For Crowell State Bank, Billy Hollenbaugh and Steve Black each hit two-for-three; Barry Branch hit two-for-four; and Buff Nelson, Jackie Thomas and Pat Cates each garnered one safe blow.

Friday night, July 3, 8 p. m .: VFW 8, Farmers Elevator 8 (tie). Time limit stopped this game with the game deadlocked. The Yankees could only score in two innings, but the big seven run inning in the third salvaged them a tie. Bill Lynch started this game off by exploding for a home run in his first appearance, and Ken. Sellers and Buzz Rasberry almost duplicated the feat with consecutive doubles. Bill Lynch hit twofor-three, with Sellers, Rasberry, Barrera, Mance Nelson and Billy Dishman hitting safely once each.

Leading hitting for Farmers Elevator were Jackie Blackburn and Gary Eddy (each with two-forthree), with Junior Urquizo hitting safely once.

In the PeeWee game of Thursday night, July 2, the Rattlesnakes came back to win again and once again threw their league into a tie. Score was Snakes 5, Tigers 3. The game of tonight (Thursday) will end the season for the PeeWees.

# PATTERNS FOR PROCRESS

### A Community Survey can chart the road to community development

Community development is one of the fastest growing activities in America today. Many communities, both large and small, are attacking the problems with new vigor and vitality.

While there is no easy road to success, no simple formula to follow, one thing is certain . . . a community must start with a thoughtfully planned and soundly developed Community Survey. It assesses and evaluates both favorable and unfavorable economic and civic factors which affect community growth, and discloses factors which can be used to solicit new business and industry.

To be fully effective it must be a continuing study, since conditions change as economic handicaps are eliminated and economic advantages multiply. The survey has the added value of helping to clarify a community's aims and objectives in the field of improvement, growth and development.

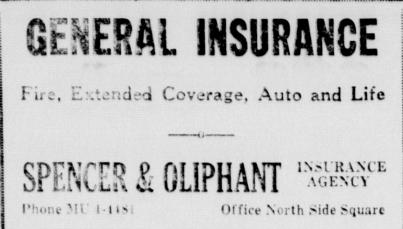

Such a community survey then becomes the PATTERN FOR PROGRESS.

WTU's area development representatives will assist growth-conscious communities in planning a continuing community survey for economic development. This service is available on request through your WTU local manager.
