Livestock Survey Cards to Be Distributed by Mail Carriers

Rural mail carriers from the Crowell post office will leave some livestock survey cards along their routes beginning November 15.

"Information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms," Postmaster Ted Reeder explained.

Rural carriers distribute the cards at random in boxes along their routes.

"This means that not every box will get a card," Mr. Reeder said. "For this reason, it's important for everyone who gets a card to return it filled out so that USDA can get a true sample of the state's livestock holdings."

Carriers assisting with the survey are Mrs. Oliver Holland, Fred Gray, Henry E. Thomson and Henry Ross.

Facts and figures secured in this survey are the basis for Texas and national pig crop report and inventories of livestock and poultry on farms as of the first of the year. Stockmen and many others use this information in making business decisions. Survey results will be widely distributed through Texas Crop and Livestock Reporting Service releases, newspapers, farm magazines, radio and television.

Vast Returns from Helping Develop a Strong Community

"How many of us realize the vast returns we get from helping develop a strong community? Communities flourish because the people living there keep faith. People have not hesitated to make their initial investments. They invest in a home, in a business, in friendships, in living conditions. There are those who are short sighted and fail to see that a community needs keeping up just as surely as does a home." — Odessa, Wash., Record.

The rain last week accompanied a cold front which brought the coldest weather of the season.

According to the official record, a total of 15.44 inches of rain have been recorded here during the first ten months of 1963. The average yearly rainfall is 24.5 inches.

Rainfall for the year, as recorded each month, is: January .74 inch; February .55 inch; March 1.23 inches; April 2.57 inches; May 4.67 inches; June 3.56 inches; July .36 inch; August .40 inch; September 1.23 inches; October .13 inch.

Rotary Club

Program for the Rotary Club Wednesday of last week was an interesting talk on the banking business by Merl Kincaid. Jack Seale had charge of the program. The Crowell Camp Fire Girls organization will hold its first financial drive on Friday, November 8, from 9 to 11 a. m. Mothers of registered members, both Blue Bird and Camp Fire Girls, will conduct the drive.

The purpose of the drive is to obtain at least \$200.00 for repairs on the Little House, the girls' meeting site on North Second. Repairs needed are new window frames on the east side, exterior painting, interior floor covering, and book shelves and other minor incidentals for the interior. Included in future plans are an indoor water faucet and sink and some kind of bathroom accommodation. There is an outdoor water hydrant and the Little House has gas and electricity.

All monies for the building are handled through the trustees of the Little House Association: Merl Kincaid, Alton Bell and Irving Fisch. There is about \$90.00 in the association fund at present. Fathers and mothers of the girls have volunteered to do the labor on these repairs, and all contributions will be spent locally.

Forty-six girls and adults are currently registered in Camp Fire Girls in Crowell. Leadership training courses have been offered all this week in Vernon as a courtesy to Crowell from the Wilbarger Camp Fire Girls Council. It is hoped more groups will be organized locally.

Let's Express Appreciation

Sometimes we get so involved in the hustle and bustle of our lives that we don't take time to express our appreciation for the things people do for us. Our parents have devoted their time to giving us things—food, clothing, shelter, education—yet, how many times have we thanked them? We seldom even show by our actions that we appreciate them, much less tell them in so many words.

We not only fail to thank our parents, but we also fail to thank our friends. We see our friends so often that we too take them for granted. Though we do like

them and do enjoy their companionship, we forget that they might like to be told so once in a while. Also on our "neglected" list are our teachers. We sometimes feel that our teachers are among the people we can get along without, especially just before a test, but when we stop to consider the valuable knowledge they are giving us, we really appreciate their efforts. Unfortunately, we don't usually tell them how much they mean to us.

When we are so selfish that we don't think of others' feelings, we should remember these words found in Proverbs 16:24: "Pleasant words are as an honeycomb, sweet to the soul, and health to the bones."

Ruth Sanders Crowned Sweetheart

Last Friday night, the half-time performance was centered around the crowning of the band sweetheart. The band formed a golden mound and the drill team made the formation of a C in the center. Paula Sparks, Carolyn Hickman and Ruth Sanders, nominees for the queen, entered the field in a 1915 model Buick driven by Kenneth Carroll. Bobby Bond, band president, crowned Miss Ruth Sanders as the 1963-64 Band Queen and presented her with a beautiful bouquet of red roses.

Then seven other senior members of the band were recognized. They are Bobby Bond, Philip Welch, James Neeley, Junior Denton, Dennis Garrett and Barry Barker. Recognition was then given to the senior members of the drill team. They are Kathy James, LaRue Gidney and Beverly Thompson.

The band and drill team marched off the field in a quick step to bring to an end the 1963-1964 half-time performances on the home field.

Ex-Student Spotlighted on TV

Last Saturday afternoon, Crowell TV fans were privileged to see Miss Fauncine Fairchild, a 1963 graduate, during the half time performance of the Louisiana State and University of Mississippi

football game, played at Baton Rouge, La.

Fauncine gained a great ovation from the 68,000 spectators as she did a unique twirling routine. We wish to congratulate her on being the feature twirler, assistant drum major, and leader of the Rebellettes at Ole Miss.

Fauncine is the daughter of Mr. and Mrs. J. B. Fairchild of the Vivian community.

Senior Personality

James Neeley, this week's personality, is the 17-year-old, 6' 3" son of Mr. and Mrs. Stanley Neeley. This brown headed, blue eyed senior is a member of the marching band, concert band, stage band and FFA.

James' favorites are the color, blue; teacher, Mrs. King; actor, John Wayne; actress, Sandra Dee; sports, tennis and basketball; subject, bookkeeping. He dislikes most one who talks about a person behind his back.

James' parents have been his greatest influences. After graduating, James plans to attend Oklahoma State Tech.

La Fiesta de Espanol

En la noche de lunes, la veinte y ocho de Octubre, veinte o ochy estudiantes de espanol asitieron una fiesta en la casa de los Senores Leo Cates. Una deliciosa comida de nechiladeas, frijoles, easalada, sidra de manzanas, y dulces estava seovida. Comemos demasiado. Las Senoras Elias Villarreal, Harry Traweck y Frank Cooper ayudan con la fiesta.

Jugamos algunos juegos, El Mejor era asesinado. El padron del club es el senior Anoigue Black. For those who don't speak Spanish, here is a translation. On Monday evening, Oct. 28, twenty-eight Spanish students attended a supper in the home of the Leo Cates. A delicious meal of enchiladas, beans, salad, apple cider and candy was served. We ate too much! Mmes. Elias Villarreal, Harry Traweck and Frank Cooper helped with the party.

We played some games. The best was one called "murder." The sponsor of the club is Henry Black. The Spanish Club wishes to thank all those who helped for a

wonderful evening of fun.

Crowell Men Attend Sul Ross Homecoming

Last week end, Henry Black and Loraine Carter attended the Sul Ross homecoming events at Alpine.

A highlight of the trip was an address by Dan Blocker, better known as "Hoss Cartwright," the 275 pound actor in "Bonanza," who is a graduate of Sul Ross.

Another highlight was the football game in which Sul Ross bowed to the East Texas State College football team by a score of 7-0. Perhaps the difference was that Wesley Cummings, a 1961 Crowell graduate, played on the East Texas State team!

Other ex-students of CHS present for the game were Doyle Sparks, teacher of biology in Big Spring High School; Buddy Caddell, assistant coach at McCamey High School; and Monte Churchill, student at the University of Texas.

Mr. Black and Mr. Carter attended the dedication of the administration building and the new roads in the Big Bend National Park before they returned home.

Chinese Twins

On Friday, Nov. 1, the student body was entertained by the second Southern Assembly program of the school year. It was brought by Russell and Betty Paul, twin brother and sister of Chinese descent.

Through their father's encouragement, they became professional performers at the early age of 12. Since then, they have toured North and South America, appearing in circuses, in sport shows, and on television.

Their's was a most unusual act of physical dexterity, grace and skill. Aerial stunts, contortions, and acrobatic archery were combined in precision routines requiring superb muscle control and timing. Their act had an oriental flavor, enhanced by their colorful Chinese costumes.

Betty performed with the handicap of an artificial hip. Suffering a 40-foot fall from a trapeze a few years ago, she was informed by her doctor that her career

would be ended by the accident. However, through surgery and an indomitable will, she succeeded in restoring herself to an active life as a performer.

The Shanghai Twins have been on several network television shows, such as Ed Sullivan show, Steve Allen show, The Big Top, Super Circus and have appeared with movie stars as Jane Powell, Tony Martin, Rex Allen, the Lennon Sisters, and many others.

Russell Paul has taught a Y. M. C. A. class in physical education, and he offers helpful hints on body building as he demonstrates the benefits of physical fitness.

Library Services Entertain

"Oh, no, I have a history report this morning!" This is the "battle cry" almost every Friday morning when many history students remember they have reports to make.

The library has many magazines and periodicals to keep the students informed on current events. The Reader's Digest and Newsweek are two of the most popular with the students. The periodicals may be checked out for one-day usage.

The library has other material useful for reports as well as for themes. Also, there are dictionaries, both English and Spanish, that may be checked out during the day.

Homemaking III Project

For six weeks, the Homemaking III girls have had as their project the making of dresses. Friday, these dresses were judged by Mrs. Lewis Sloan. Carolyn Hickman, Judy Little, Fleta Smith and Evelyn Eubanks made a "first place" rating on their dresses; Ruthie Doyal, Jo Wynn Ekern, Saunna Martin and Ruth Sanders, a second place; Carla Browder, Sharon Glover and Jimmie Moore received a third place rating.

The officers of the group are as follows: president, Carolyn Hickman; vice president, Jo Wynn Ekern; secretary and reporter, Ruth Sanders; treasurer, Fleta Smith.

The girls wish to thank Mrs. Sloan for her willingness to serve as the judge.

Wildcats Fall to Moguls

Last Friday night, on the Wildcats' home field, the Munday Moguls won 26-6 in a hard fought game with the Crowell team. The score may indicate that the game was a "push-over" for the Moguls; however, the statistics prove that in most respects, except in yardage gained by rushing, the teams were fairly evenly matched.

It is fitting to pay tribute to the managers of the football team. These boys, Kenneth "Pete" Campbell, Jewel Harris and Jimmy Gillespie, have a very responsible job—a job they have done well.

The remaining two games will be played away from home. Tomorrow night, Crowell goes to Henrietta. Let's back our team!

C. H. S. Report

Ex-students home for the week end were Judy Traweck, R. H. McCoy, Judy Sandlin, Miles Welch, Jim Mae and Gaye Gafford, Joe David Drabek, Sammy Hudgens, Gerald and Gena Howard, Jimmy Thompson, Bill and Linda Graves, Teresa Wright, Margaret Faske, Joe Barry, Edward Kajs, Carolee Oliphant, Jo Carol Cooper, Delton

Brown and Elly Wehba. Football pictures were made last Monday.

The annual sales went "over the top" this year with 135 of the 165 students enrolled in high school ordering 1963-64 "Round-Ups."

About twelve CHS boys have started a hot-rod club in Crowell. In the near future, it will be associated with the National Hot Rod Association, which is dedicated to safety.

Raymond Houck was finally able to come back to school this week.

Scherry Goodwin spent the week end in Lubbock. Her list of activities was headed by the Tech-Rice football game.

Beverlie Gray went to Cisco with Mr. and Mrs. W. J. Garrett to see the game between Cisco Junior College and Blinn Junior College.

In the regular meeting of the Student Council Monday, Nov. 4, the members received their pins. It was decided to have dress-up day Tuesday, Nov. 19.

Jerry Lovelady, a freshman who just moved from Guthrie to Truscott, entered Crowell High School this week.

TWU Representative Speaks

On Wednesday, Oct. 30, Miss Sue Benson, representative of Texas Woman's University in Denton, gave a very interesting discussion to the senior girls on the aspects of college life. Miss Benson attended TWU at Denton, majoring in business. She discussed dormitory life, accredited subjects, majors, summer jobs, social life, and many other aspects of the college that she had experienced while enrolled at TWU.

One of the benefits of TWU is the fact that it is located near Dallas and Fort Worth, within a thirty-mile radius of seven accredited colleges. The social life is made better with dramatic events, lectures, and ballet made possible by these large cities. TWU furnishes many coed functions to increase social graces. Student participation is provided with publications, special-interest clubs, literary-social clubs, and religious activities. TWU has specialized in courses for the careers of women and their advancements in the working field. The studies provided lead to masters and doctors degrees.

Miss Benson's talk was an inspiration to many of the senior girls planning their futures with college in mind. Moffett Urges Passage of Veterans Land Amendment

by Sen. George Moffett, Author

At the state-wide election on November 9, one of the four questions to be passed upon by Texas voters is Amendment No. 4, which extends the Veterans Land Purchasing Program for four more years. This program has proven to be highly successful. Over 30,000 Texas veterans of World War II and the Korean conflict have already purchased land under its terms. Some veterans have already paid out their land and sold it at a profit. In some cases, oil has been discovered on the land purchased by veterans. In other words the program has been successful, except for a brief period in the early part of the program when the misconduct of the then Commissioner of the Land Office put a temporary shadow on the program. However, the losses caused by the improper conduct of the Land Commissioner at that time have been made up through repayment by him and through the resale at a profit of the land involved in the irregular handling of the program by him.

The state borrows money by selling bonds and then lends the money to land buying veterans at a slightly higher rate of interest. This difference in the interest rate brings in enough to pay the expense of the program and to take care of any losses which may occur. The taxpayers of this state have not been out any money on account of the Veterans Land Program, and there is no reason to think that they will be.

Based upon the successful operation of this program, it is hoped that on November 9 that Tex-

**Screwworm
 Danger Not Over**

The worst of the fall screwworm season may be over, but the danger period is not past, says Joe Burkett, County Agent. The dry weather which has been plaguing much of Texas has helped keep native screwworm fly populations down, eradication workers said. However, infestations could appear in many areas of the state that are now screwworm-free, if considerable rain is received and cold weather doesn't help keep down fly migrations. The number of infestations reported to eradication headquarters at Mission last week was less

than half of what it was three weeks ago. Counties reporting the most cases are those that have had some rain in recent weeks, officials pointed out.

Eradication workers said nearly all of the cases are located in the southern parts of the state where screwworms have been known to be able to survive year-round. This makes it even more important that livestock producers take all precautionary steps to prevent additional cases from developing, they stated.

Measures recommended by eradication program experts that will aid in the battle to eliminate the screwworm from the Southwest include frequent inspection of livestock, treatment of wounds with smears and sprays and collection of samples from infested wounds so that positive identification of the insect can be made.

Sexually sterile screwworm flies are released near farms and

ranches where screwworms are reported. The sterile males mate with native females, thus causing the eggs that are laid to be infertile and incapable of hatching.

**Experiment with
 Boll Weevils in
 Progress on Plains**

To get an answer to the question of whether or not boll weevils can survive on the High Plains, the Texas Agricultural Experiment Station at Lubbock has placed some 50,000 weevils in cages both above and below the Caprock in the area where infestations were heaviest in 1963.

W. L. Owens, entomologist at the Lubbock station, is in charge of the research project. He has placed approximately 50,000 boll weevils in 148 cages at seven locations along the eastern edge of the High Plains as well as at locations below the Caprock, but not far removed from cotton growing on the High Plains.

The cages, above the Caprock, were placed in well established field plantings of sorghum alnum. on soil bank land, a likely area for winter hibernation. Installations below the Caprock were made in shinnery oak since such cover seemed to offer ideal conditions for winter survival of the weevil, Owens explained. The cage locations above the Caprock were made in the area where boll weevil infestations were heaviest in 1963, or from 10 miles west of Post in Garza County to the Crosby-Floyd county line.

Owens said the boll weevils were collected locally for all except one cage at each location. Weevils from the College Station area were used in the one cage to determine whether those on the High Plains are of a more hardy strain. The collections and installations were made from October 14-25 with 81 cages above the Caprock and 67 below it. Owens said cooperation from personnel on the Plant Pest Control and Entomology Research Divisions, Agricultural Research Service, U. S. Department of Agriculture, the Texas Department of Agriculture, county agents and vocational agriculture classes aided greatly in getting the project moving.

Owens explained that the specially built cages will be checked for survival during the spring and early summer to determine winter survival at the different locations and under different types of cover. These records, Owens said, will be augmented with trash examinations to be made at various locations during the winter and early spring. The results of the research will be made available as soon as possible after the tests have been completed, he said.

Two Minutes With the Bible

What Shall We Do?

When John the Baptist appear- ed as Christ's forerunner, God's chosen people had lived under the Law of Moses for fifteen hun- dred years but had not kept it. Hence John's call to repentance and baptism for the remission of sins (Mark 1:4).

John was in earnest, too, for when the thoughtless multitude came to him to be baptized, he sent them back, saying: "Bring forth fruits worthy of repentance" (Luke 3:7,8). Their lives were to be changed and they were to show it.

When the people asked, "What shall we do, then?" he told them to live for others rather than for self. (Luke 3:10,11). When the tax collectors asked: "What shall we do?" he demanded that they stop cheating the tax payers and live honestly (vers. 12,13). When the soldiers asked: "What shall we do?" he told them to forswear violence, false accusation and bribery (ver. 14). Clearly, right- eousness was demanded under John's message. His hearers were to repent, be baptized and bring forth the fruits of true repen- tance.

When our Lord appeared, He proclaimed the same message as John (Matt. 3:1,2, and 4:17). A lawyer asked: "What shall I do to inherit eternal life?" and He replied: "What is written in the Law?" When the lawyer recited the basic commands of the law, our Lord answered: "This do and thou shalt live" (Luke 10:25-28). God was still demanding righteousness. They were all un- der the law (See Gal. 4:4; Matt. 23: 1,2, etc.).

Some suppose this was all chang- ed after Calvary by the "Great Commission." This is not so. When, at Pentecost, Peter's hear- ers were convicted of their sins and asked "What shall we do?" Peter commanded them to "re- pent and be baptized... for the remission of sins" just as John had done (Acts. 2:38). He did not tell them that Christ had died for their sins.

It was not until later that St. Paul was sent to proclaim the death of Christ as the payment for sin. He was the first to say: "But now the righteousness of God without the law is manifested... We declare His righteousness for the remission of sins" (Rom. 3:21-26). When the Gentile jail- or fell on his knees and asked: "What must I do to be saved?" Paul replied: "Believe on the Lord Jesus Christ and thou shalt be saved" (Acts. 16:30,31). This is God's message for sinners today, "for we have redemption through Christ's blood, the forgiveness of sins according to the riches of His grace" (Eph. 1:7). "Believe on the Lord Jesus Christ and thou shalt be saved."

Farm-City Week Set for Nov. 22-28

How about breakfast tomorrow out of a neighbor's garbage can? Why not join the world's mil- lions of hungry people who daily get their food this way?

You'd actually eat less than most Texans waste.

The partnership that dispels such a sickening prospect by pro- viding an abundance of bountiful, nutritious foods for Texas tables will be focused November 22 through 28 with the observance of National Farm-City Week. It marks your economic partnership with the American Farmer!

"Farm-City Week is especially significant in Texas since nearly 40 per cent of the state's 10 mil- lion people are engaged in either farming or ranching, in supplying goods and services to land opera- tors, or in processing and distrib- uting agricultural products," Dolph Briscoe Jr. of Uvalde and Calvin Pigg of Renner, Texas co- chairmen for National Farm-City Week, said today.

Hundreds of towns and commu- nities in Texas will mark the event with special civic club pro- grams and projects and with tours by both farm and city residents. Kiwanis International is co-ordi- nating agency for Farm-City Week again this year.

"The necessity of closing the breach in understanding between rural and urban segments of our economy is a very real one to- day," Briscoe and Pigg pointed out. "Farm-City Week has taken the lead in closing this gap through a concentrated exchange of ideas and information and through wide- spread 'get acquainted' affairs be- tween farm folks and city folks."

While Farm-City Week is ba- sically a local function, a state- wide Speakers' Bureau of well- known men in Texas agriculture is available to speak to groups that request them.

"The Agri-Industry of Texas takes in more than farming and ranching," continued Briscoe and Pigg. "It is the total agricultural industry which Farm-City Week seeks to recognize as partners in a healthy Texas economy."

The actual farm and ranch popu- lation of the state has declined from 2,400,000 in 1934 to about 800,000 today. They explained that the migration to town and city is basically possible because of increased know-how on the farm. For example, in 1930 one farmer supplied enough food com- modities for 10 people. Today, one farm worker produces food and fiber for about 28 people. Such advancement has released many

NEW CHEVELLE!
BY CHEVROLET

The kind of handling ease you'd expect in a smaller car. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses!

And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

Adelphian Club Honor Sub-Junior Club with Tea

A highlight of the year is the joint meeting of the Adelphian Club and the Sub-Junior Adelphian Club, which is one of the club's projects.

Such was the occasion on Wednesday, Oct. 30, when Mrs. Ramon Rasberry, Mrs. Lorraine Carter and Mrs. Elton Carrill entertained with a delightful tea. The tea table featured an arrangement of fall flowers into which were placed a miniature straw hat, tiny flags and a Latin American doll to further accentuate the theme of the day. Twenty-one club members, sixteen members of the Sub-Junior Club and Mrs. Bobby Leggett of Lafayette, La., were present.

Mrs. H. N. Ekern, leader for the afternoon, chose for a devotional thought, "The Unsatisfied Eye."

Mrs. Ekern introduced Mrs. W. B. Johnson whose subject was "The Land of Rags and Riches." On her trip to Latin America early this year, she found a land of violent contrasts, one with no middle class people. The trip took her to 19 countries and 21,000 miles by plane from Amarillo to Mexico City, around the entire continent of South America, to Miami, Fla., and back to Amarillo.

On November 13, the club will meet in the home of Mrs. Dwight Campbell.

A graduate in Civil Engineering from Texas Technological College, Mr. Brock is associated with the consulting engineering firm of Howard, Needles, Tammen and Bergendoff in Seattle.

Columbian Club

"The World We Live In" was the theme of a program at a Columbian Club meeting October 30 in the home of Mrs. Grady Halbert.

Mrs. Howard Bell, program leader, gave statistics on various subjects such as average cost of a hospital room today; percentage of divorces compared to the number of marriages; also an interesting item on ambulances for horses now being used at an average cost of \$8,000. She stated that all European countries now fear the strength of Germany.

A poem, "How I Met God," was read by Mrs. D. R. Magee.

"Parents Can Save Childhood," a report on the trend of modern-day parents to rush children into adulthood, was given by Mrs. Marion Crowell. Mrs. Halbert wrote a report of the meeting in a letter to Mrs. Hines Clark, an honorary member. Each member present signed her name to the letter.

Mrs. J. M. Chowning presided at the business session. Roll call was answered with a current event. Importance of keeping the library open was stressed.

Refreshments were served to 12 members by Mr. and Mrs. Halbert.

Truscott H. D. Club

Twelve members and two visitors answered roll call with "a treat for trick or treaters."

Clara Brown asked if the Camp Fire Girls and the Bluebirds could put on their skit for the club. The time of the Nov. 14 meeting has been changed from 2 to 3 o'clock at the community center.

Miss Kinsey gave an interesting program on "Clothing Care and Labels," also on food additives. Mrs. King served a delicious refreshment plate.

STATE CAPITAL

Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin, Tex.—Some 60,000 Texans soon will be getting invitations to dine with the President—for \$100 a plate—at Austin's Municipal Auditorium.

Presidential aides now are in Austin making arrangements with top Texas Democrats for a November 22 "Texas Welcome Dinner" for Pres. John F. Kennedy and Vice Pres. Lyndon B. Johnson.

Speakers list so far has been limited to the President, the Vice President and Gov. John Connally.

To assure a capacity crowd, local party officials are being called on to help. Quotas are being assigned to districts over the state. Funds raised are to be divided between the National and State Democratic organizations.

Most of Texas' 21 Congressmen are expected to attend the dinner and all members of the Legislature will be invited. Early announcements indicate Sen. Ralph Yarborough will be with the Presidential party.

President Kennedy is due to arrive in Houston on November 21, where he will attend an appreciation dinner for Congressman Albert Thomas. Cities all over the State are bidding for the rest of his time.

DRAFT GOLDWATER CAMPAIGN—Meanwhile, Republicans are not standing still on the eve of an election year.

State GOP Chairman Peter O'Donnell of Dallas came to Austin to announce the heads of the Texas drive to draft U. S. Sen. Barry Goldwater of Arizona as a presidential candidate, and to map plans for other races.

State Rep. Dick Morgan of Dallas and Mrs. J. C. Man Jr., a Wichita Falls housewife, were designated co-chairmen of the campaign.

O'Donnell said 2,462 elective offices in Texas "will be up for grabs" next year and Republicans intend to reap a fair share.

He said the Republican timetable calls for a Draft-Goldwater chairman in each congressional district by December 1. County chairmen will be appointed by January 1 and precinct chairmen by January 15.

Many of the local draft movements will tie in with GOP county executive committees and with election campaigns for precinct, city, county and state, as well as national, elections for public office.

NOVEMBER 9 ELECTION—Coke R. Stevenson Jr., administrator of the State Liquor Control Board, announced that Saturday's special election will not be a "dry day."

Stevenson said, "All types of alcoholic beverages may be sold during legal hours of sale on that date in wet areas."

LEGISLATIVE REDISTRICTING—Pre-trial hearings will be held Friday on a suit to declare current state legislative districting laws unconstitutional.

State Sens. Don Kennard of Fort Worth and Franklin Spears of San Antonio; Reps. Bob Eckhardt of Houston and Jake Johnson of San Antonio; and Harris County Democratic chairman Bill Kilgarlin filed the suit. They are objecting to the law which limits a county to no more than one senator and restricts a county with more than 700,000 persons to one additional state representative per 100,000 population.

Several state elected officials who represent small-population districts are intervening in the suit.

INSURANCE PROBLEMS—Texas employers are paying more for workmen's compensation insurance and injured workers are enjoying less benefits, Texas Manufacturers Association charged.

State AFL-CIO, an unusual TMA ally, suggested a statewide conference on the issue.

State Board of Insurance Chairman Hunter McLean challenged one section of TMA's report. Roy A. Langston, president of the Association of Texas Fire and Casualty Companies, said rates may have gone up 40 per cent in the last 10 years but still are 22 per cent lower than they were in 1949.

INSURANCE COST CUT—A \$3,000,000 reduction in Workmen's Compensation insurance costs to employers, beginning December 1, has been announced by the State Board of Insurance.

Average cut will be 2.2 per cent. Industry-wise, it is as follows: manufacturing 3.7 per cent; contracting 0.5 per cent; oil 2.4 per cent; and all other industries 2.4 per cent.

Board said this is the first over-

all reduction in Workmen's Compensation insurance premiums in the past five years.

BANKS TURNED DOWN—State Banking Board found "no public need" for proposed Merchants State Bank at Houston and Lone Star State Bank at Lone Star.

Board postponed action on an application for charter of Industrial Bank and Trust at Lubbock.

OIL PRICE CUT PROBE—Reps. George Cook of Odessa and Maurice Duke of Wichita Falls have announced hearings by the House Interim Study Committee on oil and gas matters.

They scheduled a committee meeting with the Railroad Commission for Friday to get directions and guidelines for the crude price probe.

Hearings to be held soon in Wichita Falls and Abilene will concern North and West Texas cuts.

Representatives of companies which instigated cuts will be invited to testify, Cook said. If they refuse, the committee will use its subpoena powers.

"I want the people of Texas to know that the members of the Texas legislature are not standing idly by while certain isolated companies are allowed to make a shamble of its most important industry," Cook said. Hearings will result in "recommendations for immediate action."

Duke said cuts, which have ranged from 10 to 48 cents per barrel, would cost the State half a million dollars in tax money and damage the State's economy to the unhappy tune of \$9,000,000 a year. "Cuts came," charged Duke, "while major importing companies are running up record profits and independent producers of Texas are being 'bankrupted'."

FARM-ROAD IMPROVEMENTS—State Highway Commission approved one of the most extensive farm-to-market construction and improvement programs in many years.

It okayed an \$18,144,500 program to protect state investment in 3,056 miles of F. M. roads.

About 67 per cent of the money will go for reconstruction and reconditioning of existing roads and upgrading the safety factors. Work is proposed on more than 500 projects, covering in excess of a thousand miles of F. M. highways.

THE COURTS SPEAK—Texas' new small loan control law suc-

cessfully weathered its first court test. Supreme Court denied three loan firms permission to attack constitutionality of a section requiring at least 51 per cent of a company stock be owned by Texans.

Loan Commissioner Frank Miskell had refused them State licenses because of that restriction.

High court also set for November 20 a "gentlemen's agreement" action to test eligibility of special 93rd District Judge J. H. Starley of Pecos to preside over the trial of a complex law suit which will litigate Rio Grande water rights below Falcon Dam. Action is of vast importance to the economy of Starr, Hidalgo, Cameron and Willacy counties.

Attorneys for Billie Sol Estes told the Court of Criminal Appeals too much newspaper and TV publicity kept him from getting a fair trial on swindling charges at Tyler last November. They asked a reversal of the eight-year sentence.

UPHOLDS FARMER'S RIGHT—State Supreme Court upheld the right of a San Patricio County farmer, Walter Leber, to stop the flow of water through a drainage ditch on his land with a caliche block.

Leber's neighbors secured a district court injunction ordering him to remove the block and forbidding him from doing anything to stop the "natural flow" of water through the ditch. But the Supreme Court held that the waters reached his ditch through man-made routes, and said he was entitled to "self-help" to prevent damage to his land.

THIRTY YEARS AGO

News items below were taken from the Thursday, Nov. 9, 1933, issue of The Foard County News:

The oil allowable for the field in the west part of Foard County will be discussed at a hearing of the oil division of the Texas Railroad Commission in Austin today.

Miss Gusse Rich became the wife of Byron G. Davis in a wedding Saturday evening at 7:15 o'clock in the home of Mr. and Mrs. Vern Wadlen. The ceremony was performed by Rev. O. L. Savage.

The rains of last Thursday and Friday amounted to a total of 2.75 inches at Crowell.

In one of the most thrilling football games ever played in Northwest Texas, the Crowell High School Wildcats came from behind a one touchdown lead in the last 7 minutes of play and scored two touchdowns to gain a 19 to 12 victory over the Olney Cubs at Vernon Saturday afternoon, thus handing the Cubs their first District 4-B defeat since 1927.

After a delay of several months, construction was resumed Monday on the gymnasium at the local school grounds, which has been made possible through a loan from the Reconstruction Finance Corporation.

Mrs. Roy Ayers and two small daughters, Frances Ann and Mary Ray, are visiting Mrs. Ayers' mother, Mrs. George Kampen, and other relatives in Houston.

Mrs. C. W. Ross was hostess at a shower in the Methodist parsonage at Margaret last Tuesday for Mrs. Fred Taylor, recent bride.

Pete (Red) Ragland stated that a small chicken crawled in a quart jar at his home last week and that the jar had to be broken before the chicken could be released, as all other methods of getting it out failed.

J. V. Robie of Quanah has accepted a position with The News as linotype operator and printer.

"Popeye," Crowell High School's bobcat mascot, lived up to its reputation of being a real wild cat Monday night when someone released him from his cage at the home of A. W. Lilly. The one-year-old cat raided several chicken yards and took the lives of several fowls at different points over the town before he was caught Tuesday morning.

As a result of elections in various states Tuesday, the 18th amendment was voted out of the constitution, since 33 states had previously approved the repeal amendment. The necessary 36 wet states came with the announcement of repeal victories in Pennsylvania, Ohio and Utah.

No special program of any kind has been planned in Crowell for Armistice Day which falls on Saturday this year. With the exception of the Crowell State Bank, practically all local business firms will remain open during the day.
