\$2.00 A YEAR

RAILROAD TO GET \$209,000

OF \$109,000 ALLOTTED TO BE IN TEXAS UNDER TRANSPORTATION ACT

San Antonio, May 3.—Two hundred thousand dollars has been set out of the Government's fund for the proposed extension of the International Railroad, by the Interstate Commerce Commission, \$100,000 of the amount being apportioned to the State of Texas. The fund was made available by passage of the Transportation Act.

The necessity of the Orient requirement for Government assistance both of the Government's \$300,000,000 re-advance fund, and in an increase in the amount, was laid before the Interstate Commerce Commission today by Representative M. M. C. Chaney, the understanding being that the commission would grant a \$209,000 upon the road's application for extension, both as to better equipment and existing main line, as well as financing of the proposed extension from San Angelo to Del Rio.

Two-thirds of the 150 miles extension has been graded, and the company can show the necessity of the extension Interstate Commerce Commission.

Mr. Hudspeth was informed, that the funds available. It is expected that the road will file an application for a rate increase which will be the result of the general increase in the cost of the individual property.

Equipment Needed

Mr. Chaney is shown to be badly in need of equipment, and particularly stock. Seven hundred live cattle were obtained last week. Mr. Hudspeth's application for the line which will enable the movement of considerable live stock to the west is said to be the hope of the cattle producers to obtain the Del Rio extension, and the owners of the road anticipate a gain by it with a line projected to Northern Mexico.

WITH OUR READERS

The following new subscribers have been received since our last issue: Mrs. Gertrude Finley, Alvord, Texas, by her father, J. N. Ribble; Claude Fox, Margaret; Mrs. Emeline Carpenter, Middletown, Ohio; J. M. Jonas, Jr., route 1; T. T. Gollightly, route 2; H. A. Moore, Midland, Texas; Mrs. H. W. Norwood, Vornon, by her mother, Mrs. Bettie Johnson; C. F. Bradford, Margaret; J. T. Black, Foard City; W. T. Parker, Crescent, Okla.; by C. C. Parker; O. Pike, Crowell; A. Warren Dunn, Ft. Stockton, Texas.

GOOD RAIN AT MARGARET

H. E. Ferguson phoned out to the farm Wednesday morning and learned that they had had a big rain there Tuesday afternoon. There was a little hail but not enough to injure crops to any extent. We had only a sprinkle at Crowell.

SAYS WHEAT IS GOOD

There are various reports about the wheat. Some say it is no account and others say it is real good. From the best reports we can get, there is some good wheat and some sorry wheat, but generally the crop does not seem to be as good as last year. W. S. J. Russell says his wheat is as fine as one will ordinarily see. Last fall when the hoppers made an invasion on the young wheat some of the farmers quit sowing for some time and then sowed late wheat. This is said to be very sorry. Mr. Russell did not stop sowing and consequently the hoppers did not hurt his young wheat and he got his entire crop in early.

HERRING-SHOWERS BUILDING NEW OFFICE

Work was begun this week for the laying of the cement foundation for a new office building for Herring-Showers Lumber Co. This will face Main Street and is to be a wooden building. Bob Belsler will put in the cement work.

TEND MAY 1ST SHRINE CEREMONIAL AT FT. WORTH

The nobles to attend the May 1st Shrine ceremonial at Moslah Temple, Ft. Worth were: J. W. Bell, W. S. J. Russell, T. J. Cates, Ben Whitfield and E. Swaim. The novices to cross the hot sands were: Claude McLaughlin, Geo. Self, Herbert Edwards, Geo. Allison, J. L. Hunter, Grady Msgee and Jack Brian.

Magee Toggery Has Fire; \$250 Loss in Clothes Burned

Monday morning about 10 o'clock a little excitement was caused by a fire originating at the rear of the Magee Toggery on the grounds of the cleaning department when a ten gallon can of gasoline was ignited.

Forest Good had been washing some clothes in the can of gasoline and started to drag the can to the cleaning machine about 5 feet away when suddenly the can was enveloped in a flame of fire. The alarm was given in time for the bucket brigade to extinguish the fire without any trouble, but not until it had scorched the building of the cleaning house and burned several suits.

GOOD STOCK RAISER

J. T. Gribble was in town Monday with a wagon load of fine Duroc pigs which he was selling. "They are thoroughbreds," said he, "and I just had more than I needed for my own use. So I thought I would sell them. I am not in the hog business." Asked why he had thoroughbred stuff just to make his own meat from, for it looks like scrubs would do for that, he said, "I have these because they are cheaper in the long run. They are more easily kept and make quick meat, while it takes more to feed scrubs and a longer time to get them ready for pork."

That is the practical idea in favor of having thoroughbred hogs, or thoroughbred anything else, as for that matter, and when farmers and breeders come to realize this fact the better and more profitable will be their stock. This applies to any kind of stock raised.

CONCRETE WORK ON CHURCH COMPLETED

Rev. J. H. Hamblen informs us that the concrete work on the new church building is now completed, and the superintendent, R. H. Stuckey, is away employing brick layers and the brick laying will begin as soon as he returns. The brick are on the ground and it is thought the work will progress very rapidly. Bro. Hamblen says the carpenter work, with the exception of finishing work, is practically done.

OIL COMPANY WILL DRILL EIGHT WELLS

The Powell Oil company has closed contracts for eight wells, according to representatives of the company in a statement made yesterday. Four of the wells will be located on 20 acres situated in Wilbarger county and four on 20 acres in Wichita county.

ABILENE IS AMONG TOWNS IN WHICH OVERALL CLUB HAS BEEN ORGANIZED

They started out in Abilene with 100 charter members. It is doubtful whether or not these clubs will amount to much. Instead of putting clothing down they will make business for the overall business, which will offset that lost by the sale of higher priced clothing. We are mistaken if the fact does not soon play out.

W. C. PERRY RETURNED WEDNESDAY FROM DALLAS

He reports Mrs. Perry's health improving rapidly and that she is now in Mineral Wells.

J. R. ALLEE BUYS MORE REGISTERED CATTLE

J. R. Allee returned the first of the week from Texline where he had gone to buy some registered Hereford heifers. He purchased 12 head, paying \$2,000 for them.

"It looks like that is pretty high," said Mr. Allee, "but I have something good." This line of stuff came from Wyoming where the best strain of Herefords in the world is bred.

Mr. Allee already has some registered stuff, but not all his herd is registered. His aim is to make it 100 per cent good as soon as possible, and looking to that end he is putting in this bunch now.

BORROWERS FROM FEDERAL LAND BANK

I am receipt of a letter of information to all borrowers from the Federal Land Bank of Wichita, Kan., relative to the Guaranty Fund. They inform me that the losses in the other states as well as Texas is so heavy that there will be none of the Guaranty Fund returned to the borrowers. This is an unpleasant surprise to me as well as you. Part of the communication follows:

"In regard to the Guaranty Fund in general, you are informed that we are of the opinion that the losses will greatly exceed the amount of this fund and there will be nothing to be returned to any of the borrowers whose yields exceed 5 bushels per acre, and will only be returned to those whose yields do not exceed 5 bushels per acre where they have paid their indebtedness in full."

Therefore you need not expect any refund, but I expect to have further communication with the bank.

Yours very truly,
P. D. CHANEY, Co. Agent.

T. W. CAMPBELL ANNOUNCES FOR COMMISSIONER

The News calls attention to the announcement of T. W. Campbell as candidate for the office of commissioner of precinct No. 3.

Mr. Campbell is a conservative man and one who will do to trust in a position like that, and the people of precinct No. 3 will have no cause to regret having elected Mr. Campbell to that office. He is subject to the action of the primary in July.

RETURNS FROM CALIFORNIA

Miss Inez Reavis returned Wednesday from San Dimas, Cal., where she has been pursuing her studies on the violin this winter under the instruction of Prof. J. Robert Saunders, concert violinist and teacher. Prof. Saunders has a \$20,000 violin which is 200 years old. It has been owned and played by many of the former noted world artists.

Owing to Miss Reavis' early training and exceptional talent she progressed rapidly with her work and accomplished much during her stay in California. She will teach the violin in Crowell.

A TWO-INCH RAIN

A big rain fell at Crowell Wednesday afternoon, amounting to about 2 inches. The rain seems to have been pretty general over the county and will be a boon to the wheat crop. The fact is the wheat crop is generally regarded as practically made now.

CONCRETE WORK ON CHURCH COMPLETED

Rev. J. H. Hamblen informs us that the concrete work on the new church building is now completed, and the superintendent, R. H. Stuckey, is away employing brick layers and the brick laying will begin as soon as he returns. The brick are on the ground and it is thought the work will progress very rapidly. Bro. Hamblen says the carpenter work, with the exception of finishing work, is practically done.

OIL COMPANY WILL DRILL EIGHT WELLS

The Powell Oil company has closed contracts for eight wells, according to representatives of the company in a statement made yesterday. Four of the wells will be located on 20 acres situated in Wilbarger county and four on 20 acres in Wichita county.

According to W. O. Powell, president of the company, development is expected to be rapid, and he is optimistic as to results. Mr. Powell and J. E. MacDonald, secretary of the company, were in Wichita Falls Wednesday, closing up the drilling contracts.—Vernon Record.

WANT TO KNOW ABOUT AIRPLANE LANDING HERE

Since the organization of the Foard County Chamber of Commerce Secretary Claude A. Adams has been getting all kinds of inquiries from people abroad. Some want to know all about the town of Crowell and the country around. Some want to come and put in new businesses, others want to come and buy established ones. One of the last items of news, which may be of interest to our people, is an inquiry made by the Curtis Airplane people of New York. Secretary Adams received a communication from them making all kinds of inquiries as to landing at Crowell. We might say here that this company also is figuring with the News for advertising space. They state that they are going to launch an extensive advertising campaign in the immediate future and expect to include the local paper in that campaign.

JUNIOR-SENIOR RECEPTION

On Saturday evening the Junior Class of the Crowell High School, assisted by Miss Una Self, entertained the Seniors and the High School faculty with a reception at the home of Miss Self. The guests were received by Miss Oberia Hamblen, Ethel Benham and Claudia Carter.

The home was very tastefully decorated with the class colors and bowls of tulips, roses and carnations. The guests were entertained with music until all had arrived; then booklets whose cover design was a snap shot of the school building, were given to each.

On examination these booklets were found to contain a page for every month in the year. The guests were informed that they were to spend a whole year at this reception. In January, the month of resolutions, toasts to the seniors were written and read. In February, the month of hearts, the boys were given a bow and arrow and allowed to shoot at a heart. Their success in shooting was to foretell their success in love. In March a burlesqued track meet was held, the events being a potato and bean race. In April the usual Easter egg hunt was given; but the guests found that this was also the month for fools. In May, Miss Mabel Pittillo was chosen by popular vote and crowned as Queen of May. June was observed with a mock ceremony by which Miss Mattie Belle Choate and Mr. Thomas Hughton were united in wedlock. Since elections occur in July, toasts were given to the candidates who were present. With August comes the circus and the guests were entertained by a negro jazz band, the band being little Finis Lias. In September school began. The feature of the opening program was a solo by Prof. Cook. Next the lights were dimmed and an October ghost story was told by Miss Lottie Woods. In December gifts which Santa had brought to the seniors were delivered from a miniature Christmas tree.

After such a pleasant year refreshment plates were served which held sandwiches, cake and an ice that carried out the color scheme.

The guests departed declaring this one of the most enjoyable evenings of their school year.

T. L. HUGHSTON TO BUILD NEW GRAIN ELEVATORS

The Hughton Elevator Company will build a 10,000 bushels capacity grain elevator at Margaret and a 5,000 bushels capacity elevator at Foard City in view of the good wheat and oat crop now promised for Foard County.

The company will also increase their elevator at Crowell from 6,000 to 12,000 capacity, and will equip it with cleaners and steel man lifts and will be able to handle 2,000 bushels of grain per hour.

Houston is given as only one of the thousands of cities in which necessities of life have greatly increased during the last six years. According to figures given out by the United States Department of Labor, in Houston the average increase since 1914 has been 100 per cent. The items enumerated are: food, 97 per cent; male's clothing, 182 per cent; female's in excess of 200 per cent; housing, more than 13 per cent; fuel and light, 60 per cent; furniture and furnishings, 181 per cent; and miscellaneous, 88 per cent.

H. M. McCrory Died in Charleston, Ill., On April 2, 1920

Henry Morton McCrory, son of James and Mary Ellen McCrory, was born in Cinthyania, Kentucky, on May 2, 1843, but in his early youth he came with his parents to Coles county where they located on a farm near Charleston. He was married to Sarah Amanda Cofer of Coles county, December 15, 1869, and to this union two sons were born, Lloyd, who died in infancy, and Luke, of Eureka Springs, Arkansas. His wife and companion of many years preceded him in death July 2, 1918.

On August 7, 1863, he enlisted as a lieutenant in Co. C, 54th Illinois Volunteer Infantry, and served until the close of the war, being discharged October 15, 1865. He joined the Charleston Post, G. A. R. No. 271, Department of Illinois, March 30, 1918.

After the war he entered the mercantile business in Arcola, and later moved to Foard county, Texas, where he remained for nearly thirty years. About 1906 he moved back to Charleston and lived at 1203 Jackson street until the time of the death of his wife in 1918, and then moved to Eureka Springs, Arkansas, and made his home with his son, Luke McCrory, the only surviving son. About two months ago he came to Charleston expecting to remain for just a brief visit with his brother, Frank, and family, but shortly after coming he had a decline in health, and although he rallied to such an extent that he and his friends thought he would be restored to his normal strength, he suffered another stroke of paralysis on Monday evening, March 29, from which he did not recover, passing away on Friday night, April 2, having attained the age of 76 years.

Mr. McCrory was a good citizen whom the community revered and honored. He served his country well, and was always interested in its welfare; he was a careful reader of events and took a keen interest in the progress of the country. He was a Christian gentleman with high ideals and pure motives; he was converted many years ago while living in Texas and united with the Methodist church there, and when he moved to Charleston he transferred his membership to the First Methodist church here. Mr. McCrory had many friends; his natural disposition and good fellowship won for him close friends who will miss his genial smile and companionship.

He was one of nine children, but only three survive, Mrs. L. F. Wilson of Kansas City, Joe McCrory of Rock Island, Illinois, and Frank McCrory of Charleston.—The Charleston Courier, Charleston, Ill.

OUR NEIGHBORS

Clarendon is to have another garage, which makes the sixth in number for that city.

Steps are being taken by the people of Clarendon to build a \$35,000 Y. M. C. A. for that city.

A strong gas flow was reported last week in the Huggins-Castlebury well about one mile from the Sigler well at a depth of 850 feet.

An Overall Club, consisting of 28 men, was formed at Roysie City last week pledging themselves to wear nothing but overalls and blue shirts or jumpers for the next six months.

On account of railroad strikes the cabbage growers of the Rio Grande Valley suffered a loss of a million dollars caused by their product rotting in not being moved to the northern markets.

Clarendon now has a cream station where all the surplus cream which the farmers have to sell may be disposed of. This will prove a splendid source of revenue to many a farmer. Cream has become a staple and is a source of profit to those who have the opportunity of availing themselves of the market.

Abilene is among the towns in which an Overall Club has been organized. They started out in Abilene with 100 charter members. It is doubtful whether or not these clubs will amount to much. Instead of putting clothing down they will make business for the overall business, which will offset that lost by the sale of higher priced clothing. We are mistaken if the fact does not soon play out.

W. C. Perry returned Wednesday from Dallas. He reports Mrs. Perry's health improving rapidly and that she is now in Mineral Wells.

BIG TYPE SPOTTED POLAND CHINA HOGS

C. J. SMITH AND R. H. COOPER HAVE HAD SUCCESS IN BREEDING THIS TYPE OF HOGS

It is the substantial interests of this country that the News boosts most of all. The development of oil will be a great thing for Foard County. It is going to be ascertained within the next few years whether or not we have oil. That a big pool underlies Foard County is the belief of many who are up in the oil business. The News expects to boost the oil business, always endeavoring to give out reliable information and news relative to this, but after the underlying pool has been drained and many of our people have made millions of money out of the oil business, Foard County's agricultural and stock raising interests will remain. Oil wells go dry never to return, but the substantial interests, such as are here mentioned, will remain for all time and will be improved with the years that come and go.

In this connection the News takes occasion to call attention to another breeder of good hogs. Perhaps we should say "breeders," for really there are two—C. J. Smith and R. H. Cooper, for they are breeding the same type of hogs, the Big Bone Spotted Poland Chinas.

They have been in the business for four or five years, but as Mr. Smith says "have not been making much fuss about it." We are not criticising him for not "making much fuss about it," but really that is just where he has made a mistake. Everybody who has good stock, let it be hogs, cattle, horses, sheep or chickens, ought to let the public know what he has, not so much as an advertisement, but because the public is entitled to know what is being done along this line. Our interests need to be advertised at home, as well as abroad. We ought to know what our neighbor is doing if that is for the betterment of conditions.

Mr. Smith and Mr. Cooper have some of the best type of hogs ever brought to Foard County. They came from the world champion sire of the Big Bone Spotted Poland China, and were bred in Iowa.

Asked as to the superior merits of the Big Bone Spotted Poland China hogs over others, Mr. Smith says he has nothing against the others. "The Durocs," said he, "will make a medium sized hog at an early age and they are good, but for hogs of the heavier weights at a greater age, one wants the Poland Chinas. I like the Spotted Poland Chinas better than the black because they seem to be more prolific. Otherwise there is little, if any difference between them."

CATCHING FAKERS

The Vernon Record reports the Chamber of Commerce of that city as having caught up with several fakers within the past few weeks. One of the latest was a man who presented a telegram purporting to have told of the death of his baby and the serious illness of his wife in Texarkana. He asked for enough money to pay his railroad transportation to that city. Investigation failed to verify his claim and he soon disappeared.

It is said the Chamber of Commerce has recently exposed two fakes that would have cost the business men of Vernon \$10,000.

PICNIC AT VIVIAN

On Friday the 30th of April, Miss Grace Taylor of Crowell, entertained her most intimate friends with a picnic given at Vivian. The girls all brought a nice lunch which was eaten about four o'clock. After lunch several nice fish were caught out of the creek. Those taking part were: Misses Ruth Elliott, Gladys Jobe, Mattie and Margaret Russell, Georgia Burk, Ora Pittillo, Florrie Owens, Ozella Blanchard, Grace and Beulah Taylor, and Messrs. George Owens, Rex Merriker, Valmer Bell, Wesley Lovelady, Tom and Ed Russell.

The crowd was chaperoned by Mrs. T. W. Cooper. All reported a nice time.—Contributed.

SPLENDID ENTERTAINMENTS

The Manhattan Players who were here Thursday, Friday and Saturday of last week, and also stopping on their return from Knox City Wednesday night, giving their plays in the opera house, are rendering clean entertainments, and they deserve the patronage of the best people.

When we put one of our "New Wrinkle" hats on your head we put a smile on your face "that won't come off."

We have just received another shipment of the latest hats for spring.

ASPIRIN FOR COLDS

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost a few cents. Aspirin is trade mark of Bayer Manufacture of Mono-acetic-acidester of Salicylic acid.

HOW'S YOUR BLOOD? Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks, such as Doctor Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and many skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Doctor Pierce's Golden Medical Discovery to-day at any medicine dealers, in tablet or liquid form, or send 10c for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

SAN ANGELO, TEXAS.—"Dr. Pierce's proprietary medicines have been entirely satisfactory to me in the truest sense of the word. I consider them as being very high-class remedies and the safest that I know of on the market. Myself and family have used them as a tonic after La Grippe, with good results. During the last score of years when we needed a tonic we have used the 'Golden Medical Discovery' always with satisfactory results, also the 'Pleasant Pellets.' My thanks to Dr. Pierce prompts me to write my truthful sentiments."—O. R. WILSON, 802 Koberlin Street.

May Jewelry

"Who first beholds the light of day In Spring's sweet flowery month of May And wears an Emerald all her life Shall be a loved and happy wife."

The Emerald is one of the most highly prized of gem stones. Its magnificent color has rightly been compared to the color of fresh grass in spring, and in brilliancy this stone far exceeds all other green gems.

For May birth tokens, some piece of jewelry containing an Emerald is most appropriate.

Our stock will probably afford a selection of some article just suited for the occasion, but the whole market is at our command for any Emerald jewelry that you may desire.

Lily of the Valley is the May birth flower.

CLAUDE A. ADAMS, Sec.

friends at Ogden and Swearingen last week.

The voters met at the school house Saturday and appointed J. E. Fish, G. J. Benham and H. Young as delegates to the County Democratic Convention which met at Crowell Tuesday, May the 4th.

PLAINVIEW POINTERS

(By Special Correspondent)
Dr. Hill of Crowell was called to see Mrs. Wyatt Saturday.

Dr. Maine was called to see Mrs. Haggerman last Thursday.

Eric Wheeler and family spent Sunday with relatives at Vernon.

J. M. Adkins and wife spent Sunday and Monday near Vernon with relatives.

Quite a number from this community attended the Chautauqua at Thalia last week.

Sam Scales and family and Way Pool called at the K. B. Pool home Sunday evening.

Mrs. Henry Johnson and children spent last week with her brother, Tom Wayland, and wife who live near the Sigler well.

The whooping cough and chicken pox have been in the Rayland school. The children of Luther Ward have been right sick.

Ben Lowe and family from Vernon, and Gordon Davis and family of the Thalia community spent Sunday in the home of Cap Adkins.

Those flying machines are just simply getting to where they fly too low. One passed over here one evening last week and John Rennells was out hunting for his cows and barely had time to get off his horse before it came buzzing by. Of course, it might not have hit him, but anyway, they were flying too low.

MARGARET MUSINGS

(By Special Correspondent)
Bro. Tharp has gone to help hold a revival meeting in the Panhandle.

Our gin still hangs fire and our farmers will not give it a thought until they want their cotton ginned and then there will be a roar.

The ground has been laid out for a new elevator with a capacity of ten thousand bushels and the indications are that it will be needed.

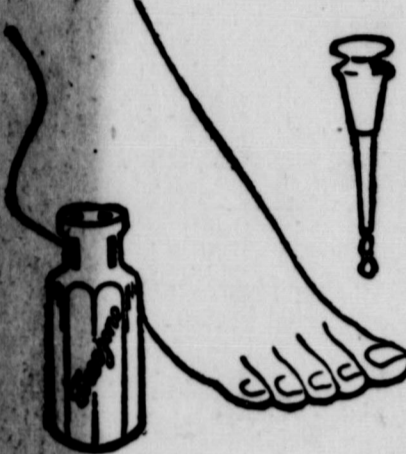

Mrs. N. J. Ayers called upon us on Monday. It does us good to meet old time friends and neighbors who were here before the country became so progressive.

Mr. Fletcher has razed his shoe factory and is moving the material to Vernon. This town is too small for his extensive business. He has donated us his lot for a city park.

They tried to hail and freeze out

Lift off Corns!

Don't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin callus from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No kidding!

Governor Hobby has issued a "Mothers' Day" proclamation, calling upon the people of the State to observe next Sunday, May 9, as Mothers' Day, asking each person to provide himself with a white carnation to be worn as an emblem of the day. Ten years ago the day was celebrated the first time.

VIVIAN ITEMS

(By Special Correspondent)
H. Young went to Quanah last week.

Mrs. W. L. Dishman was shopping in Crowell Monday.

T. S. Patton spent Saturday and Sunday with his family in Crowell.

J. M. Marr and family visited friends at Thalia Saturday and Sunday.

A. T. Fish and wife and Jack Frazier and wife attended church at Ogden Sunday.

The farmers are all busy planting cotton and feed. Wheat and oats are looking fine.

J. W. Klepper of Crowell visited his daughter, Mrs. Allen Fish, from Friday until Sunday.

Mrs. Dewey Harper of Ogden spent Thursday with Miss Mollie Turner and Mrs. E. C. Reeves.

Mr. and Mrs. R. N. Beaty went to Crowell Friday to take their little granddaughter to the doctor.

Bro. Self of Crowell filled his regular appointment Sunday morning. A large crowd was present.

Miss Grace Cox and Miss Gussie Orcutt spent the week-end with Miss Grace's mother at Good Creek.

Mrs. Skidmore and daughter of Ardmore, Okla., are here visiting their son and brother, S. S. Skidmore.

Mrs. T. E. Turner and daughter, Miss Mollie, visited relatives and

TRACTORS CROWELL, TEXAS SHOE REPAIRING

our Joe Bailey garden but it is coming again and we are already getting vegetables while some of the progressive gardens have grown up in weeds.

Margaret still remains on the map of Foard County and is slowly coming to the front. Our new garage is nearing completion. They have installed a dynamo and our town will have electric lights.

We planted a Hoover garden when we failed, or thought we failed, on Joe. We named our new garden Hoover and planted it in beans and they grew regardless of the weather. Hoover is a good name for a bean garden. He made us eat them during the war but we may get a new diet since he has discovered he is a Republican.

Profiteering
Much has been said about high prices and our government has been trying to reduce the cost of living only to push prices higher. The trouble is with the consumer and the only remedy is to quit buying goods that are held at such high prices. For instance, if we would quit using potatoes the dealers and speculators would soon have their stock in the garbage wagon. Let us wear our old clothes and patch the holes with bran sacks. The young man of today thinks he is of no account until he gets a silk shirt at \$17 and other togs to match, and the girls are still more expensive. Their clothing is out of sight while the girls are most in sight. Quit the use of sugar. Get your wife to look in the coffee pot and it will be sweet enough. Sweeten your cake with Mary Jane but don't let it be known or the price of Mary Jane will soar.

DESTROYS SLEEP
Many Crowell People Testify to This.

You can't sleep at night
With aches and pains of a bad back.
When you have to get up from urinary troubles.
If the kidneys are at fault
Set them working right with Doan's Kidney Pills.

Here is Crowell proof of their merit.
J. K. Woods, machinists, Crowell, says: "Lumbago and rheumatic pains had me in bad shape. Nights my back hurt so I could hardly turn over and I couldn't sleep. My back ached and pained all the time and was so sore and lame it hurt me through every muscle. My back and shoulders were lame and stiff, and when I stooped over to pick up anything a sharp, knife-like pain would catch me. I used three boxes of Doan's Kidney Pills and they put me in fine shape."
Price 60¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Woods had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

The little city of Gorman, Texas, recently suffered a big fire caused by burning of trash. The wind played a part in spreading the fire.

American cotton is in greater demand than last year, as is evidenced by the increased export trade. For the month of March, 1920, an excess of \$100,000,000 worth over that of the same month last year was exported.

THE FOARD COUNTY NEWS

KIMSEY & KLEPPER, OWNERS AND PUBLISHERS

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, April 2, 1926

**BAILEY SUFFERS OVER-
WHELMING DEFEAT**

One report says fewer than 20 counties in the State will send delegates to the State Convention to follow out Bailey's principles in repudiating the Wilson administration. Another says all the counties except three are in the administration column. Let it be three or twenty, the defeat is complete in either case. It is even a surprise to Bailey's political enemies.

It had been predicted by some that Central Texas would be strong for Bailey, but that section seems to have rolled up a big vote against him. Others predicted that South Texas would give him strong endorsement, but South Texas, too, did not come up to the expectations of Bailey's supporters.

The fact is Bailey is as dead as a mackerel, politically. He can draw a big crowd. Perhaps no man in the State can draw a bigger crowd than Bailey, but that does not mean that he is held in high public favor. People like to hear him because he has the reputation of being an orator. They like to hear him because of the figure he has cut in politics. He is more notorious than famous. People also like to see a bull fight. That's why they go to hear him.

We are not saying anything against Bailey, these are cold facts. What we are saying is the un concealed truth. Lots of people—good people too—have been friends of Bailey and have staid with him as long as they can, but they are not quite ready to follow him at such a tangent as he has taken within the last few years. They do not believe him to be a safe man. They do not believe him to be a friend to the people. They have some cause to charge that he has been trying to put Bailey in the lead. He has been repudiated and justly so. Bailey may come back again, but he will come, if at all, a corpse, just as he came this time. The only difference will be that another coming will be attended with more certainty as to his general disfavor among the people of Texas. He was dead to start with this time when he came before the people but they did not know so well as they do now. He is a political vagabond. The Demo-

crats will not have him. The Republicans will not have him and the Socialists are afraid if they had him he would kill the Socialist party. He can not get enough following to start a new party, so he is in a bad fix. But nobody is responsible for this plight in which Bailey finds himself except Bailey himself.

**\$500,000 LOSS IN
CAMP TRAVIS FIRE**

San Antonio, Texas, May 2.—Fire, believed by military authorities to have been of incendiary origin, did damage estimated at \$500,000 in an ordnance department warehouse at Camp Travis early today. Rifles, machine guns, automatic rifles and revolvers, trench knives of various types, all new equipment and valued at \$1,000,000, were stored in the building, which was burned during a high south wind.

The fact that the wind was from the south instead of the north prevented the blaze from spreading to other buildings, as it would have had to cross a road and a grove of trees to reach the hospital adjoining on the north. Another ordnance department warehouse, in which \$2,000,000 of equipment is stored, adjoined the building on the south, and a quartermaster corps depot on the east. In addition to the ordnance equipment stored in the burned building a small quantity of paint was kept there.

Major General James G. Harbord, commander of the camp and of the Second Division, which is stationed there, tomorrow will appoint a board of officers to investigate the conflagration, it was stated.

The fact that ten sugar dealers were recently arrested in New Orleans for profiteering does not mean that the price of sugar will decline. Arrests and payment of fines amount to little in effecting a remedy for such evils. The fines are paid by the people who pay just a little more for needed commodities. Profiteers should be imprisoned.

There are now in use approximately four million Ford cars. Within the last six months 500,000 have been manufactured.

Twenty thousand operatives in cotton cloth mills of New Bedford, Mass., went on a strike Monday because employers wanted them to operate more looms than formerly.

Forty persons were killed and more than 100 injured when a tornado destroyed the village of Peggs, in Cherokee County, Okla., Sunday night about 9 o'clock. In some instances whole families were wiped out.

National newspaper advertising has increased annually until last year it reached the sum of \$150,000,000. A bigger per cent of this was carried in the country newspapers than ever in a single year before.

What Becomes of Old Cars?

It has generally been assumed that when an automobile begins to show its age, it gravitates to the rural districts, but the observing traveler knows that the average farmer likes a new car as well as the city man; it is evident that the fate of used cars, and the reason for the comparatively strong price maintained on them, must be sought in other directions.

Many second-hand cars are bought by small tradesmen, who convert them to commercial uses; but by far the larger number return to their makers, or to the various branches, where they are dissected for the many parts that, with a little cleaning, can be used again, thus freeing the shops from the necessity of turning out quantities of parts for replacement stock.

Maine Liquor Laws.

"Maine law" was the name given, in the state of Maine to an act "to prohibit drinking houses and tipping shops." It was passed in May, 1851; received the signature of the governor on June 2 and was first enforced at Bangor on July 4 of the same year. This law was re-enacted, in all its parts, in 1858, and was made more stringent in 1867 and again in 1870. It was so amended in 1872 as to bring beer and wine from grapes grown in the state within the prohibition. In 1884 an amendment was added to the constitution prohibiting forever the sale of intoxicating liquors within the limits of the state. Since 1851 the expression "Maine law" has been used colloquially to denote any state enactment prohibiting the sale of intoxicating drinks.—Boston Globe.

PROMINENT MERCHANT FOUND LASTING RELIEF

In a South Carolina county-seat a prominent merchant suffered for years with eczema. Money was not a consideration if he could only be relieved from the terrible itching, burning, and irritation. He scratched his back at nights until it bled, but the soreness only became worse. He visited Western Springs, and consulted various physicians, but never found a permanent cure until a friend brought Zemerine to his notice. He tried this great treatment, and now sings its praises highly. Zemerine is a wonderful treatment for diseased skin, especially eczema, tetter, rash, itch, and similar disorders. It is sold upon the fairest basis imaginable—your money will be returned if it doesn't help you after a fair trial. If you can't get Zemerine at your druggist send \$1 or 50 cents to the Zemerine Chemical Co., Orangeburg, and a jar will be sent you direct.

FIRE, TORNADO AND HAIL

Let me explain the Occidental Perfect Protection Life policy to you.

Geo. A. Munroe
Margaret Texas

It is said that Jews can scarcely make a living among themselves, but in America they all make money and some accumulate huge fortunes. So it is no wonder we have many in the United States. In New York City alone it is said there are 20 Jews to every one in Palestine.

Foreign demands on America's world's storehouse, for raw materials, food, etc., are not likely to drop in prices soon. France has 22,000,000 tons of coal and \$150,000 worth of food, while Italy for \$800,000,000 worth of coal-gium will take her's in cold cash the amount of \$100,000,000.

Cash Counts Here

It Gets More Goods. Try a Dollar, Watch It Pull. It Gets Better Goods

Frankly, we want your trade. And, frankly, we are making it to your personal interest to give us that trade. If a strong combination of quality goods, prompt service and reasonableness in price will appeal to your good judgment, we should get your trade.

Cold type in an advertisement is not nearly so convincing as an actual test in making a purchase from us. Therefore we invite you to make a purchase test. We will rest our chances of future business on your verdict.

We have Foard County on the Fordson Tractor and Oliver three-disc plough, and are in position to make immediate delivery on same. We carry a complete stock of parts. In this wonderful little tractor you have farm power in its simplest form.

\$850.00

F. O. B. FACTORY

It will pull a three-disc plough; a binder; two 14-inch moldboards; a 20-inch separator; an ensilage cutter; feed grinder; saw wood and pull various other farm implements.

We will be glad at any time to answer personal inquirie or inquiries through the mail. We will be delighted to show you what it will do any time you are in Crowell. Don't fail to see what this wonderful tractor will do. Seeing is believing.

SELF MOTOR COMPANY

"Afford a Fordson"

TENNESSEE TO MAN THE BATTLESHIP "TENNESSEE"

The newest addition to the American navy is the superdreadnaught Tennessee which is about ready to begin her work of guarding the United States. The new warship will inaugurate a new naval policy for the most of her crew will be native Tennesseans.

The fastest and heaviest-hitting of our large ships will, in a few years be manned entirely by the sons of the state from which she is named. The navy believes that the notion of recruiting a ship's personnel from its state will add corps spirit, pep and patriotism.

When the idea was approved the prospective commander of the Tennessee went to that state, and backed by Gov. A. H. Roberts, conducted a whirlwind campaign for recruits. He got 600, all that could be used, and there is now a waiting list. While there are more than 1,400 men on the dreadnaught a large per centage must be men of previous experience and special training. As soon as the recruits develop proficiency they will be advanced, and new Tennesseans will take their place.

This seems like a good plan for the navy to secure recruits, and could become the means of securing interest in the navy. The state of Tennessee has presented a library of 3,000 books to the new ship, and plans an endowment fund of \$30,000, the interest of which will be used to supply entertainment and edification by giving advantages in addition to those provided by the government.

Picture show Tuesday, Friday and Saturday nights at opera house, starting at 7:45.

There have been many happy hours spent in Thalia but never in our history have we spent so many in one week as we did last week. Everybody did his part toward making the Chautauqua a success.

One of the popular plays presented

was "Taming of the Shrew" by the famous Kenilworth Players.

On Monday night we listened to Geary L. Barker, a well known song writer, lecture on the subject, "Possibilities in Life." On Tuesday night we listened to Samuel Justin Sparks on "Tales from the Hills." Mr. Sparks gave us some very interesting infor-

mation of his part of the country. On Thursday we had a treat. Mr. Edgar S. Kindley gave an address on "Our Good Bad Boys," in the afternoon followed that night by "Yours Regardless."

The four lectures were worth almost as much as a summer school to a young teacher. I consider this an opportunity not to be had very often. The Cadmean people are very fortunate in having such a man as Mr. Reed with them as stage manager. Mr. Reed was with us all week and won many friends while here.

On Friday we had a real, honest-to-goodness rag time Jazz band, which left us in great spirits for Chautauqua to come back next season. So, everybody is invited to come and enjoy these great things with us next time.

JESSE S. OWENS.

Chm. Thalia Chautauqua Com. 17,500,000 WOMEN VOTERS

Regardless of whether the federal amendment giving the women the right to vote is ratified before the presidential election or not there are now about 17,500,000 women who can vote because of the rights conferred upon them by their states.

The fact that women can vote means a wholesome effect upon American politics. Men will have to pay more regard to the higher principles of morality and the welfare of the State than hitherto if they are to secure the vote of the majority of women.

Among the evils that will be corrected more properly through the political influence of women may be classed those regarding liquor, immorality, children, and other needed social reforms.

THE CRACK O' DOOM FOR NASTY CALOMEL

Folks Abandoning Old Drug for "Dodson's Liver Tone," Here in South

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not salivate or make you sick. 5p

TRESPASS NOTICE

All parties are warned to stay out of my pasture and not trespass in any way on same. This is sufficient to the wise and if it is heeded it will save prosecution and a consequent payment of fine.—J. R. Bell. 50p

WORKERS AND HOLD-UPS

If the people of the United States, and particularly, the farmers sit idly by, and stand for everything, the folks denominated "labor" through their indiscriminate use of the weapon called "strike" are going to run this country. Not only, but they are going to own it. And, farmers and others will become slaves!

The thing is overdrawn, some one says. Well, let's see. In the use of the strike as a bludgeon to force higher pay, without regard to ethics, or the rights of others, or signed contracts, or union wage scales, or union authorization, the unprincipled workers have a weapon as effective as the pistol of the highwayman. Moreover, they acquire their gains by the same principle, doctrine of force.

A concrete example comes to hand from another state. A company is building a cold-storage warehouse, and is endeavoring to have it ready to preserve perishable foods this summer—a thing undoubtedly beneficial to the general public and the farmers. Being short of steel workers the superintendent went to the union headquarters in search of men. He found a good number of idle men smoking and playing cards, and made known his errand.

"How much will you give?" he was asked.

"The full union scale," he answered. "Oh you go to hell; we don't work unless we get double wages."

There you have it. His steel work must be ready for the summer crops, and while he offered union terms he secured no workers. The members of the unions are willing to use the union as a hold-up game, but are not willing to accept the terms of their union or to carry out contractual obligations. This being the case, some law should be passed requiring members of unions to respect contracts, even if it can be done in no other way than to make the members individually and collectively liable for damages.

BEAVER NEWS

(By Special Correspondent)
French Straley has purchased a Buick Six.

Lonnie Johnston was visiting home-folks Sunday afternoon.

Mr. and Mrs. Roy Woodard were shopping in Crowell Saturday.

May and Marie Randolph of Jamison are spending the week in this community.

Miss Gladys Johnston is visiting Miss Lorena Randolph of the Jamison community.

W. F. Draper and John M. Johnston have each purchased a Vitrola talking machine.

The singing at the home of Mr. and Mrs. Lenard Johnston was enjoyed by all who attended.

Mr. and Mrs. W. C. Golden and children attended church at Clayton school house Sunday.

Quite a number of the people of this community attended the play at Foard City Saturday night.

Miss Johnnie Fanning, who has been visiting relatives here, returned to her home near Snyder, Okla., Sunday.

French Straley and family and Lonnie Johnston visited the former's farm near Margaret Sunday morning.

C. A. Nailon and John M. Johnston and daughters, Ruby and Johnnie, visited relatives at Snyder, Okla., Sunday.

Miss Eunice Randolph who has been attending school at Foard City has returned to her home in Jamison community.

A few of the young people of our community attended the party at Herman Greening's near Crowell Monday night. They report a nice time.

We were visited by a good rain last week which was of much benefit to the farmers. Since the rain most of them have begun planting cotton.

The leap year party given at the John M. Johnston home Tuesday night was well attended. There were quite a few matrimonial proposals, though we must say we have not heard of any weddings yet.

Fat Hogs and Cattle Wanted

I am prepared to handle all of your fat hogs and cattle, and will pay the highest market price. Phone, see me in person, or write

ZEKE BELL

City Meat Market

Carries everything in the line of an up-to-date meat market, together with packing house meats such as Boiled Ham, Mince Ham, etc., except beef. Will also carry pure hog lard, the kind your mother used to make during hog-killing time.

Come in for a fresh tender steak of beef or pork for dinner, or maybe its pure hog sausage you want. If so the City Meat Market is the place to get it.

GLYCERINE MIXTURE FOR GAS ON STOMACH
Simple glycerine, buckhorn bark, etc., as mixed in Adler-i-ka relieves ANY CASE gas on stomach or sour stomach. It acts on both upper and lower bowel and removes all foul matters which poisoned stomach. Often CURES constipation. Prevents appendicitis. The INSTANT pleasant action of Adler-i-ka surprises both doctors and patients. One man who suffered five years from indigestion and constipation was helped by ONE dose. (V-1) **FERGESSON BROS.**

HAVE NO FUNDS
The Snyder Signal remarks in passing along that great loads of long articles come to that office regularly with a personal note to the editor saying: "We appreciate the vast work the press is doing for the country and if our resources would enable us would be glad to send along a nice check but we have no funds." Then the Signal adds: "The editors are short of funds and the communications are thrown aside."
Every newspaper in the country gets this stuff. It comes with nearly every mail. Some of it marked "Copy." On the back of the envelopes sometimes is marked "Copy—Rush."

It is wonderful to note the interest so many people take in the publication of newspapers. This "Copy" is prepared at an expense. The paper is expensive, the cost of preparing this "Copy" for the eager press is some expense, and no doubt but that most of it goes straight to the waste basket, much of it without being opened. The only annoying thing about this is the fact that so much paper is thus being used that goes to waste while the newspapers are paying sky-high prices for newsprint on account of its scarcity. No first-class newspaper will use this stuff. Then why the waste of paper and effort to get in? There are no free rides to hand out to dead beats at this day. The ride has to be paid for by somebody and one who asks the newspaper to pay the bill has his gall.

Baled wheat, baled oats and Mebane cotton seed for sale at the Collins wagon yard. Also a span of young broke mules.

Any one caught hauling wood or trespassing in any way on the Hall-sell ranch will be prosecuted to the full extent of the law.—B. J. Glover, Foreman.

HANDS, ARMS, LIMBS ASLEEP

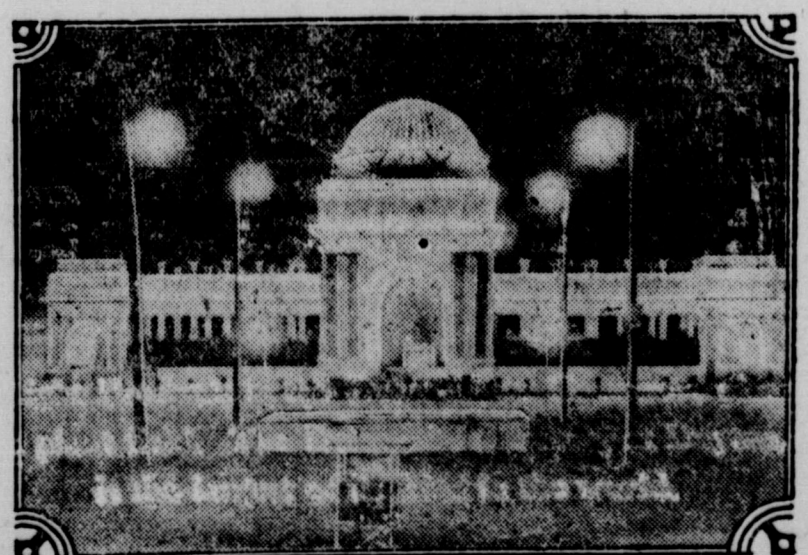

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Prine, of this city, says: "After the birth of my child, I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time..."

I knew I must have some relief or I would soon be in the bed in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. Cardui about my taking Cardui. He said, 'It's a good medicine, and good for that trouble', so he got me 5 bottles... After about the second bottle I felt greatly improved... before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it.

MANILA CARNIVAL BIG ATTRACTION OF FAR EAST

This is the season of the year when the Philippines become the playground for the entire orient. It is carnival season in Manila.

In 1908 the first Philippine carnival was held on historic Wallace Field in Manila in February, when the climate of the islands is at its best, and each succeeding year there has been a larger and more elaborate celebration. The 1920, or Victory Carnival, will be the greatest event of its sort ever held anywhere in the Far East.

There are commercial and government exhibits in connection with the carnival, and on no other occasion is it possible to gain at once such a comprehensive idea of the production and

development of resources of the archipelago as that which is offered the visitor at the carnival city.

In the evenings the carnival becomes the center of Philippine and oriental social activity. A huge open air auditorium serves for the elaborate nightly balls, and on its mammoth floor thousands of couples swing together to the strains of music furnished by the famous Constabulary and other military bands. Probably at no other place in the world will one see an equally impressive cosmopolitan spectacle.

The Manila visitor who can plan his trip to arrive at the Pearl of the Orient for carnival time may well deem himself fortunate.

It's a cinch to figure why Camels sell!

Camel CIGARETTES

You should know why Camels are so unusual, so refreshing, so satisfying. *First*, quality—*second*, Camels expert blend of choice Turkish and choice Domestic tobaccos which you'll certainly prefer to either kind smoked straight!

Camels blend makes possible that wonderful mellow mildness—yet all the desirable body is there! And, Camels never tire your taste!

You'll appreciate Camels freedom from any unpleasant cigarette after-taste or unpleasant cigarette odor!

For your own satisfaction compare Camels puff by puff with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

HOW TO WRITE ADVERTISING

The day of the jazz advertising has gone by though many highly paid ad writers don't seem to know it. Much of the national advertising in magazines still seek to win attention by smart funny business, that has little relation to the merit of the goods. That kind of advertising does not persuade the public.

What people want is to get information about things they want to buy. They want to learn the facts not be amused by smart stories and pictures having nothing to do with goods.

An advertisement should be like market reports. It should add something to popular intelligence about the goods.

The ad that gives information about goods, that helps a buyer decide where he can get the best value, is well written. An ad that does not give such information is not well written, no matter how smart and witty it may seem.—Clarendon News.

Common sense is all that is necessary in the writing of an ad. Very often one who wants to advertise will say, "I don't know how to write it." It may be that every one could not properly punctuate, capitalize or paragraph an ad, but any one ought to tell the newspaper man what he wants. To say that he can not write or dictate an ad means that he does not know what to say in order to sell what he wants to sell. Anybody can do that. You can tell the other fellow the merits of your wares, and that is all there is to advertising.

NOTICE

On account of failure of health I will close my shoe shop inside of two weeks. Any persons who have work here should call and get same before I leave.

Thanking the people for their patronage, I am,

Yours truly,
J. W. DUNCAN.

Strayed from my place two bull calves, one Jersey cream colored, the other a red white face, both right ears are cropped. Also a white face cow and a calf, the calf is about a week old. The cow is branded A on right hip. Notify W. J. Carter, Crowell, Texas.

Meet me at Ferguson Bros.

COST OF LIVING

SHOWN BY ZONES

Austin, Texas, May 1.—According to figures compiled in the office of the Industrial Welfare Commission and made public today by Mrs. Frances E. Sutherland, secretary, the average cost of living for female workers in four industries in Texas—telephone, mercantile, laundry and factory—was \$14.78 per week. The average for each was: Telephone \$14.14, mercantile \$15.44, laundry \$13.78 and factory \$14.65.

The average cost for the State by population was: In cities between 3,000 and 9,000 inhabitants, \$12.77; from 10,000 to 39,000 population, \$14.27, and from 40,000 to 175,000 inhabitants, \$15.26.

Mrs. Sutherland's statement recites that 2,028 women were personally interviewed and their sworn averments taken, giving estimates of living for three months, including clothing, board, lodging, laundry, reading matter, doctors' bills, medicines, recreation, lodge dues and other incidentals.

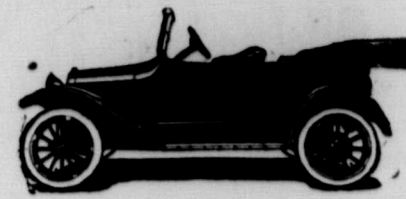

A division of the expense by zones was made and they would show that there was no great variation in the respective sections of the State, although during hearings witnesses frequently referred to the cheap labor and cheap living conditions in South Texas and particularly at El Paso and other border points. For some reason these variations are not reflected in the figures made public today, the statement containing this information with reference to the zones:

"In North Texas, incorporating the cities of Dallas, Fort Worth, Sherman, Denison and Greenville, the cost of living in the combined industries averaged \$15.38 per week; South Texas, incorporating Corpus Christi, Kingsville, Houston, Galveston, Beaumont, Yoakum, Cuero and Brenham, \$14.57; East Texas, incorporating Tyler, Marshall, Texarkana and Paris, \$12.77; West Texas, incorporating Brownsville, Del Rio, Laredo, Uvalde, Eagle Pass, San Antonio, El Paso, Brownwood and San Angelo, \$12.20; Central Texas, incorporating Waco, Corsicana, Temple, San Marcos, New Braunfels, Marlin, Cameron, Bryan and Belton, \$15.61; Northwest Texas, incorporating Ranger, Amarillo, Wichita Falls, Abilene and Eastland, \$23.38."

KILL THE BLUE BUGS

and all blood-sucking insects by feeding Martin's wonderful Blue Bug Killer to your chickens. Your money back if not absolutely satisfied. Guaranteed by Ferguson Bros.
