**"LIZZIE" MADE IT**

Somewhere in Arkansas near Memphis, Friday night.

"Lizzie" is still going strong. I am thirty minutes behind time but two hours I had horrid roads. Arkansas will soon have good roads all the way. We have passed many road camps where there were from 50 to 150 at work. A great deal of this road is pike, but at least a third is being paved. Some concrete paving but most is crushed rock and asphalt. A great deal of timber work is being done—staves, axe handles and lumber.

We stopped at a pine saw mill for 2 1/2 hours, long leaf yellow pine. We see plenty of all kinds of timber. I showed Weldon a sweet gum tree. He asked me where the sweet gum grew. I told him on the little bushes like apples. He shook some of them so hard the leaves fell. I then told them it oozed out of the tree and showed them some oozing out of a big pine tree. Jake filled her mouth full and had her teeth stuck together the rest of the day.

Crops look well but they claim in Arkansas they are sorry. Cotton is from waist high to higher than my head, but they say it is under-sized. Foard County had the best crops until I struck Denton County. Struck good crops and mud there and on in Collin and Fannin Counties. We vis-

ited one day there and left mother at my aunt's. Have crossed two ferries—Red and White rivers.

Of course I am enjoying it but the rest are getting a little tired riding, but we will get to Corinth, Miss., at 2:30 Saturday.

Fruit in Arkansas was about all killed but they have lots of it in Mississippi.

**RELATING TO TAXATION BY SCHOOL DISTRICTS**  
Senate Joint Resolution No. 17

Proposing an amendment to Section 3 Article VII of the Constitution of the State of Texas by exempting independent and common school districts from the limitation of a total tax of one dollar on the one hundred dollars valuation for any one year, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 3 of Article VII of the Constitution be so amended as hereafter to read as follows: (Creating a new Section 3.)

Section 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every inhabitant of this state, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and in addition thereto, there shall be levied and collected an annual ad valorem state tax of such an amount not to exceed thirty-five cents on the one hundred (\$100.00) dollars valuation, as with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient the deficit may be met by appropriation from the general funds of the state and the legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all such school districts, whether created by general or special law may embrace parts of two or more counties. And the legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such districts, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property tax-paying voters of the district voting at an election to be held for that purpose, shall vote such tax not to exceed in any one year one dollar on the one hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts, nor to independent or common school districts created by general or special law.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the state on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment to Section 3 of Article VII of the Constitution of the State of Texas, providing that the limitation upon the amount of school district tax of one dollar on the one hundred dollars valuation shall not apply to independent or common school districts created by general or special law."

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election, and to have same published as required by the Constitution and existing laws of the State.

Section 4. That the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

C. D. MIMS,  
Secretary of State.

### RELATING TO THE MANNER OF COMPENSATION OF PUBLIC OFFICIALS

House Joint Resolution No. 7

A joint resolution of the Legislature of the State of Texas, proposing an amendment to the constitution of the State by adding to Article 16 thereof a new Section, to be known as Section 60; providing for the compensation of public officials.

Be it resolved by the Legislature of the State of Texas:

Section 1. That there is hereby added to Article XVI of the Constitution of the State of Texas, a new section to be known as Section 60 of Article XVI of the Constitution of the State of Texas, which shall read as follows:

Section 60. Compensation of Public Officials: All State, district, county and precinct officers within this State shall receive as compensation for their services a salary, the amount of which, the terms and methods of payment and the fund out of which such payments shall be made, shall be ascertained, declared and fixed by the Legislature from time to time; provided that the Legislature may make such exceptions as it may deem advisable.

This section shall supersede all other provisions of this constitution fixing and declaring the compensation of officers by salary, fees or otherwise and all provisions for salaries or other compensation for public officials, executive, legislative or judicial.

Section 2. The Governor of the State is hereby directed to cause to be issued his necessary proclamation for an election to be held on the first Tuesday after the first Monday in November, 1920, at which election this amendment shall be submitted to the qualified electors of this State for adoption or rejection and shall make the publication required by the constitution and laws of the State. Said election shall be held under and in accordance with the General Election Laws of the State, and the ballots for said election shall have printed or written thereon in plain letters, the following words:

"Official Ballot" "For the amendment to Article XVI of the Constitution of the State of Texas, adding thereto Section 60, providing for compensation of public officials." "Against the amendment to Article XVI of the Constitution of the State of Texas, adding thereto Section 60, providing for compensation of public officials."

Those voters who favor such amendment shall erase by marking a line through the words "Against the amendment to Article XVI of the Constitution of the State of Texas, providing compensation for public officials." Those who oppose such amendment shall erase by marking a line through them, the words "For the amendment to Article XVI of the Constitution of the State of Texas, providing compensation for public officials." And the result of the election shall be published and declared according to the majority of the votes cast in such election.

Section 3. The sum of Five Thousand Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the treasury not otherwise appropriated for the purpose of paying the necessary expenses of the proclamation and publication of this amendment and the election to be held hereunder.

How Many Miles From a Cord Tire?

Men are everywhere telling remarkable tales about mileage from Miller Cords. But remember that mileage varies with conditions. Size and load, road and care affect it.

One man who has sold and watched many thousand Miller Tires says this: "I find that Miller's excel other tires in service from 50 per cent to 75 per cent."

The Hudson Taxi Co. of Detroit reports a 15,000-mile average on rather heavy taxis.

Tread Patented Center tread smooth with suction cup, for firm hold on wet asphalt. Geared-to-the-Road side treads mesh like cog in dirt.

The Eldorado Stage Co. of Los Angeles, after long comparisons of 22 makes, say that Miller's excel all.

Factory Tests

Miller factory tests, which are severe, last year showed a rear-wheel average of 15,000 miles on Cords. They proved that Miller's, with rare exceptions, outdure every tire compared. They proved the new Miller tread the best of all treads by 25 per cent.

Test one for yourself. It will give you new ideas about tire mileage. It will, in all probability, break all records on your car. Miller experts in ten years have done much to serve you. For your own sake, learn what they have done.

**How Many Miles From a Cord Tire?**

Men are everywhere telling remarkable tales about mileage from Miller Cords. But remember that mileage varies with conditions. Size and load, road and care affect it.

One man who has sold and watched many thousand Miller Tires says this: "I find that Millers excel other tires in service from 50 per cent to 75 per cent."

The Hudson Taxi Co. of Detroit reports a 15,000-mile average on rather heavy taxis.

The Eldorado Stage Co. of Los Angeles, after long comparisons of 22 makes, say that Millers excel all.

**Factory Tests**

Miller factory tests, which are severe, last year showed a rear-wheel average of 15,000 miles on Cords. They proved that Millers, with rare exceptions, outwore every tire compared. They proved the new Miller tread the best of all treads by 25 per cent.

Test one for yourself. It will give you new ideas about tire mileage. It will, in all probability, break all records on your car. Miller experts in ten years have done much to serve you. For your own sake, learn what they have done.

#### "DOUBTFUL" VOTERS MUST TAKE OATH TO SUPPORT NOMINEES

Dallas, Texas, Aug. 9.—Men of doubtful party standing, Republicans or Socialists or Americans, who offer to vote in the Democratic run-off primary on Aug. 28 will be required under oath to state that they are Democrats and will support the nominees, according to action taken by the state Democratic executive committee today. Moreover, wherever there is evidence at hand that any such person has sworn falsely such person will be reported to the prosecuting officers for

appropriate action.

Acting Chairman Edwin Hobby presided at the session held by the state Democratic executive committee. The following resolution, introduced by L. W. Davidson of Mount Vernon and seconded by John Davis of Dallas, was adopted:

Whereas, The Texas Republic, the recognized or official organ of the state Republican organization has endorsed the candidacy of Joseph Weldon Bailey for governor and has called upon the Republicans in this state to participate in the Democratic primaries to assist in the nomination of Mr.

Bailey; and

Whereas, There are other infrangible evidences of deliberate schemes to have the Republicans and members of other parties to participate in the Democratic run-off primary; therefore, be it

Resolved, by the state Democratic executive committee, That all lawful efforts shall be made by the election officers to prevent this prostitution of our Democratic primaries and that the chairman of this committee be authorized and requested to issue to all election officers in this state suitable warning against this and other schemes to debase the primaries and directing them to use every lawful means to prevent members of other political parties from participation in the Democratic primaries in violation of law, including the administration to those of doubtful party standing requiring them under oath to state that they are Democrats and will support the nominees and that wherever there is evidence at hand that any such person has sworn falsely, such person be reported to the prosecuting

officers for appropriate action.

Another resolution considered very appropriate and very timely, introduced by Benton McMillan Jr. of Beaumont, and seconded by Miss Annie Webb Blanton of Austin, was adopted. It follows:

Whereas, The legislature of the state of Tennessee is to convene today for the purpose of considering the ratification of the nineteenth amendment to the constitution of the United States giving equal suffrage to the women of the United States; and

Whereas, It is the sense of the Democratic executive committee of the State of Texas that this amendment should be ratified by the legislature of the State of Tennessee; therefore, be it

Resolved, That the secretary of this committee, Hon. A. S. Moody, be authorized to send a telegram of felicitation to the legislature of Tennessee, urging that the amendment to the federal constitution be immediately ratified so that the state of Tennessee will become the perfect thirty-sixth state to ratify the amendment.

There was only one dissenting vote on the resolution to send the message to Tennessee, that of Scott Fulton of Van Alstyne, a supporter of Bailey.

Still lacking returns from all counties the Democratic state executive committee today adopted the partial count as official, thus giving Joseph W. Bailey a lead of 2,522 over his nearest rival for the gubernatorial nomination at the July primary, Pat M. Neff of Waco. The date for the run-off primary was fixed as Aug. 28.

A committee was appointed to cooperate with the Fort Worth reception committee in preparing for the Democratic state convention Sept. 7.

Miss Annie Webb Blanton, state superintendent of education, expressed dissatisfaction with the way various county chairmen had handled the primary and suggested that those holding out returns be prosecuted.

Mr. and Mrs. R. W. Wells and little son, Robert Jr., returned last Friday from Bertram, Okla. Rob says crops are fine up there, and land can be bought for \$25 per acre. They were visiting Mr. Wells' sister, Mrs. W. W. O'Neal. He says Mr. O'Neal milks seven cows and after separating the cream from the milk, sells the cream and feeds the milk to his hogs. Mr. and Mrs. R. A. Wells who accompanied them to Bertram will remain there for two weeks longer.

Mrs. Annie Cotten and daughter, Mattie, and son, Donald, of Yoakum, Texas, were here last week visiting Mrs. Cotten's mother, Grandma Poland. It had been 8 years since Mrs. Poland had seen her daughter. Mrs. J. E. Perkins of Burkburnett, another daughter of Mrs. Poland, and Charlie Poland from Fort Stockton were also here.

Miss Myrtle Huddleston is here from Mabank, Texas, visiting her sister, Mrs. J. R. Beverly, arriving Monday. She will leave in a short time for San Francisco to sail for Honolulu where she will teach school the coming term. She taught in Porto Rico last year.

#### AUTHORIZING ONE AND ONE-HALF PER CENT AD VALOREM TAX BY CITIES AND TOWNS OF FIVE THOUSAND OR LESS POPULATION

Senate Joint Resolution No. 12

Proposing an amendment to Section 4 of Article XI of the Constitution of the State of Texas, by increasing the total tax rate that may be levied by cities and towns having a population of five thousand or less than one-fourth of one per cent to not exceeding one and one-half per cent, and making appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 4, Article XI of the Constitution be so amended as hereafter to read as follows:

Section 4. Cities and towns having a population of five thousand or less may be chartered alone by general law. They may levy, assess and collect such taxes as may be authorized by law, but no tax for any purpose shall ever be lawful for any one year which shall exceed one and one-half per cent of the taxable property of such city; and all taxes shall be collected only in current money, and all licenses and occupation taxes levied, and fines, forfeitures and penalties accruing to said cities and towns shall be collectible only in current money.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the state on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall vote or have printed on their ballots the words, "For the amendment of Section 4, Article XI of the Constitution increasing the total tax rate that may be levied by towns and cities having a population of five thousand or less to one-fourth of one per cent to not exceeding one and one-half per cent of one year," and all voters opposed to said amendment shall write or have printed on their ballots the words, "Against the amendment of Section 4, Article XI of the Constitution increasing the total tax rate that may be levied by towns and cities having a population of five thousand or less to one-fourth of one per cent to not exceeding one and one-half per cent of one year."

Section 3. The Governor of the State is hereby directed to issue a necessary proclamation for said election, and to have the same published in accordance with the Constitution and existing laws of the State.

Section 4. That the sum of Five Thousand Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expenses of such publication and election.

Secretary of State

## No Better Time to Build

Lumber is high, so is everything but money. What's the difference in buying high lumber with cheap money and cheap lumber with high money? If the weight of argument favors either it is to build with cheap money, because cheap money is easier for you to get.

The time to build is when you need to build, not when prices are cheaper. That time may never come. You may be losing money every day by not build, and certainly that is true as to needed repair work.

Come in and let us figure that lumber bill, however large or small.
