for either the 4-speed manual or 3-speed automatic transmissions are mounted on the console where they provide the driver with the greatest ease of operation. Available with a complete range of performance options, including Ford's new 406-cubic-inch engine, the new models will go on sale in Ford dealerships early in April.

**March Plentifuls Can Give Meals Spring-Like Touch**  
 Fresh eggs and milk can give March meals that sprightly, spring-like touch, suggests the Texas Agricultural Extension Service.  
 Both are on the U. S. Department of Agriculture's list of plentiful foods for this breezy month. Also among the plentifuls are potatoes, peanuts and peanut products, and dry beans.  
 Eggs are the March feature. That's because spring production is increasing and farm prices have been running 20 per cent lower than both last year and the 1947-49 average. For economy, nutrition and good eating, you'll do well to serve eggs often. Besides, March is both Egg Month and Better Breakfast Month.  
 The whole array of dairy foods will be plentiful, as milk production begins zooming to a spring-time peak. Use plenty of whole milk, evaporated milk, skim milk, dry milk, half-and-half, cream, butter, buttermilk and all the many different cheeses available in abundance. Even though milk cows on farms are the fewest since 1960, production per cow has increased 30 per cent in the last decade to provide an ample supply of milk for all.  
 Plentiful potatoes also come in numerous styles — fresh, canned, instant, dehydrated, frozen, chips and in processed combinations with other foods.  
 Peanuts, raw and roasted, remain in excellent supply. USDA says more of last year's crop found its way into peanut butter, peanut candy and salted peanuts. Especially plentiful among economical, nutritious dry beans are pea beans, pinto and red kidney beans, and black-eyed peas.  
 According to a survey by the Bureau of National Affairs, wage increasing becoming effective in 1962 under contracts now in force will average eight cents an hour. It adds that these increases will exert a strong influence on next year's wage negotiations, in many areas virtually establishing a settlement "floor."

Defense expenditures for our own military forces averaged about \$10 billion a year over the last five years. During the next five years it is believed likely that the figure will be about \$50 billion a year, and, if military assistance and atomic energy costs are added in, will reach or approach \$55 billion.

#### The Challenge of Space

This past week, the American citizens, as well as people from other countries, viewed a very courageous act, as Lt. Col. John Glenn made three successful orbits around the world. Before Col. Glenn could make this journey into unexplored space, he had to have unshakable faith in the abilities of the scientists.

Would I have been willing to do this for our country? Would

you? Not many of us could answer "yes" to this question. Of course, each of us cannot be an astronaut, but each can serve his country in some other way. America's youth has many more opportunities to serve America than his predecessors had. Joining the armed forces or becoming a member of the Peace Corps are two fine examples of ways to serve America. Another way to help is to obtain all the education in one chosen field that is absolutely possible, and then go out into the adult world and become a first-rate citizen who has an interest in the government—local, state, and national—and follow the laws set forth in the constitution. Perhaps, we cannot serve our country as Col. Glenn has; however, each of us can do his small part to help America remain the most respected country.

#### Seniors Take ACT Test Saturday

Saturday, Feb. 24, sixteen CHS seniors took the American College Testing Examination which is required to enter numerous colleges in the United States. Those seniors who went to Wichita Falls were Gaye Ramsey, Jim Mac Gafford, Jerry Tole, Jerry Setliff, Ronnie Bradford, Carria Driver, Lynda Harris, Winston Nickel, Bonnie Little, Jerome Matus, Edward Kajs, David Powers, John Stone. Those who went to Canyon were Alta Bartley, Carolee Oliphant, Earlyn Hammonds.

The test began at 8 a. m. and ended at 12 noon. The four divisions of the examination were English, mathematics, social studies and social science. The grades made on the tests will be sent to the schools at a later date so that the students can see how they rated in these tests.

#### Senior Personalities

The first senior personality for this week is Jerry Tole. Jerry was transferred from Thalia when he graduated from grade school. This year, Jerry is the editor of the annual staff and a member of the Student Council and Wildcat

staff; he has been a member of FFA. Also, Jerry works in the office several periods each day.

His hobbies include model-building and playing chess.

Jerry's favorites include the color red; the foods steak, corn bread and blackeyed peas; the singers, Connie Francis and Harry Belafonte; the actor, Tony Perkins; the actress, Elizabeth Taylor. His favorite subject is Algebra II; his easiest, history; his hardest, chemistry.

Jerry said that everyone has influenced him. He plans to go to school at Texas Technological College. We hope that Jerry has the very best of luck.

The other senior personality is Roger Hoffman. Roger moved here from Colorado last year. He is in the band and stage band. In his school in Colorado, he was in the speech club.

Roger likes to ski, dance, and collect records. His favorites include Connie Francis, Paul Newman, Elizabeth Taylor, blue, and steak and french fries. His favorite and easiest subject is book-keeping, and his hardest subject is English IV.

People who jump to conclusions are Roger's pet peeve. His mother, grandmother, and teachers have been Roger's main influences.

Roger plans to study accounting and business after he graduates from CHS. We hope he has the very best of luck.

#### FHA Party

An FHA party was held at the home economics cottage on Feb. 13. No stags were allowed: one of each couple dressed as a boy, the other, a girl. A box of Valentine candy was awarded to Sharon Everson and Jo Wynn Ekern for best dancers and to Jill Cooper and Sandra Weathered for the best dressed couple. The dance award was based on the ability to do the twist, hop, and two-step. Refreshments were served and enjoyed by all.

#### Students See Cancer Film

At 11 o'clock, on Thursday, Feb.

22, the 7th and 8th grades of Grade School and the entire High School were shown a film on cancer and its causes. Dr. Stapp invited Mr. Ross, a cancer victim from Quanah, to bring this film produced by the American Cancer Society. Booklets printed by the American Cancer Society were also distributed. We appreciate Dr. Stapp's making this program possible.

#### Sports in Short

Sports fans, this week the sports have again been pretty short. However, a "sporting" group known as the stage band did hurdle a big obstacle as it broke a three-year jinx by beating Archer City at Brownwood. The band won second place and as Mr. Hesse put it, "We're second to none, except one."

The sports do pick up this week and as the Crowell Olympic track team winds up for the big Iowa Park Invitational Track and Field Meet. The team features Big Jim Hudgens on the high jump and "Chunk" Setliff on the mile relay. The big star will be "Wild Bear" Gafford on the regurgitation marathon. All kidding aside I would like to wish these boys lots of luck in this meet which is one of the biggest in this area. Sick 'em, boys.

#### Library News

There are several new great classics in the library. One of these is "The House of the Seven Gables" by Nathaniel Hawthorne. Beneath the gables of the house on Fyncheon Street, the author created out of his imagination a world haunted by the loneliness of his own spirit and by the lingering terrors of a curse inherited from the days when New England was possessed with witchcraft. Other great illustrated classics that we have recently received are "The Tale of Two Cities" "Gulliver's Travels," and several more.

#### The Art of Staying Young

The art of staying young depends on staying youthful on the inside, in mind, heart and spirit, in defiance of wrinkles and gray hair on the outside.

1. Stay young by continuing to grow. You do not grow old; you become old by not growing.
2. Stay young by hanging on to your dreams. A philosopher writes: "There is not much to do but bury a man when the last of his dreams is dead."
3. Stay young by maintaining a cheerful attitude. Keep this verse from Proverbs in mind: "A merry heart doeth good like medicine, but a broken spirit drieth the bones."
4. Stay young by forcing your mind out of old ruts. Remember that beaten paths are for beaten men.
5. Stay young by taking inspiration from the young in spirit who have remained creatively active all their lives.
6. Stay young by keeping your heart young. "If it can be done," wrote Carl Sandburg, "it is not a bad practice for a man of many years to die with a boy heart."
7. Stay young by knowing that "They who wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint." (Copied.)

#### The Blab

Well, this is what the scandal editors came up with this week. It seems that Sammy H., Jimmy H. and Danny Mc. had a moving job to perform Friday. Too bad they weren't in on the first half.

Sherry, what's this we hear about your being two faced? The slumber girls know.

Why do Carolee, Ronni Sue, Alta and Terri Dee prefer policemen to the Crowell boys?

Why does the saying, "Oh, cut it out," make Ronni Sue sick? Kenny, railings do come in handy sometimes, don't they?

Seen riding around in Vernon Sunday—Roger and Bonnie.

Couples at the Foard City MYF hayride Friday night: Paul Bax-Judy T., Ivan-Judy H., Winston-Gena, Carroll-Dorothy, James B-Sharon, Gerald-Barbara.

Seems as though everyone enjoyed Brownwood this year, especially Fauncine. Was he as cute as he was last year, Fauncy?

Carolee and Alta had fun at West Texas State this past week end. Let's do it more often.

Together over the week end: James M-Jo Carol. Maybe it won't be a month next time.

Seen at Alta's Sunday night: Larry-Alta and Ronnie were draggin' around Sunday.

Couples at the FFA banquet in Vernon Monday night were Carroll - Dorothy, John - Beverlie, Dale-Carolyn.

Seems as though everyone enjoyed Carolee's enchilada supper Wednesday night.

Together Thursday night were Gena-Jim H., Judy-Ivan, Boob - Ely.

Couples at the canteen Friday were Bob - Lynda, Kenneth - Scherry, James Riley - Sharon, Gerald-Barbara.

Freddie and Otis J. were seen double dating Friday night with D. W. and V. C.

Who was Mike G. with Saturday night? Could her initials be

L. W.?

Couples at the show Saturday: Bob - Lynda, Bryant - Carolyn, Claude - Vicky, Jim Mac - Gaye, John - Beverlie, Jon Lee - Mary Ann, Kenneth - Scherry, Dale - Carolyn, Ronnie - Carria.

Ruth and Paula, what did you see in open windows? Philip knows.

What is Kenny's new nickname? Could it be "country boy"?

What is this about Ray and Saunna?

Who is the girl that Junior D. has been watching lately? Could her initials be S. M.?

Sandra E. who was the boy that you were seen with from Dallas?

Together Saturday night were Don - Sharon, Dick - Ruthie, Ray-Saunna, Mike S. - Scherry Rogers, Donald - Barbara Hodges, Jackie-Sue.

Ken has been going around talking about V. S. Wonder who she is?

What girl in CHS has the nickname of "Smoky Bear"?

The scandal heard something about this couple: Paula-Woody. It sounds cute.

#### Menu

Thursday: sandwiches, potato salad, lettuce and tomato slices, and apple sauce cake.

Friday: light bread, salmon croquettes, creamed potatoes, green lima beans, banana pudding.

A Brief History of Texas Public Schools Week Given

Public Schools Week was born of a great need. In 1950, public spirited men and outstanding friends and supporters of the public schools system were shocked to discover the apathy of the citizens, generally, concerning the needs of our public schools system.

Shortages of teachers had developed, bond issues for improvement, enlargement and addition to schools were losing support, and it was difficult to interest men to take the responsibility of seeking School Board positions.

Abnormal wartime crops of babies were emerging from statistics into living youngsters lining up for enrollment in already overcrowded classrooms.

The State Committee started to work on the idea of a statewide event, so organized that community observance could be programmed to suit community patterns and command such interest that all citizens would make an annual personal appraisal of their local schools.

The committee received official support of state government and educational authorities. The Governor of Texas regularly proclaims the event, as do the legislative bodies, local government heads, mayors, school board members and others.

Presidents of many organizations annually issue statements emphasizing the place of the public school in our American life. They urge citizens to take advantage of Public Schools Week to get better acquainted with the schools and the work they are doing.

All problems confronting our public schools are problems with end results we cannot solve for years to come, or even meet without the active cooperation of every public spirited citizen.

The observance of Public School Week is traditionally held the first full week of March, subject, of course, to official proclamation by the Governor of the State of Texas and an official resolution by the State School Board.

The planning mechanics for the observance have been built on a flexible foundation in order that local programs could be developed

"Lively Luxury" might well describe the new Ford Galaxie 500 X/L which will be debuted at the Chicago Auto Show on February 17. Offered in both convertible and hard-top models, the 500 X/L features Thunderbird-type bucket seats and console as well as custom designed interior appointments. Unlike conventional cars, the control lever for either the 4-speed manual or 3-speed automatic transmissions are mounted on the console where they provide the driver with the greatest ease of operation. Available with a complete range of performance options, including Ford's new 406-cubic-inch engine, the new models will go on sale in Ford dealerships early in April.

**March Plentifuls  
Can Give Meals  
Spring-Like Touch**  
Fresh eggs and milk can give  
March meals that sprightly,  
spring-like touch, suggests the  
Texas Agricultural Extension Ser-  
vice.  
Both are on the U. S. Depart-  
ment of Agriculture's list of plen-  
tiful foods for this breezy month.  
Also among the plentifuls are po-  
tatoes, peanuts and peanut prod-  
ucts, and dry beans.  
Eggs are the March feature.  
That's because spring production  
is increasing and farm prices  
have been running 20 per cent  
lower than both last year and the  
1947-49 average. For economy,  
nutrition and good eating, you'll  
do well to serve eggs often. Be-  
sides, March is both Egg Month  
and Better Breakfast Month.  
The whole array of dairy foods  
will be plentiful, as milk produc-  
tion begins zooming to a spring-  
time peak. Use plenty of whole  
milk, evaporated milk, skim milk,  
dry milk, half-and-half, cream,  
butter, buttermilk and all the  
many different cheeses available  
in abundance. Even though milk  
cows on farms are the fewest  
since 1909, production per cow  
has increased 50 per cent in the  
last decade to provide an ample  
supply of milk for all.  
Plentiful potatoes—fresh, canned,  
instant, dehydrated, frozen, chips  
and in processed combinations  
with other foods.  
Peanuts, raw and roasted, re-  
main in excellent supply. USDA  
says more of last year's crop  
found its way into peanut butter,  
peanut candy and salted peanuts.  
Especially plentiful among eco-  
nomical, nutritious dry beans are  
peas, beans, pinto and red kidney  
beans, and black-eyed peas.

According to a survey by the  
Bureau of National Affairs, wage  
increasing becoming effective in  
1962 under contracts now in force  
will average eight cents an hour.  
It adds that these increases will  
exert a strong influence on next  
year's wage negotiations, in many  
areas virtually establishing a set-  
tlement "floor."

Defense expenditures for our own military forces averaged about \$10 billion a year over the last five years. During the next five years it is believed likely that the figure will be about \$50 billion a year, and, if military assistance and atomic energy costs are added in, will reach or approach \$55 billion.

The Washington Post quotes Director of the Budget Maurice H. Stans as saying: "The greatest threat to our nation today is not Berlin. Nor is it Viet Nam or the Congo or Laos. It is the precarious situation of our balance of international payments and with it the potential erosion of world confidence in the dollar."

**Predator Bounty System Questioned**

Many Texas counties are still using the bounty system in an attempt to control predators. Ed Cooper, extension wildlife specialist, says there is good evidence that this system is ineffective.

Under the bounty system, the county or perhaps a livestock association, offers a reward for killing animals which occasionally prey on livestock or crops, or otherwise create a problem. The reward ranges from as little as 10 cents per head for crows to as much as \$75 for large animals such as wolves or coyotes.

Although nearly every wild animal has some definite positive value, control is sometimes necessary. The bounty system is not the way, however, says Cooper.

There are few, if any, recorded instances where the offering of a bounty reduced predator numbers to the point where the problem no longer existed. This in itself should discourage perpetuation of the bounty system.

It has also been found that those suffering losses will attempt a control program, regardless of whether or not a bounty is offered, points out Cooper.

Another weakness of the system is that dishonest practices usually occur. For example, people have been known to bring in coyotes killed in other counties to collect the bounty, and there is no way of disproving their claim. There are known cases where dog ears have been substituted for coyote or wolf ears where bounties are paid on the scalp alone.

Another scheme which worked involved an individual who repeatedly retrieved the same scalp from the court house garbage cans and received payment several times. Another operator actually operated a coyote kennel where the animals were raised and then presented for bounty payment.

About all that can be said in favor of the bounty system is that people feel that something is being done about the predator problem, says Cooper. This is waste-

**Operation Screw Worm Control Now Underway**

Texas' multimillion dollar screw worm control program is underway. It was launched Wednesday morning, Feb. 14, when sterile male screwworm flies were air-dropped over Hays County, according to Joe Burkett, county agent.

The release—first of its kind in the Southwest—was timed to coincide with a meeting of the Southwest Animal Health Research Foundation in Austin. More than 100 livestock producers and sportsmen from Texas and adjoining states attended the kick-off meeting. The fly release climaxed the efforts of thousands of stockmen and sportsmen who have worked on the program for many weeks.

C. G. Serugas, president of the SAHRF, said the program involves the U. S. Department of Agriculture, Texas Animal Health Commission, Texas A&M College and the research foundation. He reported that contributions by stockmen and sportsmen now total approximately \$1,400,000. An intensive drive will be continued, SAHRF officials said, until the \$3 million goal is reached. Scientists, capitalizing on freeze-out of overwintering screwworms in January, believe there is an opportunity for lowering—if not totally eradicating—screwworms from Texas this year.

The program will follow the pattern of the successful eradication effort in Florida and the Southeast. Millions of artificially raised male screwworm flies, made sterile by exposure to radioactive material, will be released in the overwintering area in South Texas and in a "buffer zone" along the southern border of the state. A giant screwworm producing plant will be constructed in South Texas with an expected capacity of 50-75 million flies per week.

Facilities at Kerrville Lab will eventually produce 20 million flies each week. Dr. S. Gartman, who has charge of the Kerrville fly facilities, will head operations at the new plant.

Speakers at the kick-off meeting included Dolph Briscoe Jr., Uvalde, president, Texas and Southwestern Cattle Raisers Association; Dr. F. J. Mulhern of USDA's animal disease eradication division, and Dr. R. S. Sherman, ADE staff officer, who explained how the program will operate.

Release of sterile flies is only half the job, they said. The remainder is up to the stockmen. If maggot infestation is found, stockmen are asked to remove 10 from the bottom of the wound and report to their county agent for a positive identification.

ful, however, because effective programs can be developed with the same money.

The Texas Predator and Rodent Control Services employs professional trappers who can do effective predator control work. This program involves a cooperative effort between the federal, state and local government or organization, explains Cooper. County agents can supply information on how to institute this program.

Mrs. George Benham and her daughter and children of Pampa spent last week end here visiting her mother-in-law, Mrs. G. J. Benham, and other relatives.

**Card of Thanks**

I would like to express my sincere appreciation for the tender care afforded me by the hospital staff and Dr. Walter H. Stapp during the time I was a patient in the hospital. May God bless each one of you.

**Card of Thanks**

To our friends who were so thoughtful and kind to Sam during his stay in the hospital, we say thank you. The flowers, visits, cards, letters, your prayers and food sent to our home is appreciated very much by us all. And a special thanks to the doctors, nurses, and entire hospital staff. May God's richest blessings be yours is our prayer. We are at home and would be glad to see any of our friends.

**STATE CAPITAL Highlights AND Sidelights**  
by Vern Sanford  
TEXAS PRESS ASSOCIATION

Austin, Tex.—After the labor unions gave Houstonian Don Yarborough their coveted COPE "Commendation" some sections of the Political Association of Spanish-Speaking Organizations started worrying about joining the state body in a PASSO pronouncement for Gov. Price Daniel.

First splinter off the block was Hidalgo County chapter — third largest PASSO unit—which voted 44-16 to make no endorsement in the governor's race.

Yarborough made no comment as he rounded the Gulf Coast area to line up more support.

He's been conspicuously absent from his Austin headquarters, while all other statewide candidates touch base here frequently to counteract the almost constant presence of gubernatorial candidate Will Wilson and the incumbent who dwells in the mansion.

Daniel almost had trouble getting his campaign off the ground when a Department of Public Safety plane nipped its wing while lifting the governor off Austin ground for a Houston appearance.

Former Secretary of the Navy John Connally also suffered aerial setbacks in his search for support. Bad weather prevented him from landing for San Marcos and San Antonio speaking engagements. When the clouds cleared he carried his campaign to Laredo.

Sen. Jarrard Secrest, democratic candidate for lieutenant governor, followed Connally into Laredo to speak to PASSO supporters where champion traveler Tom Reavley joined him to get help for his attorney general's race.

Secret announced the opening of his Austin office this week with a blaring banner on the avenue leading to the Capitol.

Will Wilson started crowding Daniel's position as patron of Texas teachers. Wilson stated that Texans need to take a "long, hard look at the curricula of our schools—and then pay a little more attention to the advice of professional educators instead of well-meaning but ill-informed amateurs." He also suggested higher pay.

Another lieutenant governor contender, Sen. Crawford C. Martin, also started keeping shop in the capital city.

A Friday coffee party served as "house" warming for Waggoner Carr, former Speaker of the House, who's an attorney general hopeful.

Carr's office is just a block and a half from the Capitol grounds. Les Procter, another attorney general candidate, has his headquarters in a long silver trailer, across the street from the Capitol.

**GOP HOPES TO BLANKET**

STATE — After State Democratic Executive Committee officials slung verbal arrows at the Republicans for not holding primary elections in every county, and precinct, the GOPs embarked on a campaign to finance a primary in every county.

Paul Desrosieres at Republican State Headquarters said, "We're working like mad to get a primary in every county." Two obstacles stand in the way: Getting funds in about 235 counties where the party has county chairmen, and getting chairmen for the other 19 counties.

Some Republican candidates have a regional flavor—like the 12 senatorial candidates who hope to represent 67 counties; or the 76 House of Representative hopefuls for 77 counties; and congressional candidates in all but seven districts. Republican party still wants general ballot representation for the winners among its two gubernatorial candidates, two candidates for lieutenant governor, and those seeking posts as congressman-at-large, commissioner of agriculture, general land office and on the railroad commission.

A step toward solicitations was made by GOP state chairman Tad R. Smith, who appointed Dudley C. Sharp of Houston, former U. S. Secretary of the Air Force, chairman of the Republican's finance committee.

**WATER STUDY REQUESTED** —The Texas Water Commission asked Texas Research League to make a study of the commission's operations and the system of dividing the responsibility for Texas' water development among several state agencies.

The problem of water development and conservation in Texas is so great and controversial that the already-burdened League researchers estimate it will be 1963 before they can begin such a time consuming, comprehensive study.

Judge Otha F. Dent of the Water Commission expressed deep concern about meeting water requirements for 1980. Not only is it necessary to develop plans for constructing dams and reservoirs to fill the expected need, but the business of condemning land and building these projects involves as much as a decade.

One stage of the long-range development plan includes a \$65-700,000 reservoir on the lower Navasota River. But supporters have run into the problem of excessive chloride content caused by oil field salt water waste disposal—a problem repeated in many Texas streams.

Water Commission Engineer John Vandertulp will submit a report on the source of this pollution next week.

use of highway and street signs, signals and markings in an effort to increase driving safety.

Governor Daniel announced that traffic deaths over the past five years have averaged 230 below the 1956 toll. There were 2,611 traffic deaths in 1956, and the yearly average since then has been 2,381. Daniel credited the joint efforts of groups interested in traffic safety with the preservation of many lives.

**'AIRCADE' DUE IN AUSTIN** —U. S. Chamber of Commerce President Richard Wagner will head the team of national chamber officers, committeemen and staff specialists who will land here March 8 on an "Aircade for Citizenship Action."

This will be the first Texas stop in the Aircade's sixth annual cross-country series of public discussions on legislative matters. Former Gov. Allan Shivers is chairman of the Austin Aircade which will begin at the Municipal Auditorium at 9:25 a. m. and continue until 3:30 p. m. Delegations from all over the state are planning to wing in for the panel conferences and \$7 luncheon.

**Short Snorts**  
Eight hundred high school students invaded Austin Friday for the 1962 State Youth Leadership conference, where they'll compete for \$5,000 in scholarships

representatives of 5,000 distributive education students, working in retail, wholesale and service projects.

Governor Daniel called on the Texas Tourist Council, State Parks Board, Highway Department and Game and Fish Commission to work out a proposal to establish a park and game preserve in the Big Thicket area of East Texas.

Mrs. Carter Clifton took over as State Coordinator of Aging Services, which is set up to guide organizations interested in care and activities of elderly people.

Alex C. Roberts of Austin succeeded E. H. Coffield of Del Rio as a member of the State Board of Barber Examiners.

## Truscott H. D. Club

The Truscott Home Demonstration Club met in the community center, Thursday, Feb. 22, with the vice president, Mrs. E. A. Tomaneck, presiding. The meeting opened with songs by the group. Mrs. J. M. Chowning gave the devotional and Mrs. W. O. Corder led in prayer. In keeping with Washington's birthday, Mrs. W. M. Baker sold a new version of the legend of "Washington and the Cherry Tree," and conducted a quiz on Washington and Lincoln. During the business session, the following club demonstrators were selected: health, Mrs. Tomny Westbrock; clothing, Mrs. J. G. Adcock; and home management, Mrs. Roy C. Daniel. The club constitution and by-laws were read and will be revised and re-written at a later date. Mrs. Rake discussed "Purse Making," and told of fabrics being used in new purses for spring. Refreshments were served by the hostess, Mrs. Corder. On March 8, the club will meet again in the community center.

call with "how I relax." After routine business, a very interesting discussion on parent cooperation was led by Mrs. Ayers with all members participating. The next meeting will be March 6 with Mrs. Cleveland as hostess for a covered dish luncheon. After adjournment, the hostess, Mrs. Henry Rice, served refreshments and a delightful social hour was enjoyed.

## Margaret H. D. Club

Mrs. Jack McGinnis gave the opening exercise for the Margaret Home Demonstration Club when it met Feb. 23 in the home of Mrs. Bob Thomas. She read the poem, "Friends."

Roll call was answered by "how I relax." The president, Mrs. Hugh Shultz, was in charge of the business meeting at which time the recommendations made by the standing committees were approved and adopted. Mrs. Verda Bell gave a report from council. Mrs. W. F. Bradford and Mrs. Thomas were selected to help the 4-H girls in their sewing workshop in March.

The H. D. Agent, Mrs. Janet Carroll, brought a very interesting program on combining colors in rooms using a slide projector to show the effect of colors in different rooms of the home.

After a game directed by Mrs. Verda Bell, the hostess served refreshments to 13 members and 4 visitors, Mrs. Carroll; her sister, Mrs. Ronny May of Nacogdoches, Mrs. A. B. Owens and Mrs. V. Bond.

## T. E. L. Class

The T. E. L. Sunday School class of the First Baptist Church met February 22 in the home of Mrs. Maude Hinds with Mrs. Grace McLaughlin assisting with hostess

duties. The meeting was opened with prayer by Mrs. Curtis Ribble. Mrs. Mary Moore brought her devotional thought using as her subject, "Portraying Christ in our Daily Lives," using scripture from Matthew 5. She closed the thought with prayer.

Mrs. E. A. Dunagan, president of the class, presided during the business session. Mrs. Mae Solomon, social chairman, was in charge of the social hour, during which time a game was played and an interesting Bible quiz was enjoyed by all present.

Refreshments were served to 12 members and one guest, Mrs. J. H. Stapp of Burnet.

## Home Demonstration Notes

JANET CARROLL

When you step into an attractive room, what is the first thing you notice? It's the color scheme, of course. Color is the magic key to decorating your home — it's your most important decorating tool. Color can change the size and shape of a room, warm a cold room, and cool one that gets too much sun. Color can give a room personality and make it smile "welcome" to your guests.

Are you thinking of doing some painting, papering or re-finishing? Begin by analyzing the room. Its use, shape and exposure will determine colors best suited. Decide how you want the room to look. Will it be light and airy, restful or dramatic? Do you want it to be predominantly warm or cool?

A good plan has few colors, usually no more than two or three, in different values and intensities. The best color schemes grow from a dark color, a light color and a bright color. Black, white and grey are not considered colors, but are often used to give a needed accent of light or dark. Choose your favorite color if you do not need to consider the color or colors of furnishings which you must keep. Or select a picture or fabric which has your chosen colors and plan your scheme from that. Good proportion of different colors is important. This means that your color scheme will be definitely dark or light and that either warm or cool colors will predominate.

When you place the colors in a room, choose the color for the largest areas first—floor covering, walls and large upholstered pieces. In most cases, these should be your most livable colors, or colors that are greyed in intensity. Next, choose colors for small upholstery and the window treatment. This treatment may blend of the room colors, or match or contrast with the walls. Lastly, choose your colors for accessories and small areas—pillows, lamps, ash trays, etc. Usually, this accent color is the brightest color.

## Typhoid Fever Shows Slight Gain in Texas in 1961

There was a time in Texas when one of the ravaging diseases was typhoid fever. Whole communities were struck and many victims died.

With the advent of chlorination for public water supplies, increased education efforts on the construction of private wells and water supplies plus modern epidemiological techniques, typhoid fever has steadily declined.

However, 1961 saw a slight rise over the previous year according to the weekly Texas Morbidity distributed by the Texas State Department of Health.

The number of typhoid fever cases last year rose eight per cent over 1960—from 78 reported cases to 84.

Deaths from typhoid fever run lower than any other disease except typhus and malaria which are no longer public health problems in Texas.

Morbidity figures are not yet complete for 1961, however, there were four deaths during each of the three previous years. (Totals of statistical figures on deaths usually take several months because of the thousands of records that must be scanned before accurate figures may be compiled.)

Typhoid fever is still endemic to some rural areas of the United States, but in Texas cases are usually sporadic, with an occasional small cluster traceable to a single source or carrier.

Transmission can be by direct or indirect contact with a patient or carrier. Ingestion of contaminated food and water can spread the typhoid organism over a wide area. Contamination is often spread from the hands of a carrier or missed case.

The administration of typhoid vaccine to persons subject to unusual exposure through occupation or travel, those living in areas of high endemic incidence, and institutional populations in which maintenance of sanitation is difficult, is generally recommended.

The discovery and supervision of typhoid carriers is still an important part in the control of the disease. Certain occupations are restricted until laboratory tests demonstrate the carrier to be non-infectious.

## Fishermen Warned to Buy Licenses; Bargain in Texas

Spring weather has kindled the urge to fish, and fishermen are reminded that a fishing license is required in most instances, according to J. B. Phillips, coordinator of law enforcement for the Game and Fish Commission.

This applies to both resident and non-resident fishermen, fishing in fresh water or salt water, except for persons fishing within their own county with an ordinary pole and line, or persons under 17 or over 65. Persons fishing with their own county with any type of winding device are required to buy licenses, also.

The Texas license fee, at \$2.15, offers an inducement to non-residents, because it is the only fishing license in any states available to non-residents at the same price as to residents. All other states charge additional fees for non-residents.

Existing commercial bay-bait shrimp boat licenses will expire March 1 and a new license covering the boat and trawl must be obtained by that time. New licenses will be effective March 1, and any person commercially taking shrimp for bait in bays must have the license, and it must be bought before the expiration date, March 1. This license costs \$30.00 and is good for one year. Last year, more than 2,500 commercial bay-bait boat licenses were sold by the Game and Fish Commission.

April 16 is an important deadline for ministers and social security

"April 16 is an important deadline for many of us, but especially for ministers who want social security credit for their earnings," said Erton F. Tate, manager of the Wichita Falls social security office. "Ministers who have not yet taken action and who do wish to participate in the social security program must indicate so by filing a waiver certificate with the local Internal Revenue Service office before April 16."

Tate emphasized that the decision to participate in the social security program is up to the min-

ister, but that his office is glad to answer any questions which furnish information which is helpful in making this decision. Leaflet which explains how ministers can obtain social security coverage is available from the security office at 411 Building, Wichita Falls, Texas, for leaflet 333.

"As of early last year, seventy per cent of the full ministers who are eligible for social security coverage have elected to have their earnings credited toward future old-age, survivors and disability insurance benefits," said Tate, quoting a report from the Social Security Administration. "Ministers who let the April deadline go by without having said 'no' will not have a chance to participate in the social security program."

## The U.S. Savings Bonds that send you money Twice a Year

Owners of the H Series of U.S. Savings Bonds receive interest money every six months by Treasury Check. This is why people who want to invest for regular extra income buy H Bonds (just as people saving for a specific goal buy E Bonds that pay all the interest to maturity).

More facts about H Bonds:  
• You buy them at full face value.  
• H Bonds earn at an average rate of 3 3/4% over their 10 year maturity period \* Your money is guaranteed safe by the U.S. Government \* You

can get your money back if ever you need to, anytime after the first six months, on one month's notice \* If your H Bonds are lost or destroyed they will be replaced free \* You save more than money.

(Note to owners of E Bonds: You can trade E Bonds, matured or not, for H Bonds, and postpone paying income tax on the accumulated interest. If you're retired, or about to retire, this may be for you.)

Members of the local textbook committee have completed reviews of new textbooks offered for state adoption and have recommended their selections for local distribution in September, 1962.

The following titles were selected from a state-approved multiple-choice list for use in the Crowell school district:

- Geography, Grades 4, 5 and 6: Our Big World, The American Continents, and Old World Lands.
- Vocal Music, Grades 7 and 8: Music in Our Life and Music in Our Times.
- American History, Grade 8: This Is America's Story.
- American Dictionaries, Grades 4-7: Thorndike-Barnhart.
- High School American History: Todd: Rise of the American Nation.
- High School World History: Book, The History of Our World.

Members of the Crowell School District Textbook Committee are Gordon Erwin, Mrs. Guy Bounds, and Mrs. Wade Barker, geography; and Thayne Amonett, L. H. Wall and Jack Carroll, history.

The local textbook committee is composed of not less than five nor more than fifteen persons, selected from local school personnel by the local board.

Approximately 11,000 Texas teachers assist on local committees, and committee recommendations, when ratified by the Board of Trustees, constitute the final decision on the books selected from the State-approved list.

The State-approved list is prepared by a fifteen-member State Textbook Committee. State Committee members are appointed by the State Board of Education.

This committee and its advisers review all textbooks offered by publishers. The 1961 committee worked in cooperation with approximately 800 advisers, persons considered to be authorities in their fields.

The process of textbook selection, from request for bids from interested publishers to the delivery of the new book to the pupil, consumes annually about 15 months, May in one year until September in the year following.

To follow a typical calendar, using the period May, 1961, until September, 1962, as an example: Bids on books needed are requested in May and the State-appointed Textbook Committee and advisers review all books submitted.

Interested members of the public may also examine the books at the same time so that in September, twelve months before book delivery, the committee meets to hear all objections to any books offered for adoption.

In October, the State Textbook Committee recommends titles of books from those offered. The number of titles selected may be not less than two nor more than five, a variation determined by quality and quantity of books offered. This committee then submits its report to the Commissioner of Education. The Commissioner may delete any title from the list, but he cannot add a new title or titles. Hearings with interested individuals or groups continue until November.

In November, the State Board of Education takes official action on the list of books recommended by the commissioner who is guided in his actions by the recommendations of the State Textbook Committee and its advisers.

Local textbook committees may now adopt one or all of the titles offered in each subject and new textbooks will be printed in accordance with their selections.

## Qualifications of a Good School Board Member Listed

(1) A school board member should have a strong belief in public education — its importance to the individual and its importance to the nation.

(2) He should be sincerely interested in children, never forgetting that this is the reason why public education was established.

(3) He should understand the difference between policy and administration — should confine himself to policy matters — and should keep out of the superintendent's business.

(4) He should never forget that the public schools belong to the public — not the school board and not to the superintendent.

(5) He and his fellow board members should represent a cross-section of the community.

(6) He should represent all the people of a community — not a geographical area or some special interest.

(7) He should be knowledgeable about — and interested in the curriculum.

(8) He should have an open mind and should suspend judgment until all of the facts about a problem are developed.

(9) He should be able to recognize school problems before they become unmanageable.

(10) He should be willing to work with fellow board members in spite of personal differences, and he should support board decisions once they are made.

(11) He should have some firm convictions and should be able to endure criticism.

(12) He should be able to think independently, objectively and soundly.

(13) He should be willing to give the necessary time to the important problems of board membership.

(14) He should be adaptable and forward looking.

(15) He should have integrity.

(16) He should be moral.

(17) He should have initiative.

(18) He should have courage.

(19) He should be willing to serve as a board member without much recognition.
